## HOSPITAL BOARD CREDITORS ASK ACTION

### RANGER PEOPLE URGED TO START PLANTING TREES

County Agent Names Some Suitable Varieties and Suggests Early Campaign.

Ranger's tree planting campaign, which has the support of the Chamber of Commerce and the 1920 club, will get under way about the middle of November. Suggestions to this effect, made at the chamber's breakfast Tuesday morning, will be carried out, O. D. Dillingham, president of the chamber, indicated today.

R. H. Bush, Eastland county agent, who talked on tree planting and kindred subjects Tuesday morning was back in Ranger today to address the Rotary club on the same subject at the weekly luncheon. He will also talk to the Lions club luncheon Thursday noon. He was asked by members of the two clubs to make the talks.

Bush is urging that a big meeting be held before the start of the tree planting campaign and before the material is assembled, to fully acquaint citizens with the details of the campaign.

"District your town," he also suggested. "If you don't it will not be a general success. Get the neighborhood interested. Pick captains. Decide upon a certain tree to be planted. Have some one responsible for each square.

"I'll give demonstrations in tree setting in each district. We will give the planters all the help they need."

T. R. Valliant, Ranger horticulturist, is buying a big supply of trees and expects to put them on sale on Nov. 15. This date was suggested by Bush as a likely date for beginning the campaign.

Trees, recommended by Bush, as worth trying out in this soil and climate, are the walnut, elm, hackberry and poplar.

"You can't expect every tree you plant to come up fine," he said. "You will have to plant them for a trial. But these will grow in this country."

To the list suggested by Bush, Valliant added the china and umbrella trees as suitable for growth in the soil here.

A publicity campaign will precede the tree planting campaign.

### Judge, Who Fleed Scene of Accident, Placed on Trial

KANSAS CITY, Mo., Oct. 31.—Edward Fleming, who as judge of the south side court in Kansas City, imposes the penalty of the law upon violators of the law, including speeders, went on trial today charged with fleeing from the scene of an accident. The young woman killed was Miss Elizabeth Dungeon.

The judge, Miss Dungeon and another couple were returning from a tour of roadhouses in the early hours of the morning one day last spring when the car ran into a ditch and overturned.

At the inquest, several witnesses testified that they believed the judge had been drinking.

### KU KLUX MONEY IS APPARENT CAUSE OF DISCORD WITH KLAN

ATLANTA, Ga., Oct. 31.—More than one million dollars of Ku Klux Klan funds was misappropriated within four hours, according to an affidavit presented today in the petition to have a receiver named for the Klan filed by David W. Rittenhouse. It is declared in the affidavit that sums ranging from \$1,000 to \$25,000 were withdrawn on the verbal order of the imperial wizard without the knowledge of the cashier.

Other testimony had reference to an alleged elaborate spy system in the Klan. J. Q. Jacks, a special investigator, swore that force was utilized to blackmail persons unfriendly to the administration of the organization.

### Hallowe'en

Tonight comes the annual celebration of Hallowe'en, the evening preceding Allhallows or All Saints' Day. In many countries it is traditionally devoted to merry-making, with playful ceremonies and charms to discover future husbands and wives.

### Most Beautiful Road In the State When Shaded By Big Pecan Trees

"Make the Bankhead highway between Ranger and Cisco the most beautiful road in the state."

Such was the suggestion of R. H. Bush, county agricultural agent, while in Ranger for a club talk, and he urged that the pecan tree be planted every 60 feet of the way as the chief step in that direction.

"I don't see why we shouldn't plant pecan trees on both sides of the highway to Cisco," he said. "It would be an attraction. No reason why the trees shouldn't grow on every foot of the road."

"It would be a beautiful road in five years. You'd have tourists talking about it the country over."

Select a date for the trees to be planted, ask the citizenship to do the planting and do it next month, Bush urged.

### Three Candidates In Lead for Texas Tech Presidency

DALLAS, Oct. 31.—That B. B. Cobb of Waco, superintendent of the Waco public schools, will be the choice of the board of regents of the Texas Technological college for the presidency, was indicated following the morning session here today.

J. E. Cantwell of Fort Worth and Clarence Owsley of Fort Worth were reported as other likely candidates for the presidency.

Secretary Nabors said that the selection of a president was the only business being considered and that the man for the presidency would probably be selected today.

### ERNEST HART'S PRISON SENTENCE IS REVERSED

AUSTIN, Oct. 31.—Notes exchanged between the judge and jury during the absence of the defendant caused the reversal of sentence against Ernest Hart of Eastland county by the court of criminal appeals. Hart was sentenced to serve two years for the killing of Lige Stewart on May 23, 1922.

### WEST TEXAS IS GETTING A FAIR SHARE OF RAIN

Unpaved Streets and Roads Are Muddy and Temperature Mild.

Unpaved streets in Ranger are muddy; roads about Ranger, except those highways that have been paved or graveled, are almost impassable. Rain has been falling almost 10 days, the ground has been soaked to a greater depth than for many months, water holes are full and all creeks are running. Range conditions are excellent.

Some complain of weather conditions, but the wise ones are smiling and getting what happiness they can out of the rain. They know there are seasons of the year when they look on the rain as God-sent, so why complain of the gift now just because they are getting a little more than can be comfortably stored away.

The norther that blew down over Ranger two days ago cooled the atmosphere, but failed to chase away the clouds. As soon as the norther had passed by the clouds gathered again and, beginning at an early hour this morning, began dropping their precious raindrops on the earth. The rain fell all morning and appeared at noon in a humor to continue falling the remainder of the day. The temperature was mild.

In other parts of the country snow is reported falling.

### CITY DWELLERS FOUND TO BE EVADING TAX

Commission Declares They Have Overlooked Opportunity and Will Fix Penalty.

