YOUNG SCHOOL IS THREATENED BY FIRE

ENFORCEMENT IN NEW YORK STATE WITH GOVERNOR

By Action on Pending Bill He May Make or Mar His Political Fortunes.

ALBANY, N. Y., June 1.—Governor Smith, in the role of judge and jury, has taken the case of prohibition enforcement in New York state under advisement. Before Sunday midnight he must either sign or veto the measure repealing the state enforcement act that recently was passed by the legislature.

Governor Smith, by his action on this measure, will either make himself the leader of the "wet" forces in the United States, if he approves the bill, or abandon the cause of Tammany Hall if he vetoes it.

The evidence is all in, having been presented in final arguments by wet and dry leaders at a five-hour hearing Thursday. The time in which the governor must act expires Sunday, midnight, but because of a doubt of the legality of signing a law on Sunday the governor is expected to act by Saturday midnight.

First Co-operative Poultry Association In Texas Launched

SWEETWATER, June 1.—Texas' first co-operative poultry association is being organized with headquarters at Sweetwater. The organization committee announces that owners of 129,000 chickens have signed membership applications. The association is being formed under the auspices of the Texas Farm Bureau and will be similar to the poultry pools now operated in California.

The name will be the Southwestern Farm Bureau Poultry association. The number of raisers and hens they own so far interested follow: Scurry county, forty farmers, 10,000 hens; Tom Green county, fifty owners, 32,000 hens; Western part Taylor county, seventy-eight owners, 16,000 hens; Fisher county, one hundred sixty owners, 41,000 hens, and Nolan county, two hundred owners, 30,000 hens.

Cold storage and shipping facilities will be maintained here, San Angelo and Snyder. The temporary organization has shipped ten cars of poultry and eggs, reporting that it obtained better prices on all shipments than would have been available locally.

Plans are being considered to form similar associations with headquarters at Lubbock, Plainview and Abilene.

RUHR VALLEY SHOWS FEW INDICATIONS OF MILITARY OCCUPATION

LONDON, June 1.—Business as usual is the order of the day in the Ruhr, in spite of strike, communistic uprisings and executions, former governor Allen of Kansas said today after returning from the occupied area. Allen summed up his eye and ear impressions as follows:

"There are few outward indications of military occupation. The Germans do not appear despondent neither do they look hungry. The Germans in the Ruhr do not conceal their belief that passive resistance is doomed to failure and they realize that reasonable reparations must be paid before the Ruhr occupation is ended.

NOT EVEN FIRE CAN MAKE HEN DESERT HER BROOD

DALLAS, June 1.—More than a fire, which destroyed three dwellings and surrounding buildings, with a loss of \$60,000, is required to make a Dallas hen desert her chicks. In the yard of the premises was a hen with eleven fluffy chickens. During the excitement of the fire she collected her brood and took them into the chicken house. It soon was on fire and burned until the roof fell in and the walls fell outward. After the blaze was extinguished the hen was found in one corner, every one of the eleven chicks huddled safely under her. She was scorched and frightened but her brood was safe.

Even the Milkmen Are Suspected by Dry Officials

DALLAS, June 1.—Small wonder dairies are doing such a thriving business these days. Certain milkmen in Dallas are delivering booze instead of milk when they make their early morning calls, according to Charles Becke, federal prohibition officer. "Instead of milk, they have booze in those large milk cans," Becke declared. "We have positive proof that this is being done every day in Dallas." These milk wagon bootleggers paint quart bottles white and then fill them with booze and leave them on the front porch, according to Becke. Dallasites are not going to be surprised from now on when they see a man wearing a U. S. badge making rounds each morning, examining the milk on the front door steps.

CITY CLEAN-UP CAMPAIGN FIXED FOR NEXT WEEK

June 11-13 Date Decided Upon And All in Ranger Enlisted For Service.

June 11, 12, and 13 will be the days of the "cleanup" campaign in Ranger. This and other details were decided upon yesterday afternoon at a meeting in the Chamber of Commerce offices of representatives of Ranger civic clubs, including men's luncheon clubs and women's organizations and also city officials.

Members of all the Sunday school classes of the city will be asked to assist in the work. Women members of the 1920 club, Music club, and Child Welfare society will canvass the city to acquaint all housewives with the campaign. Representatives of the Lions and Rotary clubs will call upon firms and individuals to ask for the donation of trucks and teams to haul away the rubbish.

These persons were present at the meeting yesterday: Mrs. R. H. Hodges of the 1920 club, Mrs. L. L. Rector of the Music club and the Child Welfare society, Gus Coleman, president of the Rotary club; Gifford Clegg, representing the civic committee of the Chamber of Commerce; City Engineer Seward and Sanitary Inspector Swift, and Sanitary Commissioner Colonel Brasher, representing the city, and J. T. Killingsworth of the Lions club.

DALLAS.—Data assembled on the telephone business in Texas shows that there are more than 1,000 telephone exchanges in the state serving half a million subscribers. About one-half of these are Bell system telephones and one-half independent.

Shriners Gathering

Advance Guard Reaches Washington Where Noble Warren G. Harding in Garden of Allah Will Review Big Parade Next Week.

WASHINGTON, June 1.—Classical Washington had all but vanished today as the finishing touches were being made on the city for Shrine Week which begins on Sunday.

