NEW YORK, May 19.—Alexander

Estimated Damage Is \$20,000.00 Over The Entire County

Mrs. W. R. Nixon, aged 84, living on Eastland hill, Ranger, died from fright in last night's thunder storm. Mrs. Nixon, wife of a Confederate veteran, for some time in feeble health and suffering from weak heart was prostrated from a keen thunder clap, and died almost instantly. There was no lightning stroke, members of the family say. The aged woman's death was solely

A mother and young babe narrow-ly escaped with their lives when the storm of Tuesday night struck Carbon, 10 miles south of Eastland and took the roof from the home of T. B. Harris, where Mrs. Harris was in bed with the infant. The unfortunate woman was taken to the home of friends, without any apparent in-

Gus Gilbert was a heavy loser when the wind and rain took the roof from his new home after which the structure collapsed at the foundations. The homes of J. T. Peel, Bill Snow and the Graham homestead also suffered heavy damage.

A careful check all over the county shows that one life was lost but live stock, chickens and other farm animals were drowned in the rain that flooded barns and chicken coops. Trees were uprooted and signs torn from buildings while the main roads are littered with trees and signs orn from the framework.

Eastland Hit.
At the Connellee theatre, Eastland, a huge electric sign was torn from the walls, while several signs that stood in vacant lots were also de-molished. Several firms also report loss through rain which seeped through the walls damaging goods

and the buildings.

No estimate has been made of the damage but a rough calculation of the loss shows that it may reach at east \$20,000.

Later reports from Carbon give the loss in that city as being over \$10,-000, seven homes having been prac-

courts by her parents.

Convent officials issued a state-ment today pointing out that Rose, Nevada's Lethal who is known as Sister Mary Agens, has not as yet taken her final vows, and is at liberty to leave he priory if she desires. The girl's father, a synagogue sexton, said that rabbi who yesterday visited Rose at the convent declared that the girl was prompted in everything she said by the mother superior and that the girl was compelled to stay in the convent.

The Goldstein family may seek a writ of habeas corpus requiring the appearance of the girl in court when permission to have alienists examine her will be sought.

It had to be good to get where it is

Ford Prepares To Junk 200 Ships Bought

By United Press. DETROIT, Mich., May 13.—Henry Ford will dismantle the 200 shipping board vessels purchased from the gov NEWARK, N. J., May 19. — The case of 26-year-old Rose Goldstein, Jewish girl who two weeks ago took the veil of a Catholic nun at a local monastery, may be brought to the mately \$100,000.

Gas Chamber To Claim 2 Victims

By United Press.

CARSON CITY, Nev., May 19. – Nevada's lethal gas chamber again two murderers, John Randolph, 56, and Stanke Jukich, 28, die in this state's novel manner of execution. Randolph was found guilty of beating to death his 72-year-old mother when she refused him money.

Jukich was convicted of killing

Jennie Madek, his 16-year-old sweet heart, when she refused to marry him. The men will be put to death in the small one-room gas cell. Strapped to iron bars, they will wait while the deadly gas is forced into the airtight cell.

Gas has been brought here from Los Angeles.

Ultra-Violet Ray Milk Sure Cure For the Rickets

By United Press.

ANN ARBOR, Mich., May 13. ANN ARBOR, Mich., May 13.—
Through ultra-violet ray treatments, an ordinary milch cow may be induced to produce milk which cures rickets, according to Dr. Howard B. Lewis, of the University of Michigan. The milk has a higher anti-ricket constituency than either cod liver oil or calcium, he said alcium, he said.

Perhaps the most grim of all the grim reapers is the new golfer.

Surgeon General Gives Sunlight Cultists a Jolt

the cult as faddists.

In an exclusive interview with the United Press, the doctor admitted that sun bathing, properly used, was beneficial to tuberculosis and rickets patients but warned that it was no cure-all nor general preventive of disease as its foreign disciples claim.

Basking in the sun, as practiced abroad, is more or less of a fad, the chief said. It would not cure a cold, the measles or small pox.

the measles or small pox.

"A person to take sun baths must be carefully prepared for the treatments," Dr. Grubbs continued. "Parts of the body would have to be bared a little at a time to the sunlight to result in pigmentation of skin, instead of sunburn.