"Streets are in a horrible condition," Street Commissioner Raymond Teal and mayor pro-tem at yesterday's session told the city commission. Streets was the chief subject to hold the attention of the commissioners yesterday. Commissioner Teal, who, by virtue of his office, must hear the daily complaints of citizens on bad streets and who said his life is being made miserable during the rainy season, because he has so many requests but can't help them, began talking streets as soon as the session opened.

He urged the commission to authorize the employment of four teams to work the streets and on a motion by F. A. Brown, his suggestion was adopted.

Brown then brought up the need of a street tax in Ranger, similar to the road tax in the county, but which is not paid by city folks. This proved a popular suggestion with the commissioners, and City Secretary C. A. Love was instructed to consult with the city attorney on the legal aspects of an ordinance, which would follow the lines of the road tax as provided for by a state law.

Former City Secretary Ringold was consulted on a tax that would include all males between 21 and 45. He said: "Farmers pay a road tax or work it out. City people don't pay any road or street tax. No attention is paid to it."

Dr. C. O. Terrell said that his understanding of the road tax was that one can work it out or pay \$3. He must work five days, he said. Commissioner Colonel Brashier said that "every right thinking man would pay the tax."

### MESSANGER BOY HAS LEG BROKEN IN COLLISION

EASTLAND, Oct. 31.—Rastus Jones, 16-year-old messenger boy for the Western Union, was run down and severely injured Tuesday night by an automobile occupied by Grady and Jess Pipkin, Eastland grocers. The Jones boy was riding a bicycle and the collision occurred at the crossing of Plummer and Seaman streets.

The Pipkins picked up Jones and carried him to the Richards sanitarium, nearby, where it was found that his left leg was broken, above the knee. The boy's father was summoned from Abilene, Wednesday.

### CARL BARNES POST AMERICAN LEGION IS ORGANIZED HERE

War Veterans Elect Officers to Serve Until Charter Is Obtained. Enthusiastic Meeting of Ex-Servicemen Held.

The Carl Barnes post of the American Legion was organized last night by war veterans meeting in the Gholson hotel.

Dr. W. C. Palmer, Ranger physician and surgeon, was elected temporary post commander and the name of Carl Barnes the first Eastland county man to give up his life for his country in the World war, will be borne by the new American Legion post in Ranger. These and other decisions were determined upon last night at the called meeting of ex-servicemen to organize a new post in the city to succeed the post, disbanded two years ago.

Thirty-five men appended their names to a paper, which will be used in filling out the applications for memberships. Five American Legion men from Cisco attended the meeting. P. F. Keelan, post commander; Crigler Pascall, past post commander; H. G. Baily; W. R. Cabaness and J. E. Stewart. Esch made a short talk.

The next meeting will be next Wednesday night at 8 o'clock at the Gholson hotel. After the election of officers to serve temporarily, Dr. Palmer appointed a number of committees to arrange a campaign for memberships, a house, finances and the drawing up of the post's constitution.

Must Obtain Charter. J. A. Shaw, elected post adjutant, was instructed to apply to the state department adjutant for a charter. According to the legion's regulations, the application will go to the adjutant, thence to the state executive committee, from which it goes to national headquarters at Indianapolis, where it is acted upon. From headquarters the application is returned approved or rejected, to the state adjutant and then to the post applying for a charter.

"Bob" Hansford, in giving a history of the old post urged the adoption of the name of Carl Barnes, the first youth from near Ranger to make the supreme sacrifice, he said. The first American Legion post was known as Carl Barnes post, No. 69, he said and at one time had a membership of 485 veterans.

"Keep out of politics and the other fellow's church," Hansford suggested. Hansford was commander of the post the second year of its organization.

### Witnesses Tell of Finding Body of Hugh Maples

EASTLAND, Oct. 31.—In the trial of Robert Mohler for the killing of Hugh Maples, before Judge E. A. Hill in the Eighty-eighth district court, the prosecution got well into its stride Wednesday forenoon.

As the evidence against Mohler is very largely circumstantial, the prosecution played some of its trump cards with the presentation of witnesses who discovered the body of Maples, rural mail carrier and service car driver, near the farm of Clyde Mohler, brother of the accused man.

Witness after witness, Wednesday, added to the details of the finding of the body and related circumstances pointing to Mohler as the last person to be with Maples, alive.

After almost two days of tedious work, the jury was filled last Tuesday and the actual trial really opened at a night session which lasted until 10 p. m. Tuesday.

One hundred and seventy-five veniremen were called, 157 examined and both state and defense had exhausted their pre-emptory challenges before the panel was complete.

Maples disappeared after he had been engaged by Robert Mohler to transport himself and family to Comanche, from Cisco, a year ago. Later the body of Maples was discovered in a shallow grave near the home of Clyde Mohler. A new Ford car possessed by Maples was supposed to have supplied the motive for the killing. The car was never found.

### EASTLAND ELKS TO GIVE RECEPTION THURSDAY NIGHT

EASTLAND, Oct. 31.—The Eastland lodge, B. P. O. Elks have issued invitations to a reception, Thursday night in the Elks' hall, to all members of the cast who aided the recent charity carnival. The 1923 show was put on with great success, on Oct. 18 and 19, and the lodge made about \$700, which will be spent in charity work at Christmas time.

### STORAGE ROOM FOR WHISKY IS NEEDED BY CITY

Confiscated "Bootleg" Now Occupies Women's Quarters in the Police Jail.

What to do with confiscated illicit liquor troubled the city commissioners yesterday evening.

Acting Mayor Raymond Teal said the men's cell block held six men early in the week, both too many and also undesirable, as there were two negroes, two white men and an alien Mexican, in the men's quarters.

"We can't use the women's cell block with all the 'poison ivy' stored there," Teal said. His reference was to the bootleg whisky, some said to be of good quality and some "poisonous."

