BLANTON WARNS U. S. INDUSTRIES AGAINST UNIONS

Wires Business Leaders That Harding Plans Federal Ownership of Railroads.

ARILENE, Aug. 11.—Congressman Thomas L. Blanton today sent telegrams to a number of industrial and business leaders over the country asserting that President Harding had summoned congress to take over the railroads, "which means national bankruptcy and trucking to the autocratic unions, far worse than when they forced the passage of the Adamson law," the message said.

"This is exactly what the brotherhoods planned. Remember how they held up the government during the war. There must be a final showdown. We must make the decision of the railroad labor board final. The Republican administration must be big enough and patriotic enough to forego the advantage of incidental fat jobs and leave the decision to the railroad labor board."

BERLIN'S POLICE DRESS IN ARMOR TO HUNT CROOKS

BERLIN, Aug. 11.—In their campaign on the enormously increasing criminal element Berlin police and detectives are having to resort to medieval methods for personal safety.

Police are literally going about "armored." Like knights of old, they will encase themselves in steel when they search for evildoers.

Successful experiments were made with a flexible bullet-proof vest-like cuirass at police headquarters. Officials have been so impressed with the results that it has been decided to furnish police and plainclothes men in dangerous sections of the city with this vest. The cuirass is made of fishlike scales.

BURGLAR SUSPECT CLAIMS HE WAS BEATEN

WAXAHACHIE, Aug. 11.—Ben Baker, age 30 or 35, who gave Nevada as his home, is in the county jail here suffering from injuries which he claims were administered in a beating by a band of white robed and masked men at Fort Worth Wednesday night. Baker was arrested at Howard, near here, late yesterday by the sheriff's department on alleged charges of burglary, aggravated assault and carrying arms.

He told the authorities that he was severely beaten at Fort Worth Wednesday night, after which he was brought in an automobile to Dallas, thence to Emis and on to Bardwell, where he was left by his assailants.

KIDNAPER OF GIRL, 15, GETS 7 YEARS IN JAIL

ATLANTA, Ga., Aug. 11.—Eddie Howard, charged with kidnaping Minnie Lee Casey, 15-year-old Chattahoochee girl, was convicted here this afternoon and sentenced to seven years in the penitentiary.

He is alleged to have lured the girl from home under promise of marriage and to have married her in Macon when, unknown to her, he had a wife.

BANDITS GET JEWELRY.

ST. LOUIS, Mo., Aug. 11.—Two unmasked bandits today held up and robbed the Aronberg Jewelry company here of approximately \$10,000 worth of diamonds and jewelry and escaped in an automobile.

CROWDS GATHER TO HEAR BAND REHEARSE FOR SUNDAY CONCERT

Crowds resembling those at a holy roller meeting are being attracted nightly to Pine and Marston streets, where the Merchants' association band is rehearsing for the concert to be given Sunday afternoon at the ball park.

Last night 37 members of the band were present for the rehearsal, held in the old Methodist church building, and fine progress was made on the varied program which will be presented. A saxophone number, with 14 instruments, will be among the most popular of the assortment, if the applause is an indication, although snappy marches and other numbers had an enthusiastic reception.

Harvester King Weds Opera Star

PARIS, France, Aug. 11.—Harold McCormick, multi-millionaire American, was married to Ganna Walska, Polish opera star, today. Dudley Field Malone and his wife were the witnesses to the ceremony, which took place in the city hall of the sixteenth arrondissement.

The Malones then motored out of Paris with the bride and bridegroom. The destination of the honeymoon party was unknown. A wedding luncheon was given at the Ritz before the party motored away.

Both McCormick and Ganna Walska have recently been divorced.

MO. PACIFIC AND SANTA FE MAKE BIG TRAIN CUTS

No Santa Fe Trains Out of Los Angeles; M. P. Cuts Off Fifty Trains.

LOS ANGELES, Cal., Aug. 11.—Until the situation created by the walkout of the brotherhood men on the Santa Fe system is cleared up, no through trains will leave Los Angeles on that line, I. L. Hibbard, general manager, announced here today.

ST. LOUIS, Aug. 11.—The Missouri Pacific railroad today announced discontinuance of 50 trains, effective Sunday. Acute situation in the road's coal supply was announced as the cause. The shippers' strike was not a factor in the decision to cut off the trains, according to officials of the road.

BOMBS DELAY WORK IN CALIFORNIA SHOPS

SAN BERNARDINO, Cal., Aug. 11.—Twenty-three bombs have exploded at intervals from 1:30 to 3 o'clock in the stockade of the Atchison, Topeka & Santa Fe within 200 feet of the company's roundhouse, according to the sheriff's office. The bombs were buried in the ground and in exploding did no damage but blew much dirt into the air. None of the guards on duty were hurt. More explosions were expected momentarily and no one was allowed in the stockade this morning.

