Terrific Explosions Wreck Four Courts After White Flag Is Raised.

RECORD VOTE IS FORECAST IN ELECTION

Both Factions Waging Intensive Campaign for Citizens' Support Tomorrow.

Every indication that a record vote will be polled tomorrow in the special city election called to fill the vacancy in the office of the fire and police commissioner was apparent today. Supporters of both candidates who have been hard at work for the last week or more, appeared to be redoubling their efforts on the eve of election.

The fact that the poll tax list was greatly increased this year over last by the number of women obtaining poll tax receipts and the fact that a bitter fight is being waged against H. S. Cole, the law enforcers' candidate for commissioner, by supporters of A. R. Right, is taken as an indication by many that the votes polled in tomorrow's election will greatly exceed the vote in the city election a year ago.

The polls at the Elm street fire station will be opened tomorrow morning at 8 o'clock and continue open until 7 o'clock. O. D. Dillingham is presiding judge, T. E. Baker, judge and Dr. A. L. Duffer, judge.

U. S. ASKED TO SUPPLY WORLD IN ALL LINES

WASHINGTON, June 30.—Have you any chrysolite or variscite to sell? If so write the department of commerce, foreign trade division, Dr. Julius Klein, the director, has requests for 'em on his desk from Australia. If you don't know what they are, they are precious stones.

Our South American neighbors in Brazil are more prosaic in their wants. They are asking for self-cleaning cuspidors and sanitary drinking fountains.

Canada wants moving picture machines and wireless telephone sets. With the Volstead act putting a crimp in the business over here, anybody with a left-over stock of bungs and bung pegs can find a ready market for them in England. The British also want garbage cans.

Dicto again. The French are asking for oak casks.

Dicto again. Chile asks for corks. The prohibition bureau, with an eye to business might fill the order from Mexico for alcohol distilling plants, by shipping down some of the wild cat stills seized over the country.

Evidently all the Italian bootblacks are not over here. There's a request from Italy for shoe polish.

Musical instruments are in demand in Palestine and Spain.

The canny Scots want calculating machines.

Poor old Siberia would like a square meal of dried fruits and vegetables and prepared milk.

NEFF SENDS GILMORE TO ORIENT CONFERENCE

AUSTIN, June 30.—Governor Neff today designated Railroad Commissioner C. E. Gilmore to represent him at the conference called in Washington on the Orient road.

FOUR CROSSING CRASH VICTIMS MAY BE DALLAS HONEYMOONERS

CHICKASHA, Okla., June 30.—Partial identification of members of a party of two men and two women killed when their automobile collided with a Rock Island passenger train between here and Pecoset indicate that Penley Speer, 914 Brestle street, Dallas, Texas, was one of the victims. The information was found on an identity tag picked up beside the track near the scene of the wreck.

The tag read, "In case of accident, please notify B. M. Porter, phone 3002, Dallas, Texas." It also bore an imprint of the Texas Power & Light company. Other papers picked from the mass of debris to which the car was reduced bore the name of W. H. Kitterell, 914 Brestle street, Dallas, Texas.

MEX BANDITS SOFT-BOILED!

WASHINGTON, June 30.—A dispatch to the state department today from Counsel Shaw at Tampico indicated that the eighty-five employes of the British owned La Corona Oil company, including half a dozen Americans, held yesterday for ransom by outlaws, have been released.

The message was brief and not clear and the department telegraphed immediately for an explanation. It said merely that the eighty-five persons referred to in the report of yesterday of a new bandit raid were not held. It was not stated whether the bandits withdrew from the property occupied or whether ransom was paid.

J. M. WHITE WILL DRIVE ENTRY IN HOLIDAY RACE

Booster Trip Planned to Advertise Big Celebration on Fourth.

Final preparations for the road race to start and end at Ranger on the afternoon of July 4 have been completed and drivers from Ranger and other sections are entering various makes of stock cars. J. M. White was the first Ranger man to enter a car in the race. The names of the others were not available this morning owing to the absence of one of the promoters with the entry list.

Crowds from all over this section are expected to be here for the race, and the baseball game in the afternoon and the gigantic fireworks display at night.

SOCIALISM RIFE IN NEW YORK'S HIGH SCHOOLS

NEW YORK, June 30.—New York high schools are hotbeds of Socialism, according to the report signed by Aaron J. Dotey a member of the faculty of Dewitt Clinton high school, and chairman of a committee appointed to investigate rumors of the radical exploitation of the schools, which has been filed with the teachers council.

A strong socialistic force in the schools, says Dotey's report, is the Young People's Socialist league, members of which are known as "Yipsos." "There will come a time," one Yipso is said to have written, "when soviet America will send a representative to soviet Russia." One pupil, Dotey declares, described General Pershing as a murderer and another has declared for a revolution.

Four teachers employed in the public school system, says the report, have run for office on the tickets of the Socialist and Farmer-Labor parties.

Dotey attributes to a teacher the statement that "Bolshevism is the spiritual fountainhead of true democracy," and another teacher, he reports, called patriotism as "murderer's" occupation and a "traitor's cloak."

BIELASKI SAYS HE ESCAPED FROM CAPTORS

MEXICO CITY, June 30.—A. Bruce Bielaski, former chief of the bureau of investigation, American department of justice, who escaped from bandits near Cuernavaca while being held for ransom, Thursday made a detailed report to the American embassy upon his adventure.

The former American official revealed that his life really was in danger and that he fled after overhearing the bandits making plans to kill him.

According to published accounts, Bielaski's escape was made in the dead of night after his guards had fallen asleep. He crawled on his hands and knees through the pitch darkness of the cave, fearing every moment that a sound would give him away or that he would bump against a sleeper. His shoes and clothing had been taken away from him and he was wearing only an old pair of overalls and an undershirt.

Oklahoma Women Beat Up Vamp to 'Protect Husbands'

SHOOTEE DUCKS WHEN SHOOTER GIVES INSIDE TIP ON POOR AIM

"Come closer, my aim is not good," H. S. Deere, rock crusher employe, is alleged to have ordered Arthur Pressler, oil field worker, after he had stopped him on South Hodges street this morning and with a revolver made Pressler hoist his hands. Acting on the inside information on Deere's aim, Pressler is said to have bolted at the first opportunity and succeeded in dodging a bullet that Deere is alleged to have sent after him. Pressler was not injured. Deere is being held under a \$2,000 bond to await action of the grand jury.

COAL SHORTAGE FACING TEXAS, DEALERS SAY

DALLAS, June 30.—With the nationwide coal strike entering its thirteenth week in Texas, the state is already in a precarious condition, with prospects of an acute shortage of coal developing unless some relief is found, according to Dallas wholesale coal dealers.

