Martha Roseetta "Rosa" Bennett, 94, died Thursday October 12, in a De Leon Hospital.

Services were at 2 p.m. Friday in Gorman Church of Christ with Jim Hall and John Payne officiating. Burial will be in Alameda Cemetery, directed by Higginbotham Funeral Home.

Mrs. Bennett was born in Eastland County and was a homemaker. she was a member of the Church of Christ and was the widow of Charlie Miller, whom she married in 1937 in Eastland County; and Newton Bennett, whom she married in 1964 in Eastland County.

Survivors include four stepdaughters, Edith Teakell and Helan Craighead, both of Odessa, Hazel Collins of Eastland and Barbara Tucker of Gorman; 13 grandchildren; and 17 great-grandchildren.

### CARD OF THANKS

In the midst of our sorrow, words can never express our heartfelt thanks and appreciation to our many relatives, friends for the abundant acts of kindness shown to us through all the food, flowers, memorials, cards, To the ladies of the Church of Christ who fixed and served us a wonderful meal.

To Heritage Manor for their care. Jim Hall and John Payne for their words of comfort.

To the ones who sang it was beautiful. And last to Higginbotham Funeral, Ray Daniels, Era Maupin, Dorothy Johnson they always go far beyond their duty.

The Gorman Panthers opened District play in front of a large Homecoming crowd on Friday night and came away with a big 42 to 6 victory over the Lometa Hornets. The Panthers scored on their second possession and put up 13 points in the first quarter, 15 in the second, and 7 in each of the final two periods.

The Panthers took the ball on the Lometa 34 after a fumble recovery and scored in 6 plays with Nick Guthery getting the score on a 1 yard run with 7:49 left in the first. The drive featured a 15 yard run for a first down by Margarito Sanchez, an 8 yard run by Paul Petree and an 11 yard first down run by Petree. Justin Snider added the point after kick and Gorman was up 7-0.

Gorman held Lometa on their next possession and took the ball on their own 40 and scored in 11 plays with 11 seconds left in the first period. Petree got the score on a 9 yard run. The drive featured a 10 yard run by Adon Rodriguez, a five yarder by Petree, a 3 yarder. Then Sanchez added runs of 8 and 14. Adon added another 8 and Petree then carried for first down at the Lometa 9 to set up the TD run. The snap on the kick try was high and the run for two points failed leaving the score at 13-0.

Gorman again stopped Lometa and took the ball on their own 46 and went 54 yards in 12 plays with Petree again getting the honors from 6 yards out with 6:06 left in the second. The drive featured a 14 yard pass to Jason Warren, a 10 yard pass to Ronald Majors and a 6 yard pass to Warren. Then Petree set up Gorman with a first down 12 yard run to the Lometa 7. After a 1 yard run, Petree then got the score. Snider booted the point after and Gorman was up 20-0.

The Panthers got the ball back on the Lometa 21 after a fumble recovery and scored in just 3 plays. Following a 1 yard run, Sanchez ran for 11 yards to set Gorman up at the 9 yard line. Nick Guthery then hit Ronald Majors with a 9 yard pass for the score with 3:34 left in the half. Petree then added the 2 pointer on a run and Gorman led 28 to 0 at halftime.

The Panther Marching Band then performed their routine they were to do at the Band Contest and really thrilled the crowd.

Gorman held Lometa on the first possession after the intermission and got the ball at the Lometa 17. After an incomplete pass and a 2 yard run Sanchez ran it in from 15 yards out with 9:30 left in the third. Snider kicked the PAT and the score was 35-0.

Lometa got on the scoreboard with 3:06 left in the final period, going 56 yards in 8 plays for the score with Torrez catching a 20 yard pass for the TD. The kick failed and the score was 35-6.

The Panthers reserves scored another TD with 1:43 left when Francisco Madera raced 45 yards on a beautiful run for the score. The drive covered 58 yards in 3 plays. Snider booted the

point after and the final score was 42-6.

