## SKULL IS IDENTIFIED AFTER TWO YEARS

### TWO MATTRESS FACTORIES HERE ARE KEPT BUSY

Each Covers Eastland and Adjoining Counties and Has Many Orders Ahead.

Quietly but surely the mattress industry is growing in Ranger. It has not been much more than a year since there was no mattress factory in Ranger. There are two today, each one employing three salesmen. Both are behind in filling orders, so fast have they come in. The prosperity of the cotton grower this season has been a big factor in the mattress factories, which are working an unusual large number of men and women.

The Ranger Mattress company, 213 North Oak street, was the first factory to be established here. M. M. Nanney, the owner, came to Ranger in May, 1922. The Ideal Mattress company, North Austin street, was started three months ago by L. L. Hay of Ranger. Herbert Nott recently became associated with Hay in the firm's business.

Covers Large Territory.  
The Ideal company has three trucks, each with a live wire salesman on the road continuously. The salesmen go as far east as Gordon and as far west as Baird. The Ranger company has business connections in Breckenridge, Albany, Eastland, Carbon, Gorman, DeLeon, Desdemona, Rising Star, Comanche and Snyder.

The Ideal was 90 mattresses behind in orders and a night shift was started Wednesday. Six employees are engaged for the factory work.

Many Country Orders.  
The little country stores are selling more mattresses this year than usual, according to Nanney of the Ranger Mattress company, and this is putting his factory behind in filling orders. "The cotton growing in this section and the cotton gin is making better business for us," he declared. "This is what is making the mattress business this month. There are five employees working inside at present."

His company sells mattresses to six Higginbotham mercantile stores in West Texas, exclusively. Nanney also has a factory in Breckenridge, but he lives here with his family on Foch street. The Ranger factory has a Franker picker, which Nanney considers one of the best, if not the best cotton cleaning machine on the market.

According to Hay of the Ideal factory, 90 per cent of the dirt is removed from an old mattress. The teeth in a cylinder box claw the dirt particles free from the cotton. The picker is run by a motor.

The Ideal company owns the property the factory is in. "We are here to stay," Hay said, "and we can insure mattresses against fire losses."

### NOTABLE MASONIC GATHERING THIS MONTH IN NATIONAL CAPITAL

WASHINGTON, Oct. 5.—Masonic notables from many countries will assemble here Oct. 15 in the biennial session of the supreme council of the thirty-third degree, Ancient Accepted Scottish Rite, southern jurisdiction. The supreme council is the governing body of the southern jurisdiction, its authority extending over the states south and west of the Mississippi, and to the Orient.

The Sovereign Grand Commander, John H. Cowles, 33d degree, will preside. Perry Weidner, 33d degree, Los Angeles, Cal., is secretary-general.

On Sunday, Oct. 14, a service in memory of Albert Pike will be held at the House of the Temple, Masonic headquarters here. Illustrious Brother Thomas J. Harkins, Asheville, N. C., will deliver the memorial address, and illustrious Brother Henri P. Linz, Wheeling, W. Va., will render a program on the pipe organ.

A reception will be tendered on Oct. 15 to grand officers. On Thursday, Oct. 16, Rev. Elmer J. Goshen, grand chaplain of Salt Lake City, will deliver an address. Reynold E. Blight, Los Angeles, will discuss "A National Program for Education" on Wednesday.

The thirty-third degree will be conferred on the evening of Oct. 19, on which date a dinner will be given in honor of visiting thirty-third degree Masons and candidates-elect.

### Al Spencer Gang Passing Into the Period of Memory

OKLAHOMA CITY, Oct. 5.—Oklahoma is witnessing the passing of the last of the bandit gangs with the arrest of Ed. Lockhart and Frank Nash, remnants of the notorious Al Spencer gang, now held in jail at Venito under heavy guard. They were captured yesterday by state and federal officers.

According to United States Marshal McDonald, who, with a posse of officers, shot and killed Al Spencer near Bartlesville recently, this capture marks the end of one of the most notorious outlaw gangs that has spread terror through Western Oklahoma for years, and, it is claimed, has robbed more banks than did Jesse James.

### MCDONALD MADE GRAND KNIGHT, RANGER K. OF C.

Succeeds Edw. R. Maher; Wm. Bourdeau Elected Deputy Grand Knight.

William N. McDonald was elected grand knight of Ranger Council No. 2123, Knights of Columbus at the annual election held last night in the council's clubrooms on the mezzanine floor of the Gholson hotel. He succeeds Edw. R. Maher.

McDonald said today the council will be active during his tenure of office for anything that will benefit the city, state or county. He announced that the new rooms in the Gholson hotel will be opened at all times for members of the Ranger council and visiting knights.

William Bourdeau was elected deputy grand knight. Other elective offices filled last night were: Joseph H. Kramer, chancellor; Robert L. Carlton, recorder; Henry R. Schmidt, financial secretary; Edward Horigan, treasurer; Dr. B. J. McGinnis, ad. vocate; Clarence Gallagher, warden; C. P. Becker, inside guard; J. P. O'Reilly, outer guard.

Edw. R. Maher will be the Ranger council delegate to the state convention of the Knights of Columbus and Dr. B. J. McGinnis alternate delegate. James J. Collins was elected to succeed himself as trustee of the council and Maurice Leveille, alternate grand knight.

### CIRCUS CROWN DOUBLES LAST NIGHT OVER THE PRECEEDING SHOWS

Tonight the school children will be at the circus grounds in strong numbers. School has been going on all week, and the boys and girls who would like to have gone the first night but had to stay with their studies will get their chance tonight to see Bob Morton's funny clowns and death-defying actors and actresses.

The Elks of the Ranger lodge are feeling much better today. Weather kept the crowds down to one-half of the tent's capacity Tuesday and Wednesday. Last night, however, the big white tent was packed. "We had double the crowd of the first two nights," Dr. H. A. Logsdon, exalted ruler of the Ranger lodge, said today. "If we get crowds nearly as good as last night Friday and Saturday we will come out nicely."

### RANGER FRANCHISE RIGHTS BEING ARGUED IN COURT

Two motions in the Ranger Gas company-City of Ranger and Southern Ice and Utilities company gas controversy were being heard today in the court of civil appeals in Fort Worth.

A motion to dismiss the appeal of the city and a motion to advance the hearing over other cases are to be decided upon by the court. The validity of the city franchise is not involved. It is an appeal from the decision of Judge G. L. Davenport of the 91st court which restrained the city from interfering with the laying of gas pipe lines to the Southern Ice company's property from beyond the city limits to the plant.

The case is being watched with keen interest locally.

### LLOYD GEORGE COMES TO SEE UNITED STATES

Former British Premier Making His First Visit to America.

NEW YORK, Oct. 5.—David Lloyd George, famous British statesman, came to America today. Britain's member of the "Big Four" caught his first glimpse of the United States as the giant liner Mauretania nosed its way through the narrows. A bright sun made the stature of liberty brilliant in the early morning landscape. The famous war leader was wrapped in a huge coat which protected him from the chill of the morning. He waved his hand and smiled broadly as hundreds of well-wishers tendered him a great ovation.

Around the great vessel which brought the premier statesman to this country scurried numerous small craft which had brought committees of welcome out to meet him. A heavy police guard was thrown around him as he left the ship, as a hostile demonstration from Irish republican organizations had been feared.

Lloyd George will make a tour of the principal cities of the United States and Canada. He is accompanied by Mrs. Lloyd George and their daughter.

