

West Texas, Sunday, unsettled, probably rain in north portion.

SENTENCE SERMON. The man who is always fortunate cannot easily have a great reverence for virtue.—Cicero.

PROGRESSIVE REPUBLICANS AGAIN REVOLT

Ranger High Eleven Achieves Victory Over Stalwart Eastlanders

RANGER'S FAST PLAY MARKS UP 25 TO 0 SCORE

Line Proves Invincible and Backs Rip Holes in Eastland's Defense.

By HOWARD BARMAN.

Playing at remarkable speed on a muddy field, Ranger High in straight line plunges and around-end plays crashed across Eastland High's goal line four times for a score of 25 to 0 in Eastland Friday.

Ripping holes in the Mavericks' line, the Ranger backs marched up and down the rain-soaked gridiron at Connellee park, apparently at will.

Captain Mitchell's Mavericks never seriously threatened the invaders' goal line during the afternoon.

The ease with which the Ranger team crushed the Mavericks must have taken the maroon and white team by surprise, for a stiff game, similar to the Breckenridge encounter was anticipated. The conclusion is that the Rangerites have improved wonderfully in the last week.

Start Off With a Rush.

Ranger started off with a rush that took the backs down to the Eastland 10-yard line, two minutes after play started. Only the fact that George Zaratofetis, the speedy back, got mired in the mud and couldn't gain ground, gave the ball to Eastland and staved off a touch-down temporarily. But the Rangerites were not to be denied. James Zaratofetis, his brother, carried it over nine minutes later.

Ranger scored 265 yards on straight line plunges and several criss-cross attacks, as compared with 19 yards by Eastland. Eastland made but 14 yards on end runs. Ranger made 88 yards by the same style of play. More often than not the Eastland backs were thrown for a loss on straight line plunges.

It was fine weather for the athletes, but rather chilly and damp for the spectators.

Captain Mitchell Talks Plain.

Captain Mitchell ordered his teammates to do anything they knew to stop the Ranger team. He coaxed and begged, but the more desperate Eastland became, the worse Ranger made them appear. In the last half, Mitchell talked plain, but the invaders made two touchdowns, nevertheless. The end of each period saw the ball resting in Eastland's territory, and when the whistle blew for the last time, it was on Eastland's 20-yard line.

Ranger in her attempted five forward passes completed two for a total of 30 yards. Eastland completed one out of four for a gain of 10 yards.

Eastland could make but three first downs, including one made through a five-yard penalty against Ranger.

Ranger made 20 first downs, a record for the maroon and white this year.

No Substitutions Made.

Not a single substitution was made by Coach Sandlin during the game. Eastland made six, including one when Cox, said by an Eastland supporter to be one of their star players, was hurt in the second period and had to be carried off the field. He suffered a neck injury in the Breckenridge game and this time it was his leg. Not a substitution was made in the Breckenridge game last week.

Captain Tom Yonkers uncorked "stuff" Friday, he had kept under cover till Eastland was met. His 150-pound frame traveled faster than it ever had, despite the mud. He made nice gains straight through center. His tackling was splendid. Once he brought V. Day, Eastland fullback, down on Eastland's 20-yard line, that was probably the prettiest tackle of the day. Tom in extending himself to bring Day down fell his full length with his head lying on Day's foot. It seemed to be (Continued on page five)

American Legion To Have Ranger Post; Will Organize Next Tuesday

Steps to form a new American Legion post in the city of Ranger will be taken Tuesday night, when ex-service men interested in such an organization will meet in the auditorium of the Gholson club at 8 o'clock.

The Lions club of this city is sponsoring the preliminary steps, it is announced, that club having a good percentage of ex-service men on its membership rolls. A post was organized in Ranger in 1919 after numbers of ex-service men began to come into Ranger in the wake of the great oil producing era in this section. The post disbanded in 1921. It is believed there are several hundred war veterans in and about Ranger.

'CHEER UP' IS COOK'S ADVICE TO POOR WIDOW

FORT WORTH, Oct. 27.—I have lived in poverty and I took the rugs from the floors of my home to sell them to buy stock in Dr. Cook's company," Mrs. Albert Phillips, 66, widow of a Civil war veteran of Coshotton, Ohio, told the jury today in the trial in federal court of Dr. Frederick Cook and 13 others, on charges of misuse of the mails.

She testified that she paid the Petroleum Producers association \$77 for stock, for which she received 60 cents in dividends.

Mrs. Phillips told of letters she received from Dr. Cook after she had written him she was dependent solely upon her small pension and that she had sold her carpets to buy stock in his oil company.

"Look at the bright side of life," said one of the letters, "Cheer up." One of the attorneys for the defense left the courtroom and wrote a check for \$77, which he presented to her as she was leaving.

SALVATION ARMY IS ALWAYS REMEMBERED BY VETERANS OF THE WAR

Nearly everyone who can afford it drops a nickel, dime or even a dollar into the tambourine passed around the streets and in the stores by Salvation Army folks in Ranger, except, for the most part, those who come from the country and are not acquainted with the work done by the army.

This statement was made Saturday by Mrs. J. W. Batson, wife of Captain Batson, of the Ranger corps of the army.

"If we meet a son of a farmer from the country who has been in France, we know it," she said. "He gives, if it is only a nickel. And so does his dad."

A certain business woman on Main street is in the habit of calling Mrs. Batson in once and sometimes twice a week to give her a dollar bill. "You don't know how much happiness it gives me to do this," this woman once told the blue clad woman.

WOMAN TELLS COURT HER CONSCIENCE IS CLEAN

By United Press. ARKANSAS CITY, Kan., Oct. 27.—"My hands and conscience are as clean as yours, judge," Mrs. Charles Cummins, on trial here, charged with the murder of her husband, told the court today.

Mrs. Cummins is being tried jointly with Ernest Leach for the murder of her wealthy husband. The state has contended that the shots were fired from different positions, and that Mrs. Cummins was equally responsible with Leach for the murder.

SCHOOL NURSE KEEPING WATCH OVER CHILDREN

Miss Nixon Warns Parents Against Under Nourishment.

In her report for September and October, the school nurse, Miss Faye Nixon, gives the following number of children weighed, measured and examined and sent home with health reports. Cooper school 205; Young, 395; Central Ward 400; Tiffin, 50; Merriman 54; High school, 375. Total 1,709. Miss Nixon also made four talks to Parent-Teacher associations, 27 calls on doctors, six business calls, three home calls, 13 interviews with mothers and took five patients to family doctors for examination. She also cared for 69 first aid cases.

Twenty-one high school children are being served milk at the high school cafeteria in the middle of the forenoon and arrangements are being made for others. The undernourished children of the Central Ward school are availing themselves of the same privilege.

The Child Welfare club will begin November first to serve milk to children in first and second grades of all ward schools who are ten per cent or more under weight under the same arrangements made last year. The second and third grades of the present school term show by the low per cent of under weights the great benefit these children received from the milk served by this club last year.

Miss Nixon is urging the children to eat bigger breakfasts, and to drink milk or eat fruit for the recess lunch in place of the candy, popcorn, dill pickles and other non-nourishing things that those children who are given money to take to school are apt to indulge in.

Mrs. Dudley, who keeps the cafeteria in the high school building, is of great assistance to Miss Nixon in carrying out these suggestions, and takes a personal interest in the welfare of the children.

The doctors have offered to make an examination of each school child, free of charge, when the school nurse has recommended such a consultation, and Miss Nixon is desirous that the parents whose children have physical defects take them to their family doctor for his advice concerning the welfare of the child.

"Is your child failing to gain in weight," asks Miss Nixon. "There are things to consider: Physical defects, diet and sleep. Your family physician and your school nurse are ready to give you advice to the best of their ability in anything concerning the health of your child."

HEAVY FOG FALLING OVER CITY ADDS TO DARKNESS OF NIGHT

When darkness fell over the city last night, a heavy fog enshrouded Ranger, so thick that in the language of the man on the street, "you could cut it with a knife."

The air was misty and quite chilly, making overcoats feel comfortable enough to be worn.

Automobile drivers could see but a few feet in front of them. Only the glare of headlights in an oncoming car could be distinguished in the dense fog.

The sun did not get through the clouds once all day Saturday. It was damp and the depression, caused by the high barometric pressures, first felt here Thursday as it swept south from the Rocky Mountain regions, continued unabated.

COUNCIL OF CHURCHES APPEALS TO MINISTERS

WASHINGTON, Oct. 27.—An appeal to the 150,000 Christian ministers of the country to help the American people to secure a sympathetic understanding of the world court of international justice was issued today by the Federal Council of Churches through the committee on international good will.

Rhineland Republic Has Two Allies, But Lacks Aid of British

ENGLAND LOOKS WITH DISFAVOR ON SEPARATISTS

Questions Wisdom of French and Belgian Approval and Gives Warning.

By United Press

LONDON, Oct. 27.—Great Britain will not recognize the Rhineland republics, it was said authoritatively here today, and will resist with troops any effort to extend its zone to include Cologne, which is within the British occupied area.

This announcement followed a report that France and Belgium were aiding in placing the Rhineland republic on a firm foundation with Coblenz as its capital. The British view the situation in the Rhineland as grave and question the wisdom of the French and Belgian attitude. It is regarded as holding possibilities of grave danger to Anglo-American efforts to effect a satisfactory settlement of the reparations question. England cannot stand quietly by and allow the disintegration of Germany, it is stated.

COBLENZ, Oct. 27.—The Rhineland republic, made stronger by the approval of the Franco-Belgian authorities, is devoting its energies to organization and extension. The provincial government at Coblenz has set up a ministry with Joseph Matthis as premier, although he prefers to call himself the executive minister.

The financial department of the Rhineland republic is making arrangements for an issue of sound money, proposing it shall amount to one billion gold francs secured by a complicated system of mortgages on real estate and railroads.

CLASHES IN RUHR VALLEY MARKED BY MANY KILLED AND WOUNDED

By United Press

BERLIN, Oct. 27.—Wide-spread and bloody rioting throughout the Ruhr valley was reported today as government officials waited for additional information relative to the movement that started in London and Washington for settlement of the reparations question. Seven persons were reported killed and 40 injured in clashes within the occupied zone, the rioting being started by communists and unemployed workmen.

German police were said late today to have regained control, although it was feared that a crisis continued in many districts.

CROKER ESTATE, WORTH MILLION DOLLARS, IS OFFERED TO TAMMANY

NEW YORK, Oct. 27.—Mrs. Beulah Croker, widow of Richard Croker, former Tammany leader, has offered the estate of her late husband to Tammany Hall.

In a communication to Charles F. Murphy, present Tammany chief, she said she was carrying out the wishes expressed by Croker on his deathbed. She said she wished her to return to New York, go to Tammany and offer the "boys" the help they needed. Mrs. Croker also offered her services.

The estate is said to be worth more than one million dollars.

FEDERAL JUDGE REFUSES TO ENJOIN SALOONS

PHILADELPHIA, Oct. 27.—Federal Judge Thompson refused today to issue a temporary injunction "padding" six Schuylkill county saloons for alleged violations of the national prohibition law, pending final hearing of the cases.

He declared the government had not produced satisfactory evidence that the defendants had committed a nuisance under the national prohibition act.

Hist! Wilhelm and Freddie - Bill Are Going Somewhere After Dark

DOORN, Holland, Oct. 27.—Former Emperor William and Crown Prince Frederick William, accompanied by two others, left the ex-kaiser's home last evening, driving towards Arnheim, about 10 miles from the border, and returned at 2 o'clock this morning. They were followed by three other automobiles, according to persons well informed about what is going on at the chateau.

