BOARD ACCEPTS KING'S OFFER TO QUIT SCHOOL

Refuses to Allow Gatesville Superintendent to Withdraw Resignation.

AUSTIN, Nov. 29.—The resignation of C. E. King as superintendent of the state juvenile training school at Gatesville, was accepted this morning by the board of control, effective sixty days from date.

The board announced that it will at some future date, not yet determined, name King's successor. It developed that King, at the request of friends, has asked permission to withdraw the resignation but the board refused it.

Action Unanimous.
The action of the board in accepting King's resignation was unanimous, all three members having voted to accept it. It was announced that Chairman Cowell would prepare a statement during the day on the board's action.

Despite the request of King to withhold his resignation, the board held that the resignation was legally before the board, and further that King had no right to cancel it.

The board has had approximately twenty applications from which to select a successor to King.

BRECK WOMAN SEEKS \$50,000 FROM HAMON R.R.

BRECKENRIDGE, Nov. 29.—Evidence in the suit of Mrs. Mattie Emblerin against the Wichita Falls, Ranger & Fort Worth railroad for \$50,000 for the death of her husband, R. L. Emblerin, may be concluded in Forty-second district court today.

Emblerin was killed at the Hamon station Feb. 23.

Conflicting evidence was presented by defense and plaintiff at the opening of the hearing yesterday. The defense endeavored to show that Emblerin's death was the result of his own carelessness and that he was intoxicated at the time. Witnesses for Mrs. Emblerin said that no warning bell was sounded by the train as it approached the station.

SOVIET AUTHORITY BREAKS DOWN WHEN IT OPPOSES CHURCHES

MOSCOW, Nov. 4. (By Mail)—"Religion is opium for the people" is the slogan which the soviet government caused to be placed on a permanent stone tablet in the wall of the Moscow city hall facing the Iberian chapel.

The little chapel stands at the entrance to the Red square, and contains the ikon which is more sacred to Russian churchmen than any other in the entire domain of the former czar. Consequently it is greatly frequented by ill persons and supplicants who have suffered all sorts of misfortune and reverses.

The stream of worshippers at the holy shrine continues in spite of the slurring sign which Bolshevik officials have erected. And the disregard of the faithful for the official snarling on the tablet is clearly indicative of the failure of the communist regime to lessen the regard for religion throughout Russia.

GERMANS WORK LESS, MAKE MORE, SINCE WAR

COBLENZ, Germany, Nov. 29.—Workmen in most parts of Germany are said now to be receiving better wages, everything considered, than prior to the war, and working shorter hours. This is particularly true of the occupied area, according to American army officers who in their line of duty have come in contact with the German working classes.

That the workman is able to live better under present conditions is due, in a large measure, to the fact that strict regulations of food prices have been enforced by German authorities and has prevented shopkeepers from boosting the cost of the necessities of life, despite depreciation in the value of the mark. These regulations apply chiefly to house rent, meat, potatoes and other staples within the country.

CINCY TO PLAY CLEVELAND.

CINCINNATI, Nov. 29.—A series of games next spring to decide the baseball championship of Ohio is being considered by the Cincinnati and Cleveland clubs. The Cincinnati Nationals will train at Mineral Wells, Texas, and the Cleveland Americans will practice at Dallas, Texas, less than three hours distance by rail. The games probably will be played at Dallas, Mineral Wells and Fort Worth, three in each city.

Memories of War Cause Hero's End

Commander of "Lost Battalion" Leaps to Death on Ocean Trip.

NEW YORK, Nov. 29.—Secret brooding over his experiences in the world war, from which he emerged one of America's greatest individual heroes, was ascribed today by friends and relatives of Lieutenant Colonel Charles W. Whittlesey as the cause of his taking his life Sunday while on the way to Havana. Leaving several letters presumably explaining his act, the commander of the "lost battalion" disappeared from the steamer Toloa, twenty-four hours out of New York. His intimate friends had no idea he was making the trip.

Members of his family and business associates were incredulous at first when wireless dispatches reported him missing, but as evidence accumulated they reluctantly came to the conclusion that the missing man was Colonel Whittlesey.

And then they recalled incidents which, pieced together in the light of his tragic death, might have been recognized as indication that his spirit was shaken by recent memories of his brothers in arms who had died before his eyes in France.

The last blow, they said, more trying than the rest, was in Washington a fortnight ago, when he took part in the funeral services for America's unknown soldier. There he had met hundreds of former friends and had marked anew the gaps in the ranks of the men he loved.

"His mind stopped," said Forsyth Little of the firm of White & Case, with which Colonel Whittlesey was associated. "It had all it could bear remarkable mind though it was. I don't think there was a man in the country who has had such trying experiences."

Always Accessible.
"He was the hero who was always accessible to those whom he thought he could help. The disabled, jobless, the friendless, the widows of all of them, were on his mind constantly. For the last two years scarcely an hour has passed that some case was not specifically before him."

Whittlesey had told no one that he was going to Havana. When he left Friday afternoon it was with some cheerful remark about the Army-Navy football game to be played the next day. He went from there to his boarding house at East Forty-fourth street. He told acquaintances there that he was going away for a rest, when he left Saturday morning with a traveling bag. He was in the habit of going off alone for week-end trips.

