## FARMERS WANT TO BE INSURED AGAINST LOSS

### Government Money Backing and Lower Freight Rates to Be Other Demands.

WASHINGTON, Jan. 24.—A volcano is rumbling under the placid surface of President Harding's agricultural conference. It threatens to erupt with devastating political effect if the conference fails to produce a constructive program of agricultural relief.

A powerful progressive group is now threatening insurgency in the conference unless the assembly goes on record emphatically in favor of what it believes is the only program that will aid the farmer. The program follows:

1. Financial relief even if the government must extend credit totalling a billion dollars or more.
  2. Twenty-five per cent reduction in freight rates.
  3. Insurance of the farmers against loss.
  4. Co-operative marketing and buying.
- This, in substance, was the program drafted at an executive meeting of the national farmers union.

The insurgents lost the first skirmish today, when their efforts to have a committee on resolutions appointed failed. Through such a committee this group hoped to have its program adopted by the conference.

### MARKET BILL INTRODUCED.

WASHINGTON, Jan. 24.—A nationwide farm marketing system would be organized under government supervision by a bill introduced in the senate today.

Senator McCumber, chairman of the finance committee, who proposed the measure, declared it solved the acute situation the farmers are now facing. President Harding strongly endorsed co-operative marketing in his speech to the national agricultural conference yesterday.

### MUSCLE SHOALS CONTRACT SENT TO HENRY FORD

WASHINGTON, Jan. 24.—The contract between the war department and Henry Ford, for the Muscle Shoals nitrate project, was completed today, and sent to Detroit for the automobile manufacturer's signature.

As soon as it is signed and returned Secretary of War Weeks will send it to congress.

### BAPTIST CHURCHES OF NORTH AND SOUTH JOIN IN CONFERENCE

COLUMBIA, Mo., Jan. 24.—What was said to be the first conference between members of the northern and southern branches of the Baptist church since the war between the states began here today with laymen and divines from many parts of the country attending.

Education, especially that of a religious nature in Baptist institutions, was one of the principal subjects to come before the conference, which will continue through Thursday.

The Rev. George W. Truett of Dallas, Texas, was on the program.

### DETROIT BOY CONVALESCING AFTER "DYING" FOUR TIMES

DETROIT, Mich., Jan. 24.—Four times Henry Zolnierczak, 4 years old, has "died" in Herman Kiefer hospital. Tuesday he started on his way to final recovery, due to the persistent efforts of doctors in the institution, who restored the breath to his lungs each time they ceased to function.

Four times in one day the lungs of the little patient ceased to function and the hue of death spread over his body.

Each time the patient sank into what appeared to be death Dr. J. B. Seeley, chief resident physician of the hospital, resorted to artificial respiration, and each time he was successful.

### PIONEER DIES.

DALLAS, Jan. 24.—M. C. Tierston, 81, of Wynnboro, member of the Texas legislature during the stormy reconstruction days following the war between the states, died here last night at the home of a daughter, Mrs. Howard Brown. He had been ill several months.

## Texas Skids on Icy Coat

DALLAS, Jan. 24.—The Emergency hospital today was busy caring for persons injured in falls on the icy sidewalks and streets. Scores of stalled automobiles blocked the Oak Cliff viaduct until police had covered it with sand and cinders.

FORT WORTH, Jan. 24.—Ice-coated streets set both automobiles and pedestrians to skidding in all directions here this morning. As a safety measure, police closed the Jennings and Paddock viaducts to motor traffic. Street cars ran all night to keep the wires and tracks clear.

Reports to the local weather bureau indicate light rains and sleet fell last night as far west as Abilene. Beyond that point, however, West Texas was dry.

DENISON, Texas, Jan. 24.—The heaviest ice of the season coated creeks and ponds near here today, following two days of freezing weather. The mercury stood at 20 above zero this morning, and was still falling.

