RANGER, TEXAS, SUNDAY MORNING, SEPTEMBER 3, 1917

WALSH BLAMES THE GOV

CO-OPERATION OF MANY MAKE SHOW SUCCESS

Elks' Charity Fund Is Swelled About \$600 by Two Performances.

The Elks' minstrel, which closed a two-day engagement at the Majestic theatre last night, was pronounced a success from every standpoint. The show made money, which was the dominant thought. A sum probably reaching \$600 will be profit. This will go into the Elks' charity fund. Those who attended the show received their money's worth, which is unusual in a home talent exhibition, and it developed the fact that Ranger probably has some of the best home talent in the state.

Many Workers.

Many hands were included in making the show a success, but if any special praise goes to anyone, it is entitled to fall upon "Pop" Edicott and Ben Ruyie. They managed the affair. They cast the parts and worked unceasingly to make the actors work smoothly and the show go off as a well ordered performance should. In addition, "Pop" furnished the music at the piano. He was assisted by Charles Ables, who slashed a wicked bow across a "G" string, and Jack Croston, who is a real drummer.

In the cabaret scene J. W. Ward did yeoman service. J. W. saw to it that the dashing dandies and their male partners had plenty of whatever they were drinking to drink. Back stage, Joe Davis, G. O. Nuss and Charles Ingram also did yeoman service in the matter of properties, drops and scene shifting. Without them or some more of their kind the show would have floundered. Somebody has to do the heavy work. All can't be actors and actresses.

Of Moneybags.

Up front, J. W. Hill very nobly guarded the box offices and quelled the spirit of revolt in the minds of those who balked at the price. Over on the doors were S. J. Durst, E. J. Barnes, V. Wakefield and others. Upstairs E. J. Cradington handled the spot light and bore the brunt of the temperamental ladies' wrath when he failed to hit them in the eye. Others helped to make the show a success, but like shrinking violets they hid themselves away.

DEBS MAY GET 'CLEMENCY' BUT NOT A PARDON

WASHINGTON, Sept. 1.—The possibility that President Harding at the final conclusion of peace may through executive clemency open the door of the Atlanta penitentiary to Eugene V. Debs, the Socialist leader, was suggested today by administration officials. Speculation as to disposition of the Debs case has been widespread in Washington for several weeks. Reports were general until a few days ago, although without official confirmation, that Attorney General Daugherty would recommend that the Socialist leader be pardoned. This belief, however, was lessened and in some quarters dissipated by the emphatic stand taken by Mr. Daugherty in his American Bar association address of last Wednesday against release of what he called "political offenders." Several officials on having their attention called today to the stand taken by the attorney general immediately pointed out that a distinction existed between a pardon and extension of executive clemency. A pardon, it was explained, would operate to restore Debs to full rights of citizenship, while the extension of clemency merely would allow him his freedom.

MINERS' HEADS ARE GRANTED MORE TIME

COLUMBUS, Kan., Sept. 2.—Judge Frank W. Boss of the Cherokee county district court, here this afternoon granted Alexander Howat and August Borch an extension of time to Sept. 30, to file an appeal from the recent conviction of having violated the industrial court law by calling a strike.

MEMORIAL TO NATIONAL GUARD IS SUGGESTED WASHINGTON, Sept. 3.—Suggestion that a building in memory of the national guardsmen who served in the war and dedicated to the use and advancement of the national guard be erected in Washington by contributions from their living comrades of both past and present, was made tonight by George C. Richards, head of the bureau of militia affairs and a brigadier general of the Pennsylvania national guard, in a letter to the adjutant general.

ASKS FIVE MILLION FOR KEEPING SILENT

Mrs. Beatrice Smith Nugent has obtained an injunction tying up the estate of William Van Ransselaer Smith, valued at \$10,000,000, on the ground that William E. Smith, her uncle, who inherits the estate under the will, agreed to give her half of it for maintaining silence about his marriage. Smith, she says, feared that he would be disinherited should his marriage become known.

ABILENE BOY WINS IN GOAT ROPING CONTEST

An afternoon and night performance Saturday opened Ranger's three-day rodeo and riding contest at Nitro park. Cowboys, cowpunchers, cowgirls and range riders, expert ropers and six-shooter artists all, entertained several thousand persons at the two performances. The show started promptly at 3 o'clock, and was preceded by a parade through the business district headed by the fire department and a detachment of police. Sheriff Sam Nolley and his deputies rode near the head of the procession, to the accompaniment of the siren on Fire Chief Murphy's red speedster.

Cecil Childers of Abilene, took first money in the goat roping, making his tie in eleven seconds flat. Jack Degraffenreid of Breckenridge, was second with time of twelve seconds. Third money was taken by M. H. Kelly of Ranger, time sixteen and two-fifths seconds.

Entries in goat roping and their time follows: M. H. Kelly, 16 2/5; Slade Swift, 18; Blackie Degraffenreid, 24; Jack Degraffenreid, 12; Cecil Childers, 11; Tom Wallace, 20 1/2; Chick Pugh, disqualified; M. R. Kelly, disqualified. In the colt roping contest Blackie Degraffenreid of Breckenridge won in 25 seconds; Wade Swift of Ranger was second in 27 seconds and Cecil Childers third in 29 seconds.

Entries in this contest were: Tom Wallace, 12 1/4; Blackie Degraffenreid, 25; Jack Degraffenreid, disqualified; Cecil Childers, 29; Ed Stephenson, disqualified; M. H. Kelly, disqualified; Chick Harris, disqualified; Wade Swift, 27 seconds. There will be two more days of the rodeo, today and tomorrow.

EASTLAND MINISTER WILL DISCUSS AFFAIRS AT COUNTY COURTHOUSE

The condition of the courthouse circle in Eastland and the condition of Eastland county generally will be exposed by the Rev. Roy A. Longston, pastor of the Eastland Methodist church at the union meeting to be held tomorrow night on the vacant lot near the Elks' home on Main street. The Rev. Longston is a forceful speaker and is one of the leaders in the proposed Law Enforcement bureau for Eastland. The bureau if it comes into being will be along the lines of the one now operating in Ranger.

DENTON, Texas, Sept. 3.—Judge John Speer of Denton, has been appointed receiver for the Penn Breck Oil association as the result of a damage and receiver suit filed in the Sixteenth district court here against the association by M. B. Pine, director and general manager for the association. The property of the association is valued at about \$500,000 and is located in Stephens county. Denton people are associated with financiers from Indiana and Illinois in the organization.

Ranger Will Be a Colorful Scene of Gayety Labor Day

MANY PRIZES TO BE AWARDED AT BIG PICNIC

Congressman Lanham and Other Prominent Masons to Speak.

Chief among Monday's offerings for the entertainment of the public will be the mammoth free barbecue at Shamrock park, under Shrine auspices. An interesting program has been arranged for the Masons. In the forenoon prominent Masons from over the state will speak, and in the afternoon many events calculated to contribute to the gayety of the occasion will be staged. In the evening a dance will be given for the Masons at the old Jones-Cox store on Main street, and the shriners will have a dance at Shamrock pavilion. The afternoon's program includes a ball game between a local Shrine club and a team from the Fort Worth Shrine.

There will be foot-races; a contest to determine who is the fattest Mason and the fattest Mason's wife (not the wife of the fattest Mason), a prize being offered for the winner in every event. Lovers of the manly art of self defense will be regaled in the evening with a fast boxing bout at the Majestic theatre between Jimmy Bibb of Fort Worth, and Bobby Green of San Antonio. These lads are said to be quick-stepping exponents of the boxing game and are expected to put up the real article. Tickets for this event will be on sale tomorrow in front of the Gholson hotel.

The Day's Program.

Beginning with speaking at 10 o'clock at Shamrock the keystone event of the day will be the big barbecue on the grounds at the park at high noon.

From 1:30 to 3 o'clock will be the races and awarding of prizes.

At 3:30 o'clock will be the ball game.

At 8 o'clock in the evening comes the boxing bout at the Majestic theatre.

The hour of 9:30 p. m. has been set for the beginning of two dances, one for the Shriners at Shamrock pavilion, and one for the Masons at the Jones-Cox store on Main street.

Contests arranged for the amusement of the throngs expected to view the day's sports and the prizes therefor follow:

Shaving set—Ugliest Mason.

Broiling set—Oldest married couple.

Ten dollars worth groceries—Largest family.

Ladies' shoes—Largest lady (weight).

Ladies pumps—Youngest married lady.

Ladies blouse—fastest lady (50 yards).

Hat—Oldest lady.

Lavaliere—Best lady dancer.

Five dollars in gold—Fastest daughter (50 yards).

Five dollars in gold—Fastest married lady (50 yards).

Five dollars in gold—Fastest boy (12 to 21) 50 yards.

Five dollars in gold—Fastest boy (8 to 12) 50 yards.

High chair—Prettiest baby boy (1 to 2).

Baby hamper—Prettiest baby girl (1 to 2).

Pair shoes—Oldest mason (in years).

Dress hat—Tallest Mason.

Hat—Biggest Mason (weight).

Box cigars—Youngest Mason (weight).

Box cigars—Smallest Mason (weight).

Box cigars—Fastest Mason (50 yards).

Ice book—Youngest married couple.

General cleaning—Oldest Mason (of order) (A. A. O. N. M. S.) or Shriner.

MERRIMAN SCHOOL PROPERTY WILL BE FORMALLY TAKEN IN

The Ranger independent school district will hold a meeting some time next week, according to M. H. Smith, who yesterday returned from a ten-days' visit to his ranch at Plainview, and formally take over the Merriman school property. It is thought the board at the meeting will ask for bids for the erection of the Merriman school building. The structure will cost about \$20,000 and will be complete to the last detail. Through a special bill the Merriman district recently became a part of the Ranger independent school district.

CONGRESSMAN LANHAM TO SPEAK AT MASONIC PICNIC, RODEO STADIUM

The wheels of commerce will stop in Ranger tomorrow Labor day, while Rangerites and their guests avail themselves of the various forms of entertainment provided as fitting for the occasion. Mayor John M. Gholson has issued a proclamation calling upon the people of Ranger to observe the day as becomes its importance, and nearly every business house in the city has agreed to close. A red letter number on the program for Monday morning will be an address by Congressman Fritz Lanham of Fort Worth, who is billed to speak shortly after 10 o'clock at Shamrock park. The day's activities will include the final burst of the three days' rodeo and the Shrine entertainment. Local Shriners will meet this morning at Masonic hall to put the finishing touches to their part in the day's celebration. Speaking at Shamrock park will be ushered in with an address of welcome by Mayor John M. Gholson. Invocation will be offered by the Rev. J. Walter Griffith of DeLeon. The principles of Freemasonry will be expounded by Deputy Grand Master Dr. D. Frank Johnson of Brownwood. J. E. Scott of Cleburne will speak on "One Hundred Per Cent Americanism."

