## LEEVE BREAK FLOODS VALLEY NEAR MISSION

Crest of Flood Passing Laredo;  
3,000 Men Fail to Hold  
Water.

**EAGLE PASS, Texas, June 20.**—After reaching a stage of fifty feet—the highest in fifty-six years—the Rio Grande was falling slowly here this morning. At Laredo, below here, it is still rising at the rate of one foot an hour and the crest is expected to pass there about 1 o'clock in the afternoon.

Hardly had the crest of the flood been reached when the valley towns were threatened with a new danger through the breaking of a levee near Mission. Despite the efforts of more than 3,000 volunteers, the earthworks gave way, allowing water to sweep over an area of several thousand acres. No lives were lost in the overflow.

Reports dribbling across the river from Piedras Negras tell of intense suffering among the refugees. With the main source of food cut off with the destruction of the bridge to Eagle Pass, the inhabitants are facing starvation in addition to the peril of the flood. Losses of life on the Mexican side of the border could not be determined as yet, due to crippled communication lines, but is expected to be heavy.

## LARGE LOSS OF CROPS IN HIDALGO COUNTY

**BROWNSVILLE, Texas, June 20.**—A telephonic survey of the lower Rio Grande valley between Brownsville and Rio Grande City early today indicated there was little change in the situation, with the exception of an extension of the inundated area along the lowlands in southern Hidalgo county, and probably further losses to growing cotton. Similar conditions exist on the Mexican side, where much cotton and corn is raised.

## RIO GRANDE FLOOD COVERS NEW INTERNATIONAL BRIDGE

**LAREDO, Texas, June 20.**—Hundreds of Mexicans were rendered destitute, stores of houses were washed away, and the Laredo light plant was put out of commission and additional territory was inundated when the Rio Grande reached a crest of forty-five feet at 9 o'clock this morning. Offices of the government departments were flooded and at 9 o'clock but a few inches of the balustrade of the new international bridge was visible above the water.

## HANDS AND FEET OF BOY BOUND IN BURNING PAPER

**DAYTON, Ohio, June 20.**—Accused of tying the hands and feet of her seven-year-old son and binding them with newspapers as well as rope and then setting fire to the papers, Mrs. Julia Lorraine, 30 years old, has been ordered before Juvenile Judge R. W. Baggott, charged with cruelty.

Charles Rayburn, humane officer, who investigated the case, declared it the worst case of cruelty to children that ever had come under his observation.

It is charged by Rayburn that the mother tied newspapers around the arms and legs of the seven-year-old boy, Michael, set them afire and then pressed another burning newspaper against the boy's body and his hair.

Mrs. Lorraine, it is alleged, offered as a defense that she used this drastic method of making her child obedient.

## SEIZED PROPERTY OF GERMANS TO BE RETURNED

**WASHINGTON, June 20.**—Legislation is being prepared which will return to approximately 30,000 Germans and Austrians property taken during the war by the alien property custodians to the amount of \$10,000 or less, it was announced today at the White House.

The President, with the department of state and justice, will recommend that alien owners of seized property valued at more than \$10,000 shall be entitled by the legislation to receive if necessary part payments ranging up to the \$10,000 limit.

**WOMAN'S SLAYER GETS LIFE.**  
JACKSON, Mich., June 20.—S. G. Straube, confessed slayer of Alice Mallett, pleaded guilty to first degree murder in circuit court here today and was sentenced to solitary confinement at hard labor for life.

## MINNESOTA WOMAN NOMINATED BY DEMOCRATS FOR U. S. SENATE

**ST. PAUL, Minn., June 20.**—With the outcome of the majority of the Republican primary campaigns determined, interest in Monday's elections turned to the race Mrs. Anna Dickey Olsen made for the Democratic senatorial nomination. The campaign of Mrs. Olsen is said to be the first ever waged by a woman for the senatorial nomination of a majority party, and in Mrs. Olsen's case, she had the indorsement of the Democratic convention.