Captain Grand of the Toloa said by wireless after Colonel Whittlesey vanished, the ship was searched, but no trace of him was found.

In his cabin a number of letters were discovered, addressed to friends and business associates in New York and Pittsfield, Mass., with request that they be sent by wireless. The one received by Robert S. Little, of Whittlesey's law firm here, dealt with routine business affairs, but concluded with the words: "I shall not return."

WHITTLESEY KNEW MEN LIKE THIS ONE

WACO, Nov. 29.—John Lamb, veteran of the war was taken home today by his pal, Walter Blumh of Muskegon, Mich.

Lamb, a shell shock victim, was removed from a south-bound train here last Friday in a semi-conscious condition, telling of an attack upon him in his office at Muskegon, stating he was dragged by two men and robbed of \$500. Since his arrival, the war veteran has been receiving treatment in a local sanitarium.

Little credence is given the robbery story in Muskegon, Blumh said here before the two young men left for Michigan. Blumh said Lamb had been subject to sudden attacks of loss of memory other times since he was shell-shocked.

HEAVY SLEET STORM GRIPS NEW ENGLAND

BOSTON, Nov. 29.—The sleet storm which has swept New England for three days, has claimed at least three lives, and caused property damage of \$2,000,000, according to reports reaching here today. The storm which continues unabated, held hundreds of towns in New England in darkness last night, as lighting systems were demolished in the gale.

WEATHER.

Tonight and Wednesday, generally fair, with but little change in temperature.

FIVE INDICTED FOR ORGANIZED CAR STEALING

Alleged Gang of Ranger Car Thieves Held; "Noisy" Watson Case Dismissed.

EASTLAND, Nov. 29.—G. B. Hinkle, Ranger filling station employee and four other men rounded up by county officers several days ago as members of a gang of car thieves, have been indicted here by the special grand jury on charges of theft and of concealing and receiving stolen property.

Hinkle, who is alleged to have "fraudulently received" from Clarence Taylor four automobile casings and a battery belonging to W. K. Snider and seven automobile casings belonging to the Oilbelt Motor company, was indicted on two counts of receiving and concealing stolen property. Taylor was indicted on a charge of theft of seven casings from the warehouse of the Oilbelt Motor company about a year ago. J. B. Faucet, Roy Wells and Clarence Herd of Ranger, were indicted for the theft of an automobile belonging to George Adams.

An indictment was also returned against R. S. Douglas, mule skinner of Mexia, charged with receiving and concealing a Buick automobile belonging to R. E. Hubbard. No true bill was found against "Noisy" Watson of Ranger, who was held to the grand jury with Douglas on the same charge.

The plaintiffs allege that the oil company contracted to develop their land for oil and gas purposes and agreed to dedicate a string of tools to the tract until it was definitely decided that the land did not contain oil and gas in paying quantities. According to the plaintiffs, the company did not develop the land as agreed and did not protect the plaintiff's tract from other wells.

The jury was called upon to decide numerous special issues. It awarded \$60,000 to the plaintiffs. The land in question is about five miles northwest of Ranger. Burkett, Anderson & Orr of Eastland represented the plaintiffs, while John Hancock, general attorney for the oil company, and W. B. Powell, assistant general attorney, represented the defendant.

WHAT THE WASHINGTON CONFERENCE IS DOING

WASHINGTON, Nov. 29.—The eyes of the arms limitation conference today were turned towards Japan. The controversy in the conference as to how much the Japanese navy should be cut is now believed to be nearing decision.

All of Japan's cards are in the hands of the stoical-faced Baron Kato. He apparently is willing to make some concessions from Japan's previous stand for a 70 per cent ratio of capital ships but seems reluctant to accept without reservation the 60 per cent ratio proposed by Secretary Hughes. He may propose 63 per cent.

British opposition to Harding's association of nations was made clear by the significant remark of Arthur Balfour, "We do not want two leagues of nations, do we?"

Rene Viviani of France is opposed to Germany's admission to the conference, as suggested by Harding.

The American advisory committee believes it will be impractical to limit the use of gas in warfare.

In the Far East sector, the Chinese continue their fight for "freedom from foreign domination" by pushing requests for removal of foreign troops.

SOUTH TEXAN SHOT. CORPUS CHRISTI, Nov. 29.—Charles Flato, Jr., 38 years old, prominent business man of southwest Texas, was found shot dead at his home in Kingsville early today. A pistol was lying near the body. Flato had been in ill health.

HARDING'S 'ASSOCIATION' MUST DIFFER FROM LEAGUE OF NATIONS TO OBTAIN BRITISH SUPPORT

BY CARL D. GROAT (Copyrighted by United Press.)

WASHINGTON, Nov. 29.—President Harding's proposed "association of nations" must fulfill functions other than those of the League of Nations, if it is to have British support. Parallel lines will not suit.

"This idea stood out incisively as the result of a brief interview with Arthur J. Balfour of the British arms delegation, in which he remarked, 'We do not want two leagues of nations, do we?'"