In this work I had the thought that certainly his love for us dominated and overshadowed all the sufferings he endured."

Among the clergy the picture has brought much favorable comment. Many leaders have expressed satisfaction in this new representation of the clergy that it was stead of sunburn.
"Of course the body responds to the treatment and sun baths are

eneficial to tubercular and rickets atients, but as a general rule sun there.

Hindu-Moslem oaths will not cure of prevent other Sun light, Dr. Grubbs said, is necessary to health, but a person can be healthy without exposing the entire body to the powerful sun rays. The average person takes several sun

Nome Woman Makes Harvard Frosh Good Her Promise Serves Omelet

By United Press.

NOME, Alaska, May 19.—Like all experienced travelers, Roald Amundsen has a soft spot for favorite restaurants and favorite dishes.

The explorer likes Spanish omelets; furthermore he prefers the kind prepared by Mrs. Marie Nibiling. Upon arising Tuesday morning, Amundsen and his party were told that a reception committee had planned a breakfast party at a certain restaurant fast party at a certain restaurant.
"No, thank you. But can you tell me where I can find Mrs. Nibiling, who conducts a restaurant?"

Upon inquiry, Amundsen explained he has partaken of "her wonderful Spanish omelets," when he was in Nome with the Maude on a previous

trip.
It happened that Mrs. Nibiling's establishment was closed for alterations. Amundsen took the matter up

personally.

"Mrs. Nibiling," he said, "do you remember taht you promised me a Spanish omelet if I reached the

She remembered and consented to furnish meals to the entire Amundsen party.

The explorer later commented that

the omelet was well worth the trip over the pole, saying he had dined with kings and queens, but never en-joyed such perfect omelets. Lincoln Ellsworth revealed that the

principal topic of conversation after leaving King's Bay was the wonder-ful omelets to be had upon arrival in Nome. Ellsworth ordered ham and eggs, American variety.

Sleep, food and glory are being served in large portions to Amund-sen, Ellsworth and their trans-polar

The entire party, except those who remained in Teller, where the Norge is being prepared for shipment to San. Francisco, spent most of yesterday in

bed.

According to the log of the trip, the Norge gained an altitude of 9,000 feet when directly over the north pole. Because this height was attained, the Amundsen party can claim the unique distinction of having been furtherest away from the equator and the south pole.

Ellsworth, it developed, is an enthusiastic sourdough.

Course In Ship Operations Now Offered at Tech

CAMBRIDGE, Mass., May 19.-Looking toward the expansion and more efficient operation of the American merchant marine, with an increasing demand for men trained in the business administration of marine transportation, Massachusetts Institute of Technology has establish ed a four-year course in ship operation and management.

The new course, which has been

given much encouragement by American steamship companies, according to Institute officials, will be under the direction of Prof. J. R. Jack, head of the department of naval architecture and marine engineering, and Prof. Lawrence B. Chapman.

It is intended for students who wish to enter the field of ship operation and management—the shore administration of shipping—and will include mmarine insurance, admiral-ty law and other branches of marine transportation in a broad educational

Heavy Hitting (United Press Staff Correspondent) CHICAGO, May 18.— "Rajah"
Rogers Hornsby, boss of St. Louis
Cardinals and just about the best
hitter in baseball, says the day of
the 400 clouter is over and further-

more, Rogers added, the hitter who tops both major leagues this year will have to hit around 350 and he'll be lucky to do that. Rogers gives as his reasons for his prediction the fact that the of-

ficial ball has been deadened andto a lesser degree—the rule which allows the national league pitchers to

"The ball has been deadened,"
Rogers said, "there is no question
about that. The lively ball disappeared late last summer and it hasn't
come back. You can tell the ball
isn't as lively by looking at the hitting so far this spring; there aren't the home-runs and there aren't those great big averages."