It is reported here that the ex-crown prince wishes to return to Germany at any cost and has had conversations on the subject with representatives of the Dutch government.

POWERS LIKELY TO CONFER ON REPARATIONS

By United Press

WASHINGTON, Oct. 27.—A conference of the powers which will include the United States probably will be convened before Christmas for the purpose of settling reparations problems, according to belief informally expressed here in official circles today.

American officials regard as satisfactory France's reply to this country's attitude as set forth in Secretary Hughes' note to Great Britain and believe that negotiations now under way will make the conference possible.

Just where the conference will be held is not known, but probably it will be convened in one of the allied capitals and, after organization, move to Berlin. No decision has yet been reached as to what power will extend the invitation, but it is expected to be that government in whose capital the experts are to meet.

PARIS, Oct. 27.—The gulf separating the Franco-British viewpoint regarding reparations payments is much deeper than generally supposed, according to indications in official circles today. Premier Poincare does not consider his conditional acceptance of a commission of experts to examine Germany's ability to pay is indicative in any way from his original position.

France welcomes American participation and co-operation in settling the reparations problem, but indicates at the same time that the French government does not intend to abandon its previous policy that there shall be no reduction in the amount of reparations payments from Germany and that no reductions can be considered at this time, and that the question of inter-allied debts and reparations payments are closely allied.

FOUR DIE IN COAL MINE WHEN ENTOMBED FOLLOWING EXPLOSION

STAUNTON, Ind., Oct. 27.—Rescue parties broke through the last bit of wreckage in the Hunter "waggon coal mine," near here tonight and found three entombed miners and a boy dead. The men were entrapped by an explosion that occurred early today.

The dead are: John Landis, 44; Peter Butlerman, 45; Joe Hardy, 65, and his son, George, 7.

CROSSED WIRES BRING TWO MEN TO DEATH'S DOOR

CHICAGO, Oct. 27.—An unidentified man was killed and two others seriously injured here late today when a wire they were using to construct a radio outfit fell across a high voltage electric wire. The injured are not expected to live. The men were trying to pass the wires over the high voltage lines when the accident occurred.

UNDERWOOD FOR ENFORCEMENT OF DRY LAWS

Blames Evil Influence of Wets Responsible for Organization of Klan.

By United Press

HOUSTON, Oct. 27.—Vigorous advocacy of strict enforcement of the prohibition laws was made by Senator Oscar W. Underwood of Alabama, candidate for the presidential nomination, in a speech here today.

"You cannot break down that portion of the constitution without lessening respect for the whole document," he declared. "The breakdown of law enforcement already has led to the formation of an organization with the purpose of enforcing law in its own way, and may lead to still greater evil. The efforts of any secret organization to administer the affairs of government is a blow to the very vitals of the government."

UNDERWOOD'S CAMPAIGN MANAGER INTERRUPTS HIM IN INTERVIEW

By United Press

HOUSTON, Oct. 27.—"I am not a member of the Ku Klux Klan," Senator Oscar Underwood of Alabama, candidate for the Democratic nomination for the presidency, said here today when asked the question. "Personally I have no—"

W. E. Lee, mayor of Orange and his Texas campaign manager, interrupted. "Just consider that question unasked," Lee said, and the discussion of the Klan was at an end.

Senator Underwood addressed a joint session of luncheon clubs of the city at noon today.

For Second Time Jury Trying Owens Is Unable To Agree

Special to the Times

EASTLAND, Oct. 27.—The jury in the case of J. W. Owens, Ranger dairyman, tried for the murder of Garland (Jack) Payne, on Sept. 13, 1922, reported being unable to agree Saturday afternoon, and Judge G. A. Davenport discharged the jurymen. The poll was 10 to 2 for acquittal, it was reported. This was the second time Owens' trial has ended in disagreement. The case went to the jury at 4 p. m. Friday.

Owens shot Payne, according to testimony introduced at the trial, in the Myers harness store on North Austin street, while the latter was waiting for some harness. J. L. Ratcliff, who was in the store, urged Payne to run, he testified, before Owens began shooting. The day before, Payne had returned to Ranger from Eastland, where he had been released from jail following the recessing of the grand jury. Payne was charged with criminal assault upon two young girls in justice court, but the grand jury did not return any indictments in the case. The girls were 14 years old.

DRY LAW VIOLATORS LOOSED IN OKLAHOMA BY STATUTE WEAKNESS

By United Press

M'ALLISTER, Okla., Oct. 27.—Wholesale liberation of prisoners, serving short sentences for violation of the felony act of the prohibition law was in prospect here tonight, following the release of 16 prisoners through habeas corpus proceedings. This brings the total released in this manner to 32, and follows the decision of the court of criminal appeals, holding the felony act unconstitutional.

Prison officials declared that 40 men, serving sentences under the same act, could secure their release through habeas corpus.

COOLIDGE MAY BE ATTACKED IN HIS OWN PARTY

Opposition to Kellogg for Diplomatic Post Gives Cheer to Democrats.

By United Press

WASHINGTON, Oct. 27.—Appointment of former Senator Kellogg of Minnesota to be ambassador to Great Britain will be the signal for a progressive Republican onslaught on President Coolidge, according to statements made here today. Senators Wheeler of Montana and Fraser of North Dakota have announced their determination of opposing Kellogg's confirmation when the nomination is reported to the senate, even though he may be acceptable to Great Britain.

"I am much disappointed in the nomination," declared Wheeler. "It only shows that President Coolidge has no intention of working with the Progressives. Instead of selecting a man representing the sentiments of the great Northwest, the president is picking up a man who has been thrown out by his constituents. He is naming a reputed politician for a high diplomatic post."

Mr. Kellogg served one term in the senate, but was defeated in 1922 by Henrik Shipstead, farmer-laborite, in a three-cornered race. He was a close personal friend of President Harding and had accompanied him on several trips away from Washington. He was a "mild reservationist" in the Versailles treaty fight. He is 66 years of age and a native of New York, but has lived most of his life in Minnesota, his home being in St. Paul. He served one year as president of the American Bar association, being elected in 1912.

Political observers see in this deflection from party fealty the first break in the Republican ranks that may become so extended within the year as to seriously menace the Republican strength and, as once before, prove a vital factor in contributing to Democratic victory.

IMPEACHMENT TRIAL OF WALTON ONLY BEGINNING OF STATE-WIDE PROBE

OKLAHOMA CITY, Oct. 27.—With the impeachment trial of Governor Walton scheduled to begin next Thursday, the house investigating committee which submitted the charges was preparing today to extend its impeachment inquiries to other state officers and departments.

Members of the committee said the farthest sections of the state would be searched to make the investigation entire and thorough.

The committee also has before it a resolution requesting an investigation of the office of J. A. Whitehurst, president of the state board of agriculture, and it is predicted by followers of the situation that other state officials will be summoned for impeachment proceedings.

BURKETT ENDORSED BY DOCTORS OF EASTLAND COUNTY FOR GOVERNOR

EASTLAND, Oct. 27.—Senator Joe Burkett was endorsed for the Democratic gubernatorial nomination in a resolution passed by the members of the Eastland County Medical society last week. He was declared to be capable, honest and a Democrat of the highest type. The resolution declared that his record on the bench commends him for the high honor.

The resolution was signed by three committee members, Dr. J. H. Canton of Eastland, Dr. W. L. Jackson of Ranger and Dr. J. W. Gregory of Cisco.

KANSAS CITY POLICE SEEK NEGRO BOY WHO SHOOTS FARMER'S SON

By United Press

KANSAS CITY, Oct. 27.—Othmar Buick, 13 years old, was shot and seriously wounded by four negro boys, who opened fire on the boy's father, Aloysius Buick, truck gardener, when he ordered them to move along from his garden.

One negro boy carried a rifle and he opened fire. The police are looking for the negro boys who ran from the scene after the shooting.

**BIBLE THOUGHT.**

**REMEMBER THE POOR**—If I have withheld the poor from their desire, or have caused the eyes of the widow to fail; or have eaten my morsel myself alone, and the fatherless hath not eaten thereof; if I have seen any perish for want of clothing, or any poor without covering; then let mine arm fall from my shoulder blade, and mine arm be broken from the bone.—Job 31: 16, 17, 19, 21.

**CONTINUITY IN ADVERTISING**

Some eastern railway executives are publishing financial statistics over their names as railroad presidents. Public utilities advertise more intelligently and more continuously and as a result people buy their securities and the values of gas, electric light, power and traction properties are becoming prosperous. There must be continuity in publicity. Keeping the public informed is a continuous job, as many move away or die and new ones take their places. In dealing with the public, use language the public can understand. Railroads and public utilities cannot expect to advertise in flush times and live on the memory of it when they are hard up. They can't expect to advertise when they are in trouble, or about to kick the bucket and expect to get anything in that direction.—The Manufacturer.

**SEARCHLIGHT ON GERMS**

Germs had better look to their laurels, if we may believe the latest news items regarding the attempts which are being made to unearth the more elusive members of this fraternity. Two Paris doctors are said to have discovered a heretofore unknown measles microbe, while two physicians of the department of hygiene and bacteriology at the University of Chicago are hot on the trail of the "dominant" germ of colds. It all sounds very impressive, but unfortunately publicity of this nature concerning theoretical products of so-called laboratory work does far more harm than the most imposing array of militant microbes could ever do.—Christian Science Monitor.

France having lent another \$60,000,000 to the little entente for military purposes, probably will not be able to open negotiations for the refunding of the American debt just now.—Kansas City Star.

People were curious for a time to know why Henry Ford bought Wayside Inn. But the cat is out of the bag. An admission fee is to be charged.—Toledo Blade.

To send Henry Ford to the White House, according to Thomas A. Edison, would spoil a good man. But thing of the damage to the White House!—Louisville, Courier-Journal.

Senator Borah is against Lloyd George's British-American peace alliance, but how could the senator be expected to agree to anything?—Cleveland Times-Commercial.

The baseball experts having made their predictions and seen them turn out wrong, the political experts will now have their inning.—Philadelphia Record.

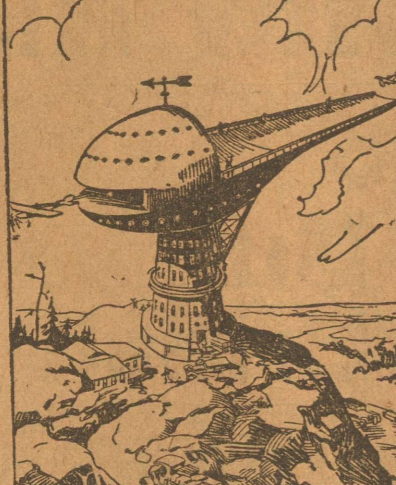

All the money that is spent on footless presidential booms within the next nine or 10 months might not pay the national debt, but it would provide for a good deal of the interest on it.—Indianapolis News.

# What the World Is Doing

AS SEEN BY POPULAR MECHANICS MAGAZINE

## Turntable Airplane Landing Has 500-Foot Runway

Keeping pace with the rapid progress made recently in the development of airways, a landing stage has been designed that automatically heads into the wind.

and possesses other unique and practical features. This airplane landing can be set to remain stable in all light breezes, and then switch itself into automatic control at any predetermined wind speed. This feature is highly important, for the aviator must head into the wind to make a safe landing.

