Ugh! After all that turkey and ressing, turkey and dumplings, am and blackeyed peas (with hog jowl), which of course is a must for New Years Day, and all that other stuff, sure did mess up by promise to cut down on all the foods that I "shouldn't" eat. But of course, when the wife slaves over that hot old stove, it would be very bad of me to not try and eat it all up.

Any way, we had a grand time with our family during the hoildays and sincerely hope that you and yours had a great holiday and will have nothing but the very best in 1990!

The weatherman cooperated with us for most of the holidays, even though it was a bit cold at times. We received some moisture, but all of the folks around here are asking for more.

-J-Saw Bill and Paulette Black last Thursday while Lonnie and I were down there to look at another machine to do our typesetting and layouts on ads and commercial printing forms. Bill took time out from his "harassment" of citizens of Cleburne to "buy" Paulette's lunch. At least that's what he said, even though Paulette looked a little shocked at the statement. No kidding though, it was nice to see Bill and Paulette again as it had been awhile since we had seen them. They were home for the holidays, too, but we missed them. Paulette was her usual small size, but Bill seemed to have put on a few pounds here and there. The Blacks sure do like Cleburne and we are proud for them. This machine, which is new for us, should really help us in our set-up time, etc. on the paper and also in laying out new forms for our customers. At least that's what Lonnie is trying to tell me.

George Bolts Hosts Family Christmas Event

Christmas is celebrated in many ways. Donald Bolt's children, grandchildren and one great-grandchild gathered at the new home of George Bolt in Stephenville on December 31 to christen the house in the good old fashioned tradition.

Grandma Bolt sat and watched the fire in the fireplace and heard the husbands talk about makes of cars and football games as her father and uncles had done when she was a little girl. Some of the voices sounded like "their relatives. The women gathered neat the fire full of talk about recipes, serving and decorating their homes. Echoes from the younger children's playing sounded through the large rooms. All were so grateful to have been together and want all of you to know of the beautiful time they enjoyed.

Those present were Mr. and Mrs. John Paul Bolt of Carbon, Mr. and Mrs. Kenard Royal, Jessica and Andrew of Denton, Mr. and Mrs. Bill Lindsey and grandson, Shane, and his mother, Mrs. David Lindsey of De Leon, Mr. and Mrs. Bill Dunn and Eric of Arlington, George Bolt, Katie and Jeremiah of Stephenville, grandmother Esther Bolt of Gorman, and Corey Leatherwood of West Point and a friend.

and De Leon fans, taxpayers, bus drivers, maintenance personnel, and

many other friends and supporters. Without your support, encuoragement, enthusiasm, and hard work we would not have accomplished what we did. This spirit was eminent in our last game with state ranked Baird. Many out of town fans marvelled at the enthusiasm and excitement of our fans. That is a tribute to our community and our towns-people.

RENOVATION OF BLACKWELL HOSPITAL **DUBLIN RECOVERY CENTER** UNDERWAY BY

The former Blackwell Hospital of Gorman, whose doors closed more than three years ago, is currently undergoing extensive renovation under the direction of its new owners, Dublin Recovery Centers, Inc.

The 20,000 square foot Gorman health care facility will house approximately 80 patient beds for acute care and chemical dependency patients.

Prior to the purchase of the Blackwell Hospital, Dublin Recovery Centers, Inc., has successfully established two other treatment centers since January of last year. Their most recent establishment is located at Hico Hospital where both acute care and chemical dependency patients are currently being treated.

Dublin Recovery Centers, Inc. has a five member board of directors, which includes Dr. Clay Salyer, Rhonda Salyer, Andrew Kinser, Max Tipton, and Mike Williams.

Board members said the Gorman facility will be an expansion of the services offered at Hico which includes a 24-hour emergency room, ambulance service, acute care treatment and referral services, treatment of chemical dependency patients, and a full time medical staff of physicians and nurses to provide the best care possible for area patients.

Board members hope to serve area residents in much the same professchiropractors and physicians who combine their knowledge, diagnosis, and treatment for the overall benefit of helping the patient.

Salyer said the multi-disciplinary approach toward chemical dependency patients and acute care patients enables the physicians, chiropractors and counselors to treat the patient both physically and psychologically in an effort to help him overcome his or her illness.

With the opening of the Gorman facility slated for sometime in June, many jobs and job opportunities will be available for area residents who have an interest in the medical field, Salyer said.

Applications for job openings and training will be carefully screened by Dublin Recovery Centers, Inc. so that the finest and most qualified help available can be hired for the Gorman facility, he added.

Salyer said once the hospital is in full operation it will possibly employ as many as 100 people. He added that locals will be given prime consideration for employment and training programs.

With the closing of the hospital, the city of Gorman suffered not only a personal tragedy, but an economic crisis from the number of jobs that were lost. Several hospital employees were forced to go to other areas to find work.

Happy Birthday, Bennie. We hope you enjoy reading the Progress.

Dear Joe and Progress Staff, I believe my subscription to the Progress is due sometime in January. Anyway, I do not wish to miss one copy, so I am renewing now. Also find an extra \$13 for a subscription for my brother, C. B. (Bruce) Browning, 114 Scotia St., Pittspurgh Pa. 15205.

I have sent him copies of my paper several times and he has really enjoyed reading about everyone from home. So I thought, just send him his own paper, right?

Also thansk so much for the nice job you did with Pat's obituary in January and all the kind words from each of you.

Happy New Year to all! Emma Lou (Mrs. Pat) Isbell

Thanks Emma Lou for the nice words and also for the subscriptions to the Progress. Hope ya'll enjoy it.