In its place is an Oriental paradise. Graceful Corinthian columns have been cleverly converted into Arabesque minarets and mosques have sprung full-panoplied over night. Where once stood the statue of a nation's hero now stands an Egyptian pyramid or a smiling sphinx.

Before the White House is the Garden of Allah. In this bizarre "court of honor" the "first Shriner of the land"—Warren G. Harding—will review the parading Nobles of the Mystic Shrine.

Historic Pennsylvania Avenue, from the Monument of Peace at the foot of Capitol Hill to the treasury, has been strung with descent jewels of these arches, hanging like split necklaces, making the old parade street as brilliant by night as by day.

DEADLOCK AT STATE CAPITOL GROWS TIGHTER

Farm Bloc in House Will Oppose Lowering School or Rural Aid.

AUSTIN, June 1.—Deadlock between the house and senate regarding state finances appeared to be growing tighter when the farm bloc representing more than half of the house members went on record as opposing a reduction in the \$6,000,000 emergency school measure and the \$2,000,000 rural aid bill. The leaders of the bloc said the house would block all senate bills until the senate agreed to pass revenue measures to meet the appropriations. The senate committee reduced the emergency school bill \$2,500,000 and the rural aid by \$500,000.

BOARDS AND DEPARTMENTS OF STATE ARE ATTACKED

AUSTIN, June 1.—Representatives Cope and Melson are authors of seven bills introduced today in the house which have for their purpose the abolishment of several of the state departments. The bills propose the abolishment of the Board of Control and of the board of water engineers, the powers of the latter to be placed in the state reclamation department; the creation of a state auditor to be conducted by the comptroller's department; abolishment of the market and warehouse department, the duties to be taken over by the agricultural department; the abolishment of the livestock sanitary commission and of the state mining board, the duties of the latter to devolve on the labor commissioner.

Royalist Plot Against French Republic Revealed

PARIS, June 1.—A royalist plot directed against the Republic has spread throughout France, Minister of Interior Maurice Manry announced in the Chamber of Deputies late today.

The government has discovered that royalists in France have bound themselves together in a conspiracy against the government, he said. He declared the police had seized documents showing the plans and lists of the members. The investigation is being continued.

The discovery of the royalist plot came as a result of pressure by the left wing of the Chamber of Deputies, following the attack on three socialist members last night in which they were roughly handled. It is charged the attack was made by royalists. Manry declared the government deplored the outrages and would adopt measures to put a stop to them.

Methodist Church Revival Services Attracting Many

Revival services at the Methodist church are being ably conducted by Rev. Mr. Watts of Cisco, a forceful and interesting preacher, whose helpful and instructive sermons and discourse are said to be among the finest ever heard in Ranger. Those having heard this eloquent preacher have been eager to attend another service, while members of other churches are listening to his talks as eagerly as those of the Methodist faith.

Services are held each day at 10 o'clock in the morning and 8:15 o'clock at night. The church is cool and comfortable and a large congregation is easily accommodated.

BODIES OF TWO FIRE VICTIMS TAKEN HOME

Fisher Realized After Being Burned That Death Was Near.

The body of Ben Makley, fatally burned when his clothes caught afire from a boiler burner after being sprayed with oil from an abandoned well Wednesday afternoon was put on the Sunshine Special this morning for his old home, Tulsa, Okla. His mother and sister, Mrs. Frank Burke of Tulsa, Okla., and two representatives of Ranger Council No. 2123, Knights of Columbus, L. J. Fry and R. E. Mackin, accompanied the body. Six pallbearers from the Ranger council escorted the body to the railroad station from the Milford Funeral Home.

Mrs. Makley and her daughter arrived in Ranger yesterday afternoon to accompany the body to Oklahoma.

The body of the other victim of the tragic fire, which occurred on the Davis lease, six miles west of Ranger, S. G. Fisher, should arrive in Martinsville, Va., his old homeplace, late today. It was put on the Sunshine Special yesterday morning. Richard, the dead man's brother, who was severely burned about the arms, accompanied the body.

Fisher realized, even while able to walk from the automobile into the hospital, that he could not live long. A friend, hearing of the accident, hurried to see him. Fisher was sitting on a stool in the hospital, apparently suffering no pain. The friend greeting him and told of another old comrade who "will be here in about two hours to see you," he said. "I should be glad to see him," replied Fisher, "but I shall not be here then." He wasn't.

FRENCH SOCIALIST DEPUTIES MADE TO APPEAR RIDICULOUS

PARIS, June 1.—Introduction of the Fascist doctrine into French politics will be debated in the chamber of deputies, following the manhandling of three socialist leaders, W. P. Herriot announced he would interpolate the government concerning the episode.

As three socialist deputies, Moutet, Sazmier and Violette, were leaving their homes late last night they were stopped, their faces were painted and they were otherwise made ridiculous. It is claimed this was done to prevent them attending an anti-Fascist meeting, and it is announced that hereafter any promotion of anti-nationalist demonstrations are likely to be similarly treated.

THIRTEEN NEW MEASURES NOW LAWS OF TEXAS.

AUSTIN, June 1.—A series of three bills passed at the last session which will permit the Texas farmer to take advantage of the federal rural credit act were approved by the governor today.

Ten bills were filed with the secretary of state today becoming laws without the governor's approval. These bills included the senate bill prohibiting negroes from voting at a Democratic primary and the newly enacted inheritance tax law.

