Fleets Move For Pacific Battle; Yanks Ready To Take Cherbourg

Nazis Stage Last Ditch Stand To Hold Seaport

By WES GALLAGHER
SUPREME HEADQUARTERS, Allied Expeditionary Force, June 21 (AP)—American troops smashed within 1,000 yards—less than a mile—of Cherbourg's waterfront today, driving between two fortresses bastions under cover of air and artillery bombardment.

The fall of the great supply post seemed only a matter of hours tonight.

The pierdriver offensive crashed through the suburbs along the inland road between Fort Du Roule and Fort Oeteville, and strong-points shuddering under bombs as well as leaflets calling on the trapped nazis to surrender.

Nazi demolition squads worked feverishly to cripple the port—through which the Allies could pour a flood of men and supplies into Normandy.

Another force rolling the trapped Germans back on the left flank seized Acqueville, at the base of Cape De La Hague, the land finger jutting northwest of Cherbourg and possibly offering a chance of escape by sea.

Troops on the right flank advanced beyond Valognes, and supreme headquarters declared "good progress" was made toward the prize harbor today.

Supported by powerful artillery and air bombardment, veteran American troops assaulted Fort Du Roule, within a mile of Cherbourg's docks, and Fort Oeteville, bastion two miles in front of the military harbor area, blasted by nazi demolitions.

The Germans staged a last ditch defense in these strongpoints, and fighting was reported in the built-up suburban section of France's third greatest port.

Eighty nazi tanks have been destroyed by the Allied liberating armies to date, supreme headquarters said.

Heavy fighting was reported in the Tilly-Sur-Seulles area near the center of the front, and an American spearhead to the west had pushed within two miles of St. Lo, communications hub of Normandy.

The assault upon the two forts at Cherbourg sprang forward from St. Martin Le-Greard, four miles south of the port.

German defenses have stiffened and there are indications the nazi high command has ordered a house-to-house fight by some 25,000 to 50,000 Germans now left with virtually no chance of escape. Allied broadcasts last night urged the trapped garrison to surrender.

The suburban and city area which now has become a battlefield has an estimated population of 60,000. The population of the city proper, according to latest reports, is approximately 33,400 and an additional 27,000 live in the suburbs.

Despite German reports the supreme Allied command said it has no knowledge that Allied warships were shelling Cherbourg from the sea and declared such an attack was unlikely.

The port is protected by seven heavy coastal forts which should be much simpler to take by land assault than from the sea.

Only patrol activity was reported elsewhere on the Normandy beachhead except in the Tilly-Sur-Seulles area.

Three Die Of Heat As Mercury Climbs

By The Associated Press
Deaths in the heat wave gripping Texas rose to three today as thermometers soared past the 100-degree mark in many areas for the first time this year.

A. R. Alexander, 62, of Baird died yesterday afternoon in a Wichita Falls hospital after being overcome by heat earlier in the day.

Mrs. Maggie Jones, 57, of Dallas, and F. W. Weize of San Marcos, who was visiting in Dallas, were the other two victims, Mrs. Jones dying in a Dallas hospital after being stricken at her home, and Weize succumbing en route to a hospital.

Vernon and Lubbock were the state's hottest spots with a reading of 106 at each place. Abilene, El Paso, Big Spring, Dallas, Beaumont and Midland had 100-degree recordings while Wichita Falls showed 102.

CHERBOURG HARBOR, PRIZE OF FRENCH BATTLE—Cherbourg harbor, with its large facilities for biggest commercial and naval craft, is the prize for which Allied troops are now battling Germans in Cherbourg peninsula drive on the Normandy coast of France. Bow of ship approaching the harbor's principal dock is the huge luxury liner Europa. This view was taken in May, 1938 by an American traveler. (AP Wire-photo).

Berlin Blasted By Giant Air Armada

LONDON, June 21 (AP)—More than 1,000 American Flying Fortresses and Liberators blasted Berlin and the capital's outskirts today and the German radio indicated that at least some of the planes flew on eastward—possibly in the first shuttle raid from Berlin to new American bases in Russia.

The bomber fleet had an escort of around 1,000 fighters, making a total force of some 2,000 planes which carried the serial war once more to the heart of the German homeland.

Rasdorf, on Berlin's outskirts, also was blasted.

German broadcasts admitted damage and casualties and threatened to retaliate with "bigger and more powerful explosives" than those used in the current rocket bomb offensive.

First Liberator fliers back at British bases said there was plenty of flak over the targets but they did not see a single German fighter—a rare occurrence in raids on the hub of Germany.

Shuttle-bombing flights from Britain to Russia would complete the "ring of steel" thrown about Germany by Allied bombers.

Flights have been made already from Mediterranean bases to new American air fields inside Russia. Russia's frontier is some 700 miles air line from England—easily within the range of both Flying Fortresses and Liberators which yesterday flew more than 1,000 miles round trip to the Stettin area.

Berlin broadcasts said the Hannover and Brunswick areas also had been attacked by the daylight raiders, but there was no immediate Allied confirmation of these reports.

At the same time big fleets of Allied planes were observed streaking out across Dover Strait and disappearing in the direction of the German rocket bomb bases which now have been pounded continuously for five days.

During the night the tempo of the Allied aerial offensive was maintained as RAF Mosquitos thundered out in relays for four hours to harass German lines of reinforcements by blasting the Meisdon railroad yards near Caen in the Normandy battle area. Rail yards at Chartres also were hit.

Temperature Soars To 100 Degrees

The temperature soared to 100 degrees Tuesday afternoon as Big Spring residents sweated in the hottest weather since last August, when 107 degrees was recorded.

Temperature again was rising Wednesday, reaching 92 degrees shortly after noon, and no relief was promised in the forecast of "fair, with little change in temperature Wednesday afternoon and night and Thursday."

The city had company, however, 100 degrees being recorded in Abilene and El Paso, according to maximums received by the weather station here.

Whisky Making To Be Resumed During August

WASHINGTON, June 21 (AP)—Members of the senate's liquor shortage investigating committee today applauded the WPB announcement that whisky making will be resumed for a month but urged that stricter government controls be placed on distribution to offset the "bootleggers" and "black marketeers."

The War Production Board said yesterday that alcohol would be released for the manufacture of from 40,000,000 to 50,000,000 gallons of 86-90 proof blended whisky, about one fourth of a normal year's supply.

Easing of the industrial alcohol situation was given as the reason. The whisky will be manufactured during the month of August.

But from Rep. Bryson (D-SC), author of a long-pending wartime prohibition bill came the statement that "this country will be shocked by the announcement."

In New York, Kenneth S. Baxter, executive director of the conference of alcoholic beverage industries, said that "the only people to whom it (the announcement) will not be good news are the black marketeers and the bootleggers who have fattened on the whisky shortage."

"It will be good news for the public," he added, "to know that within a short time the market in alcoholic beverages will return to normal."

EMPLOYMENT DROPS

WASHINGTON, June 21 (AP)—Employment in war manufacturing industries has dropped an average of 100,000 workers a month this year, the commerce department reports.

Bond purchasers were few and seldom Tuesday as the Fifth War Loan drive began its second day of its second week. Total sales to date amount to only \$656,874 while E bond sales stand at \$183,320.

Sales have advanced only seven percent of the E bond quota and three percent of the overall quota since Saturday, committee chairmen said. Hopes of completing the drive in the two week period are beginning to wane, chairmen said, unless very heavy buying is done today, Thursday, Friday, and Saturday.

However, more plans were being completed for bond rallies.

Wary Japanese Lured Out From Place Of Hiding

U. S. PACIFIC FLEET HEADQUARTERS, Pearl Harbor, June 21 (AP)—American carrier planes attacked a strong Japanese fleet including aircraft carriers and battle-ships midway between Luzon and Saipan before dusk Monday in the first day of an action which Admiral Chester W. Nimitz hopes may develop into a decisive naval battle, the Pacific fleet commander's communique announced today.

The communique said: "Enemy losses and our own losses have not yet been assessed."

With nightfall the American aerial attack on the enemy hips presumably had to be broken off.

Our carrier bombers and fighters immediately were ordered to attack after reconnaissance disclosed the Jap fleet.

The planes made contact before dusk in the first opportunity to run American carrier attack on a Japanese fleet force since the battle of Santa Cruz in October, 1942.

Whether continuing action may develop into a decisive fleet test depended Monday nightfall on the maneuvering of the opposing armadas.

London picked up a Tokyo broadcast saying a fierce naval engagement was raging today off the Marianas. There was no confirmation from Pearl Harbor and no indication when Adm. Nimitz might have more to say about the operations.

On its land front Japan was engaged in a correspondingly great effort to plug the leaks in its defensive dikes. Beyond captured Changsha in China its army of more than 50,000 men pushed southward along the Hankow-Canton railroad. The enemy aimed at making this line a barrier against the rising tide of Allied power, in effect cutting off eastern China from the Allies.

Chinese who lost the fourth battle for vital Changsha fled the doomed city and Japanese columns swept down the railroad to within 65 miles of Hengyang, about 100 miles southwest of the Hunan capital. Hengyang would go a long way toward making good the Japanese offensive.

The Saipan invasion went well. Nimitz announced "our troops now hold the entire southern portion of the island" including the western shore of Marianne Bay and Aslito Idrome, fast being put in operating shape.

Vast stores of oil, munitions and stores were uncovered on the island, proving Saipan was the main stronghold of the enemy in the Marianas. Japanese civilians were reported coming through American lines for safety.

Gen. MacArthur's men threw the enemy out of two more Blak Island airdromes, thus setting up another threat to Nippon's defenses. Blak is 880 miles from the Philippines.

In Burma Lt. Gen. Stilwell's forces slowly closed in on Mogaung and Myitkyna, enemy bases he needs to reopen the Burma road. British forces further pushed back Japanese troops once threatening Imphal and Kohima in eastern India.

