RAILROAD STRIKE SET FOR OCT. 30

CONGRESSIONAL PROBE OF KLAN HELD UNLIKELY

Simmons III, Unable to Continue Testimony Today; Aims of Opponents.

By United Press
WASHINGTON, Oct. 14.—Imperial Wizard William Joseph Simmons was unable to resume the stand today before the house rules committee inquiry into the Ku Klux Klan. His physician said he was suffering from a severe attack of laryngitis, and was confined to his bed. Simmons probably will not be able to appear before the committee before Monday.

Doubt that a congressional investigation of the Ku Klux Klan would be ordered was expressed today when the house rules committee convened to resume cross-examination of Colonel William Joseph Simmons, imperial wizard of the Klan.

Supporters of the movement to have congress delve into the affairs and activities of the Klan made a final effort to prove three charges.

The Charges.
1. That the Klan had committed overt acts against individuals and incited riots.
2. That the Klan used the mails to defraud.
3. That the Klan had knowingly evaded income tax payments to the government.

Members of Simmons' party and persons who had assisted in the investigation of the Klan, expressed the belief that the evidence presented thus far did not contain the foundation for a probe by congress.

Simmons, whose collapse late yesterday caused postponement of the hearing, admitted that his organization had not paid income taxes. He explained that the \$10 paid by each klansman who joined is a donation, and is so designated in all records. When the income tax law was enacted, he said he conferred with the internal revenue collector in Atlanta, and was told his organization was not subject to the act.

"If you gentlemen find we are obligated to the government under this law, we will pay it, if it takes our last dollar," he cried.

At another point in his remarks, he said he would destroy the Ku Klux Klan if the committee thought the organization not fit to live. Simmons collapsed Thursday at the close of a five-hour defense of the order before a house committee and while Chairman Campbell was trying to suppress applause which greeted the conclusion of his statement.

As the yesterday testimony proceeded, it was evident the imperial wizard, who recently has been ill, was speaking under a strain. Often he leaned heavily on a table as he stood during the examination.

Denying charges that he held an iron hand over klansmen, Simmons declared:

"The authority I hold may be compared to that of a general in the army, but a general can not issue orders in violation of the rules and regulations of war."

Then, with a dramatic gesture, his voice pitched high, the wizard added:

(Continued on Page Two).

THE WRONG WIFE TO BE SUBJECT OF DISCOURSE

Ranger bachelors are promised an interesting sermon and some timely advice tonight at the Baptist evangelistic service in the tent on Main street, where the Rev. L. C. Garrison will preach on "The Man Who Married the Wrong Woman."

At last night's services, the large congregation was urged by the evangelist to "get off the devil's camp ground," and advice being given for the spiritual guidance only of those present and without application to their present place of residence. The subject of the sermon was "Getting Out of Egypt."

During the services, Choir Director Cohen, heralded as the "sweet singer of Palestine," will be in charge of the singing and the special music.

BUFFALO MEAT PUT ON THE MARKET IN CANADA

CALGARY, Canada, Oct. 14.—Owing to the increase in the buffalo herd here 1,000 of these animals are to be slaughtered. A special building is being erected for the purpose.

The buffalo meat will be sent to all points over the country for sale. The Wainwright reservation contains the largest herd of buffalo in the world, with about 3,000 animals.

Geo. Krepps Killed in Auto Accident

SISTER BADLY HURT WHEN CAR GOES IN DITCH

Two Are Pinned Underneath and Krepps Is Said to Have Met Death by Drowning.

Special to the Times.
GRANGER, Texas, Oct. 14.—Drowning in a shallow stream of water was the fate of George Krepps, 35, lately of Ranger, when his car overturned about 9 o'clock last night. His sister, who was with him at the time, was seriously, but not fatally injured.

The accident happened just north of the business district, where a small bridge was damaged during the recent floods, and guard rails had not been replaced. That Krepps was traveling at a good rate of speed and did not see the danger until the car was on top of it, seems evident. The brakes were set and the road surface showed he had skidded several feet before toppling into the small stream which trickles down the spillway from Katy lake. When the car went off the bridge, it turned upside down and pinned the occupants beneath. It was perhaps twenty minutes before they were discovered and rescued. Krepps was dead when removed and his sister unconscious. She is resting well today in the home of a local citizen. A large sum in currency was found on her person.

C. M. Krepps, father of the dead man, arrived here this morning from Mexia and will accompany the body of his son to Oklahoma City for burial. Miss Hattie Krepps, formerly at the home of a local physician, her condition not permitting her to be moved at this time.

It is stated that the party were hurrying from Austin to Mexia where they expected to close a business deal with the sum of \$10,100 which was found on Miss Krepps' person. Krepps, accompanied by his sister and C. I. Spencer, left Ranger last Sunday night for Mexia, according to F. R. Davis, foreman in charge of the old Krepps camp on the Strawn road. The first news of the accident was received here early this morning by Davis in a telegram sent by Spencer who stated that the car had turned over. Later a telephone call was received from a Mr. Lewis or Granger who informed Davis that \$10,100 in currency had been found on Miss Krepps' person and that the only means of identifying the party had been an uncut telegram addressed to Davis here.

Krepps located in Ranger in February, 1918 as a team contractor. A year ago he sold out his interests to Spencer and moved to Mexia. Miss Hattie Krepps remained here until recently as a bookkeeper of the camp. Krepps was here Sunday and purchased the old Scott cafe fixtures, to move to Mexia. Krepps is survived by his parents, three sisters and a brother. The family resides in Oklahoma. He was until a few months ago, perhaps the largest teaming contractor in this section.

'MEMORIES' ARE ANALYZED AT REVIVAL MEET

"The Three Memories" was the subject of a forceful and dramatic sermon at the First Methodist church last night by the Rev. Chappell. The memories that "prevent," "cure," and "damn" were taken up in sequence by the minister.

In the first he called attention to the words of Solomon: "Remember now thy Creator in the days of thy youth," and declared that there was no doctrine that needed to be enforced as the one of "prevention."

In dwelling on the memory that "cures," he quoted the scriptures: "And Peter remembered the words of the Lord and wept." The "memory that damns" was explained as the memory of a life blighted by a misspent youth. Services will be held tonight by Rev. Chappell at 7:30 o'clock.

FOURTEEN MEN ASK DUNNAM'S JOB

COMING THIS WAY?

By United Press.
PITTSBURGH, Pa., Oct. 14.—Pennsylvania crude oil took another 25-cent jump today to \$3.25 a barrel, the Joseph Seep Purchasing agency announced. An advance of 25 cents a barrel on three other grades was also reported.

LAWYERS NAMED IN SUIT AGAINST BANKING BOARD

Mandamus to Be Sought Requiring Acceptance of County's Proof of Claim.

Special to the Times.
EASTLAND, Oct. 14.—The commissioners' court at a meeting this morning, employed Cofer & Cofer of Austin, Bailey, Nickels and Bailey of Dallas, and Burkett, Anderson & Orr of Eastland, as attorneys in the suit which will shortly be filed against the state banking board, seeking power to recover the county money on deposit in the Security State bank at the time it closed. Opinions have been rendered that the money is collectible.

The suit, which will be filed shortly in the district court of Travis county, is said to be in the nature of a mandamus, requiring the banking commission to show cause why Eastland county is not permitted to file proof of claim on its deposit. If the commission is unable to do this, then the county is entitled to file its proof of claim and will be reimbursed in the same manner as other depositors.

It is the intention of the county to expedite the litigation in every way possible.

PANS HARDING FOR STAND ON DISARMAMENT

By United Press.
WASHINGTON, Oct. 14.—President Harding's letter, declaring disarmament out of the question at this time, is an unfortunate attempt to dampen the national enthusiasm over the coming international conference, Senator Borah said today.

Borah, author of the original disarmament resolution in the senate, declares that men were sent to prison during the war for discouraging utterances.

"This conference is more important in some ways than the war," said Borah, "and the people should not be led to expect little or nothing of it."

OPEN DOOR IN FAR EAST IS CONFERENCE OBJECT

By United Press.
WASHINGTON, Oct. 14.—A solemn engagement between the world powers, guaranteeing for all time the "open door" in the far east, probably will be worked out by the forthcoming Washington arms conference, it was learned today in authoritative quarters here.

While the American delegation to the conference is not believed to have any intention of presenting the plan for such a convention during the early stages of the parley, it is understood that this government would like to see an open door covenant result.

HIPPO VAUGHN MISSING.

