BOOKS FOUND IN OFFICE SAFE AT CITY HALL

Sheriff and Deputies Aid in Search, Which Proves Easy.

Sheriff Barton and Deputy Sheriffs John Hennessee and J. F. Duncan seized the books and records of the Ranger independent school district this morning in the city secretary's office under a warrant, sworn out by V. V. Cooper, president, and E. H. Mills, a member of the board in Justice J. N. McFatter's office. The two board members were with the officers.

All of the records and papers of the school district were accounted for, H. C. Michaels, public accountant, and who audited the school books said, except cancelled checks and notes. Michaels was brought along to identify the school district's papers and books. Nearly 45 minutes were consumed hunting for the various papers. The warrant placed the value of the papers at "\$20,000."

Found in City's Safe.
Most of the books and papers were found in the big cabinet safe of the city. A few papers were found in a desk that was used by C. A. Love, former school collector, and which had been removed from the room formerly occupied by the tax collector and which is now used by the city engineer. Two desks used by Love are the property of the city, City Secretary Ringold said, and accordingly were removed to the city offices last week.

City Secretary Ringold was not the least ruffled by the sudden entry of officers to search his office. He kept on in his work and occasionally joked and laughed with the members of the visiting party.

Follows Board Resolution.
Today's seizure of the books culminates the passage of a resolution at yesterday's special session of the board, which declared that "criminal proceedings would be instituted against any and all persons known or suspected to be guilty" of removing the books. The resolution, offered by Mills, was given three votes, with two absent and one not voting.

It also marks the transfer of the office from C. A. Love to H. S. Cole, the latter having been appointed late in April. An audit of the books was completed 10 days ago and on June 8 the books were ordered turned over to Cole.

Board at Loggerheads.
Mr. Hagaman, who has been the center of the controversy, since a so-called "peace caucus" preceding the school election on April 7, has steadfastly opposed the appointment of Cole on the grounds that Ranger voters have disapproved of the latter holding political office in Ranger and also that he personally could not work with him. Mr. Cooper and three members of the board have steadfastly held out for Cole, saying that he is capable and worthy of the office.

The warrant directed the seizure of the following items:
Loose leaf ledger, journal, one binder containing tax rolls for the years 1919, 1920, 1921 and 1922, 23 notes issued March 1, 1923, six school district bonds, five check books, 10 books of tax rendition inventories. Also all cancelled checks, cancelled notes, and paid invoices and other papers of the school district.

The warrant charged that the records were concealed in city offices, rooms 211 to 219 by Love, "on or about June 9." It was sworn out this morning.

HEARING OF DRY OFFICER POSTPONED TO NEXT WEEK

GALVESTON, June 16.—The preliminary hearing of J. C. Dilworth, federal prohibition officer, charged with murder in connection with the killing of Fredius Wilson, city detective, today was postponed to next Tuesday at the request of the state, owing to the absence of Charles Miller, federal prohibition agent, who was with Dilworth at the time of the tragedy last Wednesday.

Ranger Country Club Plans Two-Ball Foursome Tournament to Be Played Tomorrow.

Ranger Country club officials have planned a two-ball foursome golf tournament at the club tomorrow. This being an open date for the local club in the Oil Belt Golf association, the officials decided to put on a tournament for the benefit of the members. A half dozen "Craigpark" golf balls have been presented by E. E. Crawford, Ranger druggist, to the club to be awarded to the pair turning in the best score.

In a two-ball foursome, men and women both can participate, a couple playing against another couple, if it is desired. Each couple has but one ball in play, one teeing off for example and his or her partner taking the next shot. The same rule applies to both sides.

Those who do not care to participate in the mixed tournament are urged by the club officials to come out and challenge one another for a standing in the ladder tournament.

Between now and July 1, club members will have the opportunity to play a round of 18 holes and register his score in the ladder tournament without being forced to challenge the lowest one and work his way up by separately challenging everyone in the standing.

For example if a member plays 18 holes for a standing in the next two weeks, the score he makes will establish his standing. If he makes the best score turned in so far, he automatically goes to the top of the ladder.

After July 1, he can go ahead and play his 18 holes if not already entered but whether he makes a low or high score, he must challenge each member in the ladder tournament if he desires to push to the top.

New Oil Pool With Heavy Gas Pressure Located Near Cisco

CISCO, June 16.—The Tom Dees well on the Gray lease, six miles southeast of Cisco, came in yesterday with an estimated production of from 500 to 1,000 barrels, and it is flowing natural. The pay was struck at 3,450 feet. The gas pressure is said to be enormous. It is more than two miles from any producing field.

TWO PLANS EVOLVED FOR SETTLING DISPUTED REPARATIONS QUESTION

WASHINGTON, June 16.—The Baldwin government of Great Britain is reported on good authority here to have evolved two plans for bringing the reparations discussion to a "brass tacks" basis. One of these plans contemplates the inclusion of the United States directly, but under the other this government would not be called in. The plans evolved are:

Calling of an international conference, including all leading nations that are in any way involved either as debtors of Germany or sufferers from the economic upheaval, to discuss the question.

Submission of the reparations dispute to the League of Nations for decision.

DANIEL BAKER COLLEGE GRADUATES 72-YEAR-OLD MAN

BROWNWOOD, June 16.—When the commencement sermon was preached to graduates of the Daniel Baker college here, a "72-year-young" man, as he describes himself, sat on the stage just as sprightly as any of the younger men, and women.

The man, William Leander Downing of Kerrville, despite his rather late start in life intends to put his degree to good use.

Downing has been a Presbyterian preacher for many years.

Red Cross Work In Eastland County Just In Its Initial Stage

TIMES REPORTER IS ADMITTED TO BOARD MEETING

School Trustees Vote to Remove Ban Heretofore Raised Against Him.

