JIM CROW LAW CAUSES FATAL DALLAS AFFRAY

Obstreperous Negro Carves Dallas Conductor and Is Shot Dead.

By Associated Press.

DALLAS, July 5.—John Foster, negro, is dead, and W. L. Page, street car conductor, is probably fatally wounded as a result of Foster's alleged violation of the "Jim Crow" law here late last night.

The negro, according to the police, boarded Page's car at a downtown corner and occupied a seat in the section reserved for whites. Page three times asked him to move to the negro section of the car and the third time, the negro without a word drew a knife and slashed Page. The conductor, staggering backward, drew his revolver and shot Foster dead.

Page is in a critical condition, with one stab wound through the lungs and another near the heart.

FREE STATE TO ASK VOLUNTEERS AGAINST REBELS

By Associated Press.

DUBLIN, July 5.—It was expected today that the provisional government would issue a national call for volunteers to take up arms.

Sackville street, the main stronghold of the republican insurgents, was the scene of heavy fighting today and the insurgents in many of the buildings were still holding out. Five defenders alone remain in the Gresham hotel building and the battle is expected to be over shortly.

WISCONSIN GOVERNOR BLAMES VETS' CRIMES ON DELAY OF BONUS

By United Press.

MADISON, Wis., July 5.—One out of every four men in Wisconsin prison is an ex-serviceman, Governor John J. Blaine stated today, blaming the national administration for holding up the soldiers' compensation as the cause.

Blaine announced that he would free every ex-soldier now in prison who applied for a pardon and could show that his sentence resulted from lack of funds after serving in the army. The governor has already freed more than a score of ex-soldiers serving in the state penal institutions.

COMMUNISTS IN ROW WITH FRENCH PREMIER

By United Press.

PARIS, July 5.—Police reserves today surrounded the chamber of deputies while communist members attacked Premier Poincare, accusing him of bringing on the world war. A great throng gathered in the vicinity of the parliament building and a hostile demonstration was feared. Within the chamber was crowded to capacity. Three communist deputies in turn hurled questions at the premier concerning his pre-war policies, which they asserted caused the start of the war.

Poincare, bristling with defiance, faced his enemies of the left with a bold front, stoutly defending his policies.

KLAN PARADE DRAWS THROG TO EASTLAND

Town in Darkness as Hundreds of Robed Figures March Through Square.

Special to the Times

EASTLAND, July 5.—Klansmen in large numbers paraded the downtown business streets last night before throngs of people who had remained over in large numbers from the celebration in the afternoon or had driven in from neighboring towns on hearing the rumor that hooded Klansmen were going to parade for the first time in Eastland.

The parade, stretching out for seven or eight blocks entered town from the east behind a huge fiery cross, proceeded down one side of the square to the Texas & Pacific depot, then back again and around the square, disappearing in the direction from which it came. The large number of robed men, estimated from 250 to 350 are said to have gathered in a field just on the outskirts of the city and to have disbanded there.

During the parade the street lights were turned off, leaving the streets in darkness, except for the store lights and the cross at the head of the column passing by.

It was the first parade of the klan held in Eastland and one of the very few held in the county. It passed off without disorder of any kind.

MOLLA WINS AGAIN

WIMBLEDON, England, July 5.—In a drizzling rain which made footing insecure and good tennis almost impossible, Mrs. Molla Mallory, American champion, worked her way into the semi-finals of the British national championship here today.

Mrs. Mallory defeated Mrs. Edgington, 6-2 and 6-4. The American titleholder had little difficulty in winning the first set but was hard pressed in the second, when she drove into the net repeatedly.

ROAD RACERS COVER COURSE IN FAST TIME

A. L. Ward Is Winner in Slightly Over Two Hours; Both Better Estimate.

A. L. Ward, of the Prairie Company, driving a Studebaker, was the winner in the road race yesterday, in 2 hours, 1 minute and 35 seconds. J. M. White, the only other entry, driving a Ford roadster, made the course in 2 hours, 14 minutes and 5 seconds, or 14 1/2 minutes under Ward's time. Prizes of \$125 and \$75 were awarded to both entries as first and second prizes, the other contestants signing up for the race having withdrawn at the last moment.

Tires for the Studebaker were furnished by the Oilbelt Motor Company, Studebaker dealers for this territory, and for the Ford entry by Leveille-Maher Motor Company, Ford dealers.

