### DEMOCRATS SAY WON'T BE GAGGED ON SHIP SUBSIDY

WASHINGTON, March 11.—Two of the Democratic members of the house merchant marine committee—Davis of Tennessee, and Hardy of Texas—replying today to the written suggestion by the Democratic members of the shipping board to Democratic committee members that they withhold judgment on ship subsidy legislation until after hearings, announced that "they respectfully refused to be bound and gagged."

The letter sent by Mr. Chamberlain, Mr. Thompson and Rear Admiral Benson, retired, members of the board stated that the board had unanimously recommended direct and indirect aid to American shipping, as proposed in the bill prepared by the board and introduced immediately after President Harding's address to congress.

Davis and Hardy conceded that the shipping problem "should be solved upon merit and principle and not upon partisanship."

### AIR MAIL PILOT LOST IN EAST NEVADA DESERT

SALT LAKE CITY, March 11.—On foot and horseback, searching parties from Cobre and Window are scouring the eastern Nevada desert for trace of Paul P. Scott, mail air pilot who left Elko for Salt Lake City at 4:22 p. m. yesterday and has so far failed to report his whereabouts.

### NEFF COMMENDS LEGION FOR PAYING DEBT TO STATE

AUSTIN, March 11.—Governor Neff today sent a letter to Major Wayne Davis, state commander of the American Legion, commending him and the American Legion in Texas for having paid the state the entire indebtedness arising out of the transfer of the Kerrville memorial sanitarium to the state. Major Davis this week paid the last of the debt.

### Says Preacher Used Naughty Words in Road Strike Fuss

Caddo Road Workers Want  
More Than \$2.25 for  
Ten Hours.

Unskilled labor is compelled to work on Eastland county roads ten hours a day for a \$2.25 wage. Only skilled men draw \$3, \$3.50 and in some cases "as high as \$5."

The ranks of unskilled labor on the road construction is being recruited largely from the ranks of aged and itinerant labor and in some cases Mexicans.

These were some of the side-lights yesterday afternoon on the trial of Byron Guess, one of twelve striking workmen at the Smith Bros. quarry on the Caddo road, charged by R. C. Diefenderfer, road foreman, with abusive language.

Following the testimony of numerous witnesses for the prosecution, a jury in Justice of the Peace Fenlaw's court failed to agree on a verdict and Guess was released on his own recognizance. It is doubtful whether the case will be tried again.

Guess, erstwhile preacher, appeared at the quarry yesterday morning following the strike there Friday afternoon for a \$3 wage and an eight-hour day. Diefenderfer ordered Guess away, it was brought out at the trial. Guess refused to leave, Diefenderfer said, and called him a blankety-blank blank. The defendant admitted the last two blanks but denied the first. It was further contended that Guess had flourished a knife and that Diefenderfer, while armed, had made no attempt to draw his revolver.

Courty Attorney Ove E. Overson personally conducted the prosecution. R. L. Pearson represented the defense. A number of workmen, among them several aged men, who did not join in the strike Friday afternoon, were present as witnesses for the prosecution, but the majority of them did not remember hearing Guess curse the foreman.

Assistant Superintendent S. G. Hoffman of the Smith Bros. company, stated last night that \$2.25 was the scale paid common labor for road work over the county. The scale, he explained, depended on the man. "In some cases skilled labor is paid as high as \$5 a day, and we might pay men in the quarry \$3 or \$3.50 a day. It all depends on the man," Mr. Hoffman said. He reported that twelve men employed in the quarry had struck yesterday and that about twelve or fifteen men remained at work on the road and in the quarry. There are between 400 and 600 men employed in road work over the county, he said.

It was pointed out here by exponents of the present system of road construction in the county, that the wages for common labor in Eastland county, were much higher than in some other counties, where \$1.75 and \$1.80 is the scale for this class of work. While the contract was let by the county on the road program at a time and figure that contemplated higher wages, it was explained that it was also contemplated at that time that par and accrued interest would be obtained for the bonds, but that the bonds have sold far below par, and that it was unofficially reported that one \$200,000 block of Eastland county bonds had sold some time ago for 67.

### PROBE OF AIR DISASTER COMPLETED AT NORFOLK

NORFOLK, Va., March 11.—Investigation of the destruction of the semi-dirigible airship Roma at the army base here two weeks ago, with the loss of thirty-four lives and injuries to others, was concluded today by the army board appointed by Major General Patrick, chief of the air service. When completed the report will be presented by the board to war department and air service officials.

### THREE CHARGES MADE IN POLISH MINISTRIES

WARSAW, March 11.—A new Polish cabinet to succeed the ministry which resigned March 3, was completed today, with Antonio Ponikowski retaining the premiership. With the exception of three portfolios, the makeup of the new government is the same as the old. The changes were in the ministry of the interior, railways and commerce.

### ANOTHER LIZZIE VANISHES FROM THE STREET OF MISSING FORDS

George O. Williams of 454 Main street, was the victim of last night's automobile theft from South Rusk street. Mr. Williams drove his Ford into the favorite hunting ground of car thieves last night about 3 o'clock, parked it in the vicinity of the Majestic theatre and took his family to the show. On leaving the theatre at the end of the performance, he found that his car had disappeared and reported the theft to the police.

But two of the numerous Fords stolen from South Rusk street recently have been recovered. One was found abandoned on the Olden road and another was recovered Friday at Breckenridge.

Mr. Williams' car bore the engine number 5290901 and the license number 608314.

### BUDGET SLICE MAY REDUCE NAVY BELOW CONFERENCE LIMITATION

WASHINGTON, March 11.—The house subcommittee on appropriations is planning to reduce the enlisted personnel to 65,000 enlisted men, whereas Secretary Denby in outlining the needs of his department has declared 90,000 enlisted men and the present officer total would be required to keep the "treaty navy" on its toes.

In a brief statement as to what might be expected in the way of economy, Representative Fess, Republican of Ohio, told the house today he had been informed by Chairman Kelly of the naval appropriations subcommittee that \$160,000,000 to \$170,000,000 would be looped from Denby's estimate of \$350,000,000 and that the army bill, to be reported Monday, would show a reduction of \$63,000,000 below the war department estimates.

### MANY MILLIONS TO BE SPENT FOR DISABLED VETS

WASHINGTON, March 11.—The senate late today passed the deficiency appropriation bill, carrying a total of \$136,895,000, or \$28,358,000 more than was appropriated by the measure as passed by the house. The principal amendment added by the senate was an appropriation of \$28,468,000 for use in repayment of illegally collected taxes.

The bill supplies an additional \$73,740,000 for the use of the veterans' bureau in vocational rehabilitation of former service men. The measure, which now goes to conference with the house, went through the senate in little more than one hour, Chairman Warren of the appropriations committee having urged speed because of the need by the veterans' bureau for the appropriation for soldier relief.

An appropriation of \$17,000,000 for additional hospital facilities for disabled war veterans is recommended in a bill favorably reported today by the house public buildings committee. As originally introduced by Chairman Langley, the measure authorizes a \$16,000,000 appropriation, but the amount was increased by the committee to take care of several additional projects.

The bill as reported does not stipulate where and how the money is to be expended, this being entirely left to the director of the veterans' bureau, who under the provisions of the measure would have control over all construction work and agricultural projects, instead of the treasury department.

### SALESMAN FROZEN TO DEATH ON PLAINS

TULIA, Texas, March 11.—Joe T. Mitchell, a traveling salesman, yesterday was found twelve miles north of here frozen to death. He had perished during the snowstorm of Thursday night. He left here late Thursday in an auto for Canyon. The car became stalled in a snowbank and evidence shows that Mitchell had left the car and had gone one and a half miles on down the road, where his body was found frozen against a fence.

### MEN ROB JEWELRY STORE AND ESCAPE

OKLAHOMA CITY, March 11.—Two unmasked men held up a jewelry store in the downtown section here this morning while scores of persons were passing by and escaped with jewelry and money said to amount to \$2,000. Their escape was effected by using an automobile which had been parked in front of the store.

### OIL OPERATOR KILLS WIFE, WOUNDS SELF

NOWATA, Okla., March 11.—H. D. French, local oil operator, shot and killed his wife here late yesterday and then turned the gun on himself, inflicting a serious wound in his left side, according to police reports. French is not expected to live.

The couple is said to have been estranged for some time.

### PHONES WILL BE GYM APPARATUS FEW DAYS MORE

Crankless Instruments Will  
Give Wrist a Rest During  
This Week.

Crankless telephones will begin to appear in Ranger about the last of this week, it was learned last night at the telephone office.

The cracked ceiling in the new exchange on Marston street, which threatened to again delay the inauguration of modern telephone service here, has been repaired, the electrical contractors will finish testing out the switchboard and other equipment in a day or two and the telephone company will be ready to "cut in" by Thursday at the latest, it is stated.

The removal of the cranks will then start. The large wall telephones will be replaced with small, crankless wall telephones and the desk telephone battery box will be equipped with self-starters. It is estimated that only a few days will be required for this work.

Nine hundred pairs of cable run into the new office as compared with 400 pairs of cable at the present exchange which, it is stated, will permit doubling the present number of phones in the city.

### REPUBLICANS OF THE COUNTY TO GATHER HERE

A gathering of the Republican clan from over the county is expected here Monday night at the regular monthly meeting of the Ranger Republican club, to be held in the Chamber of Commerce auditorium. A number of entertainment features will precede a political convale, it is announced.

