### Stresemann Planning to Get Loan of Real Gold

#### AMERICANS AND BRITISH TO PUT UP THE MONEY

Germany Negotiating for Nearly Billion and Half Gold Marks, Says Report.

BERLIN, Nov. 20.—Negotiations are said to be nearing conclusion for an Anglo-American loan to Germany, according to a story published today by the Boursen Courier. It is stated that negotiations are in progress between a well-known Berlin bank and a group of American, British and Dutch financiers for a credit to Germany of one billion, four hundred million gold marks.

The granting of this loan, it is said, will be dependent upon a condition that there be no change in the interior policies of Germany and the offer is only to the Stresemann government. The guarantee for the loan is to be assumed by the German government rather than by private industry, continues the newspaper, adding that international capital may be invested in a gold note bank which it is proposed to establish.

**STRESEMANN IS FACING THREE-CORNERED ATTACK**

BERLIN, Nov. 20.—Three attacks on Chancellor Stresemann's political life were in preparation today as the Reichstag reconvened. A resolution of "no confidence" coming from the nationalists, the socialist and the communists were lifted for discussion by the chamber. While the vote will come separately and will extend over the week, the immediate future of the Stresemann cabinet is regarded precarious.

#### CUT CRUDE OIL PRICES FAIL TO STAND UP IN TEXAS, NOTICES SHOW

The action of the Humble Oil company in increasing the price of crude petroleum from 75 cents to \$1 in the Powell field yesterday convinces Ranger and Eastland oil men that cut crude oil prices will not stand long in Texas.

Only recently the Gulf Pipe Line company cut gulf coast crude but when no other companies followed the lead, the price was put back to where it was. The Humble company cut Powell crude during the peak of production in that great field.

Despite more than 90,000 barrels of additional production at Powell last week, a careful check shows a fairly rapid settling of production, the production at the beginning of the week being approximately 275,000, as disclosed by close checking of production of all properties in the field. This is considerably under the storage and carriage facilities of the field, which are just below 300,000 barrels daily.

The settling of production below carrying capacity is reflected in the aggressive solicitation of new connections by some pipe line companies operating in the field.

#### BRITISH AND FRENCH TO AGREE AS TO THE FORMER CROWN PRINCE

LONDON, Nov. 20.—British government officials considered this morning that all danger of a disagreement with France on the return of the crown prince to Germany and the resumption of inter-allied commission control had passed.

"They expected the council of ambassadors to reach a compromise unless unforeseen obstacles come up at the last minute.

#### BANKERS AND FARMER JOINT SESSION DEFERRED

HOUSTON, Nov. 20.—The Bankers' and Farmers' congress, which was to be held in Houston on Dec. 10 and 11 was indefinitely postponed today, it was announced by S. C. Holland, chairman of the agricultural committee of the bankers' association, under whose auspices the congress was to be held.

#### WILLIAM PANSELL, FORMER COURT OFFICER, ATTACKS KLAN BEFORE COUNTY CONSTITUTIONAL CLUB

Predicts Democratic Failure If Klan Gets Control of Party. Criticizes Teachings and Actions of the K. K. K.

Defeat for the Democratic party in the national elections next year will come if the Ku Klux Klan succeeds in its attempt to control that party, William Pannell of Stephenville, former district attorney of Texas, predicted last night in a speech at the Liberty theatre, Ranger, before the Eastland County Constitutional club. At least 700 persons heard Pannell.

Pannell, forceful and evidently a campaign speaker of many elections, led up to this statement following his comments upon a speech of W. H. Evans, imperial wizard of the clan, made at the Dallas fair last month, when he said that there were three elements among American people who could not be assimilated. Strength of Catholics.

"Sixty per cent of the Democratic voters in the northern states are of the Catholic faith," he said. "This is one of the elements which that tooth doctor from Dallas said couldn't be assimilated into American citizenship. The Klan is now trying to control the Democratic party in the north as it has in the south. Do you think the Catholics, who hold their religion dear to them, will associate with kluxers when their 'imperial lizard' says they can't be assimilated."

"That insignificant tooth doctor never read history when he says they can't be assimilated. He never heard about Washington's letter which he wrote to his Catholic brethren in the colonies after the close of the war. 'Without your help, we would have never been victorious,' he wrote. Evans never knew that the declaration of independence was signed by a Catholic. He never knew that Catholic France came to America's aid with trained officers, soldiers, and gold. He never heard of Barry of navy fame."

Pannell was introduced by Mayor R. H. Hodges of Ranger. Earl Conner of Eastland presided.

He said his blood boiled when he thought of Evans' statement in putting the negro on the same plane as a Catholic. "Think of this tooth doctor putting that fine southern gentleman, soldier, distinguished jurist and chief justice of the United States, Edward Douglas White from Louisiana, on a plane with the 'niggers.' White, a Confederate warrior, honored by his native state, Louisiana, before the kluxers came around, with a seat in the United States senate, made an associate justice of the supreme court by President Cleveland and made chief justice of the greatest tribunal in the world by a Republican president, William Howard Taft."

