NUMBER FOURTEEN

**PRESS POINTS**  
JOE BENNETT - PUBLISHER

**GOD BLESS YOU FOLKS!**

How could our Heavenly Father, who is the most understanding and merciful one, have blessed such a sinful soul as I with such loving, caring and outpouring friends, neighbors and relatives as He has given me and my loving family at the untimely illness and passing of our precious wife, mother and grandmother, Maxine.

I have many, many times over the years set up the articles in the paper of cards of thanks, etc. from families who had gone through the same thing as we have just gone through and I thought I understood what they meant. But, folks, after it actually happens to you, there is no way of understanding just how it is.

My family and I were simply overwhelmed with the love, concern and understanding of folks in Gorman, Carbon and the area. The many prayers in her behalf and ours were especially appreciated. The calls, visits, flowers and cards the short time she was in the hospital were sincerely appreciated. We cannot thank the doctors, nurses and entire staff of Hendricks Medical Center enough for their tender, loving and always thoughtful care.

Of course, there is no way that we could express our thanks to the ladies of the First United Methodist Church (and all the folks who brought food) for serving lunch for our families. It was just great and we love you all for it.

To Ray Daniels and the staff at Higginbotham Funeral Home for their unbelievable love, thoughtfulness and concerned efforts on our behalf. Also to Rev. Rawlyn Richter for the most comforting and beautiful words, and the most precious songs and reading which touched our souls.

The outstanding job that Gene and his helpers did to produce the most beautiful floral arrangements that we had ever seen. We cannot thank them enough.

Also we thank everyone for the understanding and patience they showed Lonnie and Herman while I was out of the office.

May our most loving and Heavenly Father bless each and everyone of you for every act performed in behalf of my family and I in our time of sorrow and grief. And may He be as great to you and yours as he has to me and mine.

The weatherman has seemed to have forgotten us recently as far as any measurable precipit is concerned. There have been some pretty good rain measurements in spotted areas, but as far as the general area is concerned IT IS DRY! Maybe we will be blessed with some much needed moisture soon. We could sure use it.

—J—

There are some beautiful yards beginning to come forth in our community. The flowers are looking great, and many, many hours of labor have been put in on a lot of the yards. So get in the ole' jalopy and drive around town and see the beautiful yards and flowers. It's amazing what a little time and effort will produce.

—J—

Received a couple of notes with renewals recently.

Dear Joe and Gang

Sorry I am late sending the check. I was undecided about it the first place and I didn't receive a dozen papers in 1990. I received the March papers, then the other day I received the April paper dated April 11, then a few days later I received the April 4th paper. So I am trying one more time.

I am very disabled and enjoy the news from Eastland County.

Bye and good luck to all.

A friend

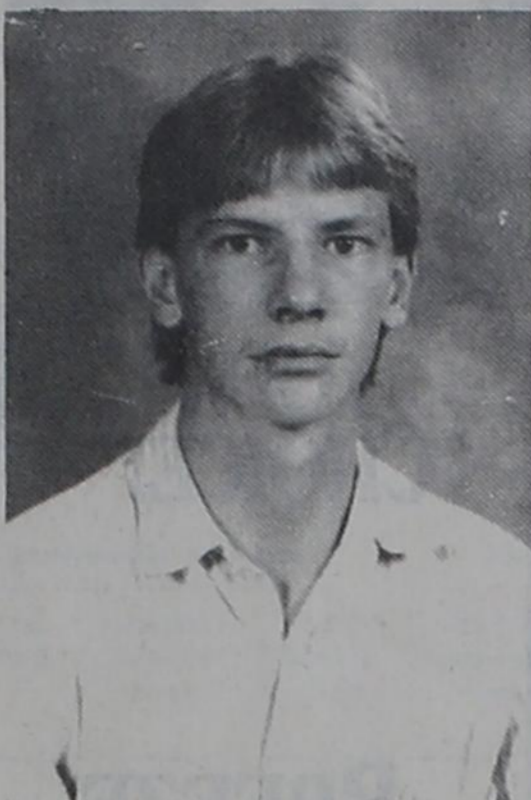

Odessa Johnson, Alvin, Tx.

