K K K PASS IN REVIEW BEFORE GORMAN FOLK

TWO OFFICERS WILL BE TRIED DURING WEEK

Sheriff and Constable Face Charges in the County Court.

Special to the Times.

EASTLAND, March 18.—Two county officers, Sheriff Sam E. Nolley and Constable R. L. Faircloth, will appear as defendants in the county court at law on March 20 and 22. Nolley is charged with aggravated assault on the person of L. J. Starkey of Cisco, as the result of the encounter in that city on Feb. 3, in which Starkey is alleged to have been flogged by a blow of the sheriff's gun and stabbed by Newt Mahaney.

Faircloth is charged with abusive language, drunkenness and aggravated assault as the result of his alleged treatment of a Prairie company employe near Ranger some time ago. At the time the employe, in company with another young man and young woman was driving home, when they are alleged to have been stopped by the constable, who is said to have flourished a gun and cursed the party while in a drunken condition. It is claimed by Constable Faircloth that he was searching for whiskey and that his indictments were the results of his being "jobbed." The officer is charged with another case of drunkenness as the result of a previous encounter with parties in the vicinity. The cases against him have been set for hearing on March 22.

The case of Nolley and one against Newt Mahaney, the latter on a charge of carrying a pistol, will be tried on Monday, March 20. The trial of J. B. Ames, of Ranger, on a charge of aggravated assault growing out of an encounter at the Ranger Times office during the early part of December, has also been set for hearing on that date.

On March 24, sixteen cases of violating the dipping law have been set for trial.

ALL PLANS LAID BY MINERS FOR APRIL 1 STRIKE

By Associated Press.

NEW YORK, March 18.—Six hundred thousand union miners in the anthracite and bituminous coal fields will quit work on April 1 unless some unforeseen solution of the present wage controversy is offered in the meantime, John L. Lewis, president of the United Mine Workers of America announced today. Plans for evacuation of the mines already are under way, Lewis said. In the event of a walkout, pumpmen, engineers, firemen, watchmen and helpers will remain at their posts to prevent flooding of mines and maintain the properties, he said.

He estimated that 1,000 men would remain on duty in the anthracite and 3,000 in the bituminous mines for such purposes. Final orders for withdrawal of the men will be issued from the general offices of the union at Cleveland or Chicago, probably next week, it was said, effective in case operators and miners fail to arrange a new working contract before April 1.

ENEMY ALIENS IN ARMY TO GET WAR RISK INSURANCE

WASHINGTON, March 18.—Enemy aliens who served with the United States during the World war are entitled to the benefits of the war risk insurance act under a recent interpretation of the act by the veterans bureau, according to instruction issued today by Director Forbes.

ROBS ON RUN.

CLEVELAND, Ohio, March 18.—A motorcyclist who robs on the run by the "put and take" method is the latest thing in police complaints here. Mrs. Pauline Watson reported to police today that while riding on a street car last night a motorcyclist drove alongside the car, put his hand through an open window, took a fur neckpiece from her shoulders, and escaped.

No Announcement Made, But Band Concert Collects Crowd Beforehand.

Special to the Times.

GORMAN, March 18.—Approximately 100 members of the Ku Klux Klan in full regalia paraded the downtown section of Gorman tonight shortly after 10 o'clock in full regalia, while 1,500 people who had gathered for the first concert of the newly organized Gorman band lined the streets. The klansmen came from the north section of the town, bearing aloft a fiery cross of small electric bulbs. They were afoot and after marching through the lane of spectators disappeared in the direction from which they came.

The parade, except for word brought through the business section of the city a few moments before the vanguard of klansmen reached there, was unheralded. There had been rumors of a parade but no time had been mentioned. No attempt was made by members of the sheriff's department or local officers to interfere, although the sheriff had announced last fall that the Klan would not be permitted to stage parades in Eastland county.

The parade was the first in the county and the second public appearance of the klansmen, the first having taken place at Ranger some time ago when klansmen placed a fiery cross of red carnations on the coffin of a member, as the body was awaiting shipment at the Texas & Pacific depot there.

The klansmen were first seen here tonight by a Gorman youth who was driving his "girl" home in his flivver. He headed back to town and apprised the crowd of their coming.

MEMPHIS SUBURB TERRORIZED BY GAS EXPLOSION

By Associated Press.

MEMPHIS, Tenn., March 18.—Hollywood, a Memphis suburb, was rocked late today by the explosion of two tanks of gasoline at the plant of the Royal Refining company. A number of employes sustained minor injuries or burns but there were no fatalities as almost all of the employes had left the grounds before the explosion. The fire which followed the explosion was soon brought under control.

The fire originated with the explosion of a wagon tank which was being filled. The driver of the tank who could give no explanation as to the cause of the explosion, was thrown some distance but was only slightly bruised. Another small tank caught fire and the blaze jumped to the big storage tank, which exploded.

Officials of the company were unable to give any estimate of the damage. Residents of the neighborhood fled from their homes, fearing that the entire suburb would be destroyed.

SUPREME COURT RULES IT HAS RIGHT TO REVIEW ALL POINTS IN CASES

By Associated Press.

AUSTIN, March 18.—The supreme court of Texas is not restricted to consideration of one point in a case appealed to it but can consider all points and facts of the case, according to an opinion of the court. The court is not confined to the point or point for which a writ of error or reversal is sought but can consider the entire case from the time it started, the opinion held.

The court further held that when a point of civil appeals has granted a writ of error in a case that the supreme court had the jurisdiction over all points in the case as well as the one of which the appellate court granted the writ. The decision was rendered in the case of Holland vs. Nimitz, from Tom Green county.

THIEVES ENTER HOME AND CARRY OFF TRUNK

The residence of S. Romick, Main street merchant, was entered last night by thieves and a large trunk filled with linen, clothing and personal effects carried off. The thieves passed up a heavy fur coat but took a leather coat that pleased their fancy. The robbery occurred while the family was at the Romick store and was not discovered until their return home late last night. The police were notified and searched the neighborhood without finding any trace of the thieves. It was the opinion of the officers that the trunk had been carried by the thieves into the brush and broken open.

BULLET-PROOF

By Associated Press.

PECOS, March 18.—Jose R. Grenada, farm laborer, who was found north of Pecos two weeks ago with a bullet hole in the middle of his forehead and a pistol nearby, is still living. The course taken by the bullet is a mystery to local doctors, who expect Grenada to recover. His reason has not been affected by the wound.

PLAINS TOWNS PLEDGE AID FOR NEW RAILROAD

Organization Formed at Fort Worth to Promote Line to West.

FORT WORTH, March 18.—West Texas and the Plains today pledged themselves to build a railroad from Fort Worth to the Plains, regardless of the route, when 400 delegates to the largest rail meeting ever held in Fort Worth adopted unanimously a resolution to financially support the new project, which will be a realization of a dream West Texas has been seeing every night for thirty years.

Following the selection of William M. Massie, president of the Fort Worth Chamber of Commerce, as permanent chairman, and E. S. Shannon, permanent secretary of the Fort Worth-Plains railroad organization, a committee of fifty-six, one, with two exceptions, from every town represented, met and instructed Massie to appoint an executive board limited to nine members which is to appoint all necessary committees.

Massie announced that the members of the executive board would be appointed and their names announced later. The report of the committee of fifty-six follows:

"We recommend that W. M. Massie, chairman of the general board, be given power to appoint all necessary committees for the furtherance of the proposition and that his executive committee be limited to nine members. We recommend that the naming of the railroad and like details be left to the executive committee appointed by the general chairman.

"We recommend that every county in the territory proposed pledge itself morally and financially to uphold any and all actions of the executive committee."

CLUMSY 'LAW' TRIPS ON POT, FINDS STILL

By Associated Press.

TYLER, Texas, March 18.—After an all-day search for a moonshine still on the premises of Floyd Pope, farmer, about fifteen miles west of Tyler, the location of the distillery was discovered when a washboiler in the rear of Pope's residence was accidentally overturned by a deputy sheriff and it was found to mask the smokestack from the furnace of an underground still, according to the story of the officers.

Further investigation led to the discovery of a subterranean chamber sixteen feet square, in which was concealed one of the most complete distilling outfits ever captured in this county, the officers claimed. The entrance to the chamber was obscured by a brush pile and the smoke went so arranged that smoke from the furnace would appear to come from a fire beneath the wash boiler. Pope was placed under arrest on a charge of violation of the Volstead law.

CHICAGO ACCIDENTS LAID TO LIMB DISPLAY

CHICAGO, March 18.—Longer skirts for women, lower steps for street cars, or blinders for men—Chicago must have one of the three in order to prevent a steady increase in accidents, Alderman Leo Klein declared in introducing an ordinance before the city council providing for lower street car steps.

"The women wear such short skirts that when they start to climb the street car steps—well, the men can't see to keep their eyes to the front, and many accidents occur, particularly among motorists," explained Klein.

The proposed ordinance was referred to a committee.

Crankless Telephones at Last!