By Associated Press.
CHICAGO, Ill., Oct. 14.—James (Hippo) Vaughn, former star pitcher with the Chicago National league club, has been mysteriously missing since last Sunday, the local police were advised Thursday. His wife telephoned from their home in Kenosha, Wis., asking that search be made for him.

COMMISSIONERS TO FILL PLACE NEXT THURSDAY

Dunnam's Letter Thanks Voters for Honor; Step Taken to Better Himself.

Special to the Times.

EASTLAND, Oct. 14.—The resignation of County Attorney W. V. Dunnam was presented to the commissioners' court this morning and accepted by that body, to become effective Nov. 1. The court will meet again on Nov. 20 to select Mr. Dunnam's successor. Fourteen applications for the position have been filed, by lawyers residing in nearly every section of the county. Names of these applicants were not given out by the commissioners, but it is current talk on the streets that Eastland, Ranger and Cisco will all be represented in the office of the new county attorney.

Mr. Dunnam, in a letter to the public, issued in connection with his resignation, says:

Eastland, Texas, Oct. 14, 1921. To the People of Eastland County, Texas: After a campaign based upon issues fairly presented, you saw fit to elect me to the office of county attorney of your county. On the first day of December, 1920, I duly said office and assumed the duties of the sheriff, and since that time I have battled as best I could, in the midst of great difficulties, to drive from our midst or to place in the penitentiary of our state those persons whose conduct merited for them that just desert.

I have this day tendered my resignation to the honorable commissioners' court effective on the first day of November, of this year.

Appreciates Honor.

In laying aside the duties of public prosecutor and in divesting myself of the authority and robe of power, I do so with a full realization and appreciation of the honor imposed upon me by you at the polls. I feel that in giving me the office you honored me beyond merit and beyond measure. You placed in my hands a responsibility as important and as sacred as ever fell to the lot of any young man whose aspiration and ambition is to serve his country.

I have always held to the position that all public offices are positions of public trust; that an officer is an agent and servant of the people; that the people are the creator and that the public officer is the creature whose only right is to serve their best interests and respect their will.

Honest Service.

I know not to what extent my policies as a prosecutor has been approved. Likewise, the efficiency of my service will be left to the consideration and judgment of an honest and impartial people, but I do know that the service rendered by me has been an honest service. I have constantly invited the closest scrutiny of my record and of my official conduct. I have been prompted and inspired by a deep sense of my responsibility to the public weal. I have been thrilled by a desire to do justice impartially, fairly and honestly and have never neglected an opportunity to hurl defiance to the foe of law. I have maintained a courteous office where every citizen was made

(Continued on Page Two).

CATTLE LOAN AGENCY SEEKS THREE-FOURTHS MILLION IN FT. WORTH

By United Press.
FORT WORTH, Oct. 14.—Business men of Fort Worth will launch a campaign immediately to subscribe locally \$750,000 of the million and a half capital of the livestock and agricultural loan agency organization here this week. This amount of the stock was underwritten by Fort Worth on agreement of the agency to establish its headquarters here. The agency will be able to borrow \$25,000,000 from the war finance corporation for distribution in the southwest.

TELL US HOW!

Charges involving the accumulation of a \$400 hotel bill have been filed against a guest at a local hotel and the case set for a preliminary hearing before Justice of the Peace Fenlaw on Saturday. The defendant was arrested by the police Thursday and released under a bond of \$300.

BANK CASHIER JAILED AS OWN 'LONE BANDIT'

Ashland Man "Robbed of \$3,000," Said to Be Short in Accounts.

By United Press.

GILMER, Texas, Oct. 14.—Cashier N. J. Simmons, of the Ashland bank, of Ashland, Texas, was in jail here today, charged with embezzlement. Simmons reported to the sheriff that a lone bandit held up the bank and escaped with approximately \$3,000. The sheriff declared this morning that Simmons late yesterday made a statement to a bank examiner and himself. In the statement, the sheriff said, Simmons declared he had used the money. Simmons also said, according to the sheriff, that he had burned \$1,107 in cash, fearing detection.

The first suspicion was attached to Simmons, the sheriff said, by the bank examiner, who went over the books of the bank two weeks ago, and he said at that time there was no such sum of money in the bank.

BOOTLEGGER WAR ON AGAIN IN NEW YORK

By United Press.
NEW YORK, Oct. 14.—New York's bootlegger was blazed out again today with a dozen gunmen on an open hunt for the slayer of "Diamond Joe" Peppi.

Two more victims, making twenty-one in all, were added to the death list of the rum runners' feud yesterday, when Peppi, who had made half a million dollars out of the trade, was shot to death in "Little Italy," after a running revolver battle. A stray bullet pierced the heart of a bystander.

"Joe Peppi squealed and they got him," was the verdict of his enemies in the Harlem underworld today. The notorious bootleg king had just been released by the police. But Peppi had lieutenants and such friends as the underworld allows, and they were gunning for his slayer today.

TAG DAY TOMORROW WILL CLOSE SALVATION ARMY RELIEF DRIVE

The Salvation Army appeal for a local relief fund in Ranger will close tomorrow with the observation of Tag Day over the city. Mrs. V. Wakefield is chairman of the committee who will endeavor by the sale of tags to bring the fund up to the \$3,500 needed by the organization here for carrying on the local work. The sum of \$2,250 was shown to have been raised so far, in the reports of workers turned in yesterday. This amount is expected to be materially increased today. A large margin, however, will be left, which it is hoped will be made up through the tag sale.

The Salvation Army has abandoned all plans of contributing to state institutions and all the funds raised in

'RANGER DEPOT BEST WEST OF FORT WORTH'

T. & P. Superintendent Will Suggest Two-Bits More Will Make Things Hum.

—KNIGHTLINGER

"Two-bits more to the price of crude" and things will begin to hum, in the opinion of J. W. Knightlinger, superintendent of the Texas & Pacific, who arrived in Ranger at noon yesterday on an inspection trip, in his private car. Knightlinger's opinion of the effects of \$2 oil was shared by O. H. McCarty, general manager of the Hamon and Ringling roads, who returned yesterday from an inspection trip over the Hamon lines and spent several hours with the T. & P. superintendent in going over their boyhood days together in Iowa. There was no official significance to the conference, both officials said, and McCarty explained that the Hamon lines, at this time, had no new policy or plans to announce. "We are mainly concerned at this time over getting business," he said.

Knightlinger is accompanied on his trip here by B. C. James, trainmaster of the road.

The Finest.

The new depot here will be the finest between Fort Worth and El Paso, Knightlinger said. The station is to be constructed of brick, with all the latest improvements and facilities for the comfort of passengers; at a cost of over \$65,000, it is stated. It will be over 200 feet long and surrounded by a concrete platform on all sides with steps from a slight elevation leading to commerce street. The building will be steam heated by a plant in the large basement. The main waiting room is 40x60 feet, with a women's rest room and men's smoking compartment situated on the east end. The ticket offices will separate the white and colored waiting room. The baggage room on the west end of the building is separated from the waiting rooms by a twenty-two-foot concourse.

It is stated that the same building, had it been erected a year ago, would have cost in excess of \$115,000 at the cost of material and labor then prevailing. Under the contract with the Henger & Chambers company of Dallas, four months or 108 working days will be required to complete the structure.

TIMES BETTER!

By United Press.
WASHINGTON, Oct. 14.—"A decided improvement in the industrial situation generally as compared with the summer period is noted," the United States Chamber of Commerce announced today.

A number of southern cities reported unemployment wiped out as a result of the recent rise in cotton yield. 119 local chambers in thirty-five states reported definite steps taken to relieve unemployment.

Following the emergency program mapped out by the national unemployment conference, a general movement of pushing public work and "splitting time" in factories is under way, the reports indicate.

REOPENING OF WAGE DECISION 'ONLY WAY OUT'

Faced With Ultimatum, Executives Lay Plans for Another Cut.

STONE ASKS CONFERENCE

By Associated Press.
CHICAGO, Oct. 14.—Immediate reduction of all freight rates on agricultural products for a trial period of sixty to ninety days pending further wage reductions was one of the proposals submitted to high railroad officials at a conference today of the Association of Railway Executives.

Warren G. Stone, grand chief of the Brotherhood of Locomotive Engineers, today requested a conference with the railroad executives in behalf of six big railroad unions, which voted the strike.

The railway executives notified Stone by telephone that his letter would be considered.

