VOL. V. RANGER, TEXAS, THURSDAY EVENING, NOVEMBER 8, 1923. Price Five Cents No. 138.

## RANGER POLICE ON TRAIL OF ROBBERS

### Campaign Planned to Bring Homeseekers Into the County

#### BUSINESS MEN SEEK FARMING LANDS REVIVAL

#### Agricultural Survey to Be Made to Aid in Developing County's Resources.

Since the deflation of the oil boom, there has been a slump in agriculture in the Eastland community and throughout Eastland county at this time there is an incalculable acreage of excellent farm land that is not being utilized to its best advantage.

The Eastland Chamber of Commerce has undertaken to revive interest in farming or at least to stimulate the agriculturalists to make the most of their opportunities. Eastland county is a community of vast resources that ought to be making great strides forward.

To this end, at the last meeting of the board of directors of the chamber, plans were discussed for the gathering of all essential farm facts in the county. An agricultural survey is to be made. Ways and means for this are yet to be worked out by a special committee, but the plan undertaken by the chamber is to list every acre of land in Eastland county, its owner, its tenants, the use to which it now is being put, if any, the number and character of buildings thereon and such other facts as are available.

Valuable Information. It probably will take a long time to get at this information and the plan of campaign is not yet complete, but when the work is done, the chamber of commerce will have at hand accurate information, facts and figures as to the agricultural resources of the county, the percentage of efficiency in the utilization of this land and the available opportunities for selling, buying, renting and development of all farms.

This information, when complete, will be on tap for all inquirers, available to real estate brokers, promoters and home seekers. The chamber officials will see to it that this classified information is forwarded to associate chambers and also placed in the immigration bureau of railroads and such other agencies.

A concerted and organized effort is to be made to stimulate farm life, as the best means of increasing the business of Eastland. There are thousands of acres of fertile land in the county, fit for raising almost every conceivable crop. There is money to be made in wheat and corn as well as in cotton, in sweet potatoes, sorghum, alfalfa, beans, onions and what not. If the boll weevil make cotton hazardous, it will be easy to try diversification. But it must be borne in mind that Eastland county used to produce 50,000 bales of cotton in a season and perhaps could do it again.

Last but by no means least, the poultry possibilities of Eastland county today are unlimited. There is a never-satisfied market close at home for chickens and eggs. There are nearly 60,000 persons here at home that have to eat and they will consume more chickens and eggs than are now being produced. Then there are Dallas and Fort Worth close at hand, Kansas City and St. Louis a day's journey away.

Suitable Poultry Sites. Along the brick highways of Eastland county, easy of access from every direction, there are 20 miles of land excellent for poultry runs that is not now used for anything. All this domain easily could be converted into chicken ranches and with the good roads and the railway easily accessible, there would be a steady all-the-year-round market. There is money to be made in chickens and eggs, with small outlay and not a great deal of work.

One place in California, that raises more poultry than any other one center in the United States, has to send to Texas for its chicken feed.

#### EX-SERVICE MEN ARGUE DETAILS OF NEW POST

Initiations fees, dues, a future home, committee reports and policies were discussed freely by ex-service men present at a meeting to complete the organization of Carl Barnes Post No. 69, American Legion, last night in the Gholson hotel auditorium. About 40 were present and they listened to the meeting, which lasted nearly two hours, by entering into the discussion of matters to be settled.

Post officials said after the meeting, the easy and frank manner in which the men "talked out" augured well for the future of the post. "It means this," said Temporary Post Adjutant J. A. Shaw, "the men are taking an interest in the post and will decide things themselves, without delegating everything to committees."

Temporary Commander Dr. W. C. Palmer called upon the different committees appointed at last week's organization meeting to give reports. Bob Hansford of the house committee said that A. G. Jury, manager of the Gholson hotel, had told him the post could use the hotel auditorium while organizing without charge. Dr. H. A. Logsdon of this same committee, said he and Hansford would need to have additional time to decide upon suitable quarters.

Locations Suggested. Joe Fry suggested that the committee investigate places that would be suitable for a permanent home. Different halls were suggested by those present, including the assembly hall formerly occupied by the Knights of Columbus, and also the hall and club rooms soon to be vacated by the Odd Fellows in the Terrill building.

Comrade Fry of the membership committee said that blanks for ap-

(Continued on page two)

#### HERE'S A LEADER FOR MADE-IN-TEXAS WEEK

DALLAS, Nov. 8.—Here's some real news!

Five breweries are operated in Texas and the beer turned out has a 5 per cent kick. Some of the product they turn out is said to be even better than that of pre-Volstead days.

Allen Bailey, federal pro agent, is authority for the above dry statement.

"The breweries are located at San Antonio, Galveston, Austin, Dallas and New Braunfels. The beer they manufacture has all the earmarks of the "real stuff"—until the kick is removed.

That's all Bailey would tell.

#### FRANCE OBJECTS TO DICTATOR IN GERMANY

PARIS, Nov. 8.—The French government today instructed its ambassador in Berlin to inform the German government that she would not tolerate the establishment of a dictatorial government in Germany.

#### TEXAS MADE PRODUCTS TO HAVE PROMINENT DISPLAY TEXAS INDUSTRIAL WEEK

The following formal notice has been issued concerning Texas Industrial week in Eastland, which was included in the report of the Retail Merchants association:

At a meeting of the Retail Merchants association held at the Chamber of Commerce Tuesday night, attention was called to the fact that through the week of Nov. 12 to 17, special attention will be given to Texas made products, by the merchants of Texas. There are over 1,500 products of various kinds made in Texas. And the idea is to develop an interest among all Texans in these home products.

One plan has been developed, and that is to ask every merchant to make a display of such Texas made products as he may have in his own store, as an object lesson to the public. Several merchants indicated their intention of making such a display.

#### Letter From Berlin Carries Fifteen Million Marks Stamps

Perhaps the most stamped letter ever handled by the Eastland postoffice has been received by the law firm of Burkett, Orr & McCarthy.

Fifteen million German marks was the cost of transporting the missive.

The letter was written to the attorneys from Berlin, by Willem L. West, formerly of Eastland. He is in Germany on business and wrote the letter in Berlin early in October.

It is just a friendly letter, telling Judge Joe Burkett about some of the queer legal customs in Germany, as contrasted with Texas jurisprudence.

It bore three red stamps, of about the same appearance as the 2-cent stamp of this country, but each stamp was for 5,000,000 marks.

#### Gang of Bandits Terrorize and Rob Village In Kansas

OGDEN, Kan., Nov. 8.—A gang of about 10 bandits raided this town before daylight this morning, terrorized the residents and, while holding officers at bay, blew open the safe in the Ogden State bank and escaped with about \$2,000 in cash and a large amount of securities.

The bandits drove into town in two automobiles. One band cut all wires leading from the town and held off officers and citizens for two hours, while the others worked to open the safe. The robbers outside the bank fired at intervals and the bullets whizzing down the street discouraged residence from putting their heads out of doors.

Charge after charge exploded beneath the safe, before it was finally opened. Then with a parting fusillade of bullets as they drove out of town the bandits made a hurried get-away.

A posse of soldiers from Fort Riley had taken up pursuit of the band within a half hour after they had left the town.

The bandits posted guards a principal points of vantage and began work on the vault. Whenever a resident approached or a light went on shots were fired in that direction.

One citizen, however, circled the town and drove eight miles to a rural telephone office and notified officers at Junction City and Manhattan.

A posse of officers from Junction City and augmented by soldiers from Fort Riley, reached Ogden within half an hour after the bandits had left.

#### GYM CLASS TO DEPICT "ADVENTURES OF GRANDPA"

"The Adventures of Grandpa," given by the gymnasium class, under the direction of Miss Motes, will be staged in the high school auditorium Nov. 9, 8 p. m. Admission, 25 and 35 cents. This is for benefit of high school gymnasium equipment.

The characters are: Marie Ribean... Christina Schmueck Mrs. McCormick... William Coalson Mrs. Pansy Hobbs... Merkel Mills Dorothy May... Evelyn West Mr. Tod Hunter... Murray White Monte Fay... Phyllis Williams Klomp... Virginia Brooks Mr. Hammerhead (Grandpa)... Verner Mitchell

#### COTTON GINNING REPORT TO END OF OCTOBER

WASHINGTON, Nov. 8.—Cotton ginned to Nov. 1 from the crops of 1922 and 1923 (round bales being counted as half bales) totaled in running bales, 7,554,587 in 1922 and 8,139,125 in 1923. Round bales numbered 194,677 in 1922 and 142,269 in 1923. American-Egyptian cotton totaled 11,521 bales in 1922 and 13,385 in 1923.

#### WALTON'S TRIAL BEFORE SENATE BEGINS TODAY

Federal Court Refuses to Interfere and Presentation of Evidence to Come On.

OKLAHOMA CITY, Nov. 8.—The reply of Governor Walton to the impeachment charges was both "immaterial and irrelevant," House Leader Disney said today in filing the prosecution's answer to the defense. The senate court was scheduled to open at 1 o'clock and it was expected that presentation of the evidence supporting the 22 charges of impeachment would be presented to the court as rapidly as possible and might be completed by Tuesday.

Federal Judge John H. Cotteral at Lawton, late Wednesday, refused the restraining order asked by Governor Walton to halt his impeachment trial. An excerpt in Governor Walton's petition to the federal court in which he alleges that his life was in danger in the senate court, impeachment chamber and that a conspiracy existed to force him out of the office of governor was ordered printed in the house journal.

#### CHIEF JUSTICE KEY OF THIRD APPELLATE COURT ILL

AUSTIN, Nov. 8.—Chief Justice Key of the Third court of civil appeals, is critically ill at his home here and physicians hold out little hope for his recovery.

#### Co-Operatista Party In Mexico Claim to Need Ammunition

MEXICO CITY, Nov. 8.—A motor truck loaded with machine guns, two score rifles and two bags of ammunition was discovered by the police late yesterday in a suburb of the city.

Jorge Preto Laurans, former mayor of the city and now leader of the Co-operatista party, which is supporting the presidential candidacy of Adolfo de la Huerta, has demanded a return of the truck, asserting that the arms with which it was loaded were destined for San Luis Potosi and were to be used to defend that city from marauders. He contended that he had been recognized as governor of San Luis Potosi, which was threatened by the Callistas.

President Obregon, replying to a message from Co-operatista deputies in which they charged that a plot was under way for their assassination, offers them protection guarantees and advises them to bring their conspiracy charges before the courts.

#### Auditor Testifies to Receipts, Debts of Cook's Companies

FORT WORTH, Nov. 8.—Receipts from the sale of stock in the Producers Petroleum association and other companies of Dr. Frederick Cook, on trial here in the federal court on charges of using the mails to defraud, produced \$430,813 between March 31, 1922, and Jan. 31, 1923, Auditor McTheeny, who audited the company's books, testified today. He said, too, that the company's books showed a deficit of \$147,064 in July, 1922, and this had been increased to \$306,719 on Jan. 31, 1923.

