BANDIT SLAYS MAN, BEATS HER, WOMAN'S STORY

Six Members of Camping Party Held for Investigation of Murder Mystery.

By United Press.
WICHITA FALLS, July 10.—Six persons—three women and three men—are held in jail today pending investigation into the killing Saturday night of Ed Pheland and the beating into insensibility of Mrs. G. A. Fuller, 20, his companion, on the Henrietta road south of Jolly. The woman was left unconscious.

Mrs. Fuller told authorities that while waiting for her husband at Jolly she walked down the road with young Pheland. About two miles down the road an armed man accosted them, she said, and ordered them into a pasture and robbed them. Pheland was shot down and the highwayman struck her on the head with the revolver and then bound and gagged her. On regaining consciousness she released herself from the bonds and crawled to the highway, where she was picked up by a passing car.

Mrs. Fuller and her husband were members of a camping party near Jolly and Fuller had returned to their home. He told officers when he failed to find his wife at Jolly he came here, thinking she had already caught a train home. Not finding her here, he returned to Jolly just after she had been found by the roadside.

The sheriff's office declared it had no clue to the assailant and those being held are members of the camping party and are held merely for questioning.

VATICAN TELLS LEAGUE JEWS SHOULD HAVE NO SPECIAL PRIVILEGES

By Associated Press.
GENEVA, July 10.—The holy see readily agrees that the Jews in Palestine must have equal civil rights with other nationalities, but it cannot consent to the Jews enjoying a privileged preponderant position over the other nationalities and faiths or to the rights of Christians being insufficiently safeguarded, the vatican declares in a letter to the League of Nations.

The letter, which is signed by Cardinal Gasparri, papal secretary of state, deals with the proposed British mandate for Palestine, which it says seems to establish the absolute economic, administrative and political preponderance of the Jewish element to the detriment of other nationalities. The draft of the mandate, it declares, is not in conformity with article XXII of the treaty of Versailles, which governs that class of mandates.

Concerning the protection of the rights of Christians, the letter says the vatican cannot consent to the interests of the Catholics being referred to a commission, as proposed in article XIV of the proposed mandate.

CORN REPORT.

By United Press.
WASHINGTON, July 10.—The production of corn, the country's most valuable crop, was forecast at 2,860,000,000 bushels by the department of agriculture in the July report, or 29,000,000 bushels' increase over last year.

The country's wheat crop was forecast at 817,000,000 bushels, a decrease of 38,000,000, due to conditions in June.

MORGAN CASE UP.

AUSTIN, July 10.—For the fourth time the case of Lon D. Morgan, charged with embezzlement of state funds while chief clerk in the state treasury, was to be called for trial in district court today. The case was continued on three former occasions.

PARSON, GIRL, FLIVVER, GONE!

By United Press.
XENIA, Ohio, July 10.—A manhunt by radio was started here today by Green county authorities for Rev. Walter Culp, circuit rider, and Miss Esther Hughes, 18-year-old organist, with whom the preacher is alleged to have eloped. Search by radio was instituted at the request of Culp's wife, who, left with nine dependent children, has sworn out a warrant for his arrest.

The preacher is alleged to have eloped with the Hughes girl in a clerical clivver bought and paid for his congregation. He also is wanted on a charge of moving mortgaged property, as it is claimed the honeymoon Lizzie is heavily mortgaged.

MORE CREDITS GIVEN RANGER BY STATE UNIV.

Local High School Now Has 21 Units; Only 2 in 1919.

The remarkable progress of the Ranger High school within the last three years and the prestige it has won in education circles over the state was brought out today on the receipt of official notification from the University of Texas that 3½ additional credits would be allowed graduates of the Ranger High school in the future, as the result of the work done at the high school during the last year. Starting out with only two credits allowed graduates in 1919, the high school here has worked up to 21 credits while laboring under handicaps and disadvantages and is now on a par with the older high schools in cities of the same size and larger over Texas.

The additional credits were allowed on fourth year English, third year Latin, physics and economics. The application of the school for credit on sewing or domestic art has not been acted upon at the university. Next year application will be made for two credits, on two years of Spanish.

The record of the Ranger school is regarded as unusual in view of the physical disadvantages and the comparatively short time that the school has been reorganized. As an instance, it is pointed out that credit is rarely allowed on fourth year English except in schools equipped with a library room, a library and a librarian.

Sixteen units are required at the university for admission without examinations and the 1921 senior class was the first graduating class in the history of the Ranger school to take advantage of this. The 1922 class was allowed 17½ units at the university.

MEXICAN REBEL MAKES DYNAMITING THREAT

By Associated Press.
WASHINGTON, July 10.—Gorozave, the Mexican bandit active recently in the Tampico oil region, has threatened to begin blowing up oil pipe lines and pumping stations unless he receives 15,000 pesos by today, according to a message from Consul Shaw at Tampico to the state department, reporting information received from the British-owned La Corona company. The company said Gorozave was making headquarters at its Pecare camp.

Revival Turns Into Riot as Choirister Grabs Klansman

FACTORS IN CITY ELECTION

Part of the large number of Ranger women who, following a mass meeting at the Majestic theatre building, on July 1, proceeded to the polls in a body and cast their vote for H. S. Cole, law enforcement candidate for fire and police commissioner. The almost unanimous vote and enthusiastic work of the women of the city in Mr. Cole's behalf resulted in the huge majority rolled up by the candidate. Commissioner Cole will be sworn in office at the commission meeting tomorrow afternoon.