CHICAGO, Oct. 14.—Industry faces a tie-up today as the menace of a railroad strike hung over the nation. Railroad workers hurled an ultimatum to their employers by deciding to strike Oct. 30, unless negotiations on wages and working conditions were reopened. Railroad executives, who met here today, defied the most powerful unions in the nation by proceeding with their plans to slash wages of 2,000,000 workers approximately 10 per cent in the face of a strike. The decision to strike was reached by the heads of the railroad brotherhoods early today, following its conference.

Strike in Groups.

According to the plans mapped out by the union heads, the men of all lines will not be called out at once. The nation's transportation system has been divided into ten groups for strike purposes. Workers on the roads comprising one group will be called at once. Then, if the management refuses to confer with the men with the view of bettering wages and working conditions, workers in the next group will be called out, and so on down the line until every one of the two million workers have deserted their posts, and tied up the nation's transportation system.

As the chiefs of the powerful railroad unions and 100 presidents of the railroads, barricaded in separate hotels, held their councils of war, the United States railroad labor board handed down a decision that was considered a middle-of-the-road decree.

The board refused to grant the request of the carriers that all work in railroad shops be done on a piece work basis, a victory for the unions. Eight-Hour Day Upheld. In the same decision, it was decreed that employers have the right to make all shop men take a physical examination. This has been fought by the unions, who in their arguments said that the carriers in the examinations could discriminate against holders of union cards.

The Northwestern railroad, acting with other lines, had asked for abolishment of the principle of paying straight time for work in shops. It has been one of the most bitterly contested decisions before the labor board.

BLUFF, CAPITAL SAYS
WASHINGTON, Oct. 14.—The ultimatum of the railroad workers, hurled at the employers today in Chicago, setting Oct. 30 as the date for a general strike, was a move for effect, because of the beginning of the meetings in Chicago of railroad executives, in the opinion of official Washington.

Senator Cummins, Iowa, chairman of the senate interstate commerce committee, which is investigating the railroad problem, today reiterated his belief that the railroad executives will reduce freight rates either before they attempt to lower wages, or at about the same time. They realize, Cummins said, that they must depend upon public opinion in the present emergency, and to alienate it by cutting wages and not rates would be disastrous to them.

But neither will the railroad workers wreck their cause by striking over the question, Cummins predicted.

COMMISSIONERS TO FILL PLACE NEXT THURSDAY

(Continued from Page One.)

to feel at home and state his grievances. At my hands no man has received an official favor. No honest man desires to seek a favor at the hands of a prosecuting officer and those who violate the law do not deserve it.

Duty to Family. I love and respect the splendid citizenship of Eastland county and will never forget them, but I owe to my family the duty to improve my financial condition and to take advantage of every opportunity to go forward in my profession.

I desire to thank freely the newspapers of our county for the assistance that they so freely gave in throwing the spotlight of publicity in the dark and dingy places of crime, and to the ministers of the Gospel whose eloquent voices were lifted in defense of the law, and to the people generally for their assistance and unselfish support. I owe a debt of gratitude that a lifetime of unselfish service cannot pay.

In resigning this office and handing back to the people unstained and unmarred a position of great responsibility, and in taking my place among my fellowmen as a private citizen, I trust that my successor may have the same unselfish support that the people of Eastland county have so kindly given me.

CONGRESSIONAL PROBE OF KLAN HELD UNLIKELY

(Continued from Page One.)

"If President Harding should resign tomorrow and the people should rise up overnight and attempt to proclaim me an absolute monarch, and demand that I accept the office, I'd die before I'd do it."

Still discussing newspaper attacks, as he described them, Simmons touched a brilliant stickpin in a blue tie, closely wrapped around a high stiff collar.

Points to "Imperial Stone." "Why, the newspapers said today I was wearing a big diamond. This is no diamond," he exclaimed. "It's an imperial stone."

The audience roared and Chairman Campbell suggested to the witness that he get along and deal with more important matters.

After attempts to get answers to specific questions with the statement from the witness that "he was coming to that" members of the committee insisted that interruptions were proper.

"We've been very courteous and I think the witness should answer," said Representative Fou, Democrat, North Carolina, and the witness agreed.

"The Ku Klux Klan is a patriotic and fraternal order," said the wizard. "There is no invisible force that creeps around in the night seeking to harm people."

Representative Fou asked whether by excluding many Americans the Klan did not tend to keep a narrow rather than a broad Americanism. "No, sir," replied Simmons. "There are many fraternal organizations which restrict their membership. The Klan does not exclude others because of their creed."

Simmons said his salary of \$1,000 a month was fixed by the executive committee.

"How many members were present when the salary was fixed?" asked Representative Fess, Republican, Ohio.

"Fourteen of the sixteen members, I think," he replied.

Watson Asks Question. At this point Senator Watson of Georgia stepped quickly to the front to shake hands with the imperial wizard. The senator whispered something and then sat down near the witness. Arising a moment later, Senator Watson asked if a senator would be permitted to ask a question.

"Not an outsider," said Chairman Campbell.

"But I am an insider and you will if you want to be fair," Senator Watson exclaimed. "I am a United States senator and I am going to see that the witness has fair play."

Simmons stepped over and put his hand on the senator's shoulder.

"I think you may ask your question," Chairman Campbell interrupted, the audience meanwhile being in much of a hubbub.

Defended by Watson.

"Well, I won't claim my rights here, but I will when this thing gets to the senate," Senator Watson shouted. "If I want to ask this witness to whose order I do not belong, but which I propose to defend, if he does not know that congress is creating dozens of offices and employing officers at \$15,000 and \$30,000 salary, all of which comes out of the pockets of taxpayers."

Senator Watson thereupon sat down and soon left the room.

Producing the Klan ritual, Simmons read many paragraphs which showed, he asserted, that the Ku Klux air was a pure Americanism.

Asked about the total Klan membership he declared it did not exceed 90,000. The organization, he declared, was no counterpart of the Ku Klux that was organized in the South after the Civil war.

SEARCH RIVER FOR MAN WHO FOUND FERRY SLOW

DEL RIO, Texas, Oct. 14.—Searchers continued to look for the body of William T. Robbins, who is believed to have jumped from a ferry boat into the Rio Grande river here Tuesday.

A reward of \$100 for the recovery of the body has been offered by Robbins' relatives.

While returning from a visit to Mexico, Robbins is said to have remarked that the ferry boat was too slow and jumped into the river. He nearly made the opposite shore when he disappeared around the bend in the river and has not been seen since.

'K. K. K.' OFFENSIVE LAUNCHED ON SWIFT

His old enemies, "the germs," are apparently trying to undermine the morale of Sanitary Inspector Wade Swift. The counter-offensive was launched yesterday when the inspector halted in the act of cranking his Ford on finding the dreaded K. K. K. printed on the sides and fenders of the announcement of a "K. K. K. week" chalked on the back of the car. Armed with an atomizer, the inspector began search for the authors of the warning. No germs, however, could be found in the vicinity, and later employees of the Fountain told the officer that embryo keagles of the school age had been seen in the vicinity of the car, and might have been the author.

TIGHT FOOTBALL GAME EXPECTED TOMORROW

A tight battle is expected tomorrow when the Ranger and Cisco High football teams clash at Nitro park. The game will begin at 3:30 o'clock. Both teams have annexed good records in their games to date and are believed to be well matched, although Cisco probably will be a little heavier, especially in the backfield.

The Ranger lineup will be the same as last week except "Pat" Pruitt, star tackle, may be out of the game on account of strains received last Saturday. Terry, who has been showing up strong, will take his place. Captain Schertz, who has been out with a sprained ankle, has recovered and will take his old place at halfback.

30,000 AMERICANS NOW RESIDENTS OF MEXICO

WASHINGTON, Oct. 14.—There are approximately 30,000 Americans in Mexico, and of this number 8,000 live in Mexico City, according to a recent estimate by the department of immigration.

The number in Mexico City represents a decrease of 65 per cent from pre-revolution days. Americans outnumbered all other foreigners, with the exception of the Spanish.

CREDITORS IN CHARGE OF OKLAHOMA COMPANY

TULSA, Okla., Oct. 14.—A creditors' committee has taken charge of the Mid-Co Petroleum company's affairs, it was announced here today. Rumors of the company's failure have been in evidence for the last two days, but were denied by officials.

This company was formed in 1912, and has been one of the most influential independent operators of the Oklahoma oil fields.

THE WEATHER.

Tonight and Saturday, partly cloudy; warmer in the south-east portion tonight.

