BUILDING BLOWN DOWN BY GAS AS MATCH FLARES

Haskell, Okla., Youth Killed By Falling Wall; Others Endangered.

HASKELL, Okla., Aug. 25.—Ezra Dickey, 22, was killed and five others had miraculous escapes from injury and probably death here today when fire destroyed a local drug store, a hotel, general merchandise store and hardware store. Damage was estimated at \$50,000.

The fire started in the drug store when Dickey lighted a match, setting off gas liberated by a leaky pipe. In the explosion which followed walls of surrounding buildings collapsed. Dickey was caught under the wall of the drug store. Several other persons narrowly escaped falling walls.

Aha! Senators Find Gas Goes Up As Oil Comes Down

WASHINGTON, Aug. 25.—Retail gasoline prices have climbed steadily during the past two years, while crude oil prices, subject to violent fluctuations, has decreased.

Available stocks of gasoline and oil have increased during the same period but have tended to concentrate in the hands of a few so-called Standard Oil groups.

Independent oil producers of the nation face disaster because of the manipulation of crude oil prices, which have decreased, seemingly without justification, from \$3.50 to \$1.25 per barrel.

These were figures of the preliminary report of the special senate subcommittee investigating the nation's oil industry, presented by Chairman McNary today.

Further hearings will be held shortly, he stated. The purpose of the report was to set forth facts regarding production and oil prices and to attempt to explain the relationship of reason for price advance will be made until further investigation by the committee, McNary announced.

CARING FOR EXPLOSION VICTIMS HASTENS DEATH OF EX-RANGER WOMAN

PIONEER, Texas, Aug. 25.—All Pioneer is mourning the death of Mrs. Mabel Rogers, 37, who died at 2 o'clock this morning of heart disease after 10 days' illness. Mrs. Rogers was the wife of J. L. Rogers, well known in the oil fields as operator of cafes in Ranger, Breckenridge and Mangum, Okla.

Mrs. Rogers' death was hastened by assisting in caring for the victims of the recent nitro explosion. Interment will be in Childress, Texas, where her parents reside. She leaves in addition to her husband, one son, Gordon, 17, her parents, Mrs. and Mrs. S. B. McCraw, two brothers, Baker and Roy McCraw of Childress, three sisters, Mrs. A. E. Hineson of Ringlewood, Okla., and Misses J. T. Pittman and J. A. Payne, of Childress.

INDUSTRIAL TREATY IS LATEST PLAN FOR GERMAN MORATORIUM

By CARL D. GROAT, United Press Staff Correspondent. BERLIN, Aug. 25.—Sir John Bradbury and M. Mauciere, representatives of the allied reparations commission, left for Paris today with Germany's moratorium plan.

The session between Mauciere, Bradbury and Chancellor Wirth adjourned immediately after the German government submitted its plan of direct treaties between Germany, Belgium and France and Belgium, which would guarantee payment of reparations after the moratorium.

SUSPECT ATTEMPT TO BOMB 'SCAB' QUARTERS

ROODHOUSE, Ill., Aug. 25.—United States deputy marshals are patrolling the railroad yards here today following an explosion which they believe was intended to wreck the Illinois hotel, headquarters of the non-union Chicago shop workers.

The hotel is across the street from the C. & A. roundhouse and the explosion is believed to have been caused by a bomb or hand grenade. There was no damage done, as the missile exploded in the air.

ELECTION BULLETINS

Election returns on all state and county races will be compiled by the Times tomorrow night, with the same painstaking efforts that gave Ranger the best service in the oil fields on the occasion of the first primary.

Returns on the state races, compiled by the Texas Election Bureau, will be megaphoned at the Times office on Elm street, as well as reports on the county races from all boxes that can be reached by telephone.

BONUS ON SHELF AS SENATE ACTS ON RAIL STRIKE

Passage Before Next Week No Longer Expected by Bill's Proponents.

WASHINGTON, Aug. 25.—The bonus bill today was jammed between pending strike legislation in the senate and hopes for passage before the middle of next week practically were abandoned.

The senate has suddenly decided to give its first attention to strike legislation, temporarily laying aside the bonus.

KIRBY WILL RUN FOR SENATE IF MAYFIELD WINS HOUSTON RUMOR

HOUSTON, Aug. 25.—John Henry Kirby, millionaire lumber man of Houston, will enter the race as an independent Democratic candidate for United States senator if Earle B. Mayfield wins the Democratic nomination in the run-off primary tomorrow, but will not run if Ferguson is the victor, according to rumors current in political circles here today. Efforts to verify the rumors were unavailing.

Kirby, who has been boomed for the senatorship, has stated he would not announce his decision until after the run-off. He is now in the East and is not expected to return until the end of the month.