By H. H. BARMAN.

"Will you report the meeting, unbiased?" asked V. V. Cooper, president of the Ranger independent school district, yesterday of the writer after the board on a motion presented by Mrs. C. E. Maddocks voted to admit a representative of the press.

"Positively, my rule of conduct," was the reply, and with that statement the board resumed its discussion about certain Brown & Crummer bonds.

Mr. Cooper, who ruled the writer from a board session early in May, put it up to the board himself whether the reporter would be admitted when the latter appeared in the meeting room of the board a short time after the session started.

He remarked briefly on the plea made by M. H. Hagaman before the board early in May to rescind the board's action in appointing H. S. Cole school collector, a report of which speech was the cause of the writer being barred from a subsequent meeting. He then called for expressions.

"I'm in favor of having a Times representative present," spoke up E. H. Mills. "With what we have to take up this morning, we should have a newspaperman here."

"I see no need of a reporter here," vouchsafed H. E. Clewell.

"I'd rather have a reporter here to hear what the members say," said Mrs. C. E. Maddocks, "than to have him go around after a meeting and ask members what was done and get it wrong."

"I never did have any board secrets—and I haven't any today," was Mr. Hagaman's comment.

Mrs. J. F. Dreinhofer likewise approved the idea of an open session.

It was then put to a vote. No nays were heard by the writer, and he pulled out his pencil and pad for action.

WEST TEXAS TENNIS TOURNAMENT WILL BE HELD SOON IN GORMAN

GORMAN, June 16.—Invitations have been sent to tennis players in this and adjoining counties to participate in the West Texas tennis tournament, which will be held here June 27 and 28. Cisco, Ranger, Eastland, Desdemona, Carbon and other towns in Eastland county are expected to send entries. Teams from Erath, Comanche, Stephens, Callahan, Taylor, Shackelford and Brown counties are coming.

Cups in both singles and doubles, together with other prizes for the winners will be given. They must be won for three successive years to be kept permanently.

Last year the tournament was a tri-county affair and about 50 players participated.

COUNTY JUDGE ATTACHES PUNISHMENT TO OFFENSE

EASTLAND, June 16.—Miss Cherokee Nabors of Ranger, was placed in the county jail here yesterday following her failure to pay a fine of \$100 and costs, assessed against her by Judge Joe H. Jones of the county court-at-law, after she pleaded guilty to intoxication. She was arrested at Shamrock park, Ranger, Wednesday night by Deputy Sheriff John Hennessee, and taken to Eastland.

According to the man who accompanied her to the park, which was opened for the season Wednesday night, Miss Nabors had announced her intention of "shooting it up." She had a pistol but threw it away. Officers found the pistol in the weeds near the dance pavilion.

So Declares Dr. H. A. Logsdon, Local Chairman, at Luncheon Where Activities of Past, Present and Future are Discussed.

With the purpose in view of increasing interest in county and local Red Cross work, a group of nearly 50 representative citizens of Ranger gathered at luncheon on Friday at the First Baptist church to listen to talks on the work of the national organization.

Dr. H. A. Logsdon, local chairman, presided and declared that the greatest work of the Red Cross had just begun in the plans outlined for rural and national work.

The principal speaker was Mrs. Grace Ashbaugh, a representative of the Southwestern division, who spoke in an entertaining manner of the war and relief work done by the Red Cross, more especially the work among children of war-torn countries and of our own under-nourished children.

In this connection special mention was made by Mrs. Philip Pettit, Red Cross secretary of Eastland county, of the work done in Ranger by the Child Welfare club and the Red Cross branches. The Ranger Red Cross chapter stood high during the war, and the Junior Red Cross chapter, of which Mrs. G. H. Bohning is president, has recently collected 200 books and 150 Victrola records for the Girls' Training school at Gainesville.

Mrs. M. H. Hagaman, first Red Cross president of Ranger, told briefly of the work done during the war, and Judge L. H. Flewelling told of the splendid relief work done by the Red Cross immediately after the close of the war.

Work in Schools.
Mrs. Ashbaugh stated that Eastland county had more scales for weighing her school children than any county in all the eight states which comprise the Southwestern division of the American Red Cross. Both Mrs. Ashbaugh and Mrs. Pettit spoke of the wonderful work done with psychiatric patients, of whom there are six in Eastland county and one in Ranger.

Mrs. R. H. Hodges, county chairman of the Red Cross, stated that an effort would be made to place a permanent nutrition nurse in the public schools of the county, and hoped that all present would consider themselves active members of the chapter and attend all meetings.

Rev. W. H. Johnson, also called upon for a talk, gave his indorsement to the work, as did Mrs. George Armer of Pioneer.

Mrs. Bess Luke gave two soprano solos, and Mrs. J. H. Moyer gave readings.

The tables were charmingly arranged, nasturtiums, marigolds, sweet peas and corn flowers being used in the decorations, while attractive place cards marked each plate. The ladies of the First Baptist church served a delicious luncheon of three courses.

Meetings Each Month.
Dr. Logsdon announced that it was intended to hold a meeting once each month, and that committees would be appointed to carry on the work of the Red Cross in Ranger.

Those present were: Dr. and Mrs. H. A. Logsdon, Rev. and Mrs. W. H. Johnson, Mrs. and Mrs. M. H. Hagaman, Mr. and Mrs. Walter Murray, Mr. and Mrs. Gus Coleman, Mr. and Mrs. A. J. Pitcock, Mr. and Mrs. J. F. Dreinhofer, Mmes. Grace Ashbaugh of St. Louis, Philip Pettit of Cisco, L. A. Vandervoort, John M. Gholson, G. H. Bohning, Bess Luke, J. H. Moyer, A. N. Riddell, R. H. Hodges, J. B. Haden, L. L. Rector, Charles G. Norton, George Armer, W. H. Fouke, E. E. Crawford, C. A. Conley, J. F. Champion, A. N. Harkrider, R. A. Jameson; Messrs. L. H. Flewelling and J. M. Dodson.