Lloyd George landed at 11:30 and was greeted by a great crowd, the largest to gather to cheer a foreigner since the coming of General Joffre in 1917. He entered an automobile at the dock to drive to the city hall. The crowd became denser as he proceeded up Broadway and the cheers drowned out the music.

Several women tried to reach his automobile and when prevented by the police they shouted, "Down with Lloyd George. We'll skin him alive." They were hustled by the police to the outskirts of the crowd; but no arrest was made.

Lloyd George was smiling broadly when he came out of the city hall where he was greeted by city officials. He posed for the photographers.

### IRISH REPUBLIC WOMEN CARRY PROVOKING BANNERS

NEW YORK, Oct. 5.—David Lloyd George, war premier of England, today set foot on American soil for the first time.

He made it known that he intended while here to call on former President Wilson, with whose aid, the Versailles treaty, ending the World war, was drafted and signed.

Police reserves today broke a procession of women carrying banners denouncing Great Britain outside of the city hall, where a crowd of several thousand people had gathered to greet Lloyd George. The women said they were members of the American Association for the Recognition of the Irish Republic.

"Much unhappiness and difficulty resulting from the war has been caused by improper or ineffective operation of the treaty of Versailles," said Lloyd George.

### REFEREE DECIDES MIKE M'TIGUE HOLDS TITLE

COLUMBUS, Ga., Oct. 5.—Although Mike McTigue of Ireland, still retains his light heavyweight title, under a decision rendered by Referee Harry Ertle after a 10-round fight here yesterday, his opponent, Young Stribling, Macon high school boy, is the rightful holder of the title in the eyes of Columbus fight fans.

Promoter Paul Jones of the American Legion wired State Chairman Muldoon of New York boxing commission, demanding a thorough investigation of the tumultuous bout. Referee Ertle today charged that efforts were made to get him to change his decision.

### W. E. D. STOKES, MILLIONAIRE, INDICTED FOR CONSPIRACY

CHICAGO, Oct. 5.—W. E. D. Stokes, millionaire hotel man of New York, his attorney, Daniel Nugent of New York, and five others, were indicted by the grand jury today on charges of conspiracy in connection with the charges of Mrs. Helen Elwood Stokes that her husband and agents had plotted to ruin her reputation in connection with his divorce suit.

### Divorce Record of Eastland County Almost Tie With Marriages

One of every five barks that said out into the sea of matrimony in Texas is wrecked upon the rocks of divorce, the department of commerce announced today. Or to be exact there is one divorce for every 4.9 marriages.—Washington despatch of Oct. 3.

Eastland county, according to the district clerks' office, was in a fair way the first four days of this week, to even break this astonishing divorce and marriage licenses issued and four divorce suits filed in the district courts from Monday to Thursday. In other words there was one divorce suit filed for every 1.5 marriage license issued.

In 1922, according to the figures of the department, there were 61,233 marriages and 12,399 divorces in the Lone Star state. The divorce percentage was larger in Texas than in any of the populous states. The records do not show what proportion of those seeking divorce were married in the county or state in which they file the divorce suits.

### MYSTERY OF MANY DAYLIGHT ATTACKS CLEARS

HOUSTON, Oct. 5.—The mystery attending repeated daylight assaults on young girls has been cleared up with the arrest late yesterday of a young man who gave the name of Frank Walker, who was taken into custody after the officers had prepared a trip for him with the aid of one of the girls he is alleged to have attacked. He is held on a charge of criminal assault.

According to one of the girls, Walker came to her home and asked if she knew some one who would care for his sick wife and baby. The girl accepted the job and accompanied him to a wooded suburb. Alighting from the street car, they walked to a dense clump of woods where Walker said to her, "don't be afraid, I am a klan investigator."

He then tried to persuade her to disrobe. The girl refused, after which, at the point of a gun, he attacked and robbed her, after which he told her to "beat it home."

Authorities were guided by the girl to the spot where the alleged attack occurred and lay in wait to see if the man would come again. He did, accompanied by another girl, and was arrested.

### BOYS AND GIRLS HELPED TO IMPROVE DAIRY CATTLE BREED

SYRACUSE, N. Y., Oct. 5.—Boys and girls enlisted in a nation wide campaign have been a valuable aid in improving the breed of dairy cattle, Frank O. Lowden, president of the Holstein Friesian association and former governor of Illinois told the World's Dairy congress recently.

Calf clubs are being organized by the children, who become owners of pure bred calves. As a result, said Mr. Lowden, the breed of cattle in these vicinities already has been improved.

The speakers urged upon the farmers greater attention to breeding. He praised European farmers, to whom he said Americans were much indebted for knowledge of how cattle stock might be improved.

"The pure bred associations are fighting the scrub bull, a campaign which will add to the country's health and wealth and in which the co-operation of business interests will be valuable," the speaker said in conclusion.

### UNEARNED INTEREST ON SCHOOL BONDS REFUND

AUSTIN, Oct. 5.—Steps were taken today by Superintendent Marrs to repay 250 school districts unearned interest on bonds purchased by the state board of education since Sept. 1, 1920. Probably \$200,000 will be paid back to city, town and independent school districts through credit on a new bond issue. This was authorized by the last legislature.

### CORBETT WELL COMES IN FOR 200 BARRELS

Flush Production in New Ranger Producer Runs Close to 200 Barrels Daily.

Flush production of from 180 to 200 barrels was claimed yesterday for the Corbett, et al. oil well on the Williams farm in the Nannie Walker pool, 14 miles northwest of Ranger, by oil men who visited the well after it was drilled in.

Pay was struck at 2,148 feet. Sixty feet of pay is claimed for the well. Gas was plentiful above the depth at which oil was struck. It was estimated that 2,000,000 cubic feet of gas was produced.

Men who visited the well yesterday declare it will settle down to about a 120-barrel well.

F. C. Corzelius, J. H. Corbett and L. R. Pearson are the principal owners of the well.

### CONVICTS HOLD JAIL FORTRESS IN KENTUCKY

EDDYVILLE, Ky., Oct. 5.—Three convict munitiners and murderers, Monty Walters, accounted the leader; Lawrence Griffith and Harry Fereland, who for more than two days have defied efforts of the executive and military departments of the state to dislodge them from their improvised fortress in the penitentiary dining room, seem assured of holding their position until this evening, at least. The warden announced that further efforts to dislodge them would be suspended until 5:30 o'clock this afternoon, awaiting arrival of three members of the state board of charities and corrections.

It is said the convicts appeared to have used four 90-gallon steam boilers and a steel-covered brass mixture bowl as hiding places. From these they are able to command the only entrance to the building. The warden said he thought the three convicts could hide successfully in these places and each man hold off a regiment.

EDDYVILLE, Ky., Oct. 5.—The Kentucky state prison and immediate territory is on a war basis today, the guns of state officers and state militia being trained on the small brick building within the prison walls where three desperate convicts have been entrenched since Wednesday. Three of the guards shot by them are dead and the fourth is dangerously wounded.

The building is just a small two-story brick structure, which has a basement in which the convicts may hide. Its doors, windows and walls have been shattered by the hail of bullets sent to dislodge the convicts. It may be dynamited, the warden said.

### TWO CONVICTS IN JAIL APPEAR TO BE DOWN

EDDYVILLE, Ky., Oct. 5.—The rattle of musketry and the roar of machine guns was heard about noon today in Eddyville from the state penitentiary. It was decided to resume firing when pickets at vantage points, using field glasses, reported they could see two forms lying on the floor of the dining room, either wounded or dead. No sign of the third man could be detected.

