Missing Men Thought Buried Under Ruins Of Industrial Plant

DUST EXPLOSION STARTS FIRE IN MILL WAREROOM

Score or More Probably Dead In Corn Products Works in Pekin, Ill.

PEKIN, Ill., Jan. 4.—Mammoth cranes and hundreds of men with picks, crowbars and shovels were at work today on the ice coated ruins of the two buildings of the Corn Products company plant here in the belief that many of the men reported missing since yesterday's dust explosion were buried in the ruins. Police Chief McQuire early today said that his count of the dead totaled 8, but this figure is unofficial. The missing number 20, Corn Products officials estimated.

Throughout the night, outside the wire fence that encloses the plant, scores of relatives of the missing men maintained an all-night vigil. The cold was intense, but the grief-stricken ones appeared indifferent to suffering.

Superintendent H. B. Lawton took issue with the police figures on the number of dead. He said two bodies had been taken from the ruins and three had died in hospitals, making a total of five known dead. Lawton fears that all the missing are entombed beneath the wreckage. He directed a check-up of the 250 men who were in the plant when the dry dust explosion occurred and said that 21 men are missing.

Fire Follows Explosion.
The fire that followed the explosion that occurred Thursday morning was still burning Thursday night, but had been extinguished this morning. Peoria sent firemen to help the Pekin force and they kept the flames confined to the two buildings, but the thick ice that formed so quickly whenever water was thrown made the fight against the fire very difficult.

Chief Chemist R. F. Sherman said about one million pounds of starch was in the two buildings destroyed, but that it contained 12 per cent moisture content and he could not explain how starch of this moisture could have produced explosive dust sufficient to cause the explosion. Evidently it did, however, and it was admitted that the explosion might have been started by a spark from friction, from defective electric wiring or from a lighted match or cigarette.

One especial act of heroism was noted. Frank Lichtweiss, 26, of Peoria, was at work on the third floor of the plant when the fire started. Trapped with other workmen, he sang to them for nearly an hour to keep up their courage. One by one the men were taken out of the building and finally Lichtweiss jumped from a blazing window. He was severely burned, but it was said at the hospital to which he was taken that he would recover.

Citizens Owe a Duty To State To Pay Poll Taxes Early

It is the duty of every person, man or woman, to pay a poll tax. Possession of the poll tax receipt, if dated prior to Feb. 1 of each year, gives to every citizen, otherwise qualified, the right to vote in all elections held within the county during the following year, and it is the duty of every qualified citizen to vote. Payment of a poll tax is a duty because it evidences the wish of the citizen to have a voice in all county and municipal matters referred to the voters for consideration.

AUTO LICENSE TAX DUE NOW AND 1924 LICENSE PLATES REQUIRED

Eastland county commissioners court, it is reported, has granted no extension of time for the buying of automobile license plates, but no orders have been received in Ranger by authorities to "pick up" motorists without the 1924 plate.

Earl Bender, an abstract man of Eastland, told C. E. Maddocks of Ranger, who has been empowered to issue license numbers, that in talking to a county commissioner this week, he was told that the commissioners' court had ordered no extension of the time limit on the purchase of plates.

The Texas state highway commission sends the license numbers out to the 285 counties of the state for delivery to car owners before Jan. 1, the date on which autoists are supposed to carry the new license plate.

Last year, motorists of Eastland county and other counties were

COUNTY HAS NO ADEQUATE LIST FOR JURY DUTY

Judge Davenport Says Commission Should Meet and Fill Wheel Properly.

Following action by the court of criminal appeals reversing and remanding the case of the state of Texas against Harry Atwood, charged with the violation of the liquor laws, the higher court holding the jury had been improperly drawn because names of lawyers, ministers of the Gospel, physicians, firemen and road overseers had not been placed in the jury wheel from which the names of the jurors were drawn, it was thought there was a possibility of Eastland county having to do without jurors until next August, but there is said to be a remedy. Until the defect is remedied, Eastland county cannot select juries from the jury wheel.

