SCHOOLS TO GET \$10 PER CAPITA FROM THE STATE

Ranger Apportionment Is \$20,260; School Expense Estimated at \$72,000.

AUSTIN, Aug. 10.—The state board of education today fixed the apportionment for the public schools of the state for 1922-23 at \$10 per capita, which is \$3 less than the preceding year. Miss Annie Webb Blanton submitted figures showing that the total available school fund for the coming scholastic year is estimated at \$12,746,459.

Miss Blanton stated that the estimate for 1922-23 will probably be reduced, when a large number of duplicates will be cut out, as only half of the school census rolls have been checked. The census rolls of Cameron, Garza and Sherman counties and the city of Houston have not been received. The Sherman county records were burned in a fire which destroyed the courthouse. The school census for 1922-23 totals 1,292,658, a decrease of 5,837.

Under the apportionment of \$10 per capita, with a scholastic population of 2,026 will get a total of \$20,260 from the state. It is estimated that \$72,000 will be required to run the schools next year. Superintendent McNew stated this morning. The remainder of the amount needed is expected to be raised under the new tax rate of \$1 recently voted.

WOULD MODIFY TARIFF POWER OF PRESIDENT

WASHINGTON, Aug. 10.—Broad powers over tariff duties originally proposed for the President would be cut by a substitute for the "flexible" tariff provisions of the pending bill, recommended to the senate today by the finance committee majority.

The principal modifications proposed would prevent transfer of dutiable articles to the free list or the placing of duties on articles on the bill's free list, and would prevent the raising of duties beyond and maximum fixed in the bill. Concurring in the action of the house the senate yesterday sent hides back to the tariff free list. The vote was 30 to 26. Rates of 2 cents on raw, green or pickled and 4 cents on dried hides had been recommended by the finance committee majority at the instance of the Republican agricultural tariff bloc. There was a split among both Republicans and Democrats on the issue with some majority leaders refusing to go along with the committee. The tariff bloc also failed to hold all its forces in line.

Boots and shoes were restored to the free list without a record vote. Senator Lenroot, Republican, Wisconsin, charged that the 5 per cent ad valorem duty on boots and shoes had been recommended as a "bait" to get senate votes for the duty on hides. This was shown, he asserted, by comparison of the large exports of boots and shoes with imports so small as to require no protection for the industry. Opposing the hide rates, Senator Lenroot declared he was convinced the beneficiary would be Chicago meat packers and the giving of this benefit to the packers would have the inevitable result of driving out of business the 700 independent tanners of the country.

WILMOT EXPECTED TO REJECT G.O.P. NOMINATION

FORT WORTH, Aug. 10.—The nomination of Dr. E. P. Wilmot of Austin for the United States senate at the Republican state convention here yesterday was purely complimentary, was the expressed belief of many Republicans following the convention's adjournment.

Considerable doubt that Dr. Wilmot would accept is indicated by a statement of the nominee himself that he was undecided.

GAS GOING DOWN

OKLAHOMA CITY, Aug. 10.—Gasoline was selling at all filling stations here today for 21 cents per gallon, following a 2-cent cut by all dealers, announced late yesterday.

BRIDGE FALLS WITH DICK ELLIOTT AS HE ACCEPTS FLIVVER'S DARE

Despite the fact that several sections of the bridge over Caney creek near Henderson collapsed when he drove his car upon it Sunday, Dick Elliott of the Texas company has returned to Ranger with both himself and car none the worse for the experience.

Approximately 50 feet of the bridge collapsed from the weight of the big Studebaker speedster to the creek bank 10 or 12 feet below, according to an account in the Henderson News. The portion of the bridge leading to the

approach formed a sloping duck board which allowed Elliott to back his machine up the incline and off the bridge without any serious damage.

Several of his friends who had walked ahead were almost across the bridge and rushed back on hearing the crash of the timbers expecting to find that Elliott had been seriously injured. In speaking of the accident this morning Mr. Elliott declared that he had watched flivvers flit over the bridge and that while it looked weak that he did not wish to be outdone by a Henry.

REBELS DRIVEN FROM CORK IN BIGGEST BATTLE OF CIVIL WAR

50,000 DEAD IN CHINA TYPHOON, LATEST REPORT

PEKING, Aug. 10.—Deaths in the typhoon of Aug. 2 at Swatow, a seaport 250 miles northeast of Hong Kong, now are estimated at 50,000, the American consul at Swatow has reported to the American legation. The consul added that 100,000 were homeless and relief was needed urgently. Previous to the estimate that 50,000 perished at Swatow, the highest total of casualties reported had been 28,000. The population of the town was tabulated as not more than 60,000. The tidal wave and typhoon swept the entire region surrounding the little port.

