## FORTY AMERICANS HELD FOR RANSOM

### S. B. BURNETT TEXAS CATTLE KING, IS DEAD

Carved Fortune in Early Days; Extensive Interests; Was Friend of Indians.

**By Associated Press.**  
FORT WORTH, June 27.—Captain S. B. Burnett, known as one of the wealthiest men in Texas, died here at 1:15 o'clock this morning. He has been in ill health for two years, and took a sudden turn for the worse a few days ago.

Burnett carved his fortune from the wild and woolly West. Born in Missouri in 1849, he was brought by his parents to Denton county, Texas, while still a boy. At that time the cattle industry occupied the commercial life of Texas and it was to this that Burnett turned.

Friend of Indians.  
He was a personal friend of the chiefs of several Indian tribes and on numerous occasions was tendered honors while visiting Indian reservations. Perceiving the wasteful misuse of Indian lands, Burnett obtained a lease on 40,000 acres for grazing purposes. This led to the founding of his immense fortune.

The oil town of Burkburnett was named for him. While cattle and land constituted his principal wealth, his oil interests also were extensive.

The funeral of Burnett will be held at 4 o'clock Wednesday afternoon from the residence in Fort Worth.

### NECK IN ROPE, WOMAN FIGHTS POISON CUP

ATLANTA, Ga., June 27.—Mrs. W. B. Wood is in a critical condition as the result of injuries sustained early today when two men seized her as she stepped from the door of home at Buckhead, a suburb, fastened a rope around her neck and attempted to force her to drink from a bottle of poison.

In the struggle the poison was spilled upon Mrs. Wood and she is suffering from severe burns on the neck, arms and shoulders, and from the rope that was tied around her neck, and with which she was dragged to in front of an adjoining church.

Mrs. Wood was bound and gagged and left near the church, where she later was found by a son. No clue has been found as to identity of the assailants. Mrs. Wood was to have appeared in court today in a damage suit.

### FRENCH NOBLEMEN GO TO WORK AS DIVERSION

PARIS, June 27.—"Go to work" is the newest craze among noblemen in Paris.

Ascertaining that he is tired to death of the social round, Count Georges de Castellane started the fad by acquiring a job as paying teller for the Bankers' Trust Company, in Place Vendome, for which he refuses to accept more than \$50 a month. He arrives every morning in his beautiful Bugatti speedster, and works every day for nine hours.

Following in his footsteps, Count Paul de Vallombrosa has secured an executive position in the same bank, while Baron Dalmeda also works there.

Meanwhile Baron Edouard de Rothschild is making furniture and Marquis Boni de Castellane is writing a book of his life.

### SHE SHOWS MEN HOW TO POLITIC

RENO, Nev., June 27.—Mrs. Lydia Adams Williams, aspirant for the republican nomination for the United States senate from Nevada, has taught her male opponents a new political maneuver and her tactics are arousing lively interest.

Mrs. Williams is following the circus companies across the state and in this way finds opportunity to address large audiences.

### MILAM FUNERAL HELD TODAY AT WEATHERFORD

Mounted on a flag-draped truck under an escort of the American Legion, the body of W. F. Milam, 35, who was drowned Sunday night in Leon lake, was placed on board the Sunshine Special today to be taken to Weatherford for burial. Weatherford is the home of Mrs. Milam's people. Funeral services will be held there this afternoon. The Rev. C. H. Ray will officiate. The Milford Undertaking company was in charge of arrangements here.

Mr. Milam is survived by his wife and one child and by his parents, Mr. and Mrs. W. A. Milam of Wills Point. He had been a resident of Ranger for three years and at the time of his death was salesman for Talor Bros. Wholesale Grocery & Produce company.

During the war he was sent overseas with the Thirty-first division but later was transferred to the Eighty-second division, serving in all, eighteen months in France.