STORE TO OPEN FOR BUSINESS WITH FLOURISH

Sanders-Colegrove Hardware Company Will Have House Warming Tomorrow.

Sanders-Colegrove Hardware company will open its salesroom in the Marston building tomorrow morning for business and an inspection. Invitations to the public have been issued asking everyone to visit their store during the day.

An orchestra will furnish music between the hours of 4 and 5:30 o'clock and 7:30 to 9 o'clock.

The interior is finished in mahogany. All of the counters have a top surface of Georgia oak. The window display fixtures are of fir. A deep cherry red and bright green are the colors carried out in the interior finish.

"The Silent Salesman" system has been installed in the store. The hardware goods are displayed on panels with the price marks directly underneath each and every article for sale. The articles are concealed from the customer's eyes by the panels but they are within convenient reach on the shelves immediately behind the panel doors.

Boxes and baskets of growing flowers have been swung on wires and placed on pedestals in different parts of the salesroom. Electric light bulbs have been installed over every other panel door. Besides, there are large electric lamps on the store ceiling. The window displays on the east and west side of the entrance will have their value enhanced by the arrangement of the electric lights, which have a long and narrow enclosure to throw the light downward on the displays.

The salesroom, 25x60, was entirely equipped with furnishings made in Ranger. J. W. Sanders, one of the owners, formerly of Graham, who has been here all the time supervising all of the details, is a believer in having work that can be done at home completed in one's home city. His business associate, William J. Colegrove, also of Graham, will come here later to make Ranger his permanent home.

Grand Jury Indicts Member of House From Harris County

HOUSTON, June 1.—Virgil E. Arnold, a member of the Texas legislature, has been indicted on a charge of embezzlement. A warrant for his arrest was issued late yesterday, but cannot be served until the close of the special term of the legislature. Arnold is accused of having appropriated \$469 from a negro woman, Dorothy Robins, Sept. 15, 1920, while acting as her agent. His bond was fixed at \$500 by Judge Robertson, to whom the indictment was returned.

GIRL WHO LEAVES HER HOME HERE IS FOUND IN FT. WORTH

Report was made to the police today that Willie Betts, 15-year-old school girl of Ranger, who left her home here Wednesday when she became incensed because certain privileges had been denied her, had been located by the police of Fort Worth at the Metropolitan hotel in that city. It was not stated whether she was there as a guest or had obtained the work she said she was going to seek.

The girl's mother, who was prostrated by her daughter's departure, was reported much cheered today by news that her daughter had been located and was safe.

FORMER DEPUTY SHERIFF TRIES TO KILL SELF.

DALLAS, June 1.—George C. Gray, formerly a deputy sheriff of Titus county and a former prohibition enforcement official, now under indictment for violation of the Volstead law, attempted suicide last night by cutting himself with a razor. He was being brought from Fort Worth where he had been arrested in connection with another charge against him in Titus county. Officers prevented him from seriously wounding himself.

Soviet Forgets Japs Once Taught Russia a Lesson

TOKIO, June 1.—Russian authorities of the soviet administration in Siberia have seized a Japanese fishing vessel and imprisoned the crew for operating within the seven-mile limit. Heretofore vessels have not been molested if operating outside the three-mile line.

RELIGIOUS RIOT IN DURANGO HAS BLOODY TRAIL

Ten Persons Killed, Seventeen Wounded, After Fiery Speeches.

MEXICO CITY, June 1.—Newspaper dispatches from Durango City report 10 persons killed and 17 wounded, 8 of them seriously, when a mob yesterday stormed the provincial capitol protesting against the law which limits to 25 the number of clergymen allowed each religion. A military patrol was on duty throughout the city last night.

The trouble grew out of what was intended to be a demonstration merely to voice a protest against the law. A company of prominent Catholic leaders, accompanied by a crowd of about 3,000 persons, marched to the palace to ask the governor and legislature to rescind the measure. While awaiting entrance to the building to present their request, fiery speakers so excited the people that finally they began bombarding the palace with stones, whereupon the police were called in.

WEST TEXAS CHAMBER OF COMMERCE MAKES PHENOMENAL GROWTH

SAN ANGELO, June 1.—The attendance at the recent convention of the West Texas Chamber of Commerce was placed conservatively at 15,000, or 50 times as great as that of the first convention held at Wichita Falls in 1919 and more than twice as large as the attendance at the fourth and preceding convention held at Plainview in 1922, according to estimates made by leaders of the chamber.

Four cities were represented at the Wichita Falls convention which was only a one-day affair and was attended by approximately 300 persons. Brownwood, Wichita Falls, Ranger, and Fort Worth were the cities having delegates present. The second convention was at Abilene in 1920 and like the initial meeting was a one-day affair, but the attendance was boosted to an estimated 1,000.

After having experienced such a growth during the first two years of its existence, leaders of the organization decided to make the third annual gathering a two-day event. This assembly gathered at Ranger on February 8-9, 1921. The number of representatives attending was placed at 3,000.

In 1922 the convention was held May 22-23 at Plainview, where approximately 7,000 persons assembled for two days.

With the membership of the organization increasing rapidly and taking the interest manifested in the previous conventions as an illustration of the phenomenal growth of West Texas, leaders decided to add another day to the annual meeting and celebration which recently closed at San Angelo. At this convention 225 towns were affiliated with the chamber and had a membership of more than 6,500.

