**Aleman First To Become Mexico President Out Of Civilian Ranks**

MEXICO CITY, Nov. 28. (AP)— Genial, self-confident Miguel Aleman, 43-year-old lawyer and politician, takes office December 1 as president of Mexico.

In a brief 18 years Aleman has risen from a legal expert in the agricultural department to the presidency — an accomplishment never before equaled by a civilian in the turbulent history of the nation. The fact that Aleman is a civilian is important.

Since the days when Hernan Cortes, the Spanish conqueror, and his troops swept over the land of the Aztecs, Mexico has been ruled by the military with military men in key government jobs. Many Mexicans remember the art-loving dictator Gen. Porfirio Diaz who maintained himself in office for 34 years, a record thus far unequalled by present-day dictators.

Thirty-six years ago the Mexican revolution started the nation on the road toward democracy, a rugged road damp with the blood of patriots. Many Mexicans feel that the election of civilian Aleman marks a turning point in the nation's history.

His election, decreed by the official government party (PRI), was probably more democratic than any other and was an attempt by outgoing-President General of Division Manuel Avila Camacho to give the people a chance to have their votes really counted.

Aleman has made six promises to the nation: To build his administration on strong nationalism, honest government, freedom of belief, an abundance of food, deflation of living costs and a unity of spirit together with freedom from fear.

His campaign platform, developed after numerous roundtable discussions, contains 56 planks covering a complete social, political and economic analysis of Mexico.

Aleman himself is a mild, smiling man slightly above average Mexican height with olive skin, black hair, a small brown moustache, remarkably white teeth, keen eyes and an alert manner. His forehead slopes back sharply and his chin recedes slightly. He speaks softly and carefully and moves alertly and carefully and moves alertly.

The new president is married. He has two children, Beatriz, 13, named after her mother, and Miguel Jr., 11, who last year attended school in San Antonio, Texas, and now speaks English well. Aleman understands much English, but speaks no foreign tongue.

**Pennsylvania Worries About Gas Pipelines**

HARRISBURG, Pa., Nov. 28. (AP)— Governor Edward Martin said "there must be compelling reasons" for Pennsylvania to favor use of the Big Inch pipelines for the transportation of natural gas into the Keystone state.

The governor made the comment at a news conference in response to question about what Pennsylvania would do if the U. S. Interior Department recommended such use for the \$148,000,000 pipelines.

Pennsylvania must agree to permit use of the lines for gas, instead of petroleum or petroleum products. Easements given by the commonwealth at the time the lines were built stipulated they could be used only to transport petroleum from Texas to the eastern board.

"We have not decided yet whether we would approve or reject a recommendation," Martin said.

"There are long term economic problems which must have our consideration. Owing to the fact that Pennsylvania produces all of the anthracite available in America, there must be compelling reasons for us to favor any change in the economy which would affect these great Pennsylvania industries."

The governor's office said a check of the land easements given by the state when the lines were constructed showed many of them limited their use to petroleum and petroleum products.

"It would definitely require a change in the permits before they could be used for gas," a spokesman said.

Administration officials however were reluctant to discuss what action would be taken should a request come from the federal government for changes in the easements. No applications have been received so far.

**Livestock Moved With Ceilings Off**

AUSTIN, Nov. 28. (AP)— Meat on the hoof went on the move right after the OPA dropped price controls, the Bureau of Business Research says.

Abandonment of ceilings was followed by a 54 percent jump in shipments of livestock in October over September, the research agency found.

In October, 12,388 carloads of livestock moved to market compared to the 8,025 carloads shipped in September. October 1946 shipments still lagged 9 percent behind shipments in the same month a year ago.

All types of livestock went to market in larger numbers last month except sheep which showed a 46 percent decline. Hog shipments were up 145 percent, shipments of calves 95 percent, and shipments of cattle 86 percent.

**Britain To Continue Romania Relations**

LONDON, Nov. 28. (AP)— An informed source said today Britain would not withdraw recognition from Romania despite what he described as a feeling in official quarters that the Nov. 18 elections, which returned Communist-dominated bloc to power, had largely been falsified. He said the Attlee government had decided against withdrawing recognition because "this would serve no fruitful purpose."

**VETERANS IDLE**  
WASHINGTON, Nov. 28. (AP)— U. S. government agencies estimated today that perhaps 60,000 veterans of World War II are among the 400,000 idle soft coal miners. If unmolested 350,000,000 rats would be produced from a single pair in three years.

We in America Pause to count our Blessings

**Thanksgiving Day 1946**

AND FIND WE'VE MUCH TO BE THANKFUL FOR

**B**efore we sit down to our Thanksgiving dinners, let us all pause to give thanks for our greater blessings.

Let us give thanks, humbly, for being Americans. That covers a multitude of blessings. It takes in our freedom to enjoy the bounteous things which are our birthright and which are denied to those in countries less endowed than ours.

