BANKHEAD HIGHWAY WORK STARTS FEB. 5

GRAFT FORCES PROHIBITION BUREAU TO REORGANIZE

Shakeup of Offices All Over Country Will Follow Recent Indictments.

WASHINGTON, Jan. 17.—A sweeping reorganization of all permit bureaus and federal prohibition enforcement offices throughout the country will be made shortly, it was learned here today.

This plan was decided upon by enforcement chiefs, following indictment of several high officials of prohibition offices in New York for issuing "forged" permits, and general charges that the present system was an encouragement to graft.

SOLDIERS DENY WRONG BODIES WERE SENT HOME

WASHINGTON, Jan. 17.—Charges that bodies of American soldiers who died in France were often sent to the wrong homes in the United States were branded as false today by witnesses before the senate investigating committee.

Three men who served overseas with the graves registration service, told the committee that every body sent home was positively identified and rechecked against error before it was prepared for shipment.

GASSER NEAR VICTORIA

VICTORIA, Texas, Jan. 17.—An oil well being drilled on the Rook ranch, thirty-five miles from here, blew in as a mighty gasser late yesterday. The initial flow was estimated at 20,000,000 cubic feet.

Soon after the gasser had established its geyser-like presence, it bursted into flames, caused perhaps by friction below, illuminating the surrounding country like a gigantic candle. The fire caused considerable interest throughout this section. The flames could be seen from here, a distance of thirty-five miles.

DEEP DRILLING AT ORANGE

ORANGE, Texas, Jan. 17.—Attention of the local oil fields today was concentrated on the Gulf Production company's No. 2 Chessons, which was slowly being drilled into the "magic level."

Drillers reported the point of their drill to be between 3,900 and 4,000 feet.

Chessons No. 5, the field's "pride", nearby, came in almost a month ago at a depth of 3,918 feet, and caused a sensation with its wild antics. Hope was expressed today that Chessons No. 2 would furnish a little excitement by blowing in for 20,000 or more barrels.

LABOR SECRETARY AIDS WEST VIRGINIA MINERS

WASHINGTON, Jan. 17.—A movement to stay eviction of miners in the West Virginia coal fields has been made by Secretary of Labor Davis, it was announced here today. Davis wired Governor Morgan of West Virginia, and pleaded that the eviction of miners from their homes, scheduled for tomorrow, be postponed.

MARTIAL LAW AT MEXIA WILL LAST SOME TIME

FORT WORTH, Jan. 17.—Governor Neff on his arrival here this morning indicated he had no intention of lifting martial law regulations at Mexia in the near future.

"The place will not be turned back to the civil authorities until every foot of the district is cleaned up," he said.

FRANKLIN'S BIRTHDAY

NEW YORK, Jan. 17.—Festoons of wreaths, each of which was symbolic of a point in his genius, were placed on the Park Row statue of Benjamin Franklin today, the 216th anniversary of his birth.

FARMING CLUBS TO BE FORMED TOMORROW IN RANGER SCHOOLS

SPECIAL TO THE TIMES.
EASTLAND, Jan. 17.—R. H. Bush, county agricultural agent, will visit Ranger tomorrow for the purpose of organizing agricultural clubs among the school children. The county agent is expected to visit all of the schools in the city and make short talks outlining the purposes and plans of such organizations.

FATTY TELLS OF TROUBLES AS HE ROLLS HIS OWN AND BLOWS RINGS

SAN FRANCISCO, Jan. 17.—Evidence in Roscoe Arbuckle's manslaughter trial, growing out of the death of Virginia Rappe, will begin this afternoon.

The jury, composed of eleven men and one woman, with one woman and one man as alternate jurors, was completed late yesterday. Today the jury was allowed the morning hours to settle personal affairs, preparatory to being locked up during the taking of testimony.

SAN FRANCISCO, Jan. 17.—"It is not prison I am afraid of. It is not the loss of fame or fortune. It is the loss of regard, the loss of affection, the fact that the kids may think I am guilty, that hurts me."

