## T. & P. WILL BUILD NEW DEPOT

### REPUBLICANS CLAIM THEY'LL CARRY RANGER

#### American Party Has Strength in Southern Precincts; One Local Office.

The ballots in tomorrow's election will be of imposing length. Four political parties, the Democrats, the Republicans, the American party and the Socialists will have a place on the ticket. Three constitutional amendments will be decided. Of local importance will be the filling of the judgeship of the second justice court of Ranger.

Among all the issues, it is expected that every voter will find at least one of enough personal interest to bring the full voting strength of the city to the polls. Ranger is conceded to be a strong Republican center, and the American party has gained some followers here since its organization by Jim Ferguson, ex-governor, who heads its list of candidates as an aspirant for presidential honors.

W. D. Cowan of San Saba will be on this ticket as a candidate for congressman from this district. T. G. McGregor, American party candidate, will oppose Pat Neff for governor of the state.

In the Ranger precinct it is doubted that the new party will develop any strength, but in the southern part of the state it is expected to make itself felt. Its leaders are contending that the Republicans will take enough votes from the Democratic party to give the American party candidate a lead in the governor's race. This contention, however, is not believed by local Democratic leaders.

G. O. P. Claims Majority Here. Republican leaders over the state are counting Ranger as one city where its party will cast a majority. This forecast is based on the fact that in the primary less than half the voting population registered at the polls. Democratic leaders, however, deny this statement. Their argument that many voters had no personal interest in the candidates who were offering themselves in the elimination contest because the majority of the voters were strangers to the men themselves and to the community.

Education Brings Out Voters. The educational amendment will probably bring many voters out who have no other interest in the election, other than that the schools of the state may be placed on a higher plane.

It is said by educators that the country schools are the most important factor in American life, and that under present constitutional provisions of the commonwealth of Texas that their hands are tied. They cannot raise sufficient funds to improve their schools as they should be improved. In many sections where taxable values are high and the ground thickly settled the 50-cent tax limit now fixed by the constitution is ample. But in the thinly settled districts where the valuation is low the funds thus gained are not sufficient to support an efficient school. Leaders of the movement point that in many rural communities the school term is only four months, and the instructors employed young and inexperienced—employed only because they are willing to work for the salary that is offered. If the amendment passes it will allow such districts the privilege of raising their own rate. Each district has the option of placing the greater burden on themselves and to do it by popular vote. The amendment does not make a higher rate compulsory.

Must Write Choice. The second justice court's bench will be filled by the voters writing the names of their candidates on the ballots. Several men are making an active campaign for this place. Roger Fenlaw, who now presides over place No. 2, is the Democratic nominee for place No. 1. This second court was established by the commissioners' court since the last primary.

### LONGING FOR JAIL LIFE BRINGS BIG FORTUNE TO 'HOB'

CONCORDIA, Kan., Nov. 1.—Robert W. Patton's penchant for jails has brought him luck. He will probably share half of a \$60,000 estate, according to relatives who located him through a published interview which he gave a reporter when he sought to obtain winter lodging at the local jail.

Patton was arrested for vagrancy, and told officers he had served terms in thirty jails so far this year. He expressed the hope of bettering his record. Then Patton's sister at Seward, Nebraska, who had not heard from him for eight years, read of his longing for jail life and hastened here with an attorney. County officials were not hospitable, however, and refused to board Patton. He continued his quest to Chadron, Nebraska, where he was found yesterday. Patton will be taken to Lincoln, where the estate will be divided. The attorney told officials here that the will provided that Patton must appear here January 1, next, or forfeit his share to the estate.

### MAN BROUGHT TO RANGER ON ARSON CHARGE

H. B. Kennedy, under charge of being connected with the Pine street fire, was returned to Ranger from Waxahachie today by Desk Sergeant D. B. Daniels and is now in the city jail. Kennedy was arrested Saturday in Waxahachie on information furnished the sheriff of that town by the local police department. For the past two months he has been engaged in buying cotton at Maypearl, near the place of his arrest.

It is said that Herbert C. Kay saw the man who fired the Prince Rupert hotel, which was the starting point of the Pine street fire. A sworn statement has been secured from Kay and the arrest of Kennedy followed the information thus gained.

It is expected that an examining trial will be given the man this afternoon. The man arrested in Ranger will hold for investigation was shown to have no connection with the fire, and he was released without a charge being filed.

### MAN BURNED TO DEATH IN SEYMOUR FIRE

Special Leased Wire. SEYMOUR, Texas, Nov. 1.—H. C. Whiteside, a real estate man, was burned to death and two others are missing in a fire which early this morning destroyed the McLain hotel here. The building and contents are a total loss. Many of the rooms were narrow escapes. The McLain was a three-story structure. It caught when a coffee urn exploded in the majestic cafe, which occupies one of the first floor store rooms.

### NATIONS' GOVERNORS MEET IN DECEMBER AT HARRISBURG, PA.

By Associated Press. MADISON, Wis., Nov. 1.—State governors will consider housing problems and ways to promote ownership of homes in their twelfth annual conference at Harrisburg, Pa., Dec. 1 to 3. Other subjects coming before the governors this year, as announced here by Miles C. Riley, secretary of the conference, are:

Decentralization of government functions and activities, in relation to the developing tendency toward centralization in the national government.

The Kansas industrial relations court. Sources of income and the disbursements of state governments.

The general agricultural situation. Reports will be presented to the governors from the commissioners on uniform state laws and the national organization of state railroad commissions.

"The coming conference promises to be one of the most largely attended and important gatherings of governors of our states that has ever been held," according to Secretary Riley. "Not only will most of the present governors be in attendance, but a large number of new governors, to be elected on Nov. 2."

"The conference will be held just prior to the convening of legislatures in most of the states, and will be of great interest to the governors who must submit their recommendations to these bodies."

