STONE VETOES LABOR BOARD'S ORDER

TELLS LOCAL OFFICERS NOT TO GO TO CHICAGO

Board's Orders Are Emphatic That All Chairmen Must Attend Conference.

By Associated Press

CHICAGO, Oct. 25.—Judge R. M. Barton, chairman of the railroad labor board, today telegraphed the heads of the Big Four brotherhoods and the Switchmen's union, reiterating previous announcement that all general chairmen are expected to attend the hearing tomorrow.

CLEVELAND, Oct. 25.—W. S. Stone, grand chief of the brotherhood of locomotive engineers, today corroborated reports that he has advised the general chairmen of the engineers that they need not respond to the citation of the railroad labor board to appear before the board in Chicago tomorrow, by making public an exchange of telegrams between R. M. Barton, chairman of the board, and the Big Five executives.

Chairman Barton last night wired Stone that the board's order included the general chairmen.

The reply sent Barton this morning informed him that the general chairmen of engineers have no authority to act on matters pertinent to the settlement of the probable strike, his authority being vested in the grand officers and executive committee only.

Chairman Barton's message follows: "We are receiving word from chairmen that they have been advised by you that they need not attend the conference called for tomorrow, as ordered by the board. This is the meaning of the board's order in view of your statement to the board as to the importance of the chairmen in the present situation. The board desires their presence."

MUST ATTEND, SAYS BARTON.
CHICAGO, Oct. 25.—Chairman Barton of the railroad labor board, when informed today that Grand Chief Stone of the engineers had advised his general chairmen they need not respond to the board's citation to appear tomorrow, said he had had no communication with Mr. Stone on the subject and he could not understand why such an order should be given. We shall take the necessary steps to correct it.

"We desire the presence of the general chairmen of the brotherhoods as well as the executive officers," Barton said. "There is nothing in any of the messages sent out by the board in summoning the labor men which could be considered otherwise."

I. & G. N. HEADS SAY NORMAL TRAFFIC SATURDAY

By United Press

HOUSTON, Oct. 25.—Traffic, both freight and passenger, will be normal by Saturday, it was announced today by E. G. Goforth, general manager of the road.

Traffic was reported practically at a stand-still on all the International lines by strike leaders, it was said. This was strictly denied by railway officials.

Regular passenger service has continued, and eleven freight crews were working on the line yesterday. The service will be added to daily until Saturday, when all regular schedules will be carried out, Goforth said. Five new crews were put to work today, Goforth announced.

Striking men are keeping away from the company's property. The men seem very little interested in the resumption of work in their absence. The men seem to take their walkout as a personal vacation, officials asserted.

Clerks laid off Saturday and Sunday on account of office inertia are being taken back today with plenty of work to be done, officials announced. Only about forty clerks and office workers are not at work today. These it is expected, will be put back on the job this week.

REWARD OFFERED.

WASHINGTON, Oct. 25.—Postmaster General Hays today offered a reward of \$5,000 to any person who brings in dead or alive, any one of the mail robbers who was implicated in the New York City holdup last night.

Congress May Expel Blanton

CONSOLIDATION PLAN REJECTED BY MERCHANTS

Body Decides Not to Join With Chamber of Commerce as One Body.

All negotiations for the consolidation of the Chamber of Commerce and the Retail Merchants' association are said to have been declared off last night at a membership meeting of the latter organization, which voted to reject the consolidation plans submitted by the Chamber of Commerce committee. The action of the Retail Merchants is regarded as final and further efforts to bring about an amalgamation of the two bodies are not anticipated.

The association instantly voted to pro rate among the members the balance of the trade carnival fund raised last December by an assessment of 1 per cent of the gross sales. The balance remaining in the fund after over \$10,000 had been spent in advertising and other expenses is given as \$1,034.75. This amount at one time was donated by the association for road work, but was later returned when the work was completed without the necessity of using the fund.

Consider Trade Carnival.
The feasibility of putting on another trade carnival or a sales promotion project was discussed at the meeting and a committee composed of A. Joseph, Joe. Harness, Raymond Teal, L. T. Summers, Fred Haifley and Irving Swartz was appointed to work out plans and report to the president. It was stated by President Humes this morning that M. O. Burt, secretary of the association, whose resignation was accepted by the board of directors several weeks ago, would continue on in his duties for the next six weeks and that in the meantime the association would arrange for his successors. Burt's resignation was acted upon by the board after he had submitted it before leaving the city on his vacation.

Under the plans for the consolidation was submitted by the Chamber of Commerce and refused by the Retail Merchants' association, three absent members of the Chamber of Commerce board of directors were to resign and two other vacancies be created, and the five vacancies filled by five directors of the Retail Merchants' association. Two of the association directors are already members of the Chamber of Commerce directorate. It was also provided under the plans submitted that the consolidation board perfect details as to employees, dues, etc. It was suggested that all funds of the Retail Merchants' association be disposed of before the consolidation.

FT. WORTH COP KILLS ALLEGED MOTOR THIEF

By United Press

FORT WORTH, Oct. 25.—Efforts are being made by police to identify the unknown man shot to death by Policeman Poe early today while two officers were chasing him on suspicion he was an auto thief, according to the officers' report.

The chase began soon after the police were notified of the theft of a Ford car from a residence district. The Ford was overtaken by Officers Brisbey and Poe near Front and Jones streets. When ordered to halt, the driver drew a pistol, the officers said.

Officer Poe fired twice, he reported. One shot struck the fugitive in the head, killing him instantly.

The body is held at a local undertaking parlor. Police said a telegram was received from the police chief at San Antonio, stating the car was stolen there Monday by a man whose description fits the victim of today's shooting here.