HUNGER DRIVES DISABLED VETS TO BEGGING PAY

March on Vocational Training Bureau for Pay Delayed By Congress.

NEW YORK, March 18.—Several hundred disabled soldiers taking vocational training in New York and its suburbs crowded into the district office of the bureau today and unsuccessfully demanded their semi-monthly pay. Behind the cashier's window were 6,000 treasury checks made out for the veterans but these were held up, since the bureau was out of funds because congress had not passed the deficiency appropriation bill.

The disabled men, some of them pleading hunger and empty pockets, went up to the fifth floor and begged Major Henry Opyke, district manager, to see that they got their money. He explained that he had no authority to act but after telephoning to Washington, permission was received to issue emergency funds to those most in need. This fund contained only a few thousand dollars, compared to the \$300,000 or more usually paid every two weeks to the 6,000 taking vocational training in the metropolitan districts.

It was said that 105,000 disabled soldiers scattered over the country face a similar situation today.

SOUTH AFRICAN MINE STRIKE IS BROUGHT TO END

JOHANNESBURG, South Africa, March 18.—The mine strike, which has lasted sixty days, will end at midnight tonight, the order for its cessation having been confirmed by all the unions concerned, acting independently of the workers' federation. The Mine Workers' union, representing 21,000 men, led the way by opposing the proposed plan for a ballot among the men as being impracticable, passing a resolution disassociating itself completely from the revolutionary movement and repudiating and condemning it.

Premier Smuts has appealed to the employers to show generosity in retaining the men in order to diminish the number of unemployed. He emphasized the urgency of avoiding vindictiveness against those who in many cases acted under compulsion.

REMOVE APPENDIX OF MONTH-OLD BABE

COLORADO SPRINGS, Colo., March 18.—Gilbert John Premer, one month old, underwent the surgeon's knife at Bether hospital for appendicitis and attending physicians announced the operation has been successful. The parents are Mr. and Mrs. John Premer of Elbert, Colo.

VETS WANT BEER

By Associated Press.

CHICAGO, March 18.—A resolution favoring the veterans' compensation bill and declaring that the best means of financing it would be to legalize the manufacture and sale of beer and light wines to which a tax would be attached, was adopted by the Lakeview post Veterans of Foreign Wars, tonight, and sent to members of congress.

OLD FRIENDS MUST PART

COBLENZ, March 18.—While a band played "How Dry I Am," the favorite tune at departure of American troops for the homeland, a train carrying 1,100 members of the American Rhine army left here this evening. Sixty-four German brides are accompanying their husbands to the United States. Bright spring weather brought out thousands of inhabitants to see the Americans off.

The train is due at Antwerp tomorrow morning and the men will sail on the transport Cambrai in the afternoon. The American forces on the Rhine now are below the 4,000 mark.

New Exchange Cut in at 9:50 Last Night, Giving Ranger "City Service;" System of Most Modern Type.

Lay off that telephone crank! Simply lift the receiver when you want a number and wait—till the operator sweetly murmurs "Number?" You are city folks now.

Last night at 9:50, while part of Ranger was at the picture show and the other part sleeping, the telephone lines were cut into the new switchboard in the new quarters in the Poe building on Marston street, marking the beginning of modern telephone service in Ranger and multiplying the capacity of the telephone system here by six and then some. Every one of the 550 cranks on as many telephones will come off in the near future—in the meanwhile, ignore them. Flashes on the switchboard at the new exchange will take the place of the Swiss bell ringing of former times.

With the inauguration of modern telephone service, there will be fewer anxious inquiries of "wait-ting." The operator will know blame well you are waiting, she might have guessed it before, but now a light or flash on the switchboard informs her of the fact more convincingly than the most impatient

"waiter."

The new exchange has a capacity of 3,500 as compared with the present capacity of 550. Installation of new phones for those on the waiting list will commence shortly, it is announced. No decision has been reached by the company, however, on the question of running lines into communities of the city without telephone lines at present. The new exchange is the common battery system and has been subjected to exhaustive tests and declared second to none of the manual type.

Division and district telephone officials from Fort Worth, Dallas and Cisco were here last night for the "cutting in," the number including J. S. Trapp, Fort Worth, division traffic superintendent; O. H. Ficklin, Dallas, general plant superintendent; Fred Livingston, Fort Worth, division plant superintendent; Tom Stewart, Fort Worth, division equipment supervisor; R. E. Glaze, Cisco, district traffic chief; T. J. Baggett, Cisco, district plant chief; J. A. Williams, Cisco, district manager, and Manager Frazier of the local office.

PIONEER'S CASINO IS NO MORE!

Tables and Other Equipment Burned, County Attorney Announces; Proprietor Not There to Welcome Sheriff.

Special to the Times.

EASTLAND, March 18.—The crap tables, stud tables and other gaming equipment of the alleged gambling establishment at Pioneer, brought to the attention of the county authorities Wednesday by County Treasurer Ed Pritchard and several Eastland citizens, had been removed from the

establishment and burned by Sheriff Nolley, it was announced today by the county attorney's department. The sheriff is reported to have visited the establishment but to have found no one there. The tables and equipment were thereupon piled outside the building and a match applied, it is said.

MERCHANTS' TEAMS ON ANXIOUS SEAT AS BANQUET DRAWS NEAR

The Retail Merchants' association Tuesday night in honor of the new members and the winning team, will be acquainted with their fate. The banquet will be served in the ballroom at the Gholson hotel and an elaborate repast has been arranged for by Manager Arthur Jury of the hotel. The banquet will be without cost to all the new members of the association and all others, including the band, are urged to be present. The band will play in front of the hotel from 6 until 7 o'clock, when they will retire to the ball room to furnish music during the repast. The program for the repast includes many entertainment features, furnished by others than those of the losing team.

'SHUT YOUR EYES AND OPEN YOUR MOUTH,' LATEST RUM WRINKLE

NEWARK, N. J., March 18.—Cafe owners have devised a new difficulty for enforcement officers, the deputy police chief said today. Here's the way the scheme is worked at Newark bars:

A thirsty person enters. The man behind the apron appraises him and decides he needs what he came in for. The thirsty one is told to stand close to the bar, hold his hands at his sides, throw back his head and open his mouth. Then the desired liquid is poured down the waiting throat.

"Now there's no way for a policeman to take evidence out with him," complained the deputy chief. "We've got to figure out a scheme to beat this new dodge."

REDS STILL ACTIVE FOR SACCO AND VANZETTI

RIO DE JANEIRO, March 18.—The crusade of the Rio workmen in behalf of Sacco and Vanzetti has not yet terminated, according to an announcement from the Federation of Workmen of Rio de Janeiro.

The views of some of the labor organizations of Rio regarding the Sacco-Vanzetti affair have been stated intermittently ever since the time it was first known here that the two men had been pronounced guilty of murder and sentenced to death. On one occasion a small group called on editors of newspapers and demanded that the case be given wider publicity in Brazil and that the editors take the part of the two condemned men.

LEADER'S DEATH PUTS QUIETUS ON MEXICAN REVOLT

General Pablo Favela Slain in First Clash With Obregon Forces.

By Associated Press.

EL PASO, March 18.—The revolution that was to have broken out in the Mexican state of Coahuila early this week met with disaster in the making, even more quickly than the Rodriguez-Merigo uprising in Chihuahua of a few weeks ago. United States operatives declared here today.

The new government was planned by general Pablo Favela, the federal officers said, who has been spasmodically under arms in the vicinity of Torreón for about a month. About five days ago Favela clashed with a small federal force near Lerdo, on the Durango side of the Coahuila border. The general sustained a serious wound, fleeing to the mountains with a few followers and dying soon after.

General Ireneo Villareal, who with two followers was arrested in Presidio county, Texas, by American officers about the same time, was to have joined the Favela movement, possibly as second in command, the officers said. The Villareal party arrived in El Paso last night and was taken to the county jail to await disposition in the federal court. They pleaded not guilty to the charge of fomenting a revolution.

ART EXHIBIT TO OPEN HERE ON WEDNESDAY

An exhibit of 200 photographs, photogravures and color prints of famous painting and art studies will be placed on exhibition Wednesday at the Manhattan cafe building on Main street by the Parent-Teachers' associations of the city schools. The exhibit is owned by the Elson Art Publishing company of Elson, Mass., and the object of the exhibit is to raise funds to purchase pictures for the Ranger schools. Admission of 1 cent will be charged school children and 10 cents to others. The pictures will be displayed here through Saturday and at the close, the admission charges will be pro rated among the schools, after the expenses have been deducted.

Wednesday has been set aside for the pupils of Central Ward school, Thursday for the Cooper and Tiffin ward students, Friday for the Young and Merriman pupils and Saturday for High school students.

The exhibit, it is announced, contains only the best reproductions of the masterpieces of different countries and different periods.

OMAHA PUGILIST LOSES LIFE IN RING

By Associated Press.

