## COOLIDGE STRONG FOR LAW ENFORCEMENT

### Zev, American Three-Year Old Defeats Papyrus of England

#### TEXAS LEAGUE WOMEN VOTERS LOOKING AHEAD

Would Obtain Mastery of Political Party Machinery and Achieve Power.

SAN ANTONIO, Oct. 20.—Mastery of political machinery by women and the method by which women are to share equally with men in the operation of that machinery, are to be the paramount issues before the fourth annual convention of the Texas League of Women Voters meeting here, Oct. 22-26, according to the call of Mrs. Jessie Daniel Ames, of Georgetown, president.

Many phases of woman's present day status, especially her position in the eyes of the laws of Texas, are to be thrashed out in the convention, which is expected to draw representatives from every county in the state.

Mrs. Ames points out that the objects of womanhood can best be obtained at present only when "men and women get together and take over the machinery of party politics and learn what makes the wheels of government go forward—and backward."

This party machinery, she declared, must become "an open book from the pages of which all women may read the fundamental lessons of social welfare before we can hope to establish ourselves as informed and intelligent citizens."

**Factor in Government**  
"For four years," said Mrs. Ames, "women of Texas have been a potential factor in the government of our state. During these years we have striven for great social reforms with varying success. In the beginning our minds and our sympathies were stirred with a determination to right the wrongs affecting the women and the children, knowing that nothing could be done for their advancement without advancing the cause of the nation. Experience has brought us to the realization that though our cause be ever so noble, something else is required of us. We are learning that social welfare must for a time be a secondary consideration if we would win its rightful place of major importance for all time. World peace for the heart of womanhood cries out, and the abolishment of child labor from the United States, can never be accomplished until men and women get together and take over the machinery of party politics and learn what makes the wheels of government go forward and backward."

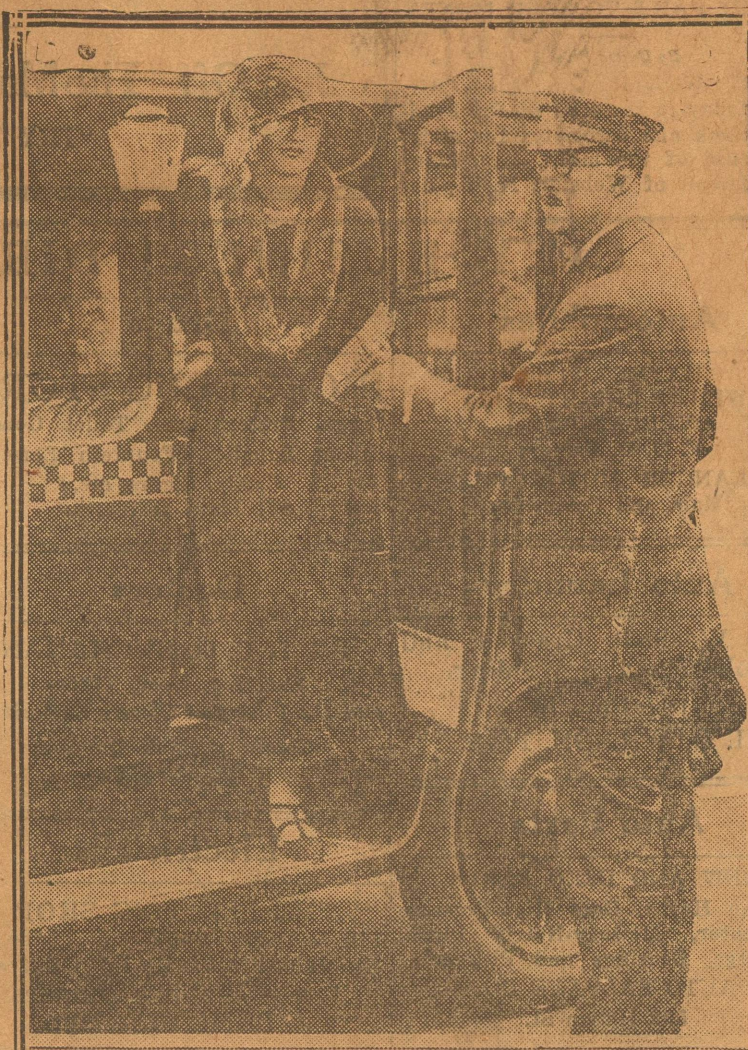

Carrying out this idea of acquainting the women with the intricacies of party machinery and government, the program will be devoted mainly to talks on these subjects. Among the addresses will be one on "Efficiency in Government," by Miss Mary E. Jage, of Denton. Mrs. George Priehard of Edinburg will speak on "The County, the Basic Unit in National and State Government." Mrs. Ames will make an address on "County Government and Party Machinery."

**Among the Speakers.**  
Other speakers on similar subjects will be: Mrs. Emily Newell Blair, vice president National Democratic executive committee; Mrs. A. N. McCullum, Austin; Mrs. Harriett Taylor Upton, Washington, D. C.; Miss Katherine Ludington, treasurer, National League of Women Voters; Mrs. Lena Dillard Gardner, Fort Worth; Mrs. O. A. Crichett, El Paso; and Mrs. W. C. Gibson, Hillsboro.

The women will bring to their assistance a number of men speakers. Judge Ocie Spear of Fort Worth, will talk on "Property Rights of Married Women." Dr. W. P. Horn, president of Southwestern university, and a member of the state educational survey commission, will talk on "Taking Stock of the Educational Situation in Texas." H. J. Luster Stark, of Orange, national vice president of the Rotary club, will speak on "The Responsibility of Lay Organizations to the Educational Survey."

A report of the Sheppard-Towner maternity work in Texas will be made by Dr. H. Garret. Senator Morris Sheppard will talk on "International Co-operation to Prevent War."

#### MILLIONAIRE'S SON DRIVES TAXICAB

Francis O. French and fare.

Francis O. French, Harvard graduate, son of Amos Tuck French, of New York, Tuxedo Park and Paris, cousin of William H. Vanderbilt, and former Wall Street broker, is earning a living by driving a taxicab in New York, at \$50 a week. He lost his own fortune in Wall Street. French is shown here opening the door for his first "fare."

#### OKLAHOMA LULL PRESAGES STORM SOON TO BREAK

By United Press.  
OKLAHOMA CITY, Oct. 20.—With both houses of the legislature adjourned to Monday, committees were working today to wind up the various phases of the Walton administration investigation. It is believed that the first draft of the committee findings will be laid before the house Monday afternoon.

The prosecution of state officers who interfered or tried to stop the balloting at the special election will be started at once, it is stated. By a vote of 88 to 2, the house instructed Attorney General Short to initiate proceedings immediately.

Two members have been appointed to investigate conditions in the legislature, following the disappearance of letters from the desk of the senate postmaster yesterday. In a resolution offered Friday that was placed on the calendar for future action, E. P. White charges that klan members in the house are employing passwords and signs on the floor of the house to solidify their vote on various questions.

#### WITNESSES BEFORE HOUSE COMMITTEE MUST TELL TRUTH

OKLAHOMA CITY, Oct. 20.—Perjury charges against several witnesses who have appeared before the house committee investigating the administration of Governor Walton will be placed in the hands of the grand jury, according to Chairman Disney of the committee. The names of the witnesses have not been made public.

Three newspaper men were questioned today relative to the governor's alleged "shoot to kill" order issued before the house attempted to meet Sept. 26 on a call by Representative McBee of Stephens county in defiance of the governor.

C. J. Wrightsman, chairman of the board of regents of the University of Oklahoma and a widely known oil man, is under summons to appear before the committee.

#### Race Is Run For Purse of \$100,000. Zev Runs Mile and One- Half in 2:53 2-5, Fin- ishing Five Lengths Ahead.

By United Press.  
BELMONT PARK, N. Y., Oct. 20.—Zev, Sinclair's great 3-year-old colt, scored an impressive triumph for American turfdom today, defeating Papyrus, rated as the best English 3-year-old, by five lengths in an international race for which a purse of \$100,000 had been put up. Zev's time for the mile and one-half was 2:35 2-5.

The victory of the American colt was greeted by cheers from about 70,000 spectators, one of the largest crowds ever seen at any race in this country.

#### WHITE SLAVE TRAFFIC RING LEADERS SEIZED

Enticing German Girls to Be Sold in America Is Charged.

HAMBURG, Germany, Oct. 20.—Two men thought by the police to be master minds in a white slave traffic ring, have been arrested, following interception of a letter which reads:

"Five girls have arrived safe on the way to New York. The harbor at Hamburg is full of police. The girls were brought aboard with great difficulty. Two nearly betrayed us by their crying, but chloroform works well."

"Bill has been arrested and Johnny has taken his place. He will deliver the girls to the Blue Bird in San Francisco."

"If you have more merchandise, bring them to the Hamburg girl market. A check follows."

Kornelius Ritter is held at Emmerich and Charles Frank at Siegen. The police have been watching them and several others in an effort to stop the shipment of German girls to America in the white slave traffic. One man was arrested in the act of trying to persuade a girl to go to Holland, promising high pay and easy work. He confessed that, working in conjunction with a Hollander, he had enticed 50 German girls from their homes in the last few months and sent them to Holland. Girls between 16 and 18 years of age are especially in demand.

#### Breckenridge To Combine Fire and Police Chiefs

BRECKENRIDGE, Oct. 20.—The offices of the chief of police and chief of fire have been combined by Mayor C. H. Fulwiler, who announced that it was done in the interests of efficiency. He said:

"As cities like this grow and prosper and get settled down to normal life, there is a need for consolidations and changes for efficiency and economy in civic affairs and we are trying to make such changes from time to time as will make our income from city taxes go as far as possible. This consolidation will save the city about \$2,500 a year."

There are only two policemen on the Breckenridge force now. Chief of Police George H. Deason will serve to Nov. 1, after which Chief of Fire R. R. Smalley will be in charge of the police department as well as the fire department. Deason has been police chief for four and one-half years.

#### FRANCE BLAMED BY GERMANY FOR HUNGER PLIGHT

Note Sent to 23 Nations Accusing Neighbor Country of Hurtful Act.

By United Press.  
BERLIN, Oct. 20.—Germany today sent a note to 23 nations, placing on France the responsibility for the hunger and starvation which is impending throughout Germany.

France is accused of having made it impossible for Germany to regulate the situation in the Ruhr. It is claimed that Germany has done her utmost to restore economic conditions in the Ruhr, but without results. The note pictures Germany's immediate future in the darkest colors.

#### Von Losow Recalled From Bavaria By German Dictator

BERLIN, Oct. 20.—The situation with regard to Saxony indicates a temporary abandonment of the tension of the last few days. The Berlin government continued its activities there merely so far as requiring the police to suppress rioting.