Guardian Gives Missouri Minor Permit to Wed Her

SPRINGFIELD, Mo., July 10.—One of the most unusual marriages in the records of Greene county is to take place in Springfield, according to information given by the bride and groom-to-be when they applied for the marriage license.

The bride is, or was, the legal guardian of her future husband, and gave her permission for his marriage with her. Moreover, both of them already have the same name, although they say they are not related.

Frank Miley, who gave his age as 19 years, is the man. Mrs. Halla Miley, the woman guardian of Frank, said she was 30 years old. She showed a certified copy of her appointment for her ward and future husband. The appointment was made in the probate court of Shannon county. There are four or five Miley children for whom Mrs. Miley said she had been appointed guardian.

The parents are both dead and they are said to have an estate valued at \$9,000.

URGES THAT U. S. OWN ALL POSTOFFICE BUILDINGS

By Associated Press.
WASHINGTON, July 10.—Government ownership of every postoffice building in every hamlet, town and city, in the United States, advocated by Postmaster General Work, as an economy measure, is said to have received the approval of Secretary of the Treasury Mellon and members of congress interested in postal development.

Examination of leases held by the department, it was said, disclosed that the sums paid out in rentals for ten and 20-year periods would in many instances have paid for the building and ground.

Under the existing system, congress appropriates annually millions of dollars for rentals, but does not provide for the erection or purchase by the postoffice department of buildings for postal use, and often after millions of dollars have been paid out, with the expiration of leases, the department is obliged to pay increased rent.

Recent negotiations by the department for a new station in New York were said to have aroused the department to action.

MAIDEN TEACHERS BEST SCHOOL BOARD DECIDES

CHICAGO, July 10.—Lake Forest's school board decided, after a one-year experiment, that unmarried women make the best teachers. John King, secretary of the board, announced that the policy of excluding married women from teaching positions will be continued. Married women have to devote too much time to their homes, he said.

RUSS WANT RAILROADS.

By Associated Press.
THE HAGUE, July 10.—The Russian delegation has agreed to give concessions for new railroads and 9,880,000 acres for agricultural purposes, it was announced today.

Federal Commission to Settle Differences Is Proposed by President.

By United Press.
WASHINGTON, July 10.—President Harding today proposed federal mediation of the nationwide coal strike. Speaking before a conference of miners and operators at the White House, the executive suggested that the dispute be submitted to a federal commission of three operators, three miners and five persons to represent the public. The President would appoint the public representatives. Decision of the commission would be final.

Harding also again demanded that the operators and miners resume mining operations pending the findings of the commission. The commission would have until Aug. 10 to arrive at a new wage scale, according to the Harding plan. In the meantime, the old wage scale would be in effect.

The proposal from one viewpoint is a victory for the strikers, as the commission to be appointed would draw up a national wage scale. The operators have been contending for sectional wage scales.

"The government will force no man to work against his free will. It will force no employer to employ men without the exercise of an employers' right. The government is concerned only with coal production sufficient to meet industrial and transportation requirements and at the same time to prevent a fuel famine," President Harding said in proposing the federal commission.

FALLS ON WAXED FLOOR AND IS SERIOUSLY HURT

PARIS, July 10.—Mrs. B. Zimmerman, living at Antlers, Okla., was the victim of a peculiar accident Saturday. The floor of the Zimmerman home had recently been waxed and Mrs. Zimmerman slipped and fell, dislocating her shoulder, breaking three ribs and knocking out several of her teeth. She was brought to the sanitarium in this city for medical treatment.

LEVEL STONE AGE MOUND.

ST. LOUIS, July 10.—The last ancient mound in North St. Louis is being leveled so that a modern ice plant may be installed. The mounds, of which there were many a few years ago, were said to have been built in the stone age.

EXPRESS RATES NOW FACING CUT

By Associated Press.
WASHINGTON, July 10.—Notice was given today by the interstate commerce commission that an investigation would be instituted immediately as to the reasonableness of existing express rates in all parts of the country. Hearings will be arranged later, the order said, and a plan of procedure outlined.

Dallas Father Gets Negro Who Entered Home

By United Press.
DALLAS, July 10.—Miss Lillian Sossman, 18, awoke last night to find a negro in her room. The girl's screams brought her father, O. C. Sossman, to the rescue with a revolver. The negro ran from the house and escaped. Sossman fired twice as he fled.

The father got a good view of the negro in the moonlight and spent the remainder of the night searching the neighborhood. Early today he recognized a man leaving a servant's house near his home as closely resembling the prowler. He took the negro in charge and turned him over to the police.

Clothing found in an alley was identified by the negro's wife as belonging to the suspect.

TOO MANY CANINES BREAK UP FAMILY, WEALTHY MAN SAYS

CHICAGO, July 10.—The Dilley home was a rendezvous for the dogs and cats of the neighborhood. Despite their howls, the secret would not have become known had not Louise Dilley, the daughter, married.

Mrs. Dilley, the girl's mother, said that she would have filed her divorce action years ago, but feared her husband would disinherit the daughter. In the cross complaint filed by Dilley, the fact was brought out that his home at one time boasted sixteen canine inhabitants. Mrs. Dilley had charged her husband with accumulating the menagerie, but Monday Dilley said the animals belonged to his wife and that she was the manager. "I was in the house," Chief of Police Levy said, "and it took me a week to shake off the fleas I acquired from the dogs."

