

STEWART NO. 4 IN, MAKING 50 BARRELS HOUR

Pinched Down for Storage, Will Be Drilled Deeper; Fourth in Pool.

The Texas & Pacific's Stewart No. 4, east of Frankell, came in Thursday afternoon about 5 o'clock, making fifty barrels an hour and a constantly increasing flow of gas.

The Stewart No. 4 is the fourth well to tap the deeper sand in this district, about ten miles north of Ranger. The Vulcan's Nannie Walker well found it more than a year ago, but was regarded as a freak.

The Fidelity and White companies have three old wells being deepened in this same pool and three or four new holes also are going down.

BOSTON-BAYLOR GAME ON OCT. 15 AT DALLAS

WACO, June 10.—A telegram was received today from Athletic Director Frank B. Bridges of Baylor university, announcing that contracts have been signed between the Boston college team of Boston, and the Baylor team of Waco for a game at the state fair in Dallas, Oct. 15.

"SIDEWALK BANQUET" IS GIVEN IN HAVANA

HAVANA, June 10.—A "sidewalk banquet" was one of the features of the post-inauguration ceremonies attended by President Alfredo Zayas. It was given by an organization known as "The Boys of the Louvre Sidewalk," a group accustomed to meet daily under the portico in front of a building formerly occupied by the Hotel Louvre.

EASTLAND MAN IS OUT FOR REPRESENTATIVE

EASTLAND, June 9.—W. M. Davis, prominent local real estate and insurance man, announced his candidacy for representative here this morning. He was the first candidate to announce for that place last winter when it seemed as though there would be an election. He is a former student of A. & M. College of Texas.

40 NATION ARE INVITED TO PERUVIAN CELEBRATION

LIMA, June 10.—Forty nations have been invited to send representatives to this city next month to attend the centennial celebration of Peruvian independence.

Great Britain, Germany, Japan, France, Italy, China, Norway, the Central American states and Mexico have signified their intention to be represented. Argentina plans to send a cavalry troop and an air squadron and Bolivia will send a company of infantry.

HARTMAN IS NAMED AS FEDERAL ATTORNEY

WASHINGTON, June 10.—Nomination of John D. Hartman for United States Attorney for the Western district of Texas, was sent to the senate Thursday by President Harding.

Parkersburg To Rebuild Plant

FIRST PICTURES OF TULSA RACE RIOT FIRE

Underwood & Underwood.

As a result of the fire following the fatal race riots in Tulsa, Okla., last week ten blocks of the city's houses are in ashes. The quarter burned is that occupied by negro population, and the ruin of the section is complete.

GALBRAITH HONORED IN CINCINNATI

CINCINNATI, June 10.—The Queen City once more honored Fred W. Galbraith Jr., her "fighting colonel," today.

But whereas his previous homecomings at the head of his men have always been marked with jubilation, there was deep sorrow at his last return to Cincinnati made alone.

The body of the national commander of the American Legion and former commander of the "fighting One Hundred and Forty-seventh Infantry," will lie in state in Memorial Hall tomorrow, prior to funeral services.

Flags flew at half mast today. A full company of troops from Fort Thomas sent by Colonel Peter Traub, was at central union station when the body arrived.

RANCHMAN DIDN'T GET LEMON EXTRACT SO HE SLEW MAIL CARRIER

SAN ANGELO, June 10.—Failure on the part of J. William Bryant, Eden mail carrier to bring an order of lemon extract to Tom Bengé, prominent Millersville ranchman, led to the fatal shooting of Bryant on Bengé's North Thursday, according to Sheriff Miller.

Bengé is in jail at Ballinger. Complaints charging him with the murder of Bryant were filed this morning by Deputy Sheriff Morris of Paint Rock and the examining trial was set for Monday.

SINN FEIN-SOVIET TREATY TEXT COMES TO LIGHT IN LONDON

LONDON, June 9.—The government issued a "white paper" today the text of which purports to be a draft of the proposed treaty between the Russian soviet and the government of the "Republic of Ireland," which the government states it captured in Dublin.

WEST INDIES PETITION FOR SELF-RULE

ROCHESTER, N. Y., June 10.—Ancient B. W. I., June 10.—The people of the islands of Grenada and St. Lucia, not content with the partial representation in the legislative council offered by Winston Spencer Churchill, British minister for the colonies, have sent five delegates to London with a petition urging the granting of self-government.

SHIP SINKS!

ATHENS, June 10.—The Greek steamer Bouboulina has gone down with 138 passengers, according to dispatches here today.

The Bouboulina, en route from Smyrna, struck a rock and went down so quickly that only two lives were saved. The vessel carried many soldiers from Smyrna in addition to civilian passengers.

DAN CUPID AS COUNSEL FOR BRIDE WINS

DALLAS, June 10.—Dan Cupid as counsel for outraged womanhood drew an acquittal for his pretty client here yesterday.

Hard-hearted city detectives took the stand one after another and testified that the young woman before the court had followed the primrose path for months and was an old offender in little Mexico.

The defendant cried as she took the stand in her own defense. "Judge," she exclaimed, "this is my wedding day. I was arrested this morning a few hours before the ceremony was to be performed. I've spent the day behind the bars."

NEFF ACCEPTS JOE BURKETT'S RESIGNATION

AUSTIN, June 10.—Governor Neff has accepted the resignation of Representative Joe Burkett of Eastland and has called a special election to be held in the One Hundred and Eighth representative district (Eastland and Callahan Counties) to be held Saturday, July 16, to fill the vacancy.

SETTLEMENT OF BRITISH COAL STRIKE IN PROSPECT

LONDON, June 10.—Settlement of the coal strike was expected to result from a referendum ordered by union executives today.

The executives decided to submit the latest proposal of colliery owners to individual miners for acceptance or rejection.

WEATHER

Partly cloudy, probable thunder showers tonight and Saturday.

TROOPS MUTINY, KILL SCORES IN HANKOW

HANKOW, June 10.—Mutinous troops in Wuchang, capital of the province of Hupeh, were under arrest today after they had destroyed much property, looted American property, and killed scores of persons.

The soldiers were quieted when 13,000 men were given their back pay.

First killing a number of their officers, the mutineers spread through the city congregating in great numbers at the government bank.

Looting cash in the institution was seized. The men then turned to the mint. The director in charge was seized and subjected to torture. He denied admission to the big vaults.

FIRE DESTROYS BIG ELEVATOR IN OKLA-CITY

OKLAHOMA CITY, June 10.—Fire early today broke out in a 100,000-bushel grain elevator here leased by Langenburg Bros., grain dealers, and threatened destruction of the building. The elevator was filled with wheat last fall. At 9 o'clock the blaze had gotten beyond control of the firemen, and they confined their efforts to saving property in the immediate vicinity, which included the supply depot of the Pierce Oil Co.

NEGRO SHOTS WHITE MAN AT CELESTE, TEX.

GREENVILLE, Texas, June 10.—Orbio Standlee, a young white farmer living near Celeste, was shot to death near there late yesterday.

Matthew Olinson, negro, was brought to the jail here.

The shooting was said to have followed a dispute over Standlee driving his horse into Olinson's yard. Standlee was reported to have gone to the home of a friend, where he obtained a pistol and returning, inflicted a flesh wound on the negro.

Standlee was shot in the head and abdomen with a shotgun. His head had also been clubbed with the butt of a gun. Feeling was said to be running high in Celeste although there had been no demonstration here.

WASHINGTON, June 10.—Prior to the cabinet meeting today Secretary of War Weeks, Postmaster General Hays, Attorney General Daugherty and Secretary of the Interior Fall met at the White House for a discussion of the political situation.

It was authoritatively learned after the conference that John T. Adams of Dubuque, Iowa, was decided on as the administration's choice for chairman of the Republican national committee, and that Ralph Williams of Oregon, was selected for vice-chairman.

BUILDING OF STEEL TO COST ABOUT \$20,000

Rig and Reel Company's Action Taken as Expression of Faith in Ranger.

The Parkersburg Rig & Reel company is on the eve of erecting a \$20,000 warehouse to replace the one burned in the fire of several weeks ago, according to T. F. McCarty, state manager of the company. Mr. McCarty is also in charge of the local office, which is headquarters for the entire operations of the Parkersburg company in Texas.

He declared this morning that he believed the oil industry of the entire West Texas oil fields would eventually center in one town and he believed that town would be Ranger.

Branches maintained with Ranger as headquarters are at Breckenridge, Wichita Falls, Houston, El Paso, Graham and Mexia.

The new plant of the company will be on its own ground on the Tiffin road, where the company owns three acres. It also owns its switch at that point and has a warehouse already on the land. Its business has been carried on from the warehouse since the fire and a complete stock of its products has been maintained.

R. P. Lockhart, district manager of the Houston office, is in the city and is going over the ground with Mr. McCarty. Steel for the new building is now in transit and it is thought construction will be under way shortly.

Loss About \$35,000. Before the fire the company had \$68,000 worth of merchandise in stock. Of this perhaps half was destroyed. The remainder will be checked up and removed to the new location. The old site, leased from the T. & P., will be abandoned.

The Parkersburg Rig & Reel company, which is known wherever oil is known, came to Ranger in pioneer days of the industry. It has carried an immense stock of supplies and employed many men, and its present move toward making Ranger general headquarters is received with much optimism by local business men. To them it is an expression of faith in the future of the city.

FIVE HUNDRED DEAD FIFTEEN MILLIONS OF DAMAGE IN PUEBLO

DENVER, June 10.—Loss of life in the Pueblo flood is placed at not to exceed 500 and property loss \$15,000,000 in a statement given the Denver Civic and Commercial association today by a committee of business men sent to investigate the situation.

BRECKENRIDGE CLASS SENDS PUEBLO \$1,000

BRECKENRIDGE, June 10.—The local Baptist Sunday school class has forwarded a check for \$1,000 for the relief of Pueblo flood sufferers.

"—and the Greatest of These is Charity."

In Pueblo a river went mad. Wild, swirling water swept through the town and in its wake it left desolation and death. Men and women and children are without homes. Babies are without mothers, mothers have become widows, wives have become orphans. Thousands are wearily walking without homes.

That mad turbulent river carried \$10,000,000 worth of homes away on its crest. Where they once stood, frenzied men and women are digging in the mud, hopelessly seeking something—anything—that was once theirs. All this the Associated Press wires are sending to the world and the wires sing a dirge for the dead and carry a prayer for the living, for the living must be fed, clothed and housed. The dead are dead.

They will be buried. But those left alive must go on living, and to keep breath in their bodies much money must be had. Each additional message asks for cash for food and clothing. It has become a refrain. Food and clothing—food and clothing—for the living in the flood-swept area of Pueblo.

SHIP HITS BERG!

By United Press. ST. JOHNS, Newfoundland, June 10.—With her decks awash and her lifeboats ready for instant launching, the freighter Charlot made port here today. The steamer, property of the United States shipping board, smashed her bow in a collision with an iceberg yesterday.

