Final Plans Are Made For FB Barbecue

Final plans were made and committees appointed for the annual Eastland County Farm Bureau barbecue scheduled to begin at 7 p. m. Friday evening in the City Park, Eastland.

Plans were made at a meeting of Farm Bureau directors and Barbecue Committee members held Monday evening.

Chairmen of the Barbecue Committee are Cyrus Justice and Roger Blackmon, both of Eastland.

Tickets of \$1.00 for adults and 50 cents for children may be obtained from the Farm Bureau office: Jack Cozart, president; or any of the directors.

A musical program will be given by Mrs. Ray Burgess and Lloyd Glasson, both of Gorman.

Speaker for the annual event will be Reagan V. Brown, Extension Rural Sociologist, Texas Agriculture Extension Service.

Brown has served as agriculture agent in three Texas counties, is active in several clubs and teaches the Men's Bible Class at the First Methodist Church in Bryan.

Mrs. Yonkers Attending Fashion Market

Audrey Yonkers of the Smart Shop is in Dallas for the annual Holiday Fashion Market which will end August 23.

Fashions from over 7000 lines are on display, thus assuring the buyers of up-to-date selections of fashions for their local customers.

The Market is sponsored by the National Fashion Exhibitors of America, the American Fashion Association and the Texas Fashion Creators. The Dallas markets play a major role in the national fashion picture. Merchandise selected at the "Market" will appear in retail stores in late fall or early winter.

The Dallas market, normally held in advance of the New York and West Coast markets, has proved to be one of the most complete fashion displays in the nation. The general feeling among manufacturers' representatives is that an item well accepted in the Dallas market will be popular on a nationwide basis.

Most of the items shown at Dallas are of a luxurious, festive nature, making it one of the more exciting major markets held there each year.

Mrs. Hagaman To Receive Masters From ACC

Mrs. Helein Hagaman of Ranger is a candidate for the Master of Education degree from Abilene Christian College in August graduation exercises.

For her degree she majored in secondary teaching and minored in English and American studies.

About 50 master's degrees — an all-time record — are expected to be awarded in August.

Eastland County Plants Expanding

The importance of Eastland County's peanut industry is reflected in the expansion of the facilities to handle the 1963 crop.

Ranger Peanut Co., which opened another plant in Carbon last year, is now expanding and improving the loading and unloading facilities at Carbon, to be ready for the 1963 crop. Peanuts are expected to begin coming in about Sept. 1.

The company also has its Ranger plant ready.

The Carbon plant was opened late in the 1962 season, but handled 1,500 tons of peanuts. This year officials expect to triple that amount. The Carbon plant is equipped also with drying facilities; the Ranger plant handles only cleaning and shelling. The two plants can handle 75 tons a day.

Gorman Peanut Co., owned

and operated by Melvin and Wilbur Shell, is again expanding. It is installing 40 more drying bins and a new peanut cleaner which will enable the firm to increase its cleaning capacity to 75 tons per hour, four times greater than last year.

The first load of 1963 peanuts came to the Gorman plant Aug. 2 from the W. E. Caudle farm two miles west of Rising Star. They were planted early in May. The normal planting time is later than May.

The Businessmen's Club of Gorman paid a \$50 bonus for this first load.

Rains Tuesday, Aug. 13, measured more than two inches in parts of the county. Peanuts, the county's largest agricultural crop, were in need of rain and observers say the yield will be much improved by the moisture.

Eastland Junior Chamber of Commerce sponsors an annual Eastland County Peanut Bowl Festival. This year the annual event will be held Sept. 14.

12 LaCasa 4-H Members Attend 4-H Camp

Twelve of the eighteen members of the LaCasa 4-H Club attended county 4-H camp at Northwest Lodge on Possum Kingdom Lake August 7 and 8.

Mrs. Vinston Jones and Mrs. Joe Jackson served as adult leaders and carried the members to the lake. Mrs. Jackson worked with the kitchen crew, and she carried the girls swimming on Wednesday afternoon and Thursday morning. Betty Powell, former Home Demonstration agent, appointed Mrs. Jones overseer of the girls before her resignation.

There were 41 girls and 22 boys that attended from all over the county.

Kathy Jones, co-chairman of the 4-H Council and Melinda Echols both from the LaCasa community assisted with camp planning. Melinda served on the party committee. She planned and decorated the lodge for a beautiful, authentic Hawaiian Luau. Most of the children were dressed for the occasion in native Hawaiian costume. The refreshment table was covered with a pink cloth, hollowed watermelon rinds served as punch bowls and graced each end of the table. Large trays of watermelons and cantalope balls, orange slices, purple and green grapes, baskets of assorted cookies, and two large candles completed the table.

Colors of red, blue, green, orange, purple, bright pink, and yellow were used on the table and the crepe paper streamers used all over the room. Each child removed his shoes before entering and each was given a colorful lei. They were divided into groups and played numerous games. The Hula contest was won by Sharon Jones and a Marty Tosh. They ended the party with "Texas style square dances".

LaCasa members attending were: Shirley and Robert Joe Mitchell, Gary and Sheila Truesdell, Kessy McDonald, Pat Brown, Melinda Echols, Kathy, Carolyn, and Sharon Jones and Mmes. Jackson and Jones.