PERMIT TO BURN CARBON BLACK FROM WASTE GRANTED AUSTIN, June 16.—A permit to burn carbon black from waste gas of casinghead gasoline plants in Eastland county was granted today to the Arab Gasoline company of Eastland.

REAGAN COUNTY OIL LEASES ARE SOLD WITH CARE

Only Big Companies May Get On University Sections; Development Wanted.

SAN ANGELO, June 16.—The Texon Oil & Land company, whose Santa Rita well in Reagan county, flowing an estimated 75 to 100 barrels of oil every 30 hours, will lease its holdings of 72 sections of University of Texas land to big companies, Frank T. Pickrell, the Texon first vice president and general manager, told a group of San Angelo business men at the board of city development this afternoon.

"My company is looking to the best interest of the field, the towns of this section and the Orient railroad, and is not going to sacrifice permanent development to quick profits," he declared.

He said he was certain he could sell \$5,000,000 worth of leases in a week if he would, indiscriminately, take the money without regard to the ability and strength of the lessees, but this he refused to do.

Oil Stock Broker Held In New York By Federal Court

NEW YORK, June 16.—Joseph Ball, member of the Yale club, and head of the Ball Securities company, was arraigned before the United States commissioner charged with being a fugitive from justice from Fort Worth, Texas, where with Bernard Hatfield and others he was indicted for alleged use of the United States mails to defraud, in the sale of Texas-Mexia Drilling syndicate stock. He was held in \$10,000 bail for examination Wednesday.

The indictment charges that Ball in selling the stock represented Hatfield, sole trustee, as a super-oil magnate, who never connected with any but dividend-paying oil properties and always paid large dividends to his stockholders.

RUM-RUNNERS' BULLETS WHISTLE OVER WALKS AT ATLANTIC CITY

ATLANTIC CITY, N. J., June 16.—A running fight in which a number of volleys were exchanged took place early today between federal cutters and rum-runners. Many bullets whistled over the walks and caused all persons there to make a hurried search for cover.

The federal cutters, patrolling off Barnegat, surprised several rum running ships about 200 yards from shore trying to land. The government boats attempted to surround them. The rum-runners put on full speed and, sweeping so close to shore as almost to touch bottom, sped out to sea, firing on the government cutters as they went. The federal ships returned the fire.

COAL MINERS NOTIFIED TO WORK OR MOVE ON

DALLAS, June 16.—Union miners of the Bridgeport Mine company, who have been on a strike, have rejected the new settlement offer made by the company, according to a letter received by the American Federation of Labor offices from Edward Cunningham, secretary of the Texas Mine workers.

A reduction of \$2.50 in wages is made in the new offer, and it also contains a clause that the 40 miners, who are living in company houses, shall either vacate or go back to work, according to Cunningham's letter.

Says She Wants Husband's Love Not His Money

Asks, However, for \$1,200 Monthly Alimony Pending Settlement of Suit; Denies Charges of Cruelty, Extravagance and Excessive Drinking.

FORT WORTH, June 16.—Alleging that Winfield Scott, Jr., has an income of \$5,000 monthly and that he has failed to support her since he filed his suit for divorce, Mrs. Scott presented a motion in district court today declaring that she is without means to support herself and requesting that the court give her \$1,250 a month pending the hearing of the suit.

Mrs. Winfield Scott, Jr., in her answer to her husband's divorce suit, filed today by her attorney, District Attorney Robert K. Hanger, asks for \$1,200 alimony monthly, pending the hearing of the divorce suit, which was filed by Winfield Scott, Jr., Wednesday.

All of the allegations made by the plaintiff are denied in her answer. The divorce suit has been set for hearing in the Seventeenth district court, Judge R. E. L. Roy, presiding. The hearing will probably not be held for several months, because of the crowded condition of the docket, according to the district clerk's office.

Charges in Petition.
A copy of Scott's petition for divorce was presented yesterday to attorneys for Mrs. Scott, but the exact nature of the charges were not divulged. However, it is reported that charges of extravagance, cruelty and excessive drinking were included.

The young bride on her arrival here Thursday afternoon with her mother, Mrs. Helen Lane of Kansas City, where the former had gone Tuesday for a short period, said she would fight the suit, "not because I want his money, but because I love him."

She said that he knew she drank before he married her, but she did not drink to excess. "As to my extravagance, I purchased \$35 dresses when he wanted me to buy dresses costing \$200 and as to my being cruel he is wrong," said the recent bride.

Suit Surprises Wife.
The divorce suit has taken the former Kansas City girl by complete surprise, she said. On the day the suit was filed, she received a telegram from him, indicating that he was friendly towards her. "I had a wire from him the very day the suit was filed and I can't understand it," she said. He was to meet me in California in a few days.

"We were in love. Our stay in California was to have been our honeymoon," she said.

When Mrs. Scott left Fort Worth for Kansas City to visit her mother, her husband and a few friends accompanied her to the train. The affectionate farewell indicated to friends the happiness of the couple. When he handed her the railroad ticket, he slipped a \$100 bill into the envelope, placed a box of candy on her lap, and she wore a corsage which he had given her as a parting token.

Mrs. Scott is at present the guest of Mrs. Georgia Scott Townsend, 104 Penn street, a half-sister of her husband. Her mother, Mrs. Helen Lane of Kansas City, who returned to Fort Worth with her daughter as soon as notified of the filing of the suit, is also a guest of Mrs. Townsend, who is a daughter of the first wife of Winfield Scott Sr., while young Winfield Scott is a son of the second wife and widow of the late cattle magnate.