LEGION WILL TURN OVER TWENTY THOUSAND ON KERRVILLE HOSPITAL

AUSTIN, Oct. 14.—The American Legion department of Texas will in the near future turn over to the state approximately \$20,000 due from the Kerrville hospital fund collected by the Legion, according to Wayne Davis, of Goliad, department of Texas commander, who was here today en route to Dallas, where the executive committee of the department will hold a meeting Sunday for the purpose of completing plans for the payment of the money.

At the recent convention at El Paso a resolution was unanimously adopted providing for payment of the fund to the state, and it was specifically provided that the legion handle the matter without outside aid. Commander Davis who will leave tonight for Dallas, will be accompanied by Adjutant General Thomas D. Barton.

BALTIMORE TAKES LEAD IN LOUISVILLE SERIES

BALTIMORE, Oct. 14.—Baltimore stepped to the front in its post-season series with Louisville by winning Thursday's game, 10 to 5. The Orioles hit four Louisville pitchers hard and while Ogden went the route he was also hit in rather lively style. Lawry's triple with the bases filled in the fourth inning and his catch of Herzog's long drive in the seventh were easily the offensive and defensive features.

Score by innings: Louisville001 030 100—5 Baltimore000 405 01x—10 Batteries—Sanders, Cullop, Koob, Wright and Meyer; Ogden and Egan.

OKLAHOMA GAS 21 CENTS.

OKLAHOMA CITY, Oct. 14.—The price of gasoline will be increased to 21 cents at all filling stations operated by the Drew Leveck company in Oklahoma, effective next Monday, according to an announcement today. The present price is 19 cents. This will be the third increase within the last three weeks.

MOTOR PLANT BURNS.

DALLAS, Oct. 14.—Fire of undetermined origin early this morning wrecked the Rose-Wilson Motor company's plant at South Ervay street. The loss was estimated at about \$50,000.

DEATH SENTENCE

SHERMAN, Texas, Oct. 14.—Joe Hall was sentenced to death by a jury here today for the murder in connection with the killing of Bob James, a service car driver, on a lonely road near Bonham. Roy Hewitt is now on trial for the same offense.

GOETHALS AGAINST FREE CANAL TOLLS

DALLAS, Oct. 14.—General George W. Goethals, builder of the Panama canal, addressing the convention of the Texas Chamber of Commerce today, declared that the American people were playing with their moral obligations when they propose to exempt by congressional act American coastwise vessels from tolls at the Panama canal.

MUS' HAVVA HAT!

A local hotel took on the appearance of a hat store in the eyes of an intoxicated driller late last night and only the arrival of the police is said to have prevented the drunk from forcing the hotel clerk to sell his own hat at the point of a revolver. A long-barreled Colt was taken from the hat-hunter by the officers and charges of disturbing the peace lodged against him at police headquarters.

The driller is said to have acquired the jag earlier in the evening, in company with a couple of friends. The trio encountered officers on the downtown streets and two of the men were taken into custody. The hat-hunter, however, with the revolver jammed in his waist-band, evaded arrest at the time and was not located until he appeared at the local hotel in search of headgear.

NEXT HEARING ON RED RIVER BOUNDARY TO BE HELD AT AUSTIN

AUSTIN, Oct. 14.—Testimony in behalf of the state of Texas in the Red river boundary litigation is to be taken in Austin, beginning Oct. 18, before commissioner Frederick F. Tyler, and the state of Texas will present its evidence in the case. The state of Oklahoma and the federal government produced their witnesses in the hearings held in Oklahoma and elsewhere and will probably have rebuttal testimony to offer after Texas concludes its presentation, at a time and place yet to be determined.

TOO SOCIABLE.

Will Allison, negro, was convicted in police court yesterday afternoon under the "Old Dog Tray" ordinance, which makes vagrancy by association unlawful in Ranger, and fined \$15.70. Will, so the testimony ran, was keeping company with wild women of his race.

ABANDONS RADIO PLANS.

STOCKHOLM, Oct. 14.—The Swedish government has abandoned its plan to erect a big, high-powered wireless station to communicate with America. The appropriation which parliament had authorized for the construction of the station has been withdrawn.

BIRMINGHAM WILL STAGE CELEBRATION OF FIFTIETH BIRTHDAY

BIRMINGHAM, Oct. 14.—Birmingham's birthday party celebrating the fiftieth anniversary of the city, will be made an even greater occasion through the first official visit of the President and Mrs. Harding to the South since the inauguration.

The celebration will be featured by the historical pageant depicting the fifty years of the city's history and stressing the fact that Birmingham is the largest city of its age in America, being the only city in the 200,000 class which was founded after 1870, and one of only a few cities of its size which were not in existence during the Civil war.

BRIBUCKLE'S TRIAL SET FOR NOVEMBER SEVENTH

SAN FRANCISCO, Cal., Oct. 14.—Fatty Arbuckle entered a plea here Thursday of not guilty to the charge of manslaughter filed against him in connection with the death of Miss Virginia Rappe. Arbuckle's trial was set for Nov. 7.

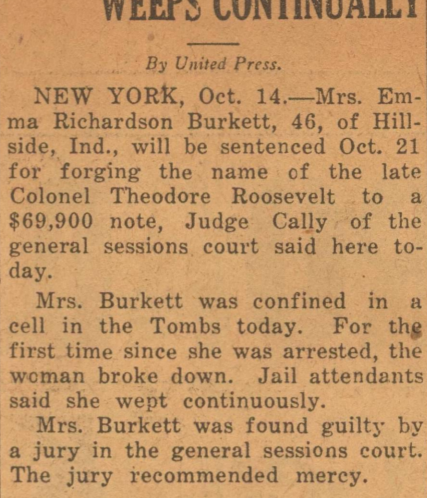

WOMAN WHO FORGED ROOSEVELT'S NAME WEEPS CONTINUALLY

NEW YORK, Oct. 14.—Mrs. Emma Richardson Burkett, 46, of Hillside, Ind., will be sentenced Oct. 21 for forging the name of the late Colonel Theodore Roosevelt to a \$69,900 note, Judge Cally of the general sessions court said here today.

Mrs. Burkett was confined in a cell in the Tombs today. For the first time since she was arrested, the woman broke down. Jail attendants said she wept continuously.

Mrs. Burkett was found guilty by a jury in the general sessions court. The jury recommended mercy.

COLD SHOULDER TO DRIFTING MEN COSTS CAP'S JOB

NEW YORK, Oct. 14.—Captain A. B. Randall, of the steamship Hudson, has been suspended from the command of his ship by the United States line on a charge of "not having used good judgment" when he failed last Wednesday, to stop the vessel and aid three men adrift off Fire island.

His case will be referred to the United States steamship inspectors for final action.

Captain Randall, his first and second officers, the wireless operator and cabin boy of the Hudson were called before T. H. Rosshottom, general manager of the line, for a hearing.

Confronting them were the three men who were occupants of the disabled launch who had complained that the Hudson would not heed their signals of distress.

Captain Randall admitted having seen the launch and the flags which the men waved. He said he instructed his second officer to have the radio operator get in touch with the steamer Lackawanna Valley, which was opposite his ship and on the other side of the launch. He explained he had mails aboard and asked if the Lackawanna Valley would render assistance, if needed.

The wireless operator told of attempts to get the Lackawanna Valley to answer his call, and, not "raising" their operator, he sent the message anyhow.

Captain Randall admitted, according to Mr. Rosshottom, that he was convinced a dangerous sea was running for a boat of that size and that in his opinion it was the duty of the captain to pick them up.

DISAPPEARING GUNS MAY BE REPLACED BY U. S. COAST DEFENSE

ABERDEEN PROVING GROUNDS, Md., Oct. 14.—Eventual elimination of the disappearing carriage, for more than a decade an outstanding feature of American coast defenses, is forecast by army experts, as a result of the initial test here of a 16-inch, 50-caliber rifle mounted on a "Barbette" carriage.

The barbette mount permits a maximum elevation of the piece to 65 degrees, the heavy steel shield and apron at the same time affording material protection to the crew from aerial bombers and observers.

With a heavy haze reported over the bay officers in charge of the program decided to postpone the tests for range, since the 2,300-pound projectile would have been sent into waters commonly travelled by shipping craft. With an elevation far short of the maximum, however, the new gun planted one of the steel shells more than twenty miles away.