"I move that all of the whisky be destroyed, so we can use that part of the jail," said Police Commissioner Terrell. He said he didn't have the key to the block, but would get it on Mayor Hodges' return to the city. Dr. Terrell has been away from the city and Mayor Hodges acted as police and fire commissioner.

If the whisky is removed from the women's quarters, men prisoners will be locked up there when the men's cell block is crowded, it was indicated. That is, when there are no women prisoners.

Some of the whisky, it was pointed out, must be kept for evidence in trials of alleged bootleggers, pending in the courts.

### Fort Worth Doctor Held on Abortive Operation Charge

WAXAHACHIE, Oct. 31.—Dr. E. E. Cole of Fort Worth was held in jail here today on an abortion charge and a Fort Worth girl, still in her teens, was in a sanitarium, recovering from the effects of an alleged illegal operation. The child was born to the girl this morning, authorities said, and although the girl is in a serious condition, she is expected to recover.

### ASHES OF BONAR LAW TO BE INTERRED IN WESTMINSTER ABBEY

LONDON, Oct. 31.—The funeral of Andrew Bonar Law, British prime minister following the resignation of David Lloyd George until failing health compelled him, too, to resign, is to be held in Westminster Abbey at noon Monday. High officials of the state will attend.

The former minister, died at his home here early yesterday of a malignant growth in his throat which induced pneumonia. The body is to be cremated, it is said, and the ashes placed in a grave in the nave of the abbey.

### GREAT BRITAIN VOICES REFUSAL TO RECOGNIZE SEPARATIST MOVEMENT

LONDON, Oct. 31.—Great Britain has formally advised France and Belgium that she cannot recognize the separatist movement in the Rhineland or the establishment of an individual state in Cologne or any part of the occupied area.

### PERHAPS IT WAS TIME TO GET UP—DON'T 'CHER KNOW

DALLAS, Oct. 31.—Football is all right—in its place. The wife of a temperamental Dallas musician and football enthusiast argues this point.

In a divorce suit filed against her hubby she alleges he neatly kicked her out of bed a short time ago. The same thing happened in 1922, she says.

### EQUIPMENT IS INSTALLED BUT NOT PAID FOR

City Ready to Pay Its Part, but County Commissioners Hesitate.

Instructions to their attorneys to bring suit at once, unless a bill for hospital equipment is paid promptly by the City-County hospital board, is threatened by the Fort Worth Surgical and Supply company of Fort Worth, according to a letter received by the Ranger city commission.

The communication to the city commission also included a carbon copy of a letter sent to E. A. Pritchard, judge of the Eastland county commissioners' court.

The letter to the city commissioners was brief and the writer declared that the company's patience had been exhausted by the delay in payment of a "bill so long past due." The idle hospital on Eastland hill, a beautiful structure, has been ready for occupancy since last June.

The carbon copy letter, addressed to the county commissioners' judge, was much longer. The writer said that his company was not going to "be stalled off any longer on the account."

### What About Audit?

"You advised us on Sept. 18," the letter said, "that the commissioners' court had instructed the county auditors to make a complete audit of all the transactions of the City-County hospital at Ranger, and you assured us when he was through, you would pay your part of the bill."

"Well, we think the auditor has had plenty of time to audit the account and we are not willing for you to make us any more promises, neither are we going to be stalled off any longer on this account, and we are today writing Attorneys Burkett, Orr, and McCarty of your city asking if they are willing to handle the account for us."

### Discount Claims Funds

The county commissioners met with the Ranger city commissioners late in August relative to opening the hospital and promised to confer with the latter soon again, but according to Mayor Hodges, he has not been approached on the matter of opening the hospital. The city has been contending that the discounting of the bonds by the county has left the hospital board short of funds to open the institution.

The hospital building and equipment also cost more than originally planned and this has made a deficit to be met by the board. But commissioners of the county and city both have repeatedly stated that they were bound by the actions of the board, since the members were appointed by them.

The bill of the surgical supply company totals \$2,649. Dr. W. C. Palmer of the hospital board said in answer to an inquiry this morning. The bill is for furniture furnished for the operating room, and private rooms.

### TWO MILLION GERMANS MUST BE FED TO KEEP THEM FROM STARVING

CHICAGO, Oct. 31.—Major General Henry Allen, who commands the military occupational forces of the Rhineland, on his arrival from Washington today announced that plans are being made to feed about two million Germans this winter.

"The situation in Germany is critical and one that Germany has not been able to avoid," said General Allen. He has accepted the chairmanship of the American committee having charge of the campaign, which has been endorsed by Secretary Hoover, and will be participated in by many national known individuals.

BIBL ETHOUGHT
THE LORD SUSTAINS:—They that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run and not be weary, and they shall walk, and not faint. —Isaiah 40:31.

HALLOWE'EN.
Hallowe'en or all Hallowe'en eves, the name given to the 31st of October as the vigil of Hallowmas or All Saint's Day Though not known as little else but the eve of Christian festival, Hallowe'en and its formerly attendant ceremonies long antedate Christianity.

The two chief characteristics of ancient Hallowe'en were the lighting of bonfires and belief that of all nights in the year this is the one during which ghosts and witches are most likely to wander abroad. On or about the first of November the Druids held their great autumn festival and lighted fires in honor of the Sun-god in thanksgiving for the harvest. Further, it was a Druidic belief that on the eve of the festival Saman, lord of death called together the wicked souls that within the past twelve months had been condemned to inhabit the bodies of animals. Thus it is clear that the main celebrations of Hallowe'en were purely Druidical, and this is further proved by the fact that in parts of Ireland the 31st of October was, and even still is, known as Oidhe Shamha, 'Vigil of Saman.'

On the Druidic ceremonies were grafted some of the characteristics of the Roman festival in honor of Pomona held about the 1st of November, in which nuts and apples, as representing the winter store of fruits played an important part. Thus the roasting of nuts and the sport known as "apple ducking"—attempting to seize with the teeth an apple floating in a tub of water,—were once the universal occupation of the young folk in medieval England on the 31st of October.