Commenting on the number of stops that infielders are making be-

hind second base this year, Hornsby blamed the dead ball for this. "You'll see shortstops getting balls behind second base this year and second basemen going behind first for balls that they couldn't even have touched with the old balls," he said. The use of resin should bring about an improvement in the pitching,

Rogers said. is going to hit not more than .350. The slowing up of the ball is the im-

REGIN HERE TODAY A baby girl has just been born to Fay Milburn. Her husband, John,

is a partner in the advertising agency of Graham and Milburn. His wife decides to call the baby Judith. Leaving the hospital after his all night vigil, John goes to their apartment where he encounters Mrs. Bixby, a gossining neighbor, whom he detests and whom he overwhelms, before she can ask a question, with a rapid-fire recital of information con-

cerning the baby. Alone in the apartment, he gazes a long time at Fay's pictures, promis-ing to be a better husband from then

The firm of Graham and Milburn is only two years old and is still small, though the future seems pretty bright. In addition to Nathaniel Graham, the executive and sales end of the partnership, and John, whose forte is writing advertising copy, there is Briggs, an artist, and Miss Knisely, who serves as stenographer and bookkeeper.

Briggs enters upon John's medita-tions, and John, spying an appalling flower in the artist's buttonhole, suddenly dashes out of the office, shouting that Briggs had reminded him of

desk.

"Aren't you going to have a cigar, Nat, and help me celebrate?"

"No, thanks."

"Well, here. Take a couple and give them to a customer."

"Oh. all right, then. Only I don't see why you want to waste your pool of the futer office.

"Me picked up the telephone and gave a number. "Like to speak to Mr. Eornes." he said presently.

"Hello—Pat? Baby girl, Pat. Yep. Yeah, everything's fine. Thanks; to stay in the apartment any longer than we have to, now that we have your good cigar. Just thought I'd Judith. Besides, dad always said.

Ice Pack Delays Fleet of Great Lakes Steamers

Nearly forty huge Great Lakes steamers, bound for the head of the lakes for ore and grain, were held for several days in a great ice jam at the foot of Lake Erie, just outside Buffalo harbor. Wedged in the ice, it was many hours before the boats could break through and get out to open water. This picture was taken from an airplane shortly before the boats got out.

newcomer said unsmilingly.

"Well, this is a real occasion Gaze upon a proud father, Nat."

"That's fine, John, fine," said Graham, shaking hands. "How's Mrs, Milburn?"

"Fine. Baby girl. Seven pounds and twelve ounces."

"Well, t certainly congratulate you, John. Pil be anxious to see the turned back toward his desk.

"Be picked up the telephone and the congratuate of the picked up the telephone and the picked up the picked up the telephone and the picked up the picked up the telephone and the picked up the telephone and the picked up the picked

that every young married couple ought to own their own home f they possibly could afford it."

"I agree with him," John answered. "I don't want to stay in the apartment any longer than I have to, either. Not with wind bags like to, either. Not with wind bags like Mrs. Eixby around. I'll start looking for a house right away if you want me to. How much can we afford to pay for one? You're keeper of the family budget."

"Oh, I wouldn't try to find one

until I get up and can go with you. You'd buy the first thing a real esstate man shoved at you. I know you, John. You're easy. It's a good thing for the firm that Nat Graham

thing for the firm that Nat Graham has a good business head on him. Goodness knows you haven't."

John grinned. "Well, I never was much on figures, Fay."

"I think \$10,000 is as high as we can go. We've got \$2500 saved up, but we oughtn't put more than \$1500 of it into a down nayment. We've of it into a down payment. We've got to have something for a rainy day. And then Judith, you know.

day. And then Judith, you know and the hospital and doctor bills."

"Oh, I wouldn't be so cautious Fay. I cleared \$5000 last year and I'll do better this year. We're just getting on our feet. Before you know it we're going to be making real money, and you can forget about your hudgets."

Far said quietly, "I don't believe in spending money before you get it. You think you should earn more than 5000 this year, but you can't

Wooden Indians Have Disappeared

By United Press.

DALLAS, May 19.—In the days of long ago there was a famed tribe of Reamen known to every child and grown person—the cigar store Indian. But now what has become of these one time popular figures adorn-

ing the front of the cigar store. The last wooden Indian seen in Dallas was owned by P. P. Martinez, who has been in the tobacco business

here for more than 50 years.
"I sold him," said Martinez, "and I've forgotten who bought him or how much I got for him." Alex Cruickshank said, that ten

years ago he tried to get a wooden Indian to adorn his cigar store entrance. "I searched all over the United States and I was unable to locate one," he said. "The last one I saw was in Cleveland, Ohio, twenty

five years ago."

