COURT GUARDED TO FORESTALL RED ACTIVITIES

Fate of Murderers Who Caused Paris Demonstration Known Today.

By United Press.
DEDHAM, Mass., Oct. 29.—State constabulary officers, deputy sheriffs and local police, reinforced by a large squad of police from Boston, stood guard about the Norfolk county courthouse today to prevent any demonstration in connection with the hearing of arguments on a motion for a new trial for Nicola Sacco and Bartolomeo Vanzetti, convicted murderers and radicals.

AGED DEAN OF WOMEN AT TEXAS UNIV. IS DEAD

AUSTIN, Oct. 29.—Mrs. Helen Marr Kirby, aged dean emerita of woman at the University of Texas, died today at her home in Austin. For thirty-six years Mrs. Kirby was dean at the university.

She was the mother of Harper Kirby of Austin.

Mrs. Kirby was born Jan. 17, 1835, and was appointed dean of women at the university in 1884. She served in that position until last year, when she retired on account of old age.

ARIZONA SENATOR IS INDICTED FOR PERJURY

PHOENIX, Ariz., Oct. 29.—An indictment against Ralph H. Cameron, United States senator from Arizona, Republican, was returned by the federal grand jury at the last term of the United States district court here, according to a brief entry made in the minute book of the court.

The indictment was on a charge of perjury, according to the entry.

WASHINGTON, Oct. 29.—Senator R. H. Cameron says he has received no word of any indictment against him in Arizona, but that he understood that "certain political foes" had made efforts to obtain an indictment for alleged improper and excessive use of money in his election.

NO AGREEMENT MADE ON DISPOSITION OF CHARLES

By Associated Press.
PARIS, Oct. 29.—The allied ambassadors council again failed to reach an agreement regarding the disposition of former Emperor Charles, who last week made an abortive attempt to regain the Magyar throne. No government has volunteered asylum for the ex-monarch.

NORFLEET WANTS PAY FOR CATCHING SWINDLERS

AUSTIN, Oct. 29.—Governor Neff was asked today by J. Frank Norfleet, ranchman and deputy sheriff at Hale Center, Hale county, to pay him out of the law enforcement appropriation made by the last legislature approximately \$6,000 as reimbursement of part of expenses incurred by Norfleet in the capture by Norfleet of four of the five men who swindled the Hale Center ranchman out of \$40,000 in the fall of 1919. One of these men is Joe Furey, who is serving a twenty-year term in the penitentiary. Another of the swindlers committed suicide after his arrest by Norfleet. The chase for the swindlers carried Norfleet through nearly every state in the union.

FRENCH CHEMIST HELD IN ATTEMPT AGAINST HERRICK

PARIS, Oct. 29.—The police investigating the attempt against Ambassador Herrick have arrested a chemist, Raymond Robin, in whose possession they found ten grenades loaded with Cheddite. These are said to be identical with the one received through the mail at the American embassy, addressed to the ambassador.

DALLAS GAS UP

DALLAS, Oct. 29.—The price of gasoline was advanced today from 20 to 21 cents, at all filling stations.

21 CENTS AT HOUSTON

HOUSTON, Oct. 29.—Gasoline was selling at 21 cents at local filling stations today. This is an advance of 1 cent over yesterday's price.

Men Follow Lure of Short Skirts and Flimsy Waists, Woman Officer Asserts, and Girls Should Be Equally Punished

By Associated Press.
CHICAGO, Oct. 29.—New interest in juvenile court among club women was aroused today by statements of Mrs. Anne L. Devarin, for eleven years juvenile court officer, before the West End Mother's club. "I am in favor of punishing girls for contributing to boys' delinquency," she said. "It is often the girls' fault these days. Short skirts and flimsy waists have been the cause of any number of cases in the juvenile court. Why? Because the girls thus use flamboyant sex attraction and the men make special efforts to pursue them."

FOCH CALLS ON WILSON AT HIS HOME BUT CAN'T SEE WOODROW

By United Press.
WASHINGTON, Oct. 29.—The home of Former President Wilson was included in the round of visits in Washington by Field Marshal Foch, generalissimo for the allies in the world war, but Mr. Wilson was unable to see the distinguished marshal. When Foch and his party stopped at the Wilson home after being greeted by President Harding at the White House, Foch expressed regret that a meeting between the two could not be arranged. It was understood Wilson's physicians advised against the meeting on account of the possibility of the former president's war emotions being aroused by a talk with the allied generalissimo, and his condition endangered. Foch then left his car.

WASHINGTON, Oct. 29.—The home of Former President Wilson was included in the round of visits in Washington by Field Marshal Foch, generalissimo for the allies in the world war, but Mr. Wilson was unable to see the distinguished marshal. When Foch and his party stopped at the Wilson home after being greeted by President Harding at the White House, Foch expressed regret that a meeting between the two could not be arranged. It was understood Wilson's physicians advised against the meeting on account of the possibility of the former president's war emotions being aroused by a talk with the allied generalissimo, and his condition endangered. Foch then left his car.

HARDING GREETES HIM

By United Press.
WASHINGTON, Oct. 29.—Field Marshal Foch, master strategist of the world war, today exchanged greetings with President Harding in the historic blue room of the White House. The massive bulk of President Harding towered over the little gray-haired Frenchman as Ambassador Jusserand intercepted the exchange of felicitations. A squadron of cavalry escorted the famous warrior to the White House.

CLOUDBURST IN VANCOUVER IS FATAL TO MANY

By United Press.
VANCOUVER, B. C., Oct. 29.—Between ten and twenty persons were reported drowned in a cloudburst which partly wiped out the town of Britannia, eighteen miles from here.

The disaster followed a week of high water and floods, the worst ever known on the coast of British Columbia.

ORGANIZING KLAN NEW PENNSYLVANIA CRIME

By United Press.
ERIE, Pa., Oct. 29.—Arthur L. Cotten, 28 years old, claiming Pittsburgh as his home, was arrested last night after what police allege to have been a meeting of a prospective new lodge of the Ku Klux Klan.

REAL SACRIFICE!

LONDON, Oct. 29.—The British delegation to the Washington conference officially is "dry," so far as the conference is concerned.