It was thought at first that the bombs were thrown into the stockade but explosions occurring at intervals led investigators to believe that the bombs had been previously planted. The belief that the explosions were caused from high-powered caps and not bombs was expressed by United States Marshal Greenwood. He also was of the opinion that the explosions were not intended to do any material damage but to frighten men at work.

A high-voltage power line of the Southern California Light company was broken just as one of the explosions occurred. Breaking of the line caused the lighting systems of the city to become grounded and the city was in darkness for more than an hour.

AUCTION SALE CROWDED. CIRCUS GETS NOBODY

WATERTOWN, N. Y., Aug. 11.—Because LeFargeville folks were more interested in the ancient stock being auctioned off at the general store of A. B. Beardley, retiring after 66 years, a circus playing there was forced to fold its tents and depart for want of patronage.

The Beardley stock includes patent medicines of old-time alcoholic strength, hoop skirts, bustles, copper toe boots and wooden whistles used in the Blaine presidential campaign.

COAL SHORTAGE FACES U. S. EVEN IF STRIKE ENDS

Government Figures Show Fuel Cannot Be Moved Fast Enough for Demand.

(Copyright, 1922, United Press.) WASHINGTON, Aug. 11.—A perilous fuel shortage grips the nation, according to a survey by the United Press today.

When the government "coal census" now being taken is completed, it will show a condition calling for drastic rationing, whatever the outcome of the mine and rail strikes. The reports to the United Press reveal the supplies approximately 20 per cent of normal in coal consuming communities.

Should fuel shipments from mines to the distributing points be resumed immediately, it will be impossible to move coal fast enough to catch up with the demand.

LONG HITS WIN LAST ROAD GAME WITH SWATTERS

SWEETWATER, Aug. 11.—Craig's homer with two on in the ninth gave the Nitros the clinching runs of a 5 to 3 victory over Sweetwater in a battle between Lybrand and Hayes. The drive, one of the longest ever hit here, sailed over the left center fence. At the time of the knock, Ranger was leading, 2 to 1, but Lybrand had a touch of wildness in the last half of the ninth and the Swatters scored twice, dying with the tying run on the bases.

Ranger's first two scores were made on triples by Conley.

HUMBLE CO. COMPLETES LINE TO IBEX POOL

BRECKENRIDGE, Aug. 11.—The Humble Pipe Line company has completed its 10 miles of four-inch pipe from the Ixex pool and now is pumping oil into the Chaney station, two miles north of town and from thence over their main line to the gulf coast.

At present the Humble company is taking oil from its Poindexter well No. 1 in the Ixex pool which is holding up to 650 barrels daily.

GLASSWORKER IS KIDNAPED BY FIVE MEN AND FLOGGED

OKMULGEE, Okla., Aug. 11.—Five unmasked men kidnaped Joe Byington, a glass worker, from the plant of the Interstate Glass company here Thursday morning, took him in an automobile several miles into the country, gave him a severe whipping and then released him, according to the police.

None of the abductors was recognized. Byington, who returned to his home soon afterward, said he could give no reason for the attack.

GERMANY WILL GET SHORT MORATORIUM

PARIS, Aug. 11.—Germany, according to a dispatch from London this afternoon, will be granted a moratorium to the end of this year.

FOUR-STORY DROP BURIES HUGE BASE DEEP IN EARTH

NEW YORK, Aug. 11.—A 3,500-pound base for a lithographic machine fell from the fourth story of No. 407 Broome street and buried itself 15 feet in the ground, breaking several water pipes.

Two special service men from police headquarters were called to the scene to keep the crowds back.

BEAUMONT LEGION POST TO HAVE UNIQUE CLUB HOUSE

BEAUMONT, Aug. 11.—Beaumont American Legion members are planning a novelty in the way of a club house. The local post of the veterans' organization has plans under way for purchasing a Ferris type ship, anchoring it in a place out of the path of navigation, and maintaining the ship as a permanent home.

POWER LINES EXTENDED TO TOWNS ALONG ORIENT

ABILENE, Aug. 11.—Announcement has been made that the American Public Service company will build high-tension lines into McCauley, Sylvester, and other West Texas towns along the line of the Orient railway.

Roads and Men Confer on Harding Peace Plan

Decisions Not Reached But Indications Point to Rejection By Both.

(By Associated Press.) WASHINGTON, Aug. 11.—Heads of 17 railroad labor organizations, including those on strike and the larger operating brotherhoods, considered the President's latest strike proposal for more than two hours today without reaching any decision as to what response should be made by the men on strike. Warren F. Stone, chief of the Brotherhood of Engineers, who presided at the session, which adjourned shortly after noon, said another meeting would be held later in the day, but that probably no answer would be drawn up before tomorrow.

It was clear, however, that the heads of the shopcraft organizations were unchanged in their determination to require that all of their men be replaced in their seniority status.

NEW YORK, Aug. 11.—Railroad heads from all over the country reconvened this afternoon to consider a reply to President Harding's latest plan for ending the rail strike on a basis of returning strikers to work and leaving the railroad labor board to decide whether they were to regain their seniority privileges.