With 387 precincts reported today on the Democratic vote, Mrs. Olsen had 4,968 and Thomas J. Meighan 3,393.

Additional returns strengthen the leads of Senator Kellogg, Governor Frues and other candidates indorsed by the Republican state convention.

## STARNE'S FAILS TO FILE NAME AS CANDIDATE FOR RE-ELECTION

County Democratic Committee Refuses to Use Pledge Adopted  
By State Committee; Faircloth and Webb Not to Make  
Race; McFatter Gets Last Minute Opponent.

County Judge C. R. Starnes, Commissioner E. H. Webb and Constable R. L. Faircloth of the Ranger precinct will not be candidates for re-election, it was finally disclosed yesterday when the county Democratic committee met at Eastland and allotted places on the ballots to the various candidates.

Several withdrawals from the present list are rumored, including two in the list of candidates for sheriff, and in this event the committee will raise the individual assessments on the respective offices proportionately, it was announced, in order to raise funds for the estimated cost of the election.

**Candidates Must Ate.**  
The double primaries this year, will cost more than ever before, the committee decided in fixing assessments on the various candidates and drawing for places on the ballot. The increased number of voters and the fact that good men must be secured as election officials and clerks, even if it costs more to obtain their services, governed the executive committee in determining upon the "ante" that each candidate must pay in to the committee by July 10.

The committee adopted the pledge provided under the statutes, reading: "I am a Democrat and will support the nominees of the primary election." Chairman Oscar F. Chastain in putting this matter before

the committee declared that he felt that the action of the state Democratic committee in seeking to prevent anyone voting in the primary was taken without authority of law.

Constable R. L. Faircloth of Ranger, who was among the eleventh hour withdrawals, explained that ill health impelled him to take this action and that he was withdrawing in favor of no one else.

Milton J. Lyman of Ranger was a last moment entry into the list of candidates, he filing for justice of the peace, precinct No. 2, justice of the peace, precinct No. 2, in opposition to Justice J. N. McFatter, candidate for re-election to his second term. No candidate filed against Roger Fenlaw, seeking his second term as justice of the peace, precinct No. 2, place No. 1.

The committee meeting was called to order with a majority present and committees appointed to place the names of the candidates on the ticket by lot and to decide upon the assessments. The chairman explained that it was felt that the assessment should be determined upon the salary of the office and this was unanimously agreed upon by the committee. In the case of candidates without opposition, a higher assessment was entered. The committee was likewise unanimous in its decision to hold two

## Didn't Own Garage, Atwood's Defense in Liquor Raid Trial

Defendant Uses Only Four of Thirty-Seven  
Witnesses; Arguments Delivered This After-  
noon; Case Will Go to Jury by 5 O'Clock

Special to the Times.

**EASTLAND, June 20.**—Of the thirty-seven witnesses summoned by the defense in the case of Harry Atwood, charged with possessing intoxicating liquors for sale, only four were placed on the stand this morning after the state rested. The examination of these four was completed before noon and the defense rested. "Noisy" Watson, formerly of Ranger, now of Pioneer, was one of the many not called to testify.

The defense of Atwood was that he does not have possession of the premises where the liquor was found, all four witnesses' testimony being along that line.

Their introduction followed closing evidence by the state to prove possession by Atwood of the garage in which the liquor was found.

**Atwood Paid Bill**  
W. B. Poole, first witness for the state when court opened this morning, testified that he had built the garage behind Atwood's "old place" on Pine street and that it was later moved to the rear of the Elite rooms. He declared that Atwood paid him for building the garage.

George Hemmingson, city secretary, testified that W. B. Poole had applied for a building permit for the garage in the name of Atwood. He was not permitted to testify as to the removal permit, as he had not made it out and was merely the custodian.

H. S. Cole was again called to the stand and during the course of his examination, Attorney Burkett for the defense asked him:

"What interest have you in this case?"

"The interest of a good citizen to see that the law is enforced," Mr. Cole replied.

Burkett attempted to compare the liquor violations with the operation of Sunday shows but was overruled on the state's objection.