No Official Statement.
Balfour has been avoiding with consummate skill any statement which would bind his government officially, but the brief interview left the conviction that he stands as before, strongly for the league, and is opposed to annual sessions in Washington—with emphasis on Washington—for an international body.

"On Sunday you suggested you had not read the paper as to President Harding's association idea. Can't you say something today on the subject?" he was asked.

"I have really not studied the matter yet," he countered. He was told he could safely assume the idea emanated from President Harding, and there had been no actual written statement in the matter.

"Can you say, then, how you stand on the League of Nations?" he was further queried.

ONE-THIRD OF NATION'S IDLE BACK TO WORK

Revival of Building Biggest Factor; May Not Be Permanent.

BY LAWRENCE M. BENEDICT, (United Press Staff Correspondent.)

WASHINGTON, Nov. 29.—The national conference on unemployment has been instrumental in putting between 1,500,000 and 2,000,000 idle men back to work, Secretary of Commerce Hoover believes.

Based on the last labor department estimate of 5,500,000 unemployed, this would be a reduction of nearly one-third in the nation's idle in the last two months.

Hoover made it plain he believed this pick up in industry may be only temporary, and that January or March may see the gain entirely wiped out. A general revival in building has been the biggest factor in helping the situation, reports to the secretary of the national conference showed.

N. Y. BUILDING FALLS; BURIES 35 WORKMEN

NEW YORK, Nov. 29.—A Brooklyn theatre in the course of construction collapsed shortly after noon today. Six bodies have been removed from the ruins at 2:30.

The roof and one wall of the partly completed structure crumbled down, burying a gang of men at work on the first floor.

Contractors in charge of the work said there were about thirty-five men on the job, and about twenty have been accounted for. The remainder are believed to be buried.

The contractors were taken into custody. The body of Albert Sheridan, one of the foremen, was seen pinned under a girder and a crew of men started hacking away the debris in an effort to reach him. It was believed he had been killed, however.

BOYD AND LINE ALLOWED BOND; HAVEN'T MADE IT

EASTLAND, Nov. 29.—Johnny Boyd, under indictment with Lloyd Line for the murder and attempted robbery of Joe Feibrich, was allowed bond of \$7,500 yesterday afternoon by Judge Davenport of the Ninety-first district court following a habeas corpus hearing.

Lloyd Line's bond was fixed at \$7,500 several days ago following an appeal taken by his attorney to the appellate court from the habeas corpus hearing before Judge Hill of the Eighty-eighth district court at which Line was denied bond. The appellate court ordered that Line be granted bond and the county attorney's office agreed on a bond of \$7,500. Neither of the men have as yet made bond.

Boyd is scheduled to be tried for the murder and attempted robbery of Feibrich on Dec. 5. Line's trial is set for Dec. 7.

CURETON WILL TAKE OATH FRIDAY MORNING

AUSTIN, Nov. 29.—Attorney General C. M. Cureton will return from Washington Thursday night and will be sworn in as chief justice of the supreme court Friday morning at 10 o'clock. Associate Justice T. B. Greenwood will administer the oath of office.

The new chief justice will then administer the oath of office to W. A. Keeling as attorney general.

AMERICAN EXPELLED FROM MEXICO CROSSES BORDER TO LAREDO SAFE

MEXICO CITY, Nov. 29.—William F. Buckley, president of the American association of Mexico, for whose arrest and expulsion the Mexican government issued an order several months ago, left Mexico City Sunday night on a safe conduct furnished by Foreign Secretary Pani.

Although technically not expelled under article 33 of the Mexican constitution, it is understood it will require authorization from the Mexican president before he can return, which has the effect of arbitrary action without the act being enforced by officials here. His journey to Laredo was made with the full consent of the Mexican government.

THIRTY CASES SEIZED!

DALLAS, Nov. 29.—Police officers raided a boxcar in the local yards today and seized thirty cases of bonded whisky. No arrests have been made.

Virginia Rappe's Last Film May Decide Arbuckle Case

State's Efforts Turn to Proving Girl Was Healthy; "Sherlock Holmes" Enters.

SAN FRANCISCO, Nov. 29.—Virginia Rappe herself—a phantom Virginia Rappe in the form of a motion picture, may be called to testify against Roscoe Arbuckle.

As the prosecution today swung into its rebuttal to Arbuckle's defense in his trial on a manslaughter charge, attorneys for the state were considering this move.

The state is known to have portions of the last film in which Miss Rappe appeared—"The Twilight Baby," which shows her riding horses and bicycles, and performing stunts which they claim no sick girl could have done. This picture may be brought before the jury to refute claims of the defense that the girl was virtually an invalid.

There was much conjecture in the court room today as to whether Mrs. Marie Taube, the new mystery woman in the case, who until yesterday was entirely in the background, would be brought forward as a witness. Arbuckle brought Mrs. Taube into the limelight yesterday, while he was testifying. He said she was the only person he invited into his apartment in the hotel St. Francis the day of the party. He had been out with her the night before, he testified.

On the afternoon of the party, she was to have gone motoring with him, but he said she was "peevish" when she saw the crowd of guests he had—including Virginia Rappe.