Although the Dallas territory is not as hard hit as some other sections, due to the large number of coal substitutes, there will no doubt be serious results if the strike should be continued until winter.

PENNSY MINERS RIOT.

PUNXATAWNEY, Pa., June 30.—A detail of state police arrived here today to take over the coal strike situation, after a night of disorder in the mining district around here. Marching men estimated to number 300, destroyed a scale house and scales, wrecked a motor truck carrying coal and cut the tires of another truck. The march was finally broken up by the troops, without casualties.

GUARD ORDERED OUT.

CHARLESTON, W. Va., June 30.—Two companies of national guardsmen were ordered to the Cabin Creek and Paint Creek districts early today to break up an incipient march against mines on Cabin Creek which have been operating on an open shop basis. The troops were mobilized and dispatched on orders of Governor Morgan after he had received a report that a body of men was gathering at Paint Creek.

WOULD-BE SHERIFF TO RUN ON JAZZ PLATFORM

JENNIS, June 30.—Ellis county has a candidate who expects to jazz his way into the sheriff's office.

He is Lionel Travas Floyd of this city. He takes no stock in ideas that smack of Puritanism.

This is his platform: "I will make Ellis county a law-abiding and a God-fearing domain. I am for all modern improvements and for the advancement of woman. I will protect them in their liberties. I approve of light wine and beer, bobbed hair, rolled stockings, paint, powder and jazz. My slogan is eat, drink and be merry, for tomorrow you may die."

SUZANNE WINS!

WIMBLEDON, England, June 30.—Cathleen McCane, one of Britain's best in the Wimbledon tennis championship matches, went down to defeat today before Suzanne Lenglen, European champion.

BALL PLAYERS PURE!

ST. LOUIS, June 30.—Clark Griffith, president of the Washington American league baseball club, in a statement today takes exception to the report of a lecture by Judge Landis to the New York and Boston American league clubs.

Declaring that Landis' remarks that "ball players must not gamble, bootleg or carouse around at night" was an insult to 98 per cent of the players, Griffith announced that no lectures of this nature could be given to members of the Washington club.

LABOR BOARD IS DEFIED BY UNION CHIEF

Bert M. Jewell Ignores Summons to Attend Conference With Railway Managers.

CHICAGO, June 30.—Bert M. Jewell, head of the shop crafts unions, which are scheduled to strike at 10 a. m. Saturday, today defied the United States railroad labor board. Jewell refused to appear before the board in answer to a citation asking him to attend a conference of union chiefs, railway executives and members of the board.

Jewell claimed the board had exceeded its authority in issuing the citation.

"If the telegram of the railway labor board of June 29 summoning the shop crafts to the conference means to order that the situation remain in status quo until it is settled, then the shop crafts will ignore the summons," President Jewell said in a letter to the board.

Hope of averting the strike rapidly faded away when Jewell failed to appear at the meeting. Board members believe they have the authority to subpoena Jewell under the transportation act.

None of the heads of the unions scheduled to strike tomorrow were on hand. Railway executives who had been asked to appear were present. The maintenance of way union, which is now taking a strike vote, also was represented.

Before the deft became known, new hopes rose over the horizon that the board would repeat its successful mediation of last October, when it averted a nation-wide rail strike on the eve of the threatened walkout.

T. & P. CONDUCTOR'S SLAYING UNDER PROBE

FORT WORTH, June 30.—Special agents of the Texas & Pacific road have been detailed to Fort Worth and Terrell to investigate the killing of Conductor Edward R. Stevens, who was shot on his train Tuesday night near Terrell.

FRAZIER TAKES LEAD IN NORTH DAKOTA RACE

FARGO, N. D., June 30.—Linn J. Frazier, recalled Non-Partisan league governor of North Dakota, swung into the lead early today in the race for the Republican nomination over United States Senator Porter J. McCumber, in returns compiled at the league's state headquarters.

WOMEN JUMP INTO POLITICS WITH MASS MEETING TOMORROW

WASHINGTON, June 30.—Night aerial mail service will be placed in operation within the next fiscal year, either between New York and Chicago or between Chicago and Cheyenne, the postoffice department declares.

'S ALL RIGHT WITH ME, SAYS N. Y. GOVERNOR, OF DEMPSEY-WILLS BOUT

ALBANY, N. Y., June 30.—Governor Miller will maintain a "hands off" policy regarding the world's heavyweight title battle between Jack Dempsey and Harry Wills, colored boxer, it was announced today. The governor said he had no objection to a black man fighting a white,

Left Bound to Tree in Secluded Spot After Chastisement.

PONCA CITY, Okla., June 30.—Reports were received here today of an attack last night on a Mrs. Ramsey at her farm home near Red Rock, in which four women are alleged to have taken her in an automobile to a secluded spot and severely whipped her.

Mrs. Ramsey was left bound to a tree after she had been warned concerning her conduct with men. She later succeeded in releasing herself.

Recently Mrs. Ramsey was arrested and taken to Red Rock as a result of her alleged conduct but was released and obtained a job in the wheat fields as a cook. After she had gone to live at the home of her two daughters near Red Rock, a local paper at that place received a letter from several women, addressed to the Ponca City Ku Klux Klan, appealing for the protection of their husbands.

Mrs. Ramsey formerly resided here and a warrant for her arrest on an immoral conduct charge has been in the hands of the local officers for some time.

SUBSIDY COST THREE BILLION, DEMOCRATS SAY

WASHINGTON, June 30.—Passage of the administration's ship subsidy bill was opposed in a minority report today by all of the Democratic members of the house merchant marine by which it was drafted.

Declaring the government owned merchant tonnage cost the people about three billion dollars the minority held that it probably would be sold for \$200,000,000, meaning "the people will stand a loss by deflation of \$2,800,000,000."

"Furthermore," the report added, "it is contemplated that either existing shipping companies or companies to be organized which buy the ships will capitalize them largely in excess of the cost price and sell the stock and bonds to the American people—so that the people will be standing the war inflation, the post-war deflation and then the promotion deflation."

EARL GORDON FREED OF KILLING BECKHAM COBB

STILLWATER, June 30.—Earl Gordon of Miami, Okla., a federal vocational student at Oklahoma A. & M. college here, was found not guilty of the murder of Beckham Cobb of Birmingham, Ala., his classmate, by a jury in district court here late Thursday.

Cobb also was under vocational training and was killed on the college campus May 9, while he was said to have been forcing Gordon to accompany him to his home to apologize to Mrs. Cobb for an alleged insult.

