BARBECUE AND TRACTOR SHOW HERE ON SEPT. 2

Events Will Be Held in Connection With Farming Conference.

Saturday, Sept. 2, has been decided upon as the date for the Farmers' Conference to be held here under the auspices of the New Chamber of Commerce and an effort is being made to invite every farmer in this territory personally or by letter.

Business sessions in the auditorium of the First Baptist church in the forenoon will be followed in the afternoon by a big barbecue and tractor demonstration by the Leveille-Maher Motor company, Secretary Albright announces. As a special feature an effort is being made to have Clarence Ousley, late senatorial candidate, and farm expert, here for an address.

The morning session of the conference is to be given over to an open forum at which the farmers of the entire section and the business men of Ranger will have an opportunity to express their ideas as to how to obtain the greatest benefit from active co-operation. Committees are then to be appointed to work out plans for such co-operation as suggested at the meeting.

SUNDAY BLAZE DAMAGES NINE AUTOMOBILES

Nine second-hand cars and one Ford tractor, belonging to the Leveille-Maher Motor company, were badly damaged shortly before 3 o'clock yesterday afternoon when fire partially gutted a frame garage building on Main street. The damage to the cars is estimated by Ed Maher at \$2,500, with only a small portion covered by insurance. Origin of the fire could not be ascertained but is thought to have been from a short circuit in the wiring of the worst damaged car.

Flames were discovered and an alarm turned in to fire headquarters just as the fire trucks returned to the station from a call to 513 South Hodges street, where two automobile tires in a small garage had managed to catch fire.

Two gasoline tanks exploded in the Leveille-Maher garage, setting the whole interior to blazing just as the department arrived on the scene. Water lines were run into the building and the blaze promptly extinguished, Commissioner Cole and numerous others witnessing the work of the department took occasion following the fire to congratulate Chief Friedman and his men on their efficient work.

The department was called out again this morning to 409 Hunt street when the roof of a small dwelling had caught fire in several places from sparks. The blaze was extinguished with several buckets of water before it had an opportunity to gain any headway.

ALABAMA BANKER ARRESTED AT DALLAS

DALLAS, Aug. 21.—Webster B. Heidt, 34, alleged embezzler of Gadsden, Ala., is held in the county jail here today, awaiting return to Alabama to face a grand jury indictment said to have been returned against him at Gadsden.

Heidt is alleged to have misappropriated \$25,000 of the funds of the First National bank there while acting as savings teller.

Heidt, when taken into custody here, was running a small eating house. Local authorities say that he has admitted his identity but denied the charges against him. He has agreed to return and face the charges without opposition.

Heidt's wife and three children live at Guntersville, Ala.

SEAPLANE LEAVES U. S. MIAMI, Fla., Aug. 21.—Lieutenant Walter Hinton, on the giant seaplane Sampaio Correia, hopped off from West Palm Beach this morning at 10:15, expecting to reach Nassau in a couple of hours. The pilot and crew had a good rest last night and machinists reported the plane in good shape for a pleasant voyage to the Bahamas.

BIELASKI IN U. S. HOUSTON, Aug. 21.—A. Bruce Bielaski, former chief of the bureau of investigation of the United States department of justice, accompanied by Mrs. Bielaski, arrived here from Mexico yesterday. They later departed for Washington by way of New Orleans.

INFLATION OF FIVE-CENT CHECK ENRICHES MUNICIPALITY \$67.80

The inflation of a 5-cent check issued by Smith Bros., road contractors, to Doris Borozo last week, this morning resulted in the city adding \$67.80 to the municipal till, following a drastic deflation process indulged in yesterday by four Mexicans who met on the T. & P. railroad tracks.

The inflation began last week when Pedro Segero was unable to see how such an imposing slip of paper could call for less than \$5 and thereupon cashed it for this

amount. Rudego Gomez, Daniel Fergus and Juan Morale, according to the police interpretation of their names, are also said to have taken a flier at the check, impressed by its appearance and paying no attention to the naught which preceded the 5 thereon. The four met on the tracks and the deflation was in full progress when the police arrived. Segero, charged with simple assault, was fined \$20.70 by Judge Flewellen and the others were assessed \$15.70 each.

DAY AND NIGHT JOLLIFICATION TO MARK END OF BASEBALL SEASON

A big jollification to mark the end of the baseball season here on Friday, Sept. 1, is being planned by the Lions and Rotary clubs, with Gus Coleman of the Rotarians as generalissimo.

There will be something doing from noon till midnight of that day, the committees assert, with the afternoon festivities centering about the ball game, and a big dance in the Gholson at night to round out the day.

A varied program will be offered at the ball park during the afternoon, making an exhibition of fun as well as skill. There will be a field day, in which the players of both teams will try for prizes in long distance throwing, circling the bases, fungo hitting and other baseball feats. There will be a shetland pony

race, donkey race, and trick riding by Gene Reynolds.

As a finale, a battle royal and a greased pig race will add to the diversion.

During the program, the band will dispense its melodies.

In the evening, open house to all will be held at the Gholson, with good music, and refreshments added to stunts and real Ranger hospitality to make the gathering a festive one. As an added attraction to downtown crowds, the merchants will have their windows filled with the advance styles for fall and winter wear.

The event is sponsored by the two civic clubs, they announce, for the promotion of good will, good fellowship and county-wide acquaintance, and all residents of the section are invited.

USE SAME BAIT THAT LURES TRADE AWAY, RANGER MERCHANTS TOLD

"If I were a merchant in Ranger, I would use the same bait with which I lured my trade away," says one of the latest contributors to the "Buying in Ranger" contest of the Retail Merchants' association. "I would have as good salespeople as he has, I would advertise as much as he does—in fact, I would be his understudy."

With only four more days in which to submit entries in the "Buying in Ranger" contest, the association is anxious for all who have any ideas to the subject to send them in.

"It does not matter what phase is presented," Secretary Karl Jones said this morning. "Shoppers in Ranger are invited to tell why they do. Those who do some shopping elsewhere are invited to tell why. The Ranger merchants have a double purpose in mind in this contest. They want to convince a lot of persons that there is no good reason why their purchases should be made elsewhere, and to try to get the customers' viewpoint if any of them are dissatisfied with the service rendered."