Packer's Son 'Ill' After Ninety-Hour Ride in Taxicab

CHICAGO, Aug. 10.—John R. Cudahy, son of the late John Cudahy, pioneer Chicago packer, today was at a hospital, where it was said he would be another week. He was taken there when he became ill while on route to a fashionable hotel. According to Tony Plavin, taxicab chauffeur, he had run up a bill of \$270 for 90 hours' riding. Plavin, who swore out a warrant for young Cudahy, also charged that he had loaned Cudahy \$111.

Several months ago Cudahy suddenly became ill on the eve of his marriage at Los Angeles to a young woman from St. Louis. It then was announced by her parents that the marriage had been postponed indefinitely.

SIX LIVES LOST AS CRUISER GOES ON ROCKS

HALIFAX, N. S., Aug. 10.—Six lives were lost when the Raleigh, flagship of the British Atlantic squadron, crashed on the rocks near Point Armor, according to a dispatch received here today. First reports had stated that although the Raleigh was totally wrecked, there was no loss of life.

The U. S. S. Olympia was under orders to leave Halifax port today to the rescue of the Raleigh. The British ships Calcutta and Capetown are standing by the flagship, giving aid. The Raleigh has been flooded to the water line, according to reports received here.

ARRANGEMENTS COMPLETED FOR BIG C. OF C. WATERMELON FEAST

A stage and seats are being constructed in Shamrock park for the big open air meeting and watermelon feast of the New Chamber of Commerce tomorrow night. The section of the tourist park where the meeting is to be held is being strung with electric lights and everything done to make the gathering comfortable. A piano has been secured for the musical numbers on the program.

Peter Mullinaux of the Fort Worth Star-Telegram, the principal speaker of the occasion, will reach here tomorrow evening on the Sunshine Special and will be met by a reception committee composed of Walter Murray, Ed Maher, A. G. Jury, Lytton R. Taylor and Gus Coleman.

'MA' BURDICK OF A. E. F. REPORTED SERIOUSLY ILL

WICHITA FALLS, Aug. 10.—"Ma" Burdick of A. E. F. Salvation Army fame, who has been stationed in Wichita Falls practically since her return from overseas, is critically ill here.

She is suffering from a nervous breakdown, according to reports.

OPERATORS YIELDING TO MINERS' DEMAND FOR BLANKET COAL SCALE

Lewis in Statement Predicts Differences Will Be Settled in Short Order.

CLEVELAND, Aug. 10.—The policy committee of the United Mine Workers of America voted today to proceed with the negotiation of a wage scale agreement with the operators of Ohio, Western Pennsylvania, Indiana and Illinois, who are here for a joint conference that was called with a view of breaking the soft coal strike. In his announcement communicating the decision, President Lewis of the miners said:

"I confidently predict that when a scale is made here that 75 per cent of all bituminous coal workers now on strike will sign the scale and return to work in a week."

Settlement of the strike in the anthracite region, which also was shut down when the miners walked out April 1, would naturally follow the resumption of work in the soft coal industry, Lewis said. This settlement, however, would be reached through negotiations between the miners and the anthracite operators and no date has been set for a resumption of their negotiations, which were broken off in June.

In brief, the program for settlement called for re-establishment of the wage contracts that expired last March 31, and also the creation of an advisory commission of inquiry to settle disputes over contracts. The re-established wage contracts would continue until next April 1, and meanwhile the commission would draft recommendations for future contracts. The "check off" system of operators collecting union dues would remain through the re-establishment of the old contracts and there would be no change of working conditions.

Others Coming. Mine union leaders and operators who had gathered here for the joint conference, said they had assurances that a number of prominent operators of Illinois and Indiana would have delegates here tomorrow.

COMMISSION IN SESSION AGAIN THIS AFTERNOON

The adjourned meeting of the city commission to have been held yesterday afternoon at 2 o'clock will be held this afternoon at 4 o'clock for the announced purpose of taking up the matter of disposing of \$70,000 in city warrants and possibly to dispose of matters pertaining to the police department.

The warrants, it is explained, were issued Tuesday by the commission as means of consolidating outstanding and past due obligations of the city in the form of notes and warrants. It is understood that a bid of 90 has already been offered for the warrants but has not as yet been accepted.