Roscoe Arbuckle, on trial for a second time, charged with taking the life of Virginia Rappe, was speaking.

Smoking a cigarette in the corridor outside the court room, he talked for the first time since his arrest. While he talked, Minta Durfee, his attractive wife, stood patiently by, waiting for the interview to end, and beside him Gavin McNab, his attorney.

"All I ask is a square deal," he went on—blowing a wonderful ring of smoke, which he followed contemptuously with his eyes as it floated away.

Suffered Tortures.

"All I want is for the public to withhold its judgment until the jury of twelve men and women has decided whether or not I am guilty. I have suffered the tortures of hell since I was arrested. The thought that some people might have believed I was guilty of causing the death of that poor girl was torment.

"Bound by silence in the past, I had to face the accusation without answer for the sole reason that all the evidence in the case, and the purported statements of witnesses were purposely twisted and turned so as to injure me and my attorneys were certain that the same would happen to anything I might say."

Fatty hesitated, dropped his cigarette, crushed it beneath his foot, and started rolling another.

FORCE TO STOP MASKED PARADE AT GALVESTON

GALVESTON, Jan. 17.—A parade of the Ku Klux Klan, or any other masked organization, on the streets of Galveston will be stopped by force of arms if necessary, James O. Stevenson, chief of police, declared here today.

"If a parade takes place, it means that Galveston will again have martial law, and the citizens are not anxious for that to happen again," Stevenson said.

BURCH JURY UNABLE TO AGREE, DISCHARGED

LOS ANGELES, Jan. 17.—A jury of ten women and two men unable to reach a verdict after seventy-one hours' deliberation was dismissed Monday in the case of Arthur C. Burch of Evanston, Ill., charged with the murder of J. Belton Kennedy, local broker, here, on Aug. 5. The trial lasted two months.

Burch declared he was surprised at the result. The jury reported to Judge Reeve that the alignment of ten to two was unchanged, but it was not made known officially whether the majority was in favor of conviction, but this was the belief of attorneys.

The case was set for 9:30 o'clock today for fixing a date for retrial.

CAVALRY HORSE WINNING LONG RACE WITH COW PONY

AUSTIN, Texas, Jan. 17.—Major Terry Allen, United States cavalry, riding "Coronado," an army mount, arrived in Austin Monday afternoon twenty miles ahead of his rival, Cowboy Dunne, on his 300-mile race from Dallas to San Antonio. Dunne, astride his Texas mustang, "A. W. O. L.," was expected to reach Austin late today. Major Allen upon his arrival here rode directly to a stable where he rubbed down his sweating steed and laid out a meal of oats.

MAGNOLIA MEETS HUMBLE'S NEW PRICE ON MEXIA CRUDE

DALLAS, Jan. 17.—The Magnolia Petroleum company announced late yesterday that the price of Mexia, Texas, crude had been increased to \$1.25 a barrel.

Motion to Suspend Buck Garrett During Trial Now Being Argued.

ARDMORE, Okla., Jan. 17.—The state won the first victory in the ouster proceedings against Sheriff Buck Garrett today when Circuit Judge Oldfield in district court here overruled an objection of the defense, and allowed the district attorney to proceed with introduction of testimony in support of his motion that a temporary order be issued suspending Garrett from office until the case is called to trial.

Besides Sheriff Garrett, the ouster suits are directed at W. R. Hignight, chief of police of Ardmore; Mayor Jack Langston and Chief of Police Bates of Healdton. Failure to enforce the gambling and prohibition laws are charged against all the defendants.

The suits will be heard before Judge C. D. Oldfield of Oklahoma county, who was especially sent here for these cases.

Owing to the absence in Washington of Attorney General Freeling, who is to have personal charge of the prosecution in the Wilson triple murder cases, trials of the eleven defendants were today continued indefinitely and are not expected to be heard until the next term of court.

