LAWMAKERS RECALLED TO RAISE MONEY

NOMINATIONS COMING IN FOR TIMES CONTEST

Two Splendid Prizes for Winners Encourages Many to Enter Early.

The big contest of the Ranger Daily Times is gaining momentum daily. Right now is the preliminary stage known as the "nomination period."

This is a time to allow everyone to enter his or her name before the first list of candidates is published.

This nomination period is proving daily that the people of Ranger and vicinity are interested and that the race is to be a spirited one.

People in this vicinity who realize the splendid opportunity offered to win either of these two prizes have kept the contest manager of the Times busy keeping them posted as to subscriptions and their time of expiration.

They are lining up their friends and acquaintances all over the territory reached by the Ranger Daily Times and are letting it be known that they are "on the job."

Votes may be obtained in two ways; by clipping the extra vote coupons which are appearing daily in the Times, and by asking your friends and acquaintances for their subscriptions to the Ranger Daily Times.

Once the start is made it is surprising how quick the votes mount up. The more one gets interested the more interesting the race becomes.

All candidates are entered on an equal basis and all have an equal chance to win the grand prize, a handsome Ford Coupe fitted up with many accessories.

Winners who fall a little below the largest figure have a chance to win that beautiful diamond ring on display in the window of the Davis Jewelry store.

It is set in the latest style platinum setting and is handsome enough to win the admiration and longing of anyone, man or woman, for women like an extra ring or two, and men are fond of diamonds as the fair sex.

There is no chance for failure, for with a very little work all candidates will receive a handsome commission on all the subscriptions they turn in, so that none will feel that they have worked in vain.

The announcement of the candidates will not be published for several days yet, so if you have not entered do so at once, and get in on this wonderful offer, one of the finest ever made in Ranger or vicinity.

The theatre is convenient, comfortably seated, ventilated and fans have been installed. The church will have 300 new song books for use Sunday night.

The Boy Scouts of Ranger will be special guests at the Sunday evening service. They will also serve as ushers. Special seats will be reserved for them.

Chinese Officials As Hostages May Solve Difficulty

PEKING, China, May 16.—With the government's consent, Minister of Communications Yulin and General Yen Ites have proceeded to the stronghold of the brigands who are holding foreigners, including many Americans captive, to offer themselves as hostages for release of the foreigners.

American Minister Schurman reported to Washington today that no progress had been made with the bandits for release of their prisoners and that negotiations might drag on indefinitely, but this voluntary offer of two leading Chinese officials is believed to offer a ray of hope.

It is not yet known if the bandits will consent to accept the hostages in place of the foreign prisoners, but it is regarded a step that may lead quickly to some definite determination of the difficulty.

VOLUNTEER AID TO FIGHT FIRES GETS APPROVAL

Fire Chief Proposes Auxiliary To Ranger's Paid Department.

Ranger city commissioners approved the idea of Fire Chief Chapman to have a volunteer fire department as an auxiliary to the regular department yesterday afternoon when he presented the proposal to the commission.

The chief said the volunteer department would do away with the paid volunteers. "The service they render is absolutely free," he said. "It will have no connection with the paid department. There will be no equipment to buy for them."

Mayor Hodges, who served with the Baylor volunteer fire department while living in Waco and for which he was rewarded a medal, said it debatable whether fire officials can depend more upon three or more paid auxiliary firemen or a volunteer department, but he was willing to see the plan tried out.

"With the department undermanned it will be well to have an organized volunteer department," the chief declared.

Developing and encouraging the social side to the department was suggested by the mayor.

The chief invited the mayor and commissioners to visit the fire hall since the firemen have added equipment bought on their own initiative. A pool table was installed yesterday and chairs purchased yesterday, the chief said.

GEORGE J. GOULD DIES SUDDENLY AFTER RELAPSE

Pneumonia Breaks Down His Health and American Financier Succumbs.

MENTON, France, May 16.—George J. Gould died suddenly at his villa here at 3:20 o'clock this morning.