### EDWIN HOBBY IS MADE DEFENDANT IN SUIT

EASTLAND, Oct. 5.—Bank Commissioner J. L. Chapman has brought suit against Edwin Hobby, a brother of former Governor W. P. Hobby, for \$53,200 in the eighty-eighth district court of Eastland county. Chapman in his petition declared Hobby to have owned 523 shares worth \$100 each in the Security State bank of this city, which was taken over by the state after its failure.

The stock was in the name of Sam Young, trustee, but Hobby was the owner, it is alleged. In the event of a state guaranty bank failure, a stockholder is held liable for an assessment, equal to the amount of stock held.

### Oklahoma Auditor Cuts Walton's Men Off State Payroll

OKLAHOMA CITY, Oct. 5.—Governor Walton's secret service men, claimed to number about 22,000, were cut off the state payroll today. Claims for September, totaling thousands of dollars, will be held up until the guards show they have earned their money, according to State Auditor Childers. "No work, no pay; they must show me they have worked and earned it," Childers said.

Childers also held up salary claims of employes in the state highway department, claiming the department was running wild with expenses. He said he had no record of the amount expended without the governor for martial law in Oklahoma. Just how much was expended without check by the auditor is to be reported to the legislature, according to the auditor, who claims the expense of running the government in Oklahoma has reached an alarming point.

The fourth defendant, Mrs. Esther Lee Tunstall Fulton, is under arrest in Los Angeles, Cal., and is resisting extradition.

Mrs. Laub told the court that McBiles, said to be a former sweetheart of her's, had admitted to her that he had had something to do with the killing of Knight.

### LEGISLATURE OF OKLAHOMA MAY MEET OCT. 17

Call for Session Likely to Await Court Action on Two Injunctions.

OKLAHOMA CITY, Oct. 5.—It was indicated in well-informed circles that the call for the lower house of the state legislature was in progress and that it will probably go out summoning the body for an impeachment session on Oct. 17.

No statement was forthcoming from the legislative opponents of Governor Walton but members of that body let it be known unofficially that the session will now be held.

It was indicated that the call would not be withheld pending an impeachment action brought against the governor previous to the state election board certifying to the secretary of state the returns of Tuesday's election at which a constitutional amendment was approved, paving the way for an investigation of Governor Walton's official acts.

Ross Lillard, state senator, declared it is not necessary for the returns for initiative elections to be certified to the secretary of state in order to make the process of the initiative operative. He asserted that the law provides that the question must be conclusively settled and thereafter the measure becomes effective.

### GRAND JURY MAY MEET IN OKLAHOMA CITY OCT. 15

OKLAHOMA CITY, Oct. 5.—Plans for the proposed impeachment proceedings against Governor Walton will be held up until the court acts on the application by members of the legislature for an injunction restraining the military from interfering with the legislative session. By agreement the case was continued by District Judge James I. Phelps until another day to be agreed upon by the court and attorneys.

This combined with the temporary restraining order obtained by the governor holding up certification of the special election returns by the state election board to the secretary of state temporarily halts plans for a special session of the legislature. The hearing on the injunction sought by the governor has been set for Oct. 9.

A grand jury designed to investigate the use of armed troops in the state will attempt to convene Oct. 15. On a petition signed by Campbell Russell and nearly 200 others, a grand jury has been ordered by District Judge Clark. The last grand jury session was dismissed by the governor with state troops.

### BUTCHER OF LODI FLEADS GUILTY TO MURDER CHARGE

STOCKTON, Calif., Oct. 5.—Alex Kels, a former butcher of Lodi, today pleaded guilty in superior court to a charge of murdering a stranger at his ranch near Lodi so that his wife might collect insurance on his life. Sentence was deferred.

### DALLAS OIL MAN DIES IN DESERT; BELIEVED SLAIN

Four Held on Murder Charges; Former Sweetheart of One Is State Witness.

PHOENIX, Ariz., Oct. 5.—The skull of a human being was shown today in the justice of the peace court here and identified by Mrs. Ruby Laub, a witness for the state, as having belonged to John Knight, a wealthy Dallas, Texas, oil man, who disappeared mysteriously in a desert 60 miles north of here in July, 1921.

Counsel for three of four defendants brought the skull into court during a preliminary hearing on charges of murder in connection with the disappearance of Knight. Three of the defendants are Tom Tunstall, C. W. McBiles and the latter's mother, Mrs. Letitia Smith.

The fourth defendant, Mrs. Esther Lee Tunstall Fulton, is under arrest in Los Angeles, Cal., and is resisting extradition.

Mrs. Laub told the court that McBiles, said to be a former sweetheart of her's, had admitted to her that he had had something to do with the killing of Knight.

### Sinclair Official Says Oil Industry Is On Upward Climb

CHICAGO, Oct. 5.—The oil industry has passed the crisis and now is on the upward climb, Sheldon Clark, vice president of the Sinclair Refining company, declared, addressing the American Oil Men's association.

Mr. Clark is the first of the nearly 1,000 oil men from all branches of the industry who has declared the oil business had passed the "turn" and improving.

That independent oil companies lost \$500,000,000 last year, was the contention of E. W. Marland, president of the Marland Refining company of New York, in his address.

"They spent more money drilling wells last year than they received from the selling of oil," he said.

"Several years ago 85 per cent of all the oil was produced by the small independent companies. This was what we called free oil, not under the domination of the major oil interests. Today 75 to 80 per cent of all the oil is produced by the Standard Oil company or major companies, not more than 25 per cent by the independents."

W. H. Gray, Tulsa, Okla., president of the National Independent Producers' association, said that in 1920 an examination of the books of 21 representative oil producing companies showed average cost per barrel of more than 25,000,000 barrels produced as \$1.6274. He said his oil brought on the market an average of \$1.33 a barrel.

### THREE SPECIAL VENIRES ARE TO BE SUMMONED

EASTLAND, Oct. 5.—The deputy sheriffs are principally engaged in notifying men wanted for special venires in three important cases to be tried by County Attorney W. J. Barnes this week. About 150 men are being summoned for each venire. The cases are those of John W. Owens of Ranger and J. W. Burns of near Gorman, both to be retried for murder, and Jim Carter, charged with a statutory crime. When the trial of Bob Mohler for murder is set, it will mean another special venire.

Office Deputy Edwin Bettis said that Deputy Sheriff John Hennessee will work in the Ranger district in getting the veniresmen. He said he had enough to do to keep him there for 30 days. "We mean to get all of them we can," Bettis said.

### STRESEMANN HAS STROUBLE IN FORMING CABINET

BERLIN, Oct. 5.—The German Democratic party of the Reichstag today adopted a resolution declaring that the party could not support a party which has no parliamentary basis.

As a majority of the other parties had adopted the same view, it is believed that Chancellor Stresemann will not try to form a cabinet having the support of parliamentary parties.

BIBLE THOUGHT

HAVE THE MIND OF CHRIST:  
—Let this mind be in you, which was also in Christ Jesus. Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves.—Philippins 2:5, 3.

TOTS IN BEET FIELDS.

Efforts to induce the next congress to enact valid legislation against child labor, it is predicted, will bring to public attention the very large number of children employed by the beet sugar industry, one of the interests heavily protected by the Fordney-McCumber tariff. It is said that there has been a big increase in the number of small boys and girls at work in the western beet fields this season.

The National Child Labor committee of New York and the Children's bureau of the United States department of labor recently investigated the employment of children in the sugar beet industry and reported serious conditions. Thousands of children—fully a fourth of them under 10 years of age—were found toiling in the fields from nine to 11 hours a day. Not only were these children deprived of an opportunity to attend school in the spring and autumn, but they were in many instances contracting physical deformities by reason of their labor and hardship.