FOOT WORTH, Oct. 29.—Supplementary names to be added to those already checked on the petitions asking the recall of Mayor E. R. Cockrell and Police and Fire Commissioner John Alderman will be filed today, John Baskin, chairman of the recall committee, announces. The ten days allowed for the filing of additional names will be up today.

RECALLERS IN NORTH DAKOTA HAVE BIG LEAD

Non-Partisan Officials Creeping Up, But Appear Headed for the Door.

FARGO, N. D., Oct. 29.—Steady gains were made today by Non-partisan state officials in cutting down the early lead gained by independents in North Dakota's recall election of high state officials.

POSSE SEEKING WRECKERS WHO DITCHED TRAIN

By United Press.
LAPEER, Mich., Oct. 29.—Train wreckers who tore up the rails on the Grand Trunk near here, ditching No. 5, the crack passenger train of the line, were sought by sheriff's posse and railroad detectives today.

CONVICT ESCAPES TO MAKE CROP FOR FAMILY, THEN GOES BACK TO PEN

FRANKFORT, Ky., Oct. 29.—Zeke Anderson, a mountaineer, who escaped from Rockcastle convict road camp last spring, went home to make a crop so his family would have food next winter. It was learned when he gave himself up at the state reformatory.

GATESVILLE AFFAIR TO BE ARGUED PRO AND CON

By United Press.
AUSTIN, Oct. 29.—The board of control will hear arguments by attorneys representing both sides of the Gatesville probe before arriving at a decision in regard to the investigation, it was announced by the board today.

BREWERS CAN SELL

WASHINGTON, Oct. 29.—The treasury department today held that brewers having accumulated stocks of real beer can dispose of it to druggists holding liquor permits under the medicinal beer regulation. The treasury department holds that brewers have the right to dispose of the large stock of real beer now on hand.

NEW RULES!

Commencing at once all automobiles and trucks left on Main street must be parked at an angle of forty-five degrees, under the new parking regulation adopted by the city commission Tuesday afternoon. The new parking regulation was adopted as a means of providing more room for cars on the street than was offered under the old system of parallel parking. Practically all the Main street merchants signed the petition requesting the change.

FRENCH DELEGATES SAIL

PARIS, Oct. 29.—The French delegation to the limitation of arms conference, headed by Premier Briand, started for Washington today.

Roads Won't Quit Asking Board For Slash of Wages

STRIKERS WILL MEET MONDAY TO DISCUSS PEACE

I. & G. N. Trainmen Are Hopeful They'll Get Jobs Back; Board Will Help.

HOUSTON, Oct. 29.—Houston today promised to be the "Chicago of Texas." The strike order issued by brotherhood chiefs in the north has been rescinded. The strike that had been in effect on the I. & G. N. railroad operating in Texas had been officially called off by a telegram from William G. Lee, chief of the Brotherhood of railway trainmen. But—the unionists in Texas are still away from their jobs. The railroad board, although without authority on the I. & G. N., which is an intrastate line, has intimated that a "friendly effort" will be made to have the striking trainmen taken back.

Should such an effort be made, it will necessitate representatives of the board and union heads meeting in Texas. This meeting will be held in Houston, according to intimations of various railroad officials and union heads.

Word from different points on the company's lines indicated that the striking men would not be taken back, regardless.

Still Hiring Men.
O. J. Brown, superintendent of terminals for the road with offices here, said today that non-union men are still being hired. "There are sixteen men in the office now wanting jobs. We will hire these men today with the understanding that they may keep their jobs as long as they desire," Brown said.

"Our men are confident they will be taken back with their full seniority rights," was the only statement Geo. G. Nellis, chairman of the striking men, would give today.

A meeting of the general committee of striking trainmen on the I. & G. N. has been called for Monday morning in Houston. The Hotel Bender has been selected as the meeting place. The call for the meeting was issued by J. B. Frame, general chairman for the I. & G. N. of the Brotherhood of Railway Trainmen, who is now en route from Chicago board conference to Houston. At the time of sending the telegrams to J. D. Shepherd, vice chairman, and G. C. Nellis, local chairman, Frame was in St. Louis.

The message received by the local executives did not state the object of the meeting but trainmen are of the opinion that it will be held for the purpose of discussing settlement of the strike and later conferring with officials of the railroad.

Wait for Settlement.
Until the strike is called off, the striking trainmen will remain out, Vice-Chairman Shepherd, who is at Palestine, said this morning in a long distance conversation.

Shepherd denied reports that striking trainmen have returned to work and said reports show the men still 100 per cent out. He also said the men are satisfied to remain out until a satisfactory settlement is reached between union officials and officials of the railroad.

Local Chairman Nellis said the pay checks received by the men marked "DC" (meaning discharged) are the kind customarily issued by railroad companies when strikes are in effect. He said the men believed such a settlement would be reached as to not interfere with their seniority rights. Some of the striking trainmen have been in the service of the company for many years and feel that their seniority right should be protected.

Goforth "Doesn't Know."
Announcement was made this morning by E. G. Goforth, general manager of the I. & G. N. railroad, that the embargo on freight on the company's lines had been lifted with the exception of cars offered by other lines in Houston.

"We are prepared to handle all business offered elsewhere on our lines and the free movement of freight continues on the Houston belt terminals and to the ship channel," Goforth said. "Reports indicate that twenty-six trains moved Friday and the yards handled all business."

Goforth stated that he had heard nothing as to the ending of the strike and could not state what the attitude of the company would be in the matter of re-employing the striking trainmen.

PARIS, Oct. 29.—The French delegation to the limitation of arms conference, headed by Premier Briand, started for Washington today.

RETRIBUTION!

By United Press.
PORTSMOUTH, Ohio, Oct. 29.—Miss Louise Doyle, 19 years old, pretty Sunday school teacher, and J. M. Newman, 26 years old, married, were found murdered today. Their bodies had been dragged to a deserted cottage near here. Newman and Miss Doyle had been missing for a week, when two farm hands going to the cottage on the farm of George Davies discovered their bodies.

The body of Miss Doyle was in one room of the cottage, and Newman's was found in another room. Newman was shot through the forehead and through the left side. A bullet had pierced the girl's heart. Rings had not been removed from her fingers.