OMAHA, Neb., March 18.—Charles Havelock, Omaha prize fighter, fatally injured last night in a bout with Ray Carter of Sioux City, met an accidental death, it was decided by a coroner's jury which late this afternoon ordered Carter's release from blame. Carter had been out on bond.

CENT-A-MILE RATE FOR CONFEDERATE REUNION

By Associated Press.

MEMPHIS, Tenn., March 18.—Announcement that the United Confederate Veterans will be allowed the old rate of a cent a mile to and from the annual reunion in Richmond, Va., was made by railroad officials here today. The cent-a-mile rate will apply only to veterans and dependent members of their families traveling with them and members of auxiliary organizations. Others attending the reunion will pay half fares.

EASTLAND REDEEMS \$15,000 CITY SCRIP FOUR YEARS OLD

Special to the Times.

EASTLAND, March 18.—The \$15,000 in scrip issued by the city of Eastland in 1918 to bear the initial cost of installation of the water system will be paid Monday, it was announced by city officials today. The issue was taken up by public spirited citizens here at a time when the city funds were low and has been held by them ever since.

WAR ON 'TUMMIES'

By Associated Press.

NEW YORK, March 18.—Thirty-two women led by Mayor and Mrs. Hylan began a series of walks this afternoon in the hope of shrinking their waist lines. The party assembled at the city hall upon suggestion of the health department.

HARDING HOAXED BY 'WET' LEAGUE, SAYS DRY CHIEF

Names Other Notables as Alleged Victims of Constitutional League.

NEW YORK, March 18.—Serious charges, and more serious insinuations, concerning the Constitutional League of America, the national committee of which includes President Harding, Mrs. Harding and virtually the entire cabinet, were uttered before a church full of people in Yonkers, by William H. Anderson, superintendent of the Anti-Saloon league of New York.

The President and Mrs. Harding, according to Mr. Anderson, were "hoaxed" into becoming members, as were other notables, including Bishop Manning, by men who were secretly plotting to destroy the Volstead act and annul prohibition.

Working Against Drys.
In substance, Anderson said that the Constitutional League of America is operated by Jerome A. Myers, who, while upholding the constitution at No. 1540 Broadway, is, in fact, Anderson alleges, attempting to destroy a part of it at the Hotel Martinique where he, Myers, is directing the New York activities of the Association Opposed to the Prohibition Amendment.

A reporter found Myers at the helm in the Hotel Martinique. He made no secret of his abhorrence of the eighteenth amendment to the constitution. He said, however, that his connection with the Constitutional league had no relation to his active aversion to Volsteadism.

But Anderson went further. He said he would ask District Attorney Ranton today to investigate the financial affairs of the Constitutional league.

Charges Against Myers.
The report of Mr. Anderson's allegations as released in advance by the Anti-Saloon league leader and checked up on delivery at the Central M. E. church, Yonkers, by a reporter, says in part:

"The Constitutional league of America, with headquarters in New York, has as its national director Jerome A. Myers, a man who—

"(1) Is opposed to the eighteenth amendment.

"(2) Favors nullification of it by repeal or emasculation of the Volstead national prohibition enforcement act.

"(3) Conducted a wet speakers' bureau and helped put over the fake balloting recently conducted for the purpose of showing sentiment against the prohibition amendment.

"(4) Is now actively engaged in promoting the organization of a New York branch of the Association Opposed to the Prohibition Amendment, to be launched at Carnegie hall on the evening of March 15."

ALICE BRADY IS MOTHER.

NEW YORK, March 18.—Birth of daughter of William A. Brady, has a son to Alice Brady, actress and become known with the filing of a certificate in the bureau of vital statistics at Mt. Vernon. Miss Brady was divorced from James Lyons Crane, actor, last January. They were married two years ago.

The baby named in the certificate as Donald Crane was born in Mt. Vernon hospital, where Miss Brady had registered as Mrs. John Edwards of Scranton, Pa.

Crane is the son of Dr. Frank Crane, writer.

\$100,000 LOSS AS FIRE RAZES BIG HOT HOUSES

FORT WORTH, March 18.—Fire originating in the coal house of the Drum Seed & Floral company's three-block hot house in Riverside, three miles northeast of here, burned the giant structure to the ground with an approximate loss of \$100,000. This figure is an unofficial estimate made by Fire Chief Standifer Ferguson of Fort Worth. Water was unavailable and the firemen were forced to stand by and see the hothouse completely destroyed by the blaze, visible within a fifteen-mile radius.

Half a mile distant from the hothouse conflagration, another fire broke out, this one being caused by the sudden bursting of a case of supposedly wet matches in a trash pile several acres in size. This was the most spectacular of the two blazes, a dense smoke forming around a thin flame which leaped 300 feet into the air and drew thousands of persons from the downtown theatrical section. There was no loss in this fire, though several trees were destroyed as well as one wrecked automobile which had been driven into a big ditch near the trash pile several days ago.

MISSISSIPPI FLOOD FORECAST FOR NEXT WEEK

MEMPHIS, Tenn., March 18.—A forty-foot stage in the Mississippi river at Memphis before next Saturday was predicted tonight by J. H. Scott, United States weather bureau forecaster. The flood stage, about thirty-five feet on the gauge, will be reached tomorrow night, Scott said.

Refugees are already beginning to arrive here from the islands and lowlands unprotected by levees, and steamboat lines have given instructions to their crews to pick up these refugees wherever they may be found. A stage of forty-eight feet at Helena, Ark., by Saturday is predicted. Levee engineers are prepared for forty to forty-five feet between Memphis and Cairo but a stage much under this floods all the islands and unprotected lands.

WASHINGTON, March 18.—The senate today supported its appropriations committee in inserting in the annual postoffice bill an item of \$1,900,000 for the continuation of the New York-San Francisco air mail route. Such an appropriation failed in the house.

CAT ADOPTS BABY RATS.

BLOOMINGTON, Ill., March 18.—Susie, a cat in Jack Crawford's blacksmith shop, has shattered feline traditions by adopting two infant rats.

The cat increased the feline population of the world by five kittens last Sunday. Lou White, a neighbor, thinking to give a treat to Susie, took her to a nest where there were five baby rats.

Susie surprised her benefactor by purring, and soon she carried two of the rodents back to her own nest.

ALL A MISTAKE! PATAGONIAN MONSTER NOT A PLESIOSAURUS

SAYS CONGRESS CAN'T TELL ARMY TO QUIT RHINE

WASHINGTON, March 18.—Congress is without constitutional authority to direct the President as commander in chief of the army to order the withdrawal of troops from China, the Rhine, Hawaii and the Panama canal zone, as proposed in the army appropriation bill, Representative Rogers of Massachusetts, Republican, told the house today. His contention was quickly challenged, however, by Chairman Madden, who defended the bill's provisions with an added declaration that if he had his way there wouldn't be an American soldier permitted to remain in Europe.

The bill stimulates that by July 1 the war department must return to the United States all regular army troops from China, 6,500 men from Hawaii, 2,000 from the canal zone and all but 500 officers and men from Germany.

TWELVE-INCH FALL KILLS GARAGE MAN

DENVER, March 18.—Six months ago George W. Standinger, 38 years old, a garage proprietor, fell twelve inches from the bottom round of a ladder.

March 14 he died of injuries incurred in the fall. According to the death certificate filed with city authorities by Dr. M. A. Spangenberg, death was due to inflammation of the spine resulting in the twelve-inch fall from the ladder. Standinger said he believed he had reached the bottom of the ladder when he stepped off the bottom round and injured himself.

Just a Glyptodon, or Maybe Only a Megatherium, Scientist Says.

BUENOS AIRES, March 18.—It was not a plesiosaurus that was seen swimming in an Andes lake recently, but probably a descendant either of the horny-plated glyptodon, or of the megatherium, in the opinion of Professor Onelli, director of the Buenos Aires zoo.

"Plesiosaurus is a pseudonym newspapers have given it and which has stuck," he said, "but I believe it is a huge animal of the edentate family of which ancient remains were found in Patagonia in 1897, and one of which was fired upon and hit by the explorer Ramon Lista in 1890 without hurting it."

The professor explained that while the plesiosaurus dated back ten million years, the edentates such as the glyptodon and megatherium belonged to the quaternary era of only a million years ago. He said that from 1890 to the present time there had been twelve places in Patagonia between latitudes 38 and 52 at which mysterious creatures were reported to have been seen. These he believes, constitute a few survivors of the genus which existed in the pleistocene period.

NEGRO CONFESSES PART IN KENTUCKY WHISKY THEFT

MAYSVILLE, Ky., March 18.—The missing "third man" in the theft of 228 pints of whisky from a drug store Tuesday has been found, police assert. He is Henry Fields, a negro, officers declare. He made a confession today in which he charges that Dr. W. C. Crowell, dentist, induced him to help seal the liquor. Harry L. Walsh, insurance agent, also had a written confession, officers say. In his alleged confession Fields said he was to receive one-third of the loot. Dr. Crowell and Walsh are free on \$500 bond.