Speaking of the inquiry that was made in Utah, the American Child, a magazine published by the National Child Labor committee, said: "We found that some rural schools were closed on account of beet field needs."

Miss Alice K. McFarland, chief of the welfare division of the Kansas industrial court, made a survey of conditions in the beet fields of that state and called them "deplorable."

"It is a common thing to see little tots with long, sharp knives cutting tops from beets," she said. "In many cases they work from 6 o'clock in the morning until nearly dark, with only a short stop for lunch."

The study made by the United States Children's bureau in sections of two counties of Colorado covered 1,077 children 16 years of age and less. About 70 of the families employed in these districts, says the children's bureau, "were those of transient laborers recruited by the sugar companies, often from distant parts of the country." Describing the work of these children, the report of the children's bureau says:

"Over one-fourth of them were under 10 years old, a small percentage under 8. Less than one-fifth were as much as 14 years old. Considerably over half were from 9 to 13 years of age. Physically, the most harmful feature of the work lies in the hours. From 69 to 85 per cent (according to the process in which the child was engaged) worked nine or more hours a day. From more than one-seventh to one-third (again varying with the process) worked 11 hours or more."

This constant toil for long hours told in bodily defects. The report continues:

"Postural deformities and malpositions apparently due to strain were shown by 70 per cent of more than 1,000 of the beet-working children who were examined by a physician of the children's bureau."

The children's minds and souls as well as their bodies suffered. "Supplementary surveys covering several thousand school children resident in the beet section (of Colorado and Michigan) showed that the attendance of the beet-working children was from 20 to 30 per cent less than that of the non-working children." The children of the migratory laborers lost even more time from school.

CHARLIE KOCH  
WILL PITCH  
AGAINST CATS

Fort Worth Cats, champion baseball team of the South, will play at Breckenridge Saturday and Sunday. The Cats will present the same lineup it did in beating the New Orleans Pelicans, according to an announcement of the Breckenridge Dynamo baseball management.

Charlie Koch, who has been pitching sensational ball for several clubs in West Texas, including the Ranger Snappers, will hurl for the Dynamos Sunday.

The games will be called at 3:30 and 3 o'clock respectively.

FIRE LOSS IN RANGER  
THIS YEAR TOO LARGE

In 12 months, Oct. 1, 1922, to Oct. 1, of this year, there has been a total loss of \$87,000 in real and personal property in Ranger from fire.

Fire Chief Chapman estimates that \$70,000 of this total to be the result of the work of incendiaries. "It is supposed that \$70,000 of this \$87,000 is in fires of incendiary origin," he declared today to a Times reporter. "Ninety per cent of the total losses resulted from fires that could be prevented."

The heavy fire losses have been sustained in the down town district, he said, calling attention to the Nash hotel, Ranger Mercantile company building and Ballard feed barn fires.

PERSONALS

Mrs. Gray Powell has returned from an extended trip to Colorado.

MR. AND MRS. RHODES  
GIVE "500" PARTY.

On Tuesday evening Mr. and Mrs. Rhodes entertained a few friends at their home on Marston street. An enjoyable evening was spent with music and "500." A salad course consisting of pineapple salad, olives, stuffed eggs, wafers and hot chocolate. Favors were baskets filled with mints. Those present were: Messrs. and Mmes. Barnes, Hart, Morris, McCobb, Carpenter, Bloodworth, Thorpe and Mr. Yoakum.

EAGLE PASS.—Plans are under way here to rebuild the international bridge over the Rio Grande which was destroyed by the recent floods. Work is expected to get under way as soon as the high waters have completely receded.

GOING OUT TONIGHT?

You can usually tell when a girl or boy is looking forward to an evening of real fun, or whether they feel that they have simply been invited to fill in, as they get ready to go to a party or dance.

The ones who have nothing to worry them about the way they look are so much more noticeable by the shrinking and backwardness of the ones who are afraid to mingle in the fun because they know how unattractive they must look on account of their pimply, blotchy or rough, eczemic skin.

Their one friend is the wonderful Black and White Ointment, if they will just use it faithfully, because it will get rid of all those ugly bumps and make their skin soft, smooth and lovely. It is economically priced in liberal packages. The 50c size contains three times as much as the 25c size. All dealers have it—Advertisement.

CLEAN KIDNEYS  
BY DRINKING  
LOTS OF WATER

Take Salts to Flush Kidneys If  
Bladder Bothers or  
Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.—Advertisement.

MISS CORA PEVEHOUSE  
MARRIED TO MR. REIMUND

Miss Cora Lee Pevehouse was married to Walter O. Reimund by Rev. W. H. Johnson, pastor of the First Baptist church, last night under the billowy white top of the Bob Morton circus. The wedding ceremony was performed in the center of the tent, following the main show. They were unattended.

The thousands or more persons, who were present for the entertaining acts, remained quietly seated for the wedding ceremony. The bride was attired in a gray suit with hat to match.

Mr. Reimund is a mechanic in the garage of the Prairie Oil and Gas company. The bride has been a resident of Ranger for about three years.

DRIVER WRECKS TRUCK  
TO AVOID COLLISION

To avoid hitting an automobile driven by a woman, a truck belonging to the City Fish Market, had the front wheels smashed when the driver ran his truck into the curbing at S. Commerce and Elm streets this morning.

The truck was going south on Commerce and the automobile turned in front of the truck from Commerce to Elm street, although the truck had the right of way.

SPOT COTTON GOES TO  
SLIGHTLY LOWER LEVEL

Spot cotton was slightly under yesterday's figure in Ranger today. Buying price ranged from 27.75 to 27.90 per pound on the street as compared with the top price of 28 cents yesterday.

Sixteen bales had been ginned up to 1:30 p. m., more than yesterday, at the Moss cotton gin. Eleven were ginned yesterday. This afternoon's figure makes 521 bales ginned.

BISHOP MOORE TO PREACH  
IN RANGER SUNDAY NIGHT

Service will be held at St. Mary's Episcopal church on Sunday at 8 o'clock in the evening, instead of the usual 11 o'clock morning service. Rev. Frank H. Stedman and Bishop Harry T. Moore will both be present to conduct the service. All Episcopalians of the city are urged to be present and other friends are cordially invited to attend.

MRS. J. E. BARNES LAID TO  
REST IN BULLOCK CEMETERY

Funeral services for the late Mrs. J. E. Barnes, who died at her home Tuesday night, were held yesterday afternoon at the First Baptist church, Rev. W. H. Johnson officiating. Interment was made in the Bullock cemetery.

The pallbearers were Colonel Braschier, J. A. Pitcock, F. A. Brown, A. R. Right, N. Jane and M. P. Hames. The Milford Funeral home was in charge of funeral arrangements.

MINERAL WATERS OF TEXAS  
HAVE MATERIAL VALUE

AUSTIN, Oct. 5.—Texas is rich in mineral waters, if the results of a state wide survey of mineral water production made by the bureau of economic geology of the State university and the U. S. Geological survey, are an indication. The statistics collected by the two departments show that during 1922 the state sold 307,478 gallons of mineral waters of various kinds. This production was sold or valued at over \$50,000.

The survey was conducted for the university by Dr. Audden, head of the economic geology department. Many kinds of mineral waters are included in the list investigated. The department probably will conduct an inquiry into the 1923 production also.