STRAWN WANTS PAVED ROAD TO BRECKENRIDGE

BRECKENRIDGE, Jan. 17.—Stephens county citizens and a delegation of business men from Strawn, met here yesterday afternoon with the commissioners' court to discuss the matter of providing a direct connection between this city and Strawn by a road through Lacasa.

An effort is to be made to have the court build a highway to the Stephens county line. Two routes are being considered, one through Wayland and Frankell and another branching from the Bankhead highway at Caddo and thence to Lacasa.

OFFICERS DRESSED AS HOBOES NAB TWO IN FREIGHT CAR ROBBERY

DALLAS, Jan. 17.—J. W. Dodson, wounded, and J. B. McAdams, both of Dallas, are in the county jail as the result of an alleged attempt to rifle a Southern Pacific box car bound for Mexia, about four miles south of Dallas, at 1 a. m. Sunday.

Dodson was wounded after he had been told to halt, four shots being fired at him by Deputy Sheriffs Hal Hood and A. Bradshaw and Special Agents Richards and Graham, of the Southern Pacific lines, as he was starting to leave the scene in an automobile.

The officers were armed with shotguns. As a result of their fire, the curtains on Dodson's car were torn to shreds and he was hit on the side of his face, his arms and back and a bullet from the pistol of Deputy Sheriff Bradshaw made a flesh wound just below the pit of the right arm. Dodson was brought to the county jail and given medical treatment.

When the freight train stopped to take on water, officers say that about \$1,200 worth of cigarettes were removed and cached at the side of the road.

Special Agents Richards and Graham, dressed as hoboes, had ridden down on the train. The deputy sheriffs made the trip in an automobile. McAdams was taken into custody first. Later, when Dodson appeared, the shooting occurred.

SHAME ON YOU, CHIEF!

JEFFERSON CITY, Mo., Jan. 17.—Chief of Police Burns today served notice that officials of the Missouri state penitentiary will have to keep their convicts penned up.

Burns announced that all prison inmates and trustees caught strolling about town would be thrown in the local jail. He began to enforce his rule by the arrest of Louis Smith, trusty butler for Governor Hyde.

FORD DELIVERS ULTIMATUM ON MUSCLE SHOALS

Will Make No Further Offer; Wanted Project to Demonstrate New Money Scheme.

CLEVELAND, Ohio, Jan. 17.—"I have made my last move in regard to the Muscle Shoals. I have stated my proposition to the government. The rest is up to congress. I will go no further."

That was the ultimatum today of Henry Ford on the Muscle Shoals project. Ford stopped overnight in Cleveland on his way from Washington, motoring from Buffalo.

Henceforth, Ford added, the entire energy of his publication, the Dearborn Independent, will be used in the campaign to put American money on a new basis.

His idea in taking over the Muscle Shoals project, Ford declared, was to demonstrate that his new money scheme is sound.

WEEKS INCENSED AT HENRY.

WASHINGTON, Jan. 17.—Secretary of War Weeks this afternoon will answer Henry Ford's charges that he unnecessarily obstructed definite action on Ford's offer for the Muscle Shoals, Ala., nitrate project. Weeks is incensed and charged that Ford's engineers and experts made certain promises which Ford did not keep.

3 IMPORTANT BILLS TAKEN UP IN CONGRESS

WASHINGTON, Jan. 17.—Congress this week will direct its attention to three important measures, passage of which is desired by the administration—the foreign debt funding bill, the soldier bonus bill and the anti-lynching bill.

The debt funding bill was reported out by the senate finance committee yesterday, minus some of the restrictions that have proved objectionable to the administration. Consideration will be started at once. The bill will provide for putting the \$11,000,000,000 owed this government by foreign countries in definite form—now the loans are simply secured by "demand notes." Maturity would be twenty-five years hence. A provision probably will be included to defer interest payments for a period of years, because of present inability of the debtors to make payments.

Harding for Passage.

The administration has urged passage of this bill for months, and recently the President has exerted a strong pressure on the senate to obtain action in that body.

After the debt funding bill is reported out, the senate finance committee will prepare a soldier bonus bill, with the idea of reporting it out in a short time. This measure, it is expected, will contain provisions for making first payments through taxation.