**Junk Company Blamed.**  
With these witnesses, the state closed its case and J. F. Duncan, an Eastland abstract man, was called by the defense. Duncan testified that Lots 13 and 14, adjoining the Elite rooms, were leased to the Ranger Junk & Supply company in October, 1919, for four years. It was the contention of the defense that the garage was on the junk company's property.

H. H. Gragg, Ranger blacksmith, then testified, as proof of the fact that Atwood did not own the garage, that he himself had used it for his car.

Just Used It?

Questions revealed that he did not remember from whom he had gotten permission to use it, and didn't know the garage was built close to the Elite rooms.

Harvey Wells of Pioneer testified that he had used the garage once, thirty-five or forty days ago. At the time he said, there was a big car also there, and a man who offered him a drink. He took the drink. Wells also was unable to tell who had given him permission to use the garage; neither could he remember who had given him the drink.

Sergeant J. H. Daniels of the Ranger police force was the last witness. He testified that he had seen junk scattered over the premises adjacent to the Elite rooms. Seemingly the result of his testimony was to bring out that the premises belonged to the junk company. However, Daniels also testified that the garage was "jammed up" against the Elite rooms, or the Hub, and until recently was connected with the other building by a fence. This fence has been removed since the raid.

When the defense rested at 11:45, the jury was excused until 1:30 p. m. Judge Davenport began work on his charge, and it is expected that the charge will be delivered and the arguments begun shortly after 1:30, though the state has one more witness to introduce.

The case probably will be in the hands of the jury by 5 o'clock.

Following H. S. Cole on the stand yesterday afternoon were Roy Jameson, E. D. Finney, O. D. Dillingham, and L. R. Taylor, who testified as to the events leading up to the raid, the raid itself and its results.

Testimony to prove Atwood's ownership of the garage in which the liquor was found was given by Ben Owens and George A. Gray.

Gus Coleman, Karl Jones, Casey Agrellius, John Reuser, Fred Sidell, Bert Kunkle, Roy Wall and Ed Huddell testified to liquor sales by Atwood.

One witness when testifying to the purchase of a bottle of choc beer was asked:

"Is that intoxicating?"

"It's the first time I ever heard it wasn't," he replied.

Another, who told of he and a friend purchasing liquor at the "old place" on Pine street, was asked how he knew it was Atwood's place.

"He took the money," was the reply.

## FORD'S OFFER CALLED 'FRAUD' IN NEW REPORT

Five Republicans Join in De-  
nouncing Muscle Shoals  
Proposal.

**WASHINGTON, June 20.**—Henry Ford's offer for the purchase and lease of the government's nitrate and power project at Muscle Shoals is called a "fraud" and "an outright attempt to rob the government," in a report filed with the house today. The report was filed by five members of the military affairs committee.

The report denounces the Ford bid in the strongest and bitterest terms and urges congress to urge the secretary of war to call for new offers. The report is entitled "The Truth About the Ford Offer." It is signed by Representative Kerans of Ohio, Frothingham of Massachusetts, Crowther of New York and Morin and Origo of Pennsylvania, all Republicans. Republicans Kahn of California, Ransley of Pennsylvania, and Parker of New Jersey, it is said, will sign the report later.

Filing of the report revealed a more serious opposition than had been counted on from Republican members of the committee.

**U. S. "Loses All"**  
The substance of complaint in the report is that "the government loses all and gains nothing" under Ford's offer, which the report declares has been misrepresented to the country by one of the most insidious campaigns of propaganda in the history of the country.

Ford himself is called a "dreamer" and his proposition "frenzied finance."

The report recommends the Alabama Power company's offer of \$2,500,000, reported to have been made for the government's interest in the government steam plant, calling it one of the best bargains the government has been offered for any of its war properties.

## BLANTON WILL MAKE ADDRESS HERE JUNE 28

Congressman Thomas L. Blanton of Abilene, candidate for re-election, will speak in Ranger on Wednesday, June 28, he announces this morning in a letter to the Times. The place will be announced later.