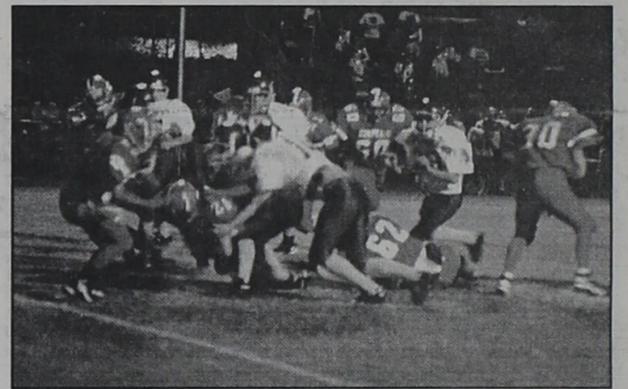

Gorman plays host to Rising Star Wildcats this Friday night in a crucial District game at 7:30. The Wildcats have a fine team and the Big Red will have to really be up for this one.

Petree led the Panthers with 105 yards on 22 tries. Sanchez had 89 on 14. Francisco Madera got 45 on 1 carry. Jeremy Bryan had 5 on 4 tries. Adon Rodriguez had 17 on 3. Blake Guthery got 13 on 4 tries. Marco Herrera had 7 on 3 and John Ibarra had 6 on 2 carries. Guthery had 2 yards on 3 keepers.

Go Get 'Em Big Red!!!

**BREAKING FREE** — Margarito Sanchez is shown breaking free from a Hornet tackler during game action Friday. Margarito had 89 yards on 14 carries in the game. Also shown blocking is Jason Rich.

**GOING FOR FIRST DOWN** — Paul Petree is shown trying to make the first down in game action Friday. Also shown are Jamie Gilder, Jason Warren, Jason Rich, Sam Richardson and Kris Carlton. Paul had 105 yards on 22 carries.

## Judy Morris Gives Gorman A Big Boost

Judy Morris of CMS Health Services is shown in her new offices in the old Corner Drug building following a big renovation project.

Judy deserves our most grateful appreciation for starting the Big Boost and the return of life to downtown Gorman. She was renting the Joe Bennett building when the opportunity came to purchase the Corner Drug building, the Lasater Department Store building and the former Laster Discount building. She then sold the old discount building and the shoe department of Lasater's building to Zelma and James Watkins of Gustine who were wanting to open a restaurant in Gorman after their restaurant in Gustine had burned.

And, of course, folks around here know what has happened since that happened. With this new rejuvenation of buildings downtown a new active atmosphere has happened. The former CMS building was rented to Bob and Charlene Richardson for an Ice Cream Shop. Then the building next to the City Office was purchased by Howard Hagood and renovated for the opening of E'Lan and Company, a gift and craft shop. Also Howard bought the former Berenice Jeff building and has rented it to the Vaughn's for a new firm, Timekeepers, a Clock Shop. Now Joe has rented the portion of the building next to the Progress to Jo Ann White, who will be opening Granny's Goodies in the near future. The firm will feature candies and all kinds of goodies.

Things have really blossomed here in Gorman and folks should give a much deserved Thank You and a big pat on the back to Judy for getting things started again in Gorman. Thanks Judy!!!

**Nominations For '96 Co. Committee Election**

A mail election to elect three members to the FSA County Committee will be held December 4, 1995. The reorganization of USDA changed the responsibilities of the old ASC County Committee and each Local Administrative Area (LAA) will elect a county committee person. Eligible voters will have the opportunity to nominate the candidates of their choice by petitions. Blank petitions may be obtained at the FSA County Office. Each petition submitted must be limited to one nominee, signed by the nominee, and postmarked or delivered to the FSA County Office not later than October 30, 1995.

Persons nominated should be currently engaged in the operation of a farm or ranch and be well qualified for committee work. A list of eligible votes for each LAA is available at this office.

This election will be conducted on a nondiscriminatory basis without regard to race, color, religion, national origin, age, sex, marital status, or disability.

**PEANUT MARKETING CARDS**

Peanut Smart Marketing and Producer ID cards have been prepared and are ready to be issued. Peanut marketing cards can be released only in the county office to the farm operator or a producer having 100% interest in all peanuts produced on the farm.