ABILENE, Jan. 24.—This part of West Texas was coated in ice this morning as a result of the misty rain which froze as fast as it struck. The temperature this morning was 23 above, and the ground was covered with sleet and ice.

## ARMS MEET NOT TO SCRAP JAPS OVER SIBERIA

WASHINGTON, Jan. 24.—The far eastern committee of the arms conference today recognized Japan's stand on the Siberian question as valid. This means Japan's troops can remain in Siberia for the present. The Japs had announced that they would keep troops in Siberia as long as they saw fit.

### HARDING AGAINST ARMY CUT.

WASHINGTON, Jan. 24.—Although President Harding believes that the work of the Washington conference eventually will lead to adoption of both naval and land armament reduction, he is not prepared now to recommend any radical reductions in the land forces of the United States.

In adopting that attitude, Mr. Harding is said to recognize that the world still is in a state of unrest, having fallen far short of complete recovery from the effects of the war.

### ARMY CUT NEXT.

WASHINGTON, Jan. 24.—The arms conference may go on record as favoring limitation of land armament as soon as possible.

Passage of a resolution declaring for reduction of land armament, but without an agreement to put any limitation into effect at present is now under consideration among some of the conferees. It would be simply a declaration of policy, such as the recent resolution on the far east.

### FOUR JURIES LADLE OUT SENTENCES AT LUBBOCK

LUBBOCK, Texas, Jan. 24.—Governor Neff's law enforcement program is being backed to the limit here.

At one time Monday, four juries were out in Judge Spencer's court at the same time. All of them returned penitentiary verdicts from two to seven years.

District court has been in session here for eight weeks, and practically half of the docket has been cleared. Many of the cases have been transferred here from other cities.

### INFLUENZA IMPORTS GROWING AT NEW YORK

NEW YORK, Jan. 24.—Health department inspectors were watching today all incoming ships for cases of influenza. City Health Commissioner Copeland believed that New York's increasing cases of influenza may be due in part to importations from Europe.

Sixty-four cases of influenza have been reported within the last two days.

### WARMER TOMORROW.

Tonight and Wednesday, partly cloudy; rising temperature.

## ROAD CONTRACTORS ASK \$60,000 DAMAGES IN ANSWER TO BOND SUIT

### ABILENE JUDGE TO HEAR CASE

EASTLAND, Jan. 24.—Judge Ely of the Forty-seventh judicial district court at Abilene will exchange places with Judge G. L. Davenport of the Ninety-first district for the purpose of hearing the bond suit filed by Chastain, Judkins & Chastain against Eastland county, the Fleming & Stitzer Road Building company et al. The exchange was announced this morning after the plaintiffs had raised the point yesterday afternoon that Judge Davenport as a taxpayer of Eastland county would be disqualified to hear the case. The point was not contested.

Judge Davenport will go to Abilene and Judge Ely will come to Eastland on Feb. 1, the date on which the case has been set for trial.

## CISCO SHOWS HEELS TO ALL IN POLL TAXES

### Reported to Have Quietly Paid 1,200 Already; 700 Issued Here.

Sixteen citizens, including several women, braved the sleet and cold this morning to qualify as voters by securing poll tax receipts and exemption certificates at the office of the deputy collector at the Chamber of Commerce. Forty-six poll tax receipts were issued here yesterday afternoon and this morning, bringing the total paid here to 653. Exemption certificates have been secured by fifty-nine persons who have become 21 years of age since Jan. 1, 1921, or have passed the age limit of 61 years.

The distribution of the Rotary club's placards calling upon citizens to pay their poll tax was begun over the city yesterday morning. "Ranger needs your vote" is the message carried by the placards. Attention is called to the fact that poll taxes must be paid before Feb. 1 in order to qualify as a voter.

Reports from Cisco state that approximately 1,200 poll taxes have been paid by citizens of that city, and that although little is being said, the citizens there are turning out without persuasion, determined to make the Cisco vote a large one.