The contribution quota above, by a coincidence, covers both these phases. It says:

"Believes in Co-Operation. "When Ranger Dollars go skylarking on the Main street of some other town, it's a sure indication that the spirit of co-operation between dealer and consumer is lacking in the home town. Both are to blame. The con-

sumer should learn to trade at home and the merchant should learn to sell at home. Co-operation is something that cannot be bought like boots and shoes. It must be developed from a group within having identical business interests—in other words, it's "swapping dollars," and if you swap with your home merchant the dollars begin to circulate, and circulating dollars mean good business. Were I a merchant in Ranger, I would study the methods used by the city merchants in luring my trade away, and use his bait. I would conform to his prices. I would have as good salespeople as he has, I would advertise as much as he does—in fact, I would be his understudy. I would lose my reputation of maintaining boomday prices, and I would see that my own family shopped in Ranger.

"The reason folks trade elsewhere is that they are hunting better bargains, and a greater variety of selection. It's up to the trade missionaries of Ranger to bring a lot of these to the mourners' bench and convert them to the wisdom of buying in Ranger. Co-operation can be effected, but until it is effected the trains still run east every day."

Entries in the "Buying in Ranger" contest should not exceed 250 words in length and must be in the Merchants' association offices by Friday noon. Cash prizes of \$10, \$5 and \$2.50 are offered to the winners.

SIX SHOT AS NEGROES FIGHT IN K. C. STREET

By United Press.

KANSAS CITY, Mo., Aug. 21.—Six persons were wounded and pedestrians and motorists panic stricken when two negroes fought a gun duel in a downtown section here today.

L. A. Brasher, one of the participants, said the trouble started when Fred Johnson attacked him. Brasher and Johnson were both wounded in the shooting which followed. Bullets struck four bystanders.

PRISONER SUICIDES ON FORT WORTH STREET

By United Press.

FORT WORTH, Aug. 21.—Breaking away from two police officers who had him in custody, C. J. Simpson, 31, said to be from Little Rock, Ark., swallowed poison yesterday afternoon on a downtown street. He died a few minutes later. Police intended to detain him at the request of his brother, who lives in Georgia.

PUP SUSPECTED OF RABIES TAKEN TO AUSTIN ALIVE

By United Press.

Carl Cooper, garage man on the East Side, bitten Saturday by a puppy, left yesterday for Austin to have the dog examined for rabies. Mr. Cooper was working under his car when the puppy is said to have bit him twice. It is thought that the pup was bitten by another dog which was killed without any examination for rabies.

CHAUTAQUA, N. Y., Aug. 21.—Fire that swept the three-story frame garage of the Chautauqua institute, destroyed 150 autos valued at \$260,000, razed the structure and threw 7,000 persons into panic. It all happened within a half hour.

The first sign of the impending blaze came when a number of gasoline tanks began to explode.

THE WEATHER.

East and West Texas—Tonight and Tuesday, fair.

I. W. W. Charged With Indiana Train Wreck

William Z. Foster's Offices Are Raided and Radical Propaganda Is Found.

CHICAGO, Aug. 21.—Offices of the Trades Union Educational league were raided and correspondence and private papers of William Z. Foster, head of the league and one of the foremost radical leaders of America, were seized by the states attorney and detectives late last night, following investigation into the wrecking of a Michigan Central train at Gary, Ind., early yesterday, and the discovery of two sticks of dynamite on the Pennsylvania railroad tracks.

Foster was said to be in Joliet, where it was reported he spent several days after he was ordered out of Colorado by state authorities.

Propaganda Revealed.

Examination of Foster's papers, the state attorney stated, bare widespread "one big union" propaganda among railroad workers and gave valuable information concerning a systematic series of radical meetings in railroad centers. No arrests were made at the time of the raid, but a long list of names of radical leaders was unearthed.

The state's attorney's investigation began immediately after report of the Michigan Central wreck was received here along with a report by railroad officials that the train had been deliberately derailed. Spikes were removed from the ties, railroad officials stated.

The express train, the engineer and firemen of which were killed when the engine and cars piled up, was running five hours late and an hour ahead of one of the fastest New York-Chicago Limited. It was believed the pilferers planned to wreck the passenger train.

Many Strikers I. W. W's.

Many members of the Industrial Workers of the World are numbered among the railroad strikers and a number of them have "demonstrated their objection to military despotism by quitting their jobs," according to a statement of Martin Carlson, general secretary of the Railroad Workers' Industrial union, a part of the I. W. W. organization, according to an announcement by the general committee today. Carlson's statement was called forth by a recent statement of Attorney General Daugherty that he believed there was a relation between the railroad strikers and the I. W. W.'s and that "there were indications that the I. W. W.'s are willing to take over some responsibility of train transportation and even the government itself in the West."

Carlson was quoted as saying that the I. W. W.'s were "willing and eager to take over all the responsibility for railroad transportation and for the conduct of all other productive industries." He denied, however, that the organization sought control of the reins of government.

BARTON SAYS TROPS NEEDED AT DENISON

By United Press.

AUSTIN, Aug. 21.—Adjutant General Thomas D. Barton returned to Austin today from Denison and made an official report on the strike situation there to Governor Neff. Barton stated although the situation at Denison is quiet, there is little indication that state troops could be removed without danger of violence.

FLEET OF PLANES COMBING OCEAN FOR VANISHED FLYERS

By United Press.

KEYPORT, N. J., Aug. 21.—A fleet of seaplanes roared away from the hangars of the Aero Marine Airways, Inc., today, and sweeping low over the surface of the Atlantic and lower New York bay, began searching for a sightseeing plane carrying one passenger and two mechanics, missing 24 hours.

It is feared that if the plane has been forced to descend on the water, those aboard will be found dead, even if the machine is located, as high seas have prevailed all during the period the craft has been missing.

The identity of the passenger was not learned early today.

STRIKE GUARD'S SLAYER SURRENDERS AT EL PASO

EL PASO, Aug. 21.—Walter R. Petty, special officer of the Texas & Pacific, who shot another strike guard, Henry Dillon, here Saturday, was today docketed on a murder charge. Petty gave up last night after posses failed to catch him,

CARPENTER KILLED WHEN HURLED FROM TRACK BY T. & P. LOCOMOTIVE

C. L. Lack, 60, carpenter, was knocked from the Texas & Pacific main tracks and almost instantly killed yesterday afternoon when struck by the west bound 1 o'clock train as he was walking west on the tracks near the freight depot, accompanied by a companion. Accounts differ as to whether the carpenter was walking on the track at the time he was struck, unconscious of the approaching train, or whether he was on the left side of the track and was attempting to cross over when he was struck and hurled to the other side of the right of way.

Although his neck and both legs were broken, his body crushed and two holes knocked in his head, Lack continued to breathe until he had been rushed to the Clinical hospital in Milford's ambulance.

With Texas Company.