FORT WORTH POSTAL RECEIPTS FALL AWAY

FORT WORTH, June 16.—Postal receipts of Fort Worth for the month of May slumped lower than they had been since September, 1921.

This was due to the beginning of the oil fraud trials and the issuance of fraud orders against oil promoters by the postmaster general, it was believed.

The May receipts totalling \$110,194.60 were \$83,850 less than the receipts for April; \$122,710 less than the peak month of March and \$60,771 less than those for May of last year.

STAMBOULISKY REPROACHES MEN WHO BETRAY HIM

Former Premier of Bulgaria, Bereft of Power, Finds Friends Gone.

LONDON, June 16.—"You betray me the same as Judas betrayed Jesus."

With these words, Alexander Stamboulisky, fugitive premier of Bulgaria, surrendered to a force of peasants formerly regarded as his friends. A few hours later he was lying dead, riddled with bullets from the rifles of his own followers who were trying to rescue him. Details of his last moments reached here in dispatches today.

Stamboulisky is reported to have aspired to be king of Bulgaria in place of Boris and this was one of the reasons that monarch aided those who overthrew him. After the coup against Stamboulisky, the latter fled with a small bodyguard and attempted to raise troops in villages through which he passed in the hope of getting a sufficient force to march against Sofia. He was unsuccessful and driven into concealment. Emerging disguised as a merchant, he entered Golak. The mayor, he had thought his friend, recognized him and summoned a guard of peasants whom Stamboulisky had also thought his friends.

TEACHERS ARE ASKING FOR THEIR MONEY, SAYS HAGAMAN TO BOARD

"Teachers are writing me and asking when they are going to get their pay," said M. H. Hagaman, secretary of the Ranger independent school district at a board meeting yesterday. "Mr. Clewell has blocked the loan at the Ranger State bank by going there and asking that it not be granted."

"I went to Mr. Dodson and Mr. Thurman and asked them not to give any loans while the court injunction was in effect," H. E. Clewell explained.

"Well, the board can't get any loan with that understanding at the bank," Mr. Hagaman said.

V. V. Cooper, president of the board, took a hand in the controversy by saying that the board by resolution, authorized two members, two weeks ago, to negotiate the loan.

Mr. Hagaman and Mr. Cooper differed as to the purpose, following dismissal of the injunction, to resume negotiations for the loan of \$3,000 to pay the balance owed teachers on their salaries.

Thus the matter stood when the teachers' pay discussion stopped.

BEAUMONT HOPING TO HAVE NEW RAILROAD

BEAUMONT, Texas, June 16.—Beaumont is soon to have a new railroad, which will bring new business and new opportunities to the city.

A party headed by R. C. Duff, president of the new line, recently left Livingston to survey the proposed route from that point to Beaumont. It is intended, also to gather data required to support the company's application to the interstate commerce commission for authority to build the line.

It is planned to connect Waco and Beaumont. This will open a new trade empire for Beaumont and furnish an outlet for trade exports from the cotton belt.

JOHN M'PARLAND, PRESIDENT TYPOGRAPHICAL UNION, DIES

INDIANAPOLIS, Ind., June 16.—John M'Parland, president of the International Typographical union, died here today of heart trouble following an attack of influenza. He was 55 years of age.

BIBLE THOUGHT.

WAY TO LIFE—He hath showed thee, O man, what is good; and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God.—Micah 6:8.

THE RIGHT CLOTHES FOR HOT DAYS

Copyright 1923 Hart Schaffner & Marx

Keeping cool and looking stylish at the same time is the well dressed man's big problem over a large section of the United States for two or three months each year.

No one wants to sacrifice too much in the way of comfort for the sake of style; no one wants to give up all style for the sake of comfort. The effort to keep cool has resulted in experimenting with a lot

of fabrics—linen, cotton, silk—and all have been found wanting in one particular or another. Some are too difficult to tailor; degenerate into shapeless bags on a hot day; run up the cleaning bills to prohibitive figures.

The best solution of the problem seems to lie in the light-weight woollens—Dixies Weaves and Tropical Worsteds. They tailor nicely, keep

their shape well and do not have to be sent frequently to the cleaners. They are so woven as to admit the passage of air, and as a result are actually cooler than closely woven cotton fabrics. Leading clothiers everywhere are unanimous in their statements that the vogue for clothes of cotton, linen and silk is rapidly giving way before the light-weight woollens.

"All a Joke," Says Youth About Peggy Marsh's Banter

By United Press
 NEW YORK, June 16.—The reported engagement of Peggy Marsh to Thomas B. Wells, son of a Minneapolis millionaire is "all a joke," the youth said today.

Wells arrived late yesterday on the steamer George Washington, but a wireless command from his father sealed his lips. Fred B. Wells, his father, awaited his son at a hotel.

Wells admitted he was with Peggy when she announced the engagement. "It was mere idle banter in a Paris restaurant," he said. "We were joking. It was just a joke."

AIRPLANE HOPS OFF ON ITS TRIP TO TEXAS

By Associated Press
 BELLVILLE, Ill., June 16.—The army airplane enroute from Selfridge Field to San Antonio, Texas, left the Scott field, near here, about 7 o'clock this morning, for Pittsburg, Kan., where a stop will be made for gas and oil. The next jump will be to Dallas, where the aviators will spend the night, going on to San Antonio tomorrow.