The recall of General Von Losow, commander of the Reichswehr in Bavaria by Dr. Gessler, military dictator, was confirmed by the ministry of defense. Von Losow's failure to act in accordance with orders by the ministry of defense, in which he was encouraged by the Bavarian dictator, Dr. Von Kahr, incensed President Ebert and Dr. Gessler, and they felt that army discipline would be menaced if they permitted Von Losow to flourish there further.

#### UNEXPLAINED MURDER NEARLY YEAR AGO NOW IS BEING UNRAVELED

By United Press.  
SAN DIEGO, Calif., Oct. 20.—Mrs. George E. Schick named E. W. Clark, his wife, Mrs. May Clark, and herself in a forgery conspiracy against her late husband, George E. Schick, according to District Attorney Keppler, who said today that Mrs. Schick had given him a statement containing a full and complete confession of circumstances surrounding the murder of her husband.

"Mrs. Schick has made a confession involving all three in the forgery and has given information that may lead to the finding of Schick's body," said the district attorney. But he added, "we are not sure that we can find the body."

Mrs. Schick was arrested several days ago on charges of forgery in connection with the disappearance of Schick, who has been missing since early last February. It is alleged Mrs. Schick obtained possession of her husband's property by forgery.

#### INSECT PESTS FOLLOW DESTRUCTION OF BIRDS, NATURALIST DECLARES

AUSTIN, Tex., Oct. 20.—The same means of transportation the professional hobo employs to migrate from place to place is employed in many cases by the army of insect pests which prays upon plant and tree life, according to J. M. Del Curto, of the Texas state department of agriculture.

Disease spreading pests are, in many senses of the word, the hoboes of the insect kingdom, Mr. Del Curto said in discussing the rapid spread of plant and tree diseases, explaining that the railroads and other common carriers afford insects an easy means of spreading.

Civilization, by crushing out many of the natural benefactors of mankind, such as the birds, has brought upon itself a burden which was practically unknown in the days of the forefathers, in Mr. Del Curto's opinion.

#### MISTAKE IN THE DATE HOUSTON, Oct. 20.—"Thirty days has September—"

Still—Lena, wife of the Rev. J. M. P. Gilbert, negro minister, alleges that "on Sept. 31, 1923" he cursed, abused and assaulted her, in a petition for divorce filed here.

#### Dr. Lauderdale Flies To Guthrie When Flood Waters Stop Train

Dr. T. L. Lauderdale was called to Cushing, Okla., last week by the death of his mother. On arrival in Fort Worth, he found no trains running on account of floods in Oklahoma, so went to Guthrie by airplane, and from there to Cushing.

From Oklahoma he went on to Chicago to attend the clinic of the American College of Surgeons and will be away about two weeks.

#### HAND SHAKING OBJECTED TO AS NOT SANITARY

Kansas Physician Proposes a Campaign Against It; Likes Chinese Method.

By United Press.  
TOPEKA, Kan., Oct. 20.—A national campaign to eliminate handshaking is being fostered by Dr. S. J. Crumbrine, former secretary of the Kansas board of health. Crumbrine started the movement which resulted in the banning of the common drinking cup, the roller towel and he "originated the 'swat the fly' slogan."

Dr. Crumbrine's campaign against handshaking will be more sensational than previous campaigns, his friends say.

"Diseases are transmitted through handshaking," says the doctor, who is an officer of the American Child Health association, with offices in New York city. "The most difficult diseases to control are those of the nose and throat and they are often transmitted through the handshake. The only people not handshakers are the Chinese. They have a custom of standing still when meeting with their friends and each grasps his own hand while bowing profusely to the other."

#### Editor White Puts Finger On Failure Of Enforcement

By United Press.  
EMPORIA, Kan., Oct. 20.—America will be "shot-mouth deep" in booze unless the president declares that in the appointment of federal enforcement agents in states of wet senators, he will ignore the senators, William Allen White, editor of the Emporia Gazette, declared here tonight.

White has just returned from New York and Washington, where he upheld the contention of Governor Pinchot of Pennsylvania in the enforcement prohibition controversy that the federal government is to blame for the present condition.

**Connives At Failure.**  
White said: "Give the wet senators the postoffice, bank examiner, revenue collector and custodian of life and property but don't put in his hands the enforcement of laws, he disbelieves in, connives at its breakdown and too often profits at this connivance."

In speaking of the statement made by Senator Moses of New Hampshire that the Volstead act is a jackass statute, the noted editor said: "Federal law enforcers for New Hampshire are appointed by the recommendation of Senator Moses. They are in the nature of things of the same belief as he is that the Volstead act is a jackass statute. These forces are charged with stopping the leaks on the Canadian line."

**Howl or Bray.**  
"Believing as they do, encouraging as they do that the Volstead act is a jackass statute, men like Senator Moses blatantly howl at the law. How can they find the moral courage to stop the leaks into United States when they can make \$10,000 to \$50,000 for their negligence?"

"Suppose the communists had the appointment of men in enforcing the prohibition law against confiscating property without due process of law? Would property be any safer in the United States than prohibition in New Hampshire?"

"If the law is not enforced in wet states, it is because the enforcers are appointed by wet senators."

#### GOVERNORS ARE READY TO AGREE TO HIS PROGRAM

Three Only Prove Fractious, but All Others in Accord With President.

By United Press.  
WASHINGTON, Oct. 20.—President Coolidge today secured the adoption by the governors' conference at the White House of a sweeping seven-point program, enlisting and co-ordinating the support of virtually every official authority of the county, federal, state and municipal government in the enforcement of the prohibition law.

The adoption by the conference of the program followed an address by the president in which the chief executive emphasized that the states must adopt full responsibility for the enforcement of the law.

The program follows:  
**All Working Together.**  
Co-ordination of all state, federal, county and municipal authorities.

Call upon the press to support prohibition law enforcement and to stress law observance and treat the enforcement program commensurate with the gravity of lawlessness.

Call conventions of municipal, county and state officials at convenient times to discuss and adopt a program, the federal department pledging every support to the program.

Call upon prosecuting attorneys in various districts of the state to confer upon the program, pledging every support and aid to the district attorneys.

Impress upon law breakers and aliens the majesty of the law.

Co-operation by national authorities in all of these activities.

**Teach the Children.**  
At the suggestion of Governor Preuss of Minnesota, a seventh point was added as follows: Educate children on temperance.

The adoption of the program by the conference was a victory for President Coolidge. The seven-point program was adopted by unanimous consent, but there was no roll call.

Governor Ritchie of Maryland was fairly angry at what he declared was an attempt on the part of the president to cut short the discussion after the government had made its case.

**Three Only Appear Wet.**  
The appointment of four dry governors as members of the program committee was criticized by Governors Smith of New York and Silzer of New Jersey. They contended that the government knew of the opposition to the Volstead act in its present form and that states opposing the act should be represented on the committee.

The Maryland governor caused a sensation when he denounced the Volstead act as an invasion of state rights.

The governors of more than 30 states were in the conference at the White House today to consider methods of obtaining better enforcement of immigration, narcotic and prohibition laws.

Twenty-five governors arrived from the conference at West Baden, Ind., and about a half-dozen governors of eastern states already had reached the capital. All gathered at the White House at 2 o'clock and were guests of the president at luncheon, after which they discussed the problems before them.

#### TAKE THE QUESTION TO THE PEOPLE, SAYS COOLIDGE

WASHINGTON, Oct. 20.—The problem of prohibition must be taken directly to the American people, President Coolidge in his first address and pronouncement on prohibition, declared in his address at the White House to the governors today. At the same time President Coolidge pledged his own support to the "limit" to the law-abiding public as provided for in the constitution against lawless elements.

The president told his auditors that the means provided by congress and the state must be used to the full extent of the laws' capacity. "It is certainly my purpose to use it," he added. "This is not a political question and cannot be made one."

Speaking upon the duty of the states in enforcement of the prohibition amendment, he said, "No provision of the eighteenth amendment templates any surrender of state responsibility. We can only make progress by frank consideration. The case must not be decided by politics. These problems must be taken directly to the American people. This government is theirs. This problem is theirs."

BIBLE THOUGHT.
THE GLAD AWAKENING.—
As for me, I will behold thy face in righteousness: I shall be satisfied, when I awake, with thy likeness.—Psa. 17: 15.

NOISE AND SILENCE

The almighty dollar has a rival as the national god of the American people—the "Great God Noise," says Earle Albert Rowell, in the November Watchman Magazine of Nashville, Tenn. The worship of his blatant majesty has pervaded even the fastnesses of nature:

"From early morning till early morning civilization is a piercing shriek of whistles, a dingdong of street cars, a honk-honk of automobiles, a clamor and a clang, a hodge-podge of sounds, a carnival of din, a concatenation of clatter, a crescendo of hub-bub. The very streets are the highways of the hullabaloo. Carnivals with all their shouting, fanfare, and bobbyery, festivals with all their tinkle, jingle, and tantara through the streets. The weekly street dance, with its jangle of jazz music, is fast becoming the community institution of small town and large city. The public parade must be led by the measured roll of the drum and the fantasia of the band. The circus parade would pass unnoticed without its ever-present, ear-splitting, cacophonous callopie. The American people feel bereft if they cannot celebrate the Fourth of July by rending the skies with a thousand strident, thundering, deafening explosions ranging from the giant firecracker to the earth-shaking broadside detonation of the superdreadnaught in sham battle. Even on top of skyscrapers one is not free from the reverberation of city noises. One can hear the babble of scores of discordant sounds from the streets below; the muffled buzz; the stentorian voices of the newshoys; the clear, shrill siren of the police auto, of the ambulance, of the fire engine; the resounding roar of the staccato blasts of the unmuffled flying machine overhead. The sharp, piercing whistles of the arriving and departing trains mingle with the harsh, morning, noon, and evening whistles of hundreds of factories, mills, and manufacturing plants, filling the air with a confused jumble of combination.

"Silence, or aught resembling silence, seems to be dreaded as a dire calamity by most moderns—Almost every camp and bungalow is equipped with some noise-making apparatus that will rend the air and startle the echoes. The talking machine is taken into the forest depths and made the companion of the canoeist. The wild whispering in the trees, the sweet cooing of the birds, the rippling murmur of many waters, do not satisfy the jaded ear attuned to the dissonant, clangorous noises of the city. Any noise is preferred to the holy hush of nature. The sweet silences of the open spaces cannot be endured if it is possible to fill them with zip, hiss, and dissonance. Tourists are now importing canned music into the national parks amid the sacred glories of nature, and begin their mountain climbing to the strains of a jazz band."

Just as character and soul are sacrificed to the Moloch of money-lust, so our nerves are the offering we present to the "Great God Noise." Mr. Rowell asks.

"Why is it that we are so afraid of the silences, so afraid to be alone and continue with ourselves? Why is it that people are anxiously awaiting the time when they can carry

a radio set along with them so they may listen to something every moment of their waking time? What means this mania for noise, this dizzy delirium of sounds? Why this infatuation for frenzied racket? Is it a good or bad sign? Is it good for the mind, for the soul? There is no question but that the modern craze for noise is wrecking the nerves of men, women, and children. Anemics and neurasthenics are to be seen everywhere and are growing more numerous every day. Civilization's thousand thrills and quivering sounds are in a measure responsible."

