THANKSGIVING SERVICES HERE AT 3 CHURCHES

Merchants Dinner and Ranger-Breck Football Game, Other Features.

Thanksgiving will be observed in Ranger tomorrow by the closing of all stores and places of business, services in three of the Ranger churches during the forenoon and a football game in the afternoon. Many Rangerites have arranged to spend the day hunting in the nearby hills. The weather man promises both the football fans and hunters fair weather for the day.

Special mass and communion services will be held at St. Rita's Catholic church at 8:30 a. m., by the Rev. Father Gerkin. Rev. M. F. Drury of the East Ranger Baptist church will conduct special services at 11 o'clock and deliver a Thanksgiving sermon. At the Presbyterian church, services will open at 10:30 o'clock. Dr. A. N. Stubblebine, the pastor, and Rev. J. G. Winsett will preach. Mrs. R. C. McCoy will be in charge of the special music at this church. Services have not been announced at any of the other Ranger churches.

The merchants association dinner also will be a feature.

The Ranger holiday crowd tomorrow will be increased by a large number of people from Breckenridge who will arrive here during the day on a special train for the Ranger-Breckenridge game.

CONGRESS WILL ADJOURN AFTER FINAL TAX VOTE

WASHINGTON, Nov. 23.—Since the adjournment of congress was expected tonight, bringing to an end the extra session, which was called on April 12. The regular session will begin in December.

Debates on the tax bill were resumed early today under unanimous consent agreement to a final vote at not later than 5 p. m. Immediately after the senate acts the bill will be sent to the President and it will become a law when he signs it. None of the tax reductions will be effective before next year and the full force of many of them will not be felt in the tax bills until 1923. By that year, it is estimated, the national tax bill will be cut \$385,200,000 from the \$3,400,000,000, estimated load of this year.

HEY, JOYRIDERS

PARIS, Nov. 23.—A flying auto is the latest device in the French auto world. A successful demonstration of an ordinary automobile with folding wings, two engines—one ten-horsepower for land going and the other 300-horsepower for air travel—was held recently at Rue Seine-et-Oise. The machine performed all the usual feats of an airplane and also of an automobile.

HOW TO USE POSTOFFICE IS MINNEAPOLIS TEXTBOOK

MINNEAPOLIS, Minn., Nov. 23.—A manual textbook, dealing with the operation of the entire postoffice department and methods of utilizing the gigantic postal system, is being prepared by a committee here, for introduction in the grade schools of this state with the hope of ultimately establishing this book in every public educational institution in the United States. It is hoped to instruct children while they are young how to use the postoffice, in an effort to lessen the mistakes which are costing the government millions of dollars.

Merchants Will Do Hash Slinging at Tomorrow's "Holiday Cheer" Dinner

The Retail Merchants' free turkey dinner to those of Ranger who are unable to provide a holiday dinner of their own this year, will be given tomorrow from 12 to 2 o'clock in the old Simpson-Alexander location, 328 Main street. The building has been suitably decorated and the merchants have arranged for the best turkey-and-cranberry sauce affair that can be secured. Those attending are promised a surprise in the way of entertainment following the dinner, it was stated this morning.

Members of the association will

TONIGHT

Elk's Autumn Dance at the Summer Garden—all Elks, Shriners and Masons invited.

1920 Club Party at Mrs. E. J. Barnes' residence in Gholson addition—for 1920 Club members and their husbands.

Senior Epworth League Thanksgiving program at the Methodist church—everybody invited.

VIRGINIA TOLD PHYSICIAN SHE WASN'T INJURED

That Testimony Should Refresh Fatty, Who Looks Rather Saggy.

SAN FRANCISCO, Nov. 23.—Roscoe Arbuckle today started his fight for freedom. His attorneys attacked the case and built up the prosecution in its efforts to convict the comedian of manslaughter, in connection with the death of Virginia Rappe, actress.

Arbuckle, heavy of eye, saggy of cheek—and with his once natty Norfolk suit sadly in need of a trip to the presser's—leaned eagerly over the backs of his attorneys' chairs as they launched their counter attack.

Arbuckle's defense struck its first telling blow today by introducing evidence that Virginia Rappe had denied she was injured. Dr. Olav Kaarboe, physician, who attended Miss Rappe soon after she was alleged to have been injured fatally by Arbuckle, testified that Miss Rappe told him she was not injured; that he had found no marks or bruises on her body.

Fred Fishbeck, movie director, was called immediately after Dr. Kaarboe.

EASTLAND KLAN ISSUES WARNING THROUGH PAPER

EASTLAND, Nov. 23.—The existence of a strong Ku Klux Klan in Eastland was made known here this morning in an official communication to the people of Eastland, left on a desk in the office of the Oil Belt News. The letter, setting forth the ideals of the organization, was typewritten on plain paper but bore the seal of the "Eastland Klan No. 152."

"You have looked for us and have not seen us, nevertheless we are here, and in such numbers that would astonish you," the letter states.

The Klan declares against "graft and usurpation in public office," and warns that it will not tolerate an incompetent judiciary or a "conspiring constituency who seek to nullify laws and defeat justice."