The executives were scheduled to receive from a committee appointed this morning a draft of the answer which would be sent to the White House.

PALESTINE PLACED UNDER OPEN PORT LAW BY GOVERNOR

AUSTIN, Aug. 11.—The town of Palestine was placed under the provisions of the open port law under a proclamation issued by Governor Neff this morning. The proclamation became effective at 9 o'clock. Ranger Captain Jerry Ray has been ordered to Palestine to take charge. The governor's proclamation announced the same reasons for the action as those given in the other proclamations.

COLORADO MAN SAYS HE WAS KIDNAPED IN TEXAS, SEEKS FOLKS

DALLAS, Aug. 11.—Theodore Lucas, of Denver, Col., in a letter to Dallas police has called for aid in his search for his father, Abram Solonay, or other members of his family. Lucas, who declared his real name is Theodore Solonay, says that he was kidnaped when 7 years old from his home in Greenville, Texas, 25 years ago, brought to Dallas, later taken to Oklahoma and kept on a farm until he was 19 when he left to enter the army.

BELGIAN IS WINNER IN BALLOON RACES

BRUSSELS, Aug. 11.—M. G. G. Muyter, pilot of the Belgian balloon in the James Gordon Bennett Cup race has been declared winner, a press dispatch from Geneva, the starting point stated today. He is credited with having covered a distance of 1,300 kilometers.

First reports indicated that Captain Honeywell, with 1,000 kilometers, was the probable winner.

LABOR BOARD TO HEAR DISPUTE WITH TELEGRAPHERS

CINCINNATI, O., Aug. 11.—The railroad labor board will hear the case of 100 union telegraphers on the Big Four railroad, who are now taking a strike vote on the interpretation of working rules, on Aug. 21, according to a message received today from the railroad labor board. The telegram from the labor board further states that pending the hearing and decision in the controversy, the board directs that there shall be no change in the amplification of disputed rules prior to the decision.

BOY, 3, CRUSHED TO DEATH AS CYCLE FALLS ON HIM

DOVER, N. J., Aug. 11.—George A. Peterson, 3, was killed here when his father's motorcycle fell upon him, crushing his chest.

The father, John Peterson, had been cleaning the motorcycle before he started for work in the morning. Children later were playing about it, when one of them knocked it over and it fell upon the child.

AUSTIN, Aug. 11.—Dr. E. P. Wilnot, nominated as Republican candidate for the United States senate, said today it would be several days before he decides whether or not he accepts the nomination.

SPECTATOR CRITICISES WITH KNIFE AS AVIATOR GETS TOO RECKLESS

(By United Press.) KAUFMAN, Tex., Aug. 11.—Clint Foster, Dallas aviator, was a little too reckless with his airplane in doing stunts over a picnic ground here late yesterday, Wesley Ballard thought.

Foster is in a hospital today suffering from a painful but not serious knife wound, alleged to have been inflicted by Ballard after the flight.

According to eye witnesses, Foster with a passenger in his ship, circled the James E. Ferguson speaking crowd several

times, barely skimming trees, telephone poles and the crowd. The plane finally struck a light pole and was wrecked. Ballard, one of the first to reach the machine, inquired if Foster was hurt. "No," replied the pilot, who was unbuckling his harness. Ballard then unloosed his opinion to Foster's alleged recklessness and the encounter started.

Physicians stated Foster received a cut between the ribs with a knife but that he would probably recover. Ballard was taken in charge by officers.

FLOYD COUNTY BOY GIVEN LIFE TERM FOR SLAYING SWEETHEART

Swap Shirts On Street But Modesty Sends One to Cover

FORT WORTH, Aug. 11.—Houston Upton, 17, has been given a life sentence by a jury at Clarendon for killing his schoolroom sweetheart, Gladys Solomon, as she lay sleeping in a bed at the Solomon ranch in Floyd county.

The killing occurred on Feb. 27. The case was transferred to Clarendon county on a change of venue.

Another case charging murder in connection with the death of Nell Umberson, 14, is pending but will probably not be brought to trial. The two girls were shot while sleeping in the same bed. A third was not injured.

At the time of the tragedy, three girls were sleeping in the same bed. Young Upton who is the son of a wealthy ranchman of Floyd county, had accompanied them home from church. After they were asleep someone crept into the room and shot and killed two of the girls. The third escaped as the intruder slipped through the window. A short time afterwards Upton was found in a schoolhouse badly wounded and for a time it was thought he would die also. He has not been arraigned on the second murder.

The plea of the youth was insanity. The jury was out 14 hours.

COMMISSION AGAIN SCHEDULED TO MEET

The adjourned meeting of the city commission postponed since last Tuesday will be held this afternoon at 4 o'clock, according to an agreement reached yesterday afternoon shortly after the meeting was to have been held.

It is understood that disposal of the \$70,000 warrant issue voted by the commission Tuesday afternoon to retire old obligations of the city will be up for disposal, together with police matters.