Judge George L. Davenport, of the Ninety-first district court, before whom the case was originally tried, says he sees no reason why the jury commissioners who placed in the jury wheel last August the names of citizens to be drawn during the ensuing year for jury service should not be reconvened and instructed to place in the jury wheel the names of all those citizens left out of the wheel that should have been placed therein. Judge Davenport said he thought this action should be taken.

Reason for Omitting Names
In the trial of the Atwood case, Senator Joe Burckett of the law firm of Burckett, Orr & McCarty, who represented Atwood, filed a motion to quash the jury for the week on the ground that the officers selecting the names for the jury wheel from which the Atwood jury was drawn, had left out the names of ministers, lawyers, doctors, firemen and road overseers. This motion was overruled by the court, because the occupation of men named made them exempt under the law and to have them appear and urge their exemption would only have caused them loss of time and money and be an expense to the state as well. The case was appealed on this and a number of other issues.

Under a general law, counties having a city or cities with a population of 20,000 or more, are required to adopt the jury wheel system of selecting juries. The 1920 census placed Eastland county in that class. Before that time juries were chosen by a jury commission appointed by the district judge.

Under the jury wheel system certain officers, or one of the deputies of each, meet in the courthouse between the first and fifteenth of August in each year, and, under the direction of the district judge, select from the tax rolls of the county, names of qualified jurors which are placed in the jury wheel from which the juries for the following 12

DISAPPROVES OF ELECTRIC CHAIR, WARDEN QUILTS

F. R. Coleman of Texas "Pen" Says He Serves His Conscience by Resigning.

HUNTSVILLE, Texas, Jan. 4.—Rather than electrocute several condemned men under the new Texas law which has abolished hanging, Warden F. R. Coleman of the Texas state penitentiary here has resigned, he announced today.

In a letter accompanying his resignation, Warden Coleman said that to electrocute condemned men would subject him to mental anguish "such as I could not bear, and I believe I am best serving my own conscience by resigning."

GRANDSON OF JUDGE FIRMIN WINS IN WONDER CHILD CONTEST

RANGER, Jan. 4.—The Illustrated Daily Herald of San Francisco, Calif., in its issue of Dec. 21 published a large picture of Bobby Cuney, beautiful golden-haired and blue-eyed grandson of Judge and Mrs. A. E. Firmin of Ranger. The child was the winner of a five dollar cash prize in a wonder child contest recently run by the Daily Herald.

A story which accompanied the picture says of this child: "Bobby Cuney at the age of 1 year startled his family by imitating to the slightest details, the peculiar choppy steps and movements of his cousin's walking doll. Not only that, he knew just what he was doing and explaining to his astonished parents, 'Look I am a doll.' Since then Bobby—and little Bobby is now four—has learned a great many new "stunts," but if a thing is taught him he seems always to have an interpretation of his own. He may tell an old fairy tale, or speak of repeated bits of verse, but never fails to show the earmarks of an original personality."

DELINQUENT TAXES BEING PAID; HALF OF TOTAL DUE COLLECTED

Nearly one-half of the approximate sum of \$35,000 due as delinquent taxes on real and personal property in Ranger, authorized by the city commission to be collected through courts or other means, has been paid into the Ranger city treasury in the last three and one-half months.

E. A. Ringold, special tax collector, today said that \$16,362.33 has been collected to date. The sum of \$15,681.33 had been collected up to Jan. 1.

In addition two large sums, one \$1,300 and another \$2,200 will be paid, the delinquent property owners have promised, as soon as they can make financial arrangements.

A back tax payment of \$525 was made during the holidays, while Ringold was in Mississippi visiting his relatives.

The tax amounts collected are from the year 1919, when Ranger was incorporated as a city, until 1922.

