Barnett Named Runner-Up

The Abilene Junior Miss Pageant was held at the Mall of Abilene on November 15, 1980. 15 senior girls of the Abilene Big Country competed in the pageant, including Bethany Gibbs and Kristi Barnett of Gorman. The girls were competing for scholarship, savings bonds and prizes. The judging was based on scholastic grades attained from high school records, poise, appearance, private interviews, and talent.

For the Talent Competition Bethany sang "You Light Up My Life". Kristy modeled an ensemble that she had designed and sewn. This consisted of a brick rust velvet, fully lined wrap coat, a matching velvet vest worn over an ecree lace blouse and a brick rust flared skirt. Sara Jo Porter of Gorman accompanied both girls on the piano.

Kristy was named First Runner-up and received a \$300 scholarship to either Hardin-Simmons University or McMurray College and a \$50 gift certificate from Corrigans Jewelers of Abilene. If for some reason Claudia Gibbs of Abilene, who won the Abilene Junior Miss title, becomes unable to compete in the Texas Junior Miss Pageant, then Kristy would take over this honor.

Bethany is the daughter of Mr. and Mrs. Allen Gibbs of Gorman.

Kristy is the daughter of Mr. and Mrs. Gene Barnett, maternal grandparents are Mr. and Mrs. John West of Gorman and paternal grandparents are Mr. and Mrs. Joe Barnett of Eastland.

PRESS POINTS

JOE BENNETT, Publisher

The wife and I really saw a lot of snow on the weekend as we were in Midland to visit James and Joetta. We woke up early on Sunday to a white wonderland as the snow had covered everything and had turned things into beautiful shapes with snow everywhere. So we decided to leave a couple of hours later and were glad we did. The snow kept falling as we made our way home on snow covered, treacherous highways. The snow had not yet hit Abilene when we arrived and we were relieved to get out of the snow-covered roads. Anyway the snow was beautiful but it sure was terrible to travel in. However, folks were driving very carefully and were only a few stranded motorists who had slid off the road.

From reports were has gotten from some folks, we are in for a bad winter. Well, with the crazy hot and dry weather we have suffered through I don't doubt that the winter will be tough also. Maybe the Good Lord will take pity on us and won't make it too rough.

The Lions Club set the date at their meeting on Tuesday for the Benefit Barbecue for the Todd Anderson Fund. The date will be Saturday, December 13 and the place will be the School Cafeteria. The price will be \$3 for adults and \$2 for children under 12. There will be a basketball tournament here on the same weekend. So make plans now to attend this worthwhile project of the Lions Club and benefit the Todd Anderson Fund. Todd still needs our prayers and support in his rehabilitation and we praise the Lions Club for their efforts in his behalf. We will announce a reminder on the date later.

We still have not received any report on the decision concerning the possibility of Gorman getting a branch office of a savings and loan association. We expected to hear a decision on this by now, but so far there has been no word.

Dr. Jim Gray told us the other day that things were progressing on his project of locating a dentist office in Gorman. A mobile home has been moved onto the lot across from the Lawndale Home and work is underway preparing the building for a dentist office. Dr. Gray stated that he would be announcing the opening as soon as the project is completed. We welcome Dr. Gray back to our community. He resided here many years ago and is a brother to the late Frank A. Gray.

Noticed that Brent Lasater is doing a remodeling job on the entrance to Lasater's Dept. Store. He is replacing the swinging doors with new aluminum doors. The work is coming along fine and it will enhance the beauty of his store. We congratulate Brent on keeping his store and merchandise top notch with forward thinking.

We plan on getting the paper in the mail on Wednesday next week due to the holiday on Thursday. We would appreciate everyone getting the news in early as we will have to move the printing day up one day. We thank you for your cooperation.

The basketball season is getting underway now that football is over for GHS. We hope to have a complete schedule to publish in the paper as soon as everything is completed. We look for another good season from the Panthers and Pantherettes.

And remember to smile -- because God Loves You!

CAROLYN GILBERT RECEIVES SUPERIOR SERVICE UNIT AWARD COLLEGE STATION
Two members of the Texas 4-H Center Staff, Marshall E. Crouch and Carolyn Gilbert, 4-H and youth specialists, shared a Texas Superior Service Unit Award announced in ceremonies here Friday (November 14).