Mr. Rowell answers his own questions by saying that the reason men prefer noise to silence is because they have forgotten God.

"Today men forget that the Lord is not in the multitudinous noises of civilization that have been invented to drown out the still small voice—How much sweeter, how much more satisfying and soothing to tired, jumpy nerves is the gentle music of the breezes in the foliage, the happy song of beautiful birds, the lulling purr of eddying waters! Here amidst the creation of God the soul can commune with its Maker. Jesus knew the distraction of the noise of civilization; He knew it was impossible to communicate with God amidst the uproar of public life—Secrecy and silence are the twin requirements of communication with God. But both are next to impossible today. One must with deliberation and intent firmly shut himself away from the Babel of modern civilization if he would hear the voice of God speaking to him—Let us leave the city with its hum, its blare, its noisy pride, and go with Jesus to our soul, where we can enter into sweet, restful, strengthening communion with our Maker. Let us leave the shouting, boisterous throng and enter the portals of nature's silent temples of grandeur where we can hear God speak to us. God is always broadcasting His love. We can best get in tune with the Infinite amidst the virgin scenes of nature."

BOMB EXPLOSION ALARMS PERSONS IN ST. LOUIS HOTEL
ST. LOUIS, Oct. 20.—Several persons were slightly injured and scores driven to the streets in their night clothes when a bomb exploded in the rear of the St. Louis hotel, near the center of the city, late last night. The impact hurled many of the hotel guests from their beds and caused many in the lobby to be cut by flying glass.

No reason for the bomb explosion has been revealed to the police.

HONOLULU AND HAWAII HEARD FROM
"After a thorough trial, and observation of other machines, including the Westinghouse, I wish to say that the Crosley Model X is giving better results than anything else that I have seen or tried; not only in Sebring, but in Tampa and Jacksonville as well. We are receiving from all the standard stations, north, east and west with the exception of the New England states; New York city, being the farthest we have received from in that direction, but have received from a station announcing themselves as Winnipeg, Canada, letters not plain, another from Seattle, Wash., and one night we received three selections and two announcements from KDXV at Honolulu, Hawaii. Sebring Garage, Sebring, Fla."

Any station can be heard on all models of Crosley set. For sale only by The Electric Shop, 115 So. Commerce street. Phone 25.—Advertisement.

Three Oklahoma Prison Officials Face Indictments

OKLAHOMA CITY, Oct. 20.—Events in Oklahoma moved quickly today with an announcement from McAlester that three prison officers had been indicted in connection with the funds of that institution. One of them, A. R. Garrett, formerly deputy warden, who resigned last January, is facing two charges that he diverted two sums of money, each less than \$100 from the prisoners' fund.

Ed Switzer, a fourth man, a former warden, also has been indicted, but the papers have not been served on him because he is a non-resident.

Warden J. H. Townsend, one of the men indicted, appeared before the house investigating committee and said he would return voluntarily to face the charge against him as soon as released from the house committee subpoena.

The grand jury is now investigating the purchase of the Walton mansion here, several oil men being called to testify tonight.

INDIANA GOVERNOR ADMITS BORROWING, BUT ON AMPLE SECURITY

FORT WAYNE, Ind., Oct. 20.—Governor Warren T. McCray today admitted that he borrowed \$155,000 from the state board of agriculture. The admission was in an answer to a petition by three local banks that he be declared bankrupt. His answer was filed with the United States commissioner. The governor denied ever owing money to the state, the board of agriculture being a quasi-state organization, and declared that he gave the board ample security on his loan.

The nature of the security was not revealed. The governor's answer declares that he is a farmer and has been a farmer for 20 years.

SAN ANTONIO BANK IS SUED BY STATE FOR ITS GUARANTY ASSESSMENT

AUSTIN, Oct. 20.—Suit was filed today by the attorney general against the Central Trust company of San Antonio for approximately \$60,000, the assessment to the state guaranty fund. The bank is a member of the guaranty system of the state banks and the petition alleges that during the year 1922 the bank failed to pay its assessment.

The collection of the assessment is sought in what is stated to be the first suit of its kind ever brought under the guaranty system. The bank claims that for two years it has not taken any ordinary deposits and has derived no benefit from the guaranty fund.

INVESTIGATION CONTINUES INTO DEATH OF KNIGHT

PHOENIX, Ariz., Oct. 20.—The spot where the body of John Knight, wealthy Texas oil man, believed to have been killed June 18, 1921, was found and the bones buried is to be visited by Judge McKee and attorneys of the four men charged with the murder of Knight, it was announced today. The decision to visit the scene where a skeleton was found after Ruby Laub, witness for the state, said she had seen C. W. McBiles and Tom Tunstall, two of the defendants, bury the remains of Knight, was reached during a preliminary hearing yesterday after counsel for the defense requested this action by the court.

A dental chart of Knight's jawbone was made by a Dallas dentist who did dental work for Knight and, according to a deposition by the dentist in court today, this chart and a diagram of the jawbone of the skeleton do not correspond.

RUMBLINGS LIKE WAR DISTURB SOUTH GERMANY

BERLIN, Oct. 20.—War-like rumblings emanated from south Germany today as the cabinet, struggling with heavy difficulties, decided to apply direct to the reparations committee for settlement of the Ruhr dispute.

General Von Mueller, federal dictator in Saxony, sent a letter to President Zeigner of Saxony, in which he said that more troops are coming to restore constitutional rule to Saxony. He also warned Zeigner that he had better not be led by his communist colleagues in the Saxony cabinet.

He placarded the walls of buildings with posters with warnings that persons attempting to plunder stores and shops were gambling with their lives.

The government's attempt to settle the Bavarian troubles has been of no avail.

COOK REPLIES TO LETTER BUT FAILS TO SEND MONEY

FORT WORTH, Oct. 20.—Testifying today in the trial of Dr. Frederick Cook and associates for alleged misuse of the mails, Mrs. Mary E. Hoffman of Webster, N. Y., de-

clared she had received a letter from Cook in which he wrote:

"I think you for your co-operation and may God bless you and yours." Mrs. Hoffman said she received this letter after she had written Cook demanding return of \$25 which she had invested in his company. The reply contained no reference to her request for the money, she said, but instead it urged her to purchase additional stock.

BUY IT IN RANGER

STATE FAIR TAGS TOTS SO THEY CANNOT BE LOST

DALLAS, Oct. 19.—Safeguards will be taken to see that no children are lost at the state fair on Children's Day. Each child, before its parents relinquish their watchfulness at the grounds, will be tagged. The child's name, name of its parents, street address and telephone number will be printed on the tag.

Incident in Real Life Which Shows the True Heart of a Woman; Himself Forecasts Horse Race; Is He a Prophet?

By P. G. T.

A one-sixteenth act play: Tillie and Billie, two of the usual type of stenographers are having their usual afternoon chewing gum race along with the intermittent clicking of typewriters. As the curtain rises they are both working industriously and chewing gum in the same manner. The boss is standing with coat and hat in hand and immediately exits by the right down stage entrance. The girls cease working immediately upon his exit.

Tillie: Ya know I sure do get tired of all these guys callin' me up for dates.

Willie: Yas, knowin' so many men like we do gets to be an awful bore, don't it?

Tillie (hotly): I get sick of all of 'em, especially these here he-men. Cake eaters is kind of cute, ain't they?

Willie: Sure, cake eaters is cute, spend all their money on clothes and girls, they ain't nothin' to tie to. He-men is worse though, they don't spend no money on nothin' at all.

Tillie: The only time I get any real kick out of men, is when I go some place where they is only one or two I know and I'm about the only girl they know. Then things get interstin' cause you know they don't have to last, because you gotta come back here. But, gosh how I hate he-men kind of men.

(The boss steps in through R. C. entrance and the girls have automatically ceased talking and are hammering their typewriters steadily. The boss watches them for a moment and then turns and leaves.)

They both stop work, Willie pops her gum loudly, glances at the K. C. exit and works again. During the last bit of business Tillie has been glancing nervously at the clock from time to time. Train whistle in the distance.

Willie: Watcha lookin' at the clock so much for Tillie?

Tillie: Oh, nothin'. (Her voice quivers slightly.)

Willie (endeavoring to reopen conversation): I sure hate he-men, don't you?

Tillie: Yes (sob), I sure do (more sobs.)

Willie: Tillie, what is the matter?

Tillie: Oh, nothin' (sob), only Freddie (sob) who works on a oil rig promised to come up and say good-bye and his train just left and I know he forgot all about me. (More sobs and business with handkerchief, etc.)

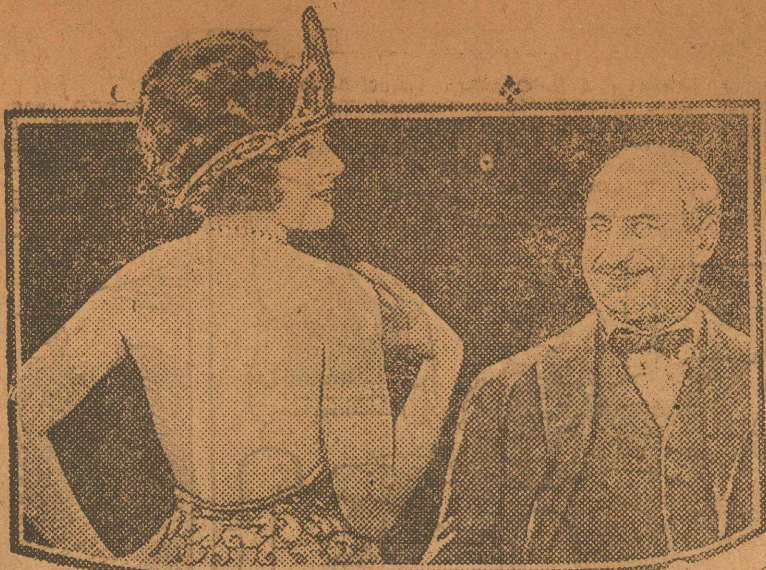

Zev, Sinclair Oil company's horse, is racing after all the blisters, bumps and things he broke out with. Some of the croakers will say that it is bum judgment, but the dopsters think they knew better.

Most of them have been keeping up with Barney Google and Spark Plug and one of the most interesting and contrary things about Sparky is that when he is in ill health he always wins. Can't tell about Zev, he might win by one of those blisters or a scab or something like that. A blister's thirty-second of an inch is as good to win by as a whole horse's neck.

Papyrus, which is a King Tut name for paper is a keen lookin' baby and shows up well every time he gets a chance, but, shux, isn't it a common thing for Sparky to hang up a couple of laps of track on all the beauty horses he runs against.