The custom of lighting Hallowe'en fires survived until recent years in the highlands of Scotland and Wales. In the dying embers it was customary to place as many small stones as there were persons around, and next morning a search was made. If any of the pebbles were displaced it was regarded as certain that the person represented would die within the twelve months.

Mr. Bryan says the political situation now is more chaotic than for a quarter of a century. Doesn't Mr. Bryan mean, to be exact, since 1886? —Kansas City Times.

THURSDAY EVENTS.
Lions club luncheon 12:15 o'clock at Gholson hotel.

MRS. JURY HOSTESS TO IDLE HOUR CLUB
Members of the Idle Hour club were delightfully entertained Tuesday afternoon by Mrs. Arthur G. Jury at the Gholson hotel.

Delicious refreshments were served. Members and guests present were, Mmes. D. L. Jameson, R. T. Kendrick, Walter West, P. J. O'Donnell, A. E. Ernst, F. D. Farquhar and J. B. Haden. Mrs. Kendrick will entertain the club the third Tuesday in November.

YOUNG SCHOOL PARTY POSTPONED UNTIL LATER
On account of the continued rain, the Hallowe'en party which was to have been given tonight at the Young school by the Parent-Teacher association, has been postponed until further notice.

METHODIST DISTRICT MEETS IN EASTLAND
The Cisco district of the Methodist church is meeting today in Eastland at the Methodist church of that city. Dr. Hilburn of Fort Worth will address the meeting. Representatives of the Home Missionary society and the Belle Bennett society of the Ranger Methodist church are Mrs. C. D. Woods and Mrs. W. J. McFarland, who will attend the meeting this afternoon.

COOPER SCHOOL P.-T. A. HALLOWE'EN PARTY.
The Parent-Teacher association of the Cooper school has planned a delightful Hallowe'en party for the children of the school to be given this evening at the schoolhouse. All children are invited to attend and a good time is promised.

SOCIAL SIGNIFICANCE OF INSTINCTS CLUB STUDY.
As the year progresses the subjects of study for the 1923 club, which is taking a course in psychology, grows more interesting. For this week's meeting on Thursday, which will be held in the Green room of the Gholson hotel the subject will be "The Social Significance of Instincts," with Mrs. G. D. Chastain as leader. The following program is announced:

1. "A Catalog of Instincts With Their Indicated Social Bearings," Mrs. John Gholson.
2. "Instincts as Found in Employment," Mrs. J. F. Dreinhofer.
3. "The Balance Between Instinct and Intelligence," Miss Ruth Hagaman.

Questions for discussion:
1. May all instincts said to have social bearings?
2. Which is most social and which is least so?
3. In what sense may an instinct be "a drive"?
4. What cultural value can be found in a consideration of instincts and the industries?
5. What may be considered as a socially intelligent use of instincts?

KLAN CASHIER SAYS HE ADVANCED MONEY TO AGENTS
By Associated Press
ATLANTA, Ga., Oct. 31.—Reading of the deposition of E. E. Furney, cashier at the imperial palace of the Ku Klux Klan was contained today in the suit of E. N. Rittenhouse of Philadelphia and others for a receiver for the Klan.

Mr. Furney was closely questioned about advances for money made to various field men and how he paid out the money. He said he advanced the money at the requests of Imperial Wizard W. H. Evans, and that he was instructed by Evans that he should not know for what purpose the advance was made.

HANEY, WHO INHALED SMOKE IN GASOLINE PLANT FIRE, BETTER

Arthur Haney, burned in the fire and explosion at the Chestnut & Smith corporation plant No. 108, six miles west of Ranger, was doing "as well as could be expected," an attendant at the Clinical hospital reported early this afternoon. Haney, besides being burned, inhaled smoke, which caused his condition to be unfavorable yesterday. Today, he did not suffer so much as Tuesday, it was said.

D. L. Williams, chief engineer at the plant, and George Seibert, engineer, who suffered severe burns about the face, head and arms, were also doing as well as could be expected.

The three men were burned Monday afternoon when the cap on a valve of the discharge line of a compressor blew off and filled the big galvanized iron building with gas, which burst into flames within a short time.

The big gasoline plant, one of the corporation's finest in Texas, will be indefinitely idle.

The zylonite or celluloid, which borders the lens and encases the bows of eye glasses, was almost completely burned off of Haney's glasses by the fire, according to C. H. Dunlap, Ranger optician.

BRITISH SHIPS CAN CARRY LIQUOR INTO U. S. WATERS SEALED

LONDON, Oct. 31.—The final terms which will form the American-Anglo treaty to coup with rum-running along the American coast were formally presented to the imperial conference this afternoon. Ambassador Harvey and Lord Curzon, secretary of foreign affairs, agreed to the terms of the treaty yesterday afternoon.

The United States authorities will have the right to search British ships within the 12-mile limit when suspected of smuggling. The United States will formally affirm by treaty the principles of the three-mile limit. The British ships will have the right to carry liquor into territorial waters under seal.

FRANK B. KELLOGG IS ACCEPTED TO ENGLAND
LONDON, Oct. 31.—The appointment of Frank B. Kellogg as United States ambassador to England has been formally accepted by the British government, according to official announcement.

If we all did our buying from mail order catalogs, where would our home store be? If our home stores sold nothing but outside flour, where would our home mill be? British Will Aid U. S. to Enforce Her Prohibition Laws

WASHINGTON, Oct. 31.—The British modification of Secretary Hughes' proposal for a treaty extending the three-mile limit to 12 miles in the search for contraband liquor is expected to be acceptable to the United States government, it was said today.

The proposal, as virtually agreed to by the British government, will place in the hands of prohibition enforcement officials an even stronger weapon to enable them to enforce the prohibition law of the land than it was originally expected to obtain.