Producers and/or handlers are responsible for accurately keeping peanuts identified by FSN when they are being dried, cleaned and held on the buying point yard or on another farm before the peanuts are weighed, graded and entered on the ASCS-1007. Buying points and producers must keep each load of peanuts, whether on dryer trailers or other vehicles identifiable by FSN and by the name and address of the producer.

**1995 Noninsured Crop Disaster Program (NAP)**

The Crop Insurance Reform Act of 1994 replaced the ASCS Crop Disaster Program with CAT and NAP. To be eligible producers must have suffered greater than a 50 percent loss of an eligible crop in an approved area. Eastland County is not in an approved area but producers must follow certain requirements to report crops and losses should the county later become part of an approved area. Producers are required to report damage to this office within 15 calendar days after the occurrence of the damage to the crop. No payment will be available

**Proposed Budget Cuts Could Devastate Texas**

"Proposed budget cuts could have a severe impact on Texas, slowing economic growth in the entire state," Texas food and Agriculture Council Chairperson Harold Bob Bennett said today.

"Agriculture contributes more than \$36 billion a year to the Texas economy, Texas was the first ranking state of all the States for receiving Commodity Credit Corporation Price Supports which exceed \$1.5 billion in 1994 alone," Bennett said.

The Congressional budget plan proposes cuts in farm program spending of about \$13.4 billion over the next seven years. These cuts would amount to about one-fifth of projected farm spending for commodity programs, the Conservation Reserve Program and federal crop insurance.

In contrast, President Clinton has proposed a farm spending plan that ensures adequate supplies of food and fiber at a reasonable cost and maintains the stability of the agriculture economy that is important to every Texan. This plan would require reductions in farm spending of about \$4.3 billion over the next seven years and \$6.1 billion over 10 years. The President's plan would maintain a level of investment in agriculture critical to sustaining the food and fiber system.

"The strength of Texas and America lies in our rural roots and our first line of defense has always been American Agriculture," Bennett said. "It is clear that a balanced budget will require sacrifice from all of us. What we need to remember is we can balance the budget and not take away the safety net for farmers and rural America that has ensured a strong economy for Texas. Current farm programs have

if any of the following occurs:

- \* The producer destroys the crop without consent.
- \* The appraised production exceeds the payment level.
- \* The area is not approved.

**PRICE SUPPORT LOANS**

Producers participating in the annula production adjustment programs are reminded of the final availability date for obtaining price-support loans. The final date for the 1995 crop barley, rye, oats and wheat is March 31, 1996. Crops loans on 1995 corn and grain sorghum are available through May 31, 1996.

**TIPS ON STAYING SAFE AND SOUND WITH NATURAL GAS.**

For more than 80 years, Lone Star Gas has been providing safe, dependable energy to its customers. By following a few simple rules, you can help make sure you and your family stay safe and sound with natural gas:

- Always have qualified service people install, regularly check and maintain all gas heaters and appliances, following the manufacturer's instructions for installation, ventilation, and operation.
- Always use a gas appliance only for its intended purpose. An oven, for example, should not be used to heat a room.
- Always keep flammable materials and substances away from gas heaters and appliances. Remember, a pilot light is constantly burning.

**IF YOU SMELL GAS** in your home, or know you have a gas leak, follow these rules:

- 1 Everyone should leave the house immediately, leaving the doors open for ventilation.
- 2 Do not switch anything electrical on or off.

- 3 Do not use your telephone (telephones use small amounts of electricity).
- 4 Do not strike a match or do anything else that might cause a spark.
- 5 Go to the nearest telephone and call Lone Star Gas Company. Wait until we have found the cause of the gas leak before returning to your home.

If you smell gas while you're outside, contact Lone Star Gas immediately.

**CONTRACTORS, BEFORE YOU DIG,** call for pipeline locations to avoid any potential problems: 1-800-344-8377 (1-800-DIG-TESS).

## Annie Foster Hosts Willing Workers Class

The Willing Workers Sunday School Class of First Baptist church met in the warm and lovely home of Annie Faye Foster. We had a delicious luncheon. The theme of table and house decorations was Halloween. Our food consisted of Casseroles, salads and desserts. After the Blessing of the food, by Frankie Jo, we all enjoyed greatly.