"SOCIAL AND ECONOMIC  
FAILURE" ENDS LIFE

NEW YORK, Oct. 5.—John Hawkins Loving, secretary of the Marshall Chess club, committed suicide by shooting himself last night in his hotel room in Greenwich Village. He left a note stating that he had an erratic mind and was a social and economic failure.

In his room was found a photograph on the back of which was written, "Benjamin L. Loving, Center, Texas."

HIGH SCHOOL FOOTBALL TEAM  
IS IDLE ON SATURDAY

Efforts to get an opposing team for the Ranger High school football warriors for tomorrow failing, the team will be idle. Much disappointment was felt by the high school authorities and the coaches that the team must go without an opponent Saturday as it is felt that games are needed badly to season the players. Roscoe will be here next Saturday. All of the remaining Saturdays of the football season are scheduled for games.

TEMPLE.—Approximately 1,000 new members have been added to the wood of the Temple post. The local post has gained 100 members.

All About the Wedding in the Circus Tent, Leaving Out Names and Facts; Himself Aspires to Be Poet Laureate.

By P. G. T.

The big top was crowded and what brought the crowd was the long advertised mysterious wedding. Before it came off everybody asked everybody else "who are they," and got no satisfaction, so that secret put many four-bites into the hands of the birds that guard the entrance.

It was suggested by the Hon. Wade Swift, who is one of our best promoters of the peace, and chief promoter of the mysterious wedding, should be Main Dragged, but after looking over the shoulder spread of the groom and speculating on the hat pin wedding powers of the bride, we resigned our commission.

For some reason or other the sawdust holds more of a lure than the straw, and we haven't entered the famed Hawaiian village as yet. Dick Edwards, Ranger's latest amateur-professional actor, dancer and singer, says one of the dudes in the Village knocks 'em dead with his pipes, which is stage slang for makin' 'em tear up the seats with a hot number. It is understood that the grass used by the dancers is of exceptional quality.

The following flock of verses is the first rhymed editorial we ever undertook to write, and from the way the thing looks out to print, it'll be the last. We've read worse, but forget where, probably in an annual published by the inmates at Terrill. Cigarettes are full of furrinal.

Which Doc Kellogg says is worse Than alcohol which stunts the mind The pill inhaler soon will find He's riding in a hearse.

And here is old Judge Bottlesford, Who's a victim of this curse He rolls himself a pill and shakes With scientific fears.

He should have died long years ago, So say these kill-joy seers.

Such a cloudy and dangerous deed We should quit on the morrow But farther down the page we read And much unto our sorrow, That two million healthy mouths must feed

On profits from tobacco. So we've got to smoke to keep these folks From hunger and insanity, And kill ourselves on tobacco smoke For the safety of humanity.

### "DON'T" TO BE OBSERVED FOR FIRE PROTECTION

"If you would save your property," says Fire Chief Chapman, "you must observe some don'ts." Here are some of them, he says:

Don't permit trash and waste to accumulate about your premises—clean property seldom ever burns.

Don't burn trash, dry leaves, rubbish or grass near fences or buildings.

Don't put ashes, hot or cold, in wooden receptacles or throw them against wooden structures—keep your ashes in metal containers.

Don't attempt to do amateur electric wiring and do not hang electric wires on nails or other metal. Never use pennies, nails or other wire for fuses. Fuses are the safety valves—the most important factor in wiring systems. And, have your electric wiring carefully examined by a capable electrician every year.

Don't fail to cut off the current when you have finished with electric irons or other appliances. And provide metal stands for electric irons.

## DEMS TO PICK DELEGATES IN 17 STATES

By Associated Press.

WASHINGTON, Oct. 5.—Democrats in 17 states will select their delegates to the national convention next year by direct vote in a series of primaries beginning in March.

A tabulation of the dates of these primaries has been made public by the Democratic national committee. In many cases they coincide with the dates on which the voters will express their preference among presidential candidates, although in some states electing delegates directly there will be no preferential vote for president, the delegations being either instructed by state conventions or left uninstructed.

In many cases, too, Democratic and Republican voters will go to the polls to elect their delegates on the same day. The list of Republican primaries, however, has not been completed by headquarters of the Republican national committee.

The Democratic list follows: Alabama, May 13. California, May 6. Florida, June 3.

Illinois (district delegates only), April 8.

Massachusetts, April 29.

Montana, May 27.

Nebraska, April 15.

New Hampshire, March 11.

New Jersey, April 22.

New York, April 1.

North Dakota, March 18.

Ohio, April 29.

Oregon, May 16.

Pennsylvania, May 20.

South Dakota (meeting Dec. 4, 1923, to propose delegates), March 18.

West Virginia, May 27.

Wisconsin, April 1.

In Louisiana, the method of selecting delegates chosen in district convention is left to the state committee; the usual custom is to call a state convention for the purpose. Other states in which selection of delegates is left to state committees are Arizona, Arkansas and Washington.

### MONSTER FISH IS FOUND IN GREAT LAKES REGION

By United Press

CLEVELAND, Oct. 5.—Monster fish in a lake surrounded by miles of waste land and accessible only by airplane was described today by E. S. Jordan, president of the motor car company that bears his name, on his return here today from an airplane fishing trip in the Great Lakes region.

The fish were so large that they make believable, he said, the tales of early settlers that large fish were easy to catch. "We were brought down in some inland lake or river with our flying boat and we caught more than we could use in an hour's time," he said. "Fish under five pounds we threw away."

## Karo Syrup Adds to Flavor of Cookies and Coffee Cake

There is something about the flavor which Karo syrup adds to cakes and cookies that gives them a taste that is different, a something deliciously enticing which calls for more. There are endless cookies which are welcomed by the children but none of more promising sort than the following:

### Ginger Cookies.

1 cup brown sugar, 5 cups sifted pastry flour, 1 teaspoon soda, 2 teaspoons baking powder, 1 teaspoon ginger, 1-2 teaspoon cinnamon, 1-2 teaspoon cloves, 1 teaspoon salt, 1-2 cup Karo (Blue label), 1-2 cup molasses, 1 cup Mazola, 1 cup boiling water, 3 eggs.

Sift dry ingredients. Add eggs and liquid and stir well. Drop from spoon onto oiled tins. Bake in moderate oven. One-half cup jelly or jam may be added to this recipe.

### Cinnamon Coffee Cake.

One and 1-2 cups sifted pastry flour, 1-2 teaspoon salt, 2 teaspoons baking powder, 1 beaten egg, 2 tablespoons Karo (red label), 2 tablespoons Mazola, 1-2 cup milk. Sift dry ingredients into mixing bowl, add milk, Karo, Mazola and beaten egg.

Mix well and pour into shallow pan oiled with Mazola.

### Topping.

One and 1-2 tablespoons Mazola, 3 tablespoons sugar, 1 tablespoon bread flour, 1 tablespoon cinnamon, pinch of salt. Mix until crumbly and scatter evenly on top of cake. Bake in quick oven about 25 minutes.

The masquerade in early times was connected with religion.

Jobs are scarce for the Physically Run-Down

THE DOOR of opportunity flings wide its portals only to the man who is up and doing—who is filled with pep and punch—with rich, red blood tingling through his veins. Mountain size obstacles dwindle to ant hills and ambitions become accomplishments to these sort of men.

Where is the employer who seeks the man who is physically run-down?—The man without stamina to withstand the knocks and gaff of the hurrying, scurrying world of business?

S. S. S. is the long established and time honored creator of red blood cells. You cannot expect to get very far up the ladder unless you are equipped with a body that is strong and vigorous. S. S. S. will start you on your way. Don't allow the "Door of Opportunity" to be closed to you because you have not the stamina to withstand the gaff—because your nerve power is lacking. Build up your system!