Mrs. Newman, with her three children, steadily defended her husband today. The brother, sister and mother of Miss Doyle would give no clue.

METHODISTS AT DALLAS 'SIT' ON DR. RICE TODAY

Theology Professor Tells 'Em What He Demands in Resignation on File.

By United Press.
DALLAS, Oct. 29.—The North Texas Methodist conference will consider the report of the board of education which includes the resignation of Dr. John A. Rice, professor of theology at Southern Methodist University at 2 o'clock this afternoon.

The report was submitted today by Rev. W. T. Whiteside of Terrell. Dr. H. A. Boaz, president of Southern Methodist University confirmed the report of the resignation of Dr. Rice. The resignation is understood to be provisional.

SECRET EXECUTIONS OF MEXICANS REPORTED

MEXICALI, Mexico, Oct. 29.—Four secret executions have taken place at the Mexican garrison within the past thirty-six hours, according to well-authenticated rumors here today.

The men executed are said to have been soldiers found guilty under court martial of spreading Cantu propaganda.

Cantu was disposed of a few months ago as governor of Lower California.

Two of the victims were said to have faced firing squads at dawn Friday while two others were shot last night.

General Aberlaro Rodriguez, garrison commander, left hurriedly for Tia Juana by automobile late yesterday on a secret mission.

Other garrison officials today refused any information whatever on the reported executions.

TAX BILL NOT PASSED ON SCHEDULE TIME

By Associated Press.
WASHINGTON, Oct. 29.—Republican senate leaders concurred today in the opinion that there is no possibility of passing the tax revision bill this week. They also indicated they were convinced of the impossibility of maintaining a quorum for a night session of the senate.

Income tax returns made to the treasury department by corporations and individuals would be open to inspection at the request of either house of congress under an amendment to the tax revision bill adopted today.

THE WEATHER.

Tonight, fair; colder in panhandle; frost except in southeast portion. Sunday, fair.

CALLING OFF OF STRIKE SAID TO BE ARMED TRUCE

Executives Will Continue Fight for Settlement More Favorable to Railroads.

By United Press.
CHICAGO, Oct. 29.—Railroad executives continued in their determination to ask for immediate reduction in wages, despite the circumstances under which the railroad strike was called off, it was learned today.

The executives will go before the United States railway labor board and ask a 10 per cent cut.

The board, however, will not consider the petition for several months and ruling cannot be expected before a year.

The United States railway labor board today announced that if any class of railroad workers ever strike against the ruling of the board, they will forfeit all rights gained through the board and will not be permitted to appeal to the board for any settlement of any other dispute.

The ruling was made as an aftermath of the threatened Oct. 30 strike called off on Thursday.

That the present arrangement is nothing more than a truce and that the railroads and their employes will be at each other's throats within six months in a more determined manner than the uprising just concluded, is the firm belief of observers here, unless the present transportation law is amended.

Despite statements of the brotherhood leaders that the offer of the railroad labor board to defer all wage considerations until working rule problems are settled is a "satisfactory settlement" to them, they privately admit that it is no settlement at all.

It was revealed Friday that Commissioner Hooper, who acted for the board, made no definite promise on how long it would be before the board could take up wage considerations. The general impression has been that working rule questions could not be settled in less than a year. The board has now adopted a policy whereby when the working rules for any particular class of employes is determined, that wage questions can be taken up. There are only forty working rule questions to be considered for the brotherhoods. These could be disposed of in a month. Work on the rules for the shop crafts is well advanced and a part of them have already been handed down. If the board considers nothing but rules the entire question can be settled by early next spring. The railroads can be expected to make an insistent demand that wages be considered at the earliest possible moment.

Rules to Be Modified.
These rules are to be modified considerably, according to indications of what has already happened. The carriers have already won the right to negotiate with shopmen on a policy work pay basis; have secured abrogation of the wartime agreements, and have obtained modified rules on apprenticeship.

These complex questions mean more than \$250,000,000 annually to the railroads in cold cash.

The 476,000 shopmen did not join the brotherhoods in the strike movement, not because they loved the labor board more, but because that was the side their bread was buttered on. They have withheld their strike pending settlement of the rule question.

Their refusal to step out nipped what would have been the biggest impetus for the open shop movement of many years. The executives frankly confess it was a great disappointment to them when the shopmen voted not to join the brotherhoods.

EPISCOPALIANS WILL FORM SUNDAY SCHOOL

The members of St. Mary's Episcopal church will meet tomorrow morning for the purpose of organizing a Sunday school for the members of the congregation. The members of the congregation are urged to attend the meeting.

WATER ANYWHERE.

Drilling activity is increasing. Hardly a day passes that there is not some report of new operations, where six months ago, the most diligent search would not reveal one. That is a desirable condition, truly. It promises more work for men, more sales for supply houses, and the other things which promote prosperity. The Ranger territory, oil men say, will yet be gone over with a fine tooth comb. The activity will increase manifold, over the present. Hundreds of wells which have been drilled and proved leases, and then these leases allowed to remain idle for one reason or another, will be redrilled.

But no matter to what height oil activity increases, Ranger should not forget that there are yet other things beside oil which bring in money. Paris, Tyler and Temple are examples of good towns that are built largely on agriculture. Del Rio, Denison, Cleburne, Marshall, are "railroad towns;" that is, the shops or offices of some big system are the main industry. Some of these towns, however show a steady growth because they are not content to exist on one industry, but reach out for others. Ranger must do the same. It's present and potential gas production should be more valuable even than oil, if it can be put to work. Factories which demand large quantities of cheap fuel should be made aware of the advantages here (which the Chamber of Commerce is doing).

But how about the second requisite—water? There are few types of manufacturing which do not require water in abundance and a continuity of supply. What is Ranger doing about that? What is it going to do? Abilene has spent more than a million dollars for water. Cisco is spending a million for water. Water for Ranger probably will cost as much, and will be more difficult to find. But the finding it and the obtaining of it is up to Ranger. The Lord has done all he is going to do in that connection, and wishing alone will never improve the present situation.

A governor of a Mexican state fleeing from his capital looks ominously like old—but not very old times. It is reassuring, however to hear that the popular feeling against the governor does not reflect dissatisfaction with the Obregon government.—Springfield Republican.

