Soap & Towel Night Set For Thursday

The Gorman Panthers of 1992 really did look good at the scrimmage game with Millsap last Thursday. They were rather sharp considering this was their first scrimmage this season. The Panthers outscored the Bulldogs two to one and after the initial possession by Millsap in which they scored, the Panthers settled down and played good defense and pretty well shut down the Bulldog offense.

The Big Red moved the ball at will against the Bulldogs. A few of the Panthers looked real good and they played most all the players in the game.

The defense is coming around pretty well, and these scrimmage games will help them get a little more experience. The defense still needs some improvement as they were a little out of position on a few occasions, but were quick to recover when they made an error in reading their keys. The offense showed real well with Rajee Patel being pretty sharp on the big percentage of his throws and was pretty well set on his timing on handoffs and with more experience should really be ready

by the first game on Sept. 4th with Perrin here at Brogdon Field. Kris Scitern and Jade Warren looked good running out of the backfield and the ends looked pretty good on catching the passes, but need to improve their catching techniques.

A few key positions on both offense and defense will have to be filled before the Panthers can really be a great team. And only time and game experience will give them the knowledge to play their new positions.

This Thursday night the Panthers will host the Dublin Lions in a scrimmage game at Brogdon Field at 6 p. m. This scrimmage has been dubbed "Soap and Towel Night" over the past many years and is a tradition with the Panthers and their fans. The fans always respond rather generously on this annual occasion.

The Lions should be a better test for the Panthers, both on defense and offense. But with the returning players for the Panthers continuing their fine play the Big Red should be as good as their are predicted to be this season.

Go Get 'Em Big Red!

KOKOMO NEWS

ZELDA JORDAN -- PHONE 639-2289

Don't the days look kind of hazy and like fall weather these days? The temperatures are still warmish, but not near as warm as usual for August. Seems to me that it has been a long time since everything has stayed so pretty and green as it has this July and August with all the rain and cooler than normal temperatures we've had.

Visitors at the Kokomo Baptist Church on Sunday morning were

Shannon and Brian Bond of College Station and Texas A&M, Nelda Falls of Arlington and Sylvia Buchanan. It was good to see Ava Rodgers able to be back after the copperhead snake bite about three weeks ago.

Shannon gave a brief report about the missions and activities at the Christian Camp that he participated in as a counselor through the summer, and also on doing street evangelism in San Antonio. Shannon

and Brian were visiting with their parents, Joe and Glynda Bond.

Recent visitors with Ava and Cullen Rodgers were Jimmy and Wilda Rodgers of Midlothian, Dorothy Mims and Johnnie B. Griffith of Lake Leon and Floy Morrison of Gorman.

Jimmy and Verna Lee Little returned last Wednesday from a vacation in South Fork, Colo. Ray Neal, Melissa and Emily Little and Daryl, Rhonda and Chance Eckert, all of Eastland, also spent several days in South Fork while Jimmy and Verna Lee were there.

Stacy and LaDawn Snapp of Eastland enjoyed a trip to Six Flags and a visit with Tim, Nelda, Cody and Jarad Falls in Arlington on Friday. Jarad returned to Eastland with them for a weekend visit with his grandparents, Jimmy and Verna Lee Little. Nelda came for Jarad and remained for an overnight visit with her parents.

Visitors with Anna Laura Clearman were her sister and brother-in-law, Edna and Pete Sudduth of Winters; her son and daughter-in-law, Jamie and Ann Clearman of Ovalo; cousins, Elsie and Sam Jarrel of Tuscola, Viola Sansom and Leone O'Neal of Novice.

Bob Rodgers of Brownwood, John Rodgers of Carbon and Mike Rodgers of Weatherford visited with their mother, Berneice Rodgers during the week. A grandson, Corby Rodgers and friend, Angie Martin of

Blanket visited with Mrs. Rodgers on Sunday evening.

Visitors with Clifford and Lurline Nelson on Saturday were Jimmy and Maggie Nelson of Stephenville, Cassie Rasco of Carbon, Tena and Gary Danley of North Richland Hills, Teresa Nelson of Gainesville, DONnie, Crystal and Josh of Gainesville, Brenda and Paul Rodriguez of Azle, R. A. Nelson of Lamesa, Jack and Phyllis Nelson of College Station and Doris Neill of Midland. They were all here for the 50th anniversary celebration of Clifford and Lurline. There will be a complete write-up about the anniversary in next week's paper.

Bill and Glenda Priest visited with her parents, Glenn and Zelda Jordan and attended the reception honoring the Nelsons.

Richard and Teresa Naghtigall and Taylor and Trevis of Morgan Mill visited with Vernon, Deon and Lindell Fields on Sunday.