The meeting scheduled to have been held yesterday afternoon at 2 o'clock was postponed under instructions from Mayor John M. Gholson telephoned to the city offices at that time. Commissioner Cole was the only member of the commission present when the message was received.

WIFE, CAUGHT WITH STRANGER, SAYS HER BEATING WAS JUST

NEW YORK, Aug. 10.—Mrs. Sadie Patten, thirty-six, Jersey City, is in the City hospital there suffering from a broken nose and lacerations of the head as the result of a beating given her by her husband, James Patten, a member of the Jersey City fire department.

She refused to enter a complaint against her husband, declaring that he was justified in beating her when he met her returning home early in the morning in company with a strange man.

NEW SKYSCRAPER IS PLANNED BY WRIGLEY

CHICAGO, Aug. 10.—Thousands of visitors to Chicago, who have admired the beauty of the Wrigley building, will be interested in the knowledge that it is to have a twin. William Wrigley Jr., yesterday closed deals for a ground floor area of 21,000 square feet, directly north of the present building. His lease holds run 198 years and upon the tract he will build a 16-story structure above the ground and three stories below the surface. It will conform, architecturally, to the present building, but will not have a tower. The tower on the present building cost a million dollars and will have to serve for both buildings. It is estimated the new structure will cost about \$5,000,000.

HYMNS SUNG AS IRISH ASSASSINS GO TO SCAFFOLD

LONDON, Aug. 10.—While a crowd of 50 Irish men and women sang hymns and prayed for the souls of Reginald Dunn and Joseph O'Sullivan, the two men were hanged today for the assassination of Field Marshal Henry Wilson on July 22. The crowd gathered more than an hour beforehand.

Both men submitted quietly to being hanged. They were escorted simultaneously from their cells to the scaffolds, where as they met they smiled encouragingly at each other. Both met death unflinchingly.

The mourners outside included the brothers and sisters of Dunn and O'Sullivan. The layman who led the prayer announced that masses for the repose of the two men's souls were being said in various churches throughout London.

An eleven-hour effort to save the lives of the two failed when the attorney general refused to grant their appeal to the house of lords. Names of prominent persons were included in the petition for an appeal, which bore 30,000 signatures.

Almost Elected to Presidency, Cox Tells Britishers

NEW YORK, Aug. 10.—William Clifford of Duluth, Minn., on his return from a visit to London, said that James M. Cox, recent Democratic nominee for the Presidency, who has been making a short tour of big cities in the Continent, arrived in London while he was there.

"Almost the first thing that Mr. Cox did after getting his bearings," said Mr. Clifford, "was to stop a group of men, total strangers to himself, and bowing politely, said: 'I am an American gentleman who almost was elected President of the United States two years ago. Would you mind giving me your opinion on the League of Nations; how successful it is today, and how more successful it would have been had America entered it?'"

"Mr. Cox explained that he did not wish to know what premiers think of the league, nor had he sought the counsel of the foreign ministers, but has sought the views of the common people as he stopped them on the sidewalks and in the hotel lobbies where they congregate. He is causing rather a sensation in this way in London."

WIFE LIKES SNAKES, HUBBY GETS DIVORCE

AKRON, O., Aug. 10.—Declaring that "no man should be required to live with a snake charmer, if it is not agreeable to him," Common Pleas Judge H. C. Spicer issued a decree granting the request of Walter Al-bright of Akron, for a divorce from Rachel Albright, now of Saint Clairsville. The wedding took place in April, 1918.

"That's enough," said Judge Spicer, picking up his pen to sign the decree, when a witness testified that Mrs. Albright "had short skirts around her knees and long snakes around her neck" when she emerged from a snake pit at a recreation park here in 1918 while her husband was serving in the army.

TWO AMERICANS SLAIN BY MEXICAN BANDITS

WASHINGTON, Aug. 10.—Guy Marks of Columbus, Ohio, was killed and G. S. Martin of San Antonio, Texas, was wounded in an encounter with bandits of Matini, state of Durango, Mexico, last Friday night, the state department was notified today by Consul Chester Donaldson at Torreón, Mexico.

RAYS FROM MOON CAUSE RAINBOW LATE AT NIGHT

BALLINGER, Aug. 10.—A perfect rainbow formed in the northwest was visible here about 9:30 Tuesday night as the full moon reflected its bright rays through a drizzling rain. The rainbow formed a perfect arch of prismatic colors and was visible for about 30 minutes, giving time for those who discovered it to send out the report by phone and otherwise. Many people saw their first rainbow at night.