## REPORTS NO DANGER OF GENERAL FLU EPIDEMIC

WASHINGTON, Jan. 24.—Reports to the public health service indicate there is no immediate danger of an extensive recurrence of an influenza epidemic.

### NEW YORK WATCHING SHIPS.

NEW YORK, Jan. 24.—Influenza, feared by authorities to be imported from European cities, where it is alarmingly prevalent, is reported on the increase in New York and other cities today. In the last two days sixty-four cases of influenza have been reported here. Health department officials, however, declared that the sickness is not as yet epidemic.

Health Commissioner Dr. Royal S. Copeland has sent inspectors to watch incoming ships, although he says port officials report that the number of cases of influenza, grip and colds among passengers is no greater than usual.

## CISCO KLAN OBJECTS TO CLARA HAMON FILM

CISCO, Jan. 24.—The objection of the Ku Klux Klan of Cisco has been added to that of ministers and club women of the city, to the showing of the Clara Smith Hamon picture at a local theatre. A request that the picture not be shown here was made to the theatre management by the ministers and club women several days ago when the exhibition was announced. This morning the communication from the Klan was received.

The picture is expected to arrive here this afternoon from South Bend and the theatre management has made arrangements for a private exhibition before the ministers and women, which they are asked to attend before passing judgment.

### WEATHER HALTS PROBERS.

EASTLAND, Jan. 24.—The grand jury, which was to have convened here today following a recess, did not meet owing to the inclement weather. It was announced that several of the jurors from the outlying sections had not been able to reach here today.

## What Do YOU Say, Prof?

WASHINGTON, Jan. 24.—Elsie Hill, one of the leaders of the National Women's party, confirmed today reports of her marriage to Albert Levitt, a professor in the University of North Dakota, and in doing so, announced she would not change her name.

"Why should I change my name?" she asked. "There is no law to insist on it, and it is only custom that has been leading people to do it all this time. I think it would be inconvenient to change my name. Of course, if people call me 'Mrs.' I will not make an issue of it, but I intend to keep my name for all legal matters, visiting cards, etc."

The suffragist leader said she and the professor were married in Chicago on Christmas eve.

## THREE CARDINALS MOST FAVORED AS SUCCESSOR TO POPE BENEDICT

ROME, Jan. 24.—Choice of a successor to the late Pope Benedict XV apparently lay among three cardinals today. Cardinal Maffi of Pisa, Cardinal La Fontaine of Venice and Cardinal Ratti of Milan, were the three on whom the most attention was concentrated.

The meeting of the sacred college in conclave to elect a successor to Benedict will open Feb. 1 or Feb. 2, it was said today.

While all the cardinals resident in Europe are expected to reach Rome in time for the conclave, it is considered doubtful whether the American cardinals will find it possible to be present, at least for the opening of the session.

There were elements of opposition to all three of these candidates, however, and it was regarded as within the bounds of probability that the final choice would fall to some prelate whose name has not yet been prominently mentioned.

Cardinal Merry Del Val, once mentioned as a possible successor to Benedict, was believed likely to oppose Cardinal Maffi. More opposition to Cardinal Maffi was believed likely to arise from Cardinal Gasparri, papal

## 1,400,000 MEN DRILL FOR WAR WITH BRITISH

WASHINGTON, Jan. 24.—A force of 1,400,000 men is now drilling in India for revolt against British rule, Saliendra N. Ghose, director of the American commission to promote self-government in India, asserted here today.

Ghose is the representative of the Gandhi faction in the threatened revolt.

"Despite the wholesale arrests that are being made throughout India, Gandhi and his lieutenants are rapidly gaining strength," Ghose said, basing his information on secret cables from India.

## PLACES BABY ON STOVE TO STOP ITS WAILING

NEW YORK, Jan. 24.—Charged with having placed her prize-winning infant daughter on a red-hot stove because it would not stop crying, Mrs. Josephine Riccardo of Newark, 21 years old, will be arraigned in court there.