The many attacks made upon him in congress and why certain leaders want to get him out of the house of representatives will be fully explained, Mr. Blanton says.

## LEASES ARE ACTIVE IN MITCHELL COUNTY

**COLORADO, June 20.**—The major and active independent companies have leased by far the greater part of the western half of Mitchell county. The California company has perhaps the greatest amount of acreage under lease for actual development purposes. The Magnolia company, the Gulf Production company, the Texas company, the Sun company, the Humble Oil and Refining company, the Fensland Oil company and the Colorado-Texas Oil company are heavy leaseholders.

Many of the independent companies have large holdings and plans are being made to develop the greater part of the properties. Mitchell county has become one of the most promising fields discovered in Texas. It is estimated that \$500,000 has been spent for leases in the western part of the county during the past thirty days.

## MOTHER FINDS CHILD AT PLAY WITH SNAKE COILED TO STRIKE

**COLORADO SPRINGS, Col., June 20.**—The sight of her 1-year-old daughter playing on the kitchen floor with a coiled rattlesnake a few feet distant, confronted Mrs. William Bryant of Yoder, twenty miles east of here, recently.

Mrs. Bryant jumped over the snake, grasped her child and ran into another part of the house. She returned a moment later with a club and beat the reptile to death.

## QUANAH WOMAN AND MAN SLAIN IN DEATH PACT

Dying War Vet Confesses  
Shooting Companion and  
Then Himself.

**QUANAH, Texas, June 20.**—Authorities are today investigating the shooting to death of Mrs. Lillie Birdwell and the fatal wounding of Joe Graham near here yesterday. Graham died several hours after being found.

A service car driver reported to officers that he had driven the couple into the country and that he had been compelled to leave.

Graham made a statement just before he died. According to Graham's statement, the shooting was the result of a death pact. He stated he shot Mrs. Birdwell and then turned the gun on himself.

**QUANAH, June 20.**—Mrs. Lillie Birdwell was found dead and Joe Graham seriously wounded in an automobile about five miles from town, about 9 o'clock Monday morning. Mrs. Birdwell had been shot twice and Graham once.

The couple was found by Charles Gravelly, a farmer who lives about five miles from town, after he had heard shots in the road near his field. Sheriff Gober was notified and Graham was rushed to a hospital here, where it was found that a bullet had pierced his left lung. Physicians believe that he has a chance to recover.

According to the story told the officers, the couple hired a service car driver to take them to the country. After they had gone three miles, they forced him to leave the car, officers were told, and they drove on two miles farther, where they were later found.

Both Mrs. Birdwell and Graham had lived here for some time. Mrs. Birdwell making her home with her sister, Mrs. Avery Wood. Graham is about 25 years of age. He is an ex-service man and was gassed while in the service in France. Mrs. Birdwell was also about 25 years of age.

## HAGUE CONFAB READY TO TALK WITH RUSSIANS

By United Press.

**THE HAGUE, June 20.**—Russia today will be invited to send representatives to the conference at The Hague. Representatives of the powers gathered here today and drafted a communication to the soviet government informing it of the preliminary decisions of the conference, the personnel of the various commissions that have been set up, and asked for spokesmen to appear on June 26, to help "solve the Russian problem."

However, this communication does not provide any formal basis for discussion, first, because the allies are not yet agreed on these matters, themselves, and second, because Great Britain objects to any set terms, as proposed by France. She fears the Russians would regard such terms as an ultimatum and assume a defiant attitude.

## REFORM RUINING THE CONSTITUTION, WEEKS DECLARES

**CLEVELAND, June 20.**—Secretary of War John W. Weeks declared in an address here at Western Reserve university that he was "greatly disturbed by the departure in recent years from the government of the Constitution to other forms of government which have a decided tendency toward complete social democracy." He said the Constitution meets the needs of the country as well today as when it was written and declared amending it in its basic policy of government has been a failure. He added:

"We have in this country a large number of reformers, many of them professional reformers, who are trying to reform everything and everybody and offering panaceas guaranteed to cure all ailments of the body politic and many fancied ailments. A legislator should resist all such schemes to the point of being reactionary."