FILM GUNMAN LOSES BRIDE

LOS ANGELES, Aug. 10.—"Big Bill" Hart, two-gun he-man of the movies, has separated from Winifred Westover, who called him her "cream puff" when they were married last December. "I have absolutely nothing to say," was Bill's answer to almost every question about his estrangement and separation from his bride of a few months. Bill did not threaten to shoot, to cuss, or to do anything that might be expected of such a wild Westerner as he is in the movies. He made a few denials and then remained as silent as the great Arizona desert.

REGULATION OF OIL PRICES BY U. S. CONSIDERED

Only Way to Protect Public From Price Fixing, Senators Believe.

WASHINGTON, Aug. 10.—Recommendation that a government commission be established to regulate the fuel industries will result from the senatorial investigation of high gasoline prices.

Some members of the committee are known to believe that only in this way can the public be protected against exorbitant prices for gasoline. This was indicated today as reports to the special committee tended to show that a tacit agreement existed between so-called Standard operators in regard to arbitrary price setting.

BIG TIM MURPHY IS ACQUITTED ON MURDER CHARGE

CHICAGO, Aug. 10.—"Big Tim" Murphy, center of the worst labor war in Chicago's history, was freed today of the charge of murder. Judge Taylor, before whom Murphy and other leaders are on trial on charges of killing a policeman, announced that he would sustain the motion of defense attorneys to allow Murphy his freedom, taking the case from the hands of the jury.

The state had not presented sufficient evidence to warrant holding the labor czar, the judge ruled.

RELIGIOUS FERVOR RETURNS SPEECH TO MAN MUTE FOR LIFE

CLARKSBURG, W. Va., Aug. 10.—Clarence McAtte, mute since birth, suddenly gained the power of speech after praying at the altar at services being held by the Pentecostal denomination.

Those acquainted with the circumstances vouch for the authenticity of the report.

BOY BITES TONGUE AND NEARS DEATH, BLEEDS 2 DAYS

ATLANTIC CITY, N. J., Aug. 10.—The life of Sol Rosenstein, 9 years old, who bit his tongue while eating his dinner, can be saved only by a blood transfusion, physicians believe. The boy's tongue has been bleeding for two days and the blood falls to clot.

Physicians say the lad's affliction is unusual and he is in a critical condition. His mother, Mrs. Minnie Rosenstein, has volunteered for the operation.

PATRIOTISM!

BEAUMONT, Aug. 10.—A. C. McDow, charged with robbing the Woodville State bank, who broke jail after he had been captured, has returned to Woodville and surrendered.

"I'd rather be a convict in Texas than a free man in Mexico," he told the sheriff of Tyler county.

U. S. SEIZURE OF ROADS AND MINES IS ONE SOLUTION

President Calls Leaders to Determine on Congressional Action.

By JAMES T. COLBERT. (United Press Correspondent) WASHINGTON, Aug. 10.—President Harding will confer today with Republican congressional leaders to determine just what congress, after its members return next Tuesday, can do to aid in meeting the present strike situation. It appears at present that congress can aid in only two ways.

First—Conduct an investigation into the strike that will place the issues of the controversies squarely before the public and bring public opinion to bear to force a settlement.

Second—Provide legislation incident to the seizure of the railroads or mines, or both.

RANGERS SENT TO PALESTINE.

DENISON, Aug. 10.—Palestine will be placed under the open port law, it was reported here today. Proclamation will be announced and the order become effective when Capt. Jerry Bray of the rangers, who left here last night, arrives in Palestine, it was announced.

The proclamation will be the result of the seriously injuring of H. W. Leverett, deputy United States marshal in charge of the mails at that place, yesterday, is expected to be issued by Governor Neff today. Information here states that Leverett was injured during strike disturbances.

AUSTIN, Aug. 10.—Governor Neff this morning refused to confirm reports that Palestine will be placed under open port law late today.

The governor has been in conference with Milton Morris, local agent for the International & Great Northern, which passes through Palestine, and Judge Stedman, general attorney for Texas railroads, it is known, and it is believed open port action is contemplated.

DENISON BIG FOUR WILL PROTEST WORK UNDER GUARD

DENISON, Aug. 10.—A vigorous protest against working under guards will be sent to the Katy railroad by the Big Four brothershood, it is believed. A joint meeting of the members of the transportation organizations was held here Wednesday night. Nothing official was given out, the officers refusing to comment upon what had taken place or what action would follow. The meeting, which was attended by several hundred members of the organization, lasted two hours.