It, likewise, includes our freedom to help those less fortunate than ourselves, both at home and abroad.

Let us give thanks for peace with the profound prayer that it remain permanent and that never again will there be a Thanksgiving Day, that finds our loved ones far away.

This, we believe, is a Thanksgiving Day of deeper meaning than many another in the past.

### Roosevelt Statue Design Protested

LONDON, Nov. 28. (AP)—Names of 29 members of Parliament appeared on a motion protesting that the design for the proposed Grosvenor Square statue of the late President Franklin D. Roosevelt is "inadequate and unworthy."

Among the 29 were seven who appealed through the columns of the Times this morning for the Roosevelt Memorial Committee to "give weight while there is yet time" to please that Roosevelt be shown seated. The present model shows him standing, leaning on a cane.

The Indian name for Tucson, Ariz., was Stjukshon, which has been variously translated to mean "dark spring" and "at the foot of a black hill."

### 4-H Trophy Received Here

An impressive, 28-inch, gold plated trophy, to be awarded to the winning 4-H club in intracounty judging contests, has been delivered to the Howard County Farm Bureau.

The bureau has tried to obtain such a trophy for more than a year, and the Coahoma club will be the first to have its judging teams' name inscribed on the side. The Coahoma team, composed of James Coates, Ray Echols, Wayne White and Bobby Cathey, won the judging contests last year.

The winning team in the county will be given possession of the trophy each year, and if one team wins five successive years it will be awarded permanent custody.

### No Experiments In Atomic Course

AUSTIN, Nov. 28. (AP)—There will be no experiments in a University of Texas course developing from new knowledge of atomic energy.

"Chemistry of Radioactivity Elements" is the course which will be taught next semester by Dr. George W. Watt, professor of chemistry and veteran of two years wartime research in connection with the atomic bomb project. Dr. Watt said the course would consist of lectures only.

The globe's surface is 71 per cent oceans, 29 per cent land.

### Grant, Bergman In Story Of Espionage

Exploits of a pair of American secret service agents provide the exciting action in "Notorious," Alfred Hitchcock's new production which is opening today at the Ritz theatre for a five-day run, with Cary Grant and Ingrid Bergman in the stellar roles.

The two stars portray Federal operatives in this stirring post-war dramatic romance, with the task of investigating the mysterious activities of some wealthy Germans in Rio, and who are believed to be laying plans toward a third World War.

The heroine's background as the daughter of a former German agent gives her entree to the group, and she even marries one of the leaders as a step toward learning their secrets. Her predicament when her real identity is exposed, leads to the drama-packed climax bringing Grant to the rescue. Claude Rains heads the supporting cast as the man Miss Bergman marries. Leopoldine Konstantin, and Louis Calhern, are also featured.

### A&M Worker Will Join Curtis Group

COLLEGE STATION, Nov. 28. (AP)—Laura Lane, co-editor of the Texas A&M College Extension Service, has tendered her resignation effective January 15 and will join the staff of Country Gentleman, the Curtis Publishing Company's farm and home magazine. Her headquarters will be Philadelphia.

Miss Lane is a graduate in journalism from Texas State College for Women and served on the staff of the Vernon Daily Record before joining the Extension Service as assistant editor in 1939.

In Guatemala, citronella and lemongrass oils are used in making soap and perfumes.

### FOR 1946 CHAMPIONSHIP

### Water Valley Cats Subdue Barstow Grid Team, 64-31

Water Valley's offense-minded Wildcats reached their scoring peak in six-man football bi-district play here Wednesday night, turning back the Barstow Indians, 64-31, in the zaniest touchdown duel ever seen at the Steer Stadium.

Elvis Mathis' Felines banked at least two six-points in every quarter and had to keep in front of the dangerous Tribe, who presented a constant and ominous threat in big Bobby Burkholder.

Gene Cope and Dick Miers, the Valley's All-District Ten players, each tallied 18 points in the horse race while three other Cat grid-ders racked up touchdowns.

Burkholder was the Indian scoring leader with 13 points, one more than Dalton Taylor.

A long pass, Miers to Cope, went for 35 yards and a score in the first minute of play and the Cats were never headed thereafter, though the issue was in doubt until the final period.

Burkholder went over shortly after Cope's scoring jaunt but the play was called back because of a lateral-forward. Miers, a stellar player all evening, intercepted a Barstow pass on the next play and the Felines proceeded to march over for a touchdown. Oscar Dorsey did the honors, moving 25 yards to pay dirt.

The Redmen came back into the scrap within seconds when Gordon Westbrook fumbled on the Valley 15-yard stripe and Barstow recovered. Burkholder faded back, spotted Taylor in the end zones and made connections with a pass to break the ice.