NEW COMMISSIONER SWORN IN TOMORROW

The returns of the recent special election called to fill the vacancy existing in the office of fire and police commissioner will be canvassed by the city commission at the regular weekly meeting tomorrow afternoon and H. S. Cole, who was elected to that office by an overwhelming majority, will be sworn in. Due to the fact that the first meeting date of the commission after the election fell on July 4, the new commissioner could not be seated at that time.

CAPTURED FOXES GAMBOL WITH SHERIFF'S POLICE DOGS

LEWISTON, Pa., July 10.—Sheriff A. C. Kemberling has three fine red foxes at large in the yard of the county prison here. They play all day long with a brace of police dogs obtained by the sheriff several weeks ago. The foxes are half grown and were caught in a den in the Seven Mountains section by Howard Kearns.

Unmasker Biffed and Charged With Disturbing Public Worship.

By United Press.
AUSTIN, July 10.—A near riot was precipitated at a revival tent of the South Austin Baptist church last night when Edgar Shelton, a member of the choir, attempted to tear the mask from the face of a klansman who with four other masked men had entered the tent to offer Revivalist T. L. Jester a donation of \$50. Shelton was felled with a fist blow by one of the klansmen and a free for all fight followed and continued until deputies appeared and arrested Shelton, who was taken to the sheriff's office and released on bond to appear in county court to answer charges of disturbing religious worship. The klansman attacked by Shelton was not recognized other than that he is "red headed," according to Shelton.

During the scuffle the envelope containing the money donation was lost but was found later. Shelton is a son of former District Attorney John E. Shelton. Following the revival disturbance, the elder Shelton, while en route in his automobile to the courthouse to sit on a jury, was stopped by an unknown man on the Colorado river bridge. They were having some words when police interfered and prevented a probable altercation.

LONDON PAPER CALLS ON U. S. TO SAVE EUROPE

By United Press.
LONDON, July 10.—Plea to the United States to call a conference to save civilization in Europe was made today by the Daily Express. The newspaper forecasts the collapse of Germany and bases its appeal to America on the belief that Germany's peril also imperils all of Europe. The Express said Secretary of State Hughes had inaugurated America's "new diplomacy" at the Washington disarmament conference and had greatly succeeded.

The paper urges the United States to try the "new diplomacy" again and save Europe.

TAXES TO RISE, NOT DROP, SENATOR CAPPER SAYS

WASHINGTON, July 10.—Slight prospect is seen by Senator Capper, Kansas, head of the senate farm bloc, of any marked reductions in governmental taxes and expenditures in the years of the immediate future. In order to keep down expenses at all Senator Capper says that small savings must be made wherever possible. He enumerates among the comparatively small items which can be eliminated such things as the distribution of free seeds by members of congress, the construction of new public buildings and rivers and harbor improvements.

"It may be necessary to invent new taxes to meet the government's expense account and a half billion dollar deficit in revenue in the fiscal year beginning July 1," Senator Capper said.

"Several billions of war obligations are coming due that year, including \$125,000,000 of accumulated interest on war savings stamps. Much, if not all, of this huge amount will have to be refunded. Even then, Secretary Mellon says the government will lack \$500,000,000 of meeting expenses for the year.

"As calculated by Secretary Mellon all the government's sources of income for that year will not exceed \$3,298,000,000. Expenditures will reach \$3,657,000,000. This shows an outgo exceeding the government's income of \$359,000,000, to which must be added the \$125,000,000 interest due on war savings stamps on Jan. 13, 1923.

"It will cost more than \$10,000,000 a day to run the government, not including the cost of free seeds."

SHUNNED AS A LEPER WHEN HE WASN'T; KILLS HIMSELF

ROCKFORD, Ill., July 10.—Shunned, lonesome, and believing his disease incurable, Charles Peterson, leper suspect, shot himself to death. He had been staying in a barn since his arrival here from Cook County hospital. Physicians said later his illness was not leprosy.

Missouri Pacific and Wabash Claim "Coal Situation" As Cause.

By United Press.
ST. LOUIS, July 10.—The Missouri Pacific, hampered by the shop strike and shortage of coal, today discontinued 104 of its regular passenger trains. At the same time the Wabash road announced that it would discontinue forty-two trains for the same reasons. These announcements came as national guard troops were mobilized under orders of Governor Hyde to prevent any disorder.

NATIONWIDE LEGAL ACTION FORECAST AT WASHINGTON

By United Press.
WASHINGTON, July 10.—Indications that the railroads of the country plan some sort of nationwide legal action against the rail strike was seen today when Alfred P. Thom, general consul of the Association of Railway Executives, conferred early today with Attorney General Daugherty.

The attorney general sent out word to newspaper men that he would have no statement at this time. Thom said he could discuss the purpose of his visit only with the attorney general now but a statement might be given out later by Daugherty.

The appointment of United States deputy marshals for the preservation of law and order, the protection of life and property, to see that the mails is continued and that interstate shipments are not interfered with, will be carried out, it was announced today by Attorney General Daugherty following a conference with President Harding.

Daugherty said that the department of justice had already been authorized to appoint deputy marshals in many points of the Middle West where disorders have already occurred and that this policy would be followed out wherever conditions required it.

FIVE STATES ORDER TROOPS TO GUARD RAILROAD SHOPS

By Associated Press.
CHICAGO, July 10.—Another crucial stage in the rail strike was reached today. Troops were on duty in Illinois and under arms in five other states and at many points United States marshals are standing guard over railroad property while at other places the roads were depending on federal injunctions and the local authorities for protection. Seniority and pension rights were cancelled today by a number of the roads.

