## SIXTEEN DEATHS IN OKLAHOMA TORNADOES

### \$180,000 Fire at Cisco

Defective Wiring Is Believed Cause; Two Big Stores Are Destroyed.

Special to the Times.

CISCO, March 14.—Fire supposed to have started from defective wiring in the J. B. Nime store at 2:30 this morning, by noon today had destroyed three stores occupying half a block at Avenue D and Broadway, in the heart of the business section here, together with all the merchandise stocks. The loss is estimated at \$182,000, and is partially covered by insurance. The stores destroyed include the J. B. Nime dry goods store, the Ward-Gude dry goods store and the R. C. Pass grocery. At noon today the ruins were still burning but the fire department had the fire under control and no other buildings were threatened.

Largest in 12 Years.

The fire loss is the largest that Cisco has sustained since 1910, when the same section of the block, then occupied by the store of Mayhew & Co., was destroyed with a loss of over \$50,000. Owners of the buildings destroyed this morning announced that rebuilding will start as soon as contracts can be let.

The fire loss on the buildings occupied by the Ward-Gude dry goods company and the Pass grocery is placed at \$85,000 by A. L. Mahew, the owner, with \$7,000 insurance.

Alex Ward, owner of the building occupied by the J. B. Nime store, placed his loss at \$30,000, with \$25,000 insurance.

**Loss on the Merchandise.**  
Ward-Gude Dry Goods company, \$53,000, with \$19,000 insurance.  
J. B. Nime Dry Goods company, \$60,000, with \$40,000 insurance.  
R. C. Pass grocery, \$3,700, with \$2,200 insurance.

Millinery shop of Mrs. Ida Kenyon, in the Ward-Gude store, \$3,000, with \$1,000 insurance.

The fire is reported to have broken out suddenly in the Nime store and to have spread to the other buildings rapidly. Members of the police department reported that they passed the buildings about twenty minutes before the fire was discovered but had seen no sign of a blaze or of any smoke.

### GOVERNOR NEFF TO CHECK UP ON MEXIA PROMISES

By United Press.

AUSTIN, March 14.—Governor Neff will go to Mexia tomorrow for a conference with officials on present law enforcement conditions in that territory, it was announced at his office today.

This will be Neff's first visit to Mexia since his memorable address in which he offered to lift martial law if the citizens would guarantee the laws would be respected.

Recently the governor received a letter postmarked Fort Worth, which threatened him with tar and feathers if he ever returned to Mexia. The governor treated the letter as a joke.

Attorney General Keeling also will attend the conference.

### DALLAS PASTOR HAS SLEEP OF SIX DAYS

DALLAS, March 14.—After a deep sleep lasting six days, the Rev. H. W. Burwell, 3423 Oaklawn avenue, well known Dallas Presbyterian evangelist, awoke Monday and appeared perfectly normal.

While conducting a revival at Lubbock, two weeks ago, he contracted influenza and returned home last Tuesday. He went directly to his room and fell into a slumber. When aroused for dinner he went to the table and there fell again into a strange sleep, which hung over him until Monday morning.

### TWO NATIONAL LANGUAGES.

ASUNCION, March 14.—Paraguay, which is the smallest and most remote of the South American countries, is at the same time the only one that is the proud possessor of two national languages, both of which are official. One of them is Spanish and the other is Guarani, or tongue of the partially civilized Indians who possessed the land before the arrival of the Spaniards. Guarani is spoken everywhere being heard on the streets as frequently as Spanish. The language is composed of short and snappy monosyllables.

### WIRELESS WILL CRACKLE ALL OVER RANGER, UNDER PRESENT PLANS

Ranger will soon bristle with wireless telephone and telegraph aerials on the top of the taller buildings and Rangerites will soon be getting their baseball scores, concerts and sermons delivered to them through the air, if the plans of local merchants are carried out.