Some of the Details.

Mayor Gholson's proclamation demanding observance of the day reads:

WHEREAS, Monday, Sept. 3, has been by statute designated as a legal holiday; and,

WHEREAS it is considered befitting that in order to properly observe said holiday all business houses of this city should close so that the employes may avail themselves of the opportunity for recreation and amusement that has been arranged for the occasion by local citizens; now

THEREFORE, I John M. Gholson, mayor of the city of Ranger, do hereby declare Monday, Sept. 3, a legal holiday, and do earnestly solicit the co-operation of all citizens in observing that day as a day of rest and recreation.

JOHN M. GHOLSON, Mayor, City of Ranger, Texas.

Stores to Close.

The following places of business have agreed to close for the day:

Joseph Dry Goods Co., The Boston Store, Ranger Dry Goods Co., Richardson-Brown Co., J. H. Mead Paint & Paper Store, J. M. White & Co., E. H. & A. Davis, H. Fair, The Toggery, S. & H. Clothing Store, Cohen's Millinery, The Popular Store, J. C. Smith Dry Goods Co., Humes, Simpson-Alexander, L. Kemp, West Texas Electric Co., The Temple Jewelry Co., B. D. Wilmer, B. Bronstein, Ranger Electric Co., E. B. Reid Furniture Co., Ranger Gas Co., Guarantee Shoe Co., Vogue Hat Shop, Oil Cities Electric Co., The Globe, Baum's Bootery, The Julianna Shop, Bobo & Bobo, New Army Supply Store, Hall Furniture Co., Davenport Hardware Co., The Model Store, The Leader Store, Ranger Water Works, The Palace, Jones-Cox Co., Liberty Store, Reavis Clothing Co.

In addition to those signing the petition nearly all labor crafts will call the day a holiday and the Farmers & Merchants' State bank will close. Barbers and commercial printing plants will observe the day.

HIGH SCHOOL STUDENTS ASKED TO REPORT NEXT THURSDAY AND FRIDAY

All children who are expecting to attend the Ranger High school the coming term will be expected to report to the High school building on Sept. 8 to 9 to have a program arranged for the first term.

All those whose names begin with any letter from "A" to "M" are expected to report Thursday. Others will report Friday.

Principal Woods of the High school will be at the building on those days from 8:30 to 12 o'clock in the morning and from 1 to 4 o'clock in the afternoon.

By concluding these arrangements before school opens, it is said, matters will be expedited when the term opens Sept. 12.

SHRINERS TO WIND UP ARRANGEMENTS

Every Shriner in the city of Ranger is expected to appear this morning at 9:30 o'clock at Masonic hall for the purpose of completing arrangements for the Shriners' and Masonic celebration of Labor Day tomorrow. Those who are active in making preparations for the event announce that all is going smoothly and that continued team work, each individual doing his full share, will put the affair over in whirlwind style.

LAWYER A LUXURY!

By Associated Press. NEW YORK, Sept. 3.—The complaint in a suit against Charlie Chaplin, served on him while he was posing here for a portrait minus flat shoes, derby and mustache, was filed in court today. The suit is brought by Fred E. Goldsmith, who seeks \$10,000 as a fee for inducing the defendant to pay Mildred Harris Chaplin \$100,000 alimony in the couple's divorce suit.

Goldsmith said the question in the case was whether his services were worth a fee when Mrs. Chaplin retained the lawyer. Chaplin claims they were a luxury, the attorney says.

I. C. C. TOLD R. R. WAGES MUSTN'T AFFECT RATES

WASHINGTON, Sept. 3.—Presentation of testimony and argument involving freight rates in grain and hay brought before the interstate commerce commission by twenty western states was completed today with arguments by representatives of the states and shippers intended to show that relief from depression in western agriculture rests in a measure with the commission.

The hearings, described by the shippers as the most important since the general rate increase of last year, consumed more than two weeks while oral argument occupied a week or more.

Clyde M. Reed, chairman of the western grain committee and chairman of the Kansas public utility commission, urged as a final argument that the commission before reaching a decision consider whether the railroads were being operated honestly, economically and efficiently, as the law provides.

John E. Benton, counsel for the state railroad commission, contended that no consideration should be given whether the railroad labor board increased or decreased wages in fixing rates. The two boards should act separately, he said, and neither should give consideration to the other's action in giving decisions. Abnormally high wages should not justify abnormally high freight rates, he added.

ARDENT LOVER IS JAILED.

WORCESTER, Mass., Sept. 3.—Efforts of Justice Winfred H. Whitcomb to patch up a quarrel proved unsuccessful in district court when John H. McGahey, 19 years old, was arraigned on a charge of assaulting on complaint of his former sweetheart, Annie Smith of Parish Place. Miss Smith is 17 years old. McGahey told the police they would have to lock him up to keep him away from Miss Smith, and they locked him up. The case was continued.

A. E. F. BRIGADIER BURIED. QUINCY, Ill., Sept. 3.—The funeral of Brigadier General Hill, whose body arrived here from France Friday, took place this afternoon. Business was suspended. The funeral was in charge of the American Legion. Hill was made commander of the Sixty-third brigade when the troops left Camp Logan in Texas, having previously been a brigadier general of the Illinois National Guard.

NO OPPOSITION.

In establishing themselves in the troubled zone, the federal forces met with no opposition anywhere and do not anticipate any.

General Bandholtz tonight would not say whether he would compel the state and county forces who have been involved to disarm. They are now under control of the federal authorities and they will do just as they are told, said the general.

The federal commander also stated he will not permit any assembly of miners or other citizens in the disturbed area at this time. He made this announcement in reply to a question as to whether union men would be permitted to go into unorganized sections and hold meetings.

Anyone arrested by the federal troops will be turned over to the civil authorities, General Bandholtz said. Military rule and civil law, it was said at army headquarters, can run concurrently, and no difficulty will be experienced in seeing that all prisoners are treated justly.

The federal troops took position today behind the lines of the two opposing forces on the Boone-Logan county line. Headquarters were established at Madison, Boone county, in the rear of the armed bands, and at Logan, county seat of Logan county, which was the base on which the county and state forces operated against the invaders.

WASHINGTON NOT WORRIED.

WASHINGTON, Sept. 3.—Federal troops to the number of more than 2,000 today took up positions in West Virginia coal fields and tonight were reported by their commander, Brigadier General H. A. Bandholtz, to have the situation well in hand. Movement of federal forces into the district in which mine disorders have occurred took place without untoward incidents, General Bandholtz advised the war department.

He added that residents of the affected district show friendliness. Other reports deal only with disposition of the troops. Meanwhile the issuance of a proclamation declaring martial law in the areas into which troops were moved, continued to be held up.

Secretary of War Weeks on leaving.

(Continued on Page Two).

NORTHWESTERN LUMBER MILLS QUIT OPERATION

SPOKANE, Wash., Sept. 3.—General suspension of lumber mills of eastern Washington and northern Idaho has been decided upon by the Timber Products Manufacturers' association, according to J. C. H. Reynolds, the secretary. Unfavorable conditions in the lumber markets and large surplus stocks are responsible, he said.

SINN FEIN REJECT BRITISH PROPOSAL

By Associated Press. LONDON, Sept. 3.—The press association says the Sinn Fein reply is regarded in government circles as a definite rejection of the government proposal of the dominion status. The situation, according to the association, is very grave.

SEVEN BUCKS ADDED TO MILK AND ICE FUND

Unfortunate women and children of good folks of the community have taken the responsibility during the heated season through the medium of the Times and the Milk and Ice Fund, were the recipients Saturday of seven dollars, \$5 from the Ranger Steam laundry and \$2 credited to "cash." This is the regular weekly contribution of the Ranger Steam laundry.

The committee of club women having the distribution of the fund in charge are busy each day, and continue to find abundant need for what money is contributed, for the thermometer still soars, and fresh milk, ice cold, is still the greatest necessity for hungry little ones. Let the good work go on.

FRANCE WILL GET SEVEN BILLIONS IN BUILDING MATERIAL

PARIS, Sept. 3.—The delivery to France by the German government of 7,000,000,000 gold marks' worth of building material within three years as provided for in the recent agreement between Louis Loehaur, French minister of the liberated regions, and Walter Rathenau, German minister of reconstruction, the details of which were made public here today.

The work will be performed by two companies, one organized by Germany and the other by France, each to be under government control but to allow participation by some private capital. The German company is to look after assembling of material ordered by the French company, and transportation and delivery at suitable terminals and at suitable dates also is provided for. The payment to be made to the manufacturers out of German bonds issued especially for this purpose.

PLANE CRASHES IN CHARLESTON

An army bombing plane crashed in Langley field, Va., today, after a thunder storm east of the field. The plane is reported to have crashed near Poe, Nichols. Two other planes which had been set for Langley field returned.

AND TURKS VICIOUS BATTLE UNDER DIFFICULTIES

HEADQUARTERS OF THE GREEK ARMY, Sept. 3.—The battles against the enemy lines of defence are coming to an end. That announcement has been received with enthusiasm by the Greek soldiers who have been fighting continuously for seven days and seven nights, with scanty food and water supplies, and almost without sleep. The Greeks are greatly fatigued after a three-weeks' march through almost deserted country and against difficult conditions. According to various military attaches, the latest battle was characterized by desperate engagements with bayonet and bomb. The Greeks are declared to have held their positions to the death.

The same military attaches speak of heroism of the Turks, especially the officers, who kept their men advancing against a terrible fire.

ADVANCE DELAYED.

By Associated Press.

CONSTANTINOPLE, Sept. 3.—The Greek advance toward Angora has been delayed owing to the vigorous counter attacks of the Turks, who have occupied mountain positions dominating the Djala river. Withdrawing slowly, the Turks are counter-attacking for the purpose of covering the retreat of the main forces east of Angora. The Greeks

have several trains operating and thus are moving supplies to the front with the greatest rapidity. The water supply difficulty is being overcome, as the Greeks are approaching a fertile region and flourishing towns.