A Los Angeles writer says that Dante's poetry is stilted and obscure, is never read and is praised by the stupid. However, having tried the Los Angeles school of literature, one is likely to fall back on the Divine Comedy with a sigh of relief.—Cleveland Plain Dealer.

The cellar... prove... started, is... light.

SOVIET WILL PAY DEBTS OF OLD EMPIRE

RIGA, Oct. 29.—Official confirmation that the Russian Soviet has agreed under certain conditions to recognize the foreign debts of the old imperial Russian government was received here today by the Russia, the official Bolshevik publicity bureau. The Soviet government's recognition of debts is conditional upon the great powers concluding official peace with and recognizing the Soviet republic.

WHY GET RICH?

EL PASO, Texas, Oct. 29.—The people of southern Mexico fail to acquire wealth because they have little need for money, according to Carlos Puche, attaché of the Mexican consulate in El Paso. The Mexicans from the southern part of the republic easily satisfy their few wants, he said.

In many states in central and southern Mexico, the attaché said, nature provides for most of the human wants. "In Michoacan, for example," he said, "wild game and tropical fruits are to be had almost for the asking. An orange sells for one centavo, or about half an American cent, and 25 cents will buy a whole bunch of bananas. A fish weighing several pounds costs only about 3 cents. Rabbits are plentiful and are killed in large numbers for food."

BRIDE FLEES WEDDING PARTY WITH NEW HUSBY'S ROLL AND SISTER'S COAT

WOBURN, Mass., Oct. 29.—Escaping from the merry party of friends that had come to "dance at her wedding," Mary Helen Powell Koehner, 19-year-old Woburn belle, disappeared into the night five hours after her marriage to Joseph Koehner of Winchester, and is being sought throughout eastern Massachusetts. Those in pursuit of the runaway bride also are seeking a Woburn young man who was in the touring car in which she disappeared. It is known he was attentive to her before the wedding. The bride took with her \$500 as a cash gift to her from her husband, and a new \$300 fur coat belonging to her sister. A charge of larceny was made against the fugitive bride by the bridegroom.

BOY STRANGLER WHEN NECKTIE CATCHES ON BOLT

TRINIDAD, Colo., Oct. 29.—Louis Martinez, 10-year-old son of Mr. and Mrs. Frank Martinez of this city, is dead from strangulation as the result of a tragic incident while at play in a barn. The Martinez boy had climbed from a coal pile to a loft where an old sand screen was stored. Making his way down again through the rafters to the coal pile the boy's necktie caught on a bolt projecting from one side of the sand screen and which tightened the necktie about his throat, choking him to death. A playmate, 6 years old, found him hanging and alarmed the boy's mother, who cut him down.

READS OF BOYS HANGING SELVES, FOLLOWS THEM

MILWAUKEE, Wis., Oct. 29.—A dislike for school, coupled with a mind affected by reading of the hanging of two Chicago schoolboys, was believed to be responsible for the death of Thomas Rilcerk, 15, whose body was found hanging in the basement of his home.

CLEWELL MOVES RESIDENCE

H. E. Clewell, secretary of the Ranger Gas company, has moved his residence from the old location at 620 Cherry street, to 718 Cherry street. The home is now being remodeled.

DOG HILL PARAGRAPHS

By GEORGE BINGHAM

Ellick Helwanger went to church last Sunday, and has been trying all this week to get a tune off of his mind.

Cricket Hicks says while a song may be printed on a sheet of paper with the words and music, the singer still has to furnish all of his own noise.

Sim Flinders, our widely-known rat-trap inventor and Hog Ford Sunday school teacher, is thinking about starting a singing school in the Galf Ribbs neighborhood, since he heard somebody over that way trying to call the cows.

IMAGINARY CARS INSURED, THEN 'STOLEN'

NEW YORK, Oct. 29.—In an effort to dispel the notion that police laxity has anything to do with the increasing number of automobile thefts, Commissioner of Accounts Hirschfeld made public yesterday the results of an investigation he says disclose that, whether one possesses an automobile or not, it is possible to obtain automobile insurance.

His investigation followed a public inquiry he started into the burglary insurance companies, which was dropped when a company representative appeared and complained he was not getting satisfactory co-operation from the police.

The investigation was carried on by William M. Conant, an accountant, who testified that he had made several applications for insurance and that the broker had made no effort to ascertain whether a Conant car actually existed or had any value.

Conant exhibited a policy for \$700 which he had placed with the Home Insurance company on a car he said had already been insured in another company. From the Home Automobile Insurance company of Hartford, he said, he obtained a \$500 policy on a car that did not exist so far as the insurer was concerned.

The commissioner said his investigation had satisfied him that the laxity of the insurance companies was responsible for the large reported number of thefts. Most of the thefts reported are not genuine, he declared.

107 UNEMPLOYED MEN SLEEP ON CREEK BANK

WAXAHACHIE, Texas, Oct. 29.—With less than \$30 in their possession, 107 jobless men spent a recent night on the banks of Waxahachie creek, trying to sleep. This fact was brought out at the joint meeting of the American Legion post here and the heads of the civic organizations of the city. It was learned during a survey of the unemployment situation taken by the legion.

CARNEGIE PARROT IS VER-RATHRIFTY AND HAS RICH BURR

NEW YORK, Oct. 29.—Mrs. Andrew Carnegie with her daughter and her son-in-law, Mr. and Mrs. Roswell Miller, have arrived home on the steamship Cedric. They have been spending the summer at Skibo castle. They brought a parrot, which, having learned to talk in Scotland, has a very fine burr that reminds one of Sir Harry Lauder. "He's a very thrifty bird, too," said one of the stewards. "Any of his crackers that he doesn't eat he saves."

HERE ARE GUNS, USE 'EM, POSTAL EMPLOYEES TOLD

NEW YORK, Oct. 29.—Guns, and orders to use them, were given postal employes here and in other large cities today on receipt of an anonymous warning that more holdups are to follow the one on lower Broadway last Monday. A mysterious letter, received by Postmaster Morgan, warned that the "Big Four" would make its next raid in Philadelphia. The letter also claimed that the loot in the New York robbery was \$5,000,000 instead of \$1,500,000 as claimed by postal authorities.