At present the West Texas Chamber of Commerce has a growing staff of workers. Porter A. Whaley, manager of the staff, is located at Stamford, the headquarters of the organization, and Homer D. Wade, assistant manager, is at Fort Worth. Joseph H. Burris, district organizer, is at San Angelo and E. L. McCarter, organization manager, at Vernon. It is likely that another district manager for that territory south and west of San Angelo will be added to the staff, Mr. Whaley said.

BLAZE BREAKS OUT IN OFFICE OF PRINCIPAL

Bookcase, Books and Walls of Room Damaged; Origin Unknown.

Fire of undetermined origin, broke out in the principal's office of the Young school building early this afternoon and caused a small damage. The fire made a big smoke but did little damage.

The blaze originated in a book case located in the private office of the principal and ruined the book case, a number of textbooks and the walls of the office. The water damage was slight.

When the firemen arrived at the school building they found all of the doors to the outside locked, according to Fire Chief Chapman, making it necessary to break in. A superficial examination of the lower windows failed to show that they had been broken into by intruders. Rats and matches as a cause for the fire was put forward by several of those who looked at the damage.

Fire Chief Chapman said he would have to make a more thorough examination before being able to offer a reason for the fire. The combination and hose trucks answered the alarm.

EVANS SAYS SUIT AGAINST KLAN OF LITTLE IMPORTANCE

WASHINGTON, June 1.—The re-aversity filed against the Ku Klux Klan "doesn't amount to a hill of beans," H. W. Evans, imperial wizard, said today. Evans said he had never heard of David M. Rittenhouse of Philadelphia, in whose name suit was brought yesterday in Atlanta and to whom a temporary restraining order was granted by the court.

"This suit is just a yell from the looters," Evans said. "We have things like this happening all the time. They cannot prevent us from handling the Klan funds. We are not worried about it. Our affairs will go on as usual." Evans and Col. W. J. Simmons, emperor, are here to attend a meeting of the imperial klonclium of the Klan. Both denied reports that headquarters of the Klan will be moved to Washington.

BID FOR GOVERNMENT MERCHANT MARINE IS MERE 'SUMMER DREAM'

WASHINGTON, June 1.—Full investigation has convinced the shipping board, said Chairman Laskey today, that there is no prospect of acceptance of the bid made by John C. Flack of Silver Creek, N. Y., of more than one billion dollars for all ships and other property of the shipping board.

The inquiry was conducted by the shipping board in connection with an inquiry by other departments of the government with which Flack has had transactions with the result that the offer is classed as "a summer dream." This will be communicated today to the shipping board which is meeting in New York and before which Flack has been invited to appear and present his bid.

FIRE FEARED ABOUT GREAT LAKES UNLESS RAIN DESCENDS SOON

SAULT ST. MARIE, Ont., June 1. Practically the whole forest north of Lake Superior may break into flames unless rain comes soon, reports received here today said.

COTTON MARKET GOES ON TOBOGGAN FOR JULY AND OCTOBER

NEW YORK, June 1.—The cotton market broke \$5 a bale today, carrying the July cotton to \$25.95, and the October crop to \$23.25. The trade sold heavily on crop reports from Texas and the belief that conditions over the south were likely to improve,

Assistant Chief Does Act of Kindness But Finds Himself Short \$31.50 In Consequence

A mistake in envelopes cost Assistant Chief Leonard Davenport just \$31.50 yesterday morning.

It happened this way: The assistant chief brought two young men to the police station Wednesday night when he saw them entering an automobile and preparing to drive off. Not having a case against them, he released them the following morning after one of them frankly admitted he was taking the car without the owner's consent.

The pair, when arrested, didn't have a cent on them. The officer feeling sorry for them told both young men to go to the Denver cafe and order a breakfast at his expense. "You must leave town and do it quick," was his advice.

The men had not been gone long when the officer discovered what he thought was an envelope that belonged to one of the men, who gave him address as Abilene. He picked up the envelope without carefully examining it and hurried to the Denver cafe, where he told the men to go for their breakfast.

Arriving at the cafe he found the men at their breakfast. He handed the envelope over to the Abilene man. Last night in checking up with the night sergeant, Ted Hamilton, he was short \$31.50. Both men went over the figures but still no indication of a mistake in figures. He examined the envelope. He picked up one that bore the name of the Abilene man. Then the assistant chief saw his mistake. The Abilene man had the \$31.50 and he had a few letters, a ball-bearing ring and a card case.

Calling at the rooming house where the Abilene man had a room, the officer found the stranger had, in accordance with his instructions, lost no time in leaving town.

THIEF RUNS OFF WITH CAR IN ORDER TO STRIP IT CLEAN

Stripped of the four tires that were on the wheels and a spare tire and the battery, F. R. Parker, president of the Eastland County Mutual Aid association, found his Ford car in a pasture about one mile of the old Tiffin highway, about three miles out, yesterday afternoon.

The car apparently had been driven to the country only to be stripped, as the gasoline tank of the car showed but little difference in the level, according to Mr. Parker, indicating that the thief drove the car directly to the pasture.

The car was driven away from its parking place near the Ranger State Bank Tuesday night in the presence of Mr. Parker, who happened to be about 100 feet away. He thought it was a friend taking the car for a short ride.