LAW AND ORDER CHIEF GASPS WHEN CALMLY ASKED TO BUY WHISKY

CHICAGO, March 18.—Arthur Burg Farwell, head of the Law and Order league, gasped when a bootlegger tried to sell him two bottles of whisky.

"I am selling a good brand of

whisky and would like to send you a couple of bottles," said the bootlegger over the telephone.

Farwell's surprise probably caused the other to become suspicious, for the vendor never arrived with the liquor. Although Farwell, after regaining his composure, advised him to "come right up with it."

"I am collecting rare old whisky and know more bootleggers than any other man in Chicago," Farwell told him, but he failed to get the evidence.

CASINO WANTS MONOPOLY.

MONTE CARLO, March 18.—Interests representing the Casino are negotiating, according to a recent report, to buy the Hotel Metropole, well known to tourists. Acquisition of this property would, it is understood, give the Casino virtual monopoly of all hotel properties accessible to it.

We Wonder If Our Customers Are as Much Delighted With the Lower Prices as We Are

It is with a feeling of tremendous satisfaction that we go among the merchandise and see how fair all the prices now are and how extraordinarily low so many are this spring when compared with what they have been.

That is why it is vastly more pleasant to "keep store" this year than it has been for some years past. And we hope the "bugaboo" of high prices is forever laid. The lower prices are seen everywhere throughout the store.

Fashions That Bring Springtime Fascinating and Intriguing New Apparel Modes — Restrained Only in Their Pricings

The new fashions are an infinite joy to behold, and our collection of all that is new and fascinating translates the edicts of the courtiers of Paris as well as the artists of America's fashion center, with a moderation of price that is indeed appreciable.

TWO PLAYERS SIGNED FOR NITROS; UNIES ORDERED; CASH COMING IN

Except for the signing of two players and the collection of more sponducks, affairs of the Nitros have remained since Friday in what lawyers and diplomats describe as status quo, and the pocket golf ball experts term "as is." The next step is to be decided upon by the directors. Several of those selected Thursday night are out of town and word of the honor conferred upon them has not yet been conveyed to their ears. Frank Champion is in Mexia; Bill McMichael is busy trying to find himself a gusher in the Stewart pool, and "Pete" Davis and Frank Branahay also are busy.

However, Skipper Albright has not been unbusy; neither has the ways and means committee. The latter went out Friday afternoon in squads and platoons and bagged munitions of war to the sum of \$482, making a grand total of \$2,191 on hand to date. This is in addition to lumber for park repairs to be given by the Burton-Lingo Lumber company, and sundry other services previously announced. Today, members of the committee were more diligently engaged than usual in their own affairs, and gave the check books a rest.

Unies Ordered.

One of the first acts Friday, when raising of the war chest had been assured was the ordering of uniforms. Home uniforms this year will be white, with navy blue caps and stockings, an "R" of the same color on the sleeve, and stripes around the three-quarter length sleeves and up the trouser seams. The road uniforms will be conventional gray, with the same caps and stockings. The unies come from Spaulding.

As to a team, there are now enough Nitros to play "One-Eyed Cat," namely two to wit, three. In addition to the boss, there are now a third baseman and an outfielder on the roster.

Those Players.

The third baseman is Jack Ballaw of Hollis, Okla., who played with Albright last year. He is described as a youngster, about 19, and Albright says in eighteen games he made only one error, that a miff of a thrown ball. That's pretty fair, if he gets his hands on enough of them. As to that, he is said to be a fast as well as accurate fielder. He is a fair hitter, but no Babe Ruth.

Jack Brown, the outfielder, also is a youngster, though probably not quite so much so, as he was in the army. He is now manager of the telephone office at Ivan, but wants to play ball again and has arranged for a leave of absence. His greatest bid to diamond fame is making the Mechanical Repair Shop team at Camp Travis, which was captained by Frank Snyder and boasted other big leaguers in its line-up. Brown, though a green youngster, played one side of him and some other flash center field, with Johnny Baggan on guarding the nether flank.

Listen to Eason.

Now just a word as to Manager Albright. He hasn't any nickname as yet, or at least he's not putting any out. But that is a fault that can be remedied. Some folks have criticized the fact that he has no long league record to back him. That is true. But he has been playing in Texas independent ball for several seasons. And that takes a pretty good man. He's well recommended by Jim Galloway and Hub Northen, and neither would want to slip Ranger a lemon. And on top of that listen to Bill Eason:

"I talked with Albright about an hour last night, and he knows baseball," Bill said. "Of course, you can't tell from talk how he can play, but he knows baseball and looks all right to me."

You folks know Bill, and what he's done in baseball. So that's that.

ONE JUROR NEEDED IN ARBUCKLE TRIAL

SAN FRANCISCO, March 18.—The jury venire called to secure a jury to try Roscoe (Fatty) Arbuckle, the third time for manslaughter, was exhausted before noon today with only one of the two necessary alternates selected. Adjournment was taken until Monday to select the fourth juror. A new jury panel will be called then. Eleven talesmen were examined today. Christian L. Wold was the thirteenth juror selected.

OIL OPERATOR HELD IN \$20,000 ROBBERY

NEW ORLEANS, March 18.—John A. Gorman, 42, an oil operator, who said his home was in Tulsa, Okla., was arrested here today in connection with the robbery last night of Victor M. Catoik and Milton Eppstein, New York jewelry salesmen, who reported the loss of \$20,000 worth of diamonds.

KLAN PLEDGED TO RETURN OF NEGRO, SPEAKER ASSERTS

HICKORY, N. C., March 18.—Speaking before a large audience here Thursday night, Dr. Arthur Talmadge Abernathy of Asheville, lecturer for the Ku Klux Klan, referred to a case in which he said Governor Morrison was refused extradition of a negro by Canadian authorities, and asserted 1,000,000 klansmen from Maine to Texas had been pledged to see that the negro is returned to North Carolina for trial.

"And this will happen in the next ninety days," he added.

DALLAS CROWD SEES FIGHT, THEN PAYS FINES

DALLAS, March 18.—After watching two ex-soldiers, both of whom were badly wounded in France, stage a fight on a crowded street here today, the spectators passed the hat and took up sufficient money to pay their fines of \$10 and costs each.

CITY COWBOYS HAVE WILD TIME AS STEERS STAMPEDE IN STREETS

NEW YORK, March 18.—Two New York bluecoats were the heroes of a roundup on the waterfront today when a herd of Kentucky steers stampeded on the way to the abattoir.

When the onrushing herd imperiled the lives of three school children crossing the street, Patrolman William McLaughlin grabbed the two girls and a small boy and carried them to the shelter of a railroad railroad watchman's shanty.

After the steers had raced several blocks they separated and traveled in different directions.

Passengers awaiting to embark on the Baltic scattered helter-skelter when one of the bumptious animals

flushed onto the pier and knocked baggage to right and left. Mounted Policeman McCarty killed the steer with a pistol shot.

Two of the steers approached the Lackawanna ferry and had several hundred commuters excitedly looking for storm cellars. A city cowboy tried to bulldog one animal from the wrong end and was dragged half a block on the hard pavement but he hung on until the animal came to a meek halt.

With the aid of several auto truck drivers who lined up their cars to head off the runaways, stockyard employees succeeded in rounding them up on a vacant lot. Three of the animals died from their exertions and two broke legs on the pavement.

OFFICERS TO FIGHT VICE ON DALLAS ROADS

DALLAS, March 18.—The highways around Dallas will be made "safe for girls," if it takes 100 special officers to make them so, Sheriff Dan Harston announced today following the frustration by James McNicoll, assistant county attorney, of an attack on a young school girl. The assistant county attorney was driving along the highway to investigate reports of immoral conduct when he heard the girl, seated in an automobile, scream. He started to her rescue when the man jumped out and ran. The girl's clothing was almost torn from her body, it was reported.

The county roads have apparently become the rendezvous of loafers who pick up unsuspecting school girls and carry them for a ride and assault them, the sheriff said. Numerous cars with lights out have been seen parked by the side of the roads recently by authorities and the residents of some sections have reported that the screams of girls have been frequently heard. A boy and a girl, both high school students, were arrested Friday afternoon for immoral conduct and the arrest is expected to result in the grand jury renewing the report of alleged immorality in the schools that was started some time ago.

OBENCHAIN JURY CAN'T AGREE ON VERDICT IN CASE

LOS ANGELES, March 18.—The jury in the case of Madalynne Oben-chain, on trial charged with the murder of J. Belton Kennedy, which went out at noon yesterday, had not reached a verdict late tonight and reports that it was deadlocked were current about the hall of justice.

The jury up to this time had made no attempt to communicate with the court.

BOY 'DETAILS' CATS AS BOTANY TEACHER REQUESTS CAT TAILS

HUNTINGTON, W. Va., March 18.—"Go out and get some cat tails," a teacher at Ensign school here instructed students in a botany class this week.

A 14-year-old lad, whose name is withheld, turned up next day with the bloody tails of seven house cats.

"I chopped 'em off with a hatchet," he remarked with some pride.

The teacher fainted.