CARL BARNES AMERICAN LEGION POST ORGANIZED

(Continued from page one.)
I think the men we elected as temporary officers tonight will be permanent. Let us make this the best post in Texas.

Dr. Palmer made the following committee appointments: Constitutional, Hawkins, Heister, Gray; finance, Buchanan, Burke, Elliott; program, Craig, Larson, Tolland; membership, Fry, Dreby, Ames. Hansford was asked to seek a desirable location for a legion meeting place.

DR. PALMER SERVED WITH AMERICAN ARMY IN FRANCE

Dr. W. C. Palmer, elected temporary post commander of the new American Legion post in this city at meeting of 35 ex-service men last night at the Gholson hotel, served with the American army at home and abroad. His period of service lacked 13 days of being two years.

He enrolled at the Officers Training camp at Fort Riley, Kan., on May 15, 1917. He was sent overseas with the Eighty-ninth division and was transferred to the first corps headquarters. He returned with the first corps with the rank of major, and was discharged from the service at Boston on May 2, 1919.

Dr. Palmer served his country in the Spanish-American war in 1898. He was attached to the Third Missouri volunteers. He is married and has a daughter, Florence Alice, and two sons, Jack and Bobbie.

If we all did our buying from mail order catalogs, where would our home store be? If our home stores sold nothing but outside flour, where would our home mill be? If it were not for our home mill, where would the market for our farmers' wheat be? Next time order Jones Best from your grocer.—Advertisement.

HE REACHES END OF RAINBOW TRAIL IN HIS SEARCH FOR GOLD

FORT WORTH, Oct. 31.—"Grandpa" Martin believed that at the end of the rainbow there was a pot of gold.

So he laughed at his 82 years, his stiff joints and wizened muscles and answered the call.

Lured by the seductive call of buried treasure he set out for the Mexican border where he declared a hidden fortune awaited him. Nothing was heard of him at the boarding house where he was known only as "Grandpa" Martin.

A few days ago Chief of Police Lee received a telegram from Laredo authorities. It stated that "Grandpa" had been found dead.

He reached the end of the rainbow trail.

FORMER OFFICIAL OF MINE WORKERS IS SENT TO JAIL

HALIFAX, Oct. 31.—James McAchlan, secretary of District No. 26, United Mine Workers of America, until ousted by President John Lewis, was today sentenced to two years in the Dorchester penitentiary upon conviction for seditious libel.

Lawyers Invited By Lytton Taylor To Eat Enchiladas

All lawyers in Ranger and a number from Eastland have been invited by Lytton R. Taylor to an enchilada supper to be served Friday evening at 7 o'clock at his home on the Strawn road. The guests will number about a score in all.

The invitation sets out that the gathering will be no dress affair, but a good time is promised all. In the note to Judge Flewelling it is recognized that he has a delicate appetite, and may not be able to eat enchiladas, which are very rich, and he is promised a dish of cornbread on the side. The cornbread is promised also to any other guests who may have similarly delicate appetites.

Toasts are announced by the following speakers: "History of Eastland County Bar," Judge E. A. Hill.

"My Experiences as a Young Lawyer," Judge George L. Davenport. "When I Become Governor," Judge Joe Burkett.

"Needed Reforms and Legal Procedure," Senator H. P. Brelsford. "World Peace Court," Judge A. E. Firmin.

Cotton is distinguished from all other fibres by the peculiar twist it possesses and which makes it valuable in spinning.

IMPORTANT TO ALL WOMEN READERS OF THIS PAPER

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder trouble.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. You may suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Advertisement.

## CISCO PROTESTS INJUSTICE TO FOOTBALL TEAM

"Pop" Boone, sports writer for the Fort Worth Record, has his say on several football teams, including Cisco and Abilene, and also some likely contenders for the state championship. His dope follows:

From Cisco, the home of the Loboes, comes a wall that protests to heaven the injustice done its high school football club. According to M. T. Turner, who rises to champion the Loboes, the team is very much a contender in the championship race. Among the heavy counts for the Loboes is a tie game with Strawn which is fast assuming alarming proportions. It was Strawn that eliminated our own Central High, which was thought to be a fair football machine itself. In addition to the Strawn tie, Cisco has scored plenty of points in all its games.

**Abilene to Play Cisco.**

Abilene and Cisco are about due to get together, probably within the next two weeks. This game will help to clear up the situation in that section. If the Loboes can beat the Eagles, no one will further question their claim as a championship contender.

The next two weeks, in fact, offer some fancy sport in high school grid field, which is growing in popularity by leaps and bounds with the football public. We can expect Oak Cliff and Sherman to get together, Cisco and Abilene; Cleburne and Strawn; Amarillo and Pampa; Waco and Hillsboro or Temple; Austin and Main Hi of Santone; Beaumont and Ball Hi of Galveston, clubs that played a tie two weeks ago.

Up here, of course, interest centers in Strawn, Abilene, Cisco, Amarillo and Pampa. Four games will give an excellent line on how the semi-finals in north sections will shape up.

From all scores turned in this week I have seen nothing that makes me revise my opinion that Oak Cliff and Abilene will be in that semifinal game. True, I haven't seen any of the teams play, but I have talked with officials who have seen a majority of them and they say Oak Cliff ranks pretty well along with some of the conference teams, at least the T. I. A. A.

## EUROPE BEING FLOODED BY NATIVE SWINDLERS WITH BOGUS U. S. BILLS

VIENNA (By mail to United Press).—One hundred dollar bills which were worth only two dollars when they left the United States for Europe are being circulated in Germany, Austria, Hungary and Italy.

In February, 1922, a counterfeit shop was raided in Warsaw. A Polish merchant with a knowledge of chemistry had been flooding Europe with two-dollar notes from which the figure "2" had been removed and "100" substituted.

It was thought that the destruction of the source of this bogus money would solve the problem. The counterfeiters had been industrious. Throughout Europe they had cashed spurious hundred-dollar notes.