Sorry, Odessa, about the delay and all in the mail service. But there is nothing we can do after we get it in the mail. It's amazing how some are delivered right on time and others are delayed, and delayed, and delayed.

Dear Joe and "Progress Folks"

I am still enjoying The Gorman Progress and want to continue my subscription. My husband and I are moving closer to Gorman as of May 4th and I hope to see more of Gorman folks. We are moving to Weatherford to be near our sons. One of our sons lives in Weatherford and another is in Mineral Wells. Both are veterinarians.

## Andy Cariker Wins National English Award

The United States Achievement Academy announced today that Andy Cariker of Gorman has been named a United States National Award winner in English.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10 percent of all American high school students.

Andy, a junior in Gorman High School, was nominated for this

National Award by Keyla Duke, an English teacher at the school. Andy Jay Cariker will appear in the United States Achievement Academy Official Yearbook, published nationally.

"Recognizing and supporting our youth is more important than ever before in American history. Certainly United States Achievement Academy award winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Exec. Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability and recommendations from a teacher or director.

Andy is the son of Pat and Darlene Cariker. The grandparents are Phyllis Cariker of Arlington and Nellie Lucky of Gorman.

## TRIBUTE TO MRS. RICH

I will miss her greatly. She was always there to listen. No matter what you had to say - and of course we had to sit and stay awhile. She had a few things to share.

As a mother, she loved you all! As each one had a story. I know because she shared. As a grandma, she was proud of all. Pictures could tell a lot. As a friend, she was always there to listen. She had unconditional love for people. She loved the Lord, and when He called her home I know what peace she found.

But Mrs. Rich, how I miss you! You were a special lady. All those talks we had I won't forget a one.

I Miss You!

A Friend

Euna and Stanley Porter visited in Goldthwaite on Saturday with his sister, Mr. and Mrs. Charlie Hall, and on Sunday with his brother, Mr. and Mrs. Sam Porter in Lometa.

So please change my address for the paper.

Thank you,

Peggy Dixon Jarrett

Glad to hear you are getting closer to Gorman. My brother, Bill, lives in Weatherford, and I hope you will look him up.

The All-Awards Banquet has been slated for Tuesday, May 14th. So make plans now to support it with your attendance.

—J—

Here's another letter Dear Mr. Bennett

I would like to compliment your edition of April 25th for the informative information concerning the GATT agreement. It was very helpful to have a form letter and the addresses of the Representatives and Senators printed for us to correspond on this matter.

I subscribe to several other local newspapers and your paper was the only one giving this information.

Thanks again and may we express our sympathy to you and your in the loss of your wife. May God bless you. Sincerely,

Evelyn and B. J. Hare

—J—

And rememner to smile - - because God Loves You!

## Ann Maxfield Makes Statement For Election

As a candidate for Gorman City Commissioner, Place 3, I seek your support and vote on Saturday, May 4th.

It is a pleasure to be a citizen of Gorman and have the quality of life this city and its people offer.

These are different times for our city as we face problems shared by many municipalities with financial resources and populations similar to ours. Many mandates have been placed on local governments such as our city by state and federal regulations. These regulations must be complied with by cities.

As a city we must meet the needs of our businesses and private sector by providing services of the highest quality while using wise and prudent financial planning and responsibility.

It is my intent, if elected, to work with those serving on the commission and those employed by our city to resolve problems, maintain our city, and seek an even better quality of life for our citizens, both present and future.

I am committed to be open, honest and fair to all in my service to you and will respect your opinions and concerns for our city.

I am a housewife, 54 years of age, and a 1955 graduate of Sudan High School. I was married to G. W. Maxfield June 30, 1956. We have a son, Mel, who coaches at Forney, Texas. I am a Christian and a member of the First Baptist Church of Gorman. I have been a resident of Gorman since June of 1973 when my husband accepted a position with Gorman Schools.