Each member, though tired, reported having a wonderful time.

Former Resident Graduates From University of T

Barna Allen Richards, son of Mr. and Mrs. Ross Richards, former residents of Ranger, was graduated from Texas University Medical Branch, Galveston on June 10. He received his B. S. Degree in Science from North Texas State University of Denton in June of 1959. He was a member of the PHI CHI fraternity.

He is serving his internship at Peter Smith Hospital in Fort Worth. Barna began his education at Young School and finished junior high in Ranger before moving to Wink, where he was an outstanding athlete with the Wink Wildcat Football team.

He is married to the former Miss Shirley Carley of Wink and they have one son three weeks old.

Barna's father was manager of the Piggly Wiggly meat Market.

Many Ranger Students Attend Summer Classes

Many Ranger students are taking advantage of the summer session at Ranger Junior College, to get ahead of the fall schedule by working off credits toward degrees.

Additional Ranger students enrolled for the second semester at the college are Melvin Slagle of 804 Cherry Street; Jeralyn Anderson, 301 Travis; Gary Bradshaw, 1202 Desdemona; Diana Cantrell, Freddie Cooper, Rt. 2; Millard Herweck, 726 Blundell; Arthur Merritt, 701 Summit; Frank Miller 300 S. Hodges; Dayle Penny.

Also, John Robinson; Marion Thomas, 1204 Desdemona; Linda Warford, 721 Pine; Jimmy Wilson, Terry Place, and Linda Wilson of Terry Place.

The second semester of the summer session showed a large increase over the first semester.

Sheep And Goat Raisers Of Area Counties Are Expected

Ranchers from all adjoining counties are being invited and are welcome to attend the second annual Eastland County Sheep and Goat Field Day September 20, at the old Sinclair pump station at Tiffin, three miles north of Ranger, Courtesy of Ranger Junior College, according to reports from the Ranger Chamber of Commerce.

The Chamber of Commerce and J. M. Cooper, county agent are jointly sponsoring the affair. The first sheep and goat field day, sponsored by them last year attracted 135 ranchers from four different counties, it was stated.

Sheep and goats and their by-products continue to be an

important factor in the agricultural economy of this area. A Ranger firm with a large warehouse, purchases wool and Mohair from over a wide area in North Central Texas.

Several sheep and goat authorities will be on the all-day program, scheduled to begin at 10 a. m. on the above date. The Chamber of Commerce will serve those in attendance with a ranch-style luncheon at noon.

One of the features of the program will be a demonstration on the selection of breeding stocks of sheep and goats. Jim Gray of San Angelo and Jack Goff, Kerrville, sheep and goat specialists of the A&M Extension Service, will conduct these demonstrations.

College Catalog Ready This Week

Dean Ernen Haby, of Ranger Junior College, has announced that the college catalog will come off the press during the week of August 19.

The new catalog may be had by calling or writing the Dean's office at the college. New courses have been added in the Music Department and the college offers a two-year program toward degrees in institutions of higher education. All credits are transferable to four-year colleges.

The college also offers two-year programs of instruction for specific vocations for the student who does not plan formal education past the two-year period.

Marine Fron Is Promoted To Lance Corporal

Marine Lance Corporal Herman L. Fron, son of Mr. and Mrs. Mike Fron of Caddo Hwy., was promoted to his present rank July 1 while serving with the First Engineer Battalion, First Marine Division, at Camp Pendleton, California.

The Engineer Battalion is a combat engineer organization which specializes in road and building construction, demolitions, and land mine warfare. It is at Camp Pendleton, 35 miles north of San Diego, that the Marine Corps' most important weapon is trained: the individual Marine.

Breckenridge "Twistees" Win Softball Tournament

The ladies softball tournament which began last Wednesday night, came to a close Saturday night with the Breckenridge "Twistees" and Ranger "Fox Trotters" game. The superiority of the Twistees' fielding proved to be the

deciding factor in the undoing of the Ranger team.

The Breck team pulled an upset, in the high scoring game, defeating the Ranger team for the first time in three tries.

The confident home team manufactured an early lead, but saw it melt and fade away in the third inning and played catch for the most of the final innings.

The ladies tournament preceded the mens tournament, which will start Monday, August 26.

There will be 12 teams participating in the mens tournament, including two teams from Ranger.

All proceeds from these tournaments will go to the Little League.

County Awards Contest Is Held For 4-H Youths

The Eastland County 4-H Awards Program Contest was held last week with a total of 15 4-H Club girls and boys participating.

The following participated in the contest: junior clothing, Kathy Kincaid, 1st place, and Linda Pharr, second place; senior clothing, Sharon Harbin of Eastland, 1st place; safety contest, Ruby Wende, of Nimrod.

The following 4-H Club members participated in the Agricultural phase of the contest: Junior division of the Texas Sheep, Wool and Mohair Contest, Tommie Lee, 1st place; Ivy Ferguson, second place; Kathy Boyd, 3rd place, a 11 members from the Cisco 4-H club.

Contestants in the beef contest were: Bobby Lee, 1st place, and Lynn Pippen, second place. Both are members of Cisco 4-H Club. Frank Clayborn won 1st place while Susanne Harbin took second in the soil conservation contest.