DESTRUCTION THREATENS SOUTH CAROLINA TOWN

AUGUSTA, Ga., June 30.—Fire threatened destruction of Hamburg, S. C., shortly before noon today. Dense clouds of smoke rising from the fire floated across the Savannah river and over Augusta. Local fire-fighting apparatus was sent to aid.

WOMEN JUMP INTO POLITICS WITH MASS MEETING TOMORROW

A big mass meeting of Ranger women has been called for tomorrow afternoon at 3 o'clock at the Majestic theatre. All women interested in the special city election which opens tomorrow morning are urged to attend by the self-appointed women's committee making the call.

A spicy program has been arranged for the meeting and matters of the utmost interest to the women of this city will be taken up. All attending are promised that there will be no dull moments. Solos by the best singers of the city, group singing and other entertainment features will share the program with short and snappy speeches, it is announced.

HUN WAR CHIEFS ARE INVOLVED IN ASSASSINATION

Damaging Papers Seized When Ludendorff's Secretary Is Arrested.

BERLIN, June 30.—Ninety persons have been arrested in Berlin as a result of the discovery of a widespread plot to overthrow the Wirth government. Prominent cabinet members were marked down for assassination similar to Rathenau's fate last Saturday, according to evidence seized by the police.

Lieutenant Guenther, former secretary to General Ludendorff, was among those arrested. His rooms were searched and letters from Von Helfferich, Von Jagow, Ludendorff and other nationalists were found, indicating that they had close relations with the conspiracy.

Guenther, also known under several aliases, is believed to be the general secretary of a monarchist.

\$28,000,000 SET AS LOWEST PRICE FOR KATY

ST. LOUIS, June 30.—An order for the sale of the Missouri, Kansas & Texas railroad will be entered this afternoon by Judge Sanborn of the United States circuit court, it was announced today.

The sale will be held at Colbert, Okla., within six weeks. The definite date has not been set.

The "upset price" is to be set at \$28,000,000—the minimum figure for which bids will be received. Judge Sanborn will appoint Byron S. Babbitt of St. Louis and Joseph S. Dobyns of Oklahoma City as special masters in charge of the sale.

Sale of the road will automatically terminate a receivership which has been in effect for seven years.

Texas Leads All Contenders In Lynching League

TUSKEGEE, Ala., June 30.—Twelve of the thirty lynchings in the United States during the first part of the year, occurred in Texas, according to the lynching report of Tuskegee institute announced today.

Mississippi came second on the list with seven lynchings. Four were reported from Georgia, two from Arkansas and one each from Alabama, Florida, Louisiana, Oklahoma and South Carolina.

INJURED DRUGGIST SHOWS IMPROVEMENT

R. R. Stafford, who was run over and painfully injured Wednesday night at the corner of Rusk and Elm streets, was reported to be in an improved condition this morning. An X ray photograph made yesterday afternoon failed to show any broken bones.

PIONEER FIELD SHOWS LOSS IN PIPE LINE RUN

WICHITA FALLS, June 30.—Production in the North Central Texas oil fields shows a sharp decline from the average daily pipe line runs for last week. The loss is approximately 2,000 barrels, practically all of which come from the Pioneer district in southwest Eastland county where new completions have been extremely scarce the past week or ten days. There were some other pools that showed slight declines which were offset by similar small gains in some of the other producing districts. Production now is 138,700 barrels.

Following is the average daily pipe line runs from each of the fields, compared with runs for the previous week:

	This wk.	Last wk.
Electra	17,500	17,700
Burkburnett	31,500	31,700
Iowa Park	2,400	2,400

ROXANA GETS BIG LEASE IN GRAFORD DISTRICT

GRAFORD, June 30.—Activity on the part of some of the major operating concerns leads to the belief that a tremendous development campaign is soon to be under way in all the district lying between the Dalton well on the south and the Williams well of the Roxana company to the north of Grafard, in Jack county. This district has been brought into great prominence by the bringing in of these two deep wells.

It has just been made known here that the Roxana Petroleum company, owner of the Williams well, north of here in Jack county, has leased approximately 2,000 acres of land east and south of Grafard. The land was leased from a group of large landowners and the price paid for the leases is said to average about \$30 per acre. It is all wildcat acreage.

TEXAN WANTS PROBE OF MEXICAN KIDNAPING

WASHINGTON, June 30.—The appointment of a joint committee of congress to investigate the alleged kidnaping of American citizens in Mexico and the confiscation of their property, is called for in a resolution introduced today by Representative Connally of Texas.

Dan Caswell, member of a wealthy Cleveland (O.) family, and his bride-to-be, Miss June Castleton, dancer with the "Follies." Caswell is now the husband of Jessie Reed, star of the "Follies," who is suing for divorce. Caswell met Miss Castleton at a midnight supper party, and she proved to be such a good cook he dined often with her. As soon as the divorce is granted he will marry the woman who charmed him "with a well-cooked meal."

TRADE PIONEERS OF U. S. WILL GET PROTECTION

WASHINGTON, June 30.—The American pioneering engineer, who at risk of life or liberty has carried the flag to the remote corners of the world, is at last to get the legal protection he has lacked.

A. J. Wolfe, chief of the division of commercial laws of the department of commerce, announced today that his division is working on the codification of rules of procedure for Americans doing business in foreign lands, observance of which will assure them a maximum of protection with a minimum of difficulty. Comparisons between the protection afforded Americans and that given to British explorers for world trade have been made frequently.

HOUSE-TO-HOUSE RADIO PREDICTED BY MARCONI

ATLANTIC CITY, June 30.—Guglielmo Marconi today predicted house-to-house radio communication, without any one being able to tap the ether.

"I would suggest experimentation by amateurs," he said, "in endeavors to shorten the wave length. Today the average length used by the amateur is 250 meters. The line of investigation should be the field of shortening it, perhaps down to one metre.

"With a wave length of that brevity it would enable, not only amateurs but the world, to talk from house to house within a restricted area without others listening in."

EASTLAND CARAVAN BOOSTS CELEBRATION TO BE HELD THERE

Eastland boosters, advertising the Fourth of July celebration there, invaded Ranger yesterday afternoon with a score of cars and a band. Almost an hour was spent by the visitors in their parade over town and the band concert in the uptown section.

HEADS ONE SCHOOL 40 YEARS.

KERENS, Texas, June 30.—G. W. Jackson, principal of the Stephen A. Douglas school, has been at the head of this school for thirty-nine years and was re-elected for the fortieth time. This is thought to be the longest term of any school man in Texas.

BLINDNESS LED ATTORNEY TO GREAT CAREER

John D. W. Bodfish, one of the foremost attorneys in Massachusetts and candidate for attorney general, met with an accident when a young man that blinded him. He gave up the principalship of a school and retired to a lonely Cape Cod farm, where he studied law alone and became a leading lawyer.