Delegations from Eastland and Cisco have already signified their intention of attending the meeting, and representatives are expected from Gorman and Desdemona.

The entertainment program will include a number of vocal selections by Mrs. R. C. McCoy, accompanied by Mrs. V. Wakefield on the piano. E. Buchwald, Ranger's piano wizard, will render a number of selections and will join in with the Republican members of the club band in a short concert.

Nothing was said yesterday about the character of refreshments.

### POLICE FOLLOW PECAN SHELL TRAIL OF THIEVES

CORPUS CHRISTI, March 11.—A trail of pecan shells, followed by officers from a sandwich stand here to the place where an automobile was stolen and later to a general store in Portland, San Patricio county, and finally to a dry goods store at Grogrovy, San Patricio county, led to the arrest of Felipe Vela, Bernardo Lopez, Anastacio Rios and Elario Lopez, all about 18 years old, and to filing of four felony charges against them, police reported yesterday.

### MINISTER'S RESIGNATION IS REGRETTED IN INDIA

CALCUTTA, India, March 11.—At a meeting of the legislative council today, the Indian members gave notice that they had passed a resolution expressing regret at the resignation of Edwin S. Montagu as secretary for India and expressing appreciation of his services. The president of the council refused a request for adjournment as a token of regret, whereupon the Indian members, with the exception of eleven, walked out of the meeting.

### PRESIDENT'S APPOINTEES GET PENSION PRIVILEGE

WASHINGTON, March 11.—The senate today passed and sent to the house the bill of Senator Sterling of South Dakota, Republican, extending civil service retirement privileges to government employes appointed by executive order.

The bill is designed to meet conditions resulting from Attorney General Daugherty's ruling that only employes appointed under competitive examinations are eligible to retirement benefits.

### SEVENTY-FIVE SHOTS EXCHANGED IN FIGHT ON ELDORADO'S LEASE

L. L. Douglas, the Victor, Seized Once Before;  
Man Tied to Derrick Breaks Ropes When  
Bullets Begin to Fly.

EASTLAND, March 11.—L. L. Douglas, swabber, employed by the Eldorado company on the Brooks Heirs' lease, eight miles northwest of Ranger, was fired upon late last night by a band of masked men, but managed to drive off his would-be assailants with the assistance of a friend after about seventy-five shots had been exchanged, according to Assistant County Attorney Green Hazel, who completed an investigation of the skirmish this afternoon. So far as is known no one was injured in the firing and no clew has been uncovered as to the identity of the masked band.

### NEGRO BEATEN, ONE EAR CUT OFF BY TULSA GANG

TULSA, Okla., March 11.—John Smithman, negro, former deputy sheriff police officer, seized at an early hour this morning by a band of white men, forced into an automobile and spirited into the country, was found late this afternoon at Claremore and brought back to Tulsa, authorities announce.

One of Smithman's ears had been cut off, according to officers, and the negro had been subjected to a terrific beating. No details of Smithman's punishment were given out by officers. The negro has been placed in the county jail for safe keeping.

Douglas is said to have been seized, thrown into an automobile and carried some distance from his home on the night of Feb. 18 by masked men but to have been released unharmed on his promise to leave the community at once.

A man who was seized and tied with ropes to a derrick last night to prevent his warning Douglas, is said to have broken his bonds when the shooting started and to have departed without waiting to learn the outcome of the battle.

Douglas is said to have first seen the masked men last night about 10 o'clock, when he started from his home to a rig on the lease, where the band attempted to conceal themselves. Hurrying back to his home, Douglas armed himself and a friend and started back to the rig. Both sides are said to have opened fire almost simultaneously. Douglas and his companion, whose name was not given out, hastily "dug in." The masked men deployed as skirmishers. About seventy five shots are said to have been fired before the attackers silently withdrew in the darkness. They were not followed.

### BRITISH DETACHMENT AMBUSHED BY STRIKERS

JOHANNESBURG, South Africa, March 11.—A British detachment was ambushed at Benoni today by strikers hidden in a plantation, who suddenly poured a heavy fire into the soldiers, killing eighteen of them and wounding twenty-five. Most of the detachment were ex-service men.

### MINERS' VIGILANTES ARE FINED AND JAILED

PRINCETON, Ind., March 11.—Fourteen of the 137 men indicted on a charge of rioting following the action of miners' vigilantes last summer were found guilty in Gibson circuit court here today. They were sentenced to ninety days' imprisonment and a fine of \$100 was imposed in each case.

The vigilantes drove a large number of foreigners who had been imported to take their jobs from the Southwestern Indiana mining districts.

### BRECKENRIDGE OFFICERS RECOVER HASKELL LOOT

BRECKENRIDGE, Texas, March 11.—Three gunny sacks filled with cigarettes and a quantity of dry goods stolen in the burglary of two stores at Haskell Thursday night, were recovered here last night by the sheriff's department. The men who had the loot in a closed car were taken in custody. Both have signed written confessions, according to Sheriff L. D. Head. An officer from Haskell today identified the goods.

### SNOW IN FRISCO BAY

OAKLAND, Cal., March 11.—Snow fell over the East Bay region today. In the hills above Berkeley, as much as two inches fell, while in the East Bay cities it melted as fast as it fell.

### EX-CABINET MEMBER DIES.

WASHINGTON, March 11.—Robert J. Wynne, 71, postmaster general for a year in the cabinet of President Roosevelt, died at his home here today. He was a native of New York and prior to assuming the postmaster generalship served as a Washington newspaper correspondent and as first assistant postmaster general.

### JURY OUT SINCE THURSDAY GIVES DEATH PENALTY

BEAUMONT, March 11.—Newt De Silva was found guilty of murder and given a death penalty at 9 o'clock tonight. The jury had been out since Thursday at noon.

De Silva was tried on a charge of killing C. Abrahamson, an old sailor, at Port Arthur, on Dec. 17, 1921. The defendant was unmoved when the verdict was read.

The case has attracted much attention here. Since it retired last Thursday no word has been sent out by the jury as to how it stood or indicating that it was having difficulty in reaching an agreement.

### CONDUCT OF TROOPS AT MEXIA IS PRAISED

AUSTIN, March 11.—In congratulating Brigadier General Jacob Wolters, who commanded the martial law area at Mexia, on his work there, Governor Neff said in a letter today that he had not heard of a single adverse criticism of the military forces or their work.

"I have heard many expressions of approbation for the orderly and soldierly conduct of the entire organization, as a group and as individuals," the governor said.

### BILL WOULD CHANGE NATURALIZATION RULES

WASHINGTON, March 11.—Enemies of the government would be kept out of the country and aliens admitted required to register annually under the provisions of a new naturalization code introduced today by Chairman Johnson of the house immigration commission.

The measure, based on two years' study of the problem, has as its basic idea the turning of immigrants into good Americans. Sweeping reorganization of the naturalization bureau of the department of labor, changing its name to the "bureau of citizenship," for the purpose of extending its scope and making it more efficient and economical, is proposed.

### AMERICA'S BILL DISREGARDED AT PARIS MEETING

PARIS, March 11.—The allied finance ministers signed an agreement this afternoon for the distribution of the first billion gold marks of German reparations. The agreement disregards the American claim of priority for its expenses in connection with occupation of the Rhineland, so far as the actual sharing of this money is concerned, but recognizes the claim by a special clause which states that all the agreements on this question are subject to the American rights as the various governments may establish them, the finance ministers considering that they do not have the power to decide this question.

The ministers decided after long discussions that the question was not for the reparations commission to decide, because that body was acting solely under the provision of the treaty of Versailles, to which the United States no longer was a party. Consequently, it was decided that the question was one for the various governments concerned to settle. The agreement provides that the expense of the armies of occupation after May 1, 1921, shall be divided as follows:

One hundred and two million Belgian francs to Belgium; 2,000,000 pounds to Great Britain; 460,000,000 French francs to France.

### BEAUTIFUL PINK TAN NOW COVERS HARDING'S FACE

NEW SMYRNA, Fla., March 11.—President and Mrs. Harding, with their vacation guests, left tonight on the houseboat of E. B. McLean, Washington publisher, on their cruise down the Florida east coast. Just how far the cruise will extend was uncertain, apparently depending upon the weather and demands of official business.

During the day the party stopped at Ormond for a round of golf and then came here by automobile, where nine more holes were played. These playing with the President have been Speaker Gillette of the house of representatives, Under Secretary of State Fletcher, Mr. McLean and occasionally his secretary, George B. Christian, Jr.

It is now three days since the President left Washington and the beneficial effects of the open air and the reduced pressure of official duties are already evidenced in his tanned skin and physical vigor.

### COMEDY CO. BRINGS OWN ORCHESTRA FOR WEEK AT MAJESTIC

Guy E. Long's comedians, bringing their own orchestra and two carloads of scenery, will appear at the Majestic theatre all next week, beginning with the matinee Monday. It is announced that the company is made up of a picked cast and has a repertoire of high-class royalty plays and snappy vaudeville features that will be presented between acts. Special lighting effects will add to the entertainment, it is stated.

The company has been recommended as one of the best of the road shows touring the Southwest, according to Manager Charles Moore of the Majestic, and the best that has ever been brought to Ranger.

No admission will be charged ladies with escorts Monday night, it is announced.

### DAMAGES AWARDED FOR FATAL CROSSING CRASH

BELTON, March 11.—Damages totaling \$6,000 were awarded Mrs. Hugh Harris and her son, Hugh, by a jury in district court today in their suit against the Southwestern Traction company as the result of an accident two years ago when Hugh Harris, former state senator, was killed when a Temple-Belton interurban car struck an automobile in which he was riding. Mrs. Harris was awarded \$4,500 and her son \$1,500.