EXPLOSIVE WATER CAUSES THRILLS IN MISSOURI VILLAGE

HOLLISTER, Mo., Sept. 3.—An artesian well which furnishes water with sufficient "kick" to explode and shatter jugs and bottles is puzzling even "home brew" experts here.

Recently a five-gallon jug, presumably filled with this water, blew up while awaiting shipment at the railroad station. The explosion burst the strong container into bits and caused a panic among waiting passengers.

It's nothing unusual hereabouts to have new "moonshine" or home brew go off with a bang; but when ordinary mineral water, drawn from the earth, takes to exploding it naturally makes Hollister folks wonder if their town is built over a reservoir of liquid TNT.

Tourists are now afraid to drink

the "charged" water, which is known to have health-giving curative properties.

Expert safe crackers might do well to look into the properties of this new explosive, which is cheaper than nitroglycerine though perhaps more dangerous to handle.

Gossip has it that the owners of the well will be asked to take out licenses to handle explosives. Any

sort of a jug seen on the depot platform is now causing people to detour to the other side of the street.

A German community is said to have been cold at a review of Yankee soldiers recently. We recall a time when the Yanks made 'em pretty hot.—Dayton News.

"MOUNT WEEK" TO BE HELD ALL OVER U. S.

Beginning Monday the fourth Paramount week will begin throughout the nation. On that date, Paramount Picture corporation will be four years old and the week a part of their national advertising program. To properly observe the occasion, Paramount features will be shown at leading theatres here.

"It's Pure---We're Sure"

Pure water must contain not more than 100 bacteria per 10 cubic centimeter, according to government standard tests.

From these laboratories the Electrozone water you drink shows only 8 bacteria per 10 cubic centimeter, proving it is surely pure.

We are striving to merit your patronage.

Ranger joins in the national demonstration of the better motion pictures

4th Annual Paramount WEEK

THIS WEEK is Paramount Week—the greatest days and nights of entertainment since the day when you saw your first circus.

It's the fourth annual Paramount Week at that: and when anything happens four annual times in the motion picture world you can wager there's value there, in thrills and laughs and all the marvelous sensations you get when you see a Paramount Picture.

Nothing less than a national screen carnival—that's what Paramount Week is!

The greatest talent of the entire world prepares it for you! Paramount writers, actors and directors in California, New York and London—the largest organization in filmdom, which works on a scale so huge and so successful as to supply more than 11,200

theatres in U. S. A. alone with their photoplays year in, year out.

In Paramount Week you see all the best Paramount achievements of the year, the greatest to date.

But—such is the swift progress of the young art of the screen, such are the striking improvements every year, that the season 1921-22 will bring you sensational improvements in Paramount Pictures, greatly outdistancing all past efforts.

—Improvements in all those vital details of a photoplay which make your breath come quicker, and your eyes shine brighter.

And you'll declare—
"That's the best show in town!"
That's what a Paramount Picture always is.

See the Banner
in front of theatres
It means the theatre that displays it is joining in this great demonstration of better motion pictures. When you see this banner up—go in.

See the Poster
in lobbies of theatres
that show Paramount Pictures all the week of Sept. 4th to 10th. It's your guarantee that you'll see nothing but the best feature pictures—Paramount—When you see it go in.

AGREEMENT REACHED IN MEXICAN OIL TALK

By Associated Press.

MEXICO CITY, Sept. 3.—An agreement has been reached by Secretary of the Treasury De La Huerta and the representatives of American oil companies who came here early in the week to discuss oil questions with the Mexican government. President Obregon's signature is necessary to complete the agreement.

The oil men will return to the United States tomorrow, according to Walter C. Teagle, president of the Standard Oil company of New Jersey, "well satisfied and happy."

Secretary De La Huerta admitted unofficially that an agreement had been arrived at, saying a complete statement would be given later.

MEAT CLEAVER WAS HANDY IN CAFE SCRAP

A meat cleaver was the handiest thing "Red" Moore, cook at the Ranger cafe, could find when he elected to do battle last night in the kitchen of that establishment with Nick Meterorkis, a dishwasher. Nick was taken to the Emergency hospital, serious. Deputy Edmondson arrested Moore and he is held in \$300 bond in Justice McFatter's court.

EXPOSE OF SHIP SALE MAY LEAD TO NEW BIDDING

Many Willing to Offer More Than \$2,100 for War-Time Vessels.

WASHINGTON, Sept. 3.—The world's expose of the make-up of the Ship Construction and Trading company, which was told some days ago by the shipping board that its bid of \$2,100 each for 205 of the fleet of 285 wooden ships had been accepted, may cause the deal to be called off.

It is understood that Chairman Lasker of the shipping board is for rejecting the offer and calling for new bids, but some of his associates contend that the sale has actually been made and the purchaser can hold the board to it in court. There may, however, be a loophole for the government, and it is now believed the administration would like to see the ships readvertised and offered again.

A number of offers for the wooden ships are coming in, Chairman Lasker stated before leaving for New York a few days ago that the "deal had not been closed." But a majority of the board can overrule Mr. Lasker if there is a disagreement.

The whole thing seems to be in confusion now. Meanwhile complaints are coming in from everywhere against the proposed sale, and congress will be asked to investigate the sale if it is finally consummated.

Brooklyn Firm Would Bid.

It is charged that no effort to make known the purposes of the board to sell the ships was made further than to advertise in a perfunctory way. Senator Calder of New York and other congressmen have presented constituents who wished to offer more for the ships than will be obtained if the offer of the New York corporation is accepted, but were told they were too late, the bids having been closed.

It is asserted by protestants that under the declaration that "the board reserves the right to reject any and all bids" the ships can be advertised again and sold.

John Brislin Jr. of the Brislin company, 147 Grand street, and the Curtis-Brislin Lumber company, Brooklyn, has requested the "privilege of submitting a bid on behalf of certain associates and myself, for the purchase of the whole fleet of 285 ships, more or less."

He asserts that he and his friends are able to establish at once their financial responsibility and ability "to accomplish the purchase of the ships." He indicated to Mr. Lasker that he was "prepared to make an offer in excess of the offer that has been made" by the Ship Construction and Trading corporation.

Ready to Take Ships at Once.

"Any bid we make will be for a sound money consideration, free of any requests for allowances regarding claims, as none of my associates or I have or hold any sort of claim against the shipping board, the Emergency Fleet corporation or any of

LABOR DAY OUTLOOK BRIGHTER THAN LAST YEAR, DESPITE SLUMP

Communism Disappears in Foreign Countries; American Labor Unions Prove Themselves Worthy of Capitals' Co-operation Instead of Opposition, Says Civic Federation.

By Associated Press.

NEW YORK, Sept. 3.—Conditions in the industrial world today compared with those of last Labor day are so much better, despite abnormal conditions, that there is cause for thanksgiving, the National Civic federation said in a statement today by Ralph M. Easley, chairman of the executive council.

A year ago industrial conditions in Europe generally were very bad, he said. In Italy, the workers took over the factories and the government had promised legislation giving them the legal right to manage the plants. The people have since risen and overthrown the government that was responsible.

Fearful Communism.

In Germany, a year ago, there was fear that the communists would seize industry with the aid of Bolshevik money and later control the government. Today German industries are running full blast and the German workmen have a system of work-shop councils for their industrial government. France, too, has stopped talking Bolshevism and gone

its interests," Mr. Brislin told Mr. Lasker.

Pierce Van Vleck of Baltimore, speaking, it is said, for large financial interests in New York and other Eastern cities, asserts that the first he knew of the shipping board's intention to sell the wooden ships was an announcement in the press that the Ship Construction and Trading corporation had put in the successful bid, and he asks that he be given a chance to put in an offer "for the whole fleet." In a communication to Mr. Lasker, he says:

"We are prepared to take the ships as soon as your board can turn them over. We will make you an offer for the ships in amount substantially in excess of \$2,100 each, or any other bonafide offer that has been made to your board."

Representative Oliver of Alabama, protesting the sale of the wooden ships to the New York concern, said some of his constituents stood ready to give \$5,000 apiece for some of the ships.

to work. England talked of revolution a year ago. The most conservative labor man in England notified the government that if England persisted in aiding Poland to save herself from the Red armies labor would call a general strike.

Not Revolutionary.

Mr. Easley quoted a part of the reply made by Samuel Gompers last September to English labor leaders who had asked the American workers to do nothing to aid Poland in her struggle against the Russian armies. In it Mr. Gompers said the American Federation of Labor was not a revolutionary body and never had affiliated with any such organization.

It was feared at that time, Mr. Easley said, that all British industry would be tied up by a general strike. It was the British public which said, "they shall not pass."

Mr. Easley recalled that the executive council of the National Civic federation had organized a national industrial committee composed of a hundred publicists, officials of the non-revolutionary labor organizations and employers to ascertain how far it is possible to construct an industrial platform upon which the three great divisions of society, capital, labor and the general public, can stand. The employers include not only those who deal with organized labor and are friendly with it but those who, while opposed to many of its policies, appreciate what it has accomplished and recognize its basic soundness as shown by its unequivocal stand against all movements of a "Reddish" hue.

To aid the work of this committee, a questionnaire on industrial questions of the time has been sent to employers, labor officials and publicists. Concluding, Mr. Easley said:

Seeks Co-operation. "The national industrial committee hopes to profit by all the educational work done by previous conferences and if it is able to contribute only a

little toward the establishment of a better understanding between the three great elements making up national life it will feel well repaid for its effort.

"At any rate at a time when the other labor movements of the world are attacking American labor because it will not join them in their revolutionary programs it seems as if the least that our patriotic and fair-minded citizens can do to show their appreciation of its splendid stand is to join hands with it in trying to make conditions better for the workers in the shops, mines, mills, railroads and all other places where men and women toil. And instead of encouraging movements to destroy the unions they should encourage the unions so to improve their methods and programs that employers would regard it advantageous to deal with them."

WOMEN DO NOT READJUSTMENT

WHERE DO STENOS GET ALL THIS PINING FOR A HOME STUFF, QUERIES CIGAR GIRL WHO'S 'HEP' TO MEN

"The stenos you had the piece in the paper about the other day may be pining for a man, but I ain't!" the cigar girl said to the reporter as she deftly slipped the spearmint into the other cheek and started the second relay of the day.