### MUST CURB METHOD ON DRY AGENTS IN GETTING EVIDENCE

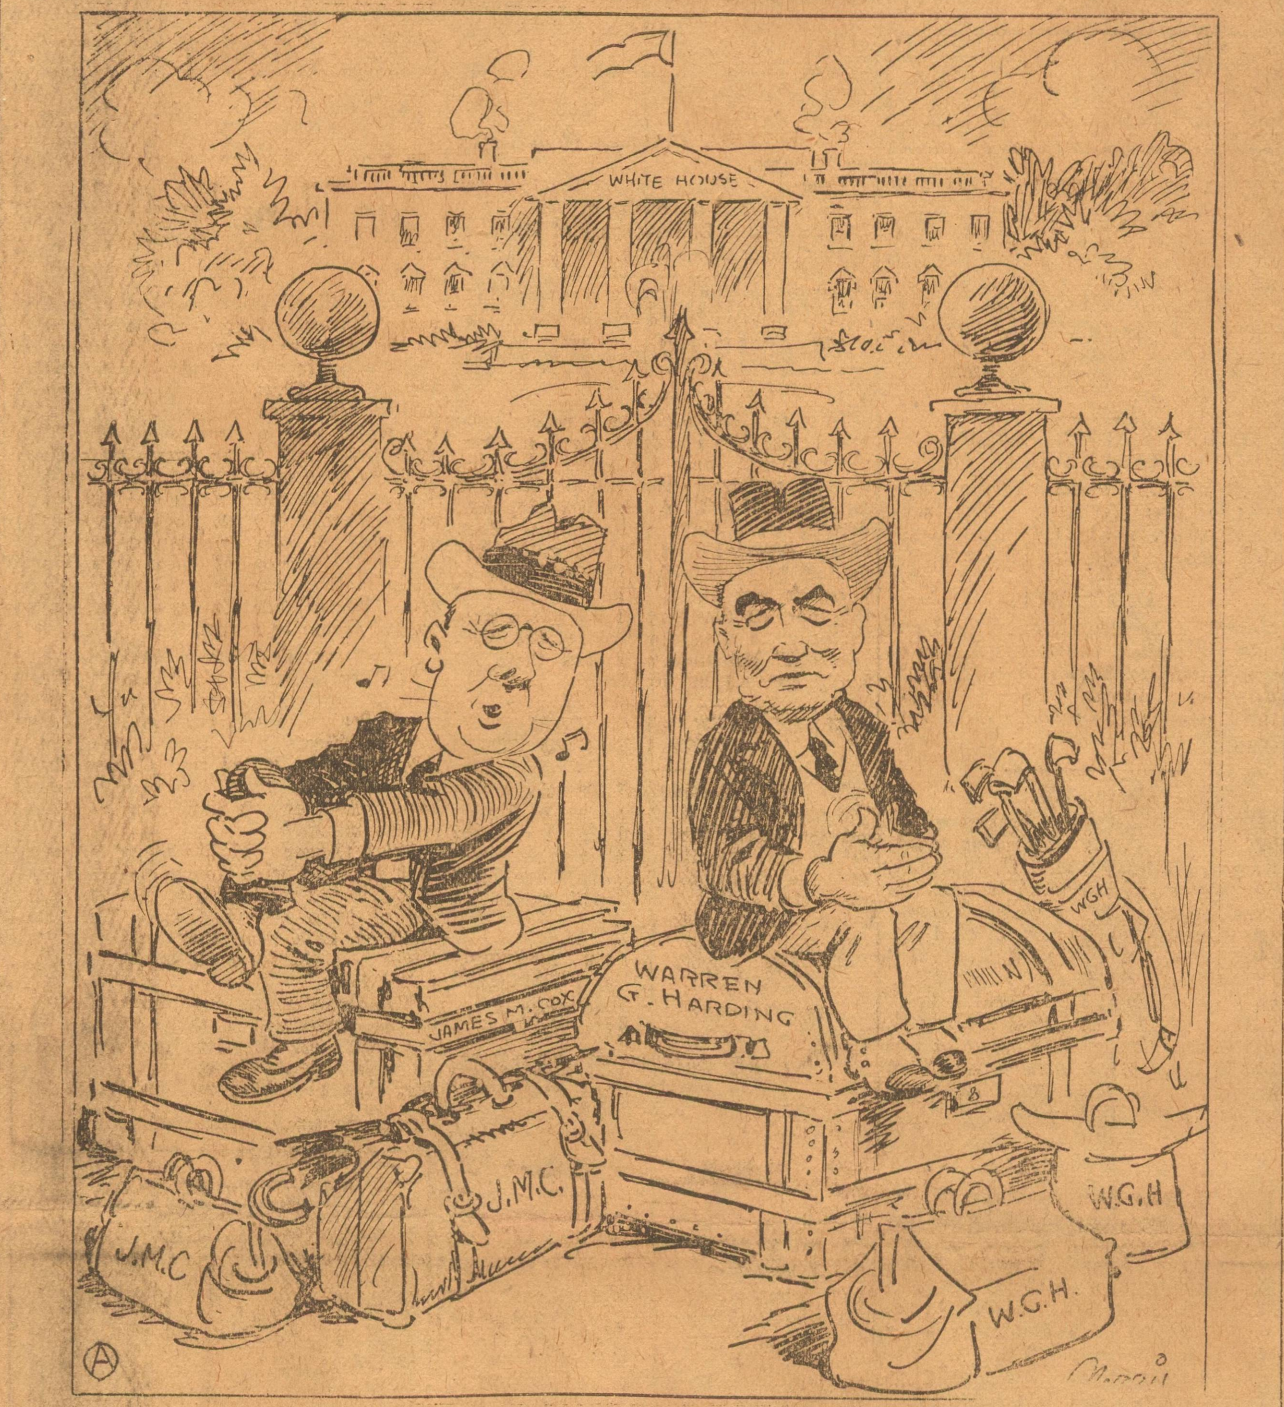

TACOMA, Wash., Nov. 1.—"Dry" enforcement agents will be using stomach pumps if they are not curbed now," yesterday declared Judge E. E. Cushman in the federal district court in denying the introduction of certain intoxicating liquor as evidence.

The officers lacked search warrants when they made the seizure, it developed.

### Negroes Riot in Alabama "Black Belt;" Light Score of Fires; 2 Killed by Sheriff

By Associated Press. MONTGOMERY, Ala., Nov. 1.—Two negroes are dead and the homes of two white farmers, four negro cabins, two gins, ten bales of cotton, much cotton seed, a sawmill, a grist mill, a quantity of corn and several barns are destroyed by fire as a result of an outbreak of "night rider" activities in the Alabama "black belt" Saturday night.

The county grand jury was summoned to meet today to investigate the disorders.

Negroes, variously estimated to number from twenty to fifty, most of whom were mounted, are alleged to have applied the torch simultaneously to the property of white farmers in the lower part of Montgomery county. Contrary to recent customs in other sections of the state, no warning was given and the countryside became panic stricken when an automobile bearing the sheriff and other officers, approached the neighborhood to investigate the conflagration, and were fired upon from the roadside. The occupants of the car leaped to the ground and, shielded by the car, they escaped injury. In an exchange of shots two negroes were killed and the others put to flight.

