GRAHAM REPORTS TWO MEN HURT.

GRAHAM, Texas, Oct. 13.—Approximately 100 buildings were out in a fire which raged in the main business section of Eliasville, a few miles south of here, early today, according to word brought here by men who were on the scene during the blaze.

The fire is believed to have started in a rooming house over a dry goods store on the east side of the river. A high wind fanned the flames toward the river, where it was stopped. Two men were injured when the fire fighters dynamited the buildings. It was not believed there were any

Starting from the explosion of an oil stove, flames swept over Eliasville early this morning and by 11 o'clock had practically wiped out the entire town. Only eight buildings were reported standing when the fire was checked by the combined efforts of the Breckenridge, South Bend and Graham fire departments shortly before noon. All wire communication between Eliasville and outside points failed early this morning and authentic reports of the extent of the loss could not be obtained this afternoon. The eight buildings saved from the flames included the Guaranty bank, the Hill Crest hotel, another hotel and five residences, according to reports from South Bend. The postoffice was burned early in the day, followed by the telephone exchange.

From the report of the buildings saved, it is estimated that the property loss will exceed \$1,000,000 and that hundreds of people have been rendered homeless. # PARCEL POST LEVY TAKEN FROM TAX BILL

WASHINGTON, Oct. 13.—Without a dissenting vote the senate Wednesday struck from the tax revision bill the section imposing a tax of 1c for each, 25c or fraction for the transportation of parcel post packages, the charge to be effective next Jan. This completed adoption of the

compromise plan for repealing all transportation taxes.

The senate voted down 32 to 26 notion by Senator Keed, Democrat, Missouri, to strike out the section which would retain the present levies on messages by telegraph, telephone, cable and radio. Senator Reed received served the right to renew his fight on this section later.

Committee amendments to the soft drink section were agreed to without division. They would impose in lieu of the present taxes rates of 2c a gallon on cereal beverages, unfermented fruit juices and still drinks of 714c completes for the committee of the committ of 71/2c a gallon on fountain syrups and 5c a pound on carbonic acid gas. Senator King, Democrat, Utah, gave notice he would offer an amendment to impose a higher tax than propose on ceca-cola:

Motherhood creates almost a new state of being for a woman.

As a result, new nerves, those here-tofore restful and quiescent, spring into activity, they cry out, they tingle, they burn in their unrest.

The network of nerves across the abdomen, the loins, the back and other parts now become super-sensi-tive. All these nerves are being called on to perform unusual duties.

These nerves must be pacified and comforted; must be put in condition for the crisis that is

If these nerves are not soothed and quieted, they may set up aggravated nerve tension, increasing in severity from month to month, sometimes even culminating in a nervous paralysis of the back and limbs. This leaves she is unable, fully, to meet the test when the climax of maternity arrives.

Mother's Friend is used externally as a massage; and its purpose, thru daily use, is to gradually, gently and effectively relax the muscles and nerves involved in the function of child-bearing; to make the skin soft, pliable and elastic so that it may expand easily and naturally as the abdominal parts enlarge—thereby relieving the tension and strain on these muscles and nerves of the otherwise severe distension before delivery.

Mrs. C. J. Hartman, 515 Palm St., Scranton, Pa., says:

"I am willing and anxious to tell any nother about Mother's Friend. It did not so much good that I wouldn't be ithout it if it cost \$5.00 a bottle.
