## BUSINESS INTERESTS URGE BOND ISSUE

### PROMISES WATER FOR FIFTY CENTS PER THOUSAND

City Commission in Statement Asks Voters to Support Bond Issue.

Pure drinking water at the rate of 50 cents per thousand gallons and plenty of it is in store for Ranger water consumers if the voters pass favorably on the \$190,000 waterworks purchase and improvement bond issue Jan. 15.

This is promised in a statement issued today by the Ranger city commission in behalf of the proposal to buy the plant from the Ranger Waterworks company. The statement in full follows:

For your information we submit the following statement of facts concerning the bond issue and election which has been ordered according to law for Jan. 15. We want every citizen of Ranger to know that this matter has been thoroughly investigated by the representatives appointed by the chamber of commerce, the state board of health and the city commission.

**Plant Appraised First**  
In the first place before any attempt was made to purchase the present water system from M. H. Hagaman, there was an appraisal made by the firm of Elrod Engineering company of Dallas, to arrive at the present physical value of the water system. In making the appraisal, the engineers made the customary depreciations as allowed by law and arrived at a value of \$157,628.37. This does not include any part of Hagaman lake. Nor does it bind the city to continue to take the water from this lake, only so long as the city pays the owners of the lake 5 cents per thousand gallons of water. It reserves the right to discontinue taking this water without any compensation to the lake owners.

**Chamber of Commerce Approves**  
After the above appraisal had been submitted by the Elrod Engineering company, it was accepted by the commerce committee, the city commission and Mr. Hagaman. Then an effort was made to arrive at a price for the water system that would meet with the approval of the chamber of commerce committee and the commissioners. Eventually an offer was made by Mr. Hagaman and accepted, that the city would buy the entire water system for \$126,000 cash and \$8,000 payable at the rate of 1 cent per thousand gallons until the \$8,000 had been absorbed, which will take about five years. The ultimate cost will be \$134,000, which is \$23,638.37 less than the appraised value.

**In Answer to Criticism**  
There may be some criticism by some of the citizens of Ranger of our efforts in trying to do our duty in securing this water system for the city and in our efforts to furnish better water for less money than it now costs without increasing the tax rate. The water bond issue will be the only self-sustaining bond issue the city will have. All others are a direct burden on our taxes, while this one will net the city a sufficient revenue to mature these bonds and help pay running expenses of the city. The surplus revenue can be used in improving the streets and parks and other necessary and needed improvements.

**50 Cents Per Thousand**  
The water rate for domestic purposes should be 50 cents per thousand gallons and a less rate for industrial. If the city buys the water system, it will be improved by installing a rapid sand filtration system with a capacity of 1,500,000 gallons of health and operated under the supervision of a competent water chemist, insuring to the public drinking water without contamination. Also a storage reservoir of 500,000 gallons, additional pumping equipment, doubling the present capacity, more fire hydrants and water mains, all of which will reduce the insurance rate \$2.80 per thousand on all property in the fire limits of the city. You will notice we have placed at various places in the city samples of water for your inspection. This was drawn out of a tank at the Southern Utilities plant here in Ranger. This water was run through a small size sand filter, size 3-1/2 by 5 feet, and has had no treatment for germs or contamination. The system to be used by the city will be more elaborate and efficient.

**FROST WARNINGS SAVE FRUIT.**  
The fruit frost service of the weather bureau of the United States department of agriculture is of great value to the citrus growers of southern California, who are strongly organized to combat frost conditions and accomplish the saving of much fruit during periods of critical weather. The minimum temperature forecasts and special frost warnings during the current year were remarkably accurate. The various fruit growers' exchanges co-operated extensively with the bureau during the past year in giving financial and other assistance. Other fruit-frost activities were conducted during the year at Roswell, N. M.; Yuma, Ariz.; several Colorado districts; New Lisbon, N. J.; Wichita, Kan.; parts of Florida; Peoria, Ill., and at two centers in Missouri.

**STAMFORD.**—A series of regional conventions has been arranged by the West Texas Chamber of Commerce. The first is to be held in Colorado Jan. 22.

### CONSPIRACY TO SHIP ARMS FOR HUERTA NIPPED

Federal Agents Stop Effort of Blockade Runners to Defy U. S. Government.

United Press.

WASHINGTON, Jan. 9.—Federal agents have broken up a conspiracy in connection with President Coolidge's embargo on arms shipment for the private sale of arms to the De la Huerta revolutionists in Mexico, it was learned today.

The plan was financed by New York financiers and the arms were to be shipped from New Orleans. According to the agents, arms and ammunition worth \$500,000, including machine guns and rifles had been purchased by a gun running syndicate before the embargo was placed.

### American Schooner Is Reported Lost

HALIFAX, N. S., Jan. 9.—The American schooner Nicholson in command of Commander Horace G. Wilde has been lost with all hands between Port Oux Basques and Curling, according to messages received here today. The number of the crew is not given.

### CHARLES R. HOLMAN, AN EX-SERVICE MAN DIES, CAN'T LOCATE RELATIVES

Efforts are being made to locate relatives of Charles R. Holman, who died Tuesday morning in a private room of a Ranger doctor, where he had gone for medical treatment.