### WOODEN LEG BALKS WHEN OWNER SEEKS TO TAKE OWN LIFE

NEW YORK, Nov. 1.—The police reported Wednesday that excellent fastenings on Alexander Frank's wooden leg alone prevented him from committing suicide. Crowds on Second avenue were startled to see him hanging head downward from a fifth story window, with another man clutching one of his legs. The leg, of stout oak, was so well hitched that it held until Frank was lassoed and hauled back into the window.

### REDS PUT POISON IN BULLETS NOW

MADRID, Nov. 1.—Three alleged extremists were arrested last night while posting placards calling for violence against employers. The men carried revolvers loaded with cartridges filled with poisonous liquid.

### ACCIDENTALLY SHOT.

By Associated Press. FORT WORTH, Nov. 1.—Everett Bartlett, aged 20, whose home is near Goree, yesterday was shot through his jugular vein with a supposedly unloaded gun by a relative who pulled the trigger in fun. The accident occurred at the home of the relative. Bartlett may not recover.

### DEMONSTRATION FOR LEAGUE OF NATIONS AT WHITE HOUSE TONIGHT

By Associated Press. WASHINGTON, Nov. 1.—The Democratic campaign committee of the District of Columbia is planning to hold a League of Nations demonstration in front of the White House tonight.

It is planned to have league sympathizers, grouped by states, march up Pennsylvania avenue to the executive mansion, where patriotic songs will be sung and probably several brief addresses made.

### HARDING RESTS

By Associated Press. MARION, Ohio, Nov. 1.—With his campaigning over and final analysis of the campaign issues laid before the people in a pre-election statement, Senator Harding today took rest from the long arduous labors of the presidential campaign. When asked for a prediction of the outcome of tomorrow's balloting, he smilingly replied that instead of making any pre-election claims, he called the public's attention to his utterances of the past week, in which he had many times declared he fully expected to be inaugurated next March as the nation's chief executive. Senator Harding left the detailed forecast of the election results to party managers, saying he had made the best light of which he was capable and was ready to abide by the results.

### COX ENDS CAMPAIGN WITH TOLEDO SPEECH

By Associated Press. DAYTON, Ohio, Nov. 1.—After a day of rest here at home Governor Cox will leave today for Toledo for the last speech of his campaign. Though the campaign virtually ended at Chicago Saturday the governor said he had agreed to make a formal close at Toledo on election eve because party followers there regarded his appearance as good luck, asserting that the only chance for defeat was if he failed to end his speaking engagements in that city.

### FEDERAL RESERVE BANK TAKES OVER DUTIES OF CHICAGO SUBTREASURY

By Associated Press. WASHINGTON, Nov. 1.—Discontinuance of the sub-treasury at Chicago at the close of business Nov. 3 was ordered by Secretary Houston today, who announced that the federal reserve bank of that city would be prepared to handle all exchange paper and currency and United States money.

### LANCASTER MAKES PROMISE WORK WILL START AS SOON AS CONTRACT CAN BE AWARDED

Plans Provide for Brick and Tile Structure Running South From Main Street, With Accommodations for City of 40,000.

Ranger will have a new depot. It will be ample for a city of 40,000 persons. Construction will be begun as soon as bids can be submitted and the contract awarded.

These promises were made this morning by General Manager Lancaster of the Texas & Pacific railroad when he addressed a meeting of business men at the Chamber of Commerce rooms at 9 o'clock.

The new structure will be located on the south side of Main street, running down more than a block. It will be of brick and tile construction, with a white waiting room 40x90 feet and a colored waiting room 26x40. Smoking rooms, a rest room for women and all toilet requisites will be amply provided for. Mr. Lancaster assured the assemblage that the station would be one of which it could well feel proud.

Mr. Lancaster spoke for about thirty minutes, during which he reviewed financial matters in connection with the depot, handed a bouquet to Ranger's farm repopulation move, which he termed a farsighted view of conditions that are to come into the future. "In Indiana and Kentucky they have oil wells," said Mr. Lancaster. "But when I ride through these sections I notice that the wheat fields run right up to the derrick. The same condition will ultimately prevail here." This is a good agricultural country, he said, and he looked for development along this line to exceed any previous standards.

He devoted some minutes to the proposition that Ranger citizens buy railroad realty holdings and engaged in a good-natured colloquy with Commissioner Davenport as to who was really responsible for the proposition—town boosters or the railroad. He said he had sent Chief Engineer Mitchell here with the understanding that the citizens are firm in their belief that the time for them to be built is now, the Texas & Pacific will proceed with the improvement without delay.

He thanked the citizens for the patience they have shown in the matter, saying that he advocated building the station two years ago but the United States railroad administration, then in charge of the railroads, refused to do so. He bespoke the continued friendship of the railroad company for the town and indulged in the hope that the feeling of mutual good will would continue. In behalf of the citizens, Manager Peters of the Chamber of Commerce in a few words thanked Mr. Lancaster for his decision. Afterward an informal reception was held and prominent business men crowded around and thanked Mr. Lancaster for his recognition of Ranger's needs.

Mr. Lancaster and Superintendent Knightlinger went west on the early afternoon train. This decision of the railroad company ends a good-natured controversy which has endured for two years. Ranger's patience has at last been rewarded without acrimony.

### IRISH MEDICAL STUDENT SHOT FOR PARTICIPATION IN ATTACK ON SOLDIERS

By Associated Press. DUBLIN, Nov. 1.—Kevin Barry, a medical student, was executed at Mount Joy prison this morning for taking part in an attack on a military escort here last summer.

Barry was charged with murder, as two British soldiers were killed during the fight. As the hour of execution approached, nearly 1,000 persons gathered outside the prison and prayed for the repose of his soul, their prayers continuing until after the young man had been pronounced dead. Armored cars guarded the street before the prison.

Barry's mother declared last week that she was proud her son was "dying for Ireland."

### SUPPLY COMPANY MAN FACES SWINDLING CHARGE

J. F. Dubose, former employe of the Frick-Reid Oil Well Supply company is under charge of swindling of over \$50,000. The warrant for Dubose's arrest was sworn out Oct. 2. He was taken in custody in Wichita Falls four days ago, and returned to Ranger by Pearl Hunt last night. The man in jail, officers say swindled Frick-Reid out of several hundred dollars by various methods.

### MEXICO TO STIMULATE TRADE WITH ARGENTINE

By Associated Press. BUENOS AIRES, Nov. 1.—With the arrival of the new Mexican minister to Argentina, Jesus Urqueta, announcement has been made to the newspapers of the establishment of a commercial agency of the Mexican government in Buenos Aires for the purpose of acquainting Argentine importers with Mexican products and stimulating trade between the two countries. Although welcoming this enterprise, La Razon points out that neither Argentina nor Mexico have a merchant marine and that an interchange in trade between the two countries will have to be carried in British or American ships.