FIVE LOUISIANA MEN KIDNAPED AND MISSING

MONROE, La., Aug. 25.—Sheriff Carpenter and his deputies were today seeking clues of the whereabouts of five men who were seized by masked men near Mer Rouge, La., last night and taken to an undetermined destination.

Authorities announced today they believe the names of the missing men are J. L. Daniels, Watt Daniels, W. C. Andrews, Dave Port and probably Sam Richie, all residents of Mer Rouge or vicinity.

The men were returning home in an automobile after attending a barbeque and baseball game at Bastrop, La., when they were rushed upon by 25 or more masked men. Authorities asserted the opinion that the kidnaping has a connection with an attempt to assassinate Dr. B. M. McKoin, Mer Rouge physician, and former mayor, several weeks ago.

CONVICTS STILL AT LARGE

HOUSTON, Aug. 25.—No trace had been discovered early today of the four convicts who late Wednesday overpowered an Eastham farm guard, near Trinity, and escaped. Prison guards and peace officers in all East Texas counties are engaged in the man hunt.

HOTEL IN JAM AS DUKE DEMANDS ROOMS HELD BY U. S. OFFICIAL

SAN FRANCISCO, Aug. 25.—The management of a hotel here must decide before tomorrow whether a duke, his duchess and their entourage take precedent over a director of the United States mint.

The hotel has a presidential suite. Just now F. E. Seoby, director of the mint, formerly a business man of San Antonio, Texas, and close personal friend of President Harding, is in the suite. His plan, it was admitted last night, includes remaining for some time.

Thirty-Three Con Men Caught When Texan Sleuths in Denver

Frank Norfleet, Ex-Rancher Who Traded Furey, Paves Way for Wholesale Arrests; Had Won \$300,000 Posing as Victim.

DENVER, Aug. 25.—Using the basement of a church to hold prisoners and prevent news of their raid from leaking out, United States department of justice agents and state rangers today rounded up 33 persons alleged to be members of a confidence gang operating in Colorado, Cuba and other summer resorts.

According to the district attorney, information resulting in the wholesale arrests was furnished by J. Frank Norfleet of Hale Center, Texas, said to have been the man who broke up the operations of the so-called Joe Furey gang of swindlers. The ages of the men arrested ranged from 20 to 73 years and according to the district attorney, they have been responsible for fleecing persons over the country out of more than \$1,500,000.

When the gang was arrested, Norfleet, who was posing as a victim for the confidence men, had a stock order placed, which if bona fide would have netted him more than \$300,000, police believe.

The officers seized \$10,000 in cash at the headquarters of the gang here together with all kinds of weapons, telegraph instruments and stock exchange apparatus, the latter said to have been used in swindling guests of summer resorts in "sums ranging from \$100 to \$1,000.

Department of justice operators declared they had broken up a gang which operated from coast to coast. The "stakes" ran into the millions, officers stated. The "con men" maintained offices in Florida resort cities and Los Angeles. Headquarters of the organization here were in an elaborate suite of offices.

A complete "stock exchange" was operated and a corps of stenographers and clerks employed.

Many of the men under arrest are internationally known, justice agents stated.

RANCHMAN TURNS TRAILER OF FAKE STOCK SELLERS

FORT WORTH, Aug. 25.—Nemis is of confidence men is J. Frank Norfleet, formerly a ranchman at Hale Center, Texas, who posed as the victim and paved the way for the arrest of 33 alleged scoundrels in Denver, Col., according to dispatches from there today.

Norfleet brought \$45,000 to a band of "con men" in Fort Worth, Texas, in December, 1919. He had mortgaged his ranch property to get the cash to invest in the fake stock deal.

Setting out to get revenge, he pursued the gang to California. There he had Joe Furey, H. E. Ward and John Gerber arrested. Furey defied officers and escaped, but Ward and Gerber were brought back here and convicted. Later Ward was taken to Washington, D. C., for trial on another charge and committed suicide while in jail there.

Norfleet took up Furey's trail again. He found him in Florida, brought him back to Fort Worth and had the satisfaction of seeing him sent to the penitentiary. Furey died about six weeks ago in the state prison at Huntsville. For two years Norfleet has been endeavoring to capture a fourth man working with Furey, Ward and Gerber. At one time he was apprehended in Toronto, Canada, but escaped in a crowd on the street.

RANGER MERCHANTS' WORK FOR CITY DESERVES SUPPORT, SAYS ESSAY

THE HELPFUL COP

MOUNT VERNON, N. Y., Aug. 25.—"I'm an afraid to go home with my hair bobbed," sobbed a hysterical woman speaking from a telephone to Police Sergeant Wren.

The rest of the tale of woe? "My husband left me because I bobbed my hair and now I am afraid to go home and get my clothes because he might be there and give me a beating."