Later payments may be cared for through interest from the debts of foreign governments. But President Harding will insist that whatever its form, the measure contain definite provisions for raising money for the payments its will authorize.

Anti-Lynching Bill.

The anti-lynching bill, desired by the administration to redeem a party campaign pledge, will be brought up in the house later in the week. Democrats will continue their filibuster against it.

THREE BADLY HURT IN FORT WORTH AUTO SPILL

FORT WORTH, Jan. 17.—Three men were injured, two seriously, when a large touring car skidded and turned over at 2 a. m. today near Forty Oaks, on the Dallas pike, a few miles east of Fort Worth.

All are in a local hospital, unconscious. W. Anson Jones, said to be from Missouri, is believed to have several broken bones. Sidney Wilson and Olin Wood of Fort Worth, were the other victims.

TOKIO, Jan. 17.—One hundred thousand people attended the funeral of Marquis Okuma, last of the "genro" or "elder statesmen" of Japan, who died a week ago.

430 Have Paid Poll Tax; Plenty Receipts Left

About one-fourth of the voters of the city have paid their poll taxes. It is estimated that the voting strength of Ranger, counting both men and women, is approximately 2,000, of whom but 430 have so far obtained poll tax receipts. Forty-two receipts were issued yesterday afternoon and this morning at the Chamber of Commerce. Less than two weeks remain for citizens to cinch their voting privilege, the time expiring at midnight on Jan. 31.

Reports from the office of the county tax collector show that over 5,000 poll tax receipts have been issued in the county and that few voters in the larger towns and communities of the county are overlooking any chance of not having a say so in the election of county officials this summer.

BAND PRACTICE SCHEDULED TO START FEB. 1

All Who Desire Membership Should Apply Within Next Few Days.

Band practice for the new Ranger band will start on Feb. 1, Pop Endicott, leader and instructor stated this morning, and urged that all those desiring to enter the band make application at once. Instruments for the band must be ordered in the next few days, he pointed out, in order to have them here for band practice on the first of next month.

The band leader is keeping office hours from 1 until 2 o'clock every afternoon, at the offices of the Retail Merchants' association in the Guaranty bank building, to receive applications. Several local musicians have already signed contracts and others have announced their intention of signing up. Under the plan adopted at the recent meeting of the Retail Merchants' association and local musicians, the association is to provide a monthly salary for the band leader, who will be available at all times to members of the band for free music instruction. Each member is supposed to buy his own instrument.

High school and grammar school boys are invited to take advantage of this opportunity.

NEGRO ON TRIAL AT WACO REPUDIATES CONFESSION

WACO, Jan. 17.—George Killough, negro, on trial for the murder of S. L. Connally, took the witness stand in his own behalf today, and repudiated the confession offered by the state in evidence yesterday. He declared that the statement was made to save his life; that the officers had threatened to turn him over to the Ku Klux Klan if he did not confess. He denied the truth of every statement in the confession.

The case will go to the jury this afternoon.

TWELVE KILLED BY EXPLOSION ON SHIP

LONDON, Jan. 17.—Eleven members of the crew of the German steamer Vesta, bound from Hamburg to Lisbon, as well as the wife of the chief officer, were killed by an explosion on the ship today following a fire.

Ten survivors of the crew were landed at Lowestoft by a trawler late this afternoon.

U S TO HAVE AMBASSADOR 18PI

WASHINGTON, Jan. 17.—Representative A. B. Houghton, of New York, will be nominated this week as ambassador to Germany, it was officially stated at the White House today.

President Harding personally announced that reports had been received from Germany, stating Houghton's nomination, which had been forecast for some time, would be acceptable.

The administration hopes to have him at his diplomatic post within a month.

CONTRACT FOR WORK IS SIGNED THIS MORNING

Time Since Saturday Spent in Working Out Details of Agreement.