### PEERESS ASKS SEAT IN HOUSE OF LORDS

LONDON, Nov. 1.—Viscountess Rhonda, a peeress in her own right, has petitioned King George to issue a writ summoning her to serve in the House of Lords. Peeresses in their own right, of whom there are about twenty-five, have all the dignities and privileges of peers except that of sitting in the House of Lords. Lady Rhonda claims recent legislation nullifies the position of the sexes, this is the first time a peeress has sought admission to the upper house of parliament.

HEBREW MAKES HIT ON OPERA HOUSE BILL

The Opera House opened last night with a novelty program with plenty of pep, playing to an overflowing house. Jimmy Lyons, the Hebrew soldier-statesman, discussing and cussing the topics of the day and of local interest is the main attraction. Jimmy effects the costume of the old-time political power with the addition of brass buttons. His appearance alone was the cause of a laugh. His material is right up to the minute, most of it of a political nature, snappy and a sure cure for the blues. He came out with a big photograph which created quite a bit of interest, which turned out to be that of Senator Harding and Jake L. Hamon who are great friends. However, he kidded the Hamon-Kell, despite political aspirations for its inability and created lots of amusement for the audience.

Wray's manikin and Marionette hippo, drama is one of the most original, novel and beautiful bits in vaudeville. Two persons operate the novelty, and no one can realize the amount of energy and labor involved in the arrangement of this miniature stage setting. The figures perform all sorts of dance, acrobatic and contortion and pantomime exhibition, all most like Lilliputians, and all worked by strings, many hundreds of them. The act is in three settings, one of an electrical panoramic spectacle. Selma's Circus, including trained dogs, ponies and monkeys and Glick and Bright in a song dance, complete the bill. An added attraction for Tuesday will be the election returns.

LAMB. Conway Tearle, in "Marooned Hearts," a national picture which shows the folly of making sacrifices to gratify whims, will be the attraction for two days at the Lamb theater beginning today.