DALLAS LOCALS ASK FOR AUTHORITY TO TAKE ACTION

DALLAS, Aug. 10.—Authority "to take such action locally as we deem necessary to meet the danger and humiliation which we are being required to endure, in operating engines and equipment not kept in condition as required by law" was asked by the Big Four brothershood and switchmen's unions of Dallas of their national officers in a joint resolution last night, B. M. Cantrell, local brotherhood of railway trainmen official, announced today.

TRAINMEN HEAD DENIES HE ORDERED MEN NOT TO STRIKE

CLEVELAND, Ohio, Aug. 10.—W. G. Lee, president of the Brotherhood of Railroad Trainmen, today denied reports that he had telegraphed general chairmen of his organization not to strike because of alleged abuses and insults to trainmen by armed guards and defective equipment on railroads.

JURY TRIAL DENIED.

SPRINGFIELD, Ill., Aug. 10.—Attorneys for 17 strikers accused of violating an injunction granted the Chicago & Alton and C. B. & Q. railroads, applied to Federal Judge Fitzhenry this morning for a jury trial for their clients, but were informed that picketing does not constitute law breaking but merely viola-

THE PEOPLE'S WILL

On July 1, Ranger citizens by an overwhelming vote elected H. S. Cole as police and fire commissioner of Ranger. By that vote, they expressed dissatisfaction with police conditions that had existed in the past and gave an emphatic verdict that Mr. Cole was to have a free hand in effecting a reform.

That such was the popular will was recognized by everyone, city officials as well as private citizens, as is proven by a written statement of Mayor Gholson on the date of Mr. Cole's taking office, which said: "I wish to call attention to the fact that it has been my policy in the past and is the policy of this administration and my desire, that each commissioner have full charge of his department, unhampered by interference, and that each be fully responsible for the same."

At that same meeting Commissioners Terrell and Hodges told Mr. Cole, according to a Times account of the meeting which has never been disputed, that they were "ready to cooperate with him in every way."

At today's meeting of the city commission, the mayor and city commissioners will have an opportunity to back up their statements. Commissioner Cole, believing he had been given full control of his department, and acting as his judgment dictated, asked the resignation of Chief of Police Shell McDowell. McDowell replied that he "would let him know later." That act showed that Shell McDowell felt that Mr. Cole did not have the backing of his fellow commissioners. More than that, members of the police department are apparently disloyal to the police commissioner and contemptuous of his authority. That is an intolerable situation. It makes the police commissioner a figurehead, unless his associates do their plain duty and give him the authority to which he is entitled and to which they have pledged their word.

If they refuse to do that, then they are defying the will of the great majority, of whom they are supposed to be the servants, and NOT the masters. And with the taxpayers' money they are maintaining an armed force with which to browbeat the citizens of Ranger into acquiescence in the situation.

That is a serious accusation, but one so obvious that it cannot help but be the conclusion of any thinking man. If proof were needed, the police chief's assault on the Times editor would furnish it. There were no grounds for a personal encounter in this case. The Times editor has neither talked to or of the police department except casually. The Times had made no fight on the present police force. Once or twice some slight criticism was made of a minor CONDITION which it was felt the police department should remedy. That was all.

The conclusion is inescapable that the attack was made because of a belief that the Times supported the will of the people as expressed in the election of Mr. Cole.

City officials, what are you going

to do? Are you going to defy the expressed will of the city of Ranger? Are you going to let personalities and prejudices which should not have arisen dictate your course? Or are you going to do the square thing and stand for right and decency, as demanded by the people? That latter is the only real issue in Ranger. It was the only one raised by those conducting the liquor raids. All other so-called issues have been raised by the opposition, in an effort to becloud that one big issue. They are bugaboos raised in the minds of men for a definite purpose. Inevitably, to be swayed by them means to take a stand against those who are merely fighting for right and decency.

LIONS BORED AS CIRCUS RIDER FALLS INTO CAGE

PARIS, Aug. 10.—Louis Juge made each night "the Circuit of Death." Which is to say he rode a bicycle around the edge of a cage in which were pacing several mature and ferocious looking lions. Small boys voted it the best stunt of the circus.

Opening night of the Paris engagement made Juge nervous. Just as he reached full speed the bicycle slipped and precipitated him among the lions. His ribs broken, he was unable to move.