Ringold began work as special tax collector about the middle of September. He made one extensive swing through West Texas and Oklahoma in his work, going as far west as Abilene, and, returning, visited Gordon, Mingus, Weatherford, Min-

Action Suggested in Kansas and Forecast in Memphis; Edna Also Involved.

KANSAS CITY, Kan., Jan. 4.—The motion picture censorship board of Kansas today considered a letter from Attorney General Charles B. Griffith recommending that films in which Mabel Normand appears be barred from the state.

MEMPHIS, Tenn., Jan. 4.—Mabel Normand, because she figured in Hollywood's latest scandal, will be barred from Memphis theatres by the municipal board of censors, John M. Dean, chairman of the board, announced today. Dean said that action would be taken at the next meeting of the board.

Edna Purviance, who was also involved in the shooting of Dines, may be given the benefit of the doubt, Dean said. The board will wait until all the evidence is in before passing judgment on her, he said.

WOMAN WHO SAW GREER TAKE PISTOL QUESTIONED

LOS ANGELES, Jan. 4.—The confession of Harold A. Greer, chauffeur for Mabel Normand who shot and wounded Courtland Dines, a wealthy Denver oil operator, today involved another woman in the mystery surrounding the assault which took place in the Denver oil man's apartments where the latter was entertaining Mabel Normand and Edna Purviance, the latter said to be his betrothed.

The police today interrogated Mrs. Edna Burns, companion of Miss Normand, following Greer's statement that when leaving for Dines' apartment Mrs. Burns saw him take the revolver with which the shooting was done and admonished him to be careful.

CO-OPERATION WITH BUSINESS INTERESTS HELPS BUILD RANGER

RANGER, Jan. 4.—"I have found this out about Ranger people," said Harry Bockstein, part owner of the West Texas Produce company, successor to the Dillingham Produce company of Ranger, "they co-operated with Mr. Dillingham. I am going to work for the same co-operation."

The West Texas Produce company bought out the Dillingham company and took possession of the company's plants at Breckenridge and Ranger on Jan. 1. The company also owns the Home Star Produce company of Fort Worth, with which concern Bockstein was identified before coming to Ranger.

Bockstein is no stranger to the business people of Ranger. He became acquainted with them through his connection with the Fort Worth house.

He termed Ranger a "splendid town," and he expects later to bring his family consisting of Mrs. Bockstein and four children to Ranger to make their home. He has three daughters and one son. He is living at the Gholsen hotel at present.

months are drawn. The officers composing the committee to draw the names from the tax roll and fill the jury wheel are the county clerk, district clerk, sheriff, tax assessor and tax collector.

Saving of Expense In August, 1922, when the jury wheel was filled from which the Atwood jury was later drawn, Judge G. C. Davenport of the Ninety-first district court was not in the county, but when it was filled by the same method in August, 1923, he was here and the matter of eliminating the names of such men as were by law exempt from jury service was discussed and after advising with a number of attorneys about the matter, it was decided to save the state the expense and the parties exempted by law the trouble and expense of coming to court, by leaving those names out of the wheel.

In reversing the case, the higher court states that "If the officers entrusted with filling the wheel might exercise their discretion in excluding certain classes of jurors, there would be no limit and the statutory method might be entirely abrogated."

Under the law applicable to counties where there is no city or cities with a population of 20,000 or more, and under which Eastland county operated prior to the taking of the 1920 census, the district judge appointed a commission and instructed them to use their judgment in selecting men to serve on the juries.

REDS AND GIANTS WILL GET AWAY NEXT SPRING AS FLAG FAVORITES; CINCY HAS EDGE ON JOHN M'GRAW

By HENRY L. FARRELL,
(United Press Sports Editor)

NEW YORK, Jan. 2.—Unless John McGraw is able to get a reliable pitcher and another experienced infielder, the Cincinnati Reds will get away next April as the favorite in the National league pennant race.