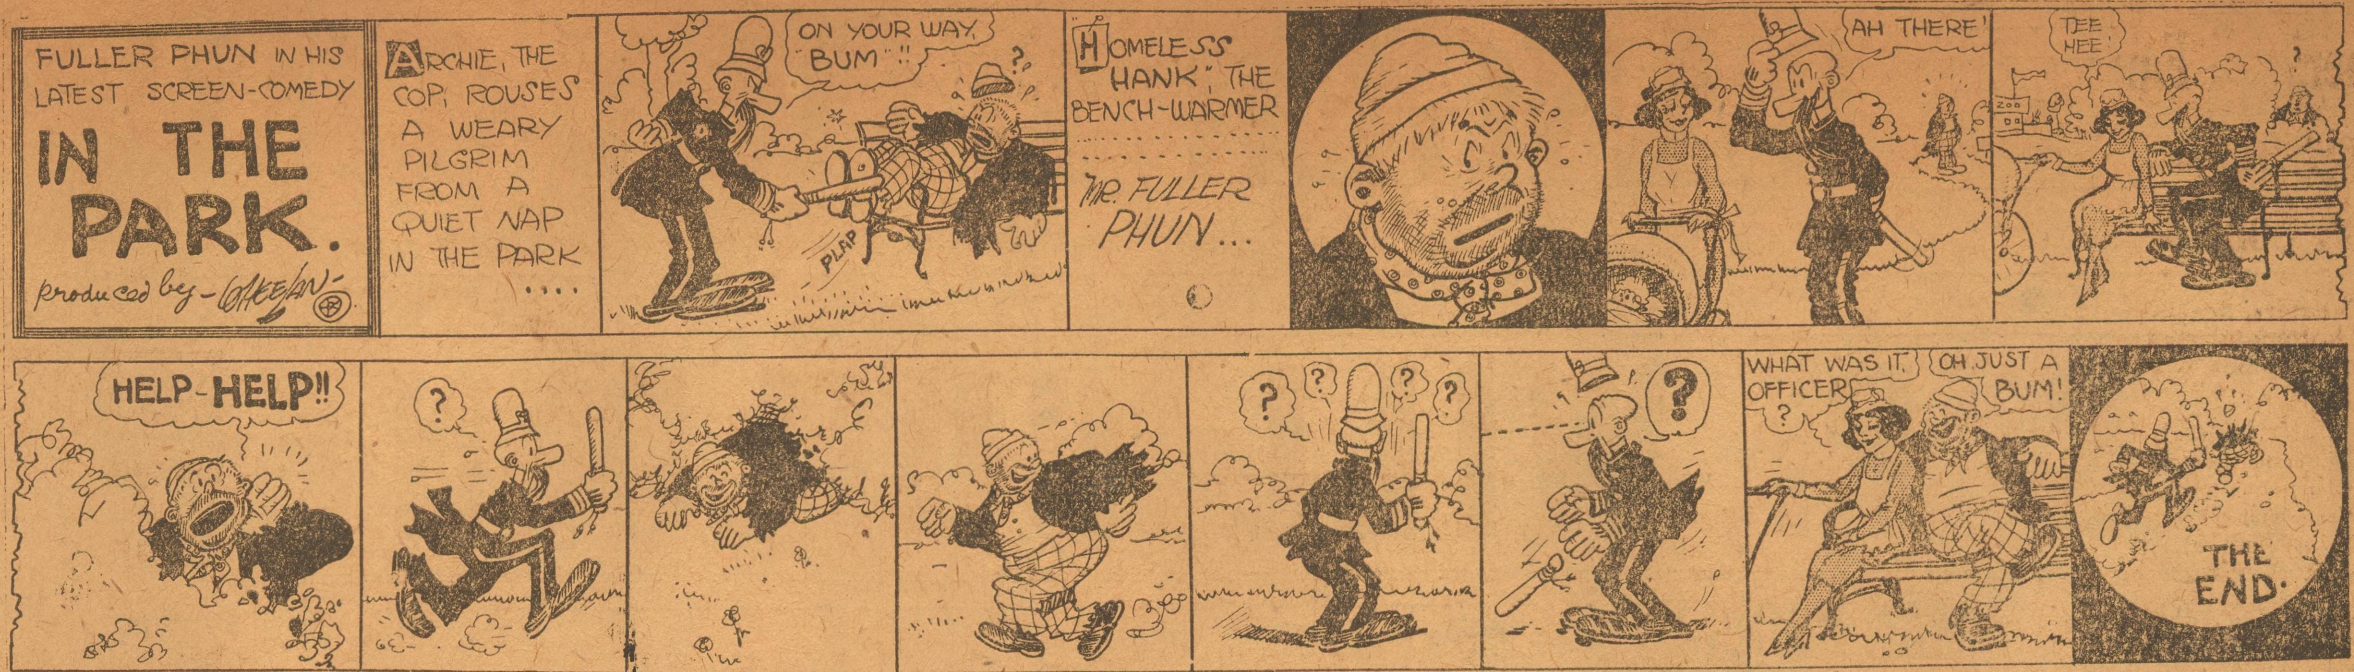

TEARLE plays the role of Dr. Paul Carrington, while Zena Keefe plays the leading feminine role of Marion Ainsworth. Dr. Paul Carrington gives promise of becoming the world's foremost surgeon, but he is handicapped in his progress by the love of Marion Ainsworth, who insists that he devote more of his time to her, and less to his practice. The climax comes when Carrington intercepts a note calling on Dr. Carrington to perform a difficult operation, in order that he may accompany her on a boating trip. Many things happen in the following episodes but in the end Cupid rights the wrongs and the couple are happy in each other's love.

TEMPLE. Tournour—Wizard of the Silversheet. Prominent among the names that will go down to posterity as the pioneers of the screen is that of Maurice Tournour, the man under whose personal direction the super production, "The Great Redeemer," was made. Mr. Tournour has been associated with the making of motion pictures for over fifteen years, and during that time has been responsible for some of the best productions that have been made. "The Great Redeemer," which is showing at the Temple theater, is Mr. Tournour's latest, and it represents the wizard of the silversheet at his particular best. Mr. Tournour devoted much time and forethought to the creation of this production, realizing that it marked one of the milestones of his art, and as such could not be other than the best he had to offer. The story is that of a train robber who painted a masterpiece on the wall of his cell, and into the picture Mr. Tournour has put the most consummate artistry.

LOCAL RECRUITER TOPPED LIST LAST MONTH; FIVE LAST WEEK

Sergeant McQueen, in charge of the local U. S. army recruiting station, reports the induction into the service of five men, who will report immediately to their respective assignments; Lee H. Englund, of Ranger, and Paul J. Widders, of Fayetteville, Ark., who go to the Thirty-Seventh Infantry, Fort Wayne, Mich., for one-year enlistments; Charles Hister and Ray Guillory, both of New Orleans, three years in the coast artillery, and Deway H. Lambie of Dallas, Ninth Infantry, San Antonio, one year. Among the inducements offered by the war department in its bid for recruits are stressed the facilities for learning various trades, increased remuneration over the old scale of pay, short-term enlistments and the opportunity for the recruit to select the organization with which to serve. Vacancies exist at present, according to Sergeant McQueen, in units on duty in Hawaii, Alaska and the Panama Canal zone. After Nov. 1, men may be recruited for services with the army of occupation in Germany. Ranger topped the list last month in the number of recruits obtained by the sub-stations in this district, and for his services in this connection, Sergeant McQueen received the prize of \$10 offered by the war department.

'STRANGE HOW WOMEN SUFFER'

Says Tennessee Lady, and Will Go Suffering, She Says, When Cardui Is Right at Hand. Caryville, Tenn.—Hoping her experience may benefit others who suffer from disorders common among women, Mrs. Charles Rains of this (Campbell) county, says: "I had womanly troubles till I couldn't rest, couldn't sleep, and was nervous and suffered a great deal of pain in my head, limbs and back. I would get to the place where I couldn't move without a great effort. "For years I had known of Cardui, and it is strange how a woman will just go on suffering when the best remedy in the world is right at hand—but we do! "But finally the pain was worse, my suffering so great I knew I must do something. A friend mentioned Cardui and we sent for it. One bottle helped me. "I took a course of Cardui, regained my strength, built myself up and felt like a new woman. "Can I recommend Cardui? Yes, and gladly, for it is a God-send to suffering women. I hope when they suffer with troubles common to women they don't wait, but get this sure remedy at once." Any druggist can supply Cardui promptly. Call on yours today.—Adv.

### Americans Find Few Amusements in Constantinople

No Theaters, Seashore Resorts, Automobiles; Liquor Comes High.

By Associated Press  
CONSTANTINOPLE, Nov. 1.—Americans in Constantinople are finding life dull, uninteresting and devoid of diversion or entertainment. They have found to their disappointment that the Turkish capital has no theaters, no amusement centers, no seashore resorts, few moving picture houses and only one or two good restaurants. The only places remotely resembling theaters are a few cheap cabaret halls which attract sailors, soldiers and wanderers of all nations, but never the Turk. The Turk finds his diversion in the coffee houses.

There is little night life in Constantinople. After 10 o'clock the city is as still as a New England village on a Sabbath morning. Only the habitues of the coffee-houses or the cabaret and beer halls are seen. Although prohibition is unknown, refreshments at these local amusement places come high. Whisky is \$1.50 a glass, and 7 per cent beer 90 cents.

Three Months Enough.  
Americans in the city amuse themselves by occasional dances, tea parties and week-end trips on the Bosphorus. Not many of them enjoy entre to the Turkish homes. A three months' stay in the city usually is enough to make them yearn for home. There are now a considerable number of them here, most of them being connected with American relief organizations or commercial firms.

Although having a population of nearly 1,000,000, Constantinople has no taxicabs, few automobiles, and only a single trolley line. Everybody walks or rides in the dilapidated horse-drawn carriages or nondescript street cars. People living in the suburbs crowd to suffocation the ferryboats plying the Bosphorus and the Golden Horn. The lone trolley line runs along the main street and suspends operation as often as the city runs out of coal, which is frequent.

Strange Characters.  
The Turkish metropolis has only one or two good hotels. Here the merchants, political agents and commercial travelers of the world gather to discuss their affairs. The informers and spies of the Orient mingle among them and carry on their intrigues. Nowhere are there so many strange or suspicious-looking characters. Richly dressed women from Occident and Orient, bejeweled and painted, frequent the cafes and lounging rooms and carry on open flirtation with the guests.

Constantinople has been well described as a city, not of one nation but of many. The American visitor finds here an amazing diversity of races, nationalities, languages and conflicting faiths. There is no cohesion of society, no civic unity. Only Saloniki or Port Said can rival the Turkish city for its cosmopolitanism and its babel of tongues.

NEW PORT FOR SERBIA.  
BELGRADE, Nov. 1.—It is announced that the construction of a railway connecting Belgrade with the Adriatic port of Cattaro is to begin immediately. The route was suggested by Colonels Coe and Atwood of an American technical mission. Harbor improvement work at Cattaro is to begin at the same time.