I hope that everyone had a very nice New Year's Day and that you will have a year blessed with good health and happiness. I guess that we all make our New Year resolutions, some we keep and some we break, but the main resolution that I want to keep this year is to be a better servant and witness for my Lord, Jesus Christ. In doing that, I feel that I will be able to better carry out my other resolutions.

La Von Snider had the misfortune to fall just before Christmas and break her right arm above the elbow. She is recuperating at the home of her mother, Mrs. Hazel Snider, while on sick leave from her job as librarian at Howard Payne University in Brownwood. We wish her a speedy recovery.

ticles, decreasing their absorption in the intestines.

Scientists at National dictary Research, an organization committed to the research and development of nutritional solutions to world-wide health problems, have successfully isolated and incorporated cyamopsis tetragonolobus into an improved formula that greatly enhances the potential for weight loss over the ingredient alone. Called Food Source One, the revolutionary new formula provides a three-way scientifically designed process to help prevent caloric absorption.

The mechanism by which Food Source One works to decrease body weight is a complicated process called nutri-bonding. When chewed and swallowed immediately before meals, high calorie fats are replaced with lower calorie nutrients, thereby providing optimum nutrition and a minimum number of fat calories as explained in an instruction sheet that accompanies the tablets. The instruction sheet should be followed for optimum results.

Food Source One is unlike any other product on the market and is available immediately because it is not a drug and only contains natural ingredients already known to be safe. Physicians and pharmacists are praising Food Source One as a natural, drug free alternative for the treatment of obesity. Food Source One is available at:

Some Adults Need Payees To Manage **SS Benefits**

While most adults who draw Social Security are able to manage their own benefits, some beneficiaries are paid through another person who acts as a representative payee, Glyn Hammons, Social Security manager in Abilene, said recently.

A representative payee is someone appointed by Social Security to receive and use payments for the well-being of a beneficiary who is unable to manage benefits because of mental or physical impairments.

Once it has been determined that an adult needs a payee, the agency tries to find the most qualified person for the task. The preferred payee is a relative who lives with the beneficiary. If none can be found, a friend who shows strong concern for the beneficiary, an organization, institution or other qualified person may be appointed.

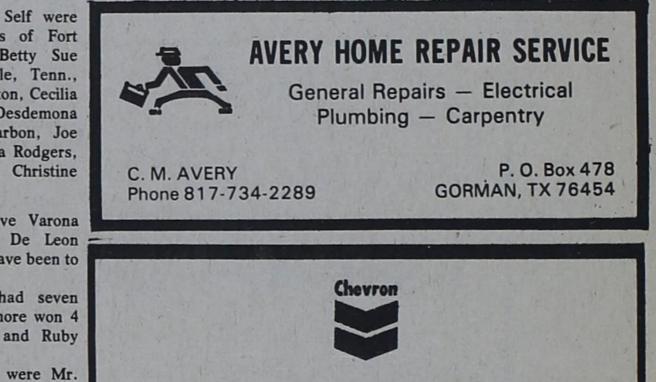

For further information about representative payees, call Social Security at 1-800-234-5772. The Abilene Social Security office is located at 142 S. Pioneer.

REHAB '90

"Rehab '90" is a five-hour benefit television special originating live from the Abilene Civic Center from 7:00 p.m. - midnight, Saturday, January 13, 1990.

The show is fast-paced and heavy on entertainment (about 40 minutes of each hour is designated for entertainment). All informational messages are prerecorded and concise; appeals are brief and in good taste.

The shown includes an auction which boasts \$150,000 in donated merchandise, including 100 handmade guilts and afghans.

Shelley V. Smith, WTRC president/executive director, said "Because of the large production numbers this is predicted to be the best show ever." Some of the production include Shari Lewis with the ACU singers, Pedro Gonzales Gonzales with the Rehab Orchestra and a large dance production number with Arthur Duncan and a group of dance students.

Two major entertainers, Tanya Tucker and Gary Morris, were recently featured on the CBS New Year's Eve special "Happy New Year American 1990".

Returning this year are long time favorites Bill and Susan Hayes. NBC will make the announcement soon that Susan Hayes will be returning to Days Of Our Lives.

Anacani, also a returning Rehab favorite, will be do-

ing a concert in the spring with the San Angelo Symphony.

Returning again this year is Mel Tillis who have recently announced his retirement. We are fortunate that he has accepted this road engagement.

Other stars committed for this special 20th anniversary telecast include Rex Allen, Rex Allen, Jr., The Moonmaids Plus One, Dawnett Faucett, and The Reinsmen.

This special benefit has raised in excess of \$1 million for the West Texas Rehabilitation Center each of the last four years.

The Center has an annual operating budget of over \$7 million. About 48% of the Center's income is from insurance reimbursement, etc. The remaining 52% comes from gifts from more than 80,000 donors.

The Center provides its services without charge to patients and their families other than for hearing aids and braces.

During 1989, the 12,000 handicapped children and adults served by the Center came from 110 counties in Texas, as well as surrounding states.

The West Texas Rehabilitation Center was established in 1953 and now has full service out-patient facilities in Abilene and San Angelo.

Again this year, tickets for Rehab '90 will be \$10 each. There are no reserved seats. Tickets will be available the week of January 8 at WTRC and the Abilene Civic Center.

Maximize Your Memory Don't forget! You'll be able to do precisely that if you know what it is that disrupts your concentration.

Visual clutter can hamper your ability to find things.

Another way to increase your memory power is to anticipate your memory demands. Simply determine what it is you have to remember and ignore the rest.

Doing one thing at a time, rather than a whole bunch of activities, can help keep you from becoming distracted. To help you maximize your memory, Scott, Foresman and Company has published a book called, "How To Increase Your Memory Power." It's now available at local bookstores for \$9.95.