S. S. S. is made of carefully selected and scientifically prepared and proportioned herbs and barks makes you fit! Get back that old time punch! When opportunity knocks be ready to answer the call!

S. S. S. is sold at all leading drug stores. It is more economical to buy a large size bottle.

## GIANT INFIELD STRONGER ON ATTACK-FARRELL

By HENRY L. FARRELL, (United Press Sports Editor)  
NEW YORK, Oct. 4.—Comparing the infields of the Yankees and the Giants it will be found that the National league champions have an edge in the power of attack, while the two combinations are about evenly matched on the defense.

Wally Pipp, first baseman of the Yankees, is a real star, whose value to the club is not superficially apparent. Pipp is regarded by many first class pitchers as the most dangerous batter on the team. He is a hard worker, a good reliable fielder and a player of ideal temperament.

Kelly, the rival first sacker of the Giants, has only one marked superiority over Pipp, and that consists in his possession of one of the finest arms in baseball. On double plays, throwing to third and relaying from the outfield, his whip is a most valuable asset to the team. Kelly ought to be a great hitter, but he fell off greatly this year and was shoved way down the lineup. In fielding and in covering foul territory he is perhaps as good, but no better than Pipp.

The hitting power of Pipp gives the Yankees a slight edge on first base. Two of the best second basemen in the major leagues are to be found on the opposing clubs.

Because of his ability as a hitter and a base runner, Frankie Frisch will be favored over Erin Ward.

Ward was one of the most improved ball players of the past season. He always had the potential ability to star, but it took him some time to figure out second base after he had been started at third.

In fielding, Frisch and Ward are spectacular and brilliant. Frisch is better in getting back into short rightfield, but he doesn't handle the ball as cleanly as Ward and his value on double plays is thereby reduced. Frisch hits better, gets on base oftener than Ward and he is one of the most daring base runners in baseball. In tight games his ability on the bases will make him of more value to the club than Ward.

The advantage, slight as it may be, rests with the Giants at second base. Dave Bancroft, captain and shortstop of the present world's champions, is the spark plug of the whole team. He is erratic at times and he falls frequently into errors at the most critical times, but he has assets that overcome that weakness.

Bancroft is the brainiest shortstop in the game and he carries the load of directing the team on the field. He is a fighting, aggressive player and a steady influence upon the whole team, especially upon the pitchers.

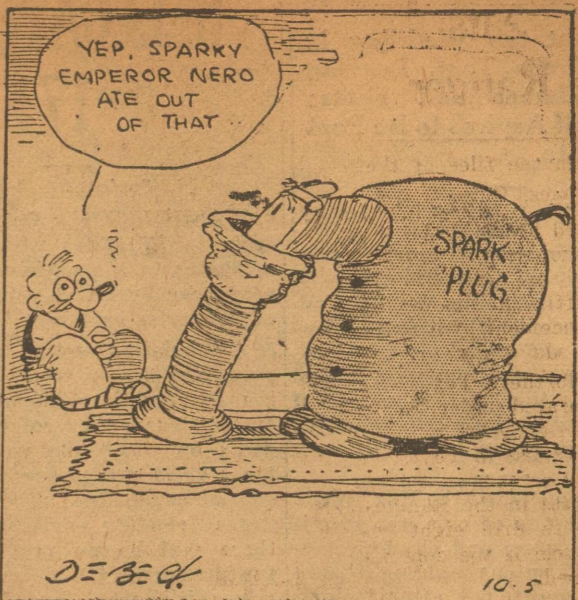

Everett Scott was once a great shortstop, but he has slowed up terribly. He cannot cover territory with Bancroft and he cannot throw like the Giant captain. On the middle of a double play, Bancroft has a marked advantage over him.

Scott is more reliable and steady than Bancroft, but drives will get past him that will never pass the Giant star. Bancroft is a more reliable batter and a faster man on the bases. Like Scott, Heinie Groh, the Giant third baseman, is another player who has passed the day of his greatness. Groh was once the star of all the third basemen, but his legs have gone bad on him and third base is no place for a player with bad legs.

Joe Dugan is the best third base-

## BARNEY GOOGLE AND SPARK PLUG— Sparky Can Run, But Can He Read

By Billy de Beck

man in baseball, one of the best of them all. He hasn't the batting average of Groh, but the hitting of the Giant third baseman is not so sensational as to make that a marked difference.

The decline of Scott has forced Dugan to cover more territory than any other third baseman in the major leagues. He can get over so well to his right that he finds it possible to protect almost half of Scott's terrain.

### MINERAL WELLS LEGION FOOTBALL TEAM REORGANIZES

MINERAL WELLS, Oct. 5.—The American Legion Cats, local legion football team, is going out for more honors again this year.

Undefeated since its organization in 1919 and scored on only once, the team is to be reorganized this year with most of the veterans back at their old places.

Players from high school teams will be asked to fill positions of old players, who, for various reasons, cannot play this fall.

DALLAS.—Several interesting relics are expected to be found in the cornerstone of the old Santa Fe passenger station which is being torn down to make way for a terminal warehouse system. Among the things expected to be found when the stone is opened are two bottles of champagne, claimed to have been put there when the stone was laid 26 years ago.

### LANDING SITES OFFERED TO AIR MAIL SERVICE

By United Press.  
DALLAS, Oct. 5.—A fully equipped landing site at Love field, near here, has been offered to the government free of charge for a year by city officials for use as a terminal point on the transcontinental air mail route which will soon be in operation.

Airplane equipment and hangars at the field are in first class condition and huge lights to enable flyers to take off and land at night will be installed.

Fort Worth and Dallas are making strong bids for the aerial terminal, the location of which must be decided on within two weeks.

About anything Italy does these days may be viewed with alarm.—Indianapolis News.

WICHITA FALLS.—A friendly scuffle may cost Thomas Ballard, 23, the loss of his eye. The member was bruised in a friendly bout and shortly afterward caused great pain. An operation was performed, on the outcome of which hangs the young man's sight. Results will not be known until the bandages are removed.

## Times Want Ads

### 1—LOST AND FOUND

LOST—On Eastland hill, young bird dog. Solid white with dark ears; has leather collar with brass lock; answers to name of Pat. For reward bring to 648 N. Marston or phone 366.

### Four Years Ago In Ranger

Taken from the files of the Ranger Daily Times, Oct. 5, 1919.

Tex Rickard heads a new oil company—a million and a quarter corporation. In his private car, on a siding at Tiffin, he made the first public announcement of it to a Times reporter Saturday night.

It is the Northern Texas Oil company, incorporated under the laws of the state of Delaware, with permission to do business in Texas. It has purchased 500 acres from the Heenan & Coe interests in the Ranger field. It will start to drill eight wells at once. All stock of the company has been subscribed.

Gulf production company's Calvin Perkins No. 2, which has been a lime well, making 300 barrels and which increased to 350 barrels a foot in the pay, is a 3,000-barrel well, eight feet in the pay, which runs from 3,535 to 3,543 feet.

Friday, Oct. 10 has been officially designated as Ranger day at the Eastland county fair, which opens at the Connellee park at Eastland, Oct. 7, and continues through the week.

Villa's murderer has been given two years in prison. But he isn't satisfied. He wants a new trial and wouldn't refuse a gold medal.—Tledo Blade.

## NEW YORK HAS MONOPLY ON WORLD SERIES

By HENRY L. FARRELL,  
United Press Sports Editor.