Clifford and Doris Graham of Monahans visited for several days with his sister, Joyce and Delmon Eaves. Joyce underwent knee surgery in the Stephenville hospital on Tuesday, August 25th.

Nancy Hendricks underwent surg-

ery in the De Leon Hospital on Monday, August 24th.

We wish Joyce and Nancy speedy recoveries.

Lance and Layne Morrow of Plains have returned home after a visit with their grandparents, K. L. and Naoma Morrow and Paul and Imogene Norris. A cousin, Cory Pack of Carbon, enjoyed spending time with Lance and Layne and going fishing with them. They enjoyed playing golf and tennis with Gary Browning and several friends at Gorman. Gorman still has a very special place in their hearts.

"My heat pump's so efficient it saves money. And it's a clean system. I like what it means for the environment." -Elta Chandler Park Board Member

Elta Chandler cools and heats her home with a heat pump because it saves money and energy. And since it's electric, it's "wonderfully clean."

A heat pump uses the energy in the air to keep her home comfortable all year. Even on cold winter days there's heat in the air. A heat pump captures that heat and uses it.

And it costs less to operate than a gas furnace. It's so efficient that for each unit of energy it uses, it creates two to three units of heat.

In the summer a heat pump becomes a high-efficiency air conditioner, capturing the heat inside the home and removing it.

For more information, call a heat pump dealer or TU Electric. It's your chance to save more than money.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The (CITY OF GORMAN) will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in (CITY OF GORMAN) by (0.582) percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property. The public hearing will be held on (SEPT. 3, 1992) at (CITY HALL).

FOR the proposal: 4

AGAINST the proposal: 0

PRESENT and not voting: 0

ABSENT: 0

The statement above shows the percentage increase the proposed rate represents over the (effective rate) tax rate that the unit published on (AUGUST 6, 1992). The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	\$16,672.18	\$16,563.54
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	0	0
Average taxable value	16,672.18	16,563.54
Tax rate	.46	.48
Tax	\$76.69	\$79.50

Under this proposal taxes on the average home would (increase) by \$ (2.81) or (.0366) percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would (increase) by \$ (.02) per \$100 of taxable value or (.04347) percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

1992 Property Tax Rates in Eastland County

This notice concerns 1992 property tax rates for Eastland County. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$ 100 of property value.

Last Year's Tax Rate:	
Last year's operating taxes	\$ 1,482,341.79
Last year's debt taxes	\$ -0-
Last year's total taxes	\$ 1,482,341.79
Last year's tax base	\$ 426,929,465
Last year's total tax rate	\$.34721 /\$100

This Year's Effective Tax Rate:	
Last year's adjusted taxes (after subtracting taxes on lost property)	\$ 1,474,779.57

(Divide) This year's adjusted tax base (after subtracting value of new property)	\$ 416,078,722
--	----------------

(Equal) This year's effective tax rate for each fund.	\$.35444 /\$100
---	------------------

Total Effective Tax Rate	\$.35444 /\$100
--------------------------	------------------

(Times) 1.03 equals the maximum rate unless unit publishes notices and holds hearing	\$.36507 /\$ 100
--	-------------------

This Year's Rollback Tax Rate:	
Last year's adjusted operating taxes (after subtracting taxes on lost property and including taxes for state criminal justice mandate)	\$ 1,529,689.17
(Plus) This year's adjusted tax base	\$ 416,078,722
(Equal) This year's effective operating rate	\$.36764 /\$100
(Times) 1.08 equals this year's maximum operating rate	\$.39705 /\$100
(Plus) This year's debt rate	\$ -0- /\$100
(Equals) This year's rollback rate for each fund	\$.39705 /\$100
This year's total rollback rate	\$.39705 /\$100

SCHEDULE A UNENCUMBERED FUND BALANCES

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
Maintenance & Operation	\$770,619.00

SCHEDULE B 1992 DEBT SERVICE - NONE

SCHEDULE C EXPECTED REVENUE FROM ADDITIONAL SALES TAX - NONE

SCHEDULE D STATE CRIMINAL JUSTICE MANDATE (FOR COUNTIES)

The Eastland County Auditor certifies that Eastland County has spent \$54,909.60 in the previous 12 months beginning July 1, 1991, for the maintenance and operations cost of keeping inmates sentenced to the Texas Department of Criminal Justice. Eastland County Sheriff has provided information on these costs, minus the state revenues received for reimbursement of such costs.

This notice contains a summary of actual effective and rollback tax rates' calculations. You can inspect a copy of the full calculations at Eastland County Auditors Office - Eastland County Courthouse - Eastland, Texas.