The babe, which recently took a prize in a beauty contest because of her hair, eyes and features, is in a hospital in a serious condition as a result of burns on the legs, hips and thighs.

Police were told by members of a family in the same house that yesterday afternoon while the child was crying Mrs. Riccardo became angry and impatient and placed it on the stove. The mother denies this and says it fell on the stove by accident.

## GRAND JURY WILL PROBE ALIEN PROPERTY SALE

WASHINGTON, Jan. 24.—An extensive inquiry into the sale by A. Mitchell Palmer, former alien property custodian, of the Bosch magneto properties, which were seized by him for the government during the war, will be made by a federal grand jury in Boston shortly, it was learned at the department of justice today.

SENATE KILLS QUERY. WASHINGTON, Jan. 24.—The senate today killed the Walsh resolution asking for information as to what progress the arms conference had made on the Shantung question. The resolution, which called on the state department to furnish information, and was the cause of a sharp debate in the senate recently, was defeated without a record vote.

## LIFE TERMS FOR THREE MEN WHO HANGED NEGRO

### Strikebreakers Arrested Only Yesterday, Plead Guilty Today and Are Sentenced.

OKLAHOMA CITY, Okla., Jan. 24.—Three of the eight men charged with murder in connection with the lynching of Jake Brooks, negro packing house strikebreaker, pleaded guilty in district court here today, and were sentenced to life imprisonment.

Those receiving sentence were Lee Whitley, Charles Polk and Elmer Yeara. Whitley and Yeara were identified as members of the Butcher Workers' union. Polk was a picket and union sympathizer, it was alleged.

## SHOTGUN FIRED AT ENNIS AUTO INJURES FOUR

ENNIS, Texas, Jan. 24.—Four men were believed to be recovering from wounds today which they received when shot while returning from a hunting trip yesterday.

The men declared that a stranger shot at them from the roadside, breaking the glass in the windshield of the automobile in which they were riding, and seriously wounding Clyde Briggans, one of the party. The stranger was said to have disappeared following the shooting. No reason could be given for his act.

The injured are: Clyde Briggans, wounded seriously; shot in face.

Fay Hinton, wounded in shoulders and back; not serious.

C. C. Patton, wounded in shoulders and left ear; not serious.

Gordon McNorton, shot in head; slightly hurt.

The four were returning to town in an auto after having hunted at City lake, and when three miles northwest of town were fired upon with a shotgun by a stranger who was walking along the road and who disappeared into a near-by field immediately after firing.

They say they do not know why the man shot and say he fired on them without warning and without cause. The windshield of their car was broken by the shots and the top and curtains torn.

## AMERICAN DECISION ON GENOA CONFERENCE TO BE ANNOUNCED THIS WEEK

WASHINGTON, Jan. 24.—The decision of the United States in regard to participation in the European economic congress at Genoa will be announced before the end of the week, it was stated today at the White House.

Belief that the United States will not participate in the Genoa conference was expressed in the senate today by Senator Brandegee of Connecticut, who stated that he has conferred on the matter with President Harding.

## TO BE POSTPONED. ATTORNEY GENERAL RULES ON LIQUOR RAIDS

WASHINGTON, Jan. 24.—The Genoa economic conference probably will have to be postponed, according to information from an Italian delegation spokesman today.

AUSTIN, Jan. 24.—The attorney general's department today issued a statement setting out authority of officers in enforcing the state prohibition law. The statement was made on account of the confusion said to exist as to authority of officers in searching and seizing intoxicating liquor and equipment for making it.

The department holds there is ample authority to search for and destroy intoxicating liquors if they are sold, to be sold or transported or manufactured.

M'CORMICK, LEFT WAITING AT ALTAR, GOING ABROAD

CHICAGO, Jan. 24.—Allister McCormick, who was left waiting at the church several weeks ago by Miss Mary Landon Baker, has gone to Europe on what was to have been his honeymoon.