Holman, who is an ex-service man, gave the Texas company in his application for work, the address of two sisters in El Paso when he came to Ranger three years ago. These sisters are not living at this address now as telegrams to El Paso have been undelivered.

Holman was 43 years old and a bachelor. He was employed in the pipe line department. His body is being held at the rooms of the Jones-Cox Undertaking company.

### EWELL MORRIS WILL BE FIRST MAN TO DIE IN CHAIR, IF NOT SAVED

AUSTIN, Jan. 9.—Application for writ of certiorari by Ewell Morris, under sentence to be electrocuted at the state penitentiary Jan. 16, for the murder of Oliver Marshall in Victoria county, was refused by the court of criminal appeals, the court holding that it was without jurisdiction.

Only interference by the governor will keep him from going to the electric chair and if commutation is not granted, Morris will be the first man to be electrocuted in Texas.

**THIRTY NEW STREET CARS FOR DALLAS SYSTEM COMING**  
DALLAS, Jan. 9.—The Dallas Railway company expects to receive 30 new street cars by Feb. 1. These cars were ordered several months ago. The new cars are needed to care for the transportation demands of the city. They are of the most modern construction and will afford greater comfort for car riders than some of the equipment that is in use now.

Considerable extensions of the street car lines have been made in Dallas during the past year to meet the needs of a growing city and other extensions are under way and in prospect. Traffic conditions in Dallas are such that the use of automobiles for regular trips in the city by the average person is so difficult as to make greater use of the street cars necessary.

**SENIATOR WALSH WILL TAKE E. B. McLEAN'S TESTIMONY**

Prayer services were held in many churches today for his recovery. He has been a leader in the Southern Methodist church for the last 20 years.

### GUARDSMEN PATROL CITY, WHERE MOONSHINERS AND DRY AGENTS ARE ON EDGE

MARION, Ill., Jan. 9.—Three companies of national guards today prevented any outbreak between moonshiners, dry agents, Ku Klux Klan and an anti-klan organization, the Knights of the Flaming Circle.

The guards arrived last night under orders of Governor Len Small and Adjutant General Black. General Black was deciding today to take what steps necessary to prevent bloodshed, which reached a climax yesterday when Sheriff Jones sent a telegram from his sick bed that the situation had reached a stage beyond his control.

### Prairie Pipe Line Prices Revised on Basis of About 10 Cents Barrel Advance. Other Oil Companies Expected to Meet Competitive Buying Prices.

United Press.

The Prairie Pipe Line company revised their crude oil prices upward this morning to higher price levels of any major company in the North Central Texas oil fields. The prices are 10 cents a barrel higher for all of the grades in North Texas, Oklahoma and Kansas fields.

Prairie prices posted today are: Below 33 degrees, \$1.25. 33 to 35.9 degrees, \$1.25. 36 to 38.9 degrees, \$1.40. 39 and above, \$1.50.

Only three grades were recognized in the Nov. 8 posting of the company when the prices were cut for the last time. Below 33 gravity oil brought 75 cents and 33 to 39.9 oil \$1, and 40 degree and above, \$1.25 a barrel.

The new prices posted today by the biggest purchaser of mid-continent oil are considerably below the prices established on Jan. 13 of last year. Oil with a gravity of 37 to 38.9, which will include most of the oil brought to the surface in Eastland and Stephens counties then brought \$1.70 and 39 to 40.1 oil, \$1.90.

Swift Advances.

Last year, Prairie made a number of swift revisions upward, beginning on Jan. 13. The second advance came on Jan. 17 and still another one on Jan. 27. The upward trend continued until April 3 when the first reduction was made.

The peak of prices was reached on Feb. 17. Seven grades were recognized and the price paid for 37 to 38.9 grade oil was \$2.20, which is 80 cents greater than the current quotation for Ranger common gravity oil.

Feb. 17 prices were: Below 28, \$1.50. 28 to 29.9, \$1.60. 30 to 32.9, \$1.70. 33 to 33.9, \$1.85. 35 to 36.9, \$2. 37 to 38.9, \$2.20. 39 to 40.9, \$2.40. 41 and above, \$2.60.

Texas Starts Advance.

The Texas, Humble, Magnolia and Gulf, major pipe line companies in the Texas fields, are paying \$1.40 a barrel for oil of 39 gravity and above. The Texas was the first to inaugurate the higher price for crude when on Dec. 27 it announced its new schedule. The other companies followed with upward revisions within 48 hours.

The demand for more crude on the Atlantic coast as evidenced by figures made public Monday of the December shipments of the Prairie company made higher quotations a thing to be expected almost any morning.

The Prairie was the last major company to cut crude oil prices, and oil men around Ranger declared it would be the last to increase its prices.

### PRAIRIE COMPANY LEADS IN TODAY'S OIL ADVANCES

TULSA, Jan. 9.—Mid-Continent crude oil prices were advanced 10 cents a barrel by the Prairie Oil & Gas company. All other companies met the new prices. The new Prairie prices affect oil in Oklahoma, Kansas and North Texas.

### TEXAS AND MAGNOLIA COMPANIES RAISE PRICES

Texas company and Magnolia Pipe Line company announced a new price schedule for crude oil, effective at 7 a. m. Wednesday, which correspond to the prices announced this morning by the Prairie company, with the exception that the Magnolia has six grades and the others four grades of oil.