Entries in the swine contest were Bobby Williams, 1st place, and Teddy Jordan, second place. Both Bobby and Teddy are members of the Gorman 4-H Club.

Barbara Williams of Gorman 4-H Club entered the achievement contest.

All first place winners will go to District contest. Record books for the district contest will be judged August 27 in order to determine the district winners.

Lee King To Receive Degree From McMurry

Monon Lee King, Jr., will receive a Bachelor of Science degree from McMurry College in Abilene at the summer commencement program to be held August 2 in the Radford auditorium on the campus. King is the son of the late Mr. and Mrs. M. L. King.

The Rev. Edward R. Barcus, minister of Austin Ave. Methodist Church in Waco, will deliver the commencement address. Rev. Barcus, who is distinguished for the service he has rendered to the Methodist church and the cities in which he has lived, will receive an honorary Doctor of Divinity degree in the August commencement service. The Rev. Lawrence K. Brown, superintendent of the San Angelo District of the Methodist Church, will also be the recipient of an honorary Doctor of Divinity degree.

While attending McMurry College, King was a member of the I. H. R. social club, co-captain of the football team, student judge 1961-63, and a member of the golf team 1961-63. His major field of study is physical education with a minor in history.

At a previous meeting, the Eastland Fire Department had requested the County to contribute \$200 toward purchase of a new base station. This was again discussed at the Monday evening meeting, but no action was taken.

Attending the Monday meeting were Charlie Isabell of Ranger, T. C. Weaver, Civil Defense Director in Ranger, Guy Robinson of Eastland, Collin Campbell and Mack Stubblefield, both of Carbon, Gabe Wright of Gorman, H. L. Ferguson of Cisco, Commissioners Tip Arther, Glen Justice, Buck Collins and C. B. Dill and County Judge Scott Bailey.

Nellie Sue Vinson Receives Degree Friday

Three hundred seventy degrees will be awarded at Sam Houston State Teachers College summer commencement exercises August 23.

Dr. Elliott Bowers, acting president of the college, will confer the degrees. They include 92 Master of Education, 27 Master of Arts, 1 Master of Science, 21 Bachelor of Arts, 190 bachelor of science, 49 bachelor of business administration, 1 bachelor of music and 12 bachelor of music education degrees.

The candidates will be presented by Deans W. E. Lowry, Reed Lindsey and J. S. Allen. ROTC graduates will be commissioned by Lt. Col. Justus Kennedy.

Exercises will be at 7 p. m. on the college's Pritchett Field. Graduating from Ranger will be Nellie Sue Vinson.

Monday Rites Are Held For Mrs. Murray

Funeral services for Mrs. Lula May Murray, 86, were held Monday at 3 p. m. in the Carbon Baptist Church with Rev. Lee Fields of Carbon, Baptist minister, and a Rev. J. B. Cole, pastor of the Carbon Methodist Church, officiating.

Interment was in the Fair Springs Cemetery, east of Carbon, under the direction of Hammer Funeral Home.

Mrs. Murray died Sunday in the Green Acres Nursing Home.

She was born Nov. 18, 1876 in Jordantown, Tex. and was married to Robert Wilson Murray on March 3, 1896 in Eastland County.

She is survived by 108 direct descendants including the following: three sons, Floy of Carbon, Foster of Eastland and Henry of Fort Worth; six daughters, Mrs. Iva Baker of Eastland, Mrs. Alma Vann and Ms. Millie Barnett, both of Carbon, Miss Adele Murray of San Francisco, Calif., Mrs. Essie Jewell Tyrone of Sulphur Springs, Ark., and Mrs. Veta Brown of Fort Worth; one sister, Mrs. Beulah Robertson of Eastland; 29 grandchildren; 1 great-grandchild; and nine great-great-grandchildren.

Angora Sale August 31 In Goldthwaite

Members of the Central Texas Registered Angora Goat Breeders' Association will hold their seventh annual show and sale on Saturday, Aug. 31, at the show barns in Goldthwaite.

The sale will start at 1 p. m. and will offer 125 Angora Bucks and 40 Does that were carefully selected for this annual offering.

Membership in the association is made up of registered Angora Goat breeders from a seven-county area in Central Texas including Mills, Brown, Comanche, Hamilton, Coryell, Lampasas and San Saba.

Local Couple Celebrates 50th Wedding Anniversary

The spacious home of Mr. and Mrs. Clarence W. Weathersby, 207 S. Joyce, was the setting for an open house Sunday, Aug. 18, from 2 until 5 p. m., in observance of the couple's 50th wedding anniversary.

Decorations of gold and bronze complimented the party area. Guests were greeted by the couple's daughters, Mrs. A. L. Moore of Austin and Mrs. Don McKenzie of Port Angeles, Wash., and registered by granddaughters, Cynthia and Marcia McKenzie.

The refreshment table was laid in ecru lace over gold and centered with the beautiful cake decorated in gold and white flanked by tapers in gold holders. Punch and cake were served by Mrs. Juana Lyckman and Mrs. Janice Stork.

All the couple's children and their families were present for the occasion with the exception of a grandson in Illinois. Rev. Cecil Pearson of San Diego, Calif., is conducting a series of revival services that will continue through Sunday at the First Baptist Church here.