The dead man had been employed by the Texas company in the construction of a house and is the great uncle of Onis Littlefield, an employee of that company. He is also survived by a brother, L. J. Lack, of Millsap, to whom the body was sent at 1 o'clock this afternoon.

Several of his acquaintances stated that Lack had had a "pre-arrangement" he was going to be killed and in remarking about it, declared that he was anxious to get home and see his people before anything happened to him.

The accident was witnessed by a number of persons in the vicinity of the station, who testified before the inquest held yesterday by Justice of the Peace McFatter that Lack and another man, supposed to have been a Mexican, were walking down the track in front of the train and that Lack's companion leaped to the left of the right of way but that Lack apparently did not hear the whistle and made no effort to get off of the track. Justice McFatter has been unable to find Lack's companion.

C. C. Calloway, Commerce street restaurant keeper, who witnessed the accident, declared that he was walking down the track at the time a short distance from Lack and his companion but that he did not see whether the two men were walking in the middle of the main track or whether Lack was walking to the left of the track and had attempted to cross over in front of the train.

He explained that he had heard the train coming and had stepped to the left of the track, turning just in time to see Lack hurled to one side of the track by the locomotive. Lack, he said, was slightly hard of hearing but not deaf and he was unable to account for his falling to hear the train.

PREMIER HINTS THAT FRANCE WILL REJECT GERMAN MORATORIUM

By United Press.

BAR LE DUC, France, Aug. 21.—Independent action by France against Germany if the reparations commission grants a moratorium was hinted today by Premier Poincaré.

The premier addressed the general council of the department of the Meuse here. The premier also suggested the advisability of calling an allied financial conference in which the inter-allied debt question would not be mixed with the German reparations problem. This phase of his address was interpreted to mean that the United States should be asked to participate in the next parley.

MOTORLESS PLANE WILL 'LIFT MAN BY BOOT STRAPS,' INVENTOR SAYS

BY FRANK GETTY. (Copyright by United Press, 1922.) NEW YORK, Aug. 21.—An American motorless airplane, capable of rising from and lighting upon water, lifts himself by the bootstraps from he put through a series of tests, which if successful, will far outdo anything in the glider line, where fliers start from mountain tops, Glen H. Curtis, pioneer in the flying world, stated today in an exclusive interview.

Praising German achievements at Gersfeld, where an airman remained aloft two hours and 10 seconds in a motorless plane, Curtis stated he expects shortly to demonstrate a glider in which the pilot "literally has been completed and will shortly

BEER QUAFFERS FOOLED SELVES

By Associated Press.

JOHNSTOWN, Pa., Aug. 21.—Mayor Cauffield's invitation to saloonkeepers and brewers to sell real beer and ale failed to bring a flood of pre-prohibition beverages in Johnstown, according to reports of federal prohibition agents today. E. A. Spragg, agent in charge of this district, reported he had seven men on duty going over the situation but no arrests had been made.

The inquiry, he said, would be continued but he thought the brewers and saloonkeepers had been too wise to violate the federal law. Many saloonkeepers and other drinking establishments reported their customers as ordering the real article. The dry sleuths were on the job and Spragg said he believed all beer produced was within the confines of 1-2 of 1 per cent.

FOUR FEMALE FLOGGERS PUT UNDER ARREST

FORT WORTH, Aug. 21.—Lurid reports sent out from Fort Worth and Dallas last night regarding the alleged kidnaping and beating of Miss Halile Hinkle, 35, by strikers at the Miller Manufacturing company plant were declared false today by Police Chief Hamilton, following an investigation.

It was reported the woman was taken to the country, stripped, tied to a tree and beaten with barbed wire and then left lying nude and unconscious beside the road.

Four garment workers were under arrest in the case today under assault charges. All made statements to the police corresponding as to details. The statements indicated Miss Hinkle got in an automobile at the women's request, was taken about 10 miles from town and beaten. She was then brought back to the city, it was stated. The four women arrested for the beating gave the names of: Vida Stuart, Mrs. E. M. Cole, Dorothy Morning and Faye Turner. They stated they had been warned by officers of the Garment Workers' union not to resort to violence in the Miller Manufacturing company walkout.

MANY COUNTIES SEEK STATE HIGHWAY AID

By United Press.

AUSTIN, Aug. 21.—Large delegations are here today attending the regular monthly meeting of the state highway commission, asking for federal and state aid for highways. The commission has a very limited amount of money to apportion and no new projects will be financed.

Counties asking for aid at this meeting are: Washington, Hays, Jefferson, Guadalupe, Cass, Bowie, Brazoria, Reeves, Jasper, Harden, Sabine, Newton, Harris, Wilbarger, Trinity and Hall.

AUTOIST SHOOTS TWO YOUNG MEN; CLAIMS HOLDUP

Wichita Falls Oil Worker Surrenders After Encounter With Bellevue Boys.

WICHITA FALLS, Aug. 21.—George Hester, 19, was shot and killed and Albert Allman, 21, was seriously wounded, Sunday night on a public road near Bellevue, in Clay county. Allman is not expected to recover. Both men lived at Bellevue. Immediately following the shooting, A. Lewis Sullin, an employe of the Magnolia Petroleum company of Wichita Falls, surrendered to the Clay county officials.

In a statement to officers, Sullin stated that he was returning from Fort Worth. After leaving Bellevue a car with two men passed him and after a few minutes told Sullin to throw up his hands, according to his statement, whereupon he began shooting. Sullin stated that he became suspicious when the car turned back and had his gun in his hand when the men approached.

COAL PROBE COMMISSION IS PLANNED

By Associated Press.

WASHINGTON, Aug. 21.—A bill to carry into effect President Harding's recommendation for a government investigation of the coal industry was introduced today by Chairman Winslow of the house commerce committee, after a visit to the White House.

The measure would create a commission of nine members, to be known as the United States coal commission, for the purpose of obtaining information regarding all questions and problems arising from and in connection with the coal industry. No members of congress or any person who is interested in or is connected with the industry would be eligible to serve on the commission. The salary of commissioners would be at the rate of \$10,000 a year, and the commission would cease to exist one year after the act took effect.

Chairman Borah of the senate labor committee issued a call for a meeting of his committee tomorrow to take up the president's recommendation for a coal fact-finding committee. Borah hopes to get action on his bill, which the President has approved on the whole, which differs in some things from the Winslow measure.

INDICTMENTS EXPECTED FOR HERRIN MASSACRE

By Associated Press.

MARION, Ill., While refusing to go into details, States Attorney Dwyer today said he expected a number of indictments to be returned by the special grand jury which will investigate the Herring massacre. The investigation will get under way next Monday. Special deputies, whose names have been withheld, are notifying the grand jurors of their selections.