### American Woman's Debts Are Problem to Vienna Police

VIENNA, June 27.—What shall be done with Mrs. Genevieve Paddelford is the question perplexing Vienna's justices. Her husband, a millionaire of California, remains adamant to cable appeals for help, declining to give assistance. Creating further complications is the fact that articles distinctly marked as the property of hotels where she stopped have been found in her trunk. The police declare she is a kleptomaniac, while she claims all her baggage was packed by servants.

Penniless and friendless, the police are in a quandry as to what to do with her. The Vienna police have received complaints from the Swiss hotels that she left unpaid bills amounting to 37,000 francs, and that even in Vienna she went on a continuing orgy, spending 37,000,000 kronen. In addition, she has ordered gowns and furnishings totaling 100,000,000 kronen.

Her husband answered her numerous cables curtly and pointedly, declaring himself no longer responsible for her debts. Her luggage may cover her obligations, her eleven trunks containing quantities of furs, smart gowns and jewels.

### MAILMAN HOLDS BAG, FALLING BABY UNHARMED

NEW YORK, June 27.—Henry M. Druckman, of Brooklyn, a letter carrier, was delivering mail in President street yesterday when he saw a baby climbing to the sill of a first floor window.

He hurried across the street, thinking to notify the child's mother, but the baby kept on climbing and crawled over the sill.

Druckman got under the window just as the child fell out. He stretched his mail bag, which was empty, and caught the baby in it.

### AIRPLANES MAY CARRY MAIL TO FLOODED TOWNS

High Water in Rio Grande Cuts Off Rail Connection With Brownsville.

**By United Press.**  
HOUSTON, June 27.—Plans for air mail service in the Rio Grande valley were expected to be completed today. The authorities began mapping out air mail routes following reports that the Gulf Coast line near Raymondville is under water. All train service below Raymondville is cut off and mail will have to be taken to Brownsville by airplane and distributed by trucks and planes from that point.

Several small valley settlements are reported isolated by washouts on the railroad lines but none are in serious danger, it is said. Several miles of track are under water and several hundred feet of track are washed out.

Water in the streets of Mercedes was receding rapidly this morning and all danger is believed past.

### FLOOD CRISIS REPORTED PASSED; WORST IN HISTORY

**By Associated Press.**  
BROWNSVILLE, Texas, June 27.—With a fall of two inches in the stage of the Rio Grande at the Harlingen pumping plant, twenty-five miles north of here, and a fall of two and one-half inches in Arroyo Colorado, an outlet to the Gulf of Mexico, northwestern Cameron county today passed the crisis in probably the worst flood in this section's history, without serious damage reported at any point. The flood receded shows a long and hard fight throughout this section, with the waters for more than two weeks gradually submerging thousands of acres of farm lands.

Railroad service into the valley north of Brownsville probably will not be resumed for two or three days.

### BOLDNESS GROWS IN GIRLS AS BOYS BECOME MILD

NEW YORK, June 27.—While girls are growing bolder, the boys are getting milder. There are no boy flappers and according to the experience of Calvin Derrick, superintendent of the State Home for Boys at Jamesburg, N. J., statistics show that juvenile delinquency is becoming less frequent.

Not that the boys are taking up knitting and crochet. It isn't as acute as that. There is just a steady improvement and this year fewer boys have been committed to the home.

During the year only 353 boys were committed.

### DUTY ON MEAT HARD ON CONSUMERS, WALSH SAYS

**By Associated Press.**  
WASHINGTON, June 27.—The duty on fresh meats and meat products as provided for in the pending tariff bill will cost the consumers \$379,500,000 annually, Senator Walsh, Democrat, of Massachusetts, declared today in a speech in the senate.

Discussing the agricultural effect of the duty, the speaker argued that the duty would place an unbearable burden on the consumers and would force the farmers to pay more for the things which they must buy.

**LIQUOR DESTROYED AT OWNERS' REQUEST**  
NEW YORK, June 27.—Prohibition enforcement agents have received the strangest request recorded since the Volstead Act became a law. In consequence thereof they destroyed wines and liquors valued at \$15,000.

