

ASSASSINS OF 2 AMERICAN OIL MEN IN MEXICO ARE REPORTED CAUGHT

Mysterious Intestinal Malady Is Believed Spreading in Southwest

200 CASES AT TOPEKA AND 300 AT MUSKOGEE; DEATH LIST NOW FOUR

(By The Associated Press.)
KANSAS CITY, Jan. 13.—Whether the mysterious intestinal malady which has appeared in Kansas and Oklahoma exists in other communities of the southwest was the cause of much speculation today.
Meantime officials of two states in which the disease has been found, are making efforts to identify it and employ means to check its spread.
Topeka, Kan., and Muskogee, Okla., are apparently the worst sufferers. Two hundred cases are reported at Topeka and 300 at Muskogee. No fatalities have occurred at either place and the death list from the disease remains at four, all at Skiatook, Okla., where the disease first made its appearance.

DEMPSEY'S WAR RECORD SCORED BY LEGION POST

(By Associated Press.)
CLEVELAND, Jan. 13.—Condemnation of the war record of Jack Dempsey, world's champion heavy-weight fighter, is voiced in a resolution adopted unanimously by the American Legion post here.
The resolutions contain expression of appreciation of Carpentiers' war record.

STATES CAN'T REPEAL THE 'DRY' LAWS, HE SAYS

(By Associated Press.)
WASHINGTON, Jan. 13.—State legislatures cannot under the law repeal the ratification of the constitutional prohibition amendment, Wayne B. Wheeler, counsel for the Anti-Saloon league, declared today in a statement discussing recommendations for repeal made to the lawmakers of New York, New Jersey and Maryland by the governors of those states.

Man Dies of Ax Wounds; Wife Held

Special Leased Wire.
FORT WORTH, Jan. 13.—Will Hewett, who was beaten with an ax, while in bed at his home here, died at a local hospital yesterday afternoon. He had a number of deep cuts, about the head and face.
Ellen Hewett, 27, his wife, is in jail here, and the charge against her was changed from assault to murder to murder today.

Alleged Slayer of Editor Given Hearing Today

(By Associated Press.)
GALLATIN, Mo., Jan. 13.—Hugh Y. Tarwater, city clerk of Gallatin, was brought here last night from St. Joseph, where he has been confined, and given a preliminary hearing today on the charge of killing Wesley L. Robertson, editor of the Gallatin Democrat, Dec. 23, last.

OPERATORS NOT TO JOIN FIXING OF COAL PRICES

(By Associated Press.)
WASHINGTON, Jan. 13.—Mine operators in the central competitive field today told the commission named to settle the bituminous coal strike that they would accept with one reservation any award the commission might make.
The operators said that they would not be any party to fixing coal prices beyond the period of effectiveness of the Lever law, the wartime measure under which the government has controlled food and fuel prices.
Counsel for the operators explained that without making this reservation, the operators could not legally join any price-fixing agreement.

COL. HOUSE NOW IN TEXAS; WON'T TALK POLITICS

(By Associated Press.)
LOUSTON, Jan. 13.—Colonel E. M. House, member of the American peace delegation at Paris, arrived here today for a brief rest.
He had nothing to say about Congress, the peace treaty nor the reported breach between himself and President Wilson.
The colonel denied that he had come to Texas to mingle in state politics.

Japan to Recall Warships in China

(By Associated Press.)
PARIS, Jan. 13.—Japan has decided to withdraw her warships from Fuchu, China, where they went some weeks ago, owing to the maltreatment of Japanese subjects, according to information to the Japanese delegation at the peace conference.

Iowa Democrats and Bryan Will Confer Tonight

(By Associated Press.)
DES MOINES, Jan. 13.—Iowa Democrats will confer with and hear the views of William Jennings Bryan on the League of Nations and other national issues late today here.

JAP CRUISER ARRIVES IN MEX WATERS

(By Associated Press.)
SAN ANTONIO, Texas, Jan. 13.—That a large shipment of munitions which arrived at Manzanillo, Mexico, December 24, was accompanied by the simultaneous arrival of the Japanese cruiser Aruma is the substance of the government report which has been forwarded to the war department.
The report will be investigated by the senate sub-committee investigating the Mexican situation.

CHIEF PARRISH TAKES ARSENAL FROM ONE MAN

(By Associated Press.)
To prove that he is earnest in his order that gun-toting must stop, Chief of Police Parrish Monday afternoon took two guns from Bob Dalton, former proprietor of an Austin street hotel, in the Guaranty State Bank building. At headquarters he found a third pistol in searching Dalton.
Chief Parrish, certain that Dalton was carrying a gun, approached him, and secured one of the guns before Dalton knew he was near. Dalton made a play for the gun on his other hip, but Parrish covered him and took the second gun.
A curious crowd started to follow the officers and Dalton on the way to headquarters, but were told to leave it to the police. At headquarters still a third arm was found in Dalton's hip pocket.
"In my twenty-five years' experience as a peace officer, I never before have found a man packing three guns," said Chief Parrish.

COUNCIL TO MEET FIRST TIME JAN. 16

(By Associated Press.)
WASHINGTON, Jan. 13.—The first meeting of the council of the League of Nations will be held at Paris Friday morning at 10:30 o'clock.
The call, which went out yesterday, was issued in accordance with the terms of the treaty of Versailles today by President Wilson, whom the treaty-makers designated for that duty.
It went to the ambassadors of the content nations, which have ratified the treaty. The most important business before the initial meeting will be the establishment of the various commissions, upon which rests the task of carrying out certain provisions of the treaty.

SIPE SPRINGS WELL SHOWING OIL AND GAS

Special Leased Wire.
SIPE SPRINGS, Jan. 13.—Gulf No. 2 of the Humble Oil company, four miles west of here, is making a strong showing of oil and gas today. The well is now at a depth of 2,682 feet and the lime was penetrated at 2,700 feet.
The boiler is being moved back, preparatory to drilling in.

In Washington as Well as Ranger

Sgt. W. W. Wheeler and I. W. McCormick and still they found. Officials recently uncovered an illicit still in operation in Washington, almost in the shadow of the national capitol and the department of internal revenue. A thriving business was being conducted, the product selling at \$1.50 a pint.

POLICE RAID MOONSHINE STILL CENTRALLY LOCATED

Six officers of the Ranger police department, forcing their way into a house less than three blocks from one of the busiest corners in Ranger, lifted the trap door leading into an improvised basement and with their flashlights revealed an eighty-gallon moonshine still, at 11 o'clock last night.
E. E. Davis and E. R. Davis, brothers, who were arrested at the house, three blocks from Main on North Austin, are on their way to Eastland jail. They were taken and the paraphernalia found in the house was brought to police headquarters by Duke Thompson, chief of detectives, and Officers Hunt, Black, Edmondson and Hamilton.
It included a huge copper "kettle," eighty gallons capacity; a worm, inclosed in a keg, and tubs and barrels for wash and finished product. According to Chief of Police Parrish, the still had been in operation less than two weeks and about fourteen gallons of the corn whisky had been distributed. Five barrels of mash were confiscated. None of the whisky was on the place.
The Davis brothers were taken to Eastland this afternoon by Officer's Hamilton and Hunt.
"It is our intention to stop the making and sale of the poison that has been put out by moonshiners and bootleggers in Ranger," Chief Parrish said today. "My instructions from the grand jury are to put a stop to this traffic and I will comply with them."