ARNOLD DECLARES CHARGE WITHOUT FOUNDATION

AUSTIN, Texas, June 1.—Representative V. E. Arnold, of the house of representatives, indicted by the Harris county grand jury on a charge of embezzlement, asserted today that the charge was without foundation and unfair. He declared the Ku Klux Klan behind the charge, he being the only anti-klan member elected from Harris county. Today members of the house circulated a security bond and obtained 24 names. It will be forwarded to Houston. Arnold said he would go to Houston tonight to straighten out the matter.

U. S. NARCOTICS PROGRAM DISTURBS GENEVA MEETING

GENEVA, June 1.—After an uproarious session from which the American delegates withdrew, the League of Nations opium commission announced the program submitted by the United States for suppression of narcotics.

FORMER TEXAN SENTENCED TO ELECTRIC CHAIR

PHILADELPHIA, June 1.—Wylie Morgan, said to have formerly resided at Maude, Texas, recently convicted of kidnaping, attacking and murdering six-year-old Lillian Gilmore last February was today sentenced to die in the electric chair.

BENEFIT DANCE BUT NO MARATHON EXHIBITION.

Johnny "Sparkplug" Conklin and Miss Margaret Collier, who smashed long distance dance records here before their retirement from the dance marathon at the Summer Garden last Tuesday, will meet their friends and admirers Saturday night at the Summer Garden, when a benefit dance will be put on for them under the management of J. B. Lacey.

MEXICAN SENTENCED TO BE HANGED FOR MURDER.

GEORGETOWN, June 1.—Manuel Sagu, Mexican, convicted of the murder of S. O. Wolford of Austin, was sentenced to be hanged on July, 20, by Judge Hamilton today.

In December, 1920, Sagu ran amuck on a train near Granger, cutting the throat of Wolford and injuring another passenger.

PREDICTS DOUBLING OF POPULATION OF FOUR LEADING TEXAS CITIES

DALLAS, June 1.—A combined population of 1,130,500 by 1940, is predicted for San Antonio, Houston, Dallas and Fort Worth, by the Southwestern Bell Telephone company. The figures are based on surveys and study by engineers, taking into consideration the growth of the four cities in the past twenty years.

"The rapid expansion of the large Texas cities is probably unparalleled in any other state," the report says. "A little more than twenty years ago these same cities combined had less than 175,000 inhabitants and 10,000 telephones. Today the population of these cities is estimated at 695,000 and they are served by 134,000 telephones."

SHERIFF OF BREWSTER COUNTY RECEIVES GIFT.

ALPINE, Texas, June 1.—Sheriff E. E. Townsend of Brewster county, residents of which claim it to be the largest county in America, has received a pair of silver mounted spurs, each weighing one pound and nine ounces, which Col. Custer Young of the 35th cavalry regiment, Mexican army, had especially designed and made as a gift to the Brewster county sheriff. The spurs are a real curio, as the carving and decorations are a unique Mexican pattern, and the heavy silver mounting makes the gift very valuable, not only as a gift, but for the high grade of workmanship and material used.

Why High Blood Pressure Victims Cannot Get Insurance

It is significant that in the examinations conducted by insurance companies and by the Life Extension Institute and other similar bodies, the greatest attention is given to the readings of blood pressure. The very presence of high blood pressure indicates that without immediate treatment, an incurable condition is certain to arise that must eventually end in early death.

High Blood Pressure is generally brought on by the absorption of poisons from the wastes retained too long in the intestines. These poisons act upon the muscles of the arteries, causing them to contract and forcing the heart to pump harder to force the blood through the body. To reduce high blood pressure these poisons must be made harmless and the wastes quickly eliminated from the body.

A well-known physician has made a valuable discovery of a new preparation that quickly and effectively does these two important things.

This new preparation has been so universally successful in thousands of cases treated by physicians that it was recently decided to put it up in convenient tablet form and authorize druggists everywhere to dispense it under the name Bi-a-lin.

If you suffer from headaches, are constipated, have dizzy spells, do not sleep well, have ringing in the ears, are nervous, inclined to worry, you have symptoms of high blood pressure. Do not run the risk of worse things to come by neglecting these danger signs. Get a bottle of Bi-a-lin from your druggist today. He is authorized to dispense it with a guarantee to return your money if you do not experience wonderful relief from the very first bottle.

KELLOGG BRAN BOTH DELICIOUS DIET AND HEALTHFUL FOOD

Dieticians have been studying nutritive food values extensively within the past few years and with startling unanimity have settled upon bran as one of a few very necessary ingredients which should go on the table daily. They have found it invaluable for its beneficial effects, and desirable because of its cheapness and simplicity of preparation.

The digestion, medical science has found, is given a false and artificial stimulus by the cathartic drug, and its use is generally regarded as an important factor in the alarming death rate. Physicians are prescribing diet lists instead of laxatives and bran is always included in these lists.

As prepared by the Kellogg company, bran is a delicious article of diet and when not desired for use as a breakfast food may be prepared in cooked form as delicious muffins, which may be used for breakfast or any other meal.

BRAN MUFFINS
1-4 cup of sugar.
Shortening size of an egg.
1 egg.
1 cup sour milk (or sweet milk).
1 cup Kellogg's bran.
1-4 cups flour.

1 level teaspoon soda (or 2 teaspoons baking powder if sweet milk is used).
Pinch of salt.
Cream shortening and sugar together. Mix and sift dry ingredients. This will make twelve large muffins.