"I certainly don't want any of the brutes cluttering up my house. Believe me, mister, I know all about the overbearing, sullen things."

"How old am I? Well, its none of your darn business, but I haven't voted yet."

"Where did I get all my knowledge of men? Say, wadd'a you think I stand here all day for, anyway? Don't you think a girl never learns nothing?"

Distance No Matter.

"I'll tell you this: they always want something for nothing. Imagine the nerve of one who came in here last night and bought a ten-cent seegar. Soon as he done that I had his number right away. He said, 'say kid, you want'a go to the dance tonight?' Not having any date or anything I ast him if he had a car—and believe me or not, mister, that bird wanted me to walk. Can you feature that?"

"How far was it? What difference does that make. I'm particular who I walk with. No, not afraid."

"Another one said, 'how'd you like to call that keen boat out there yours?' I said I'd never sell enough seegars to buy a one-cylinder flivver even. My baby stare always gets 'em. He left with the impression that I thought he was selling cars. He was flattered, too."

Subtle Suggestions.

"Then there is the kind that blow you to a picture show and don't notice he's taking you home without dinner, even after leavin' work with you. However, I know how to make a bad memory good, for I always develop a fearful appetite when they try that and the art of subtle suggestions is easy to master, you know."

"For instance, the other night I was out with a guy. In the words of an old song, 'all he thought he was going to spend was the evening,' but me—I showed him a trick he didn't know. We passed one of the palaces where you get two bits worth of ham and eggs and \$1 worth of service for \$1.25. Of course we went in, leave it to me. This bird hasn't fell yet. We started by, but

he said, 'aren't you hungry? I was I admitted it and the check proved it. I had had only a chocolate bar for dinner."

"That always tells how they feel, you know the heart of a man is in his stomach, if he invites you again it means he was really absent-minded, if he doesn't—well—he's just plain short."

Give Girls a Treat.

"Then there is the kind that thinks you ought to feel flattered by bein' seen with 'em. They're the kind I like. It's so dead easy to get 'em goin', if you know what I mean, because they really don't know when they're well off. Me, now, I get lots of fun out of them, but just the same, though, they are missin' a lot. My advice to the unsophisticated girl is to treat 'em rough or leave 'em alone."

"Are all of the men like that? Well, of course, I haven't met all of 'em, but as some bright light said, 'There's exceptions to all rules,' and I guess some of them must be duller than the rest. Of course you won't tell anybody I told you all this?"

On the left is a model fresh from France. It is a combination scarf and hat, or the hat without the scarf. All in satin, and must rest a pretty penny over the retail counter. On the right is a hat by Joseph. It is of gray velvet trimmed with long peacock feathers. It speaks for itself.

SWAYING CORPSE FAILS TO ANSWER QUESTIONS

By International News Service. AKRON, Ohio, Sept. 3.—When police were called to the home of Peter Bakoney by a report of a suicide, they mistook the victim for one of the bystanders, and one of the officers stretched out his hand and touched the body lightly on the arm. It swayed.

Police found that Bakoney had fastened a cord about his neck, threw the other end over the grape-arbor frame and leaped from a seven-inch box. The weight of the body stretched the cord until the body dangled, the feet being a bare half inch from the ground.

POWER OF THE PRESS.

By International News Service. BUSYRUS, Ohio, Sept. 3.—"Is this the news room?" inquired a man's voice over the telephone in a local newspaper office.

"It is," was the reply. "Well, say, do me a favor," said the voice. "My wife and I are going to Lakeside for a week, but don't publish it because some one may break into my cellar during our absence and steal our private stock." The newspaperman passed up the item.

the continued heat spell, gathered his flock together and for three hours prayed earnestly for rain. Evidently his prayers were answered, for the rain came and—in torrents. However, an electrical storm preceded it and a bolt of lightning, striking a manufacturing plant one square away from the church, started a \$150,000 conflagration.

Muscular Baptist Pastor Quits Pulpit to Floor Church Trustee

HUDSON, Mich., Sept. 3.—Muscular Christianity was manifested when the Rev. C. H. Myers knocked down a trustee of the Baptist church after he had been fired as pastor at what he says was a packed meeting, and the distribution of hangmen's nooses to other trustees are a few of the causes which has split the church into two factions and promises to finish it.

The row started when two of the women members of the church choir are said to have been sharply reprimanded by Mrs. Myers and her two daughters, the Misses Ruth and Paulines, directors of the choir, for "sour" notes in their singing, and laid to non-attendance at rehearsals.

The husbands of the two women are then said to have packed the congregation at Wednesday's prayer meeting and called a surprise vote on Mr. Myers. He was expelled. He retaliated by leaving the pulpit and knocking down a trustee of the church.

A temporary court injunction was then granted enjoining the minister from acting in the future. Mr. Myers retaliated by securing an injunction prohibiting the trustees from hiring a new minister.

In the meantime friends of the pastor have been busy, and the trustees one morning found nice knotted ropes on their front piazzas—ropes such as our hangmen use. They were wrought up over this but no one could definitely say who did it.

GOV. SMALL TO SEEK RE-ELECTION, FRIENDS SAY

SPRINGFIELD, Ill., Sept. 3.—Governor Len Small, despite his indictment and arrest on charges of embezzling from the state treasury, will be the Republican nominee for governor in 1924, State Senator Richard R. Meents of Ashkum, predicted in an interview here this afternoon.

"Governor Small will clear his name of the trumped-up charges against him and there will be no question of his renomination," Meents said.

Meents is a close, personal friend of the governor and was the administration "whip" in the last state assembly.

SAN MARCOS BAPTIST ACADEMY

CORDIALLY INVITES YOU To investigate the advantages she offers to boys and girls in the four years of high school work, and to children over 5 years of age in the seven grades of her Junior school. She also wishes you to inspect her splendid buildings and other equipment valued at over half a million dollars, because to see is to believe; furthermore, to inquire of her patrons, of the leading educators of the state, and of her faculty and students in order to inform yourself as to the real worth of the instruction she offers in the eleven public school grades, and in piano, pipe organ, wind instruments, band, orchestra, voice, art, expression, home economics, commercial, and manual arts. Investigate, inspect, inquire, and inform yourself of the truth about the academy and then enroll your boys and girls. J. V. BROWN, M. S. President, San Marcos, Texas

WEDLOCK'S FUTURE TOLD BY EARS' SHAPE, SIZE AND COLORING

Would you know whether newly-weds are going to be happy? Look at their ears. This advice is given by William Woodbridge, marriage license clerk of Akron, Ohio. Listen to the Woodbridge dope: "Ears that wiggle denote versatility. "Ears which are not mates denote complexity of disposition. "This complexity is most likely to manifest itself in a preference for mending the neighbor's chicken coops rather than hoeing its own radish bed. It will, generally, be too ill and feverish to go to church Sunday morning, but will always miraculously recover in time to go to a baseball game Sunday afternoon. Such an ear should always be associated with what is popularly known as a deaf ear. "Then there is the ear which lops over the edge, like a setter pup's. It denotes kindness to children and stray cats and an aversion for the popular institution known as the Saturday night bath. To fulfill its mission in life it is absolutely necessary, that this ear should be mated up with the red, common garden variety, which always denotes a pillar of the church and a worker in the Ladies' Aid. "One of the highest salaried women of the country is Mrs. Clara Porter, banker, an officer of a large trust company of New York City.

JIMMY BIBB'S ARRIVAL TODAY COMPLETES CAST FOR BIG BOUT

Two Preliminaries and Battle Royal to Precede Main Bout.

The arrival of Jimmy Bibb today will complete the cast for the fast boxing exhibition which the Shriners stage Monday evening in connection with their big picnic. The show will be put on at the Majestic theater and seats are on sale in the Gholson lobby.

Jimmy was due Saturday afternoon but missed his train. He has been training at the athletic headquarters in Fort Worth and will arrive here in first class trim. Just how good shape he is in will be shown when he limbers up this afternoon at Shamrock park pavilion.

Bobby Green, who is to be his opponent, has been here several days getting himself ready for the event. His work has been watched by a large number of boxing fans and the form he has shown has pleased devotees of the sport.

While the two young lightweights will be the main event on the program, three preliminaries have been arranged, all of them with an eye to obtaining action. Lee Green, Bobby's brother, will contest with Pirte Rainey of Ranger in a six-round semi-windup, and two 125-pound colored boys in the preliminary and the largest sized battle royal that can be obtained will complete the program.

Art Magirl Here.

Art Magirl, who whilwhinded his way through Oklahoma scappers several years ago, is here for the Monday entertainment. Art is a friend of Jimmy Bibb and having nothing to do this week, came out to look the country over. He scrapped two weeks ago at Houston and is due to go on again at Houston next week.

Art, who takes 'em on of any weight, from Texas Tate down, has battled all over the country and in Australia. He started out in Montana, just accidental-like, but it was in Oklahoma that he first came into the public eye as a battler. Art then went east and in 1916 went to Australia, where he won three titles—the heavyweight, light heavy and middle-weight—in three fights, but couldn't claim them because he had not been in the Antipodes for a year.

One of these battles, Art relates, was with a fellow known as the "jumping Kangaroo." This lad was just under six feet tall and about as big around as a light globe. He jumped, high wide and handsome. Art admits it was eight rounds before he ever hit him, and he further declared that some of his blows aimed for the stomach went between his opponent's legs as he jumped up. However, when Art finally landed one it "tied him together" and he was easy picking from there on out.

YESTERDAY'S RESULTS

NATIONAL LEAGUE.

At Chicago— R. H. E. Chicago 12 16 1 St. Louis 1 7 5

TY COBB CLIMBS NEARLY TO LEAD OF A. L. BATTERS

Only Three Points Behind Heilmann; Hornsby Far in Front.

By Associated Press

CHICAGO, Sept. 3.—With the close of the baseball season a month away, Ty Cobb, pilot of the Detroit Tigers, enters the home stretch only three points behind Farry Heilmann, his slugging outfielder, for the batting honors of the American league, according to averages released today. The averages include games of Wednesday.

Heilmann suffered a slight slump, dropping from .403 to .398 for the leadership, while the Georgia Peach closed the gap considerably by bringing his average from .392 to .395.

Speaker Moves Up.