New acts of violence were reported from scattered points as the situation grew more tense. The tenth day of the strike was marked by the apparent determination of both sides to stand by the position already taken and every indication points to a deadlock.

The railroads generally are employing all the strikers returning to work and filling the vacancies as far as possible with outside labor. State troops are now on guard over railroad property at Clinton, Ill., while at Bloomington, city and county authorities are guarding the yards and shops of the Chicago & Alton road.

Attempt Shop Opening. Under protection of state troops and federal marshals, attempts began today to open the shops of the roads with the ranks of the striking shopmen lined up solidly and peace overtures abandoned.

On being notified by the Chicago & Alton of the intention of the road to open the shops at Bloomington, the mayor and sheriff of that place sent appeals for troops to Lieutenant Governor Sterling with the result that guard companies entrained at Danville and Springfield for that city today.

Katy Guarded at Parsons. Kansas state troops stood guard today in the drizzling rain over 150 men who went to work in the railroad shops at Parsons. Deputy United States marshals have been sent to Aurora, Ill., where a cordon of 1,700 strikers have been thrown around the shops. The Burlington road today sought federal injunctions in Nebraska after having obtained

No Sad Life for This Dry Sleuth! But His Methods Bring Sadness in Chicago

CHICAGO, July 10.—Proprietors of hotpels, restaurants, cafes and roadhouses sat in their offices today, sadder but wiser men, while "Count" William Yezelli checked up the evidence on which he arrested proprietors and managers of more than twenty places Sunday for having violated prohibition laws.

The "Count's" method—he once was a working partner of "Izzy" Einstein in New York—looked Chicago by surprise. Trained for years to recognize a sleuth by his heavy jowls, blue serge suit, broadtoed shoes and stump of an unlighted cigar, which all "regular" detectives chew, Chicago's best known night-life leaders still are trying to figure out how it happened. "The Count" came to town a month ago, slim, sartorially perfect, with his moustaches waxed to needle

points, and soon earned a reputation as a spender. When he appeared, accompanied by a well-gowned companion, head waiters bowed him to their choicest tables and—he says—bonded liquors were brought at his request. Sunday he called on the United States marshal and asked for twenty deputies. They followed him in automobiles. There was no "tip-off," for only the "Count" knew whether they were bound.

At each place Yezelli was ushered to his favorite table by a smiling manager. Then the deputy marshals entered. The "count" produced a notebook scanned his notes, and said: "Take this man, and that man, and that man."

Disillusioned proprietors and helpers were bundled off to the federal building.

TRUCKS ON MAIN STREET.

The worst traffic jam in Ranger is on Main street, between the railroad crossing and Marston street. Lined with parked autos on both sides, it offers only a narrow thoroughfare at best, and when congested with trucks and strings of wagons, it often offers none at all.

Under these conditions, why shouldn't these vehicles use some other thoroughfare? Larger cities bar trucks from certain streets by ordinance. Possibly that step would be too harsh in Ranger, but it could be a subject for consideration, for trucks trundling full tilt down a crowded thoroughfare are the greatest menace to pedestrians and other vehicles alike.

Now most of the truck and wagon traffic on Main street is going from the railway and supply yards to the west. It could just as conveniently traverse Pine street, and if it would do so, would improve traffic conditions. If not an ordinance, why not request the companies to issue instructions to their drivers not to use Main street if it could be avoided.

THREE STUNG AS SHIP BRINGS 231 PICTURE BRIDES

NEW YORK, July 10.—When the Greek liner King Alexander reached quarantine this week, more than fifty motor boats were waiting to greet her with a bridegroom's serenade. They were loaded with boxes of flowers, candy and other gifts, telegrams from impatient grooms and scores of grooms in person, all wild with Turkish delight over the prospect of seeing for the first time the women they are to marry.

The mystery was solved when it was learned that among her hundreds of immigrants the King Alexander carried 231 women from Turkey, Russia and Armenia who had come to be married to countrymen over here who had sent them transportation money. They were nearly all of the "picture bride" variety, their intended husbands having accepted them and been accepted in turn on an exchange of photographs by mail.

Three of the grooms, the crowd of whom formed an imposing phalanx when the liner docked at the National Greek lines pier in Brooklyn, were bitterly disappointed. They learned their chosen brides had met real live men on the trip over who found more favor than the grooms of whom the three brides-to-be had seen nothing more than photographs. These three women clung ardently to the arms of the fellow-immigrants who had become their sweethearts on the trip and in each case let the man tell the other fellow what had happened.

The trip, according to other passengers, was an international love feast.

STEAM SHOVEL BARES GRAVE OF 14 SKELETONS

SAN FRANCISCO, July 10.—Fourteen human skeletons in plain, well preserved redwood boxes, unearthed by a steam shovel near the marine hospital here, are held for identification by United States army authorities. If the identities cannot be established, each skeleton will be marked "unknown" and buried in the national cemetery at the Presidio.

Col. Thomas A. Pearce, Nineteenth infantry, who is directing the excavation work, is of the opinion that the men are mariners who died at the little United States public health service hospital, which preceded the marine hospital, 35 or 40 years ago. There were indications, he said, that the shreds of clothing found on the skeletons were from sea uniforms of some sort.