REMORSEFUL JUDGE CUTS COST OF DRUNKS

OWENSBORO, Ky., Nov. 23.—Judge W. V. Pinkston, whose term as police judge of Owensboro will expire Monday, Dec. 5, and who was defeated for mayor of Owensboro by Dr. J. H. Hickman at the recent election, announced today that the cost of a "drunk" in this city until he went out of office would be \$11 and costs, or \$2.65. This was the standard price here for years prior to Judge Pinkston's induction into office four years ago, when he fixed a flat sum of \$30 and costs for drunkenness.

E. E. Snow, husband of Mrs. Snow, from whom she has been separated for some time, could shed no light on the mystery.

WOMEN ON GRAND JURY CAUSE ANOTHER DISMISSAL

AUSTIN, Nov. 23.—Another McLennan county case was reversed and dismissed today because two women were on the grand jury which returned the indictment. The case was that of Clyde Stroud, sentenced to seven years in the penitentiary, on a statutory charge.

FIRE AT CORPUS CHRISTI. CORPUS CHRISTI, Nov. 23.—Fire, starting in a drug store in the heart of the business section here this morning, spread to a dry goods store next door, and caused an approximate loss of \$75,000.

Truck's Exhaust Explodes Gas Pocket, Two Ranger Men are Painfully Burned

SOUTHWEST'S WORST BANDIT DIES IN BLOODY BATTLE AT WICHITA

One Policeman Killed, Three Others Wounded, in Gunfight With Gang.

By United Press.

WICHITA, Kan., Nov. 23.—Eddie Adams, bank robber, murderer, and the Southwest's most dangerous bandit, was dead here today, following a two days' reign of terror in and around Wichita, that resulted in the killing of one policeman and the wounding of three other persons.

Adams, leader of the notorious Majors-Adams gang of bandits, was shot to death late yesterday in a garage in the heart of the downtown district. He fought three police officers, two of whom he wounded, one perhaps fatally, until he fell dead in a pool of blood on the floor.

The band was surrounded at the garage, following pursuit by police and posses of a bandit party, which killed one policeman, wounded another, and seriously wounded a farmer who resisted an attempt to steal his car. In the battle in the garage, Charles Hoffman, detective, grappled with Adams, and was dangerously wounded. Ed Bowman, another police officer, was also seriously wounded before he shot the desperado in the close range struggle.

D. C. Stuekey, the third officer, fired a second bullet into the bandit's head.

A \$5000 reward was out for Adams as a bank robber.

Many Crimes Charged.

Many bank robberies and several killings are blamed on Adams. These include the killing of one man and the wounding of three officers near Osceola, Iowa, last October, after robbing a bank. Police today were also investigating the mysterious killing of a policeman, A. L. Young, here about two weeks ago, in an effort to connect the act with activities of the Adams gang. Young was found slain after he started to work from his home.

Nearly a dozen minor bank robberies in Southern Kansas since Adams escaped from the state penitentiary last August with three other convicts, are blamed on him. Adams, at the time of his escape, was serving a term for robbery of a bank and store at Cullison, Kan. Previous to that he escaped from the custody of officers who were taking him to the Missouri penitentiary to serve a life term for larceny in Kansas City, by leaping from a moving train near Jefferson City.

Frank Gardner was killed in a gambling session, and two policemen injured in shooting affrays and hold-ups here that preceded Adams' initial conviction, and the splitting of the Majors-Adams gang. The Major brothers are in the penitentiary.

NO LIGHT SHED ON MYSTERIOUS DALLAS DEATH

By United Press.

DALLAS, Nov. 23.—Authorities continued their investigation into the mysterious death of Mrs. Anda Odell Snow at the Parkland hospital here yesterday. Doctors who signed the death certificate declared that death was caused by mercurial poisoning, but that they were unable to determine whether it was internally or externally applied. The girl's assertion during periods of semi-consciousness that she wished she could "give the person who gave me this, some of it," led police to believe that other persons may have been responsible for the girl's condition.

E. E. Snow, husband of Mrs. Snow, from whom she has been separated for some time, could shed no light on the mystery.

SHIMMY JUST SHIMMY

By Associated Press.

CHICAGO, Nov. 23.—The abundance of phrases and words in legal phraseology are inadequate to describe the "shimmy." This admission was made today by Assistant States Attorney Souhrad, charged with preparing a case against thirty-nine persons charged with immoral conduct in dancing the shimmy. Attorneys for the defense obtained a continuance because the dance was not described.

"I supposed a shimmy is just a shimmy," stated Souhrad.

SMALLER NAVY PLANS NOW AT CRISIS STAGE

Decision Today on Whether Japan Will Block Armament Limitation.

By United Press.

WASHINGTON, Nov. 23.—The world may know today whether a definite agreement for the limitation of naval armament will be reached by the arms limitation conference. With the naval experts of the United States, Great Britain and Japan deadlocked over the Nipponese insistence on a navy 70 per cent as great as that of the other two powers, instead of 60 per cent as proposed by the United States, the conference itself sitting as a committee, was to take up the question.

