## CITY TO CANVAS CITIZENS ON SEWER DISPOSAL EFFORT

The City of Gorman will soon canvas the residential sections of the city. This survey could prove most beneficial to the residents as well as the city. Efforts to obtain a grant to fund the cost of bringing our waste disposal system in compliance with the state and federal regulations is in process.

This grant would provide the major funding and greatly alter any foreseeable tax increase.

Your cooperation regarding this survey will be greatly appreciated by city officials.

Back Row - Andrew Tarver, Sabrina Glasson - 10th; Jennifer Scitern - 7th; Allison Treadway - 1st; Ruth Reeves, Belinda Snider; Front Row - Robert Lewis 10th; Dustin Lee, Kalyn Porter, Sarah Lewis, Mandy Warren; Not pictured Jackson Worsham - 2nd.

MARY CAMPBELL - left - attended the Advanced State Meet in Levelland on May 21st. There were around 400 competitors. Mary placed 12th in her group with a score of 35.6.

I would like to thank the people of Gorman for being so supportive of the Gorman Red Hots. The team has always enjoyed participating in the activities that the town has sponsored. I would also like to thank the School for allowing us to use the gym to practice in. The space gave the children the room they needed to advance in their skills. I am sorry to say that we will not be having class in Gorman anymore, but the children will continue to take and they will still go by the Red Hot team name. The children will also still want to participate in the town activities because they will still be a positive representative of Gorman. Thank you again for the support and the recognition you have given us it will not be forgotten.

Thank You Gorman,  
Michelle Gibson

  
**PRESS POINTS**  
JOE BENNETT - PUBLISHER

Well things have calmed down a bit here following the playoff game in Austin. The Panthers were defeated in the semi-final by a fine D'Hanis team and missed the finals. However, the Panthers have no reason to hang their heads because they have represented Gorman and their school in the most outstanding way. And folks around here couldn't be any prouder of our Panthers. We thank them for the outstanding effort this season, as well as all other seasons leading up to this one.

Received a couple of letters recently:  
Hello Joe and All

Hope this finds everyone OK and doing fine. Mother and I are doing OK. Am sending money for another year of the Progress. We sure do enjoy our paper and keeping up with people and events in and around Gorman.

That sure was some rain you received. Aunt Pauline at De Leon said they received 24 inches. It is a shame the oil spill accident occurred, but I know people will clean up and recover from it.

Mother said hello and tell everyone hello for her. She is doing OK. She will be 83 this August 5th. Laverne and her family live in Temple City, CA, and are doing OK. Barbara and family live in Kansas City, Mo. They are all OK. Jimmy Don and family live in Huntsville, Ala. and are also doing OK. Again hello to everyone.

Ken Ezzell and Mable Murphy enclosed is a check for another year of good news from back home.

Enjoy it so much!  
Lucy B. Holloway, Arlington

Dear Joe:  
Enclosed is a check in payment for the renewal of the Progress. Still enjoy reading the paper and especially the Canterbury Villa News.

Thank you,  
Gerry Walker

Wasn't it fantastic the way folks in this area got behind our Panthers in support of their participation in the Class A State Tournament. It was just marvelous, and we know for sure that the Panthers and those connected with them deeply appreciate all the fine support of their "Home Folks".

Most folks are curious about the building being moved in next door to the Texas Peanut Producers Board.

This is expected to be the future home of the Artistic Beauty Salon. Lisa decided to get her own building and to locate it on the highway.

Work is progressing on getting the building ready to move in soon.

Gorman Elementary and High School students outscored their peers across the state in passing the TEAMS test, school board members learned Monday night.

Linda Glover, school counselor and guidance coordinator, reported that the TEAMS scores were very good this year. In all areas of mathematics, reading and writing at grades 3, 5, 7 and 9 GISD students exceeded the statewide average percent of mastery. The written compositions also received the highest scores Gorman has ever received in grades 7 and 9.

Scores were also reported as scaled scores. A 700 scaled score is required for passing. 999 is the highest scaled score. Individual student results were mailed to the parents of students who took the test.

The following chart indicates the percentage of students demonstrating total mastery in a subject area as well as the average scaled score. Numbers in parentheses are the statewide scores that may be used for comparison.