Then foreign champions don't do so well over here in our United States. Take that French jellybean,

### Showing at Lamb Today and Tomorrow

Barney Bernard and Martha Mansfield, in Potash and Perlmutter.

Carpentier, and the South American roughneck, Firpo, they were both out o' luck. Sir Tommy Lipton, the tea peddler, usually comes out in second place with his boat races even though Tommy's sailors may have a special kind of tea to drink to help them out.

So far nobody has whispered the race results in our ear but this was written before the equines went to the mat and we're bettin' on Zev. Are we right?

Sure took a lot of nerve to make that bet but insamuch as we have no money up on it we'll take a chance.

A Rangerite says: "Funny thing about chills, ye' never get 'em in the hot summer time when they might be half entertainin' but the pesky things alluz wait until winter ta come around so they kin make ya' colder."

### MRS. BRUSSARD SENTENCED TO 20 YEARS IN JAIL

By United Press

FORT WORTH, Oct. 20.—Mrs. Lillian Broussard was found guilty of the murder of her husband today and was given a sentence of 20 years. This was Mrs. Broussard's second trial, the first resulting in a hung jury. Mrs. Broussard pleaded self-defense.

### RANGER SCHOOL BOARD TO MEET MONDAY MORNING

A meeting of the trustees of the Ranger Independent school district will be held Monday morning, V. V. Cooper, president of the board, said Saturday night. It will be at 9 o'clock.

He said in answer to a question of a Times reporter, that he expected a report from John Thurman, cashier of the Peoples State Bank, on his trip to Austin relative to the agreement he reached with the state banking commissioner on the depository problem. Thurman promised a report on his return, Cooper said.

No other matters of importance will be brought up, he said, as far as he knew Saturday night.

### DERAILMENT OF TWO GASOLINE CARS CLOSES HIGHWAY TEMPORARILY

Motor traffic on the Bankhead highway, west of Blackwell road to a point several hundred yards west, was closed Friday night following the derailment of two tank cars of gasoline on the Texas and Pacific railroad.

The police department was asked by the railroad to close the highway until the tanks could be put back on the track. It was feared the gasoline vapor might result disastrously in an explosion if automobile traffic continued while the tanks were derailed. An officer was placed at either end of the closed highway to advise motorists. The cars were put back on the track Saturday morning.

The gasoline was being shipped by the Chestnut and Smith corporation, it was said.

### HUMBLE COMPANY ADJUSTS ITS PRICES PAID FOR OIL

HOUSTON, Oct. 20.—The Humble Oil & Refining company today cut the price of Ranger and Burkburnett crude 20 cents a barrel on all grades except the lowest, which remains at the same figure, making the prices 90 cents a barrel for 30 to 32 gravity up to \$1.30 a barrel for 39 gravity and above.

The reduction was made, it is announced, to readjust and meet prices quoted by the Texas company and the Magnolia company, the Humble prices now averaging seven to eight cents higher than quoted by the others.

### GALVESTON LONGSHOREMEN RETURN TO THEIR WORK

GALVESTON, Oct. 20.—Several hundred longshoremen who walked out this morning in an effort to enforce a demand that stevedores employ the same locals working for them Sept. 30 were back at work this afternoon with the issue still unsettled. While they were out, work proceeded on only two of the 15 vessels engaged in foreign traffic that were in port here.

### Four Years Ago In Ranger

Taken from the files of the Ranger Daily Times, Oct. 20, 1919.

Gun fighting, arising from a revived feud, the origin of which lies in a tale of the underworld, claimed the life of one man this morning, put another at death's door, a third in the hospital, and three men and four women in the hands of the police.

The house of Margorie Grill, on Pine street, two blocks west of Marsden street, was the scene of the fatal shooting. Curtis Shiner is dead. Carl Gallagher is dying, Fonzo (Luke) Barnes is in the hospital.

### EVEN CUSTARDS ARE NICER WITH KARO

When variety and delicacy of flavoring are both to be considered, as in the making of a delicate custard, the housewife who is willing to try something new will be delighted with the following custard recipes:

**Coffee Custard.**  
1 pint milk, 3-4 cup Karo (crystal white), 2 eggs, 1 cup strong, hot coffee, 1 tablespoon Argo or King-ford's cornstarch.

Heat the milk and Karo to boiling point. Add the eggs well beaten, the coffee and the cornstarch mixed till smooth with a little cold milk. Stir till it thickens. Pour into glasses. When very cold serve with whipped cream.

**Cup Custard.**  
3 cups milk, 2 eggs, 2 tablespoons sugar, 2 tablespoons Karo, 1-2 teaspoon Argo or King-ford's cornstarch. Pinch of salt.

Mix the cornstarch with the sugar and add to the slightly beaten eggs. Pour on the milk slowly, add the Karo and salt. Flavor to taste and set in cups of water in the oven to cook till thick.

### HANDSOME BIBLE IS GIFT TO ST. MARY'S EPISCOPAL CHURCH

A handsome, large, pictorial Bible, bound in Morocco, is to be presented to St. Mary's Episcopal church today on behalf of Miss Francis S. Merriman, of Bristol, Conn., and her sister, Mrs. Hattie N. Merriman Grif-fith, of Newcastle, Maine, in memory of their father, Henry S. Merriman, whose father, Dr. Eli Merriman was a pioneer of Texas.

Dr. Eli Merriman came to Texas soon after the Mexican war and Texas independence, lived the rest of his life here and died in this state. His brother, Eli Todd Merriman, resides in Corpus Christi, where he is senior warden of an Episcopal church.

This gift to St. Mary's church is gratefully received by the parishioners, who will value it still more because of its associations.

### SPOT COTTON IN RANGER GOES ABOVE 29 CENTS

Spot cotton reached a high level Saturday in Ranger. As high as 29.35

cents per pound was paid here. Buying prices ranged from 29 to 29.35 cents.

The cotton receipts were light at the Moss gin Saturday.

### DELINQUENT CITY TAXES BEING PAID RAPIDLY

More than \$5,000 in delinquent city taxes, personal and real estate, have been collected this month by Special Tax Collector E. A. Ringold.

"The delinquent taxes are coming in pretty nicely," Ringold said Saturday.

Ringold was asked by the city commission after quitting the city secretaryship to go out and collect taxes.

"We really hope there is nothing illegal about the intoxicating air of some of our autumnal days.—Detroit Free Press.

TEXAS DEFEATS VANDERBILT BY SCORE 16 TO 0

Longhorns Outplay Commodores at Every Point, Winning Decisive Victory.

DALLAS, Oct. 20.—Before the largest football crowd ever turned out here, Texas university today defeated the strong Vanderbilt university, 16 to 0, in a thrilling football game, outplaying the Commodores who, last Saturday, held Michigan to a 3 to 0 score.

The Longhorns scored their first touchdown in the second quarter and Robertson kicked goal. Three more points were made in the third quarter, when Robertson booted a place kick from the 45-yard line. Halfback Eckhardt, who shared honors with Robertson, went through for 20 yards and another touchdown. Robertson failed to kick goal.

Reeves starred for the Commodores. Vanderbilt showed weakness in passing and tackling. It usually took about three or four Vanderbilt tackles to bring Eckhardt down.

When Captain Tyne charged through the Vanderbilt line for one yard and a touchdown in the second quarter, it was the second time in the last four years that Texas has scored against Vanderbilt. The Longhorns, throughout the game, showed a dogged determination to turn back Vanderbilt's end runs and line plunges.

COLLEGIANS EAGER TO DON UNIFORMS ONCE MORE FOR GRID BATTLE

Ex-college football men in Ranger are trying to organize an independent football team. There are a number of men who have already signified their eagerness of donning their old uniforms. One Ranger man, a member of an undefeated University of Oklahoma team of a few years back, sent for his old uniform last week.

The organizers ask that those who wish to report for practice this week leave their names at Crawford's pharmacy, so that it might be known how many will play.

American Legion posts at Breckenridge and Mineral Wells have organized teams, and if a team is organized, an effort will be made to book these two teams.

BRECKENRIDGE WILL HAVE WONDERFUL ATHLETIC FIELD

The Breckenridge board of education is making improvements on the high school athletic field, which is at the rear of the main building and also one of the ward schools.

Last year it was nothing more than a sand lot. It now has a solid dirt covering, and next year it will be sodded. A high steel wire fence encloses the grounds.

Stands will be erected on the field later, a Times reporter was told.

DR. COOK CONNECTED WITH CIRCULARS OFFERING STOCK

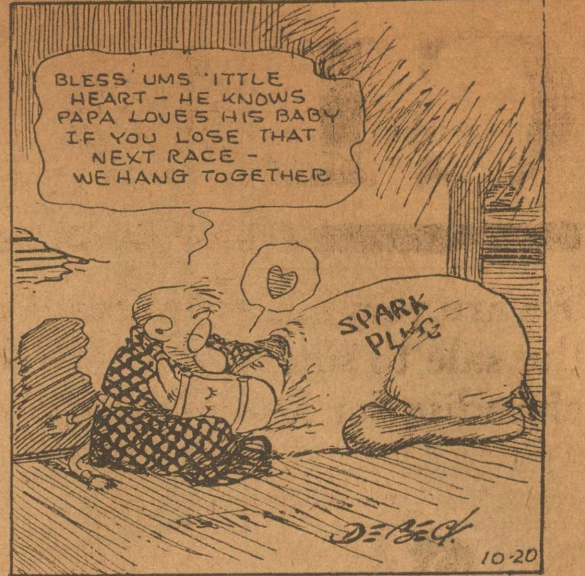

FORT WORTH, Oct. 20.—Dr. Frederick Cook, on trial here with 13 others in the federal court on charges of misuse of the mails wrote circulars sent out by the Petroleum Producers association, according to the testimony of John Swenson, a postoffice inspector, in court today. Swenson said this information was obtained by statements made to him by Dr. Cook during the investigation.

FORD SHELL'S WORK IN BLOCKING PLACE KICK MADE FINAL SCORE, 7 TO 6, RANGER BEATING BUCKAROOS

By HOWARD BARMAN

Ford Shell's lunge into the air blocked Schulman's try for a goal kick and prevented Breckenridge from tying the score Friday afternoon at Breckenridge in one of the tensest moments of the game. This was about four minutes before the end of the game, which ended finally 7 to 6 and after which the Buckaroos gathered in the center of the field and gave three cheers for their conquerors, the visitors from Ranger.

"It's All in the Family" James Zarafonets made the touchdown, and George, his younger brother, kicked goal.

Few college games have been harder fought than the Friday game, several old college men said after the game. It was a wonderful victory for Ranger. The Ranger coaches did not make one substitution in the entire 60 minutes of play, although Shell, Williams, Yonkers, Gullahorn and several others earned a rest at times.

It was the most colorful game the Ranger Hi has been in yet this year. The sidelines were lined deep from the north to the south goal lines with spectators on both sides. The maroon and white colors were grouped on the east side and the green and white of Breckenridge on the west side. The girls of both highs were gaily decorated with ribbons and incidentally they led the cheering when their respective teams needed it most.