Tokyo radio admitted Japan had "suffered considerable losses of ships and planes" off Saipan, apparently referring to the Sunday action in which 300 enemy planes were downed. Nimitz estimated 600 Japanese planes have been destroyed in the entire invasion.

King, asked about the prospective engagement there, said that the communique from Nimitz speaks for itself and, combined with Forrestal's report, covers the situation "as accurately as we know it."

"You are not worried about the outcome?" he was asked.

"No," he replied, shaking his head.

King Glad That Enemy Is Moving Into Position

WASHINGTON, June 21 (AP)—American forces may at long last have cornered Nippon's principal battle fleet for a showdown fight, and so far as Admiral Ernest J. King is concerned "the sooner the Japanese fleet fights, the better we'll be satisfied."

The Navy's commander in chief today expressed appreciation for the cooperation of Japan's navy in apparently moving into battle position in the western Pacific, and expressed complete confidence in the outcome of possible contact west of the Philippines.

He made his statement after Navy Secretary Forrestal had reported that despite strict radio silence from the Pacific there have been some indications that American forces may have succeeded in catching up with all or a part of the Japanese fleet yesterday.

Forrestal added that there is, however, "no definite information" as to the prospective engagement.

He reported that the Japanese fleet has been sighted at "various times during the last few days, milling around from 500 to 800 miles to the westward of Saipan Island" in the Marianas east of the Philippines.

(A Japanese broadcast recorded at London said today that a "fierce naval battle" is raging off the Marianas.)

Forrestal said that Japanese planes attacked American naval units near Saipan Sunday and indicated that the planes apparently came from carriers which at that time were some 500 miles to the westward.

King, asked about the prospective engagement there, said that the communique from Nimitz speaks for itself and, combined with Forrestal's report, covers the situation "as accurately as we know it."

"You are not worried about the outcome?" he was asked.

"No," he replied, shaking his head.

Allies Throw Germans Defenders Back From Ancient City Of Perugia

ROME, June 21 (AP)—Eighth army veterans have hurled the last stubborn Nazi defenders out of ancient Perugia, communications hub 85 miles north of Rome, had advanced some four miles north of the city, Allied headquarters said today.

The Allied drive still was in steady motion although the Germans had thrown the elements of seven divisions against the right flank of the Fifth army's front in an effort to slow its pace. But the Fifth fought through four more villages, making what headquarters termed "minor tactical gains."

This was the second German division to be diverted from the western front since the Allies' spectacular advance in Italy began, the 20th Luftwaffe division having arrived here previously from Denmark. Prisoners also have been taken in the same general area from the 16th SS division which was brought here from the Balkans.

Mediterranean air force headquarters announced Thunderbolts of the First Tactical Air Force severely damaged an enemy aircraft carrier in Genoa harbor believed to be an Italian ship being refitted.

Tactical aircraft flew 750 sorties yesterday over the battle area and all returned.

After clearing the university city of Perugia, Eighth army troops headed after the withdrawing Germans in several directions. They soon occupied high ground northwest of the city.

The occupation of Perugia was carried out by a column led by the 16th and 54th Lancers, famous British cavalry regiments now armored.

French forces on the right flank of the Fifth army ran into bitter resistance in some villages.

The rapid advance up the Adriatic coast put patrols at the town of Ascoli Piceno, provincial capital with a population of 42,000 in peacetime.

There they waited for the Allied ships to come across and there they were outflanked when General Dwight D. Eisenhower chose instead to strike into Normandy.

Reds On March To Helsinki

LONDON, June 21 (AP)—Victorious Russian troops who occupied Finland's fortress seaport of Viipuri yesterday drove on today toward the capital city of Helsinki, where the Germans were reported exerting pressure to keep their small ally from suing for peace with Premier Joseph Stalin.

The Finnish radio, which told of the Russian advance, urged all persons whose presence was not essential to evacuate Helsinki, which lies approximately 135 airline miles west of Viipuri.

The Stockholm newspaper Dagens Nyheter said that the Germans were endeavoring to block formation of a Finnish "peace cabinet."

The Moscow radio said Finland was on "the brink of defeat."

What steps the Germans would take to try to keep Finland in the war were uncertain. A Stockholm report said the Germans were threatening occupation of three Finnish ports along a 70-mile stretch at the head of the Gulf of Bothnia—Tornio, Kemi and Oulu—and the land islands in the gulf between Sweden and Finland.

By these tactics the Germans could control shipping routes to the north and the nickel mines vital to both Germany and the Finns the report said.

Two Killed In Crash

HILLSBORO, June 21 (AP)—Two occupants of an army training plane were killed in a crash four miles northeast of here.

Mr. and Mrs. B. L. Desmore of Dallas said the plane passed low over them as they drove along the highway, and they witnessed the crash, being the first to reach the scene. Wreckage was strewn for 300 yards.

The Waco army air field took charge of the bodies and plane.

City Moves In Crucial Water Use Period

A crucial period in water consumption was ahead for Big Spring today.

Practically the last drop of moisture was wrung from Powell Creek lake as the city fell back wholly on its well supply in the park, sections 17-18 and in section 23. The latter area, the main reserve, is far below any level in history of its production and is declining steadily. City officials frankly were alarmed at the trend.

House Prepares To Curb Frauds

WASHINGTON, June 21 (AP)—The house today set up machinery for investigating any suspected election fraud this presidential year and for the first time wrote labor unions into the scope of the investigation.

Therefore biennial investigation of congressional campaigns has been confined to contributions that may have been made illegally by corporations or other business associations.

Mrs. Kenny Introduced As President Of Women's Club At Morning Coffee

Mrs. John P. Kenny was introduced as the new club president when the first of a summer series of morning coffees entertained the Women's club of the AAFBS in the officer's club Tuesday morning.

A corsage of pink carnations and pink baby asters was presented to Mrs. Kenny. The coffee table was centered with an arrangement of agapanthus, white gladioli, peruvian lilies and pom pom asters.

MRS. NOTESTINE HONORED AT MEET

Mrs. Mae Notestine, the oldest member of the Big Spring chapter of the Order of the Eastern Star, was honored Tuesday at a regular meeting of members in the Masonic hall, and was presented with a bouquet of flowers.

Bridge and rummy were played and prize winners were bridge, first, Mrs. Gerald F. Keeling; second, Mrs. G. R. Paulson; third, Mrs. Lowell Bowen; fourth, Mrs. Albert Dillon; consolation, Mrs. James R. Koontz; guest bridge, Mrs. Theda Berry; cut, Mrs. Ollie I. Deel.

Hostesses were Mrs. Charles O. Dickerson, chairman; Mrs. Charles Kinsey, Mrs. J. W. N. Lee, Mrs. J. E. O'Brien.

Nominations were made for other new officers during the business session and election is set for July 4. It was also announced that the Women's club will be in charge of the bond booth every Wednesday at bond headquarters for the remainder of the drive.

Next hostesses for the July 4th meeting will be Mrs. Lynn C. Green, chairman; Mrs. S. K. Robinson, Mrs. Harold A. Mosenstien, Mrs. Carroll K. Tolle.

Many Workers Roll Surgical Dressings

Forty-nine women worked at the Red Cross Monday rolling surgical dressings.

They were Agnes Currie, Mrs. W. A. Burris, Mrs. Eugene Anderson, Mrs. E. L. Patton, Mrs. H. J. Fetefish, Mrs. J. H. Power, Mrs. Otto Cotech, Mrs. Joe Williams, Mrs. R. C. Strain, Mrs. O. Graf, Mrs. T. F. Hill, Mrs. Herschel Smith, Mrs. D. Patton, Mrs. W. W. Bennett, Mrs. R. E. Bennett, Mrs. A. C. Hart, Mrs. R. G. Burnett, Mrs. H. Reaver, Mrs. A. L. Cooper, Mrs. M. C. Patterson, Mrs. O. Chapman, Mrs. S. N. Moreland, Mrs. G. W. Fetefish, Mrs. A. F. Johnson, Mrs. R. C. Crain, Mrs. O. B. Hull, Mrs. C. S. Kyle, Mrs. Homer Dunning, Mrs. Alice Riggs, Mrs. Ida Collins, Mrs. Bernard Fisher, Mrs. J. J. Porter, Mrs. Bob Wren, Mrs. R. J. Michael, Mrs. Fred Winn, Mrs. O. D. Turner, Mrs. C. A. Murdock, Mrs. R. Y. Cloud, Mrs. C. E. Prather, Mrs. Bernard Lamun, Marion Connell, Mrs. Harry Lees, Mrs. Lester White, Mrs. S. M. Brewster, Mrs. H. F. Williamson, Janie Brimberry, Patty Toops, L. Neill.

Workers Tuesday morning were Mrs. Arthur Berlinger, Mrs. E. S. Dorsett, Mrs. R. E. Satterwhite, Mrs. Alfred Moody, Mrs. Walter Davis, Mrs. W. A. Burris, Mrs. W. H. Power, Mrs. C. S. Kyle, Mrs. C. C. Coffee.

Tuesday afternoon workers were Mrs. J. S. Bishop, Mrs. W. H. Power, Mrs. R. E. Lloyd, Mrs. Frank Powell, Mrs. Lewis Murdock, Mrs. L. L. Nicholson, Mrs. M. Weisen, Mrs. F. B. Smith, Mrs. T. Gentry, Mrs. E. Q. Green, Mrs. H. F. Williamson, Mrs. M. W. Paulsen, Mrs. J. A. Magee, Mrs. D. W. Wall, Mrs. S. B. Nobles, Mrs. J. L. Wood, Mrs. Cecil Wasson, Mrs. Rosa Frank, Mrs. Max Jacobs, Mrs. T. H. Williams, Mrs. Jim Zack, Agnes Currie, Betty Alice Nobles, Jane Norris.

