Have You Thanked A School Board Member Lately?

School board members exemplify local citizen control and decision making in education. They volunteer hundreds of hours and an immeasurable amount of energy to assure that our schools are providing the best education possible for the children of our community. Here are some reasons we are taking this opportunity to show them our appreciation during **School Board Recognition Month** in February.

School board members are citizens whose decisions affect our children - what they learn, who will teach them, and what kinds of facilities house their classrooms.

These are men and women elected to establish the policies that provide the framework for our public schools. They represent you, and they take this responsibility seriously by attending lengthy and sometimes turbulent meetings, conferences, and institutes where they broaden their knowledge about education; during numerous conversations about the schools; and before the Texas Legislature.

Our school board is one of more than 1,000 such boards across the state. These boards enable us to have local control of the public schools, meaning that decisions on school programming are made by local, elected representatives who understand the community's unique problems, values, culture, and circumstances.

It's a tradition that began more than 200 years ago. With the advice and counsel of the educational professionals they hire, our school board has an impact on virtually every aspect of our schools. It's a huge responsibility and one which should not be taken lightly. Too often we neglect to recognize the dedication and hard work of these men and women who represent us. The

staff and students of our school district are asking all local citizens to take a moment to tell a school board member "thanks for caring about our children's education."

So hats off to the dedicated men and women who make it possible for local citizens to have a say about education in our communities. We salute the public servants of Gorman ISD whose dedication and civic responsibility make local control of public schools in our community possible. We applaud them for their vision and voice to help shape a better tomorrow.

Sandra Cagle Candidate For Co. Tax Assessor/Collector

Sandra (Sandy) Cagle announced her decision this week to file as a candidate for the office of Eastland County Tax Assessor-Collector in the primary and general elections of 1996. Mrs. Cagle made her decision after the current assessor, Nancy Trout, decided not to seek re-election.

Mrs. Cagle has worked in the tax office for 10 years. The last 5 years she has served as Mrs. Trout's chief deputy. She has attended many hours of required tax assessor schooling.

Her years of experience and training under Mrs. Trout qualify her for this very important office. The tax office collects all ad valorem taxes for the taxing units of the City of Rising Star, Cisco Hospital District, Eastland Memorial Hospital, the City of Carbon, and the County of Eastland. The tax office is, also, responsible for motor vehicle registrations, boat and motor registrations, liquor licensing, and voter registration. All of these services are for the benefit of the residents of Eastland County.

"I will strive to continue to serve the taxpayers with the consideration and respect that they have always received from this office under Mrs. Trout," Mrs. Cagle said. She stated her commitment to work closely with the County Commissioners and the Eastland County Appraisal District.

Mrs. Cagle is a 1970 graduate of Olden High School and attended Ranger Jr. College.

She is a member of First Baptist Church of Eastland where she previously served with the Girls in Action (GA's) organization and currently serves as a substitute teacher for the Ruth Sandy School class for women.

She is the daughter of the late Mr. Charles Werley and Mrs. Oleta Werley, who resides in Eastland and is employed at Eastland Memorial Hospital. She married Bobby Cagle, whose parents are the late Mr. Jarl Cagle and Mrs. Mary Lee Cagle Langford, who resides in Eastland. They have two daughters: Charla S. Cagle, who resides in Eastland, and Shelly R. Cagle, who currently attends Texas Tech University in Lubbock.

KOKOMO NEWS

ZELDA JORDAN -- PHONE 639-2289

The springlike weather has been nice after the real cold weather last week. It was ten degrees at my house on Friday/morning. The cold wind and cold temperatures on Thursday made for a miserable day too if you had to be out in the cold. It is still very dry, but we keep hoping for some rain soon. We did receive a little rain when the thunderstorm passed through on Wednesday night, but it didn't amount to much.

Woodrow and Helen Browning, with Glynda Bond at the piano, rendered the special music at the Kokomo Baptist Church on Sunday morning. Visitors were Charles and Mary Jane Ellison of Lexington, Miss. who were visiting with Earl and Betty Little; and Dean McNeill of Gorman. "Happy Birthday" was sung to Glenna Davis who has a birthday on Jan. 25.

Woodrow Browning was the speaker for the Sunday evening service at the Kokomo Baptist Church.

Bro. Clarence and Leona Wilson, Johnnie B. Griffith and Naoma Morrow were in Stephenville for the funeral of Carl Morrison on Sunday afternoon. Bro. Wilson officiated at the funeral services.