He will occupy the staterooms originally reserved for himself and bride. Miss Baker is still ill, her family said. She will take a trip West, after which she will join her fiancé in London and get married.

ON AIRING OFFENSES.

Every once in a while conflict arises in human affairs. Perhaps one man has grossly abused another and broken the statutes in doing so, in a manner entirely unwarranted.

In such a case, that man certainly should be arrested and punished for whatever offense is proven against him. But in this matter of arresting persons and giving publicity to their misdeeds or alleged misdeeds, there is a general misunderstanding.

An officer cannot be expected to respond promptly when someone comes into the station and says: "I want Jones arrested."

Because the officer must first know "What has Jones done?"

On being told this, he probably will say, "All right, make out a complaint and I'll go and arrest Jones."

But if a complaint is not made out, the officer is perfectly right in not arresting Jones. Remember, he has not seen the offense himself, has no direct knowledge of it, and has no right to act on information which the informer will not put on record. If he did so, Jones would have a mighty comeback. And if the custom of anyone having anyone else arrested that they saw fit should go into effect, we would have legal anarchy. For men are not supposed to be arrested without cause.

The general rule, remember, is that if an officer does not himself see an offense committed, he has no right to make an arrest except on complaint and issuance of a warrant.

This, of course, does not mean that an officer should never see an offense and make arrests of his own volition. This is his duty, to be diligent in searching for violations of the law.

Now as to newspaper publication: Bear in mind that newspapers are not permitted to say anything they choose about anyone they choose, and that every hour of every day they must use discretion in the things they say about persons. In criminal matters, from breaches of the peace on up, they are virtually restricted to court records and information appearing therein. If they stray from this course allowed by law, then they are subject to libel suits and other harassments which may be disastrous.

Now is it any clearer why newspapers do not publish much information which they may believe to be true, but which they could not prove?

Another thing that requires pretty frequent revision downward is a man's estimate of how much longer the coal pile's going to last, even in a mild winter.—Ohio State Journal.

GREAT VICTORY FOR FROCK COAT IS WON IN JAPAN

By CLARENCE DUBOSE, United Press Staff Correspondent. TOKYO (By Mail)—The American ambassador can now wear a frock coat to the imperial palace and get by with it.

That's because Prince Regent Hirohito, acting emperor of Japan, has already commenced to carve away some of the red tape with which he found his court encumbered.

Some of the palace dignitaries, bred to the traditions of excessive and unchanging formality, are said to be rather fearful that the progressive Hirohito may modernize things too much. But the people and the press—all "New Japan"—are standing on the sidelines, as it were, encouraging Hirohito to make it snappy.

Accordingly, so simple a matter as a modification in the traditional costume of the American ambassador at the most formal of imperial court affairs has been made much of by some of the newspapers as a very significant indication of the prince regent's democracy.

It all began when Hirohito received the foreign envoys at the imperial palace. The ambassadors of all countries except the United States wore their "diplomatic uniforms," with much gold lace and fancy trimmings. But American ambassadors do not have gold-laced clothes. Always heretofore, Tokyo court custom has decreed that the American ambassador, being devoid of glittering braid, must wear full evening dress to the imperial reception of envoys. They are always in the daytime, but that didn't matter.

But when Hirohito became regent, a quiet little tip was passed along to the American embassy, and for the first time in history an American ambassador was received in his trusty frock coat at the formal presentation on envoys at the Japanese imperial court.

LOVER'S MOTHER KILLS GIRL WHO FAILED TO MARRY SON

INDIANA HARBOR, Ind., Jan. 24.—Namon Nunziato, who came from Italy to wed Anthony Tirizzi, is dead today because of her loyalty to the new love she found in America.