### GOMPERS TO HEARTEN NEW ENGLAND STRIKERS

WASHINGTON, March 11.—Samuel Gompers, president of the American Federation of Labor, left Washington today for the New England textile centers, where he will make a series of addresses before strikers' mass meetings.

### ENTIRE FAMILY IN ONE CHICAGO LAW CONCERN

CHICAGO, March 11.—Eale Downes is preparing to become the third member of the law firm of Downes & Downes, which now includes the whole family. The other two members are his mother, Mrs. Joanna Downes, a practicing attorney in Chicago for the past six years, and his sister, Miss Marion Downes, who qualified recently. Young Downes was notified that he had passed the bar examination.

### KILLING WON'T HALT ROUNDUP OF R. R. THIEVES

FORT WORTH, March 11.—Federal, city and railroad officers announced today that the plans for the wholesale roundup for box car thievery, for which more than 100 persons have already been arrested, would not be halted by the assassination of C. A. Barngröver, who was shot and killed in the Fort Worth & Denver yards here yesterday.

Barngröver had been furnishing the grand juries and prosecutors with considerable information that had led to the arrest and conviction of a number of box car thieves and was preparing to go before the federal grand jury again Monday.

### Picture Operator Tumbles for Show's Prettiest Girl

A romance that has blossomed unnoticed under the spot-light at the Majestic theatre for the last week will result in the marriage tomorrow of Joe Davis, motion picture and lime-light operator at the theatre, and Miss Alice Hegart, the prettiest girl in the chorus of the Bobby Ryan Dainty Darlings. The couple will be married on the stage during one of the performances by Justice of the Peace Roger Fenlan.

Miss Hegart is, reading from the spectator's left to right, the little blond of the Mary Pickford proportions on the extreme right of the chorus.

### MAKES DRUGGISTS HATE AUTOMOBILES!

PATCHOGUE, L. I., March 11.—Henry Hallock, whose task it is to rid the village of Patchogue of stray dogs, has found another use for the automobile.

Druggists were out of chloroform last week, so he rigged up an airtight death chamber out of boxes and turned the exhaust from his machine into it. The undesirable canines were asphyxiated quickly.

"Carbon monoxide poisoning is more effective and a much cheaper exterminator process than chloroforming," said Hallock, in announcing his intention to continue the use of his unique death-dealing device for dogs.

### RESISTS FEDERAL CONTROL.

SANTA FE, N. M., March 11.—More than 60,000 square miles, comprising approximately one-half of New Mexico's area, might be converted into a game refuge and public shooting grounds, under the control of the secretary of agriculture by the terms of senate bill No. 1452. This is the statement made by Governor M. C. Mechem in a letter of protest sent to the governors of a dozen western states. Governor Mechem believes that federal control of the state's game and fish is not desirable.

### CROWNING OF QUEEN OPENS FT. WORTH SHOW

FORT WORTH, Texas, March 11.—With the crowning of the Queen of the South with spectacular ceremonies, features of beautiful dances, singing and electrical effects, the Southwestern Exposition and Fat Stock show opened its annual exhibition here Saturday night.

The exposition will close Saturday, March 18. The opening of the show found exhibits in 300,000 square feet of floor space, heretofore unused by the exposition. New features are an automobile show, manufacturers' exhibit, road show, style show, art exhibition and agricultural and manufacturers' exhibits. The program this year includes \$5,000 worth of free entertainment, music by several bands, including the Texas A. & M. band, and a gigantic fireworks display.

DENTON, Texas, March 11.—A steel pencil was driven two inches into the side of Lacy Gatewood, Denton High athlete, Thursday when he fell in attempting to catch a passing automobile.

Gatewood also sustained a number of severe bruises on his body. The pencil penetrated the flesh to the left of his heart.

### NO HARD WORDS PASSED BY HIM, SAYS WALLACE

WASHINGTON, March 11.—Secretary Wallace in a letter to Senator Capper of Kansas, today declared that there was no foundation for the charge that "the department of agriculture had been guilty of issuing propaganda criticising another government department or the heads of other departments."

The letter was in reply to one from Senator Capper, inquiring concerning published reports that there were differences developing between the department of agriculture and the department of the interior over forestry policies and the question of Alaskan development.

### NEW CURE FOR T. B.

COLORADO SPRINGS, Col., March 11.—A large concrete igloo, built after the fashion of the snow igloos of the far north, may be constructed to test out a theory of curing tuberculosis, advanced by Dr. Fred M. Spiers, of Alaska. The plans are to have the patients, warmly clad in furs, live in the large room without any artificial heat. This plan was found successful in Alaska, it was said.

### EDISON HELPS WRITE SUFFRAGE QUESTIONNAIRE

ORANGE, N. J., March 11.—Thomas A. Edison whose favorite indoor sport is propounding questions for other people to answer, has invented a pair of new ones for use in questionnaires of ten "stickers," compiled by the New Jersey League of Women Voters to test women's political acumen.

Besides Edison's two, the questionnaire includes two each submitted by Governor Edwards, President John Grier Hibben of Princeton university, Dean Mabel S. Douglas of the college for women at Rutgers, and former Governor Edward C. Stokes.

### EX-LEGION HEAD READY TO FACE TRIAL ANY TIME

AUSTIN, March 11.—Dr. Guy O. Shirey, former Texas state commander of the American Legion, against whom a complaint alleging embezzlement of trust funds over \$50 was filed in justice court here Thursday, has notified County Attorney John Hornsby that he is ready to return to Texas at any time to answer the complaint, Mr. Hornsby announced today.

Here are a few of the questions: "Why should or should not women serve on juries?" "Write one sentence on proportional representation, the short ballot or the city manager plan." "What is politics?" "What was the chief force that brought about the eighteenth amendment?"

### KISS IN PUBLIC FORMS BASIS OF DIVORCE ACTION

NEW YORK, March 11.—Should a husband ever kiss his own wife in public? Authorities on etiquette have their opinions on this question. Mrs. Jacques H. Goedby Mills, Jr., of New York, who pretends to be nothing more than a wife, certainly has hers.

Mrs. Mills, Jr. feels so strongly that a husband should never kiss his wife in public that she has begun suit for divorce, basing her action on the ground that Jacques, her hubby, kissed her right smack on the lips in view of hundreds of persons who were mere strangers.

The kiss was committed on a New York dock, Jacques being on his way to somewhere or other. She makes no criticism of Jacques' style of kissing, but she intimates, does Mrs. Jacques, that it was impolite and vulgar, to say the least, for a mere husband to subject his own devoted wife to the indignity of public osculation.

#### Women Discuss Matter.

She admits there was no shady nook by a moonlight pool, or any of those cushioned davenport that appear so romantic under the glow of rose shaded lamps anywhere around the dock—New York docks at least haven't such things.

But just the same Jacques should have suppressed his osculatory tendencies for his dear wife's sake, Mrs. Jacques insists.

While waiting for the New York court to decide the question raised by Mrs. Jacques other women are discussing it.

There's Mrs. Helen Raabe, wife of the curator of the Layton art gallery, Milwaukee, who calls Jacques a "new Lochinvar."

#### Suspensiveness.

"There is not enough of that affectionate impulsiveness in our American men," she said. "The wife in this case certainly did not have ground for divorce. That woman must be supersensitive."

Mrs. Benjamin Fuelleman, prominent Milwaukee club woman, agrees with Mrs. Jacques that a dock or anything as public is not the place for a husband to kiss his wife.

"I think caresses between husband and wife should be given in private, with no outsider to desecrate the moment," said Mrs. Fuelleman. "I do not think, however, that one would be justified in seeking a divorce because of a public kiss."

"A public kiss between man and wife is not impolite," Mrs. Archie Tegtmeyer, another club woman, announced emphatically.

"Certainly husband and wife have the right to kiss when and where they please. I should think Mrs. Mills would have been more pleased than anything else. She should be glad her husband cared enough for her to let others see it."

### RUSSIAN NOBLEWOMAN NOW SCRUBS FLOORS IN CHICAGO BARBER SHOP

CHICAGO, March 11.—Immigration authorities are investigating the story told by Madame Elizabeth Girenka, who said she was a Russian noblewoman, who was found employed in the barber shop of a large downtown hotel here. She said that she had accepted employment in the barber shop as a scrubwoman to support herself when she found herself penniless here.

According to her story, Madame Girenka obtained a passport to come to America for the purpose of marrying a man who had proposed to her and she said that a wealthy resident of Minneapolis had signed her passport, guaranteeing that she would not become a public charge upon her arrival in this country.

In her possession the woman had letters and pictures indicating that she was a close friend of the Grand Duke Alexander and other Russian nobles now in exile, and also was well known to the late czar.

### 1822 EDITOR URGED AIRSHIPS FOR U. S. MAILS

WASHINGTON, March 11.—Postmaster General Hubert Work thinks it is time, after 100 years, to publicly acknowledge the friendly advice of the editor of the Freeman's Journal (now called the Norristown, Pa., Herald) of March 1, 1822, given to the then postmaster general, Return J. Meigs Jr. The early editor, who in the usual fashion designated himself as "we," wrote in the Freeman's Journal as follows:

"We would advise the postmaster general to avail himself of the novel and very ingenious flying machine invented by James Bennett of Philadelphia, by which conceit the mails would be transported with much more celerity and their arrival at the place of destination be much more certain than is the case at present."