Tris Speaker, leader of the Cleveland club, advanced from sixth to fourth place with an average of .373, which ties George Sisler, the St. Louis star. Babe Ruth continues in third position with .364. Ruth, however, stretched his total of runs scored to 142 and his 163 hits have given him a total of 364 bases, which is far in front of his rivals. Besides his four-ply knocks, the Yankee slugger has cracked out thirty-seven doubles and ten triples.

Harris of Washington added three more bases to his total and is showing the way to the base stealers with twenty-five thefts.

Other leading batters for seventy or more games: Tobin, St. Louis, .368; Veach, Detroit, .347; E. Collins, Chicago, .344; Jacobson, St. Louis, .340; Williams, St. Louis, .340; Strunk, Chicago, .340; Severeid, St. Louis, .339; O'Neill, Cleveland, .333; Sewell, Cleveland, .331.

Hornsby, a Homer Runner.

Rogers Hornsby, star of the St. Louis Cardinals, is giving promise of being the National league leader in several departments. He not only has increased his batting average to .415, but is threatening to grasp the home run honors of the league from George Kelly, the Giants' slugger. Kelly failed to add to his string of twenty-two homers during the week, while Hornsby smashed out three round trip blows and is pushing the New York first baseman with twenty.

As a run getter, the St. Louis player broke the tie shared with Bancroft of New York, and is leading this department, having registered 110 times for his club. He had smashed out 202 hits, for a total of 324 bases.

The veteran George Cutshaw of the Pirates is the runner-up to Hornsby for batting honors, being 64 points behind with an average of .351.

Frank Frisch of the Giants, the leading base stealer, has forty-three to his credit.

Other leading batters for seventy or more games: Roush, Cincinnati, .347; McHenry, St. Louis, .342; Fournier, St. Louis, .340; Young, New York, .338; Mann, St. Louis, .338; Cruse, Boston, .335; Bigbee, Pittsburgh, .333; Groh, Cincinnati, .332; E. Smith, New York, .330; Frisch, New York, .329; Meusel, New York, .329; J. Smith, St. Louis, .329.

Other leading batters for seventy or more games: Roush, Cincinnati, .347; McHenry, St. Louis, .342; Fournier, St. Louis, .340; Young, New York, .338; Mann, St. Louis, .338; Cruse, Boston, .335; Bigbee, Pittsburgh, .333; Groh, Cincinnati, .332; E. Smith, New York, .330; Frisch, New York, .329; Meusel, New York, .329; J. Smith, St. Louis, .329.

CLEVELAND PREPARES FOR WORLD SERIES RUSH

By Associated Press

CLEVELAND, Sept. 3.—Despite the fact that the American league pennant race is far from decided, the Cleveland Baseball company is getting its world's series office machinery set up for handling tickets in the event the Indians again become possessors of the bunting. Many applications have been received during the last six weeks, Business Manager E. S. Barnard declared, but applicants have been notified it will be necessary to write another letter after Sept. 8.

In the event the Indians win the pennant, twice as many fans will be able to witness games as last year, when two tickets were allotted to each person for each of the four games. This year tickets will be distributed for the first two games and when the supply is exhausted allotments will be made for the next two. The only exception will be where the applicant specifies that he wants tickets for games 3 and 4.

ROPER'S SCHEDULE.

By Associated Press. CHICAGO, Sept. 3.—After laying off the entire month of August, Capt. Bob Roper, Chicago's leading heavy-weight contender, has started training for a full campaign. Roper's first start will be on Sept. 10 in New York, where he will meet Eddie O'Hare, lightweight star. From there Bob will jump to Hutchinson, Kansas, where he takes on Carl Morris, the Oklahoma giant, for ten rounds, Sept. 14th. Two days later, Roper will box Harry Foley at Springfield, Mo.

SHRINE BASEBALL CLUB WILL MEET

Ten o'clock Monday morning has been set for the meeting of the Ranger Shrine baseball club at the Elks' club, when final arrangements will be made for uniforms for the game with the Fort Worth Shrine to be staged Monday afternoon as a part of the Shriners' and Masons' celebration of Labor Day. Every member of the club is expected to be present.

AMERICANS WIN IN DOUBLES AND HOLD DAVIS CUP

Victory Gives U. S. Players Clean Sweep of Matches With Japs.

FOREST HILLS, N. Y., Sept. 3.—The Davis cup, emblematic of the world's tennis championship, remains in America for another year.

R. Morris Williams of Boston and Watson M. Washburn of New York, the cup defending doubles team, clinched the championship for the United States this afternoon by defeating Ichai Kumagai and Zenzo Shimidzu of Japan, three out of four sets by scores of 6-2, 7-5, 4-6, 7-5 on the courts of the West Side Tennis club.

The winning of the doubles match today in conjunction with William M. Johnston's victory over Kumagai and William T. Tilden's win from Shimidzu in the singles yesterday, gave the American players the necessary three out of five victories.

MICHIGAN HAS BIG SQUAD FIRST TIME IN YEARS

ANN ARBOR, Mich., Sept. 3.—All things come to him who waits and Fielding H. ("Hurry Up") Yost, University of Michigan football coach, realized the truth of this old adage today as he checked over the list of Wolverine football candidates. The impending season, which will be Yost's twenty-first as Michigan coach, finds the mentor with exactly forty-four able-bodied athletes from twelve states. Compare this with fourteen or fifteen experienced men which represented Yost's quota in an average year.

The forty-four include these ten letter men: Capt. Dunne, guard; Willson, guard; Vick, center; Cappon and Goebel, ends; Banks, quarter-back; Steketee, full-back; Ushere, half-back; Johnson, center; Van Orden, guard.

Filling the gaps at tackle is the big problem facing Coach Yost this season. The veteran coach maintains that no team is a good team without a strong pair of tackles. Goetz, captain of the eleven for two years, who played his limit, and Wiseman, who played the other tackle position last season, also have finished his competition. The two tackles on the freshman eleven, Ellis and Kunow, are not available.

Veterans will be available for the other line positions. Cappon and Goebel, the regular varsity ends, will be back, but Kirk, who played end for a year at Notre Dame, promises to give them a fight for a regular berth. Dunne and Wilson virtually are assured of their positions at guard.

Judging from advance indications, Banks gives promise of winning the position at quarter-back. Banks played brilliantly in the Chicago and Minnesota games last season. There is a wealth of promising material available for the backfield.

The schedule follows: Oct. 1, Mount Union at Ann Arbor; Oct. 8, Case at Ann Arbor; Oct. 15, Michigan Aggies at Ann Arbor; Oct. 22, Ohio State at Ann Arbor; Oct. 29, Illinois at Urbana; Nov. 12, Wisconsin at Madison; Nov. 19, Minnesota at Ann Arbor.

NEVER HEARD OF BABE RUTH; SUCH IS FAME

By International News Service. BOSTON, Sept. 3.—"Babe" Ruth's fame as King of Swat is not as widespread as some people imagine. Frank Doherty, of Allston, a ball player of note himself, found that out when he picked up a passenger who turned out to be a sailor. The mariner mentioned the fact that he was "a graduate" of a reform school. "Don't let that worry you," said Doherty, "so is 'Babe' Ruth."

RU

Much interest was shown in Ranger in the matches which is to be held on Sept. 12, and it is thought that many transients will be sent to see a team of women.

Rules governing the matches are as follows:

1. Tournament play will be of exclusive use of the courts and they are allotted during the matches.

2. Wright & Ditson 1921 championship tennis ball shall be the official ball for the tournament.

3. Balls shall be furnished to players in each event by the Eastland Tennis club.

4. Official Referee Scott W. Key shall have entire supervision of all court reservations. After agreeing upon a date, if either of the players is not on hand within thirty minutes after the schedule time of play, the match shall go by default to the player who reported for the contest.

5. No match will be recognized in this tournament unless played under the direction of an official umpire appointed by the official referee.

6. Entries for the singles must be in the hands of the tournament committee by noon Saturday, Sept. 10. Entries for doubles must be in the hands of the tournament committee by noon Monday, Sept. 12.

7. Drawings for opponents for the singles matches will be held in the municipal court room of the city hall in Eastland at 1:30 p. m. Saturday, Sept. 10. Drawing for the doubles will be held in the city hall at 1:30 p. m., Monday, Sept. 12. Drawings will be held under the supervision of the tournament committee.

8. The rules of the United States Lawn Tennis association shall govern in making the draw for opponents.

9. The matches shall consist of three sets in the preliminaries and semi-finals and five sets in the finals.

10. The official referee shall instruct his umpires to insist upon a strict interpretation of rules No. 6.

California Is Little Affected.

HEAD OF PHILIPPINE SEN- ATE HERE TO SEE HARDING

Manuel Quezon, president of the Philippine senate, is here to represent the interests of his insular home. He has been active before the various congressional committees having to do with Philippine affairs.

quantities of Mexican oil by these groups into the eastern United States and the mid-west has forced the price down to where, in many instances, the selling price is below the cost of production, but that in California, where but little is allowed to go, prices have not decreased at all.

"The Mexican crude," he declared, "is not coming in contact with the production on the Pacific coast. While the prices have fallen in the midcontinent field more than 70 per cent prices in California have fallen very slightly. In the month of May 9,000,000 barrels of oil were imported from Mexico. Only 367,000 barrels went to the Pacific coast."

PANAMA SEES NO JUSTICE IN WHITE AWARD

WASHINGTON, Sept. 3.—The attitude of the United States in the boundary controversy between Panama and Costa Rica, and in sending marines to Panama, shows force still rules the relations between nations, and the rights of peoples are only valuable in direct proportion to the rifles, machine guns and cannon they can employ to enforce these rights, it is asserted in a note which has been addressed to Secretary of State Hughes by D. Narciso Garay, minister of foreign affairs of Panama, as a "Parthian Shot" to this government on his departure for Panama.

The note declares the United States has made itself an international executive power in compelling other sovereignties to fulfill arbitrary awards. It asserts that the United States has assumed powers which were not conferred on it either by the Canal Treaty nor by the laws or constitution of Panama; that it has acted as a judicial tribunal in this conflict and that it has, without being asked by Panama, decided the exceptions of Panama to the validity of the White award were without foundation. The United States, the notes state, interprets the Canal Treaty as it desires without giving Panama, which also is a party to the treaty, the right to give its interpretation of the matter.