### Senatorial Candidates Find Office Seeking Costs Money

Three Have Spent More Than \$4,000; Ferguson Lowest With \$1,323.

**By United Press.**  
AUSTIN, June 27.—Today was the last day under the law for filing first statements of campaign expenses by persons seeking nomination for state offices in the July primary.

For United States senator, Cullen F. Thomas heads the list. He reported expenditures aggregating \$4,684. Other expenditures, ranking in the order named, were:

Earle B. Mayfield, \$4,371.  
Clarence Ousley, \$4,069.  
C. A. Culbertson, \$3,207.  
Robert L. Henry, \$1,750.  
James E. Ferguson, \$1,323.

The limitation placed by the statutes on the amount of campaign expenditures by any candidate for the United States senate is \$10,000.

Governor Neff and F. S. Rogers are the only gubernatorial candidates who had filed a statement at noon today. Neff gave his total expenditures at \$327, with no contributions, and Rogers reported an expenditure of \$179 with \$270 in receipts.

### OUCH! LEAGUE TO TAKE JULY 4TH RECEIPTS

**By International News Service.**  
ABILENE, June 27.—Any differences that may have existed in the West Texas league were to all appearances amicably smoothed out at the meeting here yesterday and the circuit will go through the season as originally outlined. Sweetwater announces that twenty business men had underwritten the club.

League finances occupied the principal attention of the magnates. It was said that all of the clubs have paid up in full except one or two that owe nominal funds. Despite this, the league is \$2,000 in debt, and it was voted to pay this sum out of the Fourth of July receipts, which are pooled, and to remit each club one-eighth of the money left over.

### BERLIN STRIKES IN HONOR OF MURDERED MINISTER

BERLIN, June 27.—Germany was faced today with the critical aftermath of the murder of Walter Rathenau. A great general strike was declared in Berlin on the occasion of the funeral of the late foreign minister. Trains throughout the country stopped their wheels for two minutes in honor of his memory.

It is learned that further and more serious demonstrations are planned tomorrow, both by communists and royalists, on the occasion of the anniversary of the signing of the Versailles treaty.

The assassins of Dr. Walter Rathenau struck at the heart of the German people and the republican government, President Ebert declared today in speaking at the funeral.

### SENATE PASSES WILSON DAM APPROPRIATION

WASHINGTON, June 27.—The senate today confirmed the action of the house on the amendment to the army appropriation bill carrying \$7,500,000 for the completion of the Wilson dam at Muscle Shoals, available on Oct. 30.

### MINE STRIKE VIOLENCE SPREADS TO OHIO, WEST VIRGINIA AND IOWA

**By Associated Press.**  
BRIDGEPORT, Ohio, June 27.—One miner was killed and another wounded this morning when fired upon while en route to work at a strip mine near Lafferty, in Belmont county, near here.

The victims were in an automobile when the shooting began. Six men were in the automobile but four escaped uninjured. The assailants escaped.

### DOPE WORTH \$1,500 SEIZED IN RAID HERE

Morphine, said by officers to be valued at \$1,500 at the prevailing bootleg prices was seized last night by Chief of Police Shell McDowell and Deputy Sheriff John Barnes following the arrest of a Ranger youth in a local rooming house. The drug seized by the officers is said to have been labled morphine and the ownership undented by the man under arrest.

Another arrest in the narcotic drive of the local officers was made by Officers Len Davenport and Adair yesterday afternoon. Four persons are now being held at police headquarters to await the arrival of federal officers from Fort Worth.

### KU KLUX PROTEST CLOSING SCHOOLS TO HONOR PRIEST

NEW YORK, June 27.—"Knights of the Ku Klux Klan, No. 15, Invisible Empire, Realm of New Jersey," came into the limelight in Paterson when they protested the closing of the public schools to permit the pupils to attend the funeral of Dean H. McNulty, pastor of St. John's Catholic church.

The protest was sent to Mayor Frank J. Van Voort, who had made the order.