Another advantage lies in the fact that the plane is able to "hop off" into the wind from a standing start, at any required speed, according to wind conditions. The plane is restrained in stays in the starting room, its engines speeded up to the desired point, and then automatically released. The receiving controls for the landing of planes actuate a moving platform, so that an airplane will land, not with a shock, but with a gliding motion. Landing platforms are about 500 feet in over-all length, and from 60 to 80 feet wide.

## Smell to Lure Boll Weevil To Its Death

Government chemists are now at work on a new method of attack on the cotton-boll weevil. An attempt is to be made to

find out whether any odor from the cotton plant attracts the weevil, and just what it is. It is then hoped to duplicate the odor in the laboratory, and lure the insect to its doom with poisoned bait, if necessary.

## Electric Pen Writes in Gold or Silver

Gold, silver, or other colored designs or writing can be made on wood, leather, paper, ivory, parchment, silk, or metal, by a new electrically operated pen. The pen is attached to any lamp socket by means of a flexible cord, and is operated by running the electrically heated point over a sheet of colored transfer paper. The pen is insulated so that no current comes in contact with the user or the material with which he is working. The heat of the hot point can be regulated so that a maximum of 900° F. can be reached. The pen is no larger than an ordinary fountain pen.

## Skirt Used as Grass Bag

An old wide dress skirt, with the belt cut off, and the bottom stitched across makes an excellent bag for carrying lawn rakings. Several bushels of mown grass

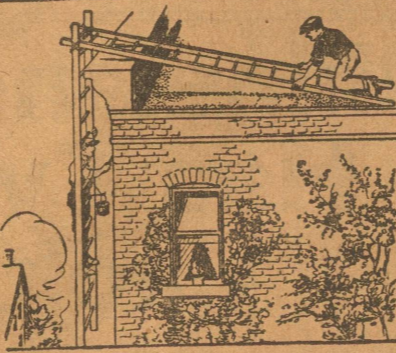

can be carried in it conveniently, as it is short and wide, and does not weigh as much as a basket.

Great interest is being displayed by physicians in a new drug, known as trypanamid, which is claimed to have proved a cure for paralysis.

## Working on Side of Building

The method of working on the wall of a building as shown in the illustration is used by circus-bill posters to put up their signs in places that are otherwise nearly inaccessible. Two ladders are used; one is laid on the roof, and projects a few feet beyond the edge; the other is lashed to the projecting end, and hangs vertically. One

man remains on the extreme inner end of the horizontal ladder, while another climbs down the vertical ladder, the weight of the first man keeping the whole arrangement in position. The horizontal ladder should not project over one-fifth of the entire length of this ladder and the man holding it down must apply his weight at the extreme inner end; he must be about equal to the other man in weight. In this way he will be able to hold the man on the ladder securely.

## Cleaning Rusty Crosscut Saws

An excellent method of cleaning and polishing an old rusty crosscut saw is as follows: Drill a vertical hole in the center of a small stump, and also saw a cut across it, passing through the hole; the depth of this cut should equal the width of the saw, minus the teeth. Invert the saw in the cut, allowing the teeth to project above the surface of the stump. Fill the hole around the saw with fine sand and moisten with a little water. By working the saw as if sawing, it will quickly be secured as clean and bright as when new.

## SCHUBERT SUES KEITH EXCHANGE FOR \$10,000,000

NEW YORK, Oct. 27.—The Schubert vaudeville interests brought suit for \$10,000,000 damage against B. F. Keith Vaudeville exchange today. A bill of complaint was filed in the United States district court charging restrictions of trade and conspiracy. The action, according to Schubert, is brought under the federal laws which have reference to unlawful combinations in restraint of trade. Treble damages are asked: \$2,000,000 damages by reason of conspiracy, \$1,000,000 by reason of loss of rentals, \$100,000 for alleged unlawful acts with respect to performers who were taken away by the defendants, and \$250,000 by reason of advertisements inserted in a trade paper. The complaint alleges that the Keith Vaudeville circuit blacklisted performers who appeared in theatres other than their own and wielded such influence they were able to prevent other theatres from obtaining many acts.

## American Spotlight Turned On Europe May Remove Cloud

LONDON, Oct. 27.—Great Britain believes that American interests may this time force a reparations settlement. If anything can drive the proposed conference through the mesh of European reluctance to relinquish the old school diplomacy, well informed observers here said today, it will be Europe's eagerness to court American favor. The great interest which the reparations conference proposal has

## Rioting In Saxony Follows Ultimatum Sent From Berlin

BERLIN, Oct. 27.—Fifteen persons were killed and many wounded today in a clash between soldiers and civilians at Freiburg, Saxony, according to dispatches received tonight. Earlier reports indicated the most serious disturbances yet reported in the trial of strength between the federal and Saxony governments. Rioting was still going on in Freiburg, according to later dispatches. The rioting was almost simultaneous with the new firmness shown by the Stresemann cabinet today, when it sent an ultimatum to both the Saxony and Bavarian state governments. The ultimatum to President Zeigner of the Saxony cabinet ordered him to reconstruct his cabinet by Monday and to eliminate the communist ministry. Failure to comply would mean that the central government would take over the state administration, the ultimatum said. The ultimatum to Bavaria ordered the state government to re-establish constitutional command of the army at once. This was to bring the reichswehr in Bavaria back under federal control.

## WALTON INSISTS KLAN IS FIGHTING AGAINST ORDERLY GOVERNMENT

OKLAHOMA CITY, Oct. 27.—"Recent occurrences demonstrate thoroughly that the struggle in Oklahoma is between the forces of the invisible government and the forces of orderly and visible administration," Governor Walton, who is facing impeachment charges preferred by the house of representatives, said

created, it was said, turned the American spotlight on Europe and the European performers will take time to be seen with clean hands. France and Belgium feel it to be a vital necessity not to appear in American eyes as stumbling blocks to any move that will bring settlement to Europe, it was said. Germany, in the view of observers here, would clutch at any straw, believing that any economic investigation would only confirm her claim that the war burden must be lightened.

## FEDERAL HAND MAY SEIZE TWO MEN HELD HERE

Two men, who gave their names as Carl Bramblett and J. E. Garrin, arrested by Assistant Chief L. E. Davenport Friday, are being held by federal authorities, the former in the Eastland county jail and the latter in the Ranger city jail. The men when arrested were in a 1921 Laddford coupe, identified by Charles Debout of Wichita Falls, representative of an automobile insurance company, as the property of the United

States government, according to Davenport. The coupe, it is said, was stolen from Fort Sam Houston, San Antonio, and was used by an officer in the army service. Department of justice operatives will arrive in Eastland county Sunday to take the pair to Abilene. Debout said he found that two of the numbers on the engine had been altered with a carborundum, a small piece being found in the coupe, according to Davenport. Despite the alteration, Debout was able to make the identification. Debout expects to return to Wichita Falls today. He filed a complaint, charging theft Saturday. The license plate found on the coupe was the property of G. W. Hambrick of San Angelo, Davenport said, and who spent most of Saturday working on the case.

**PARACHUTES FOR CLIMBERS.**  
Development of the parachute by the United States army air service until one that will open in a descent of 60 feet, has brought about plans for using the parachute in dangerous mountain climbing. The breaking of a life line or a fall over a precipice, would, if a parachute were used, minimize fatalities it is held. A "palace of electricity" will form part of the California industrial exposition to be held in San Francisco. The palace will occupy Polk hall, according to Anthony A. Tremp, general manager of the exposition, and will cover about 8,000 square feet of space. The latest devices for electrical heating, lighting and power will be displayed. The Nejd, Arabia, bars photographs.

**WE SOLICIT NEW ACCOUNTS**  
The services of this bank will be appreciated by the new people coming to Ranger. First, they are assured of every courtesy possible. Second: Their money is absolutely safe when on deposit here because this bank fully protects all non-interest bearing deposits. Furthermore, we attempt to be helpful to our customers.

### Main Drag Stuff

There Was Plenty of Noise in Ranger After Game; Cold Weather Story; Answer to Correspondent.

By P. G. T.

Ranger walloped Eastland's county seat football team, hanging up a nice little score of 25 to Eastland's flock of nothings. We didn't get a chance to go over. But there was lots of excitement in Ranger after the game, which wasn't mist by the few stay at homes. Gals and fellers went up the streets in high powered automobiles yellin' and screechin', and some of the wise guys figured out how to make their cars engines into gattling guns which sounded like Christmas or the fourth of July.

Have fell in love again this fall. This time with a coupla gas stoves. The one where we work has a warm heart, but it has to heat up so much outdoors most the time that it ain't very lovin'. How-the-so-ever the stove up in our attic bungalow room is smaller and lots more efficient. Ain't never cold in or around it as long as the flame is kept going.

Which cold weather is a reminder of a little hot air story about the frozen north we read somewhere when we was going to school a few years ago.

The story said there was a party of explorers up by the north pole who got froze in for the winter. It got so cold that their words froze as quick as they uttered 'em, and nobody couldn't hear what the other guy said on account of the words freezin' before they got more 'en a coupla inches.

Then when it started to thaw these words all started meltin' an' poppin' off and for three weeks at atmosphere was full of voices just talking out of the air.

Our gang used to get up early on cold Saturday mornings when there wasn't any school and try talking to see if the words would freeze and then start talking when the sun came out.

We never had no luck but if you want to try this scientific experiment wait until some cold morning when the frost is on the pecans and see what happens.

Answers to important questions: Dear Drag: I am engaged to two gurls. Both is pore as a church mouse. One is six foot tall and ways a 100 and 40 pounds, the other is four feet and 1-2 tall and ways 90 pounds. To which one should I git hooked? I. N. O. U.

Dear I. N. O. U.: It all depends on whether you will work your wife or not. If you want an easy life, marry the big one an dtake in washing or hire her out to assist a draft horse in hauling casing.

If you want to work yourself take the little one, because she won't cost so much to feed. However, if you have given engagement rings to both, marry the one who has the most expensive engagement ring so that will be in the family.

### NUMBERS FROM LIGHT OPERA, PROGRAMMED BY THE TEMPLE SINGERS

A mixed quartet of vocal soloists known as the Temple Singers will give a program here on Saturday evening, Nov. 3, at the Ranger High school auditorium. This is a company of high standard and real artistic worth, whose recital will be one of the most enjoyable musical events of the season, advance notices say.

The personnel includes Lucille Buzze, soprano; Luella Ensworth, contralto; James R. Evans, tenor; and David Davies, baritone; with Margery Nye, pianist. Each of these artists has won favorable comment in recital and concert work before their connection with this company.

The program features costumed numbers from grand and light opera, including such selections as the Sex-tette from Lucia, the popular quartet from "Rigoletto," and the famous second act from "Martha," which is most effectively given with spinning wheels and other stage settings. A part of the program is devoted to sacred and secular quartettes and solos. The solo work also embraces popular ballads of the day. Another interesting group is one of folk songs, and there are duo and trio arrangements that add variety to the entertainment.

### "TEXAS KID" HOLDS RECORD FOR WORLD'S FAT MEN

GALVESTON, Oct. 27.—Folks, meet Sam Harris, the "Texas Kid." Born in Farmersville, 50 years ago, Sam weighed nine pounds at birth. Since then, by knocking about the world for over two score years, Sam has managed to add 692 pounds to his store of avoidupois.

Although he's billed as the "Texas Kid" at the sideshow where he's the big attraction, Harris has a wife and eight children. Together they tip the scales at 2,275 pounds.

His "baby girl," 11 years old, weighs "only" 172 pounds, Sam remarked apologetically, but his oldest son makes up the difference with a poundage of 218.

About 100 species of maple tree are found in different parts of the world.