Hated to Follow.
The use of force, it is asserted, is contrary to that pacification which the United States desires to see in Central America, and will establish inextinguishable hate and bad feeling between the countries. The note adds that the state department has shown itself inaccessible to the pacific suggestions which were made to it and prefer to precipitate the end, placing in the balance of the conflict the naval and military power of the United States, including it in favor of Costa Rica and against Panama.

"In view of the unbending attitude of the state department, Panama has been compelled to bow to hard destiny," the note declares, "But cries to heaven against the injustice to which it is subjected and will look to the future to see that redeeming justice comes some day by the inexorable facts and the natural depression in design of God."

Notwithstanding the accomplished minds of the Panamanian Mission, the note concludes, its confidence in the spirit of justice of the people of the United States remains unshaken.

The Indianapolis News suggests that radio-controlled automobiles would make fine, booze-transporters. What does the News mean by putting such notions into people's heads?—News and Courier.

Claims Prices Forced Down.
He said that the dumping of huge

Water Hyacinth, Beautiful Floral Vamp, Loosens Clinging Tendrils Under Persuasion of Live Steam

By Associated Press.

NEW ORLEANS, Sept. 3.—After nineteen years of expensive and laborious effort, with only varying success, interested shipping interests and government experts now express the belief that a method has been found that will solve the problem of the water hyacinth that is choking practically every bayou in the state with its green and lavender floral magnificence.

The new method, which was suggested by Governor John M. Parker, is the simple application of live steam. Preliminary reports from experiments now under way, according to government agents, indicate that the governor has at least pointed a way to check, if not exterminate the plant that has proved such a menace to

Louisiana's inland waterways for the last twenty years, and which, according to government observers, is now threatening the fresh water portion of the Panama canal.

The water hyacinth appeared in Louisiana immediately after the Cotton Centennial exposition here in 1884. The plant, which is a native of South America, was exhibited at the fair and its beauty was greatly admired. At the close of the fair a number of plants were taken to the country districts for growth in garden pools. When they overcrowded the pools they were thrown into nearby bayous, where they caused heavy losses by choking the bayous and streams to such an extent that small vessels could not make their way through the tangled masses of foliage and roots which at prices extended for miles

and miles with no break of channel through them.

From a beautiful curiosity in 1884 they became a decided menace in 1896 and had so clogged a number of streams that an appeal was made to congress for relief and, in 1899, \$25,000 was appropriated for the purpose of extermination. Since then hundreds of thousands of dollars have been spent in the fight.

Today there is hardly a stream in Louisiana that does not become so clogged with the hyacinth that navigation is almost impossible in the summer months.

FORD'S BID FOR NITRATE PLANT HELD TOO LOW

Water Power, Not Fertilizer,
Declared to Be His
Object.

WASHINGTON, Sept. 3.—Gifford Pinchet, former chief forester, is out with an attack on the recent offer of Henry Ford to take over the government nitrate plant at Muscle Shoals. He does not believe it should be summarily rejected but changed to meet the following conditions:

"1. To fit the 'Roosevelt water power conservation policy,' now the law of the land.

"2. To pay for the property of the people something approaching what the property is really worth.

"3. To make what it offers to the farmers clear beyond doubt."

Mr. Pinchet thinks the Ford plan is not mainly a fertilizer proposition, but is seven parts water power to one of the other, and would enable the magnate to get a lot for nothing. "As a water power proposition," he says, "the Ford offer is in every important point directly contrary to the Roosevelt water power policy, which after fifteen years of struggle was finally enacted into law last year. The Roosevelt policy provides that all water power leases shall be limited to fifty years. The Ford offer asks for 100 years with indefinite renewals. The Roosevelt policy provides for the return of the government works at the end of fifty years. The Ford offer provides for indefinite private possession of the government works."

"The Roosevelt policy provides that regulation of the price to the power consumer. The Ford offer, so far as the United States is concerned, provides no check on what the power consumer must pay.

"The Roosevelt policy provides that public water power taken for profit shall make a return to the public. The Ford offer asks for many hundred thousand horsepower for nothing.

"It is said certain Wall street magnates who hate Mr. Ford are anxious that his offer be rejected. What these men think about Mr. Ford and his offer is surely no reason for giving him public property of enormous value for a consideration wholly inadequate and on terms utterly unfair to the public.

"I shall be glad to see Mr. Ford make money, and plenty of money, out of taking over the property of the people as he proposed to do, but not such perpetual and gigantic profits as his offer would assure."

DROUTH MAY HALT GREEK DRIVE IN ASIA

CONSTANTINOPLE, Sept. 3.—It appears to be probable that active military operations by the Greeks and Turks will be halted for weeks, owing to lack of water.

The Greeks are making strenuous efforts to supply their troops, sending to the front in automobiles thousands of wine barrels and skins and wooden tanks filled with water. The Turks, who are suffering as a result of the Greek transport system, are offering rewards of \$1,000 for the capture or death of a chauffeur and \$5,000 for the capture or death of a motor captain.

After three days of fighting the Turks have forced the Greeks to retire across the Sakaria river, in Asia Minor. The Greeks lost many prisoners, much material and cannon and transport wagons.

PARIS, Sept. 3.—The right wing of the Greek army, which was attacking the Turks along the Sakaria river in Asia Minor has met with disaster and been severed from the main body of the Greek troops, according to a dispatch from the correspondent of L'Information at Constantinople.

One senator asks another if a mule is a farm product. A Texas mule is a producer, a philanthropist, a patriot, a Democrat and an anthem singer.—Houston Post.

... of Oklahoma, and ... investigation to be ... federal trade com- ... whether there is ... producing companies in ... to obtain an absolute mo- ... the American field and to ... the funds of the federal ... banks have been used in the ... to gain control of the oil

Hint at Startling Data.
Senator Harrell, an independent oil operator himself, indirectly charged that members of the administration are actively assisting Doheny, the Standard Oil group and the Royal Dutch Shell group of oil producers to gain control of the producing wells in this country.

He declined to go into details of this charge, but it was intimated today that if the resolution is passed by the senate and the investigation made by the trade commission, sensational testimony will be offered showing collusion on the part of certain higher officials, including one or two members of the cabinet.

It is asserted that testimony will be adduced showing that Doheny has been admitted to the most intimate friendship with members of the administration and that one member of the cabinet and another high government official has been his guest on tours throughout the country and on Doheny's yacht.

Five Lines of Inquiry.
Senator Harrell's resolution would direct the trade commission to investigate the report to the senate, not later than Dec. 15:

1. Whether a monopoly or monopolies exist for the purpose of acquiring pipe lines, producing properties and refineries in order to create a monopoly.

2. If there is a conspiracy to acquire control of the producing properties, pipe lines and refineries of the independent producers of crude petroleum.

3. If such conspiracy does exist, what person, persons or companies are engaged, and how far has the attempt progressed.

4. To what extent has the Standard Oil group, Royal Dutch Shell group and the Doheny group of oil producers borrowed from the federal reserve banks funds with which to purchase oil-producing properties, pipe lines and refineries, and to what extent have they made such purchases this year and to what extent have they acquired funds from other sources for this purpose.

5. To what extent have the pipe line companies acquired control of producing properties and of production.

Administration Attacked.
The preamble of the resolution states that independent oil operators charge that there is a monopoly controlling the production of petroleum and that the monopoly is manipulating the markets in such a way as to force into bankruptcy the 21,000 independent producers in order that it may buy up their properties and further monopolize the market.

It adds that the monopoly is dumping huge quantities of Mexican petroleum on the American market in violation of the anti-dumping law, in order to break the price and destroy the independent producers.

Senator Harrell's explanation of the introduction of his resolution constitutes a scathing attack upon the entire Republican administration for its effort to prevent the placing of a tariff on oil and particularly of President Harding's letter to Chairman Fordney of the house ways and means committee on the same subject.

Alexers False Propaganda.
The senator declared he was impelled to offer the resolution and discuss it because "at this time the air is full of propaganda, false propaganda, having for its purpose the defeat of any proposition to place a tariff upon crude petroleum and its products."

Senator Harrell waxed sarcastic in referring to the "larger policy" of the president in connection with a protective tariff on oil as against the general Republican policy of protecting everything. He charged that instead of encouraging American producers to export to foreign countries and produce oil the president's "larger policy" is encouraging English and Dutch companies to do it.

In connection with charges against the administration for its endeavor to prevent the placing of an import duty on petroleum, Senator Harrell pointed out that the same groups that practically control the Mexican output do control the California output, and that while nearly the entire United States has been flooded with imported oil almost none of it has reached California.

Believes thou, not that I am in the Father, and the Father in me? the words that I speak unto you I speak not of myself but the Father that dwelleth in me, he doeth the works.

Believe me that I am in the Father and the Father in me; or else believe me for the very works sake.

Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do, because I go unto my Father.

And whatsoever ye shall ask in my name, that will I do, that the Father may be glorified in the Son.

YOUTH MURDERED AT BRECKENRIDGE WAS FROM GORDON

BRECKENRIDGE, Sept. 3.—Robbery may have been a motive for the attack which resulted in the death of Edgar H. Bullock Wednesday night, bullock was found at an early hour Wednesday morning with his skull crushed from a blow inflicted with a hatchet or other sharp instrument.

His father, W. L. Bullock of Gordon states that the young man had several hundred dollars in his possession when he left his parents' home last Sunday. No money was found on his person when he was taken to a local hospital following the attack.

Complaints charging murder have been filed against Fred V. Skinner, alias Alfred Davis, and against Goldie Davis. Attorneys for the two will attempt to obtain a preliminary hearing today and failing in this effort will start habeas corpus proceedings, it was stated this morning. It was also stated that friends of Edgar Bullock will employ a special counsel to assist in the prosecution.

Bullock was 24 years old. He is well known in the neighborhood of Strawn and Gordon, his father being a prosperous farmer of the Gordon community. He recently attended the Texas barber college at Fort Worth. The body will be sent to Gordon for burial.

COLUMBUS, Ohio, Sept. 3.—An electroscope is being used in an effort to recover two small needles of radium which were removed by a nurse from the body of a patient at the Columbus Radium hospital and burned with refuse. The ashes from the incinerator are being closely searched by means of the instrument. The little needles were valued at \$2,500.

SCRIPTURE

John, 14th Chapter, 8th to 13th Verses.

Phillip saith unto him, Lord, show us the father and it sufficeth us.

Jesus said unto him, Have I been so long time with you, and yet hast thou not known me, Phillip? he that hath seen me has seen the father; And how sayest thou then, Show us the Father?