Jim Kirkman, music minister of the First Baptist Church in Cisco, is in charge of song services accompanied by Miss Pauline Roberts of Rising Star, pianist.

Services are being held each day at 7:10 a. m. and 8 p. m. with the exception of Saturday.

The general faculty meeting and registration of high school students of Rising Star will be held Friday, according to Supt. Sam Jones.

The faculty meeting will be held on Friday morning. High School teachers will meet from 9 until 10:30 a. m. and elementary teachers will meet from 10:30 until 11:30 a. m.

Registration of seniors and juniors will be from 1 until 2:30 p. m.; sophomores and freshmen from 2:30 until 4 p. m.

Members of the Wildcat Football team for the 1963 season met at 8:30 a. m. Monday along with the Coach, Weldon Hill, for the first meeting of the pre-season practice.

Equipment was issued to about 15 lettermen from last year's squad.

Other candidates for the team are expected to report soon.

State Capital NEWS

AUSTIN — Supporters of the proposed billion-dollar Trinity River development plan won the first round on the opening day of hearings when the Texas Water Commissioners turned down the railroads' motion to delay the Austin hearing.

Gov. John Connally's approval of the commission's proposed plan was expected. He had long since pledged his support.

Connally called the navigation project, "a major step in one of the most important water conservation, flood control, and navigation projects in the history of Texas."

Texas Highway Department's 420-seat capacity auditorium overflowed during the two-day hearing as every community in the vast Trinity watershed was represented.

Some 41,500 miles of state-maintained highways will be zoned for the new 70-mile per hour speed limit when the law becomes effective on August 23.

Texas Highway Commission approved the day time maximum for passenger cars for more than two-thirds of the state's highway system. But the old 60-mile per hour maximum still applies to 18,640 miles. Engineering studies indicated that these roads couldn't handle faster traffic.

A large percentage of the Farm-to-Market Road system will come under the 70-mph maximum. Lower limits will apply where conditions warrant.

District engineers are expected to release news of rezoning on a local basis.

A roadside park some 20 miles north of Brady on U. S. 377 is the geographical center of Texas.

It will be so designated when the Highway Commission erects a brilliant aluminum "Heart of Texas" marker.

Other \$600 aluminum markers are scheduled for Pilot Knob in Travis County, location of the state's only exposed submarine volcano; the Llano Estacado in Garza County; and Old Tassosa in Oldham County. The latter is famed for its Boot Hill Cemetery.

Commissions figures each marker will earn more than 10 times its original cost in added tourist revenues.

"Weekend farmers" and "Absentee owners" not acquainted with the dangerous potential of hormone-type herbicides (such as 2, 4-D and 2, 4, 5-T) have contributed to a new pattern of crop damage, says Agriculture Commissioner John C. White.

He estimated 7,000 to 8,000 acres of crops, principally cotton, have been effected by damaging doses of the herbicides.

"Fortunately, most of the effect has been only light to moderate on the cotton," White said, "and the yields are not seriously threatened."

Four consecutive weeks of 100-plus degree weather plus drying wind took a toll of crops and pastures over the state, according to the Texas Crop and Livestock Reporting Service. Early harvesting was used to beat the heat in many places.

Reporting Services predicts that general rains in all areas still could revive pastures.

Poliomyelitis, the dread disease that kept parents stiff with fear for many summers, has declined to the point that the State Health Department has received only four reports of cases so far this year.

Total caseload for the state last year was only 114. Credit for the decline of the crippling is given Salk and Sabin vaccines.

But health officials continued to warn Texans not to be complacent. People of all ages are urged to follow up with booster shots.

END YOUR CONSTIPATION WORRIES

Now you can end your constipation worries once and for all. Put aside chemical laxatives, oils or bran-like roughage that may upset your system. Instead, take SERUTAN in a glass of water every day.

SERUTAN is an all-vegetable laxative aid that provides the proper moisture, bulk and peristaltic stimulation you may need as you grow older—to promote daily regularity. This is entirely different from chemical laxatives. Prove it to yourself. Take SERUTAN as directed for at least one week. You must be well on the road to daily regularity or your money back from the maker.

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1963.

SENATE JOINT RESOLUTION NO. 26 proposing an amendment to Article XVI, Section 62 of the Constitution of Texas, by adding thereto a new subsection authorizing all political subdivisions of Jefferson County, Texas, to provide retirement, disability and death benefits for all appointed officers and employees of all political subdivisions within Jefferson County, Texas; providing for the necessary election, form of ballot, proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 62 of Article XVI of the Constitution of the State of Texas, be amended by adding thereto a new subsection (c), reading as follows:

"(c) Each political subdivision within Jefferson County, Texas, shall have the right to provide for and administer a Retirement, Disability and Death Compensation Fund for all appointed officers and employees of all political subdivisions within Jefferson County, Texas; or said political subdivision may elect to join the County Retirement System of Jefferson County; provided that same is authorized by a majority vote of the qualified voters of such political subdivision and after such election has been advertised by being published in at least one (1) newspaper of general circulation in said county once each week for four (4) consecutive weeks; provided that the amount contributed by the said political subdivision to such Fund shall at least equal the amount paid for the same purposes from the income of each such person and shall not exceed at any time seven and one-half per centum (7 1/2%) of the compensation paid to each such person by the political subdivision."