Dean McNulty had lived in Paterson more than fifty years and was universally beloved. He was a strong advocate of temperance.

The communication to Mayor Van Voort stated that the members of the Ku Klux Klan "strenuously objected to the closing of our public schools at this time or in the future for any purely sectarian reason."

### STILL WARLIKE!

LOS ANGELES, Cal., June 27.—The saber used by G. W. Congrove in the civil war again is blotted. He awoke in the night with the impression somebody was in his room. He quietly took the saber from a shelf above his bed and made a vigorous and random thrust.

A cry of pain followed. Congrove turned on a light and found blood on the weapon.

Another roomer in the apartment house later told detectives that he had seen a man fleeing from Congrove's room, covering his abdomen with his hands.

### BANDITS NEAR TAMPICO SEIZE OIL PROPERTY

May Destroy Cortez Company Holdings if 15,000 Pesos Are Refused.

**By Associated Press.**  
WASHINGTON, June 27.—Forty American employees of the Cortez Oil company, near Tampico, and destructible property worth \$250,000, are in the hands of a rebel general until a ransom of 15,000 pesos is paid, according to a message today from the American consul at Tampico to the state department.

The dispatch said Rebel General Gorozabo had seized the company's property and was holding it with 240 armed men. The state department and consul at Tampico were urged to take immediate action to protect American lives and property.

The consul reported that Gorozabo had demanded the ransom in forty-eight hours from yesterday morning, when his forces seized the property. There are no federal troops in that section.

### BANDITS RELEASE BIELASKI'S COMPANION

**By United Press.**  
MEXICO CITY, June 27.—A. Bruce Bielaski, held for ransom, is safe and will be released as soon as the sum demanded, 10,000 pesos, has been paid over, according to a Mexican captured with the oil man and later set free. The Mexican arrived here late today with information that Bielaski had not been mistreated.

### WACO NEGRO DEMANDS VOTE IN PRIMARIES

**By Associated Press.**  
WACO, June 27.—R. D. Evans, negro attorney, has filed suit to restrain the election officials from refusing to allow negroes to vote in the Democratic primary on July 22. The county committee has adopted the test promulgated by the state committee, without leaving the matter of keeping negroes from voting to the election officials.

### STRYCHNINE POISONING KILLS EASTLAND FARMER

**Special to the Times.**  
EASTLAND, June 27.—Tipton F. Murrell, farmer living five miles south of Eastland, died last night at his home from the effects of strychnine poisoning. The poison had been used by the family for rats. Mr. Murrell, although in poor health for some time, is reported to have been in good spirits yesterday and to have been negotiating an oil deal. No inquest has been held.

Mr. Murrell had lived in the Flatwoods community for thirty-five years and is survived by eight children. Funeral arrangements have not been completed.

### TEXAS CO. GETS GUSHER

BRECKENRIDGE, June 27.—Stephens county's largest well for several weeks came in Saturday for the Texas company, five miles south of here. The well made ninety barrels per hour for the first several hours and at present is making 2,000 barrels daily, natural flow.

It is known as "A. 27," on the J. W. Parks lease. The top of the lime was hit at 3,095, with the total depth at 3,138 feet.

### HOUSE PASSES GRAIN FUTURE TRADING BILL; GOES TO SENATE

WASHINGTON, June 27.—The house today passed and sent to the senate the Capper-Tincher bill providing for government regulation of the Chicago board of trade and other big grain exchanges which deal in futures.

## FORCED TO POSE FOR NUDE PHOTO WOMAN CHARGES

JERSEY CITY, N. J., June 27.—Bearing up under the name of Alphonse Squeo and admitting that he is an artistic photographer of Bayonne, a prisoner in the first criminal court here Wednesday denied the charge of Mrs. Margaret Covart of this city that he forced her to pose for four photographs at the point of a loaded pistol.