Paper Money Is in Circulation in Mexico Now

(By Associated Press.)
MEXICO CITY, Jan. 13.—Paper money is in circulation in Mexico for the first time since 1916. This has been made possible through a decree issued by President Carranza, authorizing the monetary commission to issue certificates of 1 peso and 50 centavos, the amounts to be issued being limited to the deposits of Mexican gold made by the commission.
The measure is designed to relieve the shortage of change due to the hoarding of small coins on account of their high silver content.

Italian Ship, Reported Sunk Last Week, Safe

GENOVA, Jan. 13.—The steamship Principessa Mafalda, which was reported sunk by a floating mine, with a heavy loss of life, Saturday, is safe and all on board are well, according to a telegram received here today from Dakar, Morocco.

CATTLE RAISERS TO MEET JANUARY 16-18

FORT WORTH, Jan. 13.—President W. W. Turney of the Texas Cattle Raisers' association, and members of the executive committee of that organization, met here today to plan the program for the annual convention at Houston, March 16, 17 and 18, next.

OTHER MEXICANS WHO HAD HAND IN TRAGEDY SOON BE APPREHENDED

(By The Associated Press.)
MEXICO CITY, Jan. 13.—Three persons, alleged to be assassins of Early Bolos and F. J. Rodney, American oil men killed in the Tampico region, have been arrested, according to reports received here today from Tampico.
The others, implicated in the tragedy, have been located and will be apprehended shortly, the reports said. The American consul there has expressed satisfaction at the efforts of the federal forces to punish the offenders there.

SOLDIERS FREE BUT OTHERS PAY POLL TAX

Soldiers will not have to pay poll tax in 1920, but everyone else must, or else dodge the directors of the chamber of commerce, who are determined that the city will have its proper strength at the polls in the important elections of 1920.
This was decided at the meeting of the chamber Monday, when Edward R. Maher was made chairman of a poll tax committee, and it was decided to supplement publicity through The Times and through placards which the chamber of commerce has posted throughout town by an active personal campaign.
In regard to ex-service men, Earl McAlister, deputy tax collector, has this letter from L. W. Tittle, chief clerk in the office of H. B. Terrell, state comptroller:
"It will not be necessary for tax collectors to issue discharged collectors an exemption certificate."
"This law provides that a discharged soldier in the war with Germany is entitled to vote on the presentation of his honorable discharge to any election official, during the year 1920."
All others are expected to drop around at Mr. McAlister's office, Merston building, and pay \$1.75 at once.

BOOSTERS OUT TO WEST TEXAS C-C GATHERING

By way of showing the zip in the reorganized chamber of commerce and acquainting the West Texas Chamber of Commerce with representatives of the most peppery city in its territory, every member of the board of directors, every West Texas Chamber of Commerce member who can attend, and every live business man who can get away for the trip will be expected to go to Abilene to the annual banquet and meeting of the West Texas Chamber of Commerce Thursday, January 22.
Dr. R. H. Hodges, president of the chamber of commerce; George Hemmington, secretary; R. H. Hodges, Edward R. Maher and Putnam Learned head the list, followed by other directors of the chamber.
The Ranger delegation embarks with the avowed intention of getting representation on the oil and gas board, which as present constituted, has no member from the oil and gas center of the greatest field in the state.
Arrangement for 500 guests will be made at the banquet, which will be served at 7:30 p. m. at the Hotel Grace in Abilene. Col. C. E. Herring, president of the West Texas Chamber of Commerce, will be toastmaster. Talks will be made by boosters from West Texas cities and business of the year will be taken up.
Enthusiasm about the proposed excursion, which will be the first demonstration of the spirit of the reorganized chamber of commerce, was displayed at a full and representative meeting Monday. Those present were Dr. R. H. Hodges, George Hemmington, Capt. H. F. McFarland, L. H. Hagaman, Edward R. Maher, John Corp., R. J. Richardson, Ralph G. Stockman, Putnam Learned, William E. Burke, Mayor M. H. Hagaman, Justice J. E. F. Peters, M. A. Turner, C. S. Heffern, John E. Milford, A. J. Sanderford, Larry Smith.
On suggestion of Mr. Sanderford, it was decided that Monday was not the best meeting day and Wednesday, at 2 p. m., was selected.
As many as can attend were urged to go to Eastland Thursday of this week for the meeting of the oil and gas commission. City officers, members of the chamber of commerce and oil men are invited to consider the "problem of gas conservation."
Robert Norman, general superintendent of the Rickard Texas Oil company, was elected to the directorate of the chamber of commerce.

Heavy damage is reported from various districts, numerous buildings having been blown down.

Oil Struck in Ballinger Well

Special Leased Wire.
BALLINGER, Texas, Jan. 13.—Oil has been struck in Russian No. 3 of the Gulf Production company here, at a depth of 1,025 feet. Casing is now being set.
Gas in the well forced the oil to the surface.

Russian Jews Flee From Bolsheviki

PARIS, Jan. 13.—Polish Russian Jews are fleeing from the bolshevik bands near Kiev, according to reports received here today from Warsaw.
At Zmerinka, there are 15,000 refugees in a pitiable condition. The same state of affairs exists at Osti-vo, where the inhabitants and officers of the Polish army are doing their best to care for the sufferers.

WYOMING GETS RICH FROM OIL; BIG STATE FUND

International News Service.
 CHEYENNE, Wyo., Jan. 13.—Although Wyoming is deriving a revenue of \$2,800,000 a day in royalties from state-owned oil lands and the amount is rapidly increasing, there is no stable foundation for the altruistic speculation that this may become a taxless state. That Utopian situation will never be achieved by Wyoming as a result of oil royalties or other forms of income from state-owned lands, for the reason that all such lands are entailed and the proceeds from their sale or lease can be applied only to clearly specified purposes. There may come a time—this appears probable—when the entire expense of conducting the educational system of the state may be financed without taxation, and there is a much less probable possibility that state charitable institutions eventually may be supported entirely from land grant income, but the financing of other forms of governmental activity must continue as at present to be based on taxation.