NEW YORK, Oct. 5.—Maintaining what has become almost a monopoly on the world's series, New York again will have a private fight for the championship of the baseball world when the Giants and the Yankees meet for the third successive year to decide the championship.

It is nothing new for one team to win three pennants in a row. The National league has seven such triple winners on record—Chicago in 1880, 1881 and 1882; Boston in 1891, 1892 and 1893; Baltimore in 1894, 1895 and 1896; Pittsburgh in 1901, 1902 and 1903; Chicago in 1906, 1907 and 1908; and New York in 1911, 1912 and 1913 and again 10 years later in 1921, 1922 and 1923.

The feat of the Yankees in winning three pennants in a row is more of a novelty in the younger American league, however, as the Detroit Tigers, who won the championship in 1907, 1908 and 1909, were the only club to do it in the past.

Never before, however, have the same two pennant winners engaged in the world's series three times in succession. The best previous mark

was established in 1907 and 1908 when the Chicago Cubs and the Detroit Tigers met in the series. The only case in which two teams from the same city took part in the series was in 1906 when the Cubs and the White Sox had a private series in Chicago.

In winning the National league pennant with the Giants Manager John J. McGraw established a new record also by finishing in first place for the ninth time. No other manager can approach this wonderful achievement and it is very doubtful if it ever will be equalled.

The victory for the Yankees in the American league placed Miller Huggins in a tie with Hughey Jennings, who won three successive pennants with the Detroit Tigers, but it is just half what Connie Mack piled up in the days when the Philadelphia Athletics were in their glory.

### PAINTER LIVED TO SEE WORKS SOLD FOR 11 MILLION DOLLARS

NEW YORK, Oct. 5.—Ernst Meissonier escaped the fate of most great painters who struggle through life and die poor. While he was still alive, his paintings, about 400 in all, sold for over \$11,000,000. Not all of this sum went to Meissonier. It is estimated that he personally received about one million dollars for his work. His reputation was so great that he was able to charge the wife of a famous California millionaire \$15,000 for a portrait of herself, says a writer in The Mentor for October.

ANDERSON. — Co-operation between Anderson and Freestone counties is being sought in the construction of the bridge across the Trinity river to connect the Roger Q. Mills highway. This is one of the highways to be constructed out of the \$1,500,000 bond issue voted by the county. State and federal aid will be available in the program.

BROOKS. — Bids will be received soon for the construction of a hard-surfaced road from Falfurias to connect with the caliche road of Kleberg county. This will complete the last link of a connected highway to the Rio Grande valley, making a continuous road from the north line of Kleberg county.

**New Lamp Burns  
94% Air**  
Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, J. T. Johnson, 609 W. Lake st., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.—Advertisement.

TOADSTOOL MUSHROOM

**The Proof of  
the Difference is  
in the Eating**

MUSHROOMS and toadstools look so much alike that now and then somebody mistakes one for the other and the doctor gets a rush job.

Perhaps you can tell a mushroom from a toadstool—before eating. If you can't you'll find it pays to ask someone who can, rather than take a chance—and the same rule applies to valve cup buying.

Darcova Valve Cups and other valve cups may look pretty much alike but the difference is vast.

Before you re-cup, ask your neighbors in the oil country. They will tell you that "Darcova's" last longer and pump more oil.

# Stock Reducing Sale

Opened promptly at 9 o'clock Thursday morning as we advertised in our circulars. Everything marked down and tagged at the greatest reduction ever known in Ranger. We are delighted with the success of the first day's business. People of our town and rural districts, and, in fact, every neighboring town, has been well represented in the purchasing crowds that have taken advantage of the extreme low prices we have made for this sale.

## TOMORROW, SATURDAY, OCTOBER 6th

Will be the record breaker as the biggest days business we have ever had in Ranger, oil boom days not excepted. We have built the foundation firm and strong with prices, quality and style that no competitor can meet. We are going to reduce our stock. We are going to sell \$50,000.00 worth of the best and highest class merchandise during this sale ever sold in Ranger. And not only that, but we are going to give the buying public the greatest bargains they ever had in Dress Goods, Gingham, Percales, Cheviots, Towels, Garza Unbleached Sheeting, 45c per yard; Garza Bleached Sheeting at only 55c per yard. People, think of it.

Four different lots of Men's Hats  
At Half-Price

### KEEP ON READING AND THINKING

36-in. Hope Domestic 16c per yard. No limit, all you want if you are not a merchant; 36-in. good heavy Brown Domestic 16c per yard.

### LADIES' READY-TO-WEAR

Ladies, we have slaughtered the price on everything in this department. Dresses, Suits, Coats, Jackets, and Hats, all of the newest materials and styles, going out to the purchaser at almost half they expected to pay for them.

### BLANKETS, COTTON AND WOOL

We are overstocked with Blankets, and you can purchase them for less money than we paid for them.

### MEN'S CLOTHING

We have Kuppenheimer, Schloss Bros., and Curlee Suits, at a great reduction. You cannot afford to put off buying that winter suit. The materials are of the highest quality, the style and tailoring is not questioned, the cost has been forgotten. We are going to sell them.

### JUST THE SAME THING

—that made the big increase in our September business is going to make Saturday our record-breaker. Do you know why our business has increased so rapidly? A few words will answer the question satisfactorily: Your past dealings with us have proven without a doubt that we give you a fair and square deal. If we advertise a sale price you know it is just as represented. When we say it is a real bargain, we tell you our reason for making such a bargain price, and you know it is just as represented, and you also know we have the newest and best things the market affords. It has been well said by thousands of people: "When we want to get the worth of our money we go to J. M. White & Co. to get it."

### SATURDAY, OCT. 6th

Some people think Saturday is a bad day to do their shopping. We frankly admit we will be very busy all day Saturday, but we have arranged our store so you can go through each department and select what you want without much time or trouble. We have secured extra salespeople to help wait on the big crowds Saturday.

## FOR YOUR CONVENIENCE

We will keep open Saturday night until 11 o'clock. We want to give everybody a chance to get their part of the many bargains offered.

**COTTON**  
We want to buy your cotton at the highest market price.

### PERSONALS

Mrs. Sanford Terrell and children have been visiting in Sweetwater for the last 10 days.

Mrs. L. T. Summers left Thursday for Little Rock, Ark., where she will reside.

Mr. and Mrs. Walter Burden expect to spend the week end in Wichita Falls.

### HARDING MEMORIAL STAMPS NOW ARE ON SALE HERE

President Harding Memorial stamps are now on sale at the Ranger post-office. A shipment of 10,000 arrived yesterday afternoon, following a requisition by Postmaster J. F. Driehof.

The stamps are black and bear an excellent likeness of the dead president. The memorial stamps are a special issue and were first put on sale at Marion, O., the president's home town.

### OPENING MEETING OF 1920 CLUB SHORT PROGRAM

The opening meeting of the 1920 club which was held Thursday afternoon in the League rooms of the Methodist church, was shortened and the business session omitted. The first lesson in psychology, "Social behavior in man and animals" was given under the leadership of Mrs. Hagaman, with papers by Meses, G. H. Bohning, C. E. May and G. L. Davenport. A number of questions outlined for discussion were ably handled by the leader who gave several illustrations from noted authors. The next program will discuss man's native and combined equipment.

### TEACHERS MEETING AT CENTRAL BAPTIST TONIGHT

There will be a special meeting for teachers and officers tonight at the Central Baptist church. A program of unusual interest has been prepared for the occasion and all members are urged to be present.