Three Klan Phases.

Pannell divided his speech into three parts. He first took up the relation of the Klan to laws, then the part it is taking in politics and finally Imperial Wizard Evans' state fair speech at Dallas.

He inveighed bitterly against the Klan oath when he spoke of his own experiences as district attorney of the Twenty-ninth district. He declared that a judge sitting on the bench in South Texas considers Klan membership a sufficient bar for jury duty. He related that an attorney friend of his in Eastland county had told him that never in his bar experience had he had so many hung juries in civil cases as in a recent week at Eastland. This, Pannell said, his friend's investigation uncovered, to result from the interpretation klansmen put on their oath.

"I myself once had a kluxer as a client," he said after saying that he never had been one himself. "It was a felony case. We talked over the jury prospects. He said to me, 'Judge Pannell, get at least six klansmen on the jury. I'll feel better then.' I laughed and said, 'we'll see.' But the attorney for the state saw to it that no klansmen sat on the jury and my client lost."

Policy of the Klan.

Pannell devoted the major part of his speech on the Klan versus the

#### Dallas Man Flies Fast To Bedside Of Dying Father

PAOLA, Kans., Nov. 20.—J. T. Hobson of Dallas, won a race with death when he flew from Dallas to Paola and arrived at the bedside of his dying father, ill with pneumonia, who died soon after the son's arrival.

Advised by wire of the illness of his father, T. M. Hobson, the son left Dallas at 2 o'clock Monday afternoon in a plane piloted by Frank Maxwell, and arrived here at 9:22 o'clock, covering the 400-mile stretch in six hours and 40 minutes. During the three hours of night flying, he was guided by red and green signals along the Missouri Pacific railway track.

#### BAILEY PLEADS FOR LIBERTY OF DR. COOK

Says Former Explorer Indicted Because He Drilled Dry Holes.

FORT WORTH, Nov. 20.—"Because these men failed it is asked that you send them to prison. If they had found oil, those prosecuting them would have placed pictures of Dr. Cook on their walls."

Former United States Senator Joseph Weldon Bailey today addressed the jury in his speech today as leading counsel for the defense in the government's prosecution of Dr. Frederick Cook, the former Arctic explorer, and 13 other defendants on charges of using the mails to defraud, in connection with the sale of oil stocks. He spoke for nearly three hours while a packed court room listened attentively.

Bailey's argument was that Cook had made an honest attempt to find oil, that Cook derived no personal profit from his operations, that all oil stock buyers knew they were taking a gambler's chance, that the property of the Petroleum Producers association was worth all the money the investors had put into it, that no false statement was made in any of the literature sent out and that Cook was indicted because he drilled dry holes.

The case is expected to reach the jury late today.

#### ATTORNEY GENERAL MAKES AMENDMENTS TO OPINION

AUSTIN, Nov. 20.—Exemptions in the slot-machine law opinion given recently by the attorney general's department were announced by the attorney general's office today. The first opinion named prepay telephone, gas and electric light meters as subject to a tax. It was pointed out today that public service corporations handling these have already paid an occupation tax, therefore they cannot be taxed again.

#### MEN, BURNED IN GASOLINE PLANT FIRE, WILL NOT CARRY FACIAL SCARS

Arthur Haney, one of the three employees of the Chestnut & Smith corporation burned in the big fire at Plant No. 3, three weeks ago yesterday, was able to leave the Clinical hospital Monday. He left the hospital without a facial scar, it was said today by one who saw him Monday.

The two other men badly burned in the explosion of gasoline in the big engine room at the plant, D. L. Williams, chief engineer and George Seibert, an engineer, are still confined at the hospital.

Williams, according to his wife, may be able to leave the hospital within two weeks. Although badly burned about the face, it is not believed that he will be permanently disfigured. Seibert, also burned about the face, is not expected to carry permanent scars.

#### HOUSE LEADERS LISTENING FOR PEOPLE'S VOICE

Declare Oklahoma Wanted Walton Removed From Office So Heeded Mandate.

OKLAHOMA CITY, Nov. 20.—"The people of Oklahoma wanted Governor Walton removed from office. We carried out their mandate."

With this statement, the house board of managers which constituted the impeachment board, answered Walton's assertion that he had not had a fair trial. The legislature will lose no time for a house cleaning in other departments, it was said. The Ku Klux Klan will come in for a share of the investigation. Senator Tom Anglin has prepared a bill which calls for the enforced publication of membership rolls by all secret societies and forbids the mask. There are also other anti-klan bills pending.

#### WALTON DECLARES HE WILL CONTINUE FIGHT

OKLAHOMA CITY, Nov. 20.—A statement reiterating his determination to continue the fight was issued today by J. C. Walton, who was removed from office as governor last night by a senate court of impeachment.

"Only the rats leave a ship in distress," the deposed executive asserted in his statement. "Few have deserted me in this fight and the ship is not sinking. It is only the shadow they see in the water."