My employment experience is quite varied from a waitress in high school to secretarial duties. I have been employed as a bookkeeper by banks, cotton gins, an accountant, and my final employment for eleven years as administrative aide and bookkeeper for East End Special Education Co-op. When we first came to Gorman I worked as a clerk, on a part-time basis, for Jay's Grocery and Market and served as secretary of the Gorman Chamber of Commerce until full-time employment was available.

Your vote will be sincerely appreciated, but whoever your choice may be, use one of our greatest privileges as a free people and VOTE!

Thank you,

Ann Maxfield

## Blood Drive Being Organized By Lions Club

The Gorman Lions Club is in the process of organizing a Blood Drive for Monday, May 13th, from 10 a. m. to 1 p. m. Time sign-up sheets will be available at Gorman Pharmacy.

An organizational fund is a method available to any business, church or organization to provide coverage for the potential needs of their group.

The organization establishing the fund sets the policy on whom it covers. A chairperson must be appointed to handle the records and all transferring of credits. It is your fund and you control the credits. Transfer of credits are made by the responsible person with a note or telephone call to the blood bank. The blood bank then transfers the credit to the designated patient's name in the hospital where the transfusions have been provided.

Credits in the fund are good for one year from the time the blood is donated. Credits in the fund are accrued at the rate of one per blood donation. Credits issued by the fund serve to replace any blood used by members of the group. Credits may be used anywhere in the United

States provided they are accepted through the National Clearinghouse Program of the American Association of Blood Banks. When a patient receives a blood transfusion he or she should notify the fund chairman promptly because credits must be applied not later than ninety (90) days after the transfusion date. The credits are issued on a one-for-one basis only.

Complete records of all transfusions are maintained by the Blood Bank and written notices of all transactions are mailed to the chairperson or as otherwise designated. This includes how many donations are made, how many credits are issued, how many credits have expired, and a running balance of the credits remaining in the fund after each transaction.

We urge you to use the credits, not allow them to expire. There are many needy people who would benefit from a gift of blood credits. Remember, it is your fund. You can do a great deal of good with it.

If you can donate blood to the fund, please check at the Gorman Pharmacy and sign up on the time sheet.

## Historical Landmark Needs Restoration

The rock 4-H club house at Kokomo is a historical landmark. It was built in 1938 by the National Youth Administration and the 4-H boys and girls at Kokomo. It was the only one like it in the United States. Something to be very proud of.

Now, it needs to be repaired and restored. It has not been used in recent years due to storm damage and general deterioration. This is sad.

The members of the Kokomo Community Club have discussed restoring the building and making it usable again. They have a desire to do so. It will take time and money. This will have to be done by donation of both time and money.

Is there enough interested people willing to restore the 4-H Club House? A few can't do it, but if all community residents, and former residents combine their efforts, it can be done.

4-H Club boys assisting with the building of their club house were Neil Eaves, president; Clinton Revels, Bob Revels, Marvin Dupuy, Otto Dupuy, Dwught Bryant, Jerrel Johnson, Glenn Jordan, Alvis Scitern, John Scitern, Lewis (Shorty) Treadway, Winfred Treadway and Paul Stovall. Glenn Jordan and John Scitern still live in the Kokomo community. Alvis Scitern lives in nearby New Hope community.

Rock for the building was from the W. A. O'Neal farm. The boys cut timber from the Henry Scitern farm, using a saw mill obtained from Texas A&M College to saw the logs into lumber. Rafters and joints were made by hand. The mothers of the boys took lunch to them each day they worked.

One of the cornerstones used was from the first courthouse in Eastland County which was located at Merri-man.

Material for the curtains for the club house was donated by the Itasca Weavers Guild of Itasca, Texas. The 4-H girls and their sponsor made the curtains. The rods were given by Perry Brothers of Eastland.