When Wyoming was admitted to statehood in 1890 the federal government generously provided it a splendid endowment by giving it title to 4,200,000 acres of public lands within its boundaries. The value placed on these lands at that time was \$42,000,000—it now is much greater. The value of state-owned oil lands, in fact, now is estimated at a figure greater than the original valuation of the whole grant. Attaching to the gift were certain provisions and these the state cannot now avoid. The act of admission provided that the income from the sale and rental of 8,522,800 acres of the grant should be devoted in perpetuity to the common public schools and that the income from the remainder of the grant should be devoted to the support of other public institutions, as follows: State university, 46,000 acres; state capitol, 112,000 acres; state agricultural college, 90,000 acres; state hospital for the insane, 30,000 acres; state penal and reform institutions, 290,000 acres, with an additional 30,000 acres specifically for the state penitentiary; state fish hatchery, 5,000 acres; support of deaf, dumb and blind, 30,000 acres; state poor farm, 30,000 acres, and state hospital, 30,000 acres. The act of admission set forth that neither the lands nor the income from them ever might be alienated from the purposes to which they were dedicated.

dancing was one of the hits of the performance. Agnes Geary and Pearl King sang a duet last night and were exhausted from the number of encores they were forced to take and they were the big hit of the show.

The Woodleys again demonstrated that they are in a class by themselves when it comes to putting over specialties. The costuming and the stage settings was very elaborate and the chorus of show girls again wore some very stunning and elaborate costumes.

For tonight there will be a garter contest at which time every girl will wear a garter, and at the close of the performance the contest will take place and the ones holding the lucky numbers will receive the garters, as everyone will have a cash prize.

WHY THIN BLOOD MAKES THIN BODIES

Thin, pale, anaemic men and women are starving their blood. They are simply not supplying to the blood the oxygen, iron and cell-salts that the blood must have in order to maintain the health and vigor of the body. The red blood cells and the white blood cells are constantly warring in the blood. If you starve the red blood cells, which vitalize the blood and build up the body, the blood becomes thin, and full of white blood cells, and the body starves until it becomes thin and emaciated, weak and sick.

Healthy blood makes the entire body healthy. Rich, red blood, vitalized with oxygen, iron and the cell-salts that Nature must have to keep the body well, or make it well if it is sick, will renew the strength and restore vigor and vitality. REOLO, the wonderful discovery of Dr. A. L. Reusing, rapidly increases the number of red blood cells, and supplies the oxygen, iron and cell-salts that make rich, red blood, vitalized with oxygen and rich in the plasma and cell-salts that nourish the cells of the body, and restore strength and health.

REOLO is sold under the Positive Guarantee that if it does not give you renewed strength and energy your money will be returned gladly. Each package of REOLO contains 100 pleasant, tasteless tablets, sufficient for two weeks' treatment, and only costs one dollar.

REOLO is sold in Ranger by Texas Drug Co.—E. L. Johnson—J. T. Harness—111 North Austin street, Licensed Distributor for the Dr. A. L. Reusing Laboratories, Akron, Ohio.—Advertisement.

SUGGESTS FEDERAL CONTROL OF WOOD ALCOHOL SALES

International News Service. COLUMBUS, Ohio. — "Some such provision as federal government control of the sale of wood alcohol until such time as it would no longer constitute a menace seems to be imperatively needed," declared Dr. Clyde Brooks, of Ohio state university.

Dr. Brooks is a member of the American Physiological society, and of the Society of Pharmacologists. "There is no satisfactory substitute for grain alcohol, but until this fact is absolutely established danger may continue to arise through unscrupulous persons seeking profit," said Dr. Brooks.

"To make and try to sell as a beverage a drink containing wood alcohol is nothing short of murder. It is probable that when the impossibility of securing a substitute for grain alcohol is realized, those seeking it may resort to drugs, morphine and cocaine."

PADEREWSKI STILL DEAR TO POLES, SAYS CONSUL

International News Service. NEW YORK. — Ignace Paderewski left his post as premier of Poland with the love and admiration of the entire nation, says Dr. George Barthel, acting consul general of Poland. Dr. Barthel wants to correct impressions which, he says, had been current since the resignation of Paderewski. Dr. Barthel said:

"His successor, Dr. Leonold Skulski, is one of Mr. Paderewski's friends, and accepted the task of forming the new cabinet at Mr. Paderewski's suggestion. The former premier realized that his physical condition did not permit him to undertake a further conduct of Polish affairs."

TEXAS TRAFFIC TIE-UP IS TO BE RELIEVED SOON

AUSTIN, Jan. 13.—Traffic congestion in West Texas will be relieved by February 1, according to E. L. Brown, assistant in charge of transportation in Texas for the railroad administration. The situation has received more direct attention, he says, and everything possible is being done to relieve it.

SAYS HEALTH STATUS OF CITY IS EXCELLENT

In a statement today to a reporter for the Daily Times, Dr. Terrell, city health officer, declared that general health conditions in Ranger are excellent. There is no epidemic in the city at this time, such as scarlet fever, smallpox or any of the contagious diseases which usually break out in cities in winter time. There have been a few scattering cases of typhoid fever, due to carelessness in the matter of using pure drinking water, and a few cases of pneumonia.

LAMB THEATER OPENS MONDAY, JANUARY 26

A. Fred Chavey, experienced theatrical manager and recently in charge of the Best theater in Hillsboro, is in Ranger supervising the completion of the Lamb theater, of which he will take the management, and which he will open with a feature picture Monday, Jan. 26.

For opening day he has secured a new Douglas Fairbanks release, one of the first to be produced by Fairbanks' own company. He saw the picture, "Till the Clouds Roll By," at a private showing in Dallas and straightway bought for the opening of the new theater.

The new theater will be the biggest in Ranger, with a seating capacity of 920 persons, playing a high class picture program, with singers, who are the best obtainable. Because of the large seating capacity, Manager Chavey always will have a balanced program, with no need to hold the show to certain schedule. In addition to the feature, he will offer regularly comedy and novelty films. Music will be in keeping, furnished by a special organ representing an outlay of \$15,000. This is the second largest of its kind in the state. The theater has its own lighting and power plant, of course.

The Lamb theater is booked solid until March 28 and some of the contracts held by Manager Chavey do not expire for a year. Some of the films which will be shown are: Geraldine Farrar in "Flame of the Desert"; Will Rogers, late star of the Follies, in "Jubilo"; Lieutenant Omar Locklear in his spectacular air film featuring his dare-deviltry between two planes; Norma Talmadge in "Daughter of Two Worlds"; Jack Dempsey in his first film appearance; Anita Stewart in "Old Kentucky"; and the first picture production of Stroheim, noted theatrical producer, who makes his debut in the silent drama with "Blind Husbands."

Fast Work on New 3-Story Building at Main and Austin

Work on the three-story brick building at the corner of Main and Austin streets is expected to show rapid progress, now that structural steel for the building has arrived. The structure is being built around the present Guaranty State bank. By the time the new Guaranty State bank building is completed, the old bank will be almost covered up by the new structure. The lower floor of the building will be used for store rooms and the two upper floors will contain seven rooms, and be used as a hotel. The building is being erected by Dallas interests. The lot on which it stands, 50x140 feet, was recently purchased by Simon & Senner, of Dallas for a consideration of \$100,000.