ILLINOIS CONFERENCE HOPEFUL OF AGREEMENT

By Associated Press.

CHICAGO, Aug. 21.—Hope for an agreement between Illinois operators and miners by tomorrow was expressed by both sides shortly after noon. It was announced officially that the operators had to some extent receded from their position on arbitration.

PRESIDENT INDORSES MILITARY TRAINING AS PEACE GUARANTEE

By Associated Press.

WASHINGTON, Aug. 21.—President Harding in an address here today to citizen soldiers of Camp Meade, Md., declared he favored military training for more than 100,000 civilians annually, not for any prospective aggressive war but to preserve peace. The President called attention to the fact that 23,000 civilians had been afforded military training this summer, compared with 11,000 last year. He said the review had given him new confidence but added that there was not a thought in the nation for armed warfare, the nation being concerned solely in keeping the peace of the world.

He declared the boys had benefited by the discipline, asserting that all Americans might well be benefited by learning a little more of the obligation of citizens to their country.

CHICKEN LANDS WANTED.

With the planning of a get-together meeting with the farmers on Sept. 2, the Chamber of Commerce has taken what may well become the greatest forward step yet taken in bringing about co-operation of townspeople and farmers for mutual benefit. It stands to reason that if both join wholeheartedly in the undertaking, good will be accomplished. Thus one phase of agricultural advancement will be accomplished.

There is, however, another phase of farming which Ranger can advance to its own great advantage in the future. That is, the making of farmers out of salaried workers who have a desire to "work for themselves." Many men of this tendency are seeking an outlet through chicken raising, and the growth of this industry in the last two years has been remarkable. It is now only in an elementary stage, to be sure, but the success thus far obtained has turned the eyes of many persons to this occupation. If they were encouraged and aided, it is quite probable that chicken raising would become an organized industry in this section, and within a short time.

There is idle land in the vicinity of Ranger which would be ideal for chicken culture. There are many persons who are ambitious to start if they could obtain land at a nominal cost. Why shouldn't Ranger bring the landowner and the chicken fancier together? Many men, if they could obtain the ten acres or so of land necessary, at a nominal cost, would like to start in. They are held back by the presumption that a price beyond their means would be asked for the ground.

Farm land prices in this section are an unknown quantity at this time. Perhaps they are not so high as some persons think. In that case, a way is offered. Suppose the pioneer chicken raisers were offered plots at a nominal cost. That would enable them to set themselves up in business. The example of their success would spur others on. That would raise the value of surrounding lands. Thus owners of idle real estate would receive returns in the enhancement of their property.

After Ranger has had its get-together with the farmers it might well have one of landowners and would-be poultry culturists, to work out plans for mutual benefit.

Roscoe Arbuckle says he is disgusted with motion picture conditions in the United States. They are pretty bad, but Mr. Arbuckle's announcement that he is leaving the country encourages the hope that they are about to become better.—Kansas City Times.

Prohibition, which was expected to empty the jails, is apparently filling the world at large with rum runners and bootleggers who ought to be in them.—Philadelphia Record.

By the way, has Mr. Wilson made any public utterances touching up and appertaining to Jim Reed's victory in Missouri?—Birmingham Age-Herald.

**MAN FREED BY MOTHER
 LOVE, LEAVES PRISON**

LEAVENWORTH, Kan., Aug. 21.—Efforts of Mrs. Margaret Anderson, 63 years old, who traveled afoot last January from Sioux Falls, S. D., to Washing, D. C., to ask President Harding to pardon her son, were rewarded when her son, Joseph Anderson, 19 years old, left the federal penitentiary here pardoned by the President.

Anderson was serving a two-year sentence which began October 4, 1921.
 Mrs. Anderson had searched more than two years for her son, trudging across country and visiting virtually every penitentiary in the United States. In January, 1921, she found her son serving a sentence at the disciplinary barracks at Fort Leavenworth for desertion and fraudulent enlistment.

At the completion of his sentence in the military prison, Anderson was rearrested at the prison gate by Sheriff Ross Wilson, who had authority from Cheyenne, Wyo., where he was wanted on a charge of postoffice money order forgery.

**FIVE-DOLLAR BILL
 WEARS OUT IN 10 MONTHS**

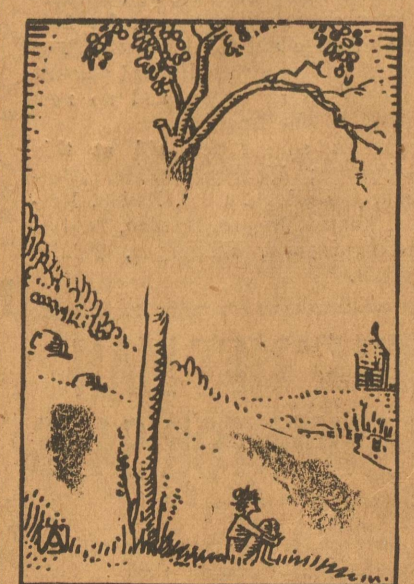

Paper money wears out rapidly and has to be replaced frequently. The life of a five-dollar note, for example, is on the average about ten months, and in New York City is about two months less than the average, owing mainly to the more rapid rate at which it circulates. This same tendency is seen in the higher rate at which bank deposits turn over in New York than in other parts of the country.

The work of keeping the paper currency in good condition is done very largely by the Federal reserve banks, which in the course of their daily business handle all forms of currency and coin, eliminating that which is unfit for further circulation. This service is a large item in their annual cost of operation. Last year, for instance, the supply of currency and coin caused an expenditure at the Federal Reserve Bank of New York amounting to about \$2,875,000, of which somewhat more than one third represented the cost of printing new Federal reserve currency to replace worn notes in circulation and to increase supplies unissued and on hand.—Federal Reserve Monthly Review.

SHUT YOUR EYES

This is a funny little stunt enjoyed by old and young. If one has never tried it, it is very amusing to learn how difficult it is to find anything or judge distances with one's eyes shut. First place a piece of paper on the floor before you, shut your eyes, walk backward two steps, then try to walk to the paper and pick it up. Stick a pin in the wall about four feet up and try to pick it off blindfolded. Stand about five or six feet away from a table, shut the eyes, and try to walk up to it without knocking against it. Many other things may be devised to show how dependent we are upon sight.