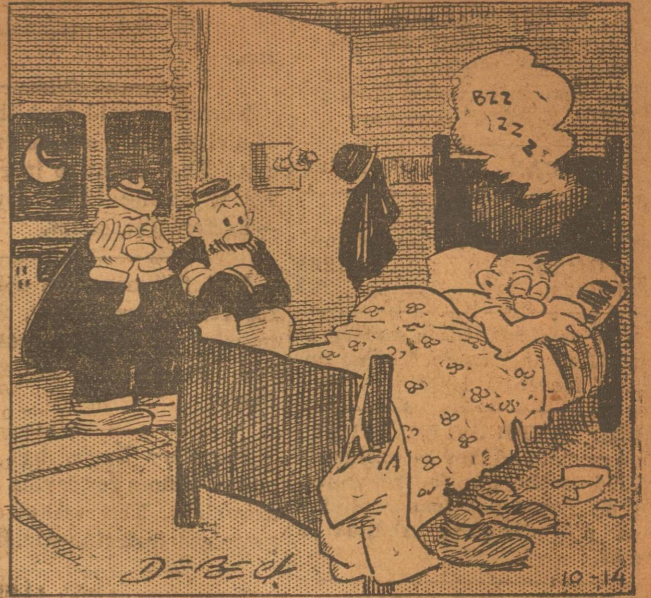

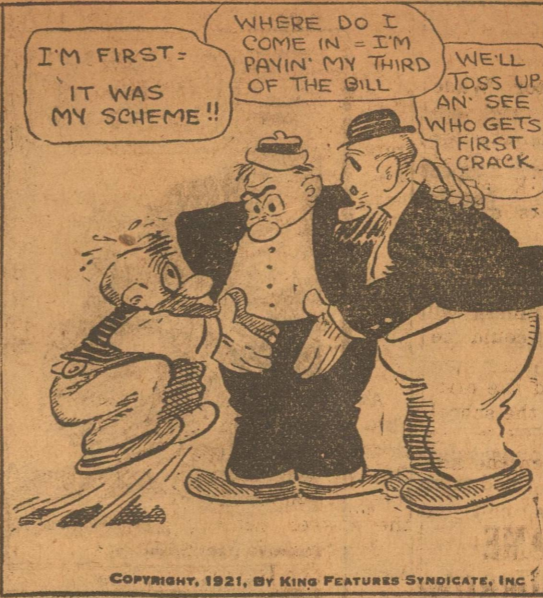

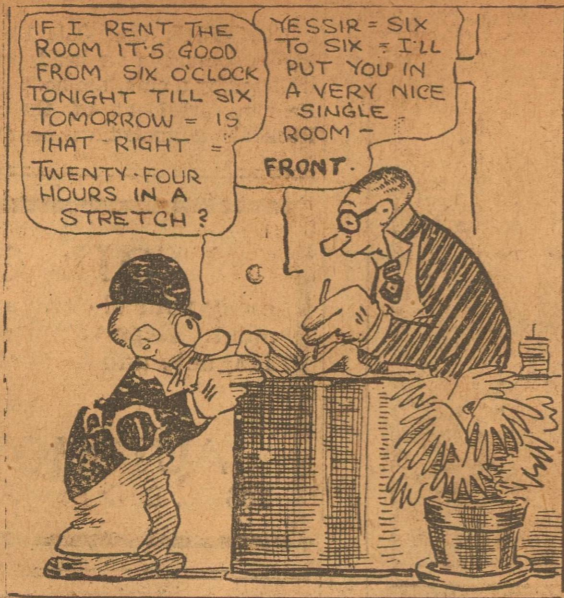

As soon as more complete tests can be had, it was said, army officials are prepared to recommend the placing of a contract for fourteen of the new rifles. These would be installed at strategic points along the coast, and in case of battery construction would be separated widely, so that offensive attack from sea or air would have to be concentrated on one at a time.

MOPLAH INSURGENTS USE SLY WARFARE TACTICS NOW

SIMLA, British India, Oct. 14.—Moplah insurgents in the Malabar region have changed their tactics and are no longer giving open battle. They reply on ambushes and guerrilla warfare and raid towns where troops have restored order.

British officers are meeting difficulty in this region, as there are virtually no civil police capable of preserving order.

PROGRAM

LIBERTY—Tom Mix in "The Big Town Round-Up;" also Rollin comedy, "Hurry West," and "Aesop's Fables."

MANHATTAN—Ina Claire in "Polly With a Past;" also Harold Lloyd comedy and Pathe News.

MAJESTIC—Bryant Washburn in "The Road to London."

TEMPLE—Katherine MacDonald in "Curtain," and comedy, "Dog Catcher's Love."

call on her at her Long Island home to discuss forthcoming production but Nancy will not listen to their attempts to lure her back to the stage.

In the midst of her domestic happiness, Nancy discovers her husband in a compromising position with Lila Grant, the woman who has succeeded her on the stage. The husband pleads her forgiveness and for the sake of the child Nancy grants it. Later, while

away on a supposed business trip, the husband is again unfaithful. Lila Grant is not available for the role of Coghlan's latest production, and Nancy returns to the stage in the absence of her husband. Some highly dramatic incidents follow in the wake of his return that give rise to a final happy ending. "A Dog Catcher's Love," a laughable comedy, also is shown.

MANHATTAN.

Often people have asked my views on the secret of personality, and have wondered if it is something that may be acquired. This question has been asked so frequently, in fact, that it deserves some thought, since the discussion is more than likely to be helpful to some who are puzzled.

I believe that one either has the gift of personality, or does not have it. But whether one has it or not, it can be cultivated and aided. In my opinion that process can be assisted greatly by proper care of the teeth. I pay a great deal of attention to my teeth because I realize that by so doing I bring out the full qualities there may be in my smiles, laughter, or conversation.

Personality is revealed in the face chiefly through the eyes and mouth. The eyes I know are beyond human control; either they are asparkle or dull, vivacious or grave. But the mouth is a thing through which the actress must express much that she feels, and its charm can be augmented.

I endeavor to keep my mouth as scrupulously clean and as dazzlingly white as I can. I never omit my visit to the dentist for a general inspection

HER, NOT HE—Her feet caused her arrest. Miss Helen Morsey, a twenty-one-year-old New York girl, wanted to hike to the coast, and chose male attire as a safe disguise, but in Chicago a policeman noticed her French heels and placed her under arrest. Now Helen is uncertain whether her journey will be East or West.

MAJESTIC.

More Americans went abroad during the two years that the United States had a few fingers in the world war pie than in all the years put together since the Pilgrims landed on our fair shores. Among those millions were many thousands of young men, wearing khaki or navy blue who tramped the soil of England, and came home to spin yarns to the home folks and compare "over there" with "over here."

Bryant Washburn has gone those boys one better. He has brought London to your home town. He has used the world's largest city, with its historical buildings, its busy streets, its flowering suburbs and its beautiful Thame river as a background for a high-gear, high-speed, high society romantic adventure in which a dashing young American sets the pace for stolid British nobility when he first kidnaps and then elopes with the fair daughter of the house.

Of such delightfully nonsensical and beautiful pictorial stuff is "The Road to London," made. It is Bryant Washburn's first independent production, presented by Lee Ochs and distributed by Associated Exhibitors. Manager Green of the Majestic theatre has eagerly awaited this opportunity to announce "The Road to London" and Bryant Washburn as his feature attraction for today and Saturday.

TEMPLE.

Nancy Bradshaw was reared in the environment of the stage. Her cradle was the tray of a theatre trunk. Jerry Coghlan, who has known Nancy since her birth, and who has become a prominent Broadway manager, gives her an opportunity to star in a new play by an author who greatly admires her. She makes good, and here it is that Nancy Bradshaw is introduced to the screen as lovely Katherine MacDonald in her latest feature picture for First National, "Curtain," the picture attraction now showing at the Temple theatre.

Nancy meets a millionaire pursuer of women of the stage and after a whirlwind court ship, marries him. Nancy leaves the stage for the privilege of a home and later when a son is born her life is completely happy. Coghlan and the young author often

New and Exclusive Photos From Famine-Swept Russia

Pitiful scenes such as pictured above are becoming a common sight in the famine-stricken region of Russia. On the right is a little Russian baby in Samara slowly dying of malnutrition. The swollen stomach is the result of eating "bread" made of bark and grass. Above are three victims of the famine photographed at Samara, where refugees from the famine-swept districts have made camp on the banks of the Volga river, waiting for food or death.

ARMY ORDNANCE DEPARTMENT SHOWS MECHANICAL MENAGERIE

Radio Controlled Tanks Plow Through Obstacles, Charge Crowds and Then Retreat and Gun Carriage Takes Bath Without Getting Wet; Many Clownish Capers.

ABERDEEN PROVING GROUNDS, Md., Oct. 14.—A "mechanical circus" is one of the latest developments of the army ordnance department which is supposed to devote its attention solely to grimmer activities. The first show of the "automatic menagerie," as the radio-controlled machines are called, was given here yesterday in connection with the tests of the new 16-inch rifle and other ordnance material.