Authoritative information predicted an agreement, either by a compromise or by yielding on the part of Japan. With such an agreement, the last big obstacle in the path of naval disarmament would be removed, conference leaders said. Some minor details would have to be discussed later.

Meanwhile, Briand may bring before the committee the question of French and Italian sea forces, but this is expected to cause little difficulty. The American advisory committee has been put to work on plans to minimize the horrors of war. The British appeared to be taking preparatory steps towards dissolution of the Anglo-Japanese alliance, with a possibility that this question may be brought before the far eastern committee late today.

Briand's reply to statements that Germany is ready to give further guarantees to an international tribunal to ally French fears, said that the best guarantee the Germans could give was the fulfillment of the Versailles treaty.

Japan to Compromise.

Japan has decided to recede partly from her hitherto insistent demand that she be allowed an increase of 10 per cent in capital ship tonnage under the American program for limitation of naval armament.

This was learned on high authority today, as the naval armament committee of the arms conference met to discuss the situation. Admiral Baron Kato, minister of the Japanese navy, is expected to announce Japan's decision at the meeting today.

NORTHCLIFFE DEMANDS SCRAPPING OF TREATY

By Associated Press.

LONDON, Nov. 23.—The Northcliffe newspapers today strongly demand that the Anglo-Japanese treaty be scrapped.

The London Times argues that existence of the treaty is contrary to British interests, impedes cordial understanding between America and Great Britain and generally hinders peace.

The Daily Mail contends that the treaty in recent years has been a "source of mischief" to China, encourages aggression by Japanese militarists toward China, and thus has been dangerous and prejudicial to the greater welfare of Japan herself.

LARGE BOND ISSUE VOTED.

BROWNSVILLE, Texas, Nov. 23.—Hidalgo county yesterday voted a bond issue of \$1,250,000 for the construction of concrete highways.

Motor Is Total Loss Near Caddo; Flames Leap High as House.

A. S. Brooks and N. L. Jackson of Ranger were, painfully burned last night when blown from the cab of a two-ton G. M. C. truck into a flaming gas pocket on the Mineral Wells road, ten miles north of Caddo. Sparks from the exhaust pipe set fire to the gas pocket and an explosion followed immediately. Both men were hurled from their seats and for a moment the men and the truck were enveloped in flames that leaped over 100 feet in the air and covered a fifty-foot area along the road. Swerving from the road, the burning truck ran for some distance to a clump of woods, narrowly missing the two men as they rolled from the flames, partially blinded.

Temporarily blinded. Jackson, his face and arms seared by the flames and temporarily blinded, called frantically to his partner and receiving no answer, ran toward a house some distance away, thinking that Brooks had been burned to death. Teamsters, pumps and others in charge of a nearby well and flow tank were dazed by the suddenness and scope of the explosion and fire and were able to offer but little assistance to Jackson or to Brooks, as the latter had followed the burning truck into the woods and attempted to put out the fire.

Both men were later rushed to Caddo for medical attention, leaving the truck still ablaze, and were brought to Ranger several hours later. Brooks, who was driving at the time of the explosion and wore gloves, was burned only about the head and face, escaping with less painful injuries than Jackson, who was still under the care of a physician this morning. Neither of the men is able to give a detailed account of the fire other than that a terrific explosion shook the truck as they passed a flow tank on the property of the Hart Oil company, immediately followed by flames shooting up around them.

Everything Was Frying.

"Everything was frying, it seemed to me, when I fell in the middle of the flames," Jackson said this morning. "I kept rolling and finally got out. The flames were as high as a house."

The truck was the property of G. H. Wilkinson and A. S. Brooks, Ranger transfer contractors, and had been sent to haul pipe to the Prairie company's pipe line north of Caddo. Brooks, accompanied by Jackson, was driving back to Ranger when the gas pocket was struck. According to the two men, employees at a nearby well declared that the gas habitually collected there from the flow tank but had never before been exploded by passing trucks or automobiles. The truck is reported to have been a total loss, as spectators were too dazed to lend assistance at first in extinguishing it and later too busy in protecting the tank and other property.

BRITONS NIP PLOT TO STEAL POLICE GUNS

LONDON, Nov. 23.—A widespread plot to steal government munitions from barracks in and around London was believed uncovered here today by the arrest of six civilians and four soldiers. Although Scotland Yard guarded the case with utmost secrecy, it was reported that six machine guns and eighteen rifles, stolen from the barracks, were discovered hidden in the home of a prominent member of a "Roger Casement Sinn Fein club" in London.

Announcement of the mysterious disappearance of four machine guns and twenty-one rifles from the Windsor barracks, near here, was followed by reports that shortages of munitions had been discovered at Wellington and Chelsea barracks.

Guards were stationed at the Windsor barracks.

MEXICAN RUM SMUGGLERS CAPTURED AFTER BATTLE

BROWNSVILLE, Texas, Nov. 23.—More than forty shots were exchanged between state rangers and customs employes and Mexican rum smugglers last night in a battle in the outskirts of Brownsville. Two men and a boy and a quantity of Mexican whisky were captured. Two of the smugglers escaped.