McTheeny explained that these figures did not include outstanding liability of \$1,600,000 on Jan. 1 of this year, incurred by Cook's merger deals. Two stock dividends were paid by the company, amounting to \$30,034, which were paid from funds received from oil stock, McTheeny testified.

#### SIMMONS ASKS EVANS TO COME OUT OF HIDING

Returns From Birmingham, to Where Johnson Followed Him, Fearing Evil.

ATLANTA, Nov. 8.—W. J. Simmons, emperor of the Ku Klux Klan, today issued a signed statement, in which he hurled a challenge to Dr. W. H. Evans, imperial wizard of the Klan, "to come out of hiding and give the public the facts," in connection with the shooting of William Coburn, attorney for Simmons, by Phil Fox, editor of the Night Hawk, official organ of the imperial palace.

"I am astonished that Dr. Evans remains in hiding at critical times such as these, when newspaper men and other Klan officials are unable to find anyone at the imperial palace willing to meet these men for a statement, which they are entitled to," Emperor Simmons said.

Dr. Fred B. Johnson, chief of staff to Emperor Simmons, who returned from Birmingham, where he had gone after Simmons, also issued a statement. He explained his sudden departure after he had sworn peace warrants against Dr. Evans, Brown Harwood, H. K. Ramsey and T. J. McKinnon, Klan officials, by saying that "I had what I considered a reliable tip that certain parties were taking the midnight Birmingham for the purpose of getting the colonel out of the way by the murder route."

#### Louisiana Judge Faces Motion to Disqualify Self

BASTROP, La., Nov. 8.—Judge Fred Odom of Bastrop faced his foes among the Ku Klux Klan today to render a decision whether he would voluntarily cease to preside at the misdemeanor trials of the Klansmen charged with minor offenses or let the defendants carry a motion to unseat him to the state supreme court. Meanwhile, whatever the court's decision may be in this matter, the convictions of Captain Skipworth and four followers for minor offenses in Morehouse parish are definitely at an end for the time being.

Counsel for Skipworth and the other defendants charged with misdemeanors have demanded that Judge Odom declare himself incompetent to adjudicate the cases on the ground that he is biased and prejudiced against the defendants. Judge Odom, a resident of an owner of considerable property in Bastrop, was elected for a term that expires next fall. He is a fearless fighter, no one doubts who has seen him, facing an audience undoubtedly sympathetic with the defendants, find man after man guilty of the offense charged against him.

#### JUDGE ODOM OVERRULES MOTION OF DEFENDANTS AND ADJOURNS COURT

BASTROP, La., Nov. 8.—Judge Fred Odom today over-ruled a motion of the defense in the Morehouse misdemeanor trials that he disqualify himself. The defendant's counsel immediately gave notice that it would apply to the supreme court for a writ of certiorari. They charged the judge was biased and prejudiced.

Judge Odom fined J. K. Skipworth, exalted cyclops of the Mer Rouge Klan, J. B. McIntosh, Benton Pratt and Marvin Picketts \$10 and costs. They were convicted Monday of carrying firearms on the property of others.

The fine was the limit and if they default, a term of five days in jail faces them. The only reason the court did not send them to jail it was announced, was that the raid occurred with the permission of Sheriff Carpenter.

#### BUSINESS HOUSE IN DENISON GUTTED BY FIRE

DENISON, Nov. 8.—The three-story building, occupied by the Jennings Furniture company, valued at \$40,000, was gutted by fire this morning and practically all of the stock of furniture and carpets was a complete loss. The fire originated on the third floor in the mattress stock room and threatened the business district for a half hour.

#### Former Heir To The German Throne Is Better Off In Holland

PARIS, Nov. 8.—The allied council of ambassadors decided today to ask the Dutch government not to allow former Crown Prince Frederick William, to leave Dutch territory, where he has been in exile since the war, and also to ask the German government not to allow him to enter Germany, as he is on the list of persons charged with war crimes whose arrest is sought by the allies.

#### M'Adoo Is Given Encouragement In Race for President

WASHINGTON, Nov. 8.—William G. McAdoo today received assurances from political leaders of various parties that his nomination by the Democrats for the nation's presidency would preclude a third party movement in 1924. The former secretary of the treasury is expected to lose little time in casting his hat into the ring as a result of the encouragement given him by party leaders. He was given to understand, too, that he might expect the support of the West.

These assurances were given during one of the most unusual canvasses in political history. Senators Borah of Idaho and Fraser of North Dakota, both Republicans; Wheeler of Montana, also a Republican, and Glass of Virginia, Democrat, expressed similar views. Unless Henry Ford becomes an active candidate, McAdoo was told, he might expect to have clear sailing.

McAdoo intends to make an aggressive campaign and will hold the Republicans responsible for the plight of the farmers. He will advocate both lower taxes and lower freight rates.

#### EASTLAND TAILORING CO. SUFFERS LOSS BY FIRE IN DRYING ROOM

Fire broke out shortly before 10 o'clock Thursday morning in the drying room of the Eastland Tailoring company, steam and dry cleaners, at 211 South Lamar street.

Very prompt response by the Eastland fire department and the efficient work of a corps of volunteer helpers probably prevented a serious loss.

Neighbors helped carry all clothing and material out of the tailor shop, to nearby stores, while the firemen with the chemical apparatus kept the blaze confined to the drying department, a frame "lean-to" at the rear.

Charles Fields and S. J. Arthur, proprietors of the place, were unable to account for the fire, deeming it probable that an explosion started it. They estimated their loss at about \$500 and numerous patrons of the establishment went about all day wondering if by any chance their other suits could have been in the blaze.

#### TYLER SCHOOL CHILDREN BUSY WRITING HISTORY

TYLER, Nov. 8.—A unique and original idea has been put into operation by Tyler school children. They have formed a "History of Tyler and Smith County club" for the purpose of collecting and classifying documents relating to the city and county.

All old documents relating to subjects to be used in this history have been advertised for and the response has been gratifying.

#### EASTLAND POULTRY RAISERS TO ATTEND ANNUAL MEETING

Friday night there will be the annual meeting of the Eastland County Poultry association in Cisco and several Eastland people are going over, including County Agent Bush and representatives of the Chamber of Commerce.

#### BAVARIAN IRREGULARS TO MARCH AGAINST BERLIN

LONDON, Nov. 8.—A telegram from Munich to the Central News today reported that Bavarian irregulars had decided to march on Berlin tomorrow.

#### BURGLARS RAID RANGER STORE OF J. M. WHITE

Carry Off Expensive Clothing to Value of Several Thousand Dollars.

Burglars, who broke into the J. M. White & company department store sometime last night and stole men and women's clothing, shoes and luggage equipment which on the first checkup was estimated to be worth \$1,220, worked over almost the entire store. No burglary insurance is carried.

Affecting an entrance to the east door on Main street by means of prying loose a Yale night lock, the burglars helped themselves to three grips and one suitcase, which were displayed on a top shelf immediately to the right at the east entrance. Twenty feet to the rear on the same row of shelves, five shoe boxes were left empty under a counter.

On a counter in the main aisle in the men's department, on the same side of the store, five men's suits and four overcoats were reported to be missing.

Like Fur Chokers. Going over to the women's department on the west side of the store, the burglars lifted between 10 and 12 fur chokers, valued from \$2.50 to \$35, from a big show case in the main aisle.

Nearly half of the women's silk dresses in a mirrored compartment were removed. Sixteen hangers were found piled up in a heap at the rear door by which the burglars left after completing their haul. These dresses were valued by J. M. White, principal owner of the store, as worth from \$25 to \$50 each.

About \$25 in change was taken from the cash register. Other articles may be missing, White said, but early this morning he and his clerks had only been able to account for those articles where some evidence of the theft had been left behind, such as hangers or empty boxes and also from memory.

White said it might take most of the day to make a complete checkup before finally estimating his loss.

Assistant Chief L. E. Davenport and Deputy Sheriff Haden Neal went to work on the hold robbery as soon as it was discovered after the store was opened up this morning.

Night Watchman Away. Sam H. Henry, who has been staying at the store at nights, was not in the store last night, he having gone to the country. On the night of Oct. 25, Henry frightened a negro by name of Ross Johnson from the store, when he attempted to break his way in by crashing the glass on the rear door. He was later arrested at his home and is now in the county jail. An unsuccessful attempt at burglary was made last spring.

The staple on the back door was broken off and the heavy lock was broken and left on the floor. Half of an automobile spring and a chisel, used in breaking in, were left also by the back door. A leather coat and a raincoat, both considerably worn, were dropped carelessly by the side of a galvanized iron store building at the rear of the White building. In the pocket of the leather coat was found some cotton seed. Nothing else was found in the pockets.

Burglars Are "Choosy." The burglars discriminated in the selection of certain articles. Three pairs of shoes, size 11, one pair size 10 1-2 and one size 7, were taken from shoe boxes. A brown suit of clothes was selected, but the coat and vest were tossed aside. A black suit of clothes was examined and the vest left behind. The four complete suits stolen were size 42.

The four overcoats stolen sold for \$40 each, the five men's suits, \$35 each.

#### ADJUTANT GENERAL DENIES WALLACE MOORE IS NOW A TEXAS RANGER

AUSTIN, Nov. 8.—Denial that Wallace Moore, reported to be connected with the Ku Klux Klan at the time of Attorney Coburn's killing at Atlanta is connected with the Texas ranger forces as reported by news dispatches, was made today by Adjutant General Barton.

Moore was at one time with the rangers, but was in no way connected with the rangers at the time of the tragedy.

BIBLE THOUGHT.

IF—If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways:

THEN:—Then will I hear from heaven, and will forgive their sin, and will heal their land.—2 Chronicles 7: 14.

BIT OF EFFRONTERY.

The Rev. J. Frank Norris, of the First Baptist church of Fort Worth, who is repudiated by a large portion of the orthodox Baptists, has filed suit in the Seventeenth district court against A. H. Belo & company to compel The Dallas News to accept and publish an advertisement that Norris will speak Sunday in the Coliseum in Dallas.

"Romanism, Modernism, Fundamentalism, or the Integrity of the Holy Scriptures" was given in the proposed advertisements as the "sub-title" of Norris' address.

Whatever the merits or demerits of the Rev. Mr. Norris, his lawsuit is a bit of effrontery and an attempt at high-handedness. A. H. Belo & company own The Dallas News and conduct it as a business. They fix the political policy of their property and they are responsible for it.

The successful merchant selects for his shelves the kinds of goods that he thinks best for his customers and those on which he can build up his business. He does not carry articles for which he knows there will be no demand, or put in stuff that he knows would hurt his patrons. A mandamus suit against a retailer to force him to carry a line of goods that he did not want would be viewed as a joke, if nothing worse.

The successful newspaper, to protect its readers and safeguard their interests is compelled to exercise judgment. It is not a matter for adverse criticism and court action, when the newspaper rejects certain news stories that it thinks objectionable and "bad business." Equally, the conscientious publisher, acting for welfare of his readers, should reject advertising matter that he thinks objectionable.

Business Men Seek Farming Lands Revival

(Continued from page 1.)