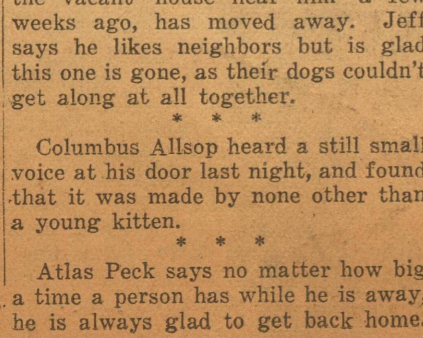

The city authorities were aiding in the effort to identify the skeletons. The mystery surrounding the discovery was added to through the failure of any army, navy or city record to show that there ever was a cemetery at the spot.

DOMESTIC SILENCE COURSE URGED FOR ALL NEWLYWEDS

CHICAGO, July 10.—"Keep your eyes open before you are married; keep your eyes shut after you are married." This was part of the advice given in a sermon on "Choice in Marriage" by the Rev. John Norris Hall, pastor of the Julia Gay Memorial Methodist Episcopal church.

"There would be less trouble after marriage if, in addition to the wife taking lessons in domestic science, both husband and wife would take a course in domestic silence," Rev. Hall said.

Edward Laurence Doheny, president of Mexican petroleum, is said to have engineered the coup which is reported to have hit the Livermore clique so hard. Livermore's own losses is reported to have been \$2,500,000, but he denies it emphatically.

REWARD OFFERED FOR MARSHALL ASSAILANTS

MARSHALL, July 10.—The receivers of the Texas & Pacific Railway company, through General Manager J. A. Somerville, have offered a reward of \$1,000 for information leading to the arrest of persons who assaulted General Yardmaster R. G. Buckmaster here early Saturday morning.

Buckmaster was en route to his home from company property when he was accosted by several men and badly beaten. He was bruised about the body and had several cuts on the head, but is not thought to be dangerously injured.

FOREMEN TO STICK

By Associated Press. ST. He explained that he had decided to do this after receiving reports that foremen at various points were to join the strike today.

TO PROBE 'SUNSHINE' WRECK

By Associated Press. DALLAS, July 10.—A thorough investigation of the wreck Saturday of the Sunshine Special at Grand Saline, in which more than a score of passengers were injured and five coaches derailed, will be made, according to General Manager Somerville of the Texas & Pacific. The greater number of the passengers injured in the wreck have already left the hospital and proceeded on their way to their destinations.

The general manager said that the cause of the wreck was unknown but that it merited a close investigation.

ARKANSAS SHOPMEN DRIVE OUT STRIKEBREAKERS

HOXIE, Ark., July 10.—A mob of striking shopmen today surrounded about fifty men, a number of whom were armed, brought here by the Missouri Pacific to replace strikers, and chased them out of town after disarming them. The strikebreakers caught a Missouri Pacific passenger train en route to Poplar Bluffs, Mo. There was no violence, as no resistance was offered.

STILL MOVING.

POPLAR BLUFFS, Mo., July 10.—About 50 alleged strikebreakers were brought here today on the Missouri Pacific from Hoxie, Ark., where they had been ordered out of town by a mob. The men were met here by striking shopmen and will be sent north on the first train. There was no violence.

T. & P. EMPLOYE SHOT ON HIS WAY TO WORK

BIG SPRING, Texas, July 10.—Antonio Costello, an old employe of the railway company, was shot about 10:30 o'clock Friday night as he was on his way to report for duty as night fire-builder at the T. & P. shops here, his shift starting at 11 p. m. Costello was on the railway track near the shops when someone unknown fired two shots at him, one bullet from a

TAYLOR BROS. NOW LOCATED ON COMMERCE ST.

Taylor Bros., Inc., one of the oldest wholesale grocery firms in the city, has moved from its old location at 114 Hunt street to 113-5 North Commerce street, the building until recently occupied by the American Railway Express company. The firm was opened this morning for business at the new location. From the more central location the company will be able to take better care of all its customers, Earl Taylor, general manager, pointed out this morning. The company was organized here about three years ago with Lytton R. Taylor as president, Earl Taylor as general manager, and S. S. Marston as secretary. The American Railway Express company has moved into the building next door to the wholesale grocery firm.

'MASTER MIND' DENIES TORTURE AND EXTORTION BY HIS CONFEDERATES

CHICAGO, July 10.—John W. Worthington, alleged master mind of a ring of bond thieves and mail robbers, denies reports which had been circulated in official circles that he had been kidnaped and tortured by alleged former confederates and forced to turn over \$25,000 to them. Speaking over the telephone from his hotel room, apparently with painful effort in a weak and husky voice, Worthington said he would be kept to his bed for eight weeks, but by a development from an illness from which he had suffered for years.

According to the reports, the alleged kidnaping was his second abduction by alleged former confederates in an attempt to extort property from him. Worthington, however, said he had never been kidnaped or tortured.

FEW WOMEN ON FARMS PREFER TO LIVE IN CITY

Survey Shows 94 Per Cent of 7,000 Like Rural Life Much Better.

The editors of a farm magazine published at Columbus, Ohio, have asked some pertinent questions on the subject of farm life for women and girls, and 7,000 women have answered. Of these 94 per cent answered in the affirmative concerning the blessings of farm life.

Only 6 per cent of the women answered negatively. The 94 per cent who believe in rural life and its advantages give these as some of the reasons why they like farm life:

Baby life thrives in the country. Growing children need out-of-door life and play. Women earn independent incomes on the farm. Influence of nature's nearness on character. Working with productive nature is inspiring.

Outdoor Work Develops Women.

Farm women's complex responsibilities develop mental activity. Out-of-door work develops body, mind, and tones nerves. A living for family is always sure. Farmer and wife are automatically home and business partners. Farm life is a unit in its work and pleasure. Tremendous joy of working with nature's creative forces. To the devout heart, divinity seems closer in the country.