STRIKE WILL NOT STOP FOOTBALL GAMES

By Associated Press

NEW YORK, Oct. 25.—Athletic officials of the big universities say the threatened railway strike will not interfere with the remainder of the schedules, even if airplanes have to be used to transport the players.

Ex-Emperor Charles Attempts Suicide When Forces Desert and He is Captured

By Associated Press.

BUDAPEST, Oct. 25.—Former Emperor Charles, whose attempt to re-establish himself upon the Magyar throne met with dismal failure, yesterday attempted to commit suicide by shooting himself following his arrest near Komorn.

The Empress Zita saw him preparing to shoot himself and prevented him from carrying out his intention. The former emperor and empress are now prisoners in the Esterhazy castle at Tatavoros, and Thomas Beaumont-Holer, British high commissioner in Hungary, is hurrying there with representatives of other nations to insure the safety of the prisoner.

Supporters Melt Away.

Word sent to the rebellious troops supporting Charles, by Admiral Horthy, the Hungarian regent, spelled the doom of Charles' attempt to regain at least a part of his former empire. The regent's reminder told the royalists of their oath of allegiance to him and demanded their unqualified obedience, adding that success of their undertaking would mean ruin of the country. The firm stand of Admiral Horthy had its effect and the royalist forces scattered, seeming to vanish into thin air. Latest advices from the section around Komorn indicated that the government troops continue in pursuit of the royalists and that the Karlist premier, Rakovsky, and Count Andrassy were among the supporters of the former monarch captured by loyal troops.

The followers of the former emperor are said to have lost half their number in the attempt to retreat from Biske to Tatavoros.

CHICAGO ALL SET FOR DELUGE OF 30,000,000 GALLONS OF BEER

By United Press.

CHICAGO, Oct. 25.—All that stood between Chicago and 30,000,000 gallons of real beer today was official notification to breweries that they could make delivery of their product to corner drug stores.

"The demand for real beer cannot exceed the supply," Anton Laadt, manager of the Atlas Brewing company, said, speaking to the state of preparedness Chicago found herself in when Secretary of the Treasury Mellon lifted the lid in signing the order allowing medicinal beer. The 30,000,000 gallons is ready for consumption, Laadt said.

In addition to this sea of brew, thousands of vats of beer that has not yet been aged are on hand in Chicago breweries.

TROPICAL STORM RAGES OVER EASTERN GULF

By United Press.

DALLAS, Oct. 25.—A severe tropical disturbance is raging in the east gulf, off the coast of Florida, according to reports reaching the weather bureau here today.

The barometer registered 29.30 at Tampa, Fla., where 5.2 inches of rain have fallen in the past twenty-four hours. It was still raining there. The wind had reached a velocity of thirty-two miles an hour.

Key West reported a wind of forty-eight miles an hour from the southwest last night.

The storm is moving northward. It was not expected to reach the district would reach as far west as the Texas coast cities, unless the storm changes its course.

COUNTY OFFICIALS INDICTED AT BEAUMONT

By Associated Press.

BEAUMONT, Oct. 25.—Four officials of Hardin county were at liberty today on substantial bond following their arrest in connection with indictments returned against them by the grand jury, charging misapplication of public funds.

They are County Judge L. G. Harley, Auditor Charles M. McKin, and County Commissioners H. A. Chance and Albert Cook.

DEMOCRATS QUIT OPPOSING TAX BILL

By Associated Press.

WASHINGTON, Oct. 25.—Normal tax rates of 4 per cent on the first \$4,000 of income and 8 per cent on all over that amount were approved today by the senate without a record vote. These are the rates now in force. The committee amendments which the Democrats yesterday thrice sought to amend without success were approved within a minute after the senate met. There was no discussion on the amendments.

The amendments which Senator Tramwell of Florida, Democrat, promised yesterday would be offered, failed to materialize.

REMARKS IN RECORD CAUSE RESOLUTION

Inserted Obscenity in Official Publication. Is Charge to Be Voted on Thursday.

By United Press

WASHINGTON, Oct. 25.—A resolution to expel Representative Thomas L. Blanton, Democrat, Texas, from his seat in the house was introduced in the house of representatives today by Representative Mondell, Republican floor leader.

The move to oust Blanton came as the result of remarks he caused to be printed in the Congressional Record on Saturday, Oct. 22.

This language, not delivered orally on the floor but printed in the Record as an extension of remarks, dealt with a row between union and non-union employes in the government printing office. The remarks, the resolution stated, contain "filthy, indecent and obscene language not worthy of a member of the house of representatives."

Under an agreement between Mondell and Representative Garrett, acting democratic floor leader, the resolution will be voted on Thursday.

Twice within the past year the house has voted censure of the congressman. The first came when Blanton inserted remarks in the Congressional Record which were not made in his speech on the floor, and the other followed charges he made in Texas newspapers that he alone was blocking an effort to raise congressmen's salaries.

Blanton's seventeen colleagues from Texas held a meeting immediately after the resolution was presented and decided to wage a fight to have the resolution modified to one of "severe censure" instead of expulsion. The delegation will meet again tomorrow and decide who will lead the fight on the floor Thursday.

CONGRESS STRIKES BLANTON'S 'SPEECH' FROM ITS RECORDS

WASHINGTON, Oct. 25.—Congressman Blanton of Texas got in hot water in the house Monday over an "extension of remarks" in the Congressional Record.

"An extension of remarks" is a speech which has not been delivered, but printed in the Record without being heard. Blanton's "extension," which concerned a row in the government printing office, was expunged by the house by a vote of 313 to 1 on the ground that it included an affidavit containing profane and obscene words. Blanton voted against expunging it.

The context of the "extension" concerned a non-union printer, who contended conditions in the printing office were made such that without a union card he could not remain.