The Reds turned out to be the strongest rival of the Giants in the race last year and on the form shown in the late season, they stood as the prospective runner-up or better in 1924.

Since then the Reds undoubtedly have been strengthened by the deal which brought Carl Mays to Cincinnati from the New York Yankees. They also may find Tom Sheehan, American association pitcher, of a great deal of help to them.

Carl Mays is a peculiar type. He is unfortunate in having a disposition that made him few friends, and he always has been a very poor loser. He is young, as ball players go; is a very strong man, and with new surroundings he ought to win a lot of games for the Reds.

If any manager is able to handle Mays, Pat Moran is the one. So far, the Cubs and the Pirates have not been strengthened. The Cubs, being a young ball club, might expect a little general improvement, but there is no reason why the Pi-

rates should be more of a factor in the next pennant race than they were this year.

The Giants will have to be strengthened if they are to win another pennant, figuring that their competition will be just as strong in 1924. McGraw is sadly in need of pitchers and no one figures that his infield will be as strong and as reliable with young Travis Jackson taking Bancroft's place at shortstop.

It is still believed that Rogers Hornsby may be playing second base for McGraw when the season starts and it wouldn't knock anyone dead if Eddie Roush should be in center field.

George Kelly is a good piece of trading material, and McGraw would not hurt the tea miseriously if he decided to part with his tall first baseman. Pat Moran is sweet on Kelly, and the Red leader may need a first baseman, as it is understood that Jake Daubert might not be available next year.

It stands to reason that the present champions would be no weaker than they are now, if they are able to get Hornsby and Roush, and yet McGraw would be worried continuously by that weak pitching staff.

Roush would cut off a lot of runs and Hornsby would contribute many scores, but McGraw will have to have at least one winning pitcher.

Seek to Organize Basketball Team

RANGER, Jan. 4.—Aspirants for places on the independent basketball team to be organized in Ranger are asked to be at the high school gymnasium Friday night at 8 o'clock.

Several former college players and others have told R. N. Sandlin, high school basketball coach, that they are willing to help form a team.

All of the profits derived, if any, will go to the high school athletic association, several of those who are interested in the organization of a team have indicated.

FOOTBALL COACHES WANT PLAYERS WHO CAN THINK FOR THEMSELVES

NEW YORK, Jan. 3.—Two prominent football coaches of big eastern teams were discussing players who had distinguished themselves during the past season and the conversation led up to what they considered the most desired faculty in a player.

"I'll take the player with a brain," one said. "If he can think he can be taught, considering, of course, that he had fair ability or he would not be on the squad."

In elaborating, he went on: "I saw a quarterback last season who should have been the outstanding player of years. He could run, pass, receive, kick and tackle, but he had no idea what it was all about when the occasion arose for him to think."

It is no new theory that you can't teach an athlete to think and many examples keep popping up from time to time to prove it.

Bugler Lake lost the British bantamweight championship in London recently on a decision to Johnny Brown.

Two nights before he was to defend his title, Lake took part in an exhibition show and he fought 20 three-minute rounds against 10 light, welter and welterweights who were thrown into the ring, one after another, for two rounds against him.

No one can accuse that boy of thinking beyond the speed of common horse sense.

Another example from London: Jack Bloomfield, British heavy-

weight, had the British title practically cinched in a recent bout with Frank Goddard, a fighter who couldn't get a job as sparring partner for a third-rate fighter in this country.

Goddard had been on the floor several times and he was out on his feet. He couldn't have gone 20 rounds if Bloomfield didn't put a glove on him. It would have been impossible for Bloomfield to lose the decision, yet—

Bloomfield rushed him as he was getting up off the floor, hit him a mild slap while he was down, technically, and lost the contest and the title on a foul.

Johnny Dundee, rated as one of the smartest fighters in the business, has mental slips along with the rest of them.

Dundee thought he was smart enough and brainy enough to get along without a manager. He signed articles for a fight with Benny Leonard last summer and his end would have been at least \$35,000.