The present wireless station at the Willard Battery station on Ruak street will soon be equipped with wireless telephone receivers, which Spurgeon Reynolds, owner, is expecting here in time to receive a concert sent out from Dallas on Friday.

Plans have been completed by C. H. Davis of the W. E. Davis Jewelry company in the Gholson Hotel building to erect aerials on top of the hotel and receive the time, baseball reports, con-

certs, etc., from as far east as New York and other Atlantic ports. The receiving and sending set will be installed in the rear of the jewelry store by Mr. Davis, who is a former naval wireless operator. The receiving sets are expected here in the next day or two, he explained this morning, and those wishing to do so may get their time, music, baseball and sermons hot from the atmosphere.

Installation of wireless telephone systems are also contemplated by E. E. Crawford, proprietor of Crawford's pharmacy and the Oil City pharmacy, and J. M. White of J. M. White Dry Goods company. Mr. Crawford plans to erect one aerial on the Gholson hotel and maintain stations in each of his drug stores.

### LEON WILSON SEEKS INSURANCE FOR GEMS TAKEN BY HIJACKERS

Special to the Times.

EASTLAND, March 14.—Leon P. Wilson of Ranger has filed suit for \$4,000 against the National Surety company of New York, in the Eighty-eighth district court. The plaintiff alleges that he was carrying a policy with the defendant company, insuring him against loss from highway robbery, and that while the policy was in effect he was held up and robbed of jewelry worth \$7,000. As the insurance company has failed to pay the claim, Wilson is suing for the maximum amount of the policy.

The plaintiff alleges that he and two other men were in a car bound

for Ranger from Eastland on June 14, 1921. Wilson was driving the car and about four miles from Ranger he brought the machine to a stop at the top of a short, steep hill because some brush was piled across the road.

As the car stopped, two men jumped out of concealment and ordered the men in the car to throw up their hands and re-enforced their orders with leveled pistols. The highwaymen then robbed Wilson of a six carat blue-white diamond worth \$4,500 and a diamond stud worth \$2,500.

Assistant County Attorney G. G. Hazel is Wilson's attorney.

Joseph, who is planning to make hashers out of E. M. Humes' team in the association's membership campaign which opened this morning. The losing team has to provide a banquet and serve it to the members of the winning outfit, under the campaign rules.

Captain Humes could not be found around his ladies' ready-to-wear emporium this morning and the whereabouts of his team remains as dark a secret as the nature of some of the things hanging on his racks to a stray male. ### Baseball Meet Here Tonight

President W. R. Fleming Returns From California and Will Discuss Plans With Ranger Fans at Chamber of Commerce.

Plans for the Ranger club in the West Texas league will be discussed tonight at a public meeting to be held at 8 o'clock in the Chamber of Commerce rooms.

Positive assertion was made this morning by W. R. Fleming, who returned yesterday from California, that Ranger will have a club, and at the meeting tonight he will tell Ranger fans and boosters what he has done in making arrangements for the 1922 season. He has signed several players and attended to other matters, Mr. Fleming said this morning.

The meeting, it is understood, is to be a pep meeting, to ascertain how strong sentiment is in favor of the team and to devise plans for increasing the interest until all are raring to join in

making it a success.

Mr. Fleming on his way from California stopped at Clovis, N. M., and Lubbock, and reports that there is tremendous interest in the circuit in both those towns. At Clovis, \$10,000 was raised in thirty minutes to back the team and Lubbock is equally strong. The Lubbock city manager told him they expected to have a crowd of 6,000 on opening day. Mr. Fleming predicts a prosperous year for the circuit.

Mr. Fleming himself has entirely recovered from his illness of last fall and is the same ruddy, jovial Irishman who backed the team so enthusiastically last year.

Mrs. Fleming and Miss Fleming are still at Long Beach.