KILLS BROTHER WHO ASSAULTED HIS WIFE

ATTICA, Ind., March 18.—That her brother-in-law attacked her criminally after she had fought him until she was weak from exhaustion, was the statement of Mrs. Ralph Ross on the witness stand here in defense of her husband, Ralph Ross, who is charged with having murdered his brother, Claude, last Nov. 21.

Mrs. Ross' testimony was in corroboration of that of her husband, when Ross told how he had become suspicious of his brother.

Rich Woman Wills Estate to Dogs, When They die, Children Get Wealth

CHICAGO, March 18.—Disappointed relatives of Mrs. Sadie Howard who died Sunday morning, are preparing to contest her will. Mrs. Howard left \$16,000 of her estate to two pet dogs.

Mrs. Howard's will provides that the flat building in which she lived, valued at \$16,000, shall be held in trust for the benefit of the dogs during their life time and the income therefrom used for their care. After the death of the dogs, the apartment buildings, with the bulk of the estate estimated to be worth \$40,000, is to go to the Arkansas Children's Home society of Little Rock, Ark.

'LOST' SHIP NOW AT the Theatres

A 'HOOTCHMAN,' OF SEA, 'TIS SAID

Reported Sunk, Sub Chaser and Captain Sought as Rum Runners.

NEW ORLEANS, March 18.—The Flying Hootchman is what men in old New Orleans call the missing Mercedes, a former submarine chaser which was put in the cocoon trade and was supposed to have been sunk with all hands last December.

But since the Mercedes vanished queer tales have floated along the bayous and the little lagoons where in Lafitte, the pirate, once found protection from pursuers of the law. Men have affirmed most solemnly that they not only have seen the missing Mercedes, but have engaged in jovial conversation with her skipper, one Captain Sempel L. Reed, than whom local reputation has it there was none more efficient afloat.

Jack Sheehan, a well known local celebrity, owned the craft, which in war days was known as the Bluebird. She pulled out of the New Basin canal last November for Cuba to gather a cargo of coconuts. She never returned.

Mourned by "Widow." Meanwhile the rumors have persisted. First one seafarer and then another has given voice to his suspicions and finally Captain W. R. Bailey, of No. 1023 Pauline street, told Detectives Acomb and Kuenferre that he had not only seen the Mercedes, but had talked to her captain. He said:

"The Mercedes was in Honduras a short time ago, because Reed told me so himself after he got back from the trip. All the time all the fuss was being made over the sinking of the Mercedes and the loss of all hands aboard Reed was in town laughing about it. I saw him again and again during those days."

Mrs. Reed said she had heard nothing from her husband since the Mercedes was lost in December, but a neighbor is said to have corroborated the statement of Captain Bailey. Jack Sheehan vigorously denied the report, expressing sympathy for the wife of the gallant skipper. He said:

"The poor woman is all upset. If these detectives are so smart let them produce Captain Reed within the next ninety days and I will give \$1,000 to the police fund or any New Orleans charity they may mention. It's all a lie."

And as someone says, "that is that."

Other Mystery Vessels. But the missing Mercedes is not the only mysterious craft which figures in New Orleans present history. Never since the days of Lafitte, the pirate, have the lagoons and the bayous which surround the Louisiana city known such gay adventure or such absorbing mystery as now.

New Orleans on one side has the Mississippi river, which for a hundred miles flows through the lower countryside into the Gulf of Mexico. Near the entrance to the gulf the delta is broken by several streams with harborage suitable for small craft. Lagoons, bayous and small lakes abound. On the other side of the city lies Lake Ponchartrain, which enters the Mississippi Sound, a direct tributary to the gulf. Here, also, bayous and lagoons form a labyrinth of water routes.

On these at night with muffled oars or wrapped propellers strange craft now move their mysterious way, according to local gossip. Fast little motor boats, coming from nowhere, going nowhere and seemingly with no particular object in view, steal in just as the shades of evening are falling, enter the lagoons and then, puffing madly, the boats rush through the marshes, the high grass hiding men and boat until the haven is reached. Hidden Rum Likely.

Internal revenue men say most forcefully that the entire lower littoral of the Louisiana lower coast is dotted with secret caches and hidden caves in which large quantities of "Cuba" rum, Jamaica joy juice, Scotch whisky and other refreshments are stored.

That there is truth in these rumors is shown by a visit to New Orleans itself. In no place else, perhaps other than Key West, does liquor flow as smoothly and as excellently as in the Crescent City.

The bootleggers maintain an unofficial exchange and the cargoes are smuggled in, unpacked and doled out to restaurants and "soft drink" saloons. It is entirely possible in these latter days to get genuine absinthe, champagne, whisky and cocktails.

Liquor prices compare very favorably with those of New York. On account of the large quantity imported, the prices range from six to seven dollars a bottle for good whisky; four or five for bootleg jolts, while gin sells for three dollars a crock. Champagne costs about nine dollars a pint.

Rum Pilots of the Sky. New Orleans, which has always been a high liver, does like its booze and will have it. Not only does it come in by boat, but it is said that airplanes have recently been put into service from other cities on the gulf coast and that these bring back as much as one cockpit can hold.

Nowhere else in the country has the war between bootlegger and enforcement agent reached such proportions. It is distinctly a war of sea, land and air, for the government maintains fast little craft upon the

blue waters to watch for the wicked little motor boats. It also maintains large secret forces in strategic positions and now it has acquired a fleet of airplanes to watch this wet section of the country.

These flit overhead on mysterious missions. Occasionally like hawks scenting prey, they drop down, and, being hydroplanes, land on the water near some small craft and demand surrender. This has happened twice recently with good results from the prohibition point of view; but the little boats are wise now and have changed their habit.

Like Lafitte, the master of the lagoons, they keep one jolt ahead of the pursuers and so most of the bootlegging craft travel at night when the hydroplanes are blind and helpless and that is why in the Crescent City today in certain spots a man may walk up to a real bar, put his foot on a brass rail, wink and GET RESULTS!

Single drinks of wonderful old liquor cost about 50 cents. It may be noted also that the population of New Orleans has recently been greatly increased as a result of the spread of this knowledge throughout the country.

NAZIMOVA BRINGS "CAMILLE" UP TO DATE AS PHOTOPLAY

"CAMILLE," the Nazimova production which will be seen today at the Liberty theatre, where it is scheduled for a run of two days, has been modernized for the screen in an adaptation by June Mathis, who wrote the continuity for the Rex Ingram productions of Metro of "The Four Horsemen of the Apocalypse" and "The Conquering Power." In play- won the Dumas heroine, Nazimova follows the tradition that has led nearly all of the great actresses to give it a place in their repertoire; the traditions of Bernhardt, Eleanora Duse, Clara Morris, Rejane, Modjeska, Laura Keane, Olga Nethersole and Ethel Barrymore.

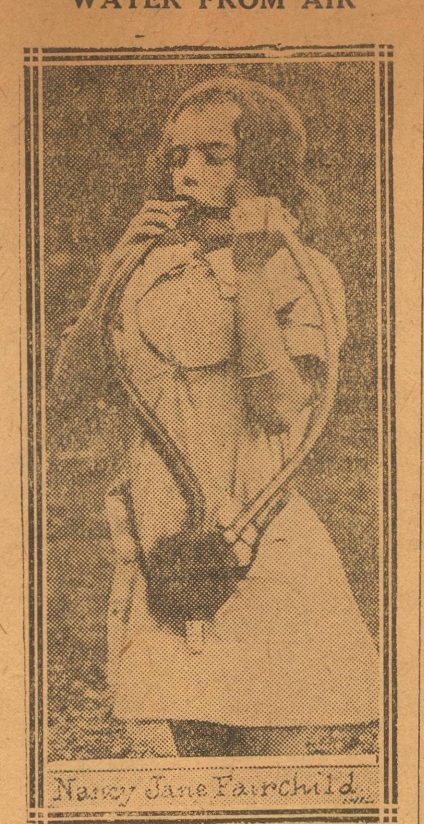

In Rudolph Valentino, the dashing young actor who plays the role of Armand Duval, Nazimova has a leading man of brilliant gifts who has won much praise for his remarkable performances in "The Four Horsemen of the Apocalypse," as Julio Desnoyers, and in "The Conquering Power," as Charles Grandet.

The story is about a young Parisian law student, Armand Duval, who loves Marguerite Gautier, known as Camille, a notorious, beautiful woman who abandons her Parisian haunts and decides to live simply and unobtrusively with him. Armand's father, anxious for the family honor, prevails on her to leave his son. Camille consents, returns to her cabaret night life, but is deserted by her friends when illness attacks her. Slowly she sinks to poverty and neglect and at last dies happy in the thought that she prevented Armand from ruining his chances of a career. Before she dies, Armand has learned of the sacrifice she made for him.

In addition to Rudolph Valentino, Nazimova's supporting cast includes Edward Connelly, Rex Cherryman, Arthur Hoyt, Zeffie Tilbury, Ruth Miller, Consuelo Flowerton, Mrs. Oliver and William Orlamond.