That adds to the expense. But Eastland county can raise more chicken feed than all the chickens could eat and thus one item of overhead is reduced.

It is to get action on all these agricultural resources that the chamber of commerce has put its shoulder to the wheel. First off, it is necessary to get an accurate line on the county's possessions and possibilities. Then it must be determined how much of the county's potentialities are in use. The proposed agricultural survey will accomplish this.

To Bring Homeseekers.

Then, when all available facts are at hand, it will be possible to work out a plan of campaign to bring in more farmers to Eastland county and to stimulate more activity among those already here.

Eastland county could be the banner county of Texas if there was not a barrel of oil beneath its surface. The chamber of commerce intends to do its best to see that Eastland county makes use of her talents to the fullest extent, or at least to a greater degree than is now the case.

What the World Is Doing

AS SEEN BY POPULAR MECHANICS MAGAZINE

Oil Spreader for Rough Seas to Help Ships in Storms

To calm rough waters around ships caught in storms, a southern man has invented a spreader that sprays oil over a

large area around the vessel. Pumped from a tank on deck, the fluid passes far out from the boat to umbrella-like devices of canvas that are set floating in the sea. It can be used for large or small craft, or from lifeboats while making their way through heavy waves in the event of disaster.

The illustration shows the oil spreader being used from ships and shore to subdue breakers and protect passengers, vessels and breakwaters. A close-up of the spreader is shown in the inset.

Poles of Elastic Concrete Bend Without Breaking

Hollow, concrete poles, designed to carry electric transmission lines, are being made by a process that allows them to bend under heavy strains without break-

FARM PRODUCTS PRICES MAY BE REGULATED BY COOPERATIVE MARKETING

DALLAS, Nov. 5.—Declaring that co-operative marketing is the only hope for solution of the farmer's problems," and that "there will be no return of prosperity until the proper relationship between the farmer and the rest of the people is restored," former Governor Frank O. Lowden of Illinois and Republican leader of nation-wide influence, spoke convincingly on the problem facing agriculture at the state fair of Texas, last week.

"Regardless of what immediate measures of temporary relief the government may see fit to extend to wheat farmers of the country who are suffering from low prices of that commodity, the permanent solution of wheat farmers' problems lies in commodity co-operative marketing such as is successfully in practice in California and in the cotton and tobacco growing states of the South and East," he said.

"You naturally ask how we shall restore the normal relationship between prices of farm commodities and service and other commodities and service. Many co-operative societies for the sale of farm products have been and are being formed. Organizations now being formed under the direction of the American Farm Bureau federation are based upon sound economic principle, looking towards the orderly, intelligent marketing of the various commodities.

"Now is the time for the farmers of America to show their loyalty to their organizations, and to give their support to marketing co-operative societies. They are recognized as legitimate in the business world. The federal reserve board has recognized them through the extension of credit. The business world generally sees in the co-operative movement a new and mighty force in the marketing and distribution of farm products.

"Co-operative marketing is the only hope for the solution of the farmer's problems and there will be no return to prosperity until the proper relationship between the farmer and the rest of the people is restored," Governor Lowden said.

BUY IT AT HOME TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

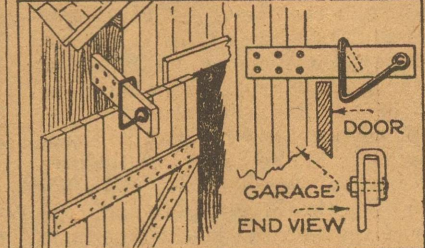

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.—Advertisement.

Thirteen Thousand Laws Are Enacted in Year

Although there is said to be no exact record of the number of laws on the statute books of the nation, experts have calculated that in one year, 13,000 of 40,000 bills presented in the legislatures of 35 states, were passed at a cost of about \$900 each. Congress handles from 10,000 to 20,000 bills each session, and, it is estimated, passed 930 before its last adjournment. Estimators figure that there are between 50,000 and 100,000 state and federal laws.

Simple Garage-Door Catch

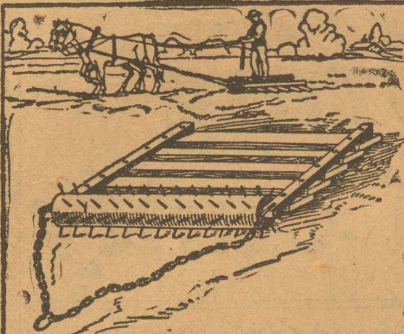

The garage-door catch shown in the drawing is used on garage doors to prevent the doors from swinging back against the car while driving it into or out of the garage. The arrangement is unusually simple in that only one piece of iron rod, bent to the shape shown, and pivoted to a wooden bracket, forms the

complete catch. The wooden bracket is screwed to the side of the garage and a bolt on the end of the bracket is used as a pivot for the catch.

Combination Rotary Harrow and Drag

The combination rotary harrow and drag shown in the drawing and used for pulverizing clods can be made in a short time from material available on every farm. It consists of five 6-ft. lengths of 2 by 10-in. lumber, nailed or bolted to two 2 by 4-in. endpieces, and a 6-ft. wooden roller, attached to the front so that it will

revolve when the drag is pulled over the ground. Rows of teeth, made from heavy spikes, are then driven in so that they project about 4 in., and the heads cut off and the teeth sharpened. Two 3/4-in. bolts, driven into each end of the roller, serve as journals, and turn in bearing holes in the 2 by 4-in. endpieces. The drag may be weighted down with stones, or if desired an old mower seat may be attached to it for the convenience of the farmer.

Cat-Tails Yield Flour, Silk, Starch, and Also Sugar

From the cat-tails found in almost every swamp, scientists have succeeded in making both food and cloth. Roots of the weed produce starch and sugar, the pollen has been used as a flour to make bread, the brown spikes make an excellent substitute for silk, and the fluffy down is valuable for stuffing pillows. The plant was first discovered by the Iroquois Indians and, during the Great War, it was extensively used throughout central Europe.

Ex-Service Men Argue Details of New Post

(Continued from page one)

licants had been secured and he asked for instructions in getting memberships. Dr. Palmer said that every member must sign an application blank and that the charter roll would be closed as soon as the membership saw fit.

The finance committee was advised to get together with the constitution and by law committee and determine the amount of the monthly or yearly dues. Adjutant Shaw said that the local post must pay \$1.25 per capita a year to the state department and \$1 per capita to national headquarters. This brought up a lively and warm discussion on initiation fees and dues.

Fees Discussed. Eastland legion men pay \$3 a year and Breckenridge \$7.50 a year including initiation fees. These posts put on benefit affairs. It was agreed by the majority that no "begging" would be done to get the post on its feet, but that the members themselves must put the club on a sound financial footing.

A motion was made by Comrade Hansford to have a \$5 initiation fee, which he said would pay the department and national fees and leave a balance of \$2.75 to start the post. It was adopted. "The \$5 will carry us over temporarily," said Dr. Palmer. "We can't tell what our expenses are going to be," he added in suggesting that the matter of dues be decided later.

The amount of the dues precipitated a warm debate, participated in by Roy Jameson, John Remonte, J. B. Ames, Joe Fry, H. J. Mendenhall, A. N. Larson, J. W. Overall, J. B. Heister and others. Vice Commander Heister of the by-laws committee said he and his associates on the committee decided they would adopt the constitution as given in the American Legion manual as a whole. "We looked it over and couldn't find where we could make any worth while changes," he said. On a motion by Comrade Ames, the constitution was read by Commander Palmer and Adjutant Shaw in turns.

REVERSAL OF WILSON CASE BY HIGH COURT

RECALLS EXCITING DAYS

Burkett, Orr & McCarthy, attorneys, Wednesday were notified that the higher court reversed the conviction of Leon Wilson, of Ranger, found guilty in the Eastland county district court of assault to murder. Wilson was charged with beating up Pearl Long, a Ranger barber, who, Wilson alleged, participated in a raid on Wilson's home ostensibly to hunt for bootleg liquor which was not found.

How the barber came to "horn in" on the dry raid was never made quite plain.

It was on a city election day in Ranger, 1921, that the fracas took place. Wilson was waiting for election returns when he saw Long.

"There's the fellow who helped tear up my house and I am going to whip him right now," was the statement attributed to Wilson and Long then and there "got his." The prosecution exhibited a short stick, not more than 18 inches long, with which it was alleged Long was beaten. In reversing the case, the appellate court held the stick was not of sufficient size to be considered a deadly weapon.

Wilson, defended by Chastain, Judkins & Chastain, was found guilty of aggravated assault to kill and to pay a fine of \$1,000.

Burkett, Orr & McCarthy represented Wilson on appeal. The higher court reversed the case on the ground that it was not shown that

Long was bodily injured or that Wilson had a deadly weapon.

Lawyers recall an opinion written some years ago by a noted Texas appellate court judge, Mr. Justice Hurt, on self-defense relative to when one might consider his life in danger.

REV. DR. AND MRS. SENSABAUGH CLOSES FOUR YEARS OF WORK

The last quarterly conference of the current year of the Cisco district of the Methodist church was held at 7:30 o'clock Tuesday night at the Eastland Methodist church. Dr. and Mrs. Sensabaugh closed their four years' work and there was an interesting program.

SIMMONS TO BE ASKED WHAT CAUSED SPLIT IN THE KU KLUX KLAN

ATLANTA, Ga., Nov. 5.—Colonel William J. Simmons, emperor of the Ku Klux Klan, was expected today to confer with officials investigating the murder of his chief attorney, W. S. Coburn by Phil E. Fox, member of a rival faction in the organization. Officials are striving to definitely determine a motive for the killing, and said that they would ask Simmons to reveal in detail the internal war which has split the invisible empire.

SHERIFF BARTON'S CASE CONTINUED TO DECEMBER

In the eighty-eighth district court Thursday, the case of State vs. Sheriff J. D. Barton of Eastland county, was continued to Dec. 3. Judge E. A. Hill granted the continuance by mutual consent.

When the case comes up again, Judge B. D. Shropshire and Judge J. R. Stubblefield, counsel for Barton, will file a motion to quash, on the ground that the indictment is not specific.

The charge against Sheriff Barton grew out of the administration of the estate of an insane person.

FREE WAY FOR MERCANTILE MARINE IS DESIRED

By Associated Press.

NEW YORK, Nov. 8.—Abolition of the United States shipping board and emergency fleet board in order to permit the operation of the American mercantile marine was advocated today in a resolution adopted by the American Marine congress.

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.—Advertisement.