Squeo admitted taking four photographs of Mrs. Covart while she was in an unattired state, but with her knowledge and consent, he said, offering to produce the negative to prove that Mrs. Covart's demeror while in the nude before the camera was not that of a woman gazing into the muzzle of a gun. It is unnecessary, he said, to utilize artifice in obtaining artistic photographs.

Mrs. Covart testified that, answering an advertisement she posed with a veil draped over her figure for several photographs before Squeo demanded she dispense with the drapery, and when she refused, produced his automatic persuader.

Two weeks after the incident she mentioned her experience to her husband, who had the photographer arrested and he was held Wednesday on \$2,500 bond for grand jury action.

## WOW! GIANT FISH EATS MOTOR BOAT PROPELLER

THREE RIVERS, Mich., June 27.—As the result of an unusual experience here Bernie Speece, angler, is making extensive repairs on his motor boat.

Speece had passed a day on St. Joseph river casting for pickerel, with fair success, and was chugging homeward when he was startled by a fierce churning of the water back of the boat. At the same time his engine "coughed" and stopped. He turned just in time to see a huge pickerel disappear in the weeds.

On investigation, after he tried to start his engine, he found that his propeller was missing. And he is convinced that the fish, mistaking the flashing blades for an alluring artificial bait, had struck and carried them off.

When Speece repairs his boat he expects to wire hooks to the dasher of an ice cream freezer and mount it on corks. With this as a lure he will return up the river and try to catch what he believes to be the largest pickerel that haunts the stream.

DIAMOND LAVALLIER STOLEN. DALLAS, June 27.—Mrs. L. C. Stevenson of Breckenridge reported the theft of a diamond lavallier valued at \$1,800 to the police late Monday. She said the lavallier was taken from her purse. She missed it when she went to pay for some purchases downtown.

### WARD'S SISTER IGNORANT OF BLACKMAIL

Mrs. Leland Stanford Wood.

Mrs. Leland Stanford Wood, wife of a New York sportsman and sister of Walter S. Ward, millionaire baker, who killed Clarence Peters, a Massachusetts man, in an alleged blackmail battle, was taken before the grand jury at White Plains, N. Y., and swore she knew nothing of the details of the blackmail plot. She was exhibiting her blue ribbon horses at a horse show on the day her brother was indicted and jailed.

## Bill Passed In House Would Free Wives of Status of Alien Husbands

WASHINGTON, June 27.—Mathilde McCormick would not lose her American citizenship by being wed to Max Oser, Swiss riding master, to whom she is engaged, under the terms of a bill passed by the house.

The bill would also make it possible for Lady Nancy Astor to regain her American citizenship without giving up her British citizenship, and be a member of both the British Parliament and the American Congress at the same time, if she could return and be elected.

The bill is designed to grant independent citizenship to married women. It was passed by a vote of 206 to 9, after a fruitless effort led Oden Mills, of New York, republican, to strike out the section making dual citizenship possible. It now goes to the senate.

Miss McCormick's American citizenship is made secure under a provision specifically stating that a woman shall not cease to be a citizen of this country, as now the case, by reason of her marriage to an alien unless she makes formal renunciation of her American citizenship before a qualified court.

### Frequent Visits Required.

If she goes to live in the country of her alien husband, however, she must return to the United States once every two years to keep her American citizenship. If her foreign residence should be in a country other than that of her husband, a visit home once in five years would be sufficient.

### "GET MARRIED!" MAINE'S SENATORIAL SLOGAN

Senator Frederick Hale.

The United States senate is no place for a bachelor, State Senator Howard Davies of Maine contends, and he has entered the race against Senator Frederick Hale, who shows no signs of contracting matrimony.

215 SOUTH RUSK STREET RANGER, TEXAS

an to be married to a foreigner and retain her citizenship. It is a well-known fact that no American farmer's daughter, no small business man's daughter is married to a foreigner—only the daughters of the wealthy.

"The profiteer class can be married to foreigners—those who coin American citizenship into gold, which they use to purchase Counts no 'counts, degenerates from over seas—let them be known by the title of Mrs. Count No 'Count."