#### GOVERNOR TRAPP WANTS LEGISLATURE TO REST

OKLAHOMA CITY, Nov. 20.—Announcement was made today at the office of Governor M. E. Trapp that the Oklahoma legislature would be asked to recess at once until the second week in January.

#### TWO MORE ARRESTS IN CONNECTION WITH ALLEGED AUTO THEFTS

Two additional arrests were made yesterday at Breckenridge in connection with the breaking up of the huge automobile swindling and thievery gang in Eastland and Stephens county.

F. V. Johnson, against whom information was given by the Ranger police department, was arrested yesterday by Sheriff L. D. Head and charged with concealing stolen property. He was released on \$750 bond.

Ned Herr, said to be an employee of an oil company at Ibea, was arrested also yesterday and placed in jail.

J. C. Gibson, alias J. C. Coleman, who has been a sales manager for a creamery at Breckenridge, was released yesterday under \$3,000 bond. Gibson is charged in the complaints, numbering seven, with receiving and concealing stolen property.

E. A. Miller, brought in from El Paso yesterday morning by Officer Jim Ingram and lodged in jail here, had made no attempt to obtain bond this morning. He is charged with disposing of mortgaged property.

The total number of stolen cars recovered in Stephens county was 19 late yesterday, according to advices from the sheriff's department at Breckenridge.

#### BOB BOUCHER ACQUITTED OF FLOGGING CHARGE

The jury in the county court-at-law Tuesday at noon returned a verdict acquitting Bob Boucher of Gorman, in the flogging case that went to trial Monday. He was charged with aggravated assault in connection with the flogging of W. J. Jones, an Eastland service car driver, several months ago.

#### ALAN HOULABAR DIES

LOS ANGELES, Nov. 20.—Alan Houllabar, prominent motion picture producer and actor, and husband of Dorothy Phillips, died here suddenly today of pneumonia.

#### Assassination Of Stresemann Feared By German Leaders

BERLIN, Nov. 20.—Police were on guard at the reichstag today to prevent any attack being made on Chancellor Stresemann, according to President Loeb. It was feared that those responsible for the assassination of the late Herr Rathenau might also seek Stresemann's life.

At 4:20 o'clock the reichstag had to adjourn for an hour because the communists created such an uproar.

#### 407,131 Barrels Oil Gathered In Eastland County In October

AUSTIN, Nov. 20.—Oil production in Texas is still growing, despite efforts that have been made to curtail production because of low prices now prevailing. This condition is reflected by the fact that during the month of October 15,286,420 barrels of crude oil were gathered by pipe lines operating in Texas, according to pipe line runs reported to the oil and gas division of the railroad commission. Production last March was only 8,000,000 barrels, while the average amount of oil gathered so far this year has been close to 11,000,000 barrels monthly.

The new Powell field in Navarro county led in oil gathered in October with 7,534,987 barrels, nearly as much as the entire pipe line runs in some months during the year.

Limestone county, which includes the Mexia field, came next with 2,053,375 barrels; Wichita county yielded 1,651,041 barrels; Harris county, 558,754; Eastland, 407,131 and the new Luling field 301,517 barrels in October.

#### ONE WELL TO EVERY TEN ACRES TO BE DRILLED IN NEW WEWOKA FIELD

TULSA, Nov. 20.—A plan to systematically develop the Wewoka field proposed by the Dixie Oil company, the largest operators in this area, has been agreed upon by some 23 producers. It calls for the drilling of wells 660 feet apart on all sides, instead of the present development, which has placed some wells within a distance of 250 to 400 feet apart. Only one well will be drilled to every 10 acres, or 64 wells to every square mile.

The proposal of this plan was prompted by two reasons—the fact that the Dixie Oil company, with acreage in the heart of the pool, would have been forced to start a tremendous number of wells if the present method of development was continued, and also that the drilling in wells at this time, bringing in a large amount of oil to the surface quickly, would not have had a beneficial effect on the crude market.

#### THREE MEN KILLED WHEN TUNNEL WHERE WORKING COLLAPSES

MILWAUKEE, Wis., Nov. 20.—Three men entombed in a sewer tunnel 40 feet beneath the surface, when the walls of the tunnel collapsed early this morning, were dead when rescuers reached them. The police saved two who had not reached the bottom of the excavation when the cave-in came.

The dead are: James Casper, John Lenarek and Stanley Bartkevich, all of Milwaukee. They were members of the night shift and were just about ready to come out of the tunnel when it gave way.

#### BODY OF KIDNAPED BOY FOUND IN NEW YORK CELLAR

NEW YORK, Nov. 20.—The body of Irving Pickelny, four and one-half years old, who was kidnaped from in front of his Grand street home on Oct. 23, today was found in the cellar of a ruffalo tenement house.

#### CITY-COUNTY INSTITUTION IS READY FOR USE

Hospital Board Meeting This Afternoon to Arrange Final Details for Opening.

The new City-County hospital will soon open its doors. The opening date may be decided upon this afternoon.