Kellogg's Bran advertisement featuring a box of cereal and the text: 'The truth about Bran! NOW'S the time you should know the truth—AND THE WHOLE TRUTH! Because, if you are in the clutches of constipation, real relief will come only through eating bran that is ALL BRAN! Kellogg's Bran is ALL BRAN—that is why it is recommended by physicians; that is why it is GUARANTEED; that is why it gives positive, permanent relief! And, Kellogg's Bran, being cooked and krumbled, is as delicious as it is beneficial! Remember that! Foods with 25 or 50 per cent bran will give you 25 or 50 per cent relief, because they have only 25 or 50 per cent of the bulk or "roughage" of ALL BRAN—a necessity to secure permanent relief! It is the "bulk" of Kellogg's BRAN that eliminates constipation! Don't stop half-way in your efforts to fight constipation. Get GUARANTEED RELIEF that will come to you through eating Kellogg's Bran, because it is ALL BRAN—because being ALL BRAN it is 100 per cent efficient! Two tablespoonfuls daily for mild cases! As much with each meal if conditions are chronic! You'll enjoy Kellogg's Bran as a cereal or for making delicious bran muffins, bread, etc. Kellogg's the original BRAN—ready to eat. Look for this signature W.K. Kellogg'

### GERMAN UNEMPLOYED IN MINING DISTRICT CLASH WITH POLICE

By United Press.  
BERLIN, Nov. 8.—One man was killed and 35 wounded in a demonstration by unemployed in the Bonifacius mine district of Kray, delayed dispatches from Gelsenkirchen said today. The unemployed seized a local inspector of police and held him as a hostage until their demands should be satisfied. After heavy fighting, police rescued the inspector and broke up the demonstration.

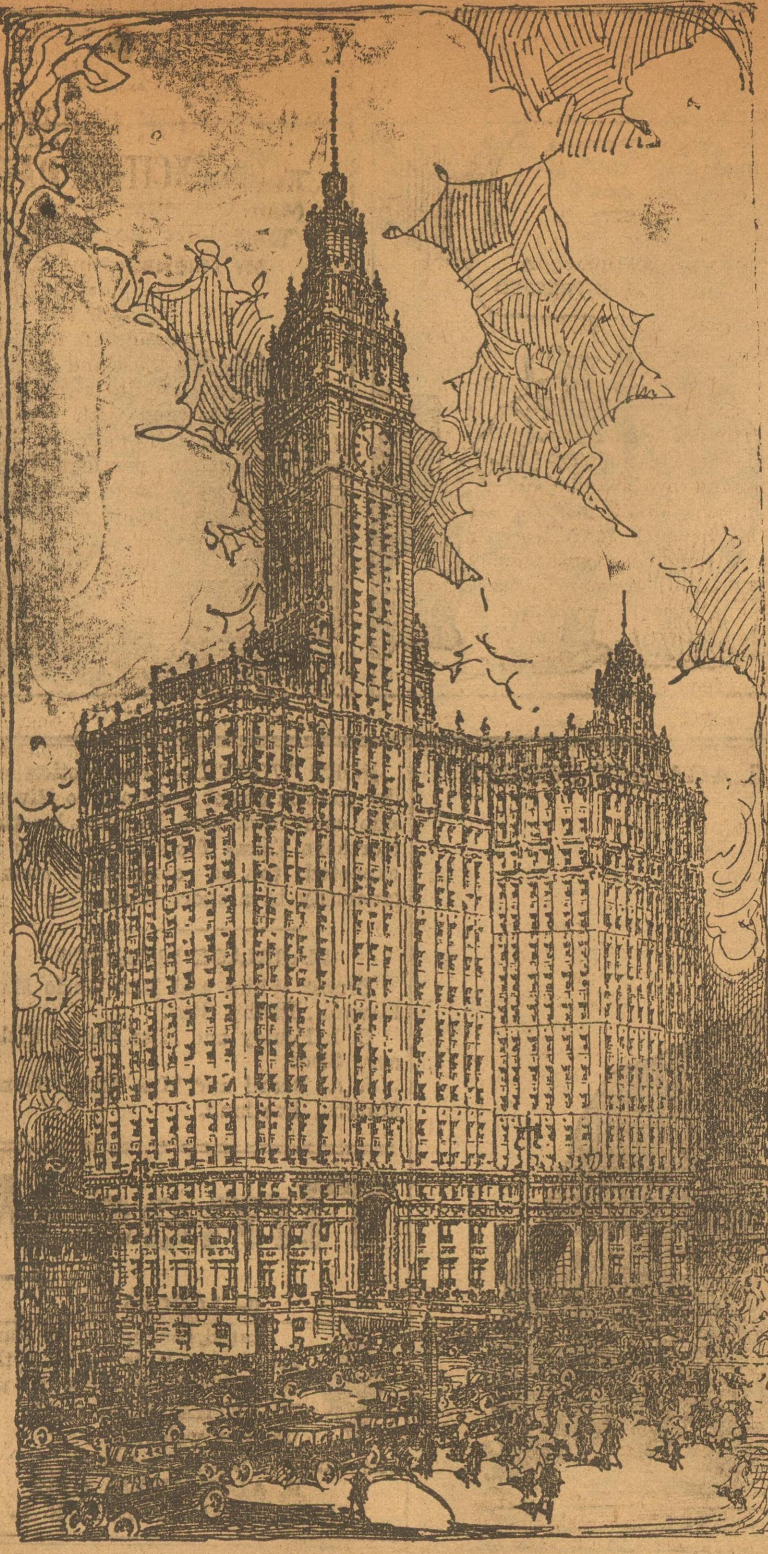

### MITCHELL COUNTY FOLKS URGE GOOD ROAD BOND ELECTION ON OFFICIALS

COLORADO, Nov. 7.—The campaign to vote one million dollars in bonds to pave the Bankhead highway across Mitchell county east and west and to improve the principal cardinal roads was launched Wednesday afternoon at a joint meeting of the Loraine and Colorado Chambers of Commerce held at Loraine. Tentative plans are to pave the Bankhead with concrete. Citizens of the two towns attending the Loraine meeting were enthused over the proposed bond issue and an active campaign will be started at once to carry the same.

A county-wide meeting will be held at chamber of commerce in Colorado Friday evening at which petitions asking the commissioners' court to order election are to be started. These petitions are to be presented to the court Monday.

Mitchell is the only county in the state traversed by the Bankhead highway, known as state highway No. 1, where neither permanent improvement has been made or bond issues voted for the same.

"We are going to put this issue over and not allow Mitchell county to be made the goat as to permanent road improvement," was the slogan enthusiastically adopted by citizens attending the rally at Loraine.

### Here's Proof That Advertising Pays

Famous Wrigley Building in Chicago Being Doubled in Size  
The part of the Wrigley Building erected two years ago has filled such a want that the north section, nearly double the floor area of the south section, is being added. This north section, nearly completed, occupies the entire block, immediately across North Water Street, fronting on Michigan Avenue and reaching to the height of the main part of the first structure, with a connecting bridge. The space in the new section is already nearly all taken by high-class firms in advance of the completion of the building.

Here is a concrete (as well as a steel and glass) proof of the saying that "advertising pays." In these magnificent buildings Mr. Wrigley has erected an impressive testimonial to this great truth. They loom large and beautiful. They typify the achievements of the man who built them. They stand as a monitor over the activity of the Nation's second city—inspiring—dominating—massive—bearing unanswerable testimony to the POWER OF ADVERTISING.

### FORD AUTO DRIVERS GET "FEEL OF THE ROAD," IN USE OF STEERING WHEEL

Motor car purchasers, careful to consider safety elements in automobile construction, are giving more and more attention all the time to cars in which the operations necessary for proper control in traffic are reduced to a minimum.

Several reasons instantly appear for this, principal of which is that the more complicated the construction or the more complex the manipulations necessary for control, the greater are the chances for trouble and even dangers in operation.

Gives Driver Control.  
A notable example of how this can be successfully carried out is found in the design and operation of the control of the Ford car which gives the driver exceptional command in traffic, in mud and sand—in fact in every place where facility of control is all-important.

The short wheelbase and small turning radius insure easy turning of corners and convenience in maneuvering in and out of parking places. There is no excessive motion of the steering wheel, and action being direct, gives the driver the "feel" of the road and facilitates steering.

In shifting gears, the driver's attention need not be distracted from the road ahead, as the shifting is made by his feet on the pedals and soon becomes automatic, and his hands are at all times on the steering wheel.

The all-important brake, chief element of safety, is an outstanding feature of Ford control. Operating through the foot pedal with but little effort, it exerts a quick grip and permits immediate stopping of the car. The action is simple. It is transmitted from the pedal directly to a drum on the driving shaft, giving the Ford owner a powerful, positive brake. Equalization of the braking effort is accomplished

through the differential, assuring even braking on each rear wheel. An emergency brake, operated by a hand lever and acting on the drums of the rear wheels, also is provided. Construction of this dual brake system is of such simple and direct design that adjustment is seldom necessary and the safety factor is always of the highest.

### MISTAKE CARRIES BOY LONG WAY FROM HOME

FORT WORTH, Nov. 8.—Anthony Spokas, 15, told a deputy probation officer today that he and a companion had climbed into a box car near Cleveland, O., intending to return to their home and were brought to Fort Worth instead. They said they became lost while hunting nuts a few miles outside of Cleveland and hopped onto a freight. The boy's mother has been notified.

### Four Years Ago In Ranger

Taken from the files of the Ranger Daily Times, Nov. 8, 1919:  
Two strong wells closed the week—one of the Prairie Oil & Gas company and another of the Humble Oil & Refining company. The former on the state land strip has a five-foot sand and is making 1,250 barrels. Prairie's entry was the E. Roper well No. 15, which is making 1,700 barrels with sand from 3,405 to 3,435 feet.

### COMMUNITY CHEST FOR EASTLAND CHARITIES WILL BE CREATED

The much-discussed community chest plan for Eastland's organized charities was launched formally Wednesday night at a committee meeting at the American Legion Athletic club.

An executive committee was named, officers chosen and a future meeting arranged for next week, when the executive committee will announce a campaign leader and map out a plan for a drive for funds.

This drive will be set for Thanksgiving week. The general idea is to raise sufficient money in one drive to meet all of the charity demands made on Eastland for a year. The money thus obtained will be apportioned among the recognized charitable institutions of Eastland, including the Salvation Army and a reserve set aside, to be administered by the executive committee, to meet emergencies.

In this way the business men of Eastland will be able to do all of their giving in a lump and not be bothered for the balance of the year. Charity will be systematized and thus will come the greatest good to the greatest number.

The meeting Wednesday night was attended by representatives of the E. Ds, Chamber of Commerce, county court, city commission, Civic league,

Rotary club, Lions, American Legion, Retail Merchants association and other civic bodies.

Among those present were: W. H. Sewell, Boyce House, C. L. Garrett, Virgil Seaberry, Dr. L. C. Brown, Judge Joe Jones, P. L. Parker, Mrs. J. B. McLaughlin, E. E. Freyschlag, W. N. Hart, Tom W. Crutcher, Mr. Abbott, R. D. Mahon, George W. Briggs.

The following were named on the executive committee: Lions, W. H. Sewell; Rotary Dr. J. H. Cato; Elks, R. D. Mahon; Civic league, Mrs. J. B. McLaughlin; Retail Merchants association, T. L. Fagg; Salvation Army, advisory board, Tom Crutcher; American Legion, Horace Butler; Medical society, Dr. H. B. Tanner; Eastland county, City of Eastland and Chamber of Commerce, their officials, including Judge Joe Jones, C. L. Garrett and George W. Briggs.

