NITRO BLAST KILLS ONE, INJURES EIGHT

FUREY'S DEATH IN PAN DOUBTED AT LOS ANGELES

District Attorney Orders Noted Swindler's Coffin Opened for Identification.

LOS ANGELES, Aug. 5.—A coffin on the way from Fort Worth to Oakland, Cal., said to contain the body of Joe Furey, convicted swindler, interested Thomas Woolwine, district attorney of Los Angeles county so much that he has telegraphed authorities at both cities asking that a positive identification be made. Furey, whose wife—or widow, if he is dead—and son live in Glendale, a Los Angeles suburb, is alleged to have operated here as a member of a band of swindlers. It was stated, however, that the law overlook him. Reports are that Furey died recently in a Texas prison at Huntsville, but as "dying" in prison was said to be a common trick among the band, headed by Furey, the Los Angeles authorities doubt the report.

FORT WORTH, Aug. 5.—Officers here where Joe Furey was convicted and from where he went to the penitentiary recall today that the prisoner on the night of his departure told a close friend he would never serve the 20-year term. "Some day you will read of my death in the penitentiary," he said, "and there will be a grave in the prison cemetery, but old Joe won't be in it. I will be gone elsewhere."

SIX MEN ARRESTED FOR CHASING SHERMAN WORKER

DENISON, Aug. 5.—Six men were arrested at Sherman last night and charged with violation of the open port law, according to word received here this morning. It is alleged that the men intimidated a non-union workman employed by the Prisco railroad, the report states. At least three of the men are strikers, it was reported. Texas rangers made the arrest.

In the complaint it is alleged that the six were in a party of men which chased the man several blocks along the business streets last night.

GOVERNOR COMMUTES VICKERS' SENTENCE

FORT WORTH, Aug. 5.—Though saved from the gallows just 18 hours before he was to die, Ernest Vickers, Bell county youth who was convicted of murdering J. B. Loper during an attempted holdup, still occupies the death cell in the county jail today. He will not be moved until formal mandate commuting his sentence to life imprisonment is received from Governor Neff. However, the death watch is not being maintained. The death sentence was commuted at 5 o'clock Friday afternoon. Vickers was to have hanged at 11 o'clock Saturday morning.

REED'S FOES PLANNING INDEPENDENT OPPOSITION

ST. LOUIS, Aug. 5.—With the nomination of United States Senator Reed assured, the St. Louis Post-Dispatch today publishes an article declaring that a movement is afoot by the anti-Reed Democrats to bring out an independent candidate to oppose him in November. If the plan materializes, the race for the senatorship will be three-cornered. The Post-Dispatch says half a dozen conferences have been held by the anti-Reed forces since the defeat of Breckenridge Long became apparent two days ago, on the face of unofficial returns and that the purpose of the conferences has been to consider the procedure to be followed in efforts to defeat Reed.

CHILDREN CRYING FOR BREAD IN RANGER, SALVATION ARMY SAYS

An appeal for "the starving and needy of Ranger" is voiced by Ensign W. T. George of the local corps of the Salvation Army. More such appeals have been made to the organization lately than in a long while, Ensign George declares, and explains that the Salvation Army corps, with a monthly income of about \$300 is not much better off than the people making the appeals.

Miracle Saves Tee Pee Trucker

DALLAS 'WAR HERO' LOADED WITH MEDALS, LAND IN FEDERAL JAIL

WASHINGTON, Aug. 5.—Decorated with "medals" purporting to represent among others, the French medal militaire, the croix de guerre and Italian iron cross, Arthur Starnes, 27, wearing the uniform of a colonel in the United States army, and Charles Starnes, 30, brothers, of Dallas, Texas, have been arrested here by agents of the department of justice, charged with violation of the Dyer act and the national defense act, it was announced today.

MARSHAL'S ATTACK ON FIREMAN RILES DENISON BROTHERHOODS

DENISON, Aug. 5.—A serious situation has been created here by an attack Friday evening upon C. R. Eggleston, a Katy fireman, by N. F. Brazelle, a deputy United States marshal. Action by the Big Four brotherhoods at this terminal is threatened as a result of the attack, it is believed. A meeting of the Big Four brotherhood executives was held here last night, it is understood. Eggleston was struck with a pistol by the deputy when told to move off the union depot platform. Brazelle, a former Dallas police officer, was arrested and later released on bond.

EIGHT BURIED IN COLLAPSE OF OKLA. BUILDING

OKEMAH, Okla., Aug. 5.—Eight men were buried under debris here shortly before noon today when a two-story brick building under construction collapsed. The men were seriously injured when they were rescued from between the tons of brick and mortar. Physicians stated three of them could not live.

DEMAND FOR TEETH MAKING ELK EXTINCT

WASHINGTON, Aug. 5.—Don't buy elk teeth for watch charms, stick pins or other ornaments, is the plea of the department of agriculture, for the price of each pair of such teeth is the life of a member of the country's small and fast diminishing herds. Thousands of bull elk have been killed in the Yellowstone park region by hunters who illegally poach upon the government preserves, and, despite the vigilance of rangers and guards, shoot down the elk in all seasons, merely for the teeth. The fashion of wearing these bits of bone as watch charms, cuff links, stick pins and hatpins has been steadily growing as the once vast herds of elk dwindle and vanish and are threatened with entire extinction, according to the biological survey. The hunters receive high prices for the teeth.

BOY'S SCOUT TRAINING SAVES SISTER'S LIFE

DALLAS, Aug. 5.—Edward Lee, 14, today credited his Boy Scout training for the rescue of his 6-year-old sister, Marjorie, from a 20-foot cistern yesterday. In leaping over the well the little girl lost her balance and fell into the water. Edward let himself down a rope ladder and brought the child to safety with only minor bruises.

THE WEATHER.
West Texas—Tonight and Sunday, partly cloudy to cloudy.

TYPHOON IN CHINA COSTS 5,000 LIVES

HONG KONG, Aug. 5.—A typhoon Wednesday night at Swatow, 24 miles north of here, was the worst in the history of the city. Five thousand lives are believed to have been lost in the typhoon. This figure was given in estimates received here today. Dead bodies are floating amid the wreckage everywhere in the harbor. Every house in the city was damaged. The flood following the wind drove inhabitants from their homes.