Girls active in the 4-H at that time were Phyllis Donaldson, president of the girls club, Ima Timmons, Virda Mae Eaves, Wanda Donaldson, Louise Eaves, Mary Norris, Jean Mangum, Marjorie Mangum and Lurline Jordan.

Phyllis Donaldson was chosen to go to A&M for a short course, and to be on the program to tell about the Kokomo 4-H Club House. At other times, Virda Mae Eaves and Wanda Donaldson were also chosen to go to the Farmers' Short Course at A&M. An exciting experience for the girls.

Ima Timmons won a trip to Dallas to the State 4-H Dress Revue with a two piece suit she made out of fertilizer sacks that were dyed green. She also won first place in the county with curtains and bedspread she made out of bleached domestic material for her room in the new home built by her parents. Ima remembers that staying in a hotel and eating in a restaurant was a big treat for the country girls while on their trip to the 4-H Dress Revue.

Phyllis Donaldson and her sister, Wanda, also made curtains, bedspread, and dressing table skirt for their bedroom. They also made a closet out of a refrigerator box, putting a curtain to match the other

## Howard Hagood Issues Statement For City Position

I am Howard Hagood. I am the position of Place One on the City Council in the May 4th election and I would encourage everyone to vote in both the City and School Elections.

If elected I will work with the Commission in the best interest of all citizens of Gorman to manage all departments in a business manner to provide the best possible city services in the most economical way.

I would appreciate your support on my behalf. Thanks.

Howard Hagood

## WITH FRIENDS

Kevin and Deborah Wolfe of The Colony visited Saturday and Sunday with Lonnie Bennett and attended the funeral of Maxine Bennett.

curtains in the room over the door.

Mr. and Mrs. L. R. Higginbottom were the sponsors of the 4-H Club. Mr. Higginbottom was a teacher in the Kokomo School.

The Extension Service Agents were Hugh Barnhart and Mabel Caldwell.

When the building was completed, a dedication service was held. Many people gathered for the program which included officials from Texas A&M College. The President of the United States, Franklin D. Roosevelt was invited, and although he was unable to attend, he sent a personal letter of congratulations.

The Kokomo 4-H Club House received nationwide publicity thru newspapers and magazines.

Glenn Jordan was one of the younger 4-H members, and he remembers the meetings, projects and working to build the club house with fond memories. He also remembers a trip to the Texas Centennial at Dallas in 1936 with the 4-H boys and girls and their sponsors.

There are many stories that could be told. Each 4-H member has their own special memories of their club work at Kokomo.

When the Kokomo School District was consolidated with the Carbon School District in 1942, the 4-H Club ceased meeting at Kokomo, but the building was used for other gatherings such as parties, weiner roasts using the large facilities, church socials, and the Kokomo Extension Home Demonstration Club meetings.

Are we interested in seeing this historical club house restored? This would be a tribute to the boys and girls who worked so hard to build it. The 4-H Club - then as it does today - taught the boys and girls valuable lessons to be used throughout their lives. And how proud the Kokomo people were to have a beautiful rock 4-H Club House for their meetings.

Can we sit idly by and let it deteriorate to ruin? I don't think so. A restoration fund has been set up at the Citizens State Bank in Gorman. Donations will gratefully be accepted and appreciated. If you have questions or a desire to help you may contact Delmon Eaves, President of the Kokomo Community Club at Rt. 1 Box 142, Gorman, Tx 76454, 639-2280, or Norma Webb, Treasurer, Rt. 1 Box 146, Gorman, Tx 76454 - 639-2284, or Glenn Jordan, Rt. 1 Box 139, Gorman - 639-2289.

**Property Tax Protest and Appeals Procedures**

The law gives property owners the right to protest actions concerning their property tax appraisals. You may follow these procedures if you have a concern about:

- the value placed on your property
- exemptions that may apply to you
- cancellation of agricultural appraisal
- whether your property is taxable
- which local governments should be taxing your property; or
- you think the appraisal district has done something else that adversely affected you.