"All funds provided for the compensation of each such person, or by the political subdivision of Jefferson County, Texas, for such Retirement, Disability and Death Compensation Fund, as are received by the political subdivision within said county, shall be invested in bonds of the United States, or the counties or cities of this state, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States; provided that a sufficient amount of said funds shall be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and providing that the recipients of benefits for said Fund shall not be eligible for any other pension retirement fund or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the political subdivision is released to the State of Texas as a condition to receiving such other pension aid."

Section 2. The foregoing Constitutional Amendment shall be submitted to vote of the qualified electors of this state at the General Election in November, 1964, at which election each ballot shall have printed thereon the following words:

"FOR the addition of subsection (c) to Section 62 of Article XVI of the Constitution, to authorize all political subdivisions within Jefferson County, Texas, to establish, after approval of its voters, a Retirement, Disability and Death Compensation Fund covering all appointed officers and employees of said political subdivisions."

"AGAINST the addition of subsection (c) to Section 62 of Article XVI of the Constitution, to authorize all political subdivisions within Jefferson County, Texas, to establish, after approval of its voters, a Retirement, Disability and Death Compensation Fund covering all appointed officers and employees of said political subdivisions."

Section 3. The Governor shall issue the necessary proclamation for said election to be held on the first Saturday after the first Monday in the month of November, 1964, and have notice of said proposed amendment and of said election published as required by the Constitution of Texas and laws of this state.

4-H CLUB SHOW CALF TOUR IS PLANNED FOR SATURDAY

The first Eastland County 4-H Show Calf Tour will be held Saturday, August 24, beginning at 7:30 a. m., according to an announcement by Roger Blackmon, assistant county agent.

All 4-H'ers and friends who are interested in making the tour have been asked to meet on the parking lot of the Spot Cafe in Cisco at 7:30 a. m. Saturday. The tour will progress from an inspection of

Cisco calves to Morton Valley, Ranger, Desdemona, Gorman, and Rising Star.

The touring group will have lunch in Gorman at the city park. Cold drinks will be provided, and each individual should bring enough sandwiches for himself. Those who desire to do so may have lunch at the cafe in Gorman.

The tour will probably last until mid-afternoon. Mr. Blackmon stated that it would

be interesting to see the animals now and the change that will have taken place by the next showtime in March.

The following schedule for visiting the 4-H'ers will be observed during the tour: leave Spot Cafe, 7:30 a. m.; Lynn Phippen, Tommy and Bobby Lee, Cisco; Larry Terrell and Steve Beck, Morton Valley; Larry and Jerry Williamson, Ranger; Scottie and Brad Koonce, Desdemona; lunch in Gorman 12:00 to 1 p. m.; Bobbie Williams, Vickie Frossard, Robert Whitt, Reggie Underwood, Gorman; Ginger Bishop, Carter and Cynthia Hounsel, Sandra Warlick, Rising Star.

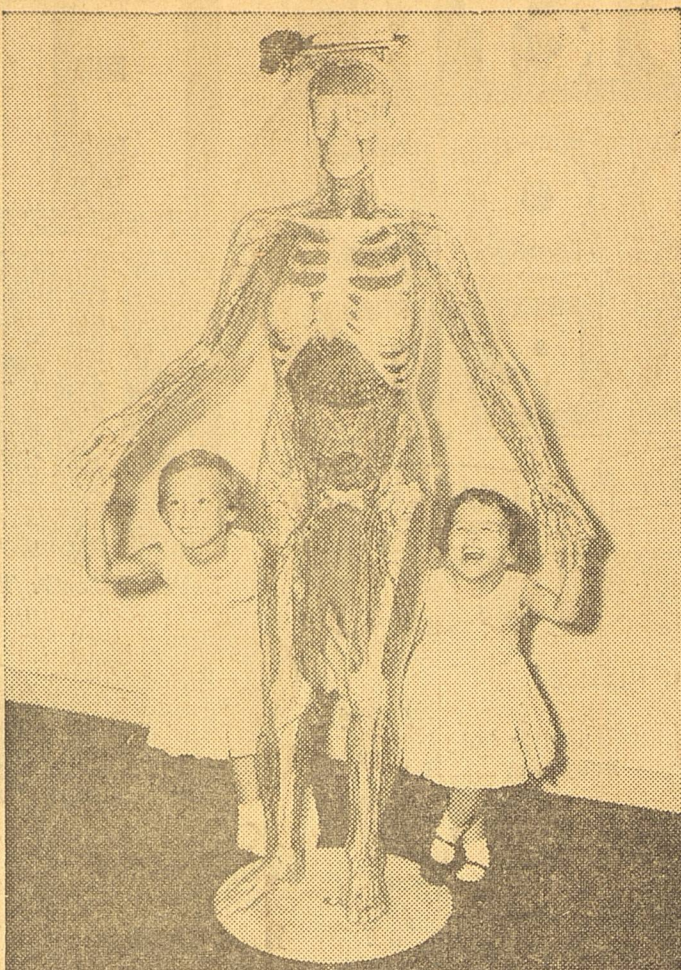

Gibbens Arrives For Hawaii Meet

Representative Wayne Gibbens of Breckenridge, arrived in Honolulu, Hawaii, Monday to attend the National Legislative Conference, Aug. 19 through Aug. 23.