### LAMB—SUNDAY-MONDAY

### Lyceum Course For Benefit of High School Library

Announcement of five numbers to be given by the Dixie Lyceum bureau for the benefit of the high school library fund and also to provide a high grade entertainment for the pupils of the Ranger schools is made by Superintendent McNew, together with the suggestion that tickets be purchased early and choice seats reserved for the entire course. Mr. McNew said:

"Every patron of the Ranger high school should feel an interest in the success of this course and should encourage its success by purchasing one or more season tickets.

"The first number of the course, the Temple Singers, will appear at the auditorium Saturday evening, Nov. 3. Prices for single admission will be 75c and 50c, respectively. Any lover of good music who hears this program and is dissatisfied can get his admission fee refunded cheerfully by simply expressing to me his dissatisfaction."

The other numbers of the course are as follows:

Nov. 15, Davis, a master magician; Dec. 7, Fenwick Newell concert company; Dec. 14, Six-Cylinder Love, the "Gas Wagon" comedy; Mar. 14, Capt. T. Dinsmore Upton, big brother to 100,000 kids.

Season tickets are now on sale at Crawford's Pharmacy at \$2.50 for adults and \$1.50 for children under 14 years of age. These tickets as well as those sold by high school students, in the homes entitle the purchasers to reserved seats. Reservations can be made at Crawford's Pharmacy.

### BE CAREFUL WHAT YOU KICK AND AVOID TROUBLE

DALLAS, Oct. 27.—Look before you kick. That's the advice of Ralph Wilcox.

Ralph was strolling down the street and came upon a package lying in the street. He had a sudden desire to kick it—and he did.

He was treated at the Emergency hospital for cuts on his foot. The package contained a half gallon bottle. Police are looking for the owner of the bottle.

### DATE FOR TRIAL OF E. Y. CLARKE IS FIXED

HOUSTON, Oct. 27.—Edward Young Clark, formerly an executive officer of the Ku Klux Klan, will stand trial here Nov. 19 on a charge of violating the Mann act preferred several months ago. The case was set through arrangement with Clark's attorneys at Atlanta, Ga.

Clark is accused in the indictment of transporting a Houston girl to New Orleans for immoral purposes.

About 100,000 species of plants have been named by botanists.

### TIFFIN

The Parent-Teacher association of Tiffin had a called meeting Tuesday afternoon to decide about giving a Hallowe'en social. On account of possible interference with school work it was decided not to give any at that time, but to give a box supper on Friday evening, Nov. 2. A good program by school children and others will be given to begin promptly at 7:30 p. m.

Each lady and girl who attends is requested to bring a box of supper to be shared with the gentleman who pays for it.

A committee consisting of Mr. Wynne, Mrs. Jarvis and Mrs. Norris will sell hot cocoa to drink with the supper.

Mrs. James Lester, Mrs. Flahe and Mrs. MacFarland were appointed to get up a program which will be well worth attendance.

No admittance charged and everybody is invited to attend and enjoy the program and a good supper.

### Organized Fight On Boll Weevils To Be Conducted

NEW ORLEANS, Oct. 27.—Permanent organization to fight the cotton boll weevil will be effected and will be known as the National Boll Weevil Control association, with headquarters probably in New Orleans, the conference which ended here yesterday decided.

An advisory committee of 22 men will be chosen from the ranks of the representatives at the convention and these will meet Nov. 7 to choose a manager for the New Orleans office.

The convention has asked the federal department of agriculture to arrange for wide distribution of bulletins relating to boll weevil conditions in order that cotton growers may be better able to fight the pests. All business organizations, farm organizations and the press have been asked to co-operate in the work of fighting the boll weevil and the colleges, too, have been asked to support the campaign.

### BRECKENRIDGE PLANS TO GRAVEL PRINCIPAL STREETS IN THE CITY

BRECKENRIDGE, Oct. 27.—Fifty or more blocks of the city's streets will be improved with gravel at a total estimated cost of \$80,000 within the next 60 days, according to Mayor C. H. Fulwiler. The improvement will be of 10 inches of gravel on an engineer's grade, to be flanked with a cement gutter and curb.

This will give Breckenridge a well connected system of hard surfaced streets, and will connect up the principal residence sections and business districts.

### TO WARM TRAFFIC POLICE

An electric plate of sufficient heat-producing power to compete with outdoor cold and other weather elements has been originated in Holland and tested so satisfactory that an adaptation of it is being planned by German traffic policemen, says the Berliner Tageblatt.

The warmer is a large iron plate, heated by electricity and it has definitely proved its value as an outdoor foot warmer, it is said.

### Musical Contest Announced To Be Conducted In Cisco

Special to the Times

CISCO, Oct. 27.—The Cisco Music club announces a musical contest to be conducted in the city hall here at 2:30 o'clock, Friday afternoon, Nov. 9, for the benefit and entertainment of the people of Eastland county. The committee having charge of the contest consists of: Miss Mary Merwin, chairman; Mrs. R. Q. Lee, Miss Ulala Howard and Mrs. S. S. Noblitt.

In order to have the contest open to the entire county each community is asked to enter one contestant under 21 years of age in piano, violin or singing; also one contestant over 21 years of age in piano, violin and singing. A third contest will be open to any school choral club.

Competent judges are promised. The basis of the judging will be on: stage appearance, memorization, interpretation and effect of the work produced. A silver loving cup will be awarded to the winning choral club and premium ribbons to the other successful contestants. Entries must be made before Nov. 8 by addressing Miss Mary Merwin at Cisco.

This is a project vitalizing music in the schools and county. Its success is expected to stimulate musical interest in the community and the co-operation of every community in the county is sought.

### "BLACK FACE" 84 YEARS OLD

Black-face minstrels have held the popular fancy for 84 years and the theatre wisecracks say they are returning to greater popular favor than has been the case for a few years.

There is a significance in the fact that ever since 1840 when the first crude minstrel production found its way to the stage, the opening scene, or "first part" has been practically the same.

Moth-proof clothing, made of cloth treated with an odorless liquid, is being introduced in this country.

### DE LA HUERTA IS SEEKING MEXICAN PRESIDENCY

Adolfo de la Huerta

Adolfo de la Huerta, long a factor in Mexican politics and former minister of finance in the Mexican government, is a candidate for the presidency in opposition to President Obregon.

**BOOM IN OLD STAMPS.**  
The boom in stamp collecting continues and today the number of people who collect the little revenue raisers is believed to exceed that of all other collectors together. There are 23,000 varieties of stamps and when variations in shade, paper, perforations and other differences are recognized the total would be nearly 40,000.

Of the 600,000 square miles of Greenland, more than 500,000 are covered with ice the year round.

### Firemen's Ball Brings Returns In Pleasure It Gives

Following the precedent set during the first year of the organization of the Ranger fire department, the annual Firemen's ball was held Friday night at the Gholson hotel. The firemen's merriment was not interrupted once during the evening to answer a fire alarm. Half of the men stationed at Engine House No. 1 attended the dance between 9 and 10:30 o'clock and the remainder from the latter hour until midnight.

The attendance was not up to the expectations of the department, due in a large measure to the inclement weather. The department made no money on the ball, but the pleasure the men had gratified Fire Chief E. A. Chapman immensely.

Probably no one in attendance at the ball enjoyed himself as much as an oil contractor of California, who stopped at the Gholson Friday, while en route east. He expressed his pleasure by making the department a nice contribution.

### Four Years Ago In Ranger

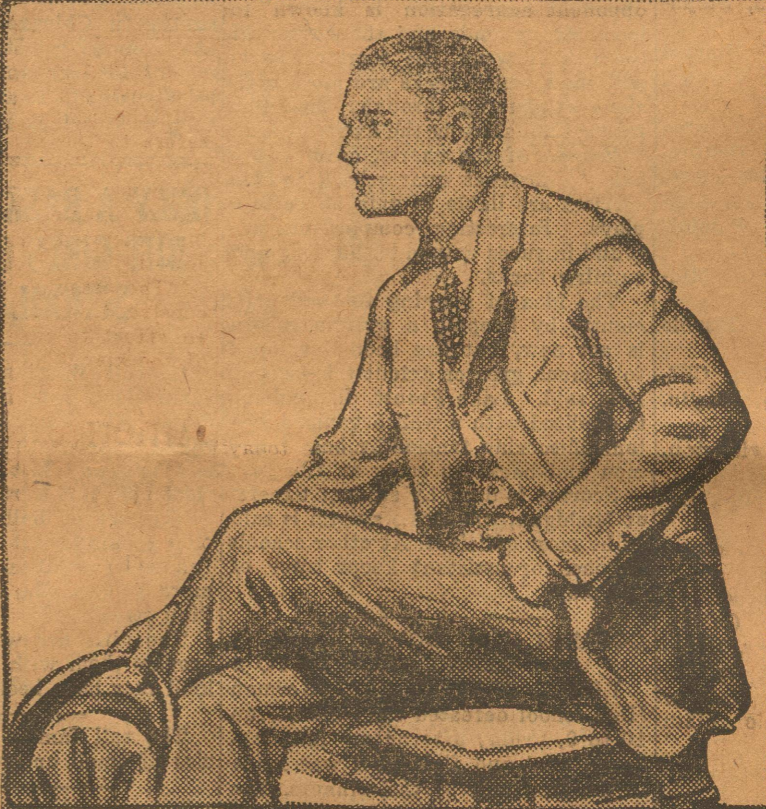

Taken from the files of the Ranger Daily Times, Oct. 27, 1919:

A member of the faculty of the University of Texas in February of this year and now president of a million-dollar oil corporation, is the story of Grover Hart.

Mr. Hart left his position at the university on Feb. 1 to form a law partnership in Ranger. He later successfully managed a \$150,000 oil company and brought in the Mary Elizabeth well at Desdemona. He is now president of the American Oil & Refining association.

SPORTS

Must Have Strong Schedule to Keep In Race for Title

By ROY B. HENDERSON. AUSTIN, Oct. 27.—The past week was a most important one for the University of Texas Interscholastic league high school football series.

Must Meet Strong Teams. Although sectional championships are to be awarded on the percentage basis, it should be remembered that this does not necessarily mean that a team with 1,000 per cent will participate in the inter-sectional eliminations.

Last Week's Standing. The following teams are only those with undefeated standing, according to the reports on file at the state office:

- Section 1—Amarillo, Canyon, Claude, Hereford, Pampa, Perryton. Section 2—Floydada, Littlefield, Lockney, Lubbock, Ralls, Snyder. Section 3—Abilene, Cisco, Stephenville. Section 4—Cleburne, Mineral Wells, Quanah, Strawn, Vernon, Wichita Falls.

A. & M. PREPARING TO ENTERTAIN VISITORS AT THANKSGIVING GAME

COLLEGE STATION, Oct. 27.—Students and campus residents of the A. & M. college of Texas will deny themselves their regular accommodations and co-operate in carefully laid plans already being formulated in conferences to accommodate the unprecedented crowd of visitors that will be brought to College Station Thanksgiving on special trains run from every important center in the state to witness the football game between the A. & M. Aggies and the University of Texas Longhorns which will no doubt be the climaxing event in the decision for the award of the 1923 Southwestern conference pennant.

Campus residents will open their homes to their friends and students will quit the mess hall for the day in favor of the visitors. The new dairy husbandry building near the railroad station, which will be almost complete at the time and vacant of any equipment, will be made into a temporary dining room and kitchen for the day and this will offer accommodations to several hundred.