The two grades, which are not included in the price schedule of the Prairie and Texas, but are recognized by the Magnolia are for under 23 degrees and 23 to 30.9 degrees. The former grade brings 50 cents and the latter 75 cents. To bring \$1 a barrel, the oil must have a gravity of from 31 to 32.9 oil under the Magnolia schedule. The Texas and Prairie will pay \$1 for all oil below 33 degrees.

### Petitions Court To Find Him Crazy, Big Estate At Stake

CHICAGO, Jan. 9.—Richard C. Stafford, 63, went into court today to prove that he is crazy. If he can produce convincing evidence of his insanity he will inherit \$400,000, according to Frank T. Jordan, his attorney.

United Press.

Two wills left by his brother, James W. Stafford, are in dispute. One will left the \$400,000 estate to a nephew, Edmund J. Stafford. A second and later will bequeathed the estate to Richard, who, through his attorney, charges that the nephew had him declared insane.

After being declared insane by the courts, Richard says he was induced to sign certain deeds which invalidated the second will. Now he will seek to show the court that any deeds signed by him since he was declared insane are illegal and therefore not binding. When this point has been established, the second will becomes the final will and testament of his brother.

### HEATON HERESY CHARGES DROPPED, SAYS BISHOP

United Press.

DALLAS, Jan. 9.—Because no specific charge of heresy were placed against Rev. Lee W. Heaton, there is no vindication necessary, Bishop Harry Moore said today in commenting on the demand that the Fort Worth pastor be completely vindicated. "So far as this diocese is concerned the whole matter is dropped," Bishop Moore said.

### HIGHER COURT REFORMS DISTRICT COURT JUDGMENT

United Press.

The law suit involving the large unfinished brick apartment house on West Commerce street, Eastland, has finally been passed upon by the supreme court and the mandate has been received at the district clerk's office here.

In 1920 the Elliot Lumber company filed suit in the Ninety-first district court of Eastland county against J. B. Mitchell, who was constructing the building, for \$8,000 for material. The trial court rendered judgment for plaintiff, but because of the fact that defendant had moved into a building on the ground near the apartment, ruled that the plaintiff could not foreclose a material man's lien on the property.

The higher court has reformed the lower court's judgment and order of sale has been issued.

### MOYER GOES TO CHICAGO FOR BUSINESS SESSIONS

John Moyer of Ranger, state manager for the American Glycerine company, with headquarters in Ranger, left Tuesday for Chicago to attend a national business session of state managers of the company.

Before leaving for Chicago, Moyer made a number of business trips since the first of the year and he found prospects in the North Texas oil fields encouraging. He heard of new locations and the taking over of much acreage near Colorado, Texas, by oil companies and independent operators that should mean unusual activity for the fields near Colorado.

### HARRIS COUNTY PROSECUTOR IS MUCH INCENSED

Voices Protest Against District Judge for Granting Bail to Alleged Murderer.

United Press.

HOUSTON, Jan. 9.—A split developed today in Harris county's judicial system over the case of Robert J. Robinson, former Texas university student, charged with the murder of Mrs. Mollie D. Dudley.

Following granting of \$10,000 bail to Robinson yesterday by District Judge Harvey, a bitter attack on the judge was launched by District Attorney J. Dixie Smith. "The granting of bail to Robinson was an outrage and a travesty on justice," Smith declared. "If there ever was a cold-blooded murder in Harris county, the killing of Mrs. Dudley was one. The action of the district judge shows lack of co-operation that is tying our hands in the administration of justice."

Robinson was free today on bond.

### World War Relics Put on Exhibit By Carl Barnes Post

Field glasses, wooden shoes and helmets have been brought out of their resting places at home by members of Carl Barnes post, American Legion, in connection with the bringing to Ranger of the war drama, "Flashes of Action."

Members of the post have contributed a German gas mask, a helmet, cartridges and other implements of war, which were actually used in France to an exhibit in one of the display windows of the Star Army store, Main street. A red cord taken from a hat of a French blue devil is also in the exhibit.

Dr. H. A. Logsdon, a member of the post, has an interesting and large exhibit of relics of the World War. A one-pound shell; field glass with a hole made by a piece of shrapnel in it; wooden shoes worn by a German behind Hindenburg's line; candle holder, found in a Catholic cathedral after its destruction; vase made from a French '75' shell by French artillerymen; these and other objects are in the display.

Signal corps photographers who accompanied the soldiers, sailors and marines in action made millions of feet of movies and from this collection, the war department gathered the cream of the scenes into five reels entitled, "Flashes of Action," which will be exhibited afternoon and night today and tomorrow at the Liberty theatre.

### GALVESTON RANKS FIFTH AMONG NATION'S SEAPORTS

PLAINVIEW, Texas, Jan. 9.—Thousands of wild ducks and geese, drawn to Castro county by the plentiful supply of grain and water, are ravaging the grain fields of the county.

Hampered by unprecedented wet weather, which has made roads in this section practically impassable, farmers have been unable to launch a concerted drive against the marauding fowls.

Many farmers are faced with the loss of almost their entire grain crops.