TEXAS WOMEN VOTERS DISCUSS PEN REFORM

By Associated Press

FORT WORTH, Oct. 25.—Prison reform was the subject of a discourse discussion at the opening today of the convention of the Texas League of Women Voters. Among the speakers was Governor Neff.

Several hundred delegates representing practically every county of the state and the Texas Federation of Women's clubs, the Texas Congress of Mothers and the state W. C. T. U., were here for the opening of the convention, which will extend through Saturday, ending with a two-day regional conference of nine states.

BARTLESVILLE, Oct. 25.—Police here today expressed the belief that the body of a man found in a lake near Coffeyville, Kan., was that of an alleged motor car thief who was believed to have been killed in an exchange of shots with a policeman in the outskirts of this city Saturday.

ONE PINT IS ALL TEXANS CAN HAVE

By Associated Press.

AUSTIN, Oct. 25.—Secretary of the Treasury Mellon's ruling that one case of beer or as much wine as physicians may prescribe is now allowed will be stopped in Texas by the Dean law, according to a verbal opinion rendered today by Assistant Attorney General Keeling.

The Dean law holds that the amount of beer, whisky or wine to be prescribed by a physician to one pint in a period of ten days, which must elapse before the patient may secure another, and Secretary Mellon's ruling will not change this. The patient has his choice of one pint of whisky, wine or beer.

BARNEY CARTER GETS PRODUCER WEST OF TOWN

Daily Reports of Completions and New Operations Show Activity Is Increasing.

Renewed activities in the Ranger field since recent advances of crude are indicated by almost daily announcements of wells coming in or new operations being started.

The latest is Barney Carter's well on the Earnest tract, seven miles northwest of town, which hit the top of the shallow pay yesterday. Experts say it is certain to be a good producer. It is now making half a million feet of gas or more, and spraying oil, but production will not be known for several days, as the depth of the sand is unknown and it will be drilled in only a foot at a time.

This well is in 2,000-foot pay territory, which is somewhat noted because of its peculiarities. In many wells there is no gas at all, but with proper manipulation, they make good pumps. The Sinclair company, for instance, has a well nearby, on the Davis, which was shot several times and swabbed for three days before it showed any sign of being a well. Then it began to come, stronger and stronger and today it is a consistent pumper at around 200 barrels. Since Carter's well has good gas pressure, it may flow naturally.

E. McC. Moore of the Vulcan, on the Davis "strip" about half a mile to the north of Carter, is at an interesting depth and he should know what he has within the week.

The Sinclair will start down next week on the George Beggs strip, close to Moore's well.

INDIANS WILL ASK AMERICAN CITIZENSHIP

By Associated Press.

DETROIT, Mich., Oct. 25.—Abolition of the United States Indian bureau and the granting of full citizenship to all American Indians will be the chief subjects considered at the international convention of American Indians, to be held here Oct. 25 to 31.

Delegates from each of the 500 Indian tribes and others of the race who have become prominent figures in American life are expected to attend. One of the convention features will be the opening session, when the pipe of peace will be smoked by the Indians and the city officials.

On Saturday, Oct. 29 a native fete day will be observed. The visiting delegates are to don the costumes of the native tribes and stage an Indian play.

ANOTHER CRISIS ENDED.

By Associated Press.

LONDON, Oct. 25.—The view expressed at Sinn Fein headquarters this forenoon was that the crisis in negotiations, which has existed for several days because of a letter Eamon De Valera wrote the pope, is over for the present.

NEFF SPEAKS AT DECATUR.

AUSTIN, Oct. 25.—Governor Neff has accepted an invitation to deliver an address on law enforcement at a union service of all churches at Decatur, Wise county, to be held Nov. 13.

OVE OVERSON NAMED TODAY AT EASTLAND

Commissioners Hold Secret Session to Select Successor to Dunning.

Special to the Times.

EASTLAND, Oct. 25.—Ove Overson, Ranger attorney, was elected county attorney here this morning at a secret session of the commissioners' court from which all persons, including newspaper men, were barred.

Overson succeeds W. V. Dunning, who resigned effective Nov. 1, to accept a position as legal counsel of a Waco oil company. Overson will assume his duties on Nov. 1. Following the election, members of the commissioners' court refused to give out any statement other than that of Overson's election or to comment the secret nature of the proceedings. The names of some twelve or fifteen other candidates for the office were withheld by the commissioners. Another Ranger attorney is reported to have been an aspirant for the office.

The election, which was scheduled to be held at 9:30 this morning, was not called until 10:30 by the commissioners, and then held in the highway department. Would-be spectators were notified that the court was in secret session and Sheriff Nolley and Overson were the only outsiders who were allowed to enter the highway department during the deliberations of the commissioners. Nolley was called in evidently for consultation and dismissed and later Overson was called in.

Overson has been a resident of Ranger for the last two years, coming here in 1919 as the partner of George L. Davenport, now judge of the Ninety-first district court. He is 42 years of age, married, and served as a captain in the late war.

OPEN MEETING OF ROTARY CLUB HELD TONIGHT

The open meeting of the Rotary club, called to discuss plans for constructive work among the boys of Ranger during the coming year, will be held tonight at the Chamber of Commerce auditorium. All teachers, ministers, city officials and members of the school board have been invited to attend together with directors of the Chamber of Commerce, Retail Merchants association and officers of the 1920 club, Library association and Business Women's club.

An interesting program has been announced for the meeting which will be followed by informal dancing. The meeting is to be opened with a song by the Rotary club, followed by explanatory talks on the club's program for boys' work during the year; the work accomplished by the boys; an entertainment stunt by Raymond Teal, and other talks including one from Superintendent McNew on "How Rotary Can Best Serve the Ranger School System." The fellowship committee of the club will be in the receiving line and Troop A of the Boy Scouts, recently organized under the auspices of the Rotary club, will serve as ushers. All members are urged to be present at the meeting and bring their wives.