Jo and Glynda Bond were in Temple on Friday to be with their son, Shannon, who underwent knee surgery. Shannon is a coach in the Copperas Cove School System.

Hazel Snider and La Von Snider had lunch with Dwayne, Connie and Lisa Snider in Stephenville on Saturday. Ted Snider visited with Hazel Snider on Thursday.

Mary Jo and Mike Leonard of Canadian visited during the weekend with her mother, Mrs. J.C. Clearman.

Bro. Marion Fonville of Vernon and Stan Dobbs of Ft. Worth visited with Naoma Morrow and Charles and Carolyn Little. Mr. Dobbs is a student at the Southwestern Theological Seminary in Ft. Worth.

Ronnie and Barbara Eberthart of Austin visited with Jimmy and Verna Little on Friday.

Jimmy and Verna Little visited with Veno and Annie Hale and Berniece Rodgers at the Heritage Manor in Gorman on Sunday afternoon.

Local FFA To Exhibit Prize Livestock

Gorman and Carbon will be joining other 4-H and FFA members from throughout Texas for show ring competition at the upcoming Houston Livestock Show, Feb. 16 through March 3, at the Astrohall.

These FFA and 4-H exhibitors showcase their animal projects during the second week of livestock competition--the junior show. The first week of competition, the open show, features professional ranchers and breeders from throughout the country exhibiting their breeding stock.

Entries in both the open and junior shows combine with horse show entries to make the Houston Livestock Show the world's largest.

Representing 932 Texas 4-H Clubs and FFA chapters, the junior show is expected to exceed 15,000 entries this year. A variety of animals is show in the junior division of livestock competition: market steers, market barrows, market lambs, market poultry, beef and dairy heifers, breeding sheep, goats, commercial steers and breeding rabbits.

The four market animal categories (steers, lambs, barrows and poultry) represent animals raised by the exhibitors as food sources. Top animals in each of these categories are eligible for their individual market auctions. Last year, junior market auction sales totaled \$4,545,349.

"The ver heart of the Houston Livestock Show is the educational opportunities being offered to junior exhibitors in the state of Texas," said Don Jobs Jr., Houston Livestock Show and Rodeo assistant general manager. "Our Show, which is the largest junior livestock exhibition in the world is high competitive, and a win in any division is high coveted. These young people, who, through the dedication, hard work and ambition, benefit greatly financially as well as educationally." Ticket prices are \$10, and include admission to the horse show (excluding National Cutting Horse Association sponsored events), the livestock show, the carnival, all commercial and educational exhibits, special attractions and the rodeo.

Tickets are available at the Astro-dome Box Office and at all Ticketmaster outlets, including Sears, Foley's Blockbuster Music, Fiesta and Randal's Food Markets.

All net proceeds from the annual Houston Livestock Show and Rodeo provide funds for scholarship and research projects throughout the state. Currently, more than 1,500 students receive some form of Show-sponsored financial assistance. Since the first scholarship was given in 1957, more than 11,500 awards have been presented to Texas youth at a cost exceeding \$40 million.

The 1996 Houston Livestock Show and Rodeo begins with horse show competition, Wednesday, Feb. 14 followed by other livestock competition beginning Friday, Feb. 16. The first rodeo performance will be held at 7 p.m., Feb. 16. All events conclude March 3.

KEEPING HEALTHY
Colds, flu, and "virus bugs" seem to be rampant. According to the Soap and Detergent Association, "Good hygiene is the first line of defense in staying healthy. The best way to reduce the spread of infectious diseases, is through frequent hand washing and regular cleaning of household surfaces. Using an antibacterial soap and a disinfectant provides an extra degree of safety."

The following tips for staying healthy this winter are...

- *Wash hands frequently. Wash before meals, after coming into contact with someone who is sick, etc.
- *Give colds the shoulder. Instead of using your hands, turn your head, and cough or sneeze into your shoulder.
- *Clean and disinfect wet or moist surfaces often. Bathroom countertops/faucets/handles, toilet bowls/seats/handles, door knobs, floors and diaper changing tables are real bad germ havens.
- *Launder cleaning cloths frequently. Cleaning cloths pick up germs from the surfaces they clean. Use liquid household bleach in the wash water, and always allow the cloths and sponges to dry thoroughly between uses.
- *Eliminate germ spreaders. Avoid sharing sharing drinking glasses or eating utensils, coughing or sneezing into the telephone, chewing on a pencil, and leaving used tissues around the house.