## PRINCE RETURNS FROM TRIP TO EAST

By Associated Press.

**PLYMOUTH, England, June 20.**—The Prince of Wales will arrive here on his return trip from India and Japan this evening aboard the battleship Renown.

## CANTON BOMBARDMENT ENDANGERS AMERICANS

By Associated Press.

**PEKING, June 20.**—Three American buildings at Canton were struck by shells during Sunday's bombardment of the city by gunboats of Sun Yat Sen, the South China leader, who has been trying to recapture his stronghold.

J. T. Schurman, American minister, has asked Admiral Strauss to rush protection to Canton and American gunboats are expected to proceed there. Word that Americans in Canton were in danger was received today in a message from the consul. The extent of the damage to American property was not asked. The consul protested against indiscriminate firing.

## GIRL INJURED WHEN TRUCK SMASHES AUTO

**BRECKENRIDGE, June 20.**—Miss Mary Jones is in a hospital here as a result of injury received in an automobile wreck. Miss Jones was in a roadster, which collided with a two-ton truck.

## DUBLIN MAYOR TEARS MASK FROM KLANSMAN

**DUBLIN, Texas, June 20.**—As sixty-five klansmen, carrying the flaming cross, marched down the main street of Dublin Saturday night, Mayor J. S. Daley went up to one of the marchers and, after two attempts, unmasked him.

The marcher has not been identified. Outside of this incident the parade went smoothly, one of the largest crowds ever on the streets here witnessing the maneuvers.

COMMON LABOR UNION'S SCALE IS SET AT \$3.50

A \$3.50 wage scale fixed for common labor Sunday afternoon at the meeting of the Workingmen's Union will go into effect July 3, it is announced. This amount, it is explained, is the prevailing wage paid by the operating companies here for labor, while more is paid for labor sent to the field daily for work. Public support is solicited by the organization for a living wage for every man, the officers announce. Most employers, they state, are willing to adopt this wage minimum.

STREET CAR CHECKS GOOD 'MOST ANYWHERE

ST. LOUIS, Mo., June 20.—St. Louis street car tokens are good on Denver cars. Likewise Nashville and Omaha discs are accepted for trolley rides in St. Louis. A Denver visitor recently boarded a car at the union station, reached in his pocket and deposited a token in the fare receiving box. "I beg your pardon," he apologized to the conductor, realizing he had tendered a Denver check. "That's O. K.; we take 'em all," replied the rear door guardian, as the Denver stranger joined his St. Louis cousins in the box. Every day the United Railways company here takes in tokens sold by companies in other cities and daily redeems its own metal checks, accepted as fare by street railway systems of other cities. Through an arrangement the electric railways of the country interchange their tokens paying and receiving the face value of metal tickets. In an assortment from one day's collections were tokens from Dallas and Austin, Texas, East St. Louis, Ill., Kansas City, Alton, Pittsburgh, Springfield, Mo., Springfield, Ill., Nashville, Omaha, Council Bluffs, Denver, Colorado Springs, Oklahoma City and Quincy, Ill.

The Bantam Champ MANSFIELD, Ohio, June 20.—What is believed to be the smallest babe ever born in Richland county has arrived at the home of Mr. and Mrs. Paul Gages, living in Springfield township. The babe weighed one pound and seven ounces at birth and was perfectly formed. A teacup slipped over the babe's head without touching and the child's body measured only a fraction over nine inches in length. The attending physician says the girl baby will live.

CHICAGO LABOR BOSS IS GIVEN YEAR IN PRISON

Fred Mader Convicted of Calling Strikes to Extort Money.

CHICAGO, June 20.—Fred Mader, president of the Chicago Building Trades council, today faced a sentence of one year in the penitentiary and payment of \$1,000. He was convicted by a jury at mid-

night on charges of conspiracy to halt construction on the Drake hotel and conspiracy to extort money through calling of strikes.