"Get a wig," advised the sergeant.

TWO NEGROES HIDDEN FROM MOB; CONFESS ATTACK ON TOURISTS

MANSFIELD, La., Aug. 25.—A party of 50 men in 12 automobiles, presumably from Shreveport, reached here this morning in search of two negroes, Robert Sewell and Bois Sims, who confessed to attacking tourists motoring from Houston to Shreveport, who gave their names as William A. Greene and his sister-in-law, Mrs. Greene. Mrs. Greene was beaten into insensibility by the negroes.

The party was informed by the sheriff that the negroes had been removed to another point, and after a short delay continued on their way.

HOTEL IN JAM AS DUKE DEMANDS ROOMS HELD BY U. S. OFFICIAL

Tomorrow, the Duke De Talleyrand Perigord, and the duchess, who formerly was Miss Anna Gould of New York, are to be here. They have asked for and expect to get the presidential suite. In the train of the nobleman and his wife are many servants, much luggage and a Pekinese pup.

Beside the suite, the hotel has been asked to provide additional service. "That is easy," the manager of the hotel says, "but whether to ask Seoby out, that is not so easy, if proper."

DE VALERA GATHERS FORCES FOR ATTACK AS DUBLIN MOURNS COLLINS

DUBLIN, Aug. 25.—Eamonn De Valera today dramatically emerged from his hiding place and is gathering an army in County Louth in preparation for an attack on Dublin, according to persistent reports here.

The rumor ran rapidly through crowds mourning at the pier of Michael Collins, whose body lies in state at the city hall. Officers of the free state government were understood to be attempting to communicate with towns in County Louth in an effort to ascertain the truth or falsity of the report.

County Louth lies just north of Dublin. If De Valera has reappeared, he has seized this opportunity when he believes the free state is demoralized by Collins' assassination, to make another effort to overthrow the government and establish a republic.

FINISH FIGHT IN RAILROAD STRIKE PREDICTED AS CONFERENCE ENDS

NEW YORK, Aug. 25.—Attempts to end the rail shippers' strike by a separate settlement with individual roads failed today and conferences were broken off.

Daniel Willard, head of the Baltimore & Ohio and head of the committee of executives, who Wednesday decided to continue negotiations with the brotherhood chiefs to see if separate settlements were possible, and other railroad heads, are preparing to leave town.

In announcing breaking off of negotiations, David Williams, head of the Eastern strike committee, said: "Nothing else could have happened. If they will quit fussing around we will beat these fellows."

One of the brotherhood leaders stated following the conference that the mediators had done all in their power to effect a settlement but the negotiations had "blown up" and that it was not likely that they would be resumed for the present.

At labor headquarters telegrams were being sent out all over the country calling on the strikers to renew their struggles with redoubled vigor. "Now we know where we stand," one of the leaders declared.

From unofficial sources it was learned that the break-up came when the union heads rejected a proposal which the executives considered a great concession on their part.

Pensions Not Affected. In a statement signed by executives of 52 main lines and subsidiaries and representing more than 85,000 miles of trackage, it was declared that the executives were not seeking to take advantage of the strike situation to get free from pension obligations and that the strikers would be taken back with full pension rights.

The roads stated that if there were any unsettled disputed points which could not be settled by direct conference, they were willing to submit them to a commission of 10, comprising the heads of the Big Five brotherhoods and five executives.

Pledge Jobs for Strikers. The roads stated they were willing to pledge themselves to find jobs for all strikers in the same places of employment at the rate of wages fixed by the railroad labor board.

The executives added that the right men.

CANDIDATES ASK SUPERVISORS FOR RANGER ELECTION PLACE

On the request of three candidates for county and precinct offices and a number of Ranger voters, two supervisors, as provided for under the election law, will be on hand when the polls open tomorrow morning. The names of the supervisors will be decided upon by the candidates and their supporters this afternoon, it is announced.

Requests for the supervisors was first made of J. F. Connell, presiding judge, by a committee of citizens, who later appeared with a written request signed by Tip S. Ross, Felix S. Boland and P. P. Palmer, candidates for county judge, county treasurer and constable, respectively. Mr. Connell told the committee to have the supervisors at the polls at 8 o'clock tomorrow morning.

The polls will be located in the vacant building, two doors south of the old Chamber of Commerce building on Austin street. J. F. Connell several days ago announced the following officials: Sam Davenport and Col. Brashier, associate judges; Clarence Love, George Hemmingson, Jim

WAR ON KLAN TO BE WAGED BY 'CHI' CHURCHES

Leaders Declare More Than 1,000 Congregations Will Oppose Masked Order.

CHICAGO, Aug. 25.—More than 1,000 churches, members of the Chicago Church Federation, laid plans today to combat the Ku Klux Klan.