In appreciation of which the air mail service has done and in approval of its development, the postmaster general said:

"If that was true then, it is true today, and I wish I might be able to advise this old editor that we are today using the 'flying machine' with splendid results in transporting the mails with safety and celerity."

### COWPUNCHERS FILL UP ON HOCH AND LASSO PEACEFUL TOWNFOLK

SILT, Colo., March 11.—The wild and woolly west was echoed in a street scene here when a band of local cowpunchers, said to be fed up on moonshine, rode into the business section yelling like Comanche Indians.

Such playful sport as running down pedestrians, bucking their horses up and down the sidewalks, roping men on other horses and other daring stunts were indulged in.

The people of Silt are accustomed to wild west shows, but objected to the main street being used for an exhibition grounds. Authorities were summoned and the roysterers were arrested and fined.

### CUTS PENNY IN TWO TO PAY INCOME TAX

DENVER, March 11.—The smallest income tax payment ever made in Colorado, and probably in the United States has been received by Frank W. Howbert, internal revenue collector.

It came from a Del Norte woman and consisted of a silver dime and a copper cent which had been chopped in half.

According to officials, the woman's return showed her income for 1921 to have been 1,002.60, or exactly \$2.60 more than the \$1,000 exemption to which all single persons are entitled.

The government tax on the \$2.60 at 4 per cent, was ten cents and four mills. Apparently determined to give Uncle Sam only what the assessment called for, the Del Norte woman actually chopped a penny in half, to make as near the exact amount as possible.

Whether to accept the payment is a problem facing the collector. It is possible the woman may be prosecuted for mutilating money, officials said Monday.

### Minister Finds Ginger Ale and Coffee Strongest He Can Buy in Wild Cabarets

CHICAGO, March 11.—Whatever fondness the Rev. John H. Williamson, law enforcement commissioner of Chicago, may have had for ginger ale has been entirely dissipated. It is even doubtful if his morning coffee is relished by the minister.

Williamson, accompanied by a brace of reporters and a civilian friend, started out to discover the booze and "wild women" said to infest Chicago's cabarets. He visited

the Wind Blew Inn, reputed to be one of Chicago's wildest; the Moulins, Rouge, and Colosimo's.

Throughout his pilgrimage Williamson consumed quantities of ginger ale and coffee, but his plea for "something with a kick" fell on deaf ears. "You hafta bring your own," was the universal plaint of the servers.

At 11 o'clock Williamson decided sin was not on a rampage and took a train for his suburban home.

### Woman Had Gems Worth \$4,000,000 in Her Lingerie

RIGA, March 11.—A veritable treasure trove was discovered when the authorities arrested Alice Kahlberg at Walk, an Esthonian border town. The police found diamonds worth 20,000,000 gold francs (\$4,000,000), three famous and valuable Russian stamp collections and several paintings, including a Rubens, sewn up in the woman's negligee. It is stated that Mlle. Kahlberg was en route from Petrograd to Paris. This is the biggest smuggling attempt yet discovered.

### ALL-WOMAN JURY FREES BOOZE LAW DEFENDANT

SUNNYSIDE, Wash., March 11.—Noah Yeager, charged with unlawful possession of intoxicating liquor, is a free man following his acquittal by what is believed to have been the state's first "all woman" jury to sit in judgment in a liquor case.

Mrs. R. C. McCredie, former president of the Washington Federation of Women's clubs, headed the jury.

Yeager's defense was that the liquor found in his possession had not been proved intoxicating.

### TOURISTS TO BATTLE SCENES GROW FEWER

PARIS, March 11.—The organization of trips to the battlefields has been a failure, state important touring agencies. Whereas, in 1919, figures showed that visitors to the country and the French people themselves were very keen to visit the scenes of fierce battles, today no one is attracted by the lavish propaganda sent out to visit the ruins.

These touring companies suppose that not enough attractions remain for the visitor. Debris has been cleared away, and souvenir hunters usually leave disappointed. In many parts the ruins no longer exist, for new villages have sprung up, and new roads have been built. Even trees have been planted which in many cases have completely changed the appearance of the land from one of bleakness and destruction to a land of prosperity. While the battlefields were still an attraction figures showed that more Americans and British visited them than any other national.

In three years barely 150,000 French people visited them. This year special trains, automobile excursions and guides have been suppressed, and many of the hotels built along the battle line to house would-be visitors have been put to other uses.

### BRANDS BIRTH CONTROL AS AMERICA'S EPITAPH

NEW YORK, March 11.—Branding the birth-control movement as "organized immorality," the Knights of Columbus magazine, Columbia, official organ of the K. of C., in its March issue, prints Archbishop Hayes'

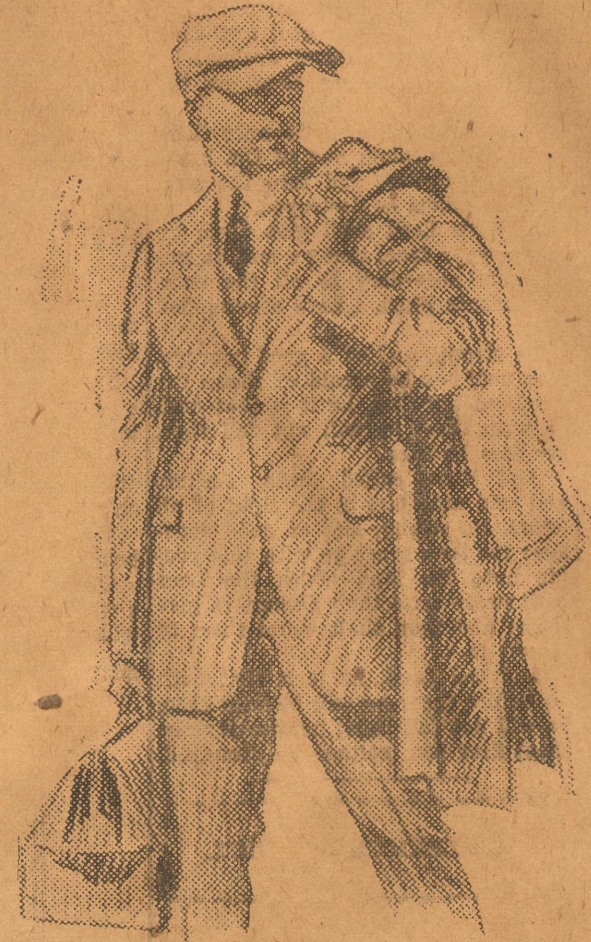

es' indictment of the birth control movement. It says:

"Let native Americans preach and practice birth control for three or four generations and the following three or four generations will find the so-called foreigners in secure possession of the country."

"In bringing the dangerous birth-control propaganda to the attention of the country Archbishop Hayes has

uttered a patriotic warning which, if unheeded, may be America's epitaph."

Though she is absolutely sightless, Miss Ethel Squire of Toronto, Can., is a clever and capable switchboard operator, and in addition to answering phone calls, has a typewriter close to her board, with which she indexes cards in Braille.

### Again Hudson Proves Its Outstanding Value

Hudson's new low prices affect the comparative value situation—all along the line.

For six years the Super-Six has been the largest selling of the fine cars. Its 110,000 owners know it is the greatest of the moderately priced cars—the lowest in cost of the truly great cars. Its new prices confirm Hudson in this position.

Hudson endurance continues the economy of its first cost. There are no obsolete Super-Sixes. The older models are still in service, performing smoothly, reliably, powerfully. They stay out of the repair shop. They are dependable and enduring.

And you find this economy of cost and upkeep in a car equally well known for its beauty of line and finish. You will be proud of a Hudson. It is one of the admired cars—smooth and easy of operation—luxurious in appointment.

Come see it. Know for yourself its outstanding value.

SYNTHETIC FOOD IS THE SIMPLE LIFE.

Soon we will have synthetic food, says the scientist. No more will man have to till the surface of the earth and torture it into yielding provender for his sustenance.

That's fine and dandy, but also, ah lack a day!

It promises surcease from work for weary man, when ores are shoveled into hoppers and crushed by machinery, treated with acids, and come out in readymade meals, all wrapped up like a pound of butter. But will man take to the innovation? Will science's creations have the flavor of thick porterhouse and succulent herbs? Will it take a constitutional amendment to popularize such diet? Who knows?

Meanwhile, the world can get along quite well on what food it has, provided it has enough of it. And those who have a distaste for labor might get a job watching the pecan trees grow. 'Tis said that is an easy road to a competency, provided a man has enough notches in his belt to pass over the interval between the tree's infancy and its maturity.

And if the belt does not hold out, he might raise chickens as a sideline. Chickens have never yet been threatened with race suicide, and they will provide food in many forms against the time when one either has pecans or synthetic eatables. There is a little work attached to them, to be sure; but then the wife can do it.

SCRIPTURE

Deuteronomy 31: 1-8, And Moses went and spake these words unto all Israel.

And he said unto them, I am an hundred and twenty years old this day; I can no more go out and come in; also the Lord hath said unto me, Thou shalt not go over this Jordan.

The Lord thy God, he will go over before thee, and he will destroy these nations from before thee, and thou shalt possess them; and Joshua, he shalt go over before thee, as the Lord hath said.

And the Lord shall do unto them as he did to Sihon and to Og, kings of the Amorites, and into the land of them, whom he destroyed.

And the Lord shall give them up before your face, that ye mal do unto them according to all the commandments which I have commanded you.