Delegates Return From Annual State Parley In Dallas

Pauline Sullivan, Marguerite Wooten and Mrs. L. A. Eubanks, representatives of the local Credit Women's Association, returned today from Dallas, where they attended the three-day annual state Credit Men's convention at the Adolphus hotel.

Around 400 persons attended, and the meeting was divided into general assemblies and group meetings.

Post war plans were discussed, and speakers included Dr. Smith of Southern Methodist University and A. B. Cuckering of the New York Credit Bureau.

The delegates representing Big Spring were recognized at a breakfast for the largest percentage of membership in the state, and also as the youngest association organized.

The meeting was closed with a banquet and dance in the Century Room.

New Bond Booth Is Active At KBST

A new bond booth, KBST radio station, has been added to the number being handled by the women's clubs, Mrs. Douglas Orme, women's chairman, said Wednesday.

Those taking charge on Tuesday night were Mrs. Russell Manion, Mrs. Sam Barbee, and Mrs. George Mims. The nightly radio program Tuesday night resulted in \$200 in bond sales it was reported.

The program included a reading, "Voices" given by S/Sgt. Dale Francis with musical background on the accordion by Cpl. Bill Mavromatis. Capt. L. E. Long, who has seen overseas duty, and now stationed at the AAFBS, spoke on the importance of buying bonds. The nightly programs are given at 9:30 p. m.

Women taking charge Tuesday at the First National Bank were Mrs. S. M. Smith, Mrs. W. B. Hardy and Mrs. Bill Satterwhite representing the Kiwanis Queens West Ward P.T.A. women at the State National Bank were Mrs. L. R. Mundt, Mrs. T. B. McGinnis and Mrs. E. J. Johnson.

Girl scouts at the Bond headquarters were Rose Neil Parks and leaders, Mrs. J. H. Parks and Mrs. W. N. Edson. Those at the Ritz were the XYZ auxiliary representatives, Mrs. Ennon Lovelady and Mrs. Frank Wilson.

To sell bonds Thursday will be South Ward P.T.A. at the State National Bank; Rebekah Lodge at the First National Bank; 1930 Hyperion club at Bond Headquarters and B&PW at the Ritz.

Rebekah Lodge Has Business Meeting

The installation service to be held around July 1st was discussed when members of the Rebekah lodge met Tuesday in the IOOF hall for a business session.

Mrs. Mary Martin of Crane was present as a guest. Others present were Mrs. Docie Crenshaw, Mrs. Clara Bender, Mrs. Cordia Mason, Mrs. Eula Robinson, Mrs. Jessie McDaniel, Mrs. Evelyn Rogers, Addie Brisco, Mrs. Gertrude Newton, Mrs. Maudie Allison, Mrs. Mable Glenn, Mrs. Della Herring, Mrs. Beatrice Bonner, Mrs. Lillian Mason, Mrs. Annie Atkins, Mrs. Tessie Harper, Mrs. Ruth Wilson, Mrs. Opal Tatum, Mrs. Effie Meadows, Mrs. Veima Cain, Mrs. Maggie Richardson, Ben Miller, Jim Crenshaw.

Actress Weds, Unaware Of Her Father's Death

HOLLYWOOD, June 21 (AP) — In a colorful film colony marriage setting of flowers and celebrities, screen actress Irene Manning went smiling to the altar with Keith Kolhoff last night, unaware, her brother says, that death had taken her father.

The father, Shirley E. Harvut, 68, died Monday in a Los Angeles hospital following an illness of five years.

"When I told dad Irene had taken out the marriage license last Thursday, he made me promise that if anything happened to him nothing was to interfere with Irene's plans," said the brother, Richard Harvut.

Amazing results in building STURDY BODIES!

1—Promote the flow of vital digestive juices in the stomach.
 2—Energize your body with RICH, RED BLOOD!

YOUNG people, especially those of a grammar and high school age, are prone to be deficient in stomach digestive juices and red blood.

A growing person who is operating on a 45 to 70% healthy blood volume or a stomach digestive capacity of only 50 to 60% normal is severely handicapped. In such cases Nature needs extra help. Organic troubles or local infection, if they exist, must be corrected. These foods must be digested and rich, red-blood must be present to build sturdy bodies.

SSS Tonic is especially designed (1) to promote the flow of VITAL DIGESTIVE JUICES in the stomach which digest the food so the body can make proper use of it in tissue building and repair and (2) to build-up BLOOD EFFICIENCY when deficient.

These two important results enable the body to make use of the food as Nature intended. Thus you may gain a keen appetite... firm flesh... body energy... mental alertness!

Build Sturdy Health and Help America Win
 Thousands and thousands of users have testified to the benefits SSS Tonic has brought to them and scientific research shows that it gives results—hats why so many say "SSS Tonic builds sturdy health—makes you feel like yourself again." At drug stores in 15 and 50 cc. sizes. 50¢ & \$1.00.

Delegates Return From Annual State Parley In Dallas

Pauline Sullivan, Marguerite Wooten and Mrs. L. A. Eubanks, representatives of the local Credit Women's Association, returned today from Dallas, where they attended the three-day annual state Credit Men's convention at the Adolphus hotel.

Around 400 persons attended, and the meeting was divided into general assemblies and group meetings.

Post war plans were discussed, and speakers included Dr. Smith of Southern Methodist University and A. B. Cuckering of the New York Credit Bureau.

The delegates representing Big Spring were recognized at a breakfast for the largest percentage of membership in the state, and also as the youngest association organized.

The meeting was closed with a banquet and dance in the Century Room.

Activities at the USO

THURSDAY
 Games and dancing.

FRIDAY
 Volunteer desk hostesses.

General activities.

SATURDAY

8:00-9:00—Canteen open, free cookies and ice tea furnished by Luther Home Demonstration club to be served by volunteer hostesses.

9:00—Recording hour in recording room.

Local people are being asked to give or loan new books to the USO. Mrs. Ann Houser said the USO needed the books badly for their lending library furnished for servicemen, also the books are taken to the post hospital. Persons are asked to call 982 or leave the books at the USO.

Book Review To Be Held

A review of the book, "The Valley of Decision," will be sponsored by the Philathea class of the First Methodist church July 6 in the church parlor at 4 p. m.

The book, written by Marcia Davenport, will be reviewed by Mrs. Roger Hefley. Mrs. Hefley is a newcomer in Big Spring. The public is invited to attend. Tickets are 25c and may be obtained from members of the Philathea class.

Rites Read For Couple Saturday

Miss Ina Faye Fryar, daughter of Mr. and Mrs. Clarence Fryar of Big Spring, became the bride of Cpl. Jack H. Kuhlman, son of Mr. and Mrs. Herman H. Kuhlman of Springer, N. M., Saturday evening in the Saint Pauls Lutheran church.

The single ring ceremony was read by Rev. O. Horn.

The bride wore a light blue crepe informal dress with white accessories. Her shoulder corsage was of white carnations.

Mrs. Herbert Niemeyer, matron of honor, wore a green informal dress with white accessories and a shoulder corsage of pink carnations.

Cpl. Herbert Niemeyer was the best man.

Wedding guests were Dale and Neil Fryar, brothers of the bride, and Joyce Merrick.

The bride is a graduate of Garner high school and attended the Big Spring business college. She worked in Washington, D. C., as a typist for the government.

The couple is at home in Big Spring at 1100 Main. Cpl. Kuhlman is stationed at the Big Spring Bombardier school with Section C.

'A' Card Holders Will Get Relief

Motorists with "A" cards, who have stretched use of A-11 gasoline rationing coupons over three months, will have relief Thursday.

A-11 coupons expire at midnight Wednesday and the new coupons, the last set in the present "A" books, will become good at midnight. They also must last three months.

The set of eight coupons is valid for a total of 24 gallons, each coupon for three gallons. The ration amounts to two gallons a week. Prior to validity of A-11 coupons, a new set became valid every two months.

Tracks Damaged

MEXICO CITY, June 21 (AP) — Reports of considerable damage to railroad tracks from heavy rains throughout the north and center of the republic have been received by the National Railway management.

The division from Monterrey to the Gulf of Mexico has suffered most. The Rio Grande threatened to overflow the region just this side of the northern border.

Public Warning! BEWARE OF PIN-WORMS

War-time living conditions may be the cause of spreading Pin-Worm infection. Scientific reports in many communities have shown at least one-third of the examined children and grown-ups to be victims of Pin-Worms—often without knowing what was wrong!

Watch out for the warning signs that may mean Pin-Worms in your child or yourself! The tormenting, embarrassing, itching, the itchy stomach, bad-sleeping, nervous digesting, finicky appetite.

New Discovery Hailed By Doctors
 After centuries of distress caused by Pin-Worms, a new and highly effective way to deal with this stubborn pest has recently been discovered. This scientific discovery, hailed by medical authorities, is a remarkable drug (gentian violet). It is the vital element in P-W, the new Pin-Worm treatment developed by the laboratories of Dr. D. Jayne & Son, America's leading specialists in worm medicine. P-W tablets are small and easy to take, and they act in a special way to destroy the creatures. So don't take chances with Pin-Worms. At the first warning sign, ask your druggist for P-W, and follow the directions. P-W means Pin-Worm relief!

AT PENNEY'S
 In the wind-whipped Aleutians and the steaming jungles of the South Sea Islands—aboard shrapnel-raked bombers and fighting ships at sea—your boys and ours are giving all they've got to win this war. In honor and appreciation of the tremendous job they're doing, we are devoting the months of June and July to the sale of War Bonds at Penney's. In every department, at every counter at Penney's you will find War Bonds on sale all this month. Buy Bonds at Penney's—all you can afford and a whole lot more! War Bonds are backed by the full faith and credit of the United States of America—the strongest, most solvent financial institution in history.