The first period ended that way but the Wildcats rallied with a TD run in Round Two. Cope's short pass to Miers made it 18-6. Burkholder kept the Barstow sextet in the ball game with a 40-yard scoring jaunt after a complete spinner but the Miers-to-Cope combination came right back to knock off 40 yards and a score and push the tally to 24-12.

Jerry Davis narrowed the edge on a 43-yard pass from Burkholder, making it 24-18, but Cope broke loose on a 23-yard sprint to

stretch the Valley lead to 30-18 before the half time gun.

In the third heat, Burkholder moved the ball deep in Cat territory with a long run, then passed to Taylor for a touchdown. Big Bob added the 'point after' on a plunge and the Indians narrowed the edge to 30-25. That was as close as they ever got.

A Cope-to-Miers flip carried 50 yards for a TD after which Dorsey booted the ball between the uprights. It was 38-25 by that time.

Then Cope faded back and hit Bill Turner, who had gotten behind the Barstow secondary, with a pass. That ran the count to 44-25 and the teams were by no means through.

Burkholder came through with a long dash, bowling over two would-be tacklers on his way to the goal. Score: 44-31.

Miers had time to score again on a pass by Cope before the quarter ended, making it: 50-31.

Then, in the fourth, Gordon Westbrook and Bobby Bannister broke loose on long scoring runs to widen the Valley lead to 64-31. Burkholder might have made it more interesting for the Cats had he not run out of gas.

Score by quarters:  
Water Valley . . . 12 18 30 14—64  
Barstow . . . . . 6 12 13 0—31

Starting lineups:  
WATER VALLEY — Turner and Miers, ends; Bannister, center; Cope, Dorsey and G. Westbrook, backs. BARSTOW — Davis and Taylor, ends; Daughte, center; Burkholder, Bryant and Hays, backs.

Noah used petroleum, in the form of pitch, in building his ark.

Natural gas is used by 40,000,000 customers in 34 states.

### Pioneer Plans To Begin New Service Soon

DALLAS, Nov. 28. — Pioneer Air Lines plans to begin operation of its new route to Big Spring as soon as possible, Col. Robert J. Smith, president, announced.

The Civil Aeronautics Board Wednesday granted Pioneer an extension for service from Dallas to Midland-Odessa, via Big Spring.

Smith said that actual date of starting cannot be determined until some time next week, since personnel, office and ticket facilities must be arranged. The Douglas ships to be used on the line will make a pre-schedule tour of the route.

"It is gratifying to me and to other officials and employees of Pioneer Air Lines that the CAB has seen fit to include Big Spring on the new routes granted us," said Smith. "Big Spring citizens may rest assured that Pioneer will render the best air transportation service it can to the community."

While most of Pioneer's traffic originates and ends on its line, it also connects with the trunks for long-haul service. Pioneer will transport passengers, handle air express, freight and mail.

### Lint Harvest Is About Over

Howard county's cotton harvest operations have been reduced to gathering remnants, according to reports Wednesday afternoon.

Practically every farmer in the county has gone over cotton at least once, but most of them have scattering second pickings yet to be completed.

Normally, most of the cotton remaining in the fields now would not be harvested at all, County Agent Durward Lewter declared. However, shortages and high prices on cottonseed and the small total crop is expected to cause many farmers to gather as much as possible this year.

Labor also is more plentiful than at the start of the season, and little difficulty is being experienced in moving the small remaining amounts from the fields.

### One Killed, Another Injured In Wreck

HOUSTON, Nov. 28. (AP)—One woman was killed and another critically injured in an automobile accident on the Corpus Christi-Refugio highway, relatives here were notified yesterday.

Mrs. F. L. Langham was killed and her mother, Mrs. O. E. Jackson, 76, was injured when their car collided with a gasoline truck. Both were from Corpus Christi, Tex.

### A Real Cough EXPECTORANT

Speed a few cents today at any good drug store for a bottle of Buckley's CANADIAN Mixture (Triple Action). Take a couple of sips of bedtime. Feel its powerful, soothing action spread thru throat, head and bronchial tubes. It starts right in to loosen up thick, sticky phlegm, soothe irritated membranes and ease hard coughing spells. Suffers from these persistent, nasty irritating coughs due to colds and flu? Buckley's CANADIAN Mixture today at drug stores everywhere.

Walker Drug Store

From where I sit... by Joe Marsh

### A Lesson In Conservation

We were sitting on Bill Webster's porch the other night, chatting over a glass of beer—when the talk turned to forest preservation, soil erosion, and other things that affect a farming community.

Judge Cunningham speaks up: "It's all right to worry about conserving our natural resources," he says, "but there's a far bigger problem when it comes to conservation—and that's preserving our democratic way of life, our sense of personal freedom, our respect for one another's rights."