The sun shines on the just and the unjust alike, and both also have to make out their income tax report.—Indianapolis Star.

INVENTION 'EVAPORATES' WATER FROM AIR

MOURNER'S HAT IGNITED. SYRACUSE, N. Y., March 18.—A woman's hat caught fire during funeral services for Mrs. Victoria Cysz and daughter Helen in Sacred Heart church here. The accident occurred to Mrs. Mary Swiderski, a candle bearer. Prompt action by a man prevented a panic among 1,500 people in the church. He snatched the burning hat from the woman's head and stamped out the flames, but not before her hair had caught fire and she was burned about the face.

Rain of Tadpoles Puts Kansas Town in Mystery Club

PITTSBURG, Kan., March 18.—The tadpole controversy continued to demand scientific attention today. It was further complicated by the entrance of another tadpole into the situation.

Monday, following a hard rain, Rev. C. J. Armentrout, pastor of First Presbyterian church, found a tadpole three and one-half inches long on the sidewalk near his home.

The minister expressed the view that it came down in the rain. W. E. Ringle, naturalist of State Manual Training normal, said it was impossible and that it likely was a pelican traveling north carrying the tadpole for a lunch en route, and dropped it when it ran into a rainstorm.

Today Mrs. William Chippy announced that she found a three-inch tadpole on her front porch after the same rain.

Ringle says there may have been two pelicans. However, he says it is possible that the tadpoles were thrown into the air by the Oklahoma cyclonic storms and were carried this far by air currents.

Radio Parties Next

Radio telephony is on the way to become the latest fad in Ranger, as it has elsewhere and since the installation price is comparatively small, it is preeminently a home acquisition, bringing to the fireside news, music, lectures, crop reports, sermons, weather reports, even children's bedtime stories. Now, father can fish all Sunday morning with a clear conscience, with his radio telephone caddied along behind him, receivers strapped to his ears, and fish and pray at the same time. Or mother can shuffle the bridge cards to the music of Metropolitan grand opera, while baby is being sung to sleep by radiophony lullabies. It will be only a short time until it will be just as easy to purchase a radio telephone as it is a paper of pins, and they will be just as simple to use. In fact it looks as though they will take the place of everything but individual communications. Since news of social gatherings will be carried on the wings of the air, no doubt the social editors of the United States will soon be as obsolete as the dodo bird, and just think of all the crumbs the radiophone can pick up—that the acutest news monger could never hope to gather. We no doubt then will get to hear ourselves as others see us. Ranger is right up to the minute in this, and the Gholson hotel will soon be a center for radio-listening posts, as it has been for social gatherings the past season. Doubtless in a few days some clever hostess will announce that she is giving a "Radiophone Party" on the mezzanine floor of the Gholson and if the radio waves are calm and "listen in" perfectly, the craze will spread to private homes and applications for stations will flood the authorities or who ever is the super-air traffic policeman.

In the interim while we are expectantly waiting for these air messages, things are simply jogging along waiting for something "Macawber" like to turn up. Ranger has been very quiet this week, with the Elks' dance Thursday night being the most formal affair of the week. The coming week promises very little in the way of large affairs, probably the largest of these being the recital given by Mmes. McCoy, Wakefield and Mr. Coleman on Thursday night for the benefit of the coming federation meeting, at the old Liberty theatre.

HE WAS EIGHT.

One of the prettiest children's parties of the season was that given to James Phillips, son of Mr. and Mrs. O. L. Phillips, by his mother, Saturday afternoon, at the family home from 4 to 6. The occasion was the eighth birthday of the honor guest. Mrs. Phillips was assisted in entertaining by Mmes. A. J. Orth and M. K. Collier. Games that all boys and girls enjoy were indulged in for quite a while before the guests were invited into the dining room. Partners for this part of the entertainment were selected by duplicate caps and each little boy escorted a little girl into the dining room, where a birthday cake in purest white, with eight white candles, all resting on a mirrored lake, banked with pink carnations, was the cynosure of all eyes. Here ice cream and cake was served. Each little guest received a favor as a souvenir of the afternoon, the girls receiving kewpies and the boys horns. Perhaps the littlest guest was Jane Garrett, who was chaperoned by her mother, Mrs. Glenn Garrett.

Those enjoying this birthday party and wishing James many, many happy birthdays were: Dorothy Outlaw, Sherine Newnam, Martha Marie Gholson, Jeanette Yonker, Marianna and Margaret Yonker, Marguerite Vandervoort, Martha Ella Peters, Patty Parr, Mary Dagg, Jane Garrett, Tom Lauderdale, Frederick Yonker, Julia Haden, Jack Gullaborn, M. K. Collier Jr., Terrell Rickard, Sonny Boy Vandervoort, Billy Terrell, Cecil Chenoweth, Charles Terrell, Max Chenoweth, Norris Silkwood, Billy Peters, Carl Wagner, Bob White, Frank Meyers Jr., S. D. Terrell Jr., George Sturgis Jr.

INFORMAL BRIDGE.

Friday afternoon Mrs. M. O. Burt entertained very informally with two tables at bridge. This was a "last minute" affair, but as a rule these little intimate parties are always the most enjoyable, just as this one proved to be. Shamrocks were given as favors. Mrs. C. S. Clark made high score, receiving as a prize a paper weight, while Mrs. Ira Nourse received the low score prize, a deck of cards. Refreshments of veal loaf, potatoes on the half shell, asparagus on toast, salad, sweet pickles, candies and coffee were served to the following ladies: Mmes. Ira Nourse, Harry Bishop, C. S. Clark, J. A. Martin, P. F. Davis, "Pop" Endicott, John H. Moyer.

NEW CLUB ORGANIZED.

Friday afternoon at the home of Mrs. J. S. Reynolds, a new club was organized. The name decided on was the "G. G. R. G. Girls." The following officers were elected: Miss Marie Tibbles, president; Miss Annie Geyton, vice president; Miss Beulah Geyton, secretary and treasurer; Miss Fannie Lois Cox, reporter; Mrs. J. S. Reynolds, chaperon. The colors of this club will be white and green, the club flower, a white lily. The object of the club is to teach the girls to sew and also for amusement.

The next meeting will be with Mrs. J. S. Reynolds Saturday, March 25, at 2:30 p. m. The members of the club are: Misses Marie Tibbles, Beulah and Annie Geyton, Azaline Cox, Evelyn West, Fannie Lois Cox, and Mrs. Reynolds.

ECHOES FROM THE RED CROSS SHOP.

The Red Cross shop has received donations from Mrs. Garrett Bohning, Mrs. Roy Jameson, and Mrs. H. H. Maddren, of clothes. The volunteers for the month are Mmes. Abney, Jonas, and Roy Jameson.

The Red Cross shop makes a call for volunteers for the month of April. These volunteers only serve two hours one day a week and while the time given by each one amounts to very little, it saves the manager a great deal of time and enables her to do much outside work for the shop and is very much appreciated.

T. O. M. CLUB MEETING.

The T. O. M. club had its regular meeting Friday night at the home of

Mrs. T. L. Lauderdale, with Miss Phyllis Williams as hostess. This club always has a good time, as they work hard all week at school and this Friday night's gathering is a relaxation that they all look forward to with pleasure. Friday night's meeting was very delightful, the time being spent in games, dancing and conversation and coming to an end after partaking of refreshments of ice cream, cakes, punch and mints. Shamrocks were given as favors.

Those present were: Misses Oreta Smith, Eleanor Alworth, Evelyn West, Marguerite Novakovich, Rose McEver, Maurine Bowman, Peggy Tucker, Louise Denton, Esther Yonker, Nanie and Clara Haden.

The next meeting will be with Miss Evelyn West on Friday the 24th.

THAT POSTPONED WEDDING.

Member along before Christmas when it was hinted that there was going to be a wedding, which was later on postponed? Well, it looks as though it's going to really happen. Times are getting better, money a little easier, and the groom has at last been inveigled into proposing; so providing that nothing else happens the ceremony will be performed Thursday night, March 30, place to be announced later. Everybody will be invited.

EL DEEN CLUB.

Mrs. J. W. A. Cox entertained the El Deen club yesterday afternoon at the home of Mrs. Nova Little on South Hodges street. Sewing occupied part of the afternoon and was followed by progressive forty-two. Refreshments of ice cream and cake were served. A St. Patrick's day color scheme of green and white was carried out and Irish stories were told.

Those present were: Mmes. A. White, J. S. Reynolds, E. M. Huffman, John L. Heydon, J. W. A. Cox, C. L. Webb, R. L. Hodges, D. E. Klinger and Nova Little.

PURELY PERSONAL.

Miss Rosalie Jameson, who is attending school at Austin, will arrive in Ranger today for a short visit to her parents, Mr. and Mrs. D. L. Jameson.

Mr. and Mrs. R. B. Waggoman have returned to Ranger from their honeymoon and are now at home to their friends at 1204 Young street.

Mrs. C. N. Ochiltree has returned from a week's visit to friends in Cross Plains.