S-Sgt. Jimmy Myers Likes The Purple Heart Corner

S/Sgt. James A. (Jimmy) Myers is one of those B-26 guys.

That not only means that Sgt. Myers does his work in that especially hot bomber, but he also is one of that tribe which wouldn't, if they have anything to say about it, do their work in anything else.

Now on furlough from his post in England, from whence he has flown well over 50 missions, Sgt. Myers swears by the ship.

"We cuss it and swear we'll never go out in it again, and then you couldn't drag us into anything else," said the young gunner, holder of the DFC, the Air Medal and a string of clusters. He and Mrs. Myers are here for a visit with his parents, Mr. and Mrs. J. A. Myers, Sr. During the weekend S/Sgt. and Mrs. Joe Robert Myers of Del Rio came up to make it a Fathers Day affair. It was the first time the brothers had seen each other in over three years.

Sharing an equal place with the B-26 in the affections of Sgt. Myers is his trusty .50 caliber machine gun. "I keep 'em well oiled," he said, as though patting them. "They're really my babies."

So well has he used them that he is no longer classed as a tail gunner, but as a general gunner. That means he fits in and is good at any spot. His utility plus experience has placed him in a fire control role.

Starts of thick flak over enemy territory are no exaggeration and Sgt. Myers says one look down on skies so thick with bursting shells that it is hardly possible to see the ground gives some credence to the old quip about flak being "so thick you could walk on it."

The boys back on "Purple Heart Corner," the tall of the formation, really catch the flak and action, too, but that's where Sgt. Myers had rather be. It's no picnic any spot on B-26 missions, for the rugged ships always draw the in-fighting role. If something goes wrong men have to sense it and be ready to hit the silk in three seconds for after all the ship carries a lot of wing. Lifting one of them is not like stepping out of a "Glorious Watson," which is the handle B-26 men pin on the Flying Fortress.

England is not quite like any other spot on earth, according to the gunner, and neither is English climate. Heavy haze and long winter nights reduce the sun's efficiency to an instrument of light. The nights—ah, there's something to talk about. One gets used to running into buildings. There's no getting use to flying temperatures as low as 65 degrees below. It's a case of endurance.

Continental Europe is somewhat different from England and "the people over there have been wanting us to come down and stay quite a while—maybe permanently," said the sergeant. Rubbing a spot where a long sliver of flak went through his leg, as though it were a cream puff, Sgt. Myers had to admit that "some of those invitations are just a wee bit forceful."

Woman Learns The Actual Advantages Of Joining WACs

A "simple lesson in economics" showing a balance of \$35 from a \$200 civilian salary convinced one woman of the economic benefit of being a WAC, according to information received by Lt. Dede N. Cook, officer in charge of the army recruiting station here.

The woman, Mrs. Ruth Eileen Lyons of New York, received this argument from her father. "Figure it out—\$200 salary, less \$40 tax, balance, \$160; less board and room, \$60, balance, \$100; less 96 carfare, balance, \$94; less clothes, \$20, balance, \$74; less reserve for sickness, \$24, balance, \$50; less entertainment and "doodads," \$13, balance, \$35, maybe."

The base pay of a WAC is \$50. Other data presented by Lt. Cook included:

Based on the past year's recruiting figures, seven women join the WAC every hour, making the figure for 24 hours about 168. The strength of the corps is estimated to be gaining at the rate of 148 women a day or a full company every 24 hours—approximately 1,000 every week. The War Department announced the WAC strength at 62,859 officers and enlisted women Jan. 1, 1944, an increase of 20,043 over Jan. 1, 1943. Ninety-one former students of Texas State College for Women at Denton are in the service and the service stars are on a flap displayed in the administration building.

The army recruiting office in Big Spring federal building began remaining open until 6:30 p.m. one hour and one-half later than formerly, this week. It previously had been planned to remain open until 8 p.m., but the outer door of the building is locked before that time.

Vernon Logan, who miraculously escaped serious injury Monday morning when a plane he was piloting crashed near Big Spring, was removed from Big Spring Hospital to his home Tuesday.

S/SGT. JAMES A. MYERS

Extra Soldier Pay Approved By Group

WASHINGTON, June 21 (AP)—Extra pay for infantrymen and glider-borne troops was voted today by the house military committee.

The committee approved legislation to give "expert infantrymen" engaged in combat duty a pay boost of \$10 monthly, those not in combat an additional \$5 and members of glider units the same fifty percent pay increase now given paratroopers.

At their own request, the Marines were excluded from provisions of the legislation.

Col. J. W. Knighton, representing the Marine Corps, said in a statement filed with the committee that the bill singles out one arm of the service, the infantry, to the detriment of other arms engaged in equally hazardous jobs. To apply it to the Leathernecks, he added, would "tend to destroy a sense of unity which is a valuable military asset to the corps."

Committee Assured Of Continued Life

WASHINGTON, June 21 (AP)—President Roosevelt's Fair Employment Practices Committee, target of a violent southern attack in the senate, has assurance today of continued life backed by the authority of law.

The southerners lost yesterday, 39 to 21, in the roll call which climaxed their three-day effort to knock the \$500,000 FEPC appropriation out of a \$1,030,000,000 catch-all supply measure carrying funds for a dozen war agencies.

Opponents of the committee, set up by President Roosevelt last year with the announced aim of preventing racial or religious discrimination in wartime employment, managed to attach a few restrictions to the fund.

None of the money could be used to pay the salaries of any FEPC employes who issues or attempts to enforce any rule which seeks to repeal or modify any act of congress.

But those concessions were small comfort to the southerners who proclaimed that the committee's tactics thus far had stirred up, rather than smoothed, inter-racial relations.

New Records Set For Encampment

Attendance records were broken at the Baptist district No. 8 young people's encampment at the city park Wednesday as the boys prepared to quit the location after a three-day session.

As the figure rose to 362, camp leaders announced that this was a new record for the district encampment, which had the record of being the largest in the entire state. More encouraging to leaders than mere numbers, however, were the 42 conversions reported. In addition there were 50 rededications and a quartet of boys dedicated themselves to special service.

Wednesday noon the boys started their homeward trek to far reaches of the district while girls started moving in. It was freely predicted that there would be something like 600 girls in the camp, which lasts through Friday noon.

Mrs. Dick O'Brien, Big Spring, is directing and Lois Glass, expatriated missionary to China is telling missionary stories to the girls is the Rev. Vernon Yearby, young people. Camp pastor for Midland, and Mrs. J. M. White, Midland, head of the sponsoring district WMU and Mrs. McClain of Falls are assisting in operation of the encampment.

Youth Is Able To Leave Hospital

Tippy Anderson, son of Mr. and Mrs. J. T. Anderson, has been removed from Big Spring hospital to his home to continue convalescence from injuries suffered several days ago. He was riding on the side of a car, when the car scraped a barbed wire fence. Both legs were cut, one so severely that more than 70 stitches were required to suture the wounds. The boy was with a group of young persons near Big Spring when the accident occurred. Only one other person was injured, suffering only a slight wound.

Coach Arranges For Track, Field Meet In War Theater

ROME, June 21 (AP)—A West Texas basketball coach whose "tallest team in the world" gained fame is making arrangements for the Mediterranean war theater track and field meet here in July.

Capt. A. L. Baggett of Canyon, Tex., who acted as judge yesterday in the Fifth army track and field meet, said "that is why we are winning the war—guys who will still sprint and fight it out after six miles can't be beat."

Baggett, former coach of the West Texas State basketball team, is officer in charge of athletics in the North African theater of operations.

Yesterday's meet was staged in and near the unfinished Mussolini stadium which the fascists built as the site of the 1944 Olympic games. But the fascists had moved on, and Fifth army athletes, despite the lack of any formal training plus the absence of regulation track shoes, turned in a 100-yard dash in less than 18 seconds and topped the 220-yard low hurdles in 26.14 seconds.

British Minister Makes An Apology

LONDON, June 21 (AP)—In a personal apology to the house of commons, Capt. Oliver Lyttelton, British minister of war production, disclaimed any intention of saying in a speech yesterday that Britain had forced Japan into attacking Pearl Harbor because, he declared, such a statement was "manifestly untrue."

Lyttelton explained that in an interpolation in a speech which he delivered before the American Chamber of Commerce he had merely tried to make clear Britain's gratitude for aid given her by the United States before the Japanese attack upon Pearl Harbor.

WASHINGTON, June 21 (AP)—America in the months preceding Pearl Harbor was following "the single policy of self defense," Secretary of State Hull declared in a sharp rebuttal to what he termed an entirely erroneous assertion by Britain's production minister — an assertion that brought a personal apology to the house of commons today from its author.

First Estimate Of 1944 Cotton Reveals 39 Per Cent Increase

The first estimate of 1944 cotton acreage in Howard county was revealed in a survey of a cross section of Howard county farms indicating 39 per cent of the acreage is in cotton. It was announced Wednesday. That percentage is about normal.

One hundred compliance sheets picked at random from among those submitted within the last several weeks following planting were checked in the office of M. Weaver, AAA administrative assistant. The sheets represented farms with total acreage of 20,747 and showed 8,079 of those acres had been planted in cotton.

If the remainder of the county's acreage is planted in cotton in the same proportion, the total cotton acreage would be approximately 65,000. The county's goal is 66,000 acres in cotton.

The compliance reports indicate the county will exceed its grain sorghum goal of 80,000 acres by approximately 10 per cent. Estimating grain sorghum was planted on 90 per cent of the remaining acreage besides that planted

in cotton, Weaver estimated approximately 90,000 acres would be planted in grain sorghums, or, on the 100 farms checked, more than 11,000 acres.

Some farmers have substituted grain sorghums for sudan grass and corn, that accounting for increased sorghum acreage while the cotton acreage remains about the same, Weaver said.