EASTLAND, Jan. 17.—The construction of the twenty-one miles of Bankhead highway between Ranger and Cisco will be started on Feb. 5, under the terms of the contract signed this morning by the county commissioners and Smith Bros. of Crockett, the successful bidders on the project. Since the award was made Saturday, much time has been spent in working out details.

It is estimated that approximately one year will be required to complete the work. The contract calls for a brick surface the entire distance, an \$80,000 viaduct over the Katy tracks at Cisco and a \$15,000 cut under the Texas & Pacific tracks at Ranger.

The contractors acquiesced this morning to an order passed by the commissioners' court providing that Eastland county labor be used in the work to the fullest extent possible.

\$650,000,000 PROHIBITION'S PRICE TO DATE

WASHINGTON, Jan. 17.—National prohibition began its third year Monday, having cost the United States \$650,000,000 in loss of revenues. To offset this loss, according to national dry leaders, two years of prohibition swept away the saloon, cut drunkenness in half, decreased crime and saved \$2,000,000,000 for America.

A vast improvement in enforcement conditions marked prohibition's third anniversary, officials said. Three "wet spots" remain where agents now are staging clean ups. These, it was said, are the Florida coastline, the state of New Jersey and the city of Chicago.

The Canadian and Mexican borders have been closed to rum smugglers, it was said, except for a few short stretches. Prohibition officials freely admitted that the illegal importation of liquors from the Bahama Islands gave them "considerable concern."

Withdrawals from bonded warehouses dropped from 23,723,894 gallons of distilled spirits and beer in 1920 to only 9,577,116 gallons in the second year of prohibition. The average pre-Volstead withdrawals totaled about 100,000,000 gallons.

TEXAS CO. EMPLOYEE LOSES FINGER CRUSHED WHILE SWABBING WELL

Lafayette Mayo, tool dresser for the Texas company, is at the Ranger General hospital following the amputation of one of his little fingers which was crushed last Friday in an accident on the Boyd lease. Mayo was engaged in swabbing the well when his hand was caught in the machinery and the finger crushed.

BRECK SEES CLARA FILM

BRECKENRIDGE, Jan. 17.—The Clara Smith Hamon picture, barred from many states and generally condemned by ministers and even motion picture actors, is showing at the American theatre here. The picture is supposed to depict Clara Smith Hamon's life with Jake Hamon, whom she shot and killed about a year ago. Local authorities have apparently exercised no censorship.

HOME MONEY AT HOME.

This is National Thrift Week—a week for all the populace of America to devote serious thought and planning to economy and savings.

The merits of saving are so generally understood that no exhaustive exhortation to pursue this policy is necessary. If wisdom did not dictate such a course, the experiences of the last year would. The havers of today are the savers of yesterday.

However, there is one phase of this nationwide campaign in which Ranger might well take interest.

That is, when placing money in the banks, to consider the situation as a whole, and where safety will permit, to use the home bank in preference to one outside. Doing this is a matter of sound business sense, for money attracts money, and the financial statements of its banks have a direct bearing on the standing of a town in the world of business and industry. If Ranger can show large bank deposits, that is an indication of Ranger prosperity. A strong showing there will do more than anything else to curb a largely prevalent impression that Ranger is "dead." On the other hand, a poor showing in bank deposits will tend to confirm such an impression. And the world cannot be expected to know that Ranger money is helping to swell deposits in other towns.

Thus it stands to reason that when conditions of safety are even equal, the home town bank should be patronized. And as to safety, a casual looking over of the situation should impress the fact on one that the Ranger bank is not only safe, but SAFEST.

Ranger, remember, has had five bank closings. Every boom day institution has been closed. Undoubtedly, the new bank here has taken a lesson from those closings and its banking practices are on solid ground. It has no old paper to discount or charge off. That is something that cannot be said of any long-established bank, anywhere. The inflation of values and the bursting of mirage were not confined to the oil fields alone.

That being true, the Ranger banking situation should be like the man who has recovered from yellow fever—IMMUNE from other attacks. Ranger should have about \$3,000,000 on deposit. The new bank, from a standing start, had advanced to around \$700,000 and its deposits are growing daily. There is more than \$1,000,000 of F. & M. deposits awaiting payment by the state banking board. Where is that other million dollars that should be on deposit in Ranger?