### ROTARIANS WANT RANGER TO OWN WATER SYSTEM

So on Record 100 Per Cent for Bond Issue and Purchase of Water Plant.

Ranger Rotarians went on record at their luncheon in the Gholson today as unanimously in favor of the purchase of the Ranger water supply system by the city, and for the issuance of bonds in the sum of \$190,000 for the purchase and improvement of the plant.

According to City Commissioner Frank Brown, a guest of the Rotarians, the Ranger Lions, of which he is a member, went on record two weeks ago in favor of the bond issue for the purchase of the water plant.

Because it is probable—in fact was stated by John H. Gholson—that some voters in Ranger who are not acquainted with the plan for the purchase of the water plant are likely to vote against the bond issue because they do not realize that the bond issue will not increase their taxes and that it will enable the city to make a great forward step by ownership of its water supply, it was agreed that the Rotarians will join with the Chamber of Commerce in calling a mass meeting for next Saturday night, at 8 o'clock, to be held in the Liberty theatre, at which speakers who have facts and figures at their command will tell just what the bond issue will accomplish; how it will affect taxes and how the city will be benefitted by owning the water works.

**Cholson Gets Action.**  
John H. Gholson started the discussion at the Rotary luncheon today that got action. He said too little publicity had been given to the purchase of the water plant and that the bond election next Tuesday would come before the people were properly informed unless a mass meeting was held. He called for a vote among the Rotarians and found them 100 per cent for the bonds and the purchase of the water plant.

E. R. Mahor, Dr. L. C. G. Buchanan, M. H. Hagaman, M. R. Newnam, City Commissioner Raymond Teal and Marvin Collier expressed themselves earnestly in favor of the bond issue, but all urged more publicity so that the voters would be informed and that none might vote against it through ignorance. It was assumed that none who has given thought and study to the proposition could or would vote against the bonds, for the statement was made authoritatively that the purchase of the water plant by the city would reduce the cost of water to consumers and provide them with pure water that could be used for all household purposes and that it would be a saving to them in many ways, including fire insurance rates.

**Challenge to Lions**  
Following the reading of a challenge from the Ranger Lions for a competitive gun shoot, Marvin Collier suggested that the challenge be accepted, but the meet postponed 30 days, and in the meantime the Lions be challenged to do as much publicity in the interest of the bond issue for the purchase and improvement of the water plant. This was agreed to.

Replying to a question, John H. Gholson, who is to be the presiding judge of the election, said that both husband and wife, if tax payers, were qualified to vote in the election. All persons who have lived in Ranger for six months or more and in the state for one year or more and hold poll tax receipts for 1922 are entitled, if property owners, to vote in the election.

President Gus Coleman named M. R. Newnam and John H. Gholson, representing the Rotarians, to co-operate with Frank Brown of the Lions and O. D. Dillingham, president of the Chamber of Commerce, in spreading the gospel of publicity about the bond issue and ownership of the water plant by the city, and to arrange for the mass meeting Saturday night.

MARVELOUS RADIO DEVELOPMENT.

During 1923 radio development involved an expenditure of more than \$50,000,000 for receiving apparatus. Some 18 companies are manufacturing parts and cannot fill their orders. It is predicted that next year the volume of business will exceed the talking machine. Radio, quietly but steadily, is effecting a revolution in American social habits, destined, it is said, to change them as radically as the automobile and the "movies" have done. To just what extent radio is going to affect old-time purveyors of entertainment—theatres, picture houses, lecturers and concert givers—is not known. America now has 537 broadcasting stations and it is estimated that there are more than 35,000,000 listeners. A census taken recently showed that half of these listeners preferred jazz and other popular music. The commercial uses of the radio is now being developed and it may become as great a factor as the telegraph or telephone.

1923 WAS BANNER YEAR.

The statistical record of the year 1923 has been a remarkable one, and since it is only through dry, cold figures that some idea of the enormous expansion which has taken place in industry and business may be gained, some of these barometries, to which the country's commercial leaders must look for future guidance, are recounted. The American people produced more, spent more, and saved more than ever before. Bank clearings for the year 1923 have been approximately \$23,000,000,000 larger than those of 1922; railroad earnings for the year were approximately 5.10 per cent of the high valuation of the roads, or a gross of \$5,432,958,000 as compared with \$4,690,718,000 in the previous year; the farm crops were valued at \$8,322,695,000 as compared with \$7,449,804,000 in 1922; building permits for the first 11 months of the year aggregated \$2,434,262,000 as compared with \$1,907,766,000 in 1922. Commercial failures involved \$93,000,000 less than in 1922. The output of pig iron, 43,000,000 tons, was double that of 1914. Cotton consumption exceeded that of 1922 by 5000,000 bales. Surely, in view of these cold facts, business has very little cause of complaint over higher wages to labor, or because of taxes—most of which were passed on to the ultimate consumer.

DIVISION OF WAR PROFITS.