T. & P. ENGINE JUMPS TRACK NEAR STATION

Switch engine No. 464 of the T. & P. railroad jumped the track about a half block north of the depot shortly after 1:30 o'clock this afternoon. A spread rail was the cause of the wreck. The engine ran completely off track No. 1 and stopped with its head half way across track No. 2, and its great drive wheels buried in the mud.

H. T. Foster, a switchman for the T. & P., was the only person injured in the wreck. He was dragged some distance by the engine, as he was attempting to clear himself, and suffered bruises in both legs. He was taken to the office of Drs. Terrell & Lauderdale and his injuries were treated by Dr. Terrell. His condition is not serious.

The fireman and engineer were not injured. The fact that the dirt along the side of the tracks was soft and spongy probably prevented the engine from turning over.

Arrangements are being made to divert traffic over a third track. At 2 o'clock this afternoon the engine still had up steam and the fireman and engineer were sitting in the engine cab.

A whole length of rail on the track on which the engine was running was torn up and the rail on the No. 2 track was badly bent by the force of the impact.

Soft track, resulting from repeated rains, was the cause of the accident.

"OH BABY" COMES TOMORROW
Big Marcus Show in Dur. at Ten Thirty from the West

Just a few hours more and the curtain will rise on the first performance of the famous Marcus show in the '219.20 edition of the successful extravaganza "Oh Baby" at the Liberty. The engagement will be ushered in Wednesday, Jan. 14, matinee. Folks who have been getting to the theatre around eight thirty will do well to note the caution of the theatre management. Because of the length of the performance the night show of "Oh Baby" will be held promptly at five minutes after eight.

The Marcus Show comes to Ranger from the west. The crew of fanmakers and Marcus Peaches will favor you with their patronage.

The reports that have reached Manager W. B. Palmer are such that the attraction is apparently better than ever before. It is said that the Marcus show in this section has been little short of phenomenal.

Where the ticket speculators have not been caught they have netted thousands in premiums. This leads to a warning to the local ticket purchasers other than at the box office would not be honored at the door.

Hocus Pocus Four.
For simon pure fun the efforts of the Hocus Pocus Four, which comes in "Oh Baby" to the Liberty on Wednesday, Jan. 14, takes the cake. Possibly its members might really sing—but they don't they don't have to. The audience is too anxious for their drolleries. There is plenty of horse play but it makes one laugh. That is the answer. Nor is this the only comic incident in "Oh Baby." The big show is chuck full of fun making and what is a most commendable feature is its absence of vulgarity.

LIBERTY.
There will be only one more opportunity to see William Farnum, the William Fox star, in his latest production "The Last of the Duanes," at the Liberty theatre—which will have its final showing today. The story is one of blackmail by an unscrupulous adventurer, the intrigues of a wily Oriental opium smuggler, and the self-sacrifice of a young English doctor who bore the stigma of a bigamist in his attempt to conceal what he believed to be the dishonor attached to the reputation of his fiancée's dead father.

For simon pure fun the efforts of the Hocus Pocus Four, which comes in "Oh Baby" to the Liberty on Wednesday, Jan. 14, takes the cake. Possibly its members might really sing—but they don't they don't have to. The audience is too anxious for their drolleries. There is plenty of horse play but it makes one laugh. That is the answer. Nor is this the only comic incident in "Oh Baby." The big show is chuck full of fun making and what is a most commendable feature is its absence of vulgarity.

Albert Capellani, the noted director, states that "Oh Boy" which is pictured from the musical comedy success of the same name, can legitimately claim to be that rare thing in motion pictures, a production of purely farcical nature. "Oh Boy" is entirely devoid of incidents bearing even a remote resemblance to melodrama, because Mr. Capellani has em-

SOCIALISTS AS LAWMAKERS

There is a great deal being said for and against the recent expulsion of members of the Socialist party from our legislative halls. Victor Berger, the Milwaukee socialist, has for the second time been refused a seat in our national house of representatives, and the New York state assembly has refused to seat five socialists elected to that body. Press dispatches convey the information that the socialist committee at Milwaukee has again renominated Berger and the statement is made that they will continue to do so until "hades freezes over."

The contention raised in congress that if socialists are expelled from that body, then the democrats and republicans have a right to in turn expel each other. The Times believes that that is considerably stretching the matter. According to the evidence offered in the house, Berger was declared guilty of violation of the espionage act, and his expulsion was made on the charge that he gave "aid and comfort to the enemy." And with the action of the New York assembly in refusing to permit five socialists to enter its halls, the situation is made one of grave concern to the Socialist party.

America has always been a democratic country—meaning that as long as a party or parties uphold the principles upon which the nation was founded, they are allowed to go the even tenor of their way. There is a grave doubt in our minds that the socialists are upholding those principles. The popular mind links the socialists with the so-called "reds," of whom a large number have recently been deported and more are to go later on. It is a matter of common knowledge, however, that all socialists are not "reds," nor do they star for the tenets of violence upon which the "reds" operate. The popular conception of the socialist, however, that he stands for a change in the present government; he wants to put into operation the kind of government he believes in.

This much can be said regarding the matter: As long as the socialist keeps within the bounds of reason, he should not be molested, and he should have representation in our law-making bodies. The question at issue is whether he will do this. There are many who believe he is not capable of doing so, so at least two of our legislative bodies have barred him.

WHERE DOES CHICAGO GET THEM?

Naturally it was Chicago that the "experiment in psychology" was tried

SCRIPTURE

Mark 7:31-36.
And again, departing from the coasts of Tyre and Sidon, he came unto the sea of Galilee, through the midst of the coasts of Decapolis. And they bring unto him one that was deaf, and had an impediment in his speech; and they beseech him to put his hand upon him.

And he took him aside from the multitude and put his fingers into his ears, and he spit, and touched the tongue; and straightway his ears were opened, and the string of his tongue was loosed, and he spake plain.

And he charged them that they should tell no man; but the more he charged them, so much the more a great deal they published it; and were beyond measure astonished, saying, He hath done all things well; he maketh both the deaf to hear, and the dumb to speak.

"THAT LITTLE GAME" --- --- The Champion Gummer

of hanging a murderer in the presence of 200 prisoners.

Why a brutal custom which civilized nations abandoned two generations ago, upon proof of its harmful nature, should be called an experiment is beyond conception. The 200 criminals for whom this private view of a hanging was arranged may have included ill-balanced men likely to be driven further toward insanity, dull fellows of sub-normal minds, and a few naturally decent men driven beyond their powers of resistance by circumstances. In such a mixture some might be moved by bravado, some by sluggish reason, to cry "When do we eat?" as the performance closed. The "benefit" was in each case the same.

It is creditable to Governor Lowden that he protested against this indecent act. Possibly his legal powers are limited; in New York no official could stage such a revolting scene and escape removal by the governor—by any governor—for twenty-four hours. Where does Chicago get the queer officials, mayors, sheriffs and the like, who make her now a laughing stock, now notorious?