Roads Were Rough

The course, running through the outskirts of Caddo and Strawn and back again, was found exceedingly rough and the time of both drivers in the race was a surprise to many, including the promoters, who had predicted that the fastest car would hardly be able to run the course under 2 hours and 15 minutes. Second prize money won by White was turned over to J. C. Jones, owner of the car, who acted as mechanic.

The Ford got off first and was passed in a spirited brush shortly before Strawn was reached. It held to within half a mile of the winner until near the Thurber road, when a small leak in the crank shaft caused the engine to heat, Mr. Jones said this morning.

Fireworks Are Dazzling

A miniature bombardment, simulating the roar of guns on the battle front, with accompanying flares and signals; rockets and flares and roman candles, shooting out gold and green and blue fire in spectacular patterns, concluding with a pyrotechnic display of Old Glory as the Merchants' Association band played "The Star Spangled Banner," delighted hundreds at the ball park last night and even more hundreds grouped on Main street.

Through some confusion in opening the ticket window, many assembled to view the exhibit, left and others, feeling that the air was free, took their enjoyment of the display in inexpensive fashion. As a result, the promoters of the holiday celebration lost considerable money on the venture.

By Associated Press.

ST. LOUIS, July 5.—Bandits today held up a bank messenger in a crowded street car and escaped with a satchel containing \$21,200 in cash belonging to a downtown bank. A number of armed men are said to have been in the crowd. The robbery occurred near a downtown corner where a similar robbery took place sometime ago.

WEST COLUMBIA FIRE DESTROYS THREE RIGS

By United Press.

HOUSTON, July 5.—The Texas company's Hogg No. 37, at West Columbia, making between 20,000-000 and 25,000,000 feet of gas, caught fire yesterday and was still burning this morning, according to reports here.

The well, an old one, was being worked over when it blew in and immediately caught fire. The flames spread to two adjacent wells and all three derricks were destroyed. For a while it was feared oil pits nearby would catch fire. Holes were dug in the pits and the oil flowed into irrigation districts. Oil workers around the well barely escaped with their lives when the well blew in. The drill stem was blown 1,500 feet into the air by the gas.

OIL JOURNAL AGAIN BLACKS TAMPICO'S EYE

By United Press.

HOUSTON, July 5.—The world's biggest oil wells, located in the Totecco oil field near Tampico, are threatened with destruction by salt water, according to reports received by the Oil Weekly here. Salt water has caused the closing down of at least one well and it is rumored that the water has made its appearance in several others.

The Totecco field has been one of the heaviest contributors to the world's oil larder.

By United Press.

A sensation was caused at his trial yesterday when two women victims of Grossman, who escaped after he had assaulted them, climbed the railing around the prisoner's box and attacked him with hatspins. Guards rescued Grossman and locked him in the cell, where he was found dead today.

Publisher Fined \$1,000 For Slur At Christianity

NEW YORK, July 5.—On conviction of reprinting a blasphemous article in the Russian language newspaper, Novaya Russkoye Slovo, published here, Victor Shinkin, publisher of the paper, was fined \$1,000, the maximum penalty.

The court held that certain references to Christ's origin in the article entitled "Turbidness," and first printed in Pravda, a newspaper in Russia, were "an insult to all believers in a supreme being."

Immediately after the reprinting of the article in Shinkin's paper, March 14, the authorities of the Russian Orthodox church in New York made complaint and the matter was brought to the attention of John S. Sumner of the Society for the Prevention of Vice.

Justice Salmon said: "Great freedom is given the press under our laws, but this freedom is not to be construed as license. This article is a blasphemy and sacrilege and an insult to all believers in a supreme being."

Shinkin paid the fine.

BEEES DRUNK ON MEAD SWARM IN PARK BUILDING

LAS CRUCES, N. M., July 5.—Honey bees, intoxicated on old fashioned mead, swarmed in the belfry of an antique building in Mesilla Park.

The peculiar antics of the bees soon attracted a number of persons. On investigation it was found that a small beehive had tumbled into a pool of water. The honey and water had fermented and the analysis showed the liquid to contain more than 10 per cent of alcohol. Honey and water fermented is known as mead and was one of the favorite drinks of the ancients. The bees had found this delectable spot and proceeded to make good use of their opportunity.