Country life is necessarily community life and unselfish. Good living always assured, though means are moderate. Family has fresh and abundant food all year; kindness and gentleness developed by care of dependent young life. Farm life gives woman an opportunity for constructive occupation.

Divorce at Low Point in Country.

Children early learn the deep value of honest labor. Divorce in the country at a minimum. Crime in the country at a minimum. Dissipation and frivolity at a minimum. Natural balance of work and recreation builds good character. Farmer is integral factor of the nation's progress. Children grow up with their life work.

Good roads, conveyances, education, have made the farm the best place on earth to live. Relations between boys and girls in the country are natural, therefore less marital trouble. Farm life turns out boys and girls of practical business ability. Children learn to assume responsibility as early as they learn to play.

Farm Women Old at Prime of Life.

Women are really old at prime of life. Children suffer from malnutrition—too expensive to buy fruit out of season. Higher death rate among farmers from preventable diseases. Husband prone to be a farmer and nothing else. Little opportunity for moral and spiritual advance for the children.

Lack of amusements. Long working hours. Farm life is ugly and narrow. Farm women not social equal of her city sister. A farm drudge instead of a wife and mother. Lonesomeness of farm life. Poor schools. Little ones walk too far to school.

Dirtyness around the farm tires a woman's soul. Farm woman lacks educational advantages which broaden scope of vision.

LONDON HEARS STORK WILL VISIT PRINCESS MARY IN OCTOBER

LONDON, July 10.—There is a rumor in Mayfair and court circles that Princess Mary is expecting a visit from the stork in October, thereby accounting for the fact that Lord Lascelles and his wife are living quietly at Chesterfield house, London, avoiding big dances and functions and not being present even at the second court presentation last week when Mrs. George Harvey, the wife of the American ambassador, presented a number of American ladies.

If the child is a son he will be "the Honorable Mr. Lascelles," but he will be heir to his father's title, Lord Lascelles, and through his father, heir to the title, the Duke of Harewood.

If a daughter, the king's granddaughter will be only "Lady" Lascelles and will not be eligible to marry royalty, according to the general practice of European courts.

BATHERS DESERT BEACH WHEN BARRACUDA IS CAUGHT

MONTREAL, July 10.—Consternation has spread through bathing circles here by the capture, near Montreal, of a barracuda, one of which ferocious fish recently caused the death of Miss Dorothy McClatchie of Tampa. She was bitten while swimming off the Florida coast.

Fishing in Lachine raris two men caught a barracuda. They killed it when it attacked them.

Bathing activities virtually have ceased as a result of their catch.

ONLY BRITAIN EXPECTED TO PAY DEBT INTEREST FOR SOME YEARS

WASHINGTON, July 10.—Interest payments by the allies on their war debts to the United States are not expected for several years, according to the views expressed by high treasury officials, with the possible exception of Great Britain.

In the opinion of the treasury the foreign debtor nations, except Great Britain, are not in any position to begin the payment of interest on their debts, which falls due next October, because of the conditions existing in the respective countries.

At the same time it was made known that there was no disposition on the part of the United States debt refunding commission, of which Secretary of the Treasury Mellon is chairman, to press for the payment of interest, the feeling being that this country has nothing to lose by the postponement of payments as the deferred interest will be added to the various debts.

Nevertheless the commission is eager to begin the negotiations for funding the demand notes of the allies into long-time obligations so that when the debtor governments are in a position to begin payments the necessary arrangements will have all been made.

In this connection reports from Paris that the French financial mission soon to come to this country would present a concrete plan for the liquidation of the French war debt with interest payments beginning in about two years, is considered as very encouraging.

Still no word has been received from Great Britain, the principal debtor, although it has been declared England has made provision in her budget for beginning the payment of interest on her \$5,000,000,000 debt to the United States in October.

PICNIC AND SWIMMING PARTY.

A number of Ranger couples with their children enjoyed a picnic lunch and a swimming party last night at Leon springs. The lunch following the swim was all that anyone could desire, as each matron present brought a well filled basket.

Those enjoying this outing were: Mr. and Mrs. J. T. Gullahorn and sons, Dr. and Mrs. A. N. Harkrider and children, Mr. and Mrs. Karl Jones, and children, Dr. and Mrs. C. C. Craig, Mr. and Mrs. R. B. Waggoner, Mr. and Mrs. Walter Murray and daughters, Mr. and Mrs. Gus Coleman and daughter, Mr. and Mrs. S. B. Tunnell, Mrs. William Clegg, Mrs. Lytton R. Taylor and children, Mr. and Mrs. Roy Jameson and son, Misses Davenport and Evelyn West.

B SHARP MUSIC CLUB ENTERTAINED.

The B. Sharp Music club was delightfully entertained by Mrs. Leroy Shipp on Friday morning from 9 to 11 o'clock. The pleasant morning, the beautiful home, with its wealth of cut flowers, the happy children gathered there made a very good setting for the story of the morning, which was the life of Mendelssohn. After each member had given a musical number the hostess invited her guests into the dining room where delicious iced watermelon was served.

The next meeting will be at the home of Mrs. Hinton, on the Spring road. Club members are requested to bring pencils and notebooks.

HONORING ARDMORE VISITOR.