Executive officers of the college will act as hosts to the university authorities, and departmental employees having acquaintances in similar departments at the university will invite them to be their guests on the A. & M. campus that day.

Regular parking spaces will be designated and all drives will be kept open so that movement of crowds will be facilitated.

ODD FELLOWS TO COMPETE FOR DEGREE WORK HONORS

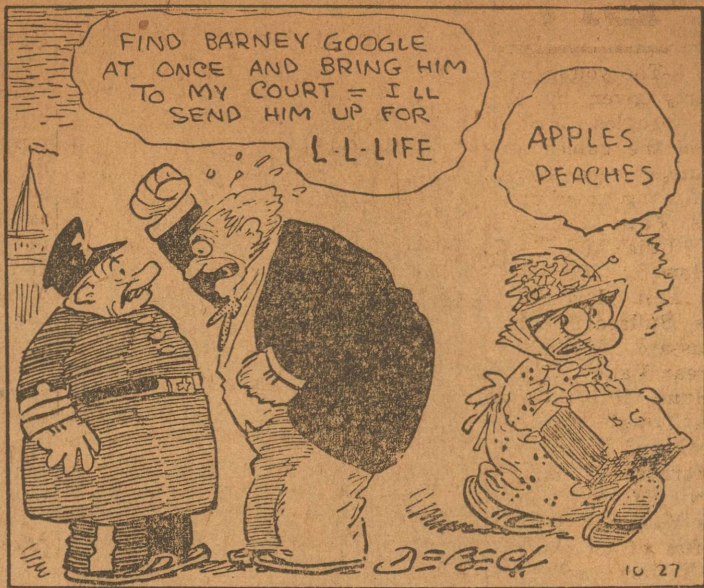

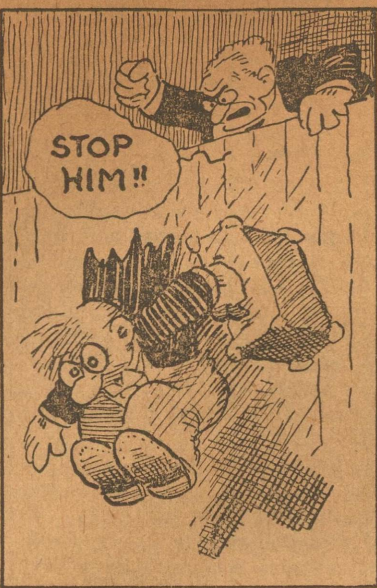

Ranger subordinate lodge of Odd Fellows will contest with the Desdemona lodge for honors in degree work at Gorman Thursday night. The full staff of the Ranger team will go to Gorman for the occasion, it is announced.

Fielding Averages Used By Big Ten Football Coaches

CHICAGO, Oct. 27.—Accurate "fielding averages" of football players are necessary to insure fairness in choosing the eleven best men from the big squads which turn out each fall at "Big Ten" schools, according to coaches. Elaborate score sheets are used to show how many tackles each man made or missed, passes caught or dropped, success or failure at blocking, and a dozen other details in which coaches are interested.

Fraternity and class rivalry make a record necessary, according to Coach Fisher of Michigan, to protect coaches against charges of favoritism in picking the "varsity." Men who are flashy on the gridiron, sometimes accomplish less than the man who remains in the background.

The scoring system is also helpful in aiding a coach to select a team from his squad suited to the opponents for a particular game. If the opponent aggregation is known to have strong ends and the center of the line is weak, the scoring charts will show which backs are more efficient at gaining through the line rather than skirting the extremities.

By use of the charts, coaches are able to instruct quarterbacks which carriers are liable to gain on certain plays. Interesting comparisons are found in yards gained by bucking and running backs.

The idea of gauging football efficiency by keeping a written record is not new, but has been developed to a much greater extent this season, it is said. Lake Forest, Ill., college is credited with a well organized system of scoring tackles by both linemen and backs as early as 1893.

Scoring is done by student experts at Michigan, where the system is said to be most efficient. At other schools a coach or assistant keeps track of the plays.

GORMAN HIGH DOWNS RISING STAR, 10 TO 0. RISING STAR, Oct. 27.—Gorman High school defeated the local eleven 10 to 0, Friday afternoon. A touchdown, goal and field goal was made in the first half by the winners. The grounds were muddy, due to heavy rains.

EVANS, GREAT GOLFER, IS BANKRUPT

Charles "Chick" Evans, one of the greatest golfers in the world, has admitted he will go through bankruptcy in Chicago, owing \$400,000 and possessing nothing. With \$150,000 of his own and many thousands he borrowed, Evans sought a fortune in the stock market and lost.

ONLY A BASKETBALL, BUT GIRLS OF CENTRAL SCHOOL MOURN LOSS

Central Ward school girls can't romp about with a basket ball these days. The only ball the girls had rolled underneath a passing automobile one day last week and it was ruined beyond further use.

The basket ball had been in use only a month, but it was a means of fun and recreation for a hundred or more girls at the school grounds on Pine street.

The girls are wondering who will provide them with more sport of the kind they have been enjoying.

The rail family contains 180 species of small or medium sized birds. Lactic acid germs give the flavor to butter.

DESDEMONA HIGH BEATS RANGER'S SECOND ELEVEN

Wins Game Played in the Mud Saturday by a Score of 13 to 6.

Desdemona's high school eleven defeated the Ranger High second team in a contest at Desdemona yesterday afternoon, the score being 13 to 6. The field was so muddy it was difficult to play and the inclement weather kept away many who would have liked to see the game. The Desdemona team gave a good exhibition and with some coaching would be a strong contender for greater honors. The Ranger second team, although light, gave the Desdemona pigskin chasers a hard struggle.

Both Ranger and Desdemona made touchdowns in the first half, Ranger scoring when Coffman recovered a fumble and went over the line. Both failed to kick goal. Des-

demona made another touchdown in the second half, following a fumble by Ranger, and kicked goal.

Rex Thomas, captain of the Ranger eleven, was slightly hurt during the game, being laid out for a little while, but recovered and continued playing to the end.

The Ranger second team included the following men:

Charlie Gholson, quarter back; Grubbs, half back; Dupree, full back; Kenneth Campbell, right end; Rex Thomas, right tackle; Harvey Coffman, right guard; Otho Jordan, center; Berry, left guard; Buster Mills, left end; J. R. Mills, left tackle.

TEXAS LONGHORNS WIN FROM SOUTHWESTERN BY ONE-SIDED SCORE

AUSTIN, Oct. 27.—The Texas Longhorns battered their way to another victory today when they defeated Southwestern university by a score of 44 to 0. Joe Ward, who went into the backfield after Captain Tynes was hurt, made three touchdowns for Texas. Robertson kicked goal each time.

Smith made the only other Texas

score by a 40-yard run. He failed to kick a drop kick after the touchdown.

BEWARE NEXT "ICE AGE."

Part of England and of North American continent, and the whole of Scotland and Switzerland, will be wiped out in the next "ice age," says Professor Gregory, of Yale.

All high lands will be glaciated, says the professor, who adds that from the Arctic a large slice of South America, including most of Chile, will be over-run with ice.

## CISCO HIGH DEFEATS BRECKENRIDGE FRIDAY

Special to the Times

CISCO, Oct. 27.—Coach Chapman's football athletes kept the Breckenridge Buckaroos from crossing their goal line and won 10 to 0 here Friday. The game was played in the mud and under unfavorable conditions for the spectators, but a large crowd saw the game.

Cisco scored a touchdown, a goal in the try for points and a field goal. Both teams fought hard. Cisco has not lost a game so far.

## MEXICAN IS HELD BY POLICE FOR INVESTIGATION

Speaking in broken English, Manuel Hernandez, arrested early this morning by Officers Ingram and Daniels, after he was seen and reported by a woman to have come out of a private garage on the Tiffin road on the east side, carrying with him women's dresses, declared that he was going to send them to his sister, whom he said lived in Mexico City.

He came out of the garage about 6 a. m. He didn't explain his presence in the garage to the satisfaction of the police and he is being held in jail until an investigation is completed.

## RANGER'S FAST PLAY

(Continued from page one.) an almost hopeless tackle, but it succeeded.

George and James Zarafonetis each carried the ball over for a touchdown. Ted Rummage, Ranger's diminutive quarterback, was persuaded to take the ball over for the second touchdown after he wanted one of his teammates in the backfield to have the honor. Captain Yonkers was given the ball for the fourth touchdown.

### James Runs 60 Yards.

James Zarafonetis made the most spectacular score when he ran 60 yards, kicking the mud on a half dozen tackles as he sped down the field to cross the east goal line. This was in the third period.

Two tries for points after a touchdown failed on kicking pass as did an attempted forward pass. On the other try for point, Yonkers sent the pignisk, squarely between the goal posts.

Lonsdale of Ranger's line was directly responsible for three losses. Williams too had at least two losses to his credit. The line Eastland will agree was almost impregnable. Gullahorn, Collins, Wilson, Shell and Althausen were playing the kind of game that no captain nor coach could accuse of indifference or laziness.

Captain Mitchell starred for Eastland and he did his best to brace his teammates. His punting saved his goal line on several occasions. The lineup:

Ranger 25.	Eastland 0
Collins . . . . .	Sayles
Left end.	
Lonsdale . . . . .	M. Hunt
Left tackle.	
Gullahorn . . . . .	Garrett
Left guard.	
Shell . . . . .	C. Hunt
Center.	
Williams . . . . .	Fields
Right guard.	
Althausen . . . . .	M. Day
Right tackle.	
Wilson . . . . .	Simmons
Right end.	
Rummage . . . . .	Edwards
Quarter back.	
G. Zarafonetis . . . . .	Mitchell (c)
Left back.	
J. Zarafonetis . . . . .	V. Day
Right back.	
Yonkers (c) . . . . .	Cox
Full back.	

Officials: E. L. Blinn, Daniel Baker, referee; James M. Webb, Texas A. & M., umpire; Jim Cheatham, St. Mary's head linesman.

Score by periods:  
Ranger . . . . . 6 6 7 6—25  
Eastland . . . . . 0 0 0 0—0

Substitutions: Eastland, Lawrence for Cox; Seth for C. Hunt; Griffin for Edwards; L. Simmons for Fields; C. Hunt for Seth; Fields for L. Simmons.

## THREE ARE BURNED IN FIRE AT TUCKERTON

CORSICANA, Oct. 27.—Mrs. Jean White, 39, was probably fatally burned and R. C. Finkels and wife seriously hurt when Finkels' boarding house at Tuckerton, in the Corsicana oil field, was destroyed by fire early this morning.

## SCIENTIST ACCOUNTS FOR DESTRUCTION OF SODOM AND GOMORRAH

By Associated Press

BERLIN, Oct. 27.—Sodom and Gomorrah were destroyed by a gushing oil well which was probably lighted by lightning, in the scientific opinion of Herr Beyersdorfer, a German chemist, who recently has been making a study of naphtha explosions.

The scientists says such gushers as are now known in the Caucasus, if fired during an electrical storm, could easily create such a terrific spectacle as occurred in the two cities, and could blot out the communities and their populations.