The National Legislative Conference — organized in 1947 by the Council of State Governments — serves as a forum for the legislatures of the fifty states in which the legislative process is reviewed and analyzed with a view toward improvement of methods and procedures.

Present with Rep. Gibbens to represent Texas are Speaker of the House Byron Tunnell; Lt. Gov. Preston Smith; the new Director of the Texas Legislative Council, former Member of the House from Dallas, Robert E. Johnson; House Members Dick Slack of Pecos, and Ben Jarvis of Tyler; and Senator George Parkhouse of Dallas.

Mr. Gibbens represents Eastland County in the State legislature.

LOOK MOM! NO SKIN! Making her debut at the 1963 State Fair of Texas in Dallas October 5 through 20 will be Visi-Belle, center, in hat, the talking (naturally) Transparent Woman. Marla and Cindy Hill, left and right, thought it hilarious that they "could see right through that woman." Visi-Belle will star in the Dallas Health and Science Museum's special State Fair presentation, "The Story of Life."

MOTORISTS ASKED TO 'USE KEEN JUDGMENT' IN SPEED

AUSTIN — The director of the Texas Department of Public Safety warned motorists today "not to take the new, higher speed limits too literally" when they go into effect August 23.

Col. Homer Garrison Jr. reminded that "there are a multitude of circumstances and situations under which even the old limits were too fast for safety."

"With more than two-thirds of the Texas highway system under a 70-mile-per-hour daytime maximum speed for passenger cars and 65 miles per hour at night, we wish to appeal to all Texans to exercise keen judgment and drive responsibly and prudently regardless of what the signs say. The law prohibits driving a vehicle too fast for existing conditions."

"The Department of Public Safety believes that the objective of speed legislation is to contribute to the efficient movement of traffic on the highways. We feel the new law will help to accomplish this, and our objective of enforcement is to secure substantial compliance with the speed law by all users of the rural highways. The prima facie speed limits fixed by the Legislature or established by zoning authority will be construed to be the maximum permissible speeds under normal conditions, and speeds in excess of such limits will be considered illegal."

"Our enforcement personnel will stop and initiate appropriate enforcement action against all persons observed by them to be committing clear-cut and substantial violations of the speed law."

Garrison urged motorists to be particularly cautious in assuming the higher night speed limit of 65 miles per hour. He said research by the U. S. Bureau of Public Roads shows that increasing night speeds

from 55 MPH to 70 MPH doubles the accident involvement rate, and that the severity of accidents increases rapidly at speeds over 70 MPH.

"We repeat that serious problems may develop with the new speed laws unless the driving public accepts and applies them with a high degree of responsibility to themselves and their families and others," he said.

"And we would like to emphasize at this time that traffic deaths are running far ahead of last year already, with an increase of about 100 deaths. Unless we can hold the line against this trend, we will wind up with an all-time high traffic death toll in 1963."

Crime Continues To Grow Faster Than Population

AUSTIN — An average of more than 26 major crimes were committed every hour in Texas during the first six months of 1963 as crime continued to outstrip the population growth throughout the state and nation.

Col. Homer Garrison Jr., director of the Texas Department of Public Safety, reported that crime in the state increased 6.2 per cent in the period January through June, compared to the same period of 1962.

The DPS six months report showed that murder and homicide were up 13.3 per cent, rape increased 27.5 per cent, robbery increased 14.8 per cent, burglary 6.0 per cent, theft 7.0 per cent, and auto theft was up 4.4 per cent. Aggravated assault, the only major crime to decrease, was down 2.9 per cent.

Overall crime in rural areas showed an increase of 13.1 per cent, while the increase in urban areas was 5.2 per cent. By population groups, the greatest increase was 25.7 per cent in cities between 2,500 and 5,000, while the largest decrease was 13.3 per cent in counties with under five rural population per square mile.

"The 1963 figures prepared by our Statistical Services Section," said Garrison, "means that on the average there was one major crime committed every 2½ minutes, one murder every 7½ hours, one rape every six hours and 12 minutes, one robbery every 2 hours and 42 minutes, one burglary every eight minutes, one aggravated assault every 40 minutes, one theft every three minutes and 48 seconds, and one auto theft every 32 minutes."

Vets Questions And Answers

Q — Am I automatically eligible for nonservice-connected disability pension because I have become 65 years old?

A — The VA nonservice-connected disability pension is not based on age but on the fact that the veteran has become totally and permanently disabled. However, your age may be a contributing factor. Since each case is decided individually, you should consult your nearest VA office.

Q — My claim for death pension for our children was denied in 1959 because their father had no service-connected disability. Should I reapply?

A — Yes, reapply immediately. On July 1, 1960, the requirement was eliminated that a World War II or Korean veteran must have a service-connected disability at the time of death.

Q — I am in need of money. May I obtain a personal loan from the VA?

A — No. The various benefits granted to veterans by Congress do not include provisions for personal loans.

Q — My claim for disability pension was denied five years ago because my disability was not severe enough. How can I have my claim reconsidered?

Number Needed To Pay Income Tax In Future

In Texas both husbands and wives will need a taxpayer identification number for future income tax filing, according to Arthur E. Fogle, Jr., the Administrative Officer at the Abilene office of Internal Revenue Service.