### GENERAL OIL COMPANY HEAD IS CHARGED WITH \$1,500,000 FRAUD

NEW YORK, March 14.—Wearing a big broadbrimmed hat and leather puttees, S. E. J. Cox, Texas oil promoter and aviation enthusiast, was arrested yesterday by police and federal authorities and was arraigned in federal court today on a warrant signed by United States Commissioner McMahon of Houston, charging him with fraud. Cox is alleged to have obtained \$1,500,000 through sales of oil stock through the mails.

Cox, who has been missing since last February, was traced from Texas to Michigan and then to New York, where he was found yesterday in front of the Astor hotel. He had no objection to offer to being arrested and laughingly remarked that he had been arrested once before for speeding.

Cox gained some notoriety by entering two specially built airplanes in the Paris international air meet in 1920. Stockholders of the General Oil company, a \$20,000,000 corporation which later went into receivership, assert that he spent \$20,000 of their money on the race.

Cox waived examination and removal proceedings when arraigned before United States Commissioner Hitecock. He stated that his affairs in Texas were all right and he was anxious to go back and answer any charges against him.

He will be taken to Houston, where a federal grand jury is now investigating the charges, as soon as removal papers can be obtained.

This announcement was made today by T. R. Foster of Pittsburgh, counsel for the young woman. Miss Birkhead in her suit alleged seduction. Mr. Foster stated that he had agreed for Miss Birkhead to appear before the committee only with the understanding that questions asked her should be confined to the charges made by the governor.

The tornadoes were part of a general rain that extended last night over the Southwest from Hannibal, Mo., on the Mississippi river, to Amarillo, in the Texas Panhandle. Flooded streams are also reported from Fort Scott, Kan., where part of the city is under water.

W. Sames of Hartshorn, who returned to home today after assisting in relief work at the stricken town last night. Many persons were slightly injured. Dr. Sames said the dead are being taken to a morgue at Wilburton.

The information was received here by telephone from Hartshorn. Wires between here and Gowen are down.

The tornado, accompanied by a heavy rain, struck the town about the supper hour, as many miners were on their way home from work. It entered the town from the south and struck a hill where many residences are located, then turned westward through a small valley, where about twenty homes were destroyed. The business section was not damaged. Relief parties were hurried to the stricken town from Hartshorn and Wilburton. **BASEBALL MEETING.**

Those who dodge front page headlines as too sensational may possibly turn their eye on this column occasionally. Perhaps some even read both.

In either case, this is an additional reminder that Mr. W. R. Fleming has returned from California and that there will be a mass meeting at the Chamber of Commerce rooms tonight to discuss prospects for the baseball team and lay plans for its support.

Everyone will agree that the baseball club has been a fine thing for the town. It added pep and interest to the daily carryings-on. It will do the same thing this year.

Mr. Fleming says we are certain to have the club. But he wants the interest and support of all citizens, in order that it may be a complete success. Come out and find out about the club. Figure out what it will be worth to you. Your financial support is not demanded, it is announced, but it probably would be accepted, and since the ball club is a community proposition here, it should have it.

**HARRY GREB GETS DECISION OVER GIBBONS**

MADISON SQUARE GARDEN, New York, March 14.—Bouncing Harry Greb, the Pittsburgh windmill, last night won a great fifteen-round decision fight from Tommy Gibbons of St. Paul in the Garden. Greb was the aggressor most of the way, and although nearly all his ten million punches were wasted on the air, or blocked harmlessly, by the St. Paul battler, the judges concluded that he was entitled to the verdict on his rushing attack.

Greb started in with his usual eccentric style of swinging, and there were times during the fight when he literally dazed Tommy. Gibbons punished Greb very severely about the body and seemed to be doing better from the tenth round to the fifteenth.

Greb was so wild that he must have struck Gibbons twenty blows in the middle of the back, which he intended to land somewhere in the vicinity of Tommy's face. He nearly wore the skin off Gibbons' hip bones with wild clouts landing there, which were aimed at Gibbons' ribs. Gibbons' most effective work consisted of drives to the body which occasioned great anguish to Greb and on several occasions caused Harry to back away gasping and wheezing.