The boat was far down by the head, and water threatened her boilers momentarily. The crew fought hard all night to keep her afloat.

The Seapool, British steamer which struck a berg Tuesday, docked today, entering the harbor under her own power. The extent of damage was to be determined today when the bow was raised.

SIMS ANSWERS DENBY'S QUERY ABOUT SPEECH

Declares He Won't Go Back on What He "Actually Said."

LONDON, June 10.—Admiral William S. Sims today answered Secretary Denby's inquiry on his speech before the English Speaking Union here. The admiral dispatched his answer an hour after receiving the official copy of the cablegram.

Sims declined to comment on the message or divulge his answer. It was believed because of the admiral's statement following the speech that he would charge public accounts of his address were inaccurate.

He said he would not repudiate what he "actually said."

Sims was given a tremendous ovation today when he was guest of honor at the meeting of the American Luncheon club here. Especially loud cheers came from the British guests.

"He's done it again," said Wilson Cross, chairman, in introducing the admiral.

"He's done it again, but we're all for him."

DR. GAMBRILL, NOTED EDUCATOR, IS DEAD

DALLAS, June 10.—Dr. J. B. Gambrill, retired president of Southern Baptist convention, died at the home of his daughter here today, aged 79. He had been ill since February. The noted southern educator served as professor in various southern Baptist theological institutions. He was many years editor of the Baptist Standard at Dallas, and had lived in Dallas twenty-three years. He is survived by two sons and three daughters. Funeral arrangements will be announced later.

WEEKS WILL SETTLE ROW IN AIR SERVICE

WASHINGTON, June 10.—Secretary Weeks said today he expects to settle personally the row in the army air service which resulted in a request by Major General Menoher for the removal of his assistant brigadier general, Mitchell.

WASHINGTON, June 10.—Appointment of John D. Appleby of Oklahoma City as supervising federal prohibition agent for the southwestern department, including Arkansas, Missouri, Kansas, Oklahoma, Louisiana and several Texas counties, was announced today by Interior Revenue Commissioner Blair. Appleby will succeed David A. Gates with headquarters at Little Rock.

OHIO MAN IS NAMED PRO COMMISSIONER

WASHINGTON, June 10.—Appointment of Major Roy Hayes Hillis of Ohio as prohibition commissioner was announced at the White House today.

AUSTRALIAN PARLIAMENT HEARS U. S. IRISH REPORT

LONDON, June 10.—Efforts by members of the Australian House of Representatives to introduce the report of the American Commission on Ireland into the official record of that body were defeated yesterday, says a Melbourne dispatch to the London Times.

CHIEF HIGHWAY ENGINEER MAY COME TO RANGER

Will Be Asked to Lay Out Route of Bankhead Highway Through City.

Work on the country roads is progressing as fast as it can and be profitable to the contractors, County Engineer Eccles told M. H. Hagaman yesterday in a conference in which the details of the road work was gone into.

The state highway commission will be asked to send its chief engineer Windrow, here shortly, and lay out the course of the Bankhead highway through Ranger, Mr. Eccles said. The delay on the work this far was blamed on a misunderstanding that has existed between the county and state highway departments.

This route, it is thought, will follow Rusk street out of Ranger provided an underpass can be arranged at the Texas & Pacific bridge about two miles south of the city. The alternative route will leave the city by the way of Elm and Marston streets.

The most progress is being made at this time on the bridges, Mr. Eccles told Mr. Hagaman. The bridge across the Leon river north of Eastland is completed and the workmen have moved to the Russell creek bridge. This should be finished in ten or fifteen days, the engineer said.

Bridge Contracts Let. The larger bridge contracts have all been awarded to one firm and a crew of men will be maintained until all bridges are completed.

About two-thirds of the distance of the Pleasant Grove road is now graded and the remainder is going forward rapidly, Mr. Eccles declared. He added: "Three routes out of Ranger to Pleasant Grove are under consideration. One is north of Mirror lake, one up Eastland hill, along the present road and the third is up the hill to the south of the road. However, the Mirror lake route is receiving the most consideration."

It was stated at the conference that all work was being done which could be done with the present equipment and if more was commenced the contractors would be forced to invest heavily in additional road building machinery. It was also stated that additional projects would call for greater engineering expense.

BONUS QUESTION SETTLEMENT NEAR AT HAND

WASHINGTON, June 10.—Settlement of the bonus question is at hand. Early enactment of the soldiers' adjusted compensation bill with five optional plans to reimburse the 4,800,000 men and women who served in the world war was predicted today by Senator Penrose, chairman of the senate finance committee.

Since the first cash payment provided in the bill will not begin until July 1, 1922, Senator Penrose said there is no necessity to await the enactment of the tariff and tax revision measure. Revenue-raising features which must originate in the house having been eliminated from the measure, the senate will soon have the bill before it.

OKLAHOMA CITY MAN NAMED SUPERVISING PRO DISTRICT OFFICER

WASHINGTON, June 10.—Appointment of John D. Appleby of Oklahoma City as supervising federal prohibition agent for the southwestern department, including Arkansas, Missouri, Kansas, Oklahoma, Louisiana and several Texas counties, was announced today by Interior Revenue Commissioner Blair. Appleby will succeed David A. Gates with headquarters at Little Rock.

OHIO MAN IS NAMED PRO COMMISSIONER

WASHINGTON, June 10.—Appointment of Major Roy Hayes Hillis of Ohio as prohibition commissioner was announced at the White House today.

AUSTRALIAN PARLIAMENT HEARS U. S. IRISH REPORT

LONDON, June 10.—Efforts by members of the Australian House of Representatives to introduce the report of the American Commission on Ireland into the official record of that body were defeated yesterday, says a Melbourne dispatch to the London Times.

M. P. Considine read the conclusions of the American committee. While he was thus engaged, Sir Robert W. Best, of Victoria, denounced them as "wile and odious slanders upon the empire." The motion to include the report in the official record was lost by a vote of 36 to 9.

### PROGRAM

**MAJESTIC**—Six acts of Pantages vaudeville and popular picture program.

**LIBERTY**—Hobart Bosworth in "Behind the Door," and Mack Sennett comedy.

**LAMB**—Tom Mix in "A Riding Romeo," also comedy, "Blue Friday," and Pathe News.

**TEMPLE**—Thomas Meighan in "The City of Silent Men," also new Mack Sennett comedy.

### CLOSING BILL AT MAJESTIC TICKLES ONE'S FUNNY BONE

The Majestic vaudeville season closes this week, with a bang-up, jazzful bill containing everything from animal comedians to folk who really sing and also dance a trifle.

Sampsel & Leonhart, in musical act showing much of a pretty girl, head the bill, but running them a close second is a very black dog which goes in for both acrobatics and comedy. There is another dog and two acrobats in the act, entitled "The Gaudsmiths," and they keep the audience in an uproar from the time Blackie trots on with a sign announcing "—and Me!" as the next act.

Betty Eldert Co. open the bill with a skit in which the Co. pleases by realistic bird imitations and other whistling feats.

The Saxophone four put over a pleasing variety of syncopation, and Tom Kelly in a monologue introduces a real Irishman, facial expressions and all, for the entertainment of the folk out front. He has a good line of jokes, and doesn't fail to make the English the butt for a few of them. Mr. Kelly, by the way, is an old-time friend of Raymond Teal, Ranger's retired impresario.

A very onery acting mule with alleged biting propensities and some well-trained ponies complete the show.

The same bill will be shown tonight and tomorrow.

### AMERICAN TRADERS REACH UPPER SIBERIA

*By Associated Press.*

JUNEAU, Alaska, June 10.—Points more than 500 miles up the Kilyma river of northern Siberia, which had not been visited by traders for four years, were reached last summer by a party of American traders, headed by Capt. S. K. Gudmundson, master of the trader schooner Polas Bear, according to word received here.

The Bear left Nome, Alaska, June 27, 1920, sailed around the Siberian coast and East Cape into the Arctic, and arrived at the mouth of the Kolyma August 4. The schooner worked up the river 120 miles and anchored while the traders took a small boat 390 miles farther up.

"We were still 400 miles from the head of the river," Captain Gudmundson said, in writing of his trip to a Juneau friend. "We found trading very good as no boat had visited that vicinity in four years and we soon disposed of our wares and loaded up with goods of the country."

Last winter the Polar Bear and its company was frozen in at the mouth of the Kolyma, having failed in an attempt to reach Nome before the ice came.

Her cargo of furs and ivory will be taken to Nome this spring and shipped out to Seattle.

### MASSACRE IN ASIA MINOR; U. S. DESTROYER ARRIVES

LONDON, June 10.—A new frightful massacre of Christians has occurred at Samsun and Trebizond, on the Black Sea coast of Armenia, it is reported. The streets are said to be strewn with the bodies of Greeks.

Many shops in the two cities have been ransacked. An American destroyer has arrived at Samsun to protect the Americans there.

### B. A. JUDD, POPCORN MAN, IS TO UNDERGO OPERATION

B. A. Judd, the popcorn man, is now in Mack Bros. sanitarium at Rochester, Minn. Mr. Judd has suffered for several years from appendicitis, and an operation will be performed next week to remove the troublesome organ.

### FORMER RANGER BANKER IS WITH DALLAS RESERVE

T. E. Parks, formerly vice president of the First National bank, is now connected with the federal reserve bank of Dallas. Mr. Parks has been made collection agent for the reserve bank for Ranger, Desdemona and Sipe Springs with headquarters at Ranger.

**TONIGHT.**

The choir of the First Presbyterian church will meet tonight at the church. Rehearsal of the cantata of the "Story of the Pink Rose" will be the main part of the work. All members of the choir are asked to be present.

### MR. AND MRS. KODAK—

—If you cannot call, mail your films to us for first class work and 24-hour service. Eastman Kodaks and films always in stock.

### RANGER STUDIO

215 SOUTH RUSK ST. RANGER, TEXAS

## NEW LIBRARY ROOMS BEING PUT IN SHAPE

### Women Propose to Make Place Mecca for Those With Time to Spare.

The Ranger library rooms and the 1920 club's rest rooms on the ground floor of the Marston building will within a short time become one of the most popular places in the city. Many things for the comfort of readers and for the benefit of women who care to avail themselves of the rest room will be installed in the suite, according to plans of the club and the library association.

The reading room will be fitted with chairs and tables and in the rest rooms will be placed lounges, mirrors, easy chairs, tables, and other things for the benefit of women. The court upon which the rooms open will also be fitted up with outdoor furniture and along the court walls clinging vines will be planted in flower boxes.

The court except during the noonday is in shadow and when the furniture is installed it promises to become a mecca for those who have some idle time to kill.

**Will Have Many Books.**

Several hundred books will be available to the public next week, according to Miss Mavis Douglas who is cataloguing the volumes, and arranging them in library style. The decimal system is being used.