**DOG HILL PARAGRAPHS
 BY GEORGE BINGHAM**

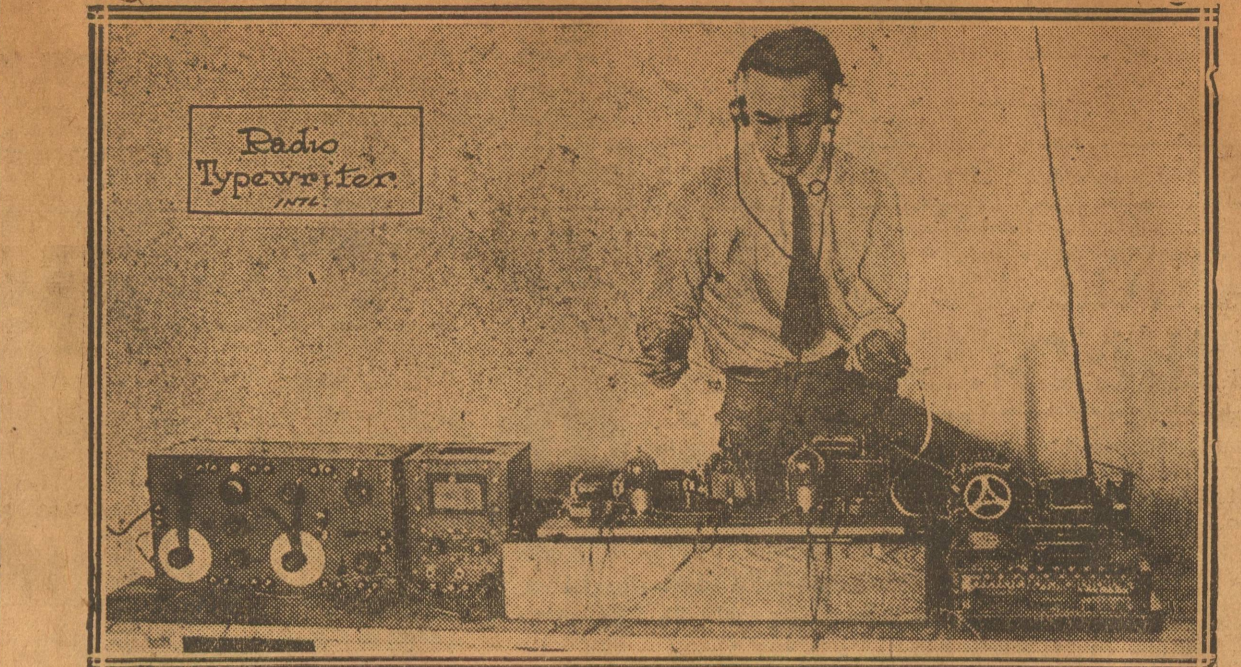

Sim Flinders reports he has a curiosity at his home in the shape of a boy who can go out and sit under a green apple tree without eating any.

Frisby Hancock says if he ever runs out of anything to worry about he is going to take up the vast amount of pepper that is blown away by electric fans in restaurants.

Atlas Peck swapped horses with the Blind Man of the Calf Ribs neighborhood last Monday. Atlas says the Blind Man never will know the difference anyhow.

Radio Typewriters Success on Planes

Typewriting in an aeroplane flying high in the clouds, with radio machinery reproducing the letters at a receiving station miles away, is the most recent development in wireless, as announced by the U. S. navy department. The receiving station is pictured with its vast array of instruments used in picking up typewritten radio messages.

**Used Small Gun
 So She Wouldn't
 Kill, 'Daddy' Told**

By United Press.
 NEW YORK, Aug. 21.—"Oh, Daddy, don't die. If I had wanted to kill you I'd have used a bigger gun." With these words, Mrs. Sarah Berlin, divorced, flung herself upon the body of Mose Schneider, an unmarried man, whom she had just shot because he would not support her child, she told police today.
 Mrs. Berlin and Schneider, who will recover, had been living together, she told officials. After the man had repeatedly refused to marry her, the woman wrapped a revolver in a fur piece to muffle the sound and shoe four times at Schneider as he lay asleep, she stated.

**SOME FOLKS WANT
 RUTH AND CHAPLIN
 TO ADORN STAMPS**

WASHINGTON, Aug. 21.—Among the suggestions received by the Post Office Department for designs on the new stamps are many that likenesses of Babe Ruth and Charlie Chaplin decorate them.
 These suggestions are being considered, of course, but thus far Theodore Roosevelt and Abraham Lincoln are running far ahead of the baseball and movie stars.
 Several think a stamp depicting a flivver with an eagle on the radiator would be just the proper thing. One genius suggests printing triangular stamps, perforated down the centre, with a "two" on one side and a "one" on the other, so that the purchaser would be provided with a three-cent stamp, a one and a two to be used at his option.

**ARMOUR WILL HOLD
 KANSAS CITY STOCKYARD**

By Associated Press.
 WASHINGTON, Aug. 21.—Secretary of Agriculture Wallace today ruled that the Mistletoe stockyards at Kansas City, operated by the Fowler Packing company, a subsidiary of Armour & Co., was not a public stockyard and as such was not under the jurisdiction of the department of agriculture.

Bryan has had his hair cut for the first time in years and says he feels better. He is entitled to feel that way for having made the public feel better as a result of the retired life he has been leading.—Pittsburgh Gazette-Times.

**FOREST FIRES
 BEING FOUGHT
 WITH SHOVELS**

By Associated Press.
 DULUTH, Minn., Aug. 21.—With the forest fire situation well in hand, a concerted effort was begun today by forest rangers and others to combat the peat bog fires, which have been mainly responsible for the early season fires in the woods of northern Minnesota. Armed with 500 shovels, the rangers were digging in peat bogs to get at these fires and drown them out with water.
 Three hundred national guardsmen are in the Kelsey fire zone today assisting the rangers.

**BOY BLACKMAILER VALUES
 LIFE OF WOMAN AT \$5**

NEW YORK, Aug. 21.—All the value of Harry Barondess, 18, placed on the life of Mrs. Anna Liferstein, a laundry owner, was just \$5. According to detectives, Barondess indicated a missive to Mrs. Liferstein, telling her if she didn't send this sum her life would be endangered.
 When a messenger boy returned Barondess an envelope with blank paper inside, the letter writer was arrested. Magistrate Douras in Essex Market court held Barondess in \$2,000 bail for blackmail.

**HERE HE IS, DIOGENES!
 BRADLEY BEACH, N. J., Aug. 21.—**

Robert Herman, Greenwood, Miss., cotton plantation owner, today picked up his wife's bathing robe, stepped down to the beach and took a dip.
 After his swim he shook the garment to rid it of sand, and then found on the beach a chamois bag containing \$8,000 worth of jewels. He turned it over to police and went home.
 Before lunch he casually mentioned the incident, and his wife promptly fainted. They were her jewels which he had given to her years ago and forgotten. Police restored them to Mrs. Herman.