Ranger's pep squad, led by Myrtle Mills, did noble work. Breck was there in large numbers, but the volume of cheering was about even.

"It's All in the Family" The Zarafonets brothers again covered themselves with glory. James' tackling and blocking played a great part in the defense against the heavy Breckenridge eleven. George was a consistent ground gainer. Captain Tom Yonkers' punting was fine. Several times in the last half he punted the ball 40 and 50 yards when the ball rested uncomfortably close to the Ranger goal line. Likewise, Captain Speer did creditably well in punting. Schulmann, Breck's left halfback, was a consistent ground gainer. Harrison, right halfback for Breckenridge, who carried the ball over for the only touchdown, was reliable.

Breckenridge became dangerous in the last period by her forward passing. Speer to Nanney to Cook, via the aerial route, became dangerous combinations and was responsible for keeping the ball in Ranger's territory in the fourth period.

Rumpus Stops Game It was a clean game and a spirit of fairness was uppermost. Only a rumpus on the east side lines between two enthusiasts which stopped the game, and made Referee Lyman announce that if it occurred again, the game would be called, marred the afternoon's sport.

The game started with Breckenridge defending the south goal, and the visitors the north goal. The open-

goal line on the shift play. Umpire Webb insisted it did and the rules bore him out. James made a yard and on the next scrimmage went over. George sent the ball not only over the goal, but also over the north steel fence.

Ranger Gets Heavy Penalty The remainder of the second period was devoid of anything sensational. Ranger was penalized five yards, but to the writer, it was evident that Referee Lyman stepped off at least 15 yards. Off-side means a five-yard penalty. After a subsequent play, Coach Marshall pointed out a violation to Referee Lyman, but the penalty was five yards and no more.

Captain Speer received the kickoff at the beginning of the third period. This period was about even. Nanney made a nice retrieve of a fumbled ball. Morgan punted to Ranger's 20-yard line and shortly afterwards Yonkers raised his toe to the ball and sent it 40 yards. Ranger got the ball on Morgan's blocked punt, near Ranger's 25-yard line. Lonsdale pounced on the ball in Breck's territory for a nice recovery off of a fumble.

The fourth period opened on Breckenridge's 38-yard line. Breck soon uncovered some nice forward passing that carried the ball down to Ranger's line. One pass, Nanney, to Cook, resulted in a 30-yard gain. The next two passes were for naught. The Ranger defense broke up their aerial work at this point. Five men were on Nanney when he took a pass from Cook. The ball was now on the 28-yard line. Althausen's tackling held Breck for short gains. The ball went to Ranger on downs.

That "Stonewall Defense" On the 20-yard line, Yonkers dropped the ball as he was about to punt and it went to Breck on the next play. Cook carried the ball to the 12-yard Ranger line on a completed pass. Harrison tore through for four yards, and again to the two-yard line. Ranger braced and the players piled up in a heap. Bonahue, center, made a bad pass and the ball was Ranger's on the fourth down. Referee Lyman called a five yard penalty on Breck for off-side and then a similar penalty on Ranger. This gave Breck a fifth down. Harrison slid over on the next play for a touchdown.

The Ranger defense was magnificent. Holding the heavy Buckaroos for less than 10 yards in four downs,

Ranger Hi Never Notified of Rule On 'Practice Games'

AN EDITORIAL.

In a signed story, sent out from Austin, Roy B. Henderson, University of Texas correspondent, says that a recent ruling by the state executive committee of the University of Texas Interscholastic league "puts a stop" to the custom of certain teams playing "practice games."

"The committee," Henderson wrote, "took the position that the league would be seriously hampered in its work of conducting a state championship series, which at the best is a very complicated task, if teams were permitted to flit about engaging in games that mean nothing. All contests regularly conducted by officials, or games where admission is charged, are counted on a team's percentage."

Just when the executive com-

mittee took this stand, the story failed to indicate.

In the list of undefeated teams in section three, Ranger High has been omitted on two consecutive lists. If the result of the Strawn game three weeks ago is to be held against Ranger, the athletic authorities of the local high have very good premises on which to base a protest. It is a "recent ruling," according to Henderson.

As the Daily Times understands it, the Strawn-Ranger game was not to be considered an interscholastic league game, but apparently from the correspondence being sent out from Austin, it is.

CISCO HAS A "COLOSSAL" LINE, SAYS STRAWN TRIBUNE

The Strawn Tribune calls the line of the Cisco High football team "colossal," and the team was said to be composed of "huskies." Ranger Hi meets the Cisco "Huskies" week after next, but if they are no more impregnable than the Buckaroos, the local boys won't have to fear a disaster.

Strawn held Cisco to a 7-7 tie and the Strawn supporters are talking in championship terms now.

The HOOVER Beats as it sweeps--as it cleans. Thus the rug is alternately depressed and lifted—upon a cushion of air. The rapidity with which the soft hair bristles intermittently strike the uplifted rug jars loose and shakes to the surface all nap-wearing, embedded destructive grits—actually beats it out! The rapid electric sweeping detaches the most stubborn-clinging hairs, threads and lint, erects crushed nap and freshens colors. The strong gale of air suction that lifts and relifts the rug, also collects all surface litter and dustlessly withdraws the beaten-out-swept-up dirt into a dust-tight bag. Rugs, to be cleaned thoroughly, require The Hoover. For The Hoover gently beats, sweeps and suction cleans—in one easy, rapid, scientific operation guaranteed by the world's oldest and largest makers of electric cleaners greatly to prolong the life of all carpets. Famous makers and importers of fine carpets and rugs recommend The Hoover. Leading rug merchants endorse it. Owners who have regularly used their Hoovers for 5, 10 and 13 years point proudly to the new-like appearance of their old rugs. As a result, The Hoover is today the largest-selling electric cleaner in the world. OIL CITIES ELECTRIC COMPANY Phone 189 322 Main St. The Home of the Hoover

# CLOSED LAST NIGHT

We are very sincere in thanking the thousands of our customers for their patronage during our big sale. We used all available means during the sale to supply your needs, with the very best quality, and new styles obtainable, and furthermore, to sell you the highest grade of merchandise for less money than any merchant in Eastland County would ever think of doing. We lead; others follow.

## Big Volume Means Small Profit

Our business has increased to so great a volume that we can at this time, gladly announce, we can sell the same high class merchandise for less profit than before the sale. Any business man will admit that the overhead expense of running a business is just about the same on a small volume as it is on a big volume. It takes volume to make small profits. Keep the volume up and we will keep the price down.

## Keep the Volume Up; We'll Keep the Sale Tag On

The Sale Tag will remain on everything in our house just as long as the volume continues as it has been for the past month. J. M. White & Company have fully decided that Ranger must remain the leading oil field town of Texas, and J. M. White & Company the Leading Dry Goods People of Ranger.

## LADIES' AND CHILDRENS' HOSE

Overstocked in Hose for Ladies and Children. Come on and get all the Hose you need. The sale price is still on everything. You will get the dollar for dollar values in Hose. Closing out one lot of Boys' and Girls' Hose at a sacrifice. Regular price, 65c, Red Tag Price 29c. Sizes 8½ to 11½. Ask to see them.

## LADIES' DRESSES, COATS, SUITS AND HATS

We will not bore you, by describing the many different fabrics, styles and cuts of the Dresses, Coats and Suits. You have been quite convinced ere this, to get the newest designs and fabrics you must go to J. M. White & Co., to find them. This department has special attention, and will at all times be full of new things, and the big stock reducing sale tag will remain on them.

## Don't Be Misled

Prices all over the house just as the big circular stated when our big sale started. Some folks wonder how we do it. It takes volume.

**36-INCH HOPE DOMESTIC**—Yes, all the good genuine Hope Domestic you want at 16c per yard. Merchants barred only.

## SHOES, THE BEST TO BE HAD

There is not a merchant in Ranger that would even attempt to compare with us in quality, styles, and prices of shoes. We have every good style of shoe that you may want, made of the best materials, and going to remain at the great reduction sale prices. Our winter shoes for men, women and children are made by the best shoe people of the world, and guaranteed to do just as represented by J. M. White & Co., the greatest shoe people of Ranger.

## Kuppenheimer, Schloss Brothers And Curlee Suits

Men, get a good suit. It's a good investment to buy good clothes. A standard made suit will only cost a few dollars more than a flimsy, non-fitting suit. Any suit you select from our popular lines is sold to you under a positive guarantee, to hold its shape and give you perfect satisfaction. Can you get a real guarantee with a cheap, shoddy suit?

## Snappy Hats for Men

Men, to get what you want in a hat and at the money-saving price, you had better hurry.

## Increased Volume

During our sale, it was made possible that we will continue to save the people of Eastland county at least twenty per cent on their dry goods supplies. J. M. White & Company realized the financial condition of Eastland county for sometime and worked out a plan that would enable them to sell dry goods at prices to correspond with the financial condition of the county. The problem was solved when the big sale started. People, this is a fact, every days business is increasing—we proved to the buying public just what we could do, if we could get the volume of business. In solving this financial problem, it was not only a blessing to us, but it has saved the people of our county thousands of dollars, and will continue to save them money, and have our house the talk of the town, and the leading Dry Goods Store of Ranger.

*We Thank You for the Success of Our Big Sale*

### Total Tax Rate On Ranger Property To Be About \$5.25

Although the city tax rate has not been set for the ensuing year, it is believed at the city hall that it will be approximately \$2 a hundred. This was the tax rate last year. The new rate will be determined by the tax board, appointed by the city commission, and will be done shortly, according to City Secretary C. A. Love.

The county tax rate is \$2.25, and the school rate \$1, and if the city rate is \$2, it will make a total of \$5.25.

The taxes to state, county and city are payable at any time between October 1 and February 1, after which the property owner who has failed to pay is placed on the delinquent list.

In fixing the 1924 tax rate for the city, allotments must be made for the police, fire, public welfare and city administration departments, and for the bonds maturing and the accrued interest on public improvement bonds.

The percentage of the reduction on Ranger property is not known yet, Love said, but would be considerable. "The residence valuations have been reduced," he declared. "They were reduced some last year, but we had to reduce them more this year. The reductions are principally in the residence additions, such as Ranger Heights, Lackland and others."

He pointed out that the reductions were made in justice to the property owner. The property values will run more than \$5,000,000, he said.

The tax rate at Eastland is \$2.50, as compared with \$2.40 last year. Breckenridge's rate is \$1.75, a reduction from last year.

#### HOUSTON LONGSHOREMEN OBEY STRIKE ORDER

By United Press. HOUSTON, Oct. 20.—Several thousand longshoremen and screw men in ports west of the Mississippi river were called off their jobs by Anthony Klopek, president of the International Longshoremen association of Buffalo.

The telegram from Klopek called the men off the jobs until a new contract is signed with the stevedores. The men will remain off of their jobs indefinitely. About 150 are affected.