The American capitalist had been suffering with pneumonia since March 20. With him at the end was his wife, formerly Mrs. Alice Sinclair, whom he married secretly last July. Although 59 years of age, Gould made a brave, lingering fight against his illness, passing the crisis two weeks ago, at which time it was hoped he might recover. His death came with unexpected suddenness just before dawn.

George J. Gould was one of the six heirs of Jay Gould, who left an estate valued at \$140,000,000 at the beginning of the twentieth century, when such a fortune was unprecedented. As the oldest son he had principal charge of settling the estate and in consequence had frequent differences with his brothers and sisters, who were frequently dissatisfied with their incomes, which for a number of years averaged about \$750,000 each. He was a director of many railroads and a prominent yachtsman.

In 1896 he married Edith Kingsdon. Following her death he married a well-known English actress, Mrs. Sinclair, but by this marriage gave up an estate of \$3,000,000 which had been left him by his first wife.

The opening devotionals were led by Dr. John W. Inders of Chattanooga, Tenn., formerly national chaplain of the American legion.

WIND DAMAGES FRUIT

ARLINGTON, May 16.—The high wind of the past few days did a great deal of damage to the fruit, grain and garden stuff in and around Arlington. Especially is this true of the peach and plum crop; the late frost had cut down these crops until the yield promised very good, but with the coming of the high winds of last Saturday much of the promised crop is now upon the ground.

EX-SERVICE MEN TO ARRANGE APPROPRIATE MEMORIAL SERVICES

All ex-service men living in Ranger and vicinity have been called to meet in the Elks Club next Saturday at night at 8:30 o'clock to discuss and plan memorial services for all American Legion and ex-service men. An effort is to be made, it is said, to organize a post of the American Legion in Ranger.

The national decoration day, May 30, falls this year on Wednesday and it is probable the memorial services will be held the preceding Sunday in one of the Ranger churches.

Legislature Begins New Session Today

Governor Issues Call for Third Extra While Second is Dying. Income Tax Bill Defeated. State Facing Deficit Unless Can Get More Revenue.

AUSTIN, May 16.—The third called session of the Texas legislature got under way at 10 o'clock today, less than 24 hours after the close of the second called session.

Revenue and taxation measures are the only subjects submitted by Governor Neff in his proclamation reconvening the legislature which was issued late yesterday following a conference with leaders in the senate and house and the defeat in conference committee of the Dinkle income tax bill.

The state will face a deficit of several million dollars before the close of this fiscal year, it was stated, and the deficit will be much larger at the close of the next fiscal year unless some revenue raising laws are enacted by the legislature.

POLICE ARREST MAN FROM FORT WORTH ON LIQUOR CHARGE

Dave Holley of Fort Worth, arrested on the Ranger Heights road last evening about 5 o'clock on a charge of transporting liquor, was taken to Abilene this morning by Assistant Chief Leonard Davenport and Officer Jim Ingram on telegraphic orders of United States Marshal Baylor Taylor. Officers said he would be arraigned before the United States commissioner for alleged violation of the federal prohibition laws.

Holley, according to the arresting officers, Chief O. V. Davenport and Jim Daniels, had approximately 35 quarts of Canadian bonded whisky in a Ford coupe when arrested. Some of the bottles were labelled "Canadian Club," and other "Old Rippy."

Holley told the officers, Daniels said, that he was waiting on the road to meet some customers. Questioned as to the ownership he said he owned the liquor and also the coupe.

Taken to the police station, he called up a well known attorney of Fort Worth and told him of his arrest.

ROTARIANS CAN PLAY BALL; THEY ARE GOING TO MINERAL WELLS NEXT FRIDAY MORNING

The Ranger Rotarians can play baseball and when they meet the Ranger Lions the latter will have to go hungry, for they will find the Rotarian meat too tough to eat. That was the opinion expressed at the weekly luncheon of the Rotarians in the Gholson hotel today.