Mrs. Lytton R. Taylor has returned from Las Cruces, N. M., where she attended the Waggoman-Burke wedding.

Ida Mae Haden, daughter of Mr. and Mrs. J. B. Haden, has been suffering with the flu for the past few days.

Mr. and Mrs. E. J. Gilbert are visiting Mr. Gilbert's parents in Fort Worth.

Mr. and Mrs. Fred Haifley leave today for Oklahoma, where they expect to locate. This popular couple have many friends in Ranger who are sorry to have them make a change in residence.

Mrs. Howard Gholson and little daughter, Martha Marie, will leave the first of the week for a visit to San Antonio.

Bird Sanctuary to Be Built by Audubon Society

Twenty-one boys met Saturday morning at the home of Dr. and Mrs. T. L. Lauderdale and this second meeting of the Ranger Audubon society or R. A. S., as it will be known, showed an increase of six members over the first meeting. At the last meeting two offices were left unfilled,

work and join. The treasury already has in it a fund of \$5 collected from dues. The following boys are members: David Graham, Raymond Taylor, Allen Baker, Tom Lauderdale, James Phillips, Howard and Hubert Hinton, Roy Jameson, Harry Reavis, Johnnie and James Six, Carl Wagner, Bob Foulk, Carl Pratt, Mickey Lavery, Bobbie White, James White, Aurlie Harkrider, Charles Black, Frederick Yonker, Charles Stubblebine. The society will meet next Saturday morning at the same place.

namely the first and second vice presidents. These were elected Saturday, being Charles Stubblebine, vice president, and Carl Wagner, second vice president. The fraternity pins will be red woodpeckers and the boys are anxiously looking forward to the arrival of these pins.

This meeting resulted in plans for a bird sanctuary, which will be built next week in the old cemetery, which is an ideal place for birds to nest and rear their families as there they are practically free from intrusion. The society is to be affiliated with the National Audubon society and before long W. T. Pearson of Boston, who is the author of a number of books on bird life, will give an illustrated lecture to the members of the society. The club magazine is "Bird Lore."

That this society is to be a full-fledged society with all the earmarks of an older man's club is deduced from the fact that it is to have a board of directors from Rotary club members. After the business meeting was over the society took a tramp to Mirror lake and studied bird life in that vicinity.

The list is still open for members and it is hoped that each time more boys will become interested in this

Here's Program of Benefit Recital Thursday Night

Prominent among the affairs of the week is the recital to be given Thursday night at the old Liberty theatre for the benefit of the district meeting of Federated clubs, which convenes here in April. Mmes. R. C. McCoy and Vincent Wakefield and Mr. Gus Coleman will appear on the program and as each of these are artists in their respective accomplishments, the program is sure to be one of the best ever rendered in Ranger, and no doubt the "Standing Room Only" sign will appear early in the evening. The program is as follows:

- Aria, "Caro Nome" from Rigoletto.....Verdi
- Mrs. R. C. McCoy
- Sonata, Op. 7.....Edvard Grieg
- Mrs. Vincent Wakefield
- Flute Solo.....

AMERICAN WOMEN YIELD TO PARIS DECREE AND SKIRTS COME DOWN

Written for the United Press by Hedda Hoyt.

NEW YORK, March 18.—Inch by inch women are yielding to the verdict of the long skirt. When Paris first decreed the long skirt, American women stubbornly refused to lengthen their hems, but designers shrewdly brought out the long panel as a "coup de resistance." If we are looking for a place to cast the blame of the long hem, we can "pan" the panel.

Over two hundred American buyers and manufacturers arrived this week from Paris, returning from the latest Paris openings, and the only real style revolution which they brought is the long skirt. Evening gowns must be long if Milady wishes to continue in fashion's whirl. Suits and day-time frocks will be short, but not so short as we have been wearing. Ten inches from the floor seems to be the standard length. The knee length hem is passe.

Silhouettes are so varied this season that she who fancies herself in bouffant frills can be as fluffy in pet-shouldered hip ruffles and wide skirts as a full blown chrysanthemum and she who fancies the long, straight lines can panel herself into a string-bean effect.

Waist lines are long. A new treatment of the long waist is achieved on the draped gown which hangs loose to the low waist and then is drawn tightly across the front and back and caught in gathers on the hips. A long draped side panel usually accompanies a gown of this type.

The batteau neckline predominates in Paris, although a few low V-shaped necks appear on some of the dressy frocks.

Sleeves are the most striking note in the season's costume. They are long and extremely wide and bell-shaped for day wear and the evening gowns have sleeves that are short and balloon-shaped or are entirely sleeveless.

The three-piece suit is even proving to be more popular than the forerunners of fashion predicted. Nearly every gown for the coming season has a jacket or short cape to match without which it would be as forlorn an object as the proverbial stepchild. Short leather jackets made in red, green and white are being sponsored by the smart Parisians.

The latest hosiery color in Paris is a shade somewhat darker than onion peel. It is worn with patent leather slippers which display huge bejeweled and glittering buckles. These buckles, by the way, are one of the newest Paris fashion wrinkles. This dressing-up of the foot is probably due to the fact that sheer hose—the former pedal attraction—is hid-

den under the longer skirts.

Parisian Make-Up.

Make-up to the average American woman means powder, rouge and an eyebrow pencil. The Parisians are more fantastic and venturesome in their usage of make-up. Several seasons ago they adopted the sunburn make-up, with no coloring in the cheeks and a vivid splotch of red on the lips. Now they are going to the pink and white coloring, but are affecting reddened eyelids, a peculiar fancy which gives them the appearance of having had a hard weeping spell.

Painted Heels.

"The heel on the ballroom floor" is causing quite a thrill at smart Parisian functions of late. Women have taken up a fad of wearing their favorite fetish hand-painted on their ballroom slippers. While elephants, buddas, turtles, etc., are painted in colors on the high French heels, in some instances the favorite pet is

produced in colors and one sees vivid hued parrots on black patent leather footgear.

Trotsky Trotteur.

Although we have not accepted the Russian idea of politics we seem to relish everything else they present, from caviare to literature and now, along with the Russian boots and embroideries, we have the Trotsky Trotteur. It is made of simple sack cloth resembling gunny sacking in color and texture and has a monklike coat with a batteau-shaped neck which slips on over the head. To the batteau neck is attached a wide rolling "horse collar" which is worked in Russian cross-stitch design in red, orange and green jute. The long sleeves are extremely wide and completely covered with the colored cross-stitching. The skirt is narrow and self-fringed at the bottom.

ONE MAN GLAD HE DID NOT USE WRIST WATCH

LAWRENCE, Mass., March 18.—Roland J. Ferguson is probably congratulating himself that he did not become addicted to a wrist watch. Ferguson was held up and robbed by three youthful bandits, who fired several shots at him. One of the bullets rendered his watch, which he carried in a vest pocket, a total loss.

AUTO LEADERS HOLD AUTO TOP PLACES IN 1921

Present reports indicate that no changes occurred last year in the positions of the two leading automobile manufacturers, considering the total production of cars. As was the case in 1920, Ford ranked first and Dodge Brothers second.

The total number of passenger cars built during the year, according to an estimate published recently by the Wall Street Journal, was 1,535,000, as compared with 1,833,150 for 1920.

Commenting on the general condition of the automotive industry, just prior to the close of the year, the Boston News Bureau published the following, which was subsequently confirmed by Dodge Brothers:

"Because it is privately owned, relatively little in the way of figures ever appears in print concerning the

activity of the Dodge Brothers motor organization of Detroit. Consequently its splendid and emphatic expansion in production this year and the maintenance even in recent weeks of a high output, which makes it one of the conspicuous bright spots of the industry, are not generally known outside of the trade.

"Dodge Brothers in the third quarter of this year ranked next to Ford among the world's automobile producers, with a monthly shipment record of better than 11,000 cars. This average is nearly maintained—with several hundred cars—in October, an unusual achievement in this year of unsettlement and competition in the motor industry.

"Considering that production the first quarter of the year was down to 3,000 cars, less than one-eleventh of the same quarter in 1920, and less than any single month's subsequent production, that vitality that is Dodge Brothers is apparent. The company should end the year with a final output of between 91,000 and 92,000 cars and probably hold its position as the leader of the industry next to Ford. The heritage left by the Dodge Brothers is thus being splendidly upheld by the present management."

It is understood that Dodge Brothers finished the year with a total production of 92,476 cars, which is over 12,000 cars greater production than the next nearest competitor, not including Ford, thereby making good the News Bureau's prediction of Dodge Brothers continued leadership.

YOUTH AND STEPMOTHER HE WED ARE BARRED OUT

ST. JOHN, N. B., March 18.—Frederick Brooks, 20, who eloped with his stepmother from Bangor, Me., to McAdam, N. B., has brought his bride to St. John. She is more than twice his age.

After the elopement they tried to return to Bangor, but were refused admission by the immigration authorities. The bride had been divorced from her present husband's father.