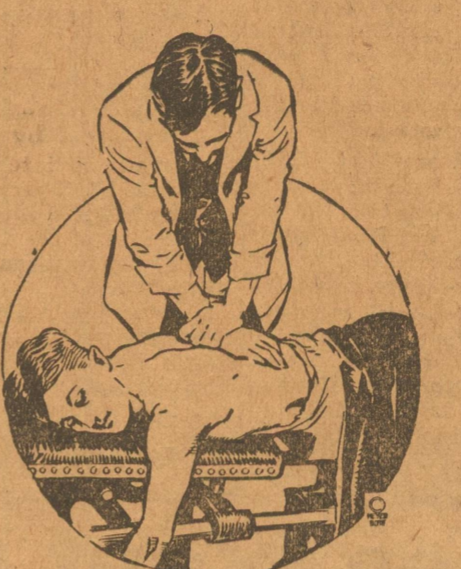

## EXPERT GEOLOGISTS SUPPORT FALLS' LEASE OF TEACUP RESERVATION

WASHINGTON, Oct. 27.—The report of expert geologists tending to uphold former Secretary of the Interior Falls, who claimed the leasing of the Teacup Oil reservation was necessary to save it from drainage, will be submitted to the senate investigating committee, Senator Walsh chairman of the committee, said today.

The committee adjourned today after hearing Chief Assistant Roosevelt of the navy department, Harry F. Sinclair, who came to Washington to testify, was not called today. Roosevelt originally opposed the transfer of the navy oil reserve from the navy to the interior department, but changed his opinion when he became convinced the navy department lacked the facilities to care for the reserves.

## Good Health

The body, like any other machine, will work normally when all its parts are in place, so the energy will apply. In the human body the energy is called vital force. It is transmitted through the nerves to the cells of the body, and so long as the nerve channels are free the vital force will pass to the place of function and normal activity will result. Normal function means HEALTH.

No charge is made for an examination. It places you under no obligation. Investigation will show you that Chiropractic is what you are looking for, and will do all we claim. Call on the Chiropractor for full and free information. It is a pleasure to tell you all about this wonderful science. Lay aside prejudice (the child of ignorance). COME and GET WELL.

## A Car of Greater Utility

Thoroughly representative of the 1924 Buicks, this four-cylinder, five passenger Touring Car is new from end to end. Its new body, frame, fenders and radiator—its new Buick valve-in-head engine—its four-wheel brakes, all exemplify Buick's policy of building into its cars greater utility and satisfaction with each succeeding year.

The minute attention to those details that make for greater comfort and convenience is well expressed in the new windshield, new ventilator operated by a push lever, wide, low and tilted seats and compactly grouped instruments. This Buick four-cylinder Touring Car worthily maintains the Buick reputation—Standard of Comparison.

# TEXAS CRUDE PRODUCTION IS SHOWING GAIN

For the first time in history of Texas, crude oil production passed the 500,000-barrel mark last week—more than 100,000 barrels per day in excess of Oklahoma, which is still under the 400,000-barrel line, according to the Fort Worth Star-Telegram.

The tremendous output of the Corsicana-Powell field for the week closing Oct. 20 is responsible for the skyrocketing of Texas oil production; the output reaching an average of 261,000 barrels for the seven-day period. Powell this week is producing in excess of 300,000 barrels.

Crude oil production in the United States, after making small declines for several weeks, recorded a gain of 141,440 barrels for the week. There was a gain of 69,220 barrels in the Wyoming and Montana fields, part of it representing the regaining of the 40,000 barrel loss through floods of a previous week.

The combined Eastland county daily production was 13,820 barrels, as compared with a production of 14,170 barrels for the previous week. Stephens county production slipped from 21,350 to 21,090 barrels. The North Central and East Central Texas as daily production figures follow:

North Central Texas	
Field	Past wk. Prev. wk.
Electra	21,700 22,650
Burkburnett	23,740 24,185
Iowa Park	2,110 2,045
Archer county	17,615 19,419
Clay county	450 465
Young county	5,345 4,670
Jack county	35 30
Palo Pinto county	700 650
Stephens county	21,090 21,350
Shackelford Co.	4,475 4,220
Ranger-Eastland	8,040 7,980
Brown county	560 570
Coleman county	135 140
Desdemona-	
Pioneer	5,780 6,130
Mitchell county	800 800
Reagan county	155 150
<b>Total</b>	<b>112,730 115,515</b>
<b>Decrease</b>	<b>2,785</b>
East Central Texas	
Mexia	45,950 45,970
Currie-Wortham	4,870 4,875
Corsicana-	
Powell	261,000 191,000
<b>Total</b>	<b>311,820 241,845</b>
<b>Increase</b>	<b>69,975</b>

Total N. Texas	424,550	347,360
Gulf Coast	91,365	92,115
<b>Total Texas</b>	<b>515,915</b>	<b>449,475</b>

The daily average gross production of the United States totaled 2,265,315 barrels. The daily average production east of the Rocky Mountains was 1,444,815 barrels, an increase of 141,940 barrels, according to the summary of the American Petroleum institute.

California production was 820,500 barrels, a decrease of 500 barrels. Oklahoma shows a daily average of 399,650 barrels, an increase of 1,260. Daily average imports of petroleum at principal ports were 221,571 barrels.

**OKLAHOMA MAN KILLS TWO CHILDREN AND SELF**  
ENILD, Okla., Oct. 27.—After having shot to death his son, 17 years old, and a younger daughter, and probably fatally wounding his wife, E. J. Enfield, living six miles south of here in Noble county, went into a field and blew his head off with a gun. Joseph Vellany also was shot but he is not seriously hurt.

## Episcopal Church House of Bishops To Meet In Dallas

By Associated Press.

DALLAS, Oct. 27.—Resignations of four bishops and plans for the consecration of a Japanese rector as the first Japanese bishop of a Christian church are matters of wide denominational interest to come before the house of bishops of the Episcopal church in the United States, called to meet in Dallas, Nov. 14.

The call for the meeting was issued by Right Rev. Alexander Charles Garret, of Dallas, presiding bishop of the church, and the meeting will be held in the cathedral of St. Matthews here in Dallas.

Three of the positions vacated by resignations of bishops are in the foreign mission field. The fourth is that of Right Rev. Philip M. Rhineland, bishop of Pennsylvania.

The most important of the missionary bishoprics to fill, in the opinion of the Episcopal churchmen, is that of Right Rev. Logan H. Roots, missionary bishop of Hankow, China, who after 20 years' service in that post is to retire to accept direction of the National Christian Council of China. Bishop Roots will have joint jurisdiction in this council with a representative of the Church of England and two native representatives of Christian churches in China.

Of scarcely less importance, it is said is the resignation of Right Rev. Henry St. George Tucker, Episcopal missionary gishop of Kyoto, Japan, who has asked to be relieved of service in Japan. A third vacancy that will have to be filled in this foreign missionary bishop of Kyoto, Japan, quence of the resignation of Right Rev. Henry D. Aves, Episcopal missionary bishop of Mexico.

Right Rev. Thomas F. Gailor, president of the national council of the church, will attend the special meeting, and depart immediately upon its adjournment for Seattle, Wash., whence he will sail for Tokyo to participate in the consecration there of Rsv. Dr. J. S. Motoda, who has been elected bishop of the new Episcopal diocese of Tokyo and the first Japanese bishop of Christian church.

The house of bishops will not elect a successor to Bishop Rhineland, whose place will be filled by a convention of the diocese of Pennsylvania; but will merely pass upon the question of releasing him from his duties in that post at this time. If the resignation is accepted, Bishop Rhineland will remain a member of the house, without diocese.

## AGREEMENTS ARE MADE FOR RESUMPTION OF WORK IN RUHR MINES

BERLIN, Oct. 27.—Hugo Stinnes and other representatives of German industry, after a conference with Chancellor Stresemann, have reopened negotiations with the French commandant in the Ruhr.

Continued operation of industries in the Ruhr are said to be dependent on the discussions.

BRUSSELS, Oct. 27.—Agreements to resume work in the mines have been made with the occupational authorities by 18 German mine owners in the Ruhr, according to official information. Thirteen mines and 25 factories are included in the agreement.

## NATIVE SONS OF TEXAS NOW ORGANIZING

By Associated Press.

MEXIA, Oct. 27.—Relics and mementoes of the days when pioneers were hewing the state of Texas out of the wilderness are to be preserved by an organization now forming called the Native Sons of Texas.

The oldest son of the last survivor of the battle of San Jacinto is one of the leaders of the new organization. He is Hampton Steele, aged 84, of this city, whose descendants are as numerous as those of any family in Texas. He has 155 descendants, of whom 53 are grand children, 50 great grandchildren, and one great, great grandchild.

He comes from a numerous line of original Texans, for his parents were the head of a family which had 250 relatives.

The Native Sons of Texas will include only those persons born in this state. Its purpose, according to Mr. Steele, is to preserve the old records of the days of the republic and of the early days of the state. A park with a museum and perhaps later an old folks' home are included in the plans of the organization.

Hampton Steele, president of the Native Sons, was born in Grimes county, which at the time of his birth was known as Montgomery county. His father, Alphonso Steele, came from Hardin county, Kentucky, in 1835. He cast his lot with and gave him all—a rifle and a pony—to the cause of the Republic of Texas. He ground corn for Sam Houston and other famous leaders of the independence movement, while those men were engaged in laying plans

to free the territory from the Mexicans.

An active campaign for members is being conducted by the Native sons. Garland A. Adair of Mexia is secretary.

## ONE OFFICER KILLED, ANOTHER WOUNDED IN MAKING BOOZE RAID

By United Press.

CHICAGO, Oct. 27.—John Hartnett, police sergeant, was shot and killed and another police sergeant was probably fatally injured while they were making a booze raid today. A man named Joe Montana was arrested.

Police charge that Montana shot into a group of officers as they entered the rooms where Montana lived. They questioned two generations of the family, father and grandfather, while they searched for "Patsy" Montana, accused by the wounded policeman of the shooting. "Patsy" reached for a gun and opened fire, killing Hartnett when the latter told the Montana family they were under arrest.

"Patsy" managed to escape in the confusion that followed the shooting.

## M'ADOO WILL BE CANDIDATE OF DEMOCRATS, SAYS GREGORY

FORT WORTH, Oct. 27.—William G. McAduo in all probability will be a candidate for the Democratic presidential nomination in 1924.

Thomas W. Gregory, attorney general in Wilson's administration, and close friend of the former secretary, stated this opinion while in Fort Worth last week.

Senator Oscar Underwood is the only "prospective opponent" of McAduo's, he said, although it is somewhat early to make a definite forecast in this regard.

## NAVY LEAGUE SPONSORS OBSERVANCE OF "TEDDY" ROOSEVELT'S BIRTHDAY

WASHINGTON, Oct. 27.—Navy Day and the anniversary of the birth of President Roosevelt were being jointly observed today throughout the nation under the auspices of the Navy league. A comprehensive program had been arranged with history and purport of the navy carried to sections of the country that, because of geographical restrictions, will never view a battle fleet. The day was set aside at the Texas State fair in Dallas and at six other places for special observance.

The interest displayed by Roosevelt in the navy at all times while he was living, caused the Navy league to designate his birthday as the time for a special appeal to the country.

## SOLDERING COPPERS.

When purchasing the soldering coppers or irons, it is a good policy to buy them of a rather heavy weight. For most work, small, light irons require too many trips to the source of heat and a heavy bit is therefore an advantage, if only because of the time saved by its use. A soldering iron is simply a copper bit, placed in the end of an iron rod which is attached to a suitable handle.—Automobile Digest.

The first electric truck ever used to deliver Coca-Cola was bought by that company in 1913 for the Manhattan factory and is still one of the best vehicles in the company's service. On its many daily hauls it goes from the New York Coca-Cola factory to Coney Island, about 40 miles for the round trip.