Believest thou, not that I am in the Father, and the Father in me? the words that I speak unto you I speak not of myself but the Father that dwelleth in me, he doeth the works.

Believe me that I am in the Father and the Father in me; or else believe me for the very works sake.

Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do, because I go unto my Father.

And whatsoever ye shall ask in my name, that will I do, that the Father may be glorified in the Son.

Round the Sport Circle with Jack Veieck, International News Sporting Editor.

NEW YORK, Sept. 3.—Two weather-beaten stars of the old Pittsburgh crew that annexed the last championship won by the Smoky City are whetting up their chops for a share of one more world's series melon.

George Gibson, now manager of the Buccos, and Babe Adams, who has defied time and tide and is still capable of holding his own on the mound with some of the best pitchers in the majors today, are the lone "wolves" of the old pack.

Here was a battery, boys, a real battery. And it was Adams' great pitching and the heady catching and indomitable spirit of "Mooney" Gibson that enabled Fred Clark's team to take the measure of the Detroit Tigers eleven years ago.

Who would have guessed, in 1909, that these two stalwart players would have their shoulders to the wheel, helping Pittsburgh win the 1921 pennant? No one would have dreamed it. Yet here they are, the guiding spirits of the fast-going Buccoers, two hand-marks of the game whose records are a credit to the pastime and whose deeds on the diamond will be sung by Pittsburgh fans for fifty years to come.

How They Lined Up in 1909. The teammates they once fought side by side with have passed from the game. Let us take a look at the Pirate champions of 1909. They lined up as follows:

Abstein, 1b; Miller, 2b; Byrne, 3b; Leach, 3b. o. f.; Wagner, ss; Clarke, o. f.; Hyatt, o. f.; Wilson, o. f.; Gibson, c.; Adams, p; Camnitz, p; Maddox, p.; Leifield, p.; Phillips, p.; and O'Connor and Abbaticchio, utility.

Six years previous to the heyday of the above team the Pirates of 1903 copped the National league pennant and battled the Bostons in the fall classic. The team boasted the following players: Bransfield, 1b; Ritchey, 2b; Leach, 3b; Wagner, ss; Clarke, o. f.; Beaumont, o. f.; Sebring, o. f.; Phelps, c; Smith, c; Phillippe, p; Leeveh, p; Vail, p; Kennedy, p, and Thomson o.

Today the Pirates represent a much made-over team with a combination of youngsters and seasoned veterans, some of whom have seen service on several other major league clubs. Wagner, the great flying Dutchman, has been gone several seasons. In his place Rabbit Maranville, the pepper box from the Boston Braves, who has helped Bibby and the Babe make a winner of the club. Then there is Whitted, Dave Robinson, and Cutshaw, all of whom have worn other uniforms and all of whom are doing their bit for the Pirates this year. Pittsburgh may well be proud of her team. It is a game and brainy outfit and it has earned the enviable position it holds in the baseball stage. It is a team that never entertains the possibility of defeat and is never beaten until the last man is out.

One boot doesn't make a season, but it often unmakes the booter. The mags are dead against the lively ball now. They have found that too many go over the fences never to come back. And at \$1.50 a copy—Oy, what a misery!

THREE TITLES TO BE DEFENDED ON LABOR DAY

Besides Wilson-Downey Scrap, Flyweight and Irish Belts Are at Stake.

NEW YORK, Sept. 3.—Three championships will be at stake on Labor Day at Tex Rickard's arena in Jersey City when Bryan Downey meets Johnny Wilson in their return engagement. These two will battle for the middleweight crown, Johnny Buff will defend his flyweight title against Indian Russell and Joe Gans, colored middleweight champion, will exchange wallops with Mike McTigue, champion of Ireland and Canada.

It is the first time since the famous carnival of battles held at New Orleans, when Corbett took the heavy-weight crown from Sullivan, that as many titles will be battled for, and there is an even chance of two of them changing hands at the famous arena on Sept. 5.

The fact that Downey dropped the champion three times with clean punches in their last encounter at Cleveland gives him a royal chance

...H TOLD ...TO PUT BAN ...ON AMUSEMENT

By Associated Press.
WINONA LAKE, Ind., Sept. 3.—Failure of the church to meet the demands of the young and necessity that the church reconstruct its program were pointed out here tonight by the Rev. A. W. Fortune, dean of the College of the Bible of Transylvania university, Lexington, Ky., at the national convention of the Disciples of Christ.

"Many church officers have had the notion that when young people are converted they will not want to do the things that other people are doing," Dr. Fortune said. "They have demanded that young people adapt themselves to the program of the church.

"The church must adapt its program to the needs of the young. It is evident that young people have failed to find in the church the things that meet their needs. The church has not met the situation when it has been indifferent to the social life of the young, or has denounced their amusements.

Have Their Place.
"Young people must be taught that wholesome recreation and amusement do have a place in religion. Instead of giving the impression that the church is opposed to amusement and recreation, we must lift these to a helpful basis. Young people are saved or lost through the use of their leisure hours.

"America's most valuable resource is its young manhood and womanhood. It is the people that make a nation great, and if the future of America is to be glorious the minds of the young men and women must be turned in the right direction. The young life of a community is more important than all material things. The community that gains all else and loses its young manhood and womanhood makes a poor exchange.

"The home has failed in its obligation to society unless it turns out young men and women who are clean in morals and are spiritually strong. "The church must inspire the home to put manhood and womanhood first."

PRISONERS FORGE CHECKS ON SING SING

OSSINIG, N. Y., Sept. 3.—By stealing blank checks, forging the name of Warden L. E. Lawes and indorsements of persons dealing with Sing Sing prison, convicts have defrauded persons outside the prison of \$14,000 in the last two months, it was learned today when three prisoners who had access to the checks were placed in solitary confinement pending investigation.

The men are George Liljewall, forger; "Frenchy" Levine and J. O. Bennett. Liljewall's minimum sentence of two years had expired, and he was about to be discharged when an agent of State Comptroller Wendell's office detected the forgeries by examining prison accounts.

Eight forged checks, paid and cancelled, were found among those returned to prison. Inspection of the comptroller's check book showed that the checks had been stolen from it. The thief who took the checks had forged Warden Lawes' name to them.

Thomas who cashed the checks, and not the state, will have to stand the losses.

This is the third time in four years that convicts, accustomed to dealing in spurious checks when at large, have followed their trade as inmates of Sing Sing. In the two other instances, repeated under the terms of Warden W. H. Moyer and Edward V. Brophy, the state had to pay the losses.

METHODISTS MAKE BIG GAIN IN LAST DECADE

CHICAGO, Sept. 3.—A net gain of 1,255,091 members has been made by all divisions of the Methodist church in the United States in the past ten years, despite great losses suffered by the denominations during the war, according to statistics compiled for presentation to the decennial Ecumenical Methodist conference which opens in London next week. The figures, compiled by the Rev. H. K. Carroll of Plainfield, N. J., former director of the United States census, were made public here today.

Methodist Sunday schools in the United States, however, the report says, show a net loss for the two years, 1918 and 1919, of 293,968, "an appalling figure," although 1920 returns indicate that "the lost ground is being regained." Notwithstanding that Sunday school pupils of the denomination in this country were 200,000 less in number in 1920 than in 1918, the enrollment throughout the world shows an increase of 1,289,036 Methodist pupils for the ten-year period.

Suits Fall Dresses

a Diversity of Styles in Their Simplicity

a suit for Autumn presents only... pleasant anticipation. The un... of the suit mode gives generous... for personal preference and assures... on unknown to other years. Dark... straight lines are plentiful for reserved... Bright colorings, elaborate embellish... novel collars and sleeves are abundantly... in dressier models of Velours, Trico... Poiret Twill and Broadcloth. Profuse... of fur trimming are noted on suits... every type.

—Smartly tailored coat frocks of cloth are much in the picture for Autumn wear, seconded ably and beautifully by tunic dresses of Tricotine, Poiret Twill, Serge or Gabardine, with under-slip of Satin. In gracious contrast to these tailored types, afternoon frocks of soft Crepes and Satins incline toward the free use of drapery on skirts though the style is unvaryingly simple, and the use of trimming severely restrained. Irregular hems and loose panels are dominant features. Prices are much lower this season than last.

From \$29.50 to \$125

From \$19.50 to \$79.50

Boys' School Hose

—If anything in the shape of stockings will stand up under the onslaught of the ordinary schoolboy, these Black Cat Hose just received will do the trick. Certain it is, they are far sturdier, firmer, more wear-resisting than other sorts and we believe you will be glad to know about them, at these new lower-than-usual prices.

—Also misses', ladies and men's Black Cat Hose in stock.

Girls' School Hose

—School days will soon be here again and, of course, the girls will have to have lots of wash dresses and what could be more appropriate than a cunningly made gingham dress? Quite an assortment to select from, including knickers for the little miss just in kindergarten. All at 25 Per Cent Off

Important Announcement!

—We wish to announce to the trade that we have moved our Ready-to-Wear Department from the balcony to the department formerly occupied by shoes. The Shoe Department will occupy a position just left to main entrance. The Men's and Boys' Clothing Department will be moved to the balcony, but the furnishings will remain the same. Increased business in the Ready-to-Wear Department and the lack of room for the new stock we are receiving daily make this change necessary. Yours for better service and a complete line of classy merchandise.

STORE CLOSED
—This store will observe Labor Day by remaining closed.

PROGRAM FOR WEEK

TEMPLE—Sunday, Monday and Tuesday, Betty Compson with Milton Sills, Casson Ferguson and Michell Lewis in "At the End of the World;" also Universal comedy. Wednesday, "The Lost Romance," featuring Conrad Nagel, Lois Wilson and Jack Holt. Thursday and Friday, Ethel Clayton in "Wealth," by Cosmo Hamilton. Saturday, "The Bronze Bell," featuring Doris May and Courtenay Foote, and "The White Horseman," seventeenth episode.

LIBERTY—Sunday, Charles Ray in "The Village Sleuth," and Fatty Arbuckle in "A Reckless Romeo;" also Pathe News. Monday, Bryant Washburn in "A Full House," and Mutt and Jeff in "Not Wedded But a Wife;" also "The Invisible Ray." Tuesday, Thomas Meighan in "Civilian Clothes," and Christie comedy. "Man vs. Woman." Wednesday, Wallace Reid in "What's Your Hurry?" and Bennett comedy, "Her Marble Heart." Thursday, Fatty Arbuckle in "The Life of the Party," and Consolidated comedy, "The Country Heir." Friday, Douglas MacLean in "The Rookie's Return," and Aesop's Fables; also Pathe News. Saturday, William S. Hart in "Cradle of Courage," and Clyde Cook in "The Guide."