Dr. Howard Agnew Johnson, president of the federation, declared he would take immediate steps to have the trustees take a definite stand against the masked order.

"The Klan is un-American and unjustifiable," Johnson declared. "It was conceived in iniquity, propagated by graft and lures into its folds by mysticism and mummery."

Dr. S. M. Mellamed, widely known historian, declared that the Klan was a rival of the "Black Hundred" of Russia.

SPEAKER LAYS ILLS OF TIMES TO BACKSLIDING

The cause of "backsliding" is inactivity, the Rev. L. C. Garrison told a congregation at the revival tent on East Main street last night. The results, he declared, have been the great crime wave and financial panic as pictured by Jeremiah. Christ, he said, offers full pardon to backsliders as seen in the story of the prodigal son.

Music for the services is in charge of R. F. Treadway, pianist, and T. D. Carroll, choir director and soloist. A booster choir is to be organized at the tent this afternoon at 4 o'clock by Mr. Carroll. The seating capacity of the tent is to be increased from 1,000 to 1,800, Mr. Garrison announces.

MAYFIELD CHARGES FERGUSON FRAMED HOUSTON STAMPEDE

DALLAS, Aug. 25.—Former Governor James E. Ferguson, candidate for Democratic nomination for the United States senate, charged in his speech at Hillsboro Wednesday that Earle B. Mayfield, his opponent, was making a bid for the Mexican vote of South Texas, and Mayfield hurled a counter charge at Ferguson at Tyler at night that he (Ferguson) had "hatched up" the disturbance during the former governor's speech at Houston Monday night.

This disturbance consisted of jeering cries preceded by sudden exodus of a part of the audience as Mr. Ferguson began an attack on the Ku Klux Klan.

"The disturbance was created by Ferguson and his supporters for the purpose of gaining sympathy," Mr. Mayfield said. "Ferguson realizes that he is defeated and is making a bid for sympathy. He hatched up this stampeade at Houston to be able to say that a vote for Mayfield is a vote against law and order. The stampeade was carefully planned and executed but the public saw through it without difficulty. In Houston, the affair is regarded as laughable."

YOUNG RANGER BOYS PLACED UNDER PAROLE

EASTLAND, Aug. 25.—Joe Peugh and Jack Robinson, both under 14 and residents of Ranger, charged with breaking into the building of the Ranger Tobacco company some time ago and stealing considerable merchandise, have been paroled on good behavior for 30 days by Judge Joe Jones of the county court-at-law. At the expiration of the parole the boys will have to appear in court and on proof of good behavior will be paroled for another 30 days. In case the boys violate their parole they will have to serve a term in the state reformatory at Gatesville. The mothers of both boys are said to need their support and this, together with their age, was taken into consideration by the court in allowing the parole.

NO CHANGE IN MEXICAN RECOGNITION SITUATION

MEXICO CITY, Aug. 25.—Recognition of Mexico by the United States is still "status quo," it is announced by the foreign office. The announcement followed a report received here from the United States that President Obregon was expecting a declaration of recognition from Washington.

Temperature discomforts for a
large number of individuals should be
reduced by tomorrow night. For the
polls will have closed and the anti-
mosities attendant to a political cam-
paign will have begun to subside.
Those who support the winning candi-
dates may well be tempered and made
genial by their elation. Those who
back the losers may either forget it
or nurse their resentment, as they
choose. Chances are, most of them
will adopt the former course. They
will take the sensible view that the
nation's life or death does not depend
upon one man, and however lament-
able may be the ignorance of the peo-
ple who favor another, the world will
stagger along somehow.

There are no "Me and Gotts" in
America. In the councils of the na-
tion, no man has great influence un-
less he has the backing of his asso-
ciates, and there are few of so per-
suasive a personality and so logical a
mind that they can change the views
of the average. One might as well
expect a drop of rain to influence the
ocean's tides.

That being the case, the ticket from
legislators on down to precinct offi-
cers might as well be voted calmly
and sensibly. Some candidates are
more able than others, but the differ-
ence is not so great as to require
choosing between the wisdom of the
ages and intellectual bankruptcy. Just
pick the man who best represents
your own views, and whom you judge
most competent. If the judgment of
the majority does not coincide with
yours, the country will still get along
some way.

However, it will be just as well to
cast that ballot.

From the way the strikers are con-
tending for "seniority" it must be al-

jority" is for a Democrat who craves
to serve the public in emolumental

SLIGHT SLUMP SHOWN
IN PIPE LINE REPORTS

WICHITA FALLS, Aug. 25.—Pro-
duction in the North and North Cen-
tral Texas oil fields seems to be hold-
ing fairly steady from week to week,
according to the latest pipe line re-
ports. There is a slight drop of less than 500
barrels in the daily average from a
week ago. The heaviest loss was in
the Electra field, where completions
have been cut down to some extent on
account of recent cuts in the price of
oil. There were slight gains in the
Burk Burnett, the Holiday and the
Young county fields. There was very
little change in the output of any of
the other fields.