At no time did Greb appear to hurt Gibbons, but Tommy had Harry pulling back as early as the second round to regain his wind after being jolted in the body. Gibbons looked rather bad in the ninth round, when Greb clouted him with several solid jolts on the jaw, but he came back and kept knocking out some of Greb's front teeth and plunging both hands so deep into Harry's body that they popped when he pulled them out.

**NEW BUREAU MAY ENFORCE LIQUOR LAWS**

FORT PIERCE, Fla., March 14.—Plans for practical and positive enforcement of the prohibition law under a special justice department assistant at the head of reorganized machinery have been evolved by Attorney General Daugherty.

If approved by the President and congress, the plan would remove prohibition machinery from the treasury to Daugherty.

This word was brought ashore officially Monday when the President's houseboat party landed here. Together with other news on deliberations which have occupied the party en route down the Indian river, it revealed that all members have not devoted themselves entirely to rest and relaxation.

Alaska Trip in August. Other information given authoritatively was:

1. The President and administration leaders are convinced that there is no need of concern over the treaty situation in the senate.

2. The President has decided as definitely as he can to start his trip to Alaska between July 3 and Aug. 14

3. It is the consensus of opinion of those on this trip that the bonus issue will die for this session of congress through lack of a plan upon which the executive and congress can agree.

Members of the party have indicated belief that the present bonus

bill is as good as dead; that if it passes congress the President will veto it, and today's information on the subject was more positive than at any previous time.

**Provides New Assistant.**

The prohibition enforcement reorganization contemplated by Attorney General Daugherty would provide for creation of a special assistant attorney general, in complete charge of the enforcement work. It is said that this plan grows out of the belief that a trained lawyer and prosecutor should be placed in charge of the work.

"The plan would necessitate removal of Haynes, though he probably would be placed in some executive position. It might seem to indicate also the change of enforcement work from Anti-Saloon league influence to strictly administration direction. The new head would be responsible only to Mr. Daugherty.

While Mr. Daugherty has completed his plan it has not been approved by Harding, and would be certain to encounter sharp opposition both within and without congress.

It is understood further that the President in a general way advocated transfer of the prohibition enforcement machinery from the treasury to the justice department.

### COP TO PRISON AT OWN REQUEST, TO END SNEERS

NEW YORK, March 14.—At his own request, Jeremiah H. Haggerty, former detective sergeant, was taken to Sing Sing immediately after he had been sentenced to serve from twenty years to life for murder in the second degree. Since his conviction three weeks ago and incarceration in the Bronx jail he had lost thirty-five pounds. Constant derision by other prisoners who sneered at him as "a broken cop," almost drove him into nervous prostration. So he pleaded to be sent to Sing Sing quickly.

Haggerty shot and killed a barber named Lazzaro at White Plains road and Two Hundred and Fourteenth street the night of August 13 last. Lazzaro and Joseph Polozola had been arrested by Haggerty for having a can of Italian wine. Haggerty demanded \$500 for dropping the charge against them.

When he found they did not have that sum he fired a bullet into the wine can and another bullet into Lazzaro's abdomen. Lazzaro died at Fordham hospital on Aug. 15.

### Show Without A Wiggle In It Gets the Laughs

Those seeking at least a temporary relief from "jazz" in road shows found it last night at the Majestic theatre, where Guy Long's comedians opened a week's engagement and furnished plenty of entertainment without contortions under a spotlight. The company brought a complete orchestra of its own, its own scenery for plays and vaudeville specialties.

Lem Thompson, in the role of a barnyard comedian, was the star at last night's performance, and was a real one. Charles Drew Mack, when he was not settling a moral question in the playlet proved himself a real fun maker in the vaudeville specialties between acts. Flo Russell proved that clog dancing is still popular with theatre patrons and that you don't have to squirm when you sing to get applause. Other members of the cast of eight did their part toward putting the show over.