Weaver expressed concern regarding the shortage of rain. High wind is taking moisture from the ground. Some farmers have reported grain sorghum on tight land is beginning to die. Damage to cotton, more hardy, is not believed great, although some has been damaged by wind and sand. Some cotton was destroyed by high wind recently and farmers have been unable to replant because of lack of rain.

Weaver urged that remaining farmers file compliance reports as soon as possible. Approximately 200 reports have been checked and applications for payments will be made soon.

Fort Worth Market Has Another Staggering Run Of 40,000 Sheep

FORT WORTH, June 21 (AP)—Fort Worth's livestock market had another crushing run of 40,000 sheep this morning, and trucks were lined up for more than a mile, waiting to unload their bleating passengers. Many of the sheep were dying.

Stock handlers, railroad employees, salesmen and buyers were physically exhausted from working 18 to 24 hours daily for the last three days, trying to cope with a total estimated at more than 120,000 sheep unexpectedly "dumped" on the market here.

Clay Kitcher, one large buyer, asserted that "the run has demoralized the market" and he pointed out that since the killing capacity of local packing plants is 7,000 daily, 90,000 of the sheep received thus far this week would have to be shipped out.

By mid-morning today, the remainder of Monday's record-breaking run had been shipped out, but 50,000 to 60,000 more had come in since those were received.

Primary cause of the bottleneck was the labor shortage, not only in the yards but also in the packing houses.

Livestock men appealed to ranchmen to withhold further shipments until the congested condition could be relieved. Packers were bidding \$1 to \$2 per hundredweight lower than they were Monday and it was hoped the price drop would discourage additional shipments for the time being.

Analyzing the sudden onset of sheep marketing, livestock men pointed out that prices thus far this season have been good, the market has been stable for the last 60 days, sheep were fat and in good condition and ranchmen in general apparently decided to sell, because they fear another feed shortage in the fall and winter and inquiries for feeder lambs for next fall have been light.

Two men, O. B. Porter, and Hastings, a negro, paid \$50 fines on pleas of guilty to reckless driving charges in city court and had their drivers licenses suspended for six months by City Judge Tracy T. Smith.

Wallace Meets "Young China"

CHUNGKING, June 21 (AP)—Vice President Henry A. Wallace met "young China" today, rubbing shoulders with cheering students whom he told to "work for the day when all the people of China can read and write."

Wallace, who prophesied on his arrival here yesterday from Russia that the Chinese-Russian boundary would become a friendly frontier like that between the United States and Canada, also visited a cooperative cloth-weaving plant and then dashed out to an occupational camp for wounded soldiers where he studied the manufacture of umbrellas and wicker furniture.

He was a luncheon guest of Gen. Ho Ying-chin, Chinese minister of war.

Bareheaded, attired in a slack suit and tennis shoes, Wallace visited an American Red Cross enlisted men's club.

Dewey Still Quiet On Future Plans

ALBANY, N. Y., June 21 (AP)—Governor Dewey disclosed today he had been in telephone contact with New York republican leaders at Chicago but remained silent on their statements he would accept the republican presidential nomination if drafted.

The governor told a press conference he talked by telephone yesterday with Herbert Brownell, manager of his 1938 and 1942 gubernatorial campaigns and one of three New Yorkers who have established republican "draft Dewey" headquarters in the convention city.

J. Russel Sprague, New York republican national committeeman, and Edwin F. Jaseckie, state chairman, are on the scene with Brownell. They have said Dewey will accept if drafted and will go to Chicago to deliver an acceptance speech.

Figures for the five-year period from 1936-41 show an average of 210,970 forest fires a year.

OPA Strikes Against Furniture Price-Chiseling Over The Nation

By JAMES MARLOW and GEORGE ZIELKE WASHINGTON, June 21 (AP)—OPA is striking out against furniture price-chiseling. It has taken action against more than 200 manufacturers, jobbers and, in some cases, retailers in the past four months.

Jobbers buy from manufacturers and sell to retailers from whom you buy. OPA officials say one of the sweeter rackets is creation of a lot of "dummy" jobbers to boost prices and blik the public. This is the officials' story.

Not all manufacturers are cheating. Many are playing fair, maintaining prices. Many are not. OPA put the furniture field under general price regulations two years ago. Generally, it meant a piece of furniture could not be sold now for more than a similar piece of furniture sold for in March, 1942.

There was a loophole there. By putting some cheap extra trimmings on exactly the same kind of furniture he made in 1942, a chiseling manufacturer might say it was not the same he made two years ago.

He'd say it cost more to make and that therefore he should get a better price for it. But for some of the money-hungry manufacturers not even this kind of cheating gave enough profit. They worked out another trick. Some manufacturers set up "dummy" jobbers — sometimes members of their own firm with offices in the manufacturers' offices—to rake in extra cash and still pretend to stay within OPA rules.

Andemio J. Mender, technician fourth class, of Big Spring, was among wounded Texans serving in a 14-man convoy at MeCloskey General Hospital at Temple Tuesday, the Associated Press reported from Temple. A check with Howard county selective service office revealed he enlisted from this county and was not drafted.

What news will Gen. Eisenhower get from us?

You know now what we've heard from him.

We've heard that Eisenhower and his Americans have hurled themselves like a thunderbolt against the bristling defenses of Hitler's Wehrmacht!

We've heard that they are smashing at our foe—sparing neither steel nor sweat nor blood in one final, furious assault that marks the supreme military effort of this War!

And what news do Eisenhower and his men expect from us?

Men and women of America—what the Invasion is to our fighting men, the 5th War Loan is to us at home!

For us, as well as for them, this is the crisis—the time for tremendous, overwhelming effort! Make no mistake! The 5th War Loan will undoubtedly be the biggest, most vitally impor-

tant financial effort of this whole War!

If the 5th War Loan is to succeed, each one of us must do more than ever before—must buy double... yes, *triple*... the Bonds we bought last time.

Our men expect to hear that we are buying double—that we are matching their sacrifice as best we can—that the American nation, soldiers and civilians together, is making one gigantic effort to win this War!

That's the news our men expect to hear from us.

Will you *personally* see that they get it?

And here are 5 more reasons for buying Extra Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years!
3. War Bonds help keep prices down!
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children; security for you; funds for retirement!

Lou Gehrig Trophy Auctioned Off At War Bond Fight

DALLAS, June 21 (AP)—Lou Gehrig's baseball feats lived again today in the form of \$1,000,000 in war bonds to back the country that paid tribute to him when he was the greatest player in the American league.

The trophy Gehrig won as the pride of the New York Yankees

in 1936 was auctioned off at a war bond wrestling show here last night and drew a cool million. The show itself contributed \$5,150,000 and a case of Scotch whisky brought \$181,000.

Thus more than \$6,300,000 was raised as Dallas neared its quota in war bond subscriptions.

The Gehrig trophy was contributed by Pfc. Frank Twitchell of the Fifty Ferring Group here, brother-in-law of Columbia Lou.

A telegram from Gehrig's widow in New York said "This may save a life."

The trophy will be sent to the McCloskey General Hospital for war wounded at Temple.

The wrestling show featured a group of sports celebrities, headed by Lieut. Commander Jack Dempsey of the coast guard, former world's heavyweight boxing champion, and turned into a field day for autograph seekers who passed up most of the star athletes for Gene Autry, the cowboy movie actor.

Bill Longson, world's heavyweight wrestling championship claimant, defeated Jack Kennedy in the main event of the mat show.

Admission to the show was by war bonds only and all wrestlers donated their services.

Match Play Opens At Glen Garden

FORT WORTH, June 21 (AP)—Match play opens today in the annual Glen Garden Invitation golf tournament with Charles Tims, schoolboy from Arlington, boasting medalist honors for the second straight year.

Tims shot a one-under-par 70 yesterday to take the medal.

One hundred and twenty golfers will tee off in the start of match play in a tournament that lasts a week. The 36-hole finals are scheduled Sunday.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

NEW YORK, June 21 (AP)—As far as this dept. can learn, Alabama's coaching school is the only one that includes baseball—and it is out for the duration... When he resumed activities, Coach Frank Thomas plans to call on such former "Bama" and major league stars as Joe Sewell and Riggs Stephenson as instructors.

Sit Up And Take Notice
Pvt. Edward O. Spratt of Greensboro, N. C., a pre-aviation cadet at Keesler Field, Miss., puts in a claim for the world's situp record... Averaging one sit-up every six seconds from noon to midnight, Spratt reached a total of 6,429 to beat the mark of 6,034 set by Sgt. Edward Beranek of the AAF training command school at Yale... At the finish Spratt explained: "I could have gone on for quite a while, but I figured I might as well get some sleep for the next day's training."

Shorts And Shells
The A.A.U. is seriously considering night track meets in case the championships remain in New York, because afternoon attendance has been so unsatisfactory. Fewer than 4000 customers turned out last week-end... Gil Torres, Senators' third baseman, wears extra-long pants, like Al Simmons, to conceal what probably are the thinnest legs in major league baseball... When Elmore Harris, the Morgan State College "unknown" turned the heat in a 400-meter trial at the AAU track meet, defending champion Cliff Bourland asked Wes Wallace, "where the hell is he going?"... Cliff found out when he sat on the sidelines and watched Harris win the title.

CONN TRANSFERRED
Corp. Billy Conn has been transferred to an "undisclosed station" after a short stay at the Greensboro, N. C., overseas replacement depot... Wonder if that means he'll give the GI's overseas his version of past and future tussles with Joe Louis?... Tomorrow's Great Lakes-Lawrence College baseball game will be a clash of lieutenant commanders. Both Mickey Cochrane of the Sailors and Coach Joe Kronzer of Lawrence's V-12 team hold that rank.

Former Football Star Bags Messerschmitts
LONDON, (AP)—Capt. Bert W. Marshall, Jr., Greenville, Tex., fighter pilot, former football star at Vanderbilt University, downed two Messerschmitts while escorting yesterday's bombers deep into Germany.