LINDSAY DIDN'T SPLIT LOOT WITH FAITHFUL WIFE

NEW YORK, March 18.—Mrs. Alfred E. Lindsay, wife of the bankrupt "Domino club" broker, who is accused of having fleeced New York society women of nearly \$500,000, met Assistant District Attorney Murphy and sobbed out a story of the privations she suffered while her husband was operating in five and six figures on the stock market.

"For the last three years I have done my own work, including washing, ironing and scrubbing," she said. "We lived quietly and never spent much money, nor did we entertain lavishly."

Slaved for Partner. Dr. K. Arvid Enlund, indicted with Lindsay on a grand larceny charge, lived in the Lindsay home for nearly eight years, Mrs. Lindsay said, during which she did his washing, ironing and mending. She said she never met any of the society women Lindsay knew.

Mr. Murphy said Mrs. Lindsay had convinced him she had nothing to do with Lindsay's alleged crimes.

Henry Goldstein, her counsel, telling of her interview with Mr. Murphy, said:

"Mrs. Lindsay still has implicit faith in her husband, and that, if given the opportunity to make good, he will do so. The affair is a great shock to her."

"She was surprised when informed that a woman whom she knew had given money to Lindsay, and felt keenly aggrieved when she realized that this friend had been imposed upon."

Mrs. Lindsay has turned over to Mr. Murphy the keys to the pretentious home Lindsay maintained at South Nyack, so that he may search for valuables, Mr. Goldstein added. She already had agreed to have the house sold.

SHIREY'S BOND SIGNED BY LEGION MEN ONLY

FORT WORTH, March 18.—Declaring his innocence would be proven when his case was brought before a jury, Dr. Guy Shirey, past commander of the American Legion, department of Texas, returned to Fort Worth today, not under arrest but merely to go through the formality of making bond in the sum of \$1,000.

Dr. Shirey refused to permit any of his friends except those who are members of the legion to sign his bond. Hundreds volunteered but were turned down. Following his arrival in California, where he said he went because of illness, a complaint was filed against Dr. Shirey charging embezzlement of legion funds during his administration as commander. He abandoned his plans to remain in California, he said, in order to return to Texas and face the charges.

BURGLARS TRY LUCK IN MICHIGAN MAUSOLEUM

SAGINAW, Mich., March 18.—The mausoleum containing the body of Wellington R. Burt, who at the time of his death in 1919 was considered to have been one of the ten richest men in America, was broken into last night and ransacked.

The front of a crypt was removed and the coffin placed on the floor. The body was not disturbed, although the lid of the coffin showed signs of having been removed.

Police believe the vandals expected to find jewelry or other valuables in the mausoleum.

ANTS JUST LIKE MAN!

Woman Suffrage, Graft and Craving for Liquor Found to Prevail in Insect World, Says Professor.

CAMBRIDGE, Mass., March 18.—Ants are like humans—they like liquor, they enjoy woman suffrage, and many of them are skillful grafters—is the observation of Prof. William Morton Wheeler, dean of the Bussey Museum at Harvard university, who recently completed a tour of the world, made to learn what he could about the busy little fellows.

Prof. Wheeler invaded many lands, traveling through dangerous parts of Africa, Asia and other localities in his hunt for scientific knowledge.

Man Trained Animal.
That "man after all is but a large brained animal" is one of his conclusions. He met and became acquainted with 10,000 species of ants during his travels.

"The similarity between these insects and humans is striking," he comments. "Three fundamentals guide their lives, like ours; they are hunger, sex and fear."

Many Grafters.
"The numerous grafters among ants remind us of our own kind. Large numbers of ants—like humans—manage to make their living without working for it."

"Prof. Wheeler found the liquor-loving ants in large numbers in the tropics. Whenever they have the chance, he explains, they will climb over—and into, if possible—the wine, beer and rum casks sent to that area in generous quantities. They make it perfectly clear that they like the stuff from the way they go after it and they become intoxicated on it, too, he declares.

"Prof. Wheeler points to other valuable lessons. He says:

Birth Control.
"If all individuals were permitted to have families without restraint the population soon would outrun the food supply. The higher 'social' ants have overcome this difficulty by restricting reproduction, except when food is abundant."

"The societies of man and insect are analogous, but the insect is the simpler. He is more mechanical in his way of doing things. He sticks to routine. But by watching a swarm of ants at work or play, any careful observer will note many of the characteristics prominent with humans. He will see manifestations of co-operation between a number, of jealousy, of anger, of laziness, of dishonor, and such things on the part of others."

The scientist reminds us that in most kinds of insect life, including the ant, the female is the best builder. He leaves it to us to decide whether the human race is "up" or "down" to a similar condition.

BUDDING SURGEON SHOULD HAVE TRIED ETHER ON TEACHER

NEW YORK, March 18.—Clyde Franze, 18, a marine in the World war and now a student at Public School, No. 119, Brooklyn, intends to be a surgeon some day.

As surgeons must know how to use ether and other things of that character, Clyde brought a bottle of ether to school to make a few little experiments.

He held the bottle beneath the nose of little Anna Lamb. She went to dreamland. So far the experiment had been a perfect success, but Clyde sought further proof of ether's power. He held the bottle beneath the noses of several other classmates. They also went to sleep.

Miss Annie Timlin, the teacher, spoiled the complete success of the experiment by taking the bottle from the future scientist. None of the children were injured.

CHICAGO HOTEL FINED TWENTY-FIVE THOUSAND FOR DRY LAW VIOLATION

CHICAGO, March 18.—The Hotel Sherman company of Chicago was fined \$25,500 by United States Judge George A. Carpenter for violation of the prohibition laws. The company pleaded guilty to selling whiskey on forged permits. Judge Carpenter ordered an investigation to determine if an official of the company was involved.

'FRIEND OF FAMILY' ROBBS WORKMAN OF HIS LIFE SAVINGS

MOUNT PLEASANT, Pa., March 18.—Trusting a friend of the family to keep house while he and his wife came to Mount Pleasant to shop, John Stefanik, a workman at the Standard plant of the H. C. Frick Coke company, was robbed of \$6,500, the savings of eighteen years.

Stefanik, in reporting the robbery to the police is quoted by them as saying that three weeks ago he made the acquaintance of a nice young man, who thereafter came regularly to his house. He knew that Stefanik kept his savings at home, and one day showed him a package which he said contained \$9,000. Stefanik said he had no fear of such a man, and when he proposed to stay in the house while the family came to Mount Pleasant, no objection was made. When they returned, Stefanik said, the man and the money were gone.

CLAIMS MAN HYPNOTIZED HER INTO MARRIAGE

George E. Locpiatto hypnotized her, spirited her away and married her, claims Miss Nellie Udovin of Roxbury, Mass. Charging that her family took her away from him after a brief honeymoon, Locpiatto is suing the family for \$50,000 for alienation of his wife's affections.

UNSUNG HERO STOPPED 102 HUN BULLETS

LEXINGTON, Ky., March 18.—Sergeant Alvin York and Sergeant Samuel T. Woodfill may divide honors for capturing or destroying Germans in the World war, but at a hospital here is a man who is in a class by himself. He probably stopped more bullets than any man in the American army, and, unsung, has a war record that vies with those of York and Woodfill.

Samuel Joseph, Hazard, Ky., is recovering from the effects of an operation on his foot performed last Tuesday. It was his fifteenth. Altogether sixty-seven bullets have been taken from his arms, legs and body. He was hit 102 times.

Joseph declared cheerfully that with the exception of his foot, "I never felt better in my life." A large man physically, he would be characterized in the vernacular as "husky."

Fifteen months at the front, during which he went over the top more than a dozen times without a scratch and then to stop 102 bullets—some record. Fifteen of the bullets passed through his body.

Joseph was a sergeant in G company, Eighteenth infantry, First division.

KING HARD UP

By Associated Press.
SOFIA, March 18.—The young King Boris of Bulgaria is so much in need of ready cash to maintain his modest household that he has sold some of his automobiles and all of the wines and liquors belonging to his father, the exiled Ferdinand. American visitors to Bulgaria have been surprised to find old vintage wines and rare champagnes from the royal palace on the tables of Sofia's hotels at \$2 a bottle.

The former Czar Ferdinand, now barred from Bulgaria, enjoyed in his days of imperial power all the luxuries and extravagances of the royal sovereigns of the Elizabethan age. But his son, who is beloved of all the people for his simplicity and lack of ostentation, lives almost as humbly and plainly as one of his peasants. Bulgarians say that when the father fled the country, just before the armistice he took with him all the crown jewelry, money and realizable assets and left the son nothing.

CHICKEN THIEVES NABBED BY GIRL AFTER EIGHTEEN-MILE CHASE

DOWLING GREEN, Ky., March 18.—Miss Mary Witt, 19 years old, of Greenwood, near here, "stepped on the gas," chased two alleged thieves in another automobile eighteen miles and found them with their car stuck in the mud near Woodburn, Simpson county, early today.

With the aid of three other men the fleeing pair were captured and held until the arrival of officers.