JURY BEING SELECTED IN THE BURCH MURDER TRIAL

LOS ANGELES, Nov. 23.—Selection of the jury proceeded today with the resumption of the trial of Arthur C. Burch, indicted with Mrs. Madalynne Obenchain for the murder of J. Belton Kennedy, broker.

THE WEATHER.

Tonight and Thursday, generally fair, with little change in temperature.

RANGER GRAVEL JUST AS GOOD AS CRUSHED ROCK

Engineers Say It Is Excellent Substitute for Use in Hard Surfaced Roads.

Gravel in the vicinity of Ranger may be safely substituted for the more expensive crushed rock in forming bases for waterbound macadam and other hard surfaced roads, in the opinion of J. I. A. Holloway, consulting engineer for the Barrett company, stationed at Dallas and widely known as a highway expert.

The consulting engineer was taken on an inspection trip yesterday to the gravel pits surrounding Ranger by City Engineer M. H. Redwood, who was of the opinion that the cheap gravel supply here could be used by the city for street building at a great saving. It is just a question of time before the city decides to continue its paving program into the residence section, Redwood explained, and by the substitution of local gravel for crushed rock a material saving can be effected in the work.

TOOL DRESSER BLOWN 20 FEET BY GAS BLAST

Fred Gillian, tool dresser for the Texas Pacific Coal & Oil company, was seriously burned about the face Sunday morning in a gas explosion resulting from a leaky gas valve, it was learned this morning.

Gillian is said to have been attempting to light the burners under the boiler when gas, which has escaped from the valve exploded, blowing him about twenty feet from the boiler.

DAMAGE SUIT FILED AGAINST EASTLAND FOR POLLUTING LEON RIVER

EASTLAND, Nov. 23.—Alleging that matter from the city sewerage disposal plant had polluted the Leon river, flowing through their land, and rendering the water unfit both for watering stock and for drilling purposes, L. C. and E. Downton this morning filed suit in the Ninety-first district court against the City of Eastland for \$25,000.

A permanent injunction also is asked to restrain the city from further draining the plant into the river. It is set forth in the complaint that the plaintiffs are the owners of 563 acres of land near the city.

BELFAST STILL SCRAPPY.

BELFAST, Nov. 23.—Fighting in Belfast broke out again at noon today. Terrified pedestrians fled the streets as the snipers and gunmen resumed their miniature battles in several districts.

Following the outbreak, it was announced that the curfew law would be enforced in the Bally Macarrett area—a Sinn Fein neighborhood—beginning at 9 o'clock tonight.

OATES CASES AFFIRMED.

AUSTIN, Nov. 23.—The Dean law does not repeal the misdemeanor vagrancy statute, making it an offense to deal in intoxicating liquor, the court of criminal appeals held today in denying the application for writ of habeas corpus in the cases of C. J. and Leland Oates, from Stephens county.

CHICAGO MAN CONFESSES HE SLEW SISTER-IN-LAW FOR \$50

CHICAGO, Nov. 23.—Thomas Catherwood today confessed to the brutal murder of Mrs. Betty Sharples, 22 years old and beautiful. Desire for \$50 she had saved to buy Christmas presents for her 13-months-old son, was the motive. His story:

"I called on Betty in the morning. She was working on baby garments while she chatted to me. The baby was next to her in a crib. She asked if I was hungry, and cooked me some lunch.

ENGLISH KING'S DAUGHTER WILL WED 'COMMONER'

English Cheer When Announcement Is Made at Buckingham Palace.

By United Press.

LONDON, Nov. 23.—All England today hailed Princess Mary and her "commoner" fiancé—the Viscount Lascelles, son of the Earl of Harewood. Their engagement was announced last night in a statement issued at Buckingham Palace by the king and queen. The fact that the title of viscount is a "mere courtesy of the king" and that the prospective bridegroom is really an ordinary commoner, seemed to please the newspapers and the public alike.

"I am a very happy and lucky man," Lascelles told his friends, who showered him with congratulations.

The news of the engagement displaced the disarmament conference in the point of vantage in the press. Columns of news articles tracing Viscount Lascelles' lineage down through seven centuries of English history, were printed alongside news of the arms parity.

The announcement of the betrothal threw London into a hysterically pleasant excitement. The theatres' managements had been notified, and when they gave the news to their patrons, the houses gave the princess a great ovation.

BOOSTERS MAKE SWING TO TOWNS SOUTH AND WEST

Ranger boosters returned last night from their trade excursion over the southern and western territory, well pleased with their trip. The Trade Day opportunities offered to shoppers here Friday were made known to all persons along the route and to most of the citizens in the six towns visited by the party, by means of short talks and the distribution of a special edition of the Ranger Daily Times.

In Cisco the boosters not only paraded the business district but invaded the residence section and made known their presence by a number of songs and Ranger cheers. The advantages of Ranger as a trading center for the section was likewise made known throughout the towns of Desdemona, Gorman, Eastland and Olden. Lunch was served to the party at Gorman by the association.