Many ships are tied up in Houston by the strike order. The loading in a score of other ports is also held up.

#### FEDERAL JUDGE STATES OPINION ON INJUNCTION

PHILADELPHIA, Pa., Oct. 20.—Judge Charles McKeehan of the federal district court gave a decision today in which he holds that the congress, in adopting the injunction provision of the prohibition act, did not intend to destroy the right of every citizen charged with crime to trial by jury by making it mandatory upon the court to issue an injunction in every case where a common nuisance was alleged as a basis for the injunction.

### Only 112 Football Teams Out of 277 Remain In Race

By ROY B. HENDERSON

AUSTIN, Oct. 20.—With the high school football season nearly a month old the University of Texas interscholastic league football plan is beginning to operate in a very definite way. The scheme is working like a perfectly adjusted, well oiled machine. From 277 teams that started at the beginning of the season, 112 remain as contenders for the state championship. This is no small number in itself but barring unforeseen delays the league will announce the champion by the second week in December.

**6,000 Texas Boys In It.** Six thousand and ninety-four Texas boys, ranging in age from 14 to 21, are participating in this vigorous sport under the auspices of the league. This means that these boys must measure up in full to the high standards contained in the league's eligibility rules. In addition to this, each of the more than 6,000 boys, as well as each coach, has pledged himself to observe the interscholastic league football code which reads as follows:

"The football code means to play the game in the spirit of fairness and clean sportsmanship, to observe all rules and not attempt to hold, 'beat the ball' or coach from the side lines because it can be done without the knowledge of the referee, or to resort to trickery in equipping or preparing players. It means to accept decisions of officials without protest, to treat your opponents as your guests and to put clean play and real sportsmanship above victories. It means the ability to win without boasting and to lose without grudge."

"Victory is no great matter. The important thing in sport is the manly striving to excel and the good feeling it fosters between those who play fair and have no excuse when they lose."

A recent ruling by the state executive committee puts a stop to the custom among certain teams of playing "practice games." The committee took the position that the league would be seriously hampered in its work of conducting a state championship series, which at best is a very complicated task, if teams were permitted to flit about engaging in games that mean nothing. All contests regularly conducted by officials, or games where admission is charged, are counted on a team's percentage.

**CHARGE AGAINST RIDLEY CONTINUED INDEFINITELY** ATLANTA, Ga., Oct. 20.—The case of Dr. Caleb A. Ridley, known as the "imperial kludd" of the Ku Klux Klan and a former pastor of an Atlanta church, charged by the police with being drunk while operating an automobile, today was postponed indefinitely when called in the police court. Dr. Ridley was not in court.

### EXAMPLES OF ECONOMY AND THRIFT FROM THE WHITE HOUSE

Special to the Times

DENVER, Oct. 20.—In a copy-written story by Catherine Bell of Washington, published in the Denver Post, an example of economy and thrift direct from the White House is given. The writer says:

The latest of the many examples of Yankee thrift that have filtered out of the White House since the Coolidges moved in, is a circumstantial story told by Mrs. Coolidge's intimates to the effect that a pair of the president's trousers have been "cut down" for Calvin Jr., to use at school.

The report would seem to be slightly garbled as a result of its trip down the grapevine route, for young Calvin is as tall as, if not taller than his father. However, it may be that they were "cut down" a bit in the waist line, as Calvin Jr. is as straight and slender as a young birch tree.

At any event it seems pretty well established that the particular presidential trousers in question have disappeared from father Coolidge's wardrobe.

**At Bargain Sale.** Hard on the heels of this classic lesson in economy for a fast spending nation, comes another economy note scarcely less striking.

Among the many persons who have been attending Giddings' receivership sale in Washington, where frocks and hats have been going at half price or less, is no less a personage than the first lady of the land. There was much craning of necks to see the distinguished bargain huntress

as Mrs. Coolidge edged her way into the crowded store.

The White House menus, too, have undergone a striking anti-h. c. l. change since the Coolidges took possession. Mr. Harding loved the good things of the table, and Mrs. Harding was always striving to anticipate his every wish. But Mr. Coolidge is a very light eater who cares little for elaborate dishes. Consequently there has been a considerable cut in the cost of the White House table.

Mrs. Coolidge is being constantly

held up as a shining example for wives who have neither courage nor energy in fighting the spirit of extravagance that is abroad in the land.

The habit of economizing made necessary in the lean years when Mr. Coolidge held less lucrative office claims to her now. The Coolidges are poor and have made no secret of the fact. And they have not any inheritances in prospect.

It is a wise woman who can look ahead when she is in the White House. A year's salary at \$75,000 a year is sure, but after that—one does not know. Making a pair of trousers do duty is not so ridiculous in the light of these facts.

**LOYD GEORGE GUEST OF PUBLISHER IN LOUISVILLE** LOUISVILLE, Ky., Oct. 20.—David Lloyd George, the former British premier, arrived here today. A reception committee had planned to escort him to points of interest, after which he is to be the guest of Judge Robert Bingham, publisher of the Louisville Times and Courier-Journal, over the week end. No public function is on the program during his visit here.

### Increased Driving Comfort Provided in Buick "Fours"

In adjusting the position of the driving seat, in lowering the steering column and in bringing the shift lever and emergency brake within the easiest possible reach of the driver's hand, Buick has provided additional comfort and satisfaction in the new four-cylinder models. Ease of handling is also an outstanding feature of the new Buick "four". In heavy traffic the abundant power of the famous valve-in-head engine and the quickness with which the car responds to every control enable it to glide in and out of traffic with the utmost facility, while Buick four-wheel brakes assure perfect braking and safety under all conditions.

### Relief by Adjustment

It is a well established fact that disease is the result of lack of nerve force reaching the organs of the body, caused by the misaligned vertebra, bringing pressure on the nerves. As all tissues of the body function from nerve force, and the nerves

have their origin in the spinal column, anything which tends to restrict the nerves impairs their sensitiveness and in direct proportion, their control over the organs of the body.

Chiropractic remedies this condition by relieving the nerve pressure, thus restoring normal nerve force to the organs of the body.

Perhaps your condition will yield to such treatment.

CHURCHES

CHRISTIAN TABERNACLE
Main, near Marston—Rev. H. B. Johnson, pastor. Sunday school 10 a. m. Preaching, by the pastor, 11 a. m. This service will be given in honor of "Fathers' Day." Let all the mothers be present also to do the father honor. They have been long neglected. Mrs. Ramsey has kindly consented to speak at the evening hour and I am sure a great treat awaits every one. Come and hear Mrs. Ramsey, for she will bring a message that will be uplifting. The pastor will attend district meeting this week at Sweetwater. Come and worship with us. Evening service 7:30 o'clock.

FIRST BAPTIST
Walnut street, near Marston—Rev. W. H. Johnson, pastor. Sunday school 9:45 a. m. Rev. Jeff Davis, general missionary of the state convention, will preach at the morning service at 11 o'clock. Sunbeams meet at 3 o'clock. B. Y. P. U. meets at 7 o'clock. At the 8 o'clock evening service the pastor will speak to fathers in recognition of "Fathers' Day." There will be special music at both services and a welcome for all.

CENTRAL BAPTIST
Pine, corner of Commerce street—Rev. A. L. Leake, pastor. Bible school 9:45 a. m. The postponed "Home Coming" will be observed at the morning hour. The class having the largest per cent present, according to enrollment, will be given special recognition. Those having the class spirit will be there. Stoves have been provided in the main auditorium and in the primary room and cradle roll. The pastor's theme for the morning hour will be "The Threefold Secret of a Successful Life." Solo, "Sometime" by Mrs. Leake, accompanied by Miss Glenn Elliot. Reception of members. At 7:30 "Fathers and Sons Day" will be observed and the church specially decorated for the occasion. There will be singing by a mixed quartet which will include Mmes. Rowden and Leake, Messrs. Sandlin and J. M. White.

PRESBYTERIAN
Marston, corner of Walnut—Sunday school 10 a. m.

CHURCH OF CHRIST
Rusk, corner of Mesquite—Bible school 10 a. m. Services 11 a. m. and 7:30 p. m. O. G. Lanier will preach in the morning on "The Woman at the Well" and in the evening on "Compromising With the Devil." SALVATION ARMY
Sunday school at 2:30 o'clock; street meeting at 7:30 p. m. Meeting in hall at 8 p. m. Weekly meetings Tuesdays, Thursdays and Saturdays at same hour. Ladies' Home Service league meets at half Friday at 2:30 o'clock to sew for the needy.

TWENTY MILES GALLON REPORTED BY OWNERS OF WILLYS-KNIGHT CARS
Willys-Knight roadster is particularly pleasing to look upon, says an announcement by the Ranger Motor company, local dealer for the Willys-Knight and Overland motor cars. "Built for any sort of errand," the announcement adds.

"Be it sport or business, the Willys-Knight roadster is admirably convenient. Comfortable to ride in, it has a smart, jaunty quality."
On the Willys-Knight five-passenger touring, an average of 18 to 20 miles a gallon have been reported by owners. They report also that the car steers easily on the road and rides comfortably.

The five-passenger sedan has a quiet elegance in detail and the smoothness of its sleeve-valve motor makes it a source of satisfaction to its owners. The seven-passenger touring has a streamline body, and with its raking tilt of windshield and seats and low swung, it instantly gives the impression of fleetness.

CREAGER THINKS DEMOCRATS WILL NOMINATE DARK HORSE
DALLAS, Oct. 20.—So far as a presidential candidate is concerned, R. B. Creager, Brownsville, Republican, national committeeman from Texas, predicts that the Democrats will nominate a dark horse and that none of the outstanding candidates such as McAdoo, Underwood and others will receive the nomination.

As for the Republican party, Creager does not expect any other Republican leader to announce for the nomination until after the president delivers his message to congress in December.

OLDEN

OLDEN, Oct. 20.—The young people enjoyed another party Friday night at the home of Mr. and Mrs. D. L. Bryant. Among those present to enjoy the games were: Misses Bertie Mae Lamb, Alice Mum, Lola Branscum, Veta Hawkins, Alice Akens, Edna Naylor, Ethel Colburn, Mirie Lester, Nina McMin, Elizabeth Bruce, Faye LeClaire, Mary Weatherall, Julia and Cecil Hunt, Gertrude Mills, Clemmie Rayford, Jewell Russell, Bertie Mitchell, Clara Mae and Levell Fox, Merle Howell; Messrs. Hubert Russell, Harvie Mitchell, Robert Atkins, Roy Terry, Cecil and Steve Ray, Walker Rice, Herbert Flemings, Homer Lucas, Lowell Yielding, Arthur Russell, Tommy Lee Fox, George Ford, Oliver Moon, Cap Norton, Willie Bee Norton, Lomer Hunt, Sam Reynolds.