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter If Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and eye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoons with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—Advertisement.

HOW DISABLED MEN CARED FOR BY GOVERNMENT

By Associated Press

WASHINGTON, Jan. 12.—How monthly benefits paid under the war risk insurance act have been increased and the class of beneficiaries enlarged by the recently enacted Sweet bill was explained today by its author, Representative Sweet, of Iowa.

Converted insurance may now be paid in a lump sum or in installments for thirty-six months or more at the option of the policyholder. Mr. Sweet said, while the policies may be made payable to any of the following:

Parent, grandparent, step-parent, parent through adoption, husband, wife, child, grandchild, stepchild, adopted child, brother, sister, half-sister, half-brother, brother through adoption, stepmother, uncle, aunt, nephew, niece, brother-in-law, sister-in-law; any person who was in the relation of a parent to the insured for one year before the insured's enlistment, the children of such person; and parent through adoption of the insured's wife or husband.

"The monthly compensation paid under the new law," said Mr. Sweet, "is more than double—almost treble—that paid in the past. This increase, which is permanent, will add \$80,000,000 a year to the amounts paid by the government to the disabled ex-service men and their families."

"By the retroactive provisions of the law, all payments of compensation will be increased to the new basis. Payments now are being made by the war risk bureau to make up the difference between the old rate of compensation and the new one. This is an immediate and direct benefit to 241,822 veterans, among whom \$14,500,000 is being distributed. For instance, an unmarried soldier who has been drawing \$30 a month for the last year will receive \$600 at once, the monthly compensation by the new law being increased by \$50 in his case."

Mr. Sweet also explained the permanent monthly increases provided for all disabled ex-service men. For total temporary disability, the new compensation will be paid as follows:

To the unmarried veteran, \$80 a month, an increase from \$30.

To the veteran with a wife, \$90 a month, an increase from \$45.

To the veteran with a wife and child, \$95 a month, an increase from \$55.

To the veteran with a wife and two or more children, \$100 a month, an increase from \$60.

To the veteran who has no wife, but one child, \$90 a month, with \$5 for each additional child, an increase from \$40.

To the veteran with dependent parents, an extra allowance of \$10 a month for each is also granted.

"Of course, all disabilities will not come within the rating of total temporary," Mr. Sweet said, "and so the new law provides that all disabilities shall be rated by the war risk bureau. These other ratings are: Partial and temporary, total and permanent and partial and permanent, and for each the monthly compensation shall be a percentage of the degree of reduction in earning capacity resulting from this disability. The reduction in earning capacity must be at least 10 per cent before one can receive any compensation."

"For total permanent disability the compensation is fixed at \$100 a month. The law specifically provides that the loss of both feet or both hands, or the sight of both eyes, or the loss of one foot and one hand, or one foot and one eye, or one hand and one eye, or becoming permanently bed-ridden shall be deemed to be total permanent disability. Then, too, double total permanent disability entitles one to \$200 a month as long as he lives. For instance, this double payment is for the few men who lost both eyes, one hand and one foot, or both eyes and both hands or both eyes and both feet."

"The helpless disabled are further cared for under the new law by the provisions directing the war risk bureau to allow an additional \$20 a month to those veterans in need of an attendant."

"No penalty is imposed by the law on those disabled men for their individual success in overcoming the handicap of a permanent injury. The law directs that disability ratings shall be based as far as practicable upon the average impairments of earning capacity resulting from injuries in civil occupations and not upon the impairment of earning capacity in each individual case."

CALIFORNIA PIONEERS SET NEWSPAPERS RIGHT

International News Service. SAN FRANCISCO.—Every time an aged Californian dies certain papers in the state remark that "the last remaining member of the old pioneers" has passed away. This is the statement of the Society of California Pioneers, so just to set the editors right they have sent out a list of thirty-three names, all being actual pioneers.

These men came to California before 1850 and were members of the famous Vigilantes.

Now all the editor has to do is "x" them off the list and some day he can write that "last remaining pioneer."

MRS. PANKHURST SEES PERIL IN LABOR LAWS

International News Service. NEW YORK.—Mrs. Emmeline Pankhurst, English suffragist, in an interview deprecated the proposed welfare legislation for women which is to be introduced at Albany. In Mrs. Pankhurst's statement, made through the Women's Equal Opportunity league, she said in part:

"Restrictive legislation would destroy the freedom women have gained, would limit production and hamper national prosperity. Women everywhere are looking to the most powerful nations—America among them—to loose the shackles of tradition which have heretofore clasped women with helpless children."

WAR HERO AND WOMAN NAMED BY BAKER TO BRING SOLDIER DEAD FROM FRANCE

Secretary of War Baker and Sergeant Sandlin. Insert, Miss Jessie Dell.

Former Sergeant Willie Sandlin of Hyden, Ky., who was recently appointed by Secretary Baker as a special escort for the return of our soldier dead from overseas, has just left for France. He was accompanied by Miss Jessie Dell, who will take charge of the office to which families of men buried overseas can go to get information regarding their dead. Sandlin was appointed because of his unusual record in the war. He is said to rank second only to Sergeant York in his exploits against the enemy.

: Eastland News :

TWO YOUTHFUL "RAFFLES" ARE IN EASTLAND JAIL

EASTLAND, Jan. 13.—Two youthful "Raffles" are now in the county jail here, following their arrest by Sheriff H. E. Lawrence on the complaint of local merchants that they had been losing clothes.

These two boys, 11 and 14 years old, have been running wild for some time. Ranger was the former scene of their activity, where it has been found that they had taken clothes from nearly every store in town.

They were arrested here by one of the deputy sheriffs and given over to the grand jury bailiff to hold until the jury was ready for them. They played around in the bailiff's room and gave no indication of leaving. Their good behavior misled the bailiff and when he was not looking they took French leave. They took the train for Ranger, as did one of the deputies from Sheriff Lawrence's office. They jumped the train at Olden, and a lively chase was given the deputy. They ran under the trains and it was some time until they were caught.

Upon their return they were put in the jail, and it was found that they had "visitors" in their clothes—the kind that every doughboy is familiar with. J. A. Vannaman, the jailer, gave them a much needed bath and burned their clothing and supplied them with new ones from his own pocket.

The parents of these two boys live in Ranger. They will be held in jail awaiting action of the juvenile court.

Graveyard Stuff

HOW THE WAR WAS REALLY WON

The kaiser and von Hindenburg were in a dugout, on the front. They had heard so many tales concerning the Americans that they decided to disguise themselves as brigadier generals and go and see for themselves what the Americans were like.

"Do you know, Hindey, I've a feeling that some of those untrained American chaps are shooting over this dugout right now," the kaiser was saying. "It's only 300 meters to the enemy line."