HIGH PRICED COTTON!

WACO, Aug. 5.—The first bale of cotton for this year was sold at auction today for 60½ cents per pound. It weighed 45½ pounds and classed strict middling. The bale was bought by the Waco Cotton Exchange and sold to the cotton mills for 25 cents per pound.

If There Must Be Huggings, Let Girls Do It, Motorists Told

DENVER, Aug. 5.—This is the woman's age. And if a flapper wants hugging while she's in the front seat of an automobile, let her do the squeezing. This dictum on the "law of the moderns" was handed out in police court by Magistrate W. A. Rice. It's to be rough sledding, hereafter, for drivers who slip an arm about the waists of their fair companions. A youth answering to the name of A. J. Hendrick, admitted the charge of an arresting officer, that he was driving on a dark street with one arm parked about his girl. "That's a very bad thing," admonished Magistrate Rice. "When I was a boy and we drove horses and carriages, it was different. The horse had some sense if the driver didn't. But now it all depends on the driver. "If there must be hugging, let the girl use her arms. "If you'll guarantee never to let this happen again, then—" "Yes, sir, I will," assured Hendrick. "Case dismissed," said Rice.

"DRY" LAW AGENTS RAID ATLANTIC CITY CABARETS

ATLANTIC CITY, Aug. 5.—Intense excitement reigned in about 40 of the fashionable water-front cabarets and cafes early today when prohibition agents swooped down on the establishments in their search for liquor. During the raids many of the diners became excited and fled from tables. The raids are said to have resulted from statements that beach-front cafes had been granted immunity from recent liquor raids.

Brooken Steering Gear Sends Vehicle Into Ditch on Caddo Road.

Pinned beneath the wreckage of a five-ton White truck, loaded with seven joints of 15-inch casing, Horace Browning, driver for the Texas Pacific Coal & Oil company, this morning gave directions to rescuers that enabled them to drag him to safety practically uninjured, just in time to prevent him from becoming asphyxiated by the fumes of gasoline that dripped into his face from a smashed tank.

Hardly an inch stood between Browning and death after his truck had dropped head first over the buttress of a culvert just north of the Hamon-Kell track on the Caddo road. The end of the emergency brake handle pressed tightly against the pit of his stomach, while wrecked braces of the steering post and portions of the driver's seat prevented him from squirming from beneath the wreckage unaided. Efforts of early rescuers on the scene to lift a portion of the huge truck sufficiently to remove him were unavailing. At his direction, the emergency brake was released and half crawling, half dragging, he was removed from his position and rushed to the Clinical hospital in Millford's ambulance. After he had been given medical treatment for minor cuts and bruises and a severe shaking up, Browning was removed to his home.

The fire department was summoned to the scene by passersby, who feared that the leaking gasoline tank would catch fire or that the services of the department would be needed in the attempts to lift the front end of the truck.

The accident occurred about 9:30 as the result of the steering knuckle being lost. As he approached the culvert, Browning realized that he had lost control of his truck and hastily threw on his brakes but not in time to prevent the weight and momentum of the truck from carrying it over the side of the culvert. The front end plunged over a sheer drop of about eight feet. The rear end slid down the sloping embankment and the truck crashed over on one side.

The road at the scene of the accident was blocked by automobiles for several hours after the accident, the occupants on seeing the overturned truck, stopping to inquire as to the number of fatalities. Browning's escape from death or even serious injury was regarded as miraculous.

REED'S RE-ELECTION CONCEDED IN MISSOURI

ST. LOUIS, Aug. 5.—Politicians today agreed that United States Senator James K. Reed had won the senatorial nomination over Breckenridge Long, third assistant secretary of state during the Wilson administration, his plurality in Tuesday's election being the only matter of doubt. Sixty-eight precincts still are missing, with Senator Reed in the lead by 5,972 votes.

FIGURES ANNOUNCED ON MANUFACTURED OILS

WASHINGTON, Aug. 5.—Production of cotton seed oil during the three-month period ending June 30, totalled \$87,147,650 pounds, the census bureau of the department of commerce announced today. Factory productions of fats and oils, exclusive of refined oil and derivatives, totalled 825,195,891 pounds during the period. Of this production, vegetable oil totalled 202,045,022 pounds, fish oils 8,891,985 pounds, animal fat 516,486,940 pounds and grease 97,771,944 pounds. Production of refined oils other than cotton seed during the three months period as follows: Coconut, 29,926,148 pounds; peanut, 6,779,611 pounds; soy beans, 56,263 pounds and corn 6,098,664 pounds.

TONIGHT

The degree staff of Rebekah Progressive lodge No. 244 will meet tonight at 8 o'clock at the Odd Fellows' hall for practice.

FERGUSON MUST AGAIN FIGHT FOR NAME ON TICKET

State Committee Meets Monday in Dallas and Farmer Jim Will Be There.

DALLAS, Aug. 5.—James E. Ferguson, impeached governor, today faces his second fight before the state democratic executive committee to keep his name on the ballot of the democratic second primary election, in his race for United States Senator.

The committee meets in Dallas Monday and the former governor told the United Press today over long distance telephone from San Marcos that he would attend the meeting in person. T. H. McGregor of Austin will fill five speaking dates for Ferguson in order that he may go to Dallas.

Ferguson today would not comment on any contemplated action to be taken by him or his supporters should the unexpected happen and his name be stricken from the ballot.

Youngest Mother Says Her Baby Is Best Doll of All

HARDIN, Ohio, Aug. 5.—"My baby's coming is a mystery to me." Elizabeth Irwin, America's youngest mother, today "celebrated" her eleventh birthday by making that one reply to the grilling of country prosecutors seeking to determine the girl's mother refuses to lift even one corner of the veil of mystery in which the whole affair is shrouded.

"I did not know anything was going to happen until I got sick and then the baby came," Elizabeth told Prosecutor Lippincott.