POLICE CALLED TO AID COUPLE CATCH TRAIN

FORT WORTH, June 20.—Emergency officers were rushed to the Hebrew institute Sunday night about 9:30 o'clock to aid a young married couple who wished to catch a train. The couple's friends decided that the bride and groom would not catch the train. A close friend of the groom went to a telephone and asked the assistance of the police in aiding the newlyweds in getting off on their honeymoon.

SENATE TABLES BONUS BILL FOR SOLDIERS

By Associated Press.

WASHINGTON, June 20.—An effort to get the soldiers' bonus bill before the senate today failed when the senate adopted the motion of Senator Watson, republican, of Indiana, to lay on the table a motion by Senator Walsh, democrat, of Massachusetts, to displace the tariff bill with the bonus. The vote was 51 to 22.

EARTH IS HOLLOW!

WIER, Kan., June 20.—The Rafferty farm, seven miles southwest of this little Cherokee county town, has been the scene, attracting inquisitive hundreds, of a phenomenon of nature—a cavern seventy feet deep and 90 feet across—which appeared suddenly a few days ago.

The cracked condition of the earth near by portends another cave-in, observers say.

At the bottom of the pit there is a small pool of water, which rises and falls at intervals. Persons who have experimented declare that a sinker let into this pool by means of twine failed to reach bottom.

All the earth which went down has disappeared completely, as well as a tree, forty feet in height, which, it is said, stood on the ground. Naturalists express the belief that the cave-in was caused by an underground river or lake.

But the generous use of ice makes it much easier to bear, and (come to think of it) ice costs you only 12 per cent more than drinking water—and think how a good, cold, home-made lemonade tastes on these sultry days.

Besides you must safeguard your health. Your food must be kept cool, for decay sets in far below the present atmospheric temperature. Baby's milk must be kept right.

Ice cold salads and frozen deserts are the things with which to combat a grouch in hot weather, and the added enjoyment makes you forget about the small extra cost of serving it cold.

### WARD-EVERETT.

On Wednesday evening at the home of the bride's mother, Mrs. E. R. Everett, of Belton, Miss Gladys Everett was married to J. W. Ward of this city. The wedding ceremony was performed on the lawn of the Everett home, where an improvised altar had been erected in the midst of a group of forest trees. Rev. J. A. Whitehurst of the Methodist church performed the beautiful ring ceremony. Prior to the wedding service Miss Lucile Garrison sang "My Dear," and Miss Both sang "Because." Mendelssohn's Wedding March was played by Misses Horan and Renah Guffy, piano and violin. Mrs. Leland D. Matthews of Stamford was matron of honor, and entered first, followed by the maids of honor and the groomsmen. L. S. Everett, Jr., nephew of the bride was the ring bearer. The groom's best man was Mr. Lee Ackers of Ranger. Two tiny flower girls preceded the bride to the altar, she entering on the arm of her brother, Mr. L. S. Everett. The bride was charmingly gowned in a gown of white chiffon and organza, trimmed in handsome imported medallions, with a head-dress of orange blossoms, which caught the long veil at both sides.

After the ceremony a lovely luncheon was served consisting of fruit punch and chicken sandwiches. The bride's cake was decorated in white with roses and lilies of the valley in pale green and white frosting. On top of the cake was a miniature oil derrick, signifying the great West Texas oil industry, in which Mr. Ward is interested. The bride is the only daughter of Mrs. E. R. Everett of Belton, and well known in Belton and Ranger, where she has been teaching for the past two years. Mr. Ward is the son of Mrs. Loretta Ward of Georgetown, Pa., and is connected with the Texas and Pacific Coal and Oil company, and counts his friends in Ranger by the scores.

The young couple were met at the train on their arrival here last Friday night and received the usual ovation accorded all newlyweds coming to the oil fields.