NEW MEXICO REQUISITION IS HONORED BY GOV. NEFF

AUSTIN, Aug. 11.—Governor Neff today honored the requisition of the governor of New Mexico for the return to that state of J. R. Smith, wanted at Santa Fe to answer a charge of grand larceny. Smith is in custody at Uvalde, Texas.

LABOR BOARD TO HEAR DISPUTE WITH TELEGRAPHERS

CINCINNATI, O., Aug. 11.—The railroad labor board will hear the case of 100 union telegraphers on the Big Four railroad, who are now taking a strike vote on the interpretation of working rules, on Aug. 21, according to a message received today from the railroad labor board. The telegram from the labor board further states that pending the hearing and decision in the controversy, the board directs that there shall be no change in the amplification of disputed rules prior to the decision.

FIRE AT CAMP GRANT. ROCKFORD, ILL., AUG. 11.—Fire today destroyed six buildings in the old Base Hospital section at Camp Grant. Damage was estimated at \$25,000. Police were investigating reports that the blaze was of incendiary origin.

LINER MENACED BY EXPLOSION IN COAL HOLD

Two of Crew Killed, Five Hurt, One Missing; Able to Make Port.

(By United Press.) NEW YORK, Aug. 11.—Two were killed, five seriously injured and one is missing as a result of an explosion in the coal hold of the White Star liner Adriatic, according to a wireless received from Captain David today. The message stated that no structural damage had been done to the Adriatic and that it was proceeding under its own power.

The message from Captain David to officers of the White Star lines stated that the speed of the vessel following the explosion had been reduced to 12 knots. A later message stated the ship was proceeding under full steam, which would indicate that the speed reduction was merely a precautionary measure. The White Star line was not informed of the cause of the blast, which occurred in No. 3 hold, but it is thought to have been from spontaneous combustion.

The explosion killed one of the firemen and a coal trimmer. One fireman, a leading fireman and three firemen was missing, and an extraordinary fireman were numbered among the injured.

NO ASSISTANCE NEEDED.

WASHINGTON, Aug. 11.—The Adriatic, damaged by an explosion yesterday in one of her holds, will be able to make port without assistance, advises today from the big passenger liner to the naval radio service stated.

The naval radio station at Bar Harbor, Maine, was in communication with the ship all night and preparations had been made to rush naval vessels to her assistance. Early this morning a message was received definitely stating that the Adriatic would be able to make New York without help. The nature of the explosion was not received in the messages relayed here at an early hour today.

KLAN KLEAGLE COLLAPSES AT RAIDERS' TRIAL

LOS ANGELES, Aug. 11.—Report on the condition of Mason A. Baker, former Kleagle, was to decide the status today of the trial of 38 other alleged klansmen here accused of participating in the "bootleg riot" at Inglewood, Cal., in which one man was killed.

Baker's dramatic collapse in the courtroom yesterday during a part of the state's most sensational testimony against the Klan foreshadowed postponement or complete mistrial if he is unable to appear in court today, it was believed.

Legal authorities were uncertain as to how the situation would be met and Judge Houser's action today was expected to meet with conflict which would either establish it as a precedent or bring a ruling of some high court on the point.

Baker, who was taken to the hospital in convulsions, was examined by physicians, who declared his condition to be baffling. Apparently his heart action was good but the man gave every appearance of being desperately ill.

POLES CANNOT GO TO U. S. WITHOUT THEIR WIVES

WARSAW, Aug. 11.—Married men desiring to proceed to the United States without their wives will not receive the visa of American consular officers in Poland, it is officially announced.

This rule will be enforced even though the wife agrees to a temporary separation from her husband. A number of applications for visas have been refused.

WAGONLOAD OF MELONS AWAIT SLAUGHTER AT C. C. MEET TONIGHT

A wagonload of watermelons is now on ice awaiting slaughter at the open air meeting and watermelon feast of the New Chamber of Commerce tonight at 8 o'clock at Shamrock park. The entire load has been hand-picked and culled by a committee, aided by the best technical advice, and is in readiness to be devoured following an interesting program of musical numbers and speeches.

All members of the New Chamber

of Commerce are urged to have their wives or other women guests present and an invitation has been extended to all the business men of the city, regardless of whether they are members of the Chamber of Commerce or not.

Peter Mullinaux of the Fort Worth Star-Telegram, the principal speaker, will reach here tonight on the Sunshine Special and will be met by a reception committee.

BACK THE BAND.

On Sunday evening, all Ranger will literally have a chance to "get on the band wagon."

For on that date the Ranger band will give its most ambitious concert to date—and for which an admission fee is charged. Proceeds of this concert will be devoted to buying uniforms for the organization and some special instruments.

This is to be a program which on its own merit is entitled to support of Ranger people. More than that, it is an opportunity for Ranger people to show the band that its efforts are appreciated.

In this connection, it might be well to inform residents of the Ranger territory about the bandsmen and what they are doing, mainly for the love of music and with a desire to benefit the community.