"He is the best doll I ever had." Rev. and Mrs. L. W. Irwin, Elizabeth's stepfather and mother, urged authorities to exert every effort to penetrate the girl's seeming innocence. "I will demand prosecution of the man responsible for Elizabeth's plight," the stepfather declared.

The girl was fearless as questions were asked her and talked freely for more than an hour to the officers. She asserted repeatedly that she had no romances or boy friends.

CRASH INTO TROLLEY CAR END AUTO RACE; FOUR DIE INSTANTLY

GARY, Ind., Aug. 5.—Four persons were killed and three probably fatally injured when a racing automobile collided with a street car here last night. The dead:

J. A. Harmon, wealthy contractor, driver of the automobile; Eutha Harmon, 18; Irene Hanson, 21, and Frances Billeter, all from Gary, Ind. According to eye witnesses, Harmon was racing with another automobile and was running on the car track when a car suddenly appeared around a curve. The automobile was smashed into bits. No one on the street car was injured.

RIOTING IS QUELLED IN ITALIAN CITIES

ROME, Italy, Aug. 5.—Order has been restored in Milan and Genoa, where violent fighting between the fascisti and socialists has been raging, according to word received here at noon today.

JAPANESE COMPLETE TREATY RATIFICATION

WASHINGTON, Aug. 5.—Ratification by Japan of all the Washington arms conference figures was completed in Tokyo today with the signing of the pacts by Prince Hirohito, regent of the empire, it was announced at the Japanese embassy.

PIONEER TEAMSTER THOUGHT 'SOUP' WAS CAN OF LINSEED OIL

The error of W. D. Massendale, a teamster, in mistaking a five-gallon can of nitroglycerin for linseed oil is held responsible for an explosion this morning which wrecked a portion of the Texas company camp a mile east of Pioneer, blowing Massendale to pieces and injuring, perhaps fatally, eight other persons, including Mrs. Massendale, wife of the dead teamster, F. F. Fairchild and a Miss Delta. Several children are reported to be among the injured. The Methodist church at Pioneer has been converted into an emergency hospital, according to incomplete reports from Pioneer and Rising Star. All telephone communication into Pioneer was cut off by the explosion, the local officers reported.

CHICAGO STREET CAR STRIKE TO BE CALLED OFF

Settlement Called Victory For Union in Fight for Higher Wages, Shorter Hours.

CHICAGO, Aug. 5.—Chicago will ride to work on Monday. Settlement of the city's greatest street car and elevated strike was virtually assured when union officials today ordered a referendum on the agreement reached between strike leaders and the lines. The referendum will take two days and the union chiefs declared the workers would be able to ride Monday.

Settlement was a victory for the union. Strike leaders agreed to accept 70 cents an hour and an eight-hour day. The lines had held out for 65 cents and nine hours, the unions for 72 cents and 8 hours.

MISSOURI PACIFIC CLERKS TAKING STRIKE BALLOT

ST. LOUIS, Aug. 5.—St. Louis clerks and employees of the warehouses and storehouses of the Missouri Pacific railroad are taking a ballot to determine whether they will walk out in protest against the wage reductions of 3 and 4 cents an hour by the railroad labor board and for adjustment of working rules, it was announced today.

General Chairman Patterson of the Missouri Pacific board of adjustment declared that about 10 per cent of the members of the railroad clerks' union of the road had turned in their vote and that about 90 per cent of those votes are in favor of a strike.

Chairman Patterson said the clerks had agreed to accept three-fifths of the reduction put into effect on July 1 by the labor board on condition that sick leaves, vacations and Saturday half holidays, which were canceled during the war, be restored. The company refused the proposal and announced the full reduction ordered by the railroad labor board would be made effective, it was said.

BIG SUIT FILED BY HOUSTON TOOL MAKER

HOUSTON, Aug. 5.—Judge J. D. Harvey of the Eightieth district court here, John H. Crocker, president of the baseball club, and ten stockholders of the Mack Manufacturing company, oil field supply manufacturers, are named as defendants in a suit for damages amounting to \$850,000 filed here today. O. M. Mack, recently ousted from the control of the Mack Manufacturing company, filed the suit.

AMERICAN GLYCERIN COMPANY BUYS ILLINOIS TORPEDO PLANTS

All properties of the Illinois Torpedo company in Texas, with the exception of those in the Electra and Wichita Falls district, have been taken over by the American Glycerin company, under arrangements perfected at Tulsa. A report to this effect was confirmed this morning by John H. Moyer, district manager of the American company. The transfer gives the American Glycerin company 13 stations in the Ranger territory, Mr. Moyer said, of which six were formerly operated by the Illinois Torpedo company. These stations are scattered in various towns contiguous to the fields. The consolidation will considerably enlarge the work of the Ranger headquarters, Mr. Moyer said, as repair shops and the like will be grouped here. The local plant of the Illinois company on the East Side probably will be offered for sale. Most of the employees of the torpedo company will be retained under the new ownership. The Illinois Torpedo company was the pioneer in its line in the Ranger field. This district has been under the management of John Laikin, with headquarters in Tulsa.

ISSUES NOT SETTLED.

The idea still prevails that the sen-
timent of voters on various issues is
registered in the selection of candi-
dates. Right now, in the senatorial
race, supporters of both candidates
are contending that the selection will
determine how Texas stands on pro-
hibition, the Ku Klux Klan and other
issues.

The truth of the matter is that it
will do no such thing. Possibly in
the past, candidates were elected on
one issue. But today, the complica-
tions of civilization inevitably result
in a complication of policies. The
prohibition issue is not paramount in
the voters' mind; nothing is para-
mount. Probably every person in
Ranger knows a dry friend who will
vote for Ferguson and a wet friend
who will vote for Mayfield. Their
choice will be determined by the plat-
form as a whole, with a fraction of
this and that entering into the final
conclusion. Prejudices will bear even
more weight than judgment. And as
cream to the whole, there will be a
conviction that it doesn't matter, any-
way—the people's opinion doesn't
count in politics.