**AMERICAN AID SPURNED.
 VIENNA, Aug. 21.—A long defense of the decision of the Vienna municipality in rejecting further American aid in feeding the city's children is published by the Arbeiter Zeitung. It says this relief was invaluable during the dark days immediately following the armistice, but the position of always being aided is degrading to the city. If Vienna can support such notorious luxury, it says, it should be able to care for its children.**

The Irish Free State forces have captured Tipperary. It certainly was a long way there.—Buffalo Express.

SUES BROTHER OF MARILYNN MILLER

Just as Marilynn Miller, star of the "Sally" company, was being married to Jack Pickford, in California, Edwin D. Reynolds, Miss Miller's brother, was being sued in Minneapolis by Mrs. Lola Reynolds, who asked a divorce on the grounds of desertion and charged that another woman had won his affections. Mrs. Reynolds is working as a department store clerk at \$12 a week and asked alimony of \$75 a month and the custody of her daughter, Marilynn, named for the actress.

**BURKBANK DEVELOPS
 SIX NEW PEACHES AND
 THREE OTHER FRUITS**

SANTA ROSA, Cal., Aug. 21.—Luther Burbank, plant wizard, has created six new peaches, a new plum, a new prune and a nectarine.
 The new creations will be given to the world next year, Burbank stated.
 The new peaches are among the most luscious fruits of their class. One is almost white in color. The new plum is declared to be the sweetest of the plum group. The new prune, Burbank says, is of orange color, is very sweet and quite large. Its creator says it will dry on the ground under the tree without any need of a dipping process such as is applied in prune drying at the present time.
 Burbank will celebrate his golden jubilee of 50 years of creating new fruits and flowers next year. His first creation was the Burbank potato.

**SEVENTH-DAY ADVENTISTS
 TO VOTE FOR FIRST TIME**

KEENE, Texas, Aug. 21.—The people of Keene, Seventh-Day Adventists, having their Sabbath from sunrise to sunset Saturday, and hence not permitted to vote until after sunset, will be able to vote in the "run-off" Democratic primary Saturday by the installation of a voting box here. Formerly the townfolk were forced to go to Cleburne, four miles from here, to cast their ballots.

MORTUARY

JESSE IVAN MATTHEWS.
 Jesse Ivan Matthews, 5-year-old son of Mr. and Mrs. Ira Matthews, residing on the Texas company's Boyd lease, died yesterday morning at 4:30 at a local hospital, following an operation for appendicitis.

**S. S. S. Fills Out
 Hollow Cheeks,
 Thin Limbs!**

Men and women—whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people. It puts firm flesh on your bones, it rounds out your face, arms, neck, limbs, the whole body. It puts the hollowness from the eyes, and it fools Father Time by smoothing out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, tetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

SPORTS

LEAGUE VOTES TO CONTINUE THRU SEASON

Guarantee to be Refunded; Northern Dispensed With as President.

The West Texas league will finish out its schedule, it was decided at a meeting held yesterday in Sweetwater, four clubs—Ranger, Abilene, Amarillo and Lubbock—standing firmly on that point and the others falling in line.

The meeting was harmonious in all respects, J. C. Smith of the Ranger club said this morning, and good sportsmanship prevailed in all decisions.

In deciding on the shortening of schedule, Clovis led off with a desire to suspend activities, with the understanding that that club would be awarded the second half. Conditions were bad in that territory, it was said. San Angelo and Sweetwater also were ready to quit and Stamford was neutral.

In adjusting its finances the league decided to return to each club the \$1,000 posted at the beginning of the season, reversing a ruling made last spring that each club would contribute \$500 of this sum to a \$4,000 pot to be divided between the players of the two teams in the playoff. Instead of this purse, the players will participate in the receipts of the playoff season.

The services of President Northern were dispensed with, in the interest of economy. It was emphasized that there was no bitterness between Northern and the league, and the parting was made on friendly terms.

Sam Crowther of San Angelo, vice president of the league, presided at the meeting and will continue as acting president until the close of the season. Abilene was represented by Lloyd Thomas, who also held a proxy for Amarillo. Harry Saddler represented Stamford; J. C. Smith, Ranger; W. A. Morris, Lubbock; R. M. Bishop, Clovis; Frank Buchanan, San Angelo, and J. O. Aiken, Sweetwater.

It was developed that practically every club in the circuit had lost heavily but discussion of shortening the season found little support. Ranger has contributed about \$8,000 to maintain her team, San Angelo has an investment of some \$18,000 with \$8,000 being carried by four men of that town; Abilene is in the red nearly \$9,000, the new Stamford owner is about already \$500 in the hole, Lubbock claims a \$10,000 investment, with Clovis not far behind, and Sweetwater and Amarillo in the red about \$4,000 each.

EMPEROR OF SAHARA'S DAUGHTER AGREES TO LIVE WITH HUSBAND

NEW YORK, Aug. 21.—Jacqueline Lebaudy, 17 years old, daughter of the so-called "emperor of the Sahara," has agreed to live with her husband, Roger Sundrea, according to word received here from Paris by Jacqueline's attorneys.

French newspapers have announced that the couple have become reconciled and will soon come to America to settle the affairs relating to the \$111,000,000 Mme. Lebaudy once accused Roger of conspiring to obtain. Henri Sundrea, father of Roger, has been given full power of attorney by Mme. Lebaudy. This makes Sundrea one of the powers in handling the millions left by the "emperor" and lends new strength to earlier rumors that Mme. Lebaudy might marry the elder Sundrea.

FIRST WHITE CHILD IN NEVADA, TWAIN'S SWEETHEART, DIES

RENO, Nev., Aug. 21.—Mrs. Eugene Mara, said to have been the first white child to arrive in Carson City, Nev., and reputed to have been the sweetheart of Samuel L. Clemens when he was in Nevada, died in Carson City this week. She was 77 years old.

Today's Schedule. Boston at Pittsburgh. One scheduled.

NEVER ROBS HOUSE WHERE WOMAN STAYS ALONE, BANDIT SAYS

NEW YORK, Aug. 21.—Julius Johnson, giant negro burglar, known to the police as "The Human Fly," never forgets he is a gentleman. Far be it from him to embarrass a woman in the pursuit of his profession. Held in \$25,000 bail for a hearing, Johnson wanted this point made clear.

"I'm crooked, judge, but I always try to be a gentleman," said the prisoner earnestly "If by chance I ever get into a house at night where a lady is alone I always excuse myself and go away."