HARDING IN SOUTH

By Associated Press.

WASHINGTON, Oct. 25.—President Harding left Washington at 9 o'clock this morning on a special train, for a four-day trip through the South. Three addresses will be made by the president, two at Birmingham, which city is celebrating its semi-centennial, and one at Atlanta. A stop will be made at Camp Benning, Ga., for inspection of the infantry school there.

A LITTLE MORE ROOM.

Simple things, hardly worth talking about, can sometimes save a lot of exasperation if attended to.

Some months ago, the city passed a parallel parking rule on Main street, with the provision that there should be four feet between vehicles.

As a matter of fact, no attention is paid to the distance between cars, and the result is, one will see two or three huddled together as if for warmth or mutual protection in such a manner that only the person who can turn on a dime can get out.

Now as to the simple matter: Recently the fire department painted the corners with "Don't Park Here" signs. Since that time, the corners have been clear.

That way the street would certainly look better and judging from observation, those motorists who really want to go somewhere would be pleased to save the five minutes it takes to jockey out into the thoroughfare.

A New York youth arrested for kidnaping a motor car, says he took it because he did not have street car fare.

One of the veteran reporters at the disarmament conference will be William Jennings Bryan.

Governor Kendall of Iowa, told a conference of Midwest governors that "we have not yet sounded the ultimate depths of our depression."

In devoting its time to Judge Landis while the tax bills are pending, the senate is not making one of Babe Ruth's home runs with the bases full.

Strikes, bringing more business depression, are not a good cure for the business depression that already exists.

Summer is lingering around these days merely to see if Winter has arranged for his coal and kindling.

PRESCRIPTIONS FOR BEER WILL BE PERMITTED

WASHINGTON, Oct. 25.—Regulations covering the use of beer and wine for medical purposes will be issued immediately by the treasury.

The regulations, Mr. Mellon said, are drawn in accordance with the law as interpreted by former Attorney General Palmer and permit the manufacture and prescription of beer and wine for the sick.

The regulations, it was said, will make a case of beer the unit for prescription of that beverage.

The issuance of the beer regulations was delayed originally, Mr. Mellon said, "because it seemed probable that legislation would be enacted whereby the action of the department would be of no practical advantage to those interested."

BUTCHERS TO STRIKE.

CHICAGO, Oct. 25.—Three thousand butchers will strike Nov. 1 if the Master Butchers' association carries out its announced intention of reducing wages from \$40 a week to \$32, it is announced.

A conference between representatives of the men and the employers was arranged for today.

JAPANESE KILLED BECAUSE HE BOASTED BETTER ENGLISH

NEW YORK, Oct. 25.—Because he insisted that he spoke better English than his friend, Natara Yusunara, Japanese, was strangled to death in a Broadway hotel.

This amazing solution to another White Way murder mystery came Thursday when Saito Taizo confessed to police that he had knocked Yusunara unconscious and then killed him by garroting him with a towel October 5 in the Empire hotel.

WEATHER REAL CAUSE OF RUTH'S COLD FEET

NEW YORK, Oct. 25.—Babe Ruth, back in New York, is spending his leisure hugging the radiator in his apartments to thaw the chill out of his personal vastness for the barnstorming tour which got him in bad with Judge K. M. Landis, which now seems to have been nipped with frost from the start.

Playing to crowds of 1,500 to 2,000 in small towns, with a popular scale of prices, Babe was unable to collect the huge money he had expected from his tour and this is believed to have had as much influence as any other consideration in causing him to abandon the baseball circus.

Ruth made a nice fortune barnstorming after the 1920 season, but his tramping began about two weeks earlier in the fall than this year's campaign.

Babe is now said to be willing to apologize to Judge Landis for violating one of the rules of organized baseball.

STRIKE MAY POSTPONE FATTY ARBUCKLE'S TRIAL

SAN FRANCISCO, Oct. 25.—The possibility loomed Monday that Roscoe ("Patty") Arbuckle will not go on trial here Monday, Nov. 7.

The prospective railroad strike became a factor which may force a postponement.

Inability of attorneys for the defense and District Attorney Matthew Brady to agree on the interrogatories to be submitted to Miss Virginia Warren, Mrs. Josephine Ross, Dr. Maurice Rosenberg of Chicago and Lowell Sherman, New York actor, prevented Charles H. Brennan of the Arbuckle counsel from leaving today for the East.

Several conferences were held Monday. Should the railroad strike be called while Brennan is in the East, delaying his return, a postponement will undoubtedly be granted.

CROW IS SWORN IN TO SUCCEED KNOX

WASHINGTON, Oct. 25.—William E. Crow, a Republican leader of Pennsylvania, was sworn in Monday as junior senator from that state to fill the vacancy caused by the death of Philander C. Knox.

Crow enters the senate to fill a term that will expire March 4, 1922. He already is slated to be a candidate to succeed himself next year for a full term ending March 4, 1929.

SOLDIER'S BODY EN ROUTE.

HAVRE, Oct. 25.—France today said farewell to the unknown American soldier, going home for his state burial at Arlington among the nation's heroes.

The church bells tolled a solemn requiem as his train rolled slowly into the yards. The flags drooped at half mast. Thousands of people thronged the long mole and the points of vantage about the harbor to say goodbye to him.

SECRET NEGOTIATIONS?

CLEVELAND, Ohio, Oct. 25.—Secret negotiations were reported here today to be under way preliminary to the "peace conference" in Chicago tomorrow, which is designed to avert the railroad strike scheduled to begin Sunday.

TWENTY TEXAS LEAGUERS ARE ON DRAFT LIST

DALLAS, Oct. 25.—Twenty Texas league ball players will get a try-out in the major leagues next spring, the number having been run up to this figure by the recent draft of a trio of Lone Star loop performers.