HEYDLER SAYS PITCHING RULES NOT TO CHANGE

BY HENRY L. FARRELL, (United Press Staff Correspondent.)

NEW YORK, Nov. 29.—Changes in the pitching rules or discussion of the "divly ball" will not receive the slightest consideration at the winter baseball meeting, in the opinion of John A. Heydler, president of the National league.

All last season when the blame for the extremely heavy hitting was placed upon a lively ball and rules that crippled the pitchers, the National league chief maintained that it was the same old ball and that the rules were not too drastic.

"I believe I was vindicated in the world's series. The same ball was used and good pitchers found no trouble in stopping heavy hitting. It was inferior pitching that increased the hitting more than anything else last season," Heydler said.

Restoration of the use of resin or any other substance to help the pitcher get a grip on the ball will not be authorized, according to the National league chief, who says that his league has solved the problem of the slippery new ball by permitting the umpires to take the gloss off the hide by rubbing it with a white clay that does not discolor the pellet.

"We have been giving it the test and we have found that it solves the problem," he said.

Heydler expects the coming meeting to be one of the quietest in the rather turbulent history of the major leagues, because there is nothing to squabble over but the barnstorming Ruth and the magnates are only passively interested in the case, as Commissioner Landis has it in his hands.

Although it will not be called officially to the magnates' attention, Heydler is going to ask the National league to draw the lines a little closer on hits and not be so ready to let fielders out of an error on a questionable hit. The National league boss said the scoring during the world's series was most surprising at times.

'BUSINESS MESSAGE' TO BE SENT CONGRESS

WASHINGTON, Nov. 29.—President Harding will deliver a "business message" to congress when it meets for the regular session next week. The message will be devoted for the most part to outlining the administration's efforts to put the government on a business basis, and to legislation designed to speed up the return to normalcy.

NEW COLD CURE

WASHINGTON, Nov. 29.—Secretary of War Weeks has discovered a novel cure. He disclosed it this morning upon returning from New York, where he witnessed the Army-Navy football game Saturday. "I should not have gone up to the game," the secretary said, "because I had a bad cold. The rain and exposure were not expected to help it, but after I had gotten a good drenching for several hours, the cold was quite gone."

SCRIP IS READY FOR DEPOSITORS OF F. & M. BANK

May Be Obtained by Applying at Offices of Merchants' Association.

SCRIP is now being issued by the Retail Merchants' association against accounts in the Farmers & Merchants bank. All arrangements have been completed by the association and applications for scrip will now be received at any time, Secretary Burt of the association announced this morning.

A maximum of 75 per cent will be issued each applicant as soon as his account can be checked, Burt explained. The remainder will be paid the applicants in cash just as soon as the funds are turned over to the trustee by the state liquidating agent now in charge of the affairs of the bank.

It is expected that a large number of depositors of the former bank will take advantage of the merchants' scrip offer, in order to obtain use of their money tied up in the bank without waiting approximately two months for the bank's assets to be turned into cash.

E. M. Humes, president of the association, has been named as trustee and a special committee appointed to pass on the applications.

All that depositors in the F. & M. have to do to obtain scrip is to go to the offices of the association, as all details are attended to there. "The idea prevails," Secretary Burt said today, "that a depositor must obtain his bank statement before scrip will be issued. This report is incorrect. All anyone has to do is to come to the office and state the approximate amount he has on deposit, and the exact sum will be obtained by the association from the books of the bank."

Her identity is something of a mystery. Her picture was published in a San Francisco paper, showing her leaning from a window, with Arbuckle at her side, both apparently happy. This picture was taken the day before the party. Arbuckle evidently regarded her as his friend, yet she has not come forward to help him.

Arbuckle came into court today, red-faced and cheery after his ordeal on the witness stand. The defense closed its case after dark last night, and Fatty seemed confident today that the state could not break down the wall of evidence he had built between himself and the penitentiary.

Many thought the state might call her as a surprise witness while there was speculation as to why the defense had not summoned her as she appeared to have been friendly with Arbuckle.

State May Call Her.
Many thought the state might call her as a surprise witness while there was speculation as to why the defense had not summoned her as she appeared to have been friendly with Arbuckle.

He described finding numerous hairs on the floor of the room—widely scattered—all corresponding to those of Miss Rappe.

"A peculiar distribution of dust," two tortoise shell hairpins, debris from clothing and finger prints on the doors were other things the "Sherlock" found.

Deductions Not Revealed.
He was not permitted to draw deductions and the evidence was allowed to stand only as proof that the maid had not thoroughly cleaned the room.

While he testified a big jar containing organs from Miss Rappe's body, placed in evidence earlier in the day, stood on a table midway between the witness and Arbuckle's seat.

THE SHIP BUILDERS' SIDE.

There is bound to be some opposition to every move which promises to reduce expense, governmental or otherwise.

For instance, while the world in general rejoices at wiping the armament item from national budgets, the thousands of ship yard workers are up in arms against the project. Such a course would automatically sever them from jobs at which they have become proficient. They see nothing but starvation ahead, if the nations are not to continue spending billions in preparing for the wars which seldom come.