### B. Y. P. U. PARTY.

All young women and young men

of the East Ranger Baptist church with their friends, are invited to a B. Y. P. U. social Thursday evening at the church.

### ICE CREAM SOCIAL.

The ladies of the Christian church will give an ice cream social on the lawn of the P. F. Davis home, 1002 Young street, Thursday evening, to which the public is cordially invited.

### PURELY PERSONAL.

Mrs. Walter Murray and children have returned from a short visit in Fort Worth. They were accompanied home by Mrs. W. A. Hotman, Mrs. Murray's sister, who will visit here for a while.

Master John Williams, son of Mr. and Mrs. Virgil Williams, has returned home from a month's visit to his grandparents in Missouri.

Miss Clara Shipp has returned from a week's visit to Jayton. Miss Ada Lou Fowler, of that city, accompanied her home and will visit here for a week.

### FALLING WEIGHT KILLS YOUNG MAN AT ABILENE

ABILENE, June 20.—Tom Oakley, 19, workman in the Lee Grain elevator, was killed here this morning when a 32-pound weight fell from the top of a shaft and struck him on the head.

The weight fell a distance 110 feet, killing him instantly. He is survived by a brother here and his parents of Mansfield.

### MCCORMICK OPERATION CONTINUES A MYSTERY

CHICAGO, June 20.—The veil of mystery drawn about an operation performed last Monday on Harold F. McCormick, chairman of the executive board of the International Harvester company, remained as impenetrable to-night as it was three days ago, when word of Mr. McCormick's illness first became public.

Members of the family visited the patient during the day, but refused to discuss his condition or comment on widely-published reports that Mr. McCormick had been the subject of gland transplantation operation.

No confirmation or denial could be obtained of published reports that Mr. McCormick contemplated departing some time this week for Europe.

### MURDER CHARGED TO SHOWMAN'S WIFE

Mrs. Doris Brunen. Charles M. Powell. Charles M. Mohr.

Mrs. Doris Brunen, widow of John T. Brunen, owner of the "Mighty Doris & Colonel Francis Ferrari Show," has been arrested, charged with complicity in his murder. Brunen was shot to death through a window of his home at Riverside, N. J., on March 10. Charles M. Mohr, his brother-in-law, and Charles M. Powell, who was once connected with Brunen's shows, were already under arrest. Powell is said now to have confessed he killed Brunen at the instigation of Mohr.

### 300 ENGAGE IN FATAL RIOT BY EXCURSIONISTS

WASHINGTON, June 20.—Bootleg whisky and a girl are said to have been the cause of a riot aboard the steamboat Charles McAlester as a result of which one man was killed and a score injured, four of them seriously. A large party of Washington highschool students on an excursion with their girls, joined in the melee.

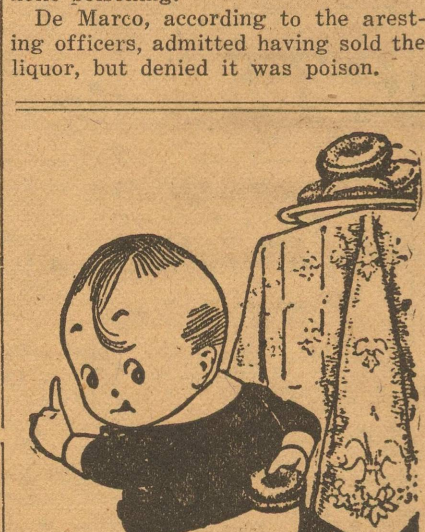

Approximately 300, boys chiefly, engaged in the fight, which took place while the steamboat was on its way from a summer resort along the Patomac to Washington. The steamboat was carrying two excu-

sion parties, one conducted by the Technical High School Alumni association, of Washington, and the other by the Railway Mail Clerks' Union, of Alexandria, Va.

Fights had been sporadic during the night at the resort and the battle on the steamboat was a continuation. It was waged on lower decks, while women hovered above, screaming.