In Budapest three men, Mav Felberbaum, William Czerny and Charles Ratbege, have been arrested and found to have concealed in their hotel suite \$10,000 in bogus hundred-dollar bills. This represented only their "pin money," and the whereabouts of the other thousands of bad dollars is unknown.

## BARNEY GOOGLE AND SPARK PLUG—

## NEW YORK BALL TEAMS EXPECT TO CAPTURE PENNANTS NEXT YEAR

By HENRY FARRELL (United Press Sports Editor.)

NEW YORK, Oct. 30.—"We dropped you twice and we'll do it again next year," the defeated Giant players hurled at the victorious Yankees in good natured joshing after the last game of the world series.

The two rival clubs occupied adjoining dressing rooms under the stands at the Polo Grounds and although there had been some bad spirit shown on the field during the series, the players were friends again after the last game.

The spirit in which the Giants accepted their defeat was interesting, inasmuch as it plainly expressed the opinion of the losing players that the two New York teams would win the major league pennants again next season and play against each other in the fourth straight series.

Mere thoughts of such a thing may cause consternation in the cities outside of New York where the opinion has already been expressed that the monopoly of this city on the series is killing the interest in baseball. To argue the question about what effect the continued success of the New York teams is having upon baseball in general, is beside the present point.

The Yankees and the Giants feel sure they will win the pennants again next year and from a casual glance right now over what they will have to beat, it is reasonable to assume that the two pennant winners are not outclassed now for the 1924 races.

During the winter, when changes may be made to strengthen rival clubs just remember that under the present conditions, the Giants and the Yankees will have a lure for reward that no other major league club can offer to encourage its athletes.

New York players can confidently expect another million dollar series if they win the pennant and no other team in baseball can have its manager gather its players around the table in spring and say:

"My good young boys, if you win the pennant and the world series you will be enriched by \$7,000 over your salary. If you win the pennant and lose the series, you will still get \$5,000."

## MAYOR HODGES SUFFERING FROM INFECTED LIP

Mayor R. H. Hodges returned from Waco early today, suffering with a severe cold and an infected lip. He was compelled to have it lanced twice while in Waco. His face is swollen as a result of the infection, which he said started as a pimple. It has the appearance of an abscess.

TIMES WANT ADS PAY.

## DEATH SIGN IN COURT FOR SPEEDERS

This striking warning, designed to reduce the number of auto deaths and accidents, has been erected in the Cincinnati municipal court over the bench where Judge Meredith Yeatman daily tries many persons accused of speeding, reckless driving and other traffic violations. One hundred and two deaths so far this year stands out in big red numerals. The number is changed each time a victim is added.

## Picked 465 Pounds of Cotton Per Day

Jim Deshorn, negro, living on the Nannie Walker farm, northwest of Ranger, made a record for cotton picking while up in Jones county in West Texas, according to figures given the Times by Jim Smith, his brother-in-law.

Deshorn averaged 465 pounds a day over a period of four days. The first day, he picked 502, the second 439, the third 458 and the fourth 462 pounds. His average exceeded all others made in that country this season. He did the picking for a farmer by name of Schick, three miles south of Rotan. One week, Deshorn and his wife made a total of \$100 from cotton picking.

About 20,000 elk find safe retreat in the Yellowstone National Park and the country immediately surrounding it.

Foundations of ornithology were laid by two Englishmen in the seventeenth century.

## A Lot of Excitement!

CHILDREN become excited and play very hard at their games. They spend great energy. And parents should see that they get that energy back—in thoroughly nourishing food.

One of the most highly nutritive elements in food is *Dextrose*. In fact, you could not live long without it. It supplies most of the energy and stamina to the blood and tissue cells.

Because Karo contains such a large percentage of *Dextrose* it is one of the most important foods for children. Serve them plenty of Karo, either Blue Label or Red Label and see how they thrive on it!

THE starch and sugar in all food you eat—bread, vegetables, potatoes—must be changed into *Dextrose* before your system can use it as an energy food.

FREE—A booklet about *Dextrose* every mother should read. Explains why children thrive on *Dextrose*. Sent free with beautifully illustrated 64 page Cook Book. Write Kingsbury Brokerage Co., 309 N. Preston St., Dallas, Tex.

## EUROPE'S POSTCARD TRADE IS NOW GREATLY REDUCED

Report comes from Europe that the postcard trade, once the livelihood of so many thousands of men and women is dead. The blame is put upon the great increase in postage and the embarrassments now connected with European travel. In 1913 the French post office took in seventy million francs from those who used to mail postcards to the friends at home, and in the same year, Germany exported picture cards to the value of eighty-four million marks. Now the bulk of the business done in France has decreased 85 per cent, and the German export trade almost wiped out. The blow has fallen hard on the armies of photographers, photo-typists, cartoonists, stationers, and peddlers.

One of our leading merchants remarked the other day that he did love home cooking, but does not consider it the real home article unless home milled flour is used. Take his advice and use Jones Best.

## FELT TIRED, SO TIRED

Indiana Lady Says She Was Run-Down, Suffered With Her Back, Took Cardui, and Got Well.

Richmond, Ind.—"I thought I would write a line or so, to say that I owe my good health and strength to Cardui," says a letter from Mrs. Cora Courtney, 31 Railroad Street, this city.

"I was all run-down until my family thought they would lose me," writes Mrs. Courtney. "My husband coaxed me to take Cardui, so, to please him, I did, and will say I do not regret it, for I am able to do all my work and do my shopping."

"I have five children, four in school, my husband and a boarder to do for, and I do all my own work for all of us, and find time to play. We all praise Cardui. Every sick and run-down woman should take this wonderful medicine."

"I suffered with my back; a very weak feeling in my limbs."

"I felt hardly able to drag; just tired—so tired all the time."

"It was an effort for me to do anything, but Cardui helped me so I felt like a different woman."