Men who have been drafted, bought or recalled under option from this league by the majors are:

Dallas: Joe Munson and Camp Skinner (New York Americans).

Fort Worth: Emory Rigney, ss and Gus Johns, p. (Philadelphia Americans), and Joe Pate, p. (Philadelphia Americans).

Wichita Falls: John Hollingsworth, p. (Pittsburgh Nationals) and Danny Clark, 2b. (Detroit Americans).

Shreveport: Joe Gleason, p., and James Bird, p. (Washington Americans) and E. J. Fleaharty, p. (St. Louis Americans).

San Antonio: Fred Henry, 1b. (Philadelphia Nationals); Joe Connolly and Mutt Williams, p. (New York Nationals).

Beaumont: Cedric Durst and Henry Meine, p. (St. Louis Americans).

The number of graduates include twelve pitchers, four outfielders, two first basemen, one shortstop and one second-sacker. They are divided among nine of the sixteen major league teams, thirteen going to the American and seven to the National league. The Yankees, Detroit, Washington, the Browns and Cardinals take three each, the Giants two and Pittsburgh, the Athletics and the Phillies one each.

It is probable that not all of the graduations are legitimate. "Cover up" processes may be involved.

The St. Louis Nationals put in their draft for Clyde Barfoot at Houston's request, as the Buff leaders wanted the brilliant right-hander to have a chance in the majors.

Barfoot had a wonderful season. All ways a great pitcher, barring inability to observe training rules, Barfoot came back to the league last spring a changed man. He has settled down now and under Branch Rickey he will have every chance to make good.

Once known as a seven-inning pitcher, Barfoot in the last season led the league in pitching complete games, 33 in 35 starts, only being knocked out of the box twice.

The Athletics' draft of Joe Pate, the league's winning pitcher, calls to mind that the Red Sox purchased Pate last fall, and the left-hander practically forced his return to the Fort Worth club, declaring he would not play for Frazee.

Pate likes to work with a winner. His opinion of the draft would be interesting.

Five of the twenty players were Texas league rookies last season: Hollingsworth, McGrew, Jolly, Pierott and Durst. Skinner was a technical rookie but had toiled in a league which did not publish averages.

Skinner, Rigney, Johns, Bottomly and Meine have had but two years' experience.

WALTER IS PAPA.

COFFEYVILLE, Kan., Oct. 25.—When Walter Johnson returned to his country home yesterday afternoon, following the Walter Johnson day game here, his wife presented him with another son.

Johnson now is the father of three boys and one girl. Coffeyville, with Johnson pitching, won yesterday's game from Nowata, 9 to 3.

"Mutt" Williams, who is the property of the New York Giants, and pitched for Dallas last season, was on the mound for Nowata.

COPPER KITE STRING LOSES DEADLY 'JUICE'

LOS ANGELES, Oct. 25.—One man is dead, a boy is in the hospital with two fingers amputated and two others are recovering from painful injuries here today following their separate encounters with a weird hidden "death trap" caused by a live wire.

The wire was a fine copper string with which an unidentified youngster had been flying a kite.

With dusk, the boy had tied his kite to a telephone pole and gone home. The upper end of the string came in contact with a high tension wire carrying 34,000 volts.

The other end of the wire trailed for hundreds of feet across lawns in the neighborhood, hidden in the grass.

Rheinhold Kleinstuber, 48, stepping from the front door of his home, touched the fatal string and fell dead.

Moses Mendall, a neighbor, attempted to rescue him. A blue stream of flame leaped from Kleinstuber's body. Mendall, badly shocked, was dragged from the death zone by Abraham Skagland.

A few minutes later, William McLaughlin, schoolboy, playing in the yard of his chum, Earl Payvrek, fell to the grass screaming, his hands seemingly on fire.

The Payvrek lad, attempting to aid him, was shocked and knocked several feet away. He seized a stick and broke the thread which crossed William's body, saving the latter's life.

Both boys were taken to a hospital. Surgeons amputated two of young McLaughlin's fingers, and treated both boys for burns and severe shock.

Following the four accidents in rapid succession, J. T. Sorenson, of the city power bureau, ordered power cut from the entire district while expert electricians traced and moved the fatal kite string.

In agricultural pursuits the proportion of women workers is fifteen in each one hundred persons. In transportation women hold 5 per cent of the positions, in professional service 44 per cent and in clerical occupations 35 per cent.

CRUISERS SEARCH FOR MISSING NAVAL PLANE

NEW ORLEANS, Oct. 25.—United States cruisers and steamers today joined in the search for a naval hydroplane, carrying two passengers, which is believed lost in the Gulf of Mexico near the south of the Mississippi river.

The plane, commanded by Lieutenant A. N. Darby of the Pensacola naval air station and carrying Machinist-mate Wendell as a passenger, was last heard of yesterday fifteen miles off Burwood.

WALKER STILL SOUGHT ON PIPE THEFT CHARGE

Charges have been filed against Jack Walker, charged with being implicated in the theft of a wagon load of pipe from the Magnolia company at Desdemona. Walker, according to the police, made his escape when surprised by Officer Davenport Saturday afternoon at Christian's junk yard. Teamsters told the officers that Walker had accompanied them to Desdemona and that acting under his directions they had loaded the pipe on a wagon and brought it to Ranger. The teamsters explained that they had become suspicious of the man after reaching Desdemona but that he had become "hard" and insisted that they obey his instructions.

Carl Christian, owner of the junk yard here, who was arrested Saturday on charges of concealing stolen property and held to the grand jury by Justice of the Peace McFatter under bond of \$1,500, claimed yesterday that the pipe brought from Desdemona had not been found on his premises and produced affidavits from a teaming contractor and a woman resident of the city to bear out his contentions. The teaming contractor, M. H. Chancellor, did depose and say that Christian had no connection with the plan to remove the pipe from Desdemona.