The successful candidate considers
that the voters have indorsed every
opinion he told, and he proceeds to
act accordingly. Take the tariff, for
instance: It shows that many items
on the bill are nothing less than rob-
bery of the people for the benefit of
special interests. In many instances,
the tariff tax on the people amounts
to more than the gross income of the
industry that is protected. And yet
congressmen prate of protecting their
constituents by getting them equal
advantages with other sections—and
get away with it, even though the
taxpayers disagree.

As for elections determining issues,
it might as well be said a man eats
custard pie because he wants milk.
It is explained that Theodore Roose-
velt sometimes said "darn," but never
said "damn," but whatever he said no-
body was left in doubt as to what he
meant.—Boston Transcript.

Now that England has barred Em-
ma Goldman, it must be dawning on
her that the freedom of the seas is
about her last chance.—Indianapolis
Star.

"American Duped By French An-
tique"—Headline. Sounds like an-
other heirsch marrying nobility.—
Nashville Tennessean.

When they speak of the soft coal
situation they're describing the coal,
not the situation.—Washington Post.

Exclusive Nahant's Kicks Can't Stop His Charity

Mike Di Carlo's Guests

When Mike Di Carlo made a for-
tune in his butcher shop at Lynn,
Mass., he went over to exclusive Na-
hant and bought the fashionable resi-
dence shown in the lower picture.
Then, Mike having nothing of the
selfish in his make-up, he invited the
poor of Lynn, regardless of creed,
color or anything else, to be his
guests and make merry in his home.
They did, and the bloods of the
summer colony complained that his
gatherings were disorderly. Mike
was arrested—and freed at once, with
praise from the magistrate. The up-
per picture shows a wagonload of
Lynn's poor on their way to Mike's
home in Nahant.

Mike Di Carlo's Home

NEW HOURS SET FOR
PRESBYTERIAN SERVICES

A change in the morning services
and Sunday school of the Presbyterian
church, beginning tomorrow, is an-
nounced by the Rev. A. N. Stubble-
bine, pastor. Sunday school will be-
gin at 10:30—a half hour later than
formerly—and last until 11 a. m.
Services will begin at 11 a. m. and
last half an hour. Beginning Aug.
13, the pastor will use the regular
Sunday school lesson for the sermon,
this arrangement continuing until
Sept. 15.

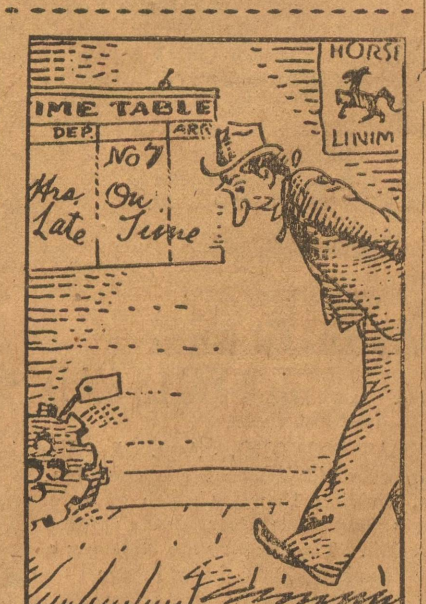

The morning subject tomorrow will
be "What Christ Has Done for Reli-
gion—Made It Missionary in Char-
acter."

The subject of the evening service,
beginning at 8:15, will be "Believe in
the Lord Jesus Christ."

WHITE LEAVES FOR
EASTERN MARKETS

J. M. White, head of J. M. White &
Co., auto racing driver and Lion club
southern, will leave tomorrow on a
two weeks' trip to eastern markets.
In anticipation of good times ahead,
Mr. White will purchase a complete
line of fall and winter merchandise,
including the latest styles in men's,
women's and children's clothing.

DOG HILL PARAGRAPHS
By GEORGE BINGHAM

Yam Sims is a great make-believe.
The other day, while having nothing
else to do he made out like he was
going away. He asked the Tickville
depot agent when the train would be
there, then Yam looked right bother-
ed at the time table, and then went
out and walked up and down the plat-
form with his hands behind him with
a worried, business look on his face,
just exactly like somebody that was
waiting for the train.

The Tin Peddler says a mule has
almost as much human nature as any-
body, as he notices on a hot summer
day he will drive his mule into a cool
spot of water for a drink and it will
try to kill all the time he can before
leaving.

Sile Kildew, who recently started
wearing spectacles, has knocked
the glasses out of them, and says he
can now see much better.

AUTOMATIC DEVICE
TO PREVENT SPEEDING

ROME, Aug. 5.—Confronted with
the difficulty of controlling speeding
automobiles within the city limits,
Rome is considering an automobile
device which will prevent the car to
which it is attached from travelling
over 10 miles an hour. The more the
driver "steps on it," the slower the
car will run.

In Rome the narrow streets in the
older quarters of the city; the numer-
ous hills, and the inequalities in the
pavements of many streets make fast
driving particularly dangerous. Drivers
are prone to disregard existing
speed regularities, so the city authori-
ties are giving thought to making ob-
ligatory the use of this automatic
speed regulator.

Three 13's, Two
Snakes, Smashup
Make Stirring Tale

CAPE MAY, N. J., Aug. 5.—John
Stapleton, traveling salesman for a
western house, was driving a road-
ster with license tag 131313 Ohio
through a densely wooded road from
Goshen to Swanton, about 16 miles
north of here. Stapleton saw two
snakes in deadly combat in the road.
Thinking that he could kill both, he
tried to run over them. The snakes
got entangled in the steering gear
under the car and before Stapleton
could stop the car it had run off the
road and turned upside down. Staple-
ton was not injured and passing
motorists helped him right the car.
The snakes—two king snakes—meas-
ured nearly seven feet long.

FIVE KILLED WHEN AUTO
IS STRUCK BY TROLLEY CAR

DETROIT, Aug. 5.—Five persons
were killed and one was injured when
their automobile tried to avoid colli-
sion with another machine and was
crowded in front of a speeding inter-
urban car today, just north of here.
The dead are John W. Murphy, 45;
his sons, John W. Jr., 6, and James
F., 4; Mrs. Josephine Gay, 50, and
Miss Marie Flanagan, 17.