MANHATTAN—Sunday and Monday, William Russell in "Singing River;" comedy, "The Singer Midgets Scandal." Tuesday, Jack Hoxie in "Thunderbolt Jack," episode 8, and comedy. Wednesday and Thursday, Bert Lytell in "The Man Who," and comedy. Friday and Saturday, George Beban in "One Man in a Million;" also Pathe News and Review.

SON'S DEATH IN A. E. F. ENRICHES POLISH MOTHER

By Associated Press.
PHILADELPHIA, Sept. 3.—An old peasant woman was made the richest woman in her village by a letter from the War Risk Insurance Bureau of the American government. The incident is told by a member of the Friends' Relief Mission in Poland, who writes:
"We were just driving into the town of Hrubieszow in the war-ravaged district of Poland when a peasant woman, clad in rags, and barefooted, came up to the wagon and presented a letter which she could not read. It proved to be from the War Risk Insurance Bureau at Washington, stating that her son had died in the American army and that his insurance would come to her for twenty years, at the rate of \$25 a month. Already there was \$900 waiting for her, which would be sent shortly by check."
Overcomes Sadness.
"The woman's face was shadowed as she heard of her son's death but it brightened with amazement when she heard of the money. The son had not been heard from for three years and his death had been taken for granted. She had other children and they had all been living in a dug-out, with no wood for building a house and no implements to farm with and only a diet of rye and potatoes."
"The \$900 in American money makes, at the present rate of exchange, over 1,500,000 Polish marks and would make her the richest woman in the village and probably in the country."
"I consulted the postmaster for her and he said that when she made her mark upon the check the local bank would pay her the money. Only, of course, no local bank would be able to cash so large a check without first getting the money from Warsaw."
"This is a fair example of the difference in exchange between America and Poland."

MAGNOLIA WILL PUT TANK FARM AT MEXIA
MEXIA, Texas, Sept. 3.—The Magnolia Petroleum company has purchased 175 acres of land south of Mexia and will begin at once the erection of twenty-five tanks of a capacity of 55,000 barrels each. This tank farm will be located on the H. & T. C. railway near the Navasota river and gathering lines throughout the oil field will feed the tanks by gravity. This is one of the most important announcements of the week, as it undoubtedly means a market for Mexia oil which has been so badly needed.
The Humble Oil company purchased 228 acres of leases here this morning in the north part of the field. No definite announcement has been made but it is presumed a drilling campaign will be put on by this company.
More than \$1,000,000 in cash has changed hands here since the big Desenberg gusher well came in and the town is crowded to capacity with people from all parts of the country. The Kirby Petroleum company has set casing on the Nussbaum No. 1 three miles west of Mexia. This well will be drilled in as soon as the cement dries.

DINNER, TWO BITS.

By Associated Press.
EL PASO, Texas, Sept. 3.—The old time popular 25-cent dinner has returned to El Paso. One restaurant, at least, and a fairly good one at that, has hung out its menu for a week day dinner for 25 cents. The dinner consists of soup, vegetables, meat, coffee, bread and butter and pie.

WASHINGTON ASKS CHANGES IN MANDATES

By United Press.
GENEVA, Sept. 3.—The United States has made proposals to the allies for amendments to the various mandates arranged at Versailles. Representatives of the allied governments at the League of Nations council today informed the council that a note had been received from Washington, proposing changes.

LIBERTY.

Charles Ray has another country boy characterization in "A Village Sleuth," coming to the Liberty theatre today, but this time with a brand new twist. The picture was produced by Thomas H. Ince for Paramount release.

According to the story, Charles is a farmer's son, with aspirations to become a great detective. His bungling amateur efforts when thieves invade his father's melon patch leads to his departure from home and a new job as man of all work around a private sanitarium. Here he becomes involved in a mystery worthy of a Sherlock Holmes and wins his spurs when he solves it. Of course, there's a girl in the case.

Mr. Ray is supported by a cast including Winifred Westover, Lew Morrison and Donald MacDonald. Jerome Storm directed the picture and it was adapted from a story by Agnes Christine Johnson.

MANHATTAN.

"Bill" Russell was on his toes every minute yesterday in his latest William Fox picture, "Singing River," which was shown for the first time at the Manhattan theatre.

"Singing River" is a western story about claims, silver mines, crooks and some good folks, including Alice Thornton—played by Vola Vale as leading woman. It is set in the days when a man had to fight to hold anything, and in many cases had to fight hardest to get the girl he wanted, even though the girl was in love with him.

The crooks come near having Russell hanged, but between the girl and a man he has treated kindly he turns the tables on his foes and sees them jailed and put safely out of the way for the good of the community.

The scenario of "Singing River" was supplied by Jules G. Furthman—a skilled workman in this line—and the direction of the picture, which is admirable, was by Charles Giblyn. The photography, too, is of the best.

UNFORTIFIED BORDER SHOWS WORLD GROWS IN WISDOM, HARDING SAYS

By Associated Press.
WASHINGTON, Sept. 3.—The unfortified boundary line, more than 3,000 miles long between the United States and Canada is the best testimony that the world grows wiser and better, President Harding said today in a letter to be read at the dedication of the peace portal to be erected near Blaine, Wash., in commemoration of the more than a century of uninterrupted peace between America and Great Britain.

TEMPLE.

Betty Compson, the glorious Rose of George Loane Tucker's "Miracle Man," has a finely appealing role and a gripping story of her first star picture for Paramount, "At the End of the World," which will be the feature attraction at the Temple theatre, today, Monday and Tuesday. Excellent judgment was shown in the selection of this story for Betty Compson's initial appearance under the Paramount banner. The part of Cherry O'Day is right in this scintillating young player's way and she imbues it with an alluring exotic tinge, without losing any of the girlish sweetness of her character. The chief attraction of "The Paper Lantern Cafe," a notorious gambling hall of Shanghai, and the daughter of its well bred but cynical proprietor, Cherry is several degrees higher in the social and ethical scale than her Rose of the "Miracle Man," but she has the same vivacious and varying charm and all the exquisite allurements.

The story itself is a colorful and deftly contrived romance of the Orient and the South Seas and has been adroitly directed by Penrhyn Stanlaws, whose artistic training as a painter and illustrator has been applied to the picture with the result that it presents a sequence of beautiful and effective backgrounds. Its theme is far enough removed from the humdrum existence of properly civilized mortals to have the tang and flavor of a new and interesting adventure in foreign lands. The cast is a big feature. Heading the list is Milton Sills,

BARONESS OPERA HERE TO SHOW WARES

Baroness Cantia von Horsa has arrived in this country to place her opera, "Die Beiden," and four other songs that she has written. She has not been in the United States since 1913. The Baroness is the daughter of D. J. Partello, of Washington, D. C. She claims to be an American citizen.

in a role that enables him to share honors with the beautiful star and others in the cast are Casson Ferguson, Joseph Kilgour, Mitchell Lewis, and Spottiswood Aiken.

TEX RICKARD INDICTED BY FEDERAL GRAND JURY

CHICAGO, Sept. 3.—"Tex" Rickard, promoter of the Dempsey-Carpentier championship boxing bout, was indicted by the federal grand jury Friday on charges of transporting moving pictures of the match in violation of the federal law. Rickard was arrested recently when he brought the films from New York to Chicago and was released on bond.

STARTING TODAY FOR THREE DAYS
The Glorious "Rose" of "The Miracle Man"

Betty Compson "At the End of the World"

WHERE EAST MEETS WEST—
And the world's adventurers tumble into Shanghai, "Paris of the Orient"—

There, in a smashing underworld-and-sea romance, three men fought for the love of a beautiful girl. A story that starts at the bottom and climbs to the shining heights.

Other Attractions This Week

Wednesday Only

William DeMille's
"The Lost Romance"
—With Jack Holt, Lois Wilson, Conrad Nagel.

Thursday and Friday
ETHEL CLAYTON
—in—
"WEALTH"

—Illustration of very worth-while values. Not in years has it been so much of beauty and smartness in dress at so little cost. Only a few garments can be pictured. In these advance modes just arrived from Paris, Paris is reflected in style, workmanship, fabrics and that impression that only Paris gives.

—There are several reasons emphasizing the wisdom of early buying—the fact that at Richardson-Brown's prices you need not wait to make selection in that greater values will follow.

—Among the materials are Canton Crepe, Crepe de Chine, Crepe Black Satin, colors are: Navy, Brown and Black.

—In wool comes the Tricotine, Piquetine, Duvetyn, Poiret Twill. The colors: Navy, Brown and Black.

Prices Range \$24.50 to \$67.50

STYLISH SUITS

Both Tailored and Fur Trimmed—\$39.50 to \$69.50

—We are pleased to announce that we have a wonderful stock of new Fall Suits from which to make your selection. Both tailored and fur trimmed, with many styles of embroidery in pleasing evidence.
—In the materials are: Tricotine, Duvetyn, Normandie, etc.
—Prices are very reasonable—quality considered.

Coats

—In the coats are found many of the finer materials that include warmth with lightness. The new note in materials as well as color is evident throughout. Diversity of design and trimming makes the autumn presentation of coats one of vivid interest from every angle.

—Never has the store so completely anticipated the new season's demands.

And in Regard to All the New Apparel—

—The style trend for Fall includes such different types of the silhouette that with the prevailing long lines, suitable for all women, one easily finds the type that best suits her individuality. It really seems as the fashion had studied each woman to provide in the frock, suit or coat the garment that will most subtly and effectively achieve dress distinction while bringing out the charm or beauty of the wearer.

Outfit the Children for School at Richardson-Browns'

—The ending of vacation and the return to school takes on a cheerful aspect if one has a becoming new Suit, Dress, Shoes or any of those things that builds up one's morale.

—Many a "hoodoo" study has become more attractive thru satisfaction as to one's appearance; and that self-satisfaction plays an important role in the later memories of school days. Everything for school outfit in the way of wearing apparel is to be found here, and every age from the tiny A. B. C. scholar to the thoughtful college student have been considered.