EIGHT INDICTED AS GUN-RUNNERS FOR IRISH

Col. Marcellus Thompson and sub-machine gun.

Colonel Marcellus H. Thompson, vice-president and active head of the Auto Ordnance company (at right), has been indicted, with seven others, by a federal grand jury at Trenton, N. J., charged with being involved in an attempt to ship nearly 500 sub-machine guns to the Irish republican army. The guns, with a large quantity of ammunition, were found in the coal bunkers of the freighter East Side when it was ready to sail for Europe. Colonel Thompson, a New York man, is son-in-law of Ambassador George Harvey and son of General John P. Thompson, U. S. A., retired, inventor of the gun.

HUBBERS TAKE SLUGGING BEE FROM OUR BOYS

Both Wooldridge and Phillips Dented, But Former Gets Better Support.

Our Boys got off on the wrong foot yesterday, and couldn't catch step anywhere along the line. Every time they started anything, some Lubbock player spoiled it before they got well under way, and every time Lubbock started anything, the Nitro jinx helped them along. As a result, the Hubbers copped the opening game of the second half, 14 to 8.

Speed in the outfield and on the bases, contrasted with earnest but ineffective work of the Nitros' patchwork lineup, spelled the difference between victory and defeat in a slug-ging match. Lefty Phillips was dented considerably by the Hubbers but not so much as the score would indicate. Of their nineteen raps, several would have been handled if experienced performers were holding down their regular positions, and three hits and six runs were made after Binie White had elected to let slow drives take one more hop, with the result that the batsmen beat them out.

Cost Six Runs. One of these plays came in the eighth, and was followed by a double that knocked in two runs. The other came in the ninth and resulted in four runs. Ordinarily, Binie's method would have done the work, but those who play in checker style against a fast team like Sled Allen's gang can expect to lose.

The game was the customary entanglement with Lubbock—both teams hitting heartily, with the Hubbers clinging to a more or less slight lead. Yesterday it was close enough until the final round for the Nitros to be always in the running, but when they got dangerous, the Lubbock outfield ranged far and wide and dragged down drives that no self-respecting ball player should catch without getting extra pay therefor. King and Brown made particularly good catches, one of Jawn's being similar to that he pulled on York in the celebrated 2-2 game last year here.

Green's Finger Hurt. Despite the bombardment, only one casualty marked the matinee. That came in the opening exchange of shots, when a hard drive from Conlay's bat almost unknuckled Hiram Green's stub finger. It dislocated the joint, and though Green finished the inning, he retired thereafter in favor of Wooldridge.

WEST TEXAS GAMES

FLEHARTY STOPS BRONCS. Special to the Times. SAN ANGELO, June 30.—The Swatters ganged their hits off Coker in three rounds Thursday and took the second half opener, 3 to 1. Fleharty's wildness kept him in trouble but he was virtually unhittable in the pinches and Bupp and Currin gave him sensational support around the second bag. Score by innings— R. H. E. Sweetwater.....101 000 010—3 8 1 San Angelo.....000 100 000—1 7 0 Fleharty and Rosemond; Coker and Alexander.

COLONELS CRACK IN EIGHTH. STAMFORD, June 30.—Clovis took a pitcher's battle yesterday when Knadler's support crumbled in the eighth round and Clovis counted three times, the only runs of the game. Score by innings— R. H. E. Clovis.....000 000 030—3 8 0 Stamford.....000 000 000—0 8 3 Mickey and Erwin; Knadler and Schmid.

EAGLES START RIGHT. Special to the Times. ABILENE, June 30.—Scruggs held the Gassers to five hits yesterday and Smith's support was ragged, giving the Eagles a 7 to 4 victory over the first half champions. Grady White, loaned to Sweetwater, was back in an Eagle uniform and O'Day, new Eagle manager, from Moline, Ill., also was on the field. Score by innings— R. H. E. SHE VALUES HER KISSES AT \$12,500

Miss Mathilda Bankhardt, a former student nurse in the German Deaconess hospital, in Chicago, is suing Dr. Justine L. Mitchell, staff physician, for \$25,000. She alleges he kissed her twice, the kisses being timed three years apart. He denies the charge.

DIVORCED RUSSIAN DANCER STUDIES MUSIC NOW

Alla Moskova, famed as an interpretative dancer, has secured a divorce, in San Francisco, from her equally famous dancing husband, Boris Petroff, and will sail for Milan, Italy, to study music. Petroff allowed her to secure the decree, with \$100 a month alimony, at the same time dropping his \$50,000 alienation of affections suit against Gregory Chooluck, wealthy New York importer.

CHICAGO, June 30.—Walter Johnson, "smoke ball" king, of the Washington Senators, will have no difficulties reaching the goal of 100 shut-outs for his big league career at the pace he is now maintaining. He registered his third straight shutout of the season and the ninety-seventh of his sixteen years' service in the majors when he blanked the Yankees, 1 to 0 in a thrilling duel with his youthful rival, Waite Hoyt.

RENO, Nev., June 30.—Leon Wing, racing secretary and one of the judges at the Reno race meeting, was shot and killed today by Archie Ziegler, a jockey. Ziegler then ran into a barn and shot himself, dying several hours later. Wing was one of the best-known racing secretaries in the West and came to Reno two weeks ago to officiate at the Reno race meeting. He was a well-known newspaper man of San Francisco.

LET THE WORLD KNOW.

Recently some unidentified farmer-ette left at the Times office a basket of dewberries, which for their largeness and lusciousness could be excelled in the Garden of Eden, perhaps, but nowhere else. The Times admired, and voiced its admiration.

But the fair donor remains anonymous, although she and her berry patch are rightly entitled to credit for a community achievement. Those berries were too good to have been merely raised; they were reared. And if the method of such rearing were known, there is a possibility that others would pattern their efforts after this successful example, and add another item to an intensive farming program which would do so much toward building Ranger.

By grouping their experiences, agricultural inventors will not only aid their neighbors, but themselves as well, for a marketing center will be established—and marketing is after all the chief problem of agriculture.

Now Colonel Rufus Lackland has the right idea. He believes in publicity. He not only rears chickens, but he tells folks about them, and of the methods that have led to his success. Recently, he added a new mark to his credit in the way of pullet precocity. His Leghorn pullets entered upon their life profession of laying eggs at the tender age of four months and ten days, which is nearly a month ahead of the average and five days earlier than a performance which drives poultry journals to ecstatic verbiage. This spring's pullets will be grandmamas long before Christmas. That's turnover. Since turnover makes profits, it reveals an opportunity to those who care to grasp it.