The crowd was horrified. Several women fainted. Tremblingly, circus employees went to Juge's rescue. Only the lions, leaving the wounded man considerably alone, seemed bored by the whole affair.

MAN WHO PUT HEAD OUT OF CAR WINDOW TO RECOVER

DALLAS, Aug. 10.—R. J. Leo, struck by a train here Monday when he put his head out of a window of a street car, will recover, it was reported at a local hospital today. Leo suffered a fractured skull and it was first thought that the injury would prove fatal.

CREW THAT SAVED ARMY DIRIGIBLE C-2

Crew of the "C-2"

Here are the members of the crew of the Army Blimp C-2, which was nearly wrecked in a thunderstorm while making a record-breaking round-trip night flight between Washington and New York. The men are, left to right: Captain W. E. Kepner, who commanded; Lieutenant E. S. Moon, the pilot, and Sergeant Albrecht, the engineer. The big dirigible left Langley Field at night, made a midnight flight over New York, and then started on its return trip, when the storm arose. The crew fought it out and returned to Langley Field in safety.

LAWYERS WANT U. S. TO USE HAGUE COURT OF LEAGUE OF NATIONS

SAN FRANCISCO, Aug. 10.—Aiming at betterment of both laws and lawyers, the American Bar association opened its annual session here today.

The greatest legal minds in the country, including Chief Justice of the Supreme Court William H. Taft, former Attorney General George W. Wickersham, former Secretary of the Treasury William J. McAdoo, former Ambassador to Great Britain John W. Davis and Vice President Calvin Coolidge, today took up the work of clarifying the nation's legal problems.

The committee on international law made the important recommendation "that the United States find a way to make use of the international court at The Hague, which the United States government can do without becoming a party to the League of Nations, as such." The committee offered no opinion on the league itself.

OLDEST MAYOR AGAIN ELECTED AT EIGHTY-FIVE

NATCHEZ, Miss., Aug. 10.—Mayor W. G. Benbrook, 85 years old, who has held the office for 34 years continuously, was renominated in the municipal primary election here by a majority of 68 votes over his opponent, L. A. Whittington, reform candidate, who ran on a "law enforcement" and tax reform platform, completion of the count today showed.

The contest was one of the hardest in years. Vigorous campaigns were made by reform candidates, who charged the administration with having permitted bootlegging and gambling to go unchecked in Natchez. Partisans of Mayor Benbrook declared that his administration had exemplified the golden rule, and appealed to voters to re-elect him for the last term he probably would live to serve. Up to this election Benbrook had no opposition for 20 years.

WICHITA FALLS, Aug. 10.—A second death from sunstroke among workers on the irrigation project is reported, a day laborer whose name was not learned. An electrical engineer was the first victim.

A small boy was overcome with the heat last week, but is reported well on the way to recovery. There have been no other serious consequences of the period of intense heat.

FOUR MEN ARRESTED BY RANGERS AT GAINESVILLE

By Associated Press. GAINESVILLE, Aug. 10.—Four arrests have been made by the Texas rangers operating under the provisions of the open port law invoked here by Governor Neff. The men arrested are four employees of the Santa Fe railroad.

CONDITION OF LOCOMOTIVES TO BE REPORTED ON BY I. C. C.

WASHINGTON, Aug. 10.—The interstate commerce commission is preparing a report on the condition of the country's locomotives and cars as a result of the railroad strike, in compliance with a request from the senate.

This report will play an important part in any emergency legislation enacted by congress to cope with the situation. Senate leaders expect the report to be completed within the next week or 10 days. Meantime, the growing seriousness of the situation may, in the opinion of administration leaders, compel a settlement of the strike before the report is ready or made public.

The report is expected to show, in so far as federal locomotive inspectors have been able to ascertain, that locomotives are being run in violation of the federal locomotive inspection law. Already data has been prepared by

Bert M. Jewell, leader of the striking shopmen disclosing what he calls wholesale violations, but the commission's investigation, it was said, will be entirely impartial and due consideration of more optimistic figures given by the Association of Railroad Executives and the American Railway association will be given.

NEFF ASKED TO PROTECT ROCK ISLAND WORKERS AT DALHART

By United Press. AUSTIN, Aug. 10.—High officials of the Rock Island railroad arrived here today to personally request Governor Neff to give protection for workmen of that road at Dalhart. It was stated by the officials that strik-

ers have been active at Dalhart in interfering and intimidating men put to work in place of the strikers.