HUBER BROS. DO INTERIOR PAINTING AT NEW STORE

Huber Brothers of 413 Main street did the interior painting on the sales room of the Sanders-Colegrove Hardware company in the Marston building, which will be formally opened tomorrow.

The mahogany finish of the panel work, the Georgia oak finish of the counters and fir finish of the window trimmings reveal the careful work done by the painting force of Huber Brothers.

GIRL BREAKS ARM WHEN SHE FALLS FROM TREE.

Elaine Riddle, aged 12, the daughter of Mr. and Mrs. George Riddle of North Austin street, broke her left arm below the elbow and sprained and bruised her shoulder when she fell out of a tree at the family home about 11 o'clock this morning. She fell a distance of about 12 feet.

Medical aid was quickly given and she was resting easily this afternoon.

POLICE CHIEF DAVENPORT TO RETURN RUNAWAY GIRL HOME

Chief O. V. Davenport left on the Sunshine Special at 11:41 o'clock this morning to bring home Miss Willie Betts, 15 years old, who ran away from home here. The Fort Worth police are holding the girl.

MAN AND WOMAN KILLED; OFFICERS SEEKING CLEW.

TULSA, Okla., June 1.—Mrs. Nellie Metcalf, 32, mother of five children, and Harold Tilton, 25, are dead, following an early morning shooting along the Arkansas river. Officers are searching the river bottoms for the divorced husband of Mrs. Metcalf.

BANKS TO OBSERVE JEFF DAVIS' BIRTHDAY, MONDAY.

The birthday anniversary of Jefferson Davis, first and only president of the Confederate States of America, occurs Sunday, June 3. In honor of the day, the banks in Ranger will close all day Monday.

MARSHALL.—According to statistics of the Marshall Chamber of Commerce there are forty-one industries in this city. The growth of Marshall as an industrial center is based upon abundant raw material, millions of tons of lignite and quantities of natural gas.

NAMES USED BY CRIMINALS NO CERTAIN IDENTIFICATION

HOUSTON, June 1.—"What's in a name?" asks C. G. McGraw, husky Bertillon expert for the Houston police department and then answers his

own question by adding "nothing." "Criminals have a habit of changing their names each time they are arrested," McGraw said. "And sometimes a peculiar thing in the criminal's mental make-up is revealed." One man recently gave his name as John Jacob Astor and a negro chicken thief signed "Grover Cleveland" with more or less of a flourish. There are some 25 "George Washingtons" on file and "Mac" says that Abe Lincoln and Andrew Jackson are very popular. "Eleven Dollar Bill" is the monni-

ker of a negro burglar who went in for "bill raising." His first attempt, according to McGraw, was that of raising a one dollar bill to an eleven-

give," declared the finger print expert. "We go for fingerprints and they can't change them without leaving a scar which would be easily identified." "We don't care what name they

SPORTS
JOHNNY KILBANE TO MEET CRIQUI FOR THE TITLE

By Associated Press

NEW YORK, June 1.—John Patrick Kilbane, featherweight boxing champion of the world, who is to defend his title against Criqui, of France, in a 15-round decision contest at the polo grounds, next Saturday, won the title from Abe Attell in Vernon, California, in 1912, receiving the referee's decision after a 20-round engagement.

Then at the age of 21 and at the height of his career, Kilbane outfought the slipping Attell throughout the contest, blinding him with straight lefts to the face and an occasional right smash to paw and ribs. Attell endeavored to draw his young opponent into a close-quarter slugging match but the wily Kilbane stood off, boxing his way to fame.

Barely Saves Title

In the following year Kilbane barely saved his title in a 20-round bee with Johnny Dundee, of New York, holding the little Italian to a draw. Kilbane easily disposed of other pretenders to the featherweight throne, but in 1917 he grew too ambitious and tried to take the lightweight title from Benny Leonard. Leonard knocked out Kilbane in three rounds.

Kilbane has not defended his title in more than a year. In an indifferent exhibition against Freddy Jacks in Cleveland in 1921 he received the newspaper decision. Later he knocked out Danny Frush, an Englishman, in seven rounds. In 1922 he failed to do a glove, demanding all sorts of money for fighting. He repeatedly was challenged by Johnny Dundee, but refused to meet him unless his demands for large purses were met.

Dundee Looms Up

The New York boxing commission then declared Kilbane's title open in New York. Later Danny Frush and Johnny Dundee fought for it, and Frush being knocked out by the Italian veteran, Dundee was proclaimed champion, insofar as the New York commission was concerned. When Criqui came to the United States Dundee refused, at first, to relinquish his claim to the first engagement with a fight with the winner. Kilbane was Kilbane, but withdrew when promised automatically restored to good standing in this state when granted a license.

Kilbane is a master boxer and a clever ringman. He has defeated every featherweight of note excepting Dundee since he won the title. He was born in Cleveland of Irish-American parentage April 18, 1899.

RANGER SNAPPERS TO PLAY CISCO HUMBLER IN RANGER, SUNDAY. New faces will be seen in the line-up to the Ranger Snappers Sunday when the team takes the field against the Cisco Humblers at Municipal ball park. Stanley Cope, who tried out with the Ranger Nitros for the first base position last year, but who was displaced after the club manager decided he would play that position, will cavort on first Sunday. Three college players from John Tarleton college will also get a chance to show their worth for regular positions in the Cisco game. Two of them are outfielders and one is a pitcher. Manager Carl Snapp wants to see his club well fortified with hitters and any additional strength in the way of heavy hitters will be added if available. Mr. Bryan may be a good loser or otherwise, but without doubt he is a frequent one.—Pittsburgh Gazette-Times.