And Colonel Lackland very properly lets the world know. He is an enthusiast and is willing to talk. As a result of that willingness, the eyes of the West Texas poultry world are turned on Ranger. Demonstration agents from numerous counties have come here to inspect his model plant, in order that similar ones may be established in their own communities. West Texas Chamber of Commerce officials have inspected the plant, for the knowledge they might derive. This week, the colonel spoke to attentive audiences at Stamford on the methods and possibilities of poultry raising. Thus through him, Ranger is advertised as a leader in the poultry industry and with the rapidly increasing number of chicken enthusiasts here, can well maintain a leadership of such activities in all West Texas.

The moral is: Take credit for what you do, if it is noteworthy. For the attendant publicity will aid not only your own business but will stimulate similar activities by your neighbors. And the beauty of specialized agriculture is, that neighbors do not compete with each other but rather derive mutual benefit from similar activities.

If Mr. Hoover ever runs for office he will have to struggle along without the profiteer vote.—Chicago News.

MOTHER SEEKING KIDNAPED BABY

Thomas Stapleton, wife, and baby

Mrs. Thomas Stapleton, of Butte, Mont., has begun a nation-wide search for her 4-year-old baby, who, she alleges, has been kidnaped by his father, William Stapleton, from whom she intends seeking a divorce. They were married in New York, but Mrs. Stapleton returned to Butte. Stapleton sent the baby's nurse on an errand and then disappeared, leaving this note: "Tommy loves me, and I love Tommy. When you read this we will be on our way East."

HANDS OFF THE COURTS

There has been a proper and decent opposition manifested to the demagogic proposal to fetter the judiciary by placing it under what may well be called mob control through the pretext that such domination is demanded by the welfare of the working classes. The country, as a whole, is rising in anger against both proposal and proponent, and is in turn demanding that profane hands shall be kept off the judicial system.

Now comes the equally obnoxious announcement that the professional prohibitionists are preparing as a test for all candidates for the bench, of whatever rank, a "one hundred per cent Volstead affirmation." Unless these aspirants demean themselves by subscribing to the insolent and imperious dictation of the hiring shepherds they are to be opposed for election or appointment. To accept the conditions that will be imposed will render every candidate prejudiced and therefore unfit.

It is vain trickery and deceit to plead that the extracted promise will be only to enforce the law of the land. The Judges everywhere upon induction take an oath to obey all laws and the constitution and do justice impartially. Therefore it follows that a special understanding can only mean a special treatment of special laws. In short, the "one hundred per cent Volstead" test is an implied promise to lean toward conviction and harsh punishment. This is not justice, but persecution.

The supporters of the La Follette constitutional amendment say in effect that they seek to emancipate labor from certain economic disadvantages which accrue to the benefit of the employing class. Hence they want a "one hundred per cent labor" test applied to the judiciary. If it is contended that the prohibitionists are justified in their demand upon judges in prospect and entitled to a faithful execution of pledges so obtained, then it is difficult to maintain war upon the Wisconsin scheme to secure what is virtually the same advantage for labor.

What neither of these special interests seem to understand is the mighty truth that the judge is not a public servant, amenable to the tide and the current of politics, but the guardian of justice and the protector of the weak and the wronged. A bound judge is a paradox.—Cincinnati Enquirer.

FOURTEEN DRILLING WELLS AT DALTON CITY

DALTON CITY, June 30.—In the last thirty days no less than seventy new buildings have been erected here, according to a report made to the local unit of the West Texas Chamber of Commerce. Thirty more are now under construction.

Natural gas has been piped to the town and will soon be flowing into the mains. Two banks have purchased locations and will open for business as soon as business justifies. Five two-story hotels have been erected and thirty-five business houses are being erected here now. The water system has been installed.

The Dalton well is making 900 barrels of oil daily. Fourteen new wells are being drilled. The deepest of the new tests is 1,600 feet. Thirty-seven new locations have been made for proposed tests.

NOW REFORMERS ATTACK MASCULINE BATHING SUITS

LONDON, June 30.—A decorum campaign has been started against objectionable bathing suits worn by men. The reformers insist men wear kilts or skirts over one-piece suits and that they bar transparent trunks.

"Groups of men and women attired in diaphanous gaments after immersion sit drinking tea and exchanging cigarettes, unashamed, although their dresses leave little to the imagination," says a London paper.

HAVANA PAPER BITTERLY RAPS UNITED STATES

HAVANA, June 30.—L Nacion, an afternoon newspaper, has launched another bitter attack against the United States. The attack, which is printed on the first page of the newspaper, under a seven-column head, declares that "Hatred of the American must be our new religion."

The newspaper asserts that gratitude for American co-operation during the last years of the revolution against Spain, which would have been won anyway, has blinded Cuba to the sinister motives of the United States, which only intervened in the revolution to gain control of the island.

The newspaper's attacks, which followed the recent cabinet reconstruction, have accused the Washington government of imposing the reform cabinet on President Zayas. They also have contained the charge that Carlos M. de Cespedes, minister at Washington, was chosen as secretary of state in the new cabinet so that when President Zayas and Vice President Carrillo are deposed, de Cespedes, a friend of the United States, would become president of Cuba.

WOUNDED VETERAN ATTEMPTS SUICIDE

SAN FRANCISCO, June 30.—Fred Weber, wounded veteran from St. Louis, who had been attending the convention here of the disabled veterans, swallowed a slow acting poison Thursday. Several days must elapse before it will be known whether he will live or die.

Weber told emergency hospital physicians that he had been refused admittance to the Letterman general hospital for soldiers here, although he had proved that he was ill. Officials of the hospital denied that Weber had visited the institution, and said they would have helped him.

THIEF CAPTURED, PAL FLEES WITH \$150,000 GEMS

CHICAGO, June 30.—After a spectacular hunt thru the Masonic temple witnessed by hundreds of homeward-bound workers, one of two robbers who had attempted to rob the safe of H. Klein & Sons, Belgian diamond brokers with a branch in New York, of diamonds valued at \$320,000, was captured.

The other robber escaped with some of the jewels. The captured bandit gave his name as Harry Katlor.