RAILWAY SHOP HELPERS AND APPRENTICES GET INCREASE

By United Press
 CHICAGO, June 16.—The New York, Chicago and St. Louis and Lake Erie and Western railroads today notified the U. S. Labor board that the pay of mechanic helpers and apprentices had been advanced three cents as of June 1. The San Antonio and Arkansas railroad announced a three-cent increase for mechanic helpers and apprentices and two cents for car cleaners as of June 15.

VISITOR IN RANGER SAYS HE WILL RETURN AGAIN

I. H. Buzard, who has been spending the last four months in Ranger, will leave Sunday afternoon for his home in Hot Springs, Ark. He came to Ranger from Pennsylvania for his health and has been the guest of his daughter, Mrs. John Dunkle, and other relatives here.

Mr. Buzard said he had grown very fond of Ranger and is planning to return here to spend the winter. He said he believed Ranger to have a very promising future.

ONE PLEADS GUILTY TO RECKLESS DRIVING CHARGE

H. D. Wooley of Cisco and Oliver Curtis of Eastland were arrested this morning by Officer Jim Daniels charged with reckless driving. Wooley pleaded guilty and was fined \$15.70. Curtis was released by the chief. The men were arrested on Commerce street at 2 a. m.

NEW YORK BROKERAGE HOUSE FAILS, DEBTS BALANCING ASSETS

By United Press
 NEW YORK, June 16.—Knauth, Nachod & Kuhne, brokerage house and member of the New York Stock exchange, failed today. The firm had been in business for 70 years.

Other recent Wall street failures have affected houses on the curb and consolidated exchanges, but the New York Stock exchange has not been involved heretofore. An involuntary petition in bankruptcy has been filed against the firm in the United States district court and Middleton S. Borland named receiver under \$50,000 bond.

The bankruptcy petition alleges debts aggregating about \$11,000,000 and declares the firm has assets composed of stocks, bonds and other property to the value of \$11,000,000, thus balancing liabilities. Recent weakness in the oil securities is attributed to heavy selling for account of this firm, which was most active in that line.

NAVY OFFICIALS SEEK ARREST OF PERSONS WHO FIRE ON BALLOON

By United Press
 WASHINGTON, June 16.—Theodore Roosevelt Jr., assistant secretary of the navy, today asked Governor Morgan of West Virginia to co-operate with the department to capture the persons who fired on a navy balloon as it passed over West Virginia several days ago.

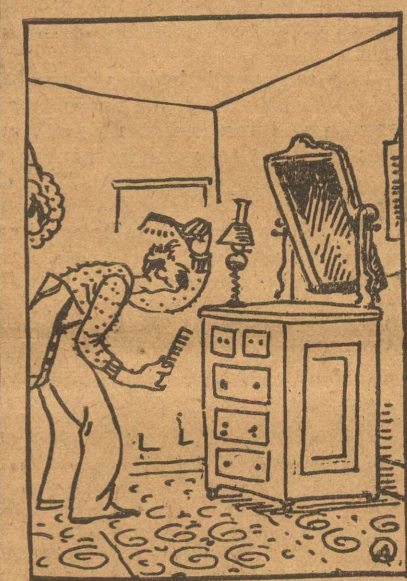

The balloon's bag was punctured by the shots but the crew made a safe landing. The men who did the firing disappeared.

Roosevelt wrote Governor Morgan that it was serious matter and the practice had been repeated. "It is as much of a crime to fire on a balloon as it is on a train or an automobile," he wrote the governor.

RANGER SNAPPERS READY TO TAKE ON BRECKENRIDGE

Manager Carl Snapp reports his men in excellent shape for the game tomorrow afternoon with the Snowden & McSweeney company ball team of Breckenridge at Municipal park. Snapp has several pitching choices but hasn't yet decided who he will start.

DOG HILL PARAGRAPHS
 By GEORGE BINGHAM

A dresser with a mirror in it has been installed in the rooms at the Tickville hotel, but as usual the mirror does not set right and in using it the guest has to either rear back or stoop down to see himself in it.

Jefferson Potlocks says some persons have funny ideas about things. Clab Hancock has tried to argue him into believing that a pound of feathers is as heavy as a pound of lead.

Luke Mathews has been making trips on the railroad off and on for many years and says he always did cherish the ambition to be the first person to see somebody buy one of those glass candy pistols from the news-butche, but that he is getting old now and has about given up in despair.

Collapse of Oil Tank Spreads Fire, Trapping Firemen

By Associated Press
 PITTSBURGH, Pa., June 16.—Scores of city firemen were believed trapped early today in the yards of the Atlantic Refining company at Lawrenceville, when a storage oil tank that had been burning since yesterday collapsed suddenly and sent burning oil flowing through the yards and into the streets for about two squares.

The fire was started yesterday when lightning struck one of the oil tanks. Thousands of barrels of oil and gasoline were consumed and also several buildings. James Graham, fireman, was seriously injured by a falling wall. The total damage is estimated at about \$500,000.

A number of persons watching the progress of the fire were burned when caught under showers of burning oil. Firemen were trapped in the storage yard near the tank when, without warning the base of the container sank and a moment later the yard was in a sea of flames. Firemen trying to rescue those who had been trapped were unable to get into the yard because of the intense heat of the burning oil.

FIREMEN ESCAPE FROM SEA OF FLAMING OIL

By Associated Press
 PITTSBURGH, June 16.—Firemen were trapped by flaming oil this afternoon, when one tank collapsed and several others exploded, succeeded in winning their way to safety through a flaming sea of oil. Fire department officials said no firemen were missing.

A score of persons injured, suffering from burns, cuts and bruises, have been removed to hospitals. The list of injured included five oil experts from the Franklin, Pa., works. They were at a tank when a seam opened, deluging them with oil. They were rescued by firemen and rushed to a hospital.