Just a week or so before the date scheduled for the fight, Dundee went into Philadelphia for an "easy" workout with Kid Wagner.

Wagner beat him all over the place, Dundee hurt his hand along with it and the promoters called off the Leonard fight.

WEAKENED HEART BRINGS DEATH TO LITTLE CHILD

The sudden death of Lucy Joe Winn, aged 2 1/4 years, at the family residence at 909 Halbryan street, Eastland, was a frightful shock to the parents, Mr. and Mrs. R. F. Winn. The little girl was seemingly in her usual health Wednesday, but complained of a pain and feeling sick at the supper hour. Later, the symptoms grew worse and a physician was summoned, who gave a sedative, and advised measures of relief. The father lifted the little one out of bed about midnight and she died in a few minutes. The physician, again, summoned, pronounced death due to heart failure. The child had an attack of diphtheria last year, for which antitoxin was administered, and the opinion is expressed by the parents that this weakened her heart.

Mr. and Mrs. Winn have an older child, a girl about 7 years old. The funeral services were held in the First Christian church of Eastland at 4 o'clock this afternoon, conducted by the pastor, Rev. J. N. Wooten.

The beautiful hymn, "Jesus Calls Me," was sung by Mrs. Charles F. Smith during services. The church was filled with sympathizing friends of the family. Interment was at the Eastland cemetery.

FIRE DAMAGES CONTINENTAL OIL PLANT AT COLORADO

COLORADO, Texas, Jan. 4.—The power plant and mill of Continental Oil Cotton company at Colorado was destroyed by fire of undetermined origin, which started in the engine room Wednesday night, and spread to the adjoining mill.

The Colorado fire department fought the flames two hours before getting the blaze under control.

Three large warehouses, filled with cotton seed meal and hulls adjoining the mill, were saved by the firemen. One box car filled with hulls on a siding near the mill was burned.

The east-bound Texas & Pacific passenger train was tied up two hours on account of the fire hose across the tracks.

The property is owned by John Guitard of Abilene, who said that the mill would be rebuilt at once.

COUNTY CLERK ARRANGES FOR NEW FILING CASES

Ernest Jones, county clerk, finds it necessary to increase his filing space as he has no room for several new deed records in which are being recorded the instruments now being filed. An order has been placed for additional filing space for 40 records, which will match the furnishings now in use in the office, and it is expected this will supply all the needed room for some time.

What is really needed, however, is a new courthouse, as the old one is getting very hard to look at, and owing to its construction, does not lend itself readily to any remodeling that will give any permanent relief.

The latest seismographic record was probably registering the ground swell in favor of Mellon's tax reduction.—Indianapolis Star.

POWELL CHECKS LOSS WITH GAIN IN OIL OUTPUT

Powell's sensational decline of the past few weeks was checked last week with a 7,000-barrel gain. The gain was due to a cleaning out of a number of wells which had quit flowing, and which accordingly increased production. A number of other wells also were connected up with pumps, which work had been delayed by unfavorable weather.

Ranger field production was 7,070 barrels and the Eastland district 7,640 barrels, according to figures compiled by the Fort Worth Star-Telegram.

Production in the nation last week averaged 1,934,320 barrels. California's production was down to 720,850 barrels, a decline of 6,000, according to the figures of the institute.

The detailed figures follow:

Oklahoma shows a daily average production of 368,800 barrels, decrease of 5,900 barrels; Kansas 71,200 barrels, increase of 150; North Louisiana 53,750 barrels, decrease of 800; Arkansas 118,250 barrels, increase of 100; Gulf Coast 88,850 barrels, decrease of 4,250; Eastern 109,000 barrels, decrease of 2,500, and Wyoming and Montana 158,900 barrels, increase of 6,900.