Miss Douglas has been at her task for several days but she thinks it will be some time before the work is complete. She is being assisted by Mrs. M. H. Hagaman and Mrs. Fred Drienhofer.

After the library is opened it is thought some one will be in charge each afternoon. Until funds can be secured for a paid librarian the women of the 1920 club will each take an afternoon for this work.

The volumes now possessed will be supplemented from time to time by the club ladies purchasing additional books of modern fiction.

### MERCHANT TRIES JOKE, MAKES NINE DOLLARS

A joke a local merchant attempted to play on the Retail Merchants' association rebounded to the credit of the perpetrator to the tune of \$9 cash money.

The merchant had a check for \$10 which had been dishonored at the bank since last January. He could not collect it. In a spirit of fun he sent it to the Retail Merchants with a note appended "to keep the change."

M. O. Burt, secretary of the association, received the check one morning. That afternoon he wrote a check to the merchant for \$9, keeping 10 per cent of the amount as the association's fee. The merchant being game insisted that Mr. Burt keep the \$9, but he refused, but not to be outdone the merchant came bearing a large and handsome box of cigars.

The collection of bad accounts is one of the services the association renders its members.

### MRS. REISTER REPORTS GAIN OF 15 POUNDS

Mrs. Margaret Reister, 2216 Chester st., Little Rock, Ark., a resident of the city for forty-four years and who has a wide circle of friends and admirers, is now an ardent champion of Tanlac. Following is her statement:

"I don't believe anybody ever had stomach trouble any worse than I did and for that reason my recovery is all the more remarkable, as my age was naturally against me. Still more marvelous to me is the fact that I should gain fifteen pounds in weight. I never heard of this happening to a seventy-seven-year-old woman before, and shows what a wonderful medicine Tanlac is."

"I seem to have a new lease on life and I give Tanlac all the credit for it. When I began taking it I couldn't lift my head from the pillow. My family and friends had given up hope. I, too, thought the end was not far off. I had awful nausea all the time and such a pain in my right side I could hardly stand it. I was told I had stomach trouble and also neuritis. I began taking Tanlac as the last hope, but to my joy, it proved to be just what I needed. By the time I finished the first bottle I was able to get up and walk around the room. I kept taking it and kept improving."

"All my pains have disappeared and I eat what I want and never have any trouble with indigestion. In fact I feel stronger and better than I have in ten years. Tanlac is the talk of our neighborhood since my remarkable improvement and no wonder; for in all my life I have never known anything to equal it."

Tanlac is sold in Ranger by Phillips Bros., and in Eastland by Butler Drug Co.—Adv.

### FLOODS IN EGYPT!

CAIRO, Egypt, June 10.—It is estimated 80 per cent of the cotton and much wheat in the Nile delta, north of here, is lost as a result of tremendous rains. A dispatch from Mansurah says 30,000 acres of wheat and cotton were devastated.

## AMERICANS ON TOUR OF GLOBE DESERT SHIP

*By Associated Press.*

PAGO, Pago, American Samoa, June 9.—Homesickness and the hard rule of the quarterdeck caused thirteen Americans, who wanted to tour the world seeking adventures, to leave the yacht Wisdom II by the time she reached here recently from Los Angeles, Calif., on a trip of scientific research round the globe.

"All America wanted to go," Frederick O'Brien, author, one of the ship's company, said in telling of the requests made before sailing for berths on the boat. There were twenty officers, sailors and moving picture men aboard when the vessel left California. Six left at Tahiti and seven here, leaving what Mr. O'Brien called a workable crew of seven Americans. Six Tahitians were taken aboard as sailors.

The Wisdom, commanded by Captain Edward S. Salisbury of New York and California, arrived here April 11. She left Los Angeles Jan. 19. On arriving here Captain Salisbury entered the naval hospital for a few days.

The Marquesas Islands and points in Tahiti, Dora Borg and Raiatea were visited before the boat arrived here. When she left yesterday for Apia, all Pago Pago went to the beach to bid her farewell.

O'Brien and Dr. Malcolm Douglas, New York, another of the ship's company, plan to leave the boat for a time, they said here, and visit the unique Valley of Maloala in American Samoa. This place is known by the natives as the "haunted valley." Seldom-visited places like the New Hebrides, New Guinea and New Caledonia are to be visited by the Wisdom before she heads for the Far East and India.

### BABY'S TENDER SKIN

Chafing, Rash, Insect Bites, Skin Eruptions, and other troubles for baby if allowed to run on. Keep a jar of Gottlieb's Blue Star Remedy on hand and use it to protect, soothe and heal baby's tender skin. Harmless, stainless, pleasant odor. ### TOMBS SIX CENTURIES BEFORE CHRIST FOUND

*By Associated Press.*

LONDON, June 9.—Students of the English school of archaeology have discovered at Mykalasson, in the Greek province of Boeotia, thirty-five tombs dating from the fifth and sixth centuries before Christ. The conditions of the tombs, if ascertained, have not yet been announced.

### U. S. CONSUL AT KOVNO URGED TO LITHUNIANS

KOVNO, Lithuania, June 10.—Dr. Kasimir Grinius, President of Lithuania, wants an American consulate at Kovno, regardless of whether the American government recognizes the Republic of Lithuania. He said: "In Lithuania there are hundreds of persons desiring to emigrate to America. At present, because there is no consul here, it is necessary for them to go to Riga to apply for visas."

# DISPENSER OF JUSTICE HARD MAN TO KILL

### Old Judge Trayler Held First Court in Hutchinson County 25 Years Ago.

By W. HAMILTON WRIGHT, Times Staff Correspondent. PLEMONS, Hutchinson Co., Texas, June 10.—The first court case heard in this county was more than 25 years ago before Judge Champ Taylor who sat on an empty soapbox under a stately cottonwood tree. The county at the time contained less than 150 inhabitants. The county judge and the sheriff were the entire county officials complement.

So strict was Taylor in the execution of the affairs of justice in the then distraught county that some of the more bold desperados decided to waylay Taylor and kill him as he jogged on his pony on a journey to the north part of the county.

As Taylor was making his lonely journey through a sweep of sand dunes, a member of the band suddenly darted out from beneath the shadow in the twilight and threw his "gun" on the judge so that if it had gone off it would have disfigured his face. Being a resourceful and strategic sort of personage, Judge Taylor addressed the "hold-up" who had threatened to kill him on the spot: "I know you're going to kill me," opened the judge, "but I ask only one thing of you. Please do not shoot me in the face so that my good wife will have to look on a mutilated face in the coffin. Shoot me anywhere else."

The desperado lowered his gun. A loud report followed. The desperado wavered in his own blood.

Thus came the judge to be known as a tribunal who could not be overcome by the lawless element in those parts.

# MONGOLIANS THROW OFF CHINESE RULE, BUT SEEK TRADE TREATY

By Associated Press. PEKING, April 12.—(Delayed)—The "Living Buddha" of Outer Mongolia, having re-established his authority through recent military operations of Baron Ungern-Sternberg, has proposed to the Chinese government that it recognize the autonomous status that prevailed prior to "Little Hsu's" coup of 1915, which made Mongolia a province of China.

A messenger has just arrived from Urga bringing friendly messages and dulling Mongolian's ambitions. According to the messenger a Chinese erstwhile resident of Urga and the last arrival from there, the "Living Buddha's" return to power has been hailed with joy throughout the country and his authority is undisputed. Ungern, adventurer and erstwhile lieutenant of Semienoff, chief of the Mongolian military forces, but has no desire to invade

China. On the contrary the new government is anxious as soon as possible to establish trade relations and to have its autonomy re-established under the terms of the convention signed at Kiakhta in 1915.

The messenger reported that complete order had been restored in Urga and that Chinese residents were being well treated. The fall of Urga, he said, was due primarily to hostility aroused by high-handed treatment of Mongols by "Little Hsu's" troops, which grew more intolerable after the fall of the Anfu clique last summer, when the Chinese government failed to make any provision for their support. This hostility was at its height when Ungern, hard pressed by Russian enemies, appeared upon the scene with a nondescript army, lacking for a place of refuge. He found little difficulty in recruiting the discontented Mongols for his attack upon Urga.

The "Living Buddha" had been held prisoner by the Chinese. One of the first attacks resulted in freeing him and he at once sent out a call for all Mongols to rally for a holy war upon the Chinese. The latter fought bravely but were unable to stand against the growing war spirit of the attackers.

More than fifty thousand Chinese noncombatants, the messenger said, fled from Urga when its fall became apparent. Many lost their way in the desert and perished from cold and starvation. Most of them however reached the Chinese Eastern railway and found safety. Ungern sent out an order for ruthless slaughter of all Jews and few escaped, but Chinese noncombatants were not harmed.

# SWISS PHYSICIAN COMPLETES TOUR OF THE GLOBE ON FOOT

By Associated Press. Milan, June 8.—Dr. Massimo Armando Leuret, aged 36, a Swiss physician, has arrived here after walking 35,000 miles in both old and new worlds. He asserts that his tour took him around the globe commencing in January 1, 1914, and cost him \$40,000.

He says he left Switzerland going north to Germany, Poland and Russia. He was in the last named country when war began and continued the journey across Russia to Siberia. He then visited China and Japan and later crossed the Pacific to America. He claims to have traversed both North and South America on foot. His trip from the Pacific coast to New York was made alternately in Canada and the United States.

When he got to Switzerland, he decided that he had not yet seen Italy nor Africa and has commenced now his journeys through them.

AUSTIN, Texas.—Governor Pat M. Neff has declined an invitation by a delegation from the highway department of the republic of Mexico to visit Mexico City as the guest of the Mexican government. The trip is to be made by about fifteen highway enthusiasts of the United States with a view to extending the Meridian highway from Laredo, Texas, to Mexico City.

JUAREZ, Chihuahua, Mexico.—The 2,800 school children in Juarez will have playground apparatus, to be provided by their parents. Mothers and fathers are being asked to give \$1 each to buy the apparatus. Many have contributed to the fund, some giving more than \$1.

# WHY SHOULDN'T WOMEN SMOKE?

COLUMBUS, Ohio, June 10.—The legislative investigation of the bureau of juvenile research took on the appearance of a police court trial late today as Representative W. E. Wendt, of Columbus, chairman of the committee, severely criticized Miss Florence Fitzgerald, who said she regretted having resigned from the bureau and asserted she had not been fair to Dr. Florence Mateer, whom she previously had criticized.

Chairman Wendt took exceptions to a statement made by Miss Fitzgerald yesterday, in which she asserted that she "thought it was a dirty shame" that Dr. Mateer had not had an opportunity to answer the charges made against her.

Dr. Mateer sent word with Miss Fitzgerald this afternoon that she would not appear before the committee on advice of her attorney. She had not been subpoenaed formally, but had been asked to appear before the committee and testify if she desired.