From where I sit, the Judge is right. All America's great resources, our abundant natural wealth, are lost the minute we lose the right to work them as free people in a free land!

Whenever you see or hear of an encroachment on our rights—whether it's the right to free speech, or the right to vote as we see fit, or the right to enjoy a friendly glass of beer in licensed, law-abiding places... watch out!

Joe Marsh

### Miss Leeta Walker, Frank Ficklin Wed In Formal Holiday Eve Rites

In an all-white wedding performed in the First Methodist church Wednesday evening by the light of scores of cathedral tapers Leeta Francis Walker, daughter of Mr. and Mrs. T. Jeff Walker, became the bride of Frank W. Ficklin.

The double ring vows were read by Rev. M. A. Walker of Sudan, uncle of the bride, before the altar decorated with arrangements featuring giant white chrysanthemums.

Baskets of the white flowers were set on the chancel rail which was lined with ferns centered with lighted candles. Forming a background for the bridal party was a bank of fern and palms flanked by two large baskets filled with white chrysanthemums. Tall candelabra held the white tapers. Pews were marked with clusters of small chrysanthemums with satin ribbon.

Lillian Hurt, wearing a formal white gown with carnations in her hair, played the traditional Mendelssohn and Wagner march-ess, and accompanied Mrs. Paul Graham, also attired in white, as she sang "Because," and "If God Left Only You."

Given in marriage by her father the bride was gowning in a formal costume of embroidered white satin, fashioned with a high neckline, marked by a small high buttoned collar. The tight-fitting bodice extended into a peplum with a bow forming a bustle effect at the back. The sleeves were of the full leg o'mutton style. The waist length veil of bridal illusion was held in place by a coronet of traditional orange blossoms entwined with white carnations.

The bridal bouquet was of gardenias placed on a white tulle, a gift to the bride from Rev. and Mrs. M. A. Walker. For something old the bride wore a diamond bar pin belonging to the bride's grandmother, Mrs. H. C. Cate, something new was a strand of pearls, a gift from the bridegroom, and something borrowed was a handkerchief belonging to the bride's aunt, Mrs. Ella Russell.

Tommy Tompkins, attired in a suit of black velvet, carried the two wedding rings on a pillow of white satin which was decorated with a single gardenia. Candles were lighted by La June and Betty Kay Haynes, both of whom were attired in colonial frocks of white dotted Swiss. They had wristlets of white carnations.

Mrs. O. L. Wicks of Wichita Falls, matron of honor, wore a frock of white net and lace designed with an off the shoulder effect in the bodice and a bouffant skirt. She wore a coronet of blue and white carnations in her hair and carried a large, nosegay style bouquet of blue carnations, backed by white mums. The bridesmaids, Erma Lee Gideon and Dorothy Sue Rowe wore frocks identical to that of the honor attendant, and carried smaller replicas of her bouquet.

L. C. Ficklin Jr. of Wichita Falls was best man, and ushers included Don Crow of Slaton and W. G. Reed of Wichita Falls.

Mrs. Walker, mother of the bride, wore a frock of black crepe with sequin trim with a corsage of white carnations, and Mrs. M. A. Stevens of Wichita Falls, mother of the bridegroom, wore a blue crepe frock with white carnations.

Immediately following the ceremony the couple was honored at a reception of wedding guests in the parlor of the church. Guests were received by the bride couple, the bride's attendants, Mrs. Stevens, Mrs. Cates, Mr. and Mrs. L. C. Ficklin Sr. and Mrs. Walker.

The bride's table, laid with a cloth of lace, was centered with the three-tiered wedding cake which had decorations of large sugar roses and a miniature bridal couple. The cake was served by Marjorie Laswell and Janis Yates and Carolyn Cantrell were at the

reception service. Mrs. Russell was at the guest register.

Out of town guests at the wedding and reception were Mrs. Ellis Russell of Fort Worth, Mrs. H. C. Cate of Fort Worth, Rev. and Mrs. M. A. Walker of Sudan, Mr. and Mrs. L. C. Ficklin Jr. of Wichita Falls, Mrs. M. A. Stevens of Wichita Falls, Mr. and Mrs. Doc Crow of Slaton, Mr. and Mrs. L. C. Ficklin Sr. of Wichita Falls and Mr. and Mrs. John Burns Yancy, Betty Ann and Burns of San Angelo.

The couple left after the reception for a short wedding trip to South Texas. For traveling the bride selected a three piece suit of wool gabardine with black accessories and an off-the-face hat of winter white felt. She had a corsage of gardenias.

The bride was graduated from Big Spring high school in 1941, where she was a member of the Sub-Deb club. She was a student at John Tarleton college where she belonged to the OWLS. She has been associated with the State National bank here for the past four and a half years. She is a member of Beta Sigma Phi.