### Block 401 Well Makes a Gusher; Overflows Tanks

BRECKENRIDGE, Nov. 1.—The Hedrick Spontz well on block 401, on North Breckenridge, which came in Friday, has proven to be a gusher. It is now making between 3,500 and 4,000 barrels a day. Considerable trouble was threatened in taking care of the oil on account of pipe line connections. There are nine flow tanks full of oil, seven of 500-barrel capacity and two of 1,000 barrel capacity. Between 500 and 1,000 barrels are in earthen tanks. An extra pump has just been rigged up and the pipe line is now taking the oil.

### WOULD AID 'U' BY TAXING LUMBER AND OIL FOR SHORT TIME

AUSTIN, Nov. 4.—By placing a nominal tax on all petroleum and timber shipped out of Texas during the next four years, the state could raise annually more than \$4,000,000 for educational purposes, and it would be possible for the state to supplant the numerous shacks on the campus of the University of Texas with beautiful and massive structures, according to O. A. Coon of New Orleans, who recently visited the university.

Mr. Coon then suggested the plan being glanced about him.

"Why is this?" he asked. "Hasn't the state sufficient funds to build good buildings on your campus, or is it the fault of your legislature?"

Mr. Coon suggested the plan being used by the state of Louisiana, in levying a special tax upon all petroleum and timber products that are shipped out of the state, the funds to apply exclusively for the benefit of education. He said that certain industries opposed the meas-

ure very strenuously until it was finally passed in the Louisiana legislature. Governor John M. Parker was largely responsible for its passage. Mr. Coon said: "Texas is rich in oil and timber," he said. "Before her forests are denuded and her resources are drained, something should come back to the state." The plan now being used in Louisiana nets the state approximately two and a half million dollars every year. In Texas, according to Mr. Coon, the annual revenue from this source should be fully four million dollars. Applied to education, and particularly to the building of suitable buildings at the University of Texas, the plan would solve a crying need of this state.

### VIENNA RECONSTRUCTS BUILDINGS TO MAKE NEW SLEEPING QUARTERS

By Associated Press  
VIENNA, Nov. 1.—Like nearly every other city in Europe, Vienna's rooming accommodation is taxed beyond capacity. The hotels are overflowing at exorbitant rates (in crown values). Every train unloads its quota of newcomers to travel in taxicabs and flares from one end of the city to the other in search of sleeping quarters, while even the room requisitioning system by the government fails to house many thousands.

An American visitor wishing to go from Vienna to Budapest telegraphed daily for a week, receiving daily the reply, "nothing available." An American woman, wife of a consul, arrived the other day and it required all the influence of four American officials to secure her a bathroom in which to sleep.

To solve the permanent rooming problem the city authorities have passed an ordinance permitting the reconstruction of the attics of apartment buildings for sleeping quarters. This space under the roof is meant as storage room for tenants and for laundry drying purposes. It was unlawful to permit anyone to sleep there and an ordinance required the conerger to lock the entrance at 7 p. m. It is estimated that there are 40,000 such buildings in the city, but how many landlords will go to the expense of alteration remains to be seen.

### SUNDAY SCHOOL MEMBERS ASKED TO AID EUROPE

By Associated Press  
CHICAGO, Nov. 1.—The board of Sunday schools of the Methodist Episcopal church is sending out an appeal to its 4,500,000 Sunday school members to devote their Christmas offerings this year to sending food, clothing, medicine and other relief to the suffering children of Europe. Announcement is made from headquarters in Chicago.

Bishop John L. Nuelson, a member of the international committee for the relief of children, who recently returned to this country from Zurich, Switzerland, says the outlook for the coming winter in the needier sections of Europe is dark. "These countries before the war could not support their own populations but were depending upon large imports of provisions," he said. "South Russia, which supplied large sections of Europe with grain, is not in a position to support its own populations. These countries have no gold to buy grain from Australia or America. They cannot manu-

facture goods for export because they have not enough raw material or coal and they have no credit.

Children Under Normal.  
"If you draw a line north through the devastated area of Belgium and south through the entire continent and then travel east through Dalmatia, Albania, Montenegro, Slovakia, Macedonia and Greece into Turkey, and then travel north through Serbia, Bulgaria, Czechoslovakia, Hungary, Austria, Rumania, South Germany and on through North Germany, Poland, Lithuania, Latvia and Estonia into Russia, through Russia to Siberia and south into Asia Minor and Syria, Armenia and Mesopotamia, you will find in that vast territory hardly one child in a thousand which is not under normal either physically, mentally or morally."

Bishop Nuelson added that throughout all the war-swept and famine-stricken sections of Europe the "teachers in the schools find that the children are so demoralized that it is a physical impossibility for many of them to concentrate their attention upon school work for even three hours per day."

Safety First.  
"Will you accept this portfolio?" inquired the Berlin cabinet maker.  
"I don't know," replied the cautious statesman. "Times are uncertain; maybe you'd better make it a suitcase."—Washington Star.

### VILLAGERS WON'T WORK; BOLSHEVIKI SEIZE COWS

By Associated Press  
LONDON, Nov. 1.—Advice from Moscow under the heading "the war with loafers" in which it is said that an appeal has been issued by the Soviet gov-

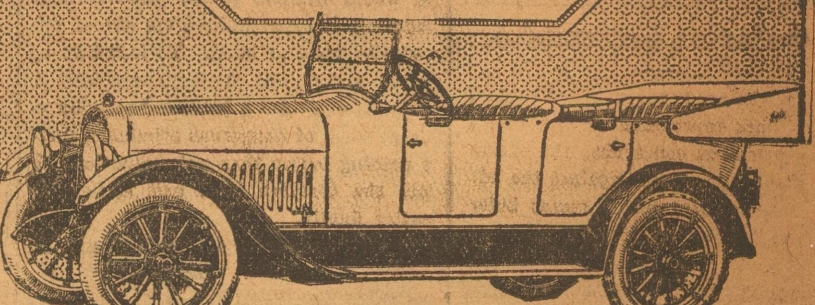

ernment declaring it cannot tolerate anyone living in the Soviet republic at the expense of others. Loafers must be pursued mercilessly, it said.

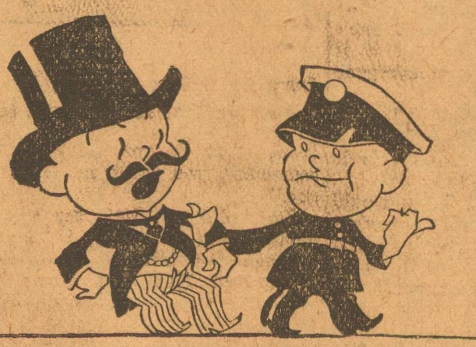

In one village which refused to fulfill the compulsory labor law seventy-five cows have been confiscated and will not be returned until the set task is completed.