FLEDGLING NOBLES WARNED TO APPEAR AT SHRINE MEET TONIGHT

The Shrine club will entertain tonight at 7:30 with a smoker in honor of the thirteen newly made Ranger Shriners who were taken over the sands at Fort Worth last week. The smoker will be held in the Masonic hall and will include a Mexican supper. Dr. W. B. Palmer and H. S. Cole will be the speakers. The smoker will adjourn in time for all to accept the invitation to the Elks' dance.

The honor guests are warned by the old timers not to fail to attend the smoker. Those attending are promised immunity, but dire punishment is in store for the fledglings who fail to show up, it is stated.

MARRIED WOMEN ARE CO-EDS

AKRON, Ohio, Nov. 23.—Ten married women, including Mrs. Lydia Kolbe, wife of Dr. Park R. Kolbe, president of the institution, are enrolled as students in the University of Akron. Another is Mrs. Louise Copp, who has a son attending the engineering college at the university, and another is Mrs. Edna Keasle, the mother of four children.

PROSPERITY MIRAGES.

"We believe that business is going to right itself and drive ahead just as soon as the cost of living is adjusted to the income of the consuming public."

Thus reads one of the business bromides. Pentomint artists who would cure the ills of the world with verbal tonics are fond of saying things like that. They sound so convincing and plausible.

But they mean nothing. The cost of living, since Americans first became dissatisfied with bacon and beans as edibles, a log cabin as a home, and hides as clothing, never has adjusted itself or been adjusted to the income of the consuming public.

Now the cry is that wages must come down in order that the cost of living may become lower. Many persons agree with that, their mental picture of the process visioning themselves remaining on the present scale of emolument while John and Jim work for less. Thus would some attain a greater income of commodities for the same income in cash. It is a pleasant vision.

But Jim and John can't see it that way. They see commodities remaining at the present height and their purchasing power diminished. If anything, their cost of living is becoming more unadjusted to their income.

So there we are. If prosperity must wait for the cost of living to be adjusted to the income of the consuming public, there will never be any prosperity.

The days before the war, to which we look back so longingly, were just as bad. The dear old cost of living was no more adjusted to the income of the consuming public than it is today. It probably never will be.

When we first read of the slaughter of Democrats in the Kentucky election riot, we were disposed to be ashamed of their slow trigger action, but since we have learned they all took precaution to vote before going over the top, we enshrine them in Democracy's heart as true martyrs.—Houston Post.

MARINES SLAY TWO RIDERS ON R. R. MAIL CAR

WASHINGTON, Nov. 23.—Two men were shot and killed and a third wounded and arrested last night when they refused to leave the Pittsburgh-Chicago express, which carries a mail car, according to a report from Postal Inspector Craighead in Pittsburgh to Captain Barrett, in charge of marine guards on mail trains.

The report follows: "Clerk in charge of mail train Hunter train No. 9, leaving Washington last night, reports killing two men and capture of a third by marines.

"Report indicates marines ordered men off cars where they were riding and they refused to comply. "Third man brought to Pittsburgh and turned over to marines in charge."

TWENTY-FIVE-DOLLAR DRY LAW FINES COST U. S. FIFTY BUCKS A PIECE

CHICAGO, Nov. 23.—Convicting home brewers is a costly job for Uncle Sam. Twenty-five persons were fined from \$10 to \$25 each by Federal Judge Carpenter for kitchen violations of the dry law.

It was estimated that it cost the government \$50 each case. This amount is used in marshal's fees, grand jurors' pay, overhead expenses and commissioner's fees. Fines of \$25 cover about half the cost, it was stated.

NEWSPAPER CALLED BEST 'AD' MEDIUM TO REACH HOME MARKET

CHICAGO, Nov. 23.—"The newspaper finds its way into every home. Its advertisements are local and personal. Every housewife reads it. It gets the closest to her of any advertising medium. And it is to the housewife that we make our appeal."

E. B. Seitz, secretary of the American Washing Machine Manufacturers' association, made this statement at the association's meeting. "Our business turned the corner of business depression in July," added Mr. Seitz.

"We are now handling a volume of trade equal to that of 1919."

THIS BOY OF FOUR MUST EAT HIS CLOTHES, POOR PAPA THINKS

NEW YORK, Nov. 23.—There is nothing feminine about Arthur Vogel except his demand for clothes. He is only four and in two years has worn out:

Twenty-two sets of underwear, thirty-eight pairs of stockings, twenty suits, eleven pairs of shoes, three overcoats, six hats, eight nighties, twelve underwaists, seven pairs of rompers, one sweater, one pair of leggins.

Supreme Court Justice Finch was asked in the Bronx yesterday by Mrs. Josephine Vogel to declare her husband, Harry, in contempt for failing to provide sufficiently for the boy. They are legally separated.

Justice Finch looked over the list a second time and decided the boy's father had done a father's duty.

But the husband announced he would give his wife \$40 for his Winter's clothes for Arthur.