This much was indicated today by R. H. Hodges, chairman of the hospital board. Virtually completed early last June and equipped fully to receive patients, the beautiful building on Eastland hill will swing open its doors after a six-months delay, due to the inability of the Eastland county commissioners' court to agree with the city commissioners of Ranger.

The hospital board is meeting at the city hall in Ranger this afternoon to go over the acceptance plan of the county commissioners. Agreement on the main features of the plan is assured, Hodges indicated. Following the hospital board meeting, the city commissioners of Ranger will pass upon the matter.

The county commissioners approached the hospital board last Thursday with their plan to open the hospital. The commissioners, according to Hodges, concurred on the contentions of the city and all of the obstacles that hitherto stood between the city and county commissioners were abruptly swept aside.

The payment of \$1,500 for the hospital site, principal bone of contention between the county and city will be paid, the county commissioners paying its part. The county insisted that there was a "trade" between the city and county commissioners several years ago to which the city was to donate the site.

The differences on the making up of the deficiency in hospital funds, caused by the sale of \$30,000 worth of county bonds at a discount, have also been straightened out.

#### RECLAMATION FUNDS NEEDED IN SOUTH SAYS U. S. SENATOR RANDELL

NEW ORLEANS, Nov. 20.—A plea for the federal government to devote efforts and funds towards the reclamation of cut-over and non-productive lands in the Southern states, was made today at the annual Forestry Reservation and Home-Making convention.

United States Senator Joseph E. Ransdell of Louisiana called on the western congressmen to make good on their promises to help the South develop its idle land. "We of the South are helping to pay for the reclamation of the West," he said, and urged that the South, from a climatic standpoint, offered greater inducements to settlers than either the West or North.

#### SALOON WRECKED BY BOMB EXPLOSION AND ONE MAN IS KILLED

CHICAGO, Nov. 20.—One man was injured and the interior of a saloon was demolished by a bomb thrown in through a window. The police have started an investigation, believing at first that it was the outbreak of a new beer war.

The saloon was ordered closed by federal injunction two weeks ago, but the police said it had remained open just the same.

#### AMBASSADORS' COUNCIL DEFERS ITS SESSION

PARIS, Nov. 20.—The meeting of the council of ambassadors will not be held today, it was announced after Lord Prue, the British ambassador notified the government that owing to the stress of business, Great Britain was unable to communicate its instructions in time for today's meeting. The instructions are expected to arrive in time for tomorrow's meeting.

#### BERLIN BANKER DEAD

BIBLE THOUGHT. THE KINGDOM WITHIN.—The kingdom of God cometh not with observation: Neither shall they say, Lo here! or, lo there! for, behold, the kingdom of God is within you.—Luke 17: 20, 21. For the kingdom of God is not meat and drink; but righteousness and peace, and joy in the Holy Ghost.—Romans 14: 17.

William Pannell Attacks Klan

(Continued from page 1.)

itself patriotic. "There came back from the war a young man without his arm in Erath county. He earned an honest livelihood before he went to the slaughter house of Europe. When he came back, he could not do his former work without his right arm. It was suggested by his friends that he run for assessor. The clan came to him and asked him to join. He consulted his friends. They told him he needn't do so, as he could run on his own merit. The clan put up a clansman against him and, organized as they were, put in a man who stayed at home. The 100 per cent American, who went to war stayed out of office."

Pannell related several instances of ex-service men being defeated by Klan candidates. One, he asserted was defeated for a district attorneyship in Tarrant county and another in Dallas county.

He asserted that the majority of the clansmen of his acquaintance never "smelled powder," in France during the World war.

People of Eastland county were told something of the deplorable havoc being worked among them right now, here at home, by the Ku Klux Klan.

Judge Pannell told his hearers that the very government of the United States is in danger of disintegration at the hands of the Ku Klux Klan, working in a minority, but insidiously.

"You cannot talk on the Ten Commandments, the Lord's Prayer, the Constitution, the Declaration of Independence, or the Bill of Rights, without some clansman getting up and leaving the meeting," the speaker declared.

"This country is in the gravest danger of any time in its history. It is more in danger than in the time of Washington, more in danger than in the time of Lee. It is in danger of being dominated by a minority, the Ku Klux Klan.

"The Klan is in the minority, numerically. In Tarrant county, Texas (Fort Worth), which is governed by the Ku Klux Klan, that hot-bed of klanism and the home of the imperial bizzard, the Klan does not hold a numerical majority."

Best Meeting of Fall.

It was one of the best and most spontaneous meetings the Constitutional club has held this winter. The Ranger gathering was announced at the eleventh hour, to take the place of the speaking scheduled for Rising Star, and the notice was short, but even at that upward of 750 women and men, representative voters from all parts of Eastland county, crowded into the Liberty theatre.

There were large delegations from Eastland, Cisco, Rising Star, Gorman and elsewhere and Ranger streets were congested with automobiles. Parking space was at a premium. The large crowd attested the heartfelt interest in the Constitutional club and the frequent and unrestrained applause demonstrated the popularity of the speaker.