Flaming oil was running into the Allegheny river and into a plant adjoining storage tanks. The river situation became so threatening that workmen were ordered to throw up a dirt levee on the banks to prevent the flow of the flaming oil.

GANG OF BANDITS TERRORIZE KANSAS TOWN

By Associated Press
 TOPEKA, Kans., June 16.—After terrorizing the town of Circleville, 40 miles northeast of here, for fully an hour early today, a gang of bandits blew open a safe in the Farmers State bank and made their escape in an automobile. Officials of the bank said they had taken away \$2,500 in cash and \$2,500 in liberty bonds.

Robbers entered the town about 3 o'clock this morning, cut all telephone and telegraph wires and then proceeded to drill into the walls of the bank. They set off a burglar alarm which brought out the citizens, but while part of the gang worked in the bank the others stood guard and fired numerous shots to frighten away anyone who approached and also fired at houses in which lights appeared.

WARNING, MERCHANTS

SPORTS

JIMMY REMINDED OF TOUGH YEAR FOR CHAMPIONS

By HENRY L. FARRELL, United Press Sports Editor.

Jimmy Wilde, the great, little Welsh fighter, may have it in mind when he goes into the ring this afternoon against Pancho Villa, the Filipino, that it has been a tough year on champions.

Villa may recall it, also, as the former American flyweight champion was one of the several champions who joined the "formers" in the last 12 months.

Jack Britton, Harry Greb, Johnny Kilbane, Battling Siki, Carpentier, Johnny Buff and several European champions were removed from the list in one succession of big upsets.

Wilde is a veteran and he has no doubt slumped. He has been out of the ring since Pete Herman knocked him out, two years ago, and there are numerous examples to prove that fighters have to fight to keep themselves in shape.

When he was in form, Jimmy Wilde was a most efficient fighter. Many believe him to have been the greatest of all fighters at his weight. Perhaps he is yet, and if he knocks out Villa, he will prove it.

Villa has been beaten three times by Frankie Genaro, but he has never been knocked out. He is a great little fighter, and he will give Wilde more fight than the little Englishman has ever been called upon to take from an opponent of his own size and weight.

From the waist up, Wilde is a bantamweight. He has big shoulders and unusual arms for a little fellow. He has a good wallop and, like all the English boxers, he is clever.

Villa has an opportunity to put the fight lawyers to work figuring out the situation if he should beat Wilde and win the title.

Villa would be the world's flyweight champion and a fighter who stands on the books second to Frankie Genaro, the American champion.

The only way to settle the argument would be to match Villa and Genaro again, but Pancho would hardly take any chances on his world's title.

Genaro should have had the first crack at Wilde, but he is not a colorful fighter like Villa and is no "card."

"Cards" draw the customers and make the money for the promoters.

Today's venture is the second made in fight promotion by Charles A. Stoneham, owner of the Giants. And it may be the last. The Kilbane-Criqui fight cost Stoneham \$50,000, and there was no wild excitement preceding this fight.

CITIZENS OF SHELBY RAISE FUND TO PAY DEMPSEY GUARANTY

By United Press

SHELBY, Mont., June 16.—Citizens of Shelby went down into their pockets last night and, according to announcement today, raised \$100,000 with which to make the second payment on the guaranty to Jack Dempsey and save the Dempsey-Gibbons fight from being abandoned for lack of funds.

Mike Collins, manager of the bout, said the necessary guaranty fund had been raised and he would take the money to Great Falls today and hand it to Jack Kearn, the champion's manager.

ONE-TIME RICHEST MAN IN MEXICO DIES POOR

By Associated Press

EL PASO, June 16.—Gen. Luis Terrazas, once one of the greatest cattle kings and land owners in the world, who at the height of his fortune is said to have been worth \$40,000,000, died at his home in Chihuahua City Friday.