That attitude is typical of humanity. Personal interests are closer to every body than the general good—must be, so long as living is a struggle for the preservation of life—and being closer, the individual welfare will continue to obscure the welfare of the whole. It is not alone true in the larger affairs of the world, but in the workaday affairs as well.

During the boom days of impassable roads, there was a cordial feeling of dislike between the teamsters and the truckers, because the truckers could do the same work more expeditiously, provided they could get over the road. And if trucks were to do all the hauling, what in the world was to become of the poor mule skinner?

Similarly, there is opposition to nearly every labor-saving invention, because it throws employment conditions out of adjustment. It is true that such inconveniences are temporary, but they do bring some suffering in their wake, and must be considered in that light. The shipbuilders today are not opposed to navy limits, but they see themselves offered as sacrifices to propitiate the god of war. And naturally they do not relish the prospect.

Government has still some advanced steps to take. One of them is to remedy just such conditions. When man-made rules upset the more or less even tenor of men's ways, there should be somebody which could make the necessary adjustments so that human beings are not crushed under the wheels of progress.

If Christ came to Chicago, or to any other of our enlightened centers of population for that matter, we guess what would surprise and depress Him most would be the way His earnest followers are confidently trying to save the world's soul by conducting frantic drives for \$15,000,000 or some such sum.—Ohio State Journal.

You're a dyed-in-the-wool movie fan if you can keep from winking your eyes long enough to read the names of all the people who wrote, edited, arranged, photographed, staged, managed, directed, adapted, made the continuance and did the subtitles for a picture.—Washington Post.

Walking is healthful exercise if one doesn't jump the wrong way when honked at.—Toledo Blade.

TWO WIVES MAKE HAPPIER HOME THAN JUST ONE

Louisville Business Man Tries Out Plan and Finds It Ideal.

LOUISVILLE, Ky., Nov. 29.—Two wives, one of them a bride of two days, dwelling in happiness under the same roof with one husband, was the situation alleged to exist here today following a statement that Willard W. Long, 42 years old, former widely-known Louisville business man, married for twenty years, had married a second wife in New Albany, Ind., Wednesday and taken her to live with his first wife and their schoolgirl daughter.

"The arrangement is entirely satisfactory; we are all mighty happy here together," Long is quoted as having said, beaming with smiles, when seen today at his home on a small farm on the Green Valley road, north of New Albany.

Long's love nest, which is housing his wives and daughter, is in the rolling hills seven miles from New Albany, where he has lived for years. He appeared to be not in the least disturbed by his possession of two wives. "Why should I be?" he asked. "We all like it. Mrs. Long, my first wife, just loves my second wife, who is a friend of my daughter.

"Will Be So Nice."

"It will be so nice for them!"

Until Wednesday, Long was a department manager for a Louisville store handling women's clothing. His first wife is Mrs. Mary Lee Long, 36 years old, to whom he has been married for seventeen years. His second wife, whom he led to the altar, he says, with his first wife's consent, is Marjorie Gayle McFall Long, 19, daughter of Mr. and Mrs. T. Q. McFall, of Louisville. McFall is an insurance man.

Clara Lee Long, 16, a daughter, is the fourth member of the household. She is a New Albany High school pupil.

Long was taken into custody by Louisville police tonight on a warrant sworn out by the girl's mother, charging bigamy.

He was arrested at the home of the McFalls in Louisville when he and his bride called to the McFall home at the request of the girl's father. They were taken to Central police headquarters in Louisville.

Asked whether or not he would go back to New Albany without requisition papers, Long readily agreed to go, and New Albany officers were summoned to accompany him.

When they arrived and started to take Long away the girl threw her arms about his neck and began to sob. Mrs. McFall, who had come to New Albany to swear out the warrant for Long, arrived at Central police station with the Indiana officers.

Long said today it was "ideal" to have two wives. He said he was a member of the Baptist church.

"I loved Marjorie and she loved me, and that's all there was to it," Long said in explaining why he married the girl. "I was going to bring her home, anyhow, and I wanted everything to be regular."

CONFERENCE DISAPPROVES FOREIGN TROOPS IN CHINA

WASHINGTON, Nov. 29.—Removal of foreign troops from China was approved in principle by the Far Eastern committee of the arms conference, but no conclusion was reached as to the date or the procedure for such action.

DOG HILL PARAGRAPHS

By GEORGE BINGHAM

Sim Flinders has been observed prowling around at night with his lantern turned down right soft and low, and the Deputy Constable is going to turn his down the same way tonight and try to slip up behind him to see what he is up to.

There are so many gullies on Poke Eazley's farm he catches cold every time he walks out over it.

Atlas Peck says when a man's wife catches him in a flatfooted lie and there is no way at all of getting out of it, the best thing he can do is to be honest and confess.

WHICH WILL BE A MILLIONAIRE'S BRIDE?

Rumor has it that either Yansci Dolly or her twin sister, Roszika, will soon become the bride of a prominent American millionaire. The Dolly sisters are now in London. Roszika recently divorced Jean Schwartz, song writer, and Yansci is on the verge, she hopes, of obtaining a decree of divorce from her comedian husband, Harry Fox. One of their more persistent admirers, according to reports reaching New York, is Alexander Smith Cochrane, multi-millionaire husband of Ganna Walska, opera singer. Mr. Cochrane is seeking to divorce his wife. Dispatches from London quote Yansci Dolly as saying: "When I marry Broadway will get the surprise of its life!"