The soldiers' bonus question seems to have developed into a fight between the American Legion and a number of war veterans who do not belong to the legion. Back of the opposition, however, is the power and influence of Wall street and men of larger incomes who are anxious to have sur-taxes cut as per Mr. Mellon's proposition. They fear that if the bonus is granted taxes will not be reduced. Will Rogers, the cowboy philosopher, aptly recalls the time when the American people promised the soldier boy everything in the house—even the cook stove, if he would save the world for democracy by acting as a target for German bullets. It was admitted on the floor of the senate that if there had been no profit in the war there would have been no war—and it pulls hard to divide those profits with the boys who were forced to work for \$1.25 per day and now claim a small equity in the profits. From their standpoint it is not a question of charity—it is a question of equity in law.

ROTARY CLUB DINNER ENJOYED BY GUESTS.

Nearly 100 members and guests of the Rotary club of Ranger enjoyed a splendid dinner arranged for them Tuesday night in the banquet hall of the Gholson hotel. The event was arranged by the losers in an attendance contest, in honor of the winners who were Albert Joseph, John W. Thurman, M. B. Lasch, C. W. Harless and A. L. Bergere. The tables were artistically decorated with ferns and pink carnations. Individual favors of cups filled with many colored candies were an additional ornament, and a delicious four-course dinner was served. Amusing repartee among the members, started by Raymond Teal, enlivened the evening, as well as short talks by Gus Coleman, Albert Joseph and others. Rev. Frank H. Stedman of Cisco made a strong appeal to the Rotarians to strengthen the spokes in their Rotary wheel through higher ideals for home, business and community, thus living up to their motto of "Service above self." Spanish songs were sung by Misses Phyllis Williams and Ida Mae Lonsdale dressed in attractive Spanish costumes. They were accompanied by Miss Brooks. The Lasch twins, Pauline and Josephine, played a piano duet, one of them giving a solo in response to hearty applause. The party broke up at a late hour wishing that more dinners of a similar nature might be offered by the Ranger Rotarians.

FIRST BAPTIST LADIES HAVE DAY OF PRAYER.

Monday was an all-day prayer meeting for the ladies of the First Baptist church who were joined at noon by their husbands, when a hearty dinner was served. The attendance was large and the occasion enjoyed by those present.

PRESBYTERIAN AUXILIARY MEETING ENTHUSIASTIC.

Renewed enthusiasm seemed present at the Monday meeting of the Presbyterian auxiliary, and several new members enrolled. It was an added pleasure for the members to meet the new pastor and his wife, Rev. and Mrs. G. D. Robison, who have recently come here from Tennessee. Plans for further activities are being made and it is expected that the work of the auxiliary will increase materially now that a minister has been secured for this church which has been so long without one.

PERSONALS.

Mrs. A. E. Lindquist of Cleveland, Ohio, daughter of Judge and Mrs. George L. Davenport, is expected Thursday for a visit of a month or six weeks with her parents. W. B. Dodson of St. Helena, Calif., is visiting his niece, Mrs. Walter Murray. Mr. Dodson still calls Texas home, though he spends much of his time in California where his son is in college and will soon graduate from the Pacific Union college at St. Helena. He stopped in Ranger on his way to Fort Worth from California. A number of leaders of the Ranger Methodist church attended the all-day meeting of the church held today in Eastland. Mrs. George W. Outlaw is confined to her room at her residence, 220 South Austin street. Mr. and Mrs. J. A. Bronson and son James Jr., have returned to Ranger after spending the holidays with Mrs. Bronson's parents in Fort Smith, Ark. Mr. and Mrs. M. B. Lasch and family are now living in their new home at Lone Star Plant No. 3, about six miles north of Ranger, where the company built them an up-to-date modern house. They moved out on Monday of this week. Mr. and Mrs. Walter Murray and family are moving into the former Dillingham home on Young street, until recently occupied by the Lasch family.

Means Better Water

A vote for the bond issue mean more water, better water, cheaper water and drinking water for everybody, as well as progress for the city. We submit for your information a statement of facts as to the bond issue and contemplated cost of water system with the improvements:

- Bond issue, \$190,000, less approximate discount of 5 per cent, \$180,500. Cost of water system, cash, \$126,000, leaving the difference between the cash price of the plant and the amount received for the bonds of approximately \$54,500 for improvements, to be expended as follows: New standpipe or reservoir, \$ 8,000 New Pumping equipment, 8,000 New sand filter system, 25,000 Repairs to present pumps and buildings, 3,000 New water lines and fire plugs, 10,000 \$54,000

If there is any further information concerning the development and progress of Ranger in connection with the above proposition, you will find your commission ready and willing to serve you to the best of our ability.

BANK DIRECTORATE MEETINGS POSTPONED BECAUSE OF ABSENCES

Annual meeting of the directors of the Ranger State bank was continued from last night until Wednesday. The meeting was interrupted by the Rotary club program at the Gholson hotel, several directors being members of the club. The Ranger State bank stockholders met Tuesday afternoon and several changes in the directorate made. Because of the absence from the city of O. D. Dillingham, president, and John Thurman, cashier of the Peoples State bank, no directors' meeting is planned for this week, according to C. E. May, one of the bank's vice presidents.

"The directors usually meet sometime between the first and twelfth of the month," he said, "but no date has been set yet."

RANGER HI BASKETBALL FIVE WILL GO TO STRAWN

Ranger High school basketball team will go to Strawn tonight for a return game. The players need several automobiles for the trip of 13 miles and anyone who wishes to make the trip will assist the team in getting to Strawn by bringing their cars to the high school building at 6:30 o'clock when the start is planned.