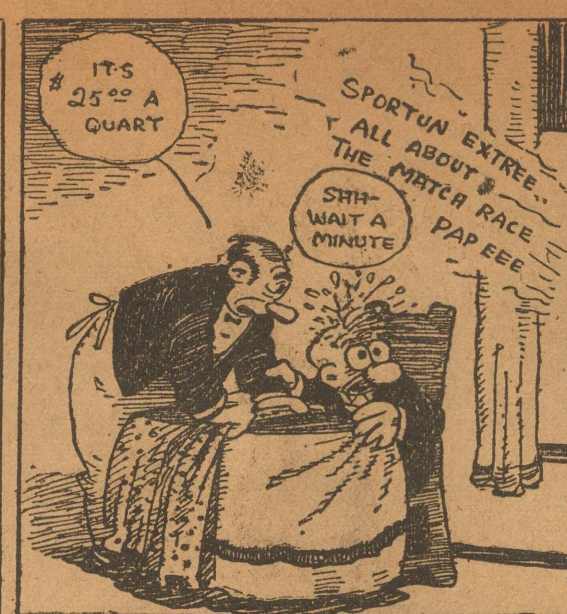

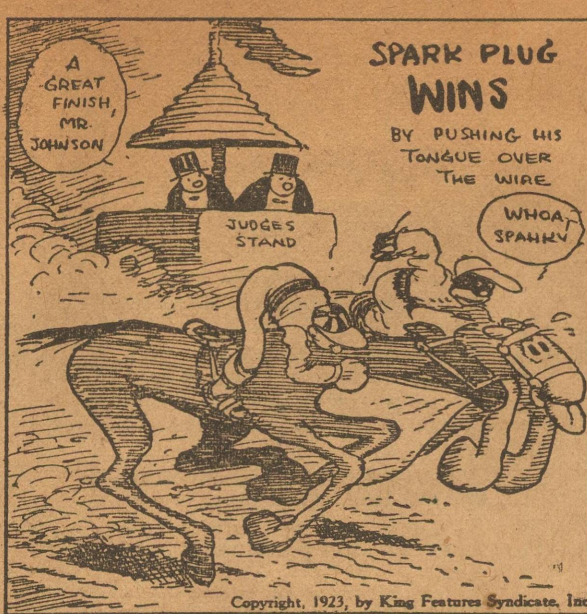

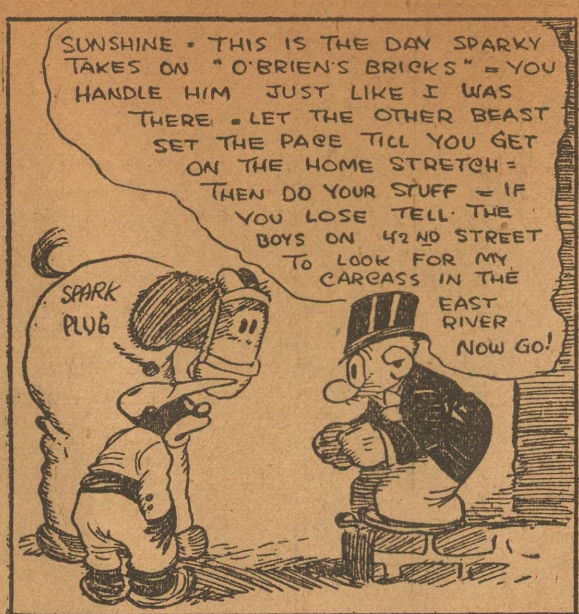

General Terrazas lost almost all his fortune in the Madero and Villa revolutions beginning in 1911. The climax to his ill fortune came when Villa, commanding at Chihuahua City, confiscated the Terrazas estates.

FORMER CHAMPION RECOVERING EYESIGHT

Former bantamweight champion Pete Herman, shown here with his little daughter in his home in New Orleans, La., is rapidly recovering his eyesight. In a fight two years ago with Midget Smith, Herman became totally blind as a result of blows in the face. After the game fight of his career, he is slowly recovering and hopes to be able shortly to become manager of a stable of prize fighters. His boxing days are over.

TOM GIBBONS NEVER FLOORED IN RING CAREER

ST. PAUL, June 16.—When Tommy Gibbons of St. Paul enters the ring at Shelby, Mont., July 4, to meet Jack Dempsey in a 15-round decision contest, he will carry with him a rare boast for a fighter of his experience—he has never been knocked off his feet.

In 10 years of his professional career, the St. Paul challenger has successfully withstood all efforts to knock him out, or even down, while he in turn has counted 30 knockouts in his last 34 bouts.

It was back in 1913 that Tommy counted his first knockout, flooring Johnny Shaw in the third round.

Punch Sends 'Em Down

For several years Gibbons was merely a successful boxer and it was not until 1921 that he began to show a punch that sent opponent after opponent down for the count. It was the start of his successful march toward a championship bout.

Gibbons won 20 straight contests via the knockout route, then was outpointed by Harry Greb in a 15-round bout in New York, in March, 1922, which went to Greb on the referee's decision and with it the light heavyweight title Gibbons was striving for.

In the list of knockouts that preceded the Greb affair, there were such names as Al Reich, Tony Melcher, Clay Turner, Jack Herman, Willie Meehan and others who lasted less than one round. Paul Sampson, Jack Clifford, and others succumbed

to his driving punch in a few rounds. Gets More Knockouts.

Since the Greb bout, Gibbons has come along with more knockouts and decision victories. In his last encounter he met Chuck Wiggins, no mean portion in the light heavy division, and Gibbons floored him six times before the referee stopped it in the tenth round.

Financial reward, at least immediate had little to do with Gibbons' eagerness in signing with Dempsey. The title bout has been his ambition for three years, and before he comes into the money at Shelby, the paid attendance will have to climb beyond the \$300,000 mark. For his end, Dempsey is assured of \$300,000, regardless of the attendance.

GOLFERS FIND STEEL-SHAFTED CLUBS SUITABLE

Some Associations, However, Bar Use of Them in Tournaments.

Special to the Times.

NEW YORK, June 16.—With thousands of people the country over using steel shafted clubs the need for a more liberal as well as common sense interpretation as to what constitutes a golfer's proper equipment becomes increasingly apparent. With in the last fortnight two organizations, the Metropolitan and the New Jersey Golf associations, both loyal to the U. S. G. A. went so far as to issue warnings to the effect that the use of the steel shafted clubs would not be allowed in their events.

It was practically the same at the Westchester County championship, though A. J. Mendes, who started in the qualifying round at Sleepy Hollow, did not realize he had disqualified himself until after the completion of the round when a notice tacked upon the bulletin board was called to his attention. Mendes, who had just turned in a card in the low 80's had the following to say:

"You ask why I prefer to play with steel shafts. Well, for several reasons, but one in particular is inability to secure decent hickory. In three months' time I had five wooden shafts put in a club and every one broke. Experiences such as that try one's patience and is it any wonder I began looking for a remedy. Right now five of the eight clubs in my bag are steel shafted and they are surely satisfactory.

"No, their use does not make it possible for a person to perform miracles. My scores average about the same as they did when I used nothing but hickory. The knowledge, however, that the steel weapons stand up; are the same today as they were yesterday, and will be the same tomorrow, or a month from tomorrow, adds to the enjoyment of the round. We play golf for recreation and its health giving environment, and to be handicapped by senseless restrictions seems to me to be most unfair."