Barengat, N. J., lighthouse is the largest in America and has a light equipment equal to 30,000,000 candlepower.

FANNING WITH FARRELL

ANCIENTS IN LIMELIGHT. By HENRY L. FARRELL, United Press Sports Editor. NEW YORK, Aug. 21.—While the preponderance of evidence shows youth to be coming into supremacy in all sports, some old fellow is always stepping up to take a sock at the old theory.

When the pressure becomes great enough, John McGraw may call upon Amos Rusie to do a little pitching for the Giants. Amos keeps stowaways from getting into the grounds at night and he might be able to keep a game from getting out of the park.

If you like to be one of the discoverers of champions, just tell the boys to keep their eyes on Emil Loeffler, the young Pittsburgh holder of the Pennsylvania state open golf championship. 'Tis said he is going large in the coming amateur fracas.

Tommy Gibbons, St. Paul light heavyweight, who has been taking it easy since he lost the decision to Harry Greb in their last fight, is ready to get back in the ring. Gibbons wants another crack at the light heavyweight crown which Greb is wearing and he is willing to take on a stiff bout to prove that he is entitled to a return engagement.

Gene Tunney, former champion, and Gibbons have both challenged Greb through the New York state boxing commission and Gibbons suggests that he and Tunney meet to decide the challenger.

Very fair proposition and the commission is in favor of it. Tunney, perhaps, is not.

WEST TEXAS GAMES

GASSERS DROP TWO.

AMARILLO, Aug. 21.—Clovis tightened its hold on first place Sunday by taking a double bill from Amarillo, 5 to 3 and 12 to 7. The first game was fiercely contested, the Buzzers overcoming a three-run Gasser lead. The Gassers went to pieces in the second game, the Buzzers scoring nine runs in the fourth inning. Byers was knocked unconscious in the ninth, when Tucker scored on a sacrifice fly. Score by innings:

Table with columns: Club, P. W. L. Pct.

First game—R. H. E. Clovis . . . 000 101 021—5 8 1 Amarillo . . . 210 000 000—3 8 1

Second game—R. H. E. Sweetwater . . . 012 000 020—5 7 1 Lubbock . . . 010 141 10x—8 15 1

SWATTERS LOSE AGAIN.

LUBBOCK, Aug. 21.—Lubbock pounded Richburg and Frierson for 15 hits Sunday and won, 8 to 5. Clopp, Plagg and Guber led the assault with three hits each. Score by innings—R. H. E. Sweetwater . . . 012 000 020—5 7 1 Lubbock . . . 010 141 10x—8 15 1

EAGLES BEAT STAMFORD.

ABILENE, Aug. 21.—Hopkins, a new hurler, turned in a 4-1 victory for the Eagles Sunday. He held Stamford to four hits and struck out 11 men. Knader contributed two runs with a wild pitch and wild throw to first, and an error by Smith allowed another run.

BOYS FIND HOCH CACHE, GO ON PROLONGED SPREE

CHEYENNE, Wyo., Aug. 21.—Continued intoxication from day to day of a group of boys ranging from 9 to 12 years old led to a police investigation in South Cheyenne which resulted in the discovery of 91 gallons of moonshine liquor concealed in a barn. The boys had found the store and helped themselves. The owner of the liquor has not been identified.

MCCORMICK BUYS BRIDE A CHICAGO HOME, REPORT

CHICAGO, Aug. 21.—Harold F. McCormick is reported to have purchased a home for his bride in Lake Forest, a fashionable Chicago suburban district.

It is said the purchase was made in another name, the property to be listed under the name of Mrs. Ganna Walska-McCormick upon the couple's return from their honeymoon in Europe.

R. L. Thomas and family of Tiffin left today for Corpus Christi, where they will spend three weeks visiting with friends and relatives. They will drive through, visiting the oil fields en route.

HAVE A HEART! IS MONTENEGRO'S PLEA TO ALLIES

BERLIN, Aug. 21.—With a mere wave of the hand, the powerful Ambassadors' conference in Paris, representing the Allied Powers, has obliterated from the map of Europe one of the most picturesque little nations on the continent and which at the same time was one of the "Allies."

The Ambassadors' conference has blotted out Montenegro.

A dispatch from Paris merely stating that the conference had announced that the little realm of King Nikita, of the Black Hills, "has ceased to exist," attracted little attention. This indifferent announcement made as it was without asking the 300,000 odd population, was another evidence of the disregard of European diplomats for one of Wilson's famous 14 points, perhaps its most important point—self-determination of peoples.

The conference decided that Montenegro has become a part of Jugoslavia, that is, Greater Siberia.
In vain the Montenegrins, largely mountaineers and fanatical lovers of their independence, bombarded the Powers at the Genoa conference and the League of Nations at Geneva with appeals for a hearing. Again and again they pointed to President Wilson's "self-determination of peoples."

Comic Opera Scene.

Montenegro was the scene of Lehar's famous operetta, "Merry Widow," and Danilo, the former Crown Prince, was the hero of that beautiful musical comedy. Nikita, who as "Prince" of Montenegro, began the war against the Turks in 1876, eventually into the Russian-Turkish war and resulted in driving the Turks far back toward Eastern Europe, won the independence of Montenegro there by and the right to wear a crown and call himself king. He died a year ago.

His eldest son, Danilo, was famous for his escapades and his gambling in Monte Carlo. His second son, George, took refuge in Vienna during the war and died.

Nikita ruled his people in true patriarchal fashion of Bible times. He was King and Judge. The "Old Man of the Black Hills" was astute. He married one daughter to the Grand Duke Nikolai Nikolaievitch, commander in chief of the Czar's armies, and another to the present King of Italy.

The Austro-Hungarian government, under Francis Joseph, paid Nikita a yearly stipend to "remain good." That did not prevent the Montenegrins cutting off noses and ears of Austrian and Hungarian soldiers who fell into their hands during the almost perpetual border guerrilla warfare. The Montenegrins hated the Austrians and Hungarians with the fanaticism and characteristic of Balkan peoples.

When the war broke out Nikita joined the allied cause, but not before he had sent telegrams to his brokers that war was certain and making a nice clean-up on the stock market in Paris and elsewhere.