**Informal Review:** Contact the appraisal district staff at 817/629-6597 in Eastland, Texas for an informal review.

**Review by the Appraisal Review Board:** If you can't resolve your problem informally with the appraisal district staff, you may have your case heard by the appraisal review board.

The appraisal review board (ARB) is an independent board of citizens that reviews problems with appraisals and other concerns listed above. They have the power to order the appraisal district to make the necessary changes to solve problems. If you file a written request for an ARB hearing (called a notice of protest) before the deadline, the ARB will set your case for a hearing. You'll receive written notification of the time, date, and place of the hearing. The hearing will be informal. You and the appraisal district representative will be asked to present evidence about your case. The ARB will make its decision based on the evidence presented. You can get a copy of a protest form from the appraisal district office located on the second floor of the Eastland County Courthouse, Eastland, Texas. NOTE: You should not try to contact ARB members outside of the hearing. The law requires you to sign an affidavit saying that you haven't done so before the ARB hears your case.

**Review by the District Court:** After it decides your case, the ARB must send you a copy of its order by certified mail. If you're not satisfied with the decision you have the right to appeal to district court. If you choose to go to court, you must start the process by filing a petition within 45 days of the date you receive the ARB's order. If the appraisal district has appraised your property at \$ 1,000,000 or more, you must file a notice of appeal with the chief appraiser within 15 days of the date you receive the ARB's order.

More Information: You can get more information by contacting your appraisal district at 817/629-6597 in Eastland, Texas or visiting the office which is located on the second floor of the Eastland County Courthouse, Eastland, Texas. You can also get a pamphlet describing how to prepare a protest from the appraisal district or from the State Property Tax Board, 4301 Westbank Drive, Building B, Suite 100, Austin, Texas 78746.

**Deadline for filing protests with the ARB**  
 (the deadline is postponed to the next business day if it falls on a weekend or holiday)

**Usual deadline:** On or before May 31 (or 30 days after a notice of appraised value was mailed to you, whichever is later).

**Late protests:** (If you miss the usual deadline for good cause. Good cause is some reason beyond your control like a medical emergency. The ARB decides whether you have good cause.) Before the day the appraisal review board approves records for the year. Contact the appraisal district for more information.

**Special deadlines:**

- Change of use (if the appraisal district has informed you that you are losing agricultural appraisal because you changed the use of your land) Before the 30th day after the notice of the determination was mailed to you.
- ARB changes (if the ARB has informed you of a change that increases your tax liability and the change didn't result from a protest you filed) Before the 10th day after the notice of the determination was mailed to you.

If you believe the appraisal district or ARB should have sent you a notice and did not, you may file a protest until the day before taxes become delinquent (usually February 1). The ARB decides whether it will hear your case based on evidence about whether a required notice was mailed to you.

**"My heat pump's so efficient it saves money. And it's a clean system. I like what it means for the environment."**

—Elta Chandler  
 Park Board Member

Elta Chandler cools and heats her home with a heat pump because it saves money and energy. And since it's electric, it's "wonderfully clean."

A heat pump uses the energy in the air to keep her home comfortable all year. Even on cold winter days there's heat in the air. A heat pump captures that heat and uses it.

And it costs less to operate than a gas furnace. It's so efficient that for each unit of energy it uses, it creates two to three units of heat.

In the summer a heat pump becomes a high-efficiency air conditioner, capturing the heat inside the home and removing it.

For more information, call a heat pump dealer or TU Electric. It's your chance to save more than money.

### CARD OF THANKS

I wish to express my thanks and appreciation to my friends, neighbors and relatives for their prayers, phone calls, cards, flowers and food when I broke my arm.

Also thanks to my sister, Ima Brown, for a delicious birthday dinner on April 23. It was enjoyed by Bernice Rodgers, Billie Stacy, Culen and I.