To report this or other crimes to Eastland County Crimestoppers, call 629-TIPS.

The California Achievement Test Scores were also reported to the board. The achievement tests measure skills in reading, language and mathematics and then derive a total test score. Unlike the TEAMS which is a pass-fail test, CAT compares students' scores with those of other students across the nation in a rank order manner. Gorman students scored above the national average in all but two areas of the test.

Board members also learned that the ACT and SAT scores were higher this year than they have been in a number of years. The ACT and SAT are College Entrance Examinations. The local average of the ACT was 20.5. The 1989 national average was

20. The local average of the SAT was 868. The 1989 national average was 868.

Aren't we thankful for air conditioning while the temperature hovers around the 100 degree mark? There isn't much we can do about the yards, gardens and crops burning up, unless you have plenty of water for them. We don't, and our intentions for having plenty of good fresh vegetables just may not materialize.

Visitors at the Kokomo Baptist Church on Sunday morning were Jim, Wilda and Becky Rodgers of Midlothian and Betty Little.

We extend our sincere sympathy to the family of Neil Eaves, who passed away on Tuesday, June 12, and was buried in the Simpson Cemetery following funeral services at the Edwards Funeral Home in Eastland on Friday. Neil was a brother of Delmon F. Eaves and a former resident of Kokomo.

Mark Eaves of Arlington and Randy, Deliah and Christopher Lewis of Ennis came for their uncle Neil's funeral and visited with their parents, Delmon and Joyce Eaves. Deliah and Christopher remained for a visit until Tuesday, and Delmon and Joyce carried them home and remained for an overnight visit. Verna Laminack of Lake Jackson also visited in the Eaves home and attended her brother, Neil's funeral. The children of the late Mr. and Mrs. Peak Neil, Almos Neill of Brownfield J. B. ## Eastland accepts hay bale donations early for auction

Hay bale donations are being accepted early by the Eastland County Livestock Raisers Association for a hay show and auction on Oct. 20.

The proceeds will be applied to debt retirement and improvement of facilities at the county show grounds.

Hay is something Eastland County has a lot of, especially after the recent rains — one of the wettest springs ever in Eastland County.

The hay will be used for the annual Eastland County Hay Show, then auctioned off. It will benefit the 100-by-200-foot building where youngsters have their livestock show and other events are held.

Any who have seen the facility, and remember the old barn, realize what a fine addition it is to Eastland County.

Charles Hutto, longtime Eastland ag teacher, said the building was constructed "just before the oil business went belly up."

And oil, like agriculture, is vital to Eastland County.

"Since that time, we have had the dickens trying to pay for our annual note on the building," Hutto said. "We have had team pennings, chili suppers and so on, trying to make ends meet."

David Humiston of H&R Feeds in Ranger, the livestock association president, came up with the idea of using Eastland County's high-quality hay as a fund-raiser.

"It is a joint effort and will be in connection with our Eastland County Hay Show," Hutto said, "and should increase the number of entries."

Don Brinkley is chairman of the committee to raise funds through the hay project. Anyone who knows Brinkley realizes what a dedicated individual he is.

"We will solicit donations of bales of hay from hay producers from the county — and we are not restrictive — anywhere else," Hutto said.

Members will even pick up the hay at the farmer's request and haul it in for storage out of the weather.

"Invest in the future — our young people — by donating generously bales of hay, round or square, to the Livestock Raisers Association," Hutto urged.

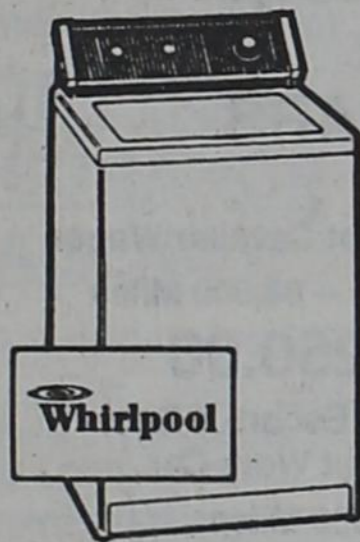

For details, contact your school's ag teacher, county agent, feed store or other ag supply store.

"We need your help," Hutto said.