Pupils Build "Life-sized" Bungalow Within School

In the new Technical High School at Omaha, Neb., the pupils will be given the unique experience of building a complete

bungalow, "life-sized" and ready for occupancy, the entire construction taking place within the high-school building itself. Doors large enough to permit the pupils' structure to be moved out of the building on rollers and disposed of for a real home have been provided. Those who are authorities on teaching of children declare that this method of instructing them arouses their interest a hundredfold as compared with that they display in building miniature houses and other articles. The school is planned throughout on this life-sized idea.

DOG HILL PARAGRAPHS
By GEORGE BINGHAM

A sensation in our fashionable circles is impending, as Cricket Hicks is in on a trade for the fancy vest that has been worn by the Tickville hotel clerk.

Columbus Allsop, who has been pondering all week, as to how he was going to get a sack of flour, was pleasantly surprised this morning when the storekeeper at Rye Straw sold him one on a credit, and told him to be sure and call again.

The Hog Ford preacher put some pep in his sermon and hurried through with it last Sunday morning, as he had just been invited over to eat a big meal at the home of Tobe Moseley.

Machine Cuts and Cores Grapefruit

A novel machine has been devised that cores grapefruit and cuts it from the outer rind, in a neat, clean manner and about five times as fast as it can be done by hand. The machine is equipped with a pair of curved blades so arranged that when a crank is turned, one of them cuts the fruit just inside the rind, and the other completes a circle around the center, cutting out the core. The half grapefruit to be cut and cored is held in place in a cup-shaped holder below these knives. Thus, by a simple twist of the wrist, the grapefruit is ready to be served in a moment's time.

Retainer for Gasoline-Tank Cap
The loss of gasoline-tank caps is a frequent occurrence, which, however, can easily be prevented by means of the simple attachment illustrated. One end of a length of wire is soldered to the cap; the other end is bent into a loop, and a right-angle bend is made in the center of the wire. The loop at the end of the wire must be a little larger than the opening in the gasoline tank, and is sprung a trifle in order to force it through the opening.

"How Times Have Changed"

To start on a journey, a few years ago was a dreaded task. First, to get out the old zinc whaleback trunk from the attic. Then, the back-breaking job of packing. And at the journey's end, the task of unpacking the wrinkled clothes. You had to stand on your head to get what you wanted for it was always at the bottom.

Now what a difference!

Packing your Hartmann Wardrobe trunk is like hanging clothes in a clothes closet. In fact, many people keep their best clothes in their Hartmann all the time free from dust and wrinkles. The Hartmann Wardrobe is deservedly the World's most popular trunk.

Tee Pee Building To Be Temporarily Used by Church

Central Baptists Will Have 30 Rooms for Classes and Auditorium for Services.

The Central Baptist church is now temporarily occupying the entire Tee Pee building, across from the T. & P. railroad station, and the annex on Pine street for Sunday school classes, Bible school and church services. The building formerly was used as a hotel and known as the Theodore hotel.

There are more than 30 rooms in the building. All have been cleaned and assigned to different classes. Church services will be held in the hotel dining room, said to be the largest room in the building.

"The location is central and we believe we have obtained the best location in Ranger for our purpose," said the Rev. A. L. Leake, pastor of the church. "We want a big attendance at Sunday school and Bible class Sunday, and a large congregation at church."

No evidence has been found leading to a solution of the burglary, according to Sheriff Thorpe.

APPEALS TO THE MOB, SUCH AS PUGILISM, MEANS BIG MONEY

By HENRY L. FARRELL.

NEW YORK, June 1.—Pondering over the premium that modern times are putting on brawny fists, a New England scientist recently committed suicide. He couldn't see the justice of conditions which gave two big heavyweights more money for fighting thirty-three minutes than he had been able to make in a lifetime.

Perhaps his protest against the workings of fate was a bit drastic and futile. He was a master in a profession that has no appeal to the mob. That appeal to the mob means money. There is no kick in watching the skilled hands of a scientist in the laboratory and there is a kick for the mob in watching two giants battle each other about the ring.

Bankers, as well as scientists and educators, can ponder over the rise of pugilism to the world's most paying profession.

Jack Dempsey, at an age when an aspiring young banker is hardly off a high stool, has a fortune. He has made so much out of nothing that he has been able to buy large gobs of valuable real estate and a coal mine.

Before the end of the year, Dempsey will probably be able to buy another coal mine.

The heavyweight champion has before him close to one and a half million dollars, and all he has to do is take the money and a few risks that the taking perhaps involves.

Dempsey will get no less than \$300,000 for fighting Tommy Gibbons in Shelby, Montana, on July 4.

If the bout is a tremendous financial success, Dempsey will get more. His manager, Jack Kearns, saw to it when the contract was drawn that the

promoters would not make the money that Tex Rickard made off the Dempsey-Carpentier fight.

The champion will get an extra cut on every dollar that the promoters get over a certain sum—if they get it.

After the Gibbons bout, if he wins, Dempsey will fight Harry Wills some time around Labor Day in the vicinity of New York.

It will be more than a million dol-

lar fight, and Dempsey ought to get a half million or more, as his manager is said to be interested in the promotion of the bout, if he is not actually arranging to put it on.