Louis P. McCormack, 20 years old, Washington, was stabbed. He was taken off the boat at Alexandria, and died five minutes after reaching a hospital. Four others were injured seriously, cut or hit with bottles.

Federal prohibition authorities took cognizance of statements that most of those who engaged in the fighting were drunk, and they sent agents to the resort to "clean up" bootleggers. Whisky was being sold by passengers aboard the steamboat, according to reports. The resort is said to have been a haven for bootleggers, who deal chiefly in Virginia corn whisky.

**PURE FOODS**  
Housewives that realize the value of pure foods—that take special pride in uniform and wholesome bakings, never fail to use

**CALUMET BAKING POWDER**  
You have positive proof of the purity—contains only such ingredients as have been officially approved by the United States Pure Food Authorities.

Contains more than the ordinary leavening strength—therefore you use less. It goes farther—lasts longer. That's why it is used by more leading Chefs, Domestic Scientists, Restaurants, Hotels, Railroads than any other brand on earth.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

"Yes—that's Kellogg's Corn Flakes, little sister! That's the good kind that most folks around here eat and eat it! And, I guess it's those Kellogg's Corn Flakes that put those big roses in your cheeks—don't you say so, sister!"

**Blame mental fatigue on over-eating!**

**Kellogg's CORN FLAKES**  
are the ideal summer diet!

Over-heavy foods cause more illness during the summer weather than any other thing you do! Avoid that sluggish, sleepy feeling by simplifying your diet. Men, women and children will work and play and sleep better if they'll switch-in on Kellogg's Corn Flakes and plenty of cold milk and delicious fresh fruit now in season!

Kellogg's are wonderfully refreshing—and nourishing—and always mighty crisp and delicious for any meal. For hot days, Kellogg's Corn Flakes simplify breakfast and lunch—and they're just great served as a dessert with fresh fruit and cream! Kellogg's Corn Flakes digest quickly and easily and rest the stomach.

Be certain to get Kellogg's—the original Corn Flakes in the RED and GREEN package which bears the signature of W. K. Kellogg, originator of Corn Flakes. None are genuine without it!

### LEFT HANDED KINKER WIELDS WICKED WILLOW

"Old Folks" Morton Drives in Three Runs, Fans Fourteen Nitros.

One Roy Morton, a gamarled, superannuated left handed pitcher of some 34 summers, spoiled a perfectly good baseball story yesterday.

It had been all framed up as to how things should happen. Pyle was to be walked every time up. And about the seventh inning, with the Nitros two runs behind, the Stamford hurler was to pass the prize peler, with the bases full, to get at Craig.

The result was, that the Nitros'

of them a gift, while the Colonels were pounding Red Roberts for geordarndest was two runs, 50 per cent geous clusters of knocks and won easily, 7 to 2.

Close All the Way. At that, the Monday matinee was well performed and except for the manifest inability of our Nitros to connect with Morton's hooks was closer than the score indicates.

Though Red was the victim of an exuberant batting outburst, he had a lot of bad luck, which aided mightily in changing the aspect of that ball game.

Ball Wouldn't Bounce. The Colonels' first pair of furs were cleanly scored on hits by Sloan, Stewart and Morton himself.

Those four runs were enough to decide the matinee, though the Nitros had reacted to both rallies with a one-run imitation.

That ended Nitro scoring for the day, but the Colonels got busy in the ninth, the pesky Morton opened with a fly to center, on which Craig made a great run but could only touch the ball.

And Some Comedy? A goodly number of the fair fans accepted the invitation to "ladies' day," and presumably for their benefit, the Colonels injected several bits of alleged comedy into their performance.

Summary—Two-base hits, Flagg, White, Sloan, Hoffman, Norton; stolen bases, Stewart, Edwards, Dockery, Williams, struck out by Roberts 8, by Morton 14; bases on balls, off Roberts 2; hit by pitcher, by Norton 1; wild pitch, Roberts; double play, White to Gober; left on bases, Stamford 7, Ranger 7. Time of game, 1:50. Umpires, Phillips and Knadler.