### WASN'T CUSSING, JUST QUOTING SHAKESPEARE

CHICAGO, March 14.—"Cussing" is not "cussing" when quoted from the works of William Shakespeare, contends Jerry O'Hara, O'Hara, who is 64 years old, was arraigned in police court, charged with disorderly conduct.

Police officers stood on a street corner shouting at the top of his voice words that shocked all who heard him. O'Hara explained that the policemen did not understand him, and that he merely was quoting Shakespeare. He was discharged.

### FIXED THAT TOE!

LORAIN, Ohio, March 14.—In-grown toenails had better give Frank Broughton, of South Anherst, a wide berth or he'll change their name to "souvenir".

For several days the second toe on Broughton's left foot had pained him. Today he decided to put an end to the suffering and being a man of a few words and much action he announced that he was going to cut off the offending toe.

A few minutes later he exhibited the toe to his family. He had cut it off with the aid of a hammer and chisel.

Sarah Bernhardt, the famous French actress, now past 70 years of age, believes in preparedness and has purchased from the French government a small island, upon which she will have erected her tomb, with a small museum and chapel. The museum will house relics of her stage career.

### LIFE OF DIVER SAVED BY TEST ON GUINEA PIG

NEW YORK, March 14.—Torres Olson, deep sea diver, who is recovering on the U. S. Falcon, in Brooklyn navy yard, from a case of "bends" suffered when he rose too rapidly from a 100-foot dive, owes his life to a guinea pig.

Six years ago, Captain C. L. Tibdals, of the Falcon, experimenting with a guinea pig, perfected a recompression tank in which persons suffering from "bends" caused by expansion of air in the blood vessels—could be placed under atmospheric pressure and gradually return to their normal state.

Olson, still in his diving togs, was placed in the recompression tank and subjected to a pressure of fifty pounds per square inch, the same pressure as in 120 feet of water, or slightly more than the depth at which he was working. Within half an hour he was standing up and in three-quarters of an hour his body, which had been paralyzed, began to function again.

The pressure in the tank was gradually lessened and Olson's pulse and blood pressure slowly returned to normal. He is expected to be fully recovered in a few days.

### VETERAN OF THREE WARS IS VICTIM OF LEPROSY

### STUDENT PRAYS FOR 'STRENGTH' TO KILL SELF

BOWLING GREEN, Ky., March 14.—Theodore Thrasher, 26 years old, Tell City, Ind., a government student at the Bowling Green Business university, killed himself here by shooting himself through the heart.

Thrasher left a written prayer which read: "O, God, give me strength to pull the trigger. I just haven't strength enough in my body. Oh, Lord, hear my prayer. Don't let me weaken now, for I want to die. For Jesus' sake, oh Lord, let me have enough nerve to do this one deed. I ask this in Thy Father's name. Amen. Ted."

A postscript to Thrasher's note said: "One shell snapped."

Another note was addressed to "May," and read: "May: I really have tried awful hard to make a real man of myself, but I guess I started too late. Here is hoping you always will have a happy life. \* \* \* Remember me as I should have been, and not as I am. "P. S.—Dear May, I have tried to shoot myself for one and a half hours, but I can't weaken. So, good-bye."

Thrasher, an overseas veteran, was engaged to marry a Bowling Green girl, it is said.

Andrew M. Nicholls, 78, revealed that death was due to leprosy. Nicholls, a veteran of three wars, was found dead in his room. An effort is being made to locate his relatives. Papers found in his room showed that he had served in the Civil war, Indian wars and the Spanish-American conflict. He will probably be given a military funeral.

BOY IN KNEE PANTS BEGINS LIFE TERM IN PRISON QUARRY

MICHIGAN CITY, Ind., March 14.—John Mollick, 16 years old, has begun work on the "quarry squad" of the state prison here, where he is under sentence to serve the balance of his life at hard labor.