TEXAS WOOL TO BE GIVEN LOWER FREIGHT RATE

WASHINGTON, Nov. 29.—Commodity rates on wool and mohair from Texas points to Boston were held today by the interstate commerce commission to be higher than justified, and the railroads were ordered to file reduced rates for the commission's approval.

ELECTRIC COMPANY ORDERED TO REDUCE RATES IN EASTLAND

EASTLAND, Nov. 29.—The city commission yesterday ordered a reduction in the electric light rate of the Oilbelt Electric company to a scale of 15 cents per kilowatt hour for the first 100 kilowatts. Representatives of the company appeared before the commission and presented arguments against such a reduction being ordered. The reduction order is to become effective Jan. 1.

Officials of the company here stated this morning that the company would fight the order of the Eastland city commission, contending that the commission had no power to regulate rates. In the event, however, that the rates do become effective, Ranger will share in the reduction, it is stated. The books of the company are open to anyone desiring to examine them, it is stated, for the large profits that the company is charged with making at the present rate.

DEATH LIST IN NEW HAVEN THEATRE FIRE INCREASES TO SEVEN

NEW HAVEN, Conn., Nov. 29.—The death toll in the disastrous Rialto theatre fire was raised to seven today with the death of Victor Corlester and Everett Case, both of New Haven.

VERDICT IN BABE RUTH CASE EXPECTED TODAY

CHICAGO, Nov. 29.—Babe Ruth may know today what punishment will be given him for his failure to abide by the rules of organized baseball prohibiting world series players from taking part in exhibition games after the series has ended.

SAWMILL BOILER BURSTS; FOUR WORKMEN KILLED

FULTON, Mass., Nov. 29.—Four men were killed and two others seriously injured when a sawmill boiler exploded at Eastman, according to reports reaching here.

TEN INJURED IN N. Y. SUBWAY COLLISION

NEW YORK, Nov. 29.—Ten persons were injured in a collision of trains on the elevated structure of the subway here today.

None of the injured is believed to be seriously hurt.

MORATORIUM FOR GERMANY IS SUGGESTED

LONDON, Nov. 29.—Rumors of a probable moratorium for Germany were revealed this morning by the Daily Mail, which says Sir John Bradbury, British delegate on the reparations commission, has drafted a memorandum on the subject for the consideration of the cabinet. The newspaper says that as a result the cabinet may urge a moratorium for German debts for two or three years, on condition that she cease manufacturing currency.

EASTLAND ELECTS NEW CHIEF OF POLICE

EASTLAND, Nov. 29.—The resignation of Chief of Police O. H. Burkett was accepted by the city commission yesterday and E. L. Woods elected to succeed him, receiving four out of the five votes. Former Sheriff H. E. Lawrence received one vote.

Burkett will go to Groesbeck to accept a position as deputy sheriff. Woods is a member of the citizens' committee and one of the relations in both of the ouster suits against County Judge Starnes. He was also one of the three members of the special grand jury, called to investigate the county judge's official acts, who returned a minority report disagreeing with the report of the majority report of the grand jury exonerating Starnes.

ROWLAND WILL LEAD COLUMBUS TEAM AGAIN

COLUMBUS, Ohio, Nov. 29.—Clarence Rowland, who has been re-engaged to manage the Columbus club of the American association next season, intends to make radical changes before the 1922 season opens. New players will be obtained to strengthen the club, Rowland says.

IVAN STORE BURGLARIZED.

BRECKENRIDGE, Nov. 29.—Willie Todd, 16, and L. E. Todd, 21, face trials in juvenile and district courts on the charge of burglary from an Ivan store Sunday, according to Chief Deputy Edmonson and Constable Crawford who returned with them from the northern town today. The boys are said to have broken into the store Sunday and stolen a Ford tire.

CARD OF THANKS.

We take this method to express our heartfelt thanks to our many friends for their many deeds of kindness and words of sympathy during the recent illness and untimely death of our husband and father, J. W. Tibbles, also our appreciation of the beautiful floral offering. Words fail us when we attempt to express ourself. It is at these sad times that we are made to feel our dependence upon each other and it is such loyal friendship that makes us realize more than any the universal brotherhood of man.

When our Lord was upon earth he said that even a cup of cold water given in the name of a disciple would not miss its reward. To this same Jesus we commend you. May his choicest blessings attend your way, and finally when he comes again may he say to you "Come ye blessed of my Father, inherit the kingdom prepared for you; inasmuch as ye have done it unto one of the least of these, my brethren, ye have done it unto me."

God bless you all.
 MRS. J. W. TIBBLES,
 AND FAMILY.

MAN-BUILT HOUSES FAIL TO PLEASE BEAVERS IN N. Y. ZOO

NEW YORK, Nov. 29.—Beavers at the Bronx zoo have no use for houses made for them by man. They want the home-made variety.

The keepers decided recently that the beaver houses in one of the lakes at the park not only was inadequate but inartistic. So, the lake was drained, the house torn down and a few structure, pleasing to the human eye, erected.