### MARRIAGE LICENSES

Marriage licenses this week by the county clerk:

D. C. Gable and Lena Martin, Minnig.

Myrtan Rich and Willie Ogden, Romney.

Walter O. Reimund and Cora Lee Pevehouse, Ranger.

David Wisdom and Hazle Buckley, Ranger.

Terry Dill and Lois C. Sesson, Cisco.

J. R. Poplin and Mrs. F. D. McClintock, Cisco.

### DIVORCES BECOMING MORE NUMEROUS IN UNITED STATES

By Associated Press.

WASHINGTON, Oct. 5.—One divorce to 7.6 marriages in the United States last year is the record disclosed today by the census bureau marriage and divorce survey. The record since 1918 has been only one divorce to 9.3 marriages.

Texas led the country in the number of divorces in 1922 with a total of 12,399, which was one-fifth of the number of marriages in the state during that year.

## REMEDIES FOR SICK POULTRY IN HOME YARD

### Simple Medicines That May Come in Handy at Times.

By SETH W. SHOEMAKER  
Director, School of Agriculture, International Correspondence School, Scranton, Pa.

The aim of the poultryman should be to keep his fowls healthy, so that remedies will not be necessary, but every poultryman should have at hand a few simple remedies that may be safely used in the treatment of poultry diseases and ailments when they occur.

Many of the common remedies kept in the home for use with children will be valuable for poultry.

The following materials are all convenient for the poultryman to have on hand:

**Epsom Salts:** Called also bitter salts, is a white hydrated crystal-line salt known chemically as magnesium sulphate. It is used as a purgative in doses of one-third teaspoonful to each fowl.

**Castor Oil:** Is a thick yellowish oil expressed from the castor bean. It is used as a purgative.

**Olive Oil:** Called also sweet oil, is an oil expressed from the ripe fruit of the olive. It serves the purpose of butter in some countries, but in most parts of the civilized world is used chiefly in salad dressings. Olive oil is the most nearly perfect laxative for use with poultry, as it is both healing and nutritious, thus possessing an advantage over castor oil. A tablespoonful of olive oil can be safely administered.

**Champor** is a gumlike translucent, crystalline compound with a penetrating fragrant odor; it is distilled from the wood and bark of the camphor tree. It may be used as a medicine for poultry to allay irritation, as in colds and in cases of slight diarrhea.

**Copper Sulphate,** called also blue-stone, is a blue crystalline substance that is used as an astringent and stimulant, but not more than from one-eighth to one-quarter grain should be administered more than once a day to any fowl.

**Douglas Mixture** is used as a tonic for both poultry and pigeons and is made by mixing one-half pound of iron sulphate with one ounce of sulphuric acid dissolved in one gallon of water. This may be used in the drinking water—two tablespoonfuls of the mixture to each pint of water.

Table salt is sparingly used to season mash foods for poultry. A large quantity of salt will kill poultry, and it is better to give them none than too much. Less salt should be used to season food for poultry than is needed for human beings.

**Iron Sulphate,** called also copperas, is a green crystalline substance that is used for the same purpose as cop-

per sulphate and can be administered in doses of one-quarter to one-half grain.

**Rhinitis Tablets,** half strength, are an excellent remedy for a cold in its early stages. They are given to poultry that have slight colds—two tablets two or three times a day from one to three days.

**Homeopathic remedies** are used by many poultrymen for their poultry with satisfactory results. Such remedies should be given to poultry in quantities about as recommended for children.

**Healing powders** for applying to sores of any kind are useful to have on a poultry establishment. Equal parts of burnt alum and zinc oxide, or zinc oxide, powdered magnesia and Venetian red are effective for this purpose. Burnt alum and the mixture of burnt alum and zinc oxide and the powdered magnesia are very healing and painless. The Venetian red is slightly caustic and may be used where a light cauterization is needed.

**Hydrogen peroxide,** a clear solution that looks like water, is useful for cleansing an disinfecting ulcers or other sores on poultry.

**Perfilla oil** is a mineral oil derived from petroleum. It may be used for relief in cases of scaly leg and hunched feet and may be applied to injuries of the shank, but should not be applied to the skin of the body or to the feathers.

Ointments are sometimes needed for irritations of the skin. Fresh zinc oxide ointment is useful for this purpose, but when it becomes rancid it is unfit for use. An ointment made of equal parts of glycerine and rose water mixed in a mortar with zinc oxide until the whole assumes a thick mass may also be used.

**Iodine, turpentine, creoline, zenoletum** and tincture of iron are effective for destroying warts on poultry.

### FORCE Tonic

### ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected New Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known by the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—Advertisement.

should never be given to poultry. Fowls in good health do much better without them. A tonic for young or half-grown chicks that have been weakened from any cause may be given in pill form according to the following formula: Two drams of iron citrate and 30 grains of quinine sulphate, mixed into a mass with sirup of gum arabic so as to make enough for 60 pills. One of these pills may be given night and morning for three days.

### MOTHER DOES UNCONSCIOUSLY RIGHT THING TO SAVE BABY

DENTON, Oct. 5.—When Mrs. John Davis, living west of Denton, saw her 18-months-old son with his head submerged in a tub of water and his body apparently lifeless, she seized the child and carried it to a rear-by field to get the assistance of cotton pickers.

The resolute jolting with the child's head hanging downward shook the water from the lungs and he was beginning to breathe by the time she reached assistance. The child is now reported doing well.

### SURE IT DOES GOOD

Theford's Black-Draught Liver Medicine (Vegetable) Praised by the Head of a Louisiana Family.

Lake Charles, La.—"I don't know what we would have done had we not had Black-Draught. It sure is one of the best medicines made, and am sure the best liver medicine," said Mr. Henry Garrett, of this city.

"My whole family uses it," continued Mr. Garrett. "My wife says she believes she kept off the 'flu' by taking doses of Black-Draught regularly."

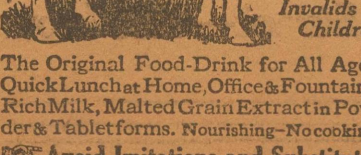

"I, myself, use Black-Draught for indigestion, and it is fine. "We used pills and tablets and other laxatives, but they never seemed to do us good, but the Black-Draught sure has, and it has come to our house to stay. We give it to our daughter for headache and torpid liver."

"I am glad to recommend anything that has been the help to my family that Black-Draught has."

"My present health is good. Have two boxes of Black-Draught in the house now."

If your liver gets out of fix, take Black-Draught. It will help to drive the bile poisons and other unhealthy matters out of your system.

Sold everywhere. NC-148

TEXAS DRUG STORE

BRECKENRIDGE.—Tax assessments against oil leases which have been involved in litigation in state courts for several years, will be made this year, according to county

tax assessor's office. Assessments will be made as result of recent decision of the supreme court. It is estimated the county will receive \$50,000 from the assessments.

# Say it ALL - that's the answer!

Texas folks have proved for themselves that it pays to say clearly: "Kellogg's Corn Flakes." To-day, THEY SAY IT ALL—not "Kellogg's," not "Corn Flakes"!

NOW—it's all clear and plain sailing to get Kellogg's Corn Flakes. And, now you know how the extra-flavor, extra-crispness and extra-substantial quality have for years made Kellogg's Corn Flakes the largest selling ready-to-eat cereal in the world! This is just the time to start eating Kellogg's Corn Flakes!

Texas also buys great quantities of our Kellogg's BRAN, cooked and krumbed, and Kellogg's Shredded Whole-wheat KRUM-BLES.