The boy, who was convicted of the murder of his stepmother last November, is the first lad in knee pants ever to enter the prison here. He "dressed in" Wednesday night, exchanging his tattered knee trousers for the regulation prison uniform.

Many public officials, citizens organizations and several newspapers have begun a campaign to obtain an alteration of the sentence.

## CHURCH ACTIVITIES

**PRESBYTERIAN WOMEN TO HAVE CLUB ROOMS.**  
The ladies of the Presbyterian Aid society met yesterday afternoon with Mrs. A. B. Abney, and enjoyed a business and social session. There were about fourteen present, and as they sewed on garments for the exchange, they made some very active plans for spring work.

Prominent among these is a plan to fix up the little house just north of the Presbyterian church on Marston street for club rooms for the social life of the church. This house will be equipped with a kitchen so that in case they want to serve lunches there will be a place ready for that purpose. There will also be a dining room, and reading rooms. On Sunday the receiving suite can be used for extra Sunday school rooms, and at other times for social meetings of the members.

They also agreed that the women of the church would put in one-half of the cathedral glass windows in the church and in view of the fact that money is necessary to accomplish these things, they also planned on a missionary play to be given at an early date.

After the sewing was laid aside, the hostess served a delightful salad course.

## WOMAN'S MISSIONARY SOCIETY OF M. E. CHURCH.

The Woman's Missionary society of the Methodist church met in regular session at 3 o'clock Monday afternoon at the church. There being no work scheduled, the president took the opportunity to read and discuss the minutes of the last council meeting. It was interesting to learn the attitude the missionary societies are taking on the many vital questions of today, such as divorce question, moving pictures and the teaching of the Bible in the schools.

The 6 o'clock closing hour for Ranger stores was discussed but no action was taken.

The regular social meeting of the society will be held next Monday at the home of Mrs. S. J. Terrell. All members and friends of the Missionary society are invited to attend.

## EAST RANGER W. M. U.

The Woman's Missionary union of the East Ranger Baptist church met Monday afternoon at the regular hour. There were twelve members present and the time was spent very profitably in the Bible study program arranged for this meeting.

## ALL-DAY QUILTING.

There will be an all-day quilting at the East Ranger Baptist church Wednesday, sponsored by the members of the Woman's Missionary union of that church. Anyone desiring quilts quilted can have them done at this time for \$1.50, where materials are furnished. Phone 14, and they will call for the quilts and deliver them when finished.

## PRINCESS HASSAN TO BE OBJECT OF \$2,500,000 SUIT

Princess Hassan

A demand of \$2,500,000 for legal services in securing half of \$10,000,000 from the estate of the late Prince Hassan for his American wife, formerly Olga Humphreys, well known actress, has been made by Herman L. Roth, New York theatrical lawyer. Roth was engaged to secure a divorce for the princess, he says, and employed high-priced Paris lawyers to aid him. But the prince died before the divorce was granted. Princess Hassan, who has returned to America, still was his legal wife. She inherited \$5,000,000, half of the estate left by Prince Hassan. Charging that the Princess Hassan agreed to split "fifty-fifty" with him any money realized from the court actions against the prince, Roth brought suit. Princess Hassan resides in California.

## REYNOLDS PROVES DREINHOFER IS REPUBLICAN 'BABE IN ARMS'

where they will be at home to their Ranger friends at 738 Zang boulevard. This popular young couple will be greatly missed by their many friends in Ranger.

Mrs. Lawler and daughter, Miss Althea, of Sapulpa, Okla., mother and sister of Mrs. Charles Conley, are with Mrs. Conley during her illness. It is thought that Mrs. Conley's condition is slightly improved.

Mr. and Mrs. D. L. Jameson and Mr. and Mrs. Roy Jameson had as their dinner guest Sunday, Miss Catherine Gray, assistant superintendent of the state department of education. Miss Gray was closely associated with Miss Hallie Jameson, who was in the department of English before her departure to Columbia university, where she goes to complete her bachelor degree.