The difficulty will be that so many of the Rotarians are good ball players it will be hard to select the team. However, Rotarian J. A. Pitcock was empowered to attend to this task and promises to have a team that will so frighten the Lions when they trot on the field that the latter will be paralyzed.

The Rotarians are going to Mineral Wells next Friday to lunch with the Rotarians there and return the recent visit by residents of the health resort. President Coleman and Rotarian Crawford expect to fill their automobiles and others cars may be needed. President Karl Jones volunteered to take several in his car and Rotarian Teal suggested that he

HOT SPRINGS CLEARING AWAY HAVOC OF FLOOD

Property Damage Is Around \$2,000,000, But No Life Is Lost.

HOT SPRINGS, Ark., May 16.—The entire population turned out today and aided officials in clearing away the ruins caused by the disastrous flood and fire which swept over Hot Springs Monday night. Quantities of debris were scattered about the main streets and piled high about the doorway were removed by volunteers who worked throughout the night restoring the famous resort.

The city was still without electric lights last night, but it was hoped the service might be restored today. Estimates by the city engineering department place the total property loss from the devastating storm at about \$2,000,000. Very little of the loss was covered by storm insurance. No persons were killed in the storm, however, it is reported.

Fires Follow in Trail of Flood in Arkansas Resort

HOT SPRINGS, Ark., May 16.—There was no loss of life in the flood and fire which swept Hot Springs Monday night, according to a survey made late Tuesday after all the water had deceded from the streets.

The property damage, estimated at \$2,000,000, will be a complete loss, as the property owners had no insurance against floods, it was said. The fire burned the Marquette hotel and the Commercial Block building to the ground. Monday night the depth of the water in Central avenue was nine feet.

The Hot Springs company of the Arkansas national guard was ordered on duty Tuesday night to guard the damaged section of the business district, where a number of store fronts were torn out.

Hotel Guests Escape. A small fire was discovered in the Great Northern hotel Monday night, but it was soon extinguished without serious damage. No other hotels were menaced. All guests in the Marquette escaped. The water in front of the Marquette was more than six feet deep.

The flooded portion of the city covered over a mile in length. The flood came first and, at its height, the fire broke out. As the downpour continued, a thin column of smoke rose through the roof of the Grand Rapids Furniture company and flames soon broke through, with attempts at firefighting useless, soon spread until the entire commercial block, in which the blaze originated, was a mass of flames.

Drawings Unconfirmed. The fire raged for hours, casting

Divorce Is Sign of Progress Says State Senator

DALLAS, May 16.—Divorce is the sign of progress, not of racial decadence, State Senator John W. Davis, Dallas, told the Democratic Women of Dallas at a meeting here.

"Your grandmothers stood for many conditions in married life that modern women will not tolerate," the speaker declared.

"Divorce is on the increase as compared with 50 years ago, but this is not a bad sign. It should fill one with hope, for it indicates that women are beginning to know their rights and to assert and even demand those rights."

RANGER COUNTRY CLUB LOOKING INTO FUTURE

Directors Decide to Put Clubhouse Problem Before Members to Solve.

The clubhouse proposition of the Ranger Country club will be laid squarely before the members in the form of a circular letter, the directors decided last night at a meeting called to elect new directors and officers. The letter will put the matter up to the members to decide whether they really want a clubhouse, where they can have the benefits of showers, private rooms, a dancing floor and lockers.

A shack will be built on the grounds for the caretaker to live in. A horse-drawn mower will be temporarily used until a motor driven mower can be brought to Ranger for mowing the grass on the fairways.

The officers for the past year were re-elected. They are: W. H. Fouke, president; E. E. Crawford, vice president, and S. H. Rhett, secretary-treasurer.

The directors are Dr. H. A. Logsdon, L. L. Rector, T. J. Holmsley, A. N. Hartrider and Dr. Clyde C. Craig. Three men were appointed to serve on the grounds committee, whose business it will be to see that the grass on the fairways is even and the teeing grounds level and smooth. The members are H. U. Pond, chairman; T. J. Holmsley, and E. E. Drey.