"The community property law creates many situations where both husband and wife have income that belongs to only one spouse in other states," Mr. Fogle explained. "Quite a few wives feel that they do not need a taxpayer identification, or social security, number, because they file a joint return with their husband. There are times when it is to their advantage to file separate returns. Naturally, the wife can not report her share of dividends, interest and other income on a separate return without having a taxpayer identification number. However, she still needs the taxpayer identification number in filing a joint return because of the community property law in Texas."

Taxpayers who do not have an identification number should secure a Form SS-5 from their nearest Post Office, Internal Revenue Service office, or Social Security Office, complete the application and get a number assigned.

Medical Examiner System Urged For State In Magazine Article

Texas' outmoded laws for investigating the cause of death may be aiding the rising crime rate by putting the seal of approval on murder performed with finesse.

An appeal for the establishment of the medical examiner system for the entire state is urged by a Fort Worth pathologist, Dr. John J. Andujar, writing in the July issue of the Texas State Journal of Medicine.

Dr. Andujar decries the 75-year old system in which one of the functions of the justice of the peace is to investigate deaths without medical attendance.

In an earlier Journal article, the author pointed out that since no one can question the heart stops beating in death, it is reasonably safe to indict every corpse as the victim of a heart attack.

The who-dun-it fan, even comic book addicts, are familiar with the modern techniques of ballistics, toxicology, spectroscopy, and microscopic pathology in solving crimes. Without these aids, Dr. Andujar stated, the justice of the peace often is stymied in his efforts to arrive at accurate death verdicts.

As a young physician, Dr. Andujar once accompanied a medical examiner to investigate a badly mangled corpse on a railroad track. All evidence seemed to indicate accidental death, but an autopsy revealed a small bullet hole in the badly mangled skull.

A decade ago, the Texas Legislature passed a permissive bill, authored by Sen. Bob Baker of Houston (then a member of the House), to allow counties with a population of 500,000 or more to organize adequate medical examiner systems. Subsequent bills decreased the required population bracket until now,

counties of 120,000 or more, on a vote of the Commissioners' Court, may institute a modern investigative system for deaths unattended by a physician.

Four Texas counties have a medical examiner system. They are Harris, Bexar, Dallas, and Wichita Falls. Through the efforts of the Tarrant County Medical Society, the Tarrant County Crime Commission, federal and county bar associations, the Legislature approved last May an amended bill authorizing that "the Commissioners Court of any county having a population of more than 500,000 and not having a reputable medical school shall establish and maintain the office of Medical Examiner and in all counties having a population not less than 120,000, the Commissioners Court of such counties may establish and provide for the maintenance of the office of Medical Examiner. . . ." The act is effective on Jan. 1, 1965.

Progressive justices of the peace themselves, the author wrote, have been in the van-

guard of the fight for a medical examiner system in Texas. "All thoughtful citizens of the state, however, recognize the need for replacement of the coroner system," Dr. Andujar stated, citing the current system as unfair to the JPs and inconsistent with their judicial functions.

The Texas Society of Pathologists had led the fight for a state-wide modern medical examiner system to insure uniformity. Without a state-wide system, Texas, in effect, invites would-be murderers to operate across county lines, where the probability of discovery is little or none, the author has explained.

The cost of a state-wide medical examiner system, would be a minute proportion of the millions spent annually in Texas for repression of crime.

Under the new law, seven of Texas' 254 counties are authorized to set up medical examiner systems through a vote of their respective Commissioners' Courts. The seven are El Paso, Hidalgo, Jeff-

Accent on Health

J.E. PEAVY, M.D.
Commissioner of Health

AUSTIN—With daytime temperatures consistently reaching into the high nineties over most of Texas and with the prospect of even hotter temperatures during the weeks immediately ahead, there is every reason to anticipate a growing number of deaths from heat prostration or sunstroke.

The number of such deaths in Texas usually totals some 15 or 20 in any given year. Several heat connected deaths have already been registered this summer from various areas of the State.

Heat exhaustion is caused by an inadequacy of the heat dissipating mechanism of the body. It occurs as a result of exposure to a hot, humid atmosphere such as is common over most of Texas during summer months. Sunstroke is a form of heat stroke, complicated by an absorption of radiant energy from the sun which causes a temperature rise in local body areas, such as the brain.

How do you avoid heat stroke? By doing what you can to keep heat loss and heat production in balance.

The wearing of loose, airy clothing is known by physiologists to be among the best means of maintaining that balance.

Elevations of body temperature will develop inevitably when tight clothing is worn because it prevents loss of body heat through conduction, radiation and evaporation of sweat. And this much is physiologically true: the body thermostat is so constructed that a fall in temperature is much harder to produce than is a rise.

Diet plays a part in maintaining a heat production-heat loss balance. Heavy meals are difficult to digest in hot weather. High protein foods should be de-emphasized and fruits and vegetables should

AMERICAN AS YANKEE DOODLE describes the Deep River, Conn., Drum Corps which will make its first appearance outside New England at the 1963 State Fair of Texas October 5 through 20 in Dallas. The corps will appear during the first week of the State Fair, giving daily concerts and appearing in the nightly "Stars and Stripes Parade." Founded in 1888, the group embodies the Spirit of '76 and keeps alive the military fife and drum tradition handed down unbroken from the days of Lexington, Concord and George Washington's Continental Army.