If you are in a run-down physical condition, suffering as this Indiana lady says she did, give Cardui a fair trial. It should help you.

Take Cardui. NC-147

Who Is Mayor of Thurber? Himself Wants Introduction So He May Attend Dance There; How to Make Money When Broke.

By P. G. T.

All day yesterday we tried vainly to find out who was the mayor of Thurber. Walter West said he was before prohibition came into being but then he moved to Ranger and turned the mayorship over to Angelo and his wife Rosa. He said he thought they might get a kick out of it and from the little we have seen of that village Angelo, Rosa and many of the residents of Thurber as well as most of the visitors get a kick out of this double mayorship right along.

Several bimboes made statements to the effect that they had been mayors of Thurber but for only one night at a time. They weren't quite lucid on the manner in which they ran the town with the exception of the fact that they all say they painted it red. The latter statement proves that they are mistaken (which is a polite way to call anyone a liar.) because there are only two buildings in that hamlet that are red, the ice house, and the company grocery store.

However, all the hokum doesn't locate the mayor of Thurber. Will some one tell us what he looks like? Might go there to a dance tonight and would sure hate to miss meeting the mayor.

Poem by Ella Geewhiz Gocart: Bone Bean can't tell why the weather's so cold,

Perhaps that gas stoves may be sold.

Or just to make gal's dress sleeves longer, He says, "Are both these reasons wronger?"

Several birds have been twitting us about wearing the collar on our benjamin way up around our ears this kind of weather. Confidentially, aside, so that nobody can't hear nothing we will explain the reason. We haven't got our shirts back from the laundry yet and the one which was being kept out to keep us clothed was tore so bad it can't be wore, so we ain't got no shirts a tall, which isn't in the laundry and can't afford to expose this lack of covering to the natives for fear of what they will think.

Once upon a time there was a young man upon whom the gods had showered all blessings. He was of a wealthy family and was at all times cheerfully waited on by his family and servants. His only occupations were eating wonderful food with wonderful platinum and gold service, attending social functions of the hoi polloi and sleeping between silken sheets.

Then one sad day the family fortune ceased to exist. The young man found himself cast out into the world with no method or means of obtaining bed or board.

Finally he bethought himself of a plan and with chewed pencil and soiled paper he wrote a history of his experiences while he was a son of wealth and immediately upon its completion brought it to a wisdom publisher of books. The publisher read it carefully, named it "Etiquette," and now the young man is eating wonderful food with wonderful platinum and gold service, attending social functions of the hoi polloi and sleeping between silken sheets.

### MONEY MAY BE TAKEN INTO BUT NOT CARRIED OUT OF THE BALKANS

By Associated Press

ATHENS, Oct. 31.—Currency is so distressingly scarce in all the Balkan states, that not a single government will permit a traveler, no matter what his nationality, to carry away with him more than the government concerned thinks he needs to get him to his next stopping place. In most cases this is 1,000 units of whatever the currency may be; anything over this sum is confiscated. This means the owner of the money will never see it again, and the procedure is legal, for the law making it so is down clearly in the statutes of virtually every country of southeastern Europe. The despoiled individual has no recourse.

Many naturalized Americans, natives originally of some Balkan country, have come home since the end of the war bringing with them wealth in dollars. Now they are beginning to get enough of the old country, and again turn their faces to the new world. Their dollars meantime have been exchanged into drachma, or dinar, or lei or lev, and they want to carry away what is left. But the government says no; only 1,000; the rest stays here.

Thereupon the naturalized citizen turns to the nearest American diplomatic representative and claims protection. The situation presents so many difficulties that the American ministers to the Balkan states have met in conference to discuss what best to do. They are warning all citizens, and particularly naturalized, not to come over here with more money than they actually need. Also they may take the matter up with Washington.

### PREFER NORMAL DAUGHTER TO "CHILD WONDER"

Viola Mitchell

Viola Mitchell is Pittsburgh's 12-year-old prodigy, whose parents are forcing her to live a normal girl's life when she might be rich and famous. On a recent trip to New York with her teacher, Miss Margaret Horne, she played her rare Guarnerius violin before Prof. O. Sevik, teacher of Kubelik and other prominent violinists. "She is marvelous! At 20 she will be another Maud Powell!" he exclaimed. Immediately Viola was besieged with vaudeville offers. But her father and mother, Dr. and Mrs. Atlee Mitchell, refused them all and took their daughter back to their Pittsburgh home, where she is kept away from music for all but a short time each day and told to go out and play with other girls. "Better a normal, happy daughter than a thousand pale-faced 'child wonders,'" is Dr. Mitchell's motto.

### NAPOLEON'S CENTENARY REVEALS THREE SURVIVORS

The centenary of the death of Napoleon was widely observed in various parts of the world. Paris made it the occasion of a high requiem mass, celebrated by Cardinal Dubois in Notre Dame, and the Abbe Henocque, a war veteran with the rosette of an Officer of the Legion of Honor and a war cross with a dozen stars, meaning citations for bravery, preached a sermon eulogizing Napoleon's services to the French nation and its youth. Banners of famous Napoleonic regiments, taken from their shrine in the Hotel des Invalides, were paraded in a great military review at the Arc de Triomphe. Ajaccio, in Corsica—Napoleon's birthplace—Warsaw, Waterloo, Brussels, associated with his triumphs or defeats—had celebrations of their own, and at St. Helena, where he passed his last period of exile and where he died, a British battery fired a salvo of 100 guns at the hour of Napoleon's death, 100 years before. From the town of Jamestown on that island came the interesting report that three witnesses of Napoleon's exile still live—two tortoises that have reached the age of 170 years, and a gray parrot, which though 120 years old, still repeats the name "General Bonaparte."