OWNERSHIP OF DALLAS CLUB IS NOW IN COURTS

DALLAS, Oct. 29.—Ike Sablosky of Mineral Wells claiming to possess acceptance of an offer for the Dallas baseball club franchise, filed suit against Jesse Hassell and Hamilton Patterson and their wives in the Forty-fourth district court Thursday to force the closing of the deal for the purchase and also seeking injunction to prevent Hassell and Patterson from changing the lease terms on the baseball park.

Specific performance of contract is demanded in the petition. Sablosky asserts that he had tendered \$50,000 as first payment for the purchase of the franchise, taking up an option held for purchase of the franchise for the sum of \$150,000.

The injunction seeks to hold in status quo all leases and other matters in connection with the operation of the ball park. The plaintiff contends that he contracted for Hassell and Patterson to furnish the lease to the park on the same terms as now paid.

The petition mentions the purported sale of the ball park and stands to Hassell and Patterson by Joe Gardner. Mr. Sablosky contends that he is entitled to a lease, under his option, on the same terms as Hassell has been getting from Gardner.

The injunction feature of the suit will be heard before Judge E. B. Muse on Nov. 2.

DRUGS SENT TO CONVICTS HIDDEN BY POSTAGE STAMPS

MUSKOGEE, Oct. 29.—Placing a drug table beneath the stamps on twenty-five postcards addressed to inmates of the Oklahoma state prison at McAlester was the scheme of Jesse Wilson, arrested at Wichita by postal authorities.

Wilson was released from the penitentiary a short time ago. The drug was detected when the cards reached the McAlester postoffice.

REWRITE TREATY OF VERSAILLES LONDON ADVICE

LONDON, Oct. 29.—In an editorial headed "No Frills Wanted at Washington" the Times says it could wish for nothing better than the rewriting of the Versailles treaty at Washington, but that the Versailles mistakes must be avoided.

"We must begin the new conference on the theory that there are no criminals among us," it continued, "and no saints. Japan is an ally, not a criminal. She is ambitious, but ambitions are not irreconcilable with the world's safety or international justice. The firm friendship of England and America is the only foundation of peace and liberty, but the most serious obstacle is in the assumption of an extra dose of original virtue to Great Britain and America."

UNCLE SAM'S 'SPECIAL' PAINT ONLY WHITEWASH

WASHINGTON, Oct. 29.—Some of the federal buildings and all the government lighthouses present an exceptionally attractive appearance because of their markedly white coverings. Many persons were of the opinion that the paint used on the structures was a special grade prepared for "Uncle Sam."

As the desire for further information on any interesting subject grows on an inquiring mind, some one in the state department of agriculture has discovered that the brilliant white appearance of some of Uncle Sam's structures is not produced with paint. It's whitewash.

LORENA INQUISITORS RECESS UNTIL NOV. 5

WACO, Oct. 29.—The McLennan

county grand jury investigating the recent klan parade and subsequent fatal cutting at Lorena has recessed until Nov. 5. Five witnesses were examined, making 125 to appear before the inquisitors relative to the Lorena tragedy. Since the present term of the Fifty-fourth district court expires Nov. 5, the day set for the reconvening of the grand jury, the investigators must act on that date.

OHIO SLAYER KEEPS VOW.

COLUMBUS, Ohio, Oct. 29.—John McGuire, alias Burke, received at the Ohio penitentiary to await death in the electric chair Feb. 3 for his

part in the murder of two Toledo detectives, today continued his hunger and speech strike begun last Sunday in the county jail at Toledo. The condemned man has not uttered a word and has not partaken of food since his arrival at the penitentiary.

We will buy all of your second-hand furniture; Wright Furniture company, corner Pine and Rusk Sts.—Advertisement.

Notice

The Southland Barber Shop announces to their friends and patrons that they have moved their business to the Gholson Hotel Barber Shop—in basement of Gholson Hotel. The same old bunch of boys will be there to give you the same good service that has always characterized us.

WHY FIDO WAGS HIS TAIL?

TO advertise! It is his mode of telling the world of that particular mental state known as happiness.

When the baby laughs, when the sun shines, when the flowers bloom, when dinner sends out its inviting aroma—when any one of a thousand other things happen which attract your attention—you are being advertised to.

The whole purpose of any advertising is to excite your curiosity, gain your interest, arouse your desire; to tell you something you don't know; to remind you of something you have forgotten; to convince you of something over which you have been hesitating; to help you get the best at least cost.

In short, the purpose of an advertisement is, in one way or another, to make you happier. Think it over. Read the advertisements in this paper and see if that isn't so.

NEW CHAIRMAN NECESSARY FOR PARTY HARMONY

By United Press
 WASHINGTON, Oct. 29.—A deal whereby George White will resign as chairman of the Democratic national committee, to be succeeded by a "compromise candidate," will be attempted at the meeting of the national committee at St. Louis next Tuesday.

If the proposed deal goes through, White's resignation will follow within a short time without any row in the party. If the deal is rejected, there may be a long drawn out fight within the committee, though it appeared unlikely today that it would be permitted to come to an open rupture in the St. Louis meeting.

AUSTIN COLLEGE WINS
 SHERMAN, Oct. 29.—Austin college defeated Henderson-Brown of Arkansas, 14 to 7 Friday afternoon. The visitors were outclassed and for the first three quarters Austin held the offensive. Morehart's punting, runs and Touchstone's returns were powerful factors in the Kangaroo's offensive.

Henderson-Brown failed to develop any offensive until the final period when a series of fumbles by both sides favored the visitors, and they gained striking distance of goal. A pass from Young to Clements over the line counted the score. The game was marred by many fumbles. Key made Austin's first touchdown 7 1/2 minutes after play started, after Wilson recovered Morehart's failure at placement on visitor's five-yard line. Morehart scored in the third quarter.

SIMMONS DEFEATS TRINITY.
 WAXAHACHIE, Texas, Oct. 29.—Simmons College defeated Trinity University, 7 to 0, in a slow, disinteresting football game here Friday. The game was marred by many fumbles of punts due to the high wind.