Miss Fitzgerald took the stand this afternoon to make a statement for Miss Margaret Davis, another of the eleven who resigned from the department, to the effect that she (Miss Davis) had not been fair in her previous statements and attitude toward either Dr. Mateer or Dr. H. H. Goddard, director of the bureau.

Miss Fitzgerald, in her own behalf, asserted today that she had been "influenced unduly" in resigning by Dr. Gertrude Transeau, who, at meetings of the dissatisfied employees, she asserted, continually urged them to resign.

The investigation also developed into a sort of an experience meeting, in which various ones of the former employees arose to defend Dr. Transeau, Dr. Mateer or Dr. Goddard. It also brought out a discussion of ideas on the "evils" of smoking, in which users of tobacco were condemned and defended by women, and others that Dr. Mateer had around testimony by Dr. Goddard. The smoking "evil" revolved around cigarettes in Dr. Goddard's office in his presence.

# MAN FILMS PELICAN'S EGG WHILE HATCHING

By Associated Press. CORPUS CHRISTI, June 10.—What is said to be the only motion picture of the hatching of a pelican has been made near Corpus Christi by Perry Sherman, on Bird Island. Sherman visited the island to film the sea fowl there. He found a pelican egg just hatching and took more than 100 feet of "close up," showing the baby bird emerging from the shell.

# PEPLANTS IN AROOSTOOK HIDE GIN AND DONNIEBROOK

HOULTON, Me., June 10.—A rhubarb plant can bear whiskey and gin. This phenomena was reported by Sheriff Edmund W. Grant today on his return from a trip to the St. John river section of Aroostook county, on the Canadian border.

"In the rhubarb field of a man in Frenchville we discovered a number of bottles filled with liquor. The bending stems served as a resting place for the bottles and the big leaves hid them from view."

# DALLAS MAN TO PREACH AT LOCAL BAPTIST CHURCH

Rev. Seranton of Dallas, will preach at the East Ranger Baptist church Sunday, June 12.

# PREACHER IS SUCCESSFUL APPLE GROWER

By Associated Press. HENDERSON, Ky., June 10.—Twenty-six years ago Rev. E. McCullum, broken in health, retired from the ministry and bought sixty acres of land in Henderson county at what was considered a high price, set out a portion of the farm in apple trees and began to study the subject through government pamphlets.

From this beginning has grown an industry that is rapidly being expanded and is becoming one of the most important in this section and in fact in the state. There are now between 60,000 and 75,000 trees in Henderson county alone and in a productive year growers estimate that the county's pick will aggregate close to 100,000 barrels.

Not only has this section turned to the growing of fine apples, but a number of peach orchards have been set out and this phase of the fruit growing industry is being extended.

**WEISS BROS.**

IT'S not a bit of trouble to have plenty of good things to eat on hand all the time, when you use Calumet Baking Powder.

It never allows baking trouble. You don't "dread" to bake. There is nothing to worry about—and that really is the hardest part of it.

Mix up a batch of biscuits—or the finest kind of cake—it's all the same. There is never but one result—the sweetest and most palatable of foods.

There is not as much worry over baking costs either. Because Calumet costs less—when you buy it—the price is moderate.

—the Kind Mother Uses!

**CALUMET BAKING POWDER**

It costs you less when you use it—because you don't use as much of it—it has more than the ordinary leavening strength.

You get more out of the flour, sugar, eggs, shortening, etc., because there are no failures—no waste.

The most critical of baking powder judges gave it highest awards, World's Pure Food Exposition, Chicago,—Paris Exposition, Paris, France.

The largest selling brand in the world.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Doughnut Recipe  
4 cups of pastry flour, 3 level teaspoons Calumet Baking Powder, 1/2 teaspoon of salt, 1 cup of sugar, 2 eggs, beaten together, 2 tablespoons of melted butter, 1 cup of milk. Then mix in the regular way.

CAKE

1
O a cake is a lovely object
Standing there ready for slicing,
Especially if it is hidden modestly
Under a thick coat of icing.
2
When you're tempted to stick your
finger in the icing to sample the flavor,
O weather its lite icing or weather
its dark,
That the time to think twice and
waver.
3
Because weather the icing is wite as
snow
Or weather its black as cole
Even your little finger
Leaves a round and guilty hole.
4
Cake varies according who makes it,
Depending how they mix it and
beat it,
But no matter who makes it, as long
as its cake,
Its always possible to eat it.
5
Wat is bewtiffuller than a chockit
spunge cake
Setting on its cake dish high from
the ground?
Anser: a strawberry short cake
With whipped cream splashed all er-
round.
6
What is bewtiffuller than a crawler
With a hole like a capital O?
Anser: a big swelled up doughnut
With the hole filled with dough.

SIMS SHOWS WAY.

The Irish question is again musing
up the waters in political circles.
Admiral Sims has been so "indis-
creet" as to express his opinion of the
Irish-Americans who would make
America a dependency of the Emer-
ald isle and use it as a lever to gain
Irish freedom, or whatever it is they
want.

Wherefore, senators and cabinet
members and other dignitaries have
their ire aroused at his "disloyalty"
and lack of patriotism. The admiral
must be punished for his un-Irish
Americanism.

All this is all very well, of course.
It is not nice to have semi-public
characters assail the dignity and in-
tellectuality of partisans in other
lands. It causes hard feelings, which
soft words can often avoid. And be-
tween nations and peoples, this is no
time for hard feelings, even between
the admiral and the Irish.

However, consider the fact that the
admiral has perhaps had his own
feelings ruffled by the extent to
which Irish propaganda has been per-
mitted in America. Consider the riot
at the Union club in New York, when
America was disgraced by a band of
Irish radicals who assumed to super-
vise the decorations in that city and
tore the British flag down during a
war celebration. Consider the case
of Donald O'Callaghan, who refused to
acknowledge the authority of the
United States to enforce its laws and
got away with it. Consider the com-
mittee which met in Washington to
pass judgment on Britain's posses-
sion of Ireland; imported witnesses
and everything, and got away with it.

America for the last year has
beamed to the impudence of Irish
agents time and again. And Britain
has been forbearing. It has remained
silent and outwardly good-humored
at things which would have driven the
American people to frenzy if the
same attacks against the United
States had been loosed in a foreign
country.

One can hardly blame the admiral,
who is American without any hyphen
and distinctly not a hyphen without
being an American, for saying a few
words at times. There are others
who do it, and there are quite a con-
siderable number who think the same
thing.

If the Irish only knew it, their tac-
tics in using America as their own
private possession has lost them sym-
pathy in the United States. It has
especially lost it with those who re-
member how the Irish leaders stood
on the world war and with those who
remember the tremendous stir about
German-Americans. Just as one can-
not be a German-American, because
the German nullifies the American,
so can there be no Irish-American.

If we are to have "100 per cent
Americanism," whatever that is, we
must abolish the hyphen. And now
is as good a time as any. Let Sena-
tor McCormick and any other bush
partisans go to grass or elsewhere,
and there will be more peace in the
public mind over here, and more time
to devote to our own affairs.

It's getting to be so a college presi-
dent has a right to feel somewhat
gratified if he can finish the school
year without the students demanding
his resignation.—Indianapolis News.

That far-away look in his eyes
when Mr. Carpenter is sparring may
be due to a desire to return home
while he still has his health.—Bir-
mingham Age-Herald.

THE NEW NIAGARA

BY MORRIS

TINKER BOB STORIES

By CARLYSLE H. HOLCOMB.

OH, MY NOSE.

"Rap, rap, rap," someone was at
the King's door. He had received
a great many callers since Red Fox
had plunged into the briar Patch and
gotten his nose full of prickles. "I
wonder who that can be," said Tinker
Bob. "Jack, you can go to the
door. It may be Silky the Monkey,
come back. He will be disappointed
to think he could not find Dr. Coon."
Jack the wood Rat went to the
door. He always wanted to go to
the door for that gave him a chance
to see who was there first and if
there was anything he liked to do it
was to see things first or hear things
first. He was just about as curious
as that foolish Monkey.
He expected to see Silky when he
opened the door but to his surprise
it was not Silky but Jerry the Jay,
himself. His blue coat was shining
and his topknot was square with the
world and he was feeling the best
ever. He too, had come to see the
King. "Thief, thief, O King, how is
that Red Fox getting along?"
"You are the fellow we're looking
for," said Tinker Bob. "I was just
about to send for you. Dr. Coon
wants you to help him take the briars
from Red Fox's nose."
"Thief, thief," cried Jerry. "That
poor fellow, I warned him not to be
so silly as to jump into that Briar
Patch where Jack the Rabbit lived,
for I knew he could never find Jack
and he would get into trouble, but
he'd never listen to me anyway so
now he'll have to suffer. I'll take
the briars out of his nose. But Dr.
Coon will have to hold him for I'm
terribly afraid of those long, white
teeth, and it would be just like him
to snap my head off if he had had
a chance."
"I will take care that he does not
snap your head off," said Dr. Coon.
"O King, I don't want the prickles
taken out of my nose. I want them
left there so I will always remember

With a Nod of His Head and a Jerk
of His Tail He Pulled the First
Briar Out.

"All right Jerry," said Dr. Coon.
"I have his nose, now you take the
prickles out."
Jerry took aim and with a nod of
his head and a jerk of his tail he
pulled the first briar out. But you
can imagine Red Fox was doing
some squirming! Then the next one
and the next one till all six were out.
Then the King put the bandage on
his nose again and tucked him in
bed. "Now," said Tinker Bob, "we
will go away and let him rest," and
they all marched out into the forest
and left Red Fox alone.
Tomorrow—A Free Ride for Billy.

these persons are making our fair
village. Why, it's every other night
almost that we have to use seltzer
siphons to drive the marauders off
the sidewalks. 'Night, did I say?
Why, it's early in the mornings, 2, 3,
4 o'clock after they've carried on all
night in these basement places they
sing an jazz right on the street."
"Yet, indeed," corroborated Mr.
Horan. "This element that dances
by candlelight, lest the rays of the
dear old pale moon dazzle them—
they've got to be driven out."

"Only the other night," put in Mrs.
Levy again, "I saw a young man
carrying a slip of a girl in Sappho
fashion into one of the basement tea
places—'tea places' is what they call
them. But that isn't what they are."
"Wedding an investigation of all
these so-called studios and tea
rooms," came the voice of the vener-
able John R. Voorhis, commissioner
of elections, one of the oldest resi-
dents of the village.
Mrs. Levy contributed a few stories
of how she had rescued innocent girls
from basements and hallways.

Window Sill Spooking.
Someone among the protestants
mentioned the case of the Jolly Friars.
"I wish to say right here and now,
ladies and gentlemen, that I conduct
a most respectable place," announced
Mrs. Josephine Emery, who presides
over that establishment. "Why I
have priests and ministers come to
my place to dine—and they love me
just as much as you do."
Her gaze that moment was fixed
intently upon Mr. Horan.