The Florence Lake tunnel now being bored in California will, when completed two years hence, be twice as long as the Rogers Pass tunnel on the Canadian Pacific railway, the longest tunnel in the new world, and a mile longer than the famous Simplon tunnel through the Alps. It will not be used by a railway but instead will deliver water to the Big Creek No. 3 hydro-electric generating station in the San Joaquin valley. Thus the amount of electric energy this station is now producing will be doubled.

CENTPEDE MUST HAVE DRAWN POISON FROM LIQUOR

AUSTIN, Jan. 4.—To an Austin negro goes the drinking honors of the season. The Travis county sheriff's department is authority for the feat of a negro who drank a bottle of denatured alcohol in which a giant centipede was being preserved, and lived.

DEMAND FOR DWELLING HOUSES IN RANGER NOW IS INCREASING

RANGER, Jan. 4.—There is decidedly more rental activity in Ranger at the beginning of the new year than there was one month ago.

C. E. Maddocks of the real estate firm of C. E. Maddocks & Co., is authority for this statement.

"On the first of December, we had eight modern houses for rent," Maddocks said today. "We have all of the eight rented, except two, today."

One month ago, a modern apartment house, which Maddocks represents as the owner's agent, had but one tenant. Today the same apartment house has five tenants.

The former vacant houses and apartments have been taken up by people moving into Ranger and new-layeds, Maddocks said.

"We had more places vacant the first of December than at any time in the history of our office," he said. "They are filling up now."

STREET SWEEPERS TELL OF EARLY AMBITIONS

FORT WORTH, Jan. 4.—What were the ambitions of the street sweeper before he took up the job of keeping the city clean?

An interview with two of them who were leaning on their brooms during a drizzling rain brought to light their hopes.

One was an old fellow with his coat collar pulled well about his face. The other was a younger man in his late thirties.

"Well," the old man said. "I wanted to be a preacher." The other, who had worked in the coal mines previous to his job in the "white wing" department, had to think before he recalled that he wanted to be a machinist.

Both confessed to never attending a picture show. Neither reads except for an occasional glance at a newspaper.

The "white wings" make \$3.50 a day. They begin work at 8 a. m. and quit at 4:30 in the afternoon. They traverse 16 blocks of streets twice a day, keeping them clean.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Often Means You Have Not Been Drinking Enough Water.

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your kidneys examined at least twice a year.—Advertisement.

MRS. McCLESKEY FILES DAMAGE SUIT AGAINST W. U. TELEGRAPH CO.

Mrs. Scott McCleskey of Ranger, joined by her husband, Scott McCleskey, has filed suit in the Eighty-eighth district court against the Western Union Telegraph company, asking for alleged damages in the amount of \$10,000, of which \$5,000 is for alleged disappointment, grief, mental pain and anguish and \$5,000 exemplary.

Plaintiff's petition alleges among other things that on May 21, 1923, plaintiff received a message from a sister-in-law in Montgomery, Ala., telling her of the serious illness of her father, J. N. Ozier, in that city. Plaintiff wired her sister-in-law at Montgomery to keep her posted by wire as to the condition of her father and informed the agent of the Western Union Telegraph company in Ranger that she was expecting a message from said sister-in-law; that a message from her sister-in-law for plaintiff was sent to her at Ranger, but was not delivered to her; that plaintiff then left to go to Weatherford, Texas, and instructed the agent of the Western Union Telegraph company that if a message for her from her sister-in-law came to deliver the same to the clerk at the Paramount hotel in Ranger and instructed the clerk of the hotel to forward any such message to her at Weatherford; that the agent of the Western Union Telegraph company delivered a message stating that plaintiff's father had died and would be buried at a certain time and asked plaintiff to advise if she was coming, but did not inform the clerk of the nature of the message and same was not delivered to plaintiff and she did not know of her father's death until it was too late for her to go to Montgomery.