The wooden Indian flourished in the United States from 1880 to 1895. according to Cruiskshank. They began to disappear after cities began to grow and laws were passed regarding the placing of obstructions on the sidewalks.

Dallas Is Needing 20,000,000 Shingles To Reroof Houses

By United Press.

DALLAS, May 19.—Twenty million shingles will be required to reroof Dallas homes damaged recently by hail, according to a conservative estimate of lumber dealers.

One lumber company reported the sale of its entire stock of 2,500,000 shingles and a demand for many more. To shingle the average fiveroom house requires about 15,000 shingles. Many home owners unable to reshingle their homes or not will ing to pay the price are using tin to reroof their homes. The recent storms in North and

East Texas have created a tremendo-us demand for roofing materials in that section. One Dallas dealer said that more shingles are being bought in towns and cities damaged by hail than are ordinarily sold over a period of many years.

Doughnuts by Machinery

have these ugly pimples, blotches and blackheads?
"If I could only find something that

"If I could only find something that would clear up my skin and give me back my soft, rosy complexion, I know I would be the happiest girl in the world! What can I do?"

Is that you talking? If it is, you don't have to worry a minute! Just build up the rich, red blood in your body. Then your skin will be as clear and soft as anybody's

and soft as anybody's

That's what S. S. has been doing for generations—helping Nature build rich, red blood! You can build red blood-cells so fast that the impurities that cause breaking out on the skin hardly get into the system before the pure blood appriphietes them. pure blood annihilates them—kills them right out—stops them from breaking out through the skin.

And then this rich, red, pure blood feeds and nourishes the tissues of the

skin and keeps it looking healthy.

That's all there is to
it. Healthy, vigorous.
red blood such as S. S. S.
helps Nature build,
makes you healthy all
over. It beautifies your skin — drives away pim-ples, blackheads, blotches, rash, boils

and eczema—gives you back your appetite—builds firm, plump flesh and fills you full of new life and energy.

All drug stores sell S. S. S. Get the arger bottle. It's more economical.

Club Women Busy Selling Tickets To The Chautauqua

The three women's clubs sponsoring the Chautauqua this year are the 1920 Club, presided over by Mrs. A. D. Duffer; the New Era Club with Mrs. L. C. G. Buchanan as president, and the Delphian Club, headed by Mrs. W. W. Housewright. These three organizations composed of some of the leading clubwomen of Ranger, are all actively engaged in working for the success of the chautaqua campaign for this year.

The remaining funds left, after all expense of the 1925 chautauqua were paid, was distributed by the 1920 and Delphian clubs. The last named club used part of the sum as a nucleus for the work on the local high school grounds, long an object of

school grounds, long an object of neglect, but now thanks to the work and time spent by the Delphian Club. and aided by Superintendent Holloway and others of the high school faculity, becoming a thing of beauty and it is hoping that this work will continue until Ranger will have the qual of any high school campus in

The remaining part of the chautauqua surplus was used by the 1920 Club as a nucleus of a student loan fund. This organization now is helping to a great degree both a young girl and boy graduate of Ranger high school through institutions of higher learning. Thus it can be seen that while ticket buyers, besides secing a series of high class programs selected by experts in the chautar que line, are helping with very worthy projects for the good of Ranger and

The New Era, Delphian and 1920 Clubs are giving freely of their time to dispose of the chautauqua tickets, and with excellent programs duri a the entire week, of great interest to both young and old, it is expected that most favorable response will be give aby the people of Ranger, as well as the surrounding communi-

'ANCIENT MARINER IS REAL CLASSIC ON SILVER SCREEN

At last "The Ancient Mariner" has been brought to the screen by Fox Films and will open a one-day run at the Liberty Theater.

This picture is based on Samuel Taylor Coleridge's masterpiece and will serve as a boon to the teachers of English in Colleges all over the

country.

The young person of today is unhappily too impatient to give to the classics the concentration which is their due. A poem of the length of "The Rime of the Ancient Mariner" if often considered too long for the young girl or young boy to read with the careful attention which our grandparents gave to the works of art. Visualized upon the screen, however, "The Ancient Mariner" will intrigue this same young person.