It should be brought here, where all considerations merit its being.

OPEN DOOR IN CHINA PLEDGED AT CONFERENCE

Agreement Is Said to Be the Most Sweeping Principles Ever Made.

WASHINGTON, Jan. 17.—The powers in the Washington conference today had pledged themselves to the "open door" in China.

It was learned by the United Press today that the delegates of the nine powers in a secret session of the Far Eastern committee last night approved the resolution or declaration of the American government, solemnly reaffirming the open door policy in China.

This declaration is understood to be the most sweeping and definite promise ever given by the nations of the world to observe the policy of the open door. Definite announcement that the resolution is broader than the Hay open door declaration, that it is intended to abolish "spheres of influence" in China, and that it broadens and defines the Root declarations already made, came from a Chinese delegate. At the same time he and an American delegate announced that Japan's twenty-one demands will be considered by the conference.

BUILT FIRE, WENT TO SLEEP, ROLLED INTO IT

LEAVENWORTH, Kan., Jan. 17.—The charred body found Sunday in a ravine near the National Soldiers' home here has been identified as that of Walter Larsen, Fort Calhoun, Neb., and relatives have been notified. Officials believe Larsen kindled a fire to warm himself, and then fell asleep and rolled into the blaze.

WICHITA FALLS MAN HAD RHEUMATISM TWO YEARS

Knows Ferrasol Will Cure Him

I have had rheumatism in my left shoulder for over two years. I took treatments from several doctors and got no relief. Have taken two boxes of Ferrasol and am much better and know it will cure me, and advise everyone to take Ferrasol.

B. KOLLMAN, Wichita Falls, Texas.

Rheumatism is caused by excess acids of the system getting into the blood. It cripples thousands of people and makes them prematurely old. Don't wait until your condition becomes chronic and you are forced to give up your position. Ferrasol neutralizes the excess acids, that are the direct cause of this dread disease, and expels them from the system. Buy a 50c box of Ferrasol from your druggist. It will relieve rheumatism even in advanced stages and improve your general health, or your money refunded.

MEXIA WANTS YEAR'S BERTH IN TEXAS LEAGUE

DALLAS, Jan. 17.—The legal entanglement surrounding the Texas league in a wild maze of suits, counter-suits, injunctions and writs have brought an astonishing offer to the Lone Star loop in the shape of a proposition from Mexia, center of the new oil district, for the placing of a club there for next season only while the claimants of the Dallas franchise battle in the courts.

President Doak Roberts received the offer from Mexia upon his return from Houston yesterday. It was made by a Mexia business man whose identity the league head refused to divulge, but who is known personally to Mr. Roberts and of whose financial responsibility the Texas executive is assured.

Mexia offers to assume the franchise and conduct it during the season of 1922, offering a ball park free and a substantial cash bonus to put the club in. Several Mexia sportsmen are reputed to be behind the offer.

Gas-tar workers are said to benefit from the "tarry" smell in which they work.

HUGE PETITION ASKS RELIEF FROM DRY LAW

WASHINGTON, Jan. 17.—A dimmutive senate page, preceded by Senator Frelinghuysen of New Jersey, walked into the senate chamber Monday, bearing a bundle of paper, about which his arms were barely able to reach. There was a buzz of comment, but no revelation of the nature of the bundle until the senator a few minutes later submitted to the senate a petition carrying, he said, 15,000 signatures of New Jersey citizens,

who were appealing for modification of the Volstead act.

The senator said, in submitting the petition, that it came from the Anti-Dry league of his state, and mentioned a charge made by some of its officers Saturday that he lost if he refused to present the petition. He declared the charges were unfounded and said that he still believed in the right of petition and therefore turned over the appeal to the senate.

"The petition asks for changes in the prohibition law," said the senator. "It asks for a modification of that law, which I, of course, cannot approve, but—here is the petition."