Col. Thomas J. Christian, Jr., Sulphur Springs, Tex., got one plane on the ground.

Armstrong To Fight Untested Latsios
WASHINGTON, June 21 (AP)—Henry Armstrong, the former triple titleholder who just keeps rollin' along the comeback trail, takes on a promising but untested youngster, Nick Latsios, in a 10-round feature box tonight.

Hammerin' Henry ruled about a 4-1 favorite to flatten the Alexandria, Va., Greek-American, now a soldier stationed at nearby Bolling Field.

Armstrong, fresh from his two-round knockout of Al (Bummy) Davis in New York last week, has gone through only one training session for the Latsios contest. The Los Angeles negro has found that the best conditioner is to keep on fighting. He's done that in recent months, taking on an opponent every week or 10 days in his latest drive to regain the welterweight crown which he once held simultaneously with the featherweight and lightweight titles.

Ike Williams Slated To Beat Cleo Shans
NEW YORK, June 21 (AP)—Ike Williams was made a 1-4 favorite today to beat Cleo Shans in their 10-round fight at Madison Square Garden Friday night. Both were pronounced physically fit after an examination yesterday by the New York state athletic commission physician.

Leaves England Just Before The Invasion
CHICKASHA, Okla., June 21 (AP)—Pvt. Alton W. Jones, Corsicana, Texas, who has been in England five months with an anti-aircraft unit, left by plane just 90 minutes before the invasion of the French coast started and didn't know about it until he reached North America.

He was one of a group of 13 patients from England and the Mediterranean theater who arrived at Borden Army General Hospital yesterday.

Also in the group was Pvt. George M. Hodges, Brownwood, Texas.

Alaskan fishermen are permitted to take 80,000,000 more pounds of herring this year than last, under new rules issued by the Secretary of the Interior.

THE CLUBHOUSE

By CHIP ROYAL
AP Features Sports Editor

NEW YORK — Multiple vitamins in various forms have been creeping into sports more and more every year but it remained for Manager Mel Ott of the Giants to put the spotlight on the energy giving stuff.

The little Polo Grounds leader started the season hoping for the best year he's enjoyed in 20. One worry after another plus bad weather left Mel with "that run down feeling."

Just who sold him the idea of trying vitamins hasn't been publicized, but no sooner did Master Melvin get the "shot in the arm" than he and his team started to go like a house afire.

Homers bounced off Ott's bat at a pace close to Babe Ruth's record year of 1927. As a matter of fact, they're still being chalked up although it is doubtful that Mel will threaten Ruth's mark because he doesn't expect to play every day.

It is hard to say who started this multiple vitamin business in sports. Many a sports story has told about the pellets being fed to this and that hockey, football and basketball team.

It was in 1942 that Sam Breadon came out strong for the spheroids and insisted that all his hired hands take them. Whether the vitamins had anything to do with the Cards winning the world series that year, this agent can't say, but they certainly didn't hurt the players.

With the start of the present season, six other teams admitted they were going for the zip tablets. They included the St. Louis Browns, Washington Senators, Cleveland Indians, Detroit Tigers, Boston Braves and Pittsburgh Pirates.

Various reasons were given for their use. For instance, the Senators thought they would keep on edge for a taxing night schedule.

But Breadon summed it up best when he said:

"They defend the players' health, keep their eyes sharp, and supply needed nutrition for the uncertain hours of a ballplayer."

"This said that Breadon got the idea for multiple vitamins after reading they were being used by the Army for millions of soldiers."

Said Luke Sewell, manager of the Browns, recently:

"The way the Army is winning one engagement after another, including double headers, there must be plenty of what it takes in those vitamins. I'll try anything to give St. Louis its first American league pennant."

Players Will Leave Great Lakes Soon

GREAT LAKES, Ill., June 21 (AP)—A batch of eight former professional football players now wearing navy blue soon will leave the Great Lakes Training Station for duty elsewhere.

The public relations office reported the eight already were assigned to an "outgoing unit" and that "some, but perhaps not all" were ticketed for Bainbridge where Joe Maniaci, former Chicago Bears' halfback is directing football activities.

The detached group included: Guard Joe Vodicka and Center Al Matzura of the Bears; Halfback Andy Uram of the Green Bay Packers; Halfback Bob Morrow and Fullback Joe Bukant of the Chicago Cardinals; Guard Lou Rymkus of the Washington Redskins; Halfback Len Janiak of the Brooklyn Dodgers; and Dick Beltz, formerly of the Pittsburgh Steelers.

Conn Transferred

Corp. Billy Conn has been transferred to an "undisclosed station" after a short stay at the Greensboro, N. C., overseas replacement depot... Wonder if that means he'll give the GI's overseas his version of past and future tussles with Joe Louis?... Tomorrow's Great Lakes-Lawrence College baseball game will be a clash of lieutenant commanders. Both Mickey Cochrane of the Sailors and Coach Joe Kronzer of Lawrence's V-12 team hold that rank.

Former Football Star Bags Messerschmitts

LONDON, (AP)—Capt. Bert W. Marshall, Jr., Greenville, Tex., fighter pilot, former football star at Vanderbilt University, downed two Messerschmitts while escorting yesterday's bombers deep into Germany.

Col. Thomas J. Christian, Jr., Sulphur Springs, Tex., got one plane on the ground.

Canny Connie's Kids May Have Something To Say About Who Emerges On Top In Loop Free-For-All

By FRITZ HOWELL
Associated Press Sports Writer

Connie Mack's Athletics haven't won a pennant since away back when, and they aren't hot choices this year, but there's a growing feeling they might have quite a bit to say about who emerges on top in the American loop's free-for-all.

Canny Connie's conglomeration of kids, castoffs and Cubs, mixed with a few of the better boys, served notice yesterday that they are very much in the league. They were residing placidly in last place when Joe Cronin's spurs, second-place Red Sox came to town and 18,500 fans turned out to see the fun.

When the smoke from the doubleheader cleared away, the Mackmen had jumped to a sixth-

place tie, and had spoiled Boston's chance of slipping into first place over the St. Louis Browns, who split a twin bill with Chicago's White Sox.

The A's needed 11 innings to beat Boston in the opener, 5 to 4, with Eddie Busch, late of Elmira, stinging in the winning run. The second was easy, veteran Bobo Newsom allowing two hits for a 2 to 0 shutout.

The Browns stretched their lead to a game and a half by salvaging the second from Chicago, 5 to 0, after losing the 10-frame opener, 4 to 3. Al Hollingsworth won his first of the season in the nightcap.

Hank Borowy came up with another good mound chore, a four-hitter, and the Yanks loosed a 10-blow barrage behind him, as the world champs defeated Washington 3 to 1 with Bud Metheny's homer deciding it.

Cleveland beat Detroit, 3 to 1, but shuddered into the cellar. Ray Mack, war worker, flew to Detroit for the twilight tilt and his slant-banking fly sent the winning run home as hard-working Paul Trout weakened. Trout has pitched 26 1-3 frames in six days.

Bucky Walters copped his 11th win with a neat two-hitter against Pittsburgh's Pirates, the Cincinnati star adding the 3-0 shutout to other outstanding mound chores which included a one-hitter, and a pair of three-hitters. The Reds eased into third place, .001 ahead of the Giants.

The New Yorkers had a chance to stay up there, splurging for four runs in the first frame against Brooklyn, but Les Webber relieved Rube Melton with two out and held the Ottemen the rest of the way as the Dodgers won out 7 to 6. Luis Olmo's homer was the big blow for the victors.

Al Jurisich pitched five-hit ball for the loop-leading St. Louis Cardinals, but was in hot water all the way because of five walks and three hit batsmen. Pepper Martin and Stan Musial roamed far afield for sensational catches, however, and gave him a 2 to 1 win over the last-place Chicago Cubs. The Phillies-Braves game was postponed.

The 10-round semi-final matches Pvt. George Baratzky, Camp Hulen, and Amado Rodriguez, the Mexican middleweight champion.

Admission will be by war bond purchase only with seats scaled from \$25 to \$50,000. The event is sponsored by the Harris county war bonds sports activities committee composed of Sports Editors Vic Emanuel of the Post, Dick Freeman of the Chronicle and Andy Anderson of the Press.

Private Breger Abroad By Dave Breger

"You'll just hafta wait till we figure out some real dramatic rescue, so we can get the soldier's medal!"

Corporals To Collide For Title

HOUSTON, June 21 (AP)—Corporal Al Hostak of Camp Bowie and Glen Lee of Camp Claiborne collide for the Texas light heavyweight championship tonight as the top attraction of a fistic carnival that will net Uncle Sam at least \$20,000,000.

Lt. Commander Jack Dempsey of the coast guard will referee this headline bout matching the former world's middleweight champion with Lee, a leading middleweight.

Both boys will weigh in at around 165 at noon today. The winner will be recognized as state light heavyweight champion by Boxing Commissioner John Reed, who will be at ringside.

The 10-round semi-final matches Pvt. George Baratzky, Camp Hulen, and Amado Rodriguez, the Mexican middleweight champion.

Admission will be by war bond purchase only with seats scaled from \$25 to \$50,000. The event is sponsored by the Harris county war bonds sports activities committee composed of Sports Editors Vic Emanuel of the Post, Dick Freeman of the Chronicle and Andy Anderson of the Press.

Brown Of Navy Changes Stripes

By JOHN F. LEWIS
(AP) Features

ANNAPOLIS, Md.—There's a big job awaiting some Midshipman if he can make the grade, but he has to be a top-fighter.

All he has to do is become a five-striper, regimental commander and the highest honor at the U. S. Naval Academy, and besides that find time to be an All-American football player and a national weights champion in track and field.

George Cummings Brown, Jr., of San Diego, Calif., did all those things and hung up an enviable record for the boys to shoot at in years to come.