THE REIGN OF THE FLIVVER.

Were Henry Ford to be elected
president, historians could hardly be
blamed for referring to this as the
Tin-Elizabethan Era.—Life.

The first successful cast steel can-
non in the United States was made
in 1888. Today they are made of
forged steel.

SIR RICHARD SQUIRES
YOUNGEST PREMIER

Sir Richard Squires, K. C. M. G.,
prime minister of Newfoundland, has
sailed for London for a conference
with Premier Lloyd George. Sir Rich-
ard is only 38 years of age and the
youngest prime minister of any of the
British dominions.

PROFITEERING
IN COAL CURBED
HOOVER SAYS

Government Machinery to Dis-
tribute Emergency Supplies
Begins to Function.

WASHINGTON, Aug. 5.—Profiteer-
ing in coal has been virtually
eliminated by government agencies,
Secretary of Commerce Hoover an-
nounced today. This means that, de-
spite the impending coal famine and
the hardship in gathering sufficient
fuel, excessive prices do not prevail
in the view of the government.

Governors of various states were
asked today by Fuel Distributor Spencer
to concur in the steps outlined by
the federal government for emergency
distribution of coal. Letters sent to
the governors today by Spencer car-
ried the central committee's plan and
federal fuel distribution form No. 50,
to be used by state committees in ap-
plying for emergency coal.

Applications Made Direct.
The governors are requested by

AH, THERE, ASA!

By United Press.
ATLANTA, Ga., Aug. 5.—Asa
S. Chandler, age 71, multi-mil-
lionaire manufacturer of soft
drinks, admitted his engagement
today to Mrs. Onezima Behou-
chelle, noted New Orleans
beauty, but referred questioners
to his fiancée when asked about
the date.

Spencer to apply for the total pro-
duction in other states only to the
federal fuel distributor at Washing-
ton and not to order any coal from
the federal fuel distributing commit-
tee outside their own state.

There is no anthracite coal avail-
able for distribution by the federal
fuel distributor, Spencer said. Ap-
plications for emergency coal should
be made only for the most essential
purposes and not for storage.

The University of Pavia, Italy, is
said to have been founded by Char-
lemagne in 774.

OKLAHOMA GASSER SUBDUED. BRISTOW, Okla., Aug. 5.—After a fight of more than 16 hours, a corps of oil field workers at noon Friday succeeded in controlling the oil and gas flow from a giant wildcat well near here which since late Thursday night had demoralized rail and motor traffic between here and Kellyville.

SPORTS

TWO TALES TOLD OF YESTERDAY'S LOST BALL GAME

Two urgent requests for a box score on yesterday's game at Sweetwater, sent at intervals after the following dispatch was received, went unanswered this morning. Presumably, there was no box score. Here is what the Sweetwater scorer said of the game:

"Southpaw Murray Richburg had the best of Lefty Phillips Friday and the Swatters made it two straights over Ranger. The score was 4 to 1. Bases on balls by Phillips and wobbly support (one error) in the pinches spelled defeat for the visitors. Richburg kept his hits scattered and struck out 10. A new supply of fingers for the meat hand had been ordered by the local club.

Score by innings— R. H. E. Ranger000 100 000—1 9 1 Sweetwater . . .001 100 02x—4 6 2 Phillips and Clayton; Richburg, Gressett and Shell, Seiser, Umpire, Miers. Time of game, 2 hours.

Doc Tells Us. Another version, written by Dr. A. N. Harkrider, who saw Friday's affair, tells a tale of righteous indignation within the doctor's bosom. The doctor relieves himself as follows:

"I am not a sport writer but will you please give me space enough to relieve my feelings or pass the buck to the Ranger baseball fans—for if I don't get relief, I surely will pop.

"First, I drove to this dead burg for the sole purpose of seeing why we can't win a ball game away from home, and I'll admit that it took only a few minutes to see the whole situation. The Panthers nor no other team can win a ball game when a local man, without any scruples at all, is official umpire; not only a home boy umpiring but the chief of police goes out when a protest is being made in the usual way and informs our boys that HE is running the game and no argument goes.

"Can any team win ball games against such odds? Our boys are playing winning ball and should have been in the running today, but you see the result.

"We have the best team yet, and as for Ranger, well, all the towns between here and there look sick to me. We have the best town in the world. All one needs to do to know that is to visit other places and he will see for himself. Yours, "A. N. HARKRIDER."

SAYS LEONARD MUST HIT HAMMER EASY

By United Press. INDIANAPOLIS, Ind., Aug. 5.—Governor McBray today called upon Sheriff W. E. Austiss of Laporte county to see that the lightweight championship match between Bennie Leonard and Ever Hammer at Michigan City does not develop into a prize fight.

The governor advised the sheriff that the fight between Leonard and Rocky Kansas at Michigan City July 4th "was nothing more or less than a prize fight and therefore direct violation of the law."

HERE'S AN IDEA!

By United Press. DALLAS, Aug. 5.—Salt shakers and vanity cases are passe as bridge prizes in Dallas.

Women devotees of bridge are now playing for State Fair tickets. As a means of financing a new building for the State Fair this year, admission tickets are being sold in advance at a reduction under the regular charges during fair time.

At a recent bridge party given by a North Dallas society matron, several books of the tickets constituted the prizes, and it is declared, met instant approval from the players.

Dates for the fair this year are Oct. 6 to 15, and railroads have announced a round trip rate of a fare and a fifth to obtain during that period.

One Chicago society woman, who is remarkably youthful in appearance in spite of her 70 years, says there is nothing like standing on the head for keeping the waist slender, the flesh firm, and the general health good.

LANGFORD SOLD TO YANKS

LUBBOCK, Aug. 5.—Sled Allen, manager of the Lubbock Hubbers Friday announced the sale of Outfielder E. L. Langford to the New York Yankees to report at the end of the West Texas season. This is the second Hubber sold to the majors. There are two or three more promising youngsters on the team in whom scouts are interested, and in all probability more sales will be made shortly.

WEST TEXAS GAMES

ERROR BEATS EAGLES.