Tanks, tractors, self-propelled gun mounts and trucks performed in a literal three-ring circus. Great elephantine tanks waddled and plowed their way through and over obstacles and smaller tanks and gun carriages dashed rapidly up and down dale, while a "baby" tank cut all manner of clownish capers to the delight of the crowd. One member of the circus, a very fast gun carriage, rushed at twenty miles an hour straight at the crowds which lined the field, only to turn abruptly on its iron heels and charge madly in another direction like a crazy iron bull.

'OUR MARY' SUFFERS FROM 'SCREENITIS'

PARIS, Oct. 14.—Suffering from a nervous breakdown, Mary Pickford has been warned by specialists that unless she takes a complete rest for at least a month she will be unable to continue acting for the screen. She is confined to her bed at the Crillon, the unofficial report being that she has an attack of the "flu."

Dr. Warden, who attended Olive Thomas (wife of Jack Pickford) on her deathbed, has, however, diagnosed Mary's malady as "screenitis," brought on by long hours of acting coupled with the constant anxiety lest time change her features so that she would be unable to play child roles.

Dr. Warden asserts, that he has noticed exactly the same malady in many screen stars visiting Paris. Where once they are away from the atmosphere of the studio and not buoyed up by the necessity of working, their nerves collapse sometimes resulting seriously. Dr. Warden said: "I would describe the malady as a wear and tear on the nerves caused by the perpetual effort to please."

Mary will likely take the rest cure in the south of France. Charlie Chaplin is air-expressing to London tomorrow, where he will lunch with Chaliapin, the Russian basso, and Sir Philip Sassoon. Saturday he will sail for New York on the Berengaria.

The king of Sweden has been wedded longest of any European crowned head.

Rats are found in every part of the world except the polar regions.

CHAPLIN SCORES PASTORS FOR THEIR STAND ON FILM CENSORSHIP

Hurling one verbal bombshell after another at members of the Ministerial Union, whom he likened, in spirit and acts, to the Pharisees of old, and branding them as intolerant, Chaplin Edmondson of Hollywood, Cal., electrified his congregation when he delivered his attack on his colleagues in his sermon on "Movie Censorship."

He contrasted the meeting of the preachers with the convention of the American Legion, held the week before, which he attended as state chaplain. In the ex-service men's gathering, according to the Reverend Edmondson, there was every evidence of brotherhood, service, unselfishness and a spirit of helpfulness. The preachers of the Ministerial Union, he declared, exemplified exactly the opposite spirit.

IMPOSTOR GOT MONEY LOANED 'TO ROOSEVELT'

NEW YORK, Oct. 14.—Belief that some one might have been masquerading as Colonel Roosevelt during the Republican convention in Chicago in 1912 was expressed today by Mrs. Emma P. Burkett at her trial on a charge of having forged the former president's name to a note for \$69,900.

Mrs. Burkett, who says she received the note in return for money lent to the colonel, told the court that not until she had heard the testimony of other witness has she ever doubted that the man to whom she asserts she turned over the cash was her distinguished fellow countryman.

The testimony of the colonel's widow, however, had raised in her mind the question of whether she had been duped by an impostor, she said.

Mrs. Burkett took the stand after the attorney assigned to her case by the court had told the jury his defense would be insanity, despite the assertion of the defendant that she was perfectly sane.

Examined by her counsel, Mrs. Burkett admitted having suffered from various physical complaints and that in 1917 a blood vessel in her head had "exploded."

SENATOR KENYON REFUSES JUDICIAL HONORS

Senator William S. Kenyon of Iowa, who has declined to accept President Harding's offer of a life job as a federal judge, saying he feels that he can be of more service as a member of the senate.

THE MEEK INHERITS SCATHING LECTURE FROM POLICE JUDGE

CHICAGO, Oct. 14.—A meek man with downcast eyes standing beside Mrs. Joseph Yenofsky was sentenced to jail Thursday by Judge Jacobs in municipal court after Mrs. Yenofsky had told the court how her husband had beaten her unmercifully. It was not until after sentence had been passed and he had been subjected to a severe lecture that the meek man, Frank Kelly, with Mrs. Yenofsky's aid convinced the court that he was not her husband, but was appearing in connection with another case. The court's order was withdrawn.

'THROAT' OF 'SHIMMY' PUMPS CAUSE OF SUIT

ST. LOUIS, Oct. 14.—Just how big a "throat" a pump must have so its wearer can shimmy properly is being debated by a jury in Circuit Judge Klene's court.

The jury heard the case of the Traverse Shoe company of Cincinnati, Ohio, suing the I. Goldman Shoe company. The plaintiff charges that \$3,150 worth of "shimmy pumps" were delivered a year ago and soon after returned. It seeks to recover that amount.

The Goldman company contends that the throat of the shoe was so small that a person whom the pump otherwise would fit could not cram his foot into it.

DREAM FIGHT FATAL

MASON CITY, Iowa, Oct. 14.—His back broken July 5, when he jumped from the second floor of his home during a dream fight with a huge opponent, whom he thought was Jack Dempsey, Emil Gehler, 20, died here.

CHICAGO INSISTS MRS. O'LEARY'S BOVINE CAUSED BIG BLAZE

CHICAGO, Oct. 14.—Despite the decision of learned investigators that Mrs. O'Leary's cow did not kick over the lantern and start the Chicago fire fifty years ago because Mrs. O'Leary was sick in bed with a sore foot on that historic eve, Chicagoans insisted on giving the cow a premier position in the semi-centennial celebration of the conflagration.

An alleged great-granddaughter of the original O'Leary cow and a lantern designed after the genuine kerosene lantern played an im-

ONE OF UNCLE SAM'S NEW FORTS ON WHEELS

A new sixteen-inch railway-mounted rifle being fired in tests at the Aberdeen, Md., proving grounds. This powerful gun was developed during the war. The photo below shows members of the Army Ordnance association examining the armor plate pierced in three places by three projectiles. The shells weigh 2,400 pounds each and can be fired twenty-two miles.

DECISION PRESERVED IN EDITOR'S SUIT AGAINST NATIONAL GUARDSMEN

Houston, Oct. 14.—A decision will not be rendered at the present time in the \$25,000 damage suit brought by G. V. Sanders editor of the Houston Press against Col. Billy Mayfield and three lieutenants of the Texas National Guard Judge Ewing Boyd of the Fifty-fifth district court announced at the closing of arguments in the case late yesterday.

Judge Boyd is to decide whether Colonel Mayfield acted within his rights Aug. 30 1920 when Mayfield is alleged to have attempted to arrest Sanders and take him to Galveston to stand trial for alleged printed criticisms of martial law in Galveston at that time.

OIL OPERATORS HOLD MEETING AT DALLAS

Dallas, Oct. 14.—Oil men from Kansas, Oklahoma, Louisiana and Texas gathered in Dallas today for the annual meeting of the Midcontinent Oil and Gas association. Members of the Texas Oil Jobbers' association will hold their meeting at the Chamber of Commerce.

In honor of the men interested in the petroleum industry the day has been named Oil Men's Day at the State Fair. Nearly a thousand oil men are expected.

Presentation of the president's report and the election of officers and executive committee is expected to be the principal business of the Texas-Louisiana division of the Midcontinent Oil and Gas association. The meeting is being held jointly with the Kansas-Oklahoma division, which has postponed its regular annual meeting to allow the members to attend the Dallas gathering during the fair.

HOBO IS HELD FOR YOUNG GIRL'S MURDER

MORRISTOWN, N. J., Oct. 14.—Efforts to extract from Frank Ruke, ragged wanderer, a confession that he murdered 11-year-old Janet Lawrence last Thursday, were continued today by detectives who picked up the man on suspicion that he knew something of the crime.

Ruke became highly excited yesterday when the detectives tried to take him to the spot in Kluxen's wood, where the body was found. The detectives said he refused to look at the spot, and cried: "Kill me—I wish I was dead."

A girl's handkerchief which the authorities are trying to identify as belonging to the murdered child was found in his pocket. The prisoner denied all knowledge of the crime.

CLAIMS WOMEN "LIFT" DOORS OF FREIGHT CARS

MILWAUKEE, Oct. 14.—Detective Stanley Lutkowski, of the Northwestern railroad, is wondering if women really are the "weaker sex." He cites Mrs. Stanislaw Starpek and Mrs. Frances Urban, arrested on charges of looting freight cars.