DIPLOMAS ISSUED TO PA. CONVICTS

PHILADELPHIA, Nov. 23.—Diplomas have been awarded to 500 inmates of the Eastern Pennsylvania prison by Penn State college, it is announced by Warden Robert McKenty. The prisoners, McKenty quoted college professors as saying, are better scholars than the average college student. The diplomas were awarded in vocational courses.

EAR OF CORN 30 FEET HIGH AT BIG FARM SHOW

CHICAGO, Nov. 23.—The gates will swing open Saturday Nov. 26, on the most comprehensive assortment of grain and forage crops ever brought together. The number of samples at this year's international grain and hay show, which is held in connection with the international livestock exposition, will approach the 6,000 mark.

More than a thousand ten-ear samples of corn form a part of the exhibit. Premiums are offered for single and ten-ear samples each of white and yellow corn; for exhibits of wheat, oats, barley, rye, soybeans, cowpeas and field peas, and for samples of seed and hay, including red alsike and sweet clover, alfalfa and timothy. One of the new features this year is a junior corn contest participated in by several hundred boys.

At the entrance of the grain and hay show a giant ear of corn will stand sentinel. It is thirty feet high. Sixty bushels of corn were required to build the freak. It is known as the "Dream of the Corn Farmer."

There will be miniature farms, complete in every detail. The exhibit of the United States department of agriculture, which covered 3,000 square feet last year, will be even larger this year. Luther Burbank and other wizards of the soil will be represented by exhibits. One of these shows the evolution of corn from Indian grass. Burbank accomplished in a very few years the same result which took the Indians centuries to attain.

Canada's entry list and delegation of field experts will be 50 per cent larger than last year.

MASKED MEN FLOG NEGRO BELL PORTER

MUSKOGEE, Okla., Nov. 23.—A. Goldstein, a negro bellboy at a leading hotel here, was taken from the hotel Monday night by twenty masked men and severely flogged. He was left in a field, a short distance from town.

The negro confessed to improper relations with white women at the hotel where he was employed, according to a newspaper reporter who accompanied the band.

MUSTN'T KILL MAN FOR STEALING WATERMELONS

AUSTIN, Nov. 23.—Affirmance was ordered by the court of criminal appeals today in the case of Francisco Espalin, from El Paso county, giving fifteen years as an accomplice to the killing of a man in his watermelon patch. The killing was done by a guard placed in the patch by Espalin to prevent depreddations.

ANTI-BEER BILL CLOSES LEAK IN VOLSTEAD ACT

WASHINGTON, Nov. 23.—The anti-beer bill was signed today by President Harding.

The signing of the bill, on which congressional action was completed last Friday, automatically closes the gap in the national prohibition laws as revealed by Former Attorney General Palmer in an opinion to the effect that there was nothing in the Volstead act to preclude the prescribing of beer as medicine.

Prohibition advocates in congress, soon after publication of Palmer's ruling, evoked the bill which now goes into effect. A hard fight against the bill was waged by anti-prohibitionists, especially in the senate, with the result that the final legislative act was held off for several months.

Treasury officials, because of the pending legislation, held off the issuance of regulations making the prescribing of beer possible until last month. Since the regulations were issued, about half a dozen breweries have obtained permission to make medicinal beer but owing to numerous changes necessary in instructions to prohibition directors and other officers, it is not believed that much beer has been sold.

LORENA KLAN PARADE VICTIM SUES SHERIFF

WACO, Nov. 23.—Suit for damages was filed in the district court here Tuesday by Carl West of Lorena against Bob Buchanan, sheriff of McLennan county and his bondsmen asking for \$50,000 damages. The petition asks for \$25,000 actual and \$25,000 punitive damages. The suit grows out of the affair at Lorena in this county on the night of Oct. 1, when the sheriff attempted to stop a Ku Klux Klan parade. West was shot in the neck.

GIRL TICKET-SELLER HELD FOR ROBBERY MOVIE HOUSE

CLEVELAND, Nov. 23.—Mary Turay, 21, a girl ticket-seller in a movie theatre, is under arrest today charged with the theft of \$5,000 in receipts of the theatre. The girl received a salary of \$6.50 per week. Police say the girl, after her arrest, made a full confession. In her room, hidden under a bed, was found \$3,186, while two bankbooks showed deposits of \$2,500.

BAR ROOM SOAP ARTIST HAS NEW JOB; NOW HE'S WRITING MENUS

"Well, at last I know that one line of business which was knocked in the head by the action of Mr. Volstead has come back into its own!" exclaimed the business man as he looked about the luncheon room of a serveyourself place in the downtown business section, says a writer in the New York Sun.

"How is that, and what business do you refer to, Jim?" asked his companion, as they both climbed on adjoining stools at the one counter where you could be served by a single white-coated attendant.

Now He Writes Menus on Mirrors. "Why, the old-time 'bar decorator,' who used to put soapbuds pictures of Napoleon or Niagara Falls or winter time in Switzerland across the mirrors of the saloons," replied Jim. "I used to enjoy watching him work and even found out when the pictures were to be changed so that I could be there and watch him work."