Brown, now 21, is tossing aside his "five stripes" and taking on the one stripe of an ensign in Uncle Sam's Navy and in departing the shores of the Severn is carrying with him a basket full of trophies.

The six-foot, three-inch, 195-pounder topped all his other performances when he was named commander of the Midshipmen regiment recently. He won this most coveted honor because of "his exhibition of the high quality of leadership."

Bringing with him a fine prep school record, Brown became a regular guard on the Navy football team in 1942 and was a mainstay in the line.

The gridiron wasn't enough, so Brown made his bid on the track squad. There again he was tops. In 1943 he won the I.C. 4-A outdoor shot put title and placed fourth in the national championships. This winter he captured the national indoor shot put crown.

During "Juni Week" he proudly commanded the Midshipmen regiment in the traditionally colorful dress parades and added a pair of binoculars from the Navy Athletic Association and a \$50 war bond from the Regular Veterans' Association to his growing line of trophies.

Yes, sir! That's quite a job, but in football at least Brown has a worthy follower, since Ben Chase, the other Navy guard, will captain the Middies next fall, and Chase and Brown were teammates at Hoover High School in San Diego before entering the Academy.

Together they made perhaps the finest pair of guards on any football team in the land last year.

Editorial - - - Congratulations In Order

It is difficult to know whether it is better to first congratulate city officials for shrewd handling of affairs or to congratulate the residents of Big Spring on the fact that we have just saved more than \$100,000 on the water development project.

The War Today

by Dewitt Mackenzie Associated Press War Analyst

Capture of Cherbourg, now dependent on how many Germans want to die first, will bring the Allies to a new phase of the invasion—the establishment of a continental base from which to start for Germany.

That means a concentration which quite possibly would need to occupy all northwestern France, including the Brittany peninsula (Brest) from Loire (St. Nazaire) to the present beachhead, and Le Havre, which commands the Seine basin.

Otherwise, there seems to be little anchor for the Allied southern flank as it turns for the advance into France. Hitler went through northern France in 1940 without regard for French threats on his southern flank.

There could be many reasons for recent bombings of Avranches, Laval, Rennes, Bain, and Nantes, but designs on the Brittany peninsula would be a good one.

The Loire and Seine are quite logical flanks for a drive toward Paris.

Of course the location of the present beachhead is the only indication we have that the drive will be toward Paris. The Allies still have plenty for a new landing around Calais and an ultimate campaign across the traditional battlefields of northern France and Belgium.

Both areas meet the requirements of General Eisenhower, whose only word of his plans is that he wants to get at the enemy. From this distance it appears a 200-mile front from the Seine to St. Nazaire would let us at just as many of Hitler's legions as would the more heavily fortified north.

Now is a good time to build back a healthy balance in the general fund and to stop for once and for all the shameful practice of having the State of Texas hot-check in payments of its honest debts.

That balance ought to be built up also to care for some expenditures that will need to be made by the next legislature—some of which ought never to have been cut out. We have in mind appropriations for buildings and facilities for our state hospital.

Italian prisoners of war who volunteer are to be given the opportunity to serve in service units organized on a military basis, the War Department said, which arrangement is expected to release thousands of American soldiers for other duty.

These proceedings, part of MacMurray's final picture for Paramount before reporting to 20th Century-Fox, were so ludicrous they suggested that "Murder, He Says" might be the studio's farewell "kiss of death" for the Beaver Dam, Wis., boy who has been its chief, sturdy, dependable leading man for the past 10 years.

The Unseen Audience

Air Liner Preview Of Post-War Plane

BURBANK, Cal. (U.P.)—Even the nation's No. 1 airliner must temporarily put off civilian life until the war is won.

The new Lockheed Constellation, now adopted by the Army, is the brainchild of sportsman pilot Howard Hughes, who first sketched it on his drafting board back in 1939 for Transcontinental and Western Airlines.

This new superliner offers post-war air transportation with all facilities for first-class travel. The cabin will be pressurized to keep ground-level comfort of hearing and breathing even at an altitude of 30,000 feet.

London in 13 1/2 hours. This glint will lead on the flying strip at a landing speed of only 80 miles per hour. Special flaps make extremely short landings distances possible.

Compared with the DC-3, the present popular commercial passenger ship, the Constellation's 123-foot wing spread is 28 feet longer than the rival; body length of 95 feet is 30 1/2 feet longer, and horsepower is 8,800 as against 2,400 of the DC-3.

The Constellation will take its 87 passengers and crew of seven across the continent from Los Angeles to New York in something less than 10 hours.

With Washington as home base, one will be able to go to London in 13 1/2 hours, or to Tokyo in 28 hours. These distances are so close because the Constellation will follow the course of the great circle instead of the traditional geographical routes.

High-altitude flying will eliminate many overnight stops heretofore necessary on runs to Latin America. Before the war it took nearly 71 hours to go from Kansas City to Rio de Janeiro, a distance of 7,302 miles.

Best commercial schedules before the war made the jump from Kansas City to Fairbanks, Alaska, in 72 hours. The new Lockheed liner will cut the time to less than 14 hours.

America is in for big things in aviation, and the Constellation proves they aren't just pipe dreams. Tomorrow's planes will make any place on the globe less than 60 hours from the nearest airport.

One of the Republican candidates for gubernatorial nomination, Jean Paul Bradshaw, stated very flatly the other day: "The Republicans cannot expect to win on the weakness of the Democratic party."

Mr. Bradshaw feels Missouri is one of the pivotal states and that the Republicans will have to fight every inch of the way to win.

The problem for prognosticators here as in so many states is what the war time shift in population is going to do to the vote. Missouri has "lost" about 6.4 per cent of its population, according to estimates of the War Food Administration.

RID Doing Good Job In Texas

Associated Press Regional Service WASHINGTON, June 20 (AP)—Because of their strategic location, monitoring stations maintained by the government's Radio Intelligence Division (RID) in Texas play a vital even though unheralded role in the work of countering enemy radio espionage activities.

The RID, established in 1940 within the Federal Communications Commission, has since that time operated from five to eleven radio direction finding and monitoring stations in Texas, the number varying from time to time depending upon the overall activities of the RID.

Some have been equipped with stationary direction finders used to obtain long range high frequency bearings on radio stations operated by enemy agents.

Others have been equipped with mobile units used in locating clandestine stations within the state. They have been used in patrolling along the Gulf Coast on the lookout for low power radio transmitters which, under cover of darkness, might be attempting to communicate with German submarines.

Monitors at the Texas stations, as at those in other units scattered throughout the nation, are continually engaged in a process known as "cruising" the ether. This is done by tuning from frequency to frequency in the usual radio spectrum, identifying each signal.

Location of an unidentified transmitter is made by procuring bearings on it from three, four or more long range finders, all of which are connected by teletypewriters. By plotting

their findings on a chart, the approximate source of a signal is promptly spotted. Sometimes mobile units then are called into service to determine the exact site, his charting process is done to get a "fix" on a station.

Rid men in Texas stations have been dispatched to Mexico to assist its officials in locating and investigating enemy spy stations in Mexico.

Occasionally the monitors get on the track of what appears to be attempts by the Axis to "jam" the air waves of American stations and thus interfere with reception. Usually these checkups lead to the discovering of defective radio equipment on another American transmitter.

One of the primary functions of the RID is assisting in the location of lost planes. It was by chance more or less, that this function arose. A monitoring station in Tucson, Ariz., in March, 1941, overheard messages of a pilot lost in the vicinity of El Paso, located the plane in Mexico by using his radio direction device.

Some specific instances involving activities of the Texas stations follow:

On Dec. 4, 1941, the mobile unit located in Austin intercepted transmission of an unlicensed station. Through the use of the mobile direction finder, the station was traced first to San Antonio, then to a house on New Braunfels avenue. RID men, working undercover, discreetly determined the names of the residents and traced the signal to the very room in which it originated. The U.S. marshal was contacted, a warrant sworn out, and arrests made and convictions of operating an unlicensed station obtained.

Last November a suspicious signal was detected by the Kingsville station. It bore all the characteristics of the type used by the Germans to "jam" American broadcasts. However, the "fix" showed this signal originating in

the United States, not Germany. Its transmissions interfered with government radio services and aeronautical radio sets, precipitating complaints from all over the country. The Houston mobile unit, following the "fix" of long range finders, finally discovered that a station operated by a government agency had erroneously been adjusted to the improper wave length.

Last August a Texas oil company contacted the FBI, informing them that while investigating the illegal tapping of an oil pipe line, whereby persons were stealing oil, they determined that the pipe line was being used to transmit radio messages by unknown persons. The Dallas RID mobile unit found that the pipe line was unquestionably a source of radio code transmission, but found that the original source was in Mexico City and that a peculiar characteristic of the pipe line enabled it to re-radiate the transmissions.

Washington—MISSOURI HAS THE ADVANTAGE

By JACK STINNETT ST. LOUIS.—Only a few states will have a better opportunity than Missouri to look over the field before they cast their vote in the primaries, which are August 1 here, after both national conventions have been held.

Perhaps this has something to do with the present lack of interest here on the part of voters, and conversely the fact that Missouri in recent years has rarely seen more candidates out for high offices.

Politically, Missouri is more with and kin to California than any of the states I have visited. It doesn't have California's peculiar voting laws which so confuse party lines, but it does have other confusions. For example, both senators, Bennett (Champ) Clark and Harry S. Truman, are Democrats. It has eight Republican representatives to five Democrats in Congress, and its governor, Forrest C. Donnell, is a Republican nomination for U. S. Senator.

In 1938, this border state was so predominantly Democratic that the Republicans could elect only one representative to Congress. In 1940, they were able to name only three. But that year they captured the governorship. Two years later, the balance of power for representation in Congress swung far in their favor, but they didn't control the state legislature.