LION TAMER SAYS DO NOT SHOW FEAR OF THE BIG CATS

DALLAS, Jan. 9.—Lions are just like dogs in their friendship for men. Leopards are the most treacherous of wild animals. So says Wyland H. Stokes, wild animal trainer, who was in Dallas recently.

Stokes is widely known throughout the United States as a trainer of wild beasts and had charge of animal actors in the motion picture, "The Son of Tarzan."

"Leopards are slower to respond to training and are more treacherous, like tigers, than other animals," said Stokes.

Contrary to general belief, the worse lions are not the ones that make the most noise, or show the biggest set of teeth in the circus acts.

"They are trained to fight," explained Stokes, "but the fighting means little more than gestures."

As for taming lions—or training them—Stokes prefers ones fresh from the jungles to one that has been born in captivity.

"The ones that have never seen a man before their capture are easier to handle than any others, because as the cub lions grow up, they soon learn that some people are afraid of him."

Right here Stokes gives a good tip to follow if you ever bump into a lion on the street: Don't act as if you were terrified. Even if your legs won't stand quiet, look the lion in the face and stare him out of countenance, Stokes advises.

"Some people couldn't get inside a cage before the cats would eat them up. The animals are quick to see who is afraid."

G. BERT DAVIS PLAYERS AT LIBERTY THEATRE NEXT WEEK

Harley Sadler is presenting to the people of Ranger at the Liberty theatre next Monday and all week the G. Bert Davis players, one of the largest and best dramatic stock companies on the road today. An advance notice says:

"Every one an artist, both actors and musicians. The plays are up-to-date and lots of good, wholesome comedy. The vaudeville specialties between acts are of the best and well worth the price of admission alone."

The big allegorical play of "Which One Shall I Marry?" is the funny play for Monday night and as an added inducement to the public to look over the merits of this company they are admitting ladies free Monday night. One lady will be admitted free with one paid adult ticket. Look over this company Monday night and it is promised you will want to come back Tuesday night, because you will feel it is worth while.

Eastland County Doubles Its Cotton Output In One Year

Nearly twice as many bales of cotton were ginned in Eastland county in 1923 as compared with 1922, according to the report of the bureau of census of the department of commerce. The figures are 12,266 for 1923 and 6,903 for the preceding year and include all ginning up to Dec. 20 of last year. Ellis county led the state with 111,371 bales. Williamson county came next with 108,621. Both of these counties registered a decided increase in cotton ginned. Williamson's ginning figures were 78,992, and Ellis', 79,302 bales. The totals for 1923 and 1922 are 4,000,513 and 3,061,447 bales, respectively.

METHODISTS HOLD BIG RALLY TO STRENGTHEN THEIR LAY ACTIVITIES

A meeting of more than usual importance to local Methodists and Methodists of the Cisco district was held at the Methodist tabernacle in Eastland, today. This meeting was a big rally of lay leaders, pastors, committee chairmen, and representative men and women from all over the district.

Prof. G. R. Morelock of Nashville, Tenn., secretary of the general board of lay activities, was the principal speaker at this rally. He is considered the greatest lay speaker in the Southern Methodist church.

The district leader presided at the meeting, which opened at 10 o'clock this morning. After a message by Rev. W. H. Matthews, district leader, and Rev. J. E. Crawford, Dr. Morelock delivered his address on "Shall America Remain Christian?"

In the afternoon an important round-table discussion of the work of lay leaders and the various committees was conducted by the conference leader, Judge W. Erskine Williams, of Fort Worth.

Following the round-table "The Call of the Hour" was discussed by Mr. Morelock and Rev. J. E. Crawford.

The closing address will be delivered by Rev. Sam G. Thompson, presiding elder, his first appearance in Eastland.

No. 10,585. CITATION BY PUBLICATION. THE STATE OF TEXAS.

To the Sheriff of any Constable of Eastland County—Greeting:

You are hereby commanded to summon B. D. Stansell and Caroline Stansell, Mollie Stansell Robnett, et vir., W. F. Robnett, W. A. Stansell, et ux., Mary Stansell, Lizzie Stansell Fenlay, Ervin Fenlay, Ida Fenlay, Velma Fenlay, Lillie Stansell Carmichael, et vir., L. M. Carmichael, Ida Stansell Bacon, et vir., J. R. Barron Stansell, Wilfred Emmett Stansell, Harold Leroy Stansell and Henrietta Mable Stansell, minors, and Charles Barron Stansell, Wilfred Emmett Stansell, Harold Leroy Stansell and Henrietta Mable Stansell, and the unknown heirs of Emmett D. Stansell, W. H. Mayhew, J. C. Mayhew, W. E. Payne, Powhatan Carter and J. J. Harper are defendants.

For cause of action plaintiffs allege that they are the owners of all the oil, gas, coal and other minerals and all mines and minerals in, under and upon the following described tract of land, situated in Eastland County, Texas, to-wit:

The S. W. quarter (S. W. 34) of Sec. 43, Block 3, H. & T. C. Ry. Co. Survey of Lands.

