Stormy Weather For Panthers; Rematch with Baird Set Friday

By Carolyn Weldon

While storms moved through the Gorman area last Tuesday afternoon the Panthers were trying to weather their own storm, on a baseball field in Baird, coming up a little short of a victory.

The Baird Bears pulled it out with a 3 to 2 victory over the Panthers in the bottom of the 7th.

Gorman will get another shot at the Bears on Friday, May 6th at Peanut Park in front of the Panthers home crowd.

The bad weather was still around

on Friday, April 29th, so the game against Eula was rescheduled for Friday, May 13th.

Tom Bynum was the first pitcher on the mound for Gorman against Baird with Nic Guthery taking over after the third inning for the 3 to 2 loss for the Panthers.

Jerry Krause is getting into a real nice habit for the Panthers. He has had homeruns in back to back games, going 2 for 3 with 2 RBI's. Noah Landa also went 2 for 3. "This was a tough loss. We played good enough to win, but couldn't get a key hit with runners in scoring position," said Coach Pettit. "Now we have to regroup and get ready for Eula. We can't afford to lose that one."

PANTHERS DEFEAT SIDNEY 10-0 BY 10-RUN RULE

The Gorman Panthers defeated the Sidney Eagles on Tuesday night at Peanut Park by a 10-0 score in a game which ended by the ten run rule in the fifth inning. Joshua Weldon was the winning pitcher.

With the rescheduled game Gorman will play Eula there on Tuesday, May 10th and Friday, May 13th they will come to Gorman.

Noble Laminack Named To Internship At Texas Ag Dept.

Noble Laminack of Gorman has been assigned to a work-study internship at the Texas Department of Agriculture.

Laminack, a senior majoring in Agricultural Service and Development at Tarleton State University in Stephenville, is working side by side with the agency's inspection and marketing staff in the Dallas regional office.

"The student interns bring a fresh perspective to the workings of a state agency," Agriculture Commissioner Rick Perry said. "We're very pleas-

ed to have them at TDA helping us assist the Texas agricultural industry."

"This internship gives me an opportunity to learn the various aspects of agriculture," Laminack said. Following the completion of his internship, he plans to pursue a career in agriculture.

The internship was established by mutual agreement between TDA and Tarleton State University, St. Edward's University and Texas A&M University.

Southwest Dairy Field Day Slated

Dairy producers from throughout the South will converge on the Indian Ridge Dairy near Comanche, May 12th for the 3rd Annual Southwest Dairy Field Day. The field day, one of the largest in the U. S., will feature some of the newest dairy techniques demonstrated at Texas' largest dairy.

The 2,600-cow dairy, a part of Gore's Inc., features the latest in innovative facilities, feeding and management practices. Field day activities will begin at 9 a. m. and conclude by 4 p. m. The dairy is located 2 miles south of Comanche on Highway 16.

Highlighted in the day's activities will be a ration "mix-off" featuring both the traditional horizontal and the new vertical mixer wagons on the market. Several mixer companies will prepare an actual sample of the Indian Ridge ration and answer questions about their equipment.

A number of concurrent educational programs and tours will be offered throughout the day. In addition, the field day will feature one of the largest collections of dairy industry exhibitors and booths in the Southwest.

Dr. John Smith, Extension Dairy Specialist at New Mexico State University, will be featured in an overview of milking parlor operation in the new, ultra modern milking

facility at the dairy. A tour of the facility is planned during his segment of the program.

Other topics will address a holistic approach to dairy management including maximizing forage production using animal wastes; nutrient management of manures for crop production; waste management facilities and design; Texas summer cow comfort; feeding the Indian Ridge

Property Tax Protests And Appeal Procedures

The law gives property owners the right to protest actions concerning their property tax appraisals. You may follow these procedures if you have a concern about:

- the value placed on your property
- any exemption that may apply to you
- the cancellation of an agricultural appraisal
- the taxable status of your property
- the local governments which should be taxing your property
- any action taken by the appraisal district that adversely affected you.

Informal Review

Contact the appraisal district staff at 817-629-8597 in Eastland, Texas for an informal review.

Review by the Appraisal Review Board

If you can't resolve your problem informally with the appraisal district staff, you may have your case heard by the appraisal review board (ARB).

The appraisal review board (ARB) is an independent board of citizens that reviews problems with appraisals and other concerns listed above. It has the power to order the appraisal district to make the necessary changes to solve problems. If you file a written request for an ARB hearing (called a notice of protest) before the deadline, the ARB will set your case for a hearing. You'll receive written notification of the time, date, and place of the hearing. The hearing will be informal. You and the appraisal district representative will be asked to present evidence about your case. The ARB will make its decision based on the evidence presented. You can get a copy of a protest form from the appraisal district office located on the second floor of the Eastland County Courthouse, Eastland, Texas.

NOTE: You shouldn't try to contact ARB members outside of the hearing. The law requires ARB members to sign an affidavit saying that they haven't talked about your case before the ARB hears it.

Review by the District Court

After it decides your case, the ARB must send you a copy of its order by certified mail. If you're not satisfied with the decision, you have the right to appeal to district court. If you choose to go to court, your must start the process by filing a petition within 45 days of the date you receive the ARB's order. If the appraisal district has appraised your property at \$1,000,000 or more, you must file a notice of appeal with the chief appraiser within 15 days of the date you receive the ARB's order.

More Information

You can get more information by contacting your appraisal district at 817-629-8597 in Eastland, Texas or visiting the office which is located on the second floor of the Eastland County Courthouse, Eastland, Texas. You can also get a pamphlet describing how to prepare a protest from the appraisal district or form the State Comptroller's Property Tax Division at P. O. Box 13528 in Austin, Texas 78711-3528.

Deadline For Filing Protests With The ARB *

Usual Deadline

On or before May 31 (or 30 days after a notice of appraised value was mailed to you, whichever is later).

Late protests are allowed if you miss the usual deadline for good cause. Good cause is some reason beyond your control, like a medical emergency. The ARB decides whether you have good cause.

Late protests are due the day before the appraisal review board approves records for the year. Contact your appraisal district for more information.

Special Deadlines

For change of use (the appraisal district informed you that you are losing agricultural appraisal because you changed the use of your land), the deadline is before the 30th day after the notice of the determination was mailed to you.

For ARB changes (the ARB has informed you of a change that increases tax liability and the change didn't result from a protest you filed), the deadline is before the 30th day after the notice of the determination was mailed to you.

If you believe the appraisal district or ARB should have sent you a notice and did not, you may file a protest until the day before taxes become delinquent (usually February 1). The ARB decides whether it will hear your case based on evidence about whether a required notice was mailed to you.

* The deadline is postponed to the next business day if it falls on a weekend or holiday.