Six months ago Anthony and his mother, Mrs. Marie Tirizzi sent Namon \$600 to come to the United States. Another sweetheart drove Anthony from her heart and she refused to marry the Tirizzi youth. Emarged, Anthony's mother shot her three times, it is charged. Anthony refuses to leave her bier.

SISTER GETS SORE WHEN PERCOLATOR IS TRADED FOR HOOCH

DENVER, Jan. 24.—Bedlam broke loose in the Law hotel last night and brought first a hotel clerk and then policemen to the rooms of Mrs. Ella Jones and her brother, Joe Eaton, where they found the pair in a violent controversy, it is charged.

According to Mrs. Jones, she returned to her room in the evening to find a \$20 percolator strangely missing. A "hunch" led her to her brother's room, where, she said, she found him joyously contemplating a pint bottle of moonshine. A little investigation, she says, revealed that her brother, longing for a drink and being without funds, had "borrowed" her percolator and traded it to a porter for the liquor.

Mrs. Jones repeated her story to Deputy District Attorney W. S. Bennett, Tuesday and Eaton is being held on a charge of petit larceny.

WHITE HOUSE N. C.; HAS NO BACK YARD, VIEW OF DEMOCRATIC LEADER

LEXINGTON, Ky., Jan. 24.—Speaking here at a mass meeting given under the auspices of the Veterans' Welfare association, Senator A. O. Stanley, Kentucky's Democratic senator, denied accusations that he is the "champion of the liquor interests" and that he is seeking passage of a bill that would permit the sale of beer and light wines.

"I am a champion of the rights of men," he continued, "and I'll never cease to have the sanctity of home invaded, regardless of criticism or accusations."

Speaking of the presidential boom in his favor which, according to press dispatches, was started by his recent speaking tour of central and western states, the senator said:

"This boom is beginning to be serious. But the White House has no back yard. It fronts both ways, and I'll have to say that neither Mrs. Stanley nor myself wish to live in a house where the washing can't be hung in the back yard."

HIS MOUTH, NOT SHIFTING EYES, BETRAYS CROOK

NEW YORK, Jan. 24.—The straightforward look from the eye, which always has been taken as an indication of honesty and truthfulness, is not an infallible sign, according to Dr. George T. Keen, manager of the Hotel Imperial, New York City, who is forced to judge honesty of thousands of the hotel patrons yearly.

"A man may have honest looking eyes that will gaze into your own without wavering, while he is trying to put over the biggest skin game in the world," says Mr. Keen, "but no matter how practiced a crook he may be there is a certain little nervousness that will show around his mouth."

"Look at a man's mouth when he is talking to you, instead of his eyes. The very fact that you are not looking into his eyes will probably disconcert him and add to his original nervousness."

"In my business I pass on the credit of thousands every year. They come to New York without sufficient funds. They may or may not have them in their bank back home. The check they give may be as good as a government bond or it may not be worth the paper it is written on. I listen to their story and make my decision on the way their mouth twitches or doesn't twitch, as they talk or as they listen to my comments."

"My attention was called to this fact by observing a man, whom I knew to be a crook. He looked me straight in the eye while he told his story and I wondered how he could do it. Then I noticed the twitching of his mouth and concentrated my attention on that feature. This made him more nervous and resulted in further twitching of his lips. Naturally I turned down his proposition. Then I tried this system on others. Invariably I found they betrayed themselves by their nervous lips."

"I also discovered this system does not work with women. They can look you straight in the eye and control their mouths admirably, but if they are trying to put over a crooked deal they give themselves away by a slight quivering of their nostrils."

"Try these hints out next time a proposition of which you have doubt is put up to you. They may save you money."

THE BAKING POWDER QUESTION SOLVED

Most housewives proclaim that the baking powder question was solved for them the moment they used the first spoonful of Calumet. After that no doubt remained—no hoping—no searching for a perfect leavener—no wondering if bakings would "turn out all right."