According to the police, Christian's arrest followed the discovery of a number of joints of six-inch casing on his premises which is said to have been stolen from the Magnolia company's line at Desdemona.

NEW YORK MAIL TRUCK ROBBED UNDER ARC LIGHT

NEW YORK, Oct. 25.—A small army of secret service agents today were looking for three men who held up a mail truck and secured loot the value of which may be one million dollars. The robbery took place on lower Broadway last night, the bandits holding up the truck under the glare of an arc light. Postoffice officials have feared such an attempt might be made and had taken precautions against it. The very boldness of the robbery apparently defeated the precautionary measures.

METHODISTS MEET

DALLAS, Oct. 25.—Committee meetings were held today preliminary to the opening tomorrow of the fifty-fifth annual session of the North Texas conference of the Methodist Episcopal church south. The conference has jurisdiction over the most populous section of Texas, with about 225 ministerial charges. Bishop Ainsworth, the conference president, was among the early arrivals.

ing at the Majestic theatre last time today. A consuming ambition for a career, encouraged by her wealthy parents, helped Miss Gilbert in becoming the fairy-footed idol of the "Four Hundred."

Her education, began in exclusive schools and completed abroad, eminently fitted her for society, and she took dancing lessons of the famous dancing teacher, Madame Bonfanti, a member of the Grand Ballet of Italy. The fact that her parents spent every winter in California was directly responsible for Miss Gilbert becoming interested in a screen career. Having appeared in a picture as a dancer "just for a lark" she began pursuing the new art, and wisely started at the bottom, as an extra girl.

COTTON CROP ALMOST AS BIG AS LAST YEAR

WASHINGTON, Oct. 25.—Cotton ginned up to Oct. 18, from the crop of 1921, totalled 5,477,397 running bales, counting round as half bales, as against 5,754,582 bales for 1920, the census bureau reported today.

R. D. LAVERY BADLY HURT IN OKLAHOMA MOTOR CAR SMASH

R. D. Lavery, manager of the Haganman Refining company, was seriously injured in an automobile accident at Kiowa, Okla., several days ago, according to reports reaching Ranger. Lavery is said to have sustained several broken ribs, a fractured hip and a number of contusions. Details of the accident are lacking.

Seventeen per cent of the total number of persons employed in the manufacturing and mechanical industry in the United States are women.

TWENTY-FOUR JOIN CHURCH AT MEETING

Twenty-four additions to the church followed Evangelist L. C. Garrison's sermon at the tent meeting Monday night. The evangelist preached on "Sudden Destruction" and presented dramatic word pictures to his congregation. "The Judgment Day" will be the subject of the sermon tonight.

887,976 FANS ATTENDED TEXAS LEAGUE BATTLES

DALLAS, Oct. 25.—Fans to the number of 887,976 paid their way through the Texas league turnstiles, according to the official report of J. Doak Roberts, president of the league, made to the circuit at its annual meeting. This number included all classes of admission.

Fort Worth outdrew the entire circuit with a total of 194,936. Dallas was second with a total of 176,771.

TEMPLE.
Norma Talmadge, the charming screen star, whose latest vehicle for First National, "The Sign on the Door," which will be the feature attraction at the Temple theatre today and Wednesday, plays the part of a young wife who becomes involved in a tragedy as a result of an innocent affair that took place before her marriage.

As Ann Hunniwell, a pretty stenographer, she goes with Frank Devereaux, son of her employer, to a questionable cafe in New York. In a private room he makes love to her and is repulsed. The waiter comes with the message that the place is being raided. They are unable to escape, however, and both are arrested. A reporter takes a flashlight of the scene but Devereaux succeeds in buying the negative.

Five years later, when Ann is the wife of "Lafe" Regan, a man of high social standing, Devereaux returns from France, where he has had an affair with the wife of a superior officer and intimate friend of Mr. Regan. Ann's step-daughter, Helen, becomes infatuated with Devereaux, much to Ann's distress. Captain Grant arrives from France bent on killing Devereaux and takes Regan into his confidence. Regan, hoping to avoid a tragedy, goes to Devereaux's apartment to give him a thrashing.

MAJESTIC.
From toe-dancing for the elite society of New York city to motion picture fame is the step made by Eugenia Gilbert, the charming young actress who plays "Janet Barclay" in Benjamin B. Hampton's powerful photoplay of the novel by William Allen White, "A Certain Rich Man," the Hodgkinson release which is showing.

BLUENOSE DEFEATS ELSIE; CAPTURES SAILING TITLE

HALIFAX, Oct. 25.—Bluenose of Lunenburg Monday defeated the Elsie of Gloucester in the second international fisherman's race and won the sailing championship of the North Atlantic, captured last year by the Gloucesterman Saperanto.

Bluenose crossed the finish line at 2:21:41; Elsie at 2:31:12.

The Canadian regained the maritime laurels in two clean cut races, in which the American defender was clearly outclassed by her bigger rival.

More than 1,600,000 women entered matrimony last year.

LAST TIME TODAY

CERTAIN RICH MAN

Gold Was His God!
Ruthless—relentless—powerful, he strode down the Pathway of Life, crushing those who opposed him, thrusting aside those who stood 'twixt him and his goal.

And when that goal was reached he found that his goal was only dross and the flavor of success was as bitter as wormwood and gall. 'Twas then he learned The Greatest Truth of All! Here is a drama that will thrill you by its intensity, its marvelous insight into human nature and the massive splendor of its theme.

Eczema and Tetter Due To Impurities In The Blood

To Get Absolute Relief You Must Clear Your Blood of Waste Products.