The water was then let back into the lake and the beavers, who in the meantime had been confined to narrow quarters, swam out to look over their new domicile. It was evident that they unanimously condemned the affair, for without even taking a peek within, they started to demolish it. A home of their own notion soon appeared and everybody seemed happy, except the discomfited keepers and carpenters.

The beavers did not like the dam the keepers had erected either, so after they had plastered up their house with mud and made preparations for a hard winter, they changed the level of the water in the lake.

COPPERS SEARCH FOR MISSING MOVIE DIRECTOR

LOS ANGELES, Nov. 29.—Eric von Stroheim, motion picture director, is missing under mysterious circumstances, according to notification to the Los Angeles police department today from police headquarters at Universal City.

Publicity men at Universal City closely questioned by detectives, denied Von Stroheim's disappearance to be a "frameup." They were held for a further examination. Meanwhile a special train due to leave for New York City at 10:40 a. m. with Von Stroheim's entire company and the negative of his latest production, which was to be developed en route, was ordered speed tracked by Universal City officials.

OHIO FLOOD FEARED.

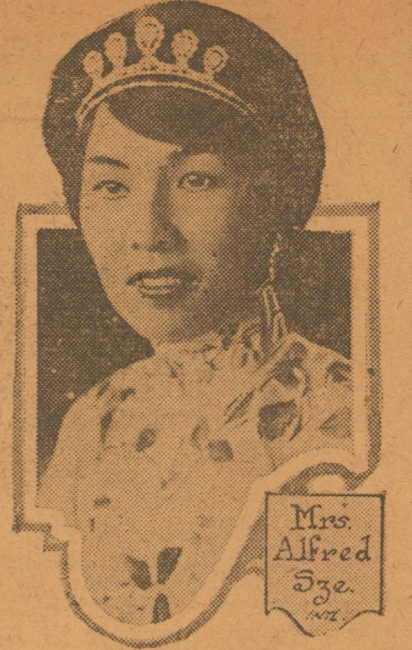

HUNTINGTON, W. Va., Nov. 29.—Small tributaries of the Ohio river, skirting residence sections, overflowed today, causing heavy property damage.

TWO STORMS IN NORTH.

WASHINGTON, Nov. 29.—Two storms of great intensity, one south of Cape Cod and the other over Lake Superior, were reported today by the weather bureau. The Cape Cod disturbance is attended by gales, rain and snow in New England, the North Central states, North Carolina and the Ohio valley.

Reports from Boston today showed that the Cape Cod storm has already

caused three deaths in New England and resulted in property damage estimated at \$2,000,000. Many Massachusetts towns were without lights and a freezing rain coated the streets with ice, virtually stopping traffic.

The Ohio river was reported rising. The Susquehanna river was rising and cities on it fear it may reach the flood stage unless rains of the past few days cease soon.

MEDICAL MEN ENDORSE FERRASAL
DOCTORS AND DRUGGISTS EVERYWHERE KNOW VALUE OF MINERALS

Ferrasal contains the same elements as the most famous European mineral waters. It contains nothing harmful or painful in its action. Its elements include Calcium (Lime) and Iron, Acid Citrates, Acid Tartrates and the Sodums. All of these elements are vital to the human system and are particularly needed to relieve and tone up the digestive organs.
DR. C. F. DYSON
 —of Minneapolis, Minn., says: "The majority of cases of weakened physical condition which ultimately leads to tuberculosis are caused by a deficiency of lime in the system." (See Journal of American Medical Association, issue 7-27-12, page 308.)
 Druggists everywhere recommend Ferrasal because they know it benefits the system. If one package does not convince you the trial will cost you nothing.

Rheumatism Can Be Cured!

But You Must Clear Your Blood of Waste Products.
 Lack of exercise and improper diet causes waste products to accumulate in the blood. You will at once realize that unless the blood is pure, some part of the body will become diseased.
 Rheumatism, with its pain and agony, is one of the most serious diseases caused by waste products in the blood. You know, of course, the blood is not confined alone to the arteries and veins. It passes out of these channels to all parts of the body. This is how sediments or waste products are deposited in the muscles and joints. Genuine relief can be had only by correcting the basic trouble—waste products.
 Thousands and thousands of men and women during the past 50 years have cleared their blood of waste products with S. S. S. It is the ideal remedy for rheumatism, because it removes the poisonous waste matter which is causing the trouble. There are no bad after effects and the result is wonderful. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.
 Personal medical advice, without charge, may also be had by sending a complete description of your case. Address Chief Medical Director, Swift Specific Co., 731 S. S. S. Laboratory, Atlanta, Ga. All good drug stores sell S. S. S.

WASHITA-RANGER WELL CAUSE OF DOUBLE SUIT

Special to the Times. EASTLAND, Nov. 29.-Motion for a new trial was filed Monday afternoon by attorneys for the defendants in the case of R. A. Disney and O. A. McCullough, drilling contractors of Ranger, against the Washita-Ranger Oil company.