The experience of Mendes has in a way been duplicated by others. H. C. Chapman, of Greenwich after completing his round in the medal play test of the Garden City invitation tournament last month, was shown the notice barring steel shafts. His contention was that it is no longer possible to procure satisfactory hickory; that is for the average golfer. The stars, apparently, have some inside track whereby they can get well seasoned wood. If everyone could be so fortunate, he believes the demand for a change would not be nearly so insistent.

After all, golfers need not worry themselves thin over this competitive ban. Of the 2,000,000 odd devotees in America, the percentage of tournament players is so small as to be inconsequential. No matter in what section it may be, it is the same—certain so called regulars whose faces are familiar, appearing almost always in the usual tournaments.

For these few, having to have two sets of clubs might entail more or less inconvenience. Occasionally a man enters a state championship happening to be held in his vicinity. It may mark his only competitive appearance of the season, as was the case with one of the contestants in the New Jersey meeting at the Essex County Country club. Paul Downing, vice president of a large trust company, after losing in one of the match rounds, declared with a sigh of relief, "That's over with. Now I can go back to my steel shafts."

WOODSON IS ACQUITTED OF PERJURY CHARGE

HILLSBORO, Texas, June 16.—W. W. Woodson, banker of Waco, today was acquitted by a jury of a charge of perjury in connection with his testimony before a grand jury investigating affairs of the First State bank of Malone, which was closed recently by the state banking commissioner.

SURE IT DOES GOOD

Theford's Black-Draught Liver Medicine (Vegetable) Praised by the Head of a Louisiana Family.

Lake Charles, La.—"I don't know what we would have done had we not had Black-Draught. It sure is one of the best medicines made, and am sure the best liver medicine," said Mr. Henry Garrett, of this city.

"My whole family uses it," continued Mr. Garrett. "My wife says she believes she kept off the flu by taking doses of Black-Draught regularly."

"I, myself, use Black-Draught for indigestion, and it is fine."

"We used pills and tablets and other laxatives, but they never seemed to do us good, but the Black-Draught sure has, and it has come to our house to stay. We give it to our daughter for headache and torpid liver."

"I am glad to recommend anything that has been the help to my family that Black-Draught has."

"My present health is good. Have two boxes of Black-Draught in the house now."

If your liver gets out of fix, take Black-Draught. It will help to drive the bile poisons and other unhealthy matters out of your system.

PRETTIEST VANDERBILT HEIR TO WED

Catherine Vanderbilt.

Miss Catherine Vanderbilt, of New York, fairest of all the noted Vanderbilt heiresses probably will be wedded in midsummer at Newport to Harry C. Cushing, member of a prominent New York family. Their engagement was announced recently by Mrs. Sydney J. Colford, mother of the bride-to-be.

OPPORTUNITY FOR OWNERSHIP

Printing was invented in the first half of the fifteenth century. Few books were to be had even after that time, other than in manuscript. Owing to its bulk, it was very difficult to secure a copy of the Bible. To own one meant an enormous outlay for that period. So the masses of the people were obliged to rent a manuscript and pay for it by the hour. It is said that a load of hay was the price for rental for one hour a day, and that it was not so easy to get the one hour. People then, as now, were eager to read the Scriptures, but to do so they had to make many sacrifices. Many have paid for it by imprisonment, and some with their lives. By contrast, what opportunities we have today. There is no restriction on reading, the world is full of books, and the very best and greatest of them is within immediate reach of everybody who reads this paper. Whether we approach it devoutly, or whether we desire it as a specimen of the finest literature, almost for the asking we can own one of the best editions of the Bible ever printed. For three coupons cut from this paper, daily, and a very small sum the Big Print Red Letter Bible is yours. See another column for offer.

HOSPITAL NOTES

W. C. Powell of the Southern Ice and Utilities company is confined at the Ranger General hospital with an infected leg sustained in his work.

Mrs. P. A. Oberholzer returned to her home yesterday following an operation at the Ranger General hospital.

Mail Orders: Send amount for Style A or Style B, with three of these coupons, and include 13 cents additional for postage, packing and insurance.

A Chance for Every Reader to Get a New Bible

WHO WROTE MUSIC FOR 'HOME, SWEET HOME?'

"Musician," in a letter to the New York Sun, pleads for recognition for the man who wrote the melody of "Home, Sweet Home," as well as for the man who wrote the lines.

"A few nights ago," writes "Musician," "the chairman of our Men's club asked that we sing one verse of 'Home, Sweet Home.' Just one person in the audience knew the words, and they were the first two lines of the hymn: 'Mid scenes of confusion and creature complaints,' which is set to the same tune. Of course, everyone know the tune which would probably be just as popular if set to 'Jingle Bells,' or any other words.

"Who is there to say a kind word for Bishop, who wrote the lovely melody, thereby making the poet Payne famous? Honor to whom honor is due."

IT COSTS MONEY TO HAVE POLICEMAN LEAVE CARD

DALLAS, June 16.—Dallas policemen now have calling cards—at least one resident here thinks so.

Judge Crawford was recently stirred from his usual staid calm by this announcement from one of the customers of the etashrdluetatimbhhbtomers in the city court: "Judge, here's Policeman Abner's calling card."

The judge awoke with a start. "Since when did his officers begin using calling cards?" Then noting the red color of the bit of cardboard he recovered his balance and assessed the bearer the usual three dollars for violating the parking ordinance.

"Did the doctor know what you had?" "Seemed to have a pretty good idea. He asked for ten dollars and I had eleven."

NOTED SURGEON OFF FOR VACATION ABROAD

Dr. Alexis Carrel.

Dr. Alexis Carrel, of the Rockefeller institute, has left New York on the steamship Paris for a two months' vacation at his little villa in Brittany, France. He has earned it, for he has labored unremittingly for years in the interests of humanity. Dr. Carrel is one of the world's most famous surgeons and is a former winner of the Nobel prize for medicine.