Mrs. W. D. Conway is spending a few days in Cross Plains. Mrs. R. J. Taylor and Lee W. Reed are attending the West Texas I. O. O. F. and Rebekah association at Sweetwater, as representatives of the Ranger Rebekah lodge.

AMUNDSEN TO ABANDON TRIP OVER NORTH POLE

SEATTLE, Wash., Aug. 10.—Capt. Raold Amundsen and his crew of far-northern adventurers, have temporarily abandoned their plans for drifting over the north pole. Dispatches received here today from Point Barrow, northernmost part in Alaska, indicated that the explorer is preparing to return to Seattle and will probably visit New York.

Dissension has broken out on Amundsen's ship, the Maud, it developed, when Lieutenant Fullerton, Canadian aviator, understood to be in charge of the proposed airplane trip over the north pole, reached Nome late yesterday and aboard the schooner Sea Wolf from Kotzebue sound. Lieutenant Fullerton declares he was returning for service with the Canadian air board.

ATTORNEY GENERAL OF OKLAHOMA BOLTS PARTY

OKLAHOMA CITY, Aug. 10.—Former Attorney General S. Prince Freeling has bolted his party. "I can not vote for nor support Mayor Walton or his socialist platform," he told his friends today. "If the Shawnee platform is democracy, I have lived a lie."

BRECKENRIDGE WOMAN KILLED IN AUTO WRECK

SNYDER, Aug. 10.—A Cadillac touring car, driven by Lloyd Shaw of Breckenridge, Texas, chauffeur for Mrs. Lizzie Heatley of that place, was turned over and wrecked on the highway 11 miles west of Snyder. Mrs. Heatley was pinned beneath the car and so seriously injured that she died while being brought to Snyder.

Besides Mrs. Heatley and Shaw was Mrs. Heatley's 13-year-old daughter in the car. None of the others were injured except for some minor bruises.

KIDDIES GATHER UP TIN CANS FOR THEATRE PASSES

BROWNWOOD, Aug. 10.—Four thousand tin cans were deposited in two hours in front of a theatre here this morning by boys and girls assisting in the city-wide cleanup. Indications were that 10,000 cans would be gathered during the day at the rate of one theatre ticket for 20 cans. The city sanitary department will haul them away.

TRACK LAYING ON NEW ROAD TO START SOON

WICHITA FALLS, Aug. 10.—Track laying on the new railroad from Byers to Wichita Falls is expected to start in the next two weeks.

Gangs of men with scrapers and teams will shortly begin grading the road on the Oklahoma side of the Red river toward Waurika.

LOST BIT DELAYS WELL NEAR DALTON DISCOVERY

MINERAL WELLS, Aug. 10.—Completion of the McGarr & Son well, one and one-half miles south of the Dalton discovery well, has been delayed by the loss of the bit in the hole while drilling at slightly below 3,900 feet. The drill is believed to be within 40 feet of the Dalton pay sand. Drillers are fishing for the bit and expect to complete the well as soon as it is recovered.

FIRE MARSHAL WARNS AGAINST OUTDOOR FIRES

AUSTIN, Aug. 10.—A warning to Texas citizens against fires starting on lawns and pastures as a result of the continued dry weather in the state was issued today in a statement given by G. W. Tilley, state fire marshal.

"A carelessly deposited match or cigarette on a lawn that has not been cut, or along a roadside that borders on pasture land has been the cause of numerous fires in Texas in past years during the dry season, which extends from July to October, and there is little hope that such occurrences will not be repeated again this year. Probably a majority of the fires reported by city fire marshals during the dry season are grass fires, and many times such result in heavy losses. This is true particularly in residence sections of the cities and towns where dwelling houses can easily be set afire."

TWO MEN IDENTIFY WOMAN'S BODY AS WIFE'S

PHILADELPHIA, Pa., Aug. 10.—Identified by each of two men as his wife, the police believe that a woman who fell dead in Broad street station, June 30, was a bigamist.

The woman succumbed to heart disease in the waiting room of the station and was taken to a morgue, where the body remained, unidentified, for a month. Then Dr. J. C. Applegate identified her as Mrs. Annie L. Pennypacker, the wife of William Pennypacker, one of his patients. Pennypacker later went to the morgue and positively identified her as his wife.

Then Cornelius Caney went to the coroner's office in city hall, and in going over the "unknown" book identified a picture of the woman whose body lay in the morgue as his wife.