CALUMET BAKING POWDER

has solved the question because in all these thirty years it has never failed to produce wholesome and appetizing foods at an economical cost. It is as pure and sure as any baking powder ever made.

Calumet is more economical than other brands selling for less because its quality is the highest—no losses from spoiled bakings.

Use Calumet once—that's enough to prove to you that it's "best by test."

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

SOCIETY AND WOMEN'S ACTIVITIES

Conducted By MRS. R. B. CAMPBELL Telephone 418

RECEPTION FOR NEW MEMBERS.

Monday afternoon the Presbyterian manse was the scene of a very delightful reception given by the ladies of the church for the new members. The house was very attractively decorated with potted plants and flowers, whose beauty and fragrance made one forget the disagreeable weather just outside. The reception was very informal. Games and contests made the time pass happily by, and Mrs. R. C. McCoy and Mrs. T. J. Holmsley added to the pleasure of the afternoon by giving several very beautiful musical numbers. Refreshments of pineapple whip and cake were served to the following guests: Mmes. Armer, Baker, Finney, Getts, Holmsley, Haifley, Pearson, Hanshaw, Thompson, Hill, Owen, McCoy, Marston, Taylor, Woods, Green, Buchanan, Fouke, Sloane, O'Donnell, Kinard, Jameson, Jennette, Doss, Stubblebine, Misses Mabelle Dunkle and Marion Stubblebine.

CHICAGO SEXTETTE HERE WEDNESDAY NIGHT.

The different literary and social clubs are co-operating 100 per cent with the Chamber of Commerce and the 1920 club in their efforts to have a "full house" tomorrow evening, at the Majestic, for the lyceum program. The Chicago Ladies' sextette offers a most unique, original and delightful program. They appear in varied combinations of violins, cello, string bass and piano. Their orchestral work, their solos, their vocal combinations, and their readings and impersonations, are charming, and there will not be a dull moment on the program. Ranger society folks are looking forward to this evening of entertainment and will no doubt show in good round numbers their appreciation of the opportunity of hearing such artists as will appear tomorrow night.

PURELY PERSONAL.

Mrs. Jessie Hays of Amarillo is spending the day in Ranger. Miss Lotta Bay Ozier of Atlanta, Ga., is the guest of Miss Lucile Olive at the McCleskey hotel. Mrs. Wm. Clegg is spending a few days in Dallas.

TOMORROW.

Amusu club meets with Mrs. John H. Moyer. The Chicago Ladies' sextette at the Majestic in the evening.

MEETING OF THE REBEKAHS.

All Rebekahs are requested to meet Thursday at 1:30 p. m. at the Odd Fellows' hall.

NUTRITION CLINIC BEING PLANNED.

On Saturday afternoon at the Woman's exchange, the presidents of the various Parent-Teachers' associations of the city, the chairman of the nursing committee of the Red Cross and the president of the Child Welfare club, met to discuss plans for the formation of a nutrition clinic in the public schools of Ranger. On account of the absence of Mrs. Pettit, district executive of the Red Cross, no definite time for the beginning of these clinics was set. Miss Iola Hooker has been appointed by Mrs. Pettit as instructor for these clinics, and her work will be to raise the individual and community health standard by the proper education of the child and of its mother in correct eating and dieting. This work will be done so quietly, and so efficiently that the individual will hardly realize that it is being educated in the fine art of keeping well. At a later date more definite information as to the concrete form this work will assume, will be announced.

FORMER MINISTER IS SENTENCED TO PENITENTIARY

MUSKOGEE, Okla., Jan. 24.—J. M. Powell, a former minister, was sentenced to serve two one-half years in the federal penitentiary at Leavenworth by Judge R. L. EASTLAND MAN FIGHTS STATE'S MINERAL RIGHTS

AUSTIN, Jan. 24.—Validity of the mineral classification law is assailed in a petition for a writ of mandamus filed in the supreme court by D. P. Clements of Eastland, against J. T. Robison, state land commissioner, and others. The court has permitted the petition to be filed, and set the case for submission on Feb. 22. Clements seeks to compel the land commissioner to cancel a mineral permit heretofore issued on a section of land in Reeves county. Should Clements be successful in his proceedings, it would mean the cancellation of permits by the state to over 5,000,000 acres of land at 10 cents an acre, and the refunding of this money to the permittees, according to Land Commissioner Robison.