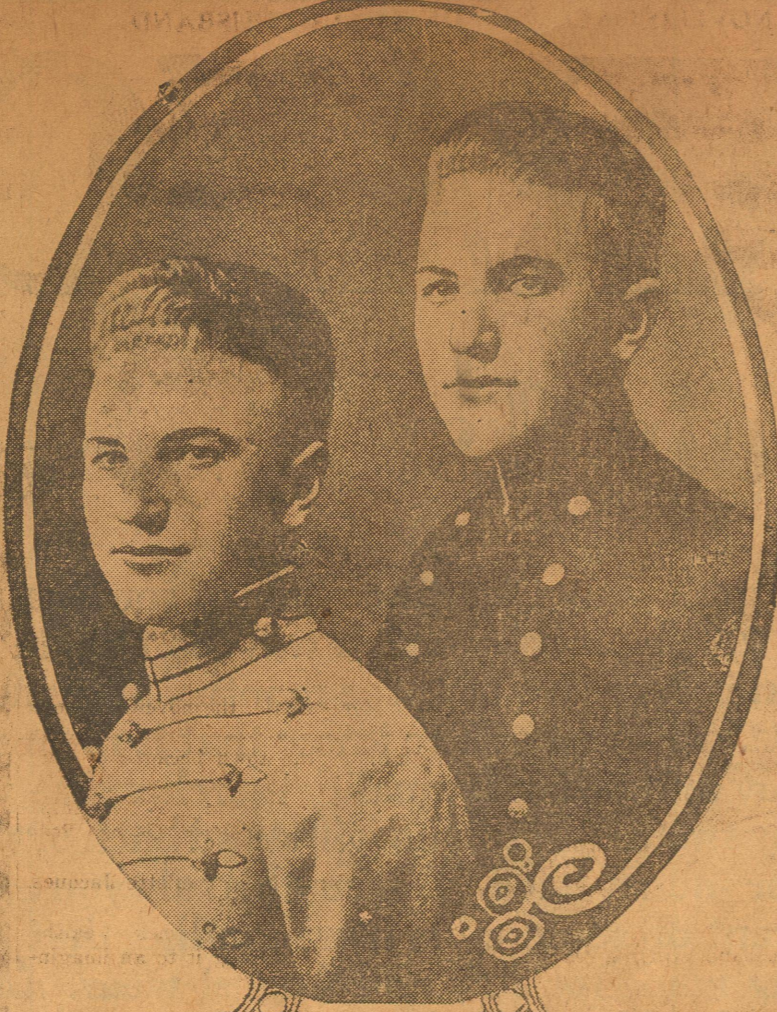

Max Klein, manager of the office, and Leopold Bachner, a salesman, were preparing to lock up for the night when two men entered with pistols. Klein and the salesman resisted and were severely beaten in the struggle which followed. The officers are on the thirteenth floor of the Masonic temple and noise of the struggle attracted the attention of persons in the surrounding suits.

Bachner later said \$150,000 worth of diamonds might be missing. The entire outlay of unset stones in the pouch for which Klein, Bachner and the robbers fought for possession, was valued at \$200,000. The gems were scattered over the floor in the struggle. Those recovered totaled 114 carats with an approximate value of \$55,000.

The University of Michigan has been lending money to needy students for more than 25 years and has never lost a cent. All loans are subject to the approval of the dean of the college, the maximum amount that may be borrowed at one time being \$100. The loan expires one year after graduation and the rate of interest charged is 5 per cent.

TWIN GRADUATES AT ANNAPOLIS-WEST POINT

Alfred E. and Albert J. Kastner

One of the most remarkable instances of twins graduating the same year is the case of Alfred E. Kastner and his twin brother, Albert V. Kastner, sons of Colonel and Mrs. Joseph Kastner of New York City. Albert graduated at the U. S. naval academy at Annapolis with high honors, while Alfred graduated at the U. S. military academy at West Point, standing equally high in his class.

LOST!

250 Pimples, 736 Blackheads and 3 Boils!

No reward is offered, because they are lost forever! No question will be asked, except one question, "How did you lose them?" There is but one answer—"I put out new fad treatments and guesswork; I used one of the most powerful blood-cleansers, blood-purifiers and flesh-builders known, and that is S. S. S. Now my face is pinkish, my skin clear as a rose, my cheeks are filled out and my rheumatism, too, is gone!" This will be your experience, too, if you try S. S. S. It is guaranteed to be purely vegetable in all its remarkably effective medicinal ingredients. S. S. S. means a new history for you from now on! S. S. S. is sold at all drug stores in two sizes. The larger size is the more economical.

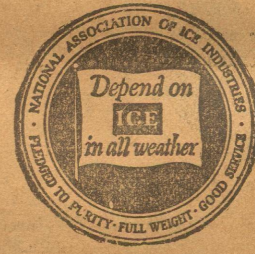

Don't Waste Ice ---USE IT!

Do you realize that by taking just a little more ice, you may be able to get twice as much benefit from it? It all depends upon how low you allow it to get between deliveries.

So many people fail to get full benefit from the ice they take because they do not take enough, or they do not take it steadily enough. When ice gets low it fails to radiate enough chill to keep the refrigerator from warming up; and then when more ice goes in it is largely used up in overcoming that condition.

In the mean time your food spoils or deteriorates, even if it does not spoil badly enough to throw away. It loses its freshness and appetizing flavor. There is no economy in that.

FEAR OF LEPROSY COSTS AMERICA GIGANTIC SUMS

Disease Not Contagious, Public Health Men Proclaim.

WASHINGTON, June 30.—Haunted houses no longer cause a chill to race up and down the back. The average pedestrian has no fear in walking under a ladder. And the sight of a new moon over the left shoulder or the fleeting glimpse of a graveyard rabbit hastening across the path is absolutely nothing in the mind of the modernized and scientific American.

But there is one superstition that lingers, that draws heavily on the government exchequer and causes federal health officers no end of annoyance.

It comes rattling down from Biblical days, a fear that amounts almost to an instinct, that leprosy is most highly contagious, the most dreadful of all human ailments and the one most to be avoided.

The public health service declares that there is absolutely no reason for this popular belief, but after a long and losing campaign of education to dispel this feeling finally has decided to give up the task as a hopeless one. And this decision costs the government a great many thousands of dollars every year from the fund provided for caring for the public's health in general.

Built Sanitarium for Lepers.
Until quite recently there were approximately 1,200 lepers in the United States, a majority of them at large under probation to city health officers. It was deemed advisable to isolate them and the government built a sanitarium near New Orleans, where they could be concentrated and take the new treatment.

But the question of transportation was not taken into consideration. Government experts who have had experience with the disease in the tropics figured that it would only be necessary for an agent to accompany the patient on a regular train, traveling as ordinary passengers. They contended there was not the slightest chance of communicating the malady to others.

But the railroads interposed an objection. They held the opinion that it might all be true, but that when the word went out that a leper was to be a passenger on any of the trains bound for New Orleans that he would in all probability have the train to himself. Pullman, diner, day coaches and all. And members of congress, when advised of the proposed means of transportation, took the same attitude.