"Now he has a job putting the menu on the mirrors about the luncheon rooms, or on the glass windows leading to the street. He can chance the menu faster than the counter man could put in a card in the other style of 'scoreboard' and also has a

variety of terms and new names for old dishes.

Acquainted With 'Menu French.'

"In fact, the clever menu writer among the soapbuds artists is the man who was fortunate enough to ac-

quire a slight knowledge of or acquaintance with French menu cards. "He can successfully camouflage hash and other standbys under the prettiest sounding names, and the funniest part of it is the persons who order the stuff wouldn't eat it under the right name. "Say, young feller, let's have some roast beef au jardimere with pommes de terres," he called to the grinning counter man who had been listening in all along.

BRECKENRIDGE MEETS RANGER TOMORROW IN FOOTBALL'S FINAL

Game Starts at 2:30 Because of Train Arrangements; Both Teams Ready for Decisive Clash, With Odds Even; Henshaw May Be Out.

The Breckenridge-Ranger football game tomorrow afternoon at Nitro park will start promptly at 2:30 o'clock. This hour was set so the Breckenridge rooters, of whom more than 200 are expected, may catch the evening train back to Breckenridge. For their accommodation, the Hamon line has agreed to hold the train in Ranger for an hour, it leaving at 5 p. m. instead of 4, as usual.

Ranger High footballers went through their last practice scrimmage of the year yesterday afternoon. It was a somewhat lady-like affair, for drills on particular plays, because Coach Hart didn't want to

take any chances with his regulars. Today, there will be signal work, and tomorrow the big final game of the season will be staged at Nitro park, with Breckenridge as the opposition.

With the exception of Henshaw, who yesterday developed symptoms of a chertley horse, the squad is in first class shape. Henshaw may round to form and if he does, the regular line-up will do battle. If Henshaw is out, Yonkers, who has shown some clever performances in the backfield in several games, will go in at center. He got several lengthy sessions at passing the ball yesterday, and it appears that he will hold the job in a workmanlike manner.

Breckenridge is coming over strong—at least 200, is their report—with the firm intention of taking this game. They have shifted the team about a bit since the walloping Ranger handed out a few weeks ago, and affirm that they can take the game.

The most notable change is the shifting of Avery, the sensational halfback, to quarter. Last Saturday Breck played Albany, sending in the second team as a starter. The scrubs yielded two touchdowns, and with nine minutes to play, Breck appeared beaten 14 to 0. Then the regulars got in action and scored four touchdowns in those nine minutes.

That filled them full of confidence and they're coming down to avenge the spanking Ranger administered.

That work entitled a team to feel chesty, but when the Buckaroos meet the Rampagers, they're liable to find that the old story of a stone wall line will again dash their hopes. It was sterling defensive work and a refusal to get excited that downed Breckenridge 13 to 0 on the Breck grounds and the Ranger line-up is 100 per cent unanimous in the belief that it can stop the other fellows' rushes and cash in on their own.

However, it will be some game, as the Thanksgiving combat should be. Those who haven't seen Ranger's Rampagers in action this season, shouldn't miss it. Those who have followed the team all season, and seen the steady, gritty and dashing football it has played, would break jail to get there.

ELABORATE THANKSGIVING CEREMONIES AT A. & M.

By Associated Press.

COLLEGE STATION, Nov. 23.—Thanksgiving day at Texas A. & M. college will be observed with elaborate ceremonies, according to Ike Ashburn, commandant at the college.

Approximately 14,000 visitors are expected to be present for the Texas-Aggie football game that afternoon, the commandant said, and there will be the reunions of the organizations of ex-students from both A. & M. college and the University of Texas. The Aggie cadets will have a dress parade on the drill ground and calisthenics exercise at the football field.

Eight special trains will be run into College Station from different sections of the state.

HUMPHREYS TO DEVOTE IMMENSE OIL RICHES TO SERVICE OF HUMANITY

MEXIA, Nov. 23.—Reaffirming his pledge to devote the wealth which he is obtaining from the Mexia oil field to the welfare of his fellowmen and the service of God, Colonel A. E. Humphreys received the benediction of Governor Pat M. Neff, the Rev. Pat Witherow, an evangelist of West Virginia, and many other speakers today with the fervent well wishes of hundreds of his other guests who participated in the celebration of the discovery of this field one year ago.

Visitors from all parts of Texas, as well as from half a dozen other states attended to the number of about 500.

Sarah Bernhardt, the French actress, celebrated her 77th birthday recently by appearing in a new play by Maurice Rostand.