Gorman Man Receives AF Commission

Lesley B. Lasater of Gorman has been commissioned a second lieutenant in the United States Air Force upon graduation from Officer Training School at Lackland Air Force Base, Tex.

Lieutenant Lasater, son of Mr. and Mrs. Hulon L. Lasater of Route one, Gorman, was selected for the training course through competitive examinations with other college graduates. He is being reassigned to Sewart AFB, Tenn., as a fuel officer.

The lieutenant is a graduate of Gorman High School. He received a B.B.A. degree from McMurry College in Abilene.

mittee made a motion that the following report be adopted: Mrs. Lloyd Clem, president; Mrs. G. C. McGown, vice president; Mrs. C. A. Strong, secretary and treasurer.

The men and women in the basement ward at the Ranger General Hospital were selected for the class project for September.

Mrs. H. G. Adams dismissed the group with a prayer.

The hostess served punch and cake squares to Miss Ann McEver, Mmes. F. V. Bourland, Cordia Lambert, J. W. Dillard, C. M. Martin, Adams, C. A. Strong, W. E. Herweck, Joe Dennis, Cora Arrendale, Flake Turner, Williams, McGown, T. J. Anderson, Gladys Marton, O. R. Gafner and three visitors, Mmes. George Williams, L. D. Tankersley, and Ruth Smith.

BRANDS OF HISTORY — Although none of these brands are recorded in Eastland County, they do illustrate the history of branding. At upper right is the three cross brand of Hernando Cortez, conqueror of Mexico. It was the first brand in North America. At lower left, is the famous XIT brand of Texas, representing a cattle empire which once contained three million acres. The HC brand at lower center was the first recorded in Texas, and belonged to R. H. Chisholm, of "Trial" fame. The brand at lower right is the King Ranch's famous Running W.

780 Cattle Brands On Record in County

By LARRY GOLDSTON

Now days very few people have use for the branding iron—we use more automobiles than horses. There are only 780 brands registered in the county clerk's office.

In 1943 the legislature passed a law stating that all persons using livestock brands had two years to re-register previously used brands. If in the two year period this was not done, the brand could be used by anyone who did register it.

March 7, 1874, was the first listing in the county record of any mark recorded, the mark was a "v" wedge on the ear, and the men were S. H. Edwards and W. R. Todd.

The first actual brand recorded was in March 26, 1874, by J. H. Hyman, his brand was on the left hip and it was composed of his initials, JHH.

A new type branding iron was introduced a few years ago—the iron was dipped in

acid and then placed on the hip, leg, or shoulder of an animal.

This type was supposed to help reduce the pain of the older type of brand, but an estimated 85 per cent of the brands used today are of the burn type.

The acid brand is not always as successful as the burn brand because the hair will grow back over the mark in some instances, it is regretted.

A brand is part of a man's estate. The cost of registering a brand is 75 cents.

On May 12, 1874, J. L. Duffer was a mighty busy man. He registered his brand (-4) and was married the same day.

The first county sheriff, I. P. Schmick, also registered his brand, which was "IKE," on the same day as Mr. Duffer.

The League of Nations was established on June 28, 1919, and dissolved April, 1946.

be accented, unless a physician prescribes otherwise.

Body fluids lost through perspiration during a hot day must be replaced or painful stomach cramps will result. Fruit juices — two or three glasses per day — makes a pleasant way to make up the loss.

The body also loses salt through perspiration, so if work or exercise causes profuse sweating, salt tablets are called for to replace that lost. Salted nuts or crackers might be used for the same purpose. Rest is important during hot weather.

It is smart to exercise moderately all year around. But it can easily be overdone in the summer. Common sense dictates that hard yard work or active sports should be confined to cooler parts of the day.

Sunday School Class Meets In Clem Home

The SS Class of the First Baptist Church met Monday evening at 7:30 for their monthly business and social meeting in the home of Mrs. Lloyd Clem. The opening prayer was led by Mrs. T. J. Anderson. The devotion was given by Mrs. Mildred Williams. It was entitled "Sinfulness of Sin." The scripture, Romans 7:13 was read.

Mrs. S. T. Williams, chairman of the nominating com-

Facts About RJC

Ranger Junior College's Music Department, under the chairmanship of Kenneth Alford, will be housed in the National Guard Armory for the coming year.

The college has secured a lease on the building, which will provide much needed space for the department.

Roger Martin, band director, will have his office and practice rooms in the building.

Alford will teach piano, organ, voice, brass instruments and will train and direct choral groups.

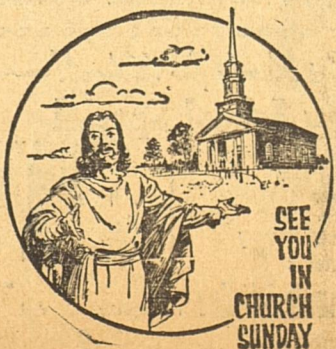

Martin will train and direct all divisions of the band.

Ranger Junior College band will number between 60 and 65 students this year and will assemble here on September 1 to begin preparations for the football season.

The band will march in the Fourth Annual Peanut Bowl parade on September 14, in Eastland, and participate in the half-time activities.