"Let's send a private up to the top and let him hold up a large placard," suggested Hindenburg. His imperial majesty assented to the proposal. They printed on a large pasteboard the words, "Germany will win," and sent an orderly to display it over the top of the trench.

In about a minute they heard a sound of running overhead and the orderly, instead of coming down the dugout stairway, jumped down the shaft, almost on top of his imperial majesty.

The orderly was killed by the fall. Von Hindenburg picked up the card-board, which the man still clutched in his hand, and inspected it.

A neat formation of bullet holes, evidently made by a 30.30 rifle, spelled out the words, directly under the kaiser's announcement:

"Like hell!"

"Gosh, all hemlock!" exclaimed the kaiser. "Right here is where I abdicate!"

And he did. P. C. Y.

BAD WEATHER HOLDS UP WORK IN OIL FIELDS

Special to The Times. EASTLAND, Jan. 13.—Root & Telling, A. C. Bond No. 1, a short distance from S. C. Bond tract, on which the States-Desquesne have a well, is flowing by heads every ten minutes from 3,450 feet. The exact amount of flow has not been accurately gauged as the well is being drilled in and is not completed. This well has had a show of oil and gas for quite a distance from the present depth.

Lack of gas to throw out the oil will probably cause the Montreal Oil company Nivers No. 1 to be put on the beam and pumped. Oil is standing deep in the hole following a shot in the upper pay.

Farmer Rupard Gains 22 Pounds

"You can't blame me for talking too much about Orgatone treatment, for it has not only added twenty-two pounds to my weight, but has completely overcome my troubles after several doctors and all kinds of treatments had failed," said Mr. Jettie Rupard, a well known and prosperous farmer who lives at Cuddef, Texas, the other day.

"I had about given up hopes of ever getting well again the rest of my days," continued Mr. Rupard, "and I guess that would have been the case had I not gotten hold of this Orgatone treatment. You see, I had been in bad health for over a year, and doctors had completely failed to find anything that would do me any good. My stomach was in such bad condition that I would suffer agonies after I ate anything. I would have terrible dizzy spells and nearly go blind and my condition had gotten so that it was almost impossible for me to do my work at all. I was very nervous and not able to sleep hardly any, and I would have the worst sort of pains in the pit of my stomach. I just went from bad to worse, and I finally made up my mind that I would just have to give up trying to run my farm."

"Well, I heard so much talk about this Orgatone treatment that I started on a course of it, and much to my surprise after I had taken two or three bottles I commenced to improve very rapidly and in a little or no time I was picking up right along, and from that time on I improved as fast as any man you ever saw, and I am as hale and hearty as I ever was in my life. I don't believe I ever had a better appetite and I get away with three square meals every day, and I am never bothered with those dizzy blind feelings or any other kind of stomach trouble now. I can now get out in the field and do as much work any day as any man on my farm. Yes, Orgatone treatment has done so much in my case that I cannot say too much about this wonderful treatment."

Orgatone is not a so-called patent or secret remedy, but a new scientific treatment, absolutely free from alcohol in any form, and is sold in Ranger by the Ranger Drug Company exclusively, under the personal direction of a special Orgatone representative.—Adv.

STEEL FOR NEW SCHOOL HOUSES HAS ARRIVED

Structural steel for the schoolhouses now being built in Young and Cooper additions has arrived and is being unloaded today. Work on the buildings has been held up for several weeks, awaiting steel.

If further delay in securing materials does not develop, the two buildings should be pushed forward rapidly to completion.

When completed they will be among the best schoolhouses found in this part of Texas. They will cost in the neighborhood of \$55,000 each.

Ballads of the Day

By **PAUL C. YATES**.
 WRITTEN IN FRANCE.
 Oft when on my couch I lie,
 In vacant or in pensive mood,
 The coulties start to work, and I
 Long for the bliss of solitude.

WAR'NT HE SMART?
 "I see a drouth approaching," cried the seer.
 His neighbors heard and built a monster lake;
 He stocked his house with whiskey and with beer—
 His neighbors now have naught to drink but 'jake'."

HE WAS READING A PRICE LIST.
 "Hit says here skirts is goin' higher,
 While waists is bound to drop!
 Gosh! ain't these millinery folks!
 'A knowin' when to stop?"

A WELL KNOWN MALADY.
 "I hate to see the spring approach,"
 Said old man Tassalwing—
 "And raise another crop of poets,
 'A warblin' about spring."

West Texas News

Special to The Times.
ABILENE, Jan. 13.—Hon. E. C. Little, representative from Kansas to congress, has accepted the invitation of the West Texas Chamber of Commerce to attend the second annual convention of the organization at this place Jan. 22, according to a telegram received from him today. Mr. Little will deliver an address on irrigation.

Mr. Little represents the Kansas City district in congress. He has been identified with the interests of the southwest for many years and his great interest in irrigational projects for the section has resulted in his having been assigned an important post in the irrigation committee of the house. At Abilene he will deliver an important message of future legislation and plans for irrigating the west.

ANSON, Jan. 13.—Organization of community farmers institutes and county farmers' institutes in Jones, Stonefall and Dickens counties will be undertaken from Jan. 14 to 24 by representatives of the department of agriculture and the West Texas Chamber of Commerce. From Jan. 24 to 31 representatives will organize a county farmers' institute and many community institutes in Foard, Kent and Knox counties. To help the farmer in all his endeavors is the purpose of the new institutes.

FORT WORTH, Jan. 13.—The West Texas Chamber of Commerce has perfected co-operative plans with the Fort Worth Stockyards company of North Fort Worth by which committee organizations, banks and unit organizations in West Texas may conduct along approved lines campaigns for the immediate importation of pure bred Poland China and Duroc Jersey hogs into West Texas.

In every western community a meeting of farmers will be called to ascertain how many of them desire to import hogs for breeding purposes. Their orders will be taken. Banks will be used for clearing houses and to make loans to responsible persons. Each community must take a carload. The organization recommends the purchase of hogs weighing an average of 160 pounds. After orders have been taken, the Fort Worth Stockyards company will begin to arrange for the shipment.

When the stockyards company receives an order, it will immediately select from the best hogs of the stockyards market sufficient hogs to make up the order. These hogs will then be put in quarantine for thirty days and fed. They will be given the simultaneous hog cholera treatment, and also be immunized against hog "flu," pneumonia and other diseases. They will then be tested and if they show any fever, will be thrown out by the government inspectors, who will have supervision. The cost of hogs to purchasers will be the exact price as shown by the daily livestock market, plus the feeding costs for thirty days and the cost of the immunizing treatment. These hogs will not be registered, but will be pure bred Poland China or Duroc Jersey stock.

SAN ANGELO, Jan. 13.—Unless freight rates are advanced following government release of railways to owners, hundreds of small railway lines in sparsely settled sections will be compelled to cease operation, according to statements from heads of lines received by the West Texas Chamber of Commerce.