Mrs. A. E. Firman and grandson are visiting in Dallas and Fort Worth.

## ONE BULLET KILLS TWO

FORT SMITH, Ark., March 14.—A single bullet from the gun of Deputy Sheriff Ray McClure of Leflore county killed Roy Price, aged 17, and fatally wounded Fred Evans, 25, at a dance at Panama, fifteen miles from Fort Smith.

McClure claims the two men had been drinking, and after he had placed them under arrest they refused to go to the Panama jail. McClure says he jabbed his gun into the side of Evans with no intention of shooting. At that moment, Price, who was on the other side of Evans, dropped to his knees just as the gun exploded. The bullet passed through the body of Evans and struck Price just above the right eye, killing him almost instantly.

McClure is unable to explain why or how he pulled the trigger of his pistol.

## LEGALLY DEAD, BUT----!

TRENTON, N. J., March 14.—A measure by Senator Allen which, in effect, legally would "resuscitate" a legally dead murderer, has been passed by the legislature.

For fourteen years Archibald Heron, convicted slayer of Rev. S. B. D. Prickett, Metuchen, and sentenced to death for his crime, has lived in the shadow of the death chair on the contention of his counsel that if Heron was not insane at the time of the crime, he became insane immediately afterward, and the state could not execute an insane man.

The electrocution was delayed a number of times and ultimately the final date set for his execution passed. His attorney then fought on Heron's execution on the ground that he was "legally dead."

## GIRLHOOD IS MENACED.

ST. LOUIS, March 14.—Employment of young women to dance in the nude at "stag" parties is condemned in a committee report to the Board of Religious Organizations, a St. Louis society. The report declares such employment is "a menace to girlhood," and asserted that "exaggerated jazz" dancing was a heritage of the underworld.

## SOUTH AFRICAN MINERS NOW HOLD ONLY TWO TOWNS

By United Press.

JOHANNESBURG, South Africa, March 14.—General Smuts' energetic personal direction of the battle against revolting miners and Boer bands has brought the Transvaal insurrection nearly to an end. Government troops, led by the South African premier, who is constantly at the front, today were closing in on the last two rebel strongholds.

Six Rand towns seized in the rebels' first rush have been cleared of strikers and Boer dissenters and 3,000 have been captured to date. Government forces are closing in on Fordsburg and Mariasburg today. Airplanes are sweeping low over the miners' barricades, threatening to bomb them if not immediately evacuated and surrender is not forthcoming.

The miners, who were led to insurrection after a three months' strike, are beginning to regret their impetuosity in following disgruntled Boers in a vain attempt to seize Johannesburg and bring about a revolution. The agitators for the most part deserted their followers when the coming of strong forces spelled doom for the movement.

## PROMINENT METHODIST WOMAN DIES AT WACO

By Associated Press.

WACO, March 14.—Mrs. G. R. Barcus, aged 90 years, died here early this morning at the home of her daughter, Mrs. W. M. Stafford. She was the widow of Rev. G. R. Barcus, who died in 1896. She had been a member of the Methodist church for eighty years. She is survived by thirteen children, fifty-two grandchildren and twenty-eight great-grandchildren. Four of her sons are Methodist ministers, two of them being presiding elders.

## GOES TO WED; JAILED

CHICAGO, March 14.—Sarah Pierson, 16, of Gloucester, N. J., arrived in Chicago, prepared to meet Anton Miller, 25, and be married. Instead she was met by a policeman who took her to the juvenile home to wait until her parents could send for her. The girl declares she will marry Anton despite the police and her parents.

When the policeman took Sarah in charge at the station, she refused to move until Anton had been summoned. The policeman found Anton, who, with Sarah exchanged loud smacks.

"I love Anton and he loves me," Sarah proclaimed.