Mrs. J. T. Lander entertained with a 6 o'clock dinner Sunday evening in honor of her guest, Miss Veda Byrd of Ardmore, Okla. Table decorations were sweet peas. Dainty place cards marked places for Mrs. R. M. Schmuck, Mrs. M. O. Burt, Misses Laura, Christina and Virginia Schmuck; Messrs. Allhausens, Clarence Day, the honoree, Miss Byrd, and the hostess. After partaking of a beautifully appointed four-course dinner, the guests repaired to the living room, where they were delightfully entertained with music by the Misses Schmuck.

PROGRESSIVE FORTY-TWO PARTY.

At her apartment at the Teal hotel Saturday afternoon, Mrs. W. J. Rowland entertained several of her friends with a progressive forty-two party. Sun flowers and sweet peas, used in profusion, were effective and pleas-

ing. After the dominoes were laid aside, the hostess refreshed her guests with ice cream and cake.

Those enjoying this delightful party were: Misses Roy Jameson, C. E. May, S. P. Boone, C. C. Chenoweth, Roger Fenlaw, Wilson, A. C. Ratliff, W. J. McFarland, Harry Reed, Sandford Terrell, M. H. Smith, Powers of Fort Worth, J. M. Dodson, Robert Wilson of Amarillo, Sneed, Mills, Davenport.

ATTENTION, DEGREE STAFF.

The degree staff of Rebekah Progressive lodge No. 244, are requested to meet tonight at 8 o'clock for initiation work, at the I. O. O. F. hall.

PURELY PERSONAL.

Mrs. C. E. Terrell, who has been visiting her sons and other relatives and friends in Ranger, returned to her home in Fort Worth Sunday.

Mr. and Mrs. Clyde Davis and daughter returned Saturday night from an overland trip to Houston, Waco and other points in that part of the state.

Miss Jesse Holt of Albuquerque, N. M., is visiting her sister, Mrs. Shirley Marston.

C. F. Davis and W. F. Ward of Weatherford spent Sunday in Ranger.

Mrs. Leo Parr and little daughter, Pattie, left Sunday for Bellevue, Ark., where they will spend several weeks. They were accompanied as far as Dallas by Mr. Parr.

W. Aubrey Smith has returned from a two weeks' motoring trip to Denison and other parts of the state.

Mr. and Mrs. Garrett Bohning returned home yesterday from a visit to Fort Worth.

Misses Billie Gene and Lois Mangum of Henrietta, Texas, are here visiting their sister, Mrs. Albert Duffer.

MAN SLEEPS IN BED WITH BROTHER'S BODY

SHERIDAN, Wyo., July 10.—Sheridan authorities were baffled today by the gruesome discovery in a home-stead shack, 20 miles west of here, of the badly decomposed body of Michael Carroll, who had been dead at least two months. His brother, James Carroll, who is believed demented, had slept in the same bed with the body during that time, cooking and eating his meals in the same room. Neither of the Carroll brothers had been seen by neighbors since the heavy blizzard of early May. James could give no explanation of the cause of his brother's death.

Young Hubby Is Jerked from Dance By Elderly Wife

PUTNAM, Conn., July 10.—Wilfred Sharpe is back on the job today, and it is reported that his elderly wife, who kidnaped him when he skipped out to a dance is "in full control of the situation." "Situation" means "husband."

Folks around here have the data on that kidnaping now, and they say this is the way it really happened.

Wil, young and skittish, put his best foot forward Thursday and was having the time of his life dancing with this one and that one at a pavilion, when a whooping motor car came along, army style, O. D. in color, manned by three men in uniform and womaned by two women.

They walked right in and carried Wil out and nobody thought of interfering. After a while, however, somebody phoned the police. A squad of four, under Captain Delage, gave chase and overtook the O. D. car because it had motor trouble.

Mrs. Sharpe was found in full possession of her husband and the "cops" had a job in releasing him. The captain had to fire a shot in the air as a bluff, and then Mrs. Sharpe gave up the battle, saying she was shot, which she was not.

WYOMING MAN PURCHASES BEE ACREAGE IN TEXAS

POWELL, Wyo., July 10.—In an effort to prevent heavy losses to his swarms of honey bees during the severe winters here, A. H. Hardy, widely known bee man of Powell, has purchased a ranch near Corpus Christi, Texas, and announces that he will engage a special railroad car each fall and move his bees to the southern state, bringing them back to Wyoming in the spring.

S. S. S. Fills Out Hollow Cheeks, Thin Limbs!

Men and women, whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people, it puts firm flesh on your bones, it rounds out your face, arms, neck, limbs, the whole body. It puts the "pink" in your cheeks. It takes the hollowness from the eyes, and it fools Father Time by smoothing out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, tetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

NITROS LOSE BUT FURNISH FINAL THRILL

A noble rally in the ninth drove one hurler from the box yesterday but fell one run short, and the Nitros dropped the opening game with the Broncs, 7 to 6. Three runs were in, two runners on the bases, when Jimmy Flagg lost by an eyelash in a race with Scoggins for the initial bag, ending a game crammed with baseball.

The rally was an attack in force, after Moore's spitter had for eight innings held Nitro bingles darn near the irreducible minimum. During that same period, the Broncs had taken unusual liberties with our Lefty Phillips, denting him in every round, and with the assistance of some breaks and heads-up base running, holding a lead all the way.

Broncs Score Frequently.

From a Nitro standpoint, that inning was about all there was to the game, as the persistent hitting of the Broncs, coupled with a few hesitant decisions on where to throw the ball and two errors that paved the way to runs, giving the visitors an apparently safe lead. They had scored in the first, when a bunting attack filled the bases with none down; in the sixth, when Craig dropped Scoggins' liner after a good run and Alexander kicked in with a double and Butler with a sacrifice fly; in the seventh on Claiborne's two-base rap and a wild pitch on the third strike on Scoggins; in the eighth by grouping four hits—two lucky—and in the ninth when Leedy threw wild in a hurried attempt to catch Robinson.