The bridegroom son of Mrs. M. A. Stevens and L. C. Ficklin Sr., both of Wichita Falls, was graduated from Wichita Falls high school. Serving in the Army for five and a half years in the 51st Field Artillery, he was a Japanese prisoner for four years as a part of the "Lost Battalion."

On their return the couple will be at home in Lubbock.

### Visits And Visitors

Mr. and Mrs. J. E. Lloyd have as their holiday guests his sister, Mrs. Dovie Goldsmith of Harlingen, and her sister, Mrs. Belle Dial of Dallas.

Mr. and Mrs. James Tidwell of Alpine are spending the Thanksgiving holidays with his parents, Mr. and Mrs. C. H. Tidwell. Mr. and Mrs. Tidwell have just returned from a 10-day visit with their daughter, Mrs. W. A. Johnston and family of Houston.

Kathleen Little arrived today from El Paso to spend the holidays with her parents, Mr. and Mrs. James Little.

### Initiation Held At Rebekah Lodge For New Members

Initiation was held Tuesday evening at the meeting of the Rebekah lodge for Lorena Blumh and Mae Franklin, with Thelma Sheppard, noble grand matron in charge.

Refreshments were served following the meeting.

Attending were Julia Wilkerson, Tracie Thomason, Nannie Adkins, Rosalie Gilliland, Lucille Brown, Gertrude Newton, Nova Ballard, Mary Martin, Cordie Mason, Ruth Wilson, Lois Coffee, Jewel Fields, Lona Crocker, Velma Cain, T. H. Hughes, Ben Miller, Evelyn Rogers, Beatrice Bonner, Ruth Barber, Hazel Lamm, Joste McDaniels, Sonora Murphy, Gertrude Cline, Jones Lamar, Amanda Hughes, Zula Reeves, Beatrice Vierage and Lois Forestryth.

Mr. and Mrs. Homer Petty were host and hostess to the 42 club at a meeting Tuesday evening in their home.

Mr. and Mrs. John Foster made high score, and consolation prizes went to G. C. Glenn and G. C. Broughton, Jr.

Attending were Mr. and Mrs. John Foster, Mr. and Mrs. O. O. Hill, Harvey Hooser, Jr., Aubrey Weaver, Glenn Decker, Stella Schubert, Mr. and Mrs. Frank Howard, Mrs. H. C. Hooser, Sr., Mrs. Ethel Schaad, Mr. and Mrs. G. C. Glenn, Mrs. R. L. Holley, Ruby McCluskey, Dorothy Broughton, G. C. Broughton, Jr., Mr. and Mrs. L. J. Sheen and the hosts.

### ARC Will Create A Social Service Exchange Here

Creation of a social service exchange as an instrument for more effective work by local welfare agencies will be undertaken at a meeting Friday 10 a. m. in the Red Cross offices.

Representatives of the Salvation Army, Texas Employment Service, city and county welfare offices, the city-county health unit, VFW and American Legion and the Red Cross, will participate in the session.

Basically, purposes of the exchange would be to help eliminate duplication of services, and at the same time to improve the handling of cases on all types of services. Any agency, by cooperating in the exchange, would have access to information on the case at hand, had it been handled by any other agency.

Total US gem diamond imports in 1945 amounted to \$107,808,028.

### Coahoma News Order Of Eastern Star Has Holiday Program Featuring Expression Pupils

COAHOMA, Nov. 28. (Sp1)—Local chapter of the Order of the Eastern Star met here Thursday for a regular session, and after the chapter meeting a special Thanksgiving program was presented with Edythe Wright in charge.

Miss Wright gave a brief sketch of the meaning of Thanksgiving which was followed in silent prayer. The remainder of the program included readings by pupils of Mrs. C. H. DeVaney. They were Donna Faye Cramer, Rosalie DeVaney, Norman Spears, William Tirdol and Arton DeVaney.

Supt. M. R. Turner left today for Houston where he will spend the remainder of the week attending the state teachers meeting.

Ladies of the local WMU met at the Baptist church Monday afternoon for the regular monthly business meeting. A devotional was led by Mrs. O. B. Warrent, and plans were made for observing the Week of Prayer to begin next Monday. A box of fruit was packed for Buckners Orphan's Home. Attending the meeting were Mrs. W. C. Rogers, Mrs. R. H. Hathcock, Mrs. Ralph White, Mrs. Tom Birkhead, Mrs. Tony Snyder, Mrs. R. B. DeVaney and Mrs. O. B. Warrent.

J. D. Spears and J. L. Baugh spent Friday and Saturday deer hunting near Junction. They returned with one big buck.

Mr. and Mrs. Truett DeVaney and Wayne accompanied by Frank Loveless are spending several days in Dallas this week.