According to the detective, Mrs. Starpek had 22,500 pounds of stolen grain, seven box car doors and twenty-four grain door boards at her home. Mrs. Urban is accused of stealing 35,000 pounds of grain, thirty box car doors and three switch lanterns.

9-YEAR-OLD KENTUCKY GIRL IS MIND-READING PRODIGY

CINCINNATI, Oct. 14.—Before Nellie Cordell, 9, could read writing she could read minds. Although as a child of 5 Nellie could not tell time by reading the numerals on the face of a clock, she could tell the hour and the minute by reading the mind of a person who had just looked at the clock.

Nellie is in the fifth grade at school, two years ahead of other children of her age. She has bobbed hair and abnormally bright gray eyes.

WOMAN ILL IN BED ATTACKED BY NEGRO

FORT WORTH, Oct. 14.—Following an attack at 3 o'clock Thursday morning on Mrs. Maggie Pruitt, 110 Presidio street, an aged woman, in which she was knocked into insensibility by a man, said to have been a negro, and then robbed, officers fired several shots at a fleeing figure which emerged from the shadows on the street at the rear of the house. The marauder escaped through a lumber yard. Mrs. Pruitt was in bed when the attack occurred.

After the attack on the woman the negro searched a dresser drawer and took about \$7 in cash. Mrs. Pruitt said she believed the intruder was influenced with drugs, as the room had a druggish odor when the officers arrived. No arrests have been made. Mrs. Pruitt's condition is not serious, although she was confined to bed with illness at the time of the attack.

MISSING COLLEGE BOY MAY BE IN KANSAS CITY

CHICAGO, Oct. 14.—Search for Leighton Mount, missing Northwestern university student has centered in Kansas City, following receipt of a letter from that city signed by "James Simpson," asking if the authorities are still looking for Mount. Detectives here say that the chirography of the letter resembled that of young Mount, and believe that "James Simpson" is Mount himself. A description has been wired to Kansas City police.

Mount disappeared about three weeks ago after the annual class "rush" at Northwestern university. It was first believed that he had been a victim of a hazing.

BIGGEST POLICE CHIEF LOSES RE-ELECTION

GREENVILLE, S. C., Oct. 14.—This town has lost the distinction of having the world's biggest chief of police by the defeat for re-election of James D. Noe, who weighs 325 pounds, is 7 feet high and has to have shoes, collars, hats and "everything" made especially for him.

Worry over the election caused him to lose twenty-five pounds, he said. He was reduced to sergeant.

DESEBERG'S BEST IS THIRTEEN THOUSAND, MAGNOLIA ANNOUNCES

DALLAS, Oct. 14.—The well of the Magnolia Petroleum company is capable of making 13,000 barrels a day, it was reported by officials of that company here Thursday. The well is connected with the storage tanks and is flowing 9,900 barrels each twenty-four hours, pinched down. It is reported to have made 550 barrels an hour, wide open, yesterday.

Reports from Mexia which placed the production of the well at 30,000 barrels a day were exaggerated, members of the production department of the company said.

HAWAIIAN WOMAN FINED FOR BEATING UP HUSBAND

HONOLULU, Oct. 14.—Honolulu has a husband-beater. Husbands elsewhere will be relieved to know that the victim of this case being too small to defend himself with fists or club, has appealed to the court for redress.

The husband, a Chinese, caused his wife, Mrs. Chung Sau, an Hawaiian, to be summoned to court, where she exhibited a scar on his forehead and wounds on his back, inflicted, he said, by his wife. He said she had several times threatened to kill him.

WALTER SALM TO MANAGE SPUDDERS AGAIN NEXT YEAR

WICHITA FALLS, Oct. 14.—Walter Salm, for the past two years manager of the Wichita Falls baseball team, has accepted a contract to manage the team again during the season of 1922-23. R. O. Harvey was elected president to succeed Salm, while Lloyd Weaver was elected vice president. J. Will Gray was tendered a new contract as secretary-treasurer, but has not yet accepted.

Carpenters, Attention
Special called meeting Local No. 2014, Friday, Oct. 14, 7:30 p. m. Important discussion.
H. S. HOLLOWAY, Rec. Secty.

Posing

The little miss is quite a figure in swimming circles. She is Miss Marie Curtis of the Los Angeles Athletic club, who is probably the most consistent distance swimmer in California. She won the Pacific Coast mile championship for women, at Capitola, in the fast time of 32 minutes 53 and 3-5 seconds. On September 10, she set a new record for the famous Golden Gate swim, at San Francisco harbor, covering the difficult course in 25 minutes and 14 seconds, which is 2 minutes and 1 second faster than the former mark. She is 18 years old.

20-CARAT DIAMOND MINED IN PIKE COUNTY, ARKANSAS

LITTLE ROCK, Ark., Oct. 14.—Pike county's diamond field is bursting into fame which in time may or may not rival that of the Kimberly blue clay mines. The greatest find yet made is that of a stone which weighs 20.25 carats in the rough and is estimated to be worth \$10,000. It was one of a total of forty-eight carats of diamonds found in 100 loads of material from the mine. The largest previous stone, 18.3

carats, was sold in the rough to a large New York firm for \$6,800. The company has been operating several months and has made all its discoveries with inefficient machinery. A complete new plant of modern design now has been installed and is ready for operation.

A letter posted in Berlin at 7:30 a. m. and sent by air may reach London by 5:30 the same day.

An ounce of gold could be drawn into a wire fifty miles long.

How To Keep Your Blood Pure and Wholesome

It Is the Person With Rich, Red, Normal Blood—The Person of Health and Energy—That Meets With Business and Social Success.

A Lowered Vitality Is Usually Due to Waste Products in the Blood.

When your blood is impoverished and loaded with waste products, you don't get the full strength out of your food, and as a consequence, you become weak, nervous, and easily upset. Waste products get into the blood mainly through the intestines, but there are other sources—for instance, the glands. Some glands secrete digestive juices, while others excrete waste products. If they fail to properly function, waste products accumulate.

As a result, nature strives to cast off the poisons. It may be through the skin in the form of some skin disorder, but it is not infrequent for it to settle in the muscles and joints and cause rheumatism.

For over 50 years, thousands and thousands of men and women have relied on S. S. S. to clear their blood of waste products. S. S. S. will improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality.

The same qualities which give S. S. S. its beneficial effect in clearing your blood of waste products make it extremely desirable for keeping your blood in good condition.

Get S. S. S. at your druggist. Use it strictly according to directions and write Chief Medical Director, Swift Specific Co., D-718 S. S. S. Laboratory, Atlanta, Ga. for special medical advice (without charge). He is helping people every day to regain their health and strength. Ask him to send you his illustrated booklet, "Facts About the Blood"—free. S. S. S. is sold by all drug stores.

RED HOT POKER USED TO KEEP WIFE AWAKE

COLUMBUS, Ohio, Oct. 14.—Alleging that her husband, Darcey E. Lewellen, compelled her to sit in her nightgown almost all night in front of a grate fire in which he kept a poker red hot, threatening to burn her with it if she closed her eyes in sleep, Mrs. Mayme R. Lewellen has filed suit in circuit court here for divorce, \$30,000 alimony, custody of children, \$50 a week support while her suit is pending and \$500 attorney fee.

The defendant is president and treasurer of the Lewel'en Manufacturing company, of this city, and has been identified with factory interests here for many years. The couple were married July 4, 1897, according to the complaint.

ROBBERY STROKE FAKE.

PHILADELPHIA, Oct. 14.—Andrew B. Detwiler, an assistant disbursing officer for the United States shipping board, who said he had been held up and robbed of \$10,000 by bandits last Tuesday, has confessed that he and his assistant had stolen the money themselves and hatched up the robbery story to cover their deed, according to the police.

EVERY LITTLE BIT HELPS—At least so this youngster thought as he dashed from the crowd to help his father, a "husky London bobby," in the police sports. The other team could have lodged a protest, but they never saw him.

1 black horse mule, 14 1-2 hands high, 9 years old, no brands; 1 red roan horse, 15 hands high, 12 years old, blotch brand left thigh; 1 small Jersey cow, 6 years old, no brands; 1 black white-faced heifer calf, no brands; 1 red brindle cow, 5 years old, no brands; 1 red heifer, 2 years old, no brands. E. F. REYNOLDS, Chief of Police.