Following are the average daily
runs from each of the fields, to-
gether with the totals for this week,
compared with those of last week:

Table with 4 columns: Field Name, This wk., Last wk., Difference. Includes Electra, Burk Burnett, Iowa Park, Holiday, Petrolia, Young county, Strawn, Stephens county, Moran, Ranger-Eastland, Coleman county, Brown county, Desdemona-Pioneer, and Michell county.

SLEEP WALKER FALLS OFF
PORCH; SERIOUSLY HURT
SHERMAN, Aug. 25.—Ora Bond,
farmer of the White Rock community,
six miles northwest of Sherman, is at
his home in a semi-conscious con-
dition from a fall from a porch roof
at 1 o'clock Thursday morning. It is
supposed Bond was walking in his
sleep when he fell from the roof.
Bond struck on the right side of
his face and the right shoulder and,
while no bones were broken, it was
feared he may have suffered concus-
sion of the brain.

KOSSE, Aug. 25.—The Jones well
was turned into the flow tanks here
Thursday and filled the tanks at the
rate of more than 500 barrels an
hour. This is at the rate of more than
12,000 barrels daily.
The well is only a very few feet
in the pay sand.

There is great excitement here and
lease prices took a big jump when it
was learned that the well was making
this big flow. There had been numer-
ous reports that the well had stopped
flowing, but these were exploded to-
day.

CLEVELAND STREETS BY
CHINESE TONG WARRIORS

CLEVELAND, Ohio, Aug. 25.—
Tong war between the Hip Sings and
the On Leongs, dormant for several
months, broke out in Chinatown here
early today.

Armed celestials in motor cars
sped back and forth through the dis-
trict, firing fusillades of shots at
homes and business establishments of
rival tong members.

Windows were shattered and many
narrowly escaped injury. A series of
riot calls sent scores of police to the
colony but the night riders had dis-
appeared. No casualties were re-
ported.

HARDING WANTS ACTION
ON ANTHRACITE STRIKE

WASHINGTON, Aug. 25.—Negotiations between anthracite coal op-
erators and United Mine Workers' of-
ficials to end the suspension of min-
ing operations are expected by offi-
cials close to President Harding to
be resumed within a week, as the re-
sult of overtures made on behalf of
the administration.

Harding, it was stated today in an
official quarter conversant with the
situation, holds that negotiations
which were suspended early this week
through failure of the operators and
union officials to reach an agreement,
particularly on the question of arbi-
tration, should be resumed at once.

WAR SERVICE MAY COST HERO \$2,500,000

NEW YORK, Aug. 25.—Captain George Camp Douglas, of the British Royal Artillery, has arrived on the Aquitania, on his way to Minneapolis to enter claim for half of the \$5,000,000 estate left by his father, Walter D. Douglas, who went down with the Titanic in April, 1912.

Under the terms of his father's will, Captain Douglas and his brother, E. Bruce Douglas, were to share equally in the estate, provided they each earned \$2,500 a year for the ten years following the parent's death. Walter D. Douglas was chairman of the board of directors of a well known cereal company of Minneapolis.

During the two years following his father's death, Captain Douglas carried out the \$2,500 provision. Then came the commencement of the World war. He enlisted as a private in the British artillery, and for heroism in the field was commissioned captain. Neither as a private nor captain did he earn the \$2,500 a year. He is going to Minneapolis to show the executors that because his country called him when the war commenced, he was unable to carry out the commands of the will. He is still in the British army.

The brother, E. Bruce Douglas, enlisted in the American army. During other years than those which this country was engaged in the conflict, he earned the required \$2,500 and was given his share of the estate.

LABOR LEADER SAYS RUN-DOWN EQUIPMENT CAUSED TRAIN WRECK

CHICAGO, Aug. 25.—Declaring the "real cause" of the Michigan Central wreck at Gary, Ind., early Sunday "was clearly an unfit locomotive" and characterizing the railroad's charges that the wreck was due to plotters as a "hastily patched up explanation to place the blame for loss of life upon the striking shopmen instead of on the railroad, where it belongs," J. F. McGrath, vice president of the American Federation of Labor, today said the wreck did not differ "a particle from wrecks reported each day from various parts of the country."