When a group of "Eastern Star women start out to surpass themselves in the way of entertainment—the result is almost arithmetically certain. Entertaining is an art, and calls for the best that one has to give and the hostesses who were responsible for the success of the first of the series of birthday parties to be given by the Eastern Star, added another laurel wreath to past social successes of the chapter last evening. The scene of this party was the Masonic temple, and that something "different" was expected was evidenced by the large number present, there being probably 150 guests. The hostesses

for the evening were Meses. Schmuck, Dunkle, Alcorn, Agee, Lander, Knott, McFarland, O'Connor. Mrs. Schmuck announced the following program:
Reading, Cordie McFarland.
Reading, Barbara Schmuck.
Solo, (a) "The End of a Perfect Day;" (b) "Lonesome," Miss Laura Schmuck, accompanied by Mr. Nott.
Reading, "Orphan Annie," Dixie Neal.
Reading, "Lucile Gets Ready for the Dance," Miss Winifred Dunkle.
Piano solo, "Golliwogg's Cake Walk" (de Bussey), Mrs. Vincent Wakefield.
Reading, Scott Neal (who took his dog along, to keep the girls away).
Reading, "Kelly's Dream," Mr. Hale.
The program, composed of some of our most talented entertainers, speaks for itself, and to say that it was highly enjoyed puts it mildly. After the program the guests were invited into an adjoining room to partake of refreshments, and in the terms that long ago were applied, "the board fairly groaned under its weight of good things to eat." There were various kinds of sandwiches, home-made cakes, coffee and chocolate, and an abundance of it all. When everyone had been served, a social hour followed, during which time folks just mixed and mingled in an old-fashioned get-together meeting. Next month there will be another birthday party, and so on during the year, and if the hostesses in the months to fol-

low live up to the standard of entertainment set by these first hostesses in this first birthday party, they will surely have to prepare for a crowd, for the only thing that will keep any of those who were at this first meeting from being present at all future meetings, will be because they are physically unable to get there.
Prior to the social session, a business meeting was held, during which time one candidate took the degree. At this meeting Mrs. Alcorn read an Eastern Star poem, which took up work of the chapter in rhyme.
ELKS TO HAVE DANCE THURSDAY NIGHT.
The Elks will have an informal dance Thursday night. However, the place has not yet been definitely decided upon, so that announcement will be in tomorrow's paper.
That the Mile Hi orchestra stands ace-high in Ranger, is very clearly demonstrated by the way every social organization is taking advantage of their being here—of course they will play for this dance, and that fact, coupled with the record the Elks hold as hosts, insures a good time for all who may attend. The Elks will have as guests at this dance, Elks, Shriner, Masons, Rotarians, members of all local social, literary and business clubs, and other of the elite who are usually guests at these functions.
SHRINE BRIDGE AND DANCE TONIGHT.
Those who heard the Mile Hi orchestra last night at the Summer Garden, are loud in its praise, and when you ask them if they will attend the Shrine bridge and dance tonight, they are most positively affirmative in their answers. The plans are all made—the scenery is all set. The Gholson is once again ready for another social conquest. Everybody tells everybody else "We'll be there," so you may be sure of a good time, you'll be glad you came, and proud of the vivid success of the Shrine club's supreme affair. Mrs. K. C. McCoy will sing—now I am sure you'll go.
ST. MARY'S GUILD MEETS.
The members of St. Mary's guild were entertained by Mrs. George Sturges Monday afternoon. After the usual business session, the hostess served a dainty salad course. Rev. Robert Emerson of Thurber, was present and made a very interesting talk, which was greatly appreciated.
Those present were: Meses. Walter Burden, P. E. Nicol, L. A. Vandervoort, Geo. Taggart, A. Orth, Chas. Boswell, Vincent Wakefield, E. E. Crawford, William Clegg. The next meeting will be Monday, the 23rd, with Mrs. Walter Burden.
PRESBYTERIAN WOMEN ELECT.
The Women's Auxiliary of the First Presbyterian church met yesterday afternoon and elected officers for the next year. Mrs. George H. Bohning was elected president; Mrs. T. J. Holmsley, vice-president; Mrs. Saunders Gregg, secretary; Mrs. George Armer, treasurer; Mrs. S. W. Hatfield, secretary and treasurer of missions.
The auxiliary is planning to hold a reception next Monday afternoon at the home of the Rev. A. N. Stubblebine, pastor, 801 Marston street. The missionary committee is arranging for a special mission exhibit.
PURELY PERSONAL.
Mrs. W. L. Holmsley of Midland will arrive in Ranger today for a visit to her son, T. J. Holmsley, and family.