PASSPORT RULES OFF FEB. 1

DEATH WINS FISHERMAN'S WIFE IN NIGHT-LONG BATTLE WITH GALE

FORT WING, Wis., Jan. 24.—Carried out by a gale into the ice coated waters of Lake Superior late Saturday in an open row boat, Albert Peterson, a fisherman of Knife River, Minn., reached shore Sunday night after his wife had perished. She died at 10 a. m. Sunday, according to Peterson's story.

His legs and arms frozen, Peterson left the body of his wife in the ice-locked boat and crawled from one ice cake to another until he reached the south shore of the lake, one and a half miles east of here, twenty-seven hours after he lost control of his boat.

Buffeted about by the wind, which raged all during Saturday night while the temperature dropped to 40 degrees below zero, the lowest point recorded here in three years, the small boat with its helpless occupants was caught in the center of a huge ice cake late in the night.

Peterson, grief-stricken and suffering greatly from frostbite, told today of how he had repeatedly attempted to break the boat from the grasp of the ice floes and proceed toward the south shore.

Shortly after daylight yesterday, Peterson said, the boat had been carried to within a mile of the south shore, but at the time Mrs. Peterson was helpless from the cold, and she was unable to move. Peterson attempted to carry her from the boat toward the shore. Finding the ice to be unsafe for him to walk with, his wife in his arms, Peterson said he returned to the boat. He renewed efforts to dislodge the boat, but again was unsuccessful.

Dies in Husband's Arms. In the meantime Mrs. Peterson became unconscious. She died in the arms of her husband about 10 a. m.

TEXAS COMPANY TO MAKE ADDITIONAL LOCATIONS

BRECKENRIDGE, Jan. 24.—The Texas company, which made twenty-one locations in Stephens county last week, will make between twenty and thirty additional locations in a few days, according to reliable information. Fourteen rigs are being hauled from the company's Parks camp headquarters to locations made last week. The Texas company has its own water line to the Clear Fork and is not hampered by a shortage of water.

Could a Wrinkled Stocking Kill a Man's Growing Love?

All during the afternoon Peterson strove to release the boat, but he, too, was numbed by the cold and as night

came he left the boat and the lifeless body of his wife and started for shore.

Two hours later he reached the firm shore ice. Here he lay until a nearby settler, attracted by cries for help, assisted the fisherman to his cabin. Later he was brought here.

He is being given medical attention today. It is believed that his legs and arms, although severely frozen, may be saved.

### ELECTRA MAN SUFFERED WITH INDIGESTION

Obtained Wonderful Relief From Ferrasol.

I have had indigestion for five years, and had been to several doctors, with no results. Before taking Ferrasol every time I ate a meal I would bloat terribly. I have taken two boxes of Ferrasol, and can now eat anything I want without any bad effect. I am very much pleased with the results, and am sure it will cure me. It is the only thing I have ever taken that gave me any relief. I have obtained wonderful benefits from Ferrasol.

Acid stomach is the cause of 90 per cent of our health troubles. It results in chronic indigestion, ulcers of the stomach, bowel trouble, kidney trouble and rheumatism, if neglected. Ferrasol acts on the source of the trouble—the stomach—neutralizing the excess acids and expelling them from the system. In this way it keeps the blood pure and the whole system toned up. We guarantee Ferrasol to permanently relieve acid stomach, indigestion and constipation, or your money refunded. Don't wait until your condition becomes chronic. Buy a 50c box of Ferrasol from your druggist. It will keep you healthy.