That plaintiffs have the right and perpetual easement to go upon said land above described and to prospect for and develop said oil, gas and other minerals and to produce and remove the same from said lands; that the defendants claim certain rights as the owner of said land above described. The plaintiffs allege that said defendants have not the title thereto nor any right of any kind in and to said minerals but the same are owned by plaintiffs.

The plaintiffs allege that said defendants claim the surface rights to said land and asserting possession thereof by virtue of the claim of

sell Thurman and husband, J. C. Thurman, Lizzie S. Fenlay, Ervin Fenlay, Ida Fenlay and Velma Fenlay, minors, Lillie Stansell Carmichael and husband, L. M. Stansell, W. H. Mayhew, J. C. Mayhew, W. E. Payne, Powhatan Carter and J. J. Harper are defendants.

Further alleging that oil and gas in great quantities have been discovered and same are now being discovered and produced from said lands in the vicinity of the land above described, the plaintiffs aver that their rights are likely to be depreciated and possibly destroyed if they are denied the access to said land, the fugitive nature of oil and gas being a well known and established fact; that the oil and gas owned by plaintiffs will be drawn away due to the close proximity of wells on other land, and plaintiffs will be irreparably damaged.

Wherefore, plaintiffs pray that that they have judgment removing said cloud from their title to the property herein described; and that defendants, and each of them, be enjoined perpetually from in any manner resisting and contesting plaintiffs' right or entry upon and their use of said premises in the exercise of the rights herein alleged; for the costs incurred in this behalf and for general and special relief as in law and in equity they may be justly entitled to receive.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court in Eastland, Texas, this 14th day of December, A. D., 1923.

Asks This Lady, "That I'm a Believer in Cardui?"—Had Been So Weak She Had to Go to Bed.

Osawatimie, Kans.—Mrs. E. E. Heist, formerly of Illinois, residing here, says: "We moved to this state eleven years ago, and I had good health for a long while; and then some year or so ago I had a bad sick spell. . . .

"I got so weak I couldn't go, I couldn't stand on my feet at all. I had to go to bed. I suffered a great deal. I was so nervous I felt I couldn't live. I tried medicines, and everything; had the best of attention, yet I wasn't able to get up. I lay for three months, not able to do anything.

"My husband is a bill poster and has circulars distributed. One day there came to be a Ladies Birthday Almanac among his circulars. I read it, and told some of the family to get me a bottle of Cardui. . . .

"I quit all other medicines and took it (Cardui) faithfully, and two weeks from the time I began to take Cardui I was out of bed—better than for months. . . .

"I kept it up and continued to improve until I was a well woman. . . .

"Do you wonder that I am a believer in Cardui? I certainly am. And I am sure there is no better tonic made for women than Cardui." NC-151

Vigorous Old Age

WILL separate youth and old age with a deep and ever-widening abyss? The bloom of youth and the hardy, ruddy glow of Old Age—sixteen and sixty—should be separated only by the span of years and not by varying differences of physical wholeness.

Vigorous old age is within the grasp of all. S. S. S. brings that hale and hearty feeling back with a rush. Rich red blood is the greatest enemy of weakening, health, undermining Old Age. S. S. S. builds Red Blood Cells. Rich, red blood coursing through your veins sweeps away impurities that retard the proper functioning of your system. Old Age—once a dreaded agony becomes a vigorous, enjoyable, care free time of life.

S. S. S. is made of carefully selected herbs and barks—scientifically prepared and proportioned. Welcome Old Age when it comes. Be ready to withstand the attacks of diseases that follow in its wake. Meet Old Age with a hearty handshake. A handshake that speaks of well being—of a vigorous, clear thinking, red blooded constitution. S. S. S. is your best friend when Old Age is seen rounding the corner. Get a bottle and drive care and worry away. All leading drug stores carry it.

The large size is the more economical.

"Concrete Around the Home"

Everyone who wants to improve his place or save money around his farm, needs the new Portland Cement Association booklet "Concrete Around the Home."

It tells in everyday language the easiest, simplest and most economical way to use Concrete for making drives, walks, septic tanks, garages and other permanent improvements. Easily followed instructions give you all the details necessary for estimating materials, mixing, placing and finishing the Concrete.

"Concrete Around the Home" is only one of our many booklets available without charge to those interested in using Concrete.

If you are planning any of the money-saving concrete improvements seen everywhere nowadays, such as a permanent floor, basement, or foundation for your buildings, a manure pit, feeding floor, corncrib or silo, we have a booklet on the subject with complete instructions for building it of Concrete.

Remember this service is free. The Portland Cement Association has 28 offices, listed below, and one of them is your office—the one nearest you.

Find which one it is, and write today about the concrete improvements you are planning.

There are people in that office whose business it is to help you save money by making it easy for you to use concrete. Let them show you how they can help you.

#### HOSTESSES FOR GIRLS' DAY IN GYMNASIUM

Director Boyer of the American Legion gymnasium requested that hostesses be provided on girls' days in gymnasium. Tuesdays and Thursdays, and the response was met by the High School Parent-Teacher association, and hostesses assigned as follows, going into effect Jan. 8:

Mrs. J. R. Nunn, Tuesdays, all forenoon.

First Thursday each month, Mrs. George Davison.