The blood is the means by which all the tissues of the body are directly or indirectly nourished. You will at once realize that unless the blood is pure, some part of the body will become diseased.

Fiery skin diseases denote with unfailing certainty a weakened and impure state of the blood.

To correct the basic trouble—waste products—the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address Chief Medical Director, Swift Specific Co., 742 S. S. S. Laboratory, Atlanta, Ga. All good drug stores sell S. S. S.

SOCIETY AND WOMEN'S ACTIVITIES

Conducted By MRS. R. B. CAMPBELL Telephone 418

FOR MRS. HORACE A. LAY.

One of the prettiest parties of the season was given by Mrs. Louis Lay Monday afternoon in honor of her guest, Mrs. Horace A. Lay of El Paso. The scene of this charming party was the mezzanine floor of the Gholson hotel. The color scheme was black and gold, symbolical of the Halloween season.

The first prize, a dainty piece of lace and silk lingerie, went to Mrs. E. C. Munnell. Mrs. Leo Pharr won the second prize, a hand-made apron, and Mrs. Harry Reid capturing the booby, a satchet.

There were five tables at bridge and those participating were: Mmes. Horace A. Lay, the honoree; James Stucki, Virgil Williams, Leo Pharr, William Conway, H. E. Munnell, C. E. Munnell, George Taggart, Ralph Stockman, E. B. Reid, H. F. Hatfield, C. E. Hall, Frank Brown, J. C. Aiken, H. G. Jury, Arthur Blumenthal, S. W. Bobo and Harry Reid.

WOMAN'S MISSIONARY MEETING.

The Woman's Missionary society of the Methodist church met in regular session yesterday afternoon at the church. After the regular routine work was completed there was a general discussion on general service work and following this, plans were made for a Halloween party to be given at the church by the society next Monday afternoon, October 31.

PURELY PERSONAL.

Mr. and Mrs. C. Q. Rogers and little daughter, Norma, have returned from a three days' visit to Dallas.

Mr. and Mrs. W. G. Grubbs returned last night from Wortham.

Mrs. Horace A. Lay, who has been the guest of Mr. and Mrs. Louis Lay at the Gholson, left today for Fort Worth to attend the convention of the Women Voters' league.

Mrs. Frank Brown has returned from a visit to her daughter, Miss Helen, who is in school in Dallas.

Miss Douschka Bobo is spending a few days with friends in Fort Worth.

Clyde Kilpatrick, formerly with the First National bank of Ranger, is now bookkeeping for the Peoples State bank.

A party composed of Mrs. F. A. Brown, Misses Marguerite Lowe, Clover and Douschka Bobo, Messrs. Bobby Bates, Paul Lacy and Howard Cole, returned to Ranger Sunday night after a very enjoyable visit to Fort Worth and Dallas. They were joined in Dallas by Mrs. Brown's daughter, Helen, Wilbourne Collier and Frank Hall, and the party saw the Vanderbilt-Texas football game in the afternoon, attended the dinner dance given Saturday night at the new Texas hotel, Fort Worth, and formed a theatre party at the Majestic Sunday afternoon.

SHRINERS' CABARET BALL CALLED SEASON'S MOST LYRICSOME EVENT

Twenty-eight cabaret numbers, ranging from the almost classical to the liveliest of jazz and jig steps and tunes, with a score of beautiful choruses and some comical chusses, whose doings will pry loose the vest buttons, are on the bill for the big Shrine cabaret and dance to be given Friday night at the Gholson.

This, those who have had a peep at the rehearsals declare, will be the quietest event, from the standpoint both of social brilliance and real entertainment, ever given in Ranger. Several of the numbers are by professionals. The orchestra—the Kentucky Six—is among the foremost in America, having played in world-known dance palaces and perpetuating its rendition in Columbia records. It is in Ranger for a few days while touring the country.

Under the management of Mrs. Pop Endicott, the ballet and chorus—popular of 'em, in fact—are putting on that fine touch of artistry which will make perfection. There are acts and acts, lost in a mad jumble of melody and hilarity which is guaranteed to set the chairs to jiggling and make the tables quiver with laughter. To mention one in particular is almost unfair, but 'tis said Craig and Gibson have a specially written act, the like of which was never seen on land or sea or dreamed of by one who treads upon the stars while heading John Barleycorn's siren call. The man who won't laugh at it just ain't, is one comment.

Twenty-eight numbers, all different, but all the same in their appeal to the emotions of joy and laughter, are open to Shriners; that is if the Shriners get their tickets. Refreshments will be served throughout the entertainment, a la cabaret, with the guests seated at tables. Varied spot-light effects in colors will add to the beauty of the solo dances and ballet numbers. Here's the program, which those who miss it will miss:

- 1. Overture: Kentucky Six Orchestra. 2. Opening Chorus: "Tell Me Pretty Maiden," Floradora Sextette; Misses Dora Mayne Cole, Mavis Douglas, Mary Bonner Campbell, Marion Stubblebine, Brady, Mrs. Gifford Clegg and Mrs. Endicott. 3. Bob Taylor in an eccentric dance of his own creation. 4. Orchestral Interlude. 5. Interpretation of "Barcarolle," "Tales of Hoffman," aesthetic dance by Miss Mary Bonner Campbell; Mrs. Howard S. Cole, Sr., piano accompanist. 6. Tenor Solos: Oliver Gibson. Mr. Gibson will sing "Mother Macree" and other Irish numbers. Requests will be sung if turned in to Carl Wilson by Wednesday noon. Irish ballet accompanying in dance. 7. Violin eccentric: (Mr. Saleme of Chicago; Mr. Johnson of Chicago, pianoforte accompanist. 8. Swing Song Chorus Dance and Song: Entire ballet. Dr. Harckler as the original Kewpie doll, will give you many thrills. 9. Baritone Solo: Lewis Ducker; Mrs. H. S. Cole, Sr., accompanist. 10. Orchestral Interlude: Kentucky Six Orchestra.