"No," Mrs. Emery, protested the
legal guide of the reformers, "don't
look at me. I was, unfortunately,
within the range of your vision that
time."

"I operate a most respectable place,
ladies and gentlemen," reiterated the
high priestess of the Jolly Friars,
with dignity.
"Is that so-o-o?" rejoined Mrs.
Levy, with just a trace more of sar-
casm in her voice than she evidently
intended, for she promptly added:

"Well, I know nothing specific
about your place, but I will say that
some of these fellows have pillows in
the windows, on which men and wo-
men recline together, smoking cigar-
ettes. I think it's simply awful! And
when their smokes are gone another
couple takes their place, arms around
each other, right on the window sill!"
Then came the case of the Blue
Bird. Its proprietor found a power-
ful patron in the person of a police
captain, who gave it his emphatic
"O. K." "O. K."

"I furnish only light entertainment
for my patrons," piped a youthful
artist with waving mane and bow-tie.
His employer agreed that the victrola
was the loudest thing in the place.
Against William Cohen, who runs
a palace of art almost next door to
an undertaking shop. Horan com-
plained that "when the mourners
come, then in your place is dancing
and jazz."

Mr. Cohen silenced Horan with a
wave of his hand, then stepped for-
ward a pace or two and proclaimed
gravely:
"Mr. Commissioner, I have made
arrangements with the undertaker
that when he holds wakes my piano
is quiet."
Famous Greenwich Village haunts
and their habits are charged by a
reforming society with being:
"Vicious, immoral, greedy;
"Uns sanitary, mean, sleep-killing;
"Indecent, lascivious, pestiferous."
Moreover, they are declared worse
than the old Haymarket, worse than
McGuirk's "Suicide Hall," worse than
the House of Lords and worse than
the old "Red Light" district.

VIENNA TREASON TRIAL.
VIENNA, June 10.—Eleven former
vienna army officers, including Major
general Joseph Hummel, were placed
on trial before a special court here
yesterday on the charge of having
committed treason in connection
with the recent attempt of former
Emperor Charles to regain the
throne of Hungary.

NEW YORK LEGISLATURE WILL
TAKE CRACK AT ORGANIZED GRAFT

Recommendations Made by Probing Committee Include Jail
and Prison Sentences for Crooks Instead of Fines in
Effort to Curb Pilferers of Public.

By Associated Press.
NEW YORK, June 10.—The New
York Legislature at its next session
will be asked to erect stronger bar-
riers against price fixing combina-
tions. Its committee investigating
building trusts expects to recommend
legislation intended to preclude a re-
petition of collusion, uniform price
making and extortion such as it has
exposed during hearings in New
York.

This committee, it has been learn-
ed from official sources, favors jail
and penitentiary sentences for in-
dividuals who prey upon public or
private purses by choking free com-
petition. It does not consider that
fines impose sufficient punishment
upon such men.

For violations of state anti-trust
laws a minimum sentence of six
months probably will be recommen-
ded in the proposed legislation. In
this way, Samuel Untermyer, coun-
selor at law, contends, conditions that
officers of concern, convicted of
gouging the public suffer as much at
least, as those guilty of disorderly
conduct.

Conspiracy to defraud the city, an
occurrence which the investigation
brought to light, is not the only
crime in the past, would be made a felony
if the committee recommendations
were adopted.

Other suggestions will be to com-
pel every contractor dealing with the
city to agree not to compare quota-
tions with others; to forbid contrac-
tors from belonging to any associa-
tion that hampers the offering of un-
restricted bids and to compel them
to submit a list of all sub contrac-
tors engaged on a particular piece

of construction work.

Labor Agreements.
It is understood the committee also
will request the legislature to prohib-
it agreements between labor and em-
ployers where the union fixes the
price which employers must charge
builders for labor.

Along with these recommenda-
tions for lowering the cost of con-
struction, the committee is expected
to ask the legislature to ease the fi-
nancial phases of building, by re-
quiring banks and insurance compa-
nies to place a certain percentage of
their resources into real estate mort-
gages.

The committee expects to conclude
its long series of open hearings in
June, but the housecleaning among
building trades may go on much
longer. Additional indictments are
predicted by Mr. Untermyer.

Already more than 200 individuals
and concerns have been fined or sen-
tenced to imprisonment as a result
of the inquiry. Sixteen master
plumbers were sent to the workhouse
after the committee finished with
them and their organization. They
were found guilty of restraint of
trade. Seven other men were sen-
tenced to penitentiary terms, among
them the wealthy labor leader, Rob-
ert P. Brindell, and John T. Het-
trick, a lawyer who operated secret
codes for various building groups.

Others who were heavily fined in-
cluded 21 plumbers and plumbing
concerns, 29 cut stone contractors,
15 sand and gravel dealers, 13 build-
ing material men and 14 firms con-
trolled by them. Twenty-three
plumbers were given suspended sen-
tences.

SOUTH'S VOTE IN
G. O. P. MEET CUT
BY COMMITTEE

Hays Resigns as National
Chairman, Iowa Man Suc-
ceeds Him.

WASHINGTON, June 9.—A new
basis of representation at the next
Republican national convention, under
which there will be a cut of twenty-
three votes in the representation of
the southern states, was adopted
Thursday by the Republican national
committee by a vote of 36 to 12.

John T. Adams of Iowa, was se-
lected chairman of the committee, to
succeed Postmaster General Will H.
Hays, whose formal resignation was
presented and accepted. Mr. Adams
has been vice chairman of the com-
mittee, to which vacancy Ralph E.
Williams of Oregon, was elected.

Plan Outlined.
The basis upon which the next
convention would be constituted under
the sub-committee's plan follows:

Four delegates at large from each
state; two additional delegates at
large from each of the territories;
Mrs. Josephine Emery, who presides
over that establishment. "Why I
have priests and ministers come to
my place to dine—and they love me
just as much as you do."
Her gaze that moment was fixed
intently upon Mr. Horan.

Under the Howell plan the repre-
sentation of southern states in the
next national convention as compared
with the last will be: Arkansas in-
creased one, Florida increased
two, Georgia reduced seven, Louisi-
ana reduced three, Mississippi, re-
duced eight, South Carolina reduced
seven, Texas reduced two, Virginia
increased one, Tennessee increased
two, Alabama and North Carolina
are given the same number of dele-
gates allowed in the last convention.

WAGE CUTS THAT CALL
FOR RATE CUTS.

It is fairly to be expected that while
neither side will profess satisfaction
with the average 12 per cent cut in
railroad wages over the country by
the Railroad Labor board, both sides
will submit to the decree without fur-
ther ado.

The decrease is spread more or less
uniformly over the entire wage-work-
ing forces of the roads and takes
from them about \$400,000,000 of the
\$600,000,000 added to their wages a
year ago. But that increase was de-
manded by the workers and was
granted in consideration of an in-
creased cost of living. There was
nothing sacred about the rates of pay
then established. They were condi-
tional only, and the conditions have
since materially changed. The cost
of living has gone down and prom-
ises not soon to go back to the peak
of early 1920. It has probably de-
creased more than 12 per cent, which
would mean that real wages not only
have not been cut at all but will be
actually higher under the new sched-
ules than under the present schedules.
Labor has nothing whatever to com-
plain of unless it can show that the
decrease in the cost of living is less
than 12 per cent, and this will hardly
be possible.

What nominal wages the workers
lose the railroad will actually gain
and with the abrogation of the so-

MAN IS NOT ONE
BUT THREE, NEW
CULT TEACHES

Until All Personalities Work in
Harmony Health is Im-
possible, is Belief

By Associated Press.
CONSTANTINOPLE, June 10.—A
new gospel of health, that man is
not one but three, and that he can-
not function fully until his three per-
sonalities are in harmony, has come
here from the Middle East on the
tide of Russian and other refugees
from far countries.

This gospel is proclaimed by a
small, dark man of mystery, a Greek
called G. I. Gurdjieff. He has con-
tributed to the meager intellectual
life of the city a new throb.

The outward and primary form of
his teachings begins with dances bor-
rowed from the Mosques of Persia
and the temples of India. He puts
some of his patients on bread and
water for months at a time, but re-
quires them, all the while, to carry
on the most violent exercises which
conform to the music of a piano.

Gurdjieff's teachings have some
similarity with the ancient Greek
conceptions of the development of
mental force and bodily grace and
activity.

He is persuaded that his teachings
will change the art of living. He has
gathered about him a group of con-
verts who say they are going to
spread his theories westward, some
going to the United States. He says
that he was taught by Russian phy-
sicians and psychologists.

Health in Harmony.
"In harmony there is health," de-
clared Gurdjieff. "The western
world of medicine and psychology
has never grasped the truth that man
is not controlled by one personality,
but by three, and when these three
are not in harmony a man says he is
'sick.' A sick man, a man with that
tired feeling, is like a horse and car-
riage without a driver. The man is
not master of himself.

"Civilization has led man away
from himself, physically and spiritu-
ally. Too much use of the head has
deharmonized him. Man is com-
posed of three parts, just like a ma-
chine. One part thinks, one feels,
and one eats and sleeps. If man
thinks too much, or eats too much, or
sleeps too much, he falls ill.

"My plan is to first put the three
back into a common unity, and then
gradually develop a fourth person-
ality which controls the other three.
If this fourth personality or domi-
nating consciousness is not devel-
oped, the three men in the same body
never establish contact with each
other, and the anarchy we call sick-
ness destroys him."

called working agreements they will
stand to save to net income \$700,000-
000 a year. Their current expressions
of "deep disappointment" over the
moderation of the wages cut are
therefore to be taken with a few
grains of salt. They are to be read
in the light of the appended bewail-
ment over a consequent inability to
reduce railroad charges to the public.

But the country will expect such a
reduction and is amply justified in ex-
pecting it. There is no more sacred-
ness about the present wage sched-
ules than there is about the present wage
schedules. And as the rate schedules
went up because the wage schedules
went up, so they must come down as
the wage schedules are to come down.
—N. Y. World.

NEW POST FOR DR. FARNUM.
ROCHESTER, N. Y., June 9.—An-
nouncement was made today of the
resignation of Dr. Royal B. Farnum
as president of Mechanics Institute
and to become director of art education
for the state of Massachusetts.

# LEGION PUTS OVERLOTS OF LEGISLATION

### Their Own Interests and Those of Public Served by Measures Enacted.

CHICAGO, June 10.—The power of the American Legion and of other ex-soldier organizations, has made itself felt in the form of legislative action in nearly every state in the middle west. Thirteen states report such action.

Entirely aside from the bonus measures, which have been carried in several states, a host of other legislation learning on a mass of diverse subjects has emerged from the legislative halls under the banner of the various ex-soldier organizations. Some of this legislation has been devoted solely to the interest of the men themselves, some of it has had a semi-public interest, some of it has been devoted wholly to the interest of the public.