Private information has been received that the Kansas City, Mexico & Orient railroad, "the road that put West Texas on the map," is operating at present at a net deficit of \$110,000 a month, the loss being at present covered for by the government. When this line is returned there will be no alternative but to cease operation. The statement has been made that 88 per cent of the railroads of the nation...

PERFECT HEALTH IS EVERY WOMAN'S BIRTHRIGHT
 Houston, Texas.—"I was in a terribly run-down condition of health after a siege of pituitary poisoning, and then the influenza. I could not seem to regain my strength and was really not able to do my housework. I knew I needed a good tonic and builder and remembered how my folks used to regard Dr. Pierce's remedies in my girlhood days, and when I decided to take Dr. Pierce's Golden Medical Discovery. I am now taking the second bottle and it is doing me a world of good. My strength is returning rapidly and I feel better in every way.
 "I am glad indeed to recommend the medicine that is doing me so much good and do not hesitate to give this statement."
Mrs. GERTRUDE SELL, 2117 Common St.
 Beaumont, Texas.—"One of my sisters became quite a sufferer periodically and would have fainting spells. She doctored but did not improve. Then, three years ago, a friend advised her to try Dr. Pierce's Favorite Prescription. It helped her right away and she has been in a healthier condition ever since that time.
 "I would never hesitate a moment in recommending Dr. Pierce's Favorite Prescription to all your girls who suffer. I have such great confidence in it, seeing how it helped her."
Mrs. MARY E. BRAMMER, 1970 Harrison Ave.
 When a girl becomes a woman, when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances.
 At these critical times women are best fortified by the use of Dr. Pierce's Favorite Prescription, an old remedy of proved worth.

Much Interest in Outcome of the International Boxing Meet at Paris

NEW YORK, Jan. 12.—American boxing enthusiasts are awaiting with interest the outcome of the meeting of the International Boxing union, to be held in Paris on Feb. 5. Unless there is an eleven-hour shift in sentiment, the United States will not be represented formally, if at all. As a consequence it is doubtful if any of the amateur organizations of this country or the professional promoters will feel obligated to observe regulations or suggestions which may arise from such conference.

As composed at the present time the union consists of French, English, Swiss and Belgian boxing organizations or individuals who, under the initiative of the French, have been working upon an international association plan since 1910 when the French federation attempted to convene an international conference to discuss the many crude angles of the glove game. Neither the English nor American authorities showed any enthusiasm.

In 1913 another meeting was held and the following year I. B. U. was officially organized, according to the French, with the following countries represented, either officially or informally: France (Federation Francaise de Boxe), England (National Sporting Club), United States (New York state boxing commission), Belgium (Federation Belge de Boxe), Switzerland (Federation Suisse de Boxe), Argentine Republic (Boxing Club of Buenos Aires) and the Austro-Hungarian boxing federation.

During the war there was no further activity on the part of the International Boxing union but with the signing of the armistice the French proposed a revival of the organization with the result that the meeting in Paris next month was called to consider new rules, weight classifications and other details necessary to the re-adjustment and improvement of the ring sport. In the meantime, however, the American army, navy and civilian board of boxing control had been formed in this country and a new code prepared to supersede the Memorius of Queensberry rules.

This code was sent abroad for submission and suggestions to the English and French boxing authorities. It is the hope of those who spent weeks upon the revision of the rules that the new regulations will prove acceptable as the basis of a universal boxing code. There are so many radical differences between the English, French and American systems of awarding boxing decisions, however, that many are skeptical regarding the outcome.

C. of C. Considers Lighting Plat for White Way

A white way which takes in Main street from the Texas & Pacific station to Marston street, Commerce street for a block each side of Main; Rusk, Austin and Marston streets a block each way from Main street, was under consideration today by George Hemmington of the chamber of commerce, and R. W. Kocssler, representing the Westinghouse Electric & Manufacturing company of Dallas.

The plat prepared by the Westinghouse interests also shows lights on the east side of the tracks, from the station to two blocks east, on Railroad avenue and Lamar street. These will be considered later.

Approval of the project by the business men, who will pay for the fixtures, the Light & Power company, which will furnish the cable, and the city, which has agreed to pay for the current, has been secured by the chamber of commerce, and it is expected that some of the work will be done at once, so that expense incident to tearing up sidewalks may be eliminated.

The boulevard lighting system is the one approved now by all metropolitan centers and is rapidly replacing other systems of street lighting.

FLYING DESTROYERS WITH 140-KNOT SPEED PREDICTED
International News Service.
LONDON.—Destroyers which can plow through the seas at seventy miles an hour, and then at the approach of an enemy battleship could spread their wings and make 140 miles an hour in the air, were predicted as a future practical development of sea fighting by Rear Admiral Adair before the house of commons.

Admiral Adair, who is manager of Beardmore & Co.'s ordnance factory, is a recognized authority on the scientific side of naval work, especially gunnery. He also predicted an aerial battleship.

Working Out His Bill.
Frank Bertram, a well known actor, tells the following story:
"I was playing at Leicester during the fair week, and in the market place there were several merry-go-rounds.
"I noticed one melancholy individual, who, despite the fact that he was apparently suffering greatly, persisted in riding on one of the merry-go-rounds.
"Eventually I spoke to him and asked him if he liked it.
"The man replied: 'No, I don't like it a bit; the blamed thing makes me ill.'
"I then asked him why he persisted in riding, and his reply was: 'I can't help it. The man who owns this roundabout owes me money, and the only way I can get even is by taking it out in rides.'—London Tid-Bits.

Queen Mary of England AS A MOVIE ACTRESS
International News Service.
LONDON.—Queen Mary is the latest convert to the now popular royal pastime of seeing ourselves as others see us—on the movie screen.
Her majesty spent an hour at the New Gallery Kinema in Regent street recently when the film "Women Who Win," for which the queen herself posed, was shown for the first time in public.
It is the first and only time that the queen has actually posed for the cinematograph operator, and her role is that of herself.
The purpose of the film is to prove the necessity for proper training of women workers.
Queen Alexandra, princesses and other royalties appear in the novel role of film actresses.
One of the characters in the scenario, Betty Graham, trains as an expert woman gardener and secures a post in the gardens at Clarence house, and she is proud indeed when Lady Patricia Ramsay and her sister, the crown princess of Sweden, walking through the grounds, come across Betty, the gardener, and congratulate her on her work.
Queen Alexandra and Princess Victoria appear in another scene, this time at Marlborough house, where one of the characters in the play, Miss Wilson, who persuaded Betty and her sisters to become trained skilled workers, is introduced to Queen Alexandra. The queen mother is shown congratulating Miss Wilson on her splendid services during the war and accepting a bunch of her favorite flowers—violets.

EX-SOLDIERS DANCE ON ARTIFICIAL LEGS
International News Service.
LONDON.—Jazzing on an artificial leg.
The Portman dance club records this miracle.
Twenty-five officers from St. Thomas' hospital, some of them men who had never danced before the war lost them a limb, proved that Sir Arthur Stanley was right when he said they could dance, and that dancing would increase their usefulness in other spheres.
The men who made most progress were those fitted with jointed ankles. Those with solid joints leaned rather heavily," so their women partners said.