After the meal we presented a Class Member, Bea O'Neal with a love gift, as she will be leaving Gorman soon, to live near her daughter.

Our class meeting was called to order by Mayvis, our class president. The minutes were read by Winnell they approved. The treasurers report was given by Annie Faye, then accepted and approved. Our class gave a love gift to State Missions. The Class discussed the needs of the people in our church and community, also what we could do to help.

The devotional was given by Winnell. The topic was faith, the Scripture was Matt. 14:22-31. We all agreed Love Comes first, then Faith that God will take care of us. Annie Faye read a short story that was "food for thought" and interesting. Afterwards we were dismissed.

Those present were: Billye, Mayvis, Irene, Frankie Jo, Iris, Winnell, Bea and our hostess Annie Faye.

## Customer Notice

Comanche County Telephone Company, Inc. (Comanche County or the Company) has filed a request with the Public Utility Commission of Texas (PUC) seeking approval to implement rates, terms, and conditions for a new **ENHANCED CUSTOM CALLING SERVICES** which includes the following individual services: Call Block, Call Return, Priority Call, Repeat Dialing, Select Call Forwarding, and Select Call Acceptance. Additionally, the Company proposes to offer the following additional **CUSTOM CALLING SERVICES**: Call Forwarding, No Answer and Busy Line; and Cancel Call Waiting. This request has been assigned Tariff Control Number 14669. The Company also proposes to eliminate the packaged services and implement a discount per additional service subscribed to by customers. The Company will waive the nonrecurring charges for the installation of any of the aforementioned services during the first ninety (90) days the services are initially offered in an exchange. These services will be available to all residential and business customers, excluding Public, Semi-Public, and Customer Owned Coin-Operated connections.

**Call Block** permits the customer to block an incoming call and/or calls from a maximum of six (6) specified telephone numbers and functions as a screening service for the customer. **Call Return** permits the customer to automatically redial the telephone number of the most recently completed incoming local call or call attempt by dialing an activation code. **Priority Call** permits the customer to preselect a maximum of six (6) telephone numbers that can be given a distinctive alerting signal, ring or Call Waiting tone for priority calls. **Repeat Dialing** permits the customer to automatically redial the last outgoing telephone number dialed. If the redialed number is busy, the customer may dial an activation code and the called number will be monitored for a specified number of minutes in an attempt to establish the call. **Select Call Forwarding** permits a customer to forward incoming calls from a maximum of six (6) specified telephone numbers within the customer's local calling scope, Extended Area Calling scope, or Long Distance Telecommunications Network (where facilities permit). **Select Call Acceptance** permits a customer to only receive incoming calls from a maximum of six (6) specified telephone numbers within the customer's local calling scope, Extended Area Calling scope, or Long Distance Telecommunications Network (where facilities permit). **Call Forwarding, No Answer and Busy Line** enables an incoming call to be automatically directed to a predetermined alternate telephone number if the intended call destination is not answered in a specific number of rings or encounters a busy signal. **Cancel Call Waiting** enables a customer subscribing to Call Waiting to cancel the Call Waiting signal on a per-call basis immediately before placing a call.

The services will be offered, by exchange, as indicated by an "X" in the appropriate column in the following chart:

Services:	Carbon	De Leon	Desdemona	Gorman	Newburg	Olden	Proctor	Sidney
Call Block		X		X				
Call Return		X		X				
Priority Call		X		X				
Repeat Dialing		X		X

Select Call Acceptance		X	X	X				
Call Forwarding, No Answer and Busy Line	X	X	X	X	X	X	X	X
Cancel Call Waiting	X	X	X	X	X	X	X	X

The proposed effective date of the new services is December 1, 1995. The estimated annual revenue impact to the Company after expenses is \$8,186 for the first year of service, which is less than 1% of the Company's annual operating revenues. The following rates have been proposed for these new services.