Earl Conner, executive chairman of the County Constitutional club, opened the meeting with a series of brief remarks in which he outlined the purposes of the club and told of the requirements for membership. He said that there was no blood curdling oath to be taken and that to be a member one has only to be a good citizen and a qualified voter in Texas. Application cards were passed out during the meeting and a large number of new members were obtained.

The County Constitutional club was founded last July and now has more than 1,200 members. "I am gratified to state that the County Constitutional club now outnumbers the Ku Klux Klan in Eastland county," Conner said and the cheering rocked the building.

"The County Constitutional club is a political organization," Conner told the gathering. "It is not Republican, either. It is a Democratic organization, formed to restore faith in the Declaration of Independence, the Constitution of the United States, the Constitution of the State of Texas and the Bill of Rights."

Financial Writer Gets Data About Ranger Territory

Edwin J. Clapp, financial writer for Hearst newspapers who has been making a tour of the Panhandle and West Texas, under the guidance of Homer D. Wade, assistant manager of the West Texas Chamber of Commerce, was in Ranger several hours last night and spent most of it obtaining data with reference to the past, present and future development of oil and other resources in this territory.

Mr. Clapp was accompanied by Mayor Williamson, R. Q. Lee and G. C. Richardson, secretary of the Chamber of Commerce, all of Cisco, and by Mr. Wade. They came over in an automobile and were the guests while in Ranger of the Ranger Chamber of Commerce, Secretary Bennett having arranged dinner for them at the Ranger cafe.

Mr. Clapp held a reception in the Gholson hotel, among those who called on him being Mayor R. H. Hodges, former Mayor M. H. Hagaman and John M. Gholson, L. A. Vandervoort, Dr. W. C. Palmer, Karl Jones, secretary of the Retail Merchants association and J. F. Drienhofer.

The party returned to Cisco by auto at 10 o'clock and there Mr. Clapp and Mr. Wade boarded a train to return to Fort Worth. Mr. Clapp appeared to be especially pleased with the brick highway between Ranger and Cisco, but said that in a great many ways he had fallen in love with West Texas.

Mr. Clapp and his party were also in Eastland for several hours Monday night. He was met by officials of the Chamber of Commerce and others interested, who gave him all available information about Eastland county. He went from Eastland to Ranger.

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.

Financial Writer Gets Data About Ranger Territory

Edwin J. Clapp, financial writer for Hearst newspapers who has been making a tour of the Panhandle and West Texas, under the guidance of Homer D. Wade, assistant manager of the West Texas Chamber of Commerce, was in Ranger several hours last night and spent most of it obtaining data with reference to the past, present and future development of oil and other resources in this territory.

Mr. Clapp was accompanied by Mayor Williamson, R. Q. Lee and G. C. Richardson, secretary of the Chamber of Commerce, all of Cisco, and by Mr. Wade. They came over in an automobile and were the guests while in Ranger of the Ranger Chamber of Commerce, Secretary Bennett having arranged dinner for them at the Ranger cafe.

Mr. Clapp held a reception in the Gholson hotel, among those who called on him being Mayor R. H. Hodges, former Mayor M. H. Hagaman and John M. Gholson, L. A. Vandervoort, Dr. W. C. Palmer, Karl Jones, secretary of the Retail Merchants association and J. F. Drienhofer.

The party returned to Cisco by auto at 10 o'clock and there Mr. Clapp and Mr. Wade boarded a train to return to Fort Worth. Mr. Clapp appeared to be especially pleased with the brick highway between Ranger and Cisco, but said that in a great many ways he had fallen in love with West Texas.

Mr. Clapp and his party were also in Eastland for several hours Monday night. He was met by officials of the Chamber of Commerce and others interested, who gave him all available information about Eastland county. He went from Eastland to Ranger.

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.

RANGER ELEVEN PREPARING FOR THANKSGIVING

With the Strawn game still nine days away and no clash scheduled for this week so far, the Rampagers will seize the opportunity to get well from injuries sustained in the last two games. The coaches want to see every player who has fitted in well, particularly the still unforgotten Cisco battle, in the Strawn classic Thanksgiving day.