Anton agreed that she spoke his sentiments.

Miller left Gloucester some months ago after Sarah's parents objected to his suit.

Starting with practically nothing five years ago, Mrs. Olive Phillips, of Los Angeles, Cal., has increased her income to \$200,000 by operating furnished apartments with services.

More than forty members and guests were present at the meeting from Ranger and Eastland and a number of prominent Republicans of Eastland addressed the meeting. Entertainment features of the meeting included a number of vocal selections by Mrs. R. C. McCoy, accompanied by Mrs. V. Wakefield, and piano selections by E. Buchwald.

Members of the club this morning refused to divulge any of the political plans discussed or the nature of the refreshments served. The club is to attend a meeting of the Eastland club in the near future and under the present plans will make the trip to that city in a body.

Although women have had the right to vote in Norway since 1907, the recent election to the Storting of Miss Karen Platenfi, is the first instance of a woman being selected for that office.

They itched so badly that I could not keep from scratching them, which caused them to form blisters and a burning sensation with severe pain. After a while the blisters would break and cause sore eruptions which my clothing aggravated, and I could not rest or sleep.

## WOODROW WILSON OPPOSES FOUR-POWER TREATY

Woodrow Wilson

Former President Woodrow Wilson has joined forces with Senator William E. Borah, Republican "irreconcilable," to defeat ratification of the four-power Pacific treaty devised by the recent Washington arms conference. Wilson has written Senator Borah, outlining his reasons for believing the treaty to be "an iniquitous alliance of the wrong." This latest photo of the former President shows how he has aged from his illness.

## VOTE BY PHOTOGRAPH.

MANILA, P. I., March 14.—Gen. Emilio Aguinaldo made what is said to be his first suggestion regarding the political affairs of the government, since his surrender to the American forces more than twenty years ago, when he appeared before the senate committee on privileges and elections, which has before it a proposed amendment to the election law.

The committee is attempting to find a means of enabling voters who can not read or write to vote intelligently and General Aguinaldo made the proposal that instead of requiring the name of the candidate to be written on the ballot, his photograph be printed and handed to the voter when he goes to the polls. He suggested that the elector could use the picture of the man he desired to vote for and thus avoid being deceived by persons selected to write down the names.

## NEGRO FOREGOES HIS ESCAPE AS GARBAGE

KANSAS CITY, Mo., March 14.—William Leary, a negro serving a ten-year stretch for robbery in the Missouri penitentiary at Jefferson City, never wants to look at a garbage can again.

Leary, after a bath, is quite willing, also, to serve out his prison sentence "as is."

This change about of ideas came after Leary conceived the bright idea of escaping from prison in the penitentiary garbage wagon.

He hid himself in the wagon and allowed himself to be covered with a large pile of garbage. Out he went with the garbage, but it was too much. With garbage dripping from his clothes, the negro finally jumped from the wagon. Officers, following the smell Leary left in his fleeing wake, quickly captured him. Willingly they led him to the bath.

Only five per cent of the women in India are educated.

Another startling example of Ironized Yeast's value as a weight-builder! Miss Byrne's measurements, taken before and after the test, are given at the left.

Free A striking example—yet by no means an exceptional one. For it is not at all unusual for thin, nervous, over-worked or run-down folks to gain five pounds and more on the very first package of Ironized Yeast! Watch the results!

Results in Half the Usual Time! The reason Ironized Yeast brings such amazing results is because it not only contains just the right amount of all three essential vitamins, but in addition contains a type of yeast which has positively no equal as a reconstructive agent—a yeast which is cultured expressly for medicinal purposes, and which is entirely different from the yeast found in ordinary "yeast tablets."

But even more important than this is the fact that this yeast has been ironized—or treated through a scientific process with a special form of easily assimilated organic iron, similar to the iron found in spinach. When yeast is ironized in this manner it is found that results are not only more permanent, but are secured just twice as quickly!