## VON BOHLEN PAROLED IN EFFORT TO IMPROVE CONDITIONS AT ESSEN

By United Press

DUESSELDORF, Oct. 27.—Armed workmen were barricaded today in the Krupp works at Essen, following a night of rioting in which many were injured. The rioting was started after the arrival of Baron Von Bohlen from the Duesseldorf jail, where he is serving a long sentence for sabotage. Von Bohlen was paroled from jail to go to Essen to aid in solving the grave unemployment situation there.

## WOMAN CRAZED BY FEAR, RUNS INTO BURNING HOUSE

CORSICANA, Oct. 27.—Miss Jean

White, 39, was burned to death today when fire destroyed a rooming house in a small town near here. R. C. Finkler and his wife, owners of the rooming house, were also slightly burned in the flames, which started from the explosion of an oil stove. Miss White was carried to safety by Finkler, but appeared crazed by fear and dashed back into the burning structure. Finkler again rescued her, but the woman died soon afterwards.

**STORY OF DIAMOND IN FLOATS**  
In order to celebrate its renaissance, the diamond industry of Antwerp organized a great jewel procession. The royal family viewed the pageant.

The parade consisted of 15 beautifully decorated cars depicting all stages in the story of the diamond industry. The procession lasted for one and one-half blocks.

### RANGER CANTON 22 I. O. O. F. PLANS BALL

A benefit ball, to which the public is invited, will be given Friday night in the lobby of the Gholson hotel by Ranger Canton 22, I. O. O. F. Coleman's orchestra will furnish the music and proceeds of the dance will be devoted to the benevolent work of the canton.

### CENTRAL BAPTIST T. E. L. TO ENTERTAIN ALATHEANS

A delightful party for the Alatheans and their husbands has been planned by the T. E. L. class of the Central Baptist church on Tuesday evening at 8 o'clock in the annex building. All members are invited.

### CHILD WELFARE BRIDGE PARTY ANTICIPATED

The benefit bridge party of the Child Welfare club is an occasion which is always anticipated with pleasure and from all accounts the one announced for Wednesday afternoon at the Gholson hotel will be well attended.

Plans for a large crowd have been made and every arrangement for the pleasure and comfort of the guests planned for. Groups are being formed by friends who are accustomed to play together, and there will be many others formed at the last moment, while individual tables will be arranged by the dozen.

Among the players there will be many who are experts, and many who know little about it, but for all there will be plenty of partners, and all players will be made welcome. Hand-some prizes will be offered, and for these all members of the Child Welfare club have declared themselves ineligible so the general public will be winners of the prizes. It has been announced that players may progress or stay at their first table as they may wish. In addition to the pleasure of the game, refreshments will be served without extra charge. Tickets are now being sold by all members of the club, and the proceeds will go to the fund which provides milk for the undernourished children of the public schools of Ranger.

### TICKETS FOR SERIES OF ENTERTAINMENTS READY

Season tickets for the series of three entertainments by famous people to be given here this winter under the auspices of the 1920 and New Era clubs, are now being sold by the club members. The first number of the series will be the most loved of all grand operas, "Faust," to be given Nov. 23. The second selection will be the great American play, "Smilin' Through," which held New York audiences spell-bound for two years in succession, and the third attraction will be a wonderful lecture on art and the making of statues by Lorado Taft, America's foremost sculptor, on Feb. 29. All three of these entertainments are to be given at the Liberty theatre. This is one of the finest courses ever brought to Eastland county, and it is expected that there will be a record breaking sale of tickets. The proceeds will be devoted to the scholarship fund of the Texas Federation of Women's clubs.

### AD LIBITUM CLUB POSTPONES MEETING.

On account of the bridge tournament of the Child Welfare club which is to be given Wednesday afternoon at 2:30 o'clock at the Gholson hotel, the regular meeting of the Ad Libitum club will be postponed until Wednesday, Oct. 31.

### PAGEANT PLANNED FOR MISSIONARY MEETING.

The ladies of all churches of the city will meet in a union missionary session on Monday afternoon at 3 o'clock in main auditorium of the Methodist church. The ladies of the Episcopal church will be the hostesses for the day.

The program will consist of a pageant called "The Awaiting World," which will be presented by 36 women from the various churches of the city. Those taking part in the pageant will be in costume. A number of foreign countries will be represented in both costumes and flags.

The central figure in the pageant is "Mother Church," a symbol of all churches, who receives the seeking children of all countries needing missionary aid, and tells them how this can best be obtained. "The Voice" assists her in advising them. "Moses" enters and receives from three "Hebrew Women" gifts for the building of the temple, the first church built to the glory of God. Then Mary of Bethany comes with her offering of precious oil, all of these things being symbolical of the gifts which may be made for the advancement of church work. The "Spirit of Christian Womanhood" and the "Spirit of American Patriotism" come to advise and assist "Mother Church," and figures symbolical of the offerings are borne by all churches while "Faith," "Prayer," "Information," and "System," hold the target which is the goal showing the sum total to be raised in 1923 by the women of Texas for the work of the church in home and foreign missions. The tableau at the end, lighted by torches, with bright flags and contrasting colors of foreign costumes against the white robes of the symbolical figures in the group,

Public library opens 10 to 12 and 2 to 6 o'clock in Marston building.

will make a picture well worth seeing and a general invitation is extended by the women of the Episcopal church to the women of the other churches of the city.

Leading parts will be taken by Mrs. John H. Moyer, "Mother Church"; "Spirit of Christian Womanhood," Mrs. M. H. Hagaman; "Spirit of American Patriotism," Mrs. O. S. Phillips; "The Voice," Mrs. Sanford Terrell; "Mary of Bethany," Mrs. Roy Jameson; "Faith," Mrs. J. W. Cash; "Prayer," Mrs. George Bohning; "Information," Mrs. W. H. Johnson; "System," Mrs. E. C. Shipp; Spokesman for America, Mrs. W. J. McFarland; for China, Miss Lillian Neal; for Japan, Mrs. H. U. Pond; for Mexico and Brazil, Mrs. W. J. McDonald.

The three Hebrew women will be represented by Mmes. Pickett, Burns and Bennett of the Christian church. In addition there will be two standard bearers from each church whose banners will carry the sums of the church offerings, showing the amount given by Texas women in 1922, and the amount hoped for in 1923. Mrs. Bess Luke will sing the hymns appointed for the pageant.

Following this presentation there will be a social meeting in the basement of the church and a musical program. A cordial invitation is extended by the Episcopal ladies to those of other churches, and a large attendance is expected.

### MRS. CRAWFORD HOSTESS TO THURSDAY BRIDGE.

Mrs. E. E. Crawford entertained delightfully for the Thursday Bridge club. Members present were Mmes. A. N. Harkrider, Saunders Gregg, H. J. Mendenhall, E. D. Finney, C. C. Craig, J. F. Champion, John Thurman, A. L. Bergere, E. L. McMillen, J. T. Gullahorn, Garrett Bohning, and F. A. Brown. High score prize, a pair of pillow cases, was won by Mrs. Finney, and low score, a handmade handkerchief by Mrs. Champion.

Mrs. Craig will be the next hostess.

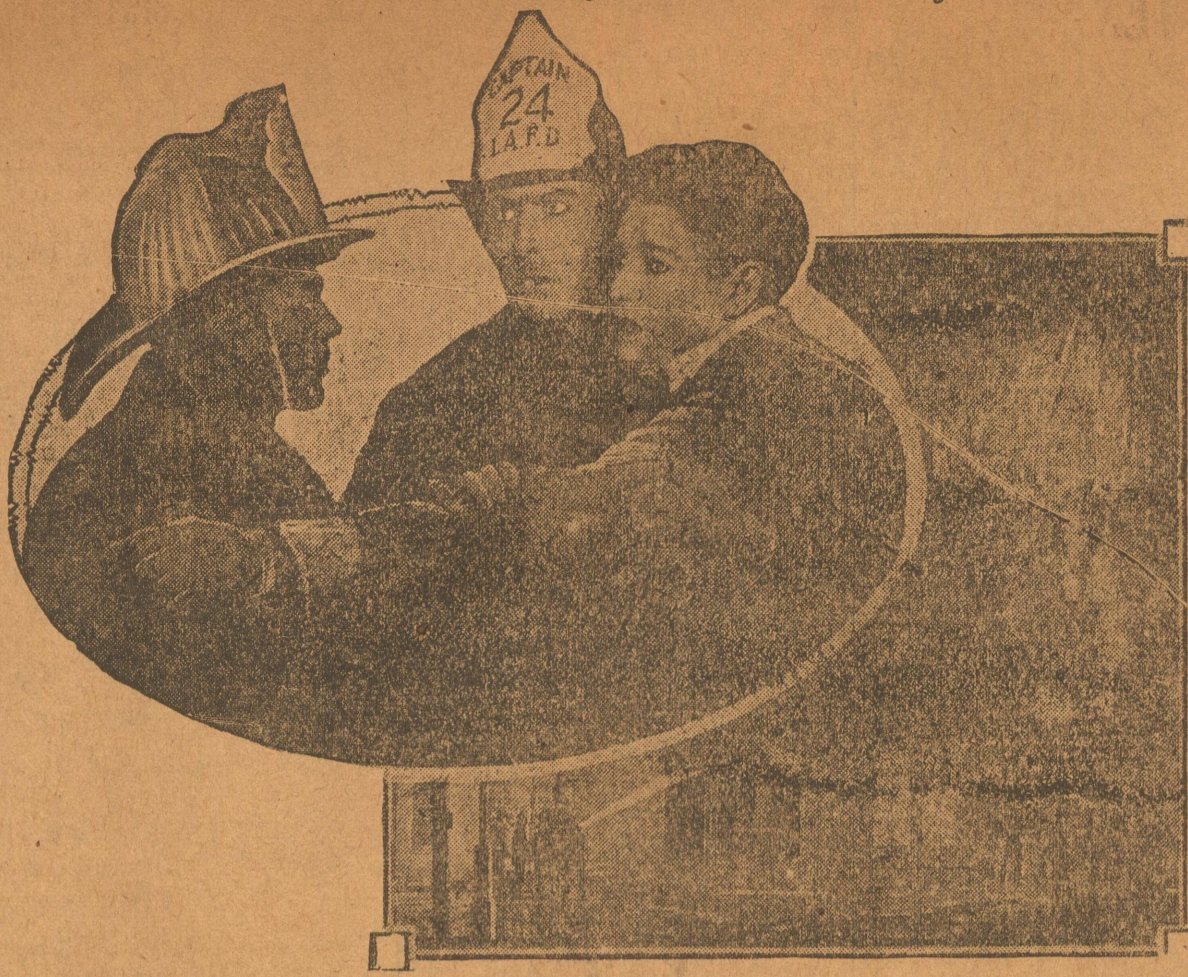

### MRS. M'ILLEN HOSTESS TO TWENTIETH CENTURY CLUB

Members of the Twentieth Century club met Friday afternoon with Mrs. E. L. McMillen. High score prize, a handsome perfume bottle, was won by Mrs. J. T. Gullahorn, and low score, a lovely bud vase, by Mrs. Champion. Those present were: Mmes. E. A. Wiss, Saunders Gregg, John Thurman, Gilson, Frank Reames, J. F. Champion, W. R. Lowe, J. T. Gullahorn, Martin, E. E. Crawford, and C. A. Conley.