STRIKERS SEIZE RAIL SHOPS IN MISSOURI TOWN

Forty-Three Workers Driven From Town; Officers Arrest Guards.

SLATER, Mo., July 5.—Striking shopmen have seized the shops of the Chicago & Alton railroad here, after driving out non-union workers and are now holding them. Twenty-five men were driven out last night and eighteen were driven out today. Union officers today reported that the men had been placed on trains and sent out of town. Other reports state that the non-union men were driven out and left town of their own accord.

The sheriff is on his way here from Marshall the county seat. Railroad officials have complained that three guards over the property have been placed under arrest by local authorities and that their property was unguarded.

SHOP WORKERS TO STAND ALONE IN RAILROAD STRIKE

CHICAGO, July 5.—Railroad shopmen now on strike are able to stand on their feet, B. M. Jewell, union chief, declared today. Refusal of the maintenance of way men to strike has strengthened the position of the shopmen who are now out, rather than weakened it, Jewell declared.

"We would rather settle this affair with the railroads ourselves than draw other unions into the conflict, he said. "We never urged other union chiefs to call a strike. If the maintenance of way men find a way out of their difficulties through compromise with the United States labor board, we have no complaint. The shopmen's strike will never be settled on the terms the maintenance of way men accepted."

Sympathetic Walkouts. Jewell was elated over a big batch of telegrams on his desk telling of clerks, signalmen, maintenance of way employes and foremen going out on unauthorized strikes in sympathy with the shopmen.

The maintenance of way men will stay on the job under protest against the \$60,000,000 cut in wages pending negotiations for readjustment. With the common labor problem out of the way, railway officials were waiting today for the first definite disclosures as to the result of the strike. Over Sunday and yesterday, they said, it was impossible to determine how many men were really on strike.

Striking railroad shopmen who walked out in the nationwide strike called Saturday are reported to be drifting back to work in groups of uncertain size. Today was considered the turning point in the strike of nearly 400,000 men. Late reports received by President B. M. Jewell show that the strike is 100 per cent in all places heard from, he announced.

The freight handlers, clerks and oilers who joined the deserting ranks of the shopmen are reported to be going back to work.

The maintenance of way employes, whose officers yesterday decided to delay their strike, were today given the sympathy of President Jewell of the shopmen, who said that he was not surprised and hoped that the maintenance of way men could extricate themselves from their present difficulties.

The shopmen, he said, did not strike without doing all in their power to prevent it. He declared that the financial interests were doing everything to break up the unions.

Denial that the United States labor board was "implicated in the drive by financial interests to bring about the open shop" was made today by Ben W. Hooper, chairman of the board.

Hooper in a letter to Bert M. Jewell said such a claim was a grave injustice. The letter was made public as Jewell announced that failure of the maintenance of way workers to strike would strengthen the shopmen in the walkout.

CONFESSION CLEARS NAME OF MAN WHO SERVED 36 YEARS IN STATE PEN

AUSTIN, July 5.—The appearance yesterday in Atlanta, Georgia, of a letter supposed to be a confession of a crime for which A. L. George was convicted thirty-eight years ago, brings to a close a desperate but futile campaign of George to have the state right a wrong which he claimed had been done him by the state of Texas. Active work by George closed with his death in a local hospital last year after a physical breakdown.

George, while a young man, was convicted in 1884 for the murder of E. D. Konerick at Hottentot, a small town in South Texas. He was sent to the penitentiary and served his term, all the time protesting his innocence. Last year after his release he came to Austin to press his claim for a reward due him by the state for having held him in the penitentiary when he was innocent. He was taken ill, however, and lay for days in his room at a small local hotel. Relief organizations sent him to the hospital, where he died shortly afterward and his body was sent to Tennessee for burial.

A letter purporting to be a confession of the crime for which George was convicted was found in a piece of furniture yesterday by a Atlanta.

NORTHERN VETS BLAME DAVIS FOR CIVIL WAR

Say History Will Ignore Recent Charges Made Against Lincoln at Richmond.

NEW YORK, July 5.—That Jefferson Davis and General P. G. T. Beauregard were the cause of the Civil war—not Abraham Lincoln, as was said recently in Richmond Va., at a meeting of the Confederate veterans—was the keynote of memorial exercises at the Soldiers' and Sailors' monument, Riverside Drive and Eighty-ninth street, under the auspices of the allied organizations of the Grand Army of the Republic.