The bill reverses the present policy with regard to alien married women becoming American citizens. The wife now becomes a citizen when her husband is naturalized. Under the proposed law she would have to be naturalized separately, although no "first papers" would be required and only one year's residence in the United States would be necessary. This section also would allow alien women whose husbands are not naturalized, to become citizens. Alien married women cannot become citizens now unless their husbands are naturalized.

## CADDO WOMAN'S BODY SENT TO CALIFORNIA

The body of Mrs. E. A. Oveland, 65, of Caddo, who died early Monday morning at her home in that place, was sent last night to her old home in Oakland, Cal., for burial. The body was accompanied by her son, A. L. Oveland of Caddo.

Mrs. Oveland is survived by five children all of whom were at her bedside when she died. Funeral arrangements were in charge of the Milford company.

## MRS. FERGUSON MAY QUIT RACE, IS RULING

AUSTIN, June 27.—Mrs. Marian A. Ferguson of Temple has the right to withdraw her name as a candidate for the United States senate, held the attorney general's department late Monday in opinion to Joe W. Hale, secretary of the state Democratic executive committee.

Secretary Hale was also advised by the attorney general's department that the state Democratic executive committee has authority to instruct various county chairmen to omit the name of Mrs. Ferguson from the ballot for the Democratic primaries.

The state committee had doubts as to whether Mrs. Ferguson could lawfully withdraw her name at this time.

Clab Hancock says lots of people do not speak to others as they pass because they have an idea that the others do not care to speak to them.

Pyle's Triple Starts Home Gang on Winning Rally; Score 5-4.

A reassorted Nitro nine went out and did battle yesterday with the almost-champion Amarillo Gassers, and at the end of a zestful melee emerged victors, 5 to 4.

A Nitro shakeup, forecast Sunday with the release of Curly Hoffman and suspension of Red Roberts, gathered momentum yesterday—Jack Guber also being divorced from the club and Jimmy Flagg departing for Fort Worth and Dallas in search of talent to bolster up a new spots in the Nitro machine. He left the gang in charge of Bud Ammons, the best-neglected third baseman in the league, and with Pyle on first base, Zapalac and York in the outer gardens, the Nitros went out and did battle.

Wobbling Was Wigorous. It wasn't what could be called a perfect exhibition, but the misplays were made with vim and vigor, and numerous difficult stops, throws and catches showed that both teams wanted to win a game.

The Nitros found themselves facing Roy Morton, the venerable hurler who struck out fourteen of them while with Stamford recently. They had more luck against him this time, though wild throws by himself and associates aided in the Nitros' first two counters and another misdirected heave paved the way for a hitting orgy in the eighth in which the Nitros counted three times and drove him from the box.

That round was the high spot in the matinee, for the Nitros, facing a neat 3-2 trimming, garnered four hits off two pitchers and were only stopped by perhaps the most phenomenal catch ever seen in Nitro park.

Parson Cracks one. Parson Pyle, who had been first basing diligently and with good effect, again stands out as the hero of the skit, his three ply smack following a wild throw by Comstock tying the count, and the Parson putting the Nitros in the lead by scoring when Chaney and Morton let Fitzgerald's heave roll through them.

Up to that round, the Nitros had compiled only four hits, though snappy fielding behind Morton had snagged other drives that were ticketed as safeties when they left the bat. Evidently the Parson's example was approved by the Nitros as one to be followed, however, for Ammons and Zapalac rapped sizzling drives into right field and with Hitt in the box, York landed a Texas leaguer into left that put the winning score across. Clayton then smote a terrific smack to deep right center, and Fitzgerald, racing backward, with a last upward leap speared the ball and threw to second for a double play. It would have been a triple play, if needed, for both Zapalac and York, in common with everybody else, thought the catch was impossible. The drive was so far that Zapalac could have counted from second on it if he had figured the ball would be handled.