To begin with, they render two concerts a week, which takes substantially four hours of their time. They rehearse two nights a week, which also takes time, and in addition, many of the members have private lessons.

In addition, the individual members have bought instruments, of a total valuation of about \$5,000.

Their pay for this time and this expenditure—is obtained in satisfying their love of music, in contributing their bit to the attractiveness of Ranger, and in musical instruction provided by the Retail Merchants' association.

That their music is enjoyed is shown by the crowds at each concert. That it is fulfilling one of its objects in drawing people to Ranger is shown by the fact that many motorists regularly come fifteen to twenty miles to these concerts.

Now the proposition is, shall it be dressed so that it can take pride in its appearance? And the answer to that depends upon the citizens. For six months, they have enjoyed concerts twice a week without expense. Now they are asked to pay 50 cents for one concert.

Get that ticket now. Let the bandsmen know, long before the concert, that it has "gone over the top" and that Ranger is proud of them.

Pleasant Grove Not So Pleasant In Church Circles

EASTLAND, Aug. 11.—All is not harmony in the Harmony Baptist church and things around Pleasant Grove are not quite as pleasant as they might be, at least the public might so conclude after reading a petition in a case now being heard before the judge.

It seems that the root of the trouble in this case is oil money, which the Harmony Baptist church received in the way of royalties from property owned by the church before the oil boom. With the oil development came also many new citizens into the Pleasant Grove district, and many of these affiliated themselves with the church and finally it seems that these new members constituted a majority of the membership.

There was a disagreement among the members as to how funds, which are said to run into thousands of dollars, should be spent, and this resulted in J. E. Nix, the former treasurer of the church, refusing to turn over the money to the newly elected treasurer, a number of the older members of the church taking his side in the controversy.

After hearing the argument the judge refused the mandatory injunction and the case will go over and be tried at the regular term of court on its merits.

TEDDY'S VERSATILE COP NOW SEEKS RETIREMENT

NEW YORK, Aug. 11.—Lieutenant George H. Quackenbush, New York's "cow-punching cop," has applied for retirement after 26-years of service.

Quackenbush joined the force in answer to an S. O. S. for "brainy young men" sent out by Theodore Roosevelt when he was running the department. He arrived in sombrero, flannel shirt, corduroys and cowhide boots, and he preserved his plainsman costume during the long years he bossed the information bureau at headquarters.

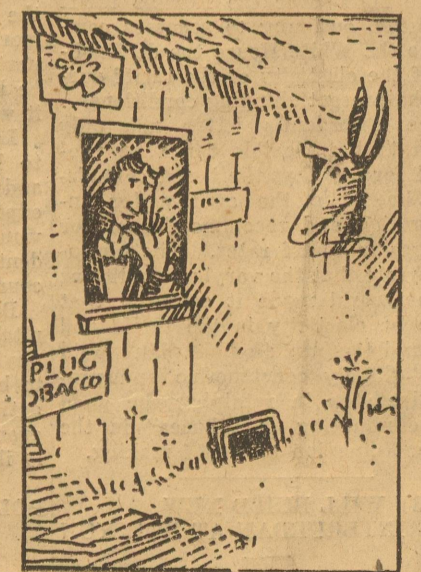

With his beard and flowing mustache he indeed looked the cowboy astride a chair. Quackenbush, who was born in Chicago in 1867, with propriety can add academic hieroglyphics to his name. Besides riding the range he has filled the positions of interpreter of 12 foreign languages, director of Indian dialects on government reservations, translator of the wigwag system of communication employed by deaf mutes, physician, expert on mathematics, instructor at College of the City of New York and telegrapher.

MAN DIES FROM NAIL WOUND.

TEMPLE, Aug. 11.—A nail wound in the foot sustained two weeks ago in Houston by C. O. Bond, 36, of this city, developed tetanus after the victim had apparently recovered and resulted in the man's death.

Bond was employed in Houston and returned home when he received the injury.

DOG HILL PARAGRAPHS By GEORGE BINGHAM

Raz Barlow says next time he has an enlarged photo made he is going to save the expense of a picture frame by having it taken with his head stuck through the window.

Slim Pickens weighed while at Bounding Billows today. In order to weigh as much as possible he bore down right hard with both feet and also took an oversize chew of tobacco.

Raz Barlow says if he could of got two inches closer he could of heard what two women were talking about, yesterday.

FELLOW CAMPERS CHARGED WITH YOUTH'S DEATH NEAR JOLLY

HENRIETTA, Aug. 11.—Formal complaints charging murder have been filed here against Mr. and Mrs. Tom Niles and G. A. Fuller in connection with the killing of Tom Phelan near Jolly several weeks ago.

Fuller's wife, who was said to have been with Phelan, was badly beaten at the time and is still in a hospital. The woman said they were attacked by a highwayman who assaulted her and killed Phelan.

Niles, his wife and Fuller have been in jail since shortly after the affair. Neither of them has made bond. The grand jury will consider the cases at its September term.