Be strong, and of a good courage, fear not, nor be afraid of them: for the Lord thy God, he it is that doth go with thee; he will not fail thee, nor forsake thee.

And Moses called unto Joshua, and said unto him in the sight of all Israel, Be strong, and of good courage: for thou must go with this people unto the land which the Lord hath sworn unto their fathers to give them; and thou shalt cause them to inherit it.

And the Lord, he it is that doth go before thee; he will be with thee, he will not fail thee; neither forsake thee: fear not, neither be dismayed.

LOAN SHARKS TOLD TO QUIT LOS ANGELES

LOS ANGELES, Cal., March 11.—All the loan companies operating on the "tontine" or "Texas" plan in California, more than a dozen in number, have been ordered to cease operations. The outstanding phase of the activities of the concerns was that each contracted to loan at 3 per cent a designated sum provided the borrower deposited certain amounts with the company.

The order was issued by Edward M. Daugherty, who said his action was based on an opinion from the state attorney general. Mr. Daugherty estimated that several million dollars' worth of business had been done by the companies in the few weeks since the first one was organized.

E. C. Bellows, former corporation commissioner, is president of one company affected by the order.

CURSES IN WANT AD.

KANSAS CITY, March 11—Curses upon the heads of wrongdoers are not invoked through voodooism any more—the want ads are the most modern mediums.

Someone shot and killed a pet fox terrier—the pet of the neighborhood children—owned by Mrs. Abraham Weil of Kansas City. She couldn't find out who did it so she inserted the following ad in the personal column of the classified section of a Kansas City newspaper: "I hope the man who shot my harmless fox terrier dog goes deaf, dumb and blind and lives to be 100."

Do You Make Fun of Your Husband, Or Air Your Family Troubles in Public

Am I the kind of woman who makes fun of her husband before other people? Or do I consider it no disgrace to be happily married?

Do I burn my own smoke? Or do I discuss my family affairs with my friends?

Would I read a letter that I found in my son's bureau drawer?

Or do I believe that adolescents are people, too.

Do I have my dark gray blankets washed as often as my white ones?

Why don't I? Can I keep a confidence?

Or do I go teapottling to my husband with every bit of gossip that turns up?

Do I respect myself and my job, knowing that on the material basis alone \$100 a week would only just replace me in my home?

Or do I sometimes think of myself as a mixture of servant and concubine, with the cringing and rebellion of both?

Am I thin and irritable? Am I fat and flabby?

Or do I keep fit physically and mentally?

Will my children respect me when I am 45?

What will I be like when I am 60?

What kind of woman am I?

AMERICAN WIFE OF CUBAN HELD AT ELLIS ISLAND

NEW YORK, March 11.—Though born in this country, Mrs. Rose Meave and her 8-month-old daughter, Jeanne, were sent to Ellis Island yesterday, after their arrival from Cuba on the Ward liner Siboney.

Mrs. Meave was denied ready access into her native country because she married a Cuban. Under the laws she is a citizen of her husband's country. She will remain at the immigration station until the necessary requirements of the immigration laws are fulfilled. Her husband is in Cuba.

State Senator Clarence Thompson, of New Haven, Conn., another passenger on the vessel, celebrated his seventy-seventh birthday on the way from Havana.

The vessel brought a \$1,000,000 cargo from Cuba. This is the third cargo of its size brought by Ward liners from the island republic within ten days. It consisted principally of sugar and tobacco.

CHEAP CATTLE IN ARGENTINA.

BUENOS AIRES, March 11.—Cattle-breeders in the Chubut district have just disposed of nearly half a million head of "novillos," a native class of three-year-old steers, after holding them on a dead market for many months. The average price ran to ten Argentine paper pesos per head (worth at present about \$3.50 U. S. currency).

Getting the Right Car at the Right Price

A used car that has been entirely reconditioned can be expected to give as many miles-per-dollar service as a new car. One of the many advantages in purchasing a used car from a permanent, responsible dealer lies in the fact that he is properly equipped and has the expert help necessary to recondition a car and put it in such shape that assures the purchaser real motoring satisfaction. There is no gamble as to the condition of a used car when the right dealer tells you it has been thoroughly overhauled.

Some machines are traded in on new cars that have been subjected to very little use and consequently need no overhauling. A tuning up and such a used car is ready for the road.

We maintain a used car department whose function is to present a used car in as salable condition as possible and no member of our organization will misrepresent one to you.

Getting the right car at the right price is, after all, a simple matter—Allow us to show you.

TO THE WORSHIPFUL MASTER, WARDENS AND BROTHERS OF RANGER LODGE NO. 738, A. F. AND A. M., RANGER, TEXAS:

A Tribute to G. H. Bohning.

George Bohning was our friend. It was a balmy day in spring. The south breeze gently waved the snow-white apron on the casket. George was dead. There was nothing startling about his way of living. When he died he didn't owe a cent to a human being, his Masonic apron was not spotted by a single debt, and on his casket it was the plain and undimmed emblem of innocence and badge of a Mason. He didn't owe a single grudge; he left this world free from any ill feeling against man, woman or child, and his white apron had no stain of ill will upon it. He didn't owe one apology, for he had created his brethren, friends and neighbors with courtesy, and had never ignored their rights. The public reported that he didn't owe the state a penny, but had paid all the law demanded of him, and his apron of duty was snow-white to the government as a citizen. He was not in debt to society for any favors not paid for. He had been decent and respectable, honest and straightforward, and no charge of immorality was ever recorded on his snow-white apron. He paid in full all that he owed to his brother man—he had helped the poor, fed the hungry, nursed the sick and cheered the disheartened; and his snow-white apron had no stains of neglect. He paid as far as possible the debt he owed to God, by living a clean, Christian life; and left this world in God's bright pathway that led to glory. May we all emulate George Bohning's life, and when we are dead may our casket too, be clothed in reality with an unsoiled Masonic apron, spotless and stainless as the day we received them. "So mote it be." George, Good-bye.

RESOLUTIONS

"Not lost but gone before." G. H. Bohning.

The Supreme Architect of the universe has removed from the cares and troubles of a transitory existence a beloved brother, and the chain by which we are united man to man, has been weakened.

On Monday, May 30, 1921, the spirit of Brother George H. Bohning returned to its maker. A brother to whom we were united in the ties of union and friendship has gone to his reward. Brother Bohning was a charter member of Ranger Lodge No. 738, Ranger, Texas, and was a member of this lodge at his death. No man among us lived a more exemplary Masonic life than Brother Geo. H. Bohning, whose quiet, unassuming way won for him the love and respect of his fellowmen.

WHEREAS, in the death of Brother Bohning, Ranger lodge has lost one of its most faithful members, one whose virtues any man or Mason would do well to emulate. Therefore, be it

RESOLVED: That we bow with humble submission to the Divine will of the Master, who in His providence doeth all things well.

RESOLVED: That a copy of these resolutions be handed to the family of our deceased brother, a copy spread upon the minutes of our lodge, and a copy furnished for publication.

Fraternally Submitted, J. F. DREINHOFER, M. H. HAGAMAN, Committee.

TO THE OFFICERS AND MEMBERS OF RANGER LODGE NO. 738, A. F. AND A. M.

Brethren: We, the committee appointed on the resolutions of the death of Brother Clarence Randolph Thompson, beg leave to submit the following:

WHEREAS, it has pleased the grim reaper of Death to remove from our midst one beloved Brother Clarence Randolph Thompson, in the flower of young manhood, and

WHEREAS, we realize that in the loss of this brother, "Thou has appointed his bounds that he cannot pass," and

WHEREAS, we deplore the loss of one, especially in the years of young manhood, nevertheless, we recognize the power, wisdom and goodness of the Grand Artificer of the universe, and

WHEREAS, not only does this lodge lose a just and upright brother, but his family, a loving husband, father and son.

WHEREAS, his loving countenance and kind affection will be sorely missed by them, and by his brethren, therefore, be it

RESOLVED: That we express to those left behind, the sympathies and condolence of the lodge, in their hour of need, and sorrow, and be it further

RESOLVED: That a copy of these resolutions be given his family, and a copy spread on the minutes of this lodge, also a copy for publication.

Fraternally Submitted, D. R. A. GOODING, C. F. UNDERWOOD, E. E. CRAWFORD, Committee.

TO THE WORSHIPFUL MASTER, WARDENS AND BROTHERS OF RANGER LODGE NO. 738, A. F. AND A. M., RANGER, TEXAS:

J. W. Tibbles, Dead.

Brother Tibbles, as he was familiarly called by most of us who knew him well, affiliated with Ranger Lodge October 21, 1920, having demitted from Wayland Lodge No. 547, at Caddo, Texas, where he resided prior to becoming a citizen of Ranger. Some time during the year 1921, he presented this lodge with a beautiful picture of George Washington in the regalia, and as presiding officer of Fredericksburg Lodge No. 4, Fredericksburg, Va. The lodge, to show its

appreciation, promptly and unanimously accepted the gift, and voted him a life membership, upon which occasion he eloquently expressed his appreciation in his usual forcible manner.

J. W. Tibbles was a veteran member of the Masonic order, and lived the life of a true and upright Mason. He was true to the craft and reserved no thought for self, and in every walk of life, his hands and heart were always open to a brother and all alike shedding in sweetness a fraternal blessing for the order and brethren whom he dearly loved. As our senior, and almost as a father, he cast aside all selfishness, and was ever ready and willing to distribute the corn, wine and oil among his fellowmen.