The exercises are held yearly to pay tribute to the unmarked graves of the soldiers and sailors of all wars in which the United States participated. Defends Lincoln.

Julius Isaacs, chairman of the G. A. R. committee, said:

"The remarks made recently in Richmond regarding Lincoln was one of the most outrageous things that ever happened. To teach that Lincoln was the cause of the Civil war is outrageous. If there ever was a lie, that was one. The war was thought of long before Lincoln was thought of for public life. Secession was the real cause. Lincoln detested war and wanted peace. His inaugural speech touched on that subject."

Mr. Isaacs said that if an American went to England and made the stirring remarks about British veterans that Lady Astor made about the G. A. R. "you would be in London Tower or some other dungeon before you knew it."

Isidore Lang, president of the allied organizations, said the fact that the wedge between the parties that marked the beginning of the war. He said:

Wanted United Nation. "When Lincoln was nominated they knew he was so whole-souled he would perform his duties and live up to his oath of office. Lincoln never forced the war. He was peace loving and believed in things worth while. He wanted a united country."

Rev. Dr. Andrew Magill, of the First Presbyterian church, Jamaica, L. I., said:

"The bloodiest war of all history was the Civil war. All we have to ask is, who fired on our flag? Our men would never fire on it. The good madames of the South make an awful roar, but are a small minority. I ignore them, and future ages will ignore them."

IT'S BEST TO LET WOMEN ALONE WHEN THEY SCRAP

FORT SMITH, July 5.—W. R. Cole, sixty-five, local druggist, is of the opinion that it does not pay to interfere with two women when they are staging a fight.

He bases his opinion on the fact that he attempted to separate Freddie Henderson and Bertha Gale, who were staging a lively battle, and when he regained his equilibrium he possessed a black eye, a bruised head and a swollen cheek, and was booked with a charge of fighting for his pains.

MAN ARRESTED FOR SWINDLING BANKS IN TEXAS

DENVER, July 5.—Charged in Texarkana, Texas., with having used the United States mails to defraud two victims out of \$30,000, presumably in a stock swindle, Walter F. Byland, 40 years old, was arrested on the lawn of the state capitol building by Roy Nelson, federal post office inspector, and is being held for the Texas federal authorities.

According to a telegram received here by Nelson, Byland is under indictment on two counts, by a federal grand jury of the eastern district of Texas.

The first charges him with inducing the Guaranty State bank of Texarkana to mail a check for \$20,000 to Carl Westesen, one of the alleged victims, at Wichita Falls, Texas, Feb. 10, 1921.

The other cites that he used similar tactics to induce the same bank to mail Adolph Wishropp a draft for \$10,000, at Kansas City, Mo., Nov. 16, 1920.

After obtaining the money Byland is said to have given the two alleged victims fraudulent stock in exchange for it, and to have decamped. In Wichita Falls he sailed under the name "C. Edwards," the telegram says, and in Kansas City he was known as "C. W. Davis."

FATHER CONVICTED FOR ASSAULT ON GIRL

MOUNT PLEASANT, July 5.—The jury in the Marvin Black case, charged with assault with intent to rape, returned a verdict assessing punishment at 30 years in the penitentiary. The defendant, a white man, was charged with assault upon his 13-year-old daughter.

PROTECT THE BABIES

July and August are often a dangerous time for babies. The heat exhausts their little bodies; the first hot weather after weaning is a real crisis.

It is extremely important that baby's milk be fresh and pure. It does little good to sterilize bottle and nipple if the milk itself gets stale. And that can easily happen if milk gets warm; in unchilled milk bacteria multiply rapidly.

The cheapest protection you can buy for baby this summer is ice—enough to keep the refrigerator cold.

HANDS NEED WORK BUT CANNOT REACH HARVEST

KANSAS CITY, Kan., July 5.—Five thousand harvest hands are waiting here in need of work, and many acres of Kansas wheat need harvesting and lack the labor. Unless railroads at once allow a special rate or let harvest hands ride free on freight

trains, there is no way to get the workers to the fields.