Dempsey, then, if he wins, will go to South America to fight Luis Firpo, and for the "risks" that he will be forced to assume in defending the title among the home folks of a for-eigner, the champion will get at least another \$500,000.

Steady nerves depend on the condition of your Blood

YOU know that! You also know that your loved ones' sympathy and comfort will not correct the cause. Neither can impoverished blood rebuild the body. But you can remedy this condition by restoring your blood to its normal state. Remember, your blood flows through your body—when you are awake and when you are asleep. It's the great body agent which makes life. And when there's life—there's happiness. Stronger and more useful nerves depend on blood-power.

Here is your opportunity. S. S. S. will prove to you its "why" and "how" reason. S. S. S. contains only purely vegetable medicinal ingredients. Because S. S. S. does build blood-power, it routs rheumatism, stops pimples, blackheads, boils, eczema, beautifies the complexion, builds you up when you are run down, and makes your nerves steady!

Mr. W. T. Hooker, 2321 Proctor Street, Port Arthur, Texas, writes: "I suffered from Eczema for seven years and was afflicted with nervousness. I tried S. S. S. and six bottles cured me. I now enjoy good health. I think S. S. S. the only sure cure for blood disorders on the market."

Try it yourself. S. S. S. is sold at all good drug stores. The large size is more economical. Get a bottle today!

S.S.S. makes you feel like yourself again

ANNOUNCING THE GRAND OPENING Sanders-Colegrove Hardware Company

CORNER MARSTON & MAIN STREETS

You are invited to attend our party in honor of the opening. We want to know you—and we want you to know us.

To further add to your entertainment on the day of the opening, we are providing an orchestra to play your favorite music between the hours of 4:00 and 5:30 in the afternoon, and 7:30 and 9:00 in the evening. Refreshments will be served both afternoon and night.

We are mighty proud of our new store and we believe that you will be too, when you have seen through it. The interior is finished in mahogany, and the beauty of the store is added to by the boxes and baskets of growing flowers and plants which we have provided for the sole purpose of making the place pleasing to you.

Your presence Saturday will be greatly appreciated and we will try to make you feel at home.

Mrs. Dick Elliott and little son Odes Moines, Iowa, will arrive Sunday to visit Mrs. J. B. Haden.

Mr. and Mrs. Charles Gholson of Fort Worth have returned home after a week spent in Ranger visiting relatives.

ARMY SEEKING YOUNG MEN TO ENLIST IN ITS MEDICAL DEPARTMENT

The army will have representatives in the city about June 7, for the purpose of offering to young men of good character an opportunity to enlist in the army's medical department. There are a few vacancies at the station hospital, Fort Sam Houston, San Antonio, Texas, where young men will be trained in work pertaining to the most modern hospitals. There are vacancies for clerks, stenographers, pharmacists, nurses, mechanics, carpenters, painters and many other trades.

The representatives will be found on the streets for several days and will be glad to explain to any one the many advantages to be obtained by training in Uncle Sam's medical department.

AWARDS IN ESSAY AND SHORT STORY CONTEST.

By Associated Press
DALLAS, Texas, June 1.—Announcement has just been made of the awards in the Essay and Short

Story contest conducted in connection with a citizenship program offered by the American Citizenship League among the schools of Texas. First prize for the best tribute of the American flag was awarded to Everett Wallace of the Claude high school and the best short story to enforce the lesson of "safety first" was awarded to Charles O'Farrell of the Amarillo high school for his story entitled, "A high penalty for speeding." The winners in this contest received individual prizes and a total of \$75.00 worth of books is awarded to the schools represented to be placed in their libraries.

Turner Waddill, of the Palmer high school, and James Welch, of the Breckenridge high school, received honorable mention in this contest.

FLASHES

DENTON.—Summer school at the College of Industrial Arts will open June 5, and will continue through two terms of six weeks each, according to announcement. Correspondence and reservations already made by students indicate that an increase over last summer's enrollment of 700 will be shown.

SAN ANTONIO.—A new 20,000

horsepower unit is being installed by the San Antonio Public Service company here. This generator and the buildings and boilers incident to the installation makes a half million dollar addition to the plant and assures service adequate to the needs of the larger city.

At last, Victor Berger is appropriately located. He is in Berlin.—Indianapolis News.

Breaded veal cutlet is always popular!

MOST every one likes good breaded veal cutlet with tomato sauce. Especially if it's just fried to a turn!

Mrs. Tucker's Shortening will help you always to get the best results—both for frying foods or in making pastries, pie-crusts or hot breads. For Mrs. Tucker's is a pure vegetable shortening—which comes to you absolutely clean and fresh packed in a convenient pail. Mrs. Tucker's is made right here in the South.

You will appreciate the economy of Mrs. Tucker's, too. While it has all the richness of the best butter, it is no more expensive than ordinary shortening, and goes much further. And its very appearance—like thick mountains of whipped cream—is tempting!

Be sure to get the blue pail with Mrs. Tucker's picture on it.

Mrs. Tucker's Shortening

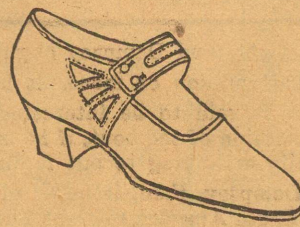

Made exclusively of choice Cotton Seed Oil. The South's own cooking fat.