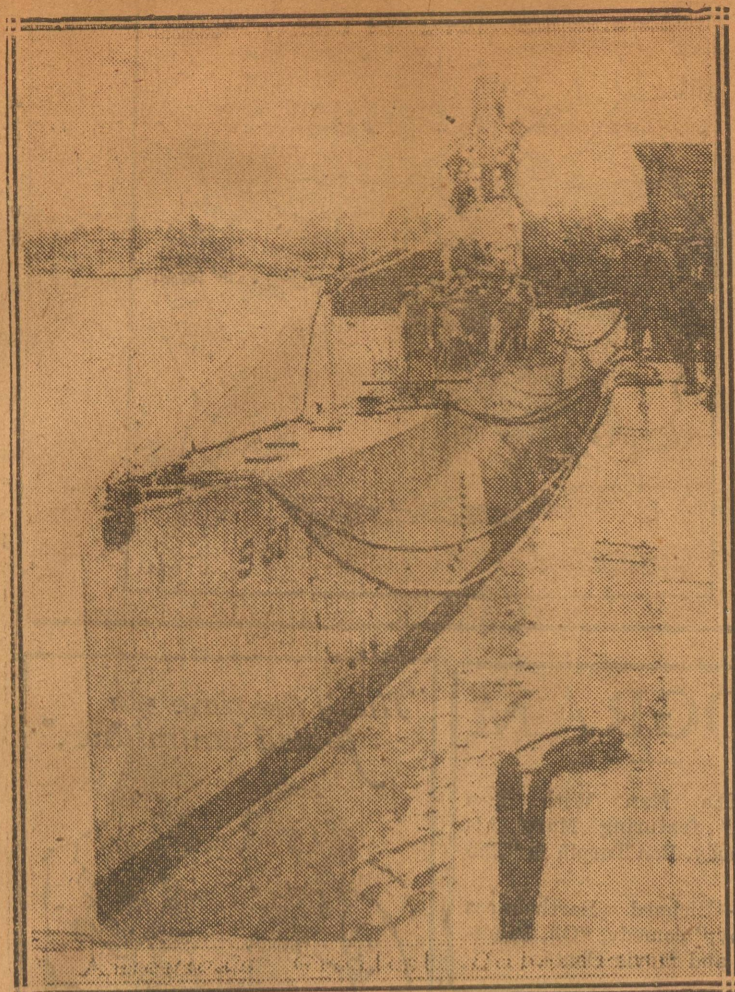

GIRLS IN ROBBER BAND LAUGH WITH DELIGHT AS FURS ARE STOLEN

CHICAGO, Aug. 21.—Thieves with an eye toward preparing for a cold winter smashed in the front windows of an exclusive cloak shop here and escaped with between \$8,000 and \$10,000 worth of furs. The robbers were in two big touring cars and witnesses said a number of women were in the band who laughed with delight as costly capes and cloaks were brought out to them.

NATURAL INFERENCE.

Ethel—The stone in Stella's new engagement ring is a carat and a half.
Clara—Is she marrying a man as old as that?—Baltimore Sun.

U. S. ACCEPTS GREATEST SUBMARINE

This is the new U. S. submarine S-50, tied up at the Washington navy yard, where it was inspected by members of the senate committee on naval affairs. The undersea boat is more than 240 feet long, equipped with every modern device, and takes only fifty-eight seconds to submerge.

G. O. P. CONGRESSMEN ARE GLOOMY AT PROSPECT OF LOSING CONTROL

WASHINGTON, Aug. 21.—Gloomy forebodings of the political future are rampant among the Republican representatives since the house reassembled Wednesday after a six weeks' recess. During the time congressmen have been home to get in touch with their constituents and "mend their fences."

Fears that the Republicans will lose control of the house in the next congress and suffer a reduction of their majority in the senate were widely expressed. Most of the gloomy ones attributed the plight of the party to "weakness of policy," and "lack of program" on the part of the President. A few of them frankly admitted that congress also has blundered and must share the blame.

Returned congressmen on the floor brought back reports to Washington of the sentiment among the folks back home. There were Republicans who had been beaten for renomination in the primaries, among them Phil Campbell of Kansas, chairman of the rules committee, an administration wheel horse, who was the center of a group extending commiseration on his fate. In the vein of "we who are about to die salute you," not a few told him they, too, had been marked for slaughter.

Uncertainty Faces Them.

There were Republicans who had won out in the primaries but are up against hard fighting for re-election in close districts; others in districts so overwhelmingly Republican that nothing short of political revolution would defeat them.

"If I am not elected there won't be 50 Republicans in the next house," said one of the latter class.

Then there were Republicans who have yet to run the gauntlet of the primaries and are worried about the

BRITISH CHANCELLOR FIGHTS CARPENTIER

Lord Birkenhead

Georges Carpentier, whose handsome face stopped Jack Dempsey's mighty right at Jersey City, has lost another decision—this time to Lord Chancellor Birkenhead of England, "keeper of King George's conscience." The results of the fight are recorded in moving picture films, and His Lordship has the films. The bout was staged at Dieppe, France, and as Lord Birkenhead returned immediately to England to attend a meeting of the reparations commission there will be no return engagement. The films won't be shown either—for Lord Birkenhead objected to his daughter, Eleanor, joining the ranks of film players with Carpentier, and he forced the fighter to give up the pictures.

are getting almost frantic with anxiety over the coal famine," said Representative Anderson, Minnesota. "How are we going to get coal?" is their cry. There will be more suffering there than in any other part of the country from lack of coal, for the northwest must be supplied with coal before navigation closes.
"I came away from my district with the very definite impression that my constituents want drastic measures adopted to put teeth in the decisions of the railroad labor board and make them enforceable," said Representative Fred Britten of Chicago.

CARD OF THANKS.

We wish to thank our friends and neighbors for the kindness shown us during the sickness and death of our brother, W. D. Coleman.

"DOUG" TAKEN AS SPEEDER WITH MARY BESIDE HIM

POMONA, Cal., Aug. 21.—Douglas Fairbanks, motion picture actor, has been arrested for speeding, it became known today. He was said to have been driving 35 miles an hour. His wife, Mary Pickford, was with him.
Fairbanks will appear for trial Aug. 22.

OCEAN FARES CUT.

NEW YORK, Aug. 21.—United States government ships have cut their rates from New York to Rio de Janeiro for the period of the Brazilian centennial, it is announced by the Munson line, which operates the shipping board vessels in the South American service. Rates, which were \$415 one way, first-class, have been slashed to \$350 for the round trip, beginning Sept. 1, it was announced.

SAVES EARS; LOSES GEMS.

NEW YORK, Aug. 21.—Rather than have her ears torn off by two hold-up men, who followed her into her garage and clutched at her diamond earrings, Mrs. B. P. Bergen, of Brooklyn, gave to them the jewels and \$3,500 worth of other gems she was wearing, she told police in reporting a robbery which, she said, took place Monday night.