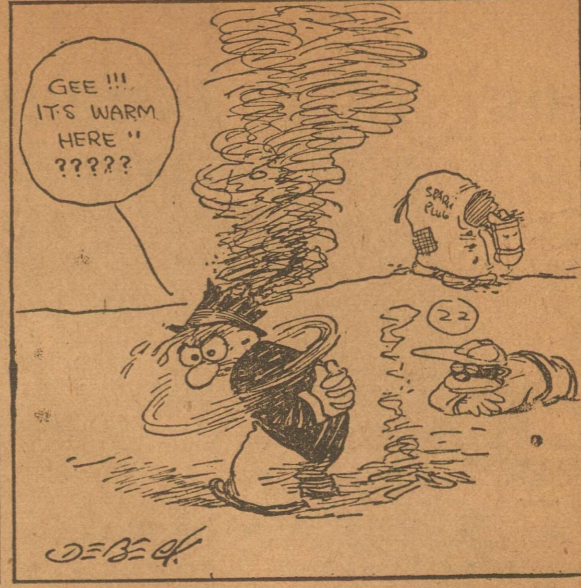

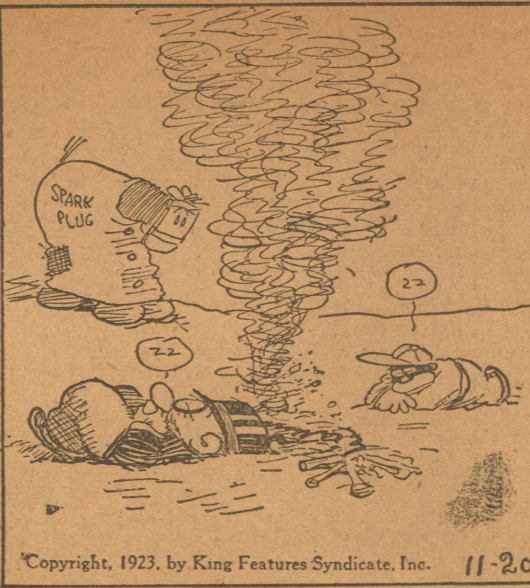

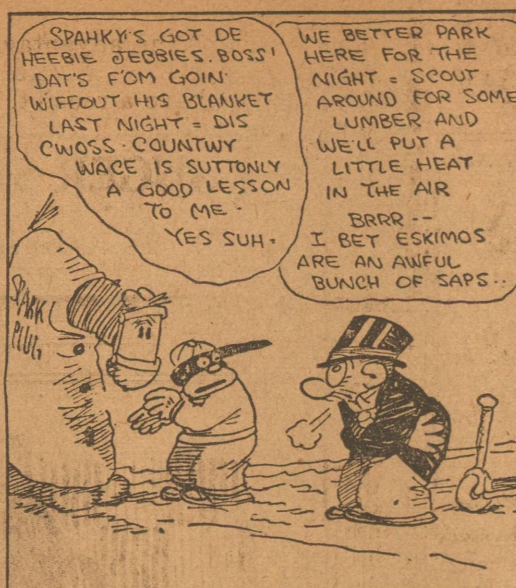

Unless he gets hurt in practice, the same players who stacked up against the Lobos week before last will probably go into the Strawn affair. This game will be the big attraction in the oil belt turkey day and it is set down by the Rampagers, their mentors and gridiron followers as the team upon which a sweet revenge must be exacted for the 14-7 defeat given the Rangerites in the first game of the season.

Lonsdale Can't Play "Bevo" Lonsdale, the Rampagers sure card at left tackle, must perform watch the game from the sidelines. "He sure will not play with the doctor's consent," one of Dr. H. A. Logsdon's associates said today in answer to an inquiry. Lonsdale has been under the care of Dr. Logsdon since the injury to his collarbone sustained on the eve of the hard Cisco game in practice scrimmage.

A Money Loser Saturday The Big Springs game here Saturday was a financial loss. The expenses totalled \$250, while the receipts amounted to \$160. This practically wiped out the treasury balance. For this reason, Overall is anxious to schedule a game here Saturday with a good team without entailing heavy traveling expenses.

The Strawn game next week should result in nice financial returns for the Ranger athletic treasury. The Rampagers will play there under a contract that calls for a 50-50 split of the net gate receipts.

GREAT HALFBACKS SO NUMEROUS IT IS HARD TO SELECT THE THREE BEST; WYCOFF DECLARED LEADER

NEW YORK, Nov. 20.—While the national gridiron has been cluttered up with really great players this fall, there have been no outstanding individual stars to compare with Jim Thorpe, Glen Kilgiver, Bo McMillan or George Own, a set of players who couldn't be kept off any All-American team.

Backs of quality abound in the east, west and south, but they are of such equal ability that it is almost impossible to pick the three outstanding backs without leaving a half dozen that are almost as good.

No quarterback in the country is better than Pfann, the great Cornell star, or Smythe, the Army brilliant, but there are several who are almost as good. Workman, of Ohio State, must be considered as one of the best. Richeson, of Yale, is a real star, and Mike Palm, of Penn State, could not be left out of the select group.

Surroundings make all the difference in the world. The spectacular winning team gets all the spotlight and its stars get the prominence. Koppisch, the Columbia back, is one of the finest players in the country.

Wycoff, the Georgia Tech back, is one of the finest in the country. No less a celebrity than Knute Rockne, the Notre Dame coach, branded the Tech star as the best back he had seen this season.

In Stuhldreher, Miller, Crowley and Layden, Notre Dame has one of the most versatile and generally fine backfields in the country. Miller is one of the outstanding stars of the season.

Yale has a wonderful array of backfield talent in Richeson, Neals, Neidlinger, Mallory, Stevens, Pond, Bench and Murphy. They are all so good that the coaches can hardly pick a regular quartet. For quality perhaps the Yale backs are the best in the country.