Special to the Times. AMARILLO, Aug. 5.—Sain's error in the tenth allowed Amarillo to score the winning run of a bitterly fought game Friday. Johnny Meador knotted the count with a home run in the eighth, after Abilene had taken a lead. A shoestring catch by King prevented the Gassers winning in the tenth.

Abilene has obtained Mason from Sweetwater. Score by innings— R. H. E. Abilene . . .100 100 010—3 8 2 Amarillo . . .011 000 010—4 7 0 Ward and Burch; Hill and Douglas.

FIELDING WINS FOR LUBBOCK.

Special to the Times. LUBBOCK, Aug. 5.—Spectacular fielding by Speegle and Langford marked a Lubbock victory over the Stamford Orphans, 4 to 2. Both made seemingly impossible catches, which decided the result. Score by innings: R. H. E. Stamford . . .100 000 010—2 9 2 Lubbock . . .002 020 00x—4 10 1 Meyers and Schmidt; Edgar and Swenson.

At Roswell—

R. H. E. San Angelo5 9 4 Clovis6 9 3 Meeks and Robertson; Burleson and Erwin.

PRAIRIE TEAM PLAYS BRAZOS HERE SUNDAY

Baseball fans will have a chance for action tomorrow when the Prairie Coyotes from Madding camp play the Brazos team Sunday afternoon at Nitro park. The Coyotes have played all the leading teams in this section and have a good record, while reports have it that the Brazos nine has bested all opposition in its own territory and is reaching out for new worlds to conquer.

The Coyotes' latest victory is a 16 to 0 mopping up administered Thursday to Chestnut & Smith. Tomorrow's game will start at 3:30.

TEE PEES AND TEXACOS PLAY TITLE MATCH

The Tee Pee's Thurber team tomorrow plays the second game of the championship series with Parks camp. Today, the Tee Pee plays the Humble team, which has been making a strong showing lately, at Cisco. A special sleeper is transporting the Thurberites for the two engagements.

Two weeks ago, the Texacos bested the Tee Pee nine in the first of the series, 4 to 1, in a game played at Cisco. By winning, they also won the right to play the second game on their own grounds. If Thurber wins tomorrow, the rubber game probably will be contested at Thurber. (Why not Ranger?)

LEONARD PLANNING TOUR THROUGH EUROPE

By Associated Press. MICHIGAN CITY, Ind., Aug. 5.—After engaging in possibly one more title contest, Benny Leonard, world's lightweight pugilistic champion, plans to sail for England in quest of new opponents and to give his mother and sister an European trip that he has planned on since he took the championship from Freddie Welch.

LEONARD FIGHTS HAMMER.

MICHIGAN CITY, Ind., Aug. 5.—Cloudy skies welcomed the early arrivals for the Leonard-Hammer fight today. The weather bureau predicted rising temperature and no rain. Hardly a breath of air was stirring.

CHICAGO WIFE BEATER IS SENTENCED TO CHURCH

CHICAGO, Aug. 5.—Peter Skiba was sentenced to six months in church Friday as a penalty for beating his wife. In order not to leave Mrs. Skiba and her seven children without support if Skiba was sent to jail, Judge Morgan appointed her to see that the church sentence was carried out three times on Sunday with mid-week prayer meetings added.

FINAL ROUND GIVES LIONS CHAMP TITLE

The Lions are champions of the civic clubs' baseball league. They proved it yesterday when they walloped the Rotarians, 11 to 8, in the deciding game of the series.

With Doc Lauderdale and Red White hooked up as opposing heavies—both teams surprising their opponents by sticking in their star hurlers after one day of rest—a nifty baseball battle was waged in dead earnestness. The Lions came out on top in the final round when they broke a 7-7 tie with four runs, and the Rotarians in a frantic last half could score but once.

G. O. P LEADER SELLING JOBS, SENATOR SAYS

WASHINGTON, Aug. 5.—Charges that Joseph W. Tolbert, Republican national committeeman from South Carolina, has been and is selling federal offices in that state for money, have been made by Nathaniel B. Dial, one of the Democratic senators from South Carolina.

Senator Dial said he had learned of convincing proof, that Tolbert had divided the state into districts, in each of which he had stationed a henchman who sold the federal plums for one-half the first year's salary, in sums ranging from \$600 to \$2,000. Tolbert expected to realize \$100,000 out of the system, Senator Dial said an affidavit declared.

Tolbert, who is the oldest member of the Republican national committee, in point of service, was nominated a few months ago by President Harding to be United States marshal for the western district of South Carolina. A senatorial sub-committee is now examining into his fitness for appointment. It is said such serious allegations, including the Dial charges, have been made against him that he will not be confirmed by the senate.

PRINCE MOURNING LATE CZAR, CUSSES COPS OUT

NEW YORK, Aug. 5.—Prince Louis Henri de Chateroux de Bussigny de Bourbon—as he described himself—was arrested by detectives following a raid on a chorus girls' apartment in a building in which the self-styled prince also has an apartment. Later, clad in the full uniform and trappings of a "retired major general of the Imperial army, in mourning for the late czar"—the prince's own description of his garb—he was arraigned on a charge of disorderly conduct before Magistrate Renaud and held in \$500 bail.

The raid on the alleged disorderly first floor apartment, in which four women, two of them chorus girls, were arrested, disturbed the princely slumbers of Louis Henri on a floor above. He sallied forth, the police say, in pajamas, brandishing a sword and berated the raiders.

He was disarmed and permitted to don a white Russian tunic, with arm band of mourning and shoulder bars and stars, brown corduroy breeches, brown puttees and military cap before he was taken to a police station.

ACTION LIKE TORNADO IN NEW FOX PICTURE

Charles Jones steps into "Western Speed," the new Fox production showing today at the Liberty in a fashion that would do credit to a well-developed hurricane.

With the first flash Jones is being ordered off the premises at the home of a beautiful girl. To make her command even more imperative she is pointing a rifle at the hero's head. He tells her undauntedly that he will leave, but that some day he's coming back to marry her. There are plenty of obstacles to be overcome and much perilous work to be accomplished before the staunch cowboy clinches his romance with the bride-to-be in his arms.