Brother Tibbles was a Christian man, and, like Enoch of old, he walked with God and God took him. There is something sad in the thought of death, when we view the body from which all the powers that went with life have come to an end. But Jesus announced our great consolation when he stated calmly: "He that liveth and believeth in Me shall never die." Paul thought of death as a pleasant event, which would bring the good into the immediate presence of the Master. He said: "I have a desire to depart and be with Christ," which is far better. So as we pay our last tribute of respect to our departed brother, we believe, from what Christ and his followers have told us about the life to come, that only shall the dust return to the earth as it was, but the spirit has returned unto God who gave it.

In the death of Brother Tibbles Ranger lodge has lost another 'land mark,' a veteran member of the order, and a dearly beloved brother. Therefore, be it

Resolved: That a worthy Mason has fallen asleep and that Ranger lodge has lost a true member, his family a loving husband and kind father, and his community one of its best citizens. Be it further

Resolved: That a copy of these resolutions be spread upon our minutes, a copy furnished his family, and a copy be furnished for publication.

Fraternally submitted, J. F. DREINHOFER, JNO. M. GHOLSON, Committee.

## Planting Time!

"Mary, Mary, how does your garden grow?" for its planting time now, and all the Marys and Marthas, who have a bit of land, ought to plant a garden, for none of us are far enough removed from the soil to forget the charm of digging down in the earth in the early spring, nor are we too old to be thrilled when our efforts are awarded by our plants coming up. So many waste places in Ranger, so many places that have never had the semblance of beauty that could by a little care be beautified. Vines grow so easily, and they cover such a multitude of sins in the way of unsightly vegetables are so wholesome and such a foe to the grocery and doctor bill. Flowers are so easily grown.

For the past week practically all social functions were deferred out of courtesy to the convention, but now we may expect more activity. It is true that it is Lent, but its coming does not mean a dearth of affairs for Ranger; it simply signifies a change from the formal to the informal entertaining and the gay whirl moves on in a series of more friendly, intimate, congenial gatherings.

Looking forward into the week, the society folks are delighted at the prospect of an Elks dance, which is to be staged at the Summer Garden March 16, which being so near Saint Patrick's day, will no doubt take its color motif therefrom.

### EL DEEN CLUB MEETS.

Among the several pleasant club meetings of the week, perhaps none was more enjoyable than the meeting of the El Deen club Friday afternoon, when the club was entertained by Mrs. Walter West. The afternoon was pleasantly spent in sewing and conversation, during which time the hostess served dainty refreshments.

Those present were: Mmes. C. P. Standard, C. L. Webb, R. L. Hodges, A. White, J. S. Reynolds, T. T. Hummcutt, G. W. A. Cox, A. W. Townsend, W. Bigby, J. L. Haden, E. M. Huffman, D. E. Klinger.

### FRIDAY BRIDGE WITH MRS. REID.

Mrs. Harry Reid delightfully entertained the Friday Bridge club this week at her home in Hodges Oak Park. There were five tables at bridge and the high score club prize, six silver coffee spoons, were won by Mrs. John H. Meyer. The low score club prize, a waste basket, went to Mrs. P. F. Davis. The guest high score prize, a silver pie server, was awarded to Mrs. J. L. Thompson, while the guest low score prize, two hand-embroidered tea towels went to Mrs. S. B. Tunnell.

Creamed chicken on toast, olives, cake and coffee were served by the hostess to the following club members and guests: Mmes. O. D. Chastain, J. L. Thompson, S. B. Tunnell, Martin of Strawn, J. S. Blair, Waltz, E. J. Wiss, Fred Hatfield, F. E. Langston, J. A. Martin, J. C. Pullen, M. O. Burt, V. C. Wiggins, Ira Nourse, John Mayer, J. B. Haden, Harold Whitbeck,

P. F. Davis, E. J. McMillen, Miss Douschka Bobo.

The next meeting will be with Miss Bobo.

### FOR CISCO GUESTS AND SENIOR GIRLS.

Miss Peggy Tucker entertained Saturday afternoon at the home of her parents, at the Sun camp, in honor of her house party, composed of members of the Cresset club of Cisco, and the senior girls of Ranger High school. Since the colors of both clubs was green and white, the house decorations were carried out in these colors, which were very effectively suggested in potted plants and in crepe paper. The diversions for the afternoon were "42" and bridge, after which the hostess served a salad course to the following guests:

Misses Venita Daniels, Dora La Roque, Helen Holmes, Thelma Fairless, Cleo Mancill, Iantha De Spain, Lillian Smith, Olga Beard, Lurimie Bridle, Mrs. Bill McDonald, all of Cisco; Myrtle Clemmer, Marie Armer, Eulalia Wolf, Rose McEver, Mabel Knight, Marion Stubblebine, Alice Dreby, Beatrice Dreby, Nannie and Clara Haden, all of Ranger.

### PROGRAM FOR HIGH SCHOOL PARENT-TEACHERS' MEETING.

On account of the bad weather on Feb. 28, the attendance was very small at the meeting of the High School Parent-Teachers' meeting on that date, and inasmuch as this was true and the program for that day bears repeating, the same program will be given Tuesday at the meeting

### BURKE-WAGGOMAN.

The following article taken from the El Paso Herald, will be of the greatest interest to Ranger people, on account of the prominence of the groom, whose home and business is here, and also to those who had the pleasure of meeting the bride, when she was here several months ago the guest of her sister, Mrs. Lytton R. Taylor:

"The home of Mrs. Frank Burke, of Las Cruces, was the scene of a pretty wedding at 4 o'clock Wednesday afternoon, when her daughter, Miss Helen Burke, became the bride of R. B. Waggoman, of Ranger, Texas.

"Lohengrin's wedding march was played by Miss Irene Jones, following a solo, "Because," sung by Mrs. Bay-lus Cade Jr., sister of the bride. The

ceremony was performed by Rev. H. J. Reemtsma, pastor of the First Presbyterian church. The ring ceremony was used. The bride was attended by Miss Lucile Lemon and Francis Burke, brother of the bride, was best man.

"The bride was attired in a beautiful gown of golden brown taffeta, trimmed in cream silk lace, and she carried a bouquet of bride's roses. The bridesmaid wore a gown of navy blue taffeta and carried a bouquet of sweet peas and carnations.

"The ceremony was performed under an arch of greenery.

"Refreshments were served.

"About 5 o'clock the newlyweds left by auto for El Paso, where they took the train for Fort Worth, to spend a few days with Mr. Waggoman's parents before going to their new home at Ranger.

Groom Is Newspaperman.

"Mr. Waggoman is publisher of the Ranger Daily Times and has been in Ranger since the beginning of the oil boom. He established the newspaper for the Fort Worth Record and later with two associates purchased the plant. He started his newspaper career on the Fort Worth Record and served in several capacities until the war broke out. After a year's service in the World war he was discharged, shortly after the armistice, and located in Ranger.

"The bride has spent almost her entire life in Las Cruces and is popular in social circles."

### SENIOR PARTY FRIDAY NIGHT.

One of the most delightful affairs for the younger set this week was a party given by Miss Beatrice Dreby Friday night to the members of the senior class. Games and music were enjoyed until a late hour, after which the hostess served cake and hot chocolate. That the seniors can play as well as study was evidenced at this party, as everybody present had a most wonderful time.

Those enjoying this pleasant evening were: Myrtle Clemmer, Marie Armer, Eulalia Wolf, Rose McEver, Peggy Tucker, Mabel Knight, Perry Jones, Bill Mills, Phil Simpson, Le-land Pellerin, George Henshaw, Glen Tucker, Joe Terry, Marion Stubblebine, Alice Dreby, Nannie Haden and the following Cisco guests: Lillian Smith, Olga Beard, Lurimie Bridle, and Mrs. Bill McDonald.

### T. O. M. CLUB ENTERTAINED.

On last Monday night Miss Esther Yonker entertained the members of the T. O. M. club, the occasion being her seventeenth birthday. The Yonker home was suitably decorated for the birthday, with a cake bearing its seventeen candles, being the center of attraction on the dining table, where a delicious salad course was served. Games and contests were enjoyed.

Those present were: Eleanor Alworth, Nannie and Clara Haden, Evelyn West, Maurine Bowman, Oreta Smith, Evelyn Cox, Marguerite Novakovich.

## Audubon Society Is Organized by Ranger Youngsters

If the birds can hear as well as they can sing, they surely heard "a ear full" when fifteen boys met at 1301 Foch street Saturday morning and organized an Audubon society. The purpose of this society, as indicated by the name, is for the study of bird life, the building of homes-for the birds, the protection of birds and coming just at the season of the year when birds are mating and seeking new homes, it will no doubt solve the building question for many bird families. Officers elected were: President, David Graham; secretary, Raymond Taylor; treasurer, Allen Baker. Any boy who is interested in the study of birds and in nature study can get any information they may desire about membership by phoning 292. After the election of officers, and the business in hand being completed, the boys took a picnic lunch and repaired to the creek, where they spent an hour or two playing and planning.

### HONORING BALTIMORE GUESTS.

Dr. and Mrs. T. L. Lauderdale entertained Friday evening at their home, 1301 Foch street, in honor of Dr. and Mrs. J. M. T. Finney, who are visiting Mr. and Mrs. Eben Finney of this city. The doctors of Ranger were invited to meet Dr. Finney and while the ladies, who were visiting with Mrs. Finney, held a Quaker party in one room, the doctors were enjoying a smoker in another room. Dr. Finney is connected with the Johns Hopkins hospital and those present appreciated the opportunity of being with him and spending a few social hours.