In Missouri, boxing was the subject of a measure championed by the American Legion. Boxing is now legal in Missouri. Nebraska, too, passed a measure legalizing the sport at the instigation of the legion. The Nebraska measure carried an amendment limiting the admission charge to all matches to \$1.

"Americanization" has been the subject of a deal of legislation which the ex-soldiers have sponsored. North Dakota recently passed a law making American citizenship prerequisite to employment as a teacher in the public schools. Nebraska now forbids the teaching of a foreign language in her grade schools, and her lower house has gone on record opposing the ownership of land by Japanese. In Missouri the American flag must fly from all schoolhouses and in Oklahoma it must be displayed in all schoolrooms. The teaching of history and government is now compulsory in the grade schools of Oklahoma. Falsely claiming membership in the American Legion, or the unwarranted use of its insignia, is a misdemeanor in North Dakota.

Armistice Day is now a legal holiday in North Dakota, Nebraska and Missouri.

Preferential appointment to state positions is vouchsafed to ex-service men in Missouri, other things being equal; however, the constitutionality of this law is questioned in several quarters on the ground that it is alleged to restrict the appointing power of a state official. In Indiana a recent enactment provides for the appointment of veterans to the board of trustees of the soldiers' home and the soldiers and sailors orphans' home.

Capture State House. Arkansas has turned over the old statehouse at Little Rock to the American Legion as a permanent headquarters. As restored, it will serve also as a lounging place for all ex-service men and as a dormitory for visiting veterans. In Oklahoma the boards of county commissioners have been empowered to enter into contract with legion posts to secure any county property to serve as a club for veterans. Two states, Indiana and Illinois, have memorialized congress to pass pending soldier relief bills.

Illinois has several bills of the kind pending. One which has passed the senate would permit only orphans of world war veterans to be admitted to the soldiers' orphans home at Normal, Ill., at the same time rededicating the home to the veterans. Another bill before the Illinois senate authorizes the levying of a two mill tax to form a burial fund for ex-service men, their widows, wives and mothers. Still another bill would appropriate \$500,000 for a hospital for disabled veterans. A fourth measure now pending would erect a memorial statue costing \$25,000 to the mothers of the ex-service men.

## SONS OF REST ARE MORNING GLORIES, SAYS ENGLISHMAN

LONDON, June 10.—Lord Leverhulme, one of Great Britain's largest manufacturers, asserts that more people shorten their lives by dawdling in England than by hustling. He is a living proof that hustling promotes old age. He has always led the strenuous life and at 70 is still strong going strong.

He presided at the annual meeting of the British Industrial Society in the Association the other day. In his address he drew largely upon his American experience. Steps had been taken there, he said, to ascertain whether it was the hustling, bustling business man who was supposed to shorten his days, or the man who crawled and dawdled through life. He declared there were men in the United States today of 80, 90 and 100 years of age who were still in good health and actively engaged in business, whereas men who had retired early from business had shortened their lives thereby.

He thought the crawl of the dawdler was largely instrumental in shortening the lives of individuals in Great Britain—that the more a man worked professionally or in other vocations, the more he would conserve his life and strength and the life and commerce of the country.

## FRANCE ACKNOWLEDGES GIFT OF \$2,000,000 BY AMERICAN

PARIS, June 10.—The government in announcing today the \$2,000,000 legacy of Frank Buhl of Grove City, Pa., who died on June 1 last in Sharon, Pa., for sufferers in the devastated regions of France, made this comment: "The generosity of our friends in America, who already have done so much for restoration of the stricken departments, continues."

## ENGLISH WOMAN HOLDS IMPORTANT POST IN LEAGUE OF NATIONS

Mrs. Rachael Crowdy of England, who was recently appointed to the health section of the league of nations secretariat. She is doing great work in the formulation of international policies favoring women and children.

## CAMERA LIKE HUMAN EYE IS DUE SOON

Vest Pocket Device Will Almost Have Brains, Scientists Say.

International News Service Staff Correspondent.

WASHINGTON, June 10.—A moving picture camera comprising within the compass of a vest-pocket kodak most of the attributes of the eye and optic nerve and a great many of the functions of the human brain is the goal toward which scientists are aiming, and it is not unreasonable to expect them to attain it by 1950 or sooner, according to Dr. Henry D. Hubbard, assistant director of the United States bureau of standards.

Speaking before the Society of Motion Picture Engineers here Dr. Hubbard predicted a brilliant future for the motion picture industry, fairly astounding his auditors with some of his suggestions as to probable lines of development.

Within thirty years, he predicted, scientists will have worked out a moving picture camera which will record in full color, develop the picture instantaneously and telegraph it exactly as recorded by an automatic filing chamber. By means of another tiny mechanism the film will be located and exhibited instantly without any reference to an index, just as certain scenes recorded perhaps many months before are brought up from the storehouse of memory by a mere impulse of the will. This super-camera, as foreshadowed by Dr. Hubbard, would have self-sensitizing plates, on which not separate pictures but a continuously changing picture would be formed and erased after being telegraphed to the storage room. The whole instrument, according to Hubbard, would function automatically and may reasonably be expected not to exceed in size the smallest kodaks of the present day.

Equipped With Self-Renewing Plates. "For fear such a camera may be declared impossible," said Dr. Hubbard, "I hasten to remind you that Mother Nature anticipated my specifications by some million years when she gave us our two eyes. The result is that each of us has such a pair of cameras, self-directing, self-focusing and self-cleaning, the exposed surfaces being cleaned twenty times every minute. These wonderful eye cameras are not made with hands, but they have automatic aperture adjustments, sensitize and develop their own plates instantly, taking colored pictures in full motion, stereoscopic pictures, telegraphing them exactly as recorded to the optic lobes of the brain, subject to instant recall in our little theaters of the mind.

"The cameras are portable, not larger than the smallest vest-pocket camera of today. The plates are concave, the lenses always in focus, giving a wide angle image of more than 10 degrees. The camera is guaranteed to work continuously sixteen hours a day for three-score years and ten, and with care will give excellent service for twenty or thirty years longer. These cameras are equipped with self-renewing plates on each of which three processes—sensitizing, development and erasure—are continuous and simultaneous. Mother Nature as an inventor has done some unpatented miracles and has no copyright on the designs."

## GIRLS BATTLE LIKE ANCIENT KNIGHTS FOR SWAIN'S LOVE

HENRIETTA, Okla., June 10.—As in the days of yore when knights crossed swords for a fair lady's smile, two girls fought in the Dewar telephone office for the favor of a Western cavalier. Now the Pioneer Telephone company is being sued for \$10,000 damages.

Miss Matti Hawkins is said to have invited Miss Laura Kahn to the telephone office and, after locking her in, began to fight her. In her suit, Miss Kahn claims the company was negligent in employing Miss Hawkins, owing to her temperament.

BOSTON, June 8.—Governor Cox at the request of the National Equal Rights League, forwarded to President Harding today an appeal for aid for the victims of the Tulsa, Okla., race riots.

# JAPANESE PRESS CRITICIZES AMERICAN POLICY IN SENDING GENERAL WOOD TO THE FAR EAST

### Sending of a "Militarist" to Investigate Philippine Independence Issue Is Interpreted by Portion of Nippon Press as Ominous.

By DUKE N. PARRY, International News Service Staff Correspondent.

TOKYO, June 10.—General Leonard Wood, Mr. Cameron Forbes, former Governor-General of the Philippines and their mission sent by President Harding were so cordially received by the 100 per cent Americans of Tokyo and Yokohama during their one day and one night in Yokohama that there was little time for Japanese reception folks to get their word in. A greeting by Mr. Arnold Cady, president of the American Legion post; by Mr. Robert F. Moss, president of the American Association of Tokyo; Mr. F. L. Kaufman, president of the American Association of Yokohama, and a banquet, the largest in the history of Ameri-

can affairs in Yokohama, took up about all the time the General and Mr. Forbes had. They motored across country to Nagasaki where they sailed for the Philippines.

But despite the absence of any formal Japanese function, due not to a lack of desire by the Japanese, the press and some of the leaders found ample time to express themselves. The opinions of the Wood mission, which by the way, will be in Japan in two or three months, range from the criticism that Wood comes as the envoy of a militaristic race, to messages of advice and welcome to the Wood party.

Harvard Jap Welcomes Wood. Viscount Kentaro Kaneko, president of the American-Japan Society, who received the honorary degree of

L.L. B. at Harvard in 1899 on the same platform with General Wood, is warm in his praise of General Wood. He says that he feels sure General Wood comes to Japan open-minded and ready to take back a fair impression of the Orient.

"I feel that if the Philippines are ready for independence they will get a fair judgment from General Wood," said Viscount Kaneko. "I regret that some of our professors and our press have stated that he comes the envoy of a militaristic race, his mind already made up about what answer he will take back to President Harding."

Viscount Kaneko referred to a criticism made just a few days ago by Dr. Ninichiro Matsumami, Imperial University professor and Japanese authority on international law. Professor Matsumami said:

"The fact that America has sent General Wood to the Far East is the strongest argument for the militaristic tendencies of the Americans. As a colonial statesman General Wood is enjoying a high reputation. But in appointing him to a mission upon the basis of whose results the United States expects to shape its Far Eastern policy the American Government was actuated by a motive the realization of which would be detrimental not only to Japan but to the rest of the Oriental countries."

The majority of the Japanese newspapers call upon the United States to carry out its promises in the Philip-

ippines. The Yomiuri calls attention to the fact that America's policy in the islands has an important bearing on all the neighboring countries in the Orient.

"Diplomatic and strategic considerations will undoubtedly enter into General Wood's report on the Philippines, as well as the American promises of years ago, assuring the Filipinos that independence would be granted them. The present Japanese relations with America occupy the most important place in these diplomatic and strategic considerations.

"Some suspicions seem to be growing about the alleged ambitions of Japan in this direction. For this reason it seems that some special steps should be taken whereby say a special agreement may be made between Japan and America regarding Philip-Wood and his party upon the complete independence.

"We earnestly hope that General Wood's work in the Philippines will spend as much time as is possible in Japan, so that they may come in contact with and know the Japanese people, finally understanding the conditions in this country. Thus they will go home with the knowledge that will give the Harding Administration a real chance to handle the Philippines case as it should be handled."

Highwood, Ill., a suburb of Chicago, is going to have a city council composed entirely of women.

## PAUL'S JOURNEYS IN HOLY LAND WILL BE RETRACED BY PARTY

By Associated Press

BOSTON, Mass., June 10.—Missionary journeys of Paul the Apostle will be retraced by a group of twenty-five educators, clergymen and others who will make a tour exploration and study of Bible lands this summer under the leadership of Professor Albert E. Bailey of the Boston University Schools of Religious Education.

The party, which will sail from New York, tomorrow, will inspect the synagogue in Corinth which has recently been excavated by an American archaeological expedition headed by Dr. Ralph Cooley of Newton, and will visit also the site of Paul's famous speech to the Athenians on Mars' Hill. Other stops will be at Thessalonica, Smyrna, Ephesus, Tarsus, and Antioch.