This, however, was enough to give the Republicans a new lease on life and has resulted in bringing out a whole battalion of candidates for the nominations in both parties.

The situation is further complicated by a split in the state Democratic party, with the Pendergast and anti-Pendergast Democrats having candidates in the field for several important offices. Observers in Kansas City and here, however, say that regardless of who wins the nominations, the Democrats will undoubtedly present a solid front in November.

Recent polls have given the edge here to Gov. Thomas E. Dewey, if he opposes President Roosevelt in the general election, but neither impartial observers nor politicians feel positive about it.

Hollywood—MacMurray Is A Horizontal Star

By ROBBIN COONS HOLLYWOOD.—Fred MacMurray was flat on his back—again.

The horizontal star—Fred has played some of his best comedy scenes on the floor, under tables, or under office desks—was recurrent for the hillbilly comedy, "Murder, He Says." He was faking a death scene under the callous gaze of mountaineers Marjorie Main, Peter Whitney, and William Hall while Helen Walker, a city person like Fred, heard the "dying" man accuse her of poisoning him.

Afterward, Marjorie Main instructed Whitney to pitch the "corpse" down the cellar, and Whitney, with some assistance, did so. They placed MacMurray's body on one end of a teeter-board out of camera range, and three crewmen jumped on the other end.

These proceedings, part of MacMurray's final picture for Paramount before reporting to 20th Century-Fox, were so ludicrous they suggested that "Murder, He Says" might be the studio's farewell "kiss of death" for the Beaver Dam, Wis., boy who has been its chief, sturdy, dependable leading man for the past 10 years.

Farms & Ranches

MEXICO CITY, June 21 (AP) — Strife between two rival railway unions held up the passenger train of the Mexican Railway Workers Union and the Brotherhood of Train Operators and Boiler Repairmen yesterday.

Leaders of the latter said their strike was in protest against what they called partiality shown to their rivals.

STRIKES SETTLED

MEXICO CITY, June 21 (AP) — Two important settlements of strikes against mining companies were announced officially yesterday. The strikes ended by separate agreements between the companies and their workers were those of the Potosi Mining Company, of Chihuahua and the Compania Minera Real Del Monte y Pachuca, of the state of Hidalgo.

Have a "Coke" = It's gey braw

(SWELL OCCASION)

...or celebrating a Scotch ship-launching

Gey braw are the Scotch words for it at Clydebank when a new carrier goes down the ways. Your American celebrates it with his familiar invitation, Have a "Coke". It's a phrase of friendship that is heard wherever American is spoken—a cordial gesture that brings people together. In many lands around the globe, Coca-Cola is spreading the custom of the pause that refreshes,—has become a symbol of refreshing good will, just as it is when you serve it at home.

Coca-Cola
the global high sign
"Coke" = Coca-Cola
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

It's Early Yet, But— Christmas Gifts Must Be Mailed Between Sept. 15 And Oct. 15

June may be a little early to start talking about Christmas, but—

"The postoffice department has begun talking to me about it, so the boys overseas will get their mail promptly," Nat Shick, Big Spring postmaster, said. Shick has been advised that Christmas cards and parcels for personnel of the armed forces overseas will be accepted between Sept. 15 and Oct. 15, inclusive, "the earlier the better."

Arrangements were made by the postoffice department in co-operation with war and navy departments for acceptance of parcels for service personnel serving outside the continental United States—those receiving their mail through an A.P.O. or fleet post-office in care of the postmaster at New York, San Francisco, New Orleans, Seattle, Miami, Presque Isle, Maine, Minneapolis, or through a naval installation or station in care of the Seattle postmaster.

Christmas greeting cards for soldiers overseas must be sent in sealed envelopes and prepaid at first-class rate.

No requests from addressees are required for mailing of Christmas parcels to army personnel during that month. Parcels should be endorsed "Christmas Parcel." Parcels are not to exceed present limits of five pounds in weight or 15 inches in length or 36 inches in length and girth combined.

"These departments have pointed out also that members of the armed forces are amply provided with food and clothing and the public is urged not to include such matter in gift parcels," it was stated. "Not more than one Christmas parcel or package shall be accepted for mailing in any one week when sent by or on behalf of the same person or concern to or for the same addressee."

Parcels will be accepted until Dec. 10 for army personnel leaving for overseas just before or after Oct. 15, upon representation

of change of address notification received before Sept. 30.

Other information was presented regarding preparation of packages, which are to be packed in boxes of metal, wood, solid fiberboard, or strong double-faced corrugated fiberboard reinforced; stating that perishable matter will not be accepted and sending of fragile articles should be discouraged; listing prohibited articles as intoxicants, inflammable materials and poisons, or compositions which might will or injure or damage mails; and regarding addresses.

TIMELY TUMBLE

SHENANDOAH, Ia. — Water Commissioner Nye had a lucky fall.

Nye dislocated an arm and was taken to a hospital where a doctor was summoned, the operating room and anesthetic prepared.

Just as he was getting onto the operating table he slipped and the injured arm snapped back in place.

Four Years Ago

By The Associated Press

June 21, 1940—Peace negotiations between France and Germany begin in Compiègne Forest in railway car where Germany signed armistice ending first world war; Hitler is present. British planes attack Calais and German coastal guns which can hurl shells across 20-mile wide Dover Strait.

One Killed And Four Injured In Accident

GALVESTON, June 21 (AP) — One person was killed and three were injured when a car, driven by Dr. E. C. Stoeltse, Rosebud, was in collision with a truck near Hitchcock in Galveston county yesterday.

Dr. Stoeltse was killed. His wife suffered a broken leg, ankle and arm and their 9-year-old grandson, Joe Stoeltse, was treated for lacerations and bruises. The driver of the truck was injured slightly.

The word curfew is taken from the French words couvre feu, meaning cover the fire.

BILL SHOWS PREFERENCE
WASHINGTON, June 20 (AP)—The house today sent to President Roosevelt legislation giving preference to government employment to honorably discharged veterans, their widows, and the wives of disabled veterans.

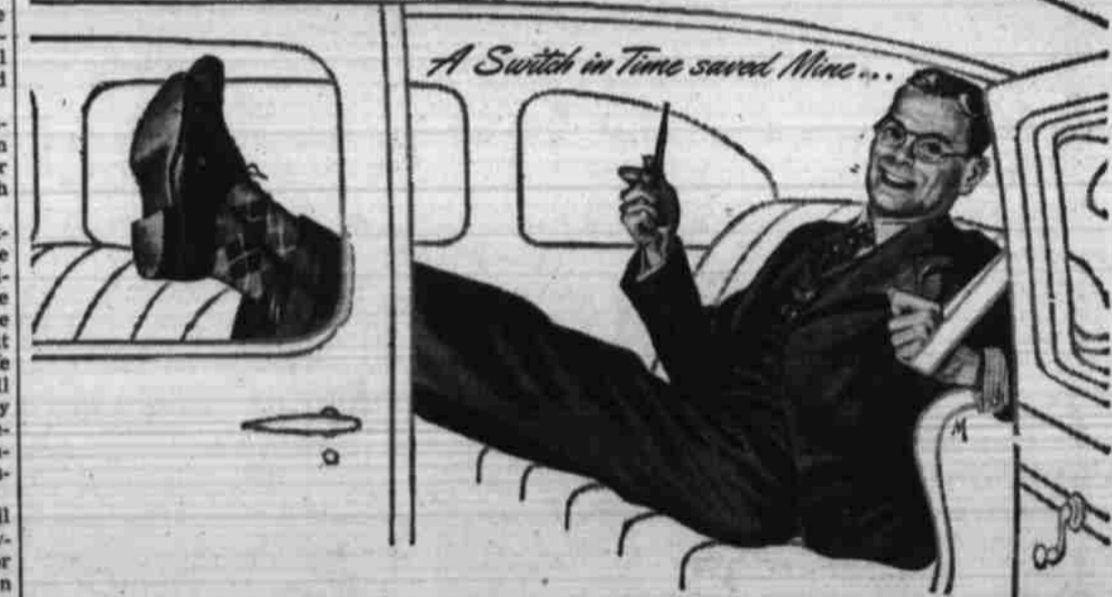

chairman of the resolutions committee.

VFW Convention Begins In San Antonio Today

SAN ANTONIO, June 20 (AP)—The three-day convention of the 24th annual department encampment of the Veterans of Foreign Wars gets under way here today. Two thousand veterans are expected to attend.
Dr. D. S. Meyers, San Benito, is department commander and Sgm Metz, of McAllen, chief of staff. Roger Q. Evans of Denison is

HOUSE AGREES TO MAINTAIN PROJECT

WASHINGTON, June 21 (AP)—The house, by a 296 to 43 record vote, receded today from its insistence upon the abandonment of rubber production from the Guayule shrub of the west, and agreed with the senate to maintain the project for another year. This action virtually assured \$3,020,984 for the cultivation of the 32,000 acres of guayule in the next fiscal year.

I'll predict no-miles-an-hour.

I'll hand it to folks. They've had the patriotism to hold down their speed. But imagine war restrictions ended. Man, you'll see old cars overdoing till they can't chug another mile. You'll see every repair shop crowded for months, but I'm figuring to duck that! Of course, I couldn't see everything coming when I originally had this engine OIL-PLATED. I'd simply overheard that any engine forms dangerous corrosive acids. It made sense to try protecting the engine by OIL-PLATING it with Conoco Nth motor oil. I switched to Nth. You can suit yourself about thinking it's the only oil or not, but first read

the whole label. You'll see where Conoco Nth oil's special synthetic fastens OIL-PLATING to your engine's fine inside finish. Then OIL-PLATING is really sort of a special surface to block steady acid corrosion. When repairs might be just a promise, and you can only pray for a new car, you're way ahead with your engine safely OIL-PLATED by Conoco Nth.

CONOCO Nth
MOTOR OIL