Now when it is necessary to transfer a patient to the leprosarium it means a large item of expense in each instance. In the first place there must be a special car in which the patient is to travel. He must be provided with a "guard" because for some reason lepers have a tendency to escape. There must be a special cook. And the special car must trail on the rear end of freight trains, by long and circuitous routes.

"And it is nothing in the world but superstition," declares Surgeon General Hugh S. Cumming, as he observes the large inroad being made in an appropriation which he intended using for other purposes.

YACHT CLUB THREATENS TO DUCK JAZZY DANCERS

BAYSIDE, L. I., June 30.—The Bayside Yacht club is an exclusive organization, but although its members are wealthy, it, since prohibition, has been non-alcoholic and sometimes puritanical. It has now put a ban on the modern dance as practiced by the younger set at its Saturday night gatherings. In taboos the Lorraine, latest and wiggliest of Broadway toddles, flippers, flappers and finale hoppers are warned by James B. Moore, chairman of the club's entertainment committee, that anyone who attempts it at the club will "land in the bay with a splash."

SECRET OPERATION FOR HAROLD McCORMICK

Harold F. McCormick, chairman of the board of directors of the International Harvester company, and former son-in-law of John D. Rockefeller, has undergone a secret operation in Wesley Memorial hospital in Chicago, and there are persistent rumors it was for gland transplantation in his efforts to keep young. Armed guards surrounded the hospital for days.

HOMEOPATHS TOLD MOST MEDICOS FAVOR WHISKY

CHICAGO, June 30.—What he termed misrepresentation on the part of the Anti-saloon league of the attitude of the medical profession toward whisky for use in illness, was denounced by Dr. H. N. Stevenson of Baltimore, Md., a trustee of the American Institute of Homeopathy, in an address before the institute.

"The Anti-Saloon league's contention that only 30 per cent of doctors regard whisky of sufficient value as medicine to secure a permit for prescribing it is downright falsehood," he declared.

Thousands of specialists and physicians who work in hospitals have no occasion to use whisky in their practice, and thousands more work in states where they are forbidden whisky, he said.

"Subtract this number and you will find the percentage of doctors who do apply for permits to prescribe whisky nearly 80 per cent," he asserted.

Whisky, he added, is a valuable tonic for aged people or as a remedy for sudden shock.

"To Be Read Aloud in the Family Circle," relates having his "eyes opened" at the dance on the occasion of the opening of the summer clubhouse. By comparison with the Lorraine, the shimmy and monkey clutch are mild, innocuous things, he infers.

"Cleopatra in all her prime" must have come far short of measuring up to the suggestions insidiously conveyed in what some of the youngsters contorted," says the article.

Nathan Newhouse, New York university's smallest freshman, is not quite five feet in height and wears short trousers. He graduated from the Bayonne high school as valedictorian at the age of 14 and was awarded a scholarship to New York university.

TAFT FLUSHES AT EVIDENCE IN BRITISH COURT

LONDON, June 30.—Former President Taft, while investigating English legal procedure, entered the probate court just as Sir Henry Duke was hearing a contested will case connected with the \$800,000 estate of the late Earl of Shrewsbury in which Richard Pennoyer, an American and former second secretary of the embassy here, figured largely in the testimony.

When solicitor Priestly, representing the Shrewsbury family, began reading acrimonious letters written between the earl and Mr. Pennoyer on the subject of the American's intention to Lady Ingestre, who was the widow of the earl's son, Viscount Ingestre, and who as an American, the earl did not want to marry into the Shrewsbury family, Mr. Taft hurriedly left the room.

Everybody was embarrassed as Mr. Taft heard the lawyer read the Earl of Shrewsbury's denunciation of Americans, how he sent a packet of correspondence to the American ambassador in 1917 and how the "earl felt that as his daughter-in-law had married Mr. Pennoyer it would not be to the advantage of his successor, the young earl, to be saturated with American and republican views."

Mr. Taft's face reddened and he quit the room before the proceedings went any further.

The guardians of the young earl, 7 years old, are seeking to break the late earl's will leaving his fortune to his common-law wife, Eleanor Whyte Hughes Brownlee.

YOUTH, AS HAMLET, ROUTS THIEF WITH LONG SWORD

TULSA, Okla., June 30.—Hamlet in the person of Oscar Osborne, a high school boy, gave battle to a modern highwayman.

Garbed in the raiment of the Danish prince, whose character he had portrayed in a school entertainment, Osborne was going home when set upon by a robber.

The youth drew his long sword and attacked the highwaymen, who, unaccustomed to facing such strange weapons, turned and ran.

NOVELIST ACCUSED OF KILLING HUSBAND

Hera Mitrel

George Besarabo

As Hera Mitrel, the novelist, whose erotic works stirred Paris, she was the talk of the town because of her weird salon, where revolt was preached and mysticism and "devil-worship" practiced. Now, as Mme. George Besarabo, she is on trial in Paris, with her daughter, Mlle. Paulette Jacques, child of her first marriage, on the charge of murdering her wealthy broker husband, stuffing his body into a trunk and shipping it to an imaginary address in Nancy. Her friends say she slew her husband because he had attacked her daughter.

Anthem to Swine Sung As Ohio Folk Dedicate Poland China Monument

LEBANON, Ohio, June 30.—In honor of the men of Warren county who developed the Poland China hog, Lebanon has erected and dedicated a monument.

The Poland China ranks first in numbers among the four chief pork and lard producing strains in the United States, and when it is considered that even during the agricultural slump of last year the swine of the country had a value of \$875,000,000, Lebanon thought the Poland China anniversary well worthy of commendation.

The dedication of the monument was only part of the celebration. An equally striking incident was the reading of the following ode—which may be sung to the air of "America"—by its author, Miss Mary Hankinson:

"This spot will be the shrine For Poland China swine, Which we esteem; Tribute to those whose skill Labored with earnest will This vision to fulfill: The hog supreme."

AMUSU CLUB MEETS.

The Amusu club met yesterday afternoon with Mrs. Ira Nourse and as usual bridge was the diversion for the afternoon. The high score favor, a berry spoon, went to Mrs. W. S. Adamson, and the low score favor, a lunch set, went to Miss Audrey Cornell.

After the game the hostess served a very cooling orange sherbet, with cake and lemonade. Club members present were Meses. Pop Endicott, Carroll Clarke, J. T. Lander. Guests were Meses. C. S. Boyd, J. A. Martin, H. A. Logsdon, Miss Aubrey Cornell.

HONORING TULSA GUEST.