HARDWARE AND IMPLEMENT MEN TO HOLD CONVENTION KANSAS CITY, Mo., Jan. 4.—The Western Retail Implement & Hardware Dealers' association will hold its thirty-fifth annual convention in this city Jan. 15, 16 and 17 with headquarters at the Coates House, H. J. Hodge, Abilene, Kan., secretary, has announced. The program this year will be even more intensive, Mr. Hodge states, than that of last year, which was a record breaker. More than 2,000 delegates are expected.

Physical Health means Beauty!

HEALTH and beauty go hand in hand. Where the system is run down—the face drawn and haggard—the body limp and lifeless—beauty is missing. Looks of pity supplant those that might have been gazes of admiration.

S.S.S. Makes You Feel Like Yourself Again

YEAR 'ROUND SLEIGHING ON SNOWLESS LAND

Madeira is perhaps the only place in the world where people go sledding every day of the year—without snow. A wickerkork body of wooden runners, with a canvas canopy and chintz side curtains is the vehicle used in this hilly country. A team of oxen is the motive power and the "sleighs" ride in perfect comfort over the small shiny cobbles with which all the streets are solidly paved.

The "chauffeurs" have to be strong lunged for they run miles, uphill and down, guiding the oxen and lubricating the runners with an oily rag. One exciting experience that Madeira offers is a four-mile slide down the mountain side, says Dwight Elmendorf in The Mentor for January. Part of the time the basketlike affair on runners crawls along like a deep ravine. Overhanging the pathway are giant geraniums, huge poinsettias and a gorgeous array of blossoms. The last half mile of the slide is taken at breathless speed.

DREINHOFFER IS PREPARING POSTAL RECEIPTS FIGURES

RANGER, Jan. 4.—J. F. Dreinhofer, postmaster of Ranger, is preparing his postal receipts for December, 1923, and also for the entire fiscal year. He expects to have the figures completed by Saturday.

Statistics of the American Railway association for 1919, indicate pilferage losses to all railroads of the country amounting to about \$31,000,000, or approximately 30 per cent of all claims paid. As a majority of such thefts occur at night it has been estimated that reduction in pilferage losses for a period of a year would pay the fixed charge incidental to electric floodlighting of all railroad yards and terminals.

The Pilgrim steam laundry of Brooklyn, N. Y., has found that electric trucks give the drivers, who must call for and deliver the family laundry they do, so much more time

for courteous service to their patrons that they are now the best possible salesmen for the laundry. Also the delivery cost of this laundry has dropped from 25 per cent of the total business done to only 17 per cent.

Keep stomach sweet—liver active—bowels regular—only 25c.

FOR CONSTIPATION

Black-Draught Recommended by an Arkansas Farmer Who Has Used It, When Needed, for 25 Years.

Hatfield, Ark.—Mr. G. W. Parsons, a well-known farmer on Route 1, this place, says: "I keep Black-Draught in my home all the time. It is the best all-around medicine I have ever found for the liver and for constipation. We began using it 25 or more years ago and have used it whenever needed since. I have never found any other medicine as good for constipation, and that was what I suffered with till I began using Black-Draught. Black-Draught corrected this condition, and now we use it for the liver and for indigestion—a tight and sluggish feeling after meals, for bad taste in the mouth and sour stomach.

"My wife uses it for headache and biliousness. It sets on our shelf and we don't let it get out. It has been a great help to us. I believe a great deal of sickness is caused by hurried eating and constipation, and Black-Draught, if taken right, will correct this condition."

PRISONER GRATEFUL FOR HAVING HIS COURSE CHECKED

DALLAS, Jan. 4.—Though placed behind prison bars for the next two years of his life through the work of Detectives Walker and Combs, Lloyd Smith, burglar, holds no ill

feeling toward them. In a recent letter to the two detectives, Smith said:

"I hold no malice towards you two gentlemen or anyone else. I did wrong, I know that. I am willing to pay my debt to society and start over again. I want to thank you for catch-

ing me; if you hadn't I'd probably be in a worse fix than I'm now in. Instead, for the next two years, I'll have plenty of time to plan for the future."