Then he went on to describe to Deputy Coroner Joseph Ward certain marks by which Pennypacker also had identified her. Pennypacker is said to have told the friend that his wife deserted him and his three children about seven years ago. This was about the time Caney says he married the woman in Boston.

HERRON CITY POOL EXTENDED SOUTH

HERRON CITY, Aug. 10.—The Herron City field was extended a mile and a half farther to the south and east Wednesday when the Tyrrell Oil Corporation No. 1 on the W. A. Ribble came in making 500 barrels from a depth of 2,400 feet. Seven new rigs are going up close to town and many new locations are being made every day.

PASTOR BREAKS ARM TRYING TO AID SON

GAINESVILLE, Aug. 10.—Rushing to the rescue of his small son, who was clinging to the edge of the roof of a chicken house, the Rev. W. B. Andrews, pastor of the Cumberland Presbyterian church here, stumbled over a pan of water, fell to the ground and broke both bones in his left arm.

Great Mechanic Faces Great Statesman With Great Speech and Gets Great Fall

DENVER, Aug. 10.—Johnny Devine, police character arrested at Eighteenth and Larimer streets while delivering an oration on Police Magistrate William A. Rice, attempted to expound upon the virtues of Magistrate Henry Bray when arraigned on a charge of drunkenness before the latter in police court next morning. His oration was without avail, for Magistrate Bray fined him \$20 and costs.

"'Twould be a shame and a vast economic loss for a great statesman to jail a great mechanic in these turbulent times. Besides, you know I can do you a lot of good at election time by making speeches in your behalf." "Twenty and costs," announced Magistrate Bray, bringing the oration to a close.

"Your honor," began Johnny with a sweeping gesture, "you're a great statesman. I'm a great mechanic.

The word "circus" means "circle" and was used by the Romans to indicate the place where chariot races, gladiatorial contests and feats of skill were held.

AT THE LIBERTY

MAN BLACKS FACE, THEN ROBS HOUSE

DALLAS, Aug. 10.—Local officers were today put to work for a camouflaged white man, who, darkening his face to hide his identity, robbed the home of Mrs. Simon Parker. The man was seen as he was escaping from the house and Mrs. Parker stated that she believed he was a white man, painted black.

Wyoming 'Trout' Nearly Bites Nose Off Fisherman

KEMMERER, Wyo., Aug. 10.—Tom Jaiocletti of Frontier is having a hard time explaining certain swellings and marks of teeth about his nose. The fact is Tom was a victim of peculiar circumstances. A fish bit him! He accompanied a fishing party to Hamsfork near here. A friend, who had landed a three-pound trout, came up with it in her hand to show to Jaiocletti. "Look at this beauty," the friend exclaimed, presenting the fish close to Jaiocletti's face. As he turned around to look at the fish the "trout" snapped its huge jaw over Tom's nose. His nose bled profusely. Now Tom says it must have been a dogfish, instead of a trout.

By Billy De Beck PRODUCER EXTENDS PIONEER FIELD WEST

CROSS PLAINS, Aug. 10.—Moore et al. Acker No. 1, two miles east of Cross Plains in Callahan county, and almost a mile west of the nearest large production in the Pioneer district, began flowing by heads last night. This well has been shut down on top of the pay for the last two weeks, while five-inch casing was being set and the large pipe pulled. This is by far the most important extension of the last several weeks and opens a large scope of new territory to the west of the Pioneer field that will require much immediate development that promises to extend clear into the town of Cross Plains.

LARGE INNING GIVES CLOVIS FOURTH IN ROW

CLOVIS, Aug. 9.—One big inning was enough for the Buzzers today and they made it four in a row from the Nixros. They bunched a base on balls and four hits in the fifth inning, including home runs by Erwin and Holloway, for five runs and sailed the game away. The Buzzers made two more in the seventh when Clary parked the ball with a runner on.

The Nixros made their two in the eighth when Ammons parked the ball with Craig ahead of him. The box score: Ranger— AB. R. H. P. O. A. E. INDIANAPOLIS, Aug. 10.—The casualties so far in the occupation of Indiana mines by troops have been the killing of two cows, fired at by guards who mistook them for civilians who refused to halt at the usual command. Civilians in the vicinity are turning in all their weapons in compliance with an order issued by Major-General Tyndall. One man turned over a collection of 11 pieces of "artillery." Notices have been posted that in case of trouble the old schoolhouse bell here will sound the alarm. Reports reaching here from mining districts in Vigo county tell of restlessness shown by striking miners there. Trouble is feared if troops are dispatched into that district.