The executive committee organized by naming W. H. Sewell as president, T. L. Fagg, vice president, George W. Briggs, secretary and a treasurer to be selected later.

Sell, Garrett and Fagg were appointed a committee to select a leader for the fund drive, subject to approval. They were instructed to report back at a meeting to be held next Thursday, Nov. 15. At this time plans for the campaign will be further developed.

SAN BENITO.—Concrete foundations are being built for the new power plant of the Valley Electric & Ice company here.

### AUTOMOBILE STAGE TO RUN BETWEEN RANGER AND BRECKENRIDGE

An automobile stage line operating between Ranger and Breckenridge, by way of the Eastland hill and Leeray pike has been started by Longley and Lloyd. They propose to make two trips each way daily, including Sunday, leaving Ranger at 8 o'clock a. m., and 2 o'clock p. m., and leaving Breckenridge at 10 o'clock a. m. and 6 o'clock p. m. The time schedule for the trip is one hour and 15 minutes, which may be maintained with ease, it is claimed, because of the good condition of the roads.

VERNON.—In the decision of the court of appeals in the case of the municipal movement to establish a light plant the court decided that a city has no power to incur indebtedness beyond the probable ability of the city to pay. The city was enjoined from proceeding to build the plant.

What Philosophers Discuss During Occasional Moments of Leisure; Bill Palmer's Foresight.

By P. G. T.

Mr. Jury who has long been known as the foreman and general superintendent of the Gholson hotel, proceeded to delve into the depths of modern philosophy while waiting in a leading barber shop to be trimmed, shaved and shined. The subject under discussion was sunny California: "California has more boosters than any state in the union," said Mr. Jury. "It is especially proud of its two crops per year, of which the citizens brag mostly, namely, the lemon and tourist crop. The peculiar thing about these crops is that both produce the best results when picked green."

This supt. also says that Arizona is extremely proud of its year 'round sunshine, while Kentucky boasts of its year around moonshine.

Another barber shop philosopher states that New York's pride is that it is the largest and wettest city in the world and sustains its wetness without the necessity of fogs like London and San Francisco.

This bimbo says that the Rio Grande is the most peculiar river in the world where it runs along the border. It is wet on the Mexican side and dry on the American.

When Bill Palmer engaged Professor Duret to appear at the Liberty in conjunction with Armstrong's actors, some of the skeptics figured he was attempting to queer the show. However, Bill was working on sure fire psychology. He knew that the professor was one of the best little self advertisers in this whole community and that advertising will make any body buy anything any time. He also knew that the crowd was curious about the professor and if curiosity can be stimulated in anything it will draw a crowd. Also the gang would get lots of kick out of applauding the prof, whether he had it coming or not and knew that the prof would get a plenty of pleasure from a large hand. It's sometimes easy to be kind and the audience showered down with kindness both in attendance and applause. The professor took about six encores.

He works on the same plan the far famed Cherry Sisters of burlesque did. In their first appearance on the stage they thought they were just about as good as anybody. They proved to be so opposite that the audience took pleasure in giving them quantities of burlesque applause. They finally became so popular that they found it necessary to work in back of a transparent screen to keep from getting killed by flying garbage.

Which reminds us of the third verse of that time honored poem written by Mr. Longfellow, the inspiration of the following:  
Lives of great men all remind us,  
We can make ourselves the rage,  
And departing leave behind us,  
Fruit and eggs, upon the stage.

### PURIFY THE BLOOD

Impossible to Cure Pimples, Boils, Chronic Sores, Etc., Unless the Blood is Clean.

For seven years I had a large open sore on each of my legs, which seemed impossible to cure. I tried everything without results until I was advised take FERRASAL. I used FERRASAL to cleanse my blood and your external preparations to destroy the infection. The sores healed clean and good and have remained so ever since. I believe anyone, regardless of age or condition, will be benefited by the use of FERRASAL. It is my household remedy and I am never without it.

A. M. WHITE,  
3014 Ross Ave., Dallas, Texas,  
Telephone H 0110.

FERRASAL is a wonderful blood purifier. It neutralizes the excess acids in the stomach and aids digestion. It keeps the intestinal tract clean and deodorized, preventing impurities from getting into the blood. Take FERRASAL regularly night and morning for a month. Your skin and eyes will become clear and you will feel like a new person. Because the BLOOD, the life-giving fluid, will be PURE. Your money refunded if not satisfied.  
Sold by Oil City Pharmacy.—Adv.

BASKET BALL TOURNAMENT TO START TONIGHT

Eastland City League Looking Forward to Interesting Season.

Basket ball bids fair to be a main topic of conversation around Eastland for some time to come.

There will be four games each week over a period of 16 weeks, for the championship of Eastland and about all of the basket ball enthusiasts are lined up on the opposing teams.

So far seven teams have been organized to compete in the tournament:

- Courthouse, W. B. Collie, captain. Faculty of Schools, Hop Gray. Elks, Harold Lobaugh. Outlaws, Herbert Toombs. Barbers, Jake Ross. American Legion, captain not selected.

Lions, captain not selected. For several nights this week there have been practice games at the Athletic club and judging from some of the scrimmages, the tournament will be hotly contested.

'Shorty' Houghton And 'Doc' Currey Sparring Daily

'Shorty' Houghton is taking on 'Doc' Currey, 170-pound boxer, nightly at his training quarters at the rear of the Schertz grocery store on South Rusk street.

The Houghton-Rainey fight will be the local card in the Lions' Armistice day boxing show next Monday night at the Liberty theatre.

STRAWN BUSINESS MEN UNDERWRITE FOOTBALL GAME IN BIG FIGURES

STRAWN, Nov. 8.—Strawn is making elaborate preparations for the great football game to take place here on the Strawn gridiron to decide the championship of the southern half of section 4.

Strawn has played a hard schedule, defeating such teams as Ranger, Fort Worth Central high, DeLeon, Mineral Wells, Weatherford and tied the heavy Cisco eleven.

All of section 4 is excited over the game and an immense crowd is expected.

TRAINMEN ON VIRGINIAN RAILWAY GO ON STRIKE

ROANOKE, Va., Engineers and firemen on the Virginian railway walked out this morning in protest against the discharge of several of their number a month ago.

General Manager Burchfield said he had sufficient men to move all trains from the city. The strike is general all along the line, the manager said, despite instructions from the railway labor board that action should be delayed until Nov. 14.

DALLAS.—C. E. Calder, president of the Texas Power & Light company is chairman of the general committee in Dallas which is raising \$475,000 for the community chest for the coming year.

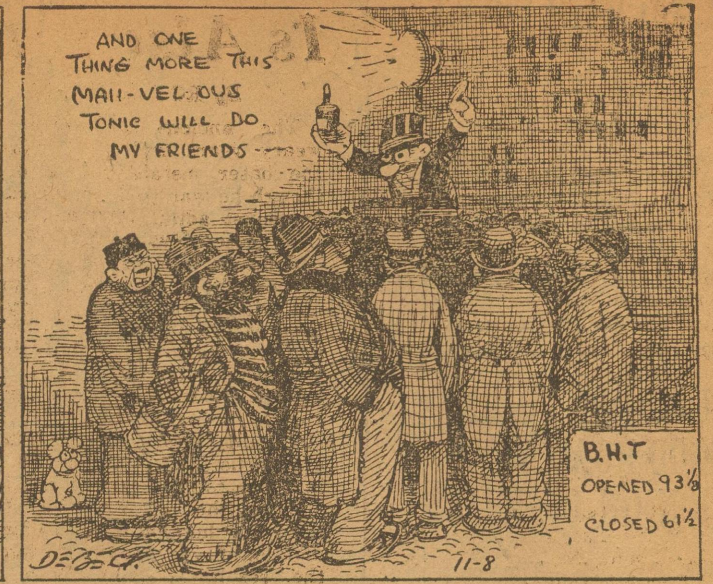

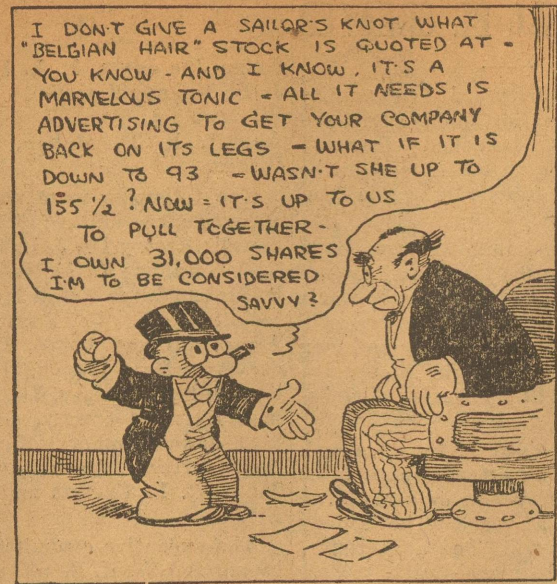

AWFUL ANNOYANCE

When you go to the theater or whenever you are near many people and begin to scratch that eczema or itching part of your body, people become uneasy while they are around you and usually show their resentment to the annoyance.

You don't have to put up with this embarrassment because you can get rid of the trouble you are bothered with by using the wonderful Black and White Ointment. It is the quickest way to relieve yourself of eczema, rash, "breaking out," boils, pimples, etc.

Black and White Ointment is economically priced, in liberal packages. The 50c size contains three times as much as the 25c size. All dealers have it.—Advertisement.

BARNEY GOOGLE AND SPARK PLUG—

LONSDALE BREAKS COLLARBONE; HIS LOSS IRREPARABLE FOR CISCO GAME

Lawrence (Bevo) Lonsdale, star tackle of the Rampagers, broke his collar bone in scrimmage last evening at the athletic field and will not be able to play in the big Cisco game Saturday.

Dr. H. A. Logsdon, who examined Lonsdale at his office last evening, said positively he could not play Saturday. It is barely possible, however, that in the event Abilene is met in two weeks, he can play.

Gloom Settles Over Squad. The supporters of the Ranger team were wrapped in gloom today as the result of the accident. Lonsdale's low and sure tackling will be severely missed Saturday.

Arnold Williams, right guard, will be probably shifted to the left position, Coach Marshall said. He hasn't decided who will fill the hole made by the accident.

Williams, always a fighter, should make good in Lonsdale's shoes, Coach Marshall said. The clear weather is being taken advantage of by the squad and the athletes are getting in two hours work daily.

PRAIRIE OIL RECEIVES NEW PRICE SCHEDULE

North Texas, Kansas and Oklahoma crude oil was cut by the Prairie Oil and Gas company in a new price schedule effective today.

Ranger oil, which has a gravity commonly ranging from 38 to 40 degrees is reduced from \$1.30 to \$1. The schedule follows:

- Below 33 degrees, 75 cents a barrel. Thirty-three degrees to and including 39.9, \$1. Forty degrees and above, \$1.25. These prices will be paid at the wells. The old prices were 90 cents, \$1.30 and \$1.75, respectively. The Texas company prices, unchanged, today are 90 cents, \$1.10 and \$1.25 for below 33, and 33 to and including 29.9, and 40 and above, respectively.