Walker and Combs sent Smith a carton of cigarettes for a Christmas present.

MISS HARWOOD HOSTESS TO MIERICOLES CLUB.

Miss Agnes Harwood was club hostess to the recent meeting of the Miericoles club, entertaining with two tables of auction in her private suite in the Harwood hotel. Members present were: Mmes. Theodore Ferguson, John B. McLaughlin, Alex Clarke, Arthur W. Spear, L. E. Edwards, Frank Weaver, W. L. Gupton, and Mrs. E. G. Schreck, the new member, whom the club gladly welcomed. Club favor for high score, a lace bandeau cap with ribbon trimmings, was awarded Mrs. McLaughlin. The hostess served chicken salad in orange basket containers, olives, biscuits, sunshine wafers, hot chocolate, and chocolate bon-bons at close of game.

The next meeting of the club will be held in two weeks at 2:30 p. m., with Mrs. Joseph B. Leonard.

SERIES OF INFORMAL HOME AFFAIRS.

Mr. and Mrs. Charles F. Smith entertained Mr. and Mrs. Frank Lovett and family, Miss Nellie Mae Lovett, and Raymond and Junior Lovett, at their home Sunday, when an informal dinner was enjoyed.

Mr. and Mrs. S. S. Noblett, their brother William Noblett of Cisco, and Miss Gladys Webb, home for the holidays from college; Miss Audrey Wingo, and host and hostess, formed a supper party at the hospitable home on New Year's day.

A watch party was held New Year's eve by the guests of the Smiths, Mr. and Mrs. W. C. Baker, Dr. and Mrs. S. C. Richardson, Miss Audrey Wingo, and Mr. and Mrs. Charles F. Smith. The hostess served delicious home-baked cake and hot chocolate after the New Year was greeted.

CHURCH OF CHRIST BIBLE CLASS MEETS WEDNESDAY.

The Wednesday Afternoon Bible class of the Church of Christ, of which Mrs. Tom Harrell is chairman, postponed on account of the cold day, will meet next Wednesday at 2 o'clock in the church.

The members are working on quilts and rugs, and these will be partially completed at the next meeting.

The women's division of the Bible class meets each Wednesday at 2 o'clock to sew on garments for the poor, and to make rugs and quilts, and other articles which are sent to the needy, and to orphan asylums.

The Bible class is taught each Wednesday night at 7 o'clock in the church by the attorney, Allen D. Dabney.

NOTES AND PERSONALS.

Miss Nellie Mae Lovett, who spent the holidays with her mother and father, the Frank Lovetts, returned to Simmons college in Abilene on Wednesday.

Miss Gladys Webb has returned to college after a week's holiday visit with her parents.

Mr. and Mrs. M. Paul Martin left early this morning in their car for Austin, en route to Corpus Christi. They will enjoy a vacation of two or three months before Mr. Martin goes into business harness. These pleasant young people spent Thursday evening calling on their closest friends, bidding them au revoir.

Mr. and Mrs. L. G. Graves moved their household effects Thursday to the former M. Paul Martin residence on East Hill street, which they have purchased, partially furnished.

Mr. McMurray, independent oil operator of Cisco, who was one of the original discoverers of the Pioneer field when in the firm of Stone & McMurray, was in Eastland Thursday calling on his many friends. He was accompanied by Bob Gillman, who purchased Wednesday, a Ford and a wagon.

The church societies will resume their regular meetings next Monday, and the clubs swing into action on their appointed days next week.

Things are rather dull since the college boys and girls have returned to their respective schools. The last to leave will be Tully Beth Conner, and Miss Marian Perkins, whose departure is set for Sunday.

There is rumor of the organization of a new literary club, which will probably take more definite shape after a rest from the recent holiday activities.