## "DOCTORS" KICK

WASHINGTON, June 8.—A resolution declaring physicians and surgeons should have the "unimpaired right" of prescribing alcohol without any "foolish restrictions" under the prohibition enforcement act, was adopted by the American Therapeutic Society today at its annual convention here.

## EAGLES POUND CARTER IN EIGHTH AND BREAK UP PITCHERS' DUEL

### Game Called Because of Rain-storm With Abilene Ahead, 5 to 2.

Special to the Times.  
ABILENE, June 10.—Abilene beat the Nitros in a eighth-inning rally here yesterday, after a tight battle between Carter and Crowson. Crowson got the better of the duel, both as to hits and the bunching of hits, though until the latter stages it seemed the Nitros might win out. They had taken a one-run lead in the second when Milam got the sun in his eyes and dropped Singleton's fly with two on.

Abilene tied it in the fifth and in the eighth got to Carter for three hits in a row after he had walked Hartwick. Three hits crossed the pan and Empire Price called the game on account of a rainstorm. The high wind was responsible for several errors.

## BROWNING IN TOWN; MAY PLAY WITH NITROS

"Big Boy" Browning is in town and may soon be cavorting around in a Nitro uniform. Illness this spring has kept him from pastime, although he worked out for several days with the Graham club. He had a telephone talk with Allen the other day and arranged to talk over the situation Sunday.

Browning was easily among the best receivers in the circuit last season.

PHILADELPHIA, June 10.—States should assume more responsibility in school problems, School Superintendent Broom today told the Government Research Congress.

Opposing Dr. Gulick, of New York, chairman of the Committee on Education, Dr. Broom denied that education was a municipal problem. He said the State could give tremendous impetus to the spiritual side of education by co-operating with cities.

HILO, June 8.—(The Associated Press.)—All members of the detective force of East Hawaii county were suspended today by Sheriff Samuel Pua pending investigation of alleged irregularities in the enforcement of prohibition.

LOGGER SLAIN.  
ST. HELENS, Ore., June 8.—H. Hamon, employed in a logging camp near here, was killed here yesterday, when a high line cable became caught in a loop about his neck, severing his head.

"DRY INVESTIGATION"  
HILO, June 8.—(The Associated Press.)—All members of the detective force of East Hawaii county were suspended today by Sheriff Samuel Pua pending investigation of alleged irregularities in the enforcement of prohibition.

## CHEEVES WINS GAME

CHICAGO, June 10.—Cheeves, a West Texas league product, bought last year from Jimmy Maloney at Eastland, hurled for the Cubs yesterday and beat the Phillies, 8 to 2. Philadelphia's eight safeties were well scattered.

The big boy has made good from the start and has hurled the Cubs to several victories.

## DAY IS BEST ALL AROUND MAN AT TRAPS

### Wins Doubles, Singles, High Average, All Around and State Championships.

By C. E. EGLESTON.

High general average for the shoot with 581 out of 600; singles champion with 197 out of 200; all around champion with 335 out of 350 and winner of the Texas state championship, is the modest record of J. S. Day of San Antonio established on the final day of the Texas state shoot over the Ranger Gun club's traps. Mr. Day won the doubles event Wednesday with 46, shooting at twenty-five pairs. Mr. Day will represent Texas at the Grand American Handicap at Chicago in August and compete for honors in the National American Championship race. In the singles event W. C. Dever of Conway tied with Matlock with 196 and won by default when Matlock did not report for the squad.

In Thursday's Times the name of E. P. Woodward of Houston was inadvertently omitted from the five high men whose work established a record for the zone when they broke a total of 497 birds out of 500. Mr. Woodward broke 100 straight in this event, tying Mr. Day.

An idea of the quality of shooting done during the three days here may be had from the squad record made by Dever, Howard, Payne, Laggar and Dornely, who went through the 600 targets and dropped eight.

All targets shot at the shoot here were registered and will appear in the year book published by the American Trapshooters' association.

## SMOKELESS STUFF

Never a kick came to the ears of Jack Smith, zone manager, who came all the way from his home in Hastings, Nebraska to Ranger to keep things running smooth. "It was one of the few shoots where I haven't been called on a good many times for something or other," said Jack, "but here I never even saw a target leave the trap."

Cashier Jack Wray was proudly displaying a gold fountain pen last night. It bore his initials, "C. N. W.," for his rightful moniker is C. N. Wray, and was presented to him by the members of the Ranger Gun club as a testimonial of their regard for him and his efficient work on behalf of the shoot. Jack lives in Vicksburg, Miss., and is on the "go" most of the time.

Hand shaking and hearty "glad-to-meet you" was the order of the day after the last gun cracked. Many new friendships were made and old ones renewed among the fifty-odd shooters attending the tournament.

"The powder and cartridge companies are getting rich and they should do more for the game of trap-shooting," an old-timer was heard to remark last night. "Interest in trap-shooting is on the wane," he said "and unless interest is renewed it may die out altogether. And no one would lose as much from the money standpoint as the cartridge people."

Your true sportsman is a soldier wherever you find him, and the soldier never hollers except about the army and things in general. Comes to relations between individuals as man to man they're like trapshooters, they "shoot square."

Quite some talk has leaked out locally in regard to the way the shoot was handled, or wasn't handled, rather, although there wasn't a word

of anything but commendation from the visitors. But there are Rangerites who know that there should have been a shelter provided for the shooters; more elaborate eats should have been provided, and it has even become known that there were visiting shooters at the dance Wednesday night who were unable to get on the floor because they were unacquainted and were not introduced. Thoughtfulness is one of the cardinal virtues, and attention to the little things like these is what makes a shoot a big success.

Cheerio! More experience and better luck next time!

Veterans of the trap and holders of many big shooting honors became much interested in the performance of Harold B. Via of Ranger, who cracked 195 out of 200 Thursday afternoon, and went 106 without a bobble. Via is a youngster, not yet of age, and is regarded locally as a promising bit of timber for national honors.

## "BARNYARD GOLF" IS GROWING IN INTEREST; HEADED TOWARD TEXAS

By Associated Press.

DALLAS, June 10.—Horse-shoe pitching, the game sometimes called "barnyard golf," is growing in interest to such extent that a national championship match is expected and with it the spread of the game to Texas, according to members of the Texas Farm Bureau Federation.

Illinois farm bureaus have established an annual state championship

match, the Texas bureau announced. The increased interest in the game, it was said, is indicated by the posting a forfeit in Ohio for a match between the champion of that state and the Iowa state title holders. Ohio and Iowa, it was announced, will hold state matches to select the state champions. Other states are expected to recruit teams of horse-shoe pitchers, the Texas Farm Bureau said.

Following is the announcement of the Illinois contest, as received in Dallas:

"The festive horseshoe and the elusive peg will play hide and seek before thousands this summer when the annual Illinois Agricultural association picnic is held. A horseshoe contest de luxe for championship of Illinois is planned. Several teams, among them one Chicago team, already have signified their intention of competing.

"Within a short time each county will receive official rules to govern the contests. It is hoped to make the tournament the largest affair of its kind ever seen in the country. The winners of the contest receive a silver cup, to be kept for a year, or to be kept permanently if the contest is won three straight years. In addition each winning player receives a horseshoe waten rob."

GALVESTON, Texas.—Upwards of a score of huge boxes of clothing, destined for the Near East Relief, resulted from the house-to-house canvass on "bundle day" here recently. Boy and Girl Scouts aided in gathering the garments and the women's committees attended to packing in serviceable boxes for shipment overseas.

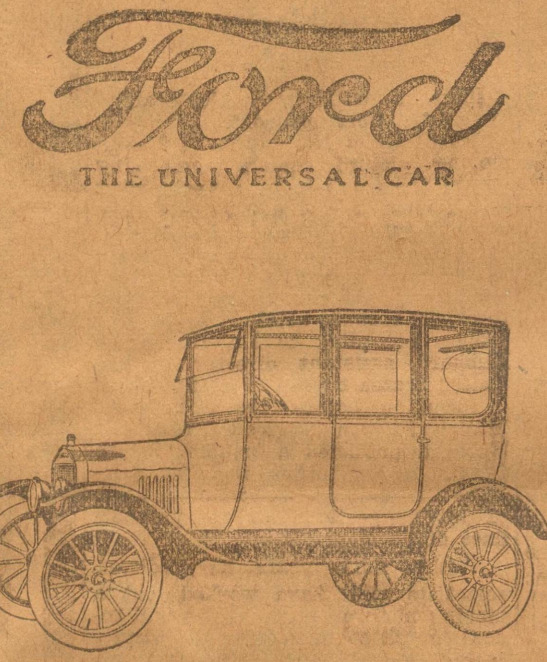

## RICH STAKES HUNG UP FOR HORSE RACES

WINDSOR, Ont., June 10.—More than \$300,000 in stakes and purses will be distributed during the three weeks of running races that will open here July 12 and continue until Aug. 6.

The races will open at the Windsor Jockey club, with a week at the track. The Frontier that will carry Kenilworth and a week at the Devonshire Park oval.

The feature event of the summer meeting will be the Frontier handicap on opening day at the jockey club track. The Frontier that will carry \$10,000 in added money, is for three-year-olds and up, at a mile and a furlough. Other fixtures are the Canadian handicap for three-year-olds and up, foaled in Canada, at a mile and a furlough with \$5,000 added; the Provincial handicap for two-year-olds with \$5,000 added at five and one-half furlongs and the Essex handicap for three-year-olds with \$5,000 added at a mile and one-sixteenth.

Five stake events all handicaps of \$5,000 value each will be run at the Kenilworth park meeting. A condition stake for three-year-olds with \$20,000 added is planned for the Devonshire meeting. Winners of some of the biggest events on the American turf are expected to enter in this event.

Can you think of any other passenger car that offers you so many advantages as the Ford Sedan? It is a car for everybody, everywhere. The business man finds it an asset in his business; the farmer has no end of uses for it, and when it is done with business, it does duty for the whole family.

Order your Ford car now. Don't wait until the rush season comes. Just phone us or drop us a card.

PAY CASH for player pianos if bargain, Box 153.

DRAGS TO PUT CADDO ROAD IN FINE SHAPE

Three drags and a grader are now at work on the Caddo road, following the recent rains. This work will give the road the final shaping up, and plans of the Merchants' association are to keep it that way by dragging after each rain.

The first stage of road-making—leveling off rough spots and filling in the mud holes, was completed several weeks ago and a layoff taken until rain fell. Some damage was done by traffic during the dry weather as the surface was pounded to dust and spreading over too wide a space, but the work of the next day or so is expected to remedy that and a hard highway, banked to the center, and which can easily be kept in shape by future dragging.