Mrs. Jack Carter of Odessa spent last week end here with her parents, Mr. and Mrs. Noble Read. Mr. and Mrs. M. R. Turner and daughters, Elizabeth and Patricia, spent last weekend visiting with the G. T. Guthrie family in San Angelo.

Dennis Turner spent the week end with friends in Abilene.

Visiting in the home of Mr. and Mrs. Cap Tarver is their granddaughter, Linda Faye Ryles of Wink.

There are now more than 26,000 diamond cutters widely scattered throughout the world.

During 1945, the United States imported industrial diamonds worth \$12,756,973.

### Teen Age Girls Form Choral Club

COAHOMA, Nov. 28. (Sp1)—Teen age girls met last week and organized a choral club under the direction of Marie Kelsey, s.d at the same time named Helen Joyce Engle as the president.

Other officers named included Frances Bartlett, vice-president; Betty Graves, pianist; Betty Kidd, secretary-treasurer; and Margie Ray Woodson, reporter.

Green and white were chosen as the club colors.

Appointed to a constitution committee were Jane White, Wanda Brannon, Dorris Jean Cozson.

The purpose of the club is to furnish special music for the various churches and at community affairs.

The group gave its first performance when members formed the choir at the First Baptist church for the morning service. They will perform at the community Thanksgiving service held Wednesday evening in the Baptist church, and they will sing at morning services at the First Presbyterian church Sunday.

### Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

### New Addition For Local Labor Camp

A three-room addition to the migratory farm labor camp on NW 10th street has been completed, officials announced Wednesday afternoon.

The labor camp, which is operated jointly by the city, county and extension service, is now equipped to accommodate a full-time care-

taker, County Agent Durward Lewter said. The extension service farm labor program has approved arrangements to pay a salary to a permanent caretaker. Lewter continued, and other improvements probably will be made from time to time.

Quarters for the caretaker will be furnished in the new extension.

**LOGGED IN JAIL**  
Frank Goodrich, arrested Tuesday afternoon on several hot checking charges, has been lodged in the county jail pending fixture of bail.

### Colleges Get US Buildings

WASHINGTON, Nov. 28. (P)—The Federal Works Agency has announced the transfer of surplus buildings to ten Texas educational institutions, including:

McMurry College, Abilene—business administration, journalism and science buildings, to permit enrollment of 800 including 450 veterans.

Southwestern University, Georgetown—Laboratory, classroom and music buildings, to permit enrollment of 1,200 including 800 veterans.

Victoria Junior College, Victoria—Vocational shop, to permit enrollment of 500 including 450 veterans.

Samuel Huston College, Austin—Assembly hall, gymnasium, classrooms, to permit enrollment of 800 including 400 veterans.

University of Texas, Medical Branch, Galveston—Surgery, X-ray, dental clinic buildings to permit enrollment of 800 including 677 veterans.

Schreiner Institute—Kerrville—Classroom and laboratory buildings, to permit enrollment of 450 including 150 veterans.

Hillsboro Junior College—laboratory and vocational shop to permit enrollment of 525 including 345 veterans.

Hardin-Simmons University, Abilene—Postoffice, bookstore, snack center, classroom, laboratory, library, kitchen buildings to increase enrollment to 1,900 including 1,035 veterans.

### London Moves To Halt India Strife

LONDON, Nov. 28. (AP)—An authoritative government source said today that the British cabinet's move to invite Viceroy Lord Wavell and Indian party leaders for consultations in London represented an eleventh hour bid to prevent civil war in India.

He said that already the disturbances in Bengal and Bihar provinces amounted to "civil war on a small scale."

The informant added that the British cabinet mission's plan for Indian independence was considered by the government to be at stake at the present time and if the Congress party — Moslem league deadlock continued it was probable the plan would be scrapped.

There are about 2,000 species of ants in Australia.

The mule deer, so called because of his long ears, is the principal big game animal in Arizona and is found nearly everywhere in the state except in the north-eastern section. More than 15,000—the largest single herd of mule deer in the United States—roam the Kiabab forest, north of Grand Canyon.

Prickly pear, a species of cactus common to central and southern Arizona, bears a purple, pear shaped fruit that is edible to man and is eaten by coyotes, foxes and other desert wild life.

Sailmakers are now manufacturing nylon sails.

### More People Are Getting Phones

AUSTIN, Nov. 28. (P)—The statistics are somewhat favorable to you folks who have been waiting to get a telephone.

The Bureau of Business Research reports that there were 15 per cent more phones in service in October than there were a year ago, with a steady but not spectacular increase.

Medium-sized cities reported the largest percentage increases in installations between September and October, this year. The number of telephones in Orange rose 3 per cent, in Temple 4 per cent, in Amarillo 5 per cent, and in Marshall 6 per cent, and in Wichita Falls showed a fractional decline.