MODERN.

RADIO POWER TO RUN AUTOS, HEAT HOUSES

NEW YORK, Aug. 5.—Having unquestionably demonstrated the practicability of transmitting the voice hundreds of miles through the air without wires, radio engineers are now turning their attention toward solving the problem of transmitting electrical power without the use of metallic connecting mediums.

Should they be successful the following are possibilities for the future:

1. Gigantic radio power stations supplying hundreds of thousands of electric horsepower to machines of industry many miles away.

2. Abolition of the use of gasoline for automobiles—electrical fuel to be supplied to engines from central stations.

3. Universal use of electricity in place of coal for all purposes.

The step of sending power by radio is not nearly so great as that which first gave the means of receiving radio impulses, such as in wireless telegraphy.

Just as roads wear out with the steady pounding of trucks and automobiles over their surface, so do wires wear out from the constant friction of electricity. The Atlantic cable is a case in point. Obviously it cannot last forever.

Another need for the harnessing of radio power to the machines of the world is the shortage of coal, made more acute by the strike. While authorities differ on just how great a supply there is in the United States, leading mine operators have declared that the present supply cannot possibly last for more than 100 years.

To date no system has been developed that will permit the transmission of power wirelessly without enormous loss. That is because a directional system has not been perfected. Energy must flow in a narrow stream through the air, which is in contradistinction to the present method of broadcasting electrical energy in all directions.

Guglielmo Marconi is known to be working on a plan whereby the electrical energy can be concentrated and sent in one direction and only one. He claims that he now can send radio messages in one direction and only one.

While the famous Italian inventor has veiled his research along these lines in utmost secrecy, it may be presumed that he was worked out a plan whereby an air line is created for carrying electrical energy, this energy being enveloped to reduce waste in the city to a minimum.

It has been said that there is enough electricity in a green pea to supply the world with mechanical power for 1,000 years. The difficulty comes in harnessing that power.

Hundreds of thousands of homes are now kept warm by central heating plants. What makes this heat so expensive is the costly underground pipe system which is necessary. When radio power can be flashed into individual homes without the use of pipes or wires of any kind the cost will be trifling compared to the average family's coal bill at present.

Because of the similarity of magnetism and electricity the problem seems to be not so much one of sending the radio power accurately in one certain direction as one of reducing waste to a minimum. Powerful magnets have a dominating influence on electricity and experiments now being made to send radio power are attempting to link them together. Magnets might be used to attract power to the receiving station from the sending station.

Imagine the comfort of automobiling, knowing that it would be impossible to run out of "gasoline." Just as long as your device for receiving radio power is in working order, that's all the worry one need have.

Millions of dollars are spent yearly in "white coal," harnessing water power to keep the wheels of industry a-whirring.

Save this expense. Use radio power.

That is the aim of the leaders in the radio world today.

FEUDISTS TRAIL MEXICAN TO DALLAS, WOUND HIM

DALLAS, Aug. 5.—As the result of a feud said to have been started in Mexico years ago and from which several lives have been snuffed out, Salvador Ramirez, 28, recent arrival here, lies in a local hospital with a bullet hole through his body and little chance for recovery. The Mexican was shot down on a street late last night while he was talking to a friend. One shot was fired.

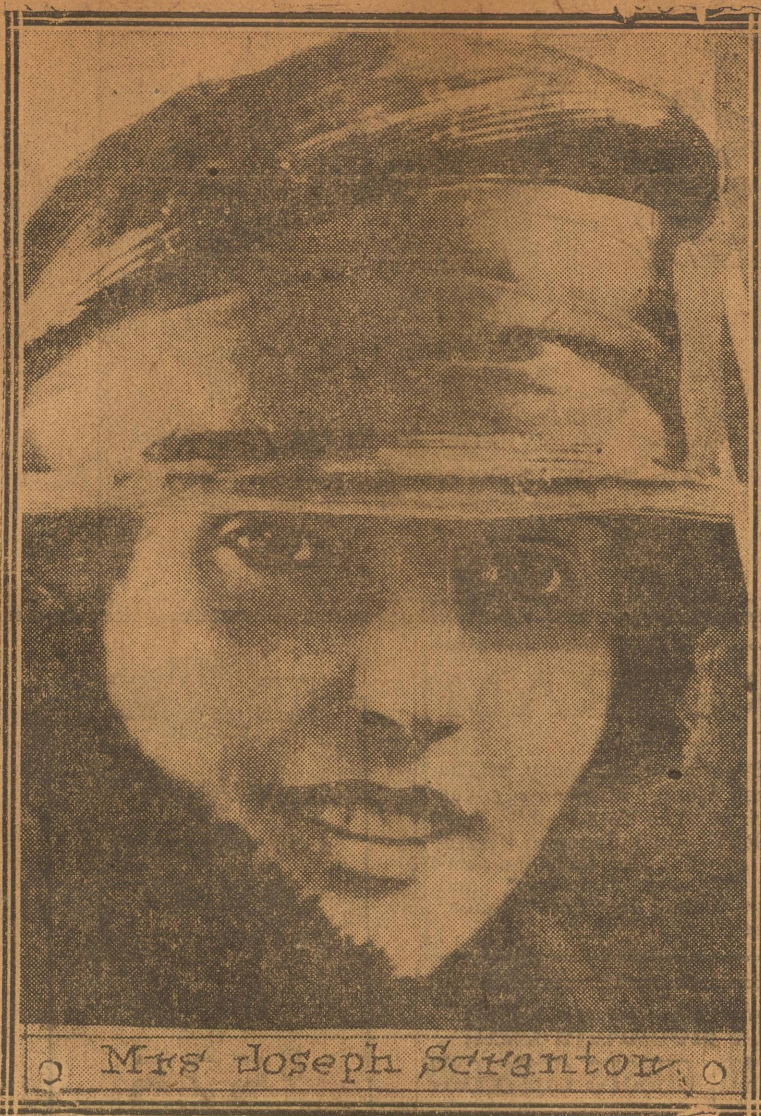

Two Mexicans have been arrested but officers have yet developed no evidence against them. It is believed the persons who fired the shot followed Ramirez from Mexico to Dallas.