CASHIER'S BOND IS PLACED AT \$2,500

SHERMAN, Oct. 14.—Bond of \$2,500 was allowed E. M. Brewton, cashier of the First Guaranty State bank of Southmayd, at an examination Thursday afternoon on one complaint charging forgery and four charging embezzlement, sworn to by D. B. Diggs, state bank examiner. Diggs, who closed the bank Monday and now is in charge, stated that he so far has found a shortage of \$6,000 in the bank's funds, and that it appears the shortage may run between \$10,000 and \$15,000.

"RAGS," NEWEST BATHING COSTUME

Looks like the Garden of Eden. Leave it to Hollywood, Cal., to create something new. Now comes Maryon Aye with a new "Rags" bathing suit. Maryon is a former "Follies" girl and served her initial film days under Mack Sennett's silent drama company. To date we have not heard whether Miss Aye attempted to swim in her new creation or not.

DRY LAW VIOLATIONS WILL INCREASE, SAYS TAFT

WASHINGTON, Oct. 14.—Chief Justice Taft believes that violations of the prohibition law will greatly increase. He expressed this view when he laid aside his supreme court robes and appeared as a witness before the senate judiciary committee to plead for prompt enactment of law to create eighteen additional federal judgeships to relieve nation-wide congestion of federal court dockets. "Do you think prohibition cases will increase?" Senator Reed of Missouri asked the chief justice. "I do not hesitate to say that violations of the prohibition law will greatly increase before they begin to grow fewer," the chief justice replied.

PREACHER SPLITS WEDDING FEES WITH JITNEY DRIVERS

WILMINGTON, Del., Oct. 14.—The Rev. R. T. Western, a retired Methodist Episcopal minister of Elkhorn, Md., has been dismissed from the church after conviction on fourteen counts by an ecclesiastical jury, it is announced. Chief among the charges were trafficking in marriages, splitting fees, and conduct unbecoming a minister. Mr. Western admitted splitting "50-50" with jitney drivers on his fees for performing marriage ceremonies. Since Aug. 1, he said he had performed about 200 such ceremonies.

PROBE OF EVERY SECRET ORDER ASKED IN HOUSE

Washington—A congressional investigation of every secret organization in the United States is asked in a resolution introduced in the house by Representative William Upshaw, Democrat, of Atlanta, Ga. The resolution provides for the summoning of the chief officials of such organizations before a special joint congressional committee. Under the resolution every state would be called on by congress to furnish the name of every secret organization, chartered or unchartered, which may be operating within its borders. The resolution set forth that as "only one of these secret organizations," the Ku Klux Klan, has been singled out for a congressional investigation, of them should be called "to give an account of their aims and purposes," the funds collected and expended by them, and also to disclose their oaths and rituals.

The Russian Red army has a strength of 1,000,000 infantry, 110,000 cavalry and 3,350 artillery. In the two years of its career as a republic Poland has issued 150 varieties of postage stamps.

DOUBTS MINGO'S FAIRNESS; REFUSES EXTRADITION

FALLS FOUR STORIES, DISLOCATES NECK

WACO, Oct. 14.—E. G. Hammer of Mertens, Texas, fell through the court-house dome from the fourth floor to the basement Thursday afternoon and is not expected to live. Hitting the basement floor flat on his back Hammer sustained a fractured left thigh and a dislocated neck.

Eyewitnesses say Hammer was sitting on the railing of the dome when he apparently lost his balance and fell, his body bouncing almost two feet in the air after striking the floor.

HIGHTOWER CONVICTED OF SLAYING PRIEST

REDWOOD CITY, Cal., Oct. 14.—William A. Hightower, who has been on trial here on the charge of having murdered Rev. Father Patrick E. Hoshlin, a Catholic priest, of Colma, Aug. 2, was found guilty of murder by a jury composed of seven men and five women late today.

The jury recommended life imprisonment. He will be sentenced Saturday.

BRASS HORN SQUASH

Alice Manchester of Brockton, Mass., exhibiting the squash she raised in her back yard, at the Brockton, Mass., fair. The squash looks like a brass horn.

PARIS, Oct. 14.—French champagne and other fine wines are increasing in demand in the United States "for medicinal purposes." Over 340,000 quarts, valued at 1,502,000 francs, were exported to America during the first six months of this year, according to figures just published by the ministry of commerce.

COTTAGE ON SKYSCRAPER ROOF MANHATTAN'S NEWEST 'HOME LIFE'

NEW YORK, Oct. 14.—A snug little cottage on the roof of a downtown skyscraper, Battery Park for a front yard, a view over the harbor towering office buildings for next-door neighbors—such is the up-to-date 1922 ideal of home for the Manhattan dweller.

The fashion is said to be spreading with such rapidity that the sight of a family washing out to dry some hundreds of feet directly over the heads of the busy denizens of Wall street is looked for any day now.

It Costs Though. But, however, its popularity may grow by leaps and bounds, no one has ever insinuated that the innovation has come to combat the high cost of living or to be a simple economical solution of the housing problem.

In fact the contrary is the case and experimenters in the field of literal "high life" boast that their new abodes represent a step "up"—both figurative and literal—from former dwelling places in palatial Riverside Drive or Upper Fifth Avenue apartment houses where annual rents are computed in sums of five figures.

Among the most recent pioneers in the realm of aerial dwellings are Henry L. Doherty, head of the Wall street banking house of that name;

Percy A. Rockefeller, financier and Sir Ashley Sparks, head of the Cunard Line in the United States.

Of these the last two have fitted up sumptuous apartments—half dwellings and half office—atop the new Cunard building at 25 Broadway, twenty-two stories above the noisy bustle of the most famous and the most congested thoroughfare in the world.

Doherty's Apartment. Even more elaborate and extensive are the quarters of Mr. Doherty on the roof of the 15-story Battery Park building. Here the elderly bachelor's "bungalow" covers the entire top of the large building, containing sixteen rooms besides hallways, porches, sun parlors and "hurricane decks."

Here he lives alone with a retinue of servants, as isolated as if he were in the heart of a primitive country. After the hush of night closes over the tip of Manhattan, when a pedestrian in the streets is a rarity, the only sounds which penetrate to his aerie are the low-voiced fog horns of craft plying rivers which enclose the battery on two sides and the harbor which lies beyond it.

Besides reception, sleeping and drawing rooms, the "bungalow" contains a gymnasium, handball and squash court, billiard room and chemical laboratory, in the last of which its master, who is also an inventor and scientist, spends many hours a week in experimentation.

Self Moving Bed. A feature of the apartment of which its owner is particularly proud is the bed in his own living quarters which, by merely pressing an electric button may be made to move automatically through a concealed opening in the wall to a sleeping porch outside.

More than sixteen miles of tele-

phone wire are said to have been used to install the apartment's communication system, which includes a portable transmitter and receiver which may be plugged in at any one of the half dozen or more contrivances with which each room and hallway is equipped.

CHICAGO NEGROES ARM THROUGH FEAR OF KU KLUX RAIDS

CHICAGO, Oct. 14.—That negroes are arming in fear of raids by the Ku Klux Klan is the opinion of John V. Clinin, first assistant district attorney. Authorities have noticed the impor-

tation of numerous mysterious packages into the black belt recently. It is believed they contain quantities of pistols, rifles and ammunition, purchased from mail-order houses and in other cities.

Mr. Clinin says the negroes are excited over reports that klansmen are after them and the situation is so tense that any spark might set off a race riot.

"We thought we might find substantiation for charges that officials of the 'Invisible Empire' defrauded members, but we could not," said Mr. Clinin. "So far as this office is concerned the investigation is over. It is, however, a matter that should be looked into by congress."

He assailed the clan's 100 per cent Americanism claim, asserting that all

creeds and classes helped to win the war.

"Organizations which have for their object the usurping of powers of government, either executive, legislative or judicial, are against public policy," he added. "Class prejudice, hatred, persecution, discrimination, whether against color or creed, by corporate bodies or individuals, can bring but one result—riot, disorder, anarchy. The courts are our tribunals."

LIGHTNING KILLS WOMAN IN WAGON

SEAGRAVES, Texas, Oct. 14.—Mrs. T. I. Parker, living one mile from town, was killed Thursday by lightning. Her husband and little girl were severely burned. The team which they were driving was killed.

Continuing Our October Fur Sale

—Possessing a distinction attained not by freakish modes, but by unexcelled quality, plus indispensable styling. Therein lies the exclusiveness of "Boston Store FURS."

—We believe that there is nothing so ordinary in appearance as a Fur Garment of inferior quality, we insist therefore, on having pelts conform with the highest standard of excellence.

—We do not mention prices in this Ad, they are, we believe, inconsequential to one who considers true values. But we invite comparison.