Bulgaria's Freedom From Bolshevism Due to Control of Government by Small Land Owners; Politicians Pass

SOFIA, Bulgaria, Nov. 1.—Probably no other European country offers a more striking example of the rule of the peasants or farmers than Bulgaria. Politically and industrially they are today the most powerful factors in the life of the nation. They enjoy a majority representation in the government, and the whole future of the country may be said to rest in their hands.

In the Bulgarian parliament there are 110 deputies who are "men of the soil." They call themselves the Agrarian party. The next strongest political group comprises less than 40 members. Not only do the peasants control the government, but the whole economic structure of the country has its basis in their toll. For Bulgaria is an agricultural country. There is little manufacturing, mining or shipping. While the peasants are in power there is little danger of the ascendancy of bolshevism, for each inhabitant owns his own land and is content with what he has.

As the peasants have come into control, the professional politicians have passed out. The so-called intellectual class have had their way, and the population is content now to give the peasants a chance. They are doing well. They have taken hold of the country at the most critical economic and financial period in its history and are making wonderful strides toward bringing the kingdom back to normal. Old-time politicians and statesmen are viewing the scene with amazement if not with admiration.

Another idea introduced by the peasants is the purchase and sale by the government, at minimum prices, of all things needed for the life of the people. This is intended as an emergency measure to relieve the present high price and improve the rate of exchange. The purchasing is done largely in foreign markets and in such quantities as to insure the lowest prices. Distributing these goods direct to the consumer, the government eliminates the middle man, and the people get the goods at the lowest prices.

The Philippine Islands have their first woman mayor—Banganan Inak, an ignorant Moro woman, having been elected mayor of the little village of Dulagan.

ONE MUST EAT AND THAT CRUEL FACT ENDED YOUNG GIRLS' VENTURE

"Billie" and "Bobbie," they said their names were and insisted they were tired of living in the country and wanted to come to a city and see a little life, "so they left home and came to Ranger."

"Billie" is 16 and "Bobbie" is a year younger. In true "uptown" style they had their hair bobbed and were going to see what lay beyond their own field fence. But girlish dreams of princes to be found and a romantic life to be lived were marred by the vision of the hard, cruel sheriff of their county, who was only one day behind them, and who had sent out warrants to police departments to watch for the girls.

The runaway train might still have been seeking adventure if they had not found it so necessary to eat. This was another possibility that was not included in the gossamer of bright lights and gay times that lay over Ranger viewed through the eyes of youth from the distance of their home town. "Bobbie," feeling the need of funds, attempted to cash a check drawn on "Dad" at one of the local banks. It was their undoing. Romantic dreams came to a sudden end when the police were notified and the "little country girls" fell into the hands of the rude sheriff who was here—and who was not rude at all—but was old and fatherly and took the girls back home to their waiting mothers.

WAR DEPT. BULLETIN CARRIES CITATIONS OF LOCAL PHYSICIAN

Citation orders No. 9, war department, recently issued, is a roster of officers and enlisted men cited for gallantry in action with the American Expeditionary Forces and twice contains the name of Dr. H. H. Pantou of Ranger, formerly a captain in the medical corps, who saw service on four battlefronts with the Seventh Infantry of the third division.

The first citation reads: "For gallantry in action near Fossey, France, July 15, 1918, while maintaining first aid stations under violent enemy bombardment; refused to be relieved until the wounded of his organization had been evacuated."

Dr. Pantou received the second citation while the Third used as a spearhead of the American First army, was battling its way through the Argonne woods. It reads: "For gallantry in action near Cunel, France, Oct. 16, 1918, while attending violent enemy bombardment."

AMERICAN LEGION MEETS THIS WEEK TO ELECT NEW OFFICERS

Max Prentice veteran of the Ninth Infantry, Second division, received his cross with five bars yesterday afternoon at the Elks' club and then decorated about twenty-five other recipients who were present to receive their medals. He omitted the French ceremony of kissing the honored men.

Others who have filed their applications for medals and were not present yesterday may obtain them by applying to Mrs. R. H. Hansford at 121 South Austin street.

Members of the legion will meet some night this week to reorganize the Carl Barnes post. The meeting will be at the Chamber of Commerce rooms.

The offices of post commander and adjutant are to be filled and plans for the Armistice day celebration, which will feature a rodeo at Municipal park and a dance at Moose hall will be discussed. It is hoped these attractions will raise enough money to pay the debts of the legion.

IMMIGRANTS ROBBED IN OWN LAND; U. S. TO ACT

WASHINGTON, Nov. 1.—Thousands of immigrants are arriving at Ellis Island practically destitute as a result of sharp practices by officials in their own lands, it was disclosed by the bureau of immigration today.

So serious has the situation become that the department of labor will ask various European countries to throw safeguards around their citizens. The report, it is stated, falls a victim to corrupt officials, high tax levies, No American official has been implicated.

NEW DISHES OUGHT TO BE MADE EASILY; LOOKIT HOW PIE A LA MODE WAS FORMED

"Pie a la mode" is always listed these days on the menu cards of all well regulated and up to date restaurants. Lined up with all the other desserts, it is a sort of pie de resistance, so to speak. In other words, pie a la mode is not only a triangle of your favorite "home-made" brand, but it is a slice of the old pie with a goodly wad of ice cream on top of it. Thus the resistance.

COX CAMPAIGN MANAGER SAYS DEMOCRATIC VICTORY IS WON; LABOR VOTE CLAIMED

By BASCOM N. TIMMONS. ABOARD THE COX SPECIAL, en route to Toledo, Nov. 1.—Governor Cox today came back into Ohio with just 12 more hours of campaigning before him. He came back to Ohio with the pleasant assurance from Democratic managers that it will give its 24 electoral votes tomorrow.

Every Drop of Your Blood Should Be Absolutely Pure

Any slight disorder or impurities is a source of danger, as every vital organ of the body depends upon the blood supply to properly perform its functions. Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the most serious are Rheumatism, with its torturing pain; Eczema, Tetter, Erysipelas, and other disfiguring skin diseases; general debility, which makes the strongest men helpless, and many other diseases are the direct result of impure blood.

Rates as follows: Room with two meals (family style) per week \$20.00 Two persons to room, two meals (family style) per week each \$15.00 Rooms without meals each \$10.00 and \$12.00

the notification Governor Cox invited your correspondent, Samuel B. Glythe and Col. Bill Sterrett of Dallas to his residence at Trulstead. In the course of a two-hour discussion of the campaign plans he declared that he was as certain to carry Ohio as he is to carry Texas.