DOG DECORATED FOR SAVING LIFE OF SHIP'S CAT

By Associated Press.
LONG BRANCH, Cal., Aug. 5.—Spot, a dog, is being decorated for bravery by the Long Branch Humane society. The dog is credited with having jumped from the municipal pier July 13 and rescued a cat struggling in the sea.

Spot is owned by William Wrigley, chief of the steamer Berglund. Wrigley also owns the cat Spot saved. The animals are the Berglund's mascots.

WEDS CAPITALIST AT FATHER'S BEDSIDE

Mrs. Joseph Scranton.

Miss Beulah Benedict, 25, of Vermont, married Joseph Scranton, 41, of Cleveland, O., at the bedside of her wealthy father-in-law, Colonel Walter Scranton. As Colonel Scranton was in the hospital it was decided to hasten the wedding, a doctor, a nurse and Colonel Scranton being the only witnesses. Colonel Scranton was formerly president of the Lackawanna Steel plan of training, a unique feature being a full-rigged ship on hand, to teach the technique of the sea.

ROTHSCHILD'S HEIR SUED FOR \$500,000 BALM

NEW YORK, Aug. 5.—Fearing to break family traditions for the beautiful French girl whom he loved, James Henri de Rothschild, 27-year-old heir to almost uncountable millions, tonight faces a \$500,000 breach of promise suit.

Marie Porquet, 24, tall, slender and blonde, told of a romance on two continents, effervescing with devotion and tender letters, and at the end, in New York, this short statement from the young baron to her:

"I wished to marry you, my darling, and I still wish to marry you, but I must sustain the traditions of my family. I cannot marry you, tender one."

Marie is the daughter of a wealthy Parisian merchant. Her alleged suitor came to the United States to study banking and take back to his father, Baron Henri de Rothschild, present head of the famous banking house in France, advanced ideas on American finance.

According to Marie, he sent for her, promising to marry her.

Marie demurred, but then came cablegrams, alleged excerpts from which follow:

"Dearest, be sure and let me know exactly when you are to arrive. Perhaps, dearest, if necessary, I may have to come to the vessel and marry you on the boat. I wish to make certain you have no difficulty with the customs agents."

"For years, almost since we were boy and girl," says Marie, "James and I have loved each other. His father, though, is strict, and he kept James in a state of terror. The

ALLAN A. RYAN RUINED BY STUTZ CORNER

When, in 1920, Allan A. Ryan, son of Thomas Fortune Ryan, cornered the market in Stutz stock and forced the price from \$130 a share to \$500 he was expelled from the New York Stock Exchange, and Wall street was filled with rumors that squeezed financiers had vowed to "get" the most spectacular young man the financial district had seen for many a year. Now Ryan has filed a petition in voluntary bankruptcy, with liabilities of \$32,435,477. Of this \$27,806,984 is secured by collateral, and Ryan admitted his only assets to be \$648,533. Unsecured claims amounted to \$621,334.

MISSISSIPPI CAN NAME SENATOR WITHOUT HELP VARDAMAN TELLS WILSON

JACKSON, Miss., Aug. 5.—Stung by opposition to his candidacy for the United States senatorship contained in a letter of former President Woodrow Wilson to Dr. McCaleb, of Carlisle, Miss., former Senator James K. Vardaman has issued a 1,200-word statement in which he says he did not believe Mississippians need to be told by Mr. Wilson for whom they should vote.

Mr. Vardaman said that Mr. Wilson's letter stated his conclusions without giving reasons therefor.

Mr. Wilson's letter contained the assertion that he thought that "it would be a great detriment to Mississippi if he (Vardaman) were elected to the senate."

The former senator said: "I can assume only that his opposition is for the same reason that he opposed me in 1918. He then said that he would be obliged to accept my election 'as a condemnation of my (his) administration.'"

Mr. Vardaman said Mr. Wilson's opposition was founded upon the fact that "I performed my duties as senator with the intention of pleasing and serving the white citizens of Mississippi, and not to please nor flatter the occupant of the 'White House.'"

The statement reviewed events in congress during Mr. Wilson's occupancy of the White House and Mr. Vardaman said he was willing for Mississippi voters to take his record as it was made and decide whether or not he had been faithful to the trust imposed on him.

DON'T WORRY ABOUT EMPLOYMENT IN FUTURE

The Publishers' Typesetting School at Macon, Ga., can solve the problem for you. Write for information.

To be sure of a chance to earn a living should be your chief consideration. Without it, your wife will be a failure. To have a trade or profession is absolutely essential unless you are to live from hand-to-mouth—unless you are to be uncertain at times whether you can get the necessities for existence.

The course of study in the typesetting school at Macon, Ga., is getting remarkable results. The diploma is accepted in the trades as the equivalent of an apprenticeship. The publishers of this paper will gladly advise with you if you want to go into the work. Write TYPESETTING DEPARTMENT, GEORGIA-ALABAMA BUSINESS COLLEGE, MACON, GA.—Advertisement.

INFECTIVE ENDOCARDITIS IS NORTHCLIFFE AILMENT

LONDON, Aug. 5.—Lord Northcliffe is now suffering from infective endocarditis, according to a bulletin issued by his physicians tonight.

The bulletin states that the publisher does not show any signs of noticeable improvement.

Your Seven League Boots

THE wearer of the "seven league boots" could cover miles at a step. But he didn't have a thing on you.

A glance through your paper and you jump from New York to San Francisco, Philadelphia to London, or from Montreal to Timbuktu. You know what is going on the world over almost as soon as the events occur.

Turn to the advertising columns and you are transported to the grocers, the clothiers, the music store; you visit the factory of a manufacturer, or talk with the maker of a new household appliance.

Right in your own arm-chair, unhurried, unworried and without effort, you can make your choice of good merchandise.

Merchants and manufacturers who put advertisements in this paper are progressive. They must give good value. They know that advertising, by increasing the number of sales, will lower prices and give you more for your money.

The advertisements are miles ahead of "seven league boots." Read them.