'PUSSYFOOT' JOHNSON ADDRESSES OVERFLOW AUDIENCE IN RANGER

William E. (Pussyfoot) Johnson addressed a big audience in Ranger last night. He spoke in the First Baptist church. Every seat was occupied and many had to stand. He was introduced by the Rev. W. H. Johnson, pastor of the First Baptist church, and the invocation was given by the Rev. H. B. Johnson, pastor of the Christian church. "Pussyfoot" himself is a Presbyterian.

Mr. Johnson spoke especially of the campaign for world-wide prohibition he had made in India. He predicted that country would go bone dry within the next few years. It is already dry in great big spots, he said. He forecast prohibition in the British isles within the next decade and throughout the world within another generation.

The Rev. George W. Morrow of Detroit, Mich., who is a traveling companion of "Pussyfoot" Johnson, made an interesting talk about the prohibition organizations which are working for world prohibition.

Several Hundred Persons Hurt and Larger Number Homeless; Relief Called For.

DEATH LAYS HEAVY HAND ON STANDIFER FAMILY IN STORM

COLORADO, May 16.—Three days ago there were eight living members of the Standifer family. Today there are four. Those who are left are the widow, Mrs. Bertie Standifer, her daughters, Muriel and Meva, age 12 and 10 and her 16-month old infant daughter.

The baby came out of the cyclone without a scratch. But the mother and two older daughters were badly injured, and it is feared Meva will die.

Tuesday morning three little white caskets were propped up against the wall at the morgue like stair steps. The covers were removed and the three little forms were photographed. They were all boys, Rex, Harold and J. W. Standifer, ages 7, 5 and 3 respectively.

A curious crowd gathered outside the morgue and peering through the plate glass window front, saw three light-haired dead boys in their coffins, in white gowns, their faces battered black.

SERVICE CAR DRIVERS CLAIM FEES TOO HIGH

Commission Offers "Bargain Day" Licenses to Them and Draymen.

Following the visit of a delegation of service car drivers and transfer men to the city commission yesterday afternoon to protest against the license fees as fixed in the city ordinance passed last week as being too high, the commissioners decided to stand pat on the ordinance as passed, but for the present at least to "accept \$15" as a fee from both service car men and draymen.

This action was taken after a resolution was presented by Mayor Hodges and unanimously adopted. It reads: "The present ordinance is to stand, but the city will accept \$15 from service car drivers and draymen for license, if paid immediately."

Seven service car drivers and draymen were arrested last week by the police for non-payment of license fees as required in the ordinance, which was amended last week to make certain reductions. Two drivers paid their fees afterwards while the remainder were holding back on the advice of their attorney, it was said.

M. J. Diltz, a service car driver, said it was his understanding of the old ordinance that the fee was not to exceed \$3, which he thought was enough under present business conditions. He told the commissioners that he and other drivers pay a federal tax of \$10 and a state chauffeur license of \$3.

W. S. Shelby, truck owner, said he thought a license fee of \$10 was "big enough."

"When you made us put our charges down for hauling baggage, it cut our earnings down so that we can't pay \$20," he said. The city commission at the time of the ordered reduction declared that 50 cents was to be the price charged for carrying a trunk to a place where it was to be left on the ground floor and 75 cents for upstairs. Mr. Shelby said that truck drivers had to pay 25 cents to a man to help carry it upstairs.

F. W. Bohannon said the fee was "too unreasonable for the amount of business being done. 'I kept an account and I averaged \$2 a day for the last six days,' he said. George Sheldon and Cecil Pitcock, transfer men, also voiced their objections.

Commissioner Teal remarked that "considering they have other taxes to pay" he would favor a reduction.

Three men witnessed the tragedy and according to their statements, the car was running about 20 miles an hour when the death car struck the two women, the driver slowed down, then shot away at a high rate of speed. Two men were in the death car.