FAVORITE HYMNS

So many of our beautiful hymns sung all over the world have been such a help and joy to thousands of persons, that the musical publication "Etude" recently decided to test,

RUB RHEUMATIC, ACHING JOINTS AND STOP PAIN

St. Jacob's Oil stops any pain, and rheumatism is pain only.

Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating St. Jacobs Oil right into your sore, stiff, aching joints, and relief comes instantly.

Limber up! Quit complaining! Get a small trial bottle of old, honest, St. Jacobs Oil at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you.

SENSATIONAL CHARGES MADE AGAINST FORBES

Sensational charges have been made at a senatorial investigation committee meeting in Washington against Colonel Charles R. Forbes, former director of the veterans' bureau.

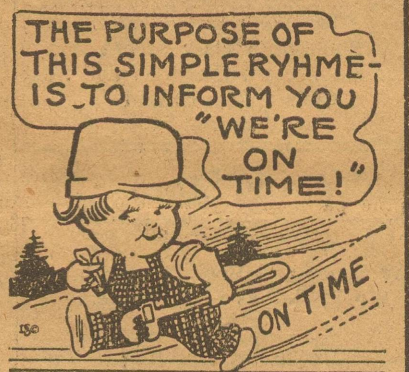

COMFORT.—The Comfort Electric Light & Power company has been organized by local citizens with A. S. Faltin president.

BROWNWOOD.—A franchise has been granted to F. S. Preston and associates for natural gas service for commercial uses in this city.

A remarkable opportunity for those who appreciate and want automobile quality and service.

A CAR BUILT TO FIT THE PRICE HAYNES?

When a manufacturer announces such a tremendous value as the Haynes 60 at \$1295 the public naturally wants to know why such a low price is possible—how the manufacturer can offer such a tremendous value—why this new Haynes can be offered at a price which is \$300 to \$400 below similar cars of other makes.

The answer is—Haynes foresight! The oldest automobile builders in America have always studied the public demand—realizing, at its amazing price, is recognition of an as the present. This new Haynes offering, at its amazing price is recognition of an opportunity which has been waiting for someone to grasp it.

It is the opportunity of bringing down price first, and thus bringing down production costs by increasing volume. At the new Haynes price, the Haynes factories know that more Haynes cars can be built and sold than ever in history—AND STILL THE QUALITY CAN BE MAINTAINED.

It is your opportunity to save \$300 to \$400 if you want a car as fine as the Haynes. Like previous Haynes models, it is powered by the Haynes light six engine, built on a 121-inch wheel base, and equipped with \$1295 32 by 4 1-2 inch cord tires.

# Society

AND ACTIVITIES OF WOMEN IN EASTLAND

## SOCIAL SESSION SUCCESS WEST WARD PARENT-TEACHERS

The social session of the Parent-Teacher association of the West ward school, held Tuesday afternoon was a delightful event in school activity circles, bringing out 40 or more mothers of pupils, who enjoyed this moment of closer contact with the departmental teachers. Nearly every grade room was represented by three or more mothers of pupils in these grades.

The business session conducted by the South Ward Parent-Teacher association president, Mrs. Z. W. Outward, developed a report of the recent bake sale and tag day, showing about \$85 made on bake sale and tag day, and amount in treasury, clear, \$121.10.

The pretty pencils on neck chains, offered the pupils selling most tags on tag day were presented by the Parent-Teacher association to Helen Hilton of seventh grade and Iris Proutt and Rubie High.

An interesting address by Principal Andrews of the South Ward school was heard.

On Friday night, Nov. 16, through the courtesy of Manager Stalcup, the West Ward Parent-Teacher association will have a picture show benefit at Connellee theatre. In addition to the regular program, an extra feature will be a film from the extension department of education at Austin. Tickets to the show will be sold in advance by pupils of West ward for the Parent-Teacher association, which receives a percent of sales. A large attendance would be helpful to the organization.

During social hour refreshments of tea and sandwiches were served. Adjourned to Nov. 20, 4 p. m.

## DELIGHTFUL CLUB SESSION AND INFORMAL EVENING.

Mr. and Mrs. W. K. Jackson opened their attractive bungalow on South Seaman street Tuesday evening to the Neighborly Bridge club, and to a few additional friends, in honor of Mr. and Mrs. E. Schreck of this city, who have recently moved here, and Mrs. Moore of Archer City, the house guest of the Funderburks.

The rooms were fragrant with roses, and larkspur, and the showy fall blossoms, chrysanthemums, graced the tables, piano and buffet. Seven tables were arranged for auction, and kept supplied with candies in the rich fall tints, throughout games. The host kept the men supplied with smokes. At close of game refreshments of brick cream in the fall color motif, with maple iced devils food cake, macaroons and nuts in Thanksgiving turkey containers, were served by the hostess, assisted by Mrs. Schreck, who poured coffee from the tea wagon, and Mmes. O. C. Funderburg, Scott Key and M. Paul Martin. Tally cards and other appointments suggested Thanksgiving.

Flaconettes of perfume were presented the honorees. Club favors for high scores, an orange tinted compact and a Russian leather card case, were awarded Mrs. A. H. Johnson, and Mr. A. H. Johnson. Exactly similar favors for guests' high scores fell to Mrs. E. R. Townsend and Mr. E. E. Freyschlag. Cut favor, an engraved rose vase in silver holder, with to Mr. Roy Ash, who presented it to Mrs. Ash.

The guest list embraced: Mrs. Moore of Archer City, Mr. and Mrs. Schreck of Eastland, Judge and Mrs. Funderburg, Mr. and Mrs. Roy Ash of West Virginia, Mrs. B. B. Whittington, Mr. and Mrs. Scott Key, Dr. and Mrs. Townsend, Mr. and Mrs. M. Paul Martin, Mr. and Mrs. Bryan Brelsford, Mr. and Mrs. Alex Clark, Mr. and Mrs. E. E. Freyschlag, Mr. Ellinghausen. Club members present: Judge and Mrs. Earl Conner, Mr. and Mrs. J. E. Lewis, Mr. and Mrs. A. H. Johnson, Mr. and Mrs. Jinks Garrett, Mrs. Homer P. Brelsford Sr., and host and hostess.

## If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfils almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.—Advertisement.

# Joseph C. Lincoln Collector of Antiques Is Also Curator of Laughs and Sighs

By ROY A. GILES

The ancient alchemist spent weary years trying to transmute the baser metals into gold. Although he was perhaps unpractical one must admit that he owned a true sense of values.

Someone has called Joseph C. Lincoln the "Alchemist of Humor," not wit or slap stick comedy—but that rarer, higher thing—Humor, and we like to think that his is a true sense of values.

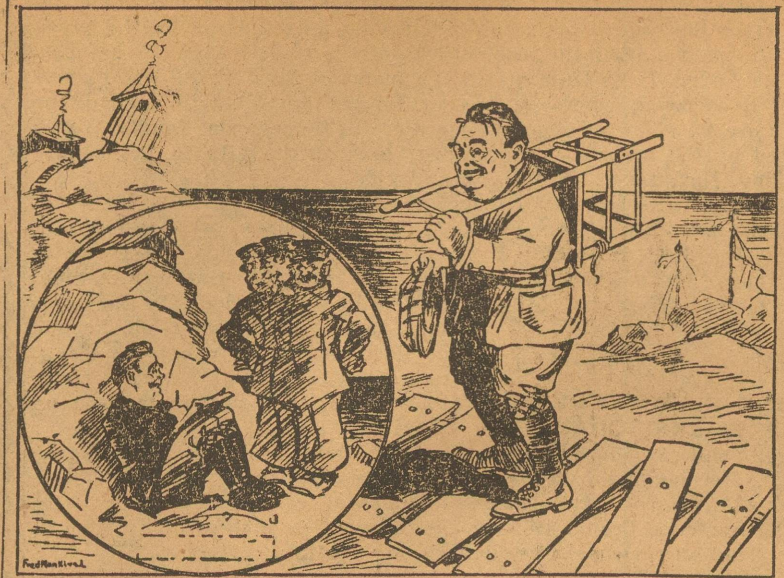

Cape Cod is the angular and rugged scene of his life's work. Its beauty seems rather grim; its standards somehow narrow to a lax and continentalized age. But Lincoln, the alchemist, has dug deep in human nature for the metals of his transmutation and the result is—gold. Born amid the innumerable sea captains of that coast; that yankee strain from which we draw our best strength; he is perhaps the most typically American novelist of today.

Lincoln would be the despair of the psychoanalysts. Not a sex

Lincoln collects Chinese josses, perhaps because they grin continuously.

problem peeps through the many pages of his books. It is all clean and sane and its popularity argues well for the sanity (under difficulties) of the race. He loves

O, see Joe Lincoln bringing home cave-man chair and some new composite character ideas for his latest Cape Cod story, "Doctor Nye."

to fish and tell fish stories. What grisly complex does this indicate? He has been known to preside at a clam bake. Perhaps at sometime he has been insulted by a clam and is actuated by revenge. For luck he collects and lightly swears for little Chinese josses in bronze. Is this retaliation against a careless Chinese laundryman? Ancient furniture and glass appeal to him, and the more ancient the more appeal.

What does this indicate? Frankly, we do not believe that Dr. Freud or his somewhat smudged associates can tell us. It is bromidic and not quite true to say that laughter is akin to tears. They are the opposite ends of the emotional scale. The chuckle is in between and sees both ends. Lincoln makes us chuckle. He himself chuckles. His humor sees the weak spots in humankind and greets them with sympathy as well as amusement. From Cap'n Eri to Doctor Nye all the long line of Lincoln books have kept us chuckling.

Throughout there has been gradual growth. Deepening sympathy

and understanding, a finer humor mark Lincoln's work until in "Doctor Nye," his latest book, we find a masterly mingling of humor and pathos in which each gains by contrast. Dr. Ephraim Nye, brilliant, whimsical, pathetic, is not only Lincoln's greatest character, but one of the outstanding and most appealing figures in modern literature. His rise from jailbird to the strongest force for good in the town of Ostable is a thrilling and heart stirring narrative. Underneath all of the conflict, the suffering, the splendid victory, runs the Lincoln chuckle; as of one who knows humanity, condones its weaknesses, and sees and fans to life the little spark of Divinity in each breast. Katherine Powell, helping Doctor Nye in his life's victory, is as clean and strong as the sea wind on that rugged coast. Lincoln has surpassed himself. He has indeed proven his right to be called: "The Alchemist of Humor" who in his crucibles transmutes the dross of common lives into the gold of high resolve and noble laughter.

Piano-player music furnished a HOME RECEPTION TO HONOR MRS. ASHE OF WEST VIRGINIA.

The lovely new home of Mr. and Mrs. John M. Knox on South Seaman street glowed softly in its setting of autumn foliage and yellow and white

flowers Wednesday afternoon, when numbers of friends were asked by the hostesses, Mmes. Knox and daughter, Mrs. W. K. Hyer, to greet their guest, Mrs. Roy Ashe of Clarksburg, W. Va., formerly Miss Irene Knox, the younger daughter of Mr. and Mrs. John M. Knox.