The lone touchdown came in the third quarter after Morrison of Trinity had kicked and the ball was blown back almost to the starting point, which happened to be Trinity's seven-yard line. For here Burke advanced the ball yard by yard and finally carried it over on fourth down. Yeager kicked goal. Trinity threatened to score in the third quarter when White and Wertz blocked a punt and White ran fifty yards, but was downed by Jacobson on seven-yard line.

TEXAS-VANDY GAME WAS PLAYED TO \$26,266 GATE
 AUSTIN, Oct. 29.—About \$7,500 was netted by the University of Texas in the game with Vanderbilt in Dallas last Saturday, according to U. T. Bellmont, director of physical training for men in the university.

Total receipts of the game were \$26,266.20. Of this amount the Dallas fair received 25 per cent as rental for the stadium. Expenses incurred in staging the game totaled \$7,944.34, which left a net balance of \$18,321.86. This was divided equally between the Texas and Vanderbilt teams, giving each institution \$9,160.93. However, the expense amounted to \$1,500, leaving a remainder for Texas of about \$7,500.

The distinction of being first woman house surgeon in England goes to Dr. Florence R. Clulow, recently appointed to that position in the King Edward VII hospital.

OKLAHOMA LOSES TO TEXAS IN 'AGGIE' DUEL

COLLEGE STATION, Oct. 29.—

Texas A. & M. defeated Oklahoma Aggies by the score of 23 to 7 here Friday afternoon.

In the first quarter the score was tied 7 to 7. Oklahoma made first touchdown in the first five minutes of play. Morris of A. & M. fumbled and Williams for Oklahoma recovered on A. & M. 10-yard line. Weaver then passed to Hasbrook for Oklahoma touchdown near the end of the quarter. Wilson for A. & M. blocked Oklahoma's kick. Smith recovered and ran twenty yards for A. & M. touchdown.

At the end of the first half, the score was 16 to 7 in favor of the Texas A. & M. Morris kicked after safety catch by Sanders for Texas, and Pinson made a touchdown after a sensational twenty-five-yard run by Sanders of Texas.

In the third quarter Texas made a touchdown, bringing the score up to 23 to 7 in favor of Texas A. & M.

HOWARD PAYNE ROMPS ON ABILENE CHRISTIANS
 BROWNWOOD, Texas, Oct. 29.—Howard Payne College football team trounced the Abilene Christian College warriors here Friday afternoon by the one-sided score of 56 to 0. The game, although lopsided in score, was replete with sensational runs, forward passes and brilliant tackling.

VAMPIRE MOVIES ON WANE.
 CHICAGO, Oct. 29.—The facts that vampire movies are no longer in demand with the public and that the public demands lower prices, wants better pictures and is not paying fancy prices for elaborate furnishings in theatres are to be discussed by the Associated First National Exhibitors at their convention.

Censorship, it is expected, will come in for a general paning. The exhibitors chafe under censorship as applied in different states, a picture which passes muster in one state often being barred in another.

BUT THERE ARE NO CRANES.
 FREDERICK, Okla., Oct. 29.—Farmers have advised S. D. Johnson, county agent, that much damage is being done to growing wheat by large flocks of sandhill cranes which have been coming down from the north for several days.

The wheat, of which a large acreage has been sown this fall under ideal conditions so far, is in excellent condition, but it will deteriorate if precipitation does not come within the next few days.

"COMEBAL" RUBBER BALL CAUSED AMARILLO SLAYING
 AMARILLO, Oct. 29.—Earl Alley, charged with murder in connection with the death of Henry L. Burns on the carnival grounds on the night of Sept. 6, was found guilty by a jury in the district court late Thursday afternoon and his punishment fixed at fifteen years in the penitentiary.

The victim of Alley's assault had just been discharged from the army and was a member of the American Legion, which organization took an important part in the prosecution of the case.

The trouble grew out of a come-back rubber ball when someone struck a young girl a severe blow with one. It was stated by witnesses that Burns knocked the ball out of the girl by knocking the offender down. It was further alleged that Alley sought out and found his character at a later time, and it was then that the fatal plunge with a knife was made.

LAST NITE'S FIGHTS

BREAKS BOTH HANDS.

SAN ANTONIO, Oct. 29.—Dummy McKinney of Memphis was awarded a twelve-round decision over Battler Kuhns of this city last night. Kuhns fractured both hands in the second round. The men are middleweights.

BRITISHER GIVES UP.
 NEW YORK, Oct. 29.—Ernie Rice, British lightweight champion, "retired" here last night in the seventh round of a scheduled fifteen-round bout with Sailor Friedman of Chicago. Rice's eye was badly cut in the second round and he was almost helpless after that. His seconds tossed him a towel in the seventh round.

ROPER K. O.'S MORAN.
 BUFFALO, N. Y., Oct. 29.—Bob Roper of Chicago, kayoed Frank Moran, the Pittsburgh veteran, in the sixth round of a scheduled ten-round here last night. Moran took a wonderful beating throughout the fight.

MEMPHIS BANTAM WINS.
 HOUSTON, Oct. 29.—Pal Moore, Memphis bantamweight, outpointed Frankie Jummatti, the "fighting wop" of Chicago, in a twelve-round bout here last night.

ANGELO YOUNGSTER SHOTS AT SISTER, HITS ANOTHER GIRL.
 SAN ANGELO, Oct. 29.—Because it is said he was rebuked by his sister for riding her bicycle, H. P. Scarborough Jr., 8, son of a local auto mechanic, fired at Elizabeth Scarborough. The bullet from a .22 rifle struck Helen Howard, 10, daughter of Mr. and Mrs. Handy Howard, in the neck. With the bullet in her left jaw, the girl was resting well today and physicians said her injury will not likely prove serious. She was on her way home from school and she had stopped to invite Elizabeth to play, when shot. No complaint has or will likely be filed. Mrs. Howard is visiting in Chattanooga.

BOY CAUGHT TAKING MOTOR ACCESSORY.
 A 14-year-old school boy charged with having removed a motometer from an automobile parked on the downtown streets last night is being held by the police for investigation. It is stated that the boy was starting off with the motometer when bystanders saw him and forced him to place it back on the car. The officers hope to learn something from him regarding the theft of accessories from cars recently.