### MAKES COLD CHILLS COME

Folks simply can't help showing that pimply, blotchy or rough faces are unpleasant for them to look at, much less associate and become intimate with people who are so careless about their appearance as to let these skin blemishes rule their destiny. No wonder it seems like "cold chills" run down their backs as they pass by you.

Not long ago Black and White Ointment was introduced in this country to remove such skin disfigurements, and the way it quickly gets rid of them is responsible for its instant popularity and tremendous sale of nearly two million packages a year. Your dealer has it and can supply you. It is economically priced in liberal packages. The 50c size contains three times as much as the 25c size.—Advertisement.

### GIRL'S GLEE CLUB OF TEXAS UNIVERSITY IS ORGANIZED FOR YEAR

AUSTIN, Tex., Oct. 31.—Members of the Girl's Glee club at the University of Texas have just been chosen after a series of competitive tryouts. The membership and officers for the year include Miss Effleda Littlejohn, Austin, director; Miss Vida Hall, Wichita, Kansas, president; Miss Louise Connerly, Austin, secretary; Miss Kathleen Rucker, Austin, treasurer; Miss Rachel Dunaway, Amarillo reporter; Misses Frances Agnew, McAllen, Kathryn Buckner, San Antonio; Mary Burney, Tehuacana; Aileen Calhoun, Austin; Geneva Cropper, New Boston; Wanda Doty, Austin; Christine Evers, Brady; Lois Franklin, Austin; Elinor Fletcher, Connie Garza, Rio Grande City; Georgia Bell Gibbins, Uvalde; Gladys Hayes, Dallas; Agnes Henderson, Cameron; Elizabeth Hightower, Austin; Eleanor Hill, Altus, Okla.; Mrs. C. E. Jackson, Austin; Kathryn Lemly, Temple; Thelma Lynn, San Angelo; Ann Marshall, Hearne; Elizabeth Mitchell, Yoakum; Waskon, Margaret Mode, Amarillo; Mildred McLarty, Vernon; Lela Jane Nifong, Mansfield; Louise Ogden, Stowell; Ruth Parker, Austin; Martha Rounds, Austin; Ila Mae Rowand, Roxton; Anne Sharp, Uvalde; Nouna Lee Sharp, San Antonio; Elizabeth Smith, Coleman; Helen Tendell, Bullard; Nelle

Thiele, Austin; Aamlec Turck, Rowena; Camille Walton, Corsicana; Dorothy Nell Whaley, Cleburne; Lucille Williams, Austin. The club is beginning its third year. Plans are being made for a series of concerts to be given throughout the session, according to Miss Littlejohn.

### SHORTENING ONE END OF COTTER PIN HELPS OUT

The insertion of cotter pins usually requires considerable patience, for in the majority of cases the pin is slightly too large for the hole, or the latter does not line up correctly. Shortening one end of the cotter pin will generally permit starting it so that it can be worked into the hole by tapping the end with a hammer.—Automobile Digest.

McDONALD'S Little Plumber "SHOP OF SERVICE" PLUMBING AND HEATING Phone 344 115 N. Austin

### ROBS CALOMEL OF NAUSEA AND DANGER

Medical Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected New Tablet Called "Calotab."

The latest triumph of modern science is a "de-nauseated" calomel tablet known by the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning and are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—Advertisement.

Why be Feeble?

ADVANCING years should not mean the approach of a period of dependency—of crutches and canes—of worry, care and fatigue! Don't dread the days ahead! Be prepared to grapple with the benighted men of Old Age—with rheumatism—with undermined health—with feebleness. The system that is free from impurities—through which rich red blood tingles need not worry about advancing years. Enlist the aid of S. S. S.—the builder of red blood cells—to fight off the infirmities of Old Age.

With the aid of S. S. S. when you reach this stage of life the nerve power that has been built up by ever increasing blood cells—the vim and vigor of youth that you possess will capably enable you to enjoy the advantages of passing years, while others less fortunate are feeble and dependent.

S. S. S. for nearly a century has been serving as a valuable and time honored assistant in the fight for hale and hearty Old Age. It is made only of pure vegetable ingredients and is sold at all good drug stores. The large size bottle is the more economical.

SSS. Makes You Feel Like Yourself Again

BRECKENRIDGE, Oct. 31.—Stephens county poultry show, week after next, will be the first of its kind in Breckenridge. Approximately \$400 in prizes will be awarded in merchandise to winning exhibitors, it is announced by the Breckenridge Chamber of Commerce, through Ray Leach, secretary.

### Texas has proved its taste!

I knew it would; I felt certain sure that when Texans realized they were not getting Kellogg's Corn Flakes—and realized what they were missing—that our sales would go steadily up and up.

And, they have! Once folks get the extra-flavor, extra-crispness and extra-substantial flakes that have made Kellogg's Corn Flakes the largest selling ready-to-eat cereal in the world, they KNOW that they never before knew how good corn flakes could be!

This is just the time to start eating Kellogg's Corn Flakes!

Texas also buys great quantities of our Kellogg's BRAN, cooked and krumbed, and Kellogg's Shredded Whole-wheat KRUM-BLES.

W. K. Kellogg OF BATTLE CREEK

Look for the RED and GREEN Packages

Juneau, the capital of Alaska, may only be a city of 3,500 inhabitants, but, electrically, it bulks quite large. Every house in the city is wired for electricity. There are over 300 electric ranges in use in the homes of Juneau in addition to hundreds of the smaller household electrical appliances. The central station maintains a completely furnished room adjoining its electric demonstration kitchen, which is at the service of women of Juneau for club and church society meetings, luncheons, suppers, bazaars and similar functions.

As A Rebuilder and general conditioner there is nothing known superior to the revitalizing and invigorating effects of FORCE Tonic. Force Tonic It Makes For Strength!

### NOTICE

On November the 5th, 1923, the City of Ranger will begin filing suits for delinquent taxes on real estate. All persons owning real estate in Ranger should see that past due taxes are paid before that date.