### PASTIME CLUB MEETS WITH MR. AND MRS. CONLEY.

Mr. and Mrs. Conley entertained Thursday for the Pastime club, there being four tables of bridge. High score prize for ladies was a satin finished sweet-pea bowl, and was won by Mrs. Harkrider. Low score prize for ladies, a button basket, went to Mrs. Earl Taylor. High score prize for gentlemen went to Earl Taylor, who was presented with two pairs of silk socks; while E. E. Crawford received low score prize, a knit necktie. A delicious salad course was served. Those present were: Messrs. and Mmes. Roy Jameson, Earl Taylor,

### Lamb—Tuesday and Wednesday

Lytton R. Taylor, E. E. Crawford, L. A. Vandervoort, Dr. and Mrs. A. N. Harkrider, Mmes. Harry Pearson and L. L. Rector.

Mrs. Harry Pearson will be the next hostess.

### ST. RITA'S SOCIETY PLANNING CARNIVAL.

Announcement of the date for giving the carnival in the auditorium of the new parish school building on Blackwell street will probably be made at Tuesday's meeting of St. Rita's Altar society at the home of Mrs. Tom Smith in the McElroy apartments.

Because of the uncertainty of choosing a date that might conflict with other programs, action on it was postponed at last Monday's gathering at the home of Mrs. Maurice Leveille on Oddie street. Seventeen were present, and Mrs. George Angler assisted Mrs. Leveille in entertaining the members. Those present were:

Mmes. C. B. Milliken, W. N. McDonald, Charles Dyar, Tom Smith, E. O. Nentwig, Pat O'Neil, Anna Barman, J. F. Cleveland, W. W. Wood, F. G. Yonker, T. Higginbotham, E. G. Gallagher, J. D. Sullivan, H. J. Mendenhall and Walter West. Mrs. Nentwig will assist Mrs. Smith this week.

### BUY IT IN RANGER

### Coats and Wraps Smartly Styled

Coats and Wraps this season are garments of beauty and luxury. Fashioned of handsome and durable materials in the most favored colors of the season are these smart Winter Wraps. Not only are the styles quite the smartest we've seen, but the materials used make them the most practical garments.

Fur collars that outline the face so becomingly are found on many of these Coats. Embroidery, braids and buttons follow fur as trimming.

### DRESSES

Further manifestation of the versatility of Fashion is found in the Dress models. Slender lines are emphasized and diversely carried out by tines, panels and drapes. Lantern sleeves furnish an interesting variation in some frocks, while embroidery furnishes gay notes on others. The tailored mode in its many variations is an important feature where the materials used are wool twills.

### BEAUTIFUL DISPLAY OF EVENING GOWNS AND DINNER GOWNS

This shop carries the most exclusive line of Women's wearing apparel in Eastland County. Come in and let us show you.

The *Julianna* Shop

Gholson Hotel Bldg.

### WEDNESDAY BRIDGE CLUB POSTPONES MEETING.

On account of the benefit bridge party of the Child Welfare club, which is to be held Wednesday afternoon at the Gholson hotel, the Wednesday Bridge club will postpone its regular meeting one week, and will meet the Wednesday following with Mrs. A. E. Ernst.

### MRS. CHASTAIN LEADER FOR 1920 PROGRAM.

The program for the regular meeting of the 1920 club on Thursday will be based on the social significance of instincts, with Mrs. Chastain as leader. Papers will be read as follows:

"A Catalogue of Instincts With Their Indicated Social Bearings," Mrs. John Gholson; "Instincts as Found in Employment," Mrs. J. F. Dreinhof; "The Balance Between Instinct and Intelligence," Miss Ruth Hagaman. There will be a discussion of topics bearing on these papers.

**YOUNG MAN KILLS SELF**  
CHICAGO, Oct. 27.—Thomas B. Everhart, 29, son of the local manager of the H. F. Wilcox Oil and Gas company of Tulsa, Okla., shot and killed himself here today. He was a salesman and was said to be worrying over financial matters. He is survived by a widow and one son.

### WIRELESS GOOD FOR HAIR

Few wireless workers are bald. "I put this fact down to the electrical disturbances in the air," said M. O'Donnell, marine secretary of the British Association of Wireless Telegraphists. "We have 7,200 men in this association, and I do not think there are a dozen bald men among them." Electric waves are believed to be a great aid to the health of hair roots.

### DON'T THROW THEM AWAY

Do you know that a pair of shoes, properly rebuilt, will give as much service as a new pair, at a cost of about twenty per cent?

We don't mean Cobbled, but Rebuilt.

**COURTNEY'S**  
SHOE REPAIRING  
With Ranger Shoe Co.

### Kellogg Factory Is Interesting Place

After the wheat is prepared in the Kellogg company's factory, endless "belts" take the dough and carry it to machines with fine steel rollers, finely grooved and water cooled, where it is forced between these rollers and comes out in long thin strips or shreds that stretch out for yards on the belts to which they are emptied. Then comes the toasting process again—which makes for the perfect assimilation of the foods, and which adds so much to the flavors—and into the great ovens go the "shreds," traveling 600 feet before the toasting process is completed.

The toasted whole wheat krumbls contain the full value of the wheat, the best all around cereal food known, the thing that so many strive for and so few obtain, and which they are delicious and palatable.

The toasted and krumbls bran is not only good to eat as a cereal, but may be used for cooking, and the most delicious muffins can be made with it.

But the whole process of the cooking and handling is done to give the very best food possible, and never do human hands touch it in the whole of the process.

Shingles that are crimped by wet weather may be made straight again by a recently perfected process.

### FIRE PREVENTION DOCTRINE BEARING FRUIT SAYS CHIEF

"We're getting mellowed," said Fire Chief E. A. Chapman, "so long since we've had an alarm." Saturday evening, the department had not been forced to lay a line of hose for 17 days.

"Possibly some of your fire prevention preaching has been seeping in," a reporter suggested.

"It needs to," the chief said, "when you look at the records here."

CHURCHES

METHODIST
Elm, near Marston—Rev. L. A. Webb, pastor. Sunday school 9:45 a. m. Morning service 11 o'clock. Junior Epworth league meets at 4 o'clock. Senior Epworth league at 7 o'clock. Evening service at 8 o'clock. Everyone invited. There is a Bible class in the Sunday school for business men, and a Bible study class for women. A nursery has been provided also so that mothers with little children can attend church and Sunday school.

CHRISTIAN TABERNACLE
Main, near Marston—Rev. H. B. Johnson, pastor. Sunday school 10 a. m. Preaching by pastor 11 a. m. and 7:30 p. m. Subject for morning hour, "Stewardship." The evening service will be evangelistic. We will have the church warm and will expect all the Sunday school pupils on hand and a full attendance at church. The pastor attended district meeting this week at Sweetwater and was on the program. The leaders announced that it was the best meeting they had held thus far. Our church was given special recognition in that they elected Mr. B. F. Bennett chairman of the executive committee.

FIRST BAPTIST
Walnut, near Marston—Rev. W. H. Johnson, pastor. Sunday school at 9:45 a. m. Morning service at 11 a. m. Subject of sermon, "How the Temple Was Built." Sunbeams meet at 3 o'clock. B. Y. P. U. meets at 7 o'clock. Evening service 8 o'clock. Subject of sermon, "A. T. A. L. Is a Foreigner Any Good?" Special music at both services.

CENTRAL BAPTIST
Pine, corner of Commerce—Rev. A. L. Leake, pastor. Sunday school 9:45 a. m. The pastor will fill the pulpit at both services and discuss appropriate subjects. There will be special music. Rain or shine, the services are held always at the same hour, and everyone will be welcome.

CHURCH OF CHRIST
Corner Rusk and Mesquite—Bible school 10 a. m. O. G. Lanier will preach morning at 11, subject, "The Invisible Fountain," and evening at

7 o'clock, subject, "Peter's Downfall." Prayer meeting Wednesday evening at 8 o'clock.

PREBYTERIAN
Marston, corner of Walnut—Sunday school at 10 a. m.

EPISCOPAL
Opposite Young school—Sunday school 10 a. m. Morning prayer and sermon 11 a. m. Everybody welcome.

ROMAN CATHOLIC
Blackwell Road—Rev. R. A. Gerken, pastor. Mass at 8 and 10 a. m.

CHRISTIAN SCIENCE SOCIETY
420 Pine street—Sunday school at 9:45 a. m. Services Sunday 11 a. m. and Wednesday at 8 p. m. Reading room open Tuesday from 2 to 5 p. m.

SALVATION ARMY
Sunday school 2:30 o'clock; street meeting at 7:30 p. m. Meeting in hall at 8 p. m. Weekly meetings Tuesdays, Thursdays and Saturdays at same hour. Ladies' Home Service league meets at hall Friday at 2:30 o'clock to sew for the needy.

ODD FELLOWS TO HEAR HARRY J. EMMINS IN ADDRESS HERE TUESDAY
Tuesday will be a red letter day in the annals of Ranger Odd Fellowship, when Harry J. Emmins, leader in Odd Fellowship in Texas, will be here for an address in the auditorium of the Methodist church at 2:30 p. m. Grand Master J. L. Slatten of Hillsboro and other prominent Odd Fellows of West Texas will also be in attendance.

There will be an evening session of speech making at the Methodist auditorium, according to the lodge's program committee. A parade at 5 o'clock is also scheduled.

DEMONSTRATIONS IN FARM TERRACING OFFERED FARMERS
Farm terracing demonstrations will be given Tuesday on the Dudley Brothers poultry farm by County Agent R. H. Bush. Lines will be run and some of the work done.

Bush said while in Ranger late last week that he will do these demonstrations on any farm hereabouts. He asks farmers to give him their names, either at the Tuesday demonstration, or leave them at the offices of the Ranger Chamber of Commerce.

RANGER MEN HOME FROM NEW MEXICO HUNT

Bear, deer, fish and turkey are plentiful in the Mogollon mountains in the Iron Creek valley, in New Mexico. This is the word brought back by E. W. Peck of 515 Bozeman avenue of this city. Peck, with Bradley and Casto Coomer, also of this city, while on a three weeks' hunting excursion to the north side of the range, bagged two bears, three deer, and lots of fish. Peck arrived home late last week.

The party saw four bears and got within shooting range of three. Two were killed and a third was wounded, according to Peck. Only five shots were fired in all at the three bears, he said.

The hunters got within 150 yards of turkey, but failed to bring any down. "We didn't have any turkey calls," Peck said. "I looked into my grip, expecting to find some, but I found we didn't bring any with us. A turkey will see you before you do him, and the bunch we saw got beyond our range."

Peck said there were not many in the Iron Creek valley hunting at the time they were camping there. It was the first time he had ventured over to the north side of the range, although he has been on the south side several times.

The men got their supplies at Magdalena in the Magdalena mountains, and on a branch of the Santa Fe system, between Albuquerque and El Paso. The men used automobiles for part of the way and also horses to a distance of 125 miles at the most southeast portion of Magdalena. Three weeks were spent in hunting.

The Coomer brothers did not return to Ranger but went up to Estancia, N. M., to visit with their mother, after which they will return to this city. Peck hopes to go back to New Mexico again next year.

Golf, with munniken players, tees, greens and bunkers, can be played indoors with a newly devised game.

HOSPITAL AMBULANCE AND GROCERY TRUCK MEET IN A CRASH

Milford's ambulance was struck broadsides by a Waples-Platter Grocery company truck at Main and Rusk streets Saturday morning. The ambulance was answering a sick call and was being driven by John E. Milford, the owner. No one was injured.

The body of the ambulance was crushed in, glass broken, the fenders bent and the running board torn up on the right side as the result of the collision. The ambulance was going south on Rusk and the truck east on Main. The truck's front was damaged considerably and had to be towed to a garage. The truck was loaded with groceries when struck.