SERVICES	RESIDENCE	BUSINESS
Call Block	\$2.00	\$3.00
Call Return	\$3.00	\$4.00
Priority	\$2.00	\$3.00
Repeat Dialing	\$2.00	\$3.00

Select Call Acceptance	\$2.00	\$3.00
Call Forwarding, No Answer and Busy Line	\$2.00	\$3.00
Cancel Call Waiting	Included With Call Waiting Subscriptions	

Persons who wish to intervene or otherwise participate in this proceeding should notify the Commission as soon as possible, but no later than November 17, 1995. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 276, Austin, Texas 78757. Further information may also be obtained by calling Office of Consumer Affairs at (512) 458-0223 or (512) 458-0221, teletypewriter for the deaf.

For answers to any questions regarding these new, optional Enhanced Custom Calling Services and other new services, please contact your local business office.

Look in back of our North Lake power plant, and you'll find, you guessed it, a lake. Two years ago, a small patch of a Southeast Asian aquatic plant called hydrilla was discovered there, causing us some concern.

You see, hydrilla grows two inches a day. That's pretty fast, if you think about it. It can grow to the surface and get in the way of skiing, fishing, swimming, virtually anything you can do in a lake. Hydrilla can also clog the power plant's intake pipes, lowering efficiency. So, as you can see, it's a real problem for everyone.

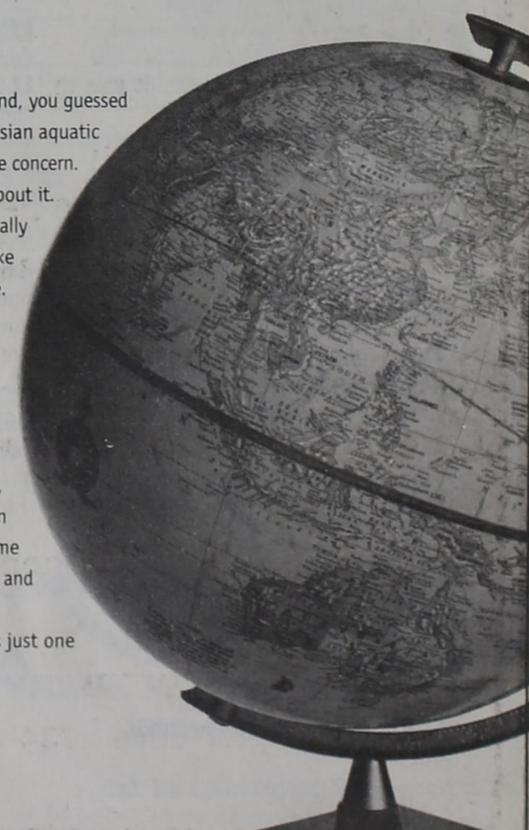

## The Solution To The Problem In Our Back Yard Was Found Twelve Thousand Miles Away.

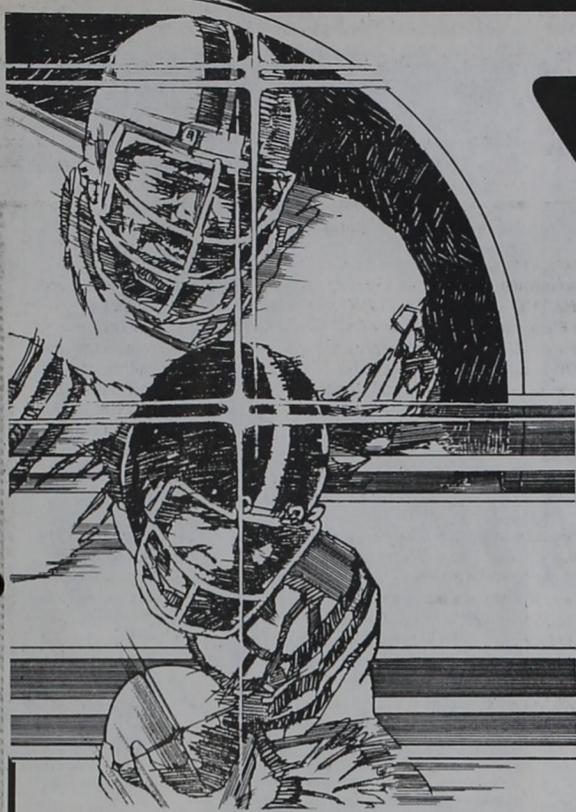

Now, there are several ways that have been used to control hydrilla. Some lakes have been completely drained while others have been bombarded with expensive chemicals. But, none of these treatments was right for us. So, we continued looking. And we found a solution that had been discovered at the source of our problem, where hydrilla came from, Southeast Asia. It's a grass-eating fish that prefers to eat hydrilla and will help to keep it in check, naturally.