The callers were received by the hostesses and honor guest, and Mrs. W. H. Taylor, Bryan Brelsford, Allen Barnard, and Grady Pipkin, members of house party.

The beautifully arranged dining room was presided over by Mrs. Virgil T. Seaberry at the coffee urn. Assisting in the dining room were Mrs. B. F. Reinking, and Misses Mae Claire Harrison, and Carrie Brewer. The autumn motif was observed in refreshments of ice cream in yellow chrysanthemum shapes, with cakes in yellow and white tints, fruit cake, salted nuts, and floral mints. Guests were escorted to dining room by Mrs. Jess Pipkin and met at entrance by Mrs. O. D. Caldwell.

At intervals during the afternoon the callers were charmed with the delightful music, Mrs. Grady Pipkin presenting several violin solos, with Mrs. Barnard as accompanist. A musical reading by Mrs. Frank Perkins, and piano numbers by Miss Mae Claire Harrison.

Over 100 guests called during the afternoon in receiving hours, 4 to 6 o'clock.

Mrs. Ashe has many warm friends in Eastland, pleased to be given this opportunity to renew former ties.

## PERSONAL MENTION.

W. E. Hagood, a progressive farmer of the Okra community, was transacting business in the city Wednesday.

T. J. Hilton, one of Eastland county's leading citizens, was here Wednesday from south of Carbon.

T. H. Harris and W. W. McCollum were in Eastland Wednesday from the Hallmark community.

Misses Vera Hyatt, Vera Key and Allie McWhorter of Cisco were Eastland visitors Tuesday.

Mrs. E. H. Jones and little son were Cisco visitors Tuesday.

Miss Ulala Howard and Mrs. H. A. McCannles motored over to Cisco Tuesday afternoon to see their father.

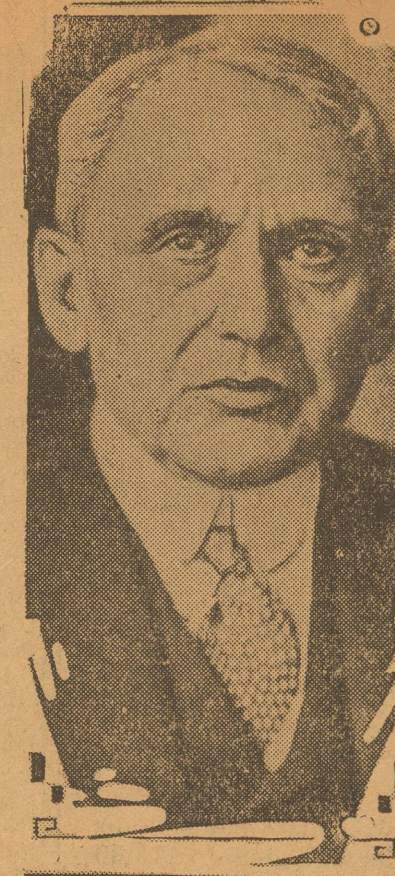

Attorney Frank Sparks of Gorman was attending to legal matters here Wednesday.

J. W. Daniels, who for the past three years has been engaged in the job printing business in Ranger, has sold his plant there to parties that have moved it to Abilene. Mr. Daniels will probably locate in Eastland.

Mr. and Mrs. J. H. Wiggs are planning to leave Eastland this week for their home in Tennessee, where they will move on their farm. Mr. and Mrs. Wiggs have been in Eastland for the past three years and have many warm personal friends here. They have both been very active workers in the Baptist church and will be greatly missed. Mr. Wiggs has been employed at the First State bank. His place there is being taken by Bemus Brewer of this city.

## Want Ads Will Pay

## U. S. AMBASSADOR TO COURT OF ST. JAMES

Frank B. Kellogg

Frank B. Kellogg of St. Paul, Minn., recently named by the president as ambassador to Great Britain, was United States senator from Minnesota for one term which expired last March. He also served as president of the American Bar association and has been recognized as one of the most able lawyers in this country.

## FARMER TURNS FROM COTTON TO HOGS.

By S. H. Cook of A. & M. College.

The farm of Vic Hill is located in Chalk Bluff community, Route 8, about eight miles from Waco, Texas. Like many farmers in the South he only saw opportunity in cotton production. His land is a black loam and under proper care and treatment is capable of producing the majority of the field crops common to the South. Yes, it would produce cotton, but constant service to this crop had its usual disastrous effect on the soil, while insect pests, drouths, wet weather, low prices, etc., took their toll with the result that Mr. Hill looked with longing eyes at the men in the city who knew nothing of the trials of a cotton farmer, and as the debts began to pile up he frequently determined to sell out and move to town, and flirt with the many attractive opportunities which seemed to be calling him.

However, Mr. Hill is a man of convictions, and he disliked turning back "after putting his hand to the plow." As he had heard much about the success of the agricultural club boys with purebred gilts, he deter-

mined to add a purebred Duroc Jersey gilt to his farm's operations. After talking the matter over with the county agent he purchased a purebred gilt from C. C. Scott, a neighbor living in the same community, and proceeded to feed and care for her according to instructions issued to the club boys. The results were so satisfactory that when he read about the Texas ton litter contest and the cash prizes as well as medals being offered he determined to make a try for the prizes.

He complied with the entrance requirements, had his sow bred to a purebred Duroc Jersey sire, and on March 26, she gave birth to a litter of 14 pigs. One of them was born dead and one was a runt. Since the sow had only 12 teats the runt was killed, and Mr. Hill started out determined to beat all records in the ton litter contest.

Mr. Hill carefully followed the instructions in feeding and caring for the sow before and after farrowing, and seven days after farrowing they were ear-marked by County Agent E. R. Eudaley, in the presence of Dr. T. T. Christian, sanitary livestock inspector and Assistant County Agent W. E. Meinsner.

When weaned the pigs were started on the following rations: Feed per day—6 pounds Purina pig chow, 24 pounds skim milk. This increased as fast as the pigs would take the increase.

## DO WEATHER CHANGES BOTHER YOU?

Keeping the Kidneys Well Has Kept Many Ranger People Well

Changeable weather, exposure, grippes, colds and chills cause many of the kidney troubles that afflict people in winter and in spring. That is often what causes the spells of lame back, backache, shooting pains, tired feelings, dizziness, nervousness, fits of irritability and "blues." The kidneys may be clogged with impurities, set back in their work of purifying the blood, congested, irritated, or inflamed. Poisonous uric acid may be collecting where it should not, and causing mysterious aches and pains. Help the weakened kidneys—set them working right again. No need to experiment. Try Doan's Kidney Pills which have proved their merit in thousands of cases. Grateful testimony from this locality follows:

W. A. Jordan, farmer, R. F. D. No. 1, Stephenville, Tex., says: "A sudden change in the weather seemed to make the trouble worse. My back ached and I felt miserable. When I lifted anything my back hurt something terrible. My kidneys also acted irregularly. I heard of people who had been cured by taking Doan's Kidney Pills and thought I had better try them. They strengthened me and cured me."

INTEGRITY SERVICE

The 1924 Model Studebaker Light-Six Touring Car \$995

The unprecedented popularity of the Studebaker Light-Six can be traced to the fact that it represents a degree of automobile value that the public has sought for years.

It is built complete in the great Studebaker factories.

By manufacturing complete motors, transmissions, axles, frames, bodies, tops, castings, forgings, and stampings, parts-makers' profits are eliminated from costs, and one profit only is included in Studebaker prices.

Phone or call for demonstration.

## Society AND THE ACTIVITIES OF WOMEN IN RANGER

Mrs. Chas. G. Norton, Editor Telephone 224

**FRIDAY EVENTS.**  
Twentieth Century club meets at 2:30 o'clock with Mrs. W. R. Lowe. Elks club invitation dance, 9 o'clock at Summer Garden.

### MRS. BOON HOSTESS TO RECREATION CLUB.

The ladies of the Recreation club held a business and sewing meeting of Tuesday afternoon with Mrs. S. P. Boon. Refreshments of chicken salad, sandwiches, pumpkin pie and coffee were served. Those present were: Mmes. C. D. Woods, W. L. Jackson, Sharp, Wilson, Mills Davenport, M. R. Newnam, Earl Taylor and L. H. Flewellen. Mr. and Mrs. Flewellen will entertain the club in the near future.

### DELPHIAN SOCIETY HAS FINE MEETING

A meeting of great interest was held this morning by the Delphians in the green room of the Gholson hotel. The subject was "Palestine and the Hebrews," being repeated from the previous meeting. In the absence of the president, Mrs. Bohning, and vice president, Mrs. Drienhofer, Mrs. Charles G. Norton, chairman of the advisory board, presided. Mrs. C. D. Woods substituted for the secretary, Mrs. E. L. Shattuck. Talks on the subject were splendidly given by Mmes. Buchanan, Jannet, Harkrider, W. L. Jackson, Ochiltree, W. B. Palmer, Stafford, and Chaplin. Subject for the next lesson, which is on "Hebrew literature," were assigned as follows: "Industries and the Arts," Mrs. T. J. Holmsley; "Hebrew poetry classified: The Hebrew Epic," Mrs. H. G. Wilson; "Lyric poetry," Mrs. S. D. Terrell; "Song of songs," Mrs. A. W. Turner; "Hebrew drama," Mrs. Walter Murray; "Hebrew fiction," Mrs. H. U. Pound; "Wisdom literature," Mrs. T. B. Scott; "The prophets," Mrs. D. L. Jameson.

All members not able to attend the next meeting are asked to report to the president. All members assigned subjects on the program when unable to be present at the meeting are asked to notify Mrs. Norton as early as possible in order that their assignment may be given to another.

### PERSONALS

Mrs. G. H. Bohning is spending a few days in Fort Worth. Mr. and Mrs. J. B. Fitch and children, Howard and Emily, returned Monday from a months visit in Illinois with relatives. They made the journey in their car. Mrs. T. J. Holmsley and son, Tom, have returned from a visit with relatives in Abilene. Elizabeth Barrett, daughter of Mr. and Mrs. A. W. Barrett of the De Grof building, has been at home ill the last few days.

### OWENS-MOORE MARRIAGE SOLEMNIZED.

A marriage of interest to a large number of friends took place Sunday morning at 9 o'clock at the First Baptist church, when Miss Julia

Elizabeth Owens became the bride of Mr. Ralph Moore.

The ceremony was performed by Rev. W. H. Johnson, pastor of the church, in the presence of a few relatives and intimate friends. The bride, who has been stenographer in the office of Judge Overton for several years, has made many friends, as has also the bridegroom, who is employed at the Hub City garage. Cordial good wishes are extended to them for many long years of happiness. They will reside at the Marion apartments on West Main street.