When the ladies laid aside their knitting, their hostess suggested to the gentlemen guests that they lay aside their cigars and partake of a plate lunch which was beautifully appointed. House decorations suggested the approaching season, being in sweet peas and jonquils.

While all the doctors were invited, it was not possible for all of them to be present. Those who were present were: Drs. A. N. Harkrider, Carl Wilson, J. B. Stackable, L. E. McAdon, W. L. Jackson, Harry Logsdon, W. C. Palmer, C. H. Terrell, Sandford Terrell, C. C. Craig, J. S. Hamilton of Forney, M. L. Holland, J. M. T. Finney, the host and Mr. Eben Finney. The ladies present were Mmes. G. H. Bohning, Garrett Bohning, Arthur

Kinard, C. H. Terrell, C. H. Moffett, J. M. T. Finney, Eben Finney and the hostess.

### PURELY PERSONAL.

Mr. and Mrs. C. N. Ochiltree have returned from a short visit to Oil City.

Mrs. L. J. Marks returned Friday from a short stay in Fort Worth and Dallas.

C. H. Moffett has returned from a ten-day trip to Mexia.

Mr. and Mrs. Joe Harness of Graham were visiting in Ranger yesterday.

Mrs. R. B. Campbell her daughter, Miss Mary Bonner Campbell, and Bobbie Bates motored over to Weatherford Saturday afternoon, where they will spend the week-end.

Willis Grist, former manager of the

Temple theatre, has gone to Dallas, where he will reside.

Dr. J. S. Hamilton, formerly associated with Dr. Harkrider, but now of Forney, is visiting in the city.

William Cox of Eastland is spending the week-end in Ranger.

Mrs. Charles Conley suffered a relapse this week but reports from her bedside are that she is improving. Her many friends hope that she will soon be quite recovered.

## 'Turn to Right,' Heart Throb Comedy at Liberty Today

All that heart throb and delightful comedy which made the play "Turn to the Right" one of the most popular offerings of the stage has been preserved in the screen version which starts today at the Liberty theatre. And in addition, there is the added beauty which only can be attained in pictures which makes this motion

picture of John Golden's stage success by Winchell Smith and John E. Hazzard one that no lover of the artistic and dramatic will wish to miss.

In pictures a story whose appeal has been testified to by millions of theatregoers and Rex Ingram, whose productions "The Four Horsemen of the Apocalypse" and "The Conquering Power," rank him as the leading director of the silent drama, has fully lived up to his reputation in this latest Metro release.

For those who are not familiar with the famous story, it portrays the adventures of a country youth, who is unjustly sentenced to a term in prison. While there he becomes acquainted with two crooks. When freed the youth determines to go back to his home and arrives to find his aged mother and little sister in direst poverty and about to have the mortgage foreclosed by the village skinflint. Through the aid of his two crook friends a way is found to beat the grasping miser while the influence of the trusting mother turns the two crooks to the right road and opens up for them a new life of love and happiness.

As the heroine, beautiful Alice Terry, who won fame in "The Four Horsemen" and "The Conquering Power," was a winsome delight, portraying the part with all that artistic and dramatic fervor which has made her such a favorite. Jack Mulhall as the boy who heeded the call to turn to the right was excellent. Harry Myers and George Cooper carried off high honors as the crooks who knew but one way to win what they wanted, while Edward Connelly as the village skinflint made the old deacon live again. Others in the cast were Lydia Knott, Betty Allen, Margaret Loomis, William Bletcher, Eric Mayne and Ray Ripley.

"Turn to the Right" was adapted by June Mathis and Mary O'Hara. It is presented by John Golden and Marcus Loew and distributed by Metro Pictures. John F. Seitz was the photographer, Starrett Ford production manager, while the technical direction was by A. J. Myers and Harold Grieve.

## Colorful Settings In Gladys Walton Film at Majestic

The pathos of the working girl's life, the beauty—and honor—of "love's young dream," the vivid color of a fine atmospheric setting in the "Irish Ghetto" of New York—these and other elements in the whimsical story of "The Gutter-Snipe" will hold the interest when this Universal comedy drama starring Gladys Walton is seen today at the Majestic theatre.

It is a story of the flapper with a plot that utilizes the best abilities in this sort of characterization of the girlish star. Miss Walton's clever interpretations of such roles have won her a universal fame. Because of her athletic grace and her youthful carriage she is better fitted for portrayals of this type than any other actress of the screen today.

The story opens with an exhibition of hot blood on the part of Mazie, the shop girl heroine. Seeing a young man in dress clothes being beaten up by a street gang of ruffians, she jumps into the fray with two fists, ten finger nails and a lot of pep. The man in the dress suit looks so much like the hero of Harold Hetheridge's love story in "Sloppy Stories" that he turns out to be a soda fountain

clock. And being young, Irish, and good-hearted, Mazie still considers him her hero and loves him just as much.

Reading the "Sloppy Stories" sentimental yarn the minute each issue comes on the stand is the way Mazie settles her own difficult problems. She seeks advice in the way of the noble Lord Lytton, hero of the tale, and his milk maid sweetheart, handle their own trials and tribulations.

Throughout the action of "The Gutter-Snipe," the hero and heroine of the magazine serial are the models by which Mazie and her gentleman soda clerk sweetheart guide their own footsteps. And through this strange comparison by means of a story within a story, as the story goes on a subtle satire on the old nobility is built up.

### RUM FROM SUGAR BEETS.

BERLIN, March 11.—Since the heavy taxes have been introduced for wine, many housefathers have sneered at the tax collector and made their wine at home. A decree has been circulated that homemade wine must be taxed if the bottles are corked. Germany, true to the slogan "make yourself as much independent of all imported goods" is trying everything and anything. The latest creation is "German rum," made out of sugar beets. It contains 75 per cent alcohol and costs only 100 marks per liter against 250 marks for Jamaica rum.

### JUST DREAMIN'!

NEW YORK, March 11.—A cold wind caused Policeman Emil Zippis, of Old Slip station, to button his coat tighter as he turned into Trinity place at 5:30 o'clock this morning. The street was deserted, except for a strange object that glided along toward him. It was a barefoot girl in a flannel nightie. As she slipped past he noticed her eyes were closed.

"Hello! What are you doing in the cold in that get-up?" he asked. There was no reply, and he touched her gently on the shoulder.

The girl opened her eyes, looked wildly around and became hysterical. The policeman took off his overcoat and wrapped her in it, then sent for an ambulance.

Physicians found her to be suffering from exposure, and after giving her restoratives she told them she was Elizabeth Barrett, 12 years old. Elizabeth suffered no ill conse-

quences from her early morning walk while asleep. She had gone only half a block from home. When she was carried in from the ambulance it was the first her mother knew that she was not in bed.

Mrs. Elizabeth Ashby, who had to tend a forge at her home in Leatherhead, Eng., while her husband was at war, now operates her own horse-shoeing shop.

### GOAL AFTER TOUCHDOWN IS ABOLISHED

Football Rules Committee Substitutes Play From Scrimmage; Shift Swatted.

By Associated Press.

NEW YORK, March 11.—Abolition of the free trial for goal after touchdown, substitution thereof of a play from line of scrimmage from back of the five-yard line of the defending eleven, and clarifying changes in the rules regarding shift plays, clipping from behind and substitutions, were announced today by the intercollegiate football rules committee.

The action of the committee in abolishing the trial for goal after touchdown—the most radical step taken since the introduction of the forward pass in 1906—had been recommended by the Association of Football Coaches of America following its meeting here last December. The revision had been demanded by a majority of football experts for

years and since the abolition two years ago of the punt-out, many of the leading coaches took up the campaign for the amendment of the play. They declared it was useless as it stood and harmful to the game.

#### Blow to Notre Dame.

It was understood that W. W. Roper, Princeton coach, suggested the play for the point from the line of scrimmage. In regard to the change in the shift ruling, the opinion of football men was that it would tend to put a damper on the playing style of some of the leading western college elevens, especially that of Notre Dame, whose wierd shifts have puzzled opposing elevens for several years.

The initial kickoff regulations was altered so that if the side winning the toss selects the goal, the other team has the choice of either kicking or receiving. Heretofore, when one captain elected to defend a goal, the other side was obliged to kick off.

The time rule was altered to allow the referee, with the consent of both captains, to shorten the fourth period or both periods in the second half. Heretofore a shortening of the time previously agreed upon could be made only before the game began.

#### New Substitution Rules.

Rules governing substitutions were changed so that a player cannot return to the field in the same half in which he is removed. It is not necessary that he should return at the beginning of a period.

Among the rulings approved by the committee was one that officials should whistle as soon as convinced that the ball had crossed the goal line, or in the case of forward passes, when the pass is completed behind the line.

The committee decided to have the interpretations of rules made by the interpretations committee printed in September of each year and that thereafter interpretations for officials would be made only on request, the formal ruling to be made later, at the formal meeting of the rules committee.

#### CHEMIST USING ETHER TO EXPLORE 'HEREAFTER' TAKES PERMANENT TRIP

NEW YORK, March 11.—Seeking data for his book "The Hereafter," Thomas W. Weggielus of Brooklyn, a 23-year-old chemist, swallowed what he thought was just enough anaesthetic to take him to death's portals. The book will never be finished for young Weggielus miscalculated the dose and the portals swung wide for him.