Finding creative solutions like this one from halfway around the world is just one more way we're working to build a better electric company.

# Maxfield Elementary News

Mrs. Morris scheduled the fourth and fifth grade to attend McMurry University last Friday, October 13th in Abilene. The school provided our transportation and lunch for the day.

The University had many festivities going on all week because it was their traditional Indian homecoming. When we first arrived former Panther, Don Mauney greeted us and was our guide for the tour.

First we all received our McMurry Indian headbands and colored feathers. Mrs. Snider looked very authentic. Next we walked over and were seated to meet and hear a real Indian tell an old tribal Bear story he had heard when he was a young boy.

After the story we walked over to the Tee Pee Village to begin our tour. Each Tee Pee represented a certain tribe and had one or two indian dressed speakers. We visited each Tee Pee and listened to the different tribe's customs and characteristics. We learned a lot about the way they dressed, foods they ate, where and how they lived.

The Tee Pee's were magnificently crafted and painted. Each spokesperson was very friendly and knowledgeable. We had a great time with a lot of interest. McMurry served us a cool drink and sent us on our way.

# 4TH Grade News Mrs. Bear

We had two students in our class to make the "A" honor roll. They were

Casondra Cooper and Andrea Files.

We had five students in our class to make "AB" honor roll. They were Jose Caldera, Julia Cole, Kalyn Porter, Emily Thornton and Melinda Leal.

We didn't have any students absent the whole six weeks. Mrs. Bear said this is the only time she can remember having 100% attendance. She was very proud of us.

Casondra Cooper was selected as

our A-4 award winner. We congratulated her on winning the principals award for the first six weeks. She also received a Panther Pride T-shirt. Casondra was excited!

The Dairy Queen provided ice cream cone certificates for our "A" honor roll and the school provided game passes for our A-4 winners. We certainly are glad we can be so rewarded for good behavior and good grades.

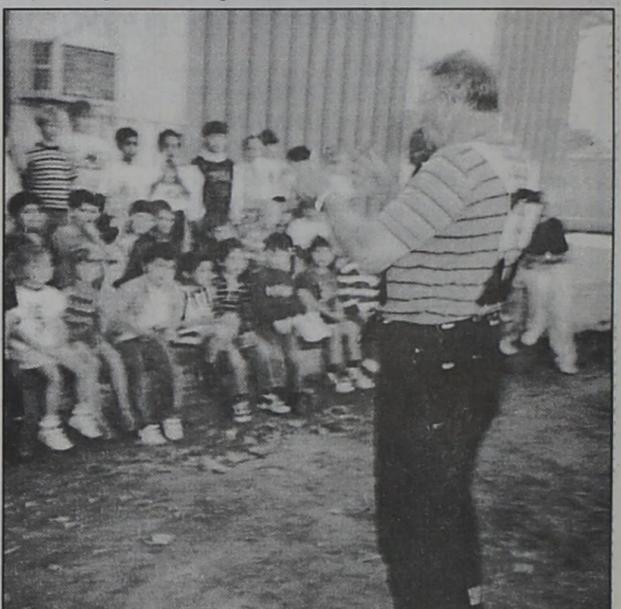

We had a book fair for kids that wanted to buy books. It lasted three

days. The PTO brought it in and many parents helped to run it. It was nice to have the variety of different books to choose from for a while.

This six weeks in Social Studies we are studying the different regions in Texas. It has been interesting and we like labeling and coloring the maps. In English we are capitalizing and abbreviating words. In Math we are subtracting, checking, and estimating. We are studying hard and getting our homework in on time.

WATCHING — Sammye Mauney is shown watching over the little ones, or are they watching over her. Keep her in line Sandra!

FIRE PREVENTION — Gene Foster and John Payne came to the Elementary and talked to the students about Fire Prevention and Safety. This was in recognition of Fire Prevention Week. Early Childhood thru 6th grade attended.