WICHITA FALLS MAN HURT IN FALL FROM INTERURBAN.
 FORT WORTH, Oct. 29.—Abe Marcus of Wichita Falls was so badly injured when he fell beneath a Dallas bound interurban Friday at Main and Eighth streets that his left leg between the knee and ankle had to be amputated. Marcus attempted to board the first car of the limited interurban while it was in motion. He lost his balance and fell between the cars, the front wheels of the trailer passing over his left leg. The interurban was stopped immediately.

Besides the crushed leg and foot, Marcus suffered a gash several inches long on the left hip and bruises about his back and head. He is not expected to die, according to hospital attendants.

JACK GARDNER Halloween Dance
 to be given at the Summer Garden
 Monday night, Oct. 31, for Masons, Shriners and Elks

—Invitations for this dance have been sent out to those whose addresses we know. If you have not received one call at The Fountain and see Mr. Teal.

—Everything in our power will be done to show you a pleasant evening.

LADIES MUST BE ACCOMPANIED BY GENTLEMEN

PROGRAM

TEMPLE—Eileen Sedgwick in "Love's Battle," and fourth episode of "Terror Trail."
 LIBERTY—Neal Hart in "God's Gold," and Mack Sennett comedy; also Adventures of Bob and Bill.
 MANHATTAN—Bernard Durning in "Seeds of Vengeance," also comedy, "Love and Law."
 MAJESTIC—"God's Crucible" (all-star cast), and good comedy.

GIANTS TO TRAIN AT SAN ANTONIO AGAIN
 By United Press.
 NEW YORK, Oct. 29.—Spring training plans already are being considered by the New York Giants. The club will train at San Antonio again, and will stay at least three weeks there. The stop on the way north probably will be made at New Orleans instead of Mobile. A pre-season series with the Detroit Tigers also is being considered.

SUFFERERS FOR BEER MUST SIP HARD AND OFTEN

WASHINGTON, Oct. 29.—Ailing citizens who have been suffering for "medicinal beer"—the 5 per cent kind—must take advantage of the new regulations by drinking hard and fast.

The Anti-Saloon League and the drys in congress are prepared to knock the foaming breaker from thirsty lips. Wayne B. Wheeler of the Anti-Saloon League predicts the "beer era" will last only about fifteen days, being confident that the anti-beer bill will be passed by the senate in that time.

Under the regulations a "sick" person may have as many as twenty-four pint bottles of beer every twenty-four hours. Beer can be purchased only from registered pharmacists and on prescriptions from physicians. The maximum permitted is twenty-four bottles on one prescription every twenty-four hours. Only registered pharmacists can sell it.

Anti-saloon League leaders and the drys in the senate were at work early today planning to prevent any widespread of beer.

Before breweries can start manufacture of the real stuff their applications first must be approved, Wheeler said. Drys have evidence that most of the brewers have violated the law within the last year, he said, and these therefore will be unable to obtain the necessary permits. Few of the others will undertake the expense of starting real beer making with the knowledge that its sale will be shut off just when the sale is started, he predicted.

Real beer may be sold in only eleven states, the Anti-Saloon League said.

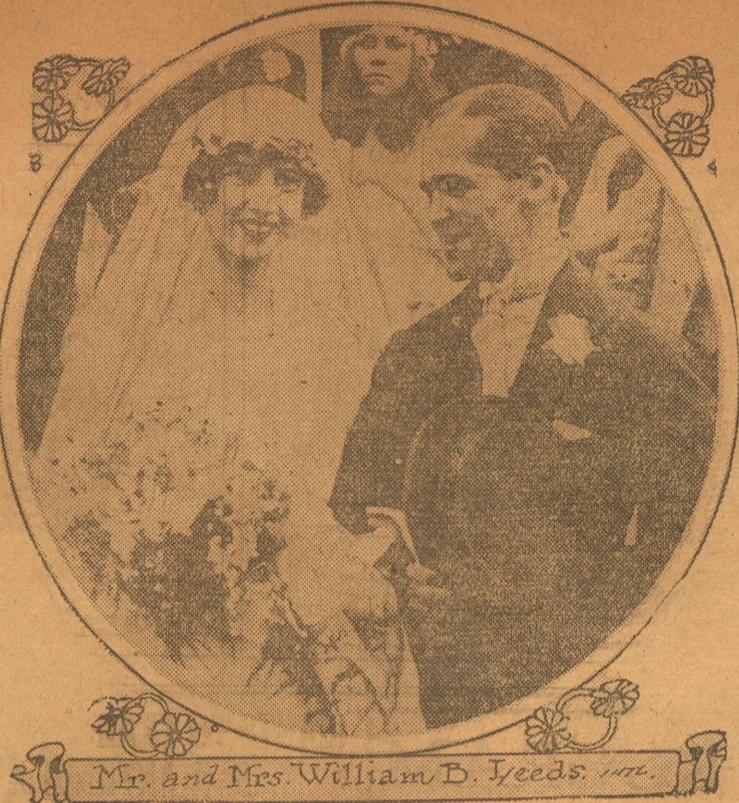

They are Illinois, Maryland, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, California, Louisiana and Wisconsin.

NEGROES HELD IN MURDER CASE TAKEN TO SHREVEPORT

SHREVEPORT, La., Oct. 29.—Willie Drew and Caleb Hudson, negroes, taken into custody Wednesday afternoon at Many, La., in connection with the murder of Mrs. John Harper, have been brought to Shreveport for safe-keeping. Drew is said to have confessed to having cut Mrs. Harper's throat to prevent her from screaming after he and Hudson entered the home for robbery.

With the exception of the school of mines, every school connected with the Pennsylvania State College is giving degrees to women for the first time in the history of the college.

DEBS' RELEASE AGAIN TALKED IN WASHINGTON

WASHINGTON, Oct. 29.—Eugene V. Debs, socialist leader, will be released from federal prison soon after the proclamation of peace with Germany is promulgated, it was learned today from a source close to President Harding. The exact technical procedure under which this is to be done was not disclosed, but it was stated emphatically that the doors of the Atlanta prison will swing open for the veteran socialist leader within a short time.