Doll Craze Hits London.
International News Service.
LONDON.—Everyone to her taste, is the verdict of a London fashion paragrapher regarding the latest craze reported in the West End.
A sure-enough grown woman, dressed in black velvet and chinchilla, walked up Bond street cuddling a doll dressed exactly like herself.
They say it's the dernier cri in Paris, where lap dogs have gone out of fashion, but even the society paragraphers, usually charitable regarding the failures of the rich, receive the fashion with scorn here.

Mme. Marie de Mohrenschildt.
Mme Marie de Mohrenschildt, mother-in-law of Mrs. Nona McAdoo de Mohrenschildt, daughter of the former secretary of the treasury, recently arrived in New York. Mme. Mohrenschildt is the widow of a former secretary of the Russian embassy in Washington. She fled to England from the Bolsheviks.

WORK ON NEW P. O. BUILDING STARTS AT ONCE

According to announcement of George J. McManus, this morning, work on the new postoffice building, at the corner of Elm and Rusk streets, will be started at once. Mr. McManus and George A. Parson were awarded the contract for housing the postoffice over five competitors. They offered to build a fireproof structure and lease it to the government for a consideration of \$12 a year.

The building will be two or three stories in height, and 46x136 feet in dimensions. It is to be ready for occupancy not later than the 1st of May, according to the terms of the contract, and earlier if possible.

The postoffice will be moved from its present quarters to the new building under competitive bids. Postmaster Kelly has already received instructions from the department to prepare bids. Additional fixtures will be sent here before the completion of the new building, and when the office is moved adequate fixtures for taking care of the business will be available.

TWO MEN BADLY BURNED HERE; STOVE BLOWS UP

Hugh H. Russell, aged 35, and J. K. Jay, aged 59, are in the Ranger General hospital suffering from burns received when the two lighted a gas stove, on getting up. The accident happened in the Rice addition. The stove exploded when a match was struck, burning both men about the face, arms and body.

They were taken to the hospital in the ambulance of Jones, Cox & Co. Both are carpenters by trade.

The quarterly conference of the Methodist church will be held tonight. The presiding elder will be present and urges all the official board to be present, as there is very important business to come up concerning the construction of the new church.

The regular Epworth league social will be held Wednesday evening at the church instead of Tuesday evening. Come and have a good time. Everybody welcome.

ODD FELLOWS LODGE INSTALLS 25 NEW MEMBERS

The Odd Fellows lodge is progressive in fine than. About twenty-five new members have been elected. J. W. Jennings was installed as noble grand and Dr. S. E. Terrell as secretary. The lodge has purchased \$1,000 worth of new regalia, and is now equipped to put on all degrees in regular form.

LEADING MEN ENROLLED TO TAKE CENSUS

No city in the United States will have a more high grade census taking organization than Ranger. With the difficulties attendant on the enumeration in the wonder oil city, Supervisor Sledge, by request, has turned the question over to the chamber of commerce and the enumerators will include men whose time is more valuable to themselves and the interests they represent than any other census workers in the entire country.

They include: Dr. R. H. Hodges, who has agreed to take the census of all properties of the Hodges estate, including the two additions which have been opened from the estate's property; R. J. Richardson, of the Buell Lumber company, who has agreed to give his car and himself one day a week, covering any territory that may be assigned to him; William E. Burke, of Nerve-Wilder company, who will cover Gholson, Burk and Riddle additions; Capt. H. F. McFarland, who will get the census of the Wichita Falls, Ranger & Fort Worth employes working out of Ranger; Ralph G. Stockman, who will cover Cooper addition; John E. Milford, who volunteers the services of himself and one other man; Justice of the Peace J. E. T. Peters, Putnam Learned, Clarence E. May and M. H. Smith.

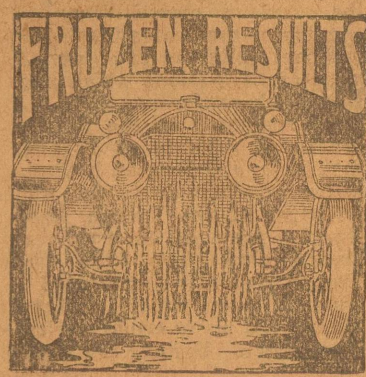

Letters to all the oil companies will be written by the chamber of commerce and personal visits made to get the co-operation of oil company officials in making the important count. The census committee chosen at Monday's meeting of the chamber of commerce is: Capt. H. F. McFarland, chairman; Putnam Learned and R. J. Richardson.

Rooming house keepers are asked to help in making the count by getting the needed information from their permanent guests and from all who make Ranger their headquarters and who are not likely to be enumerated elsewhere.

This information is needed: Sex, race, age at last birthday, single, married, widowed or divorced; attended school at any time since September 1, 1919, whether able to read, whether able to write; place of birth, mother tongue and place of birth and mother tongue of both parents; trade or profession, or business; and whether employer, salary or wage worker, or working on own account.

Quick Action Necessary

The above request to hold in reserve 5,000 to 25,000 shares at par value \$1.00 is to take care of many people in Ranger, nearby towns and the field who have been holding back for the last minute.

To everyone who is holding back, we suggest that with a continuous use of your money that your "hunch" may yet keep you from buying and owning ALLENDALE OIL COMPANY stock now selling at \$1.00 par value.

When It Goes Up

it will go to \$1.50 to \$2.00 or higher. There's a reason. It means that every \$100 invested in ALLENDALE OIL COMPANY stock will be worth \$150 to \$200, or each \$1,000 so invested will be worth to you \$1,500 to \$2,000 or better.

Texas Legal Rate of Interest

at 8 per cent per annum for 30 days on \$1,000.00 is \$6.66 2-3 and on \$100 the interest rate is 66 2-3 cents. Such interest on small investments is of little pecuniary worth or value.

A Sudden Rise In

ALLENDALE OIL COMPANY stock means 50 to 100 per cent investment or as a speculative profit.

There's Yet an Opportunity

for everyone to get to our office, write a note, phone or telegraph in your orders and reservation. "He who hesitates is lost" and "Time and tide wait for no man" and oil wells oftentimes make Gushers, but the ALLENDALE OIL COMPANY will hope to screw down its wells and turn them into pipe lines to receive "Liquid Gold" payments for dividends for its shareholders.

Buy Today—Tomorrow—As Quick As You Can

A telegram expected any day from the Home Office of the Company that the stock has advanced, and your "hunch" may be a simple shrug of your shoulders, because you waited too long to buy at \$1.00 a share.

Five Wells Drilling

One on the Pay Sand at Desdemona, another in Black Lime, two others drilling at deep depths, fifth ready to spud in. Mr. E. W.
