TCI Cablevision Announces Modest Rate Increase

The lowest rate adjustment in several years will cover rising cost of programming and keep pace with regional inflation factors.

GORMAN (11-23-92) — TCI Cablevision of Texas, Inc., which provides cable television service to Gorman announced today it will modify monthly cable TV subscription rates effective in January to keep pace with the regional cost of living index, plus cost increases from program suppliers.

The modest basic service rate adjustment -- the lowest percentage increase since 1989 -- representing a

3.5 percent increase -- is consistent with the company's policy to maintain basic rates at or below the rate of inflation.

"The two-year recession has helped us hold the line on many of the costs we control. But despite our best effort to reduce internal expenses, we still have to cope with higher costs from external factors such as rising utility costs, taxes and increased operating expenses every business has to pay," said Robert Moore, general manager of TCI Cablevision of Texas.

"The 1993 rate adjustment also reflects the increase fees we pay for the popular programs our customers want to see. Cable networks pass along a portion of their expense for these programs to TCI Cablevision. To maintain the level of service customers expect, we need to raise our rates to cover these cost increases."

This increase is small compared to programming fee hikes of more than 30 percent in the last four years. Programming fees alone represent roughly 20 to 30 percent of the customer's monthly bill. This is the fastest growing cable expense area.

PUBLIC NOTICE

Contel of Texas, Inc. has filed an amendment to its application with the Public Utility Commission of Texas for approval of its Universal Emergency Number Service 9-1-1 tariff. The proposed tariff establishes rules, regulations and rates including the provisioning of the 9-1-1, 9-1-1, and 9-1-1 services; optional services, such as Selective Routing and Data Base Administration; additional services, such as Forced Disconnect, Called Party Hold, Emergency Ringback; Switched Access System; and Public Safety Answering Point Equipment.

Customers affected are either 9-1-1 districts or councils of government with 9-1-1 responsibilities. The application does not propose changes to emergency fees charged to end-user customers.

Twenty-three customers would be affected by the Universal Emergency Number 9-1-1 tariff, which would increase annual revenues by \$10,107.12, a 2.92% increase in the revenues generated by the contract rates of the current customers. Customers will have the option, however, of continuing the rates under their contract for up to one 12-month renewal term.

The deadline to intervene in this proceeding is December 24, 1992. Correspondence or any other communication regarding this matter should reference Docket No. 10929.

Persons who wish to intervene or otherwise participate in this proceeding should notify the Commission. A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Information Division of the Public Utility Commission at (512) 458-0246 or (512) 458-0221, teletypewriter for the deaf.

Faye Overstreet Laid To Rest Here Monday Afternoon

Faye Overstreet, 76, passed away Saturday at her home in Gorman.

Services were held at 2:30 p. m. Monday at Higginbotham Funeral Home Chapel with Curtis Maness officiating. Burial was in the Oaklawn Cemetery of Gorman.

Mrs. Overstreet was a homemaker and a member of the Church of Christ.

Survivors include her husband, Verlan Overstreet of Gorman; one daughter, Barbara Morrison of Gorman; one son, Jerry Overstreet of Gorman; three sisters, Margaret Butler of Abilene, Ann Ivy of Stamford and Ruth Hall of Altus, Okla.; two grandchildren; and one great-grandchild.

Memorial may be made to the Abilene Hospice.

The Lasaters and Eric also visited with Merle Lasater.

Kay Ann Craddock of Plano was a visitor with her mother, Estelle Craddock, during the Thanksgiving week holidays.

Emmett Lasater Named TU Manager At Eastland

Emmett Lasater has been appointed Manager of TU Electric for Eastland, Ranger and Carbon, the Brownwood Manager Larry Morrow announced.

Lasater has been Customer Service Supervisor in the Eastland office.

Lasater joined TU Electric in 1965 as part of the employee school program and received his Associate Science Degree in Electric Engineering in 1975. He worked in the Odessa Transmission Dept. before returning to Eastland in 1970 as a Customer Service Representative.

He was made Customer Service Supervisor in 1990.

Lasater is a native of Sundown. He and his wife, the former Kay Lynn Barnett of Gorman, have two daughters, Lori, a recent graduate of Baylor University in Waco, lives in Waco and Whitney is a freshman at Baylor. They are members of the First Baptist Church of Eastland.

He is a member of the Eastland Rotary Club, the Eastland Chamber of Commerce, and has served in other organizations. He was named "Outstanding Young Man of Eastland" by the Eastland Jaycees in 1976, served as a Director of Eastland Memorial Hospital for seventeen years, and was named "Golden Deeds Award" winner by the Eastland Chamber of Commerce in 1979.

Lasater succeeds Mike Kiser, who is retiring.