Second Thursday each month, Mrs. J. E. Lewis.

Third Thursday each month, Mrs. W. E. Stalter.

Fourth Thursday each month, Mrs. C. A. Martin.

#### FRESHMEN SECTION HIGH SCHOOL P. T. A. MEETS

The delightful program as prepared by Mrs. L. D. Hillyer, chairman of the freshmen section for presentation yesterday at the High School Parent-Teacher association meeting was successfully given.

Mrs. J. B. Nunn, president of the High School P. T. A., delivered an interesting talk on the community chest, and secured pledges from members to take clothing supplies to the chest for distribution to the needy.

An important decision was reached widely affecting local P. T. A.'s in the voting to organize a Mothers' council.

The free medical clinic for all the schools was accepted and Mrs. W. E. Stalter asked to serve as chairman to secure place for clinic.

The association will have a benefit show at the Connellee theatre. Mmes. J. B. Nunn, Eugene Day and Eugene Whitehurst will be the committee in charge.

An open meeting will be held in about two weeks, when the general public, especially the parents of high school pupils will be entertained at the city hall auditorium and out of town speakers will be on the program of musical numbers and addresses. Mmes. C. A. Martin, Johnson and L. D. Hillyer are to arrange a suitable date.

The subject of thrift was touched upon by the president in interesting fashion. Members attending yesterday were: Mmes. Jones, Eugene Day, W. C. Baker, D. M. Van Nest, Frank G. Hoffman, Kay Griffith,

Hudspeth, W. E. Stalter, Lambert, L. D. Hillyer, H. T. Johnson, C. A. Martin, George Davison, Eugene Whitehurst, J. B. Nunn; Misses Belle Wilson, Ferris, Leova Sturman; Messrs. Allison, Hob Gray, Freeman and C. A. Peterson.

#### WEST WARD P. T. A. DISCUSSES SCHOOL MATTERS.

The West Ward Parent-Teacher association held an interesting session yesterday afternoon, conducted by the president, Mrs. W. Z. Outward, and opened with prayer by Principal Andrews.

The treasurer, Mrs. J. F. Castleberry reported 25 records for the machine paid for, and 100 books for the school library, with \$77 left in the treasury. Principal Andrews reported that the boys were now using two balls and two bats purchased by the association. Medical attention and assistance for a student who is unable to attend school on account of illness, will be secured. The long anticipated fire drill will be started in the West Ward school in the near future. Manager Stalcup of the Connellee theatre sent word that he would be able to provide Saturday morning picture shows for children for five cents admittance after Jan. 20.

Principal Andrews announced that in future five cents would be charged for matched ball games, and the money will be used to buy ball suits for the players. The attendance banner was awarded Miss Mabel Mitchell's room. The social hour was delightful, through stories and story telling, by Mrs. K. B. Tanner, and a talk by Mrs. Charles F. Smith, past president of the association.

The next meeting in two weeks will be devoted to a program to be presented by the fifth grade.

#### NOTES AND PERSONALS.

Mrs. A. H. Johnson will entertain with cards the members of the Thursday Afternoon Bridge club, and the women personnel of the Neighboring Bridge club, at her residence at 2:30 p. m.

Mrs. W. H. Taylor and daughter, Miss Harriett, arrived Tuesday night from a visit in Pennsylvania and Columbus, Ohio.

Rex Outlaw of Ranger was an Eastland visitor on legal affairs Tuesday.

John P. West of Breckenridge, with the Prairie, was a pleasant visitor at the Eastland office Tuesday.

E. G. Schreck, superintendent of Texas of the land department of the Prairie Oil & Gas company, accompanied by D. P. Leary, district superintendent for the Prairie Pipe Line company, made a tour of inspection of the southern Stephens and Palo Pinto oil fields yesterday.

Mrs. Milburn McCarty announces

that she will entertain Just-a-Mere-Club in the forenoon at 10:30 a. m., Friday, instead of the usual hour in the afternoon. The change was made by the hostess out of courtesy to Mrs. Frank Weaver, who entertains Friday afternoon.

#### "FORTY MEMBERS IN FIVE WEEKS" IS SLOGAN

The Howell Bible class of the Baptists church met in social and business session last night at the home of the president, Mrs. Ben F. Reinling, and organized a class contest drive, which starts next Sunday, when the present roll of 15 members is to be extended, in five weeks, to 40 members at least.

Additional officers are: Miss Beulah Frost and Mrs. W. D. R. Owen, vice presidents; W. D. R. Owen, third vice president; Miss Olive

Dodgen, secretary; Miss Bruce Roquemore, treasurer; Mrs. Dana Foy-Switzer, publicity; Mrs. Carl Springer, teacher of class.

The work as outlined to September embraces a money raising campaign this month to complete the B. Y. P. U. cottage, the home of the Howard Bible class. A banquet in February; the planting of flowers and trees in March, about the B. Y. P. U. home; organizing class articles for the church magazine, with pictures of the members engaged in the contest, in April; raising money to buy piano for cottage in May; entertaining the class members in June; vacation in July; and preparing for the fall work in August. The election of new officers is held in September and the program at present ended with August.

Mrs. Reinling served delicious refreshments after the social hour following the business session.