"Reports are based upon an investigation by company officials and armed guards," he said. "What can the public expect to get in the way of unbiased reports from men who are hired to fight the employes on strike? An investigation of this kind should

HE KILLED TO GET RING FOR GIRL

Frank B. DuPre, only 19, will be hanged in the Atlanta, Ga., jail in September for the murder of I. C. Walker, a private detective, who caught him trying to steal a diamond ring from a jewelry store. DuPre shot down the detective and then ran down a crowded street in the heart of the city and into a hotel lobby, where he shot Graham West, comptroller of the city of Atlanta, in the chin as the latter sought to disarm him. He escaped to Detroit and was caught there after having written a letter to Betty Andrews, of Atlanta, for whom he tried to steal the ring.

have been given over to an impartial body of mechanical experts."

McGrath's statement came on the heels of the verdict of the coroner's jury, which found that the engineer and firemen of the wrecked express came to their death "as a result of a plot to wreck the train."

It also followed an announcement by State's Attorney Crowe's office admitting failure to discover sabotage plots in correspondence stized in raids upon the offices of William Z. Foster, radical leader and head of the Trades Union Educational League.

STRIKE ISSUES

When the railway shopmen voted to strike, they gave reasons all of which they have since abandoned. They were to resist the cut in their wages ordered by the railroad labor board. But now they say they will accept it, in view of the promise of a re-hearing of their case should altered conditions warrant it. They also struck against the contracting out of repair work by the railways. But this practice has been almost completely given up, partly by voluntary action of the companies, partly by direction of the railroad labor board.

The net result, therefore, is that the shopmen are remaining out on an issue which did not exist when they originally struck. This is the issue of their seniority rights. Apparently, they would go back to work if these rights were unequivocally restored to them. If they had stuck to their jobs, it never would have arisen. And if what they now assert is true, namely, that the roads have not been able to get men to take their places, the question cannot be practically very acute. If there are no new employes to speak of ahead of them, they could go back with no substantial loss of privileges.

This statement of the case shows, to be sure, how foolish and needless the strike was at the beginning, but it also leaves the impression of a pretty small difference between the railways and the shopmen. The latter will speak of "bringing the companies to their knees," and some railway executives talk of "fighting to a finish," but neither side could really maintain that the facts, the sole issue growing out of them are important enough to justify a struggle to the last extremity. Both sides have in their hands good bargaining material—some would say bluffing material—but the inference from this is not that they should stand apart indefinitely in hostility, but should meet soon to make the destined bargain.

If the President appears to be letting the dispute drift, it must be because he believes that it will soon drift into a settlement. That also is obviously the expectation of the business world. It sees the other railway unions displaying a spirit of conciliation and caution, and it counts upon the shopmen also coming to a more reasonable position. Yet it cannot be denied that all this optimism may prove to have been fit only for dwellers in a fool's paradise. The actual situation is tense and dangerous. But the country remains calm in the conviction that the Washington administration is ready to give public opinion a strong lead, if the occasion becomes critical and demands it, as also to do whatever may be necessary to make sure that the republic takes no harm.—New York Times.

NEWPORT, R. I., Aug. 25.—Climbing to the top of a wrecked coach, F. C. Birch, naval wireless operator, wigwagged for help when a Boston-Newport train of the New Haven road left the track near Middleton station and injured three women. A vessel in the harbor picked up the signal, radioed it to Newport and a special relief train was rushed to the scene.

THE ART OF PRINTING

ORIGINALITY IN PRINTING nowadays is one of the most difficult of qualities to attain. You must use the types and blocks and papers and colors which have been in use for ages; hence it is extremely unlikely that rearrangement of all of these things in a manner admittedly satisfactory and at the same time quite original can be achieved by those lacking experience.

It requires years of thought and study to master the art of printing. Novices can "print" in a way, but compare the product with that of a student of the work.

We claim to have mastered the art, and take pride in the fact that our work cannot be equalled by the ordinary printer. Of course, it takes money to manufacture a product of quality, the same as in any other line. Our prices are made up to quality, not down to price.

NITROS SWAT KNADLER HARD AND WIN 11-5

STAMFORD, Aug. 25.—The Nitros came from behind Thursday by pouncing Knadler ferociously, and won, 11 to 5. Sixteen raps, including numerous two-ply blows, were made by the Ranger crew during the onslaught, which first got under headway in the fourth round. Craig led the assault with four hits and also started the second straight day of perfect Nitro fielding, with two sensational catches.

Thomas pitched a steady game except in the fourth when four hits gave the Colonels three runs. Their only other scores came on homers by Baker and Schmidt with the bases empty.

Up to the fifth, it was a neck and neck race. The Nitros earned a run in the second on hits by Brooks and Thomas, with Clayton's sacrifice hit sandwiched between. The Colonels tied it up in their half, and also tied a three-run edge the Nitros gained in the fourth. They were unequal to the occasion after that, however, and the Nitros went to the front in the fifth and added an overwhelming plurality in the eighth.