The verdict of the jury awarded the plaintiffs \$10,730 and awarded the defendants \$2,230 on a cross action-making a net award for the plaintiffs of \$8,500. They had sued for \$14,000, while the oil company by way of cross action asked for \$21,000.

The plaintiffs were drilling a well in Stephens county for the oil company and when the drilling had progressed beyond the 1,500-foot point, an accident occurred. The plaintiffs claim that the casing collapsed and that the casing was furnished by the defendants. The defendant company alleged that the casing was good and that it was inspected by the contractors and run. The company claimed the accident was due to the plaintiff's negligence. The defendant, in the cross action, asked \$8,000 claimed as the amount spent in getting the well back into proper shape after the plaintiff, the contractors, had abandoned it. The company further asked for \$13,000 damages, representing the alleged depreciation in the value of oil tied up by garnishment.

Forty special issues were decided by the jury.

BALLINGER BOY SOUGHT HERE.

John Philpot, 15-year-old boy, who disappeared from his home in Ballinger several days ago, is being sought in Ranger by his father. The boy was seen last week in Strawn, the parent told Assistant Chief Reynolds of the police department this morning, and it is presumed he came here.

The missing boy is described as weighing between 110 and 115 pounds, dark hair, dark gray eyes, a scar over left ear and dressed in a blue serge suit and cap and tan shoes.

SOCIETY AND WOMEN'S ACTIVITIES

Conducted By MRS. R. B. CAMPBELL Telephone 418 SOCIAL MEETING. The Woman's Missionary Society of the Methodist Church held its regular once-a-month social meeting yesterday afternoon at the church. After a short business session the afternoon was devoted to pleasure. There were some interesting contests, followed by dainty refreshments of tea and cake.

STEALING OF SHIRT GETS HUNGRY MEXICAN BOTH FOOD AND LODGING

A Mexican laborer, out of a job and hungry, stole a shirt last night to get food and not only succeeded in obtaining food but lodging as well. What he hoped to secure through the sale of the shirt he is now enjoying as the guest of the city, following his arrest by Constable Faircloth. The authorities are investigating the Mexican's story that he was starving and

SNOW!

Only a few snow flakes, but the first of the season fell shortly before noon today. The promise of a light snow, however, gave way before a determined drizzle which increased as the temperature rose toward the middle of the day.

HARDING'S SINS BRING TEARS TO DRY CRUSADER

CHICAGO, Nov. 29.—Virgil G. Hinshaw, chairman of the Prohibition party, called today for vigilance committees to "arise all over the country to co-operate with the enforcement officials." Mr. Hinshaw sounded this note in opening a national prohibition conference and meeting of the Prohibition national committee.

"We face a new opportunity, an opportunity to enforce the law that now exists," the prohibition chairman told the conference. "This is our job."

"If we cannot get the administration now in power to lead the way we shall have to elect one that will."

"One of the disappointing things about our President is that he has made no public appeal to the nation to uphold the Eighteenth amendment, and he appointed a secretary of treasury conspicuously known as pro-boozie."

"However, the American people must take things into their own hands."

Mr. Hinshaw, who has just returned from Europe, added that its nations were being flooded with liquor propaganda from America. "Brewers and distillers abroad are fighting by use of the press as though on their last legs," he said.

MAN LOSES EYE IN NIGHT FIGHT WITH HUGE BIRD

SARANAC LAKE, N. Y., Nov. 29.—As the result of one of the most unusual battles on record in the Adirondacks, William Revell of Redford may lose the sight of an eye.

Entering his barn at night without a light, he was struck by a huge bird. He seized it by the leg and attempted to drag it down. The bird fought furiously beating him with its powerful wings and pecking at his head and face. A blow in the eye blinded him and he fell to the floor. He was taken to a Plattsburg hospital.

Investigation showed the bird to be a great blue heron, the largest and strongest bird in the Adirondacks, which had evidently taken up winter quarters in the barn.

If you want good schools do your part. Pay your taxes; room 209-211 Marston bldg.—Advertisement.

TEXAS COMPANY CHIEFS INSPECT N. T. HOLDINGS

BRECKENRIDGE, Nov. 29.—Breckenridge today is hostess to oil men of national importance. Amos D. Beatty, president of the Texas company, with offices in New York, T. J. Donoghue, vice president and C. M. Scott of Houston, general manager of the production department arrived here today by automobile. Their special car, attached to the C. & N. E. morning train, arrived at Parks at 6:25 a. m. After breakfast there, they inspected the impressive camp which the Texas company has built there and then by car inspected the Texas holdings from the south end to the north border of the county, stopping for lunch in Breckenridge at noon. They will take their special car again at Graham tonight, continuing to Wichita Falls.

Special to the Times.

Gulf Has Big Suit. Gulf Production company officials, two of whom are personal friends of Mr. Beatty, arrived last night from Wichita Falls to appear in district court here. They are W. B. Pyron, vice president and general manager for the North and West Texas fields, R. E. Hardwicke, general attorney for the company, F. J. Adams, assistant to Mr. Pyron and F. B. Oberwetter, land commissioner of the Gulf company.

They will appear as witnesses in the suit brought by E. P. Akin against the Gulf for \$300,000 and cancellation of lease on 200 acres four miles west of Breckenridge.