Up to last Wednesday railroads made a practice of allowing harvest hands to ride freight trains to the fields. The men are anxious to get work, but have no money to pay railroad fares. Farmers will not advance it. So wheat goes uncut in central Kansas and would-be harvest hands go hungry here.

30 PERSONS HURT IN FRISCO TRAIN CRASH

KANSAS CITY, Mo., July 5.—Thirty persons were injured, none believed fatally, when St. Louis, San Francisco passenger train No. 20, from Springfield, Mo., was derailed near here late Tuesday.

There were about 150 passengers on the train. Those persons injured were hurt when thrown from their seats against other seats and cut by glass from broken windows.

The engine of the wrecked train ran into a box car filled with railroad ties. The car was demolished, the engine turned over and most of the ties fell on top of it. None of the three cars of the train left the rails.

SAYS STATE EMPLOYEES ASKED TO HELP NEFF

MCKINNEY, July 5.—Fred S. Rogers, candidate for governor, delivered an address here last night. The only new issue introduced was when he exhibited a letter which he alleged had been written by Ed Hall, commissioner of insurance and banking, to an employee of the department, seeking funds for the campaign expenses of Governor Pat M. Neff. The letter was dated June 1, he said, and sought a contribution of 5 per cent of the employee's salary, if the employee "could see his way clear." Former United States Senator

Joseph Weldon Bailey of Dallas was presented and made a forty-five-minute address Bailey, who said he came to McKinney merely as an on-looker and to hear Rogers, stated that greater confusion existed in government in the state of Texas and the nation today than ever before. "Instead of voting as Democrats, the people are going to vote as members of organizations and societies," Bailey said.

EATING HOUSE BOSS WON'T FEED STRIKEBREAKERS

LOCKHART, July 5.—It did not take Henry Toin, proprietor of the Sap eating house at Yoakum, very long to make up his mind when asked by an official how many strikebreakers he could feed. Toin replied that he could feed a good many of them, but he would not at any price. He was told that he was on railroad property and if he would not supply food for the strikebreakers he would have to vacate. Toin packed up his silverware, put out the cat and joined the army of strikebreakers. This occurred Sunday and the Sap eating house has been dark ever since.

EAGLES GROUP ALL THREE HITS AND WIN 5 TO 3

One Bad Round Gives Nitros Loss in Afternoon; Couldn't Drive in Runs.

Lefty Lybrand, strengthened by a morning of unavailing labor, went back against the Eagles yesterday afternoon and held them to three safeties, but lost, 5 to 2. Unfortunately, the three were grouped in one round, together with two passes, a squeeze play and a couple of other happenings even more painful.

As a result, the Eagles rolled up the mountainous lead of five runs, which the Nitros were unable to surmount, although there were opportunities aplenty to dent one Mr. Scruggs of Abilene with telling effect.

They had partial success in the third, when Craig led off with a fly over the wire, took third on a passed ball and counted when Dockery hit a long grounder to Sain. In the seventh, the notorious bat of Parson Pyle flailed successfully after Dockery had stirred up an apathetic game by a terrific triple to left. At other times, Nitro batsmen failed to function efficiently, though six walks and several scattered hits made the sacks popular parking places.

The Nitros played their usual earnest game and several times made up for wobbles by sharp fielding. But on the offense, several of them, while conscientious in their endeavor, betrayed about as much enthusiasm as if they were shoveling sand.

HERRICK'S AIRPLANE COLLIDES WITH TREE

MEMPHIS, Tenn., July 5.—Representative Herrick of Oklahoma, who left Memphis Tuesday morning in an airplane for Perry, Ok., was slightly injured when his plane fell near Hamlin, a short distance from Wynne, Ark., according to a telephone message to the Memphis Commercial Appeal.

According to advices received here, engine trouble developed and the plane was landed in a field near Hamlin. The trouble apparently had been remedied and the plane hopped again, but crashed into a tree and fell.

GETS RATTLESNAKE OUT OF HIS MAIL BOX

ALICE, Texas, July 5.—When H. H. Bennett, a farmer near Alice, reached in his mail-box to get his letters he pulled out a fifteen-inch rattlesnake. Mr. Bennett was not bitten.

There was almost a stampede in the postoffice, as many people were there awaiting for the mail. Someone finally managed to kill the snake. How it got there no one knows.