RABBI LEFKOWITZ OF DALLAS SPEAKS IN BRECKENRIDGE BRECKENRIDGE, Texas, Nov. 19. Dr. David Lefkowitz, rabbi of Temple Emanu-El of Dallas, delivered a public address Sunday afternoon to a crowd that filled the auditorium of the First Baptist church of this city, which was thrown open for his coming.

It was one of the largest Sunday afternoon audiences ever assembled here, and preceding the rabbi's address a program of music was given. The city's best vocal and instrumental musical talent participated. Dr. Lefkowitz delivered a message on the subject, "Spirit of the World's Pioneers," and made an appeal for a return to the pioneer spirit which, he declared, gave to America better homes, a higher reverence for God and a more loyal obedience to the federal constitution and all law.

JUDGE R. L. BATTS TO MAKE ADDRESS ON EDUCATION AUSTIN, Texas, Nov. 20.—In observance of national education week, the University of Texas has planned a program for the evening of Nov. 22. Judge R. L. Batts of Austin will be the principal speaker. His subject will be "The University Promotes Democracy."

Judge Batts has recently returned to Austin to make his home after an absence of a number of years in Pittsburgh Pa. He has been general counsel for the Gulf Refining company, and will continue to represent the Gulf interests in a more restricted field.

DELAY SELECTION OF HEAD OF TEXAS UNIVERSITY AUSTIN, Nov. 19.—The selection of a permanent president to succeed Acting President Sutton of the University of Texas will likely not be given consideration by the university board of regents at today's and tomorrow's session.

This statement was authorized by the board of regents this morning. The desire to give Tucker Royal of Palestine, who has just been appointed to the board time to consider the presidency situation was said to be the chief cause of the action in delaying consideration of the appointment.

### CHRISTIAN CHURCH AID SOCIETY PLANS BAZAAR

A splendid attendance featured the meeting Monday afternoon of the aid society of the Christian church, held in the edifice, and conducted by the president, Mrs. Z. W. Outward.

The success of the entertainment promoted by the society and given by Mr. Haley, a few weeks ago was considered so good, plans were made to re-engage the entertainer for Saturday, Dec. 8. Additional features will be added to the program.

Plans for the society bazaar to be given Dec. 7 and 8 engrossed attention. Committees will be named soon. A called meeting will be held next Monday at 3 p. m. in the church.

Mmes. George A. Davison and Tom Winn were received as new members. Guests of the association from Cisco were Mmes. Bills, Sr., and Stockard. Others attending were: Mmes. Gilbreath, Pangburn, J. N. Wooten, Miller, Jean Day, C. A. Peterson, J. A. Beard, T. A. Bendy, Z. W. Outward, E. E. Wood, Bills, Barnett, Cooley, Fred Davenport, Henry Ferrell, J. H. Caton, Meek, and Miss Sallie Day.

### MARtha DORCAS CLUB SENDS ROSES TO ROTARIAN

The Martha Dorcas class sent handsome roses for the decoration of the luncheon table of the Rotary club weekly session Monday, as a sweet reminder of the Christmas seals, the sale of which they have undertaken.

A splendid talk was made by Dr. Caton in connection with his announcement of the Christmas seals for tuberculosis work in Texas. Each Rotarian found at his plate a pretty little Christmas seal pin, that supported the Red Cross design. These souvenirs were arranged by Mrs. Henry Seale, president of the Martha Dorcas class. Committees were out yesterday at work placing envelopes of seals in local business houses to be bought by the firms or companies. Beginning today, the movement will be pushed with publicity, each day this week. The sale of the seals opens tomorrow, Wednesday.

### W. M. U. MEETS IN MONTHLY SESSION

Monday was given over to the church societies in Eastland, and at that meeting experienced unusually large attendance.

That of the monthly session of the Women's Missionary union of the Baptist church was very gratifying. The session was conducted by the president, Mrs. Dahoney, and opened with the devotions the XXIV Chapter of Proverbs.

The enlistment campaign for the society was presented by the president, who appointed Mrs. Hattie Turvan, chairman; Mrs. Clyde Garrett, assistant chairman, and the balance of the committee to be filled in later.

The workers' conference, made up of some forty churches, will meet in Eastland and hold their session in the local Baptist church.

The W. M. U. will serve the noon luncheon to the conference, which they will entertain at that hour in the new B. Y. B. U. building. Details of the work in connection with the luncheon were settled at this meeting.

Members attending: Mmes. D. Dahoney, Ernest Harkrider, Davis, Nora Andrews, Weaver Hague, W. S. Daugherty, P. L. Parker, Bates, G. W. Dakan, Don Parker, Jones, McCannies, Hardin, W. J. Nelson, Theodore Ferguson, O. D. Billy, John Matthews, J. B. Overton, Valliant, A. T. Miller, Turvan and Ganett.

The society will meet in the three circles, South, West and Central, next Monday at 2:30 p. m.

### EASTLAND PERSONALS

Mrs. Eleanor Ruoff and infant daughter of Abilene, visited Mrs. Ruoff's sister, Mrs. Perry Sayles from Tuesday to Saturday.