Thirty-nine of 40 Texas cities covered in the Bureau's compilation had more telephones in service last month than a year earlier. The biggest percentage gain was in Borger where the number of telephones jumped 48 per cent.

### HCJC Students Go On Judging Trip

Members of the agricultural department of the Howard County Junior college made a field trip and conducted practice judging contests on beef animals in the county Wednesday afternoon.

M. J. Fields, dean of the college, is head of the agricultural department.

The class visited the farms of R. V. Fryar, L. J. Davidson and Alvin Walker. They judged two classes of beef animals and studied a third class as well as lambs. Many of the animals used in the practice are being fed by county 4-H club members.

A majority of some thousand species of cacti, ranging in size from diminutive types the size of a button to the giant saguaro stretching to a height of 40 feet, are native to Arizona.

Night Club Owner, Critically Ill, Is Freed From Prison

BOSTON, Nov. 28. (AP)— Barnett Welansky, owner of a Boston night club where 493 persons perished in a fire four years ago, was released from prison last night expressing the wish that he had died in the holocaust.

Welansky was pardoned by Gov. Maurice J. Tobin after a cancer specialist reported that he would not be surprised if the 50-year-old former operator of the Coconut Grove night club died within a day or two and that he would be "surprised if he lives nine months."

He said Welansky was suffering from cancer of the lung.

Welansky had served a little more than three years of a 12 to 15 year sentence for manslaughter. He was pardoned over the protests of relatives of dozens of victims of the fire in November, 1942 — one of the worst in history.

## Coleman Pool Well Finished For 221 Bbls.

Tobe Foster No. 1 J. C. Womack, half a mile southern extension to the Coleman Ranch field in northwest Mitchell county and second producer in the pool, completed a daily potential test of 221 barrels of 25 gravity oil Wednesday.

Located 330 feet out of the northwest corner of lot 5, Cuthbert strip, Foster No. 1 Womack was shot with 470 quarts from 2,678-2,775 feet. Bottom of hole is 2,783 and oil gas ratio 300-1. It is half a mile south of the Norman & Roche No. 1 Coleman, section 70-97, H&TC, which pumped 65 barrels on a test after a nitro shot. Previously the well, discovery for the pool, had leveled off around 23 barrels following acidization.

In northwest Coke county where production from the Pennsylvanian is indicated, Sun Oil No. 1 Allen Jameson was scheduled to attempt again to make a drillstem test from a porous and saturated crinoidal zone from 6,225 to 6,230 feet. The total failed to open on a scheduled run Tuesday.

Argo Oil Corp. No. 1 Dora Roberts, southeastern Reeves county wildcat which promises production at a record depth in the Delaware basin, flowed an estimated 55-60 barrels according to unofficial information. Pressure builds rapidly when the test, treated from 9,800 to 1,875 feet, is closed in, but depletes rapidly on the flow.

**LOAN REPORT**  
AUSTIN, Nov. 28. (AP)—Texas' 119 insured building and loan associations made 2,113 loans for a total of \$8,062,675 last month, the University of Texas Bureau of Business Research has reported.

## Weather Forecast

Dept. of Commerce Weather Bureau.  
BIG SPRING AND VICINITY: Fair, warmer this afternoon and tonight; cooler Friday. Expected high temperature today, 70 degrees; low tonight, 38; high Friday, 68.  
WEST TEXAS—Fair and warmer this afternoon and tonight; Friday partly cloudy, colder in Panhandle and South Plains.  
EAST TEXAS—Fair in the interior; considerable cloudiness on coast this afternoon and tonight with little rain around upper coast this afternoon; Friday partly cloudy, warmer in East and South, colder in northwest portion.

## Holiday Dance Is Well Attended

Approximately 300 country club members and their out of town guests attended the formal Thanksgiving eve dance at the Big Spring country club Wednesday evening.

Music for the affair was furnished by Jack Free and his orchestra from Abilene.

## Injuries Fatal

SAN ANTONIO, Nov. 28. (AP)—Mrs. T. A. Dickson, 67, of Grant, Okla., died of injuries here today after the station wagon in which she was a passenger crashed into a tree five miles from the city on the Austin highway last night.

## U. S. Rejects Protest On Shooting

NEW YORK, Nov. 28. (AP)—Secretary of State Byrnes today rejected a charge by Foreign Minister Dmitri Manulsky of the Soviet Ukraine that a deliberate effort was made to kill two members of his United Nations delegation here on Nov. 21.

Gregory Stadnik was shot in the hip when he and Alexis Volna entered a delicatessen on 58th street shortly after midnight of Nov. 21. The bullet was fired by one of two unknown men who police said were robbing the store.

Byrnes officially notified Manulsky of this police view, expressed regret at the shooting of Stadnik and declared that Police Commissioner Arthur Wallender had assured him that the police "are doing everything in their power to apprehend the perpetrators of this crime."