RAINBOW
A quaint little girl from the country went to live with her uncle in the city and amused the servants with her grotesque manners. In a few weeks this country lass blossomed into a beautiful society belle; but retained all those lovable mannerisms that made her a favorite wherever she went. A city youth who had met her in the country was surprised at the transformation and became her wooer. DEATH CLAIMS MAN WHILE DRIVING CAR

FORT WORTH, Nov. 23.—While hurrying to a drug store in order to obtain a prescription for acute indigestion, Ernest Meyer, 26 years old, residing at White City House, died suddenly at 11:30 o'clock yesterday when the automobile which he was driving, steered, skidded to the opposite side of the road and crashed into a telephone pole at Twenty-fifth and Ross streets, North Side.
Meyer, who is married, had left his home shortly before 11:30 o'clock after a physician had visited him and gave him a prescription for indigestion. He started alone in his automobile to the drug store, and is believed to have neared his destination, when death occurred. The engine of the machine was still running when Officer Sullivan of the North Side found the car with its occupant lying a few feet away. Justice of the Peace Emmett Moore held an inquest and pronounced death due to acute indigestion.

21 APPLICANTS FOR KING'S SCHOOL JOB

AUSTIN, Nov. 23.—Since the resignation of C. E. King, superintendent of the Gatesville Juvenile Training school, was announced, approximately fifteen applications for the position have been received at the governor's office. About six others are on file with the board of control, received before the board announced its decision as to the charge of cruel treatment to inmates.

Secretary Walthall said yesterday that he was advising the applicants to place their applications with the board of control as the governor had no say in the selection of King's successor. The law makes the board of control the directing body of the institution.

MOST UNIQUE JAIL IS BUILT AT MANSFIELD, Mo.

MANSFIELD, Mo., Nov. 23.—America's most unique jail has been located here. The village "jug" is really a jug, the most curiously designed structure of modern eras.

The little building, which is used sometimes, is constructed of concrete, sixteen inches thick. It is the replica of the half of the old-time whisky bottle, the exterior being rounded, with a tapering of several feet at the entrance. This "jug" has iron bars. Officers admit, that without a cork and a handle it is not literally a jug.

CONGRESS WILL NOT INVESTIGATE KU KLUX

WASHINGTON, Nov. 23.—The Ku Klux Klan investigation has received its quietus.
The resolution for the congressional probe lies in a stupor, if not dead, in the house rules committee.

Colonel Simmons of Atlanta, the imperial wizard, is to be permitted to do his promised house cleaning in his own time and way without interference by congress.
Chairman Campbell of the house rules committee, admitted Tuesday there was no present intention on the part of any resolution favoring an investigation by conference of the Klan.

CORN AND CHAUFFEUR SPREAD DESTRUCTION

DALLAS, Nov. 23.—Corn whisky caused a chauffeur to wreck three automobiles, damage two street cars and injure a half dozen passengers when he ran wild Tuesday.
The chauffeur was finally overpowered and taken to the police station with two burly policemen astride his body. He fought the street car employes and passengers for an hour before he was subdued. Charges have been filed against him.

SUSPEND CO-EDS WHO "BUMMED" WAY TO GAME

COLUMBUS, Ohio, Nov. 23.—"No woman student shall so conduct herself as to draw public attention and reflect upon the standards of our university."
This is the rule posted by officials of the Ohio State University.

It was announced after a number of co-eds, who bummed their way to another city to witness the Ohio State University eleven play another university football team, were suspended.

How Yeast Vitamon Tablets Put On Firm Flesh

Strengthen The Nerves and Invigorate The Body—Easy And Economical To Take—Results Surprisingly Quick.

If you want to put some firm, healthy flesh on your bones, increase your nerve force and power, clear your skin and complexion and look and feel 100 per cent. better, simply try taking two of Mastin's tiny VITAMON Tablets with each meal and watch results. Mastin's VITAMON Tablets contain highly concentrated yeast-vitamins as well as the two other still more important vitamins (Fat Soluble A and Water Soluble C) and are now being used by thousands. Mastin's VITAMON Tablets never cause gas or upset the stomach but, on the contrary, improve digestion. Be sure to remember the name—Mastin's VITAMON—the original and genuine yeast-vitamine tablets. There is nothing else like it, so do not accept imitations or substitutes. You can get Mastin's VITAMON Tablets at all good druggists.

Are Positively Guaranteed to Put On Firm Flesh, Clear the Skin and Increase Energy When Taken With Every Meal or Money Back

GET RID OF YOUR FAT

Thousands of others have gotten rid of theirs WITHOUT DIETING OR EXERCISING often at the rate of over a pound a day and WITHOUT PAYMENT until reduction has taken place.

I am a licensed practicing physician and personally select the treatment for each individual case, thus enabling me to choose remedies that will produce not only a loss of weight harmlessly, but which will also relieve you of all the troublesome symptoms of over-stoutness such as shortness of breath, palpitation, indigestion, rheumatism, gout, asthma, kidney trouble and various other afflictions which often accompany over-stoutness.

My treatment will relieve that depressed, tired, sleepy feeling, giving you renewed energy and vigor, a result of the loss of your superfluous fat.

You are not required to change in the slightest from your regular mode of living. There is no dieting or exercise. It is simple, easy and pleasant to take.

If you are over-stout do not postpone but sit down right now and send for my FREE TRIAL TREATMENT and my plan whereby I am to be PAID ONLY AFTER REDUCTION HAS TAKEN PLACE if you so desire.