RESIDENCE BURGLED WHILE FAMILY IS AWAY

The residence of C. K. Brown on Eastland hill was burglarized some time during the last few weeks, during the absence of the family from home, and bedding, clothing and other personal belongings carried off, according to a report received by the police this morning. Neighbors stated that the thieves were heard running off the premises several weeks ago.

Three arrests were made yesterday afternoon by the police in connection with the theft of a number of suits of clothes Sunday night from the Weber Tailoring shop, 125 South Austin street. One man and a girl were released by the officers following an investigation. The second man is being held.

OPEN TRASH BOX GETS LANDLADY IN TROUBLE

As the result of recent orders issued by the city commission to strictly enforce the ordinance requiring that trash boxes and similar receptacles be covered, a complaint was filed yesterday afternoon against a local hotel by Sanitary Inspector Wade Swift. The complaint charges violation of the sanitary ordinance. According to the sanitary inspector, the hotel proprietress was warned repeatedly to provide a cover for the trash box in the rear of the establishment, but refused to carry out the orders.

BUCHWALD FINDS U. S. CIGARETTES AND SHOES CHEAPER IN GERMANY

Ranger Music Man, Just Returned From Two Months in Europe, Says Conditions Are Deplorable for All Except Americans, Who Are "Sitting Pretty."

By some freak of economics, American goods and commodities in Germany are cheaper than they are in this country, according to E. Buchwald, proprietor of the Buchwald Music store of this city, who returned home Friday after several months spent in Germany. As an example, Buchwald exhibited a well known brand of American cigarettes retailing for 10 cents in this country and costing 6 cents in Germany.

On first appearance, Germany of the present is the same country as sixteen years ago, but a short stay in Berlin or any of the German towns will convince the visitor that it is a nation of poverty stricken inhabitants, deplorable housing conditions and doomed to socialism unless one of the great powers lend assistance, Buchwald said.

Americans are kings in Germany, by virtue of the high exchange rate, as the luxuries of the country are accessible only to Americans and at a fraction of their cost back home. For the price, the best of food and the best of accommodations can be obtained at the hotels of the country, and because of the cheap living conditions ex-service men and other Americans are flocking into Germany.

On Top of the World. One ex-doughboy told Buchwald at Weis Baden, the international health resort, that he had been stopping at the finest hotel there since 1919 and that his suite of rooms and bath and breakfast in bed cost him approximately 70 cents a day. For 35 cents additional a day, he said, he could purchase the most sumptuous luncheon and dinner. In one of the largest Berlin hotels, the guests are Americans exclusively, as they are the only people, Buchwald said, who could pay the price. For a German it would cost him a month or several months' wages to spend a single day in the hotel. The fare in these hotels are said to be excellent. American shoes were found by Buchwald to retail for \$5.50 at the most and other American products in proportion.

Buchwald brought back from Germany quite a collection of carved and hand-painted ivory pendants, necklaces and figures, including minute mice and elephants, carved and polished with the closest attention to detail. The duty on these articles, he explained, ran from 50 to 60 per cent. The collection has been placed on sale locally. Carved and hand-painted ivory in the form of pendants, necklaces and brooches, Buchwald said, is quite the rage abroad and practically all women returning on the S. S. Mount Clay recently, wore ivory "jewelry" in some form.

Traveling Made Hard. Buchwald sailed for Germany on July 7 with his wife and child for his first visit to Germany in sixteen years. He traveled extensively over the country visiting relatives, and touched the borders of France, Holland and Austria, but did not negotiate any trips in these countries because of the heavy duty on baggage coming and going. Traveling in Germany at the present time, he explained, is quite an undertaking, because of the restrictions of the French, who insist on holding up and searching all trains as they leave the stations. German railways, he said, are in good condition and many of the great locomotives which the Germans were forced to turn over to France under the treaty have been returned on being found too heavy for the French road beds.

Taxes throughout Germany are enormous and Buchwald pointed out that in addition to the income taxes and commodity taxes and others similar to those in this country there is the heavy "turnover tax" which merchants and all dealers must pay on the turnover of their stock, regardless as to whether they made a profit or suffered a loss. In the manufacture of clothes in Germany, he said, that was excessive taxation, the exporter of wool, the carder, the spinners, garment makers, jobbers and retailers all being taxed 3 per cent of the value of their product.

Landlord Soaked. It is the landlord and not the tenant in Germany who is the goat, Buchwald said. Rent increases have been limited by law to 35 per cent, while the expenses for maintaining the property have no limit and are rapidly becoming excessive. One Austrian chemist told Buchwald that the rent from his property was barely paying for the cost of sewage disposal and that he was forced to stand a loss of approximately 7 per cent for the privilege of owning the property. Because of the high prices all building has stopped in the country and the housing conditions Buchwald characterizes as the worst in Europe. Although salaries have advanced over 600 per cent, the cost of living has mounted many times higher, he said, and consequently there was great unrest.

Buchwald was in Berlin in August, when Erzberger was killed, and witnessed the Socialist parade during which the shopkeepers and merchants barricaded their houses. "Socialism is gaining strength in the country and the government will not be able to maintain itself much longer for lack of an army, and power to enforce its mandates. Unless the allies take a hand, socialism, communism and worse will result," he asserted.

The country is not being aided by the influx of Americans, the Germans claim, on the grounds that benefits are derived from their presence are offset by the increase in living that comes from the disregard of expenses.

The annual convention of the New Jersey Postmasters' association held in Atlantic City was presided over by a woman, the first-time in the history of the organization.