Dr. Daniel C. Pfannstiel, director of the Texas Agricultural Extension Service, Texas A&M University System, presented the prestigious award during Extension's Headquarters Staff Conference here. The specialists were cited for "excellence in the operation and management of programs, facilities and staff of the Texas 4-H Center for the benefit of the youth and adults of Texas."

"Crouch and Gilbert form a finely tuned team in managing facilities and educational programs at the Texas 4-H Center. They have given leadership, guidance and inspiration to 4-H members, adult leaders, Extension personnel and others who use the facility," Pfannstiel said.

The specialists are dedicated to maintaining the first class status of the state 4-H Center, thereby enhancing the image of the Extension Service, the director added. The unit award, Pfannstiel said, is presented for their team efforts toward making facilities of the 4-H Center available to the maximum number of people and also ensuring that each person's stay at the facility is both profitable and enjoyable.

Crouch and Gilbert have planned and conducted 4-H youth camps, retreats and conferences in, living more than 15,580 youth at the Center. They have also made possible the training of more than 5,000 adult and teen volunteers during the past five years. Additionally, another 11,298 youth and adults have had an opportunity to use the facilities, thus returning revenues which allow for lower rates for 4-H members.

The 4-H Center generates more than \$200,000 in revenues annually, of which 83 percent reinvested in the Brownwood community.

Crouch, a Brown County native, has been with the Extension Service since 1954. He served as an assistant county agent in Bexar County for four years before joining the 4-H staff at College Station as assistant state 4-H leader. In 1965, Crouch took an assignment as Extension advisor with the Texas A&M University Office of International Programs at Chott Maria Agricultural College in Sousse, Tunisia and served for five years. He returned to the state 4-H staff in 1970, and four years later began serving in his present role at Brownwood.

Crouch holds B. S. and M. S. degrees from Texas A&M University.

Gilbert is a native of Gorman and has been employed by the Extension Service for 13 years. She served as assistant county agent in Taylor county for two years and as associate county agent in Wichita County for two years. She was county Extension Agent in Brown County from 1972 until 1976, when she assumed her present role with the Texas 4-H Center.

She has a B.S. degree from Abilene Christian College and the M.Ed. degree from Tarleton State University.

And the welcoming moisture finally came. Jeanne finally gave us the live saving water, for which we are so thankful. It will help rejuvenate the pastures, small grain and cover crops. Even this white sugary stuff is welcome. That means that winter is fast approaching.

Isn't that Space Craft a wonderful thing. It weighs 4000 pounds. Traveling at 35,000 miles per hour. It has been 3 years and 3 months getting to that Star, Saturn. Some of those Satellites are 400 times larger than the earth. Some are just balls of ice. That Satellite will go on into space forever. It has antennas on it to keep from hitting any stars. That is almost incomprehensible for the human mind to ever comprehend.

HANDEL'S MESSIAH TO BE PRESENTED DECEMBER 5

STEPHENVILLE* TX — Frequently described as "one of the most moving compositions of all time" the Christmas portion of Handel's Messiah will be presented December 5 as a part of the dedication of the new Clyde H. Wells Fine Arts Center here on the Tarleton State University campus.

The performance will feature a 140-voice choir from Stephenville and eight surrounding towns accompanied by 25 selected musicians from the Fort Worth Symphony Orchestra. The hour-long performance will be conducted by Herbert L. Teat, director of choral music at Tarleton.

As a brain-child of Teat, the choir was formed in September with slightly over 100 members. It grew to 140

by cutoff time with members of the choir now rehearsing weekly in preparation for the December 5 concert.

Soloists for the performance will be Dr. David Jones, tenor, of the Stephen F. Austin State University music faculty; Dale Miller, bass, director of choral music at Grapevine High School; Carol Pyle, alto, director of choral music at Weatherford High School; and Rosemary Rich, soprano, director of choral music at Fort Worth Western Hills High School.

The performance will start at 8 p.m. in the auditorium of the new \$7.5 million center at Tarleton. Prior to the performance and following the concert, patrons will have an opportunity to view the art exhibit from the prestigious Daimond M. Museum in Synder. Selected pieces from the museum will be on display in the gallery of the center and in the separate

KOKOMO NEWS
by Zelda Jordan

About one and a half inches of moisture fell during the weekend and Monday with the rain and snow. Quite a lot of snow fell, but most of it melted as it hit the ground. It brought a halt to the peanut harvest for a few days, but a lot of the farmers have finished with their harvest.