Weggielus, his father told the police, for weeks had divided his time between the chemical shop where he was employed and his metaphysical researches. On Saturday afternoon he was said to have gone to the furnished room where he lived alone in order to be uninterrupted in his experiments. He placed paper and pencil on the table, drugged himself with ether, just enough, he probably estimated, to bring him close, but not too close, to death. He never woke up.

#### HORN BLOWERS TOOT FOR BANDITS WHILE STORE IS RANSACKED

JOPLIN, Mo., March 11.—A drug store at Hookerville, Okla., twenty-five miles southwest of here, was robbed Thursday night to the tune of a jazzy fox-trot, by two unmasked bandits.

The music was furnished by Roy Walker, proprietor, and a friend, Clarence Hawkins, who were forced to play their horns twenty minutes while they were being robbed of their cash and the store ransacked.

Walker and Hawkins were practicing when the bandits entered. "Keep the music going," they were commanded.

#### FIFTY CZAR'S RELATIVES.

By United Press. MONTE CARLO, March 11.—Safely separated from Lenine and Trotsky by half a score or more of frontiers, Russian grand dukes, duchesses, counts and other former nobility flourish this season on the Riviera. The Grand Duke Cyril, cousin of the late czar, and said to be the closest living heir to the throne, is at Cannes. The Grand Duke Dimitri, cousin of the late czar, is in Monte Carlo. The Grand duchess Anastasia, eldest daughter of the late Grand Duke Michael, has a villa nearby.

### THE FOOD YOU EAT HAS 'KICK' OF HIGH EXPLOSIVES—BUT IT'S TAMED

By Associated Press.

WASHINGTON, March 11.—That loaf of bread you cut last night for your dinner at one time in its career possessed all the dangerous characteristics of T. N. T. The spices in the apple dumpling you ate for dessert once boasted an equally strong claim to dangerous properties. The sugar you put on it to add to its tastiness had, and still has, the potentialities of dynamite.

Experts of the bureau of chemistry of the United States department of agriculture are authorities for these strong statements. But they say they might go further and add that the rice in your pudding was just as "flighty," that the napkin you use, if of cotton, the shirt on your back, if also made of cotton, the shoes on your feet and the rubbers over them, and finally, the coal which your meal was prepared with, were all at one time in their processes of manufacture or preparation for your use, equally death dealing.

#### They're Tamed.

However, there's no need now to back away from any of them, they're tamed, the agriculture department chemists assert. The secret of their destructiveness is dust—the dust which is produced in their manufacture.

For a number of years department experts have been studying the explosibility of carbonaceous dusts, mostly for the education of manufacturers and workers in materials which produce such conditions, and surprising disclosures of general interests have been made.

It is just about a year since the largest grain elevator in the world, the North Western, at South Chicago, Illinois, was destroyed by the explosion of grain dust in work rooms and storage bins. Six workmen lost their lives in the disaster, which wrought property damage estimated at \$3,000,000. While there have been many other similar explosions in elevators, flour mills and plants producing a variety of articles, that one was the factor that brought the subject most strongly to public attention, the department says.

#### Dust is Dangerous.

When wheat grains or other cereals are handled in bulk, friction produces quantities of fine dust, and when train and carloads are handled daily, the amount of this dust that accumulates about the plant on floors and projections is enormous. Dust clouds long hang in the air. It has been determined by the experts that this dust produces with the air a mixture as fickle and explosive as that formed in the carburetor of an automobile. It can generate gas explosions as powerful as those in rifles and gun barrels. All that is needed to start the destructive work is a spark. The spark or flame may start a slow fire, the flash traveling from dust grain to dust grain. It may travel through dust conveyors, corridors of blowers to distant parts of the plant, where, if sufficient pressure is built up the explosion occurs.

Dust explosions, government records show, have wrecked well built plants, thrown bodily loaded freight cars, turned into twisted skeins of scrap strongly built steel structures, moved heavy bins from their foundations, and in the case of the North Western, blown out concrete bin walls seven inches thick.

A long list of similar disasters is in the hands of the government investigators and not all are from cereal dust explosions.

#### Spice Kills Six.

An explosion of ordinary powdered table spices in a spice factory wrecked the factory, recently, exacted toll of six lives, injury to twice as many others and high property loss.

An explosion of powdered or confectioners' sugar, in an eastern refinery wrought damage estimated at \$1,000,000 and cost four lives.

Breakfast cocoa precipitated in a thick cloud from burning bins in a factory fire exploded, adding to the wreckage of the plant and to the loss of lives and money.

Six girls working in a factory producing aluminum articles were

burned to death when fine aluminum dust from their buffing machines exploded in their faces with a concussion heard two miles distant.

Starch exploding in another factory resulted in forty-three deaths and damages estimated at \$3,000,000.

Dust from hard rubber being ground to powder exploded in another instance, killing eight workers and partly demolishing the plant.

While handling cotton seed meal a Wisconsin plant was damaged by an explosion in that product and three workmen were killed.

#### BARS MOTHER-IN-LAW.

By United Press.

DENVER, March 11.—The married man who is pestered by his mother-in-law should have been a Navajo Indian and married a girl of that tribe. For, according to a recent letter to a local newspaper from the Indian agency at Shipwell, N. M., tribal customs provide that the mother-in-law, after her daughter's marriage, must never see her son-in-law. No provision is made for the daughters-in-law and it is presumed they are allowed more friendly relations with their "in-laws." Instead of becoming her husband's property at marriage, the Navajo bride becomes free, and may leave her husband for sufficient cause.

OLDS NOW A SPEED "COP" YOUNGSTOWN, Ohio, March 11.—"I easily can make \$100 a day for the city in my spare time chasing speeders," declares Mayor George L. Oles, who announces that he has launched a personal campaign against speeders.

car with which he already has nabbed two violators of speed laws. "Speeders want to keep their eyes on my car, as it can go some," he declares. "I can catch any speeder in the city. I made \$50 for the city today when I chased two trucks and turned in their numbers to police."

# THE SUIT'S THE THING THIS SPRING

Written for the United Press by Hedda Hoyt

NEW YORK, March 11.—To be or have capes to match. These capes are not to be—that is the spring suit very simply made. Two yards of material, shirred to form a neckline and with a narrow straight strip of the goods attached to form a tuxedo lapel, are all that is required. This makes a garment which falls gracefully in points on either hip.

The three piece suits head the vogue of the coming season. There are such a variety of styles this year that one wonders just what constitutes a suit nowadays. One of the most prominent types is the one featuring the Paletot or short flaring jacket which has wide sleeves and is worn open over a colorful blouse or gilet. These jackets are also used over the one piece frock, the upper portion of the frock made in contrasting color from the skirt and the lining of the jacket matching the shade used in the blouse. Canna red, henna, grey and sparrow Canton crepes are being featured as the blouse material for the three piece suit. Crepe braid of self toned embroidery trims most of the jackets of this unbelted Paletot style. Sleeves are often slit from the elbow to the wrist, allowing the color of the blouse to show through.

Skirts are made on slender lines and are slightly elongated. Gilets are often used instead of blouses. One particularly attractive gilet worn with a blue tricotine suit is made of white duventyne with a military braid effect meeting in points at the center front and buttoning with tiny silver buttons. These silver buttons and nail heads form an effective trimming on many of the smart suits and often a complete hardware effect is achieved.

Another popular suit model is built on long waisted lines and is softly bloused over a rather flat fitting pelum. The short cape worn with a skirt to match also does suit duty. An unusual model of this sort is made of an imported plaid material in shades of violet and orchid and its only claim to trimming is a frayed border at the bottom of the cape and skirt.

Poirot twills, tricotines and tranelanes are the materials which will be most widely used this year. And for the more dressy occasions taffetas and silk navy crepes are seen with jackets entirely covered with eyelet embroidery. Silk afternoon and evening gowns

## MUSICAL SERVICE TONIGHT AT FIRST METHODIST CHURCH

The First Methodist choir, under the direction of Mrs. C. W. Atkins, will render a musical program tonight at the evening hour, which is expected to be of unusual merit. Following a fifteen-minute popular song service, the following program will be rendered: "Christ Shall Be the King" . . . Kneble Chorus "Open the Gates of the Temple" . . . Knapp Mrs. Atkins "Whispering Home" . . . Hawthorne Mmes. Roger Penlaw and Parcell "Hark My Cry Oh Lord" . . . Wooler Mr. George Boyd "Nocturne" . . . Chopin Mrs. M. R. Newnam "The Publican" . . . Van de Water Mrs. C. E. Rogers Male Quartette . . . Selected "My Soul Will Magnify" . . . Saint-Saens Mr. Rogers, Mrs. Atkins, Mr. Barnes "Inner Voice" . . . PARIS, March 11.—The general tightening up of economic conditions in Europe has hit race track betting. The committee which takes the state's percentage of the receipts of the pari-mutuel betting machines at the tracks has reported that the 1921 takings were 24,500,000 francs, or a drop of about 10 per cent under last year.

They have chosen a blond as queen of the Midenettes and declare that flat, blond tresses shall outrule the wide bobbed coiffures of raven hue.

Tan low shoes oddly trimmed with strips of black patent leather and with black patent heels are new additions to the shoe world.

Greys and whites, crystal trimmed, are being used for evening wear at the opera of late. The brilliant tones of the earlier season are fast disappearing. Only the palest of shades alight the famous horseshoe circle and with the glittering of diamonds one gets an aurora borealis impression.