OSER SCARED AT TRIP TO AMERICA FOR HONEYMOON

LUCERNE, Aug. 25.—Residents of Reider, the nearby village where Max Oser lives, are convinced the riding master will be married soon to Miss Mathilde McCormick, granddaughter of John D. Rockefeller. But they express emphatic belief that the couple will not go to the United States on their honeymoon.

It is said Oser not only fears adverse criticism, but is afraid of actual violence because he has succeeded in winning away a part of the Rockefeller-McCormick millions and a beautiful young girl into the bargain.

Oser and Miss Mathilde were still undiscoverable today. They were understood to be castle-hunting.

Woman Slain, Man Blinded by Shot At 'Petting Party'

HUTCHINSON, Kan., Aug. 25.—An object lesson which backfired resulted in the arrest late yesterday of P. C. White, 37, a farmer, on a charge of first degree murder in connection with fatal shooting last Friday night of Mrs. Charles E. Fuller, young wife of a Hutchinson machinist, and the wounding of Ed Lyon, a barber.

Mrs. Fuller was killed and Lyon blinded by a charge from a shot gun, fired through the back curtain of a touring car in which they were sitting on a lonely country road near here.

White, in a sworn statement to the county attorney, said that he fired the shot which killed Mrs. Fuller, but that he had no intention of hurting any one. He said that he and his family had been annoyed by numerous "petting parties" which took place in the neighborhood of his home since he had moved to the farm early this year. He intended the shot at the car as an object lesson and warning to people to stay away, he said.

White was arraigned before Justice Cox and released on \$5,000 bond, to appear for a preliminary hearing Sept. 1. White's family consists of his wife and seven children.

PROMISE OF ENOUGH BLACK BREAD PREVENTS SURRENDER OF SOVIET

MOSCOW, Aug. 1.—(By Mail.)—Soviet Russian leaders are advancing reasons, easily understandable within Russia but probably difficult of comprehension abroad, as to why they believe Russia, after the coming harvest, can get along and show economic improvement without the aid of foreign governments.

They make no secret that industrially the country can show very little life without huge foreign credits, but they say that Russia is primarily an agricultural country, and that the requirements of the Russian peasant are probably smaller than those of any other people except the Chinese or Hindus. The peasants comprise at least 70 per cent of the country's population.

An American, accustomed to the standard of living in the United States, might consider it a terrible condition were someone to tell him that 50,000,000 Russian people had no shoes. The Russian, familiar with his own country, would shrug his shoulders and say: "What of it?" He would remark that at least 50,000,000 Russians never had shoes and probably would not know what to do with them if they did. The peasants go barefoot in summer, use home-made straw sandals in the autumn, and felt boots of village manufacture in the winter.

It is similar with most articles of wear and household use which American civilization considers essential to comfort. If the Russian peasant has plenty to eat—and above all other things he prefers black bread—and if he has a few rags to cover him and a hut to shelter him, he is as well off as he was before the war.

It was only in late years under the monarchy that the growth of manufacturing within Russia was seriously encouraged. The soviet regime, whose supporters were mostly among the factory workers in the cities, has desired to increase industry probably even more than the old regime, but, due to civil war and destruction, industry is now in a worse state than ever before. If foreign capital comes in to any great extent the government expects to recreate industry, but lacking this, it considers that Russia can get along as an agricultural country until such time as either from within itself, or with foreign assistance, it can become an industrial country.

As civil war is over, and the harvest promises to be better than at any time since the war, the soviet leaders contend that the peasant and the city workmen now will both have more food than they have had for years, and that the worst period is behind

them. For this reason the attitude of Russian diplomats at Genoa and The Hague was firmer than the Western world, accustomed to thinking of economic ruin in the sense it would affect their own countries, had believed possible.

YOUTHFUL OWNER OF EXPRESS WAGON WINS DAMAGE SUIT

PHILADELPHIA, Aug. 25.—A boy's toy wagon is just as important in the eyes of the law as an automobile, and a 9-year-old advocate can win his case just as easily as any lawyer in the Philadelphia courts. That is Magistrate Robert's opinion and he put it to practice.

Samuel Stern's machine ran over and smashed little Richard Keating's wagon. Richard took down Stern's number on a board, went to the police station and had the motorist arrested.

When the case was called the boy stepped up to plead his own case. Stern was amused and showed it, which was an unwise move, for the magistrate saw nothing funny about it. Stern's amusement fled, however, when the magistrate offered him his choice of being held for court or paying for the wagon. Stern paid.