The Nitros had counter-attacked only twice. In the sixth, Craig led off with a triple to the left center fence and was spanked home in Parson Pyle's best manner. In the eighth, Greer's wild throw of Dockery's tap after Craig had bunted safely, followed by a long sacrifice fly administered by the Rev. and Dean's error on Conley's tap, gave them two more.

Hit Follows Hit.

Opening the last chance four runs behind, Lefty Phillips singled over second. Craig and Dockery also hit and the Parson added his third pinch drive by beating out a rap to Scoggins. Cocke relieved Moore and Bud Ammons, batting for Leedy, delivered with a bounder over second, driving in the Nitros third run. Pyle steamed up for third on the bingle and was nailed by McBride's perfect throw, making the second out. If the heavens had been wild, the Parson would have counted the tying run. Possibly, if he had stayed at second he could have scored on Conley's short hit or on Jimmy's out at first. But you never can tell. The second guessers are always right.

Several neat plays marked the past-timing. Dockery made beautiful catches in succession on Texas leaguers in the opening round, one of

GO GET HITTERS FOR THE NITROS, POSITIVE ORDER

New blood for the Nitros is the object of a quest put under way yesterday by Pete Davis in celebration of his new oil well. S. B. Plummer, due to his personal acquaintance with magnates at Houston and Galveston, was chosen as Nitro scout, and told to go get some ball players and not come back until he gets them. If Houston and Galveston prove to be baseball deserts, Plummer's instructions are to go further, and not set foot here again until his mission is fulfilled.

With few bolsters at various spots, the Nitros will be among those present. But the time for experiment is past, and Plummer's instructions are to get experienced players whose ability to deliver is known.

Have Been Strengthened.

The Nitros, it might be noted by critics who wonder why the team has not been strengthened, HAVE been strengthened materially since the start of the season. Only Clayton, York, Roberts, Zapalac and Craig remain of the club that started the season. They have stuck because their performance has been well up to the league standard.

With the addition of Flagg, Pyle, Dockery, Phillips, Lybrand and others, the club is now entirely out of the class of the one that opened the season. That it is not showing better is because the entire league has strengthened. Each change thus far made has proved beneficial. If the present lineup would only rap the ball more vehemently with ducks on the pond, it could go through the season. But with a few exceptions—notably Mr. Pyle—men on the bases seem to be a signal for feeble flailing.

Hitting strength, therefore, is the first object of the Nitro search. It is hard to find at this stage of the season. But the instructions are positive.

Plummer is a likeable citizen and Plummer likes Ranger. It will be too bad if he doesn't earn a passport back into town.

HUNDRED-YEAR-OLD LAW INVOKED TO QUIET N. Y. JUNKMEN'S BELLS

NEW YORK, July 10.—The unromantic clang of junkmen's bells disturbed the beauty sleep of a number of theatrical folk resident on Forty-seventh street.

Captain Thomas Donohue of the West Forty-seventh street station, detailed a policeman to lay in wait for the culprits. They came innocently to the lair. When weighed, the bells were found to be from ten to 15 ounces each, a violation of a hundred-year-old city ordinance which limits their weight to six ounces.

The four were summoned to court and paid fines of \$1 apiece.

DRIVER KILLED WHEN RACING CAR HITS COLT

SAN LUIS OBISPO, Cal., July 10.—Enos Bello, a racing car driver, was killed and Luis Silav, his mechanic, was injured probably fatally when, as they were testing out their car on a speedway here, it struck a colt. The colt had walked across the track as the speeding car approached. The animal was thrown into the air, came down on the body of the automobile, breaking Bello's neck and causing Silva concussion of the brain.

MAYBE SHE'LL CHANGE HER MIND AGAIN

Miss Mary Baker

Mary Landon Baker, Chicago heiress, who four times postponed her wedding to Allister McCormick, declared in Paris she would sail for the United States on September 1 and that if she does not marry him by that time she will never marry him. He joined her when she went aboard, and the wedding plans were made, as they had been made four times before. But there's been no wedding.

WEST TEXAS GAMES

CLOVIS TAKES SLUGGEST.
Special to the Times.
CLOVIS, July 10.—Extra base hits counted a large part in heavy scoring game yesterday, which ended with Clovis on top, 8 to 7. The Buzzers drove Fleharty from the box in the fifth inning, after Shaw, ex-Swatter, had hit a homer with one on in the fourth.

BOOTLEGGERS GIVEN TASTE OF HEREAFTER IN SUN-BAKED JAILS

LOS ANGELES, Cal., July 10.—All southern California jails are crowded with bootleggers, except the bastille in Imperial county, which will be used to house all persons convicted of violating the dry law within the next thirty days. This announcement was made by Federal Judge Bledsoe.

The Imperial county jail is located at El Centro and the summer temperature exceeds 100 degrees for some hours each day. Bootleggers who wish to spend the summer in a cool climate will do well not to get arrested in southern California.

AIRPLANE AND AUTOMOBILE COLLIDE IN LOS ANGELES
LOS ANGELES, July 10.—An airplane and an automobile collided, Edmund C. Kossob, who drove the motor car, told the authorities.

The plane damaged the car slightly and caused his mother and sister and a cousin, riding with him, to suffer from shock, he said. The aviator flew away.