Earnest L. Blinn, private secretary to E. H. Flinghausen of the marketing department of the Prairie, has been transferred temporarily to Corsicana, leaving yesterday on the Sunshine for that place.

### EASTLAND CIVIC LEAGUE REPORT IS COMMENDED

Mrs. William Reagan of Cisco, whose term of office as president of the Sixth district Texas Federation of Women's Clubs began with the expiration of the term, as president, of Miss Minnie Cunningham of Comanche, visited Eastland yesterday for the purpose of calling on the president of the Civic league, Mrs. W. K. Jackson to congratulate the League on its report made to the state federation's convention which closed a five-day's session in Wichita Falls Saturday, Nov. 17. Mrs. Reagan stated the report was given an ovation and occasioned hearty and favorable comment.

As delegates appointed were unable to attend the convention, the report was submitted in written form by the president of the Civic League and sent to Miss Cunningham who in turn presented it to the new president of the Sixth district, Mrs. Reagan, who said the message was outstanding in excellence, both in the amount of work the League has accomplished and in the financial report of the treasurer, Mrs. A. Dahoney.

The convention expressed approval of the propriety of naming the Eastland tourist camp "The Civic League Tourist Camp," and emphasized the desirability of clubs giving their individual names to all public projects.

### Realize what Kellogg's Bran means to your family's health?

Eaten regularly each day, Kellogg's Bran will permanently relieve constipation; it will free you from dangerous toxic poisons that lead to 90% of all human illness; it will remove the cause and sweeten a bad breath; it will clear a simply complexion through its work on the bowels. In fact, Kellogg's Bran, through its natural action as a bulk, indigestible agent, will tone-up the whole system!

If you knew exactly what constipation means from a medical viewpoint you would lose no time eating Kellogg's Bran yourself and serving it daily to your family. And, Kellogg's is actually delicious, its nut-like flavor adding greatly to the enjoyment of eating cereals. Eat at least two tablespoons each day; in chronic cases, with each meal.

### NAZARENES CONDUCTING DAILY REVIVAL MEETING

A revival meeting is being conducted by the Church of the Nazarenes in the Lackland addition tabernacle. Services are being held at 7:30 o'clock each evening under the direction of Rev. Mr. Pruitt and Mrs. Pruitt. Good singing and good sermons are said to feature the meetings, to which all are invited.

The report of the gift to county and city and dedication of the memorial fountain was received with sympathy and admiration.

Again the Civic league may feel that "By their works, ye shall know them."

### EASTLAND CHRISTMAS SEAL COMMITTEE PLANS FOR ACTIVE CAMPAIGN

The Martha Dorcas Sunday school class, of which Mrs. Seale is president, have about completed their plans for the Eastland sale of Christmas seals, for the benefit of the Texas Public Health service.

Mrs. Seale was named Eastland chairman by the health department agents but she prefers to let the Martha Dorcas members take the honor.

Sale of the Christmas seals is scheduled to begin on Dec. 1 and last over Christmas, but the Eastland women have their campaign all mapped out and they have asked permission from the state officials to begin work a little sooner. They think that the spirit of Thanksgiving makes for charity and good works and they want to begin their health stamp sale about that time.

The Christmas seals will be sold in public places in Eastland, in the stores and banks, office buildings, schools and postoffice.

### FARMERS LOOKING FOR GOOD HOMESITES IN EASTLAND COUNTY

The Eastland and Ranger Chambers of Commerce are having many calls from farmers wanting to rent farms for the coming year in Eastland county.

One of the latest applicants is J. E. Beeson of Gunsight, in Stephens county. Mr. Beeson wishes as much as 100 acres, but would take less. He cultivated 150 acres last year. He has his own farming implements and teams and is able to finance himself. He desires to locate in the vicinity of Ranger, Eastland or Cisco.

### "BLIND AS A BAT."

That's the impression so many people give you who still go day after day as if "under a cloud," because they feel that there is no hope for them to get rid of the disfiguring blemishes on their skin. If they would just notice or ask their dealer, they would find that thousands of people who once were in the same shape they are in, are now free from those distressing pimples, blotches, bumps, tetter, rash, eczema, ringworm, "breaking out," etc., and the secret of it is that they have learned that the one sure way to do it is by using the wonderful Black and White Ointment.

Black and White Ointment is economically priced in liberal size packages. The 50c size contains three times as much as the 25c size. All dealers have it.—Advertisement.

### EXPRESS COMPANY TO EVIDENCE RESPECT FOR ITS LATE PRESIDENT

Ranger and Eastland American Express offices will be closed for a 15-minute period between 3 and 3:15 o'clock this afternoon out of respect to the former president of the com-

pany, George C. Taylor, who died at Pelham, N. Y., Sunday.

Activity will cease all over the country in American express offices. Taylor, a poor boy, and once a wagon driver for the express company, made his start in Texas, C. E. Shields, Ranger representative of the company, said today. He started his upward climb in Texas," Shields said. "He was at one time stationed at Greenville."