Mrs. A. Neil, who lives in house No. 13, of the Prairie Pipe Line Division camp, on Blackwell road, was hostess to a very charming bridge party yesterday afternoon, in honor of her sister, Mrs. James L. Cole, of Tulsa, Okla. House decorations were in lavender and yellow cut flowers, which color note was further carried out in the wrappings of the favors given lucky contestants. Mrs. E. L. McMillen made high score, and received as a favor a boudoir water set of iridescent glass. Mrs. Johnnie O'Connor received the low score favor, a hammered brass card holder, and the honoree, Mrs. Cole, received the guest prize, a kitchen diary.

BRIDGE TOURNAMENT A SUCCESS.

The bridge tournament given under the auspices of the Child Welfare club Thursday morning at Shamrock park was quite a success. Many dollars went into the coffers of the club, which will be spent for the equipment of two public playgrounds that are

CHICAGO SOCIETY LEADER VICTIM OF GRAFT

Mrs. N. N. Thorne.

Mrs. Narcissa Niblack Thorne, wife of James Ward Thorne, Chicago millionaire, testified she was the victim of graft at the hands of Chicago labor leaders when she was forced to pay cash to avert a strike of union men who refused to hang lamps made by the non-union Women's exchange, sponsored by Mrs. Thorne as one of her many philanthropies.

now being improved and fitted up. One of these is in Hodges Oak Park and the other is on the east side of the city. The proceeds from this tournament will be put to work quickly, so that the children may have many weeks' enjoyment of the playgrounds before school opens.

The game commenced promptly at 9:30 a. m. and went busily on, for the prizes were arranged in plain sight of the contestants and they were lovingly and useful enough to inspire anyone's best efforts. The highest score was made by Mrs. R. W. Thomas, who had the pick of the favors, she choosing a set of ice tea glasses, the other ten favors, which were chosen by the lucky ones went to Meses. C. S. Clarke, J. C. Pullen, Leo Parr, J. A. Martin, Howard Cole Jr., R. M. Schmuck, A. G. Jury, Pop Endicott, W. S. Adamson, Harold Whitbeck.

The cut favor, a lovely bowl, went to Miss Clara Haden. Zero pies and soda pop were sold during the morning to those who felt the need of refreshments. Below is a list of the club members and those present. In regard to the former, each deserves a bouquet for the hard work they did in outting this tournament, and while one could not be singled out as having done more than another, for each one did their part well, still it might be of interest to the public to say that one of this number personally sold 108 tickets.

Club members were: Meses. George Armer, J. T. Gullahorn, A. J. Orth, William Clegg, C. C. Craig, D. M. Steele, A. N. Harkrider, Karl Jones, C. O. Terrell, Charles Conley, Garrett Bohning, J. B. 'TITLED' BRITISHER FLEECE SOCIETY FOLKS

PHILADELPHIA, June 30. — At the instance of the immigration authorities on Ellis island, Herbert Crawshaw, alleged English swindler who has passed under many aliases and figured in many bold adventures among men of high finance, has been arrested by immigration officials here.

Secrecy which has previously shrouded the man's arrest was the result, it is said, of the efforts of a wealthy woman of high social position in Philadelphia who was married to the man at a fashionable hotel at Montreal last October. This woman has lived here with the Britisher as his wife.

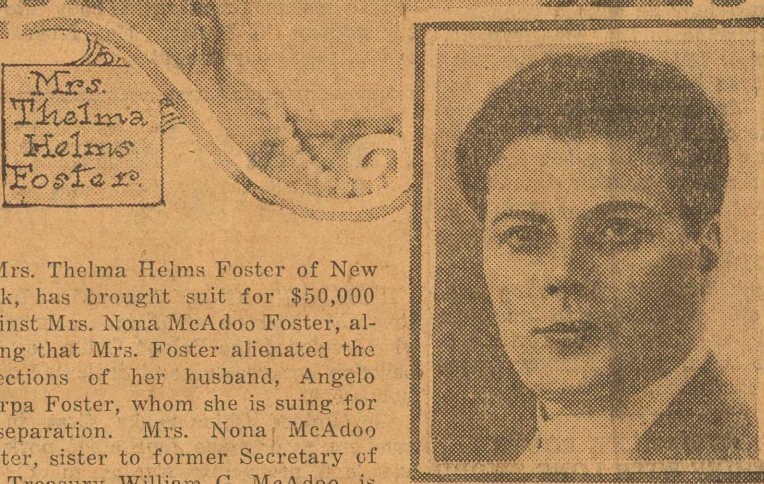

Assistant Commissioner Landis of the Ellis island station, said Friday that the man had been three times deported from the United States.

In June 1914 this man created a social sensation in Boston when he arrived there with a woman. He called himself "Sir" James Carleton as such he was entertained by Mayor Curley at a symphony orchestra concert and at a dinner.

SLATON, June 30.—In a fight between tramps and a Santa Fe train crew at Roundup, about twenty-five miles west of Slaton, Jerry Redden, brakeman, was stabbed to death and Conductor Vaughn received a number of serious wounds. The authorities Redden's home was in Herrin, Ill.

MARRIAGE PLOT CHARGED BY McADOO'S SISTER

Mrs. Thelma Helms Foster of New York, has brought suit for \$50,000 against Mrs. Nona McAdoo Foster, alleging that Mrs. Foster alienated the affections of her husband, Angelo Scarpa Foster, whom she is suing for a separation. Mrs. Nona McAdoo Foster, sister to former Secretary of the Treasury William G. McAdoo, is the foster mother of Angelo Foster, whom she adopted years ago in Knoxville, Tenn. Her answer to the suit is an allegation that after her daughter-in-law's grandfather and her uncle, Charles M. Whitney Sr., and Charles M. Whitney Jr., induced her to sell \$75,000 worth of bonds and invest it in their real estate firm, they brought about the secret marriage to deprive her of her money. Foster is sticking to his foster mother. The younger Mrs. Foster was denied temporary alimony and counsel fees.

AERIAL SLEEPING CARS DESIGNED IN ENGLAND

LONDON, June 30. — "Fly-by-night" will be more than a slang phrase if Major-General Sir W. S. Brancker, civil aviation director for Great Britain, has his way.

General Brancker is backing proposals for night flying routes between Paris and London. It is proposed to erect huge beacon lights on the ground along the route to enable eviators to find their way from Paris to London.

Aerial "sleeping" cars are not altogether an impossibility.

TWO DEAD UNDER TREE.

PALESTINE, June 30.—Charles Burt and his wife, missing since Monday, were found dead under a tree in a field near Slocum late yesterday. Officers said they were killed by lightning during a storm Monday. The couple apparently were under the tree eating lunch when struck. One small child survives.