The Olden high school basketball girls and boys were to play the Eastland basketball team Saturday night in the gym at Eastland. A seven and one-half pound girl was born to Mr. and Mrs. E. A. Norton last Saturday. Mrs. G. C. Cooper spent five days this week visiting her sister at Carbon. Hodgen Crosssett was in Olden a few days this week. He was on his way from Los Angeles to Dallas. Mr. B. F. Cayce's mother and sister arrived Friday from Fort Worth to spend a few days. Master Oliver Taylor of Electra, Texas, is visiting at the George L. Russell home. Martin Lister is back in Olden after about a year's absence. J. H. Henderson has just returned home from Sweetwater. Mr. and Mrs. Charles Mitchell have returned home from their vacation. John Mayes was visiting his daughter in Abilene this week.

SENTIMENT SWINGS TO LIGHTER MOTOR CARS, SAYS FORD CO.
DETROIT, Oct. 20.—How rapidly the trend of sentiment is swinging toward the use of lighter motor car equipment, in order to more satisfactorily meet present day traffic conditions, is emphasized in the tremendous increase in sales of the Ford Motor company for the first three quarters of the present year. An analysis of these sales shows that the sentiment is not alone among passenger car buyers but extends to commercial car purchasers who are finding that the smaller motor haulage unit effects more efficient, speedy and economical delivery service.

Sales of Ford cars and trucks in the United States for the first nine months of the year totaled 1,354,020, it is announced. This is an increase of 466,433 over the same months of 1922. In September alone, 141,467 Ford cars and trucks were delivered at retail, a gain of 35,029 over September last year, while truck sales for the month were 15,947 or 4,589 more than in the same month last year.

PLANS TO IMPROVE THE TRINITY RIVER BOTTOMS
DALLAS, Oct. 20.—With the approval of the city commission of the plans of the new viaduct to Oak Cliff, to relieve the congestion on the present one, comes the mayor's announcement of plans for the beautification of the unsightly Trinity river bottoms.

The section around the viaduct, street car trestles and railroad yards is an "unsightly tract resembling a dump ground," says the mayor. "By the employment of a few laborers to trim the trees, clean out the trash and by laying out a few drives the place could be made to look much better, although it could never be made into a real park due to the river frequently rising out of its banks."

Odor of liquor on the breath is not proof of intoxication, a New York magistrate rules.—Pittsburg Gazette-Times.

AUNT JEMIMA HAS WONDERFUL NEW FLOUR TO FILL GREAT NEED

The Aunt Jemima Mills company, the same company that makes the famous Aunt Jemima Pancake Flour, announces a wonderful new flour made from pure soft wheat that will be just the thing for biscuits, cakes and pastries. This is something housewives have been looking for and wishing for for a long time, and will fill a very real need. In many households where there is no time to make home baked bread there is a great call for quick breads, and this flour is just the kind needed for such baking. Then again the usual bread flour is not good for cake, nor for pastry, and the average housekeeper will welcome a flour that can be used for both these specialties.

This new flour is worthy of the famous name it bears, and in bringing it into this district the Waples-Platter Grocery company, wholesale distributors, are conferring a real favor on housekeepers and grocers alike. Those cooks who try it are sure to be delighted with it, as they have been for so long with the famous Aunt Jemima Pancake Flour, and once tried it will be kept in the house as an unfailing supply same as sugar and salt.

The Ranger Daily Times, as the paper having the largest circulation in this territory, has been favored with the Aunt Jemima Flour advertising, and takes pride in making such excellent goods known to the housekeepers of this locality.

NEW YORK TO LOS ANGELES IN THE CROSLY X
"Perhaps it would interest you to know what I am doing with my Crosley Model X. I have received 107 stations, from New York to KHJ in Los Angeles, Cal., and from Portland, Ore., and Winnipeg, Canada, to New Orleans. Picked up a naval station in British Columbia but do not know who they were except that they were broadcasting on 412 meters. C. R. Johnson, Lawn Hill, Iowa."

Any station can be heard on all models of Crosley set. For sale only by The Electric Shop, 115 So. Commerce street. Phone 25.—Advertisement.

Kellogg's Bran Has Great Food Value

It has been estimated by the chief chemist at the Kellogg factory in Battle Creek, Mich., that Kellogg's bran has a caloric food value of more than 1,480 calories to the pound. Also that porterhouse steak has 1,230 calories to the pound. So many of us mistake the food value of bran. Bran, as you know, contains the fiber that is so essential to health and provides the necessary "roughage" in the intestines, but more than that it contains the mineral salts, iron, calcium, phosphates and phosphorus, and it is rich in the necessary foods to build brain and muscle and to produce energy. One of the most interesting processes is the "Krumbles." There is the whole wheat krumbles and there is the cooked and krumbled bran. The wheat in either case goes through the same cleansing process. After the cleaning and the grinding and the steam cooking, then the drying again for as many hours as the various foods require (some take longer than others, of course); the grain is made into what is called "dough." In other words, it is finely ground.

BEQUEST TO DALLAS SHOULD BE REFUSED, SAYS ATTORNEY
DALLAS, Oct. 20.—City officials were reluctant to grant the request of E. L. Knight, attorney, that the city repudiate the bequest of Mrs. Emma Brauwyler who left her farm and bonds amounting to nearly \$20,000 to the city. They advised Knight that a hearing would be granted within a few weeks. Knight told members of the board that they could not afford to accept the tract as a memorial. The property is useless as a park, he said, and it would be too expensive an undertaking to convert it into a memorial. Relatives are going to contest the will, Knight said. Cincinnati has dined the members of the Ohio legislature, and where do you suppose they were entertained? At the zoological garden. It must have been a wonderful occasion for the inmates of the zoo.—Houston Post.

BUICK PUSHES ITS WAY UP A FIFTY-PER CENT INCLINE IN MICHIGAN

How a Buick automobile pushed its way up a sluceway with a 55 per cent incline after being brought to a dead stop at its foot, is told in a news story that appeared in the Grand Rapids Herald of Sept. 2 date. The story was received here by the Goad Motor company, local Buick dealers. It follows: Sergt. Lyman T. Wilson, head of the traffic bureau of the police department, and Traffic Officer George Haessig, were given a thorough demonstration of the operation of the four-wheel brakes with which the new Buick cars for 1924 are equipped. In a six-cylinder, seven passenger 1924 Buick together with S. J. and J. O. Barkwell of the Barkwell Buick Sales company, and Paul T. Herwig, a representative of the Buick factory, the police officials were shown how the brakes work in heavy traffic, on smooth asphalt, and finally the tremendous power of the brakes to hold the car stationery under any circumstances. After being weighed officially at the city market, where the car with its seven passengers registered a total of 4,590 pounds, the party proceeded to the top of Reservoir hill. The car was brought to a dead stop at the foot of the sluceway of the old city reservoir. From a standing start the car was plotted up the sluceway at will, a feat believed never accomplished before without a running start. Forty-five feet up the rise, the car was stopped and the footbrakes applied. The car was held perfectly stationary as long as the brakes were held tight. According to records at the office of the city engineer the sluceway to the reservoir is shown to be a 55 per cent incline. When it is considered that water is constantly running down the sluceway and that in previous tests with cars equipped with brakes on two wheels, the car could not be held on the incline even though the wheels were locked, the demonstration was regarded both by Sergt. Wilson and Officer Haessig as a conclusive display of the superior holding qualities of the four-wheel brake system.

ALWAYS PREPARED BUT FALLS VICTIM TO BOOZE
FORT WORTH, Oct. 20.—"He was loaded for bear." He carried a six-shooter, a special commission from Governor Walton of Oklahoma, a commission from the sheriff of Oklahoma City, membership cards in the Ku Klux Klan, Masons and Elks, and an empty whisky bottle and \$1.183 in cash. But he failed to whip two Fort Worth deputy sheriffs at the railway station here one night last week. He was flourishing his "shootin' irons" and an empty bottle, when the deputies cornered him. He paid a fine for drunkenness and caught a train for California.

Billy Sunday wants Bryan to run again. Billy is a Republican. We fancy most of the Republicans want Bryan to run again.—Houston Post.

CHANGE TIRES AND DISTRIBUTE THE WEAR

Have you ever thought that the right rear tire gets the hardest usage? The left rear tire ranks next; then the front right one, the left front one having a relatively easy life. And this is the why of it all: We take the right side of the road in passing. Often the wheels on the left side will be rolling on smooth surfaces with the rights "bumping the bumps" of the edge. This bumping wears the rear right tire most, but the left rear shares with the right rear the brunt of power and traction, not to mention sliding. The front right helps its rear partner carry the extra load that habitually falls on that side of the car. The left front, comparatively speaking, "just rolls along." The moral of this is: Change your tires so as to distribute the wear. It will conserve the labor and materials that go into tires. It will lessen your troubles and the slenderness of your pocketbook.—Automobile Digest.

## ST. RITA'S SOCIETY WILL MEET ON TUESDAY.

Instead of meeting Monday, St. Rita's Altar society will meet Tuesday at the home of Mrs. Maurice Leveille, 915 Oddie street, it has been announced by Mrs. C. A. Conley, vice president of the society. Mrs. George Fengler will be assisting hostess.

The members will decide upon a date for the carnival to be held in the auditorium of the new parish school building at this meeting and also other details in connection with the carnival.

The society already has made a number of purchases for the rectory and teaching sisters' residence, and the net proceeds from the carnival will be for the benefit of the new parish school building, which is nearing completion.

At the meeting last Monday at the home of Mrs. Higginbotham, the following were present: Mmes. C. Gallagher, C. B. Milliken, Charles Dyer, W. W. Wood, W. McDonald, W. H. Bruns, Maurice Leveille, J. D. Sullivan, Charles Conley, Thomas Smith, Anna Barman, Smith, and E. O. Nentwig.

## MRS. HADEN CALLS ALL LYCEUM COMMITTEE MEETING.

Mrs. J. B. Haden, chairman of tickets sales for the Lyceum course of entertainment which the 1920 club is offering, asks all members of the ticket committee to meet at the Gholson hotel Tuesday morning at 10 o'clock.

## LIONS CLUB PLANS DANCE AND BRIDGE PARTY.

The Lions club will entertain their friends with an invitation dinner dance on Thursday. The dinner will take place at 7 o'clock at the Gholson hotel and the dance will follow later at the Summer Garden, where bridge tables will also be provided. A special musical program has been arranged for the dinner and Gus Coleman's orchestra will play for the dance.

## DELPHIANS WILL STUDY PALESTINE AND HEBREWS.

Assignments for the next meeting which will be a study of Palestine and the Hebrews are as follows: "The History of Palestine," Mrs. A. Davis; "The Physical Features of Palestine and Their Effect on the Hebrews," Mrs. E. K. Crosby; "Source of Hebrew History," Mrs. O. D. Dillingham; "The Era of Judges," Mrs. J. B. Haden; "Military Kings," Mrs. Fred Hughes; "Solomon and His Successors," Mrs. Leola P. Marston; "The Various Conquests of Israel," Mrs. W. J. McFarland; "From Captivity to the Fall of Jerusalem," Mrs. C. S. Bronstad.