Then came a change. The Democrats did not get off to a good start in Ohio. The Republicans claimed they would carry it by upwards of 100,000. They are still claiming it today, but they admit that Cox has made tremendous gains.

Ohio is expected to go for Governor Cox on the League of Nations and the race issue. The aggressiveness of the Republican candidates for the legislature who are insisting that they will force the passage of the Beatty bill granting social equality to negroes have solidified the whites behind Cox.

Ohio thinks about the race question a great deal like the South. In fact, it is more like the South in its ideas than any other Northern state. Negroes have been openly declaring that Harding is for race equality. Governor Cox in his telegram to Frank K. Stanton of Atlanta, Ga., last week made it very plain he is not for race equality.

The great crowds which greeted Governor Cox at Cleveland, Akron, Cincinnati, Columbus, Dayton, Portsmouth, Middletown and other Ohio cities in the last two weeks have alarmed Republican leaders. It is estimated that more than three-quarters of a million people have turned out to hear their Governor as he campaigned through Ohio, the last meeting place before the campaign ends is also expected to turn out a large crowd.

Ohio in 1916 cast 1,119,300 votes for the two major political parties, of which Wilson obtained 694,521 and Hughes 514,369. This year with women voting it is expected to cast close to 2,000,000. There is no barometer to show how they are going to vote, except a drug store, a motion picture and newspaper polls. But these straw votes here reached so small a percentage of the voters as to furnish no index.

There have been changes from Democratic to Republican shown in these polls, and there have been many changes from Republican to Democratic. On the face of the changes the state stands about where it did four years ago when Wilson carried the state. It is a noteworthy fact that labor is little represented in these straw votes and labor is believed to be almost solid for Cox.

Neither have women participated in these straw polls and Cox has undoubtedly strength with the women voters due to his successful fight for mothers' pensions in Ohio, his efforts which made the Ohio rural schools the model of the nation and his strict enforcement of the prohibition law. In addition to this is the fact that women are for the League of Nations. Every sign today points to a smashing Cox victory in Ohio, which may carry the entire state Democratic ticket through with him. Heavy accessions from Republican pro-league men voters are also expected.

Governor Cox is expected to continue his hard hitting in his Toledo speech tonight. He will declare that the entire

Republican campaign has been one of concealment and misrepresentation, and that Republican victory means the trenchment of the old Guard crowd at Washington and that Harding has been deceitful in allowing both the Johnson anti-league and the Taft pro-league wings of the G. O. P. to claim him for their own.

But the greater part of his speech will be devoted to the League of Nations, on which he has been preaching like an evangelist for two weeks now.

Good news has come from Senator Sheppard who has been campaigning in Colorado, Idaho, Utah and Washington. He thinks all four states are safe for Cox.

Hundreds of thousands of copies of the League of Nation covenant have been distributed in the last few days and Gov. Cox today declared that he believes every man who reads the covenant with an open mind will vote the Democratic ticket tomorrow.

**Dr. C. M. Collins  
Delivers Sermon on  
League of Nations**

**High Principles Which the  
League Would Advance  
Are Reviewed.**

At the First Presbyterian church last night the pastor, Rev. Charles M. Collins delivered a sermon on "The League of Nations." It was the fifth of a series, the doctor is running now, which have for their general subject "Religious Phases of Present Day Movements."

The speaker took his text last night from the prophecy of Isaiah, chapter two, verse four: "And he will judge between the nations, and will decide concerning many people; and they shall beat their swords into plowshares and their spears into pruning hooks; nations shall not lift up sword against nation, neither shall they learn war any more." After declaring that he had no apology to make for discussing a political question from his pulpit, Dr. Collins said in part:

"When the peace conference was first organized in Paris by the election of its prime minister of France as its president, that gentleman in his inaugural address, stated the task before the conference to be a three-fold one, namely:

"First, to determine responsibility for the outbreak of the world war, and fix proper reparations for injuries done.

"Second, to devise, if possible, some

means for the prevention of future wars.

"Third, establish some agency or agencies for the solution of labor problems, now become world-wide."

"It was for these last two that the League of Nations was devised and proposed."

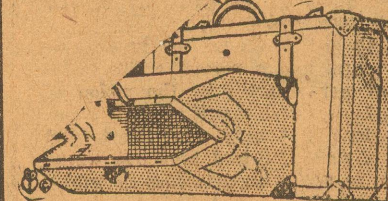

"The primary object of the League of Nations is, of course, the prevention of war. Its object, as declared in the preamble of the written covenant is 'to promote international co-operation, and to achieve international peace and security.' The means proposed for the accomplishment of this object, are definite agreements not to resort to war; open diplomacy, observance of international law, and a strict regard for treaties. Of the twenty-six articles of the written covenant, one provides that all disputes be submitted to arbitration; another provides for the establishment of a permanent court of international justice, and still another states that any war declared by one league nation against another league nation, without the consent of the league, becomes at once a war against all league nations."

"Forty-three nations have already joined the league, while eight have not. Of those remaining outside, the two leading powers are Germany and the United States—the one because she cannot get in and the other because the matter of treaty ratification has become a political party issue. The league has been organized for ten months now, and has already accomplished some things tremendously worth while. It has established a court of international justice, an international labor office has been functioning for months, an international health conference has recently been held, as has also an international financial congress, which met in Brussels. Three disputes between nations, either one a possible cause of war, have been submitted to the league for settlement, and two of them have been settled in a satisfactory manner, and the third is still under consideration. The League of Nations is not scrapped, as one of our candidates for president stated the other day in one of his speeches, but is rather functioning much as it was expected to do, and is distinctly making good."

"War is wrong, always wrong; war is not only wrong but is also unnecessary, if and when the nations of earth shall agree to strive together to make it so. This league is simply the beginnings of that common effort to make wars hereafter unnecessary. The United States ought to go in, and do it quickly. It is to our hurt that we have not long since done so. We think of ourselves as one of the leading nations, and are proud of the fact that we are a people of high ideals; it may sober us a bit to remember that we were the last of all civilized

peoples to abolish human slavery from among us. It now seems we are to be the last to join the effort to prevent war. Thirty-six hundred years ago the prophet of God dreamed of a day when men should take the steel prepared for swords and spears, and make of it instruments for the tilling of the soil, and the pruning of trees and vines. In the creation of a league of nations to prevent wars, we Christian people, long weary of wars, think we see the dawning of a better day, the day of peace."

COLDS AND FLU**

New Elixir, Called Aspironal, Medicated with Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While you Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspironal, the two-minute cold and cough relievier, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspironal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspironal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—Adv.