The aged woman was visiting her daughter Mrs. Garner here. The body was taken to Arkansas City, Kan., today.

GAS FRANCHISE STANDS IN WAY INSISTS MAYOR

Says City Has No Right to Grant Permit Sought by Ice Company.

Gus Coleman, manager of the Southern Ice & Utilities company, appeared before the city commission yesterday afternoon to get the answer of the members on his request that his company be permitted to proceed with digging a ditch across Tiffin road for the purpose of laying a gas pipe to the ice plant. In absence of a motion on the request, Mayor Hodges moved to have it passed up until Commissioners Brashier and Brown returned to the city. Mr. Coleman said the refusal of the commission to grant his company a permit for the ditch digging looked like the commission was "forcing" the Southern Ice company to buy gas from the Ranger Gas company.

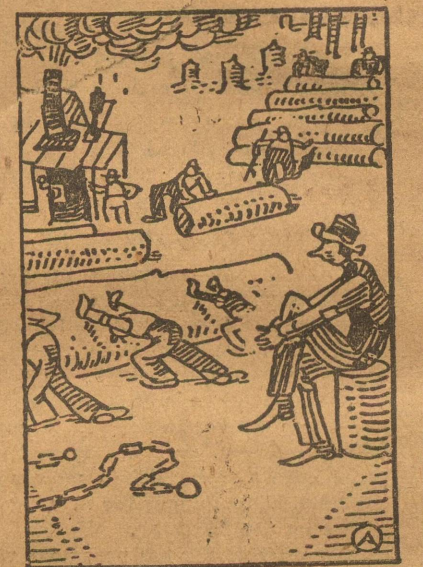

"No, we are not trying to force you to buy from them," the mayor said. "It looks to us like you want to infringe upon the franchise of this company," he added.

Mr. Coleman reiterated the statement he made last week when he presented the request for the first time that his company had no intention to sell gas to anyone but would use it for their own consumption. "I don't see how we can give you this privilege you ask for," the mayor said when Mr. Coleman asked if the commission had made up its mind whether to allow his company to bring in gas for its own use. "It won't be ten days until others will be up here asking for the same privilege."

Commissioner Terrell said to grant the request would mean tearing up

CHINESE BANDITS TAKE CAPTIVES TO MORE DISTANT CAMP

By United Press. PEKIN, May 16.—Hope for the early return of Americans and other foreigners held prisoners by Chinese bandits disappeared today on receipt of information from Ling Chin that the captives had been moved to a new camp 25 miles from the railroad. Apparently the release of the captives is no nearer today than it was May 6, the day of their capture.

The removal into the mountains renders it exceedingly difficult to send supplies and medicine, which are needed. The minister of countries disclaimed responsibility, declaring that the ultimatum to the Chinese government is not the cause of the defiant attitude of the bandits.

It is feared that the captives will find the hardships increasing in their new location. It is in a wild, desolate country.

Richmond, Ind.—"I thought I would write a line or so, to say that I owe my good health and strength to Cardui," says a letter from Mrs. Cora Courtney, 31 Railroad Street, this city.

"I was all run-down until my family thought they would lose me," writes Mrs. Courtney. "My husband coaxed me to take Cardui, so, to please him, I did, and will say I do not regret it, for I am able to do all my work and do my shopping."

"I have five children, four in school, my husband and a boarder to do for, and I do all my own work for all of us, and find time to play. We all praise Cardui. Every sick and run-down woman should take this wonderful medicine."

"I suffered with my back; a very weak feeling in my limbs.

"I felt hardly able to drag; just tired—so tired all the time.

"It was an effort for me to do anything, but Cardui helped me so I felt like a different woman."