FIRST JAPANESE AUTO CALLED THE JITSUYO

WASHINGTON, Aug. 11.—The department of commerce announces that it has received word from Tokio that Japan has just produced its first automobile, a three-wheeler called the jitsuyo for short, designed by an American engineer. The Japan Advertiser is quoted as saying:

"The jitsuyo, the first practical car of Japanese manufacture, is now being produced at the rate of 50 per month by the Jitsuyo Jidosha company of Osaka."

LAWYERS WOULD STOP MAKING OF PISTOLS

SAN FRANCISCO, Aug. 11.—Declaring that the pistol "serves no useful purpose in the community today," the committee on law enforcement included in its recommendations submitted to the American Bar association Friday one for the prohibition of the manufacture and sale of pistols, and of cartridges or ammunition designed to be used in them, "save as such manufacture shall be necessary for governmental and official use under proper legal regulation and control."

"We find that more than 90 per cent of the crimes in this country are committed by the use of pistols," continued the report of the committee, of which Judge William B. Swaney of Chattanooga, Tenn., was chairman. "We find that the laws prohibiting the carrying of firearms or deadly weapons are ineffective—in fact, that they work to the benefit of the criminal rather than the law-abiding citizen."

LEAGUE ORPHANS WILL RETURN TO STAMFORD

STAMFORD, Aug. 11.—The "Orphans" of the West Texas league will be given a home—the same old home. This was announced today. It is understood that Harley Saddler of the Brunks Comedians company, whose home is at Stamford, has secured the team and will run it the remainder of the season.

derstood that Harley Saddler of the Brunks Comedians company, whose home is at Stamford, has secured the team and will run it the remainder of the season. The team was turned back to the president of the league about 10 days ago by Col. R. L. Penick when, it is understood, he learned that certain players on the team which he desired to sell to Shreveport of the Texas league for use after the season closed were players owned by the Fort Worth league team and had previously been traded for Belcher, the home run knocker, who was on the Stamford team until he broke his leg several weeks ago.

DIBRELL SAYS HE WILL MAKE RACE NEXT TIME

Joseph B. Dibrell, Jr., of Coleman, who ran in the Seventeenth District Congressional race, will make the race again two years from now, he announces in a statement expressing his appreciation for the support given him.

"I am neither discouraged nor dismayed by the returns but on the contrary it is deeply gratifying to me to know that I won the confidence of more than 5,000 of my fellow citizens by appeals to their sound judgment on the political issues of the day, and without playing to the passions of prejudice of men and without indulging in any personal abuse," Dibrell's statement says.

NITROS STAGE 5-GAME STAND AT HOME PARK

The Nitros are home again today for five days, after an 11-day road trip in which they won four out of 11 games and have another under protest.

They open today with Stamford, in a two-game series, after which Abilene comes for three days, beginning Sunday.

WEST TEXAS GAMES

GASSERS BEAT CLOVIS. CLOVIS, Aug. 11.—The Gassers stopped the Buzzers yesterday in the first of the series, 6 to 4.

HUBBERS BLOW UP. LUBBOCK, Aug. 11.—Lubbock went to pieces in the fourth and fifth rounds yesterday and were given a thorough drubbing by the reclaimed Stamford Orphans, 9 to 6.

TRIPLES TRIM EAGLES. ABILENE, Aug. 11.—Luke Robinson welded a murderous mace Thursday and San Angelo took the opener of the series, 6 to 3.

SNAPPERS AGAIN TAKE LEAD FOR T.-O. TITLE PARIS, Aug. 11.—Big Wiley Moore, former Fort Worth pitcher, allowed Greenville but two hits and Paris won the third game of the series for the Texas-Oklahoma league championship, 8 to 0.

FOOTBALL PREPARING FOR KICKOFF

By HENRY L. FARRELL (United Press Sports Editor)

NEW YORK, Aug. 11.—Right in the midst of all the tennis and polo activities, the hot baseball race, track and field sports and big golf, football pops out of the closet.

Princeton made the first gridiron crack of the season when Bill Roper, coach of the Tigris, called for the candidates to report on Sept. 11.

Yale finds herself in the same position that Princeton was last year. The Elis lost a wonderful player in Mac Aldrich, but the team this fall will start with a bunch of veteran players and the prospects are bright for a championship eleven.

Harvard is also looking for a big season. Several empty places on the line will have to be filled, but the backfield will be a veteran combination of great ability.

Harvard looks to be heading for a better all-around season than Yale or

Princeton. The Crimso lost only 23 major sport letters by graduation, while Yale dropped 40 and Princeton lost 81.

Because of the great success of the University of California eleven in the past two years and for the reason that another big East-West championship can be expected in December, the East will be watching California football with great interest.

California's chances for 1922 depend entirely upon what kind of a new line Andy Smith can develop to succeed Latham, McMillan, Crammer and Barnes, who have all left school, according to information coming from the coast.