The Kokomo Baptist Church members joined the Thanksgiving service at the Thanksgiving service at the Congregational Methodist Church on Sunday night. It was a wonderful service of thanks to our Lord through the prayers, songs of praise and the message from God's word, and fellowship with christian friends and neighbors.

The annual Thanksgiving Supper at Kokomo Baptist Church will be held this Wednesday night, November 19 at 7:00 p.m. in the Church fellowship hall. Visitors are welcome.

Mrs. Vern Garrett, Mr. Jim Jordan, Mr. and Mrs. Jim Bennett and Mr. and Mrs. O. A. Jordan of East-

land have received word that their sister, Mrs. Ola Lasater of Bisbee, Arizona recently underwent surgery in the Sierra Vista Hospital and is home now and doing fine.

Mrs. J. C. Clearman spent the weekend at Lawn deer hunting with his brothers, Hugh of Lawn and Blanton of Lamesa. I understand J. C. got a deer. He also attended church services at the Lawn Baptist Church on Sunday morning and visited with Mr. and Mrs. Jamie Clearman and family on Sunday.

Mr. Jamie Lewallen of Floydada was a recent visitor with the Glenn Jordans.

Mr. and Mrs. Bob Rodgers and Corby of Brownwood visited last Friday with Mrs. Odie Rodgers.

Mr. Alvin Lasater has returned home from the Blackwell Hospital. We wish him continued improvement.

Mr. and Mrs. Paul Hoy and Robin of Plano and their little grandson, Adam Clymer of Bay City spent the weekend with Mrs. W. A. O'Neal in Gorman and with Mr. and Mrs. Albert Hen-

dricks.

Mr. and Mrs. Jerry Hallmark, Becky, Debby, and Amy of San Angelo spent the weekend here with Mrs. Vern Garrett, Mr. and Mrs. Jimmy Little and James and Mr. and Mrs. Frank Hallmark in Eastland.

Mrs. Jerry Hallmark, Becky and Debby and Amy and Mrs. Vern Garrett were in Abilene on Saturday to attend a volleyball game between San Angelo and Abilene schools and also visited with Mr. and Mrs. Tim Fails and Cody Dean.

Mr. and Mrs. Milton A. Burns of Abilene visited on Sunday with her sister, Mrs. Elver Everton.

Vernon and Lindell Fields, Buster Johnson and Calvin Millican of Carbon and Richard Nachtigall of Morgan Mill were deer hunting during the weekend. Buster got a 6 point buck and Calvin and Richard both got 8 point bucks.

Mr. and Mrs. Buster Johnson of Carbon are visiting this week with the Vernon Fields family.

Mr. and Mrs. David Porter, Scarlett and Amanda of San Angelo, James and Stacy Webb of Stephenville visited during the weekend with Mr. and Mrs. Oren Webb.

Winter is here this A.M. Hope everyone was ready for it. Guess some were and some were not.

We had quite a few visitors this past week and they were received with great warmth as our residents are always glad to have visitors. Think Mr. Bennett had a house full of company over the weekend, some from Odessa and Hamilton, so he had a very nice weekend.

Thanks to Bro. O'Neal for conducting Bible Study last week, we do indeed appreciate him.

Bingo was canceled last week as I had to attend a meeting in Abilene. But we are hoping to have a nice crowd this Tuesday.

Thursday is our Birthday Party at 2 P.M. Also Thursday night is Singing night, hope you'll be with us. Our residents enjoy this time with you very much. Time set for 7 p.m.

Friday night at 7:30 there will be a musical at 7:30 p.m. Dewey Bailey and Band. All are welcome.

RECREATION TIPS

Off-highway motorcycling is a popular competitive and recreational sport in the U.S. Yet, in spite of the fact there are some 12 million enthusiasts, gas consumption by this group is remarkably low. Example: a typical off-highway motorcycle uses 18.8 gallons of gas a year—about a third of the amount wasted by an untuned automobile in the same period.

Off-highway motorcycling consumes about half the energy burned by a TV set in a year, and about the same amount of energy required to play 2 1/2 radios for a year.