'GOOD-BY!' JONES TELLS RANGER

Umpire Jones has ended his umpiring in Ranger, departing unwent last night under escort of two Abilene players and the Ranger police force, after he had been "mobbed" at the close of the afternoon game, because of a close decision at first in the final inning. The play arose when Craig, first up, saved his energy by not running when he hit a slow roller to third. At the last moment, he saw it was going fair and made a dash for the bag but was called out, though it looked from the stands as if he might have been safe. The decision cost Ranger's last chance for a winning rally, but only a miracle could have saved that game, and miracles do not happen every day. The Nitros were three runs behind, and after failing to hit Scruggs in five innings where hits would have meant runs, it is not probable that they would have had any luck in the ninth, even if Craig had been called safe.

Such incidents as yesterday's hurt a town's reputation for sportsmanship, but there is no use giving fatherly advice to Ranger fans; they pay no attention to it. Most of them, anyway, were there just to see what was going on, though they might have added a kick or two if the six or eight belligerents had started trampling on his umps. At it was, the only damage was one blow, after which Jones was escorted to the club house, where Fire Chief Murphy talked soothingly to the raw meat eaters.

Yesterday was Jones' last day, anyway. He had been staying in the league for six weeks waiting to get paid off, and the Fourth of July receipts were depended on for that. It therefore is unfortunate that the final flareup against his rulings should have come yesterday. Jones' umpiring has never been popular here. It has hurt the crowds; it has ruined ball games. Reports have it that other clubs would not have him. Be that as it may, he has officiated here practically since the beginning of the season, and the league is at fault in ordering such a condition of affairs.

LEONARD GIVES ROCKY KANSAS K. O. IN EIGHTH

RINGSIDE, MICHIGAN CITY, Ind., July 5.—Benny Leonard, world's lightweight champion, knocked out Rocky Kansas of Buffalo, N. Y., in the eighth round of a scheduled ten-round contest before a crowd of between 20,000 and 25,000 persons in Floyd Fitzsimmons' open-air arena here Tuesday.

The challenger, bleeding and groggy, was reeling helplessly around the ring when his manager, Dan Rogers, threw in the towel. The finish came after Leonard had gradually worn Kansas down in the seven rounds of milling, with the heaviest punishment coming in the sixth and seventh. The eighth round opened, Leonard backed Kansas around the ring and feinted for an opening. Both missed lefts and Leonard struck his left into Rocky's mouth twice. They traded lefts to the head and Leonard hooked left to stomach. Leonard hooked right to chin and Kansas missed two lefts. Leonard drove Kansas to ropes and held him groggy from a series of right and left-hand jabs. Leonard rushed Kansas to ropes, hooking viciously with rights and lefts to jaw. Kansas, groggy and bleeding, rushed to the opposite side of the ring, seeking refuge in the corner. Leonard hooked with left and rights to the face, and the beaten challenger started to collapse when Manager Dan Rogers tossed the sponge into the ring.

PUNISHMENT FOR MINE MASSACRE SEEN BY DAVIS

MOOSE HALLS, Ill., July 5.—Secretary of Labor James J. Davis, in an address here Tuesday, expressed the belief that the state of Illinois would see to it that those who were responsible for the Herrin mine massacre are punished to the full extent of the law.

HAYS SAYS FILMS WILL BE CLEANSED AT SOURCE

CHAUTAUQUA, N. Y., July 5.—Will H. Hays, head of the motion picture producers and distributors of America, promised the delegates to the general Federation of Women's clubs in session here that moving pictures would be cleansed at their source.

It was the purpose of his organization, he said, "to establish and maintain the highest, possible moral and artistic standards in film production and to develop the educational as well as the entertainment value and the general usefulness of motion pictures."

"There is one place and one place only where the evils can be eliminated and the good and great advantage of motion pictures retained," Mr. Hays said, and "that is at the point where and when the pictures are made. And it can be done then and there, make no mistake.

"It cannot be done in a moment. Years of accumulation cannot be removed in a day and it cannot be done in a practical manner without the support of the public, which support, I know you will give."

As to the manner in which the club-woman might help, Mr. Hays said the easiest way was to refuse to patronize theatres that produce objectionable pictures. He urged the federation to maintain a vigorous department to better films and to appoint better film committees in every community.

As for censorship, Mr. Hays said the American people were against it in all forms.