If you are in a run-down physical condition, suffering as this Indiana lady says she did, give Cardui a fair trial. It should help you. Take Cardui. NC-147

FIRE CHIEF RETURNS FROM STATE FIREMEN'S ANNUAL CONVENTION

Fire Chief Chapman told Ranger city commissioners yesterday afternoon that with the additional equipment ordered last week in the form of caterpillar tires for the combination fire truck the fire fighting equipment of Ranger is 25 percent in excess of the equipment he saw in San Marcos for cities of similar size and larger. The Chief attended the State Firemen's association convention in San Marcos last week.

He thanked the commissioners for securing the equipment for his department.

Speaking of the benefits he and his assistants, Ralph Moore obtained at the convention, he said: "I'm happy to say we are in possession of facts and figures which will aid us materially in our work and which I assure you Ranger will get the benefit of."

The expense account of the two men in attending the convention including transportation, Pullman, meals and hotel rooms, amounting to \$53, was ordered paid by the city on a motion by Fire and Police Commissioner Terrell.

LICENSE FEES AND FINES DURING FIRST HALF OF MAY.

The receipts were received from the following sources: Police court fines, \$453.90; building permits, \$18.50; digging grave, \$5; sidewalk construction permit, \$5; dog licenses, \$37; municipal ball park rental, \$7; service car driver licenses, \$50; peddler's license, \$2.50.

Marathon Dancing Causes No Physical Strain Says Dancer

"How does it feel to dance for 100 hours without sleep or rest?" This question was asked by a Times reporter while talking to one of the marathon dancers who will be seen at the Summer Garden next week in the marathon dancing exhibition.

"Of course, the hardest part of it all is to keep awake after the first 48 hours," he said. "After that time the dancer seems to have his second wind' as one would say in a track meet. There is a mistaken idea about the physical strain a dancer is put to. There really is no great amount of strain and the only hard thing about it all is to remain awake.

"If a person is in good physical condition and has no organic trouble there is less danger than running a mile. I have been in several marathon exhibitions where there were in all over 300 contestants and I have never yet seen any one hurt. Of course if people were not properly examined by the doctors there might be some chance of a fellow with a 'bum heart' getting in. Should this happen he would only get tired very quickly and he would gladly stop of his own accord before the danger mark was reached.

"Wearing comfortable shoes and keeping the feet in perfect condition is a very important factor for any one to remember who intends to enter a dancing contest."

To look at this young man one would think he might dance for a month as he is a perfect specimen of manhood. The dancer has had a lot

Marathon Dancing Causes No Physical Strain Says Dancer

of trouble with his feet and that may have kept him from breaking the world's record. But he says his feet are in excellent condition now and that he will go a long way.

This dancer is now at the Gholson hotel resting up and preparing for the exhibition which starts at the Summer Garden Monday.

Many couples from Breckenridge and Eastland have already expressed a desire to enter the exhibition. Many large cash prizes are offered.

Information regarding the exhibition dance may be had by phoning J. Bruce Corrie, Gholson hotel.

"My Rheumatism is gone"

There's glorious joy in knowing this—that more Red-Blood-Cells stops Rheumatism, and that S.S.S. builds Blood-Cells!

"There are thousands of you men and women, just like myself, slaves to rheumatism, muscle pains, joint pains, and horrible stiffness. I have

S.S.S. thoroughly rids the body of Rheumatic Impurities.

the wrong idea about rheumatism for 15 years. I didn't realize that increasing blood-cells had the effect of completely knocking out rheumatic impurities from the system. That is why I began using S. S. S. Say what you will, I never knew such startling results were possible. Well, folks, besides knocking out my rheumatism it gave me back some of the strength I used to have way back! I've got a better color in my face, my appetite is dandy. I don't use my crutches any more. I'm walking around straight-up on two young legs!" S. S. S. makes people talk about themselves the way it builds up their strength. By building blood-cells it builds nerve strength for young folks who ought to have more, and for older people who have little. It stops pimples, boils, blackheads, eczema, chases away blood impurities. You can always rely on it. Start S. S. S. today for that rheumatism. You'll feel the difference shortly. S. S. S. is sold at all good drug stores. The large size is more economical.
