

Shortage Early in Day.

Relative to the shortage of gas

iost to Sheriff John Hart of East-land county Friday when a jury in Justice of the Peace Jim Steele's court at Eastland rendered a verdict in favor of the sheriff in a suit brought by Looney against him. Loo-ney gave notice of appeal to the higher court and has ten days in which has prevailed in Ranger for the past few days Mayor John Thurwhich to perfect his appeal by mak- man has addressed a letter to the dis-

ing bond. Looney claims that he located Paul Dennison, who had escaped from the Eastland county jail, in New Mexico, made arrangements with the officers there to arrest Dennison and then se there to arrest Dennison and then se-cured a warrant for Dennison and went to the New Mexico town after him, but when he arrived the sheriff

from Sheriff John Hart telling him not to turn Dennison over to Looney. Looney now sues for \$175 what he far a Most sections of the city seemed to be fairly well cared for Monday as far as reports revealed. Though in some places there was a decided shortage of fuel. Cooper school shivered during the early hours Mon-day because there was not sufficient and because there was not sufficient claims his fees and expenses for the trip were.

Three Persons Are Injured By Same Accidental Shot

CLARENDON, Dec. 5.-Three CLARENDON, Dec. 5.—Three persons representing 3 generations of one family were shot here this morning by the accidental discharge of a pistol. Claude Alle picked up the gun to put it away. The gun dis-charged the bullet passed through the foot of his infant daughter who s sitting on his lap, penetrated Al-is leg and lodged in the ankle of grandmother who was sitting across the room.

Injuries to the father and baby were not considered serious, but com-plications were feared in the older woman's wound.

EASTLAND HUNTING

mit but under the present circum-stances we do not feel that the PARTY HAS GOOD LUCK A party of Eastland hunters, com-posed of Walter Hart, Murray Gill, V. T. Seaberry and Jess Day, has just returned from a deer hunt in the Royal Valley in Mason county and report a very successful trip. The party got four big bucks, Walter nish us with ample gas in an emergency like this and prevent the trouble we have had. art killing a unrue poincer. While in the valley the party, who

Persistent coughs and colds lead to serions trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

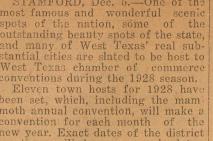

Of all known drugs, creosote is recog-nized by high medical authorities as one of the greatest healing agencies for per-sistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough

or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

NEW FORD CAR exceeds all expectations

Official announcement of new model last week created unusual interest throughout entire country

FEATURES OF THE NEW FORD CAR Beautiful new low body lines Choice of four colors 55 to 65 miles an bour Standard, selective gear shift Hydraulic shock absorbers 20 to 30 miles per gallon of HE new Ford car has been on the market only a few days, but it has already created unusual interest throughout the country. Millions of people got the full details of it last week for the first time and were delighted with the story of its beauty, speed, comfort, safety and low price.

All day long and far into the night, great crowds gathered in hundreds of Ford salesrooms from Maine to Florida and from New York to San Francisco. Never has such interest been shown in a new car. Never has any new car so far exceeded expectations.

People knew that Ford was making a new car. They knew

NEW FORD TUDOR SEDAN

An example of the fine coachwork of the new Ford cars. New military-type sun visor and with crown roof. Narrow pillars and new door construction give unusual vision. Both front seats fold forward, giving easy access to rear seat. Ample space between seats. Your choice of four colors—an unusual feature in a low-price car. \$495 (F.O.B. Detroit)

(F. O. B. Detroit) it was a good car. They had read announcements about it. But they had no idea it would be a car like this. Their quick appreciation of it is shown by the recordbreaking sales.

Greatest day in the history of the automobile industry

Thousands upon thousands of orders for the new Ford car have been received since last Friday. These, and the advance orders placed with us by motorists even before the car was officially announced, will keep the entire Ford plant working day and night for weeks to come.

Such figures are a clear and unmistakable reflection of the value that has been built into the new Ford car. It is, without question, the outstanding purchase of all time in the light-car field.

> Until you see the beauty of the new Ford

car—ride in it—know the thrill of driving it easily and safely through thickest traffic or step it up to sixty and sixty-five on the open road, you cannot begin to appreciate the extent of the many mechanical improvements embodied in its construction.

It is difficult to believe that so much speed, power, beauty, quiet, comfort and safety can be had at such a low price. It would be impossible if this new car were made by anyone but Ford.

Only Ford could sell such a fine car at such a low price

The low price of the new Ford car and its exceptional performance are the result of manufacturing practices and economies as unusual as the car itself. The new Ford is more than a new automobile. It is a new idea in modern, economical transportation.

By all means, take a little while today to learn about this new automobile. You will know that there is nothing quite like it anywhere in quality and price.