At Lake Success headquarters of the United Nations, Manulsky said he had not yet received Byrnes' reply, and might comment when it was received. The Ukrainian delegate, chairman of the powerful UN Political and Security Committee, added: "I am waiting for the capture of the criminals."

## Use Of Hospital Causes Argument

DALLAS, Nov. 28. (AP)—Sharp disagreement apparently had come to two groups over best use for McCloskey General Hospital at Temple, with one group asking that part of the hospital be utilized to house some government agencies, and an American Legion group insisting that it be retained for veterans administration uses exclusively.

## Tracks Cleared Of Wreckage

T&P wrecker crews had eased over the hump on a Herculane job Wednesday evening in clearing of the main line at Loraine, where center section of a fast freight piled up at 12:30 a. m. Wednesday.

G. R. French, assistant division superintendent, said Thursday morning that the time was cleared and traffic started flowing again at 8 p. m. Wednesday.

All trains were back on schedule Thursday morning as the railroad funneled traffic through the bottleneck area.

French estimated that it would require two or more days to completely clear the wreckage where 2 cars telescoped into a 10-car length when a derailment produced one of the most costly railroad accidents in West Texas history.

Four men, who had been patients at the Abilene state hospital for epileptics, were crushed to death when a car of drill pipe, on which they were riding, telescoped in the crash. A carload of gasoline exploded, adding fire to the devastation.

## Quits College Board Following Election Of Homer P. Rainey

FORT WORTH, Nov. 28. (AP)—J. Clyde Jones, Fort Worth businessman, said today he has submitted his resignation as a member of the national advisory board of Stephens College at Columbia, Mo.

Jones told a reporter he was resigning because of the change of administration in the school. Selection of Dr. Homer Price Rainey, former president of the University of Texas, to succeed James M. Wood as president at Stephens recently was announced.

## Area Grocers Perfect New Organization

Dale Douglass was elected president of the Big Spring District Grocers' Association, which was organized at a called meeting of grocers in the Settles hotel Tuesday night.

Beall, who serves as president of the Abilene District Grocers' Association, concentrated his discussion on the benefits derived from meetings with one's competitor. He stressed that the local merchants were tax payers, contributed to community growth, belonged to service clubs, supported the community chest, Red Cross and the schools.

Gustafson recited the many benefits he received through his association with other grocers in his district.

Other officers named were M. R. McSpadden, Lamesa, vice-president; and O. R. Bolinger, Big Spring, secretary-treasurer. Walter Woodson, Coahoma; Jack Jones, Stanton; H. E. Thomas, Loraine; Grover Wilkes and F. J. Sanders, both of Lamesa; and George O'Brien and Homer Tompkins, both of Big Spring, were named to the board of directors.

# Thanksgiving

Never before in our lives have we had so much for which to be thankful. We are thankful, of course, for your patronage, your patience and your consideration when we have not had many of the things you wanted.

But above all, we are thankful that we can all look forward to living in a world of peace and security.

# THANKSGIVING

Thankful are we for a million things...things which too often we just take for granted. On this day of traditional thanksgiving do we pause to acknowledge our appreciation of them.

### Soldier Removed From Plane Here

Members of the sheriff's office, who Tuesday evening removed Cpl. Robert R. Estell from an east-bound commercial aircraft at the municipal airport, said Wednesday that the negro soldier would be turned over to William Beaumont hospital officials of El Paso. According to information received here, Estell had left the hospital without permission and was bent on returning to his home at Dallas when taken into custody. Police picked him up after receiving the complaint from airline officials that he was causing trouble on the plane.

### Beaumont Circulates Recall Petitions

BEAUMONT, Nov. 28. (P)—M. E. Walmer, chairman of a newly-formed committee for better city government, has announced that petitions will be circulated here at once to obtain signatures for a recall election of Beaumont's City Manager and nine of the 15 city councilmen. The recall action follows the recent resignation of Mayor Fred Stone. The present council is scheduled to name a new mayor on Dec. 10.

### RR Commission Powers Upheld

AUSTIN, Nov. 28. (P)—The Supreme Court has reaffirmed in an eight to one decision a previous holding that the Railroad Commission has under some circumstances fact-finding powers. A sharp dissent by Chief Justice James P. Alexander countered that the effect of the ruling will be "to deprive the individual of the right to trial by jury in all cases in which a board, bureau or commission is involved, even though it affects his constitutional rights."

The majority, overruling a motion for rehearing in a case styled M. B. Trapp versus Shell Oil Company, ruled that the constitution does not prohibit the delegation to an administrative body of the power to find facts "where the legislature can not practically and efficiently exercise such power." The case originally involved an exception to Railroad Commission Rule 37 under which drilling generally in the East Texas field was limited to one well for each 10 acres.