# Senate Approves Welfare Reform Bill

The U.S. Senate, in an 87-12 roll call vote, has approved a welfare reform bill that contains three key provisions by U.S. Sen Phil Gramm to terminate welfare payments for recipients who refuse to work, deny welfare benefits to noncitizens and require a dramatic reduction in the federal welfare bureaucracy.

"When we started the welfare debate, we had a bill that had no mandatory work requirement, a bill that contained to give people welfare when they came to America as immigrants, and a bill that did not address the illegitimacy crisis," Gramm said.

"Our bill says to people who come to America legally that you can come with your sleeves rolled up and ready to go to work, but don't come with your hand out because we're not going to invite people to come to America to go on welfare," Gramm said.

Senators also approved a Gramm amendment that reduces the federal workforce by eliminating 75 percent of the federal bureaucrats who are running the Aid to Families with Dependent Children (AFDC) program. AFDC will be terminated under the welfare reform bill and the money returned to the states in the form of block grants.

"This bill says that when we eliminate a government program -- something that only happens once in every two or three generations in America -- we ought to eliminate the federal bureaucracy that goes with it," the senator said.

The welfare reform bill is now headed to a House-Senate conference committee that will determine which of the two chambers' different approaches to reforming welfare will become law.

Among the differences, the Senate bill keeps the policy of subsidizing illegitimacy, while the House bill denies direct cash payments to teen mothers and families having more children while on welfare.

"If the final welfare bill does not end this practice of giving people more and more cash benefits to have more and more children on welfare, I'm going to vote against it," the senator said.

# Customer Notice

Comanche County Telephone Company, Inc. (Comanche County or the Company) has filed a request with the Public Utility Commission of Texas (PUC) seeking approval to implement rates, terms, and conditions for a new **CALLER ID SERVICE** offering: Calling Number Delivery Service. This request has been assigned Tariff Control Number 14669. This service will be available to all residential and business customers in the De Leon and Gorman exchanges, excluding Public, Semi-Public, and Customer Owned Coin-Operated connections.

**Calling Number Delivery Service** is an optional service which allows subscribers to see the phone number of most local calls before they answer the phone. Comanche County will also offer blocking, free of charge.

"Blocking" prevent the caller's number from appearing on the Caller ID display unit. Per-call and per-line blocking will be available when the service is deployed. Comanche County will automatically establish a per-call blockage free of charge to all customers when Caller ID is offered in their area. Any customer who wishes to block his or her number on a per-call basis, simply needs to press \*67 on their touch-tone phone, or dial 1167 on their rotary phone before dialing the telephone number. Per-line blocking automatically blocks a customer's number on every call without the need to press \*67 or dial 1167. If a customer selects per-line blocking, he or she can unlock their number, free of charge, on a single call by dialing \*82 on their touch-tone phone, or dial 1182 on their rotary phone before dialing the telephone number. Per-line blocking will be automatically reactivated at the end of this single "unblocked" call. Per-line blocking is available at no charge to anyone, upon receipt by the PUC of written certification of the customer of a compelling need for per-line blocking. Comanche County will be sending each customer a postage prepaid per-line blocking request before Caller ID will be offered. All requests for per-line blocking will automatically be granted free of charge. It is not necessary to subscribe to **Caller ID** to have per-call or per-line blocking. Per-call or per-line blocking will display a message such as "private" or "anonymous" on the Caller ID display unit. Blocking will not be provided on calls from payphones.

The proposed effective date for the new service is December 1, 1995 for the De Leon and Gorman exchanges. The estimated annual revenue impact to the Company after expenses is \$6,624 for the first year of service, which is less than 1% of the Company's annual operating revenues. The follow rates have been proposed for these new service.

FEATURE	RESIDENCE	BUSINESS
Calling Number Delivery	\$4.95	\$7.50

Persons who wish to intervene or otherwise participate in this proceeding should notify the Commission as soon as possible, but no later than November 17, 1995. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 276, Austin, Texas 78757. Further information may also be obtained by calling Office of Consumer Affairs at (512) 458-0223 or (512) 458-0221, teletypewriter for the deaf.

For answers to any questions regarding this new, optional Caller ID service and other new features for the deaf.