### Eastland Society

MRS. W. K. JACKSON

**FRIDAY EVENTS.**  
Just-a-More-Club meets with Mrs. W. E. Chaney, 2:30 p. m. Mrs. M. Paul Martin, President.

Music Club of Eastland: Mrs. S. S. Noblett hostess at residence in Cisco, 3 p. m. Meeting postponed from last week. Mrs. P. S. Wolfe, President.

Martha Dorcas Class: Meets 3 p. m., with Mrs. Turner. Mrs. Henry Seale, President.

### BRILLIANT TEA MARKS FALL SOCIAL SESSION.

The brilliant social event Tuesday afternoon marked the presenting of Mrs. Bryan Brelsford to the social life of the city.

The hostesses, Mrs. Homer P. Brelsford Sr., Mrs. Homer P. Brelsford Jr., received at the residence of the Brelsford, from 4 to 6 o'clock. The beautiful day brought out a large number of guests, received in the music room, by hostesses, hono- guest, and the house party, Mmes. Moore, Speer, Edwards, Earl Perkins, Furse, Tray Roy, E. E. Frey-chlag, and Roy Ashe, scattered throughout library and reception rooms.

Baskets of roses shed their fragrance and in the dining room, the color motif of yellow and silver was observed in table arrangements of massed yellow tea roses on wide silver base, flanked yellow tapers in silver sticks. Tea was poured by Mrs. E. A. Hill, and Mrs. J. E. Lewis, and the delicious and delicate refreshments served by the party stationed in dining room, Mmes. Funderburk, J. C. Wilkins, Earl Conner, Rivers R. Mizell, and Miss Agnes Harwood, directed at the dining room door by Mrs. Scott W. Key.

Wonderful program of music was given. Mrs. C. F. Smith, voice number, "Thy Help to Me," with Mrs. Barnard at piano; Mrs. P. S. Wolfe and B. F. Allen, duet, voice from Madame Butterfly; ballet dance by little Midge Brelsford; and violin solo by Mrs. Grady Pipkin, with Mrs. Barnard, accompanist.

The guests as they left this hospitable home were met by Mrs. Frank Weaver at the door.

The list of invitations included: Mmes. M. Paul Martin, W. K. Hyer, John M. Knox, Freyschlag Sr., Horace Butler, Carl Angstadt, L. Berry, J. A. Beard, Frank Beatty, T. A. Bendy, Joe Burkett, J. B. Leonard, Frank Williamson, Milburn McCarty, W. C. Kunze, A. T. Muller, Strickland, J. B. Nunn, W. E. Stall-ter, W. B. Smith, Garrett Bohning, Ben Reinking, Maurice Rubin, C. A. **MR. AND MRS. LOVETT MOVE TO GRAHAM.**  
Mr. and Mrs. L. D. Lovett left Eastland Wednesday for their new home in Graham. Mr. Lovett has been appointed manager of the new plant of the Oil Cities Electric com- pany, which they have recently com- pleted in that city.

They have given up their former residence at 416 East Foch street in Eastland.

Mrs. Lovett will be greatly missed in Eastland. She has taken a prom- inent part the past two years in Civic league work, and her loss to that organization will be keenly felt. She was prominent in church work, and made a successful officer in the Red Cross association prior to the present incumbent, and maintained her interest in that work with good re- sults. Friends wish them a happy home in their new location.

### SOUTH WARD P. T. A. HAS DELIGHTFUL SESSION

Despite many other attractions Tuesday afternoon there was a very good attendance of the association at the regular meeting of the P. T. A., called to order by the president, Mrs. Joseph M. Weaver, and opened with prayer by Superintendent Peterson.

The first roll call of the new roll, by the recording secretary, Mrs. Ed. Sparr, was heard with interest. Report showed \$10 cleared from cafeteria receipts from last month, and statement of Mrs. E. T. Cox, cafe- teria hostess, that the cafeteria is in thriving condition. Mrs. J. B. Nunn, chairman cafeteria committee, re- ported a good patronage and committee satisfied with conditions. On ac- count of bad weather no report was made by membership committee.

The association was notified of the extreme illness of Miss Eppie Groves, expression teacher, who is in her home at Gorman, and whose return is reported as indefinite. Mrs. Seale, cor- responding secretary, was directed by the chair to express sympathy of the association through letter to Miss Groves.

The program as announced opened with a piano number by Frances Dun- can, "Valse Arabesque," piano solo, Adrienne Parvin, "Arbutus," paper and talk, very fine, by Mrs. Eugene Whitehurst, as announced. A won- derful talk by Attorney Milburn Mc- Carty on subject previously announ- ced, "Child welfare and principles," for which the association tendered him a rising vote of thanks.

Mrs. Hardeman's room was award- ed the banner for the greatest number of mothers in attendance. Forty mothers answered roll call. This was extremely gratifying to the officers.

### WEST WARD PICTURE SHOW BENEFIT.

Those interested in the financial success of the local West Ward Parent-Teacher association work are reminded of the picture show benefit at the Connellee theatre on Friday night, Nov. 16, when Manager Stal- cup has arranged to give the asso- ciation a per cent of the sales of all tickets sold by them in advance. There will be an educational film from the Austin extension depart- ment, shown in connection with the regular program provided by Man- ager Stalcup. If you are not a pic- ture show visitor, become one on this particular night, Nov. 16.

### ORDER OF EASTERN STAR HAS INTERESTING MEETING.

The largest attendance experi- enced, of members, and guests, was noted at the regular meeting of the Order of the Eastern Star, Tuesday night, held in the Masonic temple. Fifty members and 10 guests regis- tered. The session was conducted by Worthy Matron Mrs. Raleigh Fairbairn.

An interesting letter to the order was read, the writer, Mrs. B. O. Mitchell, past worthy matron, who now lives in Bryan, Texas, wittily describing her "treat" for the Star, and which she directed to be used at the meeting. The gift proved to be a box of ripe persimmons, the contents weighing about 15 pounds. The fruit was enjoyed by the East- ern Star members refused to con-

nect their past worthy matron with the gift, in any tart sense.

Reports from the recent grand chapter meeting by the delegate, Mrs. G. G. Hazel, and alternate, Mrs. F. Lambert, were full and extreme- ly interesting.

A letter for the order, was received from the past worshipful master of the Blue Lodge, F. C. Huber, who is located in Arizona, where he has mining interests. The message was appreciated by the order.

On Friday, Nov. 16, at 7:30 p. m., these candidates will be initiated at the called meeting: Mrs. Jack O'Rourke, Mrs. John D. Seale; Mrs. Alma Hughes, by affiliation from former membership, in Mineral Wells.

### THURSDAY CLUB STUDYING DICKENS' WORKS TODAY.

The roll call response for the Thursday Afternoon club study of "Dickens" this afternoon was to in- clude "Characters From Dickens' Novels." The club meets in regular session at 3 p. m., Thursday, in the public library, First State bank. A charming feature was to be the rapid fire crayon sketches done by Mrs. Virgil T. Seaberry, during the sum- marization of "Tale of Two Cities."

The matter of providing a club delegate to the state federation meeting in Wichita Falls, Texas, in session next week, and opening Tues- day, Nov. 13, was also to be present- ed during business period. The elected delegate, Mrs. A. H. John- son, will be unable to attend. The alternate delegate resigned club membership at the opening of the club season. These elections were held in conjunction with the annual election of officers last spring. Members of the club were asked by the president, Mrs. W. H. Taylor, to bear in mind the need of providing a delegate and come prepared with a name to propose.

### ALPHA DELPHIAN CHAPTER TO MEET SATURDAY.

The Alpha Delphian chapter will meet Saturday, Nov. 10, at the city hall at 3 p. m. All members are re- quested to be present. The follow- ing program has been arranged:

Topics assigned: "The Beginning of Hostilities and the Policies of Pericles," Mrs. G. A. Davison; "Pericles' Speech," Mrs. John Har- rison; "Events From 420 to 428 B. C.," Mrs. Ina Perryman; "The Sicilian Expedition," Miss Agnes Har- wood; "Sparta and Thebes," Mrs. Stalter; "The Rise of Macedonia," Mrs. Homer Brelsford Jr.; "Phillip of Macedonia," Mrs. O. P. Morris; "Alexander the Great and the Ef- fects of Alexander's Conquests," Mrs. W. D. R. Owen.

### PLANS FOR DEDICATION OF MEMORIAL FOUNTAIN.

Mrs. C. F. Smith, chairman of the fountain committee for the Civic League of Eastland, who has accom- plished wonders in having secured a contract for the erection of a me- morial to the soldiers, and who has succeeded in the business arrange- ments, notwithstanding many diffi- culties, announces that the promise of the contractors of the delivery of the fountain in time for dedication on the day observed in commemora- tion of Armistice day, promises ful- fillment.

Mrs. Smith is having the founda- tion prepared and in the event the fountain fails to come she will have

### A SHORT TALK ABOUT MORE EGGS

By MRS. HEN

"On my right are 3 eggs—it took me 12 days to lay 'em.

"On my left are 7 eggs—I could have laid 'em in the same 12 days if I had been fed Purina.

"You can't expect me to make eggs out of ordinary 'chicken feed' because it doesn't give me all the egg-making materials. Feed me Purina Chicken Chowder and Purina Hen Chow and I'll show you how I can lay eggs."

the dedication of the location con- ducted.

A rough outline of the program not yet completed as prepared by the chairman, Mrs. C. F. Smith, with the assistance of Mrs. Beulah B. Whittington, program chairman, in- cludes the introduction by the pre- sident of the Civic league of the char- ter member, Mrs. P. S. Wolfe, who as former president, launched the project of a memorial fountain, who will present the gift to the county and city.

Senator Brelsford in a brief ad- dress on citizenry, who will accept the fountain on behalf of the county and city, and the American Legion, that will solemnly dedicate the foun- tain, as the gift of the Civic League of Eastland, to the county and city, in sacred memory of Eastland coun- ty soldiers, who lost their lives on the firing line.

Mrs. Smith and Mrs. Whittington are arranging for a chorus number, a national selection by the Girls' and Boys' Glee club of high school as closing feature.

The plans so far as stated by the chairman, Mrs. Smith, indicate the services will be conducted before noon Monday, Nov. 12, on the court- house square, where the fountain will be located on the southwest cor- ner.

Any change or addition in plans will be announced in this paper.

### CHURCH OF CHRIST BIBLE CLASS MEETS.

The Church of Christ Bible class held a busy session Wednesday af- ternoon at the home of Mrs. R. L. Rowe. Under the direction of the chairman of the class, Mrs. Tom Harrell, one warm quilt was made, and one large rug finished. Those working on the articles were Mmes. H. E. Lawrence, Harry Wood, Thur- man, E. L. Haag, Stirman, and Mrs. Harrell.

The organization will meet again next Wednesday with Mrs. Rowe at 2 p. m.

### HOSTESS ANNOUNCED FOR MARTHA DORCAS CLASS.

The Martha Dorcas class of the Methodist church, which meets in regular session Friday afternoon at 3 o'clock will be entertained at the home of Mrs. Jib Turner, class hostess for this session. A program and social hour will be features. The president of class, Mrs. Henry Seale, would appreciate a full mem- bership attendance.