FARMERS WILL BUY COAL FROM MINES

MORGANTOWN, W. Va., June 10.—Farmers of Ohio, Virginia, North Carolina, Kentucky, Georgia, Alabama, Maryland, New York, Michigan, Wisconsin, Indiana, Illinois, Minnesota, Iowa, Missouri and the New England states, through their farm bureau organizations, are ready to buy West Virginia coal direct from the mines according to J. B. McLaughlin, secretary of the West Virginia Farm Bureau federation.

Negotiations have been conducted through Mr. McLaughlin with coal dealers of every section of the state of West Virginia county farm bureaus in Berkeley, Jefferson and Greenbrier counties. West Virginia, are likewise taking steps toward pooling their coal orders and buying direct from the coal mines, Mr. McLaughlin said. Quotations on many thousand tons are already in Mr. McLaughlin's hands.

CADDO BASEBALLERS BEAT BRECK BADLY

CADDO, June 10.—Caddo baseball team overwhelmed Breckenridge here yesterday, winning 16 to 3. Three of Caddo, struck out ten of the Breckenridge batters and allowed only three hits. Caddo hit freely and the Breckenridge defense was not all it should have been.

The score: R. H. E. Breckenridge . . . . . 3 3 5 Caddo . . . . . 16 17 1 Batteries: Pardoe and White; Tierce and McConnell.

HEARTS IN AUCTION ROOMS

What One Sees and Hears and Thinks in Gathering Places of Those Who Bid on Flotsam and Jetsam; Lights and Shadows.

NEW YORK, June 10.—Outside, the rush and turmoil of Fourteenth street; the reverberating crash of a building crane, the broken chatter of the passing cars, the querulous squawking of the automobile horns. Inside, diverse heaps of the things to be sold; dusty draperies and worn bits of single furniture which look lonely and forlorn, separated from their familiar fellows; pictures everywhere, of all sorts and sizes, painted with who knows what dreadful inspiration, awaiting uncertain fate at the hands of the auctioneer.

"Lot 31," he cries in professional sing-song, waving an authoritative hand that a canvas he held up to view, "a signed picture! Look at the massive frame—gold-leaf, not just gilded. What am I offered for this painting? Hold 'er up so they can see the frame. What am I offered? Five dollars? Five dollars? It's worth twenty—look at the size of it! Five dollars—three dollars—two dollars—two—? Two dollars for this signed painting in the handsome frame! Who offers more? Make it a half—a quarter—! Two dollars—two—sold for two dollars."

The picture—not a bad one, no one who has seen the shadows of Fontainebleau, either in reality or on canvas, could mistake its scene, is set aside to await the pleasure of its new owner. Did the artist, as his hands limned in those garbled branches and his eyes lost themselves among the mysteries of the distant glades, paint his own tender dreams into that foliage? Did he glimpse the heaven of attained ambition in the blue sky shining beyond the tree tops? Did he go back to Paris in the purple twilight bearing his brushes as the returned victorious warrior carries his sword, in the consciousness of work well done?

"Lot 44; large paintings; St. Anthony at his temptations; heavy gold frame! What am I offered for St. Anthony at his temptations? Five dollars—five— The sunbeam touches a little stuffed squirrel, lingering as if in memory of days when the two had played together, both alive. A little thing it is, poised on a standard of black onyx, holding a carved out . . . Where did you come from, you tiny creature? Through what devious pathways did you find your way from the treetops to this squalid end? Your bead eyes glitter like life under the sunbeam's touch. Your carved nut looks real upheld in those fairy paws. Were you some one's pet, making such merriment in captivity that mistaken affection wished to preserve you forever in semblance? Your fur is worn a little—maybe it has been stroked by a little hand as you sat up on your costly pedestal. Poor, dainty little forest denizen! All your woodland generation have been transmitted through nature's alchemy into trees and grass and growing things, where new baby squirrels may frolic with sunbeams. But you sit forever on your onyx pedestal, holding a carved nut. "Lot 47. One squirrel. Who wants a squirrel? What am I offered? Make a good paperweight. One dollar? Half a dollar? Quarter—quarter—quarter? Sold for a quarter."

Wonder how the mosquito likes the yellow fever and malaria germs that she acquires from man, asks the U. S. Public Health Service. Does she ever warn her daughters not to bite the bad man because it may make them dreadfully sick if they do.

RANGER FOLKS SEE RIVER ON RAMPAGE

C. M. Rood of Stockman & Collie, with Mrs. Rood, Mrs. Maud O. Clark, Mrs. Evelyn Duncan and daughter, Miss Evelyn and Walter Branahan, have returned from an attempt at a fishing trip on the Clear Fork.

The party reached the river just in time to get full benefit of the rain and flood, and although not endangered, had an outing of the sort that gets funnier as it dwindles into the past. Mr. Rood has pictures of the flood, showing the Colquitt Graves derricks sticking up above the waters which eventually carried them away. These derricks, together with engine and boiler and tanks, were on concrete foundations in the river bed. There was one well in and three drilling and it is believed the entire equipment, piers and all, is a total loss, with a damage of around \$75,000.

Reason for the expensive drilling arrangement, it is said, was that landholders on each side of the river weren't especially pleased with the river bed leases, and refused to lease operators ground for any purpose. Professor Raymond Pearl, of the U. S. Public Health Service, has discovered that both the suddenness and the destructiveness of the first flu epidemic coincides significantly with the normal death rate from heart diseases in many American cities. It does not so coincide with the death rate of any other important disorder. The inference is obvious.

HUSBAND COMES OUT SECOND BEST IN WAR WITH FAKE SPOOKS

NEW YORK, June 10.—Dan F. Kaber, wealthy Lakewood, Ohio, publisher, met death after attacking two foreigners engaged by Mrs. Kaber to pose as spirits to frighten him into a better attitude toward her, according to a statement the New York Evening World says Mrs. Kaber gave Chief of Police Christensen.

ANSWER DEPT.

DELMAR B.: IT IS NOT NECESSARY TO DRAW YOUR SCENARIOS. SIMPLY INDICATE THE PLOT.

HAZEL H.: THANK YOU! GUID TO GET A BOOST LIKE THAT.

SAMUEL J. T.: COULD NOT POSSIBLY USE A SERIAL AS LONG AS THAT.

M. L. J.: M. M. ARE INTENDED TO BE INTERESTING—NOT ALWAYS FUNNY.

WORKERS GO TO JUAREZ WHEN "FLUSH" AND EAT IN EL PASO WHEN BROKE

EL PASO, June 9.—Payday is a poor day for El Paso restaurants, the proprietors declare, although more persons eat away from home on Saturday and Sunday than during the rest of the week.

GERMANY'S WAR LOSSES ESTIMATED AT 6,888,982

BOSTON, June 10.—Germany's casualties in the world war were placed at 6,888,982 by Commander William S. Bainbridge, of the naval medical corps, in an address today before the Association of Military Surgeons of the United States.

SHINY TAXICABS INVADE HOLY CITY, REPLACE HORSES

ROME, June 10.—Taxicabs have just invaded Rome. New, brightly painted vehicles, similar to those of New York, have just made their appearance, replacing as many horse-drawn cabs, which have held sway in the capital of the Caesars for centuries.

The taxicab, though welcomed with open arms by the general mass of Romans, has met for years a stonewall opposition for the right to circulate in Roman streets. The 5,000 cab drivers and livery men fought its use and warned the city administration they would be defeated at election if the taxicabs were admitted.

AUSTIN, Texas.—Dr. James D. Eblevin, a graduate of the University of Texas, has been appointed to succeed Dr. Oscar Davis, deceased, as officer in charge of social disease control in Texas, it was announced here.

HIGHEST AND LOWEST POINTS IN U. S. BOTH IN CALIFORNIA STATE

WASHINGTON, June 10.—The highest and lowest points in the United States are in California, within ninety miles of each other, says a bulletin issued by the geological survey. Mount Whitney, the highest point, is 14,501 feet above sea level and in Death Valley there is a depression that lies 276 feet below sea level.

The difference in height of these two points is small, however, the survey states, as compared with the difference in the height and depth of land in Asia. Mount Everest rises 29,002 feet above sea level whereas the shores of the Dead Sea lie 1,290 feet below.

Information in the hands of the survey shows that the greatest depth yet found in any ocean is 32,088 feet, a depth at a point about forty miles north of the island of Mindanao in the Philippines. This would make the bottom of the sea at that point more than eleven and one-half miles below the summit of Mount Everest.

The craze for metal trimmings is as much in evidence now as it was six months ago.

CONGRESS OF SALVATIONISTS A BIG SUCCESS

Ranger Represented at Oklahoma City by Capt. and Mrs. F. F. Mullins.

The thirtieth annual congress of the southwestern division of the Salvation Army, comprising the states of Texas, Oklahoma, Louisiana and southwestern Arkansas, which was held in Oklahoma City, Okla., from Saturday, June 4, to Wednesday, June 8, inclusive, is now history. According to reports it was the best, biggest and most profitable ever held.

Ranger was represented by Captain and Mrs. F. F. Mullins, local officers. They carried a beautiful banner especially made for the occasion and received their share of the applause and comments of the crowds who viewed the parades. Many Rangers rushed out along the line of march and shouted and shook hands, and showed their appreciation at seeing "folks from home."

Who Is The Most Popular Lady In Ranger?

—We are going to find out by giving away a handsome \$150.00 Bed Room Suite.

—One vote will be given with each dollar purchase at our store from June 11, to Saturday, Aug. 13, inclusive. Every lady in Ranger and vicinity, both married and single, are eligible to this contest. WOMEN ARE LEARNING TO MAKE OWN CLOTHES. FORT WORTH, June 9.—Fashionable dresses, made at home in exclusive styles, are being worn by women, through the plan of "copying" from ready-made models, according to salesmen here. With the report that the dressmaker's art is being revived, merchants say that sales of yard goods exceed those of ready-made garments. While some women use regular patterns, others, adept with the needle, have admitted that they make their dresses after models in the shops at reduced costs. Some merchants have transferred salesmen from the ready-to-wear departments to the piece goods counter. Ready-to-wear clearance sales were earlier this year, some of the dealers said, because more women are making their own clothes. Some of the advantages of clothes made at home, women customers said, were better materials and fits, in more individual styles, at cheaper cost. CHLOROFORMS HIMSELF TRYING TO KILL CAT PHILADELPHIA, June 10.—Frank Souders, a Pennsylvania railroad engineer, lost his life attempting to chloroform an aged cat at his home in Paoli while his family was away. The cat scratched and struggled as he tried to hold a chloroform rag to its nose. Souders fell unconscious and died from the fumes. The cat ran away. BALLINGER, Texas.—Ballinger is preparing to install a plant for purifying its water supply and for removing the odor, which Mayor Guin said was due to decaying vegetation.

THE FOOTWEAR SAVINGS EVENT OF THE SEASON STARTS TOMORROW \$50,000 Sale of Shoes For Men, Women and Children, Our Entire Complete Stock Now on Sale at Sensational Big Savings.