President Harding is also considering the cases of nearly 100 other political prisoners, it was said, but has not made up his mind regarding them. Indications, however, are that they, too, will receive favorable decisions. There was some doubt today whether President Harding had the full support of Attorney General Daugherty in his plan for the release of Debs. Although Daugherty has steadfastly refused to give any intimation of his views on the Debs case, it has been learned from other sources that he has been opposed to the release of Debs since he talked with the veteran socialist leader here some months ago. It was even intimated at the department of justice that Daugherty may make an adverse recommendation and allow the President to overrule it.

Last year more than 450,000 women paid taxes either as heads of families or as unattached or completely on their own account.

WATERMELON GROWERS WILL MEET IN DALLAS ON NOVEMBER THIRD

Eastland county watermelon growers are expected to attend a statewide meeting of growers and representatives of local exchanges Nov. 3 in Dallas for the purpose of effecting a permanent organization of a state watermelon growers' exchange under the auspices of the Texas Farm bureau. Those attending the meeting will be called upon to ratify a contract drawn up by Aaron Sapiro, attorney for the Texas Farm bureau, and the California Fruit Growers' exchange, and to accept or change plans of organization that were agreed upon at a meeting of representatives on Oct. 12 in Dallas.

County Agricultural Agent R. H. Bush, who was in Ranger yesterday, explained that the proposed state exchange is being organized to take in all local exchanges and associations in the state. Although at present there are no local melon exchanges in Eastland county, two of the growers have promised to attend the meeting, Bush said, and it is hoped to interest others in being present. Under the plan of organization a local branch of the exchange would be organized in the county and the melon growers enabled to market their crop to the best advantage.

Bush stated that plans are now under way to organize a tomato club at Rising Star and arrangements being made for the amount of acreage necessary for permanent organization.

Peter Moller Drops in From Anywhere Without Worrying About High R. R. Fares

SOCIETY AND WOMEN'S ACTIVITIES

Conducted By MRS. R. B. CAMPBELL Telephone 418

SCHOOL WELFARE WORK.

About 125 school children were examined Friday afternoon in carrying out the health work program. Drs. Collins, Holland, Buchanan, and Harkrider made the examination and were assisted by Mrs. Johnson, Jackson, Neal, Gholson, Weaver, and Miss Gilpen. Most of the children were found to be in a very good condition physically, with the exception of many cases of very bad tonsils and decayed teeth and a few cases of malnutrition.

All mothers assisting in this work are urged to keep their appointments and be at the school building promptly at 1 o'clock. There will be no examination Monday on account of the missionary societies.

CARD OF THANKS.

To each and everyone who contributed in any way to make our Shrine club dance a success, we say "Thank You." We would especially like to thank Mr. Jury for the use of the Gholson and the royal way he treated us during rehearsals and on the final evening. To those young ladies and the men and young matrons who served so faithfully and worked so hard in the choruses and in special numbers, we are very grateful. We also feel very much indebted to Mrs. H. S. Cole for her untiring efforts and patience while she served as an accompanist, and also to Mrs. "Pop" Endicott whose spirit made things move. Mrs. A. N. Harkrider, who designed the costumes and helped in their making, is due also many thanks for the success of the evening. We thank you all, merchants, participants, and musicians.

RUNAWAY BRIDE-TO-BE CAPTURED BY AIRPLANE

LOS ANGELES, Oct. 29.—Miss Elsie Hiliger, of Chicago, was back in Los Angeles tonight after she had been pursued and captured by an airplane. Miss Hiliger came to Los Angeles to marry E. S. Fawcett, automobile broker. There was a lovers' quarrel, and Saturday morning the girl took a train for Chicago. Three hours later Fawcett learned of her departure.

Fawcett overtook the train with an airplane, settled the quarrel and brought her back to Los Angeles.

According to schoolmates, the boy had been reading about mysterious deaths by hanging of Chicago school-boys.

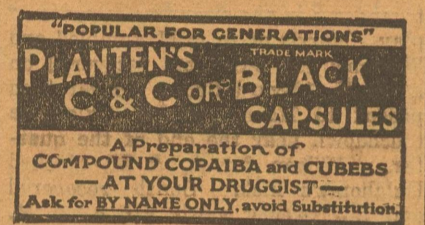

Memories of the old boom days in Ranger commenced to haunt Peter Moller, sojourning in North Dakota near the Canadian line, several days ago—so he headed his motorcycle south, gave her the gas and arrived here Wednesday in search of his old job with the Prairie company. It was the same old motor that chugged through the Ranger mud three years ago which since has followed the harvest from the southern wheat belt over the Canadian line.

Moller stated that he would remain here for several days looking things over and that in case he failed to connect up with his old job would probably drop around by the Pacific coast. Railroad strikes and high fares mean nothing in Moller's life, despite his migratory habits. Neither do local conditions in any of the towns where he happens to light. Transportation is just a matter of a cent a mile—for gasoline and oil

POSITIONS THAT PAY WELL AND ARE ALWAYS TO BE HAD

The perfecting of typesetting key-boards has brought new and unusual opportunities in the printing business. The business that gives development to great minds.

Positions of this kind always have paid well and perhaps always will, and doubtless they will always be plentiful, because the printing business expands as civilization develops. Anybody who could learn to operate a typewriter can learn to operate a typesetting machine. If you want to learn how to do the work of a monotype machinist; if you want to learn to do the work of an intertype or a linotype machinist; if you want to learn to operate any of these machines; if you want to learn the work of the business office—if you want to get into a work that will always pay you well, and if you can spare three to four months for preparation, write for Prospectus to American Publishers' and Southern Publishers' TYPE-SETTING DEPARTMENT of the GEORGIA-ALABAMA BUSINESS COLLEGE, Macon, Ga.—Adv.

and if he does not like one town he goes to another, pronto. A bedding Moller stated that he had worn role and shelter tent strapped on out five motorcycles in his extensive travels over the country and is sleep indoors or out, just as he finds now riding his sixth machine.

International Banking Connections With American Express Co.

Carry those spendable everywhere American Express travelers' cheques

You must plan your financial career. A few men are "Lucky" but most successful men have used good judgment.

PLAN YOUR WORK, THEN WORK YOUR PLAN