Lefty Not Bothered. The Gassers staged a one-run comeback in the ninth on Craig's wild throw, but with Lefty Phillips working just as steadily when ahead as when he was looking at the Gassers' heels, they had no real chance to tie the count.

The Gassers counted in the first on Meador's double and Fitzgerald's pinch hit and twice in the third, when Meador and Comstock singled and both counted on infield plays in which they outspeeded throws.

Two errors by Comstock, a wild heave by Morton when Phillips bunted safely, and Binie White's pinch slam to center counted the Nitros' first two runs, in the fifth round.

The National Security League is making a strenuous effort to have the legislature of each state in the Union pass a bill requiring definite courses of study of the Constitution of the United States in the public schools.

WEST TEXAS GAMES

LUBBOCK DROPS TWO. SAN ANGELO, June 27.—The Broncs outfielded and outthrew the Hubbers in both games of a double-header yesterday and capped both, 8 to 1 and 5 to 3. The first game was a walk-away, with Badger pitching carefully and the Broncs rapping three Lubbock hurlers. In the second, Coker held Lubbock to four hits, and but for errors would have scored a shutout. The scores: First game— R. H. E. Lubbock . . . . .001 000 0-1 9 4 San Angelo . . . . .021 211 10x-8 11 1 Card, Cantrell and Morgan and Battle, Earnshaw; Badger and Alexander. Second game— R. H. E. Lubbock . . . . .001 101 0-3 4 2 San Angelo . . . . .002 030 x-5 8 5 Cantrell, Morgan and Earnshaw; Coker and Robertson.

EAGLE RALLY WINS. ABILENE, June 27.—The Eagles rapped Buzz Wetzel from the box in the sixth inning yesterday, scoring five runs and overcoming a 6 to 1 Clovis lead. Then they landed on Mickey in the eighth and won, 9 to 7. Errors figured in giving the Buzzers the early lead. Score by innings— R. H. E. Clovis . . . . .202 101 010-7 11 3 Abilene . . . . .010 005 03x-9 11 4 Wetzel, Mickey and Shaw—Hayes and Burch.

HOMER BEATS STAMFORD. STAMFORD, June 27.—Richburg won his own game from Stamford yesterday by hitting a homer with two on in the seventh. Both teams played listless ball. Conley's wildness cost him the game. Score by innings— R. H. E. Sweetwater . . . . .110 001 310-7 8 3 Stamford . . . . .100 120 000-4 8 1 Richburg and Currin; Conley and Edwards.

TRYING TO LIQUIDATE. WASHINGTON, June 27.—Ecuador is trying to borrow money in the United States on a rum, according to a report to the commerce department from Consul Morse, at Guayaquil. The consul said it was reported that Ecuador was negotiating with a group of American capitalists for a loan of \$5,000,000, to be guaranteed by the government rum monopoly.

The American Association of University Women, with a membership of 13,000, gives as much assistance as possible to women who cannot afford a college education.

BALL FANS MUST TURN OUT

Over at Abilene the other day, the baseball manager told the fans they must either turn out to the games or lose their franchise. They turned out. Abilene got a lesson. Ranger may be forced to the same course unless the attendance picks up over what it has been in the last week. The crowd has been too small to make the payroll due on July 1 and unless business picks up, there is going to be a disagreeable situation facing the club when it comes time to make out the checks. Yet if the average crowd that the Nitros have played to all during the season will carry their six-bits out to the park, for the next four games, there will be plenty in the treasury. Ranger has community base-

ball. That means that everybody must do their share if it is to keep going. And the best way for them to do it is to come out to the park and cheer the pastime on. Otherwise, a hardship is worked on men who are giving both their time and money to the enterprise; men who are trying daily to strengthen the team. Manager Flagg is now in Fort Worth and Dallas trying to get players who will deliver. Several men have been cut loose from the Nitro payroll and in a few days new faces will have taken their places. But that doesn't help right now. In order to strengthen the club there must be money for expenses, and that means there must be steady support, in good times as well as bad.