The backfield is expected to consist of Witter, Morrison, Nisbit and Nichols. Nichols is said to be almost as good a passer as Brick Muller, last year's sensation, who has graduated.

Dope filters east that California may not play one of the eastern teams this year, as they may have a difficult problem in winning the championship of the Pacific Coast from Stanford.

Stanford under "radio" coaching from "Pop" Warner and with his assistant, Tiny Thornhill, in active charge, is said to have most promising prospects.

"Uncle Charley" Moran announces that Centre is coming back to beat Harvard again this fall. Bo McMillan is gone, but Moran says he has a

INFANTRY UNITS END ANNUAL ENCAMPMENT

By Associated Press.

AUSTIN, Aug. 11.—Tanned by the experience of two weeks of intensive military training, 3,100 Texas national guardsmen today broke camp and tonight will be on their way "back home." Taps blew for the last time for the infantry encampment last night and tonight only a few officers and clean-up men will be left at Camp Mabry.

Camp Mabry, however, will not be idle long, for next Tuesday the cavalry units of the Texas guards will begin arriving for their annual encampment.

MRS. HADEN HAS MORNING PARTY.

Mrs. J. B. Haden entertained with a morning bridge party Thursday morning at her home on Spring road. Flowers from the hostess' garden, intermingled with ferns and palms, formed the house decorations, and were as pleasing and sweet as the welcome accorded each incoming guest was sincere and cordial. Flowers, welcomes and morning air are all conducive to a good time, so it is no wonder that every one present was enthusiastic over the morning's pleasure. In totaling the score, the high score favor, a fancy bowl, went to Mrs. Frank Brahaney; the second high score favor, a canisole, to Mrs. Roy Jameson, and the cut favor, a pair of ivory handled scissors, to Mrs. Nash of San Antonio.

A plate luncheon of chicken pie, cream salad, hot biscuits, pickled peaches, followed by ice cold watermelon and ice tea, was served to the following guests: Meses. C. C. Craig, A. J. Orth, L. A. Vandervoort, Walter Murray, Karl Jones, D. L. Jameson, T. L. Lauderdale, J. T. Gullahorn, M. H. Hagaman, A. S. Bergere, John Thurman, Frank Brahaney, E. L. McMillen, Frank Rarey, Roy Jameson, Garret Bohning, L. L. Rector, Walter Burden, E. E. Crawford, C. O. Terrell, Earl Taylor, J. C. Pullen, John Moyer, T. J. Holmsley, Carl Jensen, George Taggart, William Lamb and John Gaynor of Houston, Nash of San Antonio; Misses Ruth Hagaman, Marie Oldenettel, Fleta and Marie Dupuy of Houston, Nannie and Clara Haden.

G. M. C. CLUB.

The following writeup of a meeting of the newest club in Ranger has been received and is so refreshingly girlish that an attempt to rewrite or revise it would mean the losing of its spirit:

"Wednesday morning last The Wild Prairie Flowers of Ranger sprang up in Thurber at 6 a. m. They basked in the sunlight, with the sparkling waters beneath them and blub-blub six girls went down in the seething foam, but thrills, Charles Terrell, their mascot, rescued all six with one hand. Breakfast cooked by the K. P.s, Misses Helen Stafford and Marion Stubblebine, followed the thrilling rescue. After breakfast the club was formed, and its mysterious initials are 'G. M. C.' Douschka Bobo and Ella Dreinhofner were appointed K. P.s for the next meeting, which will be Wednesday.

"The Prairie Flowers in the party were: Clara and Nannie Haden, Dora Mayne Cole, Jac Lowther, Ella and Sis Dreinhofner, Douschka Bobo, Helen Stafford, Elizabeth Bowman, Marion Hunt of Eastland, Fleta Dupuy of Houston, Blanche Garber, Marion Stubblebine, Annie Alderson, Mrs. R. R. Stafford chaperoned the girls."

MOVEMENT FOR D. A. R. ORGANIZATION IN FULL SWAY.

Yesterday at 4 o'clock a number of ladies met at the Ghoslon hotel, in the Green room, for the purpose of perfecting plans for a permanent Daughters of the Revolution organization. The results of this meeting were most gratifying to all interested. Ranger may be an oil town but

LATEST PORTRAIT OF MONACO'S RULER

Here is the latest portrait photograph of Prince Louis, of the principality of Monaco, which includes Monte Carlo, the great gaming resort, who recently succeeded his father, Prince Albert. Prince Louis was a general in the French army in the World War.

It lays claims to a great many 100 per cent Americans who can and have already traced their lines back and beyond the Revolutionary period. It is the desire of the embryo organization to have at least 25 charter members. Twelve of this number already have their lines, and it is thought that at the next meeting there will be at least that many more. Mrs. J. B. Haden is preparing to give historical help, having a book containing genealogical information, which will prove of much assistance to those hunting their lines.

There is, of course, a lot of red tape in putting an organization like this over and to that end those who are helping in the organization, hope later on to have a state officer visit here, and at a reception given in her honor, to have her explain the work and to assist in its final launching. Dates of later meetings will be announced.