Freight Train Wreck That Killed Nine

Nine persons were killed and 50 injured in a wreck at Anandale, Minn., when a motor truck, struck by a fast passenger train at a crossing, was thrown against a switch, which it opened, with the result that the train was split in two parts and dashed into a freight train that had taken a siding to let the passenger train pass. Four cars were telescoped into the freight. The photograph shows the first day coach next to the smoker, in which all the deaths occurred.

'THE VIRGINIAN' DIES WHILE ORDERING SODA

LOS ANGELES, Aug. 25.—Edwin B. Trafton, better known as Ed Harrington, one of the few old time wild western pioneers, dropped dead last evening as he was ordering a soft drink.

Trafton had just walked into an ice

cream parlor on South Broadway to order a soda when he toppled over. Traffic Officer Riley summoned the ambulance and had the famous frontiersman removed to the Receiving hospital.

According to a letter written "To Whom It May Concern," James W. Melrose, for 16 years a special agent in the United States department of justice, knew Trafton as the man from whom Owen Wister modeled "The Virginian."

Melrose said that Trafton was one

of the earliest settlers in the Jackson Hole and Teton Basin country. He built the first log cabin and blazed trails in 1880 and for 35 years was a Yellowstone Park guide.

The pioneer was a noted big game and one of the most picturesque characters the old West ever produced.

He whacked bulls out of old Cheyenne with Buffalo Bill and Jack Watkins and turned flapjacks with Charley Udder. He also fought a duel with "Trampas," better known as "Black Tex," at the lower crossing of the Powder river.

BRIDGE WITH MR. AND MRS. JURY.

Mr. and Mrs. A. G. Jury for the second time this week, entertained a few friends at bridge last evening in the Green room of the Gholson. Mrs. C. W. McLaughlin made ladies' high score, and received a dainty pongee handkerchief as a prize. Mr.

NEW YORK PASTOR BACKS NEW SOVIET CHURCH

The Rev. Dr. John Hayes Holmes, of New York city, who left Moscow recently to return to America, plans on his arrival here to sponsor the newly formed Soviet Russian church. This organization has been created to support the soviet revolt from the orthodox church, which for centuries has been the state religion of Russia.

An eight-pound boy was born Monday morning to Mr. and Mrs. R. E. Garber.

PROPHET'S ONLY MOSQUE IN AMERICA TO BE RAZED

DETROIT, Mich., Aug. 25.—The Moslem mosque in Highland Park, a suburb, that for more than a year has stood as the only outward symbol of Islam in the western world is to be razed, and the property sold. Injection of reforms into the ancient religion of the prophet, which it is said caused dissension in the ranks of Mohammedans here, and lack of interest on the part of most of them were given by Muhahhad Karoub, wealthy Moslem real estate man, whose devotion to the cause led him to sponsor the movement, as the reasons for abandonment of the project to propagate the Islamic faith in this country.

MAD COW GOES WILD; FORCES MAN UP POLE

EAST ST. LOUIS, Aug. 25.—An apparently harmless cow that had been shipped here from Pittsfield, Ill., went on a rampage, probably fatally wounding Mrs. Margaret Woods of this city in her attempt to rescue her child from the raging animal, chased a lineman up a telephone pole and for several minutes defied a fusillade of shots poured from several policemen's pistols until the animal finally fell, fatally wounded by a nearby farmer.

A TRUE RAT STORY

Auburntown, Tenn., 6-22-22
Stearns Electric Paste Co., Chicago.
Dear Sirs: Mr. Robert T. Donnell of Auburntown, Tenn., came in our store the other day and wanted something to kill rats so I sold him a box Stearns Rat Paste. And he put some paste on six biscuits that night and the next morning he found fifty-four big rats. And the second night he put out four more biscuits with paste on them, and the second morning he found seventeen more rats, making a total of seventy-one rats in two nights, and there were lots more that he did not find.
This is some big rat tale, but nevertheless, it is so. Just thought would write to let you know that your rat paste is good.
Respectfully, KENNEDY BROTHERS.

BOSTON STORE LOSES THIRD CAR BY THEFT

The Boston store again became the victim of automobile thieves when a Ford roadster was stolen last night from the side entrance of the store on Rank street. The stolen car bore the motor number 5309458 and the license number 660514. The roadster is the third car stolen from the firm, a Buick and a Ford touring car having been stolen from in front of the store on previous occasions. Both of the latter were eventually recovered.

MOWING MACHINE KILLS FANNIN COUNTY FARMER

PARIS, Aug. 25.—Joe Hicks, farmer, living in the northwest section of the county, near the Fannin county line, was found dead in his field Wednesday afternoon. When found the body was entangled in a mowing machine in his meadow. The supposition is that the team ran away and the body was unable to extricate himself from the machine. His throat had been cut by the pitman rod on the machine and he also had received

other injuries that would have caused death had he been released.

He had been dead about four hours when the body was found. He leaves a wife and several children.