THIEVES TAKE CHURCH WINE AND ALCOHOL FROM DEPOT AT FORT WORTH

FORT WORTH, Jan. 17.—Thieves Sunday night prepared for the federal liquor and drug cleanup campaign in Fort Worth by stealing three cases of wine and 100 gallons of alcohol. The wine was shipped into Fort Worth for sacramental purposes and the two drums of alcohol were consigned to a wholesale druggist here. The wet goods were stolen from the T. & P. freight depot. Detectives have few clues to work on. The amount of the stolen liquor made it necessary for several men, with a truck to commit the theft. The alcohol alone weighed 450 pounds.

RUM PIRATES SLAY TWO MEN ON BOOZE SHIP

By Associated Press
BILOXI, Miss., Jan. 17.—Discovery of two male bodies, apparently those of foreign sailors, on the beach here has led to arrests by the local police, who assert the men were killed in a fight during a holdup and raid on a liquor smuggling schooner at anchor near the coast. The policy theory, if substantiated, will disclose what is said to be the first instance of piracy in connection with rum running on the Atlantic coast.
About the middle of last week, according to the police, a Cuban fishing smack, rum-laden, dropped anchor in the vicinity of Dog Keys and the captain made an agreement for a party of Biloxi men to visit the smack in gasoline launches to take its liquor to the mainland.
Friday night, police assert, the party made the first trip to the Cuban boat, but, instead of paying for the liquor, the visitors overcame the crew of the fishing smack and brought about 100 cases of liquor here. Most of the liquor has been captured, the police declare.
What became of the Cuban boat after the fight is not known. The police believe that the two washed ashore were men of its crew. The first body was found Friday and the second Sunday morning, near the same spot. Nothing was on their clothing that would furnish identification. Both appeared about 25 years old.
An autopsy showed the neck of each man had been broken.

Barney Gets Back Some of His Own Coin

Two-Bit Throw is Big Money Now In Oil Town Casinos Where They Deal Nickle Blackjack and 10c Poker

If any Ranger residents are bemoaning the loss of their bank rolls in the days when gambling was admitted to be among us, let them gather closer for the heart rending tale of one of the ex-Ranger gamblers who gathered in their shelds in the days of plenty—and take their revenge sweetened to taste.

Blue in the face and semi-conscious, the ex-Rangerite, who had formerly charged up thousands of dollars to "expenses," without batting an eye and had raked in many more thousands with an equal nonchalance, was removed from behind his crap table in Ivan several days ago and rushed to a physician's office.

Hard luck had overtaken the favorite of fortune. With one roll of the bones, a reckless plunger had gathered in the high stakes, and as the 25-cent piece disappeared into the pockets of the Ivanite, the gambler wilted. The strain had been too great. Sympathetic hands bore him into the street, and the Ivanites in the 5-cent blackjack games and the 10-cent stud poker sessions departed.

The returning pilgrim, bringing back this tale of retribution, said that another has taken the dealer's place and that the wild gambling for almost as high stakes continues without abatement in Ivan, and for even higher stakes in Oil City where three casinos are in full blast. Crowds are attracted off the streets nightly, he declares, into the Ivan casino by the lure of this big money changing hands.

Ivan undertakers are said to be preparing to do a rush business in heart failure cases, in the event some strangler flashes a four-bit piece while in a reckless mood.