FURELY PERSONAL.

Mrs. L. Bristow of San Antonio is visiting her daughter, Mrs. R. H. Hodges.

Dr. and Mrs. Ross Hodges of Mexia came in Thursday night to visit a while with friends and relatives here.

Mrs. O. L. Phillips and mother, Mrs. Skillern, have returned from a month's visit to Corpus Christi.

Mr. and Mrs. Frank Hicklin are visiting relatives in Weatherford.

Mrs. H. L. Oldenettel, who has been the guest of her daughter, Mrs. C. C. Craig, for the past two months left yesterday for her home in Illinois.

Miss Marie Oldenettel of Brownsville is visiting her sister, Mrs. C. C. Craig.

CORPUS CHRISTI, Aug. 11.—Construction has begun on a natural gas line across the bay from White Point to Corpus Christi and the work will continue until the line is completed, according to officials. All the materials are reported available. The line will go under the bay.

WIFE'S VICTIM 'PURE AS LILY,' REISLER SAYS

NEW YORK, Aug. 11.—Indications are that John Reisler, picturesque character known as "John the Barber," will not testify against his wife, Mrs. Minnie Reisler, their two sons, George and Morris, and Mrs. Reisler's brother, Max Katz, who have been indicted in connection with the death of Mrs. Reisler's younger sister, Bertha Katz. It is believed that Miss Katz was murdered as a consequence of relations with Reisler.

Reisler has made it plain that he is neutral in the case, and that he intends to let the law take its course. In legal circles it was said that Reisler could not be compelled to testify against his wife, and that by the same token he need not give evidence against his children. As all those indicted are expected to have separate trials it is believed to be probable that Reisler may be compelled to testify against Max Katz.

Conscience is Clear. "My conscience is clear," Reisler emphasizes. "The slain girl was a good girl—none better. There was never anything between us except friendship—she was pure as a lily. She was good to her mother, and for the last 15 years supported her. She was my secretary and pal. Arthur Lyons, her last boss, cried like a baby when he learned she was dead."

It has been learned from a reliable

source that persons high in the sporting world have offered to Reisler \$10,000 for the legal defense of his family, but that this money has been refused. Reisler is now said to be a perfectly penniless, although at one time he made \$200,000 managing pugilists. He said that he gave Benny Leonard, present light weight champion, the "gate" because he failed to impress him early in his pugilistic career.

Morris Reisler is bitter toward his father, saying that many times his mother had begged her husband to "be good." He said: "My mother used to ask my father

to take her out places, as he took her younger and prettier sister. But he wouldn't.

"As to the killing of my aunt, I didn't fire the shots, I didn't have a gun."

"There are letters which will come out in the trial which I predict will cause considerable excitement. In the meantime I am doing my best to be a peacemaker."

Houston, with 170,000 inhabitants, has more telephones than the combined cities of Naples, Constantinople, Cairo, Marseilles, and Calcutta with a total population of 4,250,000.

FUREY PROVEN DEAD AS BODY IS EXHUMED

SAN FRANCISCO, Aug. 11.—Doubt as to whether Joe Furey, nationally known swindler, actually died in the penitentiary at Huntsville, Texas, and buried here, was cleared away as far as the police here are concerned when the body was exhumed and minutely answered Furey's description.

Furey's finger prints, in the possession of the police, tallied with those of the dead man, the police said.

CARD OF THANKS.

We wish to thank our many friends, neighbors and the Rebekahs for their many deeds of kindness, loving acts and the beautiful offerings during the illness and death of our darling babe, also to the kind pastor, who spoke such words of comfort and consolation to us in this, the saddest hour of our life. All of these will always remain forever in our memories.

CISCO BUILDINGS ARE HALTED BY RAIL STRIKE

CISCO, Aug. 11.—Work on the new Christian church and Cisco's new \$150,000 high school building has been stopped by reason of the railroad strike. It is stated that several cars of brick are now tied up en route, but can not be moved. Other construction work here also is being held up due to the strike situation.

MANY COUNTRIES LOWER ORIENT'S TAX VALUATION

SWEETWATER, Aug. 11.—Every county north of Fisher, traversed by the Orient railroad, has agreed to

lower the valuation of the K. C., M. & O. property to \$100 a mile, according to J. M. Rutherford, traveling freight and passenger agent for that line, who is in Sweetwater appealing to the commissioners' court, school board and city officials for like action in Sweetwater and Nolan county.

Rutherford will appear before the commissioners' court of Fisher county at Roby this week and will also make the same appeal to Jones county officials at Anson next week.

Pecos county and Fort Stockton

have notified Orient officials that section has reduced valuations and a committee of citizens headed by Attorneys Harris and Blanks of San Angelo is bringing pressure to bear upon Tom Green county officials and officials of counties west.

This action on the part of communities served by the Orient is in the nature of a contribution to enable the line to continue operation.