## MRS. CRAWFORD HOSTESS TO YOUNG MATRONS' CLUB.

The Young Matrons' Bridge club met Friday afternoon with Mrs. E. E. Crawford. High club prize was won by Mrs. C. C. Craig and high guest by Mrs. John Thurman. Low prize went to Mrs. Gus Coleman. Those present were: Mmes. J. L. Thompson, P. E. Nicol, A. L. Bergere, Karl Jones, John Shannon, C. C. Craig, L. L. Rector, J. T. Gullahorn, G. D. Chastain, Walter Murray, H. J. Mendenhall, A. E. Ernst, John Thurman, J. B. Haden, C. O. Terrell, Gus Coleman, and F. A. Brown.

Mrs. Gullahorn will be the next hostess.

## HIGH SCHOOL P. T. A. TO MEET TUESDAY AFTERNOON.

The Parent-Teachers association of the high school will meet Tuesday afternoon at 3:45 o'clock. The following program will be given:

- Song, "America."
- Congress Prayer.
- Brief Sketch of P. T. A. History, Mrs. Drienhofer.
- Aims and Purposes of the P. T. A., Miss Terry.
- Message from the State President, Miss Langford.
- Message from the State Superintendent, Miss Jameson.
- Why a Parent-Teachers' association, Mrs. Schmuck.
- What the P. T. A. has done for our community, Superintendent McNew.

## COLUMBIA STUDY CLUB WILL MEET ON WEDNESDAY.

Members of the Columbia Study club will meet Wednesday afternoon at 2:30 o'clock with Mrs. G. D. Chastain. The study subject will be H. G. Wells' book, "Moonlight Gods."

## TWENTY-TWO STATIONS ON THE CROSLY X

"I have a Crosley Model X, and have received 22 stations on it, including the following: WOH, WHAS, WLW, RDKA, KHJ, WKY, WBAB, WGM, WGY, WFO, WAO, WDAF, 2X1, KGU (Hawaii), KWH, WOC, WHB, WOR, WWJ, WSB, and others. Two of these stations are in California and one is in Hawaii. I heard them about 3:00 o'clock one morning. Ralph D. Fuhr, Williamsburg, Ohio."

Any station can be heard on all models of Crosley set. For sale only by The Electric Shop, 115 So. Commerce street. Phone 25.—Advertisement.

## MRS. M'MILLEN HOSTESS TO WEDNESDAY BRIDGE.

The Wednesday Bridge club met on Thursday with Mrs. E. L. McMillen. First prize, a fruit basket, was awarded Mrs. Saunders Gregg, and consolation, a vanity case, to Mrs. Burden. Guests and members present were: Mmes. A. E. Ernst, W. H. Burden, J. F. Champion, J. L. Thompson, C. A. Conley, M. B. Gilson, W. R. Lowe, F. A. Brown, Saunders Gregg, A. L. Bergere, H. J. Mendenhall, and J. B. Haden.

## FIREMAN'S BALL ON FRIDAY AT GHOLSON.

The fifth annual ball for benefit of local firemen will be held Friday evening of this week at the Gholson hotel. Preparations include reception arrangements, and music will be furnished by Gus Coleman's orchestra. A full attendance is expected as this is a popular occasion.

## ST. MARYE GUILD WILL MEET MONDAY.

An important business meeting of St. Marye's guild of the Episcopal church will be held Monday afternoon at the home of Mrs. Earl Taylor, with Mrs. Speed joint hostess. All members are urged to be present to complete plans for the union missionary meeting of Oct. 29 at the Methodist church.

## ENTHUSIASTIC AUDIENCE GREET'S MRS. LUKE.

The beautiful concert given Friday night at the First Baptist church by Mrs. Besse Luke, assisted by Mrs. Sanford Terrell, reader, was heartily applauded by a large and enthusiastic audience. It was Mrs. Luke's first appearance in recital in Ranger, and the first time her wonderful voice had been heard to advantage.

In a wide variety of songs, which embraced operatic, melody and art songs as well as the lighter ballads, the beauty of tone, wide range of voice and clearness of enunciation which the singer showed, enhanced the song itself, carrying a message of real art to the listeners.

Mrs. Luke is exceptionally gifted, her voice being a dramatic soprano of extensive range and exceptional appeal, which a charming personality and stage presence makes doubly acceptable. A notable career is predicted for her.

Mrs. Sanford Terrell is always the artist in her clever readings whether grave or gay, and the audience showed their appreciation in the generous applause and recalls which they gave her.

Mrs. Luke was ably accompanied by Mrs. Charles G. Norton. A feature of the program was the singing of a song by the well known com-

poser, Thurlow Lieurance, the words of which were written by Karl Jones of Ranger, who knew Mr. Lieurance when both lived in Kansas.

## NEW ERA CLUB WILL MEET WEDNESDAY.

The regular meeting of the New Era club will be held Wednesday afternoon at 3 o'clock at the Presbyterian church. Confederate lyrics are the assigned topic. Mrs. E. L. Shattuck is the leader.

## SYMPHONY CLUB MEETING POSTPONED INDEFINITELY.

Due to the fact that expected material has not arrived the regular meeting of the Symphony club which was to have been held on Tuesday has been postponed until further notice. As soon as the studies arrive a meeting will be arranged.

## PAGEANT REHEARSAL ON THURSDAY AFTERNOON.

Those who are taking part in the pageant to be given at the union missionary meeting on Monday, Oct. 29, at the Methodist church are asked to meet for a costume rehearsal next Thursday afternoon at 4 o'clock at the Methodist church. As this will be the only opportunity for a final rehearsal all having parts are asked to be on hand and ready for the rehearsal promptly. If possible it is requested that all costumes be ready at this time.

## PLANS FOR CONCERTS AT 1920 CLUB MEETING.

Members of the 1920 club who met Thursday afternoon at the First Methodist church, made definite plans for the management of their trio of entertainments engaged for this season, the first of which will come in November and will be a presentation of that popular New York production, "Smilin' Through." The other productions will be the ever popular and well loved opera "Faust," given in English by the Aborn Opera company, one of the best of all traveling opera companies. A lecture on sculpture by Lorado Taft, one of America's foremost artists and lecturers, is the third of this unusually splendid series. All members of the club are selling tickets for this course. In presenting these artists the club has not only in mind giving pleasure to residents of the city, but placing the city on the map as a place of culture and better class attraction, this being a good advertisement for any city which has progress in view.

The regular program for the Thursday meeting was carried out as scheduled, and a number of new members were voted into the club, including Mmes. Hall Walker, Barney Carter, Sanford Terrell and C. G. Norton.

Mrs. Hagaman was elected delegate to the state convention, with Mrs. J. M. White alternate. Mrs. H. A. Logsdon was appointed recording secretary in place of Mrs. C. O. Terrell, and Mrs. George H. Bohning

was elected treasurer to succeed Mrs. Chisholm, who has moved to another city.

## PERSONALS

Mrs. P. F. Davis will leave today for Amarillo, where she will attend the state convention of the Order of Eastern Star as a delegate from Ranger chapter.

Mr. and Mrs. W. H. Burden expect to spend this week-end in Dallas attending the fair.

Mr. and Mrs. W. H. Dyer and son, with Mr. and Mrs. Payton and Miss Florence Keyes, left Friday night for Dallas to attend the state fair.

Friends in Ranger have received word from Mrs. M. H. Smith that she is now in Gorman with her mother, Mrs. Walker, who is seriously ill there.

Miss Loretta Hannah is spending the week-end in Dallas attending the state fair.

Mrs. Cohn, who keeps the millinery shop on Main street, is ill in a Dallas sanitarium where she underwent a serious operation last week.

Mrs. L. D. Chastain, who visited recently in the family of her son, G. D. Chastain, has gone to Oklahoma to visit other relatives.

Mrs. M. H. Clarke, who spent the summer in northern Iowa, has returned to Ranger for the winter.

Mrs. A. G. Jury is at home again after a delightful week in Dallas.

Mr. and Mrs. A. P. Little of Abilene spent Thursday in Ranger. The latter's sister, Eleanor Alworth, returned home with them for a few days visit.

Miss Effie Taylor has been attending the State fair at Dallas for the past week.

Mr. and Mrs. P. E. Chennault of Wortham are visiting Miss Holley Simmons for a week.

## MANY ATTEND RECEPTION AT MRS. WALKER'S HOME

In spite of frequent showers, a steady stream of callers, all of them representative women of Ranger, called at the home of Mrs. Nannie Walker, on Saturday afternoon, when Mrs. Walker and Mrs. Newnam received their friends in honor of Mrs. Hall Walker, a recent bride. The receiving line included also, Mrs. Hall Walker's mother Mrs. Hutchinson, of Abilene, and Mrs. Olden. In the dining room to receive the guests were: Mmes. F. A. Brown, L. H. Flewelling, C. D. Woods, Misses Bessie Pay Irion and Lillian Neal, Little Nannie Katherine Newnam received the cards of the callers, who were greeted at the door by little Juanita Martin.

Miss Nell Tibbles presided at the piano and Miss Cleo Motes at the Victrola. Several songs were artistically sung by Mrs. Besse Luke, accompanied by Mrs. Charles G. Norton. Cut flowers and quantities of green branches decorated the living room and dining room, where delicate refreshments were served.

## SHULTS-MATTHEWS MARRIAGE SOLEMNIZED

The marriage of Miss Johnnie Shults to James Ernest Matthews took place in Tulsa, Okla., on Wednesday, Oct. 17, at the residence of the bride's sister, Mrs. John Morgan. The bride is the daughter of Mr. and Mrs. J. N. Shults of Oklahoma, but has resided several years in Ranger, where she has many friends, as has also the bridegroom, who is connected with the Standard Tank and Steel works.

Mr. and Mrs. Matthews will be at home in Ranger at the first of November, and heartiest good wishes will be extended to them by their many friends in this city.

## WOMEN'S CIRCLE TO MEET MONDAY NIGHT

Women's Circle will meet Monday evening at 7 o'clock in the Odd Fellows hall.

## BIBLE STUDY MONDAY AT METHODIST SOCIETY

The Methodist Home Missionary society will meet at 3 o'clock on Monday for Bible study which was postponed last week on account of the heavy rain. Mrs. R. R. Stafford will conduct the lesson which will be on the life of David.

## FRAMEWORK OF NEW GREENHOUSE COMPLETED

Construction of the iron framework of the new greenhouse of Valliant's has been completed by the Clay Boiler and Machine works. The sash bars will be of redwood and will be put up by Bourdeau brothers of this city.

The new greenhouse will be considerably larger than the original plan. T. R. Valliant, the owner, expects to build up a wholesale business with the completion of his new plant. He is now growing his first carnations.
